Cisco Republican Lauds Hoover Address

Record of G. O. P. and Ability of Nominee Insure Continued National Prosperity, Homer Slicker Says

Herbert Hoover's address at Newark, N. J., last night again demonstrates his commanding grasp of the nation's problems, as related to industry and the workers, and convincing evidence that from the standpoint of the self interest of these people and their families and homes he must be elected president of the United States, in the opinion of Homer Slicker, Cisco Republican who heard the address by radio.

"Not only that, but the record and policies of the Republican party, upon which Hoover stands, go hand in hand with his ability to steer the nation through the problems which will arise affecting agriculture, industry, and the people as a whole in the next four years," Slicker said. "The speech recalls clearly what can be accomplished when a tried and capable hand is at the helm, and it shows what may be expected from Hoover and a Republican congress in keeping the nation progressive and abreast of the problems that will arise in the days to come."

Employment Aided by Hoover. "Hoover showed that real wages and standards of living have advanced more in the past seven and one-half years than during any similar period in the history of this or any other country. When the Democratic party came to power in 1920, between 3,000,000 and 5,000,000 unemployed walked the streets, and fear of hunger haunted a quarter of our 25,000,000 families.

"A nation-wide unemployment conference under the chairmanship of Hoover restored employment and instituted a permanent program that has brought steadily rising wages and improved standards of living, while other nations still struggle to regain pre-war levels."

Underwood Tariff Discredited. "The two great Republican policies which have conducted most to the security and prosperity of labor are the protective tariff and restriction of immigration. The Democratic party, traditional foe of protection, hints in the Houston platform that the Republican policy is the only sound one, but holds up as ideal the discredited

Underwood tariff which brought disaster to labor during the Wilson administration. A tariff suit filed on that pattern again would bring ruin.

"Under direction of Hoover, the reorganized department of commerce undertook the promotion of American foreign trade on a scale never before attempted by any government. As a result our export trade is 52 percent higher than pre-war and other nations in the war have scarcely recovered pre-war levels."

Foreign Trade Important. "More than 2,000,000 American families earn their living producing goods for export. Another 1,000,000 families earn their livelihood in the manufacture of raw materials imported in exchange for exports. That is how foreign trade affects every man's pocket book.

"The measure of our national prosperity, of our stability, of our hope of further progress at this time, is the measure of what we may risk through a change in present policies," Hoover declared. "More than once in our national history a change in policies in a time of advancement has been quickly followed by a turn toward disaster. Surely, sensible men and women are not going to invite that disaster now by doing that which will change the policies of the national administration at Washington."

"Our economic system has advanced," Hoover said, "but it cannot be built toward perfection on poverty. It must be upheld and upheld by the willing and eager hands of the whole people. They will uphold it if our economic life be built for the whole people, not for any special group."

Ray Chamber in G. O. P. "To assure this sort of progress our first necessity is to assure the ability and character of our leadership. "Such leadership the Republican party this year offers to the electorate of the nation in Hoover and Curtis, and the Maine election shows that the people will not be swayed by platform considerations. They will not exchange their prosperity and welfare of their homes for illusions."

SMITH GIVEN REAL OVATION BY OMAHANS

OMAHA, Neb., Sept. 18.—Thousands of citizens gave Governor Al Smith of New York an enthusiastic welcome when he arrived here this morning for the opening speech of his campaign for the presidency, to be delivered here tonight. Most of the Democratic leaders from Nebraska, Iowa, Kansas and the Dakotas were conferring with the nominee today. He headed an automobile parade to the Fontanelle Hotel.

REPORT DENIED THAT RIVERA IS ASSASSINATED

MADRID, Sept. 18.—A report circulated in London that General Primo de Rivera, head of the Spanish government, had been assassinated, was officially denied here today.

1,700 BALES OF COTTON BURN IN WAREHOUSE

ROGEBUD, Sept. 18.—The Farmers Union warehouse with 1,700 bales and three carloads of cotton was destroyed by fire here early this morning. The loss is estimated at \$150,000. The fire was still burning this afternoon but danger of spread had been removed.

RURAL SCHOOL AID EQUALIZING TO BE SOUGHT

AUSTIN, Sept. 17.—An amendment to the rural school aid law designed to be of benefit to all some of the counties in the state in distribution of this fund, will be introduced in the next legislature, according to Gus Reiminger, San Antonio, manager of the league for equal taxation.

The records show that the present rural aid law operates very discriminately against all counties that have at least a healthy percentage assessed on their taxables, Reiminger said, "in that the local tax levy of 75 cents on the \$100 valuation assessed, will raise three times the revenue that the same levy will produce on taxables of equal value but located in counties that have a very low percentage assessed, and for that reason will become the greater beneficiaries in the distribution of the fund."

"Since value after all is the principal factor in producing revenue, it is proposed that the present provision of the rate be abolished and the law amended so as to permit every district to receive aid to the extent or equivalent sum of the local tax, that is each district or county receive from the state aid, in an amount equal to the amount raised by the local tax."

In order to illustrate his point, Reiminger cited a group of the counties in East Texas which paid into the rural aid fund the sum of \$224,630, and received back \$1,089,294, in excess of the amount paid in. On the other hand, he cited another group of nine counties situated in Southwest Texas, which paid in \$691,504 and received back \$434,418 in excess of the amount paid in. It is to correct such condition of affairs that it is proposed to amend the law.

MOODY ASKS EXTRADITION. AUSTIN, Sept. 18.—Governor Moody today issued a requisition on the governor of Michigan for the extradition of Alfred Cozican, wanted at Cold Springs for the alleged murder of Frank Turner.

HEARD BY MILLIONS.

Herbert Hoover, Republican nominee for president, whose address last night at Newark, N. J., was heard by an unseen radio audience estimated at several million people.

Cisco High School Enrollment Greater Than at Any Time Year Ago; Grade Attendance Is Below

There is every indication of an increase of scholastic enrollment in the public schools of Cisco after the mid-term is reached, according to Supt. J. J. Youngblood, who stated that already the enrollment in the high school has reached 419, which is larger than was reached at any time during the first term of the 1927 session. The highest enrollment during the first term last year was 388. The enrollment in the grade schools is about 100 less than that recorded at this time last year.

"However," Youngblood stated, "the attendance always shows an increase later in the session, as pupils are constantly dropping in." The enrollment in the grade schools is now 1,621, according to the superintendent, making a total enrollment of 1,440 at this time. The decrease in the grade schools is attributable to the present congested conditions, which will be remedied with the completion of the new West Ward school building which will be ready for occupancy at mid-term.

Randolph Enrollment. Randolph college, Cisco's junior college, starts off the fall term

T. P. SCHEDULE CHANGE MAKES FASTER TIME

A faster train schedule between El Paso and Fort Worth, which saves an hour and ten minutes between those cities, went into effect Sunday, according to D. C. Sandler, local ticket agent. This faster time is on No. 6, fast all-Pullman train, which reaches here from the west at 4:04 a. m. instead of 2:40. This better schedule is made possible by improved track conditions and more powerful motive power. Other changes affect trains No. 10, east bound coach train, whose old time to arrive at Cisco was 4:15 a. m., which now arrives at 3:11, and No. 8, west bound which arrives at 12:45, instead of 12:30 as heretofore. Other schedules are unchanged.

under favorable auspices, as the enrollment this early in the session is 126 and new pupils are being constantly added. This school has a splendid teaching faculty, and has every facility for the junior curriculum. Randolph is now credited with full affiliation with universities of the country, and with the junior college athletic conferences.

1,592 Enrolled at Ranger. RANGER, Sept. 18.—A total of 1,592 students have registered in the local schools since school opened. This total is expected to reach 1,900 and probably more, within the next 30 days.

The opinion of all of the principals of the various schools was that a number of students would be enrolled each day for the next month, inasmuch as several families had not entered their children yet.

The enrollment of the Ranger high school is 461, while the grade schools, including the colored school, show an enrollment of 1,131.

O. G. Lanier, registrar of the Ranger Junior college, reported that the registration of the college students had not been completed but that it was not up to the expectations of the board.

DEAN PULLEY TAKEN TO DALLAS HOSPITAL. News from Ranger this morning stated that Dean E. Pulley, cousin of W. P. Pulley of Cisco, who was injured in an automobile wreck a few years ago, had been taken to Dallas where he will be treated by a specialist at Baylor hospital.

When his car turned over on the Ranger-Breckenridge highway he suffered a badly crushed shoulder and both legs were broken. The report here some time ago that one of his legs had been amputated and that he was not expected to live, appears to have been erroneous, as inquiry by W. P. Pulley failed to confirm the whereabouts of the missing leg. The boys are George DeWitt, whose father owns the car, 10 brown hair, fair complexion and wearing a dark double breasted pin-striped suit, and Paul Merton, 20, 175 pounds, light brown hair and light complexion. Those knowing the whereabouts of the missing boys are requested to notify the chief of police at Dallas, or telephone Mr. DeWitt, 4-2855, Dallas, at 1723 Eugene street.

POLICE NEARLY CATCH CARNES AT SYRACUSE

SYRACUSE, N. Y., Sept. 18.—Clinton S. Carnes, missing treasurer of the Southern Baptist Home Mission Board, whom the police of the country have been seeking for several weeks since his disappearance after a shortage of more than \$1,000,000 in his accounts, is believed to be in hiding here. The police traced him through the shipping district yesterday several hours after he was recognized by Charles W. Spencer, naval engineer and acquaintance of Carnes. He eluded the police when he fled through a crowd of shoppers in a department store.

EXPECT MUCH OF ALSABROOK AT TEXAS A-M.

COLLEGE STATION, Sept. 18.—Aggie dopsters are keeping a weather eye on the Trinity game this week with an special view towards ascertaining the efficiency of Bible's theory of converting Puky Alsabrook into a wing instead of a halfback this year. It is no new job for the youngster from Cisco, for all of his work for the Big Dam Lobos for five seasons was on the extremity of the line. His versatility was readily displayed last year when he lettered at half on the championship A. & M. team.

This year, A. & M. is long on backs and short on ends. Hence the call for Alsabrook to go back to the job where he starred in scholastic circles. The choice is by no means due to experience, however. On the contrary, it is due to proven ability. Alsabrook is just short of 6 feet in height, tips the beam at 171 pounds and is fast. He is adept at snaring passes and a corking good man on defense. So his use at an end is logical.

The coaches hope to have this shift and one or two others designed to bolster up the new line perfected in the games with Trinity and Southwestern in order to have the team in its season shape when the first big interscholastic contest takes place at Dallas Oct. 6. The Aggies look for Sewanee to be stronger than in several seasons and there is no over-confidence in the outlook for that battle.

MOODY'S SISTER-IN-LAW TO WED IN STATE HOUSE

AUSTIN, Sept. 18.—Miss Helen Paxton, daughter of Mr. and Mrs. George L. Paxton of Abilene, and sister of Mrs. Dan Moody, will be married here Oct. 2 to Weaver Moore, Houston attorney. Only members of the family and close friends of the bridegroom and bride will attend the ceremony. The wedding will take place at the executive mansion. Governor and Mrs. Dan Moody will entertain with a family house party for the event.

REPORT OF TWO MISSING DALLAS BOYS BROADCAST

The report of two Dallas boys being missing came to Cisco over the radio at noon today. The report stated that the two boys left home this morning for school but went elsewhere. The boys were driving a blue sports Oldsmobile, 1928 model, bearing the word "Dallas" on the tire cover. The license number of the car is 280-633, motor number F-2799. The boys are George DeWitt, whose father owns the car, 10 brown hair, fair complexion and wearing a dark double breasted pin-striped suit, and Paul Merton, 20, 175 pounds, light brown hair and light complexion. Those knowing the whereabouts of the missing boys are requested to notify the chief of police at Dallas, or telephone Mr. DeWitt, 4-2855, Dallas, at 1723 Eugene street.

Over 100 May Have Perished in Florida; 300 Reported Dead at Guadeloupe; Gale Hits Carolina

WEST PALM BEACH, Fla., Sept. 18.—The death toll in the Florida equinoctial hurricane may exceed 100 as reports received from the storm-stricken counties today mounted close to that number. Several Everglades towns have not yet reported.

37 Dead at Miami. MIAMI, Fla., Sept. 18.—Thirty-seven persons are known dead in the hurricane which swept across Florida Sunday and Monday. It was reported today in official sources. Unconfirmed reports placed the death list much higher.

Seventeen bodies were found in the towns of West Palm Beach, Lakewood, Deerfield and Delray. The Red Cross reported 20 dead at Bell Glade.

A vast stretch around Lake Okeechobee is isolated. This morning James U. Grant, arriving from Panhandle, told Red Cross officials there were at least 100 dead in that region. He said he helped to remove a dozen bodies of white persons from the lake which inundated several towns.

200 Reported Dead at Guadeloupe. PARIS, Sept. 18.—The dead from the storm and tidal wave at Guadeloupe, French West Indies, were estimated at 200 today by the ministry of colonies.

Storm to Pass Into Atlantic. WASHINGTON, Sept. 18.—The Florida hurricane is now traveling at reduced speed and diminished intensity over central South Carolina. The weather bureau declared today it is expected to pass into the sea near the Virginia Capes. A 12-inch rain at Savannah marked the passing of the hurricane there. The temperature dropped generally 23 degrees in the mid-Atlantic states.

The hurricane damages in Florida are expected to exceed that of two years ago, according to Senator Joseph T. Robinson, Democratic vice presidential nominee, who wired the Red Cross here today from Titusville, where he is campaigning.

Carolina Towns Are Cut Off. COLUMBIA, S. C., Sept. 18.—Caught in the path of the hurricane coming up from Florida, Charleston and Georgetown were completely cut off from the outside world today. All lines of communication are down.

Red Cross to Scene. JACKSONVILLE, Fla., Sept. 18.—A caravan of mercy left here today for Okeechobee where the human ravage of the tropical hurricane is reported to be the heaviest. Miss Helen Paxton, daughter of Mr. and Mrs. George L. Paxton of Abilene, and sister of Mrs. Dan Moody, will be married here Oct. 2 to Weaver Moore, Houston attorney. Only members of the family and close friends of the bridegroom and bride will attend the ceremony.

MRS. SPEARS LAID TO REST IN OAKWOOD. The funeral services of the late Mrs. Flora Spears were held at the residence of her son, Alex. Spears, 400 G avenue, at 10 o'clock this morning, and a large cortege of sorrowing friends and relatives followed the remains to Oakwood cemetery, where they were lovingly laid to rest all that was mortal of this beloved woman. The floral offerings were profuse and of rarest foliage, mute but beautiful tributes from those who knew and loved her in life. The only daughter of Mrs. Spears, Mrs. Stillwell of Los Angeles, was unable to reach Cisco in time for the funeral. Reginald and Shelton Spears, of Fort Worth, with Alex. Spears, of Cisco, the bereaved sons, were present.

Those from out of town here for the funeral were Mr. and Mrs. Ed Lyon, Mr. and Mrs. Frank Hurley, Mrs. Will Spears and son, of Fort Worth, the latter being the wife and son of a half-brother of Alex. Spears.

Oliver Fowler, son of Mr. and Mrs. N. C. Fowler, of Cisco, left Sunday to study at the A. & M. college at College Station, where he will major in electrical engineering.

BERLIN-TOKIO FLIGHT BEGUN BY HUENEFELD

BERLIN, Sept. 18.—Baron Gueden von Huenefeld, who flew across the Atlantic ocean with Captain Koenig and Major James Fitzmaurice, hopped off this morning for Tokio, the first leg of his proposed flight to Tokio. He also plans a non-stop trans-Pacific flight from Tokio to San Francisco.

RUSHING CHILD BROUGHT HERE FOR INTERMENT

The body of the little child of Mr. and Mrs. B. F. Rushing was brought from Brownwood to Cisco this afternoon and laid to rest in the Oakwood cemetery, the services being conducted at the grave by Rev. B. C. Boney. The Green Funeral Home had charge of the body after its arrival. The child passed away at the home of its parents in Brownwood Monday. The parents, Mr. and Mrs. B. F. Rushing were former Cisco people, but removed to Brownwood about one year ago. Mr. Rushing was unable to attend the funeral, as he is a patient in a San Antonio hospital. Mr. Rushing is a brother of Mrs. A. J. Olson, of this city, who went to Brownwood and accompanied the remains and the bereaved mother to Cisco.

MRS. HULSEY IS KILLED IN CAR ACCIDENT

Mrs. Fred Hulsey was killed and two automobiles were badly damaged in a collision near Cross Plains Monday afternoon. The driver was the wife of Fred Hulsey, local superintendent of Cranfill & Reynolds in charge of drilling operations in the Albany and Cross Plains fields. It was stated at the Cisco office of the company that Mrs. Hulsey attempted to pass a Chevrolet in which S. H. Chisum and a man whose name was said to be Moats. In doing so she failed to see another car approaching, and then attempted to drop behind the Chevrolet, which was struck by her car, turning over. This accident was said to have distracted her attention, causing her to lose control of her machine, which went into the ditch with fatal results. The occupants of the Chevrolet were only slightly bruised.

The body will be sent to her old home in Kansas for burial. Mr. and Mrs. Hulsey are said to have come from Corsicana to join the Cranfill & Reynolds force here. The couple lived in Cross Plains.

Auto Fatality Near Arlington. FORT WORTH, Sept. 18.—Jasper Bradford, 19, was killed on the Fort Worth-Dallas pike today when the auto in which he and three companions were riding overturned west of Arlington as they tried to pass a truck.

WOMEN'S FEDERATION TO HOLD OPEN HOUSE FRIDAY. The City Federation of Women's clubs will entertain Friday afternoon from 3 to 6 o'clock with a sister tea and a birthday party at the new club house at G avenue and Seventh street. This month will celebrate the birthday of the club house, and plans are being formulated to furnish this house as quickly as possible. Every woman in Cisco is invited to attend. The tea and written invitations to the surrounding towns have been sent out, and a large crowd is anticipated.

Death Takes Mrs. Mattie Erwin, 85, Pioneer Resident of Sabanno for 35 Years; Was Invalid for Last Two

Mrs. Mattie E. Erwin, mother of John H. Erwin, of Cisco, and S. J. Erwin, of the Sabanno community, passed away Monday afternoon at 4:15 o'clock, aged 85 years, 6 months and 18 days. She died at the home of her son, S. J. Erwin, with whom she had made her home for the past six months, and the funeral is being held at the Erwin residence, near Sabanno, at 3 o'clock this afternoon. She was a member of the Presbyterian church since girlhood. Burial will be in the Sabanno cemetery beside the grave of her husband.

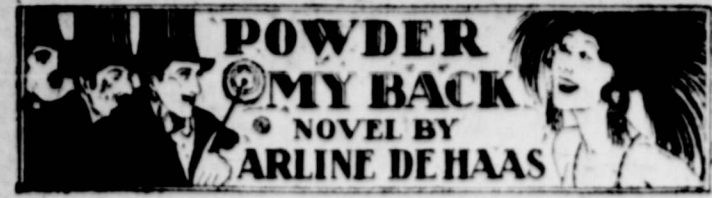

In the passing of Mrs. Erwin Eastland county loses one of its oldest pioneers and devout Christian women, for she came to the Sabanno community 35 or 40 years ago, and had resided in the same house until her health was impaired, rendering her active and useful life until she practically helped attention that only her own children could give her, and she was removed to the home of her son.

Mrs. Erwin was born in Tennessee February 28, 1843, and came to Texas when a child. She was the wife of W. A. Erwin, who died in May, 1916, at the family home near Sabanno, but until her removal to Eastland county she lived in Parker county, near Weatherford, where she was married.

the second time, about seven months ago. Since that time she had been bed-ridden and completely helpless, but has been tenderly ministered unto by Mr. and Mrs. S. J. Erwin, who gave her every attention. The immediate cause of her death, however, was pneumonia, contracted about ten days ago. She was one of the best known and beloved women of the southern part of the county, and leaves a large number of descendants, many of whom reside in this section.

The surviving children are John H. Erwin, of Cisco; J. R. and George Erwin, of Sabanno; Rev. W. A. Erwin, of Pawhuska, Okla.; Arthur Erwin, of McLean; Horace Erwin, of Deland, Fla.; T. R. Erwin, of Weatherford, and Mrs. S. A. Bullock, of Plainview. Besides these Mrs. Erwin leaves about 150 grandchildren and great grandchildren. Among the grandchildren was the late ill-fated Capt. Bill Erwin, who was lost during the flight to Honolulu, and who gave his life in quest of the missing fliers, after he had abandoned the flight and returned to land. Other grandchildren of this splendid pioneer woman, residing in Cisco, include Miss Lorena Erwin, Mrs. Henry Minnix, Mrs. Eddie Little and Zed Erwin. Many of the children and grandchildren are here to attend the funeral services.

THE WEATHER. West Texas: Tonight and Wednesday generally fair and warmer.

"POWDER MY BACK," starring Irene Rich, is a Warner Bros. picture of this novel.

SYNOPSIS. Adele Dayton, famous musical comedy actress, has been starring in Paris in a show called "Powder My Back." The manager arranges to have photographs taken of Adele's titled admirers gawking at her notoriously beautiful back, and when the show opens on Broadway these pictures and stories are released. Mazie Atkins, Adele's sister, living in Brooklyn, Iowa, sees the pictures, and is horrified to be shocked. She decides to invite her sister to visit her, with the idea that she may reform the actress and lead her to what she believes is a "better life."

CHAPTER II—Continued. It was easier to think than to do, Mazie found, because she wasn't quite certain as to how to begin the letter. She took up the paper once more, and shuddered at the bare back. Then she began. Scratching out, rewriting, working quite visibly, until at last Mazie reached for a fresh piece of paper. She copied neatly what she had written, and then read it over to herself.

"My dear Adele," she spoke to herself in a sort of whisper to get the proper effect, "I have just read the most horrid story about you in the paper. How can you continue to play with men's hearts as if they were potatoes? If it were not for mother's last wish that I look after you, I would never even write you. I think you had better come out here and breathe some of our pure, western air. It should shame you into a realization of your vicious way of living. Affectionately your sister, Mazie."

There, thought Mazie. That ought to bring Adele to her senses, and remind her of her mother.

"Just a letter from my—my sister."

home and friends. Besides, it would show her sister just what she, Mazie, thought of such goings-on, and that she did not approve of any such things. And when Adele had become truly penitent for the life she had led—Mazie could, by now, vision all the most terrible books she had ever read—she would thank her sister for every thing she had done for her. And, of course, Adele, being such a conscientious and prominent person, might help reflect some glory on the Atkins family if the neighbors were not every informed as to the calling of the erring sister. And so when John and Mildred came in for lunch, Mazie told them of her letter, and the invitation she had extended to her sister to visit them, but she refrained from mentioning the reform work she was going to do, because John sometimes had a habit of laughing at her struggles, and once in a great while, Mildred had protested.

CHAPTER III. Adele Dayton, famous star of "Powder My Back," was attempting to make her way to the theatre along Broadway in a taxicab on a warm May evening. The cab wound through the traffic laboriously, pulling up jerkily as the red lights flashed on and trying to make time when the green came into sight. Adele flung a half-smoked cigarette out over the lower part of the cab and put a small mirror from her hand-bag and surveyed her face with satisfaction. It was warm, no doubt, but Adele looked as fresh as violets just brought from the florist's ice box, and the show was drawing more heavily than ever, despite the summer heat that had settled down over the sticky asphalt streets of New York. And Adele was glad to be back in New York—just as glad as she had been on the first day when she landed and all the tabloids had been on hand to obtain starting photographs of the famous star and report her comments on Paris. Paris had been splendid, and had treated the show more kindly, but after all, there was no place quite

THEIR SCREEN CAREERS FLICKER

Two pretty Atlanta girls, Sonora Novida (left) and Lois Griffin, are wandering in Hollywood what is going to happen to their screen careers, now that Clinton S. Carnes (right), former treasurer of Republic Film Mission Board, has disappeared. Police claim Carnes is short more than \$1,000,000 in his accounts.

OF A SOCIAL NATURE

Delphian Club Holds First Meeting of Year. The Delphian club met Monday afternoon at the club house on West Seventh street in its first meeting of the new club year. Mrs. O. T. Maxwell gave her farewell address as past president of the club. Mrs. S. E. Hutton, the incoming president, gave a spirited talk on "What we hope to accomplish in the new year's work." Mrs. Eugene Langford talked on the "Meaning of the Delphian Work." The round table discussion was led by Mrs. H. I. Stock. The club voted to have a social meeting at its next session and a committee was appointed to draw up plans for it. This committee was composed of Mesdames H. I. Stock, O. T. Maxwell, J. E. Spencer and J. V. Meyer.

Street Paving Ordinance

ORDINANCE OF THE CITY COMMISSION OF THE CITY OF CISCO, TEXAS, DETERMINING THE NECESSITY FOR LEVYING AN ASSESSMENT AGAINST THE PROPERTY OWNERS OF PORTIONS OF BLISS AVENUE, LIGGETT AVENUE, AND BULLARD AVENUE IN THE CITY OF CISCO, FOR A PART OF THE COST OF IMPROVING SAID STREETS AND FIXING A TIME FOR A HEARING OF THE OWNERS OR AGENTS OF SAID OWNERS OF SAID PROPERTY OR IF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 11, TITLE 22, REVISED STATUTES OF TEXAS OF 1911, NOW CHAPTER 9, TITLE 28, REVISED STATUTES OF TEXAS OF 1925, AND THE CHAPTER AND ORDINANCES OF THE CITY OF CISCO, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING AND EXAMINING AND APPROVING THE STATEMENT OR REPORT OF THE CITY ENGINEER AND DECLARING AN EMERGENCY.

BE IT ORDAINED by the City Commission of the City of Cisco: That, whereas, the City Commission of the City of Cisco has heretofore by ordinance duly passed and approved ordered the improvement of the following streets in the City of Cisco, to-wit: Bliss Avenue from west line of Pershing to east line of Belmont; Liggett Avenue from west line of Pershing to east line of Belmont; Bullard Avenue from west line of Pershing to east line of Belmont. Each unit or district shall be and constitute an entirely and wholly separate and independent unit of improvement. The construction of said improvements in each separate unit or district shall be wholly independent of the construction in any other unit or district. The assessments to be levied in each unit or district shall be made according to the cost of the improvements in that particular unit or district and in accordance with the benefits accruing to the property by reason of said improvements in that particular unit or district and the proportionate cost of such improvements which is contemplated to be assessed against such owners, and their properties shall become due and payable as follows: One-fifth one year after the completion and acceptance by the City of Cisco of the improvements in the particular unit or district; one-fifth two years after said date of acceptance; one-fifth three years after said date of acceptance; one-fifth four years after said date of acceptance; and one-fifth five years after said date of acceptance. Wherein a written contract has been entered into by and between the City of Cisco and Edwin M.

Whereas, plans and specifications for the improvements of said streets have been duly prepared and approved as required by Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 28, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco; and Whereas, as required by said Charter and Ordinances and Statutes, after sealed competitive bids for said work of improvement had been made, said work or improvement was let to Edwin M. Rabon to improve with a base consisting of sand, gravel and concrete curbs and gutters, and necessary work in connection therewith, as provided by said plans and specifications; and Whereas, a written contract has been entered into by and between the City of Cisco and Edwin M.

Table with columns: Name of Owner, Lot No., Blk. No., Ad., Frntg., Ass'd. Lists property owners and assessment amounts.

Street Paving Ordinance

Table with columns: Name of Owner, Lot No., Blk. No., Ad., Frntg., Ass'd. Lists property owners and assessment amounts.

That a hearing shall be given ten days before the date set for said owners, their agents and attorneys, and any persons or persons interested in said improvements, before the City Commission of the City of Cisco, as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 28, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco, which said hearing shall be held on the 28th day of September, 1928, at 10 o'clock a. m., in the City Hall in the City of Cisco, Texas, and which said hearing shall be continued from day to day and from time to time as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing and said owners, their agents or attorneys and any interested person or persons shall have the right to appear and be heard in any manner concerning the said improvements of said assessment, or the benefits thereof to their said property, or to any other matter or thing in connection therewith, or to extend said full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons to be heard with respect to such improvements.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CISCO: That the fact that said portions of said streets are in such urgent need of repair creates an emergency and imperative public necessity for the immediate preservation of the public peace, property, health and safety requiring that the Charter rules prohibiting the passage of an ordinance on the day on which it shall be introduced, and the rule requiring three several readings, be and the same are each hereby suspended, and that this ordinance shall be passed and take effect as an emergency measure, and take effect and be in force from and after its passage. Passed and approved, this 14th day of September, 1928. J. M. WILLIAMSON, Mayor.

That the City Secretary of the City of Cisco is hereby directed to give notice to said property owners, their agents or attorneys, and to all interested persons, of said hearings, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 28, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco, by publishing said notice three times in a newspaper of general circulation in the City of Cisco, the first of said publication to be made at least ten days before the date set for the hearing. Said City Secretary may also mail a copy of said notice by letter to each of said property owners, if known, said letters or attorneys, if known, said letters to be deposited in a post office in the City of Cisco at least 132-133-134-Adv.

SPIRITUAL INTEREST IN UNION REVIVAL REACHES HIGH MARK

500 Remain for After-Service and 15 to Unite with Local Churches; Group of Women to Aid in Campaign Efforts

Union services at the Will Hogg tabernacle last night reached the record mark for the campaign in spiritual interest and results.

Do you know the biggest word in the Bible? The word next to God? It is GRACE. The unmerited favor that comes to us while we are yet sinners.

There has never been a person that cried, "Jesus, master, have mercy on me," that their cries were not answered.

I am so glad I don't have to make any apology for Jesus. I am so glad I don't have to explain just simply that Him up that is all.

People have to put something into a meeting to get something out.

Whenever a man gets in his shirt sleeves to find Jesus, he won't be long before he finds Him. Whenever a man gets off his pride and starts looking for Jesus, he is on the threshold of the throne.

Show me a man that does not live right at home and I will show you a man that does not live right anywhere.

Don't ever want to be good to be saved.

Jesus, my Lord, is on the right of the universe tonight and He has His hand on the controlling levers.

Every nation that has ever died has died from just three causes: lust, respect of woman, lust, and wealth.

You don't have to go to heaven, hell is the other alternative.

There is a lot of suffering in the world. There are lots of people out of work tonight. If you are a poor man, don't let your pride stand in the way. If you have to come in overall, come on Wednesday that Jesus Christ will give you life eternal if you will ask Him in Jesus' name.

Sidelights On Union Revival

Sectional prayer services for the women will be inaugurated Wednesday afternoon at 4 o'clock in every section of the city and all women regardless of denomination are asked to attend the prayer service nearest their home for a 45-minute informal prayer service.

Women are urged to make their plans to attend these services (the spiritual welfare of the meeting). A committee headed by Mrs. E. J. Poe, chairman, and Mrs. Bob Winston, vice chairman, has arranged the opening schedule for the first of the series of sectional prayer services as follows:

Humboldt—Mrs. McDonald, Cottage No. 8, hostess. Mrs. O. W. Shepherd, leader.

East Side—Mrs. Gentry, hostess. Mrs. Lawrence, leader.

District No. 1—Mrs. B. E. Morgan, 303 West Fifth street, hostess. Mrs. D. D. Lewis, leader.

District No. 2—Mrs. A. C. Miller, 1605 West Tenth street, hostess. Mrs. Lenox, leader.

District No. 3—Mrs. M. E. Holcomb, 463 West Ninth street, hostess. Mrs. J. W. Thomas, leader.

District No. 4—Mrs. John Simpson, 308 Front street, hostess. Mrs. McKisick, leader.

District No. 5—Mrs. C. H. Fee, 802 West Fifth street, hostess. Mrs. Heaton, leader.

District No. 6—Mrs. J. L. Kennedy, 358 North Fourth street, hostess. Mrs. Roy Wilson, leader.

A group of 20 representative women from the various churches met at the tabernacle last night for special training as secretaries for the campaign. Their duties will be to take the records of decisions made at the tabernacle for the information of religious leaders who follow up the campaign results. Mrs. J. B. Garrett and Mrs. W. B. Hayes are chairman and vice chairman respectively of this group.

The audience was interested to learn that while chaplain with the boys in France, Dr. Hogg buried 3,462 American boys killed on the battlefield.

Attendance last night was unusually large for a Monday night service, the tabernacle being well-filled. The big chorus choir held up its percentage of attendance relatively better than did the audience, however, the platform being almost filled with singers as usual.

A splendid delegation from Putnam headed by Rev. W. A. Baker, pastor of the Methodist church, there was present in the service last night. Tonight Eastland is to bring another large delegation and Rev. Singleton of the Methodist church states that it will be larger than the first delegation.

PITHY PARAGRAPHS FROM HOGG.

I want to tell every sinner here that if Jesus was at this moment shining with his own light, he would be shining on every sinner and every sinner would be shining.

The grandest gesture ever made in preaching was that of John the Baptist when he stood with hand uplifted pointing to the approach of Christ and said "Behold the Lamb of God which taketh away the sin of the world."

You've heard that expression "Up a tree." Well, it started with old "Sherry Zacheus" up that eye-brow tree. Boy, he was in a fix.

Zacheus was no fool. Any man that can make a fortune has sense. You may not like him, but you'll have to hand it to him, he was no fool or he couldn't have done it.

Some folks don't believe in sudden conversions. I do. Zacheus was suddenly converted. In the year he was a conscience-stricken sinner, he hit the ground he was pentitent, wanting to repay four-fold. He was converted between the limb of the tree and the ground.

It is not an act. Sin is a condition within your soul. Any life without blood stonement lives daily and constantly in sin against God.

There is only one place to cover

HOGG REVIVAL CAMPAIGN Tonight

7:30 p. m. - Instrumental concert by the Ely orchestra preceding the regular tabernacle service. Come early and hear this 24 number musical. Eastland will attend in a special delegation. Dr. Hogg's subject: "The Healing of the Paralytic."

Wednesday

10 a. m. - Regular morning Bible lecture on Acts.

4 p. m. - Sectional prayer services in the homes for ladies as announced elsewhere.

7:30 p. m. - Regular evening tabernacle service. Dr. Hogg's subject: "On the Witness Stand."

Dr. Hogg is again entertaining and speaking to the children, under 15 years of age this afternoon. Announcement was made that no effort is made at these services to secure decisions from the children, but rather that they may have a part in the meeting also. Dr. Hogg may have opportunity to speak of religious matters to them in more simplified form than he can at the regular night services.

Tonight at 7:30 o'clock the Ely orchestra will give a 29 number instrumental concert, preceding the regular evening tabernacle program. Folks are urged to come early and enjoy this additional treat.

Mrs. A. E. House, whose faithful and efficient help in the choruses has made her popular with the big audience, last night sang a beautiful and inspirational solo number "Just Keep Smiling"—both the wholesome philosophy of the song and the singer's beautiful voice being thoroughly enjoyed by the crowd.

Some old-time camp meeting songs were featured by Choruses Rogers in the opening of the service last night the audience responding to them with a vim and with great pleasure. "I Will Arise and Go to Jesus" and "I Would Not Be Denied" were sung.

A special season of prayer was observed at the tabernacle service this morning for those in sorrow over the death of a loved one. Special mention being made of the Seagraves family in the bereavement. Interment of Mrs. Adella Spear being simultaneous with the service.

Those who heard Dr. Hogg's dramatic picture of blind Bartimeus in quest of "Dr. Jesus" and his highly humorous representation of the experience of "Sherry Zacheus" won't soon forget the helpful lessons which the speaker planted indelibly on the minds of his hearers with his unique presentation.

DRILL REPORT OIL ACTIVITY IN DISTRICT 8

Following is the report of oil activities in the Cisco field, district No. 8, as made to Omar Burgett, deputy oil and gas supervisor:

September 17—J. L. Dodgin, II, V. Belmont and F. M. Sullivan No. 1, Thad. Oil Co., Martine survey, Coleman county, intention to drill to 1000 feet. Texas Co. No. 23, Pannine, Low, Sumbler survey, Brown county, dry. E. L. Anderson and associates No. 1, C. E. Pippen, TEAL survey, Callahan county, plugged. Humble Oil & Refining Co. No. 6, Hans Byler, PANO survey, Brown county, intention to drill to 1350 feet. Acety Oil Co. No. 1, Starline, Perry survey, Coleman county, intention to plug. Kinewood Oil Co., John Sealey, G. H. & H. survey, Coleman county, dry at 2362 feet.

September 18—E. J. Taylor No. 1, R. C. Gay, Pendleton survey, Coleman county, intention to plug. Welch & Redfield No. 1, Cay-anough, Comal county school lands, Callahan county, intention to drill to 500 feet. Crown Oil Corp. No. 1, Mrs. Annie May Johnson survey, Brown county, intention to drill to 450 feet.

MAN BURNS TO DEATH IN PAMPA OIL BLAZE

PAMPA, Sept. 18.—One workman was burned to death and another seriously injured here Sunday as the result of an oil tank explosion. Lester D. Bell, 22, formerly of Augusta, Kan., was enveloped in flames in the blast, burns proving fatal. Charlie Gott, a driller, was burned while attempting to rescue his companion. Flames, which are believed to have started from a carelessly tossed cigar, spread to a nearby oil well, destroying the derrick.

When Dolores Del Rio sailed for Europe she took 12 dolls. That's what's known as keeping dolled up—Omaha World-Herald.

EASTLAND CO. BOY ON TOUR WITH SMITH

EASTLAND, Sept. 18.—Milburn McCarty, Jr., who is on the staff of the Democratic national headquarters in New York, is making a tour of the western states with the party of Governor Al Smith on the Democratic nominee's campaign in the West. He will be in Oklahoma City next Thursday and Judge and Mrs. McCarty may go there to hear the governor and see their son.

Young McCarty has been making campaign speeches in New York and Brooklyn in the interest of Smith's candidacy and is being much spoken of in the north and east. He was introduced to Governor Smith recently as "the Texas boy" who had tried to crowd you off the front page.

LETTERS TELL OF EARLY CATHOLICS IN TEXAS

AUSTIN, Sept. 18.—Discovery in the archives of the University of Notre Dame of 800 letters pertaining to the history of the Catholic church in Texas was made this summer by the Rev. Dr. Paul J. Folk, who returned to Austin to resume his duties as librarian of St. Edward's university.

The documents were originally in the archives of the Catholic cathedral in New Orleans. They are mostly letters of Bishop Odile, first bishop of Texas. Included in the collection are 30 letters of Father Chambodut, who was the first priest ordained in Texas. Photostatic copies of the letters will be made and sent to St. Edward's university to be placed in the archives of the Texas Knights of Columbus historical commission.

FEAR IS LOST AS STEAMER FOUNDER

OWEN SOUND, Ontario, Sept. 18.—Sixteen men were believed to have lost their lives when the passenger and cargo steamer Manasoa foundered in a heavy sea off Griffith's Island Saturday night. Word of the sinking was brought Monday night by the steamer Manitoba, which picked up five survivors from a life raft.

FAMOUS BOAR AT RISING STAR SOLD TO TECH

RISING STAR, Sept. 18.—R. P. Cox of Rising Star has sold his noted Poland China boar "Armistice Boy-son" to the Texas Technological College at Lubbock, to head its fine Poland China herd. The purchase was made by Prof. W. L. Stangle head of the college husbandry department.

Armistice Boy-son was bought by Cox from W. J. Graham of Waverly, Minn., several years ago.

Your car will last longer and perform better if you leave it to our care.

Southwestern Motor Co. Southwestern Service Station

No EXCUSE

There isn't a single excuse for doubtful brakes in this city. We have installed a Jumbo Giant Brake Tester on which every car owner can test his brakes free in two minutes. The "Jumbo" has a gauge for each wheel. A record is made of exactly what each brake will do at different driving speeds.

If the test shows that adjusting is needed, that adjusting should be done right on the machine. When it is finished you drive away with perfectly equalized brakes which will answer in an emergency.

Right before your eyes on accurate hydraulic gauges—the JUMBO Brake Tester reveals the true condition of the brake on each wheel. Eliminates all chances for human error—no guesswork. Assures positive equalization and perfect balance of braking—maximum braking efficiency—"guaranteed safety!"

JUMBO BRAKE TESTER

Accident Prevention and First Aid Demonstrations Given Before District Meeting of W. T. U. Co.

The regular district meeting of the West Texas Utilities Co. was held last Friday night at the Electric park with 130 members and guests present. E. L. Jackson of Albany was in charge of the program, and introduced the various speakers. A short business meeting of the Women's Public Information committee was held preceding the regular program. Miss Hazel Preston, chairman in charge.

P. W. Campbell of Abilene, made a report on the accidents, preventable and otherwise, calling attention to the fact that all accidents were due to the negligence of the injured, and cautioned the foremen to enforce all safety rules. Viciously Campbell introduced J. Allen Reed of Dallas, who also spoke of his experiences on the various properties, stressing the serious results of negligence over the little jobs where safety rules were ignored. A demonstration was put on by the foremen and foreman, showing the right and the wrong way to work among the wires. Terrell Perdue and Jack Graves went up the pole and used of the safety appliances necessary to the job. The belts, gloves, and shoes were under the wires, so that in case of unforeseen accident, the injured man would fall clear of the "standing wires." F. C. Yeager and Frank Whitehead were upon a second pole demonstrating the wrong way of a careless lineman, no gloves, belt not properly adjusted or missing, body up among the wires. Suddenly there was a flash and a report. Yeager's body being limp among the wires, and in fifteen seconds Jack Travis had backed his eye onto the body of the victim had him down and on the ground, vigorously applying the prone pressure method of resuscitation. This was very realistic on the part of the foreman and made one hope it would not happen in the company again. Prof. Law was an interested on-

U. S. JEWELERS WILL MEET IN DALLAS OCT. 2-5

DALLAS, Sept. 18.—Jewelers of Texas cities will be hosts to the 1,000 members of the trade who are expected in Dallas Oct. 2 to 5 for the national convention. This is the first time that the American Retail Jeweler's association has assembled in the Southwest and Texas jewelers are planning to make them remember this visit here, with pleasure and for a long time. There is to be a wild west barbecue, a dinner dance, and a ride about Dallas included in the entertainment features of the meeting. One of the outstanding features of the convention will be an elaborate, style show of jewelry. Speakers from all parts of the country will be included on the program, and everything from how to set a dinner table properly to the cost of diamonds will be on the menu.

Gasoline the Cheapest Commodity

Compared with groups of commodities for which price statistics are published by the U. S. Department of Labor, gasoline is now the cheapest commodity of general use in the country. The average wholesale price of gasoline for 1927 is given as 111.4 per cent of the average price for 1913. But the average price of "all commodities" is 146.5 per cent of 1913 prices. Everybody realizes that prices, as a whole, are a great deal higher than before the war, but there have been wide variations between the price experience of different commodities or groups of commodities. The Department of Labor has just published its price statistics covering the full year 1927. From these the accompanying graph has been prepared, showing how prices have moved in the various commodity groups. The Department's figures are based on wholesale prices. They show that for the full year 1927, the index figure for prices of all commodities was 146.5. That is, the dollar of 1913 had a purchasing power equal to \$1.46 of 1927 money. Among groups of commodities, it is shown that house furnishing goods have increased most in price since 1913; their index figure for 1927 was 223.8; that is, it cost in 1926, \$2.23 to buy as much of

these articles as a dollar bought in 1913. Anthracite and bituminous coal has advanced almost as much, and so has brick. Woolens and worsteds, boots and shoes, and lumber, well-nigh doubled in price. The advances for the various groups, as recorded by the Department of Labor, are graphically presented in the chart. That gasoline should appear at the bottom of such a list is remarkable as consumption of gasoline has increased 1,900 per cent since 1913. That the petroleum industry has been able, in the face of such an enormously increasing demand, to maintain a price level far below other commodity groups. They prove the high efficiency of the industry and the constant betterment of its methods. They demonstrate, further, that the full benefit of efficiency and constant improvement in spite of increasing labor costs, has been passed on to the consumer. Ever since the war it has been the persistent boast of the oil industry that among staples largely used and increasingly demanded, none showed such price moderation as gasoline. The official figures now made available indicate further that no commodity group has since the war so nearly returned to the pre-war price level as has gasoline.

Wins in Wisconsin

Here is Walter Kohler, the big, bushy and fixture man of Wisconsin, who is the new governor-elect of his home state. He lives in Kohler, Wisconsin.

NEW PLANT TO INSURE WATER AT SAN ANGELO

SAN ANGELO, Sept. 18.—Insuring the city of San Angelo an inexhaustible supply of chemically pure and clear water, the new filtration plant of the West Texas Utilities Co. under construction here will be put in operation by Oct. 1, it was announced by E. R. Hoppe, chief engineer of the company. About 90 per cent of the construction work has been completed and within a comparatively short time the plant will be ready for operation, Hoppe said. One pump has been set and the other pumps in the high lift station are being set. There remains yet a small amount of electrical and building work to be done. "The clear well and regulating basins are completed as are the river intake and low lift pumping stations. The pumping capacity of the new plant will be 12,000,000 gallons daily, almost four times the

present consumption of San Angelo, which has been averaging 3,000,000 gallons daily." Hoppe pointed out that with the new plant San Angelo would evade the possibility of muddy water as has happened occasionally in the past when the Concho river was at flood stage and carrying much sediment. The building program also included the water mains of the city, these now being in better shape than any time in the past. The pump house or water work building will be fire proof, using brick, concrete and steel red face brick will be used on the exterior and the inside will be finished with white glazed brick. Payment with the policy of the West Texas Utilities Co. landscape artists will lay out parks and flower beds making it one of the most beautiful spots in San Angelo. HOMEOWN NURSERY STOCK is very much better; due fresh as used; already acclimated; climatic shipping damage; let us take your order now. We draw your insurance plans free. ROWDYISM AND BEGGING SEND THREE INTO COURT The colored family of Holl was in trouble again Monday morning, when Robert and Beadie Hall were arraigned in the city court. Robert was charged with drunkenness and disturbing the peace. His case was dismissed. Beadie pleaded guilty to a charge of disturbing the peace and was fined \$10 and costs. Mayor Williamson advised Beadie to select another city as her place of residence, which she agreed to do after being told that Cisco was no longer a congenial place in which to make her permanent home. Franklin W. Peers, a human dealer, who stated that he was a man without a home, was given an indefinite admittance ticket to Lake Cisco training camp to liquidate a fine of \$5 and costs. Peers, a cripple, presented quite a destitute appearance when he admitted he was subsisting at the expense of the public, though he stated that his keep had not proven very expensive, as his condition indicated. E. D. Smith and C. J. McClean, arraigned on vagrancy charges, were released when they raised the amount of their transportation out of town. Four cases for violations of the traffic ordinances were docketed in the city court but had not been disposed of this morning. If either Mr. Hoover or Al Smith is for the stuffed baked cucumber, we are against him.—Columbus (O.) State Journal.

CONFIDENCE-

This Is the BANK that SERVICE Is Building

MEMBER FEDERAL RESERVE SYSTEM

First National Bank of Cisco, Texas.

Confidence is a state of mind, inspired by belief, which is sustained by the unswerving fidelity of its recipient to a trust reposed.

The solid foundation upon which confidence in this bank rests has been built by the every day experience of its customers and by their belief in the integrity and ability of its management.

The patronage we have received as a result of this confidence has enabled us to perfect an organization that is prepared to render you a service unsurpassed. We invite your banking business.

Drug stores in this town usually using pretty well. I visited four of them. Corner Drug store got me on payment of account, bought co. drinks at Tomlin's and Elliott's, while Moore-Shepard drug store got me in exchange for stationery. By the way, have you noticed his stationery window?

Quite sure I will do as well or better today. It just goes to show what an honest hard-working dollar can do when it stays at home and works. I am anxious to go to church as I enjoy bearing Hosiery and want to get in one of those nickel plated collecting boxes. How you have two fine banks. Have not visited either one yet. Why not let me start a savings account for some little chap? That would make me mighty happy. If you have me

at 6 this afternoon be sure and call 399 I am.

Sincerely yours,
BILL DOLLAR

BOUND BY BANDITS, MAN ROLLS HALF-MILE TO AID

KANSAS CITY, Mo., Sept. 18.—Bound and thrown into a prison of weeds near Avondale, Ben Wainwright, 21, clerk in a United Cigar store, rolled himself a quarter of a mile today to a filling station after he was robbed of \$100 of the firm's money and then bound and taken into the country.

BULL GOES FARMER NEAR GEORGETOWN

GEORGETOWN, Sept. 18.—John

Bowman, farmer living near Georgetown, was seriously injured Monday by being gored by a bull. The bull charged Bowman three times before he was able to escape by rolling under a cow in the lot and through a fence. He was gored in the leg, abdomen and chest. Surgeons at a local hospital said his wounds were serious.

In the making of a telephone receiver there are employed aluminum, steel, copper, rubber, flax, nickel, mica, shellac, lead, cotton, silver, iron, platinum, zinc and gold.
