HOOVER URGED TO WAGE FIGHT IN SOLID SOUTH

WASHINGTON, Sept. 20.—Showing keen interest in reports from his lieutenants that he will be the first Republican since the Civil War to break into the solid South, Herbert Hoover today considered numerous requests to extend his southern invasion early in October. Special efforts will be made to assemble Republican leaders and anti-Smith Democrats from every southern state at Elizabethton, Tenn., where Hoover speaks Oct. 6. Some of his advisers have urged that he make a trip into the South and make a prepared address in the Southwest, preferably Texas, but there appears little likelihood that he will although he may speak in Arizona.

RECORD SUGAR CROP ESTIMATED IN HAWAII

HONOLULU, Sept. 20.—Unofficial estimates of the 1928 sugar crop in Hawaii indicated today a new record production of 893,149 tons. The previous high record for this territory was 811,227 tons, recorded last year. Grinding of the current crop will be completed within 60 days, it is expected.

30 MEMBERS IN NEW LA GRANGE LIONS CLUB

LA GRANGE, Sept. 20.—A Lions club with a charter membership of 30 was formed at a luncheon here Tuesday. Henry Presun was elected president of the new organization. Twenty Smithville Lions were present at the luncheon.

CONFEDERATE SURGEON GENERAL PASSES AWAY

BIRMINGHAM, Ala., Sept. 20.—James Wiggins, 82, surgeon general of the United Confederate Veterans, succumbed to a stroke of paralysis at his residence here late Tuesday. General Wiggins had never missed a reunion of the Confederate forces and was a leader of the veterans' organization in Alabama. A native of Talladega, General Wiggins made his home in Birmingham many years. A daughter, a son and several grandchildren survive.

AMPUTATE YOUTH'S FOOT AFTER TRAM ACCIDENT

RANGER, Sept. 20.—Frank R. Wilcox, 17, Oklahoma City youth, suffered a badly crushed foot, caused by a castboard Texas & Pacific freight train. Amputation was necessary at a local hospital. The accident occurred about five miles from Ranger, between here and Otten.

SEVEN RESCUED FROM DORIES AFTER SHIP SINKS

KENOSHA, Wis., Sept. 20.—Adrift for more than two hours in dories after the yacht Rosinco, owned by Col. Robert Morse of Chicago, hit an obstruction and sank 12 miles off Kenosha harbor. George L. Weed, wealthy Chicago broker, and six members of the crew were rescued Wednesday morning by coast guardsmen.

KELLYS HAVE RETURNED

Mr. and Mrs. George B. Kelly returned home Wednesday from their summer outing at the mountain resorts of Colorado. Both were greatly refreshed from the stay and they report one of the most pleasant vacations. While in Colorado they stopped at Boulder, but made frequent tours over the part of the state. Returning home by Kansas City, their family here enjoyed visiting scenes in that section where they met many former acquaintances. They left July 6.

CISCO-D'LEON GAME FRIDAY TO BE STIFF

Is Cisco more enthusiastically for the Lobos than ever? That crowd of 1,500 last week for the opening game was almost a record for attendance in the district so early in the year—and that attendance strongly indicates that Cisco is for the Lobos to the limit. An even larger crowd Friday afternoon here at 3:30 when the DeLeon Bears swing into action would go far toward giving impetus and spirit to the already hard-working Lobos who, if they avail their possibilities, stand a good chance of winning the district championship. Impartial observers over the district agree. DeLeon is in Class B but it is stronger than many Class A teams. Two seasons ago, the Breckenridge Buckaroos matched a game with DeLeon early in its season and DeLeon beat them. For the last two seasons, DeLeon has retained supremacy in the Class B district. It is a team that is heavier and more "wooded" than even the B teams that rank above the average. Furthermore, the Bears have a tradition to maintain. They are the only team since W. B. Chapman became coach six years ago to defeat the Lobos but when the Lobos have been defeated. The teams have met only once under the Chapman regime and that was in 1922. The score was 21 to 7 in favor of DeLeon. In the Cisco lineup that year appeared such noted players as Ernie Wilson, Pinky Alstrogg, Stubbsford, Red Smith, Westfield and Chisler. DeLeon team is going to be out there Friday to maintain its record of being the only team in West Texas that has faced Cisco and retained a record unmarred by defeat. They may not be able to do it. "The Cisco fans are sure they will not," but the fact remains that with the memory of that 1922 game to spur them on, the Bears may put up a fierce game. They will be inspired, too, by a long history of achievement on the gridiron. Honk Irvin formerly played at DeLeon. So did "Black" former Randolph college halfback; Johnny Walker, ex-Ranger high and Randolph college back; and the Pittman brothers, of Baylor fame. And not many years ago, DeLeon claimed the state championship without regard to the state of high schools. Football success is a tradition with DeLeon. Besides, they don't have to play as well to win as most other teams do. The year they won from Cisco, the Bears did not make a first down. Last season when they eliminated Blazing Star, DeLeon scored its first two touchdowns without making a first down. They make the "breaks" and turn them to their advantage. A big crowd will be over from Eastland and Ranger. A flock of excited will accompany the Bears here. If Cisco will turn out in force, a new early-season attendance record will be made.

CISCOAN SELLS OIL HOLDINGS FOR \$400,000

What is one of the largest oil deals consummated in West Texas this year is announced by Pete L. Hoffman, Cisco operator, in the sale of the Anna Belle Oil company's holdings in Brown county. The Anna Belle is owned practically exclusively by Mr. and Mrs. Hoffman, and the company was named for Mrs. Hoffman, who was christened Anna Belle. The consideration was announced as \$400,000, of which \$250,000 was cash, and \$150,000 in oil. The purchasers are Young Bros. & Alexander, extensive operators in the Brown county field, and the Woodley Petroleum Co. In this conveyance are 966 acres of some of the best oil leases in Brown county, with a daily production of 600 barrels. There are seven leases involved in four of which there is production, the Armstrong, Butler, Hickman and Kilgore lands. The property is situated in the prolific Blake field. Mr. and Mrs. Hoffman are well known oil people who make their home at the Gude hotel in Cisco. Mrs. Hoffman is as active in the oil business as her husband, and she looks after the business while Mr. Hoffman manages the field operations.

BLACKMAILER OF RASKOB IS UNDER ARREST

NEW YORK, Sept. 20.—A man believed to be a fanatic was arrested in Philadelphia today charged with sending four letters to John J. Raskob, Democratic national committee chairman, threatening to blow up Raskob's home unless he sent the writer \$100,000. It was revealed here today. The letters were traced to Frank Moomery, who is held at Philadelphia under a \$100,000 bond.

FIRE DAMAGES ELECTRIC MOTOR AT LAKE CISCO

The big electric motor at Lake Cisco was damaged by fire Wednesday evening caused by defective wiring. The alarm was turned in at 8 o'clock which was responded to with one of the fire trucks but owing to a confusion in the call, the firemen went to Lake Bernice instead of Lake Cisco. The motor was so badly damaged that it will have to be rewired. The damage was estimated by Mayor Williamson at \$250. The pump is located in a temporary building under the bridge, but the building was not damaged. This will not cause any disturbance in the water service, the mayor stated.

Life Loss in Storm Area May Be Doubled by Finding of 500 Dead; Bursting Dikes Drown Hundreds

WEST PALM BEACH, Fla., Sept. 20.—Unearthing hundreds of unburied bodies, badly decomposed, local officials today virtually doubled the death toll in the Belle Glade-Palmdale area, according to unverified but apparently accurate reports from that section. Commander J. McLeish, in charge of relief work at Palmdale, said that the deaths in the Belle Glade-Palmdale district now total 500 persons and estimated that the number might reach 1,000. His reports nearly double the death toll for the entire storm area. Reports from independent relief agencies verify McLeish's statements although the local Red Cross has not recognized the new death total as official. Following a tour of Belle Glade, South Bay, Chasler, Belle Devoir and Kruemper on Lake Okechobee, H. W. Hight, Palm Beach agricultural agent, reported on dead in that district and about a thousand missing, most of whom are believed to have drowned when the lake stages gave way Sunday night in the equinoctial storm.

100,000 GREET GOV. AL SMITH AT OKLA. CITY

OKLAHOMA CITY, Sept. 20.—Governor Al Smith received the greatest ovation here today he has not experienced on his return through the West. Local papers estimated the crowd at more than 100,000. Democratic leaders said it was the greatest throng ever assembled in Oklahoma City. The governor is to speak here tonight, dealing with production and farm credit.

CIVIL SERVICE WORKERS TOLD TO BE NEUTRAL

WASHINGTON, Sept. 20.—The United States civil service commission today issued a drastic warning to federal classified employees sharply limiting their political activities in the present campaign. The order said that employees may vote as they please, but must confine expression of views on political subjects to private conversations. The warning threatened dismissal of employees displaying campaign stickers or signs on automobiles and for those who wear badges or buttons on their dresses or coats. The warnings, ordered posted on every public bulletin board in governmental buildings throughout the United States, said federal employees under civil service may contribute voluntarily toward a political campaign provided they do not do so in a governmental building and that no federal officer or employee may solicit a contribution from another federal employee. Activities forbidden: federal employees include service on or for any political committee; addressing a political club or being active in its organization; addressing political meetings or taking any active part therein except as a spectator; acting as recorder, checker, watcher or in any position of any executive officer.

CROSS PLAINS, Sept. 20.—Mrs. Hattie Robbins, of this place, has returned home from Madison county, where she attended the golden wedding of her brother, A. W. Wakefield and wife, whose marriage with Miss Julia Robinson was consummated 50 years ago. Speaking of this recollection Mrs. Robbins stated: "It was recalled that among those who attended the marriage of this couple was W. H. Kittrell, now living in Cisco, who was a neighbor of our family. Mrs. Wakefield, my brother's wife, was a daughter of Wash Robinson, a hero of the battle of San Jacinto who fought in that decisive battle, which won Texas her freedom. This golden wedding was rather unusual in particular as there were present five brothers and sisters, all of whom had previously celebrated their 50th wedding anniversaries. These were Mr. and Mrs. A. W. Wakefield, of Madison county, in whose honor the celebration was held; Mr. and Mrs. W. L. Wakefield, of League City; Mr. and Mrs. Fred Wakefield, Mr. and Mrs. Jim Ford, of Madison county and myself. Mrs. Robbins, now a widow, had previously celebrated her 50th wedding anniversary prior to her husband's death. Mr. and Mrs. J. L. Gray of Lone Beach, Cal., are guests at the Gude hotel while here looking after some real estate interests, and enjoying a visit to Cisco and West Texas. They are guests of J. E. T. Peters, secretary of the chamber of commerce, this morning, who took them out to Lake Cisco, the fish hatchery and other places of interest. This is the first visit of Mrs. Gray to Cisco, who stated she was delighted with all that she had seen, and thought Cisco a wonderful little city. Mr. Gray makes frequent trips here, but states he sees improvements on each visit. FARMERS' FRUIT STANDS IN PARKER CO. PAY

Booths on Highways Bring Quick Sale of Melons, Other Products; Direct Buying Liked by City Folk

Good highways and increasing tourist travel, as well as the constant travel of city folks into the country to cool off from the heat, have been the means of farmers disposing of home grown fruits, and in some instances, of vegetables at road booths erected in front of their homes.

Recently on a trip into West Texas the writer stopped at many of these improvised fruit stands along the Bankhead highway. By far the greater number were located in Parker county beyond Weatherford. A few were observed in Palo Pinto county and some in counties further west. All were doing a good business, as developed in conversation.

The idea of the farmer or fruit grower selling his products at his own stand along the road side is nothing new. It is highly developed in California, where it is a common matter for city folks or tourists to run into the country and purchase oranges, grapes, grapes, eggs, country butter and even buttermilk and cream direct from producers.

Many city folks like to buy direct from producers and will drive long distances to get what they believe has the flavor and freshness of country products sold direct to the consumer.

"Yes, this business is paying me well," said W. J. Edleman, Parker county farmer, who operates a watermelon and fruit stand not far from Weatherford. "I get more for my melons selling them direct to folks who drive on the highway than I can by selling them to the dealer."

"And folks are not so particular as to having every melon of the same size. I get rid of practically all of them, little and large. There always is some one who wants a melon of almost any size I happen to have."

Peaches in Demand

It is not generally known that West Texas peaches which come on the market about the middle of August are among the finest fruit grown in the state. The particular peach which many farmers had for sale was a hard red cling, with reddish streaked meat and a beautiful blush. The fruit was uniformly free from worms or other insect damage and the taste was highly pleasing and the pulp juicy.

The price at which the peaches sold, \$1.50 a bushel, made them very attractive to peach lovers since this was a year in which Texas peaches were scarce. Instead of trying to "hold up" the consumer with a demand for high prices because of the shortage of fruit, these Parker county farmer-merchants were reasonable in their demands and were getting fairly good prices for all their peaches, even the smaller ones.

One of the growers said his trees averaged about two bushels and at an average of \$1.40 he had almost \$300 per tree or something like \$300

per acre, which he considered enough for one crop.

Method Has Possibilities

Selling the farmer's fruit crop on the highways has possibilities for all of Texas. It is a wonder that more of it is not done, especially in the fruit sections of Texas and on the main highways where thousands of cars pass back and forth daily.

Many California growers dispose of their products from their orchards in their attractive stands built on their own premises. The investment in these may be high or low, as one may wish. As long as they are neat and clean the public will stop and examine the fruits offered.

The Parker county stands were usually homemade, often consisting of a few tree trunks for corner posts, over which was stretched a top of boards or canvas. In some an effort at ornamentation was made, with painted boards and occasionally a few seats under the trees where travelers could stop and eat fruit if they cared to. The watermelons and cantaloupes which were offered for sale were right off the tree, just as if they had been ordered in the most up-to-date city store.

Usually a boy or girl or an elderly member of the family, had charge of the stand, while the man of the family was at work in the fields. A combination of farming and salesmanship of quality products is never a bad thing and there should be more of it in West Texas, East Texas, North Texas and other parts of the state. It ought to pay.

FARMERS NEED MEN TO PICK THEIR COTTON

Despite the reports of unemployment of labor in Cisco, and the number of men picked up as vagrants by the Cisco police, farmers in the Cisco Country report cotton pickers are scarce. The Cisco chamber of commerce has had several suggestions from farmers who want laborers to help gather their cotton crop. It is probable that those wanting work can get information at the chamber of commerce where employment can be had.

W. T. U. LOBOES LEAD ABILENE IN SALE DRIVE

ABILENE, Sept. 20.—It is Abilene's ball on the Eagles' own 27 yard line. First down 10 yards to go. This is not a football game between Abilene Eagles and Cisco Big Ben Lobos. However, it is a game which is being a bitterly fought as any of those grid battles between the two ancient rivals. The Cisco office of the West Texas Utilities company has organized a team known as the Cisco Big Ben Lobos to battle with the Abilene company in one of the hardest fought washing machine campaigns ever staged in West Texas.

The campaign is being waged strictly under football rules. In the Abilene office is a huge stadium with players numbered and their yardage is scored just as accurately as if they were playing upon a football field.

Sale of 100 washing machines counts a touchdown, and the sale of every machine is scored as one yard gain. A silver loving cup and the trophy hung up by the special officers of the West Texas Utilities company.

The campaign is waged for two weeks. Cisco has had completed

its campaign and the Lobos show 80 yards gain. Abilene has approximately one and a half months yet to go. The Eagles' yardage to date totals 27. H. H. Lamb, commercial agent, is captain of the Eagles and W. H. Mulroy is captain of the Lobos.

Large Crowds See Joint Exhibits of Neighborhoods at Pleasant Hill and Scranton; Interest Is Greater

THE LEARNING

It has always been held that it is easier to teach the young than the old.

The "urban university" has thousands of students ranging from 71. He has tested adults up to most anything more rapidly than the natural ability at any age he is surprised to find this superior beyond 45.

Here, if Dr. Ellis' observations are sound, is a discovery of the middle-aged and old. The middle-aged and old are no longer plastic, and they are handicapped in learning and training. Experience shows the fallacy of their belief, but still more interest is being shown in the community fairs of Eastland county than in previous years.

More interest is being shown in the community fairs of Eastland county than in previous years.

The exhibits shown at both Pleasant Hill and Scranton were judged by E. A. Eudaly, wine specialist at the extension service of the A. & M. college. At each place he made his famous long talk, in which he advised raising of better home grown produce and more attention to details of management. He stressed the importance of having plenty of fresh clean water before the pump at all times, in this connection he recalled the experience of the town of Waco, Tex., in 1918, when the water pump broke down.

He stressed the fact that eggs should be washed in clean water, and that the egg should be washed in clean water, and that the egg should be washed in clean water.

J. E. Spencer gave an interesting report of the progress of the dairy committee and its study of the milk plants in Tennessee and Mississippi. He stated that more than \$5,000 had been paid for sweet cream in Cisco since the establishment of a sweet cream route out of Cisco April 20.

"This is just an illustration of the importance of the dairy industry, and shows what can be done, and the advantages and profit that can be realized if the farmers of the Cisco Country would give dairying the same attention and intelligent endeavor that is now being given to growing cotton," Mr. Spencer stated.

STEPHENS CO. POULTRYMEN PLANNING FAIR
BRECKENRIDGE, Sept. 20.—That Stephens county poultrymen are to hold a poultry show in Breckenridge in December seems to be assured, following a recent meeting in the city hall. However, a committee was named at that meeting to go into the matter more thoroughly and to work out plans, prepare a tentative program and estimate costs.
The meeting was held under the auspices of the Stephens county poultry association and was presided over by Frank Lockridge, county agent.
The committee designated was C. P. Lockridge, Eugene Thompson, Charles Shater, W. W. Byers and E. L. Russell.
The committee will meet at an early date and the poultrymen of the county will be called together on the morning of October 6, in Breckenridge, to hear the committee's report.
Much interest is being stirred up in the affair and plans are being discussed with much enthusiasm. Considerable progress is being made in the poultry industry in the county, according to those who are keeping in touch with the section.
Perhaps federal agents can't find that \$100,000 worth of pre-war stuff because it is now disguised as \$500,000 worth.—Santa Barbara Daily News.

We are reprinting this prize winning advertisement for two reasons: FIRST, because we are just naturally proud of the fact that a Lone Star Gas advertisement in a Southern newspaper was chosen as a winner in a contest! SECOND, we want you to read again the message that was thought by these nationally known judges to be of such outstanding importance. Of course, we're going to do our best to bring the FIRST PRIZE to the Southwest next year. If you have any advertising suggestions... based on what natural gas means to you—we'll be very glad to get them. Please outline your idea, to the Manager of your local gas company, or mail to the undersigned:

"Father Forgive Them"

"Father, forgive them, for they know not what they do."

The wonder of it! Love so marvelous that the moment when His flesh was torn and His body broken. He could pray for forgiveness for those who were crucifying Him!

When man has sinned, and after his sin has gone beyond his reach and he has awakened to the realization that he has sent out into the world an evil force whose damnable power he can never call back, what courage it gives him to hear that matchless expression of love, the Son of Man praying for those who have nailed him to the cross! "Father, forgive them, for they know not what they do."

Look back at Calvary in the light of Easter's dawn. Those who crucified Him did not know what they were doing. The cross was built for His shame and death. It has become His throne. Hope springs eternal for sinning men when they hear Him say, "Father, forgive them."

God is ready to forgive your sin. Bring to the cross your humble and contrite heart. Let this season mean newness of life for you.

HOOVER LEADING SMITH IN FIRST RETURNS OF MAGAZINE POLL

Democratic Strongholds Are Not Represented in Returns; Voters Changing Largely from 1924 Stand

Hoover is ahead of Smith in the first scattering returns of The Literary Digest's 19,000,000-balls nationwide "straw" poll for president.

Of the 32,500 ballots returned Hoover has 21,750 votes and Smith has 10,222 votes making a percentage of 67.2 of the total for the Republican candidate as against 31.6 for the Democratic leader. The other 2.1 per cent of the votes are divided among the three minor candidates.

An analysis of "how the same voters voted in 1924" shows that Smith received only 43 per cent of his total vote from those who voted for Hoover four years ago, while only 35 per cent of his total vote comes from Democratic voters in the last presidential election.

The same tabulation shows Hoover obtained more than 72 per cent of his total vote from Republican voters of 1924 with a gain of only 11 per cent from the Democratic ranks.

A startling local shift in party lines is indicated in the last early returns from Wisconsin, where Hoover carried 4,300 votes which show that over one-half of the Democratic vote in that state is coming from former Republicans. Likewise, in New Jersey, over 50 per cent of the Smith vote appears to be drawn from voters who voted the Cochrane ticket in 1924 whereas Hoover carries less than 10 per cent of former Democratic adherents.

The swing of votes is somewhat reversed in Maryland, on the face of the early returns, as Hoover receives over 22 per cent of his vote from former Democratic voters, while Smith gets only 22 per cent from the Republicans.

A state by state tabulation, far from complete, shows California voting Hoover 64, Smith 200; Maryland Hoover 507, Smith 165; Michigan Hoover 1,340, Smith 1,126; New Jersey Hoover 13,420, Smith 6,280; Wisconsin Hoover 2,052, Smith 1,816.

This is, of course, a far greater preponderance in favor of the Republican candidate than any previous national poll. The Literary Digest states editorially: "For even the United States inquiring into

than all but the most optimistic Republican prophets, have dared to claim. For a number of reasons, it would be premature to consider these figures indicative of the final results of the Literary Digest's poll.

In our 1924 poll, the Republican candidate began with a lead of more than four to one over his Democratic rival. The present poll starts with practically the same proportion of votes, two to one in favor of the Republicans, which our 1924 poll showed, and it remains to be seen whether the Democrats can increase their percentage as substantially as they did in the course of the last poll. Such an increase would indicate a very close election.

Attention is called to the fact that the Southern states are not represented in the first figures that are published in the Literary Digest today. It is also pointed out that New York state, "undoubtedly the most important battleground of the present election," has not been heard from at this time.

The Literary Digest stresses the fact that the presidential poll conducted by the magazine in 1924 showed an average error of less than 1 per cent by comparison with official election returns, "which in correspondence with the vote of the electoral college was 99 per cent correct."

WEATHER FOR LEGION MEET TO BE IDEAL

SAN ANTONIO, Sept. 18.—What is the weather going to be like? What sort of clothes shall we wear?

That is the most frequent inquiry being received at the American Legion national headquarters at the present time. Letters are pouring in from all over the United States inquiring into

the probable state of the weather during the gathering here Oct. 8-12.

"Delightful weather, just right for a wonderful time," is the word that has gone out on the strength of weather bureau records.

For 26 years an examination of records shows the average low temperature for the eight days from October 6 to October 13 has been 62 degrees with the average high 83 degrees.

The very lightest of fall clothes have been advised, with a light topcoat or light outer wrap for evening wear.

Weather bureau records indicate that there is only one chance in eight days for rain and that no more than a mere sprinkle, if

the weather lives up to the average over a period of 50 years.

The Alamo City has an A-1 chance to make good on its reputation for sunshine, as in 43 years the sun has shone on the average 67 per cent of the time during the week of the convention.

STATE DAIRIES PRODUCE 60,572 GALLONS MILK

AUSTIN, Sept. 20.—During the month of July, 13 of the dairy institutions operating dairies

in connection with the institutions, produced 60,572 gallons of milk, valued at \$26,138, it was disclosed in a report released by the state board of control.

These 13 institutions have a total of 846 cows and the average per cow in milk was given as 2.33 gallons. Cost of feed for all the cows during the month amounted to \$1,371. The cost per cow per month was \$8.78. The figures did not include 4,339 pounds of butter and 213 pints of cream.

The four institutions that do not maintain dairy herds are: Confederate Home, Confederate Women's the School for the Deaf, all located at Home, School for the Blind, and at Austin.

CAN WE SELL TIRES AT WHOLESALE COST?

People are wondering and asking if it is possible for us to really sell Goodyear Tires at wholesale cost. They can't see how a business concern can stay in business and really make money and sell at cost. They don't think it can be done. They think there must be some trick about it. There is no trick about it. Here is the way we do it.

HOW WE DO IT:

If we sell \$50,000 worth of Goodyear Tires during 1928, we will get a rebate from the company of 9 per cent, which will be \$4,500. That's our profit. Pretty nice profit, too, don't you think? But some one says that's too many tires for Cisco. We'll do it, do not fear.

\$30,000.00 Already Sold!

We have already sold the above amount and four months to go yet. Last month we sold \$5,101.58. So that is why we can sell these famous Goodyear Tires at wholesale cost. There is no trick. It is just quantity selling that enables us to save you the ordinary dealer's profit. \$4,500 is not a bad profit for a year of tire selling. We are satisfied with it and you should be satisfied to be able to buy one of the best tires ever made at wholesale cost. How about it?

munities were present for the funeral of this good man.

A. Y. Abercrombie Passes Away

A. Y. Abercrombie of Putnam passed away after an illness of short duration at a sanitarium in Dallas on last Sunday morning. Mr. Abercrombie had resided on a farm near Putnam for several years, living alone. His brother, Y. B. Abercrombie from Georgia was present at the bedside during his illness and death. He was 63 years of age and was known by those who lived near him to be a kind friend and good neighbor. The funeral services were conducted at the Putnam cemetery by Rev. J. E. Black, pastor of the Baptist church at this place.

Schools Open; Prospects Bright

The Putnam schools opened Monday morning with a splendid enrollment and bright prospects for the best school in the history of the town. Quite a number of the parents were present and much enthusiasm on the part of both patrons and students, was manifested. The school was opened with songs led by Mrs. D. E. Renfro, with Mrs. B. T. Hughes at the piano. Rev. J. T. Richardson led a short devotional service, reading the 15th chapter of Proverbs, followed by prayer, after which Superintendent Renfro addressed the school along general lines of work to be accomplished this year. Mrs. John Cook, president of the P. T. A., outlined a part of the work this year, emphasizing the importance of the school in the community. The 15th district court of Eastland county, and state of Texas, same time talk along this line. She was followed by Mrs. Pierce Shackelford, chairman of the membership committee of the P. T. A., who also showed great interest in the school and extended an invitation to the parents present to become members of the association. Rev. J. E. Black, pastor of the Baptist church, made a very fine talk on cooperation.

Mrs. J. S. Yeager, who at one time served the school as trustee for several years, made a short talk along the lines of progress in the school. She called attention to the credits of affiliation recently acquired by the school and congratulated Superintendent Renfro and faculty for their faithful efforts in securing these credits. Mrs. Yeager was followed by short responses from several of the parents and all the members of the faculty. Putnam is proud of her schools and especially the fine enrollment for the ensuing year. Our teachers are among the best, all of the members of the high school faculty holding degrees.

The names of the entire faculty are as follows: D. E. Renfro, principal; R. F. Webb, principal; W. A. Democratic Stronghold Represented in Re Changing Largely

Hoover is ahead of Smith in the first scattering returns of The Literary Digest's 19,000,000-ballot nationwide "straw" poll for president. Of the 32,500 ballots returned Hoover has 21,754 votes and Smith has 10,222 votes making a percentage of 67.3 of the total for the Republican candidate as against 31.6 for the Democratic leader. The other 2.1 per cent of the votes are divided among the three minor candidates.

An analysis of how the same voters voted in 1924 shows that Smith received over 45 per cent of his strength in these first returns from those who voted for Coolidge four years ago, while only 35 per cent of his total poll came from Democratic voters in the last presidential election.

The same tabulation shows Hoover obtaining more than 75 per cent of his total votes from Republican voters of 1924 with a gain of only 11 per cent from the Democratic ranks.

A startling local shift in party lines is indicated in the first returns from Wisconsin, where some 4,000 voters which show that over one-half of the Democratic vote in that state is coming from former Republicans. Likewise in New Jersey, over 50 per cent of the voters who supported the late Gov. Woodrow Wilson are voting for the Democratic ticket.

The boar's sire was four times champion of the world, a record never made by any other hog of any breed, it is claimed, and his litter mate was the grand champion of Nebraska last year.

Hundreds of Armistice Boy-son's progeny are scattered over Eastland county and throughout the Southwest, hundreds having been sold by Cox throughout Texas and adjoining states. In Lamb county alone something like 100 head of this year's descendants are now to be found, having been bought largely by vocational agricultural teachers for their club projects.

Washing and Greasing Your Car

Is an important item. It is so important to the appearance and life of your automobile that we have made a specialty of washing cars and greasing every vital part of the mechanism so that there is the least possible wear to these parts. Most cars that are junked are so because of the lack of proper greasing. There is very little wear where there is proper lubrication.

BATTERIES AND SERVICE

We want you to get acquainted with our batteries and battery service department. If you need a new battery, we want to supply you. If you have a good battery we want to help you keep it good.

GOV. DAN NOT TO SPEAK FOR SMITH TICKET

DALLAS, Sept. 20.—Jed C. Adams, Democratic national committeeman from Texas, announced today that Governor Dan Moody had declined his request that he speak for the Democratic national ticket at the tri-state fair in Amarillo September 22 to 29.

Adams, in a telegram to Governor Moody last Saturday, urged the governor to accept the Amarillo engagement on the ground that 30,000 to 50,000 persons would be there to hear him. Governor Moody's answer, received today, was brief.

"Your wire. Cannot arrange to fill date at Amarillo. Regards."

It was understood that Governor Moody had not yet replied to a request from Senator Millard F. Tydings, Maryland, chairman of the Democratic national speaker's committee, that he stump doubtful states for the national ticket during October.

George B. Terrell, commissioner of agriculture, in a letter received at Democratic state headquarters today urged that Governor Moody and Attorney General Claude Pepper be asked again to stump the state for Governor Alfred E. Smith and Senator Joe Robinson.

"These two men can do more than any in Texas if they will," he wrote in part. "They said they would support the Democratic ticket. Let's see how strong they will go in its support."

Not A Duchess; Wild West Belle

Marie Tatiana is her name, and she is one of the Russian girls at Miller Brothers' 101 Ranch Wild West, but to the Cossacks she is something more—a "high-society" girl. However, to the cowboys she is the big show she is Marie, the sweetest and prettiest and the one of the Volga boat song. All see her with the Cossacks the new street parade in Cisco today, September 25.

TRAGIC END OF POWER-DRUNK BELSHAZZAR TOLD BY DR. HOGG

Tale of Downfall of Potentate Is Tense with Climaxes; Attendance at Day Service Grows as Stores Close

Before an audience which practically filled the tabernacle last night, Dr. Hogg brought a searching message on "Belshazzar's Feast," departing from his announced schedule of addresses in this instance to impress upon his hearers the fact that their lives, sets, influence and thought are constantly under the eye of God and that at each moment of our lives we are being "weighed in the balances."

The minister's message was brief, but intensely earnest throughout and was lacking in that gripping earnestness of the speaker crowded out for the most his over-pressed strain of spontaneity, for which his hearers are so noted.

Several tense climaxes were reached during the message by the speaker, speaking throughout in a quiet, conversational tone, pointing the tragic scene of an earthly potentate drunk with his own power, yet fearful of God and standing on the threshold of his downfall.

At the height of his first climax, with the crowd in breathless stillness, Dr. Hogg left the tabernacle and was almost out of the building before the audience awoke to the fact that the impressive service had come to an abrupt close. No invitation of any kind was given.

The out-of-town visitors were present in good numbers but made little of the fact that non-week services in the churches of the various surrounding communities kept many away who have been regular attendants.

Grassman and Mineral Wells were well represented. The most unusual feature of the service and one of the most unique features of the entire campaign was the "Mississippi offering" taken by Dr. Hogg himself last night after the fashion of the Mississippi negroes. Dr. Hogg explained that he only took one offering during a campaign and had asked to take it as he had seen the colored folk do, and he called for a wafted which he placed on the platform and then asked the people to come down the steps and bring their offerings to the front, while the singing "E. J. Fox" thronged for the campaign, was provided with a large number of silver dollars which the people were asked to purchase on their way to the tab and the entire stock was purchased and the bank repaid most liberally. Dr. Hogg's appeal — far exceeding the amount he had called for in

his announcement of the offering. Attendance at the tabernacle this morning was greatly swelled by the employees of the various business institutions of the city which began closing their doors for the services. Practically every business institution in the city is cooperating in the movement launched by local business men to close the entire town during the morning service long to give everybody opportunity to hear the noted minister. Banks, cafes, grocery stores, meat markets, barber shops, clothing and dry goods stores, variety stores, drug stores, professional offices, all have joined whole heartedly in this movement cooperating with the spiritual effort for a better town.

Dr. Hogg delivered a powerful message this morning on "The Conversion of Soul of Tarsus" and tonight will speak on "Dry Nets and Empty Boats." His theme at Friday morning's service is announced as "The Land of Gennesar."

Sidelights On Union Revival

The committee in charge of the women's seasonal winter services being conducted in connection with the union revival, headed by Mrs. E. J. Fox, chairman, announces the following services for Friday afternoon at 4 o'clock.

- District No. 1—Mrs. Lankford, 514 West Eighteenth street, hostess; Mrs. J. P. Leverette, leader.
- District No. 2—Mrs. Bob Williams, 411 West Tenth street, hostess; Mrs. A. C. Miller, leader.
- District No. 3—Mrs. Bob Key, hostess; Mrs. Cora B. Harris, leader.
- District No. 4—Mrs. F. E. Clark, 116 West Twelfth street, hostess; Mrs. Northrup, leader.
- District No. 5—Mrs. Foxworth, 81 West Fourth street, hostess; Mrs. B. C. Boney, leader.
- District No. 6—Mrs. Harrell, 500 West Second street, hostess; Mrs. G. B. Lankston, leader.

Only 100 were in prayer before Wednesday in the interest of the revival campaign. Factors of the

city churches are meeting for a special prayer service each morning at 9:45, just before the morning service.

Practically every business house in the city began closing its doors from 10 to 11 o'clock each day except Saturday for the remainder of the revival campaign that all employees and employees might have full opportunity to attend the morning sermons delivered by Dr. Hogg.

Christie Rodgers made announcement to this effect at last night's service and the statement brought a burst of applause from the big crowd. Mr. Rodgers expressed appreciation of the pastors and party for the splendid spirit of cooperation shown by the merchants in this matter and urged housewives and all shoppers to arrange their telephone orders, and shopping lists to cooperate with the merchants in their efforts to thus cooperate with the churches. Appreciation was also expressed to Messrs. A. S. Shiles, J. T. Elliott, L. D. Wilson and W. K. Johnston who voluntarily devoted most of their time Wednesday to visiting the merchants and securing a uniform vote on the part of all merchants of the town.

PITHY PARAGRAPHS FROM HOGG

There is no science opposed to the Bible. Whenever you find a scientific discovery God's word, he has a false science.

When you start out preaching the truth you either have a riot or a revival.

Our trouble is the luxury of today become the necessities of tomorrow.

A lot of us worry so much about making a living that we leave no time to live.

A preacher needs an eye like a telescope, a conscience like a microscope, and a "nose" like a rhinoceros.

Many a man has gotten in trouble because he did not take his wife, wife's law.

God is going to hold us preachers, and evangelists responsible to warn the people of the sins of the day.

A man can be good anywhere. It

may cost you something but you will have the joy and conviction of having lived right for God.

Daniel was 90 per cent backbone and 10 per cent grit and the lions just wouldn't eat that and besides that the Lord shut the mouths of the lions.

Brother, God sees all and knows all.

If everybody in town would do like some of you are doing, holding your church letters out, we would have to close the doors of the church.

You will run with the bootlegging, dancing crowd when you are looking for pleasure but when you come to die you will want a preacher.

Do you know what causes most of the misery today? My misery and your misery? Unless worry!

HOGG REVIVAL PROGRAM

- Tonight 7:30 p. m.—Tabernacle service. Sermon subject: "Dry Nets and Empty Boats."
- Friday 10 a. m.—Morning lecture on Acts.
- 7:30 p. m.—Sermon subject: "The Palace of the Heart."
- Saturday 10 a. m.—No day service—rest day.
- 7:30 p. m.—Regular night service. Subject: "Preparedness."
- Sunday Regular Sunday school and worship services in the churches as usual. Dr. Hogg will preach at 10:30 a. m.—Mass meeting for everybody at the tabernacle. Dr. Hogg preaches on "The Christian Home" and asks every church in the city to set in the tabernacle by delegations with many 100 per cent attendance as possible for this vital message.
- 7:30 p. m.—Tabernacle services, all churches dismissing. Dr. Hogg will deliver his widely known sermon-lecture on "The Crucifixion of Jesus Christ"—said to be one of the most powerful discourses on this topic now being delivered on "The American evangelistic platform. A message every one should hear. Special music by the tabernacle choir.

Smith Favors McNary-Haugen Bill Wholeheartedly; Hoover Address Shows Grasp of Problems of U. S.

OMAHA, Neb., Sept. 20.—Governor Alfred E. Smith endorsed the McNary-Haugen farm relief bill in principle without limiting himself to the exact mechanics of that controversial measure twice passed by Congress and twice vetoed by President Coolidge in the opening speech of his presidential campaign here Tuesday night.

Various people have attempted to misrepresent and confuse my attitude with respect to the McNary-Haugen bill. I do not propose to have the slightest doubt in anybody's mind on that subject," Smith declared.

"As I read the McNary-Haugen bill, its fundamental purpose is to establish an effective control of the sale of exportable surplus with the benefit of the farmer. The principle of the McNary-Haugen bill is a mere matter of method, and I do not limit myself to the exact mechanism and methods embodied in that bill.

Here is a clean-cut issue which the farmers and the voters of this country must decide. It remains but to work out the details by which the principle shall be put into effect, and I have pledged myself to name a nonpartisan commission of farm leaders and students of the problem to work out these details.

I am elected not when I take the oath of office as president, but immediately after election, and I pledge to the farmers and to the people of this country that no stone will be left unturned to give immediate and adequate farm relief by legislation carrying into practice the definite principle for which my party and I stand.

"The course alone gives promise of rescuing the farmers of this country from the complete ruin which threatens them today."

Herbert Hoover's address at Newark, N. J., Monday night again demonstrates his commanding grasp of the nation's problems, as related to industry and the workers, and convincing evidence that from the standpoint of the self interest of these people and their families and homes he must be elected president of the United States. In the opinion of Homer Slicker, Cisco Republican who heard the address by radio.

"Not only that, but the record and policies of the Republican party upon which Hoover stands, so far as in hand with his ability solely to steer the nation through the problems which will arise affecting agriculture, industry, and the people as a whole in the next four years," Mr. Slicker said.

The speech recalls clearly what can be accomplished when a tried and capable hand is at the helm, and it shows what may be expected from Hoover and a Republican congress in keeping the nation pro-

gressive and abreast of the problems that will arise in the days to come.

"Hoover showed that real wages and standards of living have advanced more in the past seven and one-half years than during any similar period in the history of this or any other country. When the Republican party came to power in 1920, between 5,900,000 and 6,000,000 unemployed walked the streets, and fear of hunger haunted a quarter of our 23,000,000 families."

"A nation-wide unemployment conference under the chairmanship of Hoover restored employment and instituted a permanent program that has brought steadily rising wages and improved standards of living, while other nations still struggle to regain pre-war levels."

VETERAN COW MAN STOCKING UP WITH SHEEP

SAN ANGELO, Sept. 20.—W. L. Elwood, who operates cow ranches over 400 sections in West Texas, is taking up the sheep business after having spent his entire life

with cattle. He is to fence 25 sections of his ranch in Sterling county with sheep proof fence immediately, and will stock it with sheep. He is one of the few remaining exclusive cow men in the state and has been making heavy purchases recently all over Texas of calves and other livestock.

In Crockett county last week 400 mutton lambs from the W. J. Grimmer flock weighed an average of 31 1-2 pounds, grass fed. Mrs. Chas. E. Davidson delivered a string of lambs averaging 30 1-2 pounds. Approximately 7,000 head were weighed and shipped out on the same day from Burnhart. They belonged to Joe and Chas. Davidson, Mrs. Chas. E. Davidson, W. J. Grimmer and Ray Piner.

C. C. Montgomery and Judge Montgomery also shipped out a string of mutton lambs weighing from 74 1-2 pounds. The ewe lambs of Judge Montgomery weighed 69 1/2 pounds.

There is more grass in the country today than in many years and the good rains at this time would afford winter pasturage. Texas is the only state in the union in which there is all the year around grazing.

Colling Coules, of Oznama, recently sold 1,800 head of mutton lambs to northern feeders at 11 1-2 cent per pound.

Petrified Forest Discovered Near Cross Plains Contains Ancient Idol of Early Aztecs

APPEAL TO AID SUFFERERS OF STORM ISSUED

Mrs. George P. Fee, secretary of the Eastland county Red Cross chapter, is in receipt of the following telegram from Wm. M. Baxter, Jr., national director of the American Red Cross:

"Latest reports from the West Indies and Florida hurricane confirm the demand for extraordinary relief measures. President Coolidge in his proclamation, calls for a generous contribution to the relief fund from all areas affected. It is clearly evident that the Red Cross faces a serious responsibility, with the relief needs exceeding the Florida hurricane of 1926. Therefore it is suggested that \$150,000 be the objective of your chapter."

Local officers have already begun a drive to raise the sum of \$150, the amount needed for this chapter, with Mrs. Don Sivalls in charge of the campaign. Those desiring to contribute to this fund for the relief of the hurricane sufferers, may have their subscriptions at office of the Weekly American and Roundup, up and Daily News. The following has already been sent in:

GUESSA VOTES 10 TO 1 TO FIVE 21 BUSINESS BLOCKS

MODERNA, Sept. 20. — Voters Tuesday by a ratio of 10 to 1 passed the paving bond issue authorized by the paving of 21 blocks of the business district. Bills on eleven types of paving will be acted on by the city council. Work should start in the next 30 days.

CROSS PLAINS, Sept. 20.—One of the most unique natural wonders in Texas has been found, with the discovery about five miles south of here of a petrified forest, which contains, in addition, to large pieces of solidified trees apparently hundreds of years old, an occasional stone image.

Discovery of the petrified forest and images of idols leads to the belief that prehistoric man may have once inhabited this region of the state, but the theory is advanced that the idols were probably brought in by Aztec Indians who once held sway over Texas and parts of Mexico.

One of the images is indisputably the head of an idol apparently once set up for worship of the Aztecs. It is carved from a sandstone rock and is perfect in formation. From the crown, it appears that it might have been made by the Aztecs when at one time inhabited old Mexico, and either brought to this country by them, or by Mexicans, a colony of which at one time is believed to have lived in this vicinity.

The face of the image looks as though it were to represent some wrinkled leader of the young race, or possibly Balaam. There is a perfect collar on one side of the figure that resembles the work of an Egyptian.

This is the only piece of this nature that has been found, and many theories have been advanced to account for its presence. It has been mentioned here that the piece be sent to the Smithsonian Institute for examination, and an investigation as to possibility of its origin.

So many women have to marry working men these days instead of farmers that it's a wonder that there is not more discontent than there is.—Times Daily World

'KING OF KINGS' HISTORY OF BIBLE COMING HERE

Cecil B. De Mille is bringing the greatest book to the screen in an adequate manner. The Bible that uncaptured millions of followers of Jesus have read and loved down through the centuries, is now presented by him as the pictured scenes of "The King of Kings," which will be shown at the Palace theater soon. The art of the Book of Books is just as interesting as the drama. In mediaval times the

surpassed by the artists of today. Similarly, individual characters or scenes formed the subjects of the Old Masters, and the pencils of Raphael, Michael Angelo, Da Vinci, Rubens, Murillo and many others adorned their conceptions of the "divine moment" chosen for portraiture. In later times artists like Dore and Tissot devoted themselves to connected series of Biblical paintings. The still-life art reached its climax in wonderfully illustrated books, with reproductions electrically drawn from all the great names.

Thus the mental backgrounds of the greatest drama and the greatest art have been there to animate De Mille and Jeanie Mae Pherson, the adapter. They have likewise animated the players.

The pictured book will carry the story of every human being with the mentality to take in the eye-impressions of the screen. In the words of De Mille: "It will give a similar opportunity to the people of the twentieth century to acquaint themselves with the New Testament figures as the eye-witnesses in Galilee and Judea had nineteen hundred years ago."
