JURY TO GET HYDEN CASE LATE TODAY

Mrs. Sevier to be Heard by Many Ciscoans

National Committeewoman Will Speak in Behalf of Candidacy of Gov. Smith at Eastland Tonight

The Governor's Lady

A new portrait of Mrs. Alfred E. Smith, wife of the Democratic nominee for president. Mrs. Smith accompanies her distinguished husband on his first national campaign tour.

Many Cisco people are planning to motor to Eastland this evening to hear Mrs. Clara Driscoll Sevier, who speaks in the city hall there at 8 o'clock. Mrs. Sevier is making this trip especially to speak at Eastland, as she has no other appointment in this section of the state. Many of the Democratic women of Cisco have been busy today phoning to Cisco people, telling them of this speaking, as it is hoped that a large number of our people will hear this talented Texas woman. Mrs. Sevier, who is Democratic national committeewoman for Texas, will speak in the interest of the Democratic ticket for president and vice president, Governor Alfred E. Smith and Senator Joseph T. Robinson.

WORKMEN GO TO LUNCH AS WALLS CAVE

A sensational story was completely spoiled Monday night when two workmen at the new hotel became hungry and went to get something to eat at midnight. The crew working in an excavation for the southwest corner of the building for the foundation for the smokestack, had just quit work when the sides caved in, placing about two tons of earth that covered the bottom of the hole for about six feet. Had the workmen had gone for lunch just at this time, both of the men who had been working 23 feet below the surface would have undoubtedly lost their lives, owing to the lateness of the hour, and there being none near the scene when the sides of the hole caved in.

MRS. GATES, LONG INVALID, PASSES AWAY

Dr. T. T. Roberts, president of Randolph college, was advised of the death of Mrs. J. W. Gates, in a telegram from Mr. Gates, received Monday. Mrs. Gates' death occurred at McAllen Sunday night, where she was visiting when stricken with the illness that caused her death. She had been an invalid a long period, though her death was unexpected and proved quite a shock to Dr. Roberts, who is a friend of long standing of Mr. Gates, and knew the deceased woman quite well.

Outmaneuvered Gale

Captain J. A. Henrikson, of S. S. Matura, who successfully outmaneuvered his vessel through the tropical hurricane that laid waste Porto Rico and much of Florida. Bridge of his ship was carried away by giant seas.

LEOPOLD, LOEB LAYING RECORD FOR PAROLES

CHICAGO, Sept. 25.—Hinton C. Clabaugh, director of the state board of pardons and paroles, charged today that an error in mathematics in sending Nathan Leopold and Richard Loeb, "perfect crime" slayers, is proven for life, probably makes the slayers eligible for parole in six years. He charged that the prisoners were being paroled in jail in order to build up a good behavior record for parole use during future appellate hearings.

CANT' AGREE ON PLEA FROM CANDIDATES

AUSTIN, Sept. 25.—The wording of a statement prepared by the state Democratic campaign committee at Dallas, calling upon all Democratic candidates to urge voters to support a straight ticket, has been found unacceptable to several of the candidates. It was revealed today. At an executive meeting to which the press was denied admittance late yesterday, it developed that Governor Moody, Attorney General Pollard and State Superintendent Marrs found fault with the wording and the letter two were named as a committee to prepare a new statement. Commissioner of Agriculture Terrell and State Treasurer Hatcher approved the Dallas committee's statement.

BIG CROWD IN CISCO VIEWS 101'S PARADE

A crowd, rivaling that seen in Cisco on the occasion of the speaking here Sept. 14 of Senator Robinson, thronged Cisco streets today to see the parade and witness the performance of the 101 Ranch Wild West show, now in progress. During the parade which began at 11:45, hundreds of people lined the sidewalks, and every parking space on D avenue was occupied with cars filled with people to watch the parade as it passed up that thoroughfare south, and thence to E avenue back to the show grounds. The parade is very creditable, and the show is being well attended.

BAIRD'S NEW SCHOOL READY BY NOVEMBER

BAIRD, Sept. 25.—Construction of Baird's new additional \$40,000 school house is progressing rapidly. If the weather permits the contractor expects to have the building completed about Nov. 1.

SELF-DEFENSE CLAIMED IN KILLING OF OFFICER

WOODVILLE, Sept. 25.—The second day of the examining trial of Joe Cobb, charged with the murder of Deputy Sheriff L. N. Walker last week end, opened today with his attorneys endeavoring to build up a self-defense case. The testimony yesterday tended to show that trouble existed between Cobb and Walker.

This unusual and touching picture shows President and Mrs. Coolidge at grave of first lady's father in Green Mount cemetery, Burlington, Vt., where they stopped en route to Plymouth Notch, where chief executive was born and where he took oath of office.

Steps Taken to Insure Airport for Cisco; Clearing of Site Is Held Up While City Weeds Cut

Steps have been taken to insure an airport for Cisco, as a plot of ground owned by the city, situated east of the Lake Cisco highway, slightly north of Randolph college, which has been designated as an aviation field. Some initial work of clearing off the ground has already been commenced, but this work has been suspended while the city force is engaged in cutting weeds. Mayor Williamson stated this morning that as soon as the city force is available the work of clearing off the land for the airport will be resumed.

3 MEXICANS IN COURT AFTER DISTURBANCE

A disturbance in the Mexican section of Cisco last night was the occasion of three members of that race being arraigned in the city court this morning, where their cases were set for hearing for Wednesday morning at 9 o'clock. One of the defendants is a woman, who appeared with a small child in arms.

THE WEATHER

West Texas: Tonight and Wednesday continued cloudy, probably scattered showers.

IMPERIAL WIZARD OF KU KLUX DENIES THAT KLAN HAS GOTTEN ANY FINANCIAL AID FROM G. O. P.

WASHINGTON, D. C., Sept. 25.—For days certain propaganda agencies have filled the newspapers of the United States with articles charging that the Ku Klux Klan was being financed by the Republican party to make a whispering campaign against Governor Alfred E. Smith. The fact that for years we have been maligned by such agencies caused us to ignore these statements. Now, however, since they have been advanced by Governor Smith, the responsible head of the Democratic party, we can no longer remain silent.

ARMY FLIER'S DEATH IS DUE TO PARACHUTE

AUSTIN, Sept. 25.—Lieutenant W. T. Cornelius, one of the army's "three musketeers" in the air, was killed today when his parachute failed to open after his plane crashed in mid-air with that of another flier.

SENATOR SAYS WILLEBRANDT SHOULD QUIT

NEW YORK, Sept. 25.—In a scathing statement made public today Senator Edward J. Edwards of New Jersey declared that Mrs. Mabel Walker Willebrandt, assistant attorney general of the United States, "should be asked to resign by both President Coolidge and Attorney General Sargent." Senator Edwards charged the woman with fostering bigotry and violating her oath of office.

BOYS' BODIES MAY HAVE GONE IN CHICK FOOD

LOS ANGELES, Sept. 25.—Horror that even affected hardened criminologists was discovered in a chicken food recipe found on the Wineville "murder farm," it was revealed today. The recipe was for chicken mash and called for parts of brain, cracked bone, salt, water and concluded "little better two and a half parts."

CAR IN POSSESSION OF EX-HUSBAND IS RECOVERED

Constable C. S. Looney was in Brownwood Sunday, where he recovered an automobile belonging to Mrs. Devie Tullos. The car was found in the possession of Sam Tullos, former husband of the woman, who surrendered the car without protest. Looney stated that the man had driven the car off without the consent of his former wife, who is the owner of the car. No complaint was filed against Tullos, Looney said. Mrs. Tullos accompanied the officer to Brownwood and helped him locate and identify the car.

TWO MEMBERS OF BOARD OF EQUALIZATION NAMED

Little business was transacted at the regular meeting of the city commission Monday afternoon, except to name two of the board of equalization to pass on property values in Cisco for taxable purposes. J. B. Blitch and George Langston were named as the two members of the board, and Mayor Williamson was authorized to name the third member, which will be done today, he stated. Blitch and Langston began work this morning checking over the conditions.

Alleged Carbon Bank Robber Gets Speedy Trial; State and Defense Rest; Arguments Are Under Way

Both the state and defense had rested at 2 o'clock this afternoon in the case of S. F. Hyden, on trial in the 86th district court at Eastland for robbery with firearms in connection with the robbery of the Carbon State bank last December. Arguments of counsel are now being heard, and the case will likely go to the jury late today. It was stated the state made out a good case against the defendant in which the death penalty is being sought.

RAIN FALLING OVER MUCH OF WEST TEXAS

ABILENE, Sept. 25.—A slow steady rain was falling today over some 20 counties on the Texas and west portions of the West Texas. The rain, according to reports received in the traffic department, the rainfall extended from Wilbarger, Runnels county on the north to Junction, Kimble county on the south, east to Coleman, Coleman county and west to McCurtain, McCurtain county. In the other 20 counties on the company properties the weather was cool and cloudy with rain threatening to fall at any moment. The heaviest rainfall reported this morning was at McCurtain where it began last night and was raining hard around noon with no break in the clouds visible. At Ballinger rain began falling early last night and was continuing at noon. The rain there, however, was a slow drizzle.

MORE QUERIES ABOUT LIVING HERE RECEIVED

More inquiries are being received at the chamber of commerce for residences from those planning to move to Cisco. One of the latest is from E. M. Funkhouser of Midland, who was here Monday. Mr. Funkhouser stated that he would move his family to Cisco about October 1, where he will be located for the next two years. He told the chamber of commerce secretary that he desired an individual residence, but if this could not be obtained would accept a desirable apartment. He is connected with an oil company, but the name of which was not learned. Those inquiries indicate that the oil companies are returning to Cisco, as they have found that this city is most convenient from which the oil fields are most accessible.

EXTRADITION OF WOMAN TO BE REQUESTED

AUSTIN, Sept. 25.—Plans to secure extradition of Louise Magnus, who is held incommunicado in the Travis county jail for alleged complicity in the Canal street bank robbery at New Orleans, were under way today, according to information received by state rangers, who arrested her from Louisiana authorities. The woman was arrested yesterday at a funeral home where a casket was being purchased for Jack Smith.

CONTRIBUTIONS TO RELIEF FUND ARE VERY SLOW

Mrs. E. N. Sivals, in charge of the collecting of funds to fill the quota of \$300 assigned to the Eastland County Red Cross chapter for relief of the hurricane sufferers, reports collections are coming in very slowly. Cisco, usually very prompt in responding to the call of distress, seems to fail to realize the importance of this call for aid for those sorely in need of assistance in the devastated section, swept by one of the most disastrous hurricanes in history.

OX BLANTON, FORMER LOBO TACKLE, SIGMA CHI LEADER

Among the partial list of fraternities given out by the various Greek letter societies at Texas University at the close of rush week, Saturday night, appeared the name of OX Blanton, as a pledge to Sigma Chi.

Cloude, or OX Blanton, as he is now known, will be remembered as a big tackle on the Lobo team of 1926 and Randolph college team of 1927.

Reports from Austin state that he is looked upon as a very likely prospect for this year's Freshman team at the university.

BLOOD OF BUSINESS

The cause of financial stringency is that everybody holds back on everybody else. Everybody keeps his money in his pocket or his bank or his sock for fear he can't get any more when that is gone.

Take a hundred men who owe one another \$1,000. The total indebtedness of the group is \$100,000. Each man is worried about the \$1,000 owed him for fear he can't collect.

But suppose Number 1 says to Number 2: "Here's that \$1,000 I owe you." Then Number 2 takes that \$1,000 to Number 3 and says, "Here's that \$1,000 I owe you."

Nobody in that group of 100 men owes anything or is owed anything now. Their combined debts of \$100,000 have been completely wiped out with \$1,000 put into circulation.

That's what makes business sick—slowed-up money circulation. If the circulation of your blood gets below normal your health will be impaired.

Money is the blood of business. When anything slows up the circulation of the blood of business business begins to ail. The more circulation of the blood of business is retarded the sicker business gets.

There is one marked difference between your circulation and that of business. When you get scared your circulation speeds up. When business gets scared its circulation slows down.

When a child hollers in the dark and mother says, "That's all right, I'm here," the child is immediately reassured.

When a child hollers in the dark and mother says, "That's all right, I'm here," the child is immediately reassured. When business begins to holler with fright, the Federal Reserve system says, "That's all right, I'm here," business is kept from having hysterics.

A FARMER'S SUCCESS.

Hearing that a certain elderly farmer had always made money, and was making money now, a newspaper man set out to see why. He learned many interesting things, these among others: When the farmer was a boy, he noticed how much better some potatoes grew, without any care at all, when they had been thrown away and accidentally covered with straw.

EVERYBODY TO THE RESCUE.

There is need again for the generosity of men and women in all parts of the country untouched by the hurricane. The Red Cross is already at work. It always has certain funds and supplies ready to put into instant service in an emergency.

West Indies, however, it is necessary to raise large sums of money and to assemble additional great quantities of supplies. Here is where the stay-at-home people far from the scenes of suffering can share in the rescue work.

STOCKS AND BONDS.

The American public is changing its investment policy, says a brokerage firm. In the past it has preferred bonds. Now it is losing interest in that form of security, and going in for stocks.

ANOTHER HELPLESS CITY.

The beautiful city of Paris has now been demolished, in theory, by a huge air attack. Following the example of the British air ministry that recently staged air maneuvers over London and demonstrated that city's helplessness.

Dr. Griffin Moved Away from West Texas Because It Was Too Dry; Hard Rain Returned Him

Rogers Wants Ford and Coolidge in His Cabinet.

"You can't hardly get a man to do anything for you these days in politics without offering him a cabinet position," declares Will Rogers, the Anti-Bank candidate for President in today's life, where he is conducting his campaign as the hope of the "disappointed voters of both parties."

POWDER MY BACK
NOVEL BY
ARLINE DE HAAS

Copyright 1927, Warner Bros. Pictures, Inc.
"POWDER MY BACK," starring Irene Rich, is a Warner Bros. picture.

SYNOPSIS
Irene Rich, famous musical star playing in "Powder My Back" has numerous photographs of her in various poses...

It did seem strange to be returning to her home town as a celebrated actress. For she had made something of her life, she told herself proudly...

CHAPTER V—Continued
"marmoset!" the conductor said still more puzzled. He had up his hand, pushed his back and scratched his head...

"I beg your pardon."

But in, but he was so hot I took out. Weren't you, Joujou? The bag—it is here, Monsieur...

Of course not, Adele smiled. The conductor went on along aisle perfectly appeased. Think, Madame, he did not know...

Neither did I, when I lived here, though I should imagine that, had continued living here, I might have found out sooner or later...

Finally both Adele and Renee tied back again into their former selfishness. Adele glanced at the old. Just another hour, and they'd be at another hour, and they'd be at another hour...

HEARTS OF MANKIND ANALYZED BY REV. HOGG

Large Monday Night Crowd Hears Evangelist's Message on Imprint Made on Men by Christ's Appeal

An audience considerably larger than the usual Monday night crowd was present at the tabernacle last night to hear Dr. Will Hogg deliver a message on "The Five Kinds of Hearts," one of the most earnest appeals the evangelist has made.

The message constituted a frank study of the various types of hearts upon which the gospel message and the story of the atoning death of Christ fall in this day and the various reactions on each and the intensity with which the large crowd listened to the message was evidence of the fact that the minister was dealing with the personal problems and symptoms of every person in his audience as his message progressed.

Dr. Hogg again gave evidence of his implicit belief that the gospel message is cheapened by a prolonged and pressed appeal for public demonstration of his belief being that a person who is not urged to move voluntarily on his own conviction, but is forced to do so by the presentation of a clear-cut gospel message has not yet gotten the grasp of the gospel message sufficiently to firmly ground him in the Christian faith.

In his sermon Dr. Hogg discussed the "closed heart" which may be active in church work, but yet is closed to such gospel truth as requires sacrifice and full surrender; the "devil-possessed heart" which is enslaved by the world and dedicated by Satan as to be antagonistic and resentful at the gospel message; the "unbelieving heart" which hears but does not accept as true; the "hard heart" which has so long rejected the gospel as to be flinty and unresponsive to the claims of the Christ upon that life and finally the "pure heart" which has been cleansed by acceptance of the gospel and the shelter of the atoning blood.

The morning service today was well attended and Dr. Hogg delivered a challenging message on "The Parting of the Ways," speaking from the text "Damas hath forsaken me," in which he pointed out the danger of leaving the Christ deserted and forsaken by his own because of the lure of the world.

Tonight Dr. Hogg will deliver another of his most thrilling messages, "The Gamble With Death."

Dr. Hogg last night took occasion to make a plea for greater reverence in the early preliminary moments of the services, especially urging young people at the rear of the big audience to refrain from irreverent conduct.

HOGG REVIVAL PROGRAM Tonight

- 7:30 p. m. — Tabernacle service. Dr. Hogg's subject: "The Gamble With Death"—one of his most gripping messages.
Wednesday
10 a. m. — Sermon subject: "Paul's Goodbye to the World."

HOOVER CONDONED TEAPOT DOME OIL FRAUD, SMITH CHARGES

Governor Declares Republican Nominee Never Offered Word of Condemnation against Scandal

HELENA, Mont., Sept. 25.—Heating what he termed a "long tale of corruption, intrigue and treason against the government itself" on the part of Republicans connected with the administration of the nation's affairs during the last seven and one-half years, Governor Smith Monday night declared he had searched in vain for any word from Herbert Hoover "in default of condemnation or of repudiation of this black chapter in its party's history."

The Democratic presidential nominee received the all-time disclosure and court action growing out of them as well as revelations of wrongdoing on the part of Charles E. Forbes, director of the Veterans Bureau, and Thomas W. Miller, chief property tax collector, which showed their part and what they were doing in the scandalous and reprehensible conduct of the Republican party.

Attitude of Hoover.

In a campaign speech prepared by Hoover late in the same year, he declared the scandal of the Veterans Bureau and the scandal of the property tax collector were "the worst of the worst" and "the worst of the worst" and "the worst of the worst."

"The record of the last seven and one-half years is as well known to the Republican candidate for president as to any other man in the United States. Nobody will deny that. Mr. Hoover is in the cabinet for seven and one-half years. I search in vain for any word from him of protest, of condemnation or of repudiation of this black chapter in his party's history."

"On the contrary, in the face of that record, in his record of acceptance he said: 'The record of these seven and one-half years is as well known to the Republican candidate for president as to any other man in the United States. Nobody will deny that. Mr. Hoover is in the cabinet for seven and one-half years. I search in vain for any word from him of protest, of condemnation or of repudiation of this black chapter in his party's history.'"

"Handwriting of Dead Man."

"Above all things would he have the American people believe that a political party with that record in office could look upon a man with satisfaction? Does Mr. Hoover want the people to believe that he looks back with satisfaction upon that record? It will not satisfy the American people to let him pass that question on to the chairman of the Republican national committee, nobody can answer that but himself."

Governor Smith said that he was fully aware that almost all the oil lease disclosures were before the American voters in 1924. Since then, however, he recalled that the supreme court had rendered its decision "holding its condemnation on these wicked transactions," and the people have learned on the authority of the highest court of the land "that these oil leases were the product of official corruption and fraud."

In addition, the Democratic nominee said it had been developed since the last presidential election "that the chairman of the Republican national committee received from the beneficiaries of the oil lease at least \$200,000 in Liberty Bonds." In this instance a campaign deficiency of \$1,000,000.

Are People Callous?

"It was the handwriting of a dead man," the governor went on, "that disclosed to the people of the United States to whom these bonds were offered. They were offered to the Republican secretary of the treasury in an amount of \$50,000. The secretary of the treasury was unwilling to be a party to this fraud and instead contributed \$50,000 to the Republican national committee and rejected the bonds."

"But this much must be said, that the senate committee in search of information as to these bonds could have gotten it from the Republican secretary of the treasury long before it was forced out, had he been disposed to aid the senate of the United States in laying bare this world conspiracy against the American people."

"It stands admitted in the record that for a period of years the Republican secretary of the treasury concealed from the senate investigators his knowledge of the manner in which these bonds were being put into the treasury of the Republican party."

The Republican party in 1924, Smith concluded, "judging from the election returns, must have convinced the American people that guilt in the oil lease transaction" was personal and that it ran against the individuals involved and not against the party.

Tribute Paid to Walsh.

"Unless we are willing to accept this theory," he went on, "we

must take another, which to my mind is unbelievable: it is that the people of this country are callous about these things."

The Democratic standard bearer paid tribute to Senator Walsh and his colleague, Burton K. Wheeler, who is up for reelection, for their part in disclosing official wrongdoing. Both were on the platform at the Shrine Temple as he delivered his speech.

Smith also declared that Joseph Daniels, as secretary of the navy in the Wilson cabinet, "stood four square" for the preservation of the oil resources of the nation, and made the inquiry based on the suggestion that removal of public trust had taken place in the Wilson administration.

What was the Republican party's attitude in this matter? Smith asked. He asked, "did the American people believe it to be the record of the Democratic party, when it is to be legitimate business matter, after it is so scandalous a record for the record of the Democratic party and the record in power of their own party?"

Could anybody in his waking imagination believe that the Republican nominee would be prepared to say that it was his party's record that had stained under the mere administration of President Hoover? It should be regarded as a scandal and in no way condoned.

(charged against the Democratic party?)

"Nobody believes that," he added. "Nobody thinks it."

Less than fifteen per cent of the twenty-three million cars on the highways have their brakes in good condition. That means that over eighty-five per cent of the drivers are careless, for there isn't any excuse for bad brakes. It takes just two minutes on our Jumbo Giant Brake Tester to know exactly what condition your brakes are in. A separate gauge gives an accurate report on each brake. The test is free. If adjusting is required, the time to have it done is while the car is on the "Jumbo". In this way your brakes can be perfectly equalized. When you drive away you will be secure in the knowledge that when you want the car to stop it will stop.

The Jumbo test should be made every thousand or fifteen hundred miles. It is just as important as oiling and greasing and we repeat—the test is free.

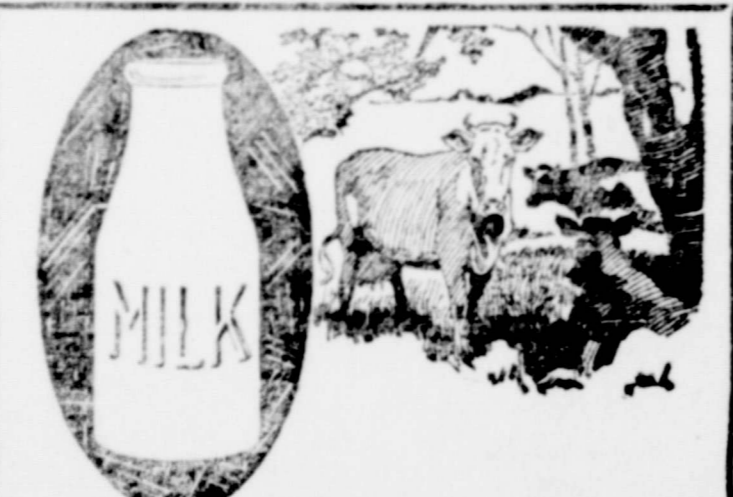

See FOR YOURSELF

Right before your own eyes—on accurate hydraulic gauges—the JUMBO Brake Tester reveals the true condition of the brake on each wheel. Eliminates all chance for human error—no guesswork. Assures positive equalization and perfect balance of brakes—maximum braking efficiency—"guaranteed safety!"

Washing and Greasing Your Car

Is an important item. It is so important to the appearance and life of your automobile that we have made a specialty of washing cars and greasing every vital part of the mechanism so that there is the least possible wear to these parts. Most cars that are junked are so because of the lack of proper greasing. There is very little wear where there is proper lubrication.

ANSON-ABILENE GAME GLADDENS OIL BELT FOES OF EAGLES

1927 Champions, Big Favorites to Win, Forced to Extend Selves for 7-0 Victory; Fought to Standstill

By BOYCE HOUSE.

Abilene 7, Anson 0.

Jefferies are ringing in every town in the Oil Belt district—every town but one.

The dreaded Eagles, almost state champions of last year, were able to score only one touchdown Monday against a Class B team that just two weeks before eked out a 12-7 win over Clyde.

Yes, Abilene was fought almost to a standstill by a team where star backfield was unable to enter the game; a team with a half-back who was 25 years old and weighed 135 pounds; a team with a pair of ends who weighed 140.

Were they playing against Abilene's first team, we have some doubting brothers inquired. Well, it Salkeld and Smith, Kincaid and Baldwin, Hanna and Phelps, Black, Baker, P. Barber, Lashby and Shackelford are Abilene's first team, then Anson was needing the "variety" for that is the lineup that took the field.

Everyone of them lettered at Abilene last year. It merely serves as a sign, except Baldwin, Sen Anson's star player.

Abilene Lineman Jargled Coach Mathews, apparently in a desperate effort to stop up the attack of his team, yanked Smith, the big end, pulled Baldwin early, sent Murphy and Allen into the backfield and T. Barber into the line.

Then when the first half ended, Mathews, he sent Smith back into the game along with Baldwin. Captain Salkeld, all-state end of last season, remained out of the struggle the second half. Baldwin, after the second play, was carried off the field by four men. Apparently he had been badly hurt.

Anson's biggest man—Leaman—left tackle—weighed 195 pounds. What a sweet player that Leaman is! He was in every play and the fact that he was clashing with an all-state man didn't seem to worry him any whatever.

And there was a skinny end named Morrow guarding Anson's left wing—and that boy sure did play a whole of a game. No. 31—that was Leaman—and No. 18—that was Morrow—led the Anson cohorts—but they all played, including Knox Pittard, the 115-pound safety man, who never bob-

bled while the Abilene safety tumbled twice.

And that's the reason that Ranger, Cisco, Breckwilde, Eastland, San Angelo and Brownwood fans are enjoying life to the fullest today—because a fighting team went to the Eagles' home grounds and held them to one touchdown.

If you crave particulars, let's get going.

Tigers Fight Off Fox After an exchange of punts, Allen took Baldwin's place in the backfield and T. Barber went into the line. Shortly after, the Eagles drew a big penalty to their own 35-yard line. After a punt, Anson completed a pass for seven yards.

Position of Abilene backs of tackle for 20 yards to Anson's 20-yard line after Abilene had gained possession of the ball when Salkeld intercepted an Anson pass. A line play put the ball on the 17-yard line as the quarter ended. It looked as though a touchdown was at hand.

But the Tigers fighting desperately, stopped Abilene and got the ball on downs on their own five-yard line. And then the Anson punter got off his only really poor kick of the day—an eight-yard punt. So there you are—Abilene's ball and only 13 yards to go for a touchdown.

Each Air Attack is Weak It was at this point that the Eagles resorted to the air—and their passing attack looked worse if possible than their running play. Kincaid hurled the pickin to Salkeld near the sidelines but the big end was escorted by two men and the pass was incomplete. Smith, the other Abilene end, had crossed the goal line and was wide open but apparently he was over-looked.

The next play was a pass—or rather an attempted pass, on which Kincaid was downed before he could heave the ball. Again Anson held them for downs and then punted to mid-field.

Once more Abilene took up an aerial offensive and completed a pass for three yards. Apparently Kincaid tried another pass, but was thrown for a loss by two Tigers. Anson Abilene punted. As Anson could do nothing with the far heavier Eagle line, they kicked

back. Abilene drew a 15-yard penalty to their own 37-yard line. The half ended with the ball in mid-field and the score, 0-0.

Score on 60 Yard Run The Eagles won the game immediately after the second half began. The kickoff was returned 26 yards and on the first play from scrimmage Phelps reed around end for 60 yards and a touchdown. Hanna kicked goal. On this play, Baldwin was injured and was borne off the field.

Allen of Abilene fumbled and White of Anson recovered. In just an instant, it looked as though he might get away but he was caught down on Abilene's 35-yard line. Unable to gain, Anson punted out of bounds on the Eagles' 30-yard line. Parenthetically, the Tigers were superior in kicking. In fact, two of three Abilene punts were barely gotten away in time not to be blocked.

On a bad snapback from center, the ball went past Kincaid, who recovered it but was brought down behind the line of scrimmage and he fumbled. Smith of Anson recovered. Hanna intercepted a pass and the ball was on Abilene's 35-yard line in the Eagles' possession as the third quarter ended.

A diagonal pass that Smith, Abilene end, pulled down beautifully would have gained 20 yards, had not Abilene been offside. Kincaid threw the pass. He tried the same play but was smothered by two Tigers. He made a pretty run for a first down and so the game ended. Abilene had the ball in mid-field.

2 WOMEN ARE PUT ON G. O. P. COMMITTEES FORT WORTH, Sept. 25.—Henry Zastel, Republican state executive committee member from the twenty-eighth senatorial district, has appointed Mrs. Lorraine Kneeland, wife of a prominent citizen of Fort Worth, as vice president of the state executive committee for the twenty-eighth senatorial district. J. G. Golden, the Republican county chairman for Tarrant county, has named Mrs. W. J. Danforth, of Fort Worth, as executive committee chairman. Mrs. Withington is a native of Dallas, but resided in Fort Worth when she was one year old. Her grandfather, the late Mart

Handale, came to Texas from Louisiana in a covered wagon in 1824 and settled on the site of what is now Paris, Texas. Her father came to Texas in 1865. Mrs. Withington has lived in Texas all her life except two years when her husband was stationed in Hawaii. She is active in musical circles, was formerly president of the Harmony club of Fort Worth and is now vice president of the Fort Worth Woman's club. In Hawaii, she was the first department secretary of the American Legion auxiliary.

FIERY CROSS EXHIBED ON EVE OF SMITH VISIT

BILLINGS, Mont. Sept. 25.—A fiery cross burned almost an hour at a high point on the Rim Rock, just north of the business district, shortly after 9 o'clock Sunday night on the eve of the arrival in Billings of Governor Alfred E. Smith, Democratic presidential nominee. The cross was visible from every part of the city. Lighting of the cross was preceded by explosions of several charges of dynamite nearby. Investigation at the scene 10 minutes later failed to disclose presence of any one in the vicinity.

RASKOB SORRY ATTACKS MADE UPON HOOVER

NEW YORK, Sept. 25.—John J. Raskob, Democratic national chairman, says he deprecates rumors that Herbert Hoover had violated the prohibition law since he became a public official. The chairman declared he knew that Hoover's household had been absolutely dry while he was in the cabinet, and he admired him for it. A statement attributed to Senator William C. Bruce of Maryland, Democrat, that Secretary Hoover had had taken drinks with Clarence Darrow, Chicago criminal lawyer, was denied publicly in Washington by George E. Akerly, Hoover's assistant. Raskob did not mention Senator Bruce. "I am sorry to see criticism of Mr. Hoover on the ground that he

HOOVER TO LOSE BLAINE SUPPORT

BOECOBEL, Wis., Sept. 25.—One of Wisconsin's two progressive Republican United States senators will not vote for or support Herbert Hoover for president. Casting aside his preference on the national campaign, John G. Blaine, in a statement issued at his home here, defended his decision with the assertion that "no Republican owes any political allegiance to Mr. Hoover as presidential nominee. Senator Blaine is the first state-

ment issued by a Wisconsin senator on the coming national election.

CISCO ROTARIANS TALKED TO EASTLAND CLUB MONDAY

EASTLAND, Sept. 25.—Dr. T. T. Roberts, president of Randolph College, Cisco, delivered an address before the Eastland Rotary club Monday on the subject, "Why I Am a Rotarian." E. P. Crawford, also a Rotarian from Cisco, also made a short talk to the club members. Dr. Roberts was called upon to speak by the chairman of the program committee, when it became known that the Rev. Mr. Hogg, who is conducting a revival meeting at Cisco, would be unable to speak before the club as had been previously arranged.
