TABLE M'FARLANE PRISON RESOLUTION

Texas Senate Thrown Into Heated Debate as Graham Senator Hurls 14 Charges at State Penitentiary

AUSTIN, Feb. 4.—After a morning of heated discussion, the senate voted to table a resolution offered by Sen. W. D. McFarlane of Graham, which hurled 14 charges at the conduct of the prison system of Texas and asked for a joint legislative investigating committee. The resolution was introduced right after the senate convened and it brought forth prolonged and heated discussions in which Senator McFarlane practically played a lone wolf.

The fireworks started when Senator McFarlane declared in effect that if the charges were true, that members of the prison board were more guilty of malice and willful violations of the Texas state law than 75 per cent of the convicts under their control. Senator W. C. Woodward of Coleman, rose to the defense of members of the prison board, declaring them, as members of the citizenry who have served faithfully. He especially praised the work of Col. R. H. Baker of Houston, chairman of the board; Lee Simmons of Sherman, Dr. A. C. Scott of Temple and Rabbi Henry Cohen of Galveston and W. M. O'Neil of Fort Worth.

COOPERATION SOUGHT ON TOLL BRIDGES

OKLAHOMA CITY, Ok., Feb. 4.—A representative from the office of the attorney general of Texas is expected here tomorrow to discuss Texas-Oklahoma cooperation on toll bridges. He will meet W. C. Davis, assistant attorney general of Oklahoma, and a joint committee from the two Oklahoma houses. Texas already has passed a law allowing it to cooperate with border states on three bridges on state highways and allowing Texas to pay 50 per cent of the cost. The discussion tomorrow will affect seven of the twenty bridges on state highways over the Red river, three of which already are free bridges.

SETTLEMENT VATICAN-ITALY DISPUTE NEAR

ROME, Feb. 4.—The Italian royal family may attend the Pope's celebration of the anniversary of his coronation on Feb. 12, completing in spectacular fashion the reconciliation between the vatican and Italy, it was reported today. The belief was strengthened by the construction of a royal tribune at the right hand of the high altar in St. Peter's coupled with the strong intimation that the pope would announce formal settlement of the Roman question on Feb. 12.

MAN AND WIFE FOUND DEAD IN DALLAS HOME

DALLAS, Feb. 4.—Nude bodies of Thomas Freeland, 26, and his wife, Marjorie, 21, were found in the bedroom of their home in Oak Cliff Monday morning. The couple evidently had been dead since Saturday night. Officers believed death to have been due to poisoning, although a small amount of liquor found in the room and stains on the bed will be analyzed before Justice of the Peace Ben Fly renders a verdict.

ONE MAN POST SURRENDERS ITS CHARTER

CHICAGO, Feb. 4.—Taps have been sounded for the Julius White post of the Grand Army of the Republic. Thomas O'Shaughnessy, 57, post commander, called the annual meeting together and found a quorum was not present. Of the 132 original members of the post when it was chartered 37 years ago, only four are living. Three of that number were confined to their beds. O'Shaughnessy adjourned the one man meeting and returned to his home. The post charter was enclosed in a letter which O'Shaughnessy dispatched to John Reese, Broken Bow, Neb., national commander of the G. A. R. O'Shaughnessy wrote that he was relinquishing the Julius White post's charter and would seek membership in another post.

Stringent Limitation Is Put on Debate on New Cruiser Bill in Senate to Force Vote Before Night

WASHINGTON, Feb. 4.—A stringent limitation on debate was put into effect in the senate today to force a vote before night on the administration's \$274,000,000 naval building program. Republican leaders are confident that the measure will pass in substantial form with provisions for 15 new cruisers at \$17,000,000 each and a \$19,000,000 aircraft carrier, all to be started within three years at the rate of five a year. The three year limitation has been strongly opposed by President Coolidge and debate has developed over the question of whether President-elect Hoover favors it, but nevertheless the majority appears to have its mind made up that speedy action is necessary. They contend the new program will not bring the United States near a parity with Great Britain in cruiser strength and that the cruisers therefore will be needed whether or not there is another disarmament conference next year.

STATE BOND ISSUES ARE UNSOUND SAYS LYNCH DAVIDSON

Cardinal Issue Is Breaking Down of Constitutional Safeguards and Opening Door to Debt Legislation

Statement by Lynch Davidson concerning the proposed highway "bond issue":

The framers of the Texas constitution foresaw grave danger in the legislative branch of government or other state agencies being empowered to commit the state to debt obligations, and expressly provided in the constitution that it could not be done, except in cases of great emergency or disaster, and then not to exceed the sum of \$200,000.

I am against bond issues by the state of Texas, primarily because it violates this sound organic principle of government, secondly I am against it as an economic proposition for the state of Texas.

To amend the Texas constitution so that the legislature may have the right to authorize state officials to sign the tax-payers' name to a note or notes under the high sounding title of a "bond issue" in the enormous and gigantic sum of \$350,000,000, or \$225,000,000 or \$175,000,000, is appalling and should not be done. Resentment over such violence to the constitution has cropped up all over Texas, and the proponents of the state "bond issue" have backed and filled and trimmed on their position from \$350,000,000 down to \$175,000,000, and are indicating a willingness to accept even a lesser amount, but the constitutional amendment offered by Senator Woodul now stands at \$225,000,000. The amount of the proposed state "bond issue" is not material except for consideration as a construction proposition.

The cardinal issue is the breaking down of our constitutional safeguards against debt and opening the door for all kinds of debt creating legislation. Every time one of these principles of government are destroyed it brings on unknown ills of many kinds. The legislature remitted Galveston county's state tax at the time of the terrible storm at Galveston and perhaps properly so. The principle was immediately abused by requisition of state taxes to a larger tier of counties around Corpus Christi for building the deep water pier at Corpus Christi. Shortly thereafter Lamar county's state taxes remitted because of disastrous fire at Paris, Texas, these facts I recite to show how these kind of things go to a principle of government is broken down.

It is a serious question whether public utilities of any character, municipal, county or state, should be empowered to sign the names of the tax-payers of the state to debt making obligations of any kind in huge sums such as now proposed.

A business institution that borrows money for the purpose of

making profit and out of the profits pay interest charges and retire the principal of the debt is not to be compared with a political or governmental entity that borrows money with no purpose or possibility of profit making. Such governmental entity does not and cannot make profits, but must ride the taxpayer with spurs to get the money to pay interest on its borrowings or debts, as well as to retire the principal.

If the question is considered from the standpoint of financing it is equally unsound. Not taking into consideration administrative expenses of the highway department, either under the "bond plan" or the "pay-as-you-go" plan, the detailed figures, based on present registration fees, proposed carrier, gross income and 4 cent gasoline tax, and deducting from this income for payment of \$60,000,000 county road bonds and the proposed \$225,000,000 state "bond issue," based on paying the principal of both at 5 per cent per annum and interest at 5 per cent per annum and estimating the cost of roads \$30,000 per mile, would bring about the following results:

In 10 years under the "pay-as-you-go" plan, there would be constructed 10,332 miles of road. Under the "bond plan" there would be constructed 13,621 miles of road. In 10 years the "bond plan" would construct 3,281 miles more than the "pay-as-you-go" plan.

Under the "pay-as-you-go" plan, the above figures show at the end of 12 1-2 years, there would be constructed practically the same amount of mileage as the "bond plan" would produce in 10 years.

Interest on the state bonds, under the bond plan, to the period of their retirement is \$107,000,000. The figures therefore show, to get 3,281 miles of road 2 1-2 years sooner under the "bond plan," would be gotten under the "pay-as-you-go" plan, would cause the 3,281 miles of additional road to cost \$32,500 per mile more than under the "pay-as-you-go" plan, which added to estimated construction cost of \$30,000 per mile, would cause the 3,281 miles of road to cost \$62,500 per mile.

Interest charges would make all the road built under the "bond plan" during the first 10 years cost \$7,850 per mile more than the road built under the "pay-as-you-go" plan during the same period of time.

The bond plan, at about the 13 1-2 year period would produce 12,387 miles. The "pay-as-you-go" plan would produce substantially the same amount of mileage. Interest charges alone, and only on state bonds, would add to the cost approximately \$6,200 per mile more on the 17,360 miles than substantially the same amount of mileage built under the "pay-as-

you-go" plan, within the same period of time.

After the first 10 years real trouble begins. The 11th year under the "bond issue plan" would build 625 miles of road, and under the "pay-as-you-go" plan 1,239 miles of road, and the comparison grows worse year by year thereafter.

The towns and cities in Texas of any consequence are located upon the railroads of the state. It is manifest that our major and cardinal highway system to reach these same towns and cities will follow more or less the routes of our railroads and because of cross-country short cuts, will call for somewhat more mileage than the railway mileage of Texas. Texas now has approximately 18,000 miles of cardinal highways; 8,500 of them of the sand and clay topped variety, calling for some considerable improvement. Even this part of our highway system however, can be traveled over in all kinds of weather as fast probably as automobiles ought to run. For a period of 10 years highway construction, we have not done so bad, nor are we far from having mapped out and far along towards completion, highway mileage equal to the railway mileage of the state.

Including side-tracks there are 18,000 miles of railways in Texas, so that our highway system in mileage is substantially close to the railway mileage.

If the constitutional amendment were submitted and carried, it would take at least two years to get the necessary legislation to make it effective. A 4 cent gasoline tax is proposed, and if it becomes a law, the use of the funds therefrom would immediately become available.

The penitentiary system is a serious problem. If such portion of the penitentiary population as are physically fit to do road work were so used, and a 4 cent gasoline tax collected, there would exist no necessity for a bond issue, and our cardinal highway system would be constructed as rapidly as it should be to get efficient and practical results in construction.

37 DEAD IN STORMS AND LANDSLIDE

LONDON, Feb. 4.—Thirty-seven lives were taken in Europe by storms and a landslide over the week end, while cold waves closed in on other sections of the continent and earthquakes caused some damage in Asia.

The German cargo boat Deister sank yesterday in the entrance to the port of Leixoes, Portugal, and the entire crew of 25 and a Portuguese pilot were lost. Eleven other lives were lost in an avalanche near Alma-Ata, Russian Turkestan, Moscow reports said.

The Deister struck a rock at the entrance to the harbor and a lifeboat was sent to it to take off the crew, but rough seas prevented the boat from approaching. While the 26 men on board huddled together watching the boat maneuvering, a big wave struck the vessel and swept 22 into the sea, the four remaining, including the Portuguese Pilot Jacinto Pinto, fell into the water and when the mast broke, and drowned before the boat could reach them.

Reports of the avalanche near Alma-Ata gave no details but said merely that 11 persons lost their lives. Alma-Ata is the town where Leon Trotsky, former soviet leader, was sent more than a year ago in exile. No reports had been received on the search for survivors of the British steamer Paddington. The Paddington was sighted by a Belgian trawler sinking in a gale four miles northwest of Flamborough Head and two lifeboats were sent to rescue the crew. It was believed the crew had abandoned the vessel. Severe cold weather and storms affected most of Europe from Poland to Constantinople.

STATE SCHOOL INSPECTOR IN COUNTY NOW

John Olson, who has been sent out by the state department of education, to visit and inspect state aid rural schools, will be in Eastland county to begin work Monday. Twenty-eight schools are asking for state aid. Five schools are asking for standardization as follows: Yellow Mound, Morton Valley, Pleasant Grove, Scranton and Okra.

Schools that received their standardization last year were Colony, Lone Cedar and Alameda. Not more than four schools will be visited each day and they are to be visited during school hours.

Mr. Olson's itinerary for Monday is: Yellow Mound, 9 a. m.; Dethan 1 p. m.; Bluff Branch 3 p. m.

One million, five hundred thousand dollars was set apart for rural aid, and so many schools in Texas have qualified for this aid that the amount is inadequate to meet the demand. The only equitable solution to the problem was to scale all of the rural aid appropriations so that the grants would come within the \$1,500,000 set aside for this purpose. This will be 80 per cent of the amount allowed the schools and will be available sometime in February.

JURY FOREMAN COLLAPSED.

KANSAS CITY, Mo., Feb. 4.—Tony Bonello, a dapper youth who is charged with killing J. H. (Happy) Smith, a Kansas City policeman, was back in his cell today awaiting a new trial because the foreman of the jury that tried him for murder collapsed. The jury had deliberated 7 1/2 hours and yesterday afternoon was dismissed after its foreman, William Haines, sank to the floor with a heart attack. It stood 11 to 1 for hanging.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croscote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Beware of COLDS NOW!

whether you've had the FLU . . . or not

This is the time of year when serious cold troubles, such as deep chest colds, bronchitis, and pneumonia are always at their worst.

Just now, with so many people in the weakened condition that follows a flu attack, it is more important than ever to heed every cold as a danger signal and check it promptly before complications can set in.

Quick Direct Treatment

At the first sign of a cold, melt some Vicks in a bowl of hot water and inhale its healing vapors. Also place some up each nostril and snuff well back. This quickly opens the air passages.

At bedtime, rub Vicks vigorously over throat and chest and cover with a warm flannel. Most colds yield overnight to Vicks two-fold action:

Acts 2 Ways at Once

(1) Its medicated vapors, released by the warmth of the body, are inhaled direct to the inflamed air passages, loosening the phlegm and easing the difficult breathing.

(2) At the same time, Vicks acts through the skin like a poultice, "drawing out" tightness and soreness, and thus helping the vapors to break up the congestion.

Mothers especially appreciate this simple external treatment because it cannot upset children's delicate stomachs, as too much "dosing" is so apt to do.

GOOD-NIGHT!! IF THAT BROTHER OF YOURS ATTEMPTS COOKING ONE MORE MEAL, I'M OFF TO MOTHERS.

THAT WAS A HOT ONE TRYING TO FRY THE CABBAGE-- BUT HIS PUDDING WASN'T SO BAD.

I'LL ADMIT HE'S KINDA THICK ABOVE THE NECK--

ABOVE THE NECK? WHY HE'S GOT A BATTLESHIP THICKNESS AT THE BASE.

HEY! BULL-- THIS STUFF DON'T SMELL MUCH LIKE OLD CROW--

FOR THE LUVVA MIKE GUS-- YOU AINT BEEN TRYING TO DRINK THAT STUFF-- HAVE YOU? IT'S ARSENIC--

WELL IF HE WAS THERE'LL BE ONE LESS TO FEED.

NO-- I AINT-- BUT I USED SOME IN MIXING THE PUDDING.

RECEPTION FOR MR. AND MRS. LEE TONIGHT

The reception honoring Mr. and Mrs. R. Q. Lee at the First Baptist church will take place this evening from 8 to 10. This reception, first announced for Friday evening, was postponed to Monday because of the extremely bad weather. The reception will be held in the ladies' parlors and banquet room of the church. Music will be continuous throughout the evening. In the receiving line will be the trustees and officers of the church. The event which is tendered in honor of Mr. and Mrs. Lee prior to their departure this week for Washington where Mr. Lee will become a member of congress representing the 17th Texas district, will be in charge of the social committee of the church. The national colors will predominate in the decorations. The reception will be entirely informal. Refreshments will be served all guests who will be permitted to come and go as they desire throughout the evening. The music for the occasion will be furnished by the Baptist male quartet consisting of S. E. Hutson, Lory Boyd, W. F. Walker and B. W. Patterson. Harry Schuster, violinist, and Mrs. G. M. Stephenson, pianist will play.

DRAMATIC CLUB AT RANDOLPH GIVES PLAYS

Dramatic club of Randolph college will present a program of two one-act plays on Friday evening, February 2, at the college auditorium. The plays are well selected and are chosen with the idea of pleasing the public. The first play, "A Mother's Way," is a story of the typical home life of the American family. The second play, "A Drammer," is a farce on the "one-night performances" in a small town opera house.

The program will begin promptly at 7:45. The prices are 25c for school children and 50c for adults.

YOU CAN MAKE YOUR SKIN CLEAR AND ATTRACTIVE!

If you are dissatisfied with your complexion because of unsightly blemishes, such as pimples, rashes or eczema, or if you desire a clear, soft and attractive skin. Go to your druggist, ask for Black and White Ointment and use it according to directions. It is pleasant to use, highly beneficial and scientifically safe. For best results use Black and White Skin Soap with Black and White Ointment. A druggist will sell them at small cost.

Watch for this danger signal—a dirty ring around the washtubs

Have you seen it in your washtubs? Of course you have! Do you know what it means? Of course you know that it means the washing has been done in hard water. Soap combined with the hardness and made scum. The scum collected dirt, some went into the clothes, some formed the dirty ring. Soften hard water with Melo and it becomes a wonderful cleanser, with or without soap. No dirty ring! White clothes! Soap saved, from 1/2 to 1/3 the amount ordinarily used. Use Melo wherever you need soft water. Notice how much more effective the soap is! Get Melo at your grocer's.

cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

S. M. U. STUDENT IS CRITICALLY HURT IN CRASH

DALLAS, Feb. 4.—Clarence O. Bankston, 22, pre-medical student at Southern Methodist University, was critically injured and two companions were hurt when the sedan in which they were riding collided with a street car Friday night. Bankston suffered head and internal injuries and was not expected to live. Horace Bankston, 23, and Maxwell Hanna, 28, both of Shreveport, the other occupants of the car, sustained injuries on their heads. Slippery streets were blamed for the accident.

DRINK CRAZED, HE TRIED TO DRIVE ENGINE

DALLAS, Feb. 4.—A 40-year old Mexican, crazed by bootleg liquor, failed in his attempt to realize his boyhood ambition of driving a full-sized steam locomotive when he was overpowered by trainmen in the M. K. T. switching yards here Sunday. The Mexican had climbed to the engineer's seat of a locomotive and was manipulating the levers and throttle when he was caught and turned over to police.

OF A SOCIAL NATURE

Muller-Brown. The wedding of Edgar Muller and Mrs. Thelma Brown was solemnized Sunday afternoon with Mrs. Brown's daughter, Miss Betty Lou, Arthur Cunningham and Miss Emma Muller in attendance. Mr. Muller is an employee of the Humble company and possesses the highest esteem of a host of friends in Cisco. The bride is a daughter of Mr. and Mrs. Martin Parish and for the past several years has been assistant to Dr. Charles C. Jones, in which occupation she has acquired many friends through her pleasing personality. Immediately following the ceremony, the young couple left by motor for a fifteen day trip. They will visit Fort Worth, Washington, La., New Orleans, La., and return to Cisco by way of Port Arthur and Houston. Best wishes are extended to them for a life of prosperity and happiness.

Twentieth Century Honors Mrs. Lee.

One of the most delightful affairs of the past week was the tea given on Saturday afternoon by the Twentieth Century club at the home of Mrs. J. E. Spencer in honor of Mrs. R. Q. Lee, a valued member and past president, who will leave in a few days for Washington. Mrs. Spencer's spacious home was a fit setting for such an occasion, and the warmth and softly shaded lights of the interior were in sharp contrast to the bleak wintry outside. The guests were cordially received by Mrs. C. R. West, who presented them to Mrs. Pettit, president of the club, who in turn presented them to Mrs. Spencer, hostess, the honoree, Mrs. Lee, Mrs. Potter, president of the state federation, Mrs. Edward Lee, Mrs. Butts, charter member of the club,

and Mrs. Kelly, district chairman, of American citizenship. In the living room Mesdames Burnett and Shepard greeted the guests in merry chatter and established an atmosphere of delightful informality. A number of members of the club were absent because of illness, which was very much regretted. The Randolph college orchestra, which was stationed in the music room, furnished splendid music throughout the afternoon. The register was presided over by Mrs. H. I. Steck. This book, most artistically made by Cisco's talented artist, Miss Alice Johnson, created much admiration. The cover represented a field of bluebonnets through which rambled a path which led in the dim far distance to the capitol at Washington. The border, with the symbol of the Lone Star state and the golden rod, the club flower, were deftly sketched. The guests were ushered from the living room into the dining room, which was a vision of loveliness. The tea table was laid with a beautiful imported cloth over satin, in the center of which was a large silver basket filled with red carnations and ferns. Red tapers and all silver table appointments were used. Tea was poured by Mesdames Brown, Simpson, Case and Moyer. Refreshments were served by Miss Neely, Mesdames Williams, Atkins and Crawford. Mints were served by the young daughter of the house, Miss Alice Eitel Spencer, who further carried out the color scheme of the occasion by being daintily attired in red tulle. The guest book was presented to Mrs. Lee by Mrs. Pettit, who graciously responded in a few well chosen words. The large number of guests who called during the

afternoon attest to the popularity of the honoree.

Public Library Report.

The Twentieth Century club met in regular session on Friday afternoon. In the absence of the president Mrs. C. R. West presided. The responses to roll call were quotations from "A Midsummer Night's Dream." The round table discussion was conducted by Miss Neely, assisted by Mesdames Irbly, Shepard and West. The corres-

ponding secretary read the following report of the librarian of the Cisco public library for the month of January:

Books rented, 429; 18 one month subscriptions, \$2.70; four three month subscriptions, \$1.80; one year subscription, \$1.25; 5c books and fines, \$17.15; total, \$22.90. Twenty-five books donated by Mrs. J. J. Collins; 2 by Mrs. Howard D'Spain; 2 by Doyle Rainbolt; 20 by Mrs. Cecil McCord.
