STIMMONS NAMED SECRETARY OF STATE Committee Has Substitute for Texas Oil Proration Bill HAWKS, THOUGHT LOST, FINISHES HOP

Coast to Coast Flier Lands Plane at New York While Search for Him Was in Progress All Along Route

ROOSEVELT FIELD, L. I., Feb. 5.—Captain Frank M. Hawks set a new transcontinental flight record today by landing his "air express" at Roosevelt Field, at 2:59:29 p. m., after an air journey from Los Angeles.

He made the trip in 18 hours 21 minutes, 59 seconds, bettering by more than a half hour the previous mark set by Art Goebel and the late Harry Tucker. Hawks left Los Angeles at 5:37:39 Pacific coast time yesterday and reached here at 2:59:29 p. m. today.

NEW YORK, Feb. 5.—Captain Frank Hawks hopes of reaching Roosevelt Field before 1 p. m. today, failed to materialize today. To that hour he had not landed his stately Lockheed single-engine plane at either Curtis or Roosevelt fields on Long Island. But he still has more than two hours time in which to better the 18 hours and 58 minutes figure set by Art Goebel and the late Harry Tucker for the cross-continent flight.

Hawk's "Air Express" was reported sighted last night spinning past Tucson, Arizona. Close watch was kept at many points along the route for sight of the Express today.

EL PASO, Feb. 5.—With all pilots of the Los Angeles-El Paso air line instructed to watch for the plane of Captain Frank Hawks, transcontinental flier, no trace of him was reported by any of the aviators landing at either the Deming or Lordsburg, N. M., flying fields today.

NEW YORK, Feb. 5.—Officials of the Texas company, which is sponsoring Captain Frank M. Hawks' nonstop transcontinental flight today, said the flier was expected at either Roosevelt Field or Curtis Field, Long Island, about 12:30 p. m., eastern standard time. The company had not heard from Hawks since he passed over Arizona early today. They expected his route would take him over Ohio and Virginia because of favorable conditions there.

CONFERENCE ON BOUNDARY DISPUTE NEAR

OKLAHOMA CITY, Feb. 5.—A committee of three Texans will meet with W. C. Lewis, assistant attorney general, Thursday to determine a resolution for acquiring Red river bridges over which state highways travel.

TAYLOR CO. PAVING DONE. AHLENE, Feb. 5.—Paving of the Broadway of America highway through Taylor county was completed Monday night.

BARRON WITH W. C. T. U. IN DRY FIGHT

AUSTIN, Feb. 5.—Declaring that he is with the W. C. T. U. despite having to "stack" the committee on criminal jurisprudence at requests from members of the organization, Speaker Barron of the house complimented the women on partial victory their side won Monday in regard to repeal of the search and seizure act.

Burglars Are Again Operating in Cisco; Grocery Store Robbed of Merchandise and \$165.15 in Cash

Two burglaries were committed in Cisco Monday night, when it was discovered this morning that the grocery store of W. K. Johnston at G avenue and West Broadway and the filling station at A avenue and East Sixth street, owned by J. E. Proctor and brother, had been entered. From the Johnston place \$165.15 in cash and about \$15 in merchandise was taken. The owners of the filling station reported five or six gallons of gasoline missing.

Entrance was made into the Johnston store by prizing open the G avenue door, near the rear of the building. The money was locked in the safe, which was practically ruined by the burglars in their efforts to get it open. The knob was knocked off and the door battered in. Except for helping themselves to a quantity of groceries the burglars molested nothing else in the building.

This burglary was committed sometime between 3:30 and 5:30 this morning, according to Patrolmen Poe and Bryant, who patrolled that section of the city at 3:30 and found nothing wrong. At 5:30 this morning, on his return to the city hall, Patrolman Bryant saw an automobile parked near the First Methodist church, a block west, and the drivers seemed to have trouble in getting the machine started. The car was gotten under way, however, before Bryant could reach them. It was too dark to see the numbers on the car, Bryant said, but it appeared to be a sedan of some make. The car left with lights out and in second gear. Police have no other clue that might implicate the burglars. This is the second time the Johnston store has been robbed recently, as this place was entered at the time the Thomas Ravenscraft suburban store, on West Eighteenth street, was burglarized just before the theft of the automobiles belonging to Dr. H. A. Hoy and D. D. Lewis.

LINDBERGH ON WAY TO MANAGUA

NEW ORLEANS, Feb. 5.—Col. Charles A. Lindbergh took off from Tela, Honduras, at 10:40 a. m. central states time today for Managua, according to word received by the Tropical Radio office here.

NEW ORLEANS, Feb. 5.—Col. Charles A. Lindbergh, blazing the way of commercial aviation into Central America from the United States, arrived at Tela, Honduras, at 9:43 a. m. central time today, according to the Tropical Radio local office. Col. Lindbergh had taken off from Belize, British Honduras, at 8:10 a. m. after spending the night.

HOUSE VOTES DOWN CONTEST AT HIDALGO

AUSTIN, Feb. 5.—Hidalgo county's march on the Texas legislature was frantically halted late yesterday when the house voted to dismiss the Hidalgo election contest and declare W. R. Montgomery of Edinburg legal representative of the 3rd district. The vote was taken on a motion by Representative Walter Beck of Tarrant county. An attempt was made to amend this motion by Representative E. N. Smith to present evidence without delay at his own expense. The amendment was voted down.

Cost of hearing the contest was run up to \$200,000 by fervid speakers against it. Chairman Sinks of the election committee estimated \$25,000. Let's tell Smith and those grafters down in the Rio Grande valley that they are not wanted up here, thundered Representative George Kemble of Fort Worth. Less vociferous members said that the burden was on the contestant to produce the evidence in filing his contest and not the duty of the legislature. Vote dismissing the contest was 91 to 21. Representative Montgomery, who was seated temporarily pending the contest did not vote.

BILL PERMIT VERDICT BY 9 JURORS FAILS

AUSTIN, Feb. 5.—A new attempt to permit verdicts by 9 jurors went down to defeat last night before the house committee of the legislature on criminal jurisprudence. Such attempts began in governor T. M. Campbell's administration. The same committee defeated by a 5 to 4 vote a proposal to permit correction of indictments that are faulty, but which the trial judge believes do not do the defendant any substantial injury. Opponents declared there is no excuse for faulty indictments.

Another bill to repeal the law by which jurors may suspend sentence and permit the trial judge to postpone the sentence was withdrawn temporarily to draft amendments. The bills were offered by Rep. T. R. Bond of Terrell. He said they were drafted by him and his brother, ten years ago in a district judge. The committee approved the senate bills that prohibit giving liquor or narcotics to minors or habitual users. Lack of a quorum prevented a public hearing that had been called for last night on a proposed new workmen's compensation act.

New Measure Calls for Supervision of Texas Oil Fields by Commission and Provides Penalty for Waste

DRY LEADERS SEE HOOVER AS CHIEF HOPE

WASHINGTON, Feb. 5.—Dry leaders are making plans for heavy mobilization just as Herbert Hoover takes office for they have decided he is the chief hope upon which the success of federal prohibition rests. They feel that if Hoover, with his reputation as an organizer, is unable to whip the prohibition enforcement service into an efficient weapon, nobody can and that modification is likely to be the next step.

That is the situation which underlies much which is happening with regard to prohibition. Drys are backing the \$24,000,000 proposed additional enforcement appropriation in order to give Hoover all of the money he will need. They would leave him no alibi so that he could plead lack of funds in event of failure. Hoover already has discussed with Secretary of Treasury Mellon the possibility of transferring prohibition enforcement from the treasury department to the department of justice. That is where Mellon always has thought it ought to be—in the law enforcement branch of the government. It was placed in the treasury department because it could then be tied up with the internal revenue machinery which had administered the excise tax in pre-prohibition days and was regarded as a highly efficient organization dealing with moonshiners.

FATE PLAYED MEAN TRICK ON PRISONERS

NACOGDOCHES, Feb. 5.—Fate played a mean trick on 12 prisoners in the county jail here during the night. Inmates of the jail, apparently tiring of confinement, are thought to have set fire to their bedding in the hope that the excitement would give them an opportunity to get away.

But the jailer couldn't be located to unlock the doors of the jail and frantic firemen sealed the walls in vain for an opening through which to insert a water hose and put out the fire. Black smoke curled through the heavily screened windows and the prisoners shouted in vain, their shouts turning to muffled, choking gasps. Half an hour after the fire started, Sheriff Turner arrived on the scene, herded the prisoners in a different part of the jail and put the fire out. None of the prisoners escaped and they were minus bed clothing during the remainder of the night.

KANSAS SENATE ADJOURNS. TOPEKA, Feb. 5.—The Kansas senate was adjourned until this afternoon in memory of Senator J. H. Harrison, who died suddenly in his hotel room here late yesterday. Upon receiving word of his death yesterday, both houses of the legislature adjourned until today. Heart disease was the cause of Senator Harrison's death.

COOLIDGE IS NOT PEEVED; TO SIGN BILL

WASHINGTON, Feb. 5.—President Coolidge will sign the crucial bill even though it fails to subscribe to his program for delay in construction, it was learned today on indisputable authority. Evidence of Mr. Coolidge's intentions was given privately in the senate by administration leaders while that body moved toward final enactment of the bill of its own choosing. Almost simultaneously word was given newsmen at the white house, confirming the private statements of Republican senators.

AUSTIN, Feb. 5.—Oil proration by the Texas railroad commission is dropped under terms of a committee substitute offered this morning for the proration bill. The substitute was presented this morning by Representative J. R. Long of Wichita Falls. It calls for supervision of oil fields by the state commission and provides penalties for enforcement of the rules to prevent actual waste.

If it is adopted it will end the most spectacular fight that has yet been staged before the legislative committee. One group of independents headed by W. B. Hamilton of Wichita Falls contended for the original proration bill. Another group of independents fought the proration. Each claimed the "big companies" were on the other side. Humble Oil and Refining Co. in a statement by W. S. Farish frankly advocated proration either by the commission or by a law permitting the operators to do so by agreement. Such an agreement now is an offense with heavy penalty under the anti-trust law. Texas Co. opposed many provisions of the original proration bill.

If the substitute bill is passed the right of the commission to prorate will depend upon the decision in the suit of Murchison Oil Co. against the commission now pending in district court here. A public hearing on the substitute oil supervision bill was set for Friday.

OKLAHOMA SOLONS PROBE BRIBE CHARGE

OKLAHOMA CITY, Feb. 5.—Charges that an Oklahoma supreme court justice had offered money to insure the election of a state senator favorable to Governor Henry S. Johnston, and that money in a large amount had figured in the pardoning of a convicted murderer were to be further examined by the investigation committee of the twelfth Oklahoma legislature today.

The investigation of alleged irregularities of Oklahoma's state government now is in its fourth week. Already the governor has been impeached and suspended, and many of the state departments as well as the state supreme court has come under the searching eye of the investigating committee.

The general committee today was to follow up testimony of a witness late yesterday that Justice J. W. Clark of the supreme court allegedly had said \$500 would be put up to aid in the defeat of Paul Stewart for senator. Stewart was elected. Stewart was a leader in the move to impeach Governor Johnston. It was testified that administration workers during the campaign used state automobiles with which to work against anti-administration candidates.

Authoritative Reports Say That Governor General of Philippines Has Been Chosen for Cabinet Post

MIAMI BEACH, Fla., Feb. 5.—President-elect Hoover has selected Henry L. Stimson, governor-general of the Philippines as secretary of state, it was learned here today on unimpeachable authority. Stimson's name had been discussed in reports of the last few days, upon which President-elect Hoover had declined to comment, but it was learned today that he has been offered the post and will accept it.

Mr. Hoover in making the choice of his secretary of state, was influenced considerably by the advice of former Secretary of State Eli Root, a former law partner of Stimson, former Secretary of State Charles Evans Hughes, and Chief Justice Taft of the supreme court, in whose administration Stimson was secretary of war. Hoover discussed the appointment with the three before he left Washington.

STATE HIGHWAY DEPARTMENT PROBE BEGUN

AUSTIN, Feb. 5.—Probe of the state highway department and board of control opened this afternoon with Roy I. Tennant, purchasing agent of the board of control as the first witness. Tennant testified on charge one against the highway department, which is usurpation of authority in equipment purchases.

Tennant told of purchase of 27 tractors over opposition of the board of control at a cost of \$61,000 after the board of control refused to order 34 of the tractors. It was agreed if they were satisfactory 27 more would be ordered. Order for more has never been received, Tennant said. Tennant's testimony led to a sharp clash in the committee. Senator Pink Parrish of Lubbock asserted that he was interested in anything unless it was to show a graft.

"CONSTRUCTIVE PROSPERITY" HOOVER'S AIM

MIAMI BEACH, Fla., Feb. 5.—President-elect Hoover will inaugurate in his administration a big scale engineering era which will bear fruit in mammoth constructive projects for inland waterways, development, flood control, electric power development, irrigation and related purposes.

Looking forward to continued peace and prosperity, Mr. Hoover plans an era of international development and expansion that will provide the country with many agencies discussed but never carried forward to actually. "Constructive prosperity" will replace the now famous "economy" slogan of the Coolidge administration of retrenchment after a period of huge expenditures to carry on the war. The construction Mr. Hoover proposes naturally will require large outlays of money, but improved facilities will bring their own financial returns.

Authoritative Reports Say That Governor General of Philippines Has Been Chosen for Cabinet Post

MIAMI BEACH, Fla., Feb. 5.—President-elect Hoover has selected Henry L. Stimson, governor-general of the Philippines as secretary of state, it was learned here today on unimpeachable authority. Stimson's name had been discussed in reports of the last few days, upon which President-elect Hoover had declined to comment, but it was learned today that he has been offered the post and will accept it.

Mr. Hoover in making the choice of his secretary of state, was influenced considerably by the advice of former Secretary of State Eli Root, a former law partner of Stimson, former Secretary of State Charles Evans Hughes, and Chief Justice Taft of the supreme court, in whose administration Stimson was secretary of war. Hoover discussed the appointment with the three before he left Washington.

NO CLUE TO WHEREABOUTS MINTER GIRL

AUSTIN, Feb. 5.—After a week's diligent search police are still baffled in their efforts to locate Fanny Lee Minter, University of Texas freshman, who dropped from sight last Tuesday and who is believed to be accompanied by Jack Griffith, alias Jack Preith, professional swimming expert. He is charged with her abduction.

Chief of Police Thorp of Austin declared Tuesday morning that he believed that the report received here that Los Angeles police are on the trail of Preith would prove unfounded. He said that he has not had official communication from the police of that city.

Authoritative Reports Say That Governor General of Philippines Has Been Chosen for Cabinet Post

MIAMI BEACH, Fla., Feb. 5.—President-elect Hoover has selected Henry L. Stimson, governor-general of the Philippines as secretary of state, it was learned here today on unimpeachable authority. Stimson's name had been discussed in reports of the last few days, upon which President-elect Hoover had declined to comment, but it was learned today that he has been offered the post and will accept it.

Mr. Hoover in making the choice of his secretary of state, was influenced considerably by the advice of former Secretary of State Eli Root, a former law partner of Stimson, former Secretary of State Charles Evans Hughes, and Chief Justice Taft of the supreme court, in whose administration Stimson was secretary of war. Hoover discussed the appointment with the three before he left Washington.

CARNES PLEADS GUILTY TO EMBEZZLEMENT

ATLANTA, Ga., Feb. 5.—Clinton S. Carnes, former treasurer of the Southern Baptist home mission board, unexpectedly appeared in superior court here today and pleaded guilty to embezzlement of more than \$529,000 of the church's funds. He was sentenced to from five to seven years in prison.

The surprise move apparently had been prearranged by both defense and prosecution. Solicitor General John Boykin said the former treasurer had made a blanket conveyance of all his property to the home mission board and that the sentence was agreed to by him on recommendation of officers of the church board.

Charles E. Baughman Announces His Candidacy for Texas Governorship in 1931 on Independent Platform

AUSTIN, Feb. 5.—Charles E. Baughman of Austin, announced his intention Monday of running for governor of the state of Texas as an independent candidate in 1931. Baughman was commissioner of markets and warehouses in the administration of Governor Paul Neff, and he was the original campaign manager in this section for the Hoover forces.

Baughman qualified his announcement by saying that "if some one like Thomas B. Love, Alvin Moody, Marshall Hicks, V. A. Collins, or other leaders of the Hoover forces," will run for governor he would back off and enter one of the lesser state offices. In his announcement he asks "the support of every man and woman in the state, Democrats and Republicans, who are opposed to the damnable tactics of the present Democratic machine in Texas."

RAILROAD TO GRAVEL PITS NEAR HAMLIN

HAMLIN, Feb. 5.—Actual construction of the roadbed of the 10-mile long railroad that will connect this town with the rich sand and gravel deposits on the Swenson ranch, north of here, probably will commence today. The survey has been completed and the right of way has been secured for the road and now workers are awaiting the arrival of grading machinery.

Sand and gravel deposits on the Swenson ranch ten miles north of town are said to be the largest in the state. They have an area of more than three sections and the sand and gravel ranges from five to fourteen feet in thickness.

THE WEATHER

OLD SIGNS FAIL.

In the old days—not so long ago, either, there were definite signs prophetic of a coming business depression. Theodore H. Price ties them up in a neat bundle, thus: "High prices. Increased activity of business and the formation of new enterprises. Active demand for loans. Increasing wages. Increasing extravagance in expenditure. A mania for speculation. Expansion of bank credit at rising prices. Strikes and labor shortage."

NO CO-SAGACITY.

Dr. Hans Reichenbach of Berlin comes to the aid of a helpless world and explains the latest Einstein theory, as follows: "The type of space outlined by Einstein loses in this theory its basic geometric significance, it being used only in the sense of a computing machine from whose internal accuracy one expects a solution of a puzzling problem which one cannot master by direct intuitive reasoning. Even if such procedure appears unsatisfactory for the intuitive thinker it seems to possess the right of existence in modern science; indeed, it has happened repeatedly that the machine of conception which man created for himself has become wiser than its creator, that it brings automatically a result to the open, which substantively thinking man is not able to solve."

ROYALTY AND POVERTY.

The Prince of Wales visits the coal mines of North England and finds "a ghastly mess." Everywhere there is poverty and squalor. The streets are seas of mud, the houses poorly furnished and cold. The people lack food. There is much sickness. The average family earnings are about \$5 a week. The prince's sympathetic heart is torn. It is good for him to see such things for himself. Royalty seldom gets at the heart of common life, and still more seldom sees the social and economic bottom.

SANDWICHES.

A recent bulletin of the department of agriculture undertakes to tell the nation how to make sandwiches. The instructions are probably suited to this anemic age, but sadden an American who remembers what sandwiches used to be. "The bread is of course, cut very thin." Think of that, fellow Americans! That a time should ever come, in the degeneration of a great people, when it should be assured as a matter of course that sandwich bread should be cut thin! Worse still, it is implied, though the shameful fact is not openly stated, that the crust is to be cut off. And the "filling," whose thinness is likewise assumed, is to be spread only on "the under part of each sandwich."

LITTLE JULIUS SNEEZER

\$1,500 BOND. WACO, Feb. 5.—Leonard Theford was held on \$1,500 bond following his examining trial Monday afternoon on charges of assault to murder and violation of the prohibition laws. Theford was with Chris Bolton when the latter was shot and killed last Thursday at Herbert Mayr. Mayr waived hearing and was allowed \$1,500 bond on a charge of murder to await the action of the grand jury.

PHYSICIAN'S RECORD. CHESTER, S. C., Feb. 5.—A record for calling on patients during a single day is believed to have been established by Dr. J. N. Gaston, well-known Chester county physician. During the peak of the recent influenza epidemic, Dr. Gaston visited 151 patients between the hours of 6 a. m. and 12 midnight, a number of the sick residing several miles out in the country.

SHALLOW OIL ACTIVITY IN MORAN FIELD

MORAN, Feb. 5.—The Lone Star rig has been completed on the R. W. Brooks lease and this well was spudded in Saturday. The well is a location east of the Ross Elliott well, brought in by the Wentz people last summer. The rig is up for the second well on the Elliott and will be ready for drilling in a few days. This location is about four locations northwest of the Wentz gasport. A Breckenridge drilling company has spudded in their second well on the Henry Compton. This well is near the first well drilled on the Henry Compton. It is understood that they have made a third location on that lease. They have also purchased an additional 320 acres and will drill on that lease in the near future. The Lone Star is preparing to offset on the Charles Compton and will be ready for drilling in the near future. The Star rig, drilling to the 2200 sand on the Walsh lease, five miles northwest of town, is making nice progress with the hole. L. M. Patterson and associates are drilling a shallow well on the I. E. Durham farm.

H. M. MAXFIELD SAYS SARGON IS WONDERFUL

Thousands of Texas people are now taking the Sargon treatment with the most astonishing and gratifying results and scores of men and women are daily telling what it

H. M. MAXFIELD

has done for them. Among the latest to give enthusiastic praise is H. M. Maxfield, of 304 East 15th street, Fort Worth, who says: "I wouldn't take any amount of money for the good Sargon of mine. About three years ago I became terribly run-down, nervous and anemic. My liver was out of order and I nearly always was constipated and bilious. Nothing I ate agreed with me. I tried dieting, but that didn't help. Gas pains would shoot through my stomach and up into my chest. I would taste my food and frequently I was so weak and sick I could hardly stay on my feet. "I was so nervous I couldn't sleep and would stay awake half the night. My breath was bad, my tongue coated and I lost weight and strength. I didn't have any energy. I was susceptible to colds, and they were very stubborn and would hang on for weeks. "I got some Sargon and right from the first dose I began to feel better. I never saw anything like it. My appetite is good and I eat what I want without a sign of distress. I sleep like a tired boy and in the morning I just feel fine. All my nervousness is gone and I am brimful of new strength and energy and I haven't had a cold since I started taking it. Sargon Soft Mass Pills are the most wonderful laxative I ever took. They ended my constipation without upsetting my system or making me sick in the least." Sargon may be obtained in Cisco at Elliott Drug Store and Corner Drug Store.—Adv.

RURAL ROUTE EXTENSIONS START SOON

Mail service on the extensions of rural routes Nos. 1 and 4 will start March 1, according to Postmaster W. J. Triplett. No. 1, carried by W. J. Thokner, veteran rider of Eastland county, in addition to the old patrons, will serve mail to the people in the vicinity of the Moody corporation gasoline plant and Pueblo. W. D. Hazel, carrier for route No. 4, takes in additional territory west and southwest of Scranton. Both routes are extended 24 miles each. News want ads bring results.

WOMEN LOBBYISTS THROG LEGISLATIVE HALLS AT AUSTIN

Delegates to W. C. T. U. Meet Letting Texas Solons Know How They Stand on Certain Measures Now Considered

MRS. COOPER RITES HELD HERE TODAY

Mrs. Martha Ann Cooper, aged mother of Floyd Cooper, Sr., and widow of the late W. J. Cooper, died at the Floyd Cooper home, 507 West Twelfth street, Monday evening at 5:30 o'clock. Funeral services are being held at the Floyd Cooper home at 3:30 o'clock this afternoon, conducted by Rev. Acker C. Miller, pastor of the First Baptist church, and Rev. F. E. Singleton, pastor of the First Methodist church. Interment will be in Oakwood cemetery, directed by the Green Funeral Home.

Mrs. Cooper, who was preceded in death by her husband early in 1928, was born in Jackson, Miss., June 25, 1853, and came to Cisco from Belle Plain, Callahan county, in 1880. She had made her home here since that date. She is survived by the following children and grandchildren, besides two great grandchildren:

Floyd and Albert Cooper, of Cisco; George Cooper and Mrs. Edith Rowe, of Abilene. The grandchildren are Robert Cooper, of Sweetwater; H. L. Cooper, Miss Ruth Cooper, Floyd Cooper, Jr., Pearl Cooper, Watson Cooper, Bobbie Lee Cooper, Auli Bolinger of Cisco; Clyde Rowe and Flora Cooper, of Abilene.

NEW ORLEANS COTTON
NEW ORLEANS, La., Feb. 5.—Futures opened steady 4-7 lower. Opening: March 18-95, May 18-97, July 18-99, October 18-75.

AUSTIN, Feb. 5.—The halls of the capitol are thronged today with women wearing little white ribbons, button-holding legislators and doing some high-powered "lobbying." These ladies are delegates and visitors to the mid-year state executive meeting of the Women's Christian temperance union. The major portion of their final day in Austin is being devoted to letting the representatives of the people know how they feel on certain bills.

And the most important of these measures include the "conscience bill," drawn by Sen. Thomas Love of Dallas, which relieves a voter from being bound by his primary party pledge to support the candidates of his party if his conscience does not permit him to do so. It also offsets the "sackcloth and ashes" bill which would not permit any voters who had bolted the Democratic party last general election to be a candidate of the Democratic ticket for 1931.

Another bill that has the hearty support of the women is the repeal of the search and seizure act. Their side won a partial victory on the floor of the house Monday, but the senate has yet to be convinced. And of course these ladies are not slighting bills that have been introduced relating to the rights of married persons which put force behind the word, "community," in community property and give a married woman the right to make a contract in her own right.

"COKIE AND MAT"
"Cokie and Mat"—The Melody Girls will again be heard over radio KFYO at Abilene when they appear Thursday noon for a one hour concert. The two girls who compose this delightful team of entertainers are Misses Mattie Lee Kunkel and Quaqueque McClung. They feature vocal and piano numbers.

SCHOOL BOARD ACTS ON TAX RENDITIONS

At the meeting of the trustees of the Cisco independent school district Monday night little was accomplished other than the adjustment of a number of school tax renditions. Most of those seeking reductions were disappointed, as the board, except in a few instances, ordered the renditions to remain as they appeared on the rolls. In this respect there was a communication from the Women's Federated clubs of Cisco, in which a reduction was requested on the club house, owned by the federation, on West Seventh street and G avenue. A motion prevailed that the rendition stand as on the rolls, with W. J. Armstrong casting a negative vote, who said he "wanted to go on record as favoring the Federated club women." The communication requested the reduction on the grounds that the federation has only a financial equity in the property, and this institution was of public nature rather than a private enterprise.

The employment of Mrs. L. H. McCrea, who succeeds Mrs. Ina Morgan, deceased as a teacher in the school; and Mrs. M. D. Ford, as a successor to Mrs. Julia A. Joyner, resigned as teacher in the grammar school, were formally ratified. These ladies have been teaching since the positions became vacant, but their elections had not been made of record.

Superintendent J. J. Youngblood called attention to the state law that requires the election of a school census trustee. Upon motion J. J. Youngblood was elected, who announced that he would appoint T. C. Williams and O. C. Stamey as his enumerators.

The superintendent called attention to the attendance of high school students transferred from Scranton, who objected to paying the required tuition. He said that the state aid in such cases would not be allowed where the schools gave the same instruction from which they were transferred, and as the Scranton school furnishes such

instruction, requested instructions in the case from the school board. He was authorized to collect the tuition as provided in the regulations.

Acting on the communication from Mrs. J. D. Barker and other ladies that manual training be instituted in the schools, the board unanimously favored the proposition, but stated the finances would not permit this addition to the curriculum at this time.

The board went on record as opposing a holiday on February 22, Washington's birthday. One application for a place in the faculty of the high school was read and filed.

Those present included President F. D. Wright, W. W. Wallace, W. J. Armstrong, Dr. F. E. Clark, Dr. C. C. Jones, J. E. Spencer, J. J. Youngblood, superintendent, and F. W. Walker, business secretary.

CISCO POSTAL RECEIPTS UP IN JANUARY

Predicating his statement on the fact that there was an increase of \$412.70 in January, 1929, over the postal receipts of the corresponding month last year, Postmaster J. W. Tripitt said this morning that he expected this to be a much better year than last. The postal receipts for 1928 were slightly under those of 1927, but with receipts of \$3,299.87 for last month, against \$2,827.17 for January, 1928, he predicted a good year for the Cisco postoffice, as well as a more prosperous year for all lines of business.

Cisco was visited Monday by two missionaries of the Mormon church in the persons of Elders Wm. Muir and K. G. Woodley, of Resburg, Idaho. They stated that their mission here was simply to visit those affiliated with the Mormon church, only one family residing here. A visit to Cisco of Mormon missionaries is a rather rare occurrence, but there was nothing out of the ordinary in the appearance of these two, both of whom seemed to be consecrated, intelligent gentlemen.

DR. GHORMLEY BACK FROM WEST TEXAS

Dr. W. I. Ghormley returned Sunday night from an extended trip to the McCamey and Big Lake

country, where he has oil lands. His visit to that section was for the purpose of conferring with parties who were negotiating with him to sink a 6,000 foot test on his property. The drills called the proposition off on account of the recent drop in crude oil prices, according to Dr. Ghormley, who also said it was a mistake about his uniting with the Mormon church while on this trip.

SERVICE — QUALITY

A SWEET HEART TO A SWEETHEART

A delicious—pound box of the finest candies in our shop. The heart-shaped box has that very look that bespeaks quality. No ardent wooer need hesitate making such a gift for his St. Valentine's remembrance to his beloved.

These heart shaped boxes contain the choicest of all of our bon bons and chocolates, candied fruits, etc. A gorgeous remembrance gift.

STATHAM'S

Chief officer Harry Manning says: "Reach for a Lucky instead of a sweet."

"WHEN I climbed aboard the 'America' after those cold, strenuous hours getting the men off the freighter 'Florida,' there was nothing I wanted so much as a Lucky—'By George,' it tasted wonderful! A Lucky is always refreshing. My tense nerves relaxed, my aching throat was soothed and the whole thrilling adventure just seemed a part of the day's work. As time goes by, and as I look back to that memorable night, I'll always remember the wonderful taste of that welcome Lucky. As I went around to visit the men we'd rescued, I found many of them enjoying Luckies, too. We really couldn't wait to get back to our ship and 'Luckies.' As an actual fact in returning to the 'America' I noticed one of our men* rowing with one hand and lighting a 'Lucky' with the other. There's no flavor to equal toasted tobaccos, and I always prefer Lucky Strikes. There's wisdom in the saying: 'Reach for a Lucky instead of a sweet.' It helps a man to keep physically fit and we who follow the sea must always be prepared for any emergency."

*The man mentioned by Chief Officer Manning was Boatswain's Mate Aloys A. Wilson.

LUCKY STRIKE CIGARETTES
"IT'S TOASTED"

"It's toasted"
No Throat Irritation No Cough.

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during the year 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

"DEFENSE BLOC" IN CONTROL OF CRUISER BILL SITUATION

President's Request That Time Clause Be Eliminated From Measure Voted Down 54 to 28 Yesterday

BY PAUL H. MALLON.
WASHINGTON, Feb. 5.—Having defeated President Coolidge's plan for delaying construction of the 15 proposed naval cruisers, the senate proceeded today to dress its \$74,000,000 building bill to its own liking in order that it might be passed later this afternoon. The 54 to 28 defeat suffered by the champions of the president's plan left the self-styled "national defense bloc" in complete control of the field.

A dozen amendments are yet to be voted upon but only those which are acceptable to the majority will be adopted and those which are designed to weaken the bill will suffer the same fate as the president's plan. Mr. Coolidge had hoped and asked repeatedly the senate eliminate the clause of the bill which provides for construction of the new fighting fleet within the next three years, the work to be laid at the rate of five a year. It was understood generally he is looking forward to a new disarmament conference early in the Hoover administration. While he was strongly in favor of the bill as

BAYLOR FUND GROWS.

DALLAS, Feb. 5.—Workers in the Baylor university appeal at a campaign dinner Monday night reported subscriptions amounting to \$24,842. Encouraged by these reports, workers pledged their support to the general chairman, Carl P. Collins, in carrying the campaign forward by doubling their efforts during the next few weeks.

WTCC AVIATION COMMITTEE TO HOLD MEETING

FORT WORTH, Feb. 5.—Ways and means of promoting aviation in Texas will be discussed at the first meeting today of the newly organized aviation committee of the West Texas chamber of commerce. The committee will also discuss legal obstacles now in the way of Texas' development in commercial aviation and examine proposed legislation that will aid and regulate flying in this state. The committee is composed of newspaper men and business leaders of west Texas, most of whom are experts in matters of aviation and themselves owners of planes.

LITTLE EXCITEMENT.

NEW YORK, Feb. 5.—Little excitement was forecast today as National League baseball managers convened at the Waldorf Astoria hotel for their annual meeting to adopt the league schedule. The schedule to be adopted calls for Sunday baseball in Boston and appropriate ceremonies will accompany this long-awaited achievement.

Gardner S. Rogers, City Plan Expert of the U. S. Chamber of Commerce, to Be Heard at Luncheon Tomorrow Noon

Proper city planning is rapidly becoming a subject of serious concern to cities throughout the southwest that are looking forward to many years of rapid and substantial growth. The subject, while its value is generally recognized, is still new to the majority of the public. Realizing the need of expert advice upon the question the Cisco chamber of commerce has secured for one day the services of Gardner S. Rogers, city plan expert of the United States chamber of commerce, who will be here tomorrow to confer with city officials, business men and others who are interested in promoting the welfare of Cisco. As soon as he will be heard at the meeting of the Lions club. Officials of the city, the chamber of commerce, the Rotary club and the various women's clubs of Cisco have been invited to attend. A special invitation to the general public has also been extended. Tickets for the luncheon are on sale at the chamber of commerce now.

PIONEER WOMAN BURIED FRIDAY NEAR CARBON

Eastland county pioneer, died last Friday at the home of her daughter, Mrs. C. H. Abbott, six miles southwest of Cisco on the Nimrod road. Burial was in Pleasant Valley cemetery, near Carbon Friday afternoon, with Rev. Roy O'Brien conducting the services at the grave. Mrs. Leclaire had lived to a ripe old age, having been born in Coffey county, Mo., Dec. 18, 1842.

ARREST BRINGS GIFT.

EUGENE, Ore., Feb. 5.—Delbert Parrow, traffic policeman here, has received a box of fruit and a letter from a California man whom he arrested last June for violating a city traffic ordinance. The donor, R. H. Gallardo of Chowchilla, Cal., said in his letter that he appreciated the courtesy which the officer showed him when he unwittingly violated the ordinance.

She came to Texas with her parents when a child of ten years of age, the family locating in Burnett county. She came to Eastland county Dec. 30, 1898, and had lived in this county continuously since that date. She was the widow of Paul Leclaire, who died about nine years ago, and it was beside the grave of her husband that loving hands placed the body Friday. She had been a devout member of the Church of Christ for the past 50 years, and was beloved by a large number of the older citizens of the southern part of the county with whom she lived for the past 30 years. The surviving children are Lee Leclaire, of Haskell; Mrs. J. S. Carlson, of Lueders; C. J. Leclaire, of Olden; A. E. Leclaire, of Eastland; W. M. Leclaire and Mrs. C. H. Abbott, living on the Nimrod road.

MEHLHORN CHAMP. HOT SPRINGS, Ark., Feb. 5.—"Wild" Bill Mehlhorn was south central golf champion today after defeating Bobby Cruickshank and Horton Smith, Joplin, Mo., in play-off for a triple tie here late yesterday. Scores in the playoff 18 holes were Mehlhorn 70, Smith 72, Cruickshank 75. The players each finished the 72 holes of the tournament with 290's.

LOBOES TAKE HARD GAME FROM RANGER

The Big Dam Lobos of Cisco high school renewed their athletic rivalry with the Ranger Bulldogs Monday night when they invaded the Bulldog fair and took the first official basketball game between the two teams by a score of 43 to 17. The wide margin in the score does not tell the true story of the game. The Bulldogs were fighting fiercely, especially in the early stages of the game. They jumped into the lead in the first few minutes of the game and kept it during the first quarter, the score being 7 to 6 in favor of Ranger at the end of the quarter. In the second quarter the Lobos did better and the half ended 14 to 19 in favor of the Lobos. It still looked like anybody's ball game. The two teams had been battling fiercely and both were doing some excellent guarding. The third quarter showed a remarkable change in things. The Lobos with the dominant Whitehead in the starting role, flashed an attack that took the Bulldogs by surprise and scored 21 points in this quarter to 3 for Ranger. A nifty passing game and some brilliant goal shooting put the Lobos far in the lead and the game on the ice. In the fourth quarter the regulars played about three minutes. They scored four points to which the subs added four in their stay in the game. Whitehead, with seven field goals, led in the scoring and was the individual star of the game. In the first half he made only two points but his remarkable shooting in the second half ran his total to 14 points. Little and Pippen of the Lobos were tied for second honors in the scoring. Little making three field goals and one free shot while Pippen made two field goals and three foul shots. Captain Van Horn scored six points and played a beautiful offensive game, passing and handling the ball well, also playing a steady defensive game. Ray playing the other guard for the Lobos, made five points and also played a great defensive game. The Lobos only missed two free pitches in nine tries while the Bulldogs made five out of seven. The Lobos made nine personal fouls while Ranger made 11. The same two teams will play in the Cisco gym on night at 7:30. The Bulldogs will be fighting to stay in the race for the class A championship of the county. If Ranger wins a third game will be necessary. Referee, Wolf, (T. C. U.)

HUGE DIVIDEND MAY PROVE BIG FACTOR IN STANDARD FIGHT

Declaration of \$448,000,000 Melon Cutting by Indiana Company Seen as Dramatic Move on Stewart's Part

BY JAMES MARTINDALE.
CHICAGO, Feb. 5.—The psychological effect of a \$448,000,000 dividend voted by the directors of the Standard Oil company of Indiana may prove a determining factor in the proxy fight between Colonel Robert W. Stewart and the Rockefeller interests for control of the billion dollar oil company.

Announcement of the division of \$115,000,000 of surplus earnings in the form of a 50 per cent stock dividend and a cash dividend of 50 cents a share on the increased capital stock, as well as the regular quarterly dividend of 62½ cents was seen as a dramatic move by Stewart to obtain proxies for his reelection as chairman of the board.

The action came within a month of the annual meeting of stockholders at Whiting, Ind., March 7, which promises to climax one of the greatest and most picturesque financial struggles in recent years.

The \$6,000 stockholders of Indiana Standard have been divided between the financial accomplishments of the dominant westerner and his younger opponent, John D. Rockefeller, Jr., who has demanded Stewart's ouster for moral and ethical reasons, namely he involvement in the Continental Trading company deals.

FILIPINO GIRL HONORED.
MANILA, Feb. 5.—For her fortitude in stoically enduring the long and painful course of chaulmoogra oil injections which finally brought her relief from leprosy, Jesusa Castromera, young Filipino girl, has been presented with a tennis racket and tennis balls by Governor General H. L. Stimson, himself a tennis devotee. Major Hitchens of the health service made the award in the name of the governor general at San Lazaro hospital.

BUSINESS MEETING.
The T. E. L. class of first Baptist church will hold its monthly business meeting and social in the parlors of the first Baptist church on Wednesday afternoon, February 6th at three o'clock.

NUMEROUS OFFENDERS IN CITY COURT

Driving without 1929 highway license plates on motor cars constitute the major portion of the offenses on which offenders were arraigned in the city court Monday, though the week end offenders including two vagrants and two drunks. One of the drunks was dismissed, the other is pending.

The two charged with vagrancy, J. B. Barnes and Wm. Callahan, were sent to the training camp. Both said they were in quest of work. They will be given an opportunity to labor while liquidating their fines and costs of \$21.70 each.

R. C. Chapman, hailing from Illinois, had gotten as far as Cisco without a license plate. He paid his fine and costs of \$12.70 with a traveler's check.

R. Ecklin and his woman companion, Mildred Siler, came from St. Louis, according to their statements, with defunct highway license plates, but their journey was interrupted by local officers who

discovered that their license was out of date.

L. J. Comb was detained Sunday by Deputy Sheriff Tub Wilson who discovered that McComb was traveling under 1928 license, issued in Illinois. McComb was disposed to question the authority of local officers to arrest him, as he said he was paying his highway tax when he purchased gasoline in Texas. He claimed to be returning from California to his home in Minnesota. However, rather than to be detained to test the legality of the Texas law, he posted a cash bond of \$12.70 and resumed his journey with his 1928 license plates.

Joe Barron was just passing through Cisco, and said he had no excuse for operating a car without license other than he did not know licenses were required for tourists. He gained some information, however, when he paid \$12.70 into the city treasury.

A young man named Andrews, recently located in Cisco from Breckenridge, stated he had just bought the car, but the failure to properly make out the bill of sale was the reason he had no license, as he had applied for them but was denied on his account. The matter was being investigated before penalty was assessed.

RELIGIOUS RIOTS FLARE IN BOMBAY

By FRANCIS LOW.
BOMBAY, India, Feb. 5.—Infuriated by their belief that high born pathans were kidnapping young boys to be buried alive as offerings to the gods, Hindu millhands renewed their riots in the streets of Bombay today. A total of 12 have been killed since the

attacks on the pathans began yesterday, police estimated, and more than 50 were believed injured.

A group of pathans was pursued by a band of mill hands this morning while the former were enroute to the railway station. Several pathans were killed before they could board the train. British troops were summoned by Bombay officials today to quell the riots. All mills were closed as thousands of Hindus roved about the streets brandishing clubs and uttering imprecations against the pathans, a high caste of India. The mill hands attacked on the slightest provocation, and blood-spattered pathans were being treated constantly at local hospitals.

COLDS, INDIGESTION

Tennessee Lady Tells About The Long Use of Theodor's Black-Draught In Her Family.

Rutledge, Tenn.—"For thirty years or longer we have been using Black-Draught in our home as a family medicine, and have found it to be very handy," says Mrs. John McGinnis, of near here.

"Since I have been married and had children of my own, I have found it to be a fine medicine to give them for colds and indigestion. I have three little girls, and when I see one of them fretful and 'droopy' in the morning, I begin treating her with a course of Black-Draught. It is not long until she is lively and well again. I make a tea of it and give it to the children, as they take it best that way."

"I take Black-Draught for constipation and indigestion. If I wake up with a bad taste in my mouth and feel sluggish and dull, I know it is time for a dose of Black-Draught."

"We try to keep a box of Black-Draught always in the house and seldom without it. My health is generally good, but I think it is a good thing to keep a mild, dependable remedy on hand for spells of constipation."

In use nearly a hundred years. Twenty-five doses 25c. NC-285

Miss Ouida McKenzie of Abilene has returned to her home after a short visit in the city with friends.

Mrs. Wm. Reagan, who has been confined to her home is reported some better today.

Mrs. G. M. Stephenson is confined to her bed, though reported better after a recent tonsillectomy operation.

Mrs. R. P. Helwig of Miles is the guest of Mrs. R. B. Carswell and Miss Ruth Endicott.

Mr. and Mrs. C. C. Shelton of Abilene were visitors in Cisco Sunday.

Messrs. Geo. W. McClung and J. M. Hickey are spending this week in Brownwood on business.

Mrs. R. A. Nelson of Big Spring is the guest of Miss Pearl Bryant.

Large Numbers Honor Mr. and Mrs. R. Q. Lee at Reception Last Night Despite Very Inclement Weather

Despite the sloppy, misty weather that made the outdoors so disagreeable last night the reception tendered Mr. and Mrs. R. Q. Lee at the First Baptist church last night was well attended. Friends of Mr. and Mrs. Lee came and went throughout the evening, expressing by their presence their appreciation of the Lees, the generous services they have performed in the interest of Cisco, their church and all institutions with which the honorees have been connected.

Both Mr. and Mrs. Lee spoke their thanks simply and effectively. Mrs. Lee said that while in Washington she and Mr. Lee, who will become a member of congress as representative from the 17th district of Texas, intend to identify themselves with some church and Sunday school but that they did not intend to break their tie with the Cisco church by removing their membership from its roster. She told of their gratitude for the esteem thus testified to and of their abiding faith in Cisco.

Mr. Lee spoke along the same line, saying that while in Washington he and Mrs. Lee would be thinking constantly of Cisco, of their church and their friends here. Mrs. Potter, of Bowie, a guest of the Lees, spoke briefly. She said that the confidence reposed by the people of Cisco in Mr. and Mrs. Lee was not misplaced, that during her long acquaintance with the honorees she had found them true. Music was furnished by the Ely Sisters orchestra, consisting of the three small daughters of J. B.

That Baby You've Longed For

Mrs. Burton Advises Women on Motherhood and Companionship.

"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholia. Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband. I believe hundreds of other women would like to know the secret of my happiness, and I will gladly reveal it to any married woman who will write me." Mrs. Burton offers her advice entirely without charge. She has nothing to sell. Letters should be addressed to Mrs. Margaret Burton, 2701 Massachusetts, Kansas City, Mo. Correspondence will be strictly confidential.—Adv.
