FIRST SNOW OF SEASON FALLS IN CISCO

First Typical Winter Weather in Years Sweeps Upon Cisco; Mercury Remaining Steadily at 10 Above

Believing all that the groundhog had promised a few days ago, old man Winter swooped down upon Cisco and vicinity this morning in flurries of snow and sleet that left the ground covered with a thin white coat. Snow fell sparsely throughout the morning whipped away by a driving northwest wind that augmented the chill of a temperature remaining steadily at 10 degrees throughout the morning, according to the thermometer on the front of the Daily News building.

It was the first typical wintry weather that Cisco has experienced in several years. Northerners have been frequent over that period and Cisco has had its share of winter, so far as winter goes in this habitually mild section, but rarely has the mercury passed below 20 degrees. Snow and sleet combined have been present an exceptional amount. No damage from ice and cold has been reported. Telephone and telegraph wires were generally in good condition, due to the fact that most of the precipitation was in the form of snow, although there was a slight sleet this morning. By noon about half an inch of snow had fallen. Breckenridge and other cities to the north of Cisco reported snow late yesterday afternoon.

Richards Tells His Version of Election Bet Which Resulted in Fatal Shooting of Dallas Banker

DALLAS, Feb. 8.—Another climax was reached in the trial of Ben C. Richards, Jr., former Texas Ku Klux Klan official, this morning in Judge Grover Adams' district court when Richards took the witness stand in his own defense on charges of forgery in connection with the Connally-Mayfield senatorial election bet which resulted in the slaying of the stakeholder, Orville Mathews, by V. Ray Adams, farmer.

RUINOUS STANDARDIZATION.

Potentially every person is a genius. Every person has in his makeup some certain quality which would cause him to stand out from among the rest, if it could be developed and kept pure.

The greatest enemy of genius is standardization. "Make everybody fit the same mold," seems to be the slogan of the educator.

Standardization ruined Jake Woolister. Some folks considered Jake a nit-wit. Nevertheless, Jake was a genius. Jake was comical. That is putting it too mildly.

Jake did not try to be funny. He didn't have to. He was naturally funny. In fact Jake tried to be serious—and that made him the funnier.

Jake was obsessed with the idea that he was born to be a great actor. He wrote skits, he composed songs, he invented dances for himself.

One day a chap with theatrical experience saw Jake in action and conceived the idea of putting him onto the vaudeville stage just as he was.

Jake was tried out on amateur night. He was an immediate hit. The audience went wild over him, and his promoter had no trouble in getting him signed up.

Everywhere Jake played he got the loud hand. Persons in the audience would grab the pits of their stomachs, laugh until they cried and gasp out weakly: "For the Lord's sake, stop him!"

Jake's manager had provided him with a too snug full dress suit, a too small high silk hat, yellow shoes, yellow gloves and a red tie. And he wouldn't let Jake shave off the blonde fuzz.

But as Jake went from town to town, carrying everything before him, he began to study the ways of stage folk. He began to compare their methods of doing things with his methods.

One day Jake appeared for his act in a perfect fitting full dress suit, a silk hat of the right dimensions, the correct thing in gloves, shoes and tie. And he had shaved off the blonde fuzz!

It is for the wide convenience of the public that electric light sockets, bolts, pipe-fittings, faucets and the like, be standardized. But it is different with the human being.

SMOKE OUT THE ARSONIST.

Cooperation by all the states in adopting uniform legislation would reduce death and destruction which arsonists now cause. The Fire Marshals' association of North America has prepared a model arson law to serve as a guide to legislators.

America in cooperation with the National Fire Protection association, United States chamber of commerce and National Board of Fire Underwriters, 85 John street, New York, are advocating the model arson law.

A SIGNIFICANT FACT.

"It is significant that the United States has 64 per cent of the world's telephones, Europe 26 per cent and the rest of the world 11 per cent," says the Vallejo, California, Evening News, in an editorial.

INDUSTRY AND IDEALISM.

"I think no acceptable work can be done in this world without an infusion of idealism," said Matthew S. Sloan, president of the New York Edison company, recently.

DO YOU REMEMBER?

American and Roundup, October, 1913.

Several people are getting busy making sewer connections in the business district.

Mrs. John F. Patterson, accompanied by her daughter, Mrs. Queen Warren of New Mexico, were visitors in the city yesterday.

In the football game Britton vs. John Taylor, the latter won, the score being 7 to 0. Guy Sherrill of the Tartans got a shoulder broken in one of the mixups.

The reporter was presented with a sample of fine October peaches last week grown by T. J. Smith in his yard. They looked good, the flavor was fine and they were enjoyed.

The Young Men's Booster club called a citizens meeting Thursday night and appointed a committee to see how many business houses will close on road working days, November 5 and 6.

Link Huntington was down from Pueblo last Monday and stated that volunteer wheat and oats were looking fine in his section of the country and that numbers of the farmers were going to plant grain this season.

Dr. W. P. Lee's buggy ponies made a getaway over on college hill Monday afternoon without hurting anyone. In their wild flight they passed east on Sixth street with only a portion of the buggy attached to them and were finally captured at the stock pens on their circuit around the campus.

Winter is coming on and Cisco is still without that much needed natural gas supply and as the roads are too boggy to get to town with a load of wood and the coal supply limited, why not another effort for natural gas?

Because it deems him weak in the cause of prohibition the Florence Vidette declines to give its support to the Hon. Will H. Mayes. Heavens! What does the Vidette wish for him to do? Set fire to a brewery, dynamite a distillery, or burn an anti at the stake?

J. Warren went up to Moran one day last week to take in the situation. Mrs. A. Grist and children arrived in the city Friday to again make this their home.

Mrs. J. W. Hartman and Will McCall are visiting in Rockwall and will also see the sights at the fair.

CONTROVERSY ON RECOMMITTAL OF BOND ISSUE AVERTED

Resolution Proposing Referendum on Road Plan Voted Out Favorably by Senate Committee on Amendments

AUSTIN, Feb. 8.—Controversy on recommittal to committee of the \$175,000,000 road bond issue was narrowly averted in the senate late Thursday. The joint resolution proposing a referendum on the proposed bond issue was voted out favorably by the senate committee on constitutional amendments.

Sen. Archie Parr, one of the five who had cast "aye" votes in the committee moved to refer the resolution, saying that he had not realized what he was voting and that he was of the opinion other members felt the same way.

A storm looked apparent when it was announced that the committee report had not been sent up. Parr's motion was held out of order. Later Sen. J. W. Hornsby asked unanimous consent to send up the committee report. This was blocked by Sen. Walter Woodul. Hornsby then moved to be allowed to send it forward. Immediately a motion to adjourn carried 15 to 13.

About half of the afternoon session was taken up by Sen. W. D. McFarlane in a one-man filibuster against a pharmacy bill introduced by Sen. W. A. Williamson. Although he managed to confine his remarks to the bill his subject ranged from castor oil to motor buses. After he had been talking for about an hour, Williamson gave him a sandwich and half pint of milk as restoratives. When the chair sustained two points of order that he was using "dilatatory tactics," the senator sat down, and the bill was engrossed by a vote of 18 to 9.

The senate refused to concur in the house cuts in the emergency education bill and a free conference committee was appointed to work out the differences. The house sliced the bill about in half, refusing 1928 summer school requests and cutting out \$400,000 for transfer of rural school students.

In addition the senate passed a bill creating an advisory judicial council for study of the judicial

system in the state. It also passed a bill making the teaching of the United States constitution compulsory in public schools. This bill was amended so as to strike out the words "patriotism" and "good citizenship."

ROTARIANS LUNCH AT RANDOLPH

The Cisco Rotary club yesterday held its weekly luncheon at Randolph college. The meal was served in the college dining room. J. E. T. Peters was in charge of the program giving place to President T. T. Roberts of Randolph who introduced the members of the faculty, each of whom spoke briefly upon the work that is being carried on in his or her department. No business was taken up at the session.

HARWOOD, ONCE K. OF P. HEAD IN TEXAS, DIES

GONZALES, Feb. 8.—Thomas Franklin Harwood, 71, past commander of the Knights Templar of Texas, attorney, capitalist and Texas historian, died at his home here Thursday following an attack of influenza several weeks ago. Burial will be in the Masonic cemetery today, under the auspices of the Masonic lodge. Harwood is survived by his wife and three children. His father was the late Major T. M. Harwood, member of the first board of regents of the University of Texas.

STRIBLING AND SHARKEY BOUT MAKING MONEY

MIAMI BEACH, Fla., Feb. 8.—Shortly before sunrise today, W. F. Carey, millionaire road builder and promoter of the Sharkey-Stribling fight, laid down some papers he had been inspecting took off his glasses and said happily, "Well, boys, the fight is on."

The scene was laid in the kitchen of a magnificent residence on the ocean front which Carey has taken as his headquarters. For Bill likes a glass of beer and something from the ice box along towards morning. Carey's companions were Joe Boylston and Benny Bennett, the crack box office men from Madison Square Garden, who had just laid before him the figures showing the receipts for the previous day—\$17,000, and the total orders for seats \$200,000.

"When I was in Boston trying to get Sharkey to take a smaller guarantee, I was ready to take a heavy loss on this proposition to put over the fight," Carey then confessed.

"Tex Rickard had started it, and we are going through with it. Now we are going to make money."

Carey and Jack Dempsey already are congratulating themselves today. The fight now will gross more than \$300,000, which will leave them in the clear, something neither expected when the project was undertaken after the death of Rickard. The big arena in Flamingo Park is virtually completed and by next Tuesday, 4,000 seats will be available. After that it will simply be a matter of how many more people want to come for the arena.

Kelly, W. F. Keough, J. A. McGinnis, Joe Hanrahan, G. M. Simpson, F. W. Murphy and T. M. Quinn.

LOBO QUEENS BEAT RANGER GIRLS 41-18

The Lobo Queens basketball team journeyed to Ranger Thursday and defeated the Ranger high school girls by the score of 41 to 18. The Queens had no trouble in winning from the Ranger aggregation. Wynna Burnam sat forward for the Queens made 23 points, Maxine Tarrant at the other forward made

decorations and refreshments. After playing six games, Mrs. Hoyt Agnew was found to have high score, Mrs. E. E. Jones, second high and Mrs. Bob Gilman, low. Those in attendance were Mesdames Hoyt Agnew, Hamfield, Bob Gilman, Mrs. Phillips, John Dell, Adolph Dorr, James Bates, J. Stock, E. E. Jones, H. I. Stock and Charles Robert.

14. Freddie Tolle made 2 points and Gladys Purvis 2. Mary Powell and Ola Perdue, star guards for the Queens, played good games and kept the Ranger forwards well guarded. For Ranger, Moffett was the big gun, scoring 15 of Ranger's points. The Queens will play the strong Breckenridge team in Cisco next Tuesday night. The Queens won by the narrow margin of two points when they played in Breckenridge, the score being 24 to 22.

Sore Throat? Don't Gargle

Quicker and Better Relief With Famous Prescription

Don't suffer from the pain and soreness of sore throat—gargles and salves are too slow—they relieve only temporarily. But Thoxine, a famous physician's prescription, is guaranteed to give relief almost instantly.

Thoxine has a double action—relieves the soreness and goes direct to the internal cause. No chloroform, iron or other harmful drugs—safe and pleasant for the whole family. Also wonderfully effective for relieving coughs. Quick relief guaranteed or your money back—25c, 50c, and \$1.00. Sold by City Drug Co., and all other good drug stores.—Adv.

OFFERED FOR 15 YEARS; THEN FOUND SARGON

"For fifteen years I suffered from a complication of troubles. I was weak, nervous and generally rundown. I frequently had sharp, shooting pains in

my side. My sleep was poor and I lost weight, strength and energy. Nearly everything I ate caused indigestion. I took a trip to Hot Springs, but got no relief there, and then I visited several health resorts in the north seemingly without benefit.

Right after I started taking the Sargon treatment I began to sleep better and to eat anything I wanted and now I feel like a new man. My appetite is fine. The pains in my side have disappeared. I am not the least bit nervous, and am full of new energy. I have gained weight and my friends are all commenting upon my wonderful improvement.

"Sargon Soft Mass Pills are wonderful. They ended my constipation and biliousness without gripping in the least. I wouldn't be without Sargon if it cost twenty dollars a bottle."

The above remarkable statement was made by A. J. Mason, residing at the Colonial Hotel, Ft. Worth, and owner of considerable property, in that city.

Sargon may be obtained in Cisco at Elliott Drug Store and Corner Drug Store.—Adv.

LADY LUCK STOOD THIS BOY IN GOOD

FREDERICKSBURG, Va., Feb. 8.—Seven years' event! Clinton Tyler, eight-year-old negro boy, had the biggest eyes in Fredericksburg today. The bag of pretty "gold and glass" he found hanging on a roadside bush was filled with jewels valued at \$18,000.

Now he is going to have \$3,000 put in the bank for him and when he is old enough will buy a big automobile. The picnicking tramped along the road to school the other day when his watchful eyes glimpsed a pretty bag snuggled on a bush. He put his hand inside and drew out:

A platinum bracelet and chain set with 100 diamonds and 50 moon shaped emeralds. A platinum diamond engagement ring containing one large diamond and 21 small ones. A pair of platinum ear rings with four diamonds in each.

Today, the distressed lover of the jewelry, Mrs. J. M. Amosell, of Bridgeport, Conn., was located. While motoring from Prochester to Washington she had lost the bag. When she reached Washington she notified representatives of the company in which the jewels were insured. Now that the jewels have been recovered, the insurance company of Washington will pay the preliminary \$3,000 as a reward. It was said.

NORTHCOTT IS UNPERTURBED BY CONVICTION

RIVERSIDE, Cal., Feb. 8.—Gordon Stewart Northcott, youthful Wineville chicken rancher, seemed unperturbed by an inevitable death sentence today as he lounged in his crummy jail cell, convicted of slaying three young boys.

He maintained the same outward calm that marked his court appearance last night when he heard a jury report that he was guilty of first degree murder with no recommendations for mercy.

The 22-year-old Canadian will remain in Superior Judge George H. Freeman's court Monday morning to hear himself condemned to die on the gallows. With no recommendation by the jury, the pronouncement of the death penalty is automatic.

Under the California law the sentence cannot be carried out before 90 days and in that time, Northcott indicated, he would appeal. In his testimony, North declared that he did not kill the boys for whose death he was convicted—Lewis and Nelson Winslow and an unidentified Mexican.

OIL NEWS OF SOUTHWEST

SAN ANGELO, Feb. 8.—Only eleven producers with a daily production of 19,469 barrels were completed in three counties in West Texas last week, setting a low mark for the year. Two weeks ago 23 completions with a daily flow of 128,850 barrels set a high mark for the year.

Last week Winkler county completed four wells for 13,712 barrels daily, holding its pace at the top of the West Texas production column. Howard county completed five wells for 12,344 barrels and Crane county two wells for 442 barrels.

PORT WORTH, Feb. 8.—Plans are now under way by the Texas Pipe Line company for the building of the first pipe line into the newly developed oil district in southeastern New Mexico, according to information obtained at the offices of the company and its parent company, the Texas company.

AUSTIN, Feb. 8.—The monthly report of the oil and gas division of the railroad commission, issued Thursday, shows a total of 457 producing wells brought in during January from a total of 877 drilling permits. Winkler and Wichita counties ran a close race for first place in the number of new wells completed in the month.

PORT WORTH, Feb. 8.—George H. McIntyre in charge of the new Texas-New Mexico division of the Marland Production company, and E. J. Nickles, vice president of the Marland company, were in the city today for the re-establishment of Texas and New Mexico headquarters for Marland in Port Worth.

HOUSTON, Feb. 8.—Vessel shipments of the Standard oil company of Houston from its Eastern Round Bay, Tex., wharves are still being shut by the strike of the dockmen. During January Standard shipped by tank 1,234,977 barrels of refined oil for customer movement and had exports of 770,823 barrels as compared to 1,411,276 and 899,287 barrels respectively in December.

Gulf Production company has made locations for two wildcats in the DeWitt structure, one in the No. 1 Featherbed structure and Humble's No. 1 Featherbed, and the other for No. 1 Sugarland, in the northeast of present production. It is understood that drilling will not start immediately. On the same structure Humble's No. 1 Nelson is making considerable gas and spraying around 150 barrels of oil daily. Cedar Bayou oil company's No. 1 Johnson in Harris county tested dry at 4,640 feet.

TULSA, Okla., Feb. 8.—Operators of the Mauld pool of the Greater Seminole field have agreed to a 12% reduction of new wells to 200 barrels a day. The limit was reported Wednesday as 2,600 barrels, which are numerous.

RANDOLPH TEAMS FACE HEAVY BILL

Seminole field have agreed to limit production of new wells to 200 barrels a day. The limit was reported Wednesday as 2,600 barrels, which are numerous.

TULSA, Okla., Feb. 8.—The Petroleum Oil company Thursday made public objections to the proposed curtailment of drilling and oil production in the Seminole field of Greater Seminole oil area. The company was the only one not represented at the Tuesday conference in Tulsa when operators agreed to a general curbs in the Missouri area and advocated a reduction of the states average daily yield to 650,000 barrels.

OKLAHOMA CITY, Feb. 8.—The latest oil well completed in Oklahoma in months was brought in Wednesday night by the Great Oil company in Oklahoma county. The well is flowing 20,000 barrels daily. The well penetrated the Missoula and is 4,300 feet. It is within 100 feet of the top of the Missoula. The first hour the well flowed from 740 barrels an hour to 101.

SEMINOLE, Okla., Feb. 8.—Greater Seminole area had a decline Wednesday of 4,457 barrels to 127 wells produced 344,865 barrels in comparison to 296,220 barrels Tuesday. The causes were listed as: Little River 100,700 barrels; Earlsboro 65,000; Dawson 49,800; Seminole 46,000; Saratoga 3,900; Muskogee 540.

PLANS FOR SPECIAL SESSION COMPLETED BY PRESIDENT-ELECT

Middle of April Determined Upon by Hoover; Tariff Revision Will Be Confined Mostly to Farming Needs

CONGRESS ON TARIFF CALLED FOR FEB. 19

DALLAS, Feb. 8.—A call for a tariff congress to meet in Dallas February 19 has been issued by Ed Woodall, chairman of the Texas division of the Southern Tariff Association, and John H. Kirby, Houston, president of the association. Purpose of the conference is to study and discuss tariff duties upon the products of the farm, ranch, garden, orchard and manufacturing and mining interests of Texas.

CANNED GOODS SALE BY NORTH STAR CLUB FOLK

RISING STAR, Feb. 8.—At a meeting of the North Star Demonstration club Tuesday a motion prevailed that the club hold a public sale and dispose of its surplus canned goods prepared by the members during the past season. A season of unusual activity has marked the progress of the club the past year, and at the meeting Tuesday the report of the officers showed the club to be in splendid shape. This is one of the leading women's clubs of the county, owning its own club house, and its members are the foremost women of the Rising Star country. The meeting last Tuesday was with Mrs. Jacobs, the club president, who presided, when the usual business was transacted. Miss Georgia Lewis was elected club reporter. Cake and coffee were served to 11 members and two visitors.

MIAMI BEACH, Fla., Feb. 8.—President-elect Hoover has completed his plans for the extra session of congress he will summon about the middle of April for farm relief and tariff revision. Senator Smoot of Utah, chairman of the finance committee, will leave here today to lay before other Republican leaders in Washington the ideas Mr. Hoover has conveyed to him in the last four days. They have gone over the situation in detail, both as respects the scope and the nature of the legislation to be considered. The Utah senator was unable to win over the president-elect to an earlier session than planned. Smoot urged that it be called April 1, but Mr. Hoover desires the later date in order that he may confer further with farm leaders to secure general agreement on a farm relief program. Both are agreed, however, that tariff revisions should be held to adjustment of agricultural rates and some industrial schedules. Smoot informed the president-elect of the difficulties in the way of a limitation in the senate. He brought to Mr. Hoover reports that the Democrats may offer even higher rates than the Republicans would accept in order to confuse the situation and prevent action unless a general revision is agreed to at this time.

NEW PASTOR AT RISING STAR. RISING STAR, Feb. 8.—Elder W. E. Moore and family have arrived this week from Fort Smith, Ark., and are now at home in the Church of Christ parsonage. Elder Moore recently accepted the call to the ministry of the church and will fill the pulpit next Sunday morning and evening and each Sunday thereafter. Elder Moore is new to Rising Star, having served as minister of the Church of Christ in 1921 and has many friends here who will be pleased to welcome the family back to this city. In the building of a railway line in French Equatorial Africa 17,000 negro laborers have died from disease, privation and exposure.

BOUNDARY DISPUTE. WASHINGTON, Feb. 8.—The senate adopted unanimously a resolution Thursday authorizing the president to confer with governors of Oklahoma and Texas in an effort to settle a boundary dispute between the two states.

AGED PASTOR PLEADS GUILTY TO BIGAMY

MARION, Ill., Feb. 8.—Rev. Joseph M. Benton, 54-year old blind Pentecostal preacher, pleaded guilty here to a charge of bigamy and was sentenced by City Judge J. R. Clayton to one to five years in the state penitentiary. The aged pastor married Selinda Chendenn, 11-year old school girl, on December 22, 1928, but admitted in court he was not divorced from his first wife now living in Blytheville, Ark. The ceremony has been annulled.

Aimee in New Inquiry

A new investigation into the affairs of Aimee Semple McPherson, famous evangelist, was begun in Los Angeles when a committee of five California state assemblymen held a hearing to determine if a \$2,500 check given to Superior Judge Carlos Hardy by Mrs. McPherson was illegal or merely unethical. Possibility that the probe might unearth new evidence concerning her "kidnapping" nearly three years ago, drew immense crowds to the inquiry. Mrs. McPherson with defense counsel, Joseph Fainer (left), and Cromwell Ormsby.

Scranton Stages Desperate Rally in Final Minutes of Game but Loses First of Title Series to Lobos

A desperate rally in the last half almost overtook the lead that the Lobos ran up on Scranton in the first half of the first game of the series to decide the Eastland county championship. The game was played in the Cisco gym Thursday night and ended with the Lobos taking the lead in the series by scoring 30 points to Scranton's 22. The Lobos were minus the services of two regulars, Phipps and Little, but the closeness of the score was due more to Scranton's comeback in the last half than anything else. The first quarter of the game was close and hard fought with the Lobos holding the lead by a score of 7 to 5 at the end of the period. In the second quarter the Lobos spurted and scored 10 points while holding Scranton scoreless. In the last half Scranton scored 15 points to 13 for the Lobos. Purvis, forward for Scranton, was high point man of the game. He made only three points in the first half but came back in the second half to add 8 points to make his total 11 points for the game. In addition he played a neat defensive game. Whitehead of the Lobos was second high point man with nine points. Capt. George Van Horn of the Lobos played a sensational game at guard, his passing being especially good. In addition he scored six points. Bailey, center for Scranton, made eight points and got the center tip a good portion of the time. Price, playing at center during the first half for the Lobos, turned in a nice game, but was forced to retire at the half on account of illness. "Chuck" Van Horn, playing guard in the first half and center during the second half, played a good defensive game. The Lobos will meet Scranton again tonight in the Cisco gym at 7:30. If the Lobos win they will annex the Eastland county championship and the right to meet the Stephens county champion, which will in all probability be Breckenridge, for the bi-county championship. If Scranton downs the Lobos tonight, a third game will be played in the Cisco gym Saturday night to decide the county winner.

Instead of having a district tournament as was held last year the county champions of the six counties in this basketball district will play bi-county series. Eastland county's champion will play the Stephens county champion. The counties in this district are Eastland, Stephens, Grath, Palo Pinto, Hood and Somervell. The line ups for the game Thursday night were: Cisco—Forwards, Whitehead and Ray; center, Price; guards, G. Van Horn and C. Van Horn; subs, Yeager, Daniel, Smith, Scranton—Forwards, Horn and Purvis; center, Bailey; guards, Sawyer and Speckle. Referee—Adams (A. C. C.)

Lingering Colds Play Havoc In System Weakened by Flu

Physicians advise that the chief danger of this year's epidemic lies in the after-effects. Colds attacking the weakened system as often lead to bronchitis, sinus trouble, pneumonia, or even meningitis. This is especially true of children or old folks. These colds must be checked immediately. And yet too much dosing may upset the digestion which is already disturbed by the toxins of influenza.

Vicks VapoRub is especially valuable here. As it is applied externally, it can be used freely at the first sign of a cold without upsetting the most delicate digestion. Just rub it on the throat and chest at bedtime.—Adv.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by researchers some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality. The formula comes in every box, also the scientific reasons. Six users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at \$1 per box. Take four tablets daily and watch the change.
