LINDBERGH JOINS IN RESCUE MISSION

Off to Look for Missing Ship Only Few Hours After He Landed at Miami on Hop from Havana, Cuba

KEY WEST, Fla., Feb. 13.—A radio message from the Overseas Highway Automobile Ferry plying between the Florida Keys, said today a disabled seaplane had been picked up at sea.

The plane was being towed into Mattecumbie.

PAN AMERICAN AIRPORT, MIAMI, Fla., Feb. 13.—Col. Charles A. Lindbergh left here at noon today on a rescue mission. The Sikorsky Amphibian which he piloted from Havana earlier in the day to complete the first round trip on the Canal Zone mail route, was turned southward to search for a missing plane owned by Richard Hoyt, millionaire sportsman.

Lindbergh planned to fly over the Florida Keys where the craft, an Amphibian, was believed forced down. The plane, piloted by Lieut. Steven Calloway and with one passenger on board, left Havana yesterday for Miami.

An Amphibian plane similar to Lindbergh's had been dispatched by the Pan-American company earlier to find a trace of the missing flying boat. Although equipped with radio, no word had come from it, when Lindbergh decided to take off again. Dramatic as had been the return of the flier to American soil, his departure a few hours later was even more so. He had brought his Sikorsky down to be greeted by a crowd of several thousand. He returned in an interview to discuss his announced engagement to Miss Anne Morrow.

Then on a moment's notice he had the big Amphibian that he piloted in the last nine days to the Canal Zone and back, wheeled out on the field. The bulky ship tied along the ground and swung southward down the coast. Lindbergh, on his flight from Cuba this morning, had gone out of his course to see if he could sight the missing plane.

Advices from Key West were that the coast guard cutters had been unable to find the craft, and turned back to port. Heavy seas and a high wind were general between here and Cuba during the night, but died down today. The weather had cleared when Lindbergh left.

10,000 DEAD IN EUROPE'S WORST WINTER

LONDON, Dec. 12.—Like the devastating plagues of the middle ages, Europe has been stricken by the deadliest winter in living memory. Storms, cold and disease have killed more than 10,000 persons so far, reliable statistics gathered by the United Press in 11 countries showed today, with indications that it will already have reached 20,000.

CUT IN AUTO LICENSE IS ALMOST SURE

AUSTIN, Feb. 13.—Reduction in auto license fees by the present legislature is almost assured. In the house committee on taxation last night eight members favored a fifty per cent reduction; five favored a 20 per cent reduction and only two opposed reduction. A compromise of 35 per cent reduction was tentatively agreed upon and a sub-committee ordered to tabulate the effect by counties. Representative Walter Beck of Fort Worth opposed any great reduction. If a 50 per cent reduction were passed, the governor would have to veto it. Beck said a gasoline tax of either four or five cents was favored. One fourth of the gasoline tax goes to public school.

HOTEL MEN TO SUPPORT RACING BILL

DALLAS, Feb. 13.—Backers of the bill now before the legislature to legalize horse racing through the contribution system today were assured of the support of the allied hotel associations of Texas in their fight to secure passage of the measure.

Commenting on the stand taken by hotel men, Charles A. Mangold, former president of both the Texas Hotel association and the Dallas Hotel association, said "horse racing at Texas fairs is important because of the stimulation it will bring to agriculture and because it will revive the dying fairs and expositions throughout the state."

"It will mean thousands of dollars for Texas farmers for breeding, growing and selling race horses and a new source of income for Texas agriculture. Texas is the greatest state in the union for breeding race horses and it grieves us to be legislated out of our birthright," Mangold said. As far as gambling is concerned, Mangold said it now flourishes not alone at the race tracks but also at football games and other athletic contests.

DIDN'T LIKE JAIL.

PARIS, Feb. 13.—J. C. Arthur surrendered to officers here after escaping from jail at Lamar, Ark., where he was held following his arrest by Arkansas authorities. Arthur told officers here that he didn't like the Lamar jail and decided to leave. He is wanted there on a charge of auto theft.

EAST CISCO REVIVAL.

Everybody is invited to attend the revival meeting now being conducted at the East Cisco Baptist church. Rev. Ben P. Morrison, pastor, is doing the preaching. Services begin at 7:30 each evening.

Menacing Letters Received by Many Mexican Leaders; Calles Is Warned to Leave or Suffer Consequences

MEXICO CITY, Feb. 13.—Mrs. Thomas Arnold Robinson, daughter of ex-President Plutarco Calles, was under guard of secret service men here today as the result of threats to kidnap her. The threats to kidnap Mrs. Robinson were sent directly to Calles.

Thomas Arnold Robinson, Calles' son-in-law, is an American. Robinson, who is interested in various engineering projects in Mexico and who is an engineer himself, was in the United States with Mrs. Robinson when President elect Alvaro Obregon was assassinated last summer.

The kidnaping letters addressed to ex-President Calles apparently were similar to many of those addressed to other prominent Mexicans, it was learned. The menacing letters have been flooding the city, report said, and guards have been posted about many homes.

Calles' home was surrounded by squads of soldiers as it was when he was president of Mexico. The threat Calles received was reported to be even more vehement than those directed against Emilio Portes Gil. The writers were said to have accused Calles of being the real director of the government's policies with President Portes Gil only a tool. Calles was warned to leave the country immediately or suffer the consequences.

TOM LOVE LOSES TILT IN SENATE

AUSTIN, Feb. 13.—Senator Tom Love of Dallas, lost a tilt this morning when he attempted by a motion to force the senate committee on criminal jurisprudence to report not later than Thursday on two of his bills relating to repeal and changes in the search and seizure act.

Senator Eugene Miller, chairman of that committee, explained on the floor that the majority of the committee had been in favor of killing these bills, but that rather than do that he had referred them to a sub-committee which still had them.

Senator Love also had had luck when he attempted to get a ruling on the status of "Hoovercrats" in Virginia, given out by the attorney general of that state, printed in the Senate Journal. His motion was lost.

Senator W. D. McFarlane, chairman of the prison committee, also met with defeat when he sought to have some more documents relating to prison affairs printed in the journal. He was successful in getting two bills related to bonds of administrators and venue of appointment of guardians.

ACCIDENTALLY SHOT.

LAMESA, Feb. 13.—Returning home from a hunting trip, Roland Baum, 24, slipped at the home of his fiancée and in a friendly scuffle his shotgun was discharged, the shot entering Baum's brain. At the Big Spring hospital where he was taken, doctors said they held no hope for his recovery.

6 DEAD IN MARDI GRAS.

NEW ORLEANS, Feb. 13.—A night of carefree revelry—the final festivities of Mardi Gras—had passed today leaving in its wake six dead, a score of injured and more than 150 persons in jail charged with being intoxicated.

GILL NAMED 5TH DISTRICT BANKERS HEAD

DALLAS, Feb. 13.—Ben L. Gill, Jr., vice president of the American National bank, Terrell, was elected chairman of the fifth district group of the Texas Bankers' association at its meeting here Monday. Griffith Carnes, assistant cashier of the Dallas National bank was elected secretary. They will take office next May. Dallas was chosen as the place for the next meeting of district five.

ELECTION OF HOOVER IS CERTIFIED

WASHINGTON, Feb. 13.—Congress today formally certified the election of Herbert Hoover as president and Charles Curtis as vice president of the United States.

Herbert Hoover has received for president of the United States 444 votes; Alfred E. Smith has received 87 votes; Vice President Dawes announced.

Charles Curtis has received for vice president of the United States 444 votes; Joseph T. Robinson has received 87 votes; Dawes declared. Led by Vice President Dawes the senate marched across capitol corridors and entered the house chamber for the joint session. Two pairs, Milburn McCarty of Eastland, Tex., and John Carlson of Logan, Utah, grandsons of Senator Smoot, carried the valuable ballot box.

SPECIAL AGENT IS INDICTED IN SLAYING

LONGVIEW, Feb. 13.—A. C. Yeager, special officer of the Texas and Pacific railway, was today indicted by the Gregg county grand jury for murder in the fatal shooting of Wesley Harbison, 14, here Saturday night. His bond has been set at \$5,000 by the court and his case will be tried next Tuesday. A special venire of 100 men has been ordered for jury service.

SOLON ASKS THAT HIS OWN BILL BE KILLED

AUSTIN, Feb. 13.—A member of the Texas house of representatives today asked that his own bill be killed. The action was taken by Rev. W. T. Williams of Austin. He recommended defeat of his bill to levy an occupation tax on chain stores because the supreme court has held a similar law in North Carolina invalid. It sought to impose \$1,000 occupation tax on all chain stores operating three or more stores.

TRIAL POSTPONED.

WICHITA FALLS, Feb. 13.—Illness of Mrs. Ed Pryor, principal defense witness in the trial of her husband, a former constable at Electra, charged with having been an accomplice in a case of robbery with firearms, caused postponement of the trial by Judge P. A. Martin. Mrs. Pryor underwent an operation Monday.

Petition Asking Reopening of Election Contest Will Be Laid Before Solons This Afternoon

AUSTIN, Feb. 13.—Hidalgo county citizens have won their fight for a hearing before the state legislature. Representatives of the committee will come to the house this afternoon with a petition addressed to Speaker Barron asking for reopening of the election contest.

They will be informed that the speaker has no power in the matter, the house already having acted. A member of the legislature will then move a reconsideration of the house action.

The rule against non-members being admitted will be avoided by a motion for the house to go into a committee of the whole. This will suspend the house rules and the Valley delegation will be admitted. The procedure was submitted at 1 o'clock to Judge Gordon Griffin and Mayor Dave Kirgan of Weslaco and to house leaders and was approved by both.

AUSTIN, Feb. 13.—Seventy-five automobile loads of Hidalgo citizens, men and women, formed on the state capitol grounds at noon stepping from their 75 automobiles to demand a hearing before the legislature. Each car and each citizen wore a badge marked "good government." Deploying for photographs they announced that their knock on the legislature doors will be postponed until this afternoon.

Gordon Griffin, marshaling the forces insists that, as petitioners, they have a constitutional right to enter the floor and present their grievance.

Representative W. R. Montgomery, whose seat in the legislature is the object of the contest, was in his place this morning. He has no intention to resign as a second petition carried by the Valley delegation asks.

None of the threatened resistance to the parade of the Hidalgo citizens to the capitol grounds developed. Without hindrance the cars were driven across the Colorado river bridge, which could easily have been blocked, up Congress Avenue and into the capitol grounds.

Crosthwaite, Pardoned Convict, Is to Appear as Witness Today in Impeachment Trial of Johnston

By GAYLORD P. GODWIN.
OKLAHOMA CITY, Feb. 13.—The impeachment trial of Henry S. Johnston as governor of Oklahoma on eleven charges entered its third day today, prosecutors endeavoring to prove one specific charge, general incompetency, against the defendant.

Hearing of testimony started late yesterday on the alleged unlawful issuance of a deficiency certificate by the governor, was resumed shortly after court convened at 10 a. m.

A record crowded with legal details on the issuance of the deficiency certificate was before the senate court of 44 members, 30 of whom must vote to sustain the house charges if Johnston is to be removed as the state's seventh governor.

KILLING OF BOLTERS BILL IS ARGUED

AUSTIN, Feb. 13.—Whether or not the house of representatives killed the bolters bill to bar Hoover Democrats from being Democratic party candidates in 1930 became a matter of dispute today when the house members challenged the way their votes were recorded in the printed journal. The bill was killed by vote of 37 yeas and 61 noes, as reported at the time. If all changes contended for are made the vote would be a tie. Speaker Barron ruled the house had no power to go behind the declared results. Friends of the bill predict that its vote in the house will be a party candidate.

WAY OPENED FOR NATIONAL ORIGINS ACT

WASHINGTON, Feb. 13.—The way was opened today for the drastic national origins immigration act to go into effect July 1 when the senate immigration committee voted a majority against postponement. Great interest in the proposal has been manifested in congress because of importance attached to the issue during the recent campaign and because of the strong protests which have been made by nationalities suffering under its restrictions. The proposals were so strong that congress has twice agreed to postpone application of the law.

HOOVER GOES TO CAPITAL NEXT WEEK

MIAMI BEACH, Fla., Feb. 13.—President-elect Hoover will leave here next Monday for Tuesday morning to Washington, there to hold a series of important conferences before his inauguration, it was announced today.

Lawrence Richey, assistant to Mr. Hoover, made the announcement, and explained the return at that time was in keeping with the president-elect's original plan when he left Washington to return there about two weeks before inauguration.

No official announcement ever had been made, however, of the time Mr. Hoover would return to the capital, and the announcement this afternoon that he would return early next week came unexpectedly.

PARTY BRAVES SNOWSLIDES TO FIND BODIES

CREEDE, Colo., Feb. 13.—A party of ten men led by Forest Ranger Van Aiken braved the danger of recurring snowslides in the foothills of the Cochetopa mountains west of Creede today in an effort to find the bodies of James Wolfe, 50, and his son, James, Jr., 17.

It is feared the two are buried under tons of snow that crashed down the mountains Monday, crumpling their cabin. Furniture and cooking utensils from the cabin were found yesterday in the canyon below the cabin by Roy Powell, a rancher. Powell also discovered an abandoned ore smelter and several cabins, believed to have been occupied, crushed like egg shells.

President Coolidge Signs Bill for New Cruisers; Funds For Work Expected to Be Appropriated Soon

WASHINGTON, Feb. 13.—President Coolidge signed the cruiser bill today authorizing construction of 15 cruisers and one modern airplane carrier for the navy. His signature to the legislation ended a controversy of more than a year on whether the United States needed additional fighting craft for its national defense.

Funds for starting work on six of the ships—5 cruisers and the aircraft carrier—will be appropriated probably before congress adjourns, March 4. Backers of the program in congress either will insert an amendment to the pending navy appropriation bill for about \$12,500,000 or appropriate the money by the second deficiency act.

CLASS COOPERATION.

How China was saved from Bolshevism is told by Dr. Jeremiah W. Jenks of New York university. It is a remarkable story of the power of a book.

Sun Yat Sen, founder and first president of the Chinese Republic, at first accepted the Socialist principles of Karl Marx as expounded by Michael Borodin.

Present progress in the United States emphasizes the truth of the philosophy which converted Sun Yat Sen. There is hardly a vestige left of the "class warfare" talk that used to be heard from Socialist orators on American street corners.

ART JURIES.

Twelve good men and true on the jury in that art trial in New York ought to be ready for a pleasant tour of European galleries soon. They have been hearing a good deal of art criticism.

The technique of the artist is the most important thing in the whole picture; it is the handwriting of the artist. Suppose you received a letter from a friend whose handwriting you knew.

This is all very interesting and probably true. And if the jurors take Sir Joseph's word for it, the picture in question will be declared a fake.

T. & P. FIRST TO INSTALL AIR SERVICE

Effective Feb. 4 the Texas & Pacific became the first Southern road to install airplane service in connection with its train schedule. This modern passenger service has been inaugurated by the Texas & Pacific for points between El Paso and Los Angeles, according to C. P. Cole, local agent of the road. "This air service makes connections with the Texas & Pacific two fast trains, Texas and Sunshine Special," Mr. Cole said, "and are being operated on the following schedule: Leave Cisco at 5:30 p. m. on the Sunshine Special, passengers will reach El Paso the following morning at 8 a. m. and leave by airplane at 10 a. m. mountain time, arriving at Douglas, 10:30 a. m.; Tucson, 11:30 a. m.; Phoenix, 1:10 p. m.; Los Angeles, 4:30 p. m. mountain time. East bound the planes will leave Los Angeles at 7 a. m., arriving at El Paso at 10:30 p. m., where the planes are held, if necessary, to connect with the Texas, leaving El Paso at 7:15 p. m., central time, arriving in Cisco at 10:11 o'clock the following morning.

"To secure passage on this airplane service reservations must be made 24 hours before the departure of the airplane schedule. Reservations can be made with any Texas & Pacific ticket agent. Passengers' hand baggage limited to 25 pounds, with a usual charge for excess baggage. These planes are single motored standard Fokker planes, and operated under supervision of Standard Air Lines, Incorporated, and have a capacity of 12 passengers. They are heated and ventilated at the will of passengers. Blanket insurance protects the passengers while traveling by these planes. All equipment is under government inspection, and the pilots are transported men of proven character and ability.

"The cost of this transportation airplane from El Paso to Douglas is \$20; to Tucson, \$32.50; to Phoenix, \$45; to Los Angeles, \$77.50 plus the fare of \$18.05 from Cisco to El Paso."

LINDBERGH ENGAGED TO MISS MORROW

By GESFORD F. PINE. MEXICO CITY, Feb. 13.—Miss Anne Spencer Morrow, the quiet, home-loving girl who is to marry the world's most famous flier, went about her normal life today ignoring the fact that the chief topic of discussion among millions of people was her romance with Col. Charles A. Lindbergh.

Miss Morrow and her family, beyond the bare announcement of the engagement made yesterday by Ambassador and Mrs. Dwight W. Morrow, indicated plainly that public curiosity was not to be satisfied. Mexico City society was chiefly interested in the belief that the wedding would be held here, probably in the spring. The Morrrows, however, gave no hint.

News that Col. Lindbergh, the taciturn, efficient idol of the air who was considered girl-shy, had become engaged to Miss Morrow, came as a complete surprise. Ambassador Morrow summoned the press and issued the following statement: "Ambassador and Mrs. Morrow have announced the engagement of their daughter, Anne Spencer Morrow, to Col. Charles A. Lindbergh."

BEAUTIES AT C. I. A. TO BE SELECTED

DENTON, Feb. 13.—College beauties and favorites will probably be chosen this month at the College of Industrial Arts, according to members of the staff of the Deadalian college annual. Instead of electing the eight most beautiful girls in the school, as has been the custom in years past, the students will choose a beauty and a favorite from each of the four classes. No students elected as beauties in former years will be eligible for the contest this year.

PEOPLE ARE CRITICAL OF A PIMPLY FACE!

No longer do people pity a person with pimples or other displeasing skin blemishes. In fact they are apt to criticize and avoid such a person, because pimples are usually a sign of carelessness and neglect.

If you want to be admired for a clear, healthy complexion ask for Black and White Ointment and use it according to directions. It is pleasant to use, highly beneficial and scientifically safe.

For best results use Black and White Skin Soap with Black and White Ointment. All dealers sell them at small cost.

ROTARY HEAD TO BE HERE TOMORROW

Rue P. Parcels, of Amarillo, governor of the 41st district of Rotary International, will be the guest and principal speaker at the meeting of the Cisco Rotary club tomorrow noon. This is the official visit of the district governor and the Rotarians here are striving for a full attendance of the membership to insure the liveliest and best meeting of the year as the head of the luncheon clubs in this district is greeted. The entire program will be given over to the visitor, no specialities of a local nature having been arranged. President T. Hunter Foley, announced.

BOY SCOUT EXECUTIVES PLAN WORK

At a luncheon of the Boy Scout committees of the Cisco district at the Savoy cafe Tuesday, which district includes Rising Star and Pioneer, chairmen of the various committees were elected. The attendance of the executives of the district was 100 per cent, and in addition there were present P. C. Campbell, of Dallas, deputy regional executive, and Guy Quirl, of Eastland, council executive of the Boy Scout movement. The following district chairmen of the various committees were elected:

E. P. Crawford, district chairman; O. J. Russell, chairman of troop organization; Hugh S. White, chairman of activities; Rev. E. C. Boney, chairman of the court of honor; J. D. Lauderdale, chairman of finance; R. M. Herron, deputy Scout commissioner. P. C. Campbell, deputy regional executive, who was present, assisted in working out plans for future Scout activities, which includes monthly meetings of the executives, and a meeting once every three months of like executives of Cisco, Eastland and Breckenridge in joint council at one of the three towns.

The first week in April, date to be designated, there will be a district meeting where all parents of the Scouts, Scout officials and others interested in the movement, will be held for the purpose of discussion of matters of Scout interest. At this meeting there will also be a regional representative who will be the principal speaker on the program, which will also include local people.

An executive board meeting of the Boy Scout council, composed of the Scout organizations of Eastland and Stephens counties, was held in Eastland Monday night. Council officers were elected at this meeting, and are as follows:

Alex Clark, Eastland, re-elected

president; L. A. Carter, Cisco, first vice president; E. P. Crawford, Cisco, second vice president; C. E. May, Ranger, treasurer; Rev. H. B. Johnson, Ranger, Scout commissioner; O. L. Elliott, Breckenridge, chairman civic service committee; A. H. Allred, Breckenridge, chairman of the reading committee; J. M. Perkins, Eastland, chairman of the campfire committee; S. M. Sellers, Rising Star, chairman of the rural Scouts committee; J. C. Smith, Ranger, chairman of troop organization; Rev. B. C. Boney, Cisco, chairman of the court of honor committee; Homer Breisford, Eastland, chairman of the finance committee; Walker Harrell, Ranger, chairman of leadership and training committee; Russell Jones, Eastland, chairman of the health and safety committee; Boyce House, Eastland, publicity chairman.

P. C. Campbell, of Dallas, regional executive, was present at the meeting and made an inspirational talk. Each chairman had something to say for the good of the Scout movement. Another meeting of the executive board will be held Feb. 25 when each chairman will be expected to have a report on the objectives set for Scout activity during the year.

DAUGHTER DEAD. Cisco friends of Mr. and Mrs. Frank Ready will be grieved to learn of the death of their 15-year-old daughter, Miss LeClair Ready, which occurred in their home at Dallas recently. Friends here were not advised of the date of the girl's death. Mr. and Mrs. Ready formerly lived in Cisco, where the couple were married, and where they made their home before their removal to Dallas. Mrs. Ready was Miss LeClair Yeargan, whose parents operated the Gables hotel in this city, at one time.

There's a dirty ring around your washtubs

It comes from the hard water you use to wash clothes in. Soap and hard water combine to make scum. The scum collects dirt. Part forms a dirty ring. Much gets into the fabric of the clothes. It makes them hard to wash snowy white.

But soften the water with MeLo and no scum forms. No dirty ring. No grayish white clothes. MeLo and water is a wonderful cleaner, with or without soap. It saves soap, too, from 1/3 to 1/2 the amount ordinarily used. It makes soap more effective. It makes clothes white. Get it at your grocer's.

ACTION TO BE TAKEN ON RANDOLPH COLLEGE CAMPAIGN HERE

Board of Directors of Chamber of Commerce Told of Drive Now Being Conducted Among Churches

Decision to take definite action at once upon the campaign to raise funds for Randolph college as agreed upon by the chamber of commerce some time ago was taken at the regular monthly meeting of the board of directors of the chamber last night.

Upon the unanimous vote of the board President E. P. Crawford was instructed to name a committee which will get down to work immediately to devise some plan by which this campaign may be carried on.

The action followed a report by Rev. S. J. Snellesworth in charge of the campaign which Randolph college is now conducting among the churches of the Diocese of Christ throughout Texas for funds with which to perpetuate and improve the college here. The fact that already in the neighborhood of \$50,000 has been raised among the churches indicates to the directors that the future of Randolph is so well assured that Cisco can afford to and should get behind the school with all the support that is possible locally.

A special meeting of the board will probably be called within the next few days to go over into the matter following the recommendations of the committee to be appointed by President Crawford.

The matter of seeking for the members of the band who are completing school this year was also brought up and considerable considerable discussion following the report of J. A. Bearman, J. T. Elliott and Dr. Charles Hale, committee members named to meet with representatives of the school board and the athletic council, that neither the school board nor the athletic council felt financially able at this time to join the chamber of commerce in purchasing the trophies. Bandmaster G. W. Cullum was present to urge action upon some plan by which these graduates as tokens of appreciation for their four years work as well as incentives for members of the band who will graduate in future years.

The discussion ended with the decision to name a committee to meet with representatives of the band and athletic council to frame some plan by which money for the purchase of the trophies may be secured.

MAN PICKED UP HERE HAD SMALLPOX

W. C. Owens, banion tourist, was picked up by the night patrol Monday night and locked in the city jail Tuesday morning. The prisoner was examined by the city health officer, Dr. John H. Brice, who said he had a well developed case of small pox. County Judge Clyde Garrett was communicated with and Owens will be sent to the hospital and placed in the county post house. The taggart charge against him was dismissed as were similar charges filed against P. K. McFadden and Howard Johnson, who were arrested at the same time and who were jail mates of Owens Monday night. Before being liberated, McFadden and Johnson were vaccinated by the city health physician. City officials who were exposed to the small pox prisoner have been vaccinated and the jail fumigated. It is thought by the health officer that the only persons liable to the contagion are those with whom Owens came in contact previous to his detention, as he was seen bending food at local cafes. These, Dr. Brice said, should take the precaution to have themselves vaccinated at once. McFadden and Howard missed a season's vacation at Lake Cisco by the development of the disease in their jail mate.

CISCO WOMAN'S FATHER BURIED AT ARLINGTON

Funeral services for the late J. H. McKinley, father of Mrs. W. I. Ghormley, of Cisco, who died at the home of another daughter in Arlington Monday, were held at the home of this daughter, Mrs. Valin Woodward, in that city, Tuesday afternoon, conducted by Dr. H. B. Duna and Dr. S. M. Bennett. Dr. and Mrs. Ghormley were in attendance. Burial was in the Arlington cemetery. Besides Mrs. Ghormley other surviving children are Mrs. Tom Craven and Mrs. Woodward of Arlington. McKinley was 77 years of age and one of Arlington's earliest settlers and pioneer merchants. He was a member of the first municipal band organized in that city and had been a member of the city council on different occasions. He was the last surviving member of the first Baptist church established in that city and was present and assisted in the organization of the Tarrant county Baptist association.

Meet "Mr. Prague"!

"ALIAS JIMMY VALENTINE" IS BIG SENSATION

"Alias Jimmy Valentine" Metro-Goldwyn Mayer's first picture with talking sequences opens at the Palace theater at 7 o'clock today.

The new picture remains orthodox and "zippy" up to the point where Jimmy, in the person of William Haines, is seated in his office in the bank of which his prospective father-in-law is president, and is visited unexpectedly by Doyle, the hard-boiled sleuth, who knows of the safe-cracking exploits that preceded his reformation, and is eager to take him back to justice.

At this point, where the interest and excitement of the audience is at its highest, the picture switches up to the first talking scene, spoken words are used to supplement the dramatic action. The scene here is exactly the same as it would be on the stage, with Doyle, in the person of the veteran actor Lionel Barrymore, probing relentlessly into the boy's past. Jimmy, parrying his thrusts adroitly, then, in a second's time, without any loss in dramatic intensity, the scene is changed to the vault down stairs, where the small sister of the girl Jimmy loves is accidentally imprisoned.

William Haines makes his entrance into the "talking picture" with "Alias Jimmy Valentine," as does Lelia Hays, who has the feminine lead in the picture. Both are said to have done exceptionally well, despite their inexperience in this new medium of expression. In fact, according to Hollywood executives of various companies, there are very few actors or actresses on the coast who cannot, with a little practice, meet all the demands of the talking film. Most of those whose voices have been tried to date have far surpassed advance expectations. And there are other talking pictures in the pipeline which will see and hear Florida.

A 9 O'CLOCK TOWN.

LOS ANGELES, Feb. 13.—If it weren't for Hollywood Los Angeles would be a nine o'clock town. Hollywood keeps awake long enough to share honors with San Francisco and be known as a full-time "10 o'clock" city, it has been discovered by the Los Angeles League of Power and Light. Statisticians did their best to get Los Angeles on the honor roll but were unsuccessful.

"All we discovered," they reported, "was that the bulk of residents in Los Angeles still retain the habits of the town and small town. They go to bed earlier than San Franciscoans. Our residential light curves begin to drop at 9 o'clock at this season of the year, and from 9 to 11 the drop is swift and steady. Before 12 o'clock practically all of Los Angeles is asleep. After 11 o'clock scarcely a light is left burning in some of the residential districts."

FLORIDA MAY BE SCENE OF ANNUAL BOUTS

By FRANK GETTY. MIAMI BEACH, Fla., Feb. 13.—The possibility that Florida might become the setting for an annual heavyweight fight of major importance has been voiced by all those concerned in the promotion of the fourth-coming Sharkey-Stribling affair.

Richard Hoy, mild-mannered but energetic junior partner in Hayden Stone and principal stockholder in Madison Square Garden, is the latest to admit his approval of the plan. Only a day or two ago the west coast made an energetic bid for a heavyweight bout next winter, offering \$500,000 for a contest similar to that in which Sharkey and Stribling will engage here February 27. Jack Dempsey, who is rapidly feeling his way through the intricacies of this business of promoting pugilism believes that

it will be possible to make even more money with a heavyweight fight in Tampa than in Miami.

The proposal to hold an important heavyweight contest here each winter might prove feasible but would elicit enthusiasm in Florida over the forthcoming affair overlook the relative importance of the principals. Down here at Miami Beach, there is little talk of Young Stribling or Jack Sharkey. Dempsey, Bill Carey and the others who have pitched in to make the affair a success are the ones who occupy the spotlight.

Without the personality of Jack Dempsey, the magnetism and business acumen of Carey, the enthusiastic backing of the multi-millionaires who have given a sporting and not a financial interest in the affair, the Sharkey-Stribling fight could have been anything but a failure.

"I light up a Lucky

whenever I am tempted to eat between meals"

Herbert Bayard Swope

Herbert Bayard Swope, Internationally known journalist, former Executive Editor, N. Y. Morning World

"The activities of a newspaper demand good physical condition. I find Lucky Strike an immeasurable aid in helping me keep trim and fit. Whenever I am tempted to eat between meals, I light up a Lucky. Toasting makes Lucky Strike the cigarette of joy and benefit."

HERBERT BAYARD SWOPE

THE modern common sense way—reach for a Lucky instead of a fattening sweet. Everyone is doing it—men keep healthy and fit, women retain a trim figure. Lucky Strike, the finest tobaccos, skilfully blended, then toasted to develop a flavor which is a delightful alternative for that craving for fattening sweets.

Toasting frees Lucky Strike from impurities, 20,679 physicians recognize this when they say Luckies are less irritating than other cigarettes. That's why folks say: "It's good to smoke Luckies."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during the year 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

NEW SENATE BILL IS ANOTHER SHOT AT PARTY BOLTERS

Love, Expected to Be Candidate for Governor in 1930, Says Measure Is an Effort to Elect Barry Miller

AUSTIN, Feb. 13.—Another shot at party bolters who might later have candidate ambitions was contained in a bill introduced into the senate late Tuesday by Sen. A. J. Wirtz of Guadalupe and signed by fourteen other senators, representing half of the upper house. This bill states that every political party in this state, through its state executive committee, shall have the power to prescribe the qualifications of its own members and shall in its own way determine who shall be qualified to vote or otherwise participate in such political party.

It further gives the party state executive committee power to prescribe the qualifications of those entitled to have their name placed on the official ballot at any primary election of such party. The introduction of this measure drew fire from Sen. Tom Love of Dallas, possibly the outstanding Democratic party "bolter" in the last general election.

Senator Love is being widely spoken of as a candidate for governor in 1930 and the senator himself has not denied the possibility. In this bill, just introduced in the senate, Senator Love sees another thrust at him as taken in the "sackcloth and ashes" bill by Representative Luke Mankin of Georgetown, defeated in the house Monday.

"Tammany tactics" is the characterization he gave Wirtz's bill in interviews. "It is just another effort of a number of senators to elect Lieut. Gov. Barry Miller governor of Texas in 1930 by statute," he said. "But I predict that the next governor of the state of Texas will be elected by the people," he declared.

"This bill is just a try in another way to get the legislature to do what the house refused to do Monday when it killed Mankin's bill," he continued. "If Wirtz's bill passes in the senate, it will be defeated in the house," he predicted.

"For the past 25 years the law has prohibited an executive committee of a political party from having any say about the political past of a candidate in the primaries," the senator explained. The following senators affixed their signatures to Wirtz's bill, Gus Russek, C. C. Small, W. A. Williamson, W. E. Thomason, J. W. Stevenson, Nat. Patten, Archie Parr, E. W. Miller, W. N. Martin, J. W. Hornsby, C. S. Gainer, J. W. E. H. Beck, O. C. Cunningham, and E. P. Berkley.

CRIMINAL SETTING IN 88TH COURT

The following are the criminal cases which have been set for trial in the 88th district court for this week:

J. E. Putman, forgery; Luther Gilbert, driving while intoxicated; Luther Gilbert, transporting liquor; Bruno Lopez, driving while intoxicated; Nicely Hope, theft of automobile; Leonard Harvey, theft of automobile; John W. Brawley, possession of liquor; John W. Brawley, manufacturing liquor; Jack Lee, passing a forged instrument; Jack Lee, forgery; Autie Watson, burglary; Dave Collins, possession of still; Tom Hughes, possession of liquor; W. P. Bennett, driving while intoxicated.

Cases against Nicely Hope, Leonard Harvey, Jack Lee, Autie Watson, Dave Collins and Tom High were by the court transferred on his own motion to the 88th district court on account of the heavy docket in the 91st due to the large number of indictments returned by the recent grand jury.

OIL NEWS OF SOUTHWEST

SAN ANGELO, Feb. 13.—Hill interest in eighty producing acres in the Yates field has been purchased from the Mazda Oil corporation of Tulsa by W. A. Monerief, independent oil operator of Fort Worth for a consideration of \$150,000, it was officially announced here.

The Savoy Oil company of Tulsa, owns the other half interest and will continue operation of the property, which stands in the center of the north half of section 24, block 194, Gulf, Colorado & Santa Fe railway company survey.

DALLAS, Feb. 13.—The Penn Oil company, a Delaware concern has become incorporated and will have offices in Dallas, it was announced recently. The new company has an authorized capital stock of \$2,000,000 and approximately \$1,250,000 in the first issue. The corporation is to take over the entire oil business of Robert R. Penn, and Dallas officers will be continued. Mr. Penn is president of the concern and J. M. Willis will be secretary and treasurer.

"BROKE" BUT HE HAD NICE BANK ACCOUNT

Joe Koren, who was detained by the police Monday night, and against whom vagrancy charge was filed, was another mendicant with a bank account. Koren was arrested after he had taken a pie from a local bakery, and when taken to police headquarters said he was broke, but a search of his clothing revealed the sum of \$5 on his person, and a bank pass book on a Chicago bank showing deposits, as of January 24, of \$262. Koren wired his Chicago bank to send the amount of his fine and costs, and will not be compelled to take training in citizenship at Lake Cisco.

Charges That Politics Played Important Part in Purchase of Highway Machinery Investigated

AUSTIN, Feb. 13.—The charge that bidders on state highway machinery were told that they were "not right politically" and that they wouldn't get anything as long as a certain highway employe had anything to do with it was made by Roy I. Tennant of the state board of control before the legislative committee investigating the highway department and board of control last night. Tennant did not give the source of the information.

Tennant complained also that pressure was brought to bear to force the ordering of equipment favored by the highway commission. Asked specifically for an instance he cited editorials in the Houston Post-Dispatch, which he charged chiefly belittled him as setting up his judgment against the highway employes. He quoted the articles as saying: "If machinery is not bought soon by Mr. Tennant some more will be published." The paper, he said, is owned chiefly by R. S. Sterling.

At one point in the hearing Tennant and Gib Gilchrist state highway engineer clashed directly as to what occurred at a conference between them. Tennant charged that the highway department was recommending purchase of certain equipment on a bid price after the company had advertised a cut in the price.

Highway Commissioner Cone Johnston asked that the charge that the equipment engineer's duties did not extend to buying equipment but only to care for it after purchase.

The equipment engineer's name, however, is signed to requisitions together with other officials. A letter was offered showing an equipment dealer sending notice of a cut in price to the department "attention" of the equipment engineer.

Tennant started to tell what Governor Moody said at a conference with the board of control

members when they appeared to him in the highway machinery matter but was not allowed to on the ground that it was hearsay. "The highway department would not be bound by what the governor said not in their presence" was the objection.

Repeated objections were lodged to Tennant testimony. Finally Polk Hornaday of the committee protested that the committee was an investigating committee and capable of separating what was valuable from what was not.

Senator Walter Woodall of Houston objected that the "jury" is the public which is hearing the testimony as carried by the press. Questioned as to why he finally purchased equipment against his judgment, Tennant cited a complaint made by the highway department that road maintenance was suffering greatly because the board of control wouldn't buy the equipment asked.

He declared that Highway Engineer Gib Gilchrist had told him that if the board of control bought anything except what was ordered by the commission, it would not be considered or paid for. He quoted Highway Engineer Gilchrist for saying at another time when he questioned the need for certain type machinery that "It was nobody's business what was done with the machinery after it was bought."

Tennant said the board of control buys for 97 state departments and has had controversy only with the

highway commission and once with a university building committee over dormitory furniture. The committee investigating the land office held but a short session hearing testimony from J. C. Keller of Yoakum county on the value of West Texas lands.

RANDOLPH GIRLS PLAY WEATHERFORD

Thursday afternoon at 4:30 the Badger Kittens will play the powerful Weatherford college girls. The Weatherford team is one of the strongest teams in the conference. This is the first conference game for Randolph and much depends upon winning the opening game.

Last year the Randolph girls were barely able to defeat the girls from Weatherford by one point. This year the Weatherford girls will be out for revenge.

The starting lineup for Randolph will probably be: Forwards—Bates and F. Mansfield; centers—Quals and Fulford; guards—L. Mansfield and Russell.

The team is in good condition, not having played a game in over two weeks.

The Randolph boys leave this afternoon for Stephenville where they will play the Blueboys at 7:30 Friday morning both Randolph teams will go to Greenville for a two game series each. These will be official games and will count much in the strengthening of the conference race.

SOCIETY

S. O. S. Club.

The members of the S. O. S. club were entertained Tuesday night at the home of Miss Madeline Shepherd. During the bridge games radio music was enjoyed. Miss Addie Fee won high score and was presented with an attractive hand-drawn picture. Miss Catherine Cunningham received a pyramid shoe duster as low score prize. A guessing contest, conducted by Mrs. Ford Hubbard, created much fun. Misses Mary Jane Butts, Catherine Cunningham and Alime Walker were the winners in the contest and each were presented with a gift. The hostess, assisted by Miss Ruth Endicott, served refreshments, consisting of a salad course, fruit cake and tea. Those present were: Misses Ester Hale, Helen Williamson, Alime Walker, Mary Jane Butts, Ruth Endicott, Addie Fee, Catherine Cunningham, Mary Elizabeth O'Flaherty, Mrs. Ford Hubbard of Coleman.

30 BAPTISTS FROM HERE AT BRECK MEETING

A motorcade of eight cars took 30 members of the First Baptist church to the meeting of the Workers' Conference of the Cisco Baptist association which met yesterday with the First Baptist church of Breckenridge. Those attending from Cisco were: Mr. and Mrs. J. R. Burgett, Mr. and Mrs. E. J. Poe, Miss Letha Eskew, Mesdames George McClung, C. S. Stephens, H. L. Kunkel, Eugene Lanford, P. P. Shepard, J. M. Hickey, Asa I. Skiles, W. H. LaRoque, T. T. Stephenson, F. B. Matthews, B. F. Jones, W. H. Hayes, C. H. Farquhar, F. W. Murphy, E. C. McClelland, D. D. Lewis, Jasper Daniels, George W. Carmichael, Rufus Pettit, A. B. McMillan, Charles H. Van Eman and her father, W. L. Turner, Rev. and Mrs. A. C. Miller and Rev. J. W. Thomas.

Incident to the going of Rev. C. R. Shirar, who for four years has been pastor of the Breckenridge church to the pastorate of the First Baptist church of Temple, the following resolutions were introduced by Rev. A. C. Miller and unanimously passed by the body:

"Be it resolved by the Workers' Conference of the Cisco Baptist association that we commend Rev. and Mrs. Shirar to our friends everywhere for their consecrated lives, wise leadership, and sympathetic counsel in the work of our churches and denomination; and, be it further resolved that we extend to both of these friends our devoted love and esteem; that we express to them our sincere appreciation for their faithful and untiring service in the work of the association; and that we together with the blessings of the Heavenly Father and His church, in His new field to which He has called them."

LOBOES TAKE FIRST GAME OF TITLE SERIES

The Cisco Lobos, in the hardest fought game that they have played this year, last night took the first game of the recently basketball championship series from the Breckenridge Buckaroos by the margin of one point when Whitehead, Lobo forward, threw a field goal in the last 30 seconds of play. The game was played at Breckenridge.

The final score of 18 to 17 vividly tells the tale of a furiously fought, cage battle between these two ancient high school rivals.

The Lobos had led by two points through the first half, but the Buckaroos rallied in the last stanza and commanded a one-point lead up until the short side shot dropped by the little Cisco forward.

Both teams were rather off their games, as they were too anxious to play steady ball. Numerous shots were missed by both sides.

A second game between the two teams will be played here Thursday evening at 7:30 at the high school gym and in case the Lobos win they will be champions of Stephens and Eastland counties in class A Inter-scholastic League high school basketball and ready to move against the champions of other counties in this district. Should the Buckaroos win a third game will be played Saturday night at a place to be designated.
