VOLUME X. ON "BROADWAY OF AMERICA" CISCO, TEXAS, SUNDAY, FEBRUARY 24, 1929. TWELVE PAGES TODAY. NUMBER 7

TEXAS

By WILL H. MAYES
Austin.

SANTA FE EXTENSION.

The proposed extension of the Orient—now the Santa Fe—from San Angelo to Sonora will open up to railway traffic one of the richest sections of Texas. The distance is 62 miles and Christoval and Eldorado are to be on the line, both these towns having met all the requirements to get the road. The line will follow pretty closely the old Orient survey made in 1911 and will bring about a realization of the long-time expectations of the people of that part of the state. It might not be amiss to inquire just here what San Antonio is doing to raise its part of the necessary funds to secure the building of the road through Mason and Brady to San Angelo. A while back that city renewed its periodical efforts to show the people of the territory to its northward that it was interested in such a line, but its ardor appears to have cooled once more.

UNDESIRABLE CITIZENS.

Officials at Greenville are inclined to credit the recent murder of a retired jeweler in his apartment in a leading hotel there to gangsters who have been driven out of Chicago. Altruists in other parts of the state indicate that Texas is now receiving many undesirables from other states who have found it difficult to carry on their crimes in northern and eastern cities. These should get such a warm reception in Texas that they would be glad to get back to colder climates and more positively they are rushed out of Texas the better for the state. Criminals of all classes should be given short shift in Texas. Front pages of Texas daily papers are containing too much crime and sensational news and not enough constructive news.

COLD SNAP MAY HELP.

The last cold weather killed much of the tender vegetable crops of south Texas, in some places possibly as much as 50 per cent. Where it can be done advantageously the crops are being replanted, but this is impractical in some sections with some crops. However, those who have made a close study of the situation say that whatever losses may be in quantity will likely more than be made up by the increase in prices, so after all Texas may be the gainer by what at first appeared to be a loss.

TEXAS STRAWBERRIES.

The Texas strawberry crop appears to have suffered but little from the cold, and luscious berries are now being marketed from Pearsall and other berry growing parts of South Texas. If there is anything better than the Texas strawberries it is the fine dewberry of east and central Texas of which there will no doubt be the usual abundance.

MAY PICTURE GOAT DRIVE.

The magnitude of the goat and mohair industry of Texas is shown in the movement of one herd of 11,500 goats from the Edwards plateau to the Big Bend section for pasturing. It is proposed to film this herd as it crosses the Pecos river, the picture to be shown in news reels. Texas has become the leading producer of mohair and its goat herds are increasing rapidly. Producers are getting the state more favorable publicity than all the "good-will" tours that can be arranged.

MORE NORMAL SCHOOLS.

Twelve members of the legislature recently made a trip to Meridian to investigate a proposition to turn over the college there to the state for another normal college. The state now has more normal schools than it can operate advantageously, and is about as much in need of more as it needs more gasoline stations. But the legislators had a nice free trip and a better dinner than they could have had in Austin, so why complain?

MORE LEGISLATIVE SESSIONS.

It now appears pretty certain that there will be at least two special sessions of the Texas legislature. The session was made certain when the lower house refused to consider appropriation measures at the regular session and the other was assured with the failure to pass certain administration measures. Well, Texas can stand a great deal.

NEW EDITOR.

HOUSTON, Feb. 23.—Appointment of W. O. Huggins to be editor of the Houston Chronicle was announced today by Jesse H. Jones, publisher. Mr. Huggins succeeds the late C. B. Gillespie, who died February 7. Mr. Huggins is vice-president of the paper and for many years has been a director.

GIANT AIRWAYS MERGER FORMED

Hoover Promises Clean Up Patronage Situation

GANG MURDER WITNESS KIDNAPED

Dentist, Who May Hold Solution of Chicago Mass Slaying, Found Wandering in Daze About Detroit

ABOARD TWILIGHT LIMITED EN ROUTE TO CHICAGO.

Feb. 23.—A 27-year-old dentist, released after a 15 hour ride with his gangster captives, was enroute to Chicago tonight possibly with the solution of the machine gun massacre of seven men in a Chicago garage on St. Valentine's day.

The dentist, Dr. Loyal W. Tacker, was found wandering in a daze this afternoon on a Detroit street. He told police he had been kidnaped in Chicago last night after it had become known that he was a witness in the gang massacre inquiry in that city.

WITNESSES FEAR TO TESTIFY.

CHICAGO, Feb. 23.—Intimidation of witnesses, characteristic of gangland tactics, slowed up investigation today of the murder of seven members of the "Bugs" Moran gang. Coroner Herman Bundesen announced when his jury of business leaders met to hear additional testimony in the case, that three new witnesses who had seen the squad car used by the killers were afraid to testify because of reports that other witnesses had been threatened with death.

DEATH THREAT LETTERS RECEIVED.

CHICAGO, Feb. 23.—An important witness in the investigation of the St. Valentine's day gang massacre here has disappeared, police announced today and death threat letters have been received by two others.

ASK GUNBOATS TO PROTECT U. S. CITIZENS

PEKING, China, Feb. 23.

American alarmed by civil warfare which has broken out simultaneously in Hunan and Shantung provinces, asked today that gunboats be sent to Changsha and Chefoo.

They apparently were in no present danger, although firing could be heard in Chefoo, where General Chang Tsung-Chang is seeking to recover control of Shantung province from nationalist forces. Heavy fighting was expected in both areas.

CHICAGO, Feb. 23.

Police were told by a witness who saw the car leave the garage that one of the men had a tooth or two missing. Dr. Tacker appeared at police headquarters a few days later and identified pictures of a gangster as those of a man whose teeth he had extracted a short time before the murders.

Police fear that he may have been "taken for a ride" to prevent his giving further identification. Threatening letters were received by Mrs. Alphonse Morin and Mrs. Jeanette Landsman. Mrs. Morin lives directly across from where the seven men in the massacre were lined up and shot down. Mrs. Landsman lives next door to the garage.

The letters advised the women to "keep your mouth shut." One letter said "that's the best thing that's happened around here," apparently referring to the massacre. One letter was signed "The Gang" and another "Chi. Boys."

AUSTIN, Feb. 23.

A north Texan waiting in the visitors' seats in the state senate began chatting last night with an eager faced young man who sat beside him listening to prison removal debate. "You live here?" asked the north Texan. "No, but I have been staying here recently," was the reply.

RECESS OF SENATE SATURDAY UNTIL MONDAY, FORCED BY LACK OF QUORUM, BLOCKS PRISON BILL FOR THIRD DAY

AUSTIN, Feb. 23.

Prison relocation legislation was successfully blocked in the senate today for the third successive day when lack of a quorum forced a recess until Monday. The decision to recess came after more than a half hour's unsuccessful search for the absentees while the senators in the chamber imprisoned themselves with guards at all exits.

HOOVER SENT INVITATION TO EL PASO

AUSTIN, Feb. 23.—President-elect Herbert Hoover was formally invited to visit El Paso, Tex., on May 13, 14 and 15 when Pres. Porto Gil will also be a visitor in El Paso. The invitation was voted by the Texas senate today.

Art Prodigy at 12

At the age of 12 when most girls are still playing with dolls, Harriette Verdier of Memphis has made great headway as a modeler in clay. She is shown here putting the finishing touch on a likeness of Keeble Heron, lawyer.

MARINES MAY BE KEPT IN NICARAGUA

WASHINGTON, Feb. 23.—Marine occupation of Nicaragua may continue, the senate decided today in reversing its stand of last night. By a vote of 48 to 22 it decided to eliminate from the naval appropriation bill the Dill amendment which would have prevented the marine corps from using any of its appropriation to maintain its forces in the Central American republic.

RURAL SCHOOLS WILL GET FULL STATE AID NOW

AUSTIN, Feb. 23.—A warning against early closing of rural schools was issued today by State School Superintendent Marrs who announced that the emergency appropriation made by the legislature this week assured payment of all rural aid allotments without reducing them 20 per cent as threatened for lack of funds.

SMALL GIRL POISONED BY MOTHER, DEAD

LITTLE ROCK, Ark., Feb. 30.—Eugenia Calhoun, 7, daughter of Mr. and Mrs. Austin C. Calhoun, died in a hospital today of poison given her by her mother Thursday.

The mother, Mrs. Pauline Calhoun, 27, has been unconscious nearly two days and a younger sister, Betty, 5, is in a serious condition. The mother gave her two daughters poison and then took a quantity of it herself in an effort at double murder and suicide, police said. Betty has "an even chance" for recovery, physicians said.

BROOKHART PLANS PRESS INVESTIGATION

WASHINGTON, Feb. 23.—President-elect Hoover gave assurance today that he will clean up the southern patronage situation that precipitated a senatorial investigation.

He discussed this investigation with Senator Brookhart, Republican, Iowa, chairman of the investigating committee, who said afterward he felt the situation would be thoroughly cleaned up by President-elect Hoover. Brookhart's committee has been investigating charges that federal offices were sold in the south by some Republican politicians.

MILLER PUT FORWARD FOR GOVERNORSHIP

AUSTIN, Feb. 23.—Lieutenant Governor Barry Miller was definitely put forward as a candidate for governor and pledged the unsolicited support of numerous senators this morning when the senate ousted him from the chair and reelected him on his election as deputy grand master of Texas Odd Fellows.

PARADE OF UNEMPLOYED AT LONDON

LONDON, Feb. 23.—Marchers in the parade of the unemployed converging on London, arrived at the outskirts of the city today in five groups. They were welcomed by a reception committee headed by the extremists, Tom Mann and A. J. Cook.

Two American Mining Engineers, Slain in Mexico, May Have Been Victims of Stray Federal Bullets

MEXICO CITY, Feb. 23.—Stray bullets from the guns of Mexican federal troops may have slain two American mining men, private advices from Guanajuato indicated tonight.

The bodies of C. C. Alsethrope and J. M. Underwood were found by federal soldiers less than four miles from Guanajuato last night. Immediately after they had skirmished with a band of rebels, the advices said. It had not been ascertained tonight whether they were slain by rebels or whether stray shots from the federal guns killed them. It was pointed out here, however, that the bandits generally killed their captives when they learned federal troops are in pursuit of them. Mine operators in districts where bandits frequently operate generally prefer to treat with them through civilian intermediaries and pay ransom rather than inform federal authorities.

Presides at Paris

Owen D. Young, chosen chairman of the committee of reparations, is shown here in a suit and tie.

LINDBERGH AT EAGLE PASS ON INSPECTION

EAGLE PASS, Feb. 23.—Colonel Charles A. Lindbergh landed his wasp monoplane at the airport here tonight on the third leg of his westward airport inspection trip. He planned to resume his westward flight tomorrow. His destination being the Pacific coast, Lindbergh's arrival here came as a surprise as airport officials had not been advised beforehand of his coming.

WON'T APPEAL FOR U. S. AID.

SAN ANTONIO, Feb. 23.—C. J. Kurtz, president of the Guanajuato Reduction and Mines company of Mexico will not seek American intervention in the killing by Mexican bandits of C. C. Alsethrope and J. M. Underwood, gold mining engineers, because of an agreement with the Mexican government to not ask aid in event of any trouble, Kurtz said here today. "An appeal for aid would jeopardize all our Mexican holdings," Kurtz said.

THE WEATHER

West Texas—Generally cloudy, somewhat warmer tonight; Sunday cloudy with rain and warmer in southeast portion.

East Texas—Increasing cloudiness, rain west coast with warmer tonight; Sunday cloudy, rain southwest portion and warmer in east; warmer, extreme northwest portion Sunday.

Practically All Southern Lines Are Consolidated With Texas Air Transport; Center at Fort Worth

NEW ORLEANS, Feb. 23.—Consolidation of the Gulf Air Lines of New Orleans with the Texas Air Transport, Inc. of Fort Worth, Texas, combining practically all air mail and passenger routes in the south, was announced here today.

The new concern to be known as the Southern Air Transport, Inc. will have control of all southern air routes with the exception of the Pitcairn lines between New York City, Atlanta, and Miami.

HALDEMAN MAKES HOP TO HAVANA

HAVANA, Cuba, Feb. 23.—George E. Haldeaman, who with Ruth Elder was forced down in mid-Atlantic after an unsuccessful attempt of a non-stop trans-Atlantic flight, today blazed an air trail from Windsor, Ontario, to Havana.

THEATER ROBBED.

HOUSTON, Feb. 23.—Choosing a time when the streets were crowded with shoppers an unmasked bandit held up the Queen theater in the center of the business district here today and escaped with \$335.

HOOVER WON'T GET NEW AIDES; TOM OBJECTS

WASHINGTON, Feb. 23.—Appropriation to allow President-elect Hoover two additional secretaries was stricken from the second deficiency appropriation bill today when Representative Blanton, Democrat, Texas, raised objection to it. Blanton, protested there was no authority to allow the president two extra secretaries and moved that the items be stricken from the bill.

PARADE OF UNEMPLOYED AT LONDON

LONDON, Feb. 23.—Marchers in the parade of the unemployed converging on London, arrived at the outskirts of the city today in five groups. They were welcomed by a reception committee headed by the extremists, Tom Mann and A. J. Cook.

THE WEATHER

West Texas—Generally cloudy, somewhat warmer tonight; Sunday cloudy with rain and warmer in southeast portion.

East Texas—Increasing cloudiness, rain west coast with warmer tonight; Sunday cloudy, rain southwest portion and warmer in east; warmer, extreme northwest portion Sunday.

THE CISCO DAILY NEWS

Published by THE CISCO PRINTING & PUBLISHING CO. 304-306 D Avenue, Cisco, Texas.

OBSOLETE JAILS.

The National Crime commission, after a careful study of jail conditions throughout the United States, recommends that "individual states should take over the care of all their convicted prisoners."

Of course the gun gangs are only doing what whole nations do when they are at war. But they are behind the times. The gangsters should renounce war as an instrument of policy.

FINANCIAL CONTROL.

Speaking of the efforts made by the Federal Reserve board and conservative private bankers to control the financial situation, a critic says: "About all that has developed so far is a general fear that the banks will be unable to carry their assault on speculation to an effective end without also involving business in its downfall."

The trouble with American jurors, says one critic, is that they are ignorant. Another critic says the trouble with some of them is that they know what they want.

GUIDE TO VITAMINS.

Guests at the annual dinner of the American Institute of Science in New York on February 28 are going to have a treat. They are going to eat, among other things, a tidbit described as "pure, solidified, edible sunshine."

the sun or artificially from solar lamps. So there are now three well established ways by which we can get the vitalizing force we need.

A man never realizes his helplessness so much as when he tries to hang up a woman's bonnet. Especially these late models.

DISCIPLES OF DEPEW.

Mrs. Chauncey M. Depew is giving \$120,000 to establish a department of public speaking in George Washington university. This is intended as a memorial to her famous husband.

MILLIONS FOR BIRDS.

The federal migratory bird bill passed by the house is reassuring to bird-lovers, scientists and fair-minded sportsmen. It establishes a national system of refuges to protect migratory birds of all kinds.

If money has to be used for speculation, the real estate men want their turn.

NUMBER 7

BROADWAY OF AMERICA TANGLE IS UNTANGLING

Determined Fight of Bankhead Cities to Maintain the Correct Designation Appears Successful

The tangle in the affairs of the Broadway of America highway appeared nearer solution Saturday following a meeting of representatives of the various towns and cities along the main line of the Bankhead at Eastland Friday evening.

The tangle came about with the demand of the cities along the Bankhead that the correct designation of the Bankhead be maintained as the designation of the Broadway of America, which according to the action of the Broadway of America conference at Memphis, follows the Bankhead, or state highway No. 1, through Texas.

This correct designation as shown by federal maps, does not include what is known as the north loop, and if the letter of the resolutions passed at Memphis is followed the north loop, passing through Breckenridge and Albany, is entirely excluded from any Broadway of American designation.

The determined fight that has been waged by Bankhead cities for observance of the proper designation has been rewarded with the announcement Friday night by President Barney of the Broadway of America Highway association that henceforth what is known as

the north loop, on which are situated Breckenridge and Albany, will be excluded from the official designation and membership in the association.

Announcement of this decision was made through its manager, H. W. Stanley, who was present. The announcement was conveyed in the form of a letter from President Barney.

Asked why the Broadway of America association had accepted the north loop in the first place, Stanley explained that it was due to the belief of the officials, based upon published but not official maps, which included the loop in the Bankhead at this point. The decision to exclude the loop from the designation was made when it was found by federal maps that it did not exist in federal highway No. 80, which is state highway No. 1, known as the Bankhead.

With this announcement all cities represented at the meeting immediately pledged themselves to pay in their quotas, while Eastland practically raised its entire payment. Cisco's quota will be paid immediately, it became known Saturday. The amount to be paid each by Cisco, Eastland and Ranger is \$750, the sum having been reduced from \$1,000 as first determined upon.

Dog Derby Victor
Here is the Printz of Musters—Fred Printz of Cascade, Idaho, with the Marco Hellman Silver Trophy which was first presented to him immediately after he won the Sierra Dog Derby between Truckee and Tahoe Tavern, Cal. It was a three-day race in daily laps of 32 miles each—with a purse of \$3,000.

P. L. Kelley, for Nine Years Head of Cisco High School Commercial Section Goes to Houston College

P. L. Kelley, commercial teacher in the Cisco high school for the past nine years, has tendered his resignation which has been accepted by the school board. Mr. Kelley left Saturday for Houston. His resignation was made for the purpose of accepting the position of principal of the bookkeeping department of the Massey Business college at Houston. The offer of this position came to Mr. Kelley unthought, which makes it all the more complimentary. In fact, he had concluded that he was a permanent fixture in the Cisco County, having recently purchased a small farm, out on the Rising Star highway, and was preparing to settle down to the quiet life of a farmer, in connection with his administration of the commercial department of the Cisco high school. However, realizing the appointment to his new position was a distinct promotion, which aligned him with one of the leading commercial schools of the south, he hardly thought he could afford to turn the offer down. For the present Mrs. Kelley and the children will remain on the farm, and the children will continue in the Cisco schools. He will take up his new duties in the Massey college Monday morning.

Mr. Kelley is one of the outstanding commercial instructors of West Texas, which his nine years continuous service as commercial teacher amply testifies. His ability is further demonstrated in the quality of his product—the young men and women graduates of the commercial department of the Cisco school—many of whom are holding important commercial positions with some of the leading business institutions of this section.

Mr. Kelley is succeeded as commercial teacher in the Cisco high school by Miss Catherine Stallings, who will arrive here this evening from Terrell to begin her duties Monday morning. The school board instructed Supt. J. J. Youngblood to employ a commercial teacher to succeed Mr. Kelley, and Miss Stallings comes most highly recommended. Superintendent Youngblood said, as she is a graduate of Baylor University with a B. A. degree and has taken a business course at that university, besides having had special training in business and practical bookkeeping at Columbia University.

HIGH PRAISE FOR MERIDIAN BY SOLONS

AUSTIN, Feb. 23.—High praise for Meridian and Meridian college plant and location is expressed in a report drafted today by a committee from the legislature which visited Meridian with a view to possible state purchase of the college. The report will recommend

AUSTIN, Feb. 23.—Dan Moody, Jr., is getting to look more like his father every day, and his mother, shown holding her son in the picture, is very proud of it. This picture was posed exclusively for The Cisco Daily News at the executive mansion when Dan, Jr., was six weeks old. He was born Jan. 6.

EAKER DUE IN SANTONE NEXT WEEK

SAN ANTONIO, Feb. 21.—Capt. Ira Eaker is expected in San Antonio early next week to be on hand for the christening at Kelly Field of the ship that he will use in his attempt to make a dawn-to-dusk flight from Brownsville, Texas, to France Field, Panama.

The ship, one of the army's newest P-12 pursuit planes, will be christened March 8 by Miss Mary Pechee, daughter of Major General James E. Pechee, chief of army air corps. The plane will be christened the "Pan-American." After the ceremonies Captain Eaker will fly to Brownsville for the hop to the Canal Zone March 10.

Men! They Are Here.

HUNDREDS OF CHINESE DEAD IN BIG BATTLE

SHANGHAI, Feb. 23.—Several hundred were killed and wounded in an 18-hour battle at Ku Ksen-Chi, advices received here today said. General Liu Chen-Nien, commander of the Chefoo Nationalist forces, compelled the insurgents to surrender. He captured 800 prisoners.

The battle followed an attack by General Chang Tsung-Chang, Chinese war lord, on Ku Hsen-Chi. The victory was the third General Lin Chen-Nien won in three days. After the battle he returned to Chefoo and announced the danger of an attack was ended and the city and its residents safe.

EUROPE SWEEP SATURDAY BY NEW BLIZZARD

LONDON, Feb. 23.—A new cold wave swept through many sections of Europe today and blizzards were general throughout Greece, especially in Athens where communications were disturbed and business paralyzed. Black snow fell at Ruscuk, the phenomenon being attributed to volcanic dust.

Constantinople was hit by a heavy blizzard and snow lay over the Turkish capital a foot deep. Gales hindered Black Sea shipping. The port of Purgas, on the Black Sea, was frozen over for the first time in memory.

LIVESTOCK MARKET

PORT WORTH, Feb. 23.—Hogs—Receipts 700, market steady to strong; top \$10.50, paid for load good weighty butchers, load medium grade lights \$10, truck top \$10.10; bulk 180-240 lb. truck hogs \$9.75 to \$10.10; packing sows steady; rough packing sows \$8.50 to \$8.75; few medium grade butcher pigs \$7 to \$7.50; medium to choice; Heavyweight (250-350 lb.) \$9.60 to \$10.35; medium weight (200-250 lb.) \$9.95 to \$10.60; light weight (160-200 lb.) \$9.60 to \$10.55; light lights (130-160 lb.) \$8 to \$10.20; packing sows smooth and rough \$8.25 to \$9.25.

Cattle—Receipts 75. Today's trade nominal; market for week: Slaughter yearlings and slaughter calves around 25 cents lower; slaughter steers and other classes cattle generally steady. Week's tops: Corn fed steers \$11.65, practical top fat yearlings \$11.50, carlot top fat cows \$8.35, heavy bulls \$8.50, heavy slaughter calves \$11.25, heavy stock steer calves up to \$12.

Bulk medium to choice wooled fat lambs \$15 to \$15.75, shorn fat wethers \$9.50 to \$10, shorn fat yearlings \$12.50 to \$13.25; wooled feeder lambs \$13.50 to \$14; shorn feeder lambs \$12.50 to \$14.

Road hog—The traffic on the street while you are backing out of your garage.

POST OFFICE DAMAGED

SAN ANTONIO, Feb. 23.—San Antonio's federal building, housing the post office, was damaged to the extent of \$50,000 today when fire broke out in the attic of the building.

After the most critical comparisons at the Automobile Shows, Oldsmobile now stands more than ever

IN THE SPOTLIGHT OF PUBLIC FAVOR

With New Lower Prices

Again the spotlight of public favor singled out Oldsmobile at the great national automobile shows—

—not because of any radical changes in the 1929 Oldsmobile, but for a more vital and fundamental reason—

—because critical comparison with other cars in its field reveals an overwhelming margin of value in favor of Oldsmobile.

Not only have desirable improvements been added, but its price has been reduced!

Already representative of the most progressive engineering, Oldsmobile's big high-compression engine now develops 62 horsepower. Piston-pins are now pressure-lubricated—an engineering feature heretofore characteristic of high-priced cars.

Already distinctive in appearance, its smartness has been enhanced by new headlamps on chromium-plated mountings—by a new cadet-type visor—and by new, sparkling color combinations.

And even greater luxury is revealed inside the car—by deeper, softer seat-cushions—by new, more costly upholstery—and by the wonderful new Fisher adjustable front seat that may be instantly regulated to suit the driver's convenience.

See and drive this finer Oldsmobile—and you'll immediately recognize why it is more than ever in the spotlight of public favor.

Lobos Hold District Cage Title for Third Consecutive Year After Second Victory Over Stephenville

The Big Dam Lobos of Cisco high school won their third consecutive district championship Friday night in Stephenville, when they won from the Stephenville Yellow Jackets by the score of 25 to 20, in a fast, hardfought basketball game.

The Lobos won from the Yellow Jackets in Cisco Wednesday night and the game Friday night gave them the district title and the right to meet the winner of the Abilene district in the bi-district elimination contests.

The Lobos have gone into the finals in the district meet with Stephenville for the past six years and have won in the last three.

In the final district game Stephenville started rather slowly and scored only two points in the first half. These two points were made on free tosses, the close guarding of the Lobos keeping them from making a field goal. However in the last half of the game the Yellow Jackets came to life and scored a rally that almost overcame the lead held by the Lobos. The fierceness with which both teams were fighting is shown by the fact that five men left the game because of making four personal fouls each. Three Lobos, Whitehead, C. Van Horn and Ray left the game by this route while Whitehead and Stockton left the game for the Yellow Jackets. Both teams missed many easy shots.

Neither team was able to score during the first four minutes of the game. Then Little made a field goal to put the Lobos in the lead. This was followed in a minute by a free toss made by Ray for the Lobos to make the score 3 to 0. Pinkerton of Stephenville then made a free toss for his team only point in the quarter making the score 3 to 1 as the first quarter ended. Little made a field goal for the Lobos shortly after the second quarter started. A few minutes later Ray was fouled and made a free toss. Wyatt then made a free toss for Stephenville. Just before the half ended Whitehead was fouled while shooting and made two free goals that gave the Lobos a lead of 9 to 2 at the half. At the start of the second half a foul was called on Stephenville for an illegal substitution. G. Van Horn made the free toss and Whitehead then made two beautiful field goals in rapid succession to make the score 13 to 2 for the Lobos. Then Wyatt, center for Stephenville made a field goal, the first for Stephenville. Little was fouled while shooting and made both free throws. Bolling then got two free shots for the Yellow Jackets and made them both, followed by the same thing after a minute of play. Whitehead then made a free toss and Bolling made a field goal. Wyatt of Stephenville made his fourth personal foul when he attempted to block a shot by G. Van Horn. The Lobo captain made one of his throws to make the score 17 to 10. Whitehead then made his fourth personal

foul and left the game. Price taking his place. Stockton missing the free toss. As the quarter ended C. Van Horn made his fourth personal foul and had to leave the game. Maxwell threw a field goal and make the quarter end 17 to 12. After the fourth quarter opened Maxwell threw a field goal and the score was 17 to 14 in favor of the Lobos. Stockton of Stephenville made his fourth personal foul and had to leave the game. G. Van Horn missed the free shot. Anderson of Stephenville then made a free toss to make the score 17 to 13. At this stage the third Lobo left the game when Ray made his fourth personal foul, Daniel taking his place. Anderson made a free toss to make the score 17 to 15. Price then made a field goal for the Lobos and the score was 19 to 16. Barham for Stephenville got a free toss and made it. Yeager then made a field goal followed shortly by a field goal by Anderson of Stephenville and the score was 21 to 18. With time getting short both teams were battling desperately, the ball rapidly moving from one end of the court to the other, the crowd wild with the excitement of the Stephenville rally. Price made a field goal from the center and the Lobos seemed to have a fair lead but Barham made a free toss followed closely by another for Stephenville by Pinkerton and the score was 23 to 20. With about twenty seconds to play Yeager made a field goal for the Lobos making the final score 25 to 20.

Whitehead led in the scoring with seven points. Little of Cisco used both Bolling and Maxwell, forwards for Stephenville for second with six points. The play of Price and Yeager and Daniel who went in in the hotly contested last quarter was remarkable. Price and Yeager scoring four points each. Maxwell, Bolling and Wyatt starred for the Yellow Jackets. G. Van Horn, captain of the Lobos played a brilliant defensive game. The Lobos will play the winner of the Abilene district for the bi-district championship and the right to go to the state meet held at A. & M. college March 8 and 9.

The box score:

Referee: Meyer (T. C. U.)

ing the names of 19 army instructors at Brooks and Kelly Fields who are willing to leave the service for the larger pay offered by the commercial concern.

Berry flew to San Antonio from Chicago in a large Fokker monoplane. He represents the Gray Gooce air lines of Chicago, which organization contemplates the inauguration of transcontinental air lines and the establishment, somewhere in the southwest, of a civilian flying school.

STILL SEEK BODY.
FLAGSTAFF, Ariz., Feb. 23.—Search for the body of Fred Johnson, ranger, continued today, following recovery of the body of Glenn Studevant, Grand Canyon National park naturalist. The two were drowned when a boat in which they were riding overturned in the Colorado river.

Berry a former air corps captain and World War flyer, said he encountered little trouble in securing the names of 19 army instructors at Brooks and Kelly Fields who are willing to leave the service for the larger pay offered by the commercial concern.

The Diamond Is Calling

Joe McCarthy, manager of the Chicago Cubs, as he stepped on a train in Chicago en route to Catalina Island, Cal., where the Bruins will train. McCarthy, having acquired Rogers Hornsby from Boston, is confident of a good season and expects his team to finish first or second.

ARMY FLIERS SOUGHT BY BUSINESS MEN

SAN ANTONIO, Feb. 23.—The government was brought into direct competition with private industry for the nation's best trained airplane pilots today when H. M. Berry of Chicago admitted he was here to employ 9 army aviators.

Dinner out may leave spots on your clothes, owing to a careless waiter, and these spots would ruin your clothes if allowed to remain. But they are quickly removed by us. Remember our "Sunburst Bleaching," any size or style.

RISING STAR LEGION WORKS FOR CITY HALL

RISING STAR, Feb. 23.—At the last meeting of the Rising Star post, American Legion, building plans were discussed, and a committee was named to work with the citizens of Rising Star, having for its objective the building of a city hall with facilities to house the local post. This committee is composed of E. M. Howard, Huber Jones and Babe Wood. It developed at this meeting that the local post is in a very healthy condition with new members being added continuously. The year's work was mapped out to be carried on by the committees appointed for their respective departments. Other than the building committee, which has the major objective in hand, other committees are as follows:

Educational—E. T. Dawson, Wyatt Jacobs, Fred Cook.
Entertainment—Bryant Bennett, Paul Boase, Dr. B. M. Regan.
Social—Frank Bucy, W. R. Potter, Sam Clark.
Membership—Guy Houser, Cody Thomas, Ode Carver, O. L. Spence, Perry Young.

The Legion auxiliary, which is composed of the wives, mothers and sisters of the ex-service men, is also functioning in a satisfactory manner. New officers have been elected and a progressive program outlined.

The newly elected officers of the auxiliary are Mrs. E. M. Howard, president; Mrs. Mac T. Anderson, secretary; Mrs. Mark Peltrey, treasurer.

BEDFORD

The singing at Mr. Smith's Sunday night was very much enjoyed by all present.

The birthday dinner at the home of Mr. and Mrs. Timothy Matthews Sunday for their daughter, Dora, was a great success.

Mrs. C. E. Sprull has been suffering with a severe cold the last week.

Mr. and Mrs. Lyman Evans attended Sunday school here Sunday afternoon.

Homer Smith was absent from school Monday on account of illness.

Mr. and Mrs. Aubrey Herrington from Colorado spent the week end with her mother.

Mrs. Luda Evans was in Eastland Monday.

Miss Maurine Howard of Fort Worth has been visiting her mother the last week.

Mrs. Lillie Carlisle visited her mother-in-law Sunday and attended church here Sunday.

Mr. and Mrs. Charlie Hibbert spent part of Sunday in Cisco.

LOBO BAND AT GRAPEVINE PIE SUPPER

The sum of \$34 with which to purchase equipment for the school was realized at a pie supper at Grapevine Friday night. Quite a number of Cisco people were present including about 18 members of the Lobo band which gave several numbers during the program.

Other Cisco people present were H. S. Drumwright, E. H. Varnell and G. C. Colburn.

Miss Dona Matthews, teacher of the school, was in charge of the event. A beauty contest, which netted \$24, was won by Miss Besse Matthews, of Grapevine.

FOREMAN INDICTED.
WICHITA, Kan., Feb. 23.—A special grand jury investigating the death of Arthur Pendergraft, wealthy Cotton county, Okla. farmer, returned an indictment against D. J. Hoobler, former foreman of the Pendergraft farms, for murder. Hoobler, in a statement, said he shot Pendergraft on the night of January 21 near here in self defense.

CIVIC-MINDED CITIZENS WANT CISCO THOROUGHLY CLEANED

Week Beginning March 4 Suggested as Period for Concerted Effort on Part of People to Beautify City

One of Cisco's greatest assets is its reputation for cleanliness and attractiveness, said a prominent local citizen Saturday who is one of many urging an organized effort by city officers, chamber of commerce, the various civic and luncheon clubs and others to put over a campaign to thoroughly clean-up Cisco this spring.

About eight years ago it was pointed out, a group of energetic citizens started a clean-up campaign which resulted in Cisco's being put in spic and span condition.

Said this citizen: "Every man, woman and child participated in this and many truck loads of rubbish was removed that would have been here yet but for this campaign. Since that time there has been no really efficient and thorough concerted effort to clean up and beautify with every one participating.

There should be made at this time an organized effort by our city officers, the chamber of commerce, our various luncheon clubs, the ladies organizations, the Boy Scouts and other organizations to clean up and beautify our town. We should designate a clean up week commencing March 4th. For one day every one should work all day and one half of the employees of every business house, from owner or president down to janitor should actually work, and during this week the following things among others should be done:

All old fences that are serving no useful purpose should be torn down and those that are in use should be repaired and painted.

All old outhouses and barns that are not in use should be torn down and those that are in use should be repainted or whitewashed.

Hedges should be set out and all shade trees trimmed.

All vacant lots should be cleaned of rubbish, the trees pruned and shade trees set out.

All rubbish rock should be hauled away or used in making borders for hedges or flower beds.

Fences should be repaired and painted.

Driveways and garages should be bordered with concrete runners or rock and filled with concrete or gravel.

Lawns and flower beds should be leveled and grass and flowers set out.

All old automobile parts should be hauled away or sold to the junk man.

Store fronts should be painted and repaired and all old signs torn down or repaired and repainted.

The above are only a few of the many things that should be done. Most of this could be done with very little actual expense. Our florists will gladly advise with reference to the plans for flowers, shrubs, etc.; our lumbermen and other dealers will cooperate fully in planning for improvements and an investigation of some of these contemplated plans will show that a great deal of improvement can be made with very little actual expense.

Our hotel will soon be ready for opening and people will be coming here because of this and our swimming pool and lake and we should endeavor to have everything ready for them. There will be held in Ranger during the latter part of March the district convention of Rotarians and all of these men from the various parts of the state will be in our city at least one time.

Let's all get together and clean up and beautify.

LEGION OFFERS COMRADESHIP FOR VETERANS

"A comradeship of men who have memories of squads right, submarine infected seas, and trenches of France, are enjoyments of men who belong to the American Legion," said C. C. Clifton, post commander, Saturday.

"By paying dues and taking part in the Legion, a veteran engages in great national projects of service. The Legion works for relief of disabled comrades, their dependents, and orphaned children of veterans. The Legion, through a great network of ten thousand posts, is engaged in the promotion of national defense, aviation, a safety campaign, a junior baseball world series, emergency relief, community service and scores of worthwhile projects. The Legion stands in the front line trench of every field where the interest of World War veterans is at stake.

"The Legionnaire receives free upon payment of his dues to the organization the American Legion Monthly. This magazine, the product of one of the largest publishing plants in the world, is well illustrated. It commands the writings of leading authors. It is one of the most quoted magazines in the country. It is a delightful visitor to every man who shares the common memories of World War service.

"Membership in the Legion, in most communities, entitles the veteran to club privileges as many posts own their homes. Whenever a veteran travels over the United States, and foreign countries, he finds fellow Legionnaires. They are friendly and need no introduction beyond a Legion membership card.

"The Legion is democratic. Its meetings afford a forum for self expression. In the Legion there is no rank. Millionaires associate with men of the most moderate circumstances, many life-long business associations are formed through Legion acquaintanceship. The fraternal affiliation of the Legion is strengthened a thousand times by memories of World War days.

"Legion posts enjoy assistance and companionship of the American Legion auxiliary, consisting of approximately three hundred thousand patriotic women. Legion membership carries the privilege of joining the 'Forty and Eight', the only play and honor society of the Legion.

"There are deeper benefits derived from membership in the Legion. The veteran soon falls into the swing of things. He soon catches the spirit. He begins to ask 'What can I do to help?' The men of the Legion serve in peace as they did in war."

159 Horses Nominated for 55th Kentucky Derby; Waggoner Farm, Ft. Worth, Leads List With Nine

BY GEORGE KIRKSEY.
NEW YORK, Feb. 23. — One hundred and fifty-nine horses have been nominated for the fifty-fifth renewal of the Kentucky derby at Churchill Downs Saturday, May 18. Col. M. J. Winn, president of the American Turf association, announced today through the United Press.

Included in the list are the leading stake-winners of last year and many of the prominent winners of the winter racing season.

The Three D's stock farm, owned by W. T. Waggoner & Sons, of Fort Worth, Texas, led in the number of nominations with nine. Most of the other prominent stables had one or more entries.

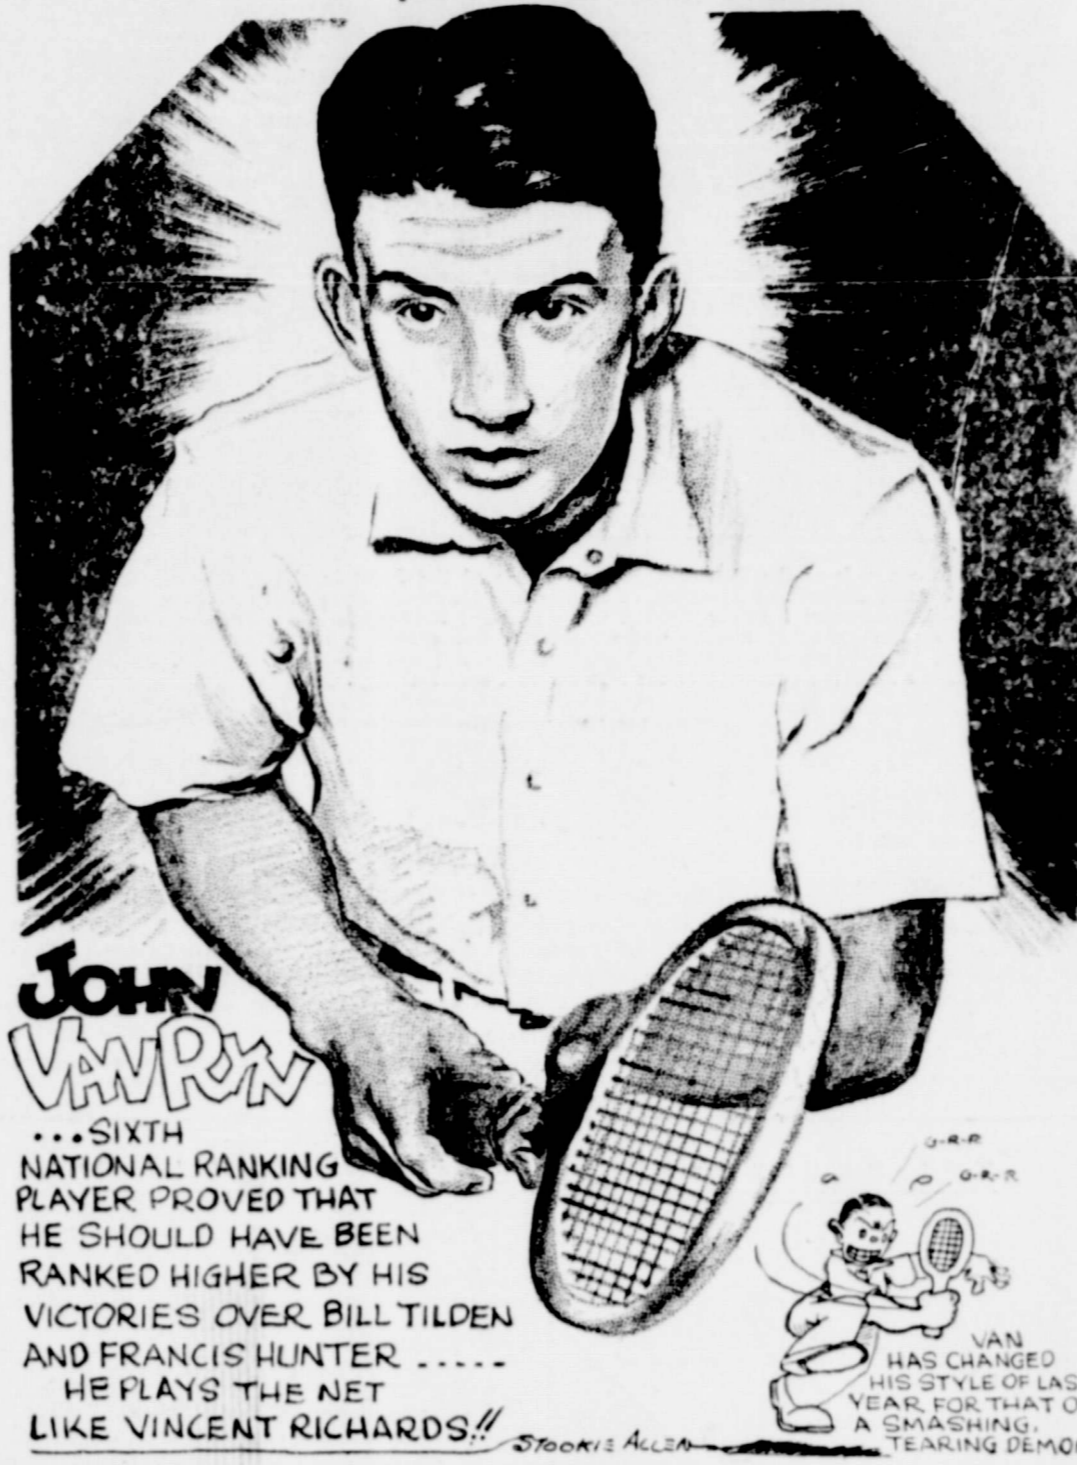

Earle Sande, who has booted two Kentucky derby winners home, has nominated three thoroughbreds for the derby. Nearby, a bay filly, is regarded as an almost certain starter, but Safety Pin and Heritage are doubtful. Sande won on Zev in 1923 and Flying Ebony in 1925.

Probable entries and odds on Kentucky derby:

New Chapters in Heroism Written as Rescuers Brave Danger and Cold to Aid Stricken Communities

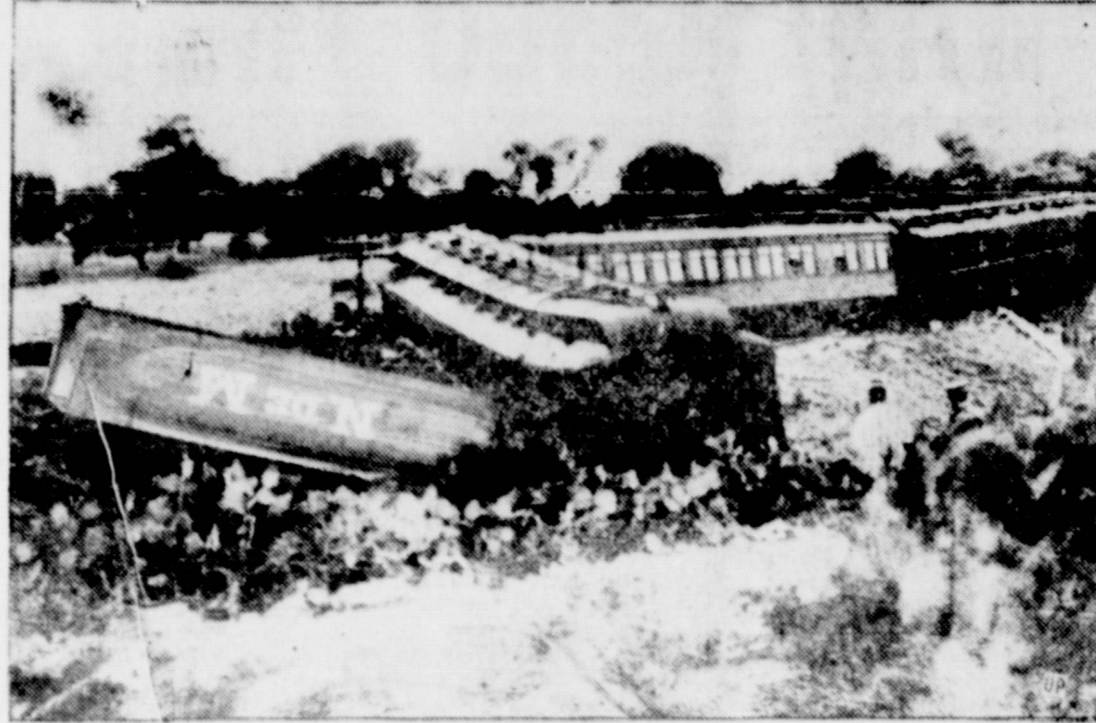

CHICAGO, Feb. 23.—New chapters were written today into the records of heroism of the west in braving danger and cold to go to the aid of stricken communities. Fantastic scenes were accorded throughout the Rockies to pilot Edmund T. Allen, Edward Kiviabo and E. H. Meyers, who risked their lives in taking relief to persons cut off by snow.

Allen was called upon to take relief to a party of 36 men and women isolated in the Red Desert of Wyoming, and who were in danger of starving. Their supplies were running low and it was impossible to reach them by tractor or pack train. Allen left Salt Lake carrying 1,600 pounds of food and blankets. The flight took him about 150 miles over mountains and uninhabited regions where a forced landing would have been highly dangerous. The temperature in the rarified atmosphere he flew in was many degrees below zero. But Allen said he felt more than compensated when he flew over the little group, huddled around fires, and saw them waiting wildly as he dropped his supplies.

Kiviabo braved the drifts between Rock Springs, Wyo., and the isolated party to carry more food to them. He was not sure that the airplane had reached them and he was unable to get through by pack train. He fought his way through mountains' snow drifts and in the face of 15 below zero weather. Kiviabo was found by a highway department crew which broke through and rescued the isolated party yesterday. He had collapsed and would have died.

Meyers, master mechanic, started out in a Silverton Northern train to hasten through snowdrifts which had cut off Silverton, Colo. His engine struck a drift and toppled into the Animas river. Meyers nearly lost his life. He is recovering at his home in Silverton. Warmer temperatures may loosen snow drifts in the mountains and bring new slides and further suffering. The cold wave apparently has passed.

Mexican President's Train Bombed

U.P.—Underwood. The wreck of the Presidential Special—one of the finest in the world—in which Portes Gil, Provisional President of Mexico and his family were riding when a bomb exploded, derailing the flyer between Comonfort and Rinconillo in the State of Guanajuato. The presidential party was not injured, but a fireman in the locomotive was killed. The bomb plot is laid to "religious fanatics," and the wreck occurred within 24 hours after the execution of the assassin of General Obregon, Toral.

BARRY MILLER NAMED DEPUTY GRAND MASTER

SHERMAN, Feb. 23.—Barry Miller, lieutenant governor of Texas, has been appointed deputy grand master of Texas Odd Fellows, according to announcement here by J. D. Buster, grand master. Miller succeeds Ben C. Richards, Jr., of Dallas. He has been affiliated with the order for more than 30 years and is a member of Dallas lodge No. 14.

WANTS HOME FOR BOY.

ANGLETON, Texas, Feb. 23.—A home with some good Houston family was sought today by County Judge Scott Gaines for Shelby Griffin, 9, the little red-checked orphan who Thursday shot his guardian, C. H. White, Alvin dairyman. "I'll vouch for his being morally and mentally all right," Judge Gaines said. His appeal was issued after he had heard the lad's story of his life.

JAPAN WILL OPPOSE PHRASE IN PEACE PACT

TOKIO, Feb. 23.—Ex-Minister of Justice Ozaki announced today that because of a technicality he intended to introduce in the Japanese diet a resolution against ratification of the Kellogg anti-war treaty.

Ozaki holds that a portion of the treaty which reads "in the name of their respective peoples" is incompatible with the Japanese constitution. The resolution will approve the treaty in principle and recommend that the government adhere to its spirit, Ozaki said.

15 BUTTONS CARRIED BY BIG RATTLER

The "early bird may get the worm," but the early snake usually falls into hard lines. This was demonstrated the other day when a huge diamond back rattler, lured by the balmy weather fared forth from its hibernation to check up on the ground hog, and was peacefully sunning himself in one of the chicken pens at the Cotton poultry farm when it met its doom. Thomas Blanton Cotton, son of the proprietor of the chicken farm, discovered the rattler and proceeded to capture the reptile. Procuring a forked stick he had little trouble in pinning the rattler to earth, where a piece of wire was fastened about its neck and the snake brought to town. Several saw the reptile at the Magnolia filling station where it was exhibited. It was about four feet in length and carried 15 rattles. So far as reported this is the earliest for snakes to venture from their winter quarters, but it is supposed it was depending on the ground hog, and as a consequence lost its life.

KING UP NOW.
BOGNOR, Eng., Feb. 23.—King George has made rapid progress since he came here from London two weeks ago today. He now arises and dresses each day soon after breakfast. He spends a large part of the day sitting by an open window. He eats well and has gained in strength, although he is not yet regarded as fully convalescent.

POISONED FOOD.
CHICAGO, Feb. 23.—Two girls were believed to be dying and a third was dangerously ill in Wesley Memorial hospital today after being poisoned by food which Dr. John E. Fitzgerald said had been contaminated by a faulty automatic refrigerator.

Mrs. Hoover has accepted the honorary presidency of the Travelers Aid society. She is eligible, with a couple of battleships to spare.

SLEEP ALL NIGHT NOW.
A. C. Smith, 41 W. Broadway, Bethlehem, Pa.

Says, "I will tell or write how I was relieved of getting up nights with Lithiated Bichu (Keller Formula). Now I get up refreshed and feeling fine." It acts on bladder as epsom salts do on bowels. Drives out foreign deposits and lessens excessive acidity. This relieves the irritation that causes getting up nights. The tablets cost 2 cents each at all drug stores, Keller Laboratory, Mechanicsburg, Ohio or locally at Dean Drug Co.

THE RECORD-BREAKING NEW NASH "400"

from 9th to 4th place in just 6 months!

IN DOLLARS AND CENTS VOLUME, ACCORDING TO OFFICIAL FIGURES (Ford Excluded)

ON July 1, 1928, Nash stood ninth in dollars and cents volume of sales, exclusive of Ford, according to the official figures for the year ending at that date.

On January 1, 1929, just six months later, according to the same official figures, Nash stood fourth.

In this very brief period the new Nash "400" has completely changed the automobile picture of America.

With unmistakable enthusiasm, motorists everywhere have placed their stamp of approval upon this new Nash

—making it, by a tremendous margin, the outstanding motor success of modern automobile history.

Why? Because Nash gives them the Twin-Ignition motor . . . gives them cars equipped with the Bijur centralized chassis lubrication system . . . with hydraulic shock absorbers . . . with bumpers front and rear . . . spare tire lock . . . cars completely, luxuriously equipped . . . at no extra cost.

Ninth to fourth place in just six months because the new Nash "400" is the only car of all the new cars with every new and progressive feature!

The New NASH "400"
Leads the World in Motor Car Value

IMPORTANT "400" FEATURES—NO OTHER CAR HAS THEM ALL

Twin-Ignition motor	Aluminum alloy pistons (Inner Struts)	Bijur centralized chassis lubrication	Longer wheelbases
12 Aircraft-type spark plugs	New double drop frame	Electric clocks	One-piece Salon fenders
High compression	Torsional vibration damper	Exterior metalware chrome plated over nickel	Clear vision front pillar posts
Houdaille and Lovejoy shock absorbers (exclusive Nash mounting)	World's easiest steering	7-bearing crankshaft (below crank pins)	Nash Special Design front and rear bumpers
Salon Bodies		Short turning radius

CISCO'S \$42,500 WARD SCHOOL TO BE OCCUPIED MONDAY

New Building Is One of Finest of Character in This Section; Will Relieve Congested System

Monday morning will witness a delightful termination of disagreeable congested conditions that have existed in the Cisco public school system, for the new West ward school building has been completed and turned over to the school board to be occupied on that date. Principal T. C. Williams and his corps of teachers will begin to function in the new building Monday morning. In fact the teachers began moving in Friday, and Saturday all was in readiness for classes to begin tomorrow morning. The school board Friday approved the building as having been completed according to contract and specifications, which will be formally accepted at an early meeting of that body.

The building is a one-story structure, with 14 class rooms, principal's office, lady teachers' private rest room, supplied with lavatory, toilet, etc.; modern cook room fully equipped; basement for storage of surplus school furniture; sanitary drinking fountains both inside the building and on the campus; janitor's supply room and ample toilet and sanitary equipment throughout. The building is one of the most modern school buildings in West Texas, and was erected at a cost of \$42,500, including campus and sidewalk paving.

In each wing of the building there are two connecting class rooms, divided by elevating partitions that permits these rooms to be thrown into two large auditoriums, capable of seating about 200 people. In the construction of the West ward building auditoriums were not neglected, despite the fact this is but a one-story structure. Appropriate for use as an out-door stadium is the open space between the east and west wings. Just off the principal's office is a concrete rostrum, out in the open, which fronts on the campus, where there is standing or seating room for thousands. The open space between the wings is ample to seat at least 1,000 people. This can be utilized for open air entertainments during the spring term, as the concrete rostrum has an elevation of about 3 1/2 feet, overlooking the open court and the campus to the south. This rostrum is 60 by 30 feet in dimensions, sufficiently spacious for staging most any kind of attraction.

The main corridor runs east and west, and is 10 feet in width, while the two wing corridors are 8 feet wide. These corridors are done in colored concrete work, which are attractive as well as durable. The dimensions of the building are 103 by 172 feet. The dimensions of the class rooms, which are all provided with clothes lockers for the pupils, and ample light and ventilation, are as follows: Four are 21 by 26.6; two are 21 by 25.6; four are 21 by 24; four are 23 by 28 feet. Full length built-in blackboards are supplied in each class room. The floors of all the rooms are done in oiled hardwood.

The school will be administered by T. C. Williams, principal, and the following teachers: Miss Byrd Bacon and Miss Allie Stevens, first grade; Miss Dannie Barnett and Mrs. Callie McAfee, second grade; Mrs. T. C. Williams and Mrs. J. W. Triplett, third grade; Miss Thema Nall and Miss Daisy Coldwell, fourth grade; Miss Louise Maddy, Miss Fannie Stevens and Es. A. D. McGinnis, fifth grade. These teachers and the pupils have been parceled out among the other school buildings during the entire first semester of the present session so one can have some idea of the congested condition under which the schools have functioned during the past six months. The completion of this splendid fireproof building has eliminated all these troubles, and all the schools can function more satisfactorily in the future.

R. S. Glenn is the architect, whose plans were accepted in competition with some of the leading

architects of the state. He personally superintended its construction from foundation to roof. W. W. Johnston is the contractor. He was awarded the contract in competition with builder* from several Texas cities. He has worked in harmony with the architect to give Cisco one of the most complete, modern and conveniently arranged fireproof school buildings in West Texas. There are others finer, but none more modern and with better facilities for teaching and taking care of the pupils. Other than fireproof the entire structure is so arranged that should a fire possibly occur a panic would be practically impossible, as each room could be emptied in less than three minutes.

Cisco is due a vote of thanks to Superintendent J. J. Youngblood and every member of this school board for making it possible to add this splendid building to the public school system, for it required much thought and a great amount of labor, both physical and mental, to put the proposition over. More praise is due J. E. Spencer, chairman of the building committee, who has been untiring in his efforts to make the building a credit to the town and those responsible for its construction. Mr. Spencer has contributed his personal attention the best part of the past six months to the construction and equipment of the new West ward school structure.

Friday evening, March 1, at 7:30 o'clock the building will be formally opened to the public when the West Ward Parent-Teachers association will hold open house, to which the public is cordially invited. After a short program the entire building will be open to inspection, and it is hoped that everyone will take advantage of this occasion to visit this modern building, which with its lighting system, ventilation and seating arrangements, will compare favorably with many of the school buildings in the larger cities.

CROSS PLAINS WANTS LOWER RATES ON GAS

CROSS PLAINS, Feb. 23. — At a meeting of the city council a citizens committee and representative of the Southwest Gas company last Tuesday night, a lengthy discussion was conducted concerning the gas rate petition, emanating from the mass meeting held on Friday of last week, at which a reduction in the present gas rate for Cross Plains was sought. Everything in connection with the petition seemed to be considered with a view of fairness, by the city council and the representative of the gas company, but no definite action on the part of the city officials, or agreement with the gas people could consistently be reached at this meeting, chiefly on account of the absence of a full knowledge of investment, cost of operation and profits from the local system. The representative of the gas company agreed to supply further information within the next few days, after which the council will decide more definitely on what steps they will take in the matter. A detailed comparison of the rates that are being paid in Cross Plains with the rates of a few other towns was submitted by the representative of the gas company.

Other important business disposed of by the council, preceding the discussion of the gas problem, was the appointment of Mrs. Ab Orrell as city tax assessor and collector, and the appointment of George T. Lamar as street and alley tax collector, which appointments were confirmed by approval of the proceedings of the last regular meeting.

BLOC FORMED FORCE QUORUM IN THE HOUSE

AUSTIN, Feb. 23. — A bloc to prevent further legislation in the house of representatives without a quorum in attendance was formed Friday, Rep. J. C. Albritton of Yorktown, who has been protesting

against proceeding without a quorum heads the bloc.

More than a hundred bills have been engrossed in absence of a quorum. Albritton points out that it takes two thirds of the membership to amend them after they have been engrossed.

It is legislators' duty to attend the sessions, said Albritton.

Whale flesh was a recognized article of food during the fifteenth and sixteenth centuries.

Sargon may be obtained in Cisco at Elliott Drug Store and Corner Drug Store.—Adv.

OIL NEWS OF SOUTHWEST

SAN ANGELO, Feb. 23. — E. C. Edwards, manager of the Superior Oil Producing company, subsidiary of the Superior Production company, has confirmed the sale of his company of 480 oil producing acres in Howard county to the Marland Production company. The purchase price was not announced, other than that several million dollars cash would be paid down.

KERMIT Winkler Co., Feb. 23. — The first shipment of a consignment of 150 carloads of 16-inch gas main pipe has been received here by the Smith Brothers, contractors for the 2 1/2 mile gas pipe line from Jal. N. M. to El Paso. The pipe will be trucked out and distributed over the division between Jal and Red Bluff. At Red Bluff a steel bridge is to be erected to support the mains across the Pecos river.

S. S. Bravner, transfer contractor, has a fleet of trucks on the way to Kermit to transport and distribute the pipe.

MIDLAND, Feb. 23. — The first meeting of the Texas division of the Midcontinent Royalty Owners' association was to be held here tonight, featuring a round table discussion of problems confronting the land and royalty owner.

An address of welcome was to be delivered by Leon Goodman, president of the Midland chamber of commerce, E. G. Bedford, president of the Texas division of the association, was to preside at the banquet and the program sessions which followed.

SEMINOLE Okla., Feb. 23. — Production of crude oil in the greater Seminole area was down slightly yesterday, the total being 360,591 barrels from 1,429 wells. Many of the major oil companies celebrated Washington's birthday yesterday and likewise extended the holiday to the field workers. Consequently gauges for the St. Louis area south of Shawnee were not taken.

The first patent for the manufacture of wallpaper was taken out in 1692.

JAS. BRYSON, GOOD CITIZEN, NOW AT REST

Rising Star Record: Mrs. C. A. Chastain of this city, has the sympathy of her friends in the loss of her father, James Robert Lee Bryson, who passed away at the Chastain home here last Friday about noon after being in bed health for some time. At the time of his death Mr. Bryson was aged 66 years, having been born in Jackson county, N. C. in 1863. With his family he came to Texas in 1888 and settled in Comanche county and for many years was one of the prominent ranchmen of this section of the state. He was married to Miss Ada Albertier in 1893, but who passed away more than 20 years ago, leaving three daughters, Mesdames Carl Wilson, Cisco; C. A. Chastain, Rising Star; and Hubbard Walker, Comanche. Also two brothers, C. V. Bryson, of Plainview and W. M. Bryson, of Brady, and one sister, Mrs. Mell Keller, of North Carolina.

The body was carried to the old home at Sydney in Comanche county, where funeral services were held by Revs. Barrett, of Comanche and Scott, of Brownwood, after which interment was made. Mr. Bryson was a member of the Baptist church, having united with that church about 17 years ago.

Mr. Bryson had made his home with Mr. and Mrs. Carl Wilson, in Cisco, until a few weeks before his death.

WOMAN DEAD IN TRAGEDY AT CROSSING

MIDLAND, Feb. 23.—Mrs. Jack Perry was killed and five others were injured, one probably fatally, when the automobile driven by Mrs. Perry was struck by a freight train at a grade crossing near town last night.

CROSSING CRASH FATAL.

TEMPLE, Feb. 23.—W. O. Cooper, 27, truck driver for a local bottling company, was killed instantly Friday afternoon when the southbound M. K. T. Texas special struck his truck at a grade crossing near here.

BODIES OF TWO KIDNAPED MEN BROUGHT BACK

MEXICO CITY, Feb. 23.—The bodies of two men, believed to be American mining engineers kidnaped by bandits Feb. 20 were brought to Guanajuato last night, according to local news.

Parents and Three Sons Jailed

Left to right, W. O. Irwin; Galva Irwin, 22; Clifford, 19; Joseph, 17. Mrs. Irwin in inset.

and were brought in by federal troops.

COLUMBUS, O., Feb. 23.—J. M. Underwood and C. C. Astorhouse who were kidnaped by Mexican bandits in the region of Guanajuato, Mexico, were employed by the Guanajuato Reduction and Mines company of Columbus, officials of the company said here today.

W. H. Wheaton, auditor of the company, said the two men were employed as mine superintendents of the company and have been working in and about Guanajuato for several months. He added that C. J. Kucia, the company presi-

dent, and his brother, are en route to Guanajuato unaware of the assassinations.

CROSS PLAINS RATE CUT.

CROSS PLAINS, Feb. 23.—Mayor Martin Nees has been notified by the department of insurance at Austin that Cross Plains has been allowed a full 15 per cent credit on its fire insurance rate, effective March 1. This credit was due to the splendid fire record for the years of 1926-28 inclusive, and means a reduction of 15 per cent on all insurance premiums paid after March 1.

PURCHASE CHAIRS.

WASHINGTON, Feb. 23.—President Coolidge and Secretary of State Kellogg are the only two retiring cabinet members who thus far have followed the old custom of purchasing as souvenirs the chairs they have used at cabinet meetings.

JURY COMMISSION, 88th COURT
John Hart, former sheriff, Homer Blackwell, of Ranger, and Martin Joyce, of Rising Star, were busy Friday as the jury commission of the 88th district court. They have drawn a grand jury and also four jury panels, each of 40 men.

Blind Man Would Rather Hear Henderson Play "Canned Music" Over KWKH Than Finest Station

By JOSEPH H. BAIRD
WASHINGTON, Feb. 23.—Because the mealy and provincial phrases borne over the ether from radio station KWKH, Shreveport, had given him joy on countless evenings, a blind man came here from Ohio, unsolicited and unpaid, to praise the station's owner, W. K. Henderson, before the federal radio commission.

"I just like the way he talks," H. J. McFarren, Tiffin, Ohio, told the commissioners who gave him solemn attention. He was referring to "the doggone man of radio."

Another station, KVOO, Tulsa, has applied for Henderson's wave length. A hearing on both "has just been concluded by the federal radio commission. McFarren, a surprise witness, walked in unannounced to testify for the station he has followed carefully for a year.

"Yes, I know he plays phonograph records over his radio," the blind man said. "But how he does play them. Why you can't tell them from the original music. I'd rather hear that man play phonograph records than to listen to the finest station in America. Every night for years I've tuned

in on station KWKH and when I heard somebody was trying to steal Henderson's wave length I just had to come up here and testify for him. I'd have come if I'd had to walk."

One of the commissioners interrupted McFarren to ask about the telegrams he sent Henderson to praise the station's owner, W. K. Henderson, before the federal radio commission.

"It depends on how many words I use," he said simply.

The commission and audience joined in a hearty laugh. McFarren said he never heard Henderson ridicule anyone.

"How about calling the owner of station KVOO, Tulsa, a 'hijacker'?" he was asked.

"Well, I wouldn't call that ridiculous," he said. "When you said 'ridiculous' thought you meant really talking badly about somebody."

BODY IDENTIFIED.

MINEOLA, Feb. 23.—The body of James Coons has been shipped to his home at Crawfordsville, Ind., after having been held here for identification since February 16. He is the son of Frank E. Coons of Crawfordsville and was found dead on the Texas & Pacific railroad tracks a few miles from here.

SAFETY MEET TO BE HELD HERE MARCH 8

The next regular safety meeting of the employees of division B of the West Texas Utilities Co. will be held in Cisco, March 8. The session will likely be held in the chamber of commerce and every station embraced in division B is expected to be represented. In addition a large number of officers and employees of division A will probably be in attendance. The usual program will be carried out, in which safety talks and demonstrations will be featured. C. C. Moran, instructor in first aid for the Southwestern Bell Telephone Co., will be in attendance with his class and give a demonstration in first aid to the employees of the company.

JURY DISCHARGED.
On account of the continued illness of Judge George L. Davenport, jurors for the present term of the 91st district court have been permanently excused, according to notification by the district clerk to a Cisco citizen who had been summoned for jury service.

CISCO MOTOR COMPANY

A NEW ALL-AMERICAN SIX

BY OAKLAND

ONLY \$10,000 ANNUALLY REQUIRED FOR POLICE DEPARTMENT

Fines Collected and Credits for Service Given by Officers More Than Offset This, Records Show

Cisco's police department is self-sustaining, according to the records of the city secretary's office for the past two years, and is economically administered at a cost of \$10,000 a year, in round numbers. Offsetting this sum the cash fines and forfeitures for the past year amounted to \$6,500, plus credits of \$5,200 allowed the department and charged to the other departments of the city for services performed by the city convicts and from other sources. These cash and work credits give the department a balance of \$1,700 to its credit for the past twelve months. The cost of maintaining the department includes all salaries, regular and incidental expenses, and the feed and up-keep of the city prisoners confined at Lake Cisco training camp.

There are eight men employed by the Cisco police department, which includes the chief, two desk sergeants and convict guard. Two of the force are partially paid by the fire department, as their duties merge with those of that department of the city.

The police department is now waging a campaign to rid the city of undesirable, and the first few days of the campaign has been highly satisfactory, as it is said that 15 or 20, known to have criminal proclivities, have changed their place of residence. It is also noticeable that petty thieving and burglary have come to a sudden stop since this dragnet has been thrown out.

"The police force is operated on two theories," Mayor Williamson said Saturday. "The one is that it is less expensive and easier to prevent crime before it is committed than suppress crime after the unlawful act is accomplished. In keeping with these theories the

OF A SOCIAL NATURE

TELEPHONE 164.

Industrial Arts Club.

The First Industrial Arts club met Thursday afternoon at the home of Mrs. P. J. Connally, with the incoming president, Mrs. R. E. Granham, presiding. Twenty-two members resided to roll call. Mesdames D. Ball, F. D. Pierce and Maggie Mims were the visitors present and the members greatly enjoyed a description of the Carlsbad cavern, given by Mrs. D. Ball, who also displayed numerous pictures, collected on her trip there. Four and a half dozen magazines were reported distributed to the rural women since the last meeting. A report from the cook book committee was to the effect that the entire membership had been cooperating in the collection of recipes and advertisements for the book and it would be ready for the press soon. Resolutions and condolence to Mrs. Carl Wilson were read by Mrs. L. D. Parks. Mrs. Joe Wilson was leader of the program. Mrs. P. P. Shepard gave a splendid paper on "Preservation of Natural Resources."

At the close of the afternoon the hostess served a delicious salad course.

Children's Party.

The Daughters of Wesley Sunday school class of the Methodist church entertained with a children's party Friday afternoon at the home of Mrs. J. D. Barker. The party was in the form of a kindergarten class and Mrs. Sherman Roberts most ably portrayed the teacher and had each member memorize and recite a verse or perform some other task associated with kindergarten work. Flags, observing Washington's birthday were used in the decorations. At the close of the study hour, Mrs. L. S. Jenkins, as the doctor, and Mrs. H. B. Hackleman as the nurse, came to examine the pupils and presented the undernourished children, Mrs. B. E. Morehart and Mrs. Barker, with crackers and milk. Pictures of the class were then taken and a number of games played. Mrs. C. O. Shugart was presented with a prize for being the best dressed child. Refreshments of animal crackers and Dixie suckers were then served and all-day suckers were given as favors. Those present were Mesdames Frank Reed, H. E. Pyle, George Daniel, George Winston, Philip Pettit, B. E. Morehart, Joe Holt, J. A. Johnston, Joe Lovelady, W. B. Obercash, G. P. Rainbolt, Jonah Donovan, N. W. Noell, Maggie Mims, J. T. Anderson, Ben McClintock, Sherman Roberts, L. S. Jenkins, H. B. Hackleman, Mary Andrus, Miss Eula Johnson, Mary Jane Morehart, Marguerite Barker, Mary Shugart and Ted Roberts.

Merrivives Forty-two Club.

Mrs. S. G. B. Kelly was hostess to the Merrivives "42" club Friday afternoon. The national colors were used in the decorations, score cards and refreshments. New officers were elected as follows: Mrs. J. J. Butts, president; Mrs. B. W. Patterson, vice president; Mrs. C. Owen, secretary. Terminating the games a salad course was served to the following: Mesdames J. R. Burnett, W. P. Lee, W. W. Moore, A. J. Olson, C. Owen, B. W. Patterson, Joe Wilson, P. J. Connally, J. J. Collins, T. J. Dean, George D. Fee, H. Karsbaum, Charles Hale, William Reagan and P. P. Shepard.

Methodist Missionary Society.

All circles of the Methodist Missionary society met Tuesday afternoon at the home of Mrs. P. J. Connally, in a Missionary Voice.

Wednesday Bridge Club.

The Wednesday bridge club met Wednesday afternoon at the home of Mrs. E. P. Crawford. Four tables were arranged amidst attractive surroundings of red, white and blue decorations. Dainty tallies also carried out this color scheme. Mrs. Alex Swears and Mrs. Charles Brown won the high cut prize and Mrs. R. W. Mancill and Mrs. Fleet Shepard, the low cut prizes. A salad course with tea was served at the close of the games.

Pivot Bridge Club.

Mrs. L. H. McCrea entertained the members and substitutes of the Pivot Bridge club Thursday afternoon. Pot plants and ferns, combined with Washington's birthday colors, were effectively used as decorations. Delicious home made candy was served during the progress of the games. Mrs. J. H. Moyer was the winner of high score. Among those present were Mesdames Charles Trammell, J. A. Bearman, B. S. Huey, Charles Brown, A. C. Green, Will St. John, G. C. Tisdale, K. H. Pittard, Yancy McCrea and J. H. Brice.

Humble Bridge Club.

The Humble Bridge club met Wednesday afternoon at the home of Mrs. W. W. Wallace, with Mrs.

HE KILLED 141 PEOPLE AND THEN HIMSELF

AUBURN, N. Y., Sept. 23.—On Monday they will bury John Hulbert, a stooped, nervous little man who executed 141 persons, including himself.

The man who retired as New York state's executioner three years ago hanged his .38 caliber army revolver into the cellar of his home late yesterday and put one bullet through his head and another through his chest.

Today strange stories sifted out about this frail man who dealt so intimately with death and yet stood in such fear of it that he ate poison-proof food. Courage and cowardice were blended in Hulbert; one minute he would be sitting in the electric chair, pulling calmly at a 10-cent cigar and waiting the arrival of a condemned man. The next instant, hand on switch, he would faint away as the thought of taking human life and would have to take restoratives before going through with the job.

WEIGH WHAT YOU DESIRE

If you over-weight, the cause may not lie in over-eating or under-exercise. It may lie in a fault in nutrition which modern research has discovered. And which science now corrects.

The method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. And many of the people you envy—with slender figures, new vivacity and health—will urge you to adopt this way.

The use of Marmola does not require abnormal exercise or diet. In every box you will find the formula, also the reasons for results. You will know just why your weight comes down and why every effort is helpful. Learn the facts, and do it now. Do so by asking your druggist today for a \$1 box of Marmola.

Hyer Marriage License Publicity Bill, Requiring Three Days Notice by Betrothed, Signed by Governor

JOHNSON IN BACKGROUND IN OWN TRIAL

OKLAHOMA CITY, Feb. 23.—The principal character in the impeachment trial of Governor-suspect Henry S. Johnston on charge of corruption and incompetency still today was not Johnston himself, but Mrs. O. O. Hammonds, his resigned confidential secretary. As the closing days of the prosecution's case against the suspended governor were consumed the name of Mrs. Hammonds more and more was mentioned in history and, if not mentioned, asked about by the house board of managers.

AUSTIN, Feb. 23.—Governor Dan Moody this morning signed senator Julian Hyer's marriage license publicity bill. It will become effective 90 days from the end of the present session of the legislature. This will be between June 8 and June 15, depending on date of adjournment.

Rush for the Greena Greens is expected to make May for once out rank June as a bride's month. Under the bill three days notice must be given before a marriage license can be issued. Before its issuance the man must present a hygienic certificate.

County Clerk Chester H. Ellis of Tarrant county and Senator Hyer were each given one of the pens used by the governor in signing the bill. He keeps the other as a souvenir.

Pretty Air Corps Mascot

Miss Mary Fechet, attractive subdeb daughter of Maj. Gen. James E. Fechet, Chief of the Army Air Corps, has been chosen unofficial mascot of the fliers at Bolling Field, Washington. She has not yet won her wings but has made several flights and spends a great deal of her time at the air field.

CHURCHES

GRACE LUTHERAN.
Full program today. Sunday school at 10 a. m.; morning service at 11 and night service at 7:30. At the morning service the pastor will preach on "Faith." We often say, "I believe." But what does that really mean? At the night service the record of a series of pre-Easter sermons on "The Redeemed, The Redeemer, and The Redemption," will be delivered. The topic for tonight is "The Redeemed." Everybody welcome. H. F. PEIMAN, pastor, 1623 F avenue, phone 813-J.

FIRST BAPTIST.
E. avenue at Ninth. Acker C. Miller, A. B. Th. M., minister. Sunday school at 9:45; increase of 49 in attendance last Sunday. Morning worship at 11 o'clock. The pastor will give an exposition from the Book of Ephesians in his sermon. Young people at 6:30. Four B. Y. P. U. welcome the young people. Special message at the evening service on "The Making of a Christian." Congregational singing and a choir chorus will be the music feature at this service. A cordial welcome extended to all.

FIRST METHODIST.
Rev. C. O. Shuman, presiding elder of the Cisco district, will preach tonight at 7:30. The pastor, Frank E. Simpson, will preach this morning at the eleven o'clock service, "Christ and a Holy Living Woman." There will be special music at both services under the direction of Professor Reid.

Everyone is welcome. Quarterly conference will be held immediately after the evening service.

FIRST PRESBYTERIAN.
Sixth street at H avenue. Bruce C. Boney, minister. "Wives of Great Men" will be the theme of the sermon. The pastor will give an exposition from the scriptures on "The Wives of Great Men." Home life will be the outstanding feature in this study. Dr. Morris will be at the organ, and "Toussaint" will be his opening selection. The choir will sing "Peace Be Still," and Mr. Boney will lead the congregation in fitting minutes of popular hymn singing. The theme for the morning, "The Poor Rich Fool" is an old theme studied from a new angle. The choir will sing the beautiful selection "I Was Glad" by Dungan, and Dr. Morris at the pulpit will play selections by Alkan, Gounod, and Wagner. Morning school at 9:45.

CHRISTIAN CHURCH.
Sunday school at 9:45. Preaching services at 11 o'clock with Dr. W. F. Bruce preaching. Christian Endeavor at 6:30 p. m. No evening services.

CHURCH OF GOD.
F. avenue and Eleventh street. "The Price of a Revival" will be the pastor's subject in the morning service. In the night service he will discuss the question of "The Intermediate State." Sunday school at 9:45. Young people meeting at 6:30. Everybody welcome. JOHN W. BATDORF, minister.

UZCUDUN IS STILL IN LINE FOR BIG TITLE

NEW YORK, Feb. 23.—Paolino Uzcudun, Basque world champion, still one of the numerous "form-most heavyweight title contenders" today, having survived the right hand of Meyer (K. O.) Christian, in a 10-round bout at Madison Square Garden last night.

Uzcudun, after losing the first round to the lumbering heavy from Akron, O., came back to win a decision and by a wider margin than did Jack Sharkey when pitted against the same Christian last month.

Christian's only bids for victory were in the first, putting all he had behind his feared right and shaking the Spaniard thoroughly. In the tenth round, Christian came back with a great rally, punching Paolino at will, and having him in such condition that many believed the Akronite was on the verge of a win by a knockout victory in those last minutes of the bout.

Paolino's lead was much too great to be lost by one poor round and the crowd was inclined to agree with the verdict of the judges. In the 10-round semi-final Charley Berlaner, of Canada, fought a draw with Tiger Jack Payne of Australia. Action lagged throughout the bout.

Alfred Ross, of Spain, staminatee and protégé of Uzcudun, scored a technical knockout in the ninth round of his scheduled 10-round bout with Billy Alger, Phoenix, Ariz.

CISCO BANKERS ATTEND MEET AT ABILENE

The convention of the Seventh district of the Texas Bankers' association held at Abilene Friday was a very successful and enjoyable one. Cisco bankers who attended the sessions, Fort Worth will be the scene of the convention next year.

Those present from Cisco were W. L. Steffen, S. E. Hittson and James McCracken, of the Cisco Banking company, and Vance Lettison, of the First National Bank. Bankers attending from Eastland were Harry Brelford and W. A. Martin, of the Texas State bank, and W. B. Smith and Guy Parker, of the Exchange National Bank. Those from Ranger were Hall Walker, of the Citizens State bank, and Edwin George, Jr., of the Commercial State bank.

Holman Kennedy, cashier of the DeWitt County State bank at Clarendon, was elected chairman, and W. H. Free, cashier of the Central State bank at Abilene, was elected secretary.

FESS RAILROAD BILL TOO LATE FOR ACTION

WASHINGTON, Feb. 23.—A favorable report from the interstate commerce committee on the Fess railroad consolidation bill was submitted to the senate today—too late for action at this session of congress.

The measure is designed to hasten consolidation of railroads into a limited number of strong, efficient and well balanced systems capable of giving the public service it demands at reasonable rates.

WEATHERFORD Tex. Feb. 23.—The Weatherford College Coyotes downed the Denatur Baptist College Indians last night 32 to 29. The Indians led at the tail 14 to 11.

Being open minded includes neither wanting to surrender rich people nor invading on them. Note see para six.

AVIATOR HELD BLAMELESS IN INJURY OF 8

GLENDALE, Cal., Feb. 23.—No blame is placed on D. W. Tomlinson, air pilot, in connection with the accident yesterday which resulted in eight persons being injured by Tomlinson's airplane. The plane, taxiing down the runway, struck the group of persons who had gathered to pose for pictures in connection with dedication of a new airport here.

Those in the party were: Ruth Elder, Art Goebel, ocean fliers; Francis Dean, screen actress; Mayor George Criss, of Los Angeles; W. E. Messick, chief engineer of the Ford air power; his daughter, Olive; Peggy Hamilton, assistant editor of a Los Angeles newspaper; and Miss Virginia Sullivan. Tomlinson apparently did not notice the group standing near another plane as he drove his plane forward. He reversed and the tail of the plane struck the group. Bruses and Tomlinson were the only injuries. Tomlinson formerly was a member of the navy's "Three Sea Hawk."

Add an outboard motor and go sea-sledding—E. H. Messick of Sea Island Beach, Ga., shows how easy it is.

13 COMPANIES TO SHUT DOWN WELLS SUNDAY

OKLAHOMA, CITY, Okla., Feb. 23.—Thirteen major oil companies and individual operators of the Seminole field will shut in their wells on Sunday, it was announced today by Ray Collins, state operators' umpire. The curtailment will start tomorrow.

The plan suggested by T. B. Slick, was started last Sunday when Barnsdall Oil & Gas company, Prairie Oil & Gas company, and Slick shut in their Seminole area wells.

Prairie officials followed up their move today by announcing it would close production of wells in western Osage county once a week.

Among new companies to adopt the percentage-production plan are Mid-Kansas Oil & Gas company, and H. P. Wilcox Oil & Gas company.

REVENUE MAN COMING.
A deputy collector of the U. S. Internal Revenue will be in Cisco at the Cisco Banking company on March 8 for the purpose of assisting income taxpayers in filing their returns for the year 1928. Taxpayers are urged to avail themselves of this service.

BUS CONTROL UNCHANGED.
AUSTIN, Feb. 23.—By engrossing the Beck bill defining the powers of the motor bus division of the railroad commission, the house in effect declared for keeping motor buses under that commission. Another bill had proposed transfer to the highway commission.

LINDY MAY BE 'EARTH-BOUND' AFTER WEDDING

MEXICO CITY, Feb. 23.—The aerial adventures of Col. Charles A. Lindbergh may be curtailed after his marriage to Miss Anne Spencer Morrow, daughter of the United States ambassador to Mexico.

Friends of Ambassador and Mrs. Dwight Morrow said today they understood Lindbergh had agreed to abandon many air expeditions after his marriage chiefly because of objections of Mrs. Morrow.

The mother of Lindbergh's betrothed feared the natural dangers of flying it was said, but she objected chiefly because the long absences from home might have possible nervous effects on her daughter.

KATY WRECK.
Several cars on a freight train went into the ditch at the switch five miles west of Cisco, on the Katy road, about 6 o'clock Saturday evening. H. E. Pyle, station agent of the Katy road here, said it was a small derailment, with little damage.

WANTS EXTENSION.
WASHINGTON, Feb. 23.—The San Antonio Uvalde & Gulf railway, a subsidiary of the Missouri Pacific, asked the Interstate Commerce commission today for permission to build a 5-mile extension from Brundage, Texas, into an agricultural area.

Budapest is waging a determined campaign to stop public petting, thereby putting the soft pedal on Hungarian rhapsodies.

PRESIDENT IN APPEAL FOR WORLD COURT

WASHINGTON, Feb. 23.—Diplomats applauded today what was generally interpreted as a new appeal by President Coolidge for American adherence to the world court. The president's remarks were in an address at George Washington university last night, giving an account of his stewardship of America's international relations since taking office in 1923.

In what probably was his last presidential utterance, Mr. Coolidge urged cultivation of international good feeling and called upon the people and the press of the nation to "be friendly."

He admonished his Washington's birthday radio audience that even the first president's warning against alliances did not advocate a policy of isolation.

In conferring the honorary degree of Doctor of Laws upon the president, Dr. Chas. H. Martin, president of the university, cited him as the recipient of the state, a man of sincere attitudes, a respected leader of the people, and the proponent of a forward-looking social procedure. The characterization was warmly applauded by a large and colorful audience in Washington auditorium, which included members of the cabinet, house and senate and diplomatic corps as well as the graduating class of the university.

Miss Bobby Trout of Los Angeles beside the plane in which she stayed aloft for 17 hours, 6 minutes, thus breaking the solo endurance flight record for women that had been established only a few weeks earlier by Elinor Smith of New York.

PREACHERS' MEETING.
The preachers of Cisco will meet in their regular session tomorrow at 11 o'clock at the Baptist church. All ministers are cordially invited to meet with them. The special interest of the meeting will be a paper by the president of the association, John W. Batdorf.

Beauty Judges Disagree

Cornelius Vanderbilt, Jr. (left) and F. Scott Fitzgerald (right) have been unable to decide the winners of a beauty contest conducted by a perfumer. They have, however, selected these three as worthy of special attention—left to right, Sally Erickman, New York, Rosayn Wallace, New Rochelle, N. Y., and Mrs. Richard O'Connor, Dover, N. J.

BAPTISTS HERE HAVE TRAINING SCHOOL MARCH

Andrew Allen of Dallas, associate secretary of the Baptists Sunday school forces of Texas, will lead in an intensive training school and enlightenment campaign to be conducted by the First Baptist church of Cisco, beginning Sunday, March 10. Associated with him will be Mrs. Seidach and Mrs. W. H. Bussell of Dallas, Henry Smith of Seminary Hill at Fort Worth, and J. W. Mason, educational director of the First Baptist church of Wichita Falls. The announcement of the faculty for the school came yesterday in a letter from G. S. Hopkins, state Sunday school secretary of Dallas to Rev. Acker C. Miller, pastor of the local church.

The general superintendent of the Sunday school here, S. E. Hittson, together with the pastor and other Sunday school workers, are announcing committees and laying large plans for a busy week of intensive work from March 10 to 16.

CHARACTER WITNESSES ON STAND IN McCLOSKEY'S TRIAL

Court Adjourned Until Monday; Good Character of Defendant Attested by Witnesses Saturday

AUSTIN, Feb. 23.—Federal Judge Duval West of San Antonio, was the first witness to take the stand in the defense of McCloskey when court opened Saturday afternoon. He gave McCloskey a good reputation for uprightness and honesty during the many years he had known him.

He was followed by L. J. Hart, capitalist, and J. H. Kirkpatrick, real estate dealer, Judge G. S. Mathews, all of San Antonio. They also gave McCloskey an excellent character.

Fred Russi, son of Fritz Russi, took the stand, called by defense. He testified that on the night of November 8 McCloskey came to his father's home with Ed Englehardt and got the presiding judge's returns of precinct 20. On the next night he went with his father to return the returns to Englehardt.

Why he had been called by defense to substantiate testimony of his father, state witness, was a surprise and mysterious move.

Court adjourned until Monday.

While in the crowded court room a man came up to them and said, "You gentlemen don't need to worry about this election. Commission-ers' court has not made the canvass and until they do no one can tell you how it will come out," the witness said.

"I did not know at that time that he was Dave Dewhurst."

"Were you ever McCloskey's campaign manager?" the state asked.

"No, that title was given me by the San Antonio Light."

District Attorney Henry Brooks then took charge of the questioning for the state.

"You were present in court room when Dewhurst testified yesterday, and when Dewhurst mentioned your name in connection with the alleged alteration plan, isn't it a fact that your face turned ashy white?"

"That is a big enough lie to make any man blush," the witness grinned widely.

"But isn't it a fact that you have come here in support of McCloskey to save yourself?"

This brought fire from the witness. He half rose from his chair and shook his finger at the 23-year old district attorney.

"You are too young to be starting out trying to impeach the reputation of a man of my age who has the good reputation I have. You bring an admitted perjurer here and then try to blacken my name."

Brooks subsided.

The last witness for the state was Morris Hirschfeld, vice president of the Austin National bank. He qualified as a handwriting expert, and testified that in his opinion figures in the tally sheet of the presiding officer's returns and the totals of the county judge's returns had been changed and that the change was made by the same hand.

AUSTIN, Feb. 23.—Defense for Democratic Congressman-elect Augustus McCloskey, being tried here on charge of election fraud, opened its case with Ernest Altgeld and Lane Taylor, both San Antonio real estate dealers, at 11 o'clock this morning. Both refuted much testimony given yesterday by Dave Dewhurst, clerk of commissioners' court of Bexar county.

Altgeld emphatically denied that he had urged Dewhurst to alter returns in the November election so as to give the victory to McCloskey, then county judge of Bexar county, over Republican Congressman Harry M. Wurzbach.

Dewhurst, who is conceded to be the state's trump card, testified yesterday that he was first approached by Altgeld on the matter of changing the election returns in favor of McCloskey. Dewhurst said that Altgeld had asked him how returns could be altered, and that Altgeld was present in McCloskey's private office when alleged alterations of returns were planned.

Altgeld denied ever having been with Dewhurst in McCloskey's private office. On cross-examining he was "forced" to disavow that not to his knowledge had Dewhurst been there.

Taylor in his turn denied ever having been present in McCloskey's private office with Dewhurst or that he had been present at any time in McCloskey's office when the alleged alteration of returns scheme was worked out.

John H. Cunningham, San Antonio lawyer, and member of the defense counsel, took the stand. He testified that Taylor and Altgeld came by his office the morning after the election and said there were none of McCloskey's friends over at the commissioners' court where the returns were coming in. They said, the witness testified, that unless some of McCloskey's friends watch the returns Wurzbach forces will steal the election. He, Taylor, Altgeld and other friends of McCloskey's then went over to the commissioners' court room.

W. W. WALLACE ON BROADWAY COMMITTEE

W. W. Wallace has been appointed Cisco's representative on a committee to oversee the raising of the Broadway of America membership quotas of the various towns on the Bankhead highway between Metcalf Gap and Abilene. Mr. Wallace, along with representatives of other cities, was appointed at a meeting held at Eastland Friday night. Others present at this meeting from Cisco were Mayor J. M. Williamson, E. P. Crawford and J. E. Spencer. Cisco's quota is \$750. It will be Mr. Wallace's duty to keep posted on the campaign here and to inform the general committee of the progress of the drive.

The songster who promised every day would be Sunday bye and bye may have meant it would seem that way on the highways.

Mays to Try Another Comeback

World's Highest Dam Completed

An interesting view of the Pacoima Dam at San Francisco, Cal., which has just been completed at a cost of \$2,500,000. It was built by Los Angeles county as part of its water conservation program and drains 23 sq. miles in the Sierra Madre Mountains. It is 660 feet long at the top and 100 feet thick at the bottom. It has a maximum stress of 600 pounds to the square inch.

IMPLEMENT COMPANIES ARE MERGED

BATTLE CREEK, Feb. 23.—Reports concerning the merger of the Oliver Chilled Plow company of South Bend; the Nichols-Shepard company of Battle Creek; and the Hart-Parr company of Charles City, Iowa, were confirmed here today by L. J. Brown, president of the local company after his return from Chicago.

The Hart-Parr company manufacture motor tractors and the Nichols-Shepard company make threshing machines.

Combination of the three farm implement companies would make their joint organization a formidable competitor of the International Harvester company, but Brown would not discuss possibilities of a business competition. The proposed new company would be capitalized at \$50,000,000. Brown declared, the proposition will be submitted at stockholders' meetings within the next two weeks.

ANNUAL FIRE DEPARTMENT FEED SUCCESS

"It was a rip-roaring success," was the manner in which some of the guests described the annual feed of the Cisco fire department, which was held Friday night at the Rotary-Lions club rooms. On this occasion, instead of a chicken barbecue, as has been the custom of the department, the annual feed was an oyster supper at which the firemen had as their guests their families and the police force. A most delightful occasion, indeed, it proved to be, as there were the toothsome bivalves served in every style known to the culinary art, and the food was in abundance, as 14 gallons of oysters had been ordered for the feast.

Chief C. O. Pass presided as toastmaster, and a number of interesting talks were made by Crigger Paschall, street commissioner; C. O. Pass, fire chief; A. S. Stanton and J. J. Collins, members of the department. There were about 95 in attendance.

"A new device invented for testing steel in auto axles"—news item head. Probably something for pedestrians to wear.

Women, Weak, Tired, Rundown and Nervous.

or who suffer ovarian pains, pains in the lower part of the stomach, bearing down pains, female weakness, headaches, backache, melancholia, despondency, nervous derangements, flushes of heat, fleeting and indefinite pains, whites, painful or irregular periods, should write to Mrs. Ellen Lowell, 7701 Mass., Kansas City, Mo.

She will entirely FREE and without charge to the inquirer advise of a convenient home method whereby she and other women say they have successfully relieved similar troubles.

The most common expression of these thankful women is "I feel like a new woman." And others, "I don't have any pains whatever anymore." "I can hardly believe myself that your Wonderful Method has done so much good for me in such a short time." Write today. This advice is entirely free to you. She has nothing to sell.

Find a Way to Stop Attacks of Fits

Reports are received of an amazing treatment that epileptics state has proved successful in stopping their attacks. R. Lepso, Apt. 109, 895, Island Ave., Milwaukee, Wis., has been supplying sufferers with this treatment. He now wishes to reach all those who have not been helped and to do so is making the startling offer of a generous treatment free to all sufferers. Anyone afflicted should write for this free treatment at once, giving age.—Adv.

Wanted Child of Her Own to Love Woman Whose Mother Instinct Led Her to Kidnap Child Told Police

By RICHARD G. BALDWIN SAN FRANCISCO, Feb. 23.—The mother instinct of a lonely woman was given as the reason today for the disappearance of four year old Doris Virginia Murphy from a city playground eight days ago. While the child, returned to her parents unharmed yesterday, was receiving the attentions of her mother and stepfather, her confessed kidnaper, Mrs. Edna Sharp, wept in her cell at the city jail.

After hours of questioning by police during which she told a number of contradictory stories, the woman late last night broke down and confessed that she had taken little Doris from the playground. Mrs. Sharp first told of receiving Doris from a "dark" man at Vallejo, north of this city on San Francisco bay. Later she changed her story and said the "dark" man had given her the child at the ferry building here.

Under continuous questioning of police, she finally burst into tears

and said she "took Doris because she wanted a child of her own to love."

HUSBAND CLEARED OF COMPLICITY.

SAN FRANCISCO, Feb. 23.—Charles Sharp, young truckman, husband of Mrs. Edna Sharp, 30, confessed kidnaper of little Doris Virginia Murphy, today was absolved of complicity in the case and released on his own recognizance.

When brought before Police Judge Sylvian Lazarus on charges of kidnaping and child stealing, bail for Mrs. Sharp on each charge was set at \$10,000 cash or \$20,000 bond. Trial was set for Wednesday.

NEW U. S. COURTS.

WASHINGTON, Feb. 23.—House bills creating an additional federal judiciary circuit and providing for appointment of five additional circuit judges in western states were passed today by the senate.

SEVERAL POSTS IN CABINET YET UNCERTAIN

By THOMAS L. STOKES. WASHINGTON, Feb. 23.—Several posts in President-elect Hoover's cabinet still were very uncertain today, with little more than a week before inauguration. Refusal from men he had picked have disrupted his plans and caused him to check through the list of eligibles again. Mr. Hoover was at this task again today, with chief concern over the posts of agriculture and attorney general.

Two names have been brought forward prominently for these posts: Thomas D. Campbell, Montana wheat "industrialist," for secretary of agriculture and Ira K. Letts, Providence, R. I., federal judge and former assistant attorney general, for attorney general. Conferences in the next few days will determine whether these men will fill the two posts. Campbell has just returned from a trip to Russia, where he was agricultural adviser to the Soviet government.

Letts is a newcomer to the cabinet lists. But there are very definite indications there may be one or more "dark horses" in the Hoover cabinet. Four posts have been definitely filled—secretary of state, Henry L. Stimson; New York; secretary of treasury, Andrew W. Mellon; Pittsburgh; secretary of interior, Dr. Lyman Wilbur, president of Stanford University, and Charles Francis Adams, Boston, secretary of navy.

STIMSON SAILS FOR U. S.

MANILA, P. I., Feb. 23.—Gov. General Henry L. Stimson sailed aboard the liner President Pierce today for the United States and was accorded one of the greatest ovations as a sendoff ever given a retiring governor-general of the Philippines.

Lingering Colds Play Havoc In System Weakened by Flu

Physicians advise that the chief danger of this year's epidemic lies in the after-effects. Colds attacking the weakened system so often lead to bronchitis, sinus trouble, pneumonia, or even meningitis. This is especially true of children or old folks.

These colds must be checked immediately. And yet too much dosing may upset the digestion which is already disturbed by the toxins of influenza.

Vicks VapoRub is especially valuable here. As it is applied externally, it can be used freely at the first sign of a cold without upsetting the most delicate digestion. Just rub it on the throat and chest at bedtime.—Adv.

IF YOU are sick and really wish to get well consult

Mrs. Y. C. Woodfin, who has been a patient at the Graham sanitarium for the past week, was removed to her home at 610 West Twelfth street, by the ambulance from the Western Funeral Home Friday. Both Mrs. Woodfin and the baby born at the sanitarium, are doing nicely.

F. W. Perkins, manager of the Lake Cisco Amusement Co., accompanied by H. C. Wippen, made a trip to several neighboring towns Thursday in the interest of the company. They visited Ranger, Eastland, Breckenridge and Moran.

Miss Letha Maude Eager, assistant to the secretary of the chamber of commerce, was back at her desk Saturday after a brief absence on account of illness. She was taken with a chill Thursday evening which incapacitated her for her duties all day Thursday.

S. A. Malone was a visitor to Rising Star and Pioneer Friday.

E. L. Wheeler, local manager of the West Texas Produce Co., returned Saturday from Temple, Okla., where he was called by the illness of his brother, who had recovered sufficiently for him to return home.

Dr. A. L. Bradford of Seagraves, brother of Mrs. W. L. Holmsley, is here the week end guest of Mr. and Mrs. Holmsley and his mother, Mrs. A. J. Bradford, of Tulsa, who is a guest of the Homesteads. Dr. Bradford's son, Leonard, is a student in the high school, so his visit here forms a pleasant family reunion.

I. N. Hart, who has been ill since Christmas with a gripe, was able to be on the streets Saturday for the first time since he was stricken.

A. W. Green of San Antonio, father of A. C. Green, of Green's Funeral Home, is the week end guest of Mr. and Mrs. Green.

R. V. Smitham, city manager of Lubbock, was in Cisco Saturday from Eastland, where he is visiting his father, who is quite ill. He was here to meet a brother, who came in on the Katy from Waco.

Turner Garner was out from Dallas Saturday to visit the John H. Garner's store.

Students of the Cisco high school who are collecting water paper to sell in the campaign to raise funds for a new gym will ship their first car Monday to Houston. Several thousand pounds of paper are needed to fill this car and the students plan an intensive drive Monday to collect the deficiency. Squads of school youngsters will sweep through the business and residential districts in quest of papers and magazines.

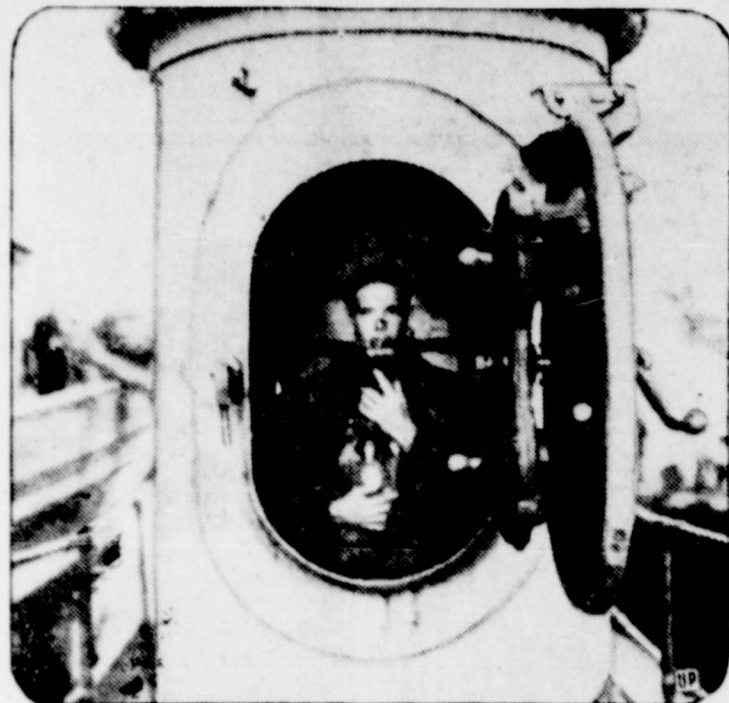

Every home in the city should be able to furnish a few pounds of this paper at least. Save your Sunday papers, your old magazines, and, if possible, tie them in bundles so that collection can be facilitated. This means a great deal to the youngsters and will materially help Cisco to secure a high class gymnasium so badly needed by the schools.

DALLAS, Feb. 23.—Ward C. Mayborn of the Houston Press was elected president of the Texas Newspaper Publishers' association at today's meeting of the organization. Other officers elected were: Louis C. Elbert of the Galveston News-Tribune, vice president; A. E. Clarkton of the Houston Post-Dispatch, secretary-treasurer; and G. J. Palmer of the Houston Chronicle, special commissioner. The next meeting will be held at Beaumont.

FLANGE SCANS DESERT. LOS ANGELES, Feb. 23.—An airplane, sailing over the Mojave desert today, aided a posse of 100 mounted men in the extensive hunt being conducted for Richard Grant, 31, and Harry Palmer, who is believed to have kidnaped the boy.

Escape From Submarine

A close-up of the new "escape lock" on the submarine S-4, which sank with 40 men aboard off Provincetown, Mass., a little over a year ago, and which has been repaired. The sailor is shown wearing the new "lung" or inflated oxygen mask. Just after this photo was made at Key West, Fla., 15 men in the sub went down to the bottom of the sea, and shortly after, Chief Torpedoman Edward Kalon stepped out of the lock, came up and popped through the surface—the first man in history to escape from a submerged submarine without outside aid.
