FOUR DEAD IN TWO TEXAS TORNADOES

Love Hurts Challenge at Senate in Bolters Bill Debate

M'CLOSKEY ATTEMPTS TO PROVE ALIBI

WAS HUNTING NOVEMBER 10, WITNESS SAYS

AUSTIN, Feb. 25.—The defense for Democratic Congressman-elect Augustus McCloskey of San Antonio, on trial for election fraud, will attempt to prove that the defendant was not in San Antonio the afternoon of November 10, the date on which alleged alterations were testified to have been made with the participation, knowledge and consent of McCloskey, it was indicated shortly before noon.

McCloskey was dove hunting between a few minutes after 10 o'clock until 5 or 6 o'clock the afternoon of Saturday, November 10, with Captain R. J. Small, minister, formerly with Volunteers of America, according to testimony given by Captain Small.

According to Small's story he left the Bexar county court house a few minutes after 1 p. m. that Saturday. He saw McCloskey on the curb. Small said he invited McCloskey to go hunting. McCloskey did not go home for his gun. He simply got in the car and they drove out of the city. They covered about 23 miles in the afternoon and returned between 5 and 6 o'clock.

District Attorney Lamar Seeligion of Bexar county tried hard to break down the witness' statements. But Small was certain that he had gone dove hunting the Saturday following the election.

The youthful District Attorney Henry Brooks of Travis, prompted Seeligion to ask the witness:

"What date was the last Thanksgiving on?"

"Don't know," the witness smiled. "Last Thursday in the month. Don't know if it was the 25th or 26th."

Did you and McCloskey discuss the election?"

"He had very little to say about it," Small said he thought McCloskey would be elected and that he wanted to see the whole ticket elected. He was an especial friend of McCloskey, he said.

First Underground Long Distance Telephone Cable in United States Being Laid From Ft. Worth to Cisco

Texas is to have the first underground long distance telephone cable of its kind to be laid in the United States. This cable, which extends from Fort Worth to Cisco, differs from any other in service today in that it will not be laid in conduits. The elimination of the conduits has been made feasible through the invention at the Bell laboratories of a new type of metal sheath being manufactured by the Western Electric company, manufacturing department of the Bell system.

The laying of the Fort Worth-Cisco cable is the first step in a five-year program of the Southwestern Bell Telephone company, the estimated cost of which is \$5,000,000.

"The new underground cable between Fort Worth and Cisco will either eliminate, or greatly minimize, troubles resulting from such weather disturbances as sleet storms, tornadoes and lightning," said W. L. Pehn, general manager of the Southwestern Bell Telephone company of Texas. "The underground construction will be a protection against mechanical injury, bullet holes, ring-outs caused by vibration of the steel rings which cut the lead sheath. There can be no doubt concerning the fact that the installation of this particular type of cable will decidedly improve the toll service," Mr. Pehn stated.

In Europe there have been between seven and eight thousand miles of cable laid without being placed in conduits. Before planning the five-year program, almost one-third of which centers in the state of Texas, representatives of the American Telephone & Telegraph company spent three months abroad studying the results gained by laying the cables there. The original cost and maintenance of laying an underground cable, although higher than aerial cable, were considered, after the three months survey, worth investing for the sake of undeniably superior service, the hazards to which would be materially less on the underground construction than on the aerial type.

In order to insure the cable's being proof against rust and electrolysis, (stray currents), it was first wrapped in jute, then steel tape, followed by a second jute wrapping. This is known as a "tape armored cable."

The country between Fort Worth and Cisco being of a rocky, hilly, almost mountainous nature, aerial photographs were made, by which the engineers laid out the line to be followed by the cable, avoiding by this means ravines and detours which will result in the cable's being laid airline, and as a consequence, more direct in route.

The Southwestern Bell Telephone company has been purchasing the right of way and locating the line since about October 15, 1928. This phase of the work is nearing completion. The actual installation of the cable will begin around March 1. Officials of the company expect to see the undertaking finished in September.

To minimize the difficulties of the project, the company has purchased approximately \$600,000 worth of motor equipment. A 15-ton digging machine will open the ground. This machine is to be followed by a trailer from which the cable will be

86 GRADUATED FROM KELLY FIELD TODAY

SAN ANTONIO, Feb. 25.—The army advanced flying school at Kelly Field graduated its largest class since the war today when 82 cadets and four student officers were awarded wings. The cadets were commissioned second lieutenants in the organized reserve corps and the student officers assigned to duty with the regular army air corps organizations.

California led all states in representation and Kansas was second. Thirteen of the graduates were from California and six from Kansas.

PRISON BILL ENGROSSED BY SENATE

AUSTIN, Feb. 25.—Before taking up the Wirtz bill today the senate engrossed the Holbrook prison relocation bill by a vote of 16 to 9. An attempt to suspend the rules and pass the bill finally failed.

As engrossed the senate prison bill carried an amendment that will insure the legislature a chance to have a last say before any prison land is bought or sold. Amendments also limit the territory into which prisons can be moved.

The action leaves the house and senate widely apart on prison legislation, the house having engrossed a bill to centralize on the Darrington or Ramsey prison farms.

Prospect of their reaching an agreement or compromise was lessened when the house showed its intention not to remain in session long after March 9.

A motion to adjourn on March 16 was killed, an effort to fix adjournment on March 9 was defeated more than an hour and left on the table subject to call.

Members who seek delayed adjournments charged that many of the 214 bills on the speakers desk will die if the session ends on the sixteenth day. They were answered with the reply that it is members of the session who are now seeking an extension of time.

"If we stay after March 9 there will not be a quorum," said Rep. J. B. Snelgrove of Henderson, and that will be a most dangerous time for the people of Texas. The members who are on the payroll of corporations can afford to stay here on the \$2 a day members will get then, but others cannot." The members are paid \$5 a day for the first 60 days of a session and \$2 a day after that.

Among the new bills introduced today was one proposing to combine John Tarleton college of Stephenville and the North Texas Junior Agricultural College which is located at Arlington.

SAYS MEASURE WILL BE WATER ON HIS WHEEL

AUSTIN, Feb. 25.—With Alfred E. Smith the Democratic nominee, Texas will again go Republican, Senator Tom B. Love of Dallas, recent Hoover leader in Texas, asserted today in protest against the Wirtz bill which will let the Democratic state executive committee discipline party bolters.

"Instead of going Republican by 25,000 votes as it was this time, Texas will go Republican by 250,000," said Love. "You can't kick me without kicking me up the stairs. You can't pass this bill without putting water on my wheel politically," he challenged.

In a twenty page prepared speech, to which he added much impromptu, Love called the proposed legislation a "Tammany force bill." It is worse than the sackcloth and ashes bill," said Love. It provides for doing indirectly what that bill proposed to do courageously.

"This bill would not only Tammanyize Texas, it would Prussianize and Russinize the democracy of the leading Democratic state of the union."

The Wirtz bill, which Love attacked, leaves the status of bolters to the state Democratic executive committee. Under it they could bar bolters from the party last November, from being candidates in the Democratic primaries in 1930.

TO ACT UPON AUTO FEE BILL IMMEDIATELY

AUSTIN, Feb. 25.—The house of representatives this afternoon voted almost unanimously to take up automobile registration fee legislation for immediate disposal. A committee bill recommends 35 per cent reduction in the fees now charged. A group of members are contending for a 50 per cent cut.

CONSOLIDATION TWO BIG BANKS IS ANNOUNCED

NEW YORK, Feb. 25.—Consolidation of the National Bank of Commerce and the Guaranty Trust company, both of New York, was officially made public today following special meetings of their respective boards of directors.

The merged company has total resources of approximately two billion dollars, making it the largest organization of its kind in the world.

BROWNWOOD NEXT HOST TO LEGION

MINERAL WELLS, Feb. 25.—The seventeenth district association of the American Legion concluded its two-day convention here Sunday after delegates had agreed to hold the next meeting at Brownwood on June 15 and 16. Sweetwater and Stamford also made bids for the next meeting.

Resolutions adopted by the convention included one which criticized the indiscriminate sentencing of felons with boys convicted of misdemeanors at the state training school at Gateville.

LOBOES PLAY ABILENE FOR BI-DISTRICT

The Cisco Loboes, basketball champions of District 9 in the interscholastic league, will meet the Abilene Eagles in a series of games for the bi-district championship this week. The first game will be played in Abilene Wednesday night. The second will be played in Cisco Friday night, and if a third game is necessary, it will be played Saturday night the place to be decided by the toss of a coin. Last year the Eagles and the Loboes met for the bi-district title and the Loboes won in two straight games. However, the two games were the closest and hardest fought that the Loboes played in the district, the scores being 19 to 18 and 21 to 18. The Eagles had no trouble winning their district title this season while the Loboes had two tough series, the one with Breckenridge and the one with Stephenville. The series with the Eagles promises to be one of the best played by the Loboes this season. The winner will go to the state meeting held at A. & M. College Station, March 8 and 9.

WACO, Feb. 25.—Waco's application for the right to use 85,000 acre feet of water per year from the Bosque was granted today by the state board of water engineers.

Cooper and Grand Prairie Struck by Storms Early This Morning; Two People Killed at Each Town

(By United Press)

Two cyclones in Texas early today took a toll of four lives, injured at least nine persons, several seriously, and caused thousands of dollars worth of damage to property.

The storm apparently got its start in the vicinity of Grand Prairie, between Dallas and Fort Worth, and traveled in a northeasterly direction until it reached Cooper, where it spent its force.

Two negroes, Alfred Gibson and his wife, were killed at Grand Prairie when a tree toppled over on them. The negro woman, 18, was killed instantly and her husband died in an ambulance en route to a Dallas hospital. Four persons were injured and a dozen homes laid flat by the taster at Grand Prairie.

Traveling in a northeasterly direction, the storm swept the outskirts of Cooper, seventy-five miles from Grand Prairie, killing Mr. and Mrs. N. P. Jones and injuring five persons. Twenty-five dwellings were demolished at Cooper, the damage amounting to \$50,000.

AT COOPER.

PARIS, Feb. 25.—Two are dead and five are seriously injured as a result of a cyclone which swept the little town of Cooper, twenty-seven miles south of here, at 6:30 this morning. The storm swept a path over a hundred feet wide across the city from southwest to northeast, and completely demolished more than twenty-five dwellings.

Mr. and Mrs. N. P. Jones were instantly killed and their son injured when their home was wrecked by the tornado.

Others injured included: Gay Young, Bill Duncan, and Miss Lillian Love and also an unidentified woman staying at a tourist camp. Damage to homes and business houses in the city was estimated at between thirty and forty thousand dollars. The Craig-Tranquil

churches also used as a school-house, two miles northeast of Cooper, was entirely destroyed.

NEGRO COUPLE DEAD IN STORM.

DALLAS, Feb. 25.—Two persons were killed and several others hurt in a storm of nearly cyclonic proportions that struck four and one half miles south of Grand Prairie early today.

The dead: Alfred Gibson, negro farmer; Mrs. Alfred Gibson.

Considerable property damage was reported.

Grand Prairie is located on the pike between Dallas and Fort Worth. A check showed the following persons were injured:

John Trigg, Mrs. John Trigg, Miss Trigg, 17 year old daughter; Mrs. L. J. Daugherty.

At least four houses were completely demolished and a dozen or more others were damaged slightly.

The Gibson's were blown against a tree and then crashed beneath it when the tree crashed to the ground. Mrs. Gibson, 18-years old, was killed outright and her husband, Alfred, died in an ambulance on his way to a Dallas hospital. Their little house was completely demolished.

The R. O. Crawford home, near the Trigg, was partly destroyed and the Prim-Tex Oil company plant was damaged, many of the tanks being blown down.

The Trigg home, east of Grand Prairie, was converted into kindling wood. A heavy piece of timber hit Mrs. Trigg on the head and injured her seriously. Her husband and 17-year old daughter sustained minor hurts.

Mrs. L. J. Daugherty was caught in the wreckage of her home and hurt slightly. Other members of the family escaped injury.

Grand Prairie was damaged very little by the storm which struck after 4 o'clock this morning. Heavy hail did most of the damage in town.

Dewey Hunt, Cursing and Yelling, Dragged Into Court in Straight Jacket to Face Murder Charges

DALLAS, Feb. 25.—Trial of Dewey Hunt for murder was passed until Tuesday morning by Judge Grover Adams on motion of the state today. The trial was scheduled to commence this morning but District Attorney McCraw told the court that three state witnesses from out of town had not arrived. They are expected later today.

Cursing and yelling at the top of his voice, Hunt, accused of slaying Sam A. Cole, street car conductor, was dragged into Judge Adams' court by deputy sheriffs and police officers. A few moments before court opened, officers went to his cell in the county jail and found him barricaded behind two mattresses. The prisoner threatened to kill anyone who came near him. Officers charged Hunt in a group and forced him into a straight jacket. Carried into the court room he screamed and cursed and threw himself on the floor. He quieted down after officers chained him to his chair at the counsel table.

A venire of 200 men has been summoned for the trial. Cole was killed last fall and a few days later Hunt, a confessed army deserter, was arrested. His attorneys announced they would plead insanity for their client.

THE WEATHER

West Texas—Partly cloudy, colder east and north. Freezing except extreme southeast portion tonight. Tuesday generally fair.

East Texas—Cloudy, much colder, freezing northwest portion tonight. Tuesday partly cloudy, colder southeast portion.

Arkansas—Cloudy with occasional rains. Colder tonight. Tuesday partly cloudy and colder in eastern portion.

HALDEMAN LOOKS FOR NEW EXPLOITS

HAVANA, Cuba, Feb. 25.—George E. Haldeaman, after completing the first non-stop flight from Walkerville, Ont., to Havana, was looking for new aviation fields to conquer today and planned to fly to St. Petersburg and Orlando, Fla., for the air races there.

Haldeaman, with his mechanic, James Hayden, made the trip from Ontario in 12 hours and 55 minutes, covering a distance of about 1,400 miles. Aided by a strong tail wind, they made nearly 130 miles an hour from Walkerville to Atlanta.

Haldeaman said he has been engaged as pilot by Lieut. Claudio Mejia and Diego Arzeno, Argentinian fliers, who plan a flight shortly from New York to Buenos Aires.

CITY STREETS TO BE WASHED BY FIRE HOSE

The city fire fighting equipment will be utilized in keeping Cisco clean, according to an announcement by Mayor Williamson. It is the mayor's plan, as soon as practicable, to have the paved streets of the city thoroughly washed of mud and debris accumulated by recent rains, the big hose and pumps to be used for this purpose.

7 HURT IN AUTOMOBILE COLLISION

NOCONA, Feb. 25.—Mrs. G. P. Painter was injured seriously, and her husband and baby slightly injured and four other persons were hurt when two automobiles collided near here last night. All the injured were brought to a local hospital. A Mr. Hobbs and three children and a Mr. Lacey were the others injured. Dim lights were blamed for the crash. Both cars were wrecked.

Public's Curiosity About Love Affairs of Lindbergh Is Still Unsatisfied; Famous Flier Silent

CUERNAVACA, Mex., Feb. 25.—Colonel Charles A. Lindbergh refused to reveal his wedding date or plans in an interview here today at the home of Ambassador Dwight Morrow, but indicated that he might "say something in a few days."

MEXICO CITY, Feb. 25.—The marriage plans of Colonel Charles A. Lindbergh and Miss Anne Spencer Morrow caused excited speculation in the capitol today. Col. Lindbergh came by plane from Eagle Pass, Texas, to rejoin his fiancée, arriving at Valbuena flying field just at dusk last night. The flier kept his movements a mystery, but after a brief visit to the United States embassy, his bags were put in an automobile and he sped away, presumably for Cuernavaca, where Ambassador

Dwight W. Morrow and his family have been spending the week end.

While Lindbergh refused to tell his destination, the chauffeur said he had been ordered to drive to Cuernavaca. It is a dangerous trip by night, entailing a drive over mountainous roads 10,000 feet above sea level, in a region where bandits abound.

Persistent reports in the capitol, founded purely on speculation, said the marriage might take place within the next few days at Cuernavaca or here. It was noted that Lindbergh flew here alone in the City of Wichita, a four-passenger flying field just at dusk last night.

The flier kept his movements a mystery, but after a brief visit to the United States embassy, his bags were put in an automobile and he sped away, presumably for Cuernavaca, where Ambassador

FOCHI'S TEMPERATURE UP.

PARIS, Feb. 25.—Doctors here discovered a new center of congestion in the lungs of Marshal Ferdinand Foch. The congestion caused a sudden rise in temperature to 99.4 degrees. The pulse was unusually rapid, 92. In view of the sudden change, the doctors decided to maintain a special watch and hold a special consultation of five physicians tomorrow.

NECK BROKEN BUT LIVES.

WACO, Feb. 25.—Continuing to live in spite of a broken neck sustained in an automobile accident, Mrs. Evelyn Hussey remained in a critical condition here today. The car crash occurred Saturday night.

\$194,500,000 DEFICIENCY BILL PASSED

WASHINGTON, Feb. 25.—House administration leaders won a decisive victory today by passage of the second deficiency appropriation bill carrying \$2,988,144 for prohibition enforcement instead of \$24,000,000 as advocated by the Democrats. The measure, carrying appropriations of \$194,500,000 was sent to the senate without a record vote. A few ballots on a motion to send it back to committee so as to include the \$24,000,000 resulted 145 for and 239 against the extra dry funds.

\$15,000,000 ARMY HOUSING PROGRAM UP

WASHINGTON, Feb. 25.—A new \$15,000,000 army housing program was introduced in the house today by Representative James H. Gresham, Republican, Penn. The program includes appropriations as follows:

Fort Bliss, Texas, \$25,000; Fort Sam Houston, Texas, \$400,000; Hot Springs National Park, Ark. \$25,000; Fort Wadsworth, Texas, \$100,000.

JONES BILL FAVORED.

WASHINGTON, Feb. 25.—The Jones bill which would provide maximum penalties of five years imprisonment and \$10,000 fine for prohibition violators was reported favorably today by the house judiciary committee. Chairman Gresham, Republican, Penn., announced the committee had instructed him to have the measure brought up in the house this week.

NO CENSUS?

After the 1920 census there was no congressional reapportionment, such as the constitution requires. Congress for eight years has put itself above the constitution in this matter, for political reasons.

It has been understood lately that congress was going to heed the frequent cry of its own patriots, "Back to the Constitution!" A census and reapportionment bill was prepared and passed by the house of representatives, which is the congressional branch immediately concerned. The 1920 census was treated as a dead horse, but hereafter the constitution was to be obeyed.

Now it appears that there is yet another hurdle to jump. The senate has been holding up the measure. There may not even be a new census. Senator Vandenberg of Michigan, in charge of the bill, says the foes of reapportionment have been filibustering to hold it up.

There is not much time left in this session. For the honor of congress, the measure should go through without further delay.

There is much preaching in Washington about lawlessness. How can the supreme law-making body of the United States expect private citizens to obey the laws of the land if it refuses to do so itself?

SUPREME MONUMENT.

A patriot of Brooklyn, N. Y., has what he thinks is a grand idea. He wants a permanent, visible memorial to the greatness of this country. He plans, therefore, to erect the biggest monument in the world, a towering shaft 1,500 feet high, at a cost of \$52,500,000. He has already spent \$50,000 of his own money on the project, and the plans are prepared. The rest of the funds are to be raised by national subscription.

There will be glory as well as patriotic self-satisfaction for the givers. Those who give \$1 are to have their names in a permanent album for future generations to see. Names of \$5 contributions will be engraved in an aluminum album. Patriots chipping in \$10 will have their names carved more imperishably on a marble plaque. The \$100 donors will be immortalized on a marble panel. The 1,000 people will have individual marble plates. More generous philanthropists will have their likenesses done in bas-relief, or even in life-size statues, "according to the merit of the contribution."

All this is alluring. Patriotism is flexible and fame is within the reach of all. Think of purchasing immortality for anywhere from one dollar up.

Only monuments are usually erected to the dead, and America is very much alive. Moreover, who raises a memorial to himself? Suppose a city should build a splendid monument in its own honor, saying to all mankind, "How wonderful I am!"

There's progress, anyway, when nations instead of fighting with armament merely fight about it.

C. T. McMURRAY BURIED TODAY AT GEORGETOWN

C. T. McMurray, about 50, well known Cisco resident died Sunday afternoon at 2 o'clock at the Scott and White sanitarium at Temple where he had been taken for treatment several days ago. Funeral services will be held this afternoon at Georgetown where Mr. McMurray formerly lived and where for several years he was county clerk of Williamson county.

Beaver, of Georgetown, and one sister Mrs. John W. Ellison, Sr., of Georgetown survive. Mr. McMurray lived one and one-half miles south of Cisco. He had made his home in the old McMurray homestead at that place ever since he returned to Cisco four years ago from El Paso. Mr. McMurray was a native of Cisco having been born here. At the age of 14 years he moved away later going to Georgetown where he resided for many years. During that period he served Williamson county as county clerk. From Georgetown he went to El Paso and from there he moved back to Cisco to make his home here until his removal a few days ago to Temple where death occurred. He had lived in El Paso for six years. Fire loss at Perryton, DeWitt county, last year totaled only \$1,740. A wife, formerly Miss Pearl

TO VALIDATE COUNTY COURT AT LAW ACTS

EASTLAND, Feb. 25.—The acts of the county court-at-law of Eastland county will be validated by legislative enactment. A letter to that effect has been received by Judge T. J. Cunningham from Representative O. F. Chastain. The validating measure has passed both houses, has been declared constitutional by the attorney general's department and is now awaiting Governor Moody's signature. This measure is of vital importance as legislation affecting hundreds of persons and involving vast amounts running perhaps into millions of dollars has been passed during many years by the court-at-law. Some months ago the supreme court ruled that the statute creating the court-at-law was null and void. Consequently the status of the matters passed upon by the court-at-law was in doubt. The bill awaiting the governor's signature will straighten out the situation.

Wild animals and domestic stock on the western ranges and in the mountains suffered intensely from the latest cold and storm period, reports said. Traffic in Denver was delayed and railroads entering that city were running behind schedule. Only a few hours preceding the storm, railroad crews had succeeded in battering through the drifts to Silverton, taking fresh vegetables and meats. The latest snows may again clog railroad tracks. Temperatures well above freezing over the midwest will give way to near zero marks brought in with a heavy snowstorm before tonight, according to weather forecasts.

PERILS FROM THAWS FACING MIDWEST TODAY

CHICAGO, Feb. 26.—Peril from snowdrifts threatened the Rocky mountain areas today, while the midwest was expecting further drop in temperature. Sterling, Colo., just emerged from an isolation due to heavy snows down the mountain slopes, watched the new heavy fall of snow with anxiety, fearing all the labor of last week would be undone. Wild animals and domestic stock on the western ranges and in the mountains suffered intensely from the latest cold and storm period, reports said. Traffic in Denver was delayed and railroads entering that city were running behind schedule.

Only a few hours preceding the storm, railroad crews had succeeded in battering through the drifts to Silverton, taking fresh vegetables and meats. The latest snows may again clog railroad tracks. Temperatures well above freezing over the midwest will give way to near zero marks brought in with a heavy snowstorm before tonight, according to weather forecasts.

Elaborate plans are under way in Sherman for the return of professional baseball. With this change the personnel of the circuit will be Sherman, Palestine, Texarkana, Paris, Tyler and Corsicana. NEW ORLEANS, La., Feb. 25.—Futures opened steady 1 higher to 5 lower. Open: March 1925, May 1949, July 1955, October 1933.

HEREFORD SHOW TODAY AT ALBANY

ALBANY, Feb. 25.—Praises for pure bred stock and sons favoring White Face Herefords are resounding throughout this section today as the ninth annual Hereford breeders' show and sale is being staged by the Shackelford County association. The event is a prelude to the Southwestern Stock show and exposition and when the show is over breeders will place their best aboard train and carry them to Fort Worth. "Shackelford county breeders have always rung the bell," said W. J. Dodson, president of the association, in referring to prices and places won in former days both at home and in Fort Worth, "and," he added, "our members are determined to make the show this year bigger and better than ever. We hope to have something attractive to take along to Fort Worth." The Shackelford association came into existence nine years ago. Albany has been its headquarters. The show and sale were early conceived to stimulate interest in the cattle industry, with particular reference to pure breeds of Herefords. To accommodate the entries the association several years ago built a commodious pavilion. This exhibition hall, adjoining barns and grounds are located in the northwest part of Albany. Accommodations are ample for 150 head, while the grounds are such that pens may easily be provided for any overflow. A. C. Magee, who is serving his third year as Shackelford county agent and who is secretary of the association states that the business men of Albany have made up a purse of approximately \$1,000 for the cash prizes. The American Hereford Breeders association is to contribute 25 per cent of the cash, the total thus being brought to approximately \$1,250. There will be 33 classes entered in the exhibits. The four prizes in each class run as follows: First, \$17.50; second, \$12.50; third, \$7.50, and fourth, \$5. Today is show day; tomorrow, the final day, will be sales day.

WROTE STORY OF ACT; THEN TOOK POISON

TOPEKA KAN., Feb. 25.—After writing the story of his suicide for a Topeka newspaper, Ralph R. Ferguson, 29, took his life at the home of the girl who had spurned his love. When the staff of the Topeka Daily Capitol came to its office last night they found Ferguson's own story of the suicide in the mail. He had contributed several stories to the paper previously. "It was suicide by poison," Ferguson's account read, and investigation confirmed. "I told Dorothy I was going west but she did not get the meaning." Miss Dorothy Waidley, 19, said Ferguson once told her he was "going west and not to California." She denied having been in love with him. "The boy was quite sane," Ferguson wrote in his story, "but decided death and its mysteries were preferable to life sans love, sans friends and sans energy. He was not a coward, and he met death as cool as a fountain." He was found in front of the Waidley home near death, shortly after 4 o'clock Sunday morning.

\$80,000 ASKED IN TWO SUITS AGAINST T. & P.

EASTLAND, Feb. 25.—A total of \$80,000 is asked in two suits filed in the district court of Eastland county against the Texas & Pacific railroad company. The suits are for alleged personal injuries and were filed by H. L. Baskin, Sr., as next friend for H. L. Baskin, Jr., who is six years of age; and Mrs. H. L. Baskin, mother of H. L., Jr. In the first suit \$35,000 and cost of suit is asked, while in the next action \$45,000 and cost of suit is asked. The suits are based on alleged personal injuries sustained by the plaintiffs when an engine of the railroad company struck the car in which Mrs. Baskin and her son, H. L., Jr., were riding at what is known as the "Prairie Crossing" in Ranger on November 19, 1928.

MEXIA OUT OF LONE STAR BALL CIRCUIT

DALLAS, Feb. 25.—Mexia has dropped from the Lone Star League circuit, and its franchise has been given to Sherman, according to T. H. Fisher, of Paris, president of the league, who announced the change Sunday. The league meeting scheduled for Dallas Sunday morning was postponed until March 24, but the personnel was definitely decided upon in an exchange of telegrams between club owners and the president.

Elaborate plans are under way in Sherman for the return of professional baseball. With this change the personnel of the circuit will be Sherman, Palestine, Texarkana, Paris, Tyler and Corsicana. NEW ORLEANS, La., Feb. 25.—Futures opened steady 1 higher to 5 lower. Open: March 1925, May 1949, July 1955, October 1933.

QUICK REFERENCE CLASSIFIED ADS

There is a Place for Everything and Everything in Its Place. These inexpensive advertisements are a "Clearing House" for most everything, such as Buying, Selling, Renting, Restoring Lost articles, Finding Help or Employment and Securing New Patronage for your business.

CLASSIFIED ADVERTISING RATES AND REGULATIONS

ALL CLASSIFIED advertising is payable in advance, but copy MAY be telephoned to the Cisco Daily News office and paid for as soon as collector calls. RATES: Two cents per word for one time; four cents per word for three times; six cents per word for six times; twenty-five cents per word for one month, and sixty-five cents per word for three months order. CLOSING HOUR: Copy received up to 10:30 a. m. will be published the same day. ACTOR PASSES.

HOLLYWOOD, Calif., Feb. 25.—Frank Keenan, for forty-eight years an actor on stage and screen, died at his home here yesterday following a brief illness of pneumonia. He was 70-years old.

DISTURBED SLEEP

Relieved For Wisconsin Lady. Wants to Tell Others. Bladder Irritation The Cause. Mrs. Ellen Johnson, Hillsboro, Wis., says she will tell or write any one how she was relieved by simple lithiated buchu. (Keller Formula.) She says: "I had to get up nights so much. The irritation was so bad, I had to go to the hospital for eleven weeks. I improved some but was not at all well. I began to take lithiated buchu. I feel fine today. Haven't taken medicine for two months. Am still well. Gained 30 pounds." Keller Laboratory, Mechanicsburg, Ohio. Sold by all druggists. Locally at Dean Drug Co.

Sure Way to Stop Coughing

This Prescription Relieves Almost Instantly. Coughing is usually due to causes which patent medicines and cough syrups do not reach. However, Thoxine, a famous doctor's prescription relieves coughing with the very first swallow. It works on an entirely different theory, has a double action, relieves the irritation and goes direct to the internal cause. Unlike most cough medicines, Thoxine contains no chloroform, dope, or other harmful drugs. Safe for the whole family. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c, 60c, and \$1.00. Sold by City Drug Co., and all other good drug stores.

Sharkey-Stribling Bout Is Main Social Event in Florida; Status of Pugilism Enhanced

By MORRIS DEHAVEN TRACY
MIAMI BEACH, Fla., Feb. 25.—The elevation of pugilism to a place among the general sports for both men and women has progressed another notch with the presentation of the Stribling-Sharkey fight as the main event of the Florida social season.

Instead of the inaccessible training quarters of days as recent as those of Jack Johnson and Jim Jeffries, Stribling and Sharkey are doing their training in the midst of Miami Beach while crowds of 1,500 to 2,000 men and women look on.

Sharkey has his camp at the fashionable Ke Lib club. Half of the people who sit in the handsome grandstands and look down upon his training ring beside the lawn which glisten under the warm sun are women.

Stribling trains at the old Casino and there again the sex once considered too dainty for the ring, crowd around and praise his displays of strength.

Yesterday afternoon Sharkey worked out first — for there is courtesy between these two fighters and they would not train at the same moment and thus interfere with the crowds each would draw. Half an hour before he came into the ring, men in white began coming into the stands, escorting women.

BOUW WILL BE BROADCAST.
MIAMI BEACH, Fla., Feb. 25.—The Jack Sharkey-Young Stribling fight will be broadcast. Roy W.

So crisp!

crackle pop snap

Here's a breakfast treat that's so crisp it crackles in milk or cream! Kellogg's Rice Krispies.

Rice in its most delicious form. Toasted bubbles of flavor. Children love them. Extra good with fruits or honey added. Order a red-and-green package from your grocer. Handy to use in candies, macaroons, etc. Made by Kellogg in Battle Creek.

it's new!

HEAVY RAIN HERE EARLY THIS MORNING

An inch of rain fell during the course of an hour early this morning, according to the record at the city hall. The rain, accompanied by some hail began at 1 o'clock. It fell with force, packing the ground to such an extent that little mud was in evidence today.

CONSTABLE BACK FROM NEW MEXICO

Constable C. S. Looney returned Saturday evening from a trip to Melrose, New Mexico, bringing with him G. N. Price to face charges of illegal disposal of furniture from a rent house here to the value of over \$50.

Constable Looney said that he found agricultural conditions in the section to which he went unusually good. He told of seeing corn piled high in the yards of farm homes awaiting storage or shipment. Melrose is 30 miles over the New Mexico line from Texas.

UNDERGROUND 'PHONE CABLE LAID TO CISCO

CONTINUED FROM PAGE 1

are carried over the same wire. For greater distances, there will be in the cable 180 "4-wire" circuits, a system whereby one voice is transmitted over one pair of wires, the other voice going over the other pair. The purpose of the "4-wire" circuits is that in distances over 125 miles, if both voices are transmitted over the same pair of wires, there is an audible echo which impairs service.

The cable also carries six "program supply" circuits which are "one-way" circuits used chiefly in radio broadcasting on net work programs, and special demonstrations. The cable will be in 750-foot lengths. This will necessitate employing eight or ten experienced "splicers" to join the lengths together after they have been laid.

"Repeater stations" are to be established at Fort Worth, one near Santo, and a third at Cisco. These stations will be fireproof and storm proof to insure the safety of the equipment housed therein. An addition of two stories is being built on the original Fort Worth building.

At Santo and Cisco, new buildings consisting of one-story and basement will be built outright. This work will be started in approximately three months. Both the Santo and Cisco buildings are to be erected in such a way as will make possible the later addition of two more stories.

ATTENTION LADIES

We want every lady in Cisco and surrounding territory to see our wonderful Vegetable Counter and Delicatessen Refrigerator case which we have installed so that we can give an unusual service to you—a service never before accorded to Cisco or, in fact, any town anything like the size of Cisco.

WE WANT YOU TO VISIT US EVERY DAY NEXT WEEK.

FREE LUNCHES AND SPECIAL ITEMS VERY SPECIAL PRICES.

All next week we will give free lunches and sandwiches to every lady visiting our store. We will have special items and very special prices. So watch our ads in the paper and come to our store so that you can really see what service we are able to give you.

COME EVERY DAY AND BRING A FRIEND.

RETURNING
Leave Kermit 7 p. m. (Saturday, March 2 or Sunday, March 3). Arrive Cisco next morning.

men will be called, whose work will keep them at Santo, which will be provided with cottages which the Southwestern Bell Telephone company will build for them.

The new underground line which is 103 miles long requires for transportation of 850 reels of cable, each weighing five tons, 115 cars.

The estimated cost of the Fort Worth-Cisco cable project including the cable itself, buildings at Fort Worth, Santo and Cisco, equipment, land and right of way, is \$1,600,000. In order to more fully comprehend the magnitude of the project it has been stated that a railroad of the same length could be built for practically the same outlay of money.

DINNER OUT

Dinner out may leave spots on your clothes, owing to a careless waiter, and these spots would ruin your clothes if allowed to remain. But they are quickly removed by us. Remember our "Sunburst Pleating" any size or style.

Mr. and Mrs. John H. Garner and son, Turner, have returned to their home in Dallas after a short stay in Cisco.

Mrs. George Weaver and son, George, Jr. have returned from a short visit in Mineral Wells.

Mr. and Mrs. Leonard Simm and daughters spent Sunday in Abilene with Mr. and Mrs. Thomas Brownlee and Mrs. Elizabeth Brownlee.

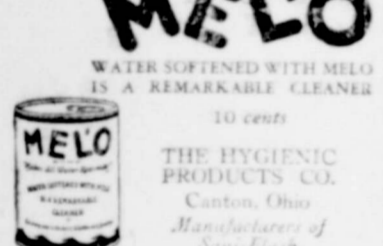

Mrs. Will St. John is entertaining a few friends tonight honoring Mrs. F. D. Moellendick, who leaves tomorrow for Shawnee, Okla.

J. L. McMurray left this morning on a business trip to Fort Worth.

Soft water keeps clothes white

HARD water always leaves clothes gray, no matter how much you wash and rinse. Hard water has something in it with which the soap combines. Soap forms at once. This soap gets into clothes. You never can rinse it all out.

Softened hard water with Melo and you have a very fine cleaner, with or without soap. Soap doesn't turn in this water. Clothes washed in it are as white as snow. Melo gives soap more effect on clothes. Get a can of Melo today at your grocer's.

WATER SOFTENED WITH MELO IS A REMARKABLE CLEANER

COWBOY BAND GIVES CONCERT THIS EVENING

ABILENE, Feb. 25.—The famous 35-piece Cowboy Band will stage its annual concert this evening in the Simmons D. O. Wiley auditorium. The proceeds from which will be used to carry the Cowboys to Washington for the inauguration of President-elect Herbert Hoover where they will be the official band of the Texas delegation.

The program for the concert will include a wide range of popular music and standard concert numbers. "Having played in practically every town in this section of the state we know what the people of West Texas want in music and have arranged our program accordingly," said Director D. O. Wiley yesterday.

High school bands, all over West Texas are sending representatives to Abilene for the occasion and the Randolph college band of Cisco is coming in a body to the concert.

INVESTIGATE CO-ED'S DEATH FROM POISON

STILLWATER, Okla., Feb. 25.—Authorities at the Oklahoma A. and M. College are investigating the accidental death of Miss Pauline Pruitt, 19 pretty Kanon Alpha Theta sorority pledge and candidate for the freshman class scholarship.

Miss Pruitt died at the home of her sister, Mrs. Kendall Hunt, after she had swallowed by mistake a poison potion less than an hour after returning from a "date" with Claude Poole, football star, president of the college student governing body and head of the Stillwater chapter of the Sigma Nu fraternity.

The father of the girl, Dr. Charles Pruitt of Comanche, arrived here last night. Miss Pruitt and Poole arrived at the Hunt home about 1 o'clock Sunday morning after an evening of dancing. Poole said that Miss Pruitt had complained of not feeling well and had gone into the house immediately.

Mrs. Hunt's attention was attracted by Miss Pruitt's screams. She discovered the girl had swallowed through error a quantity of city furniture polish. Administration of antidotes proved futile and the girl died at 9 o'clock Sunday morning.

CARELESSNESS CAUSED DEATH

COLUMBIA, Mo., Feb. 25.—The death of Arthur Klossner, college fraternity jewelry salesman and former Oklahoma University student, who died here Saturday Friday night in which his car collided with one driven by Fred Derge of St. Joseph, was due to carelessness of both parties, a coroner's jury decided Sunday afternoon. Derge was a student in the university last semester.

A Corpus Christi moving contractor has bought the first building he moved when he entered business 35 years ago, has moved it onto his own property and will use it for a workshop.

WHY TRY TO HIDE PIMPLES AND RASHES?

Why try to cover up unsightly pimples, rashes and other embarrassing skin blemishes when it is possible to get rid of them completely? The sensible and easy way to have a clear, healthy skin is to go to your druggist, ask for Black and White Ointment and use it according to directions. It is pleasant to use, highly beneficial and scientifically safe. For best results use Black and White Skin Soap with Black and White Ointment. All dealers sell them at small cost.

Keep youth longer!

cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or gripping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today!

CONFERENCE OF PEACE PACT NATIONS ASKED

WASHINGTON, Feb. 25.—Authorization for the president to invite representatives of signatories of the Kellogg treaty to a conference at which limitation of the world's standing armies might be agreed, is contained in a resolution to be introduced today by Senator Tydings, Democrat, Maryland. Reduction of armies in proportion to population of the various countries concerned is proposed in the resolution.

"The existence of large standing armies," the senator told the United Press, "conflicts with the spirit of the Kellogg treaty. International distrust and fear are created by enormous military establishments. Many governments are maintaining standing armies of one soldier for every 250 inhabitants."

PERMISSION EXTEND DENIED PECOS RAILWAY

WASHINGTON, Feb. 25.—Application of the Pecos and Northern Texas railway to construct a sixty-six mile extension from Hale Center to Parmerton, Texas, was denied today by the interstate commerce commission.

Construction of the line, the commission said, would parallel another proposed new line which the Fort Worth and Denver South Plains railway has been authorized to build. Cost of the sixty-six mile extension would have been \$1,958,000.

REBEL FORCES IN CHINA ARE GROWING FAST

PEKING, China, Feb. 25.—Reports from Chefoo today said an unnamed general commanding 15,000 troops had joined forces with the rebels massing for an attack on the city. Reinforcements were being hurried to Chefoo by the nationalists.

Troops guarded carefully against disorders in Peking today after yesterday's demonstration in which agitators supporting striking policemen urged crowds to march on the foreign quarter. The gates to the legation quarters were closed and foreign guards called out.

SHOT BY ROBBER

TEXARKANA, Feb. 25.—Night Watchman Elmer Schuster was shot in the thigh when he surprised a burglar in the act of robbing the safe of the Texarkana Battery company Sunday morning. His injury is not serious. The burglar escaped, leaving behind about \$1,000 which was in the safe.

SODA WATER BURGLARS

A burglar or burglars with an unquenchable thirst again visited the Magnolia filling station at the corner of D avenue and Third street when three cases of soda water were removed from the cold drink container in the driveway of the station sometime after 12 o'clock last night.

KILLED BY TRAIN

PALESTINE, Feb. 25.—Falling beneath the wheels of a freight train as he attempted to hop a ride downtown, Alvin Types, 15, a newby, sustained injuries which caused his death Sunday morning. His hip was badly crushed and he received an injury to the head. Just before he boarded the train, young Types called goodbye to his mother.

Say, Man, Is This Your Wife?
Hadn't you better call 138 and change the thing up a little?
We wash for a living.
CISCO STEAM LAUNDRY

You Know—

I have the advantage of the other furniture dealers in this town in trading for used furniture. There are a good many things that they can't use but if I get hold of something that will not sell, I just take it out to the farm and feed it to the goats. So you see I can use most anything—traded for a Bantam rooster yesterday, today for two pigs and a dog. Don't be backward about calling us. Give us an opportunity for there is no deal too small or too large for us to have a try at. If it's a trade in, sell or buy, come around and see us.

A Good Place to Buy Good Furniture

TO EL PASO.

Mrs. T. A. Rose will leave about March 1 for El Paso to live with her daughter, Mrs. Minnie Williams who is making her home indefinitely in that city for the benefit of the health of Mrs. O. C. Holcomb, a daughter of Mrs. Williams. Mrs. Rose, who will be 83 years of age next June, has been a citizen of Cisco for 40 years, having lived that length of time at her homestead at E avenue and West Eleventh street.

CARDINAL DEAD.

ROME, Feb. 25.—Antonio Cardinal Vico, prefect of the sacred congregation of rites, died today. He was 81 years old. Cardinal Vico ranked second in seniority among the cardinal bishops. Only five cardinals were older than he. Cardinal Vico's death leaves several vacancies in the sacred college, due to such recent deaths as that of Cardinal Tosi last month and Cardinal De Lai in October. The vacancies probably will be filled by a secret consistory soon. The last creations were at a secret consistory in December, 1927.

FARMER SLAIN.

WELLINGTON, Feb. 23.—Roy Catman, 30 farmer, is dead, and Ed Fulcher, 22, is in a local hospital with wounds which may prove fatal as the result of knife play in an altercation at a country dance, nine miles northwest of here, Saturday night. Fulcher, witnesses told officers, was attacked by two men after Catman fell dead. Catman's jugular vein was severed by a knife thrust. Fulcher was charged with murder.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble, and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after cough or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (Ad.)
