U. S. Treasury Faces Huge 1930 Deficit, Hull Warns

PRUITT IS GIVEN TOTAL OF 112 YEARS

Jury Assessed Maximum Penalties in All Cases in Connection With Burglaries in Cisco and Elsewhere

EASTLAND, March 19.—Life imprisonment for burglary was meted out by an Eastland county jury late Monday if the sentences assessed are made cumulative by Judge Sam Russell.

One jury, trying 10 charges simultaneously against O. D. Pruitt, returned the maximum penalty in each case after deliberating less than an hour. Twelve years in each of six cases of burglary and 10 years in each of four cases of theft was assessed—a total of 112 years if the sentences are made cumulative.

Pruitt pleaded guilty to a series of robberies, which included two in Eastland and three in Olden the same night, robbery of a Cisco grocery store and participation in Gorman's one night "crime wave" when a safe was stolen, an auto was taken and another car was set on fire.

The defendant is 29 years old and his home is in Hanger. Pale from weeks in jail, Pruitt smiled weakly as the verdicts were read.

The trial was record-breaking for Eastland county, in several respects. It is believed to be the greatest total of years ever assessed against one defendant in this county. It is also believed to be the greatest number of charges ever tried by a jury at one time in Eastland county.

Judge Russell of Stephenville—who had exchanged benches with Judge Elzo Ben of Eastland—told the jury that they were trying 10 cases and that they could

FLYING PREACHERS RARE

HOUSTON, March 19.—Preachers don't like flying. Motorcycle Officer H. Kama said today when he told brother officers about the trouble he had in finding a person who would perform a wedding ceremony in the air. He said he asked thirty preachers to do the job before he found one who would go up into the air and marry him and Miss Margaret Fuery of Fort Worth. He finally found one who would consent to act only if his name were left out of the papers. So Kama and Miss Fuery were married as they sailed over Houston. The bride's sister, Miss Kathryn Fuery, acted as maid of honor.

EAKER STILL AT TAMPICO ON RETURN

BROWNSVILLE, March 19.—Captain Ira C. Eaker, scheduled to arrive here this morning from Tampico on the last lap of his attempted dawn-to-dusk flight from France field, Panama, was unable to leave Tampico because of a muddy landing field, he informed International Airport officials here by long distance telephone.

Captain Eaker did not disclose when he intended to leave Tampico, but officials are of the opinion that he will not attempt the flight until tomorrow.

On his return to the United States he will fly directly to the bedside of his father, Y. Y. Eaker at Eden, Texas. The elder Eaker is dangerously ill.

"Regular flights through Central and South America will not be practicable until a system of reporting weather conditions along the route has been perfected," Eaker said over long distance telephone. "Only through such reports will it be possible to determine in advance the conditions one is likely to meet."

Says Appropriations Must Be Kept to Minimum if an Increase in Federal Taxes Is Prevented

BY JOSEPH S. WASNEY. (Copyright, 1929, by United Press.) WASHINGTON, March 19.—Warning that congressional appropriations must be kept to a minimum and strictest economy must be practiced by the government to prevent an increase in taxes next year was sounded today by Representative Cordell Hull, Democrat, Tennessee.

Although a \$50,000,000 surplus is expected this year, Hull, an expert on government finances and a member of the ways and means committee which originates tax legislation, said the treasury in 1930 will face a huge deficit due to appropriations that will be necessary for farm relief and other projects.

"The administration hopes to offset this deficit by revenues from a high protective tariff," but it appears likely other means of increasing treasury receipts must be adopted, he said. "There will be a \$45,000,000 expenditure next fiscal year for back pay to railway mail carriers in addition to many millions for agriculture relief and flood control work."

"The small surplus the treasury will have this year will not help in 1930. Congress will be forced to enact legislation to lean on the nation's revenues unless there is a decided change in the situation."

Hull said one way to increase the revenues was for the house and

CONTRABAND ?

WILDWOOD, N. J., March 19.—(By United Press.) Officer Francis W. Swaine of the coast guard climbed aboard the fishing boat Nautilus, owned by Capt. Josh Shivers. He was looking for contraband liquor and noticed that three men were lowering a parking case over the side.

"What's in that case?" asked Officer Swaine.

"Alligators," said Captain Shivers.

"That's a new idea," said Officer Swaine. "Pull that case back on deck. I think I'll have a look at it."

Officer Swaine kicked the case. It collapsed. So did Officer Swaine when 200 alligators crawled out.

FLOOD CRISIS BELIEVED TO HAVE PASSED

MONTGOMERY, Ala., March 19.—(Copyright, 1929, by United Press.) Early today he believed the state's flood disaster has passed its peak and that the great problem remaining was the immediate housing of the thousands of homeless left by the receding waters.

Reports from the several flood sections indicated there was little fear of more deaths. The Alabama river, though out of its banks and flooding the lowland cotton fields of Wilcox county will cause no such damage as was wrought by the rushing Pea river in the Geneva-Elba district, it was thought.

At Camden, in the heart of the new flood district, residents reported by telephone that, though roads were washed out, they did not contemplate leaving their homes. The section is populated almost entirely by negro farmers.

The number of homeless from the Geneva-Elba district is estimated at 10,000; from the Brewton-Flomaton district, 5,000; all other districts, 10,000. The loss of both districts in improved real estate and personal loss is estimated at \$30,000,000.

The number of persons dead is officially placed at approximately 100.

These figures, it was said last night, might be augmented considerably if full reports from Georgia and Florida, some sections of which still face an acute situation.

The danger of spread of disease is rapidly diminishing according to reports from state health officials. The fear typhoid might develop seems to have been unfounded, but as a precaution the waters in the Elba-Geneva section have been chlorinated and the work of removing contaminating debris from the streets is being rushed by national guardsmen.

Looting is at an end according to Col. W. E. Persons. Martial law effectively stopped the ghoulish work and to keep it stopped the law is still in effect.

Dispute Involves Refusal of Road to Take Over and Pay for Homes of Transferred Employees

W. H. Tobin, assistant general manager of the Texas & Pacific, said the chances of a strike are remote. "We expect an amicable settlement of the dispute," said Tobin.

A number of conferences have been held between representatives of the trainmen and J. W. Welsh of Washington, D. C., representative of the United States Board of Mediation but no agreement was reached.

The main point in the dispute is the refusal of the road to take over and complete paying for homes at Longview and Marshall bought by the men who have been transferred to other division points.

The issue involves conductors, engineers, firemen and brakemen but does not include shop men. The question of pay is not an issue, it was said.

The five roads involved besides the Texas & Pacific are the Abilene & Southern railway, the Cisco & Northeastern railway, the Weatherford, Mineral Wells & Northwestern railway, the Texas & New Mexico railway and the Pecos Valley Southern railway.

DALLAS, March 19.—A vote is being taken today by trainmen over the five lines operated by the Texas & Pacific railway on whether to strike as a result of the failure of the road and the trainmen to get together on six issues in a dispute.

Strike ballots were distributed to employees yesterday and it will be several days before the result of the vote is known.

NO DYNAMIC MOVE ENFORCE PROHIBITION

WASHINGTON, March 19.—There will be no drastic or dynamic drive to enforce prohibition under President Hoover, but the administration will follow a vigorous and well defined policy for building up law enforcement generally.

The government, it was learned on high authority today, will avoid all acts of sensational character in its enforcement efforts and will confine itself to generally building up law enforcement and reducing crime.

TRAIN 14 HOURS LATE

JUAREZ, March 19.—More than 14 hours late, the first train from Torreon, vortex of the Mexican revolution, arrived here at 1:50 a. m. today. A bridge blown up by a federal plane north of Escalon was given as cause of the delay. The train left Torreon before the city was evacuated by rebel forces under General J. B. Escobar.

BABY DEAD OF BURNS

GRAPEVINE, Tex., March 19.—Barnis received when she crawled too close to an open fireplace proved fatal for Dorothy Justine Allen, 9-months old daughter of Mr. and Mrs. Gilbert Allen, living four miles north of here. The child was left alone in the house and her clothing caught fire.

Contract for Resurfacing Highway 23 South of Cisco Let Yesterday to McClung Construction Company

Contract for resurfacing highway No. 23 from Rising Star to a point one mile north of Romney has been let to the McClung Construction company of Fort Worth, which submitted a bid of \$56,411 to the state highway commission yesterday afternoon. This highway, south of Cisco, is being widened and improved to take care of increasing traffic. Contract for widening the road bed was let some time ago to the Bucy Construction company, of Rising Star, and this work is progressing rapidly.

AUSTIN, March 19.—No bid was received by the state highway department upon its advertisement for grading and drainage structures on two miles of highway 29 in Lamar county yesterday. All bids for work on highway 37 in Cherokee county were rejected and both jobs will be done by state forces.

Awards made yesterday totaled \$627,421. They were:

Err county, work on highway 41 to Brown and Root of Austin for \$115,085; Navasota river bridge between Brazos and Grimes counties to Austin Bridge Co. of Dallas for \$62,822. Approaches were awarded to Epperson and company of Dallas for \$10,455.

Karnes county, highway 72 from DeWitt county line to San Antonio river to Cage and Ruby of Bastrop for \$19,646 and same highway from San Antonio river to Kenedy to W. L. Pearson and company, of Corpus Christi for \$37,429.

AMMUNITION EXPLODES

JUAREZ, March 19.—More than 900 rounds commanded by the Rebel General Marcevin Murrieta were thrown into panic when an ammunition explosion damaged a warehouse here. General Murrieta charged that a fire, which caused the explosion, was an attempt to assassinate his family. A man bearing a passport inscribed "Carlos M. Perez" was arrested leaving the storehouse.

BRIDE DIES

WATERBURY, Conn., March 19.—Mrs. Mildred Cushman, a bride of six months, died early today of radium poisoning which she contracted four years ago.

CRUSHED BY COW

JOPLIN, Mo., March 19.—Crushed by a cow when he and his animal fell from a truck as it rounded a corner, Lowell Cummings, 18, died from the injuries.

REBEL EFFORTS ESTABLISH CONTACT WITH U. S. GOVERNMENT WILL BE IGNORED; REPRESENTATIVES EN ROUTE

WASHINGTON, March 19.—Mexican rebel efforts to establish contact with the United States government will be ignored, the United Press was authoritatively informed today.

Press dispatches reported two Mexican rebel leaders were en route to the United States with the intention of seeking President Hoover here.

Officials professed ignorance of the Mexicans' plans but said they probably would not be received.

Dispatches to the state department today reported rebel retreats in Central Mexico but intimated reports of rebel withdrawals at the west coast were erroneous.

IMMEDIATE ADVANCE PLAN OF FEDERALISTS

BY G. F. FINE. MEXICO CITY, March 19.—Pinarco Elias Calles, minister of war who is personally in command of the federal troops on the northern front, informed the press today that federal columns would leave the captured rebel city of Torreon immediately to "fight and exterminate rebel forces in the state of Chihuahua."

Calles said he would reach Torreon by airplane or automobile today from Guadalupe Victoria, about 80 miles south of that city.

The government announced that rebel leaders in the state of Chihuahua made peace proposals through the Mexican consulate at El Paso but the proposals were flatly rejected and the offensive against the fleeing troops of the rebel Gen. J. Gonzales Escobar was continued.

REBEL ATTACK ON MAZATLAN EXPECTED

MAZATLAN, Sinaloa, Mex., March 19.—A rebel attack on Mazatlan is expected momentarily today as reports reached this city stating that detachments of insurgent troops were concentrating in the vicinity. It has been reported here for several days that a strong contingent of rebel soldiers under the command of Gen. Ramon Turbe was advancing from the north. Progress of the army, the reports said, had been hampered by destroyed railroad facilities.

McBRIDE CASE CONTINUED AT BRECKENRIDGE

The case of the state of Texas versus C. B. McBride, of Cisco, charged with murder in connection with the fatal shooting of John Glenn, a Breckenridge oil well supply dealer, on Thanksgiving day, 1927, was continued to May 29 by District Judge C. O. Hamilton of the 90th district court at Breckenridge this morning. The continuance was granted on a motion of defense counsel Bill Saunders and V. L. Shurtliff who told the court that a material witness for the defense—Virgil Roart—was absent. The court assessed a fine of \$500 against the absent witness and issued an attachment for him.

McBride, an independent oil operator, was tried at Breckenridge in December of 1927, receiving a sentence of 45 years in the penitentiary after the jury had returned a verdict of guilty. The court of criminal appeals later nullified this decision and remanded the case for a new trial.

SANTE FE ASKS AUTHORITY TO LEASE ORIENT

WASHINGTON, March 19.—The Panhandle and Santa Fe railroad company asked the interstate commerce commission today for authority to lease the Kansas City, Mexico and Orient railway company of Texas. The Orient was recently purchased by the Atchison, Topoka and Santa Fe which owns the Panhandle and Santa Fe. Operation of the Orient by the Panhandle, the application said, would be more economical and provide better service than under separate management.

McKENZIE IS GIVEN TWO MONTHS STAY

AUSTIN, March 19.—Governor Moody has ordered two months stay of execution for Pete McKenzie who was to have been electrocuted on March 23 for killing Detective Chief Sam Street of San Antonio.

THREE MEN ARE TAKEN FROM SEA

ABOARD THE S. S. MARQUES COMILLA, AT SEA, March 19.—(By Radio to the United Press.)—Capt. John Juter Schuttvaer of Holland, and two companions, were picked up at sea by the S. S. Marques Comilla this morning after they had spent seven days adrift in the life boat Schuttvaer without food or fresh water.

The men, who were attempting to cross the Atlantic ocean from Rotterdam to New York in the open boat, were in a rather serious condition. They were picked up at latitude 27.1 north, longitude 23.90 west.

Captain Schuttvaer's companions in the lifeboat were two Dutch sailors, Cornelius Saan and Peter Mayer.

They left Rotterdam in the lifeboat "Schuttvaer" months ago in an effort to prove the seaworthiness of the craft which the captain had built. They touched several European ports before striking out across the ocean for New York. The lifeboat was well provisioned and they were confident that the trip would be successful unless they encountered severe storms.

The Marques de Camille, which is a Spanish liner en route from Spain to Porto Rico, salvaged the lifeboat after rescuing the three men.

HOUSE RESTS IN TRIAL OF JOHNSTON

OKLAHOMA CITY, Ok., March 19.—The house board of managers in the Gov. Henry S. Johnston removal trial suddenly rested its case today, presaging an early vote by the senate court of impeachment.

But two rebuttal witnesses were examined today when John Head, of the board of managers, announced that the prosecution rested. The defense counsel immediately announced it would begin rebuttal after the noon recess of the senate court. The board of managers indicated argument by attorneys then would begin.

THE WEATHER

West Texas—Cloudy, probably local rains tonight and Wednesday; not much change in temperature.

East Texas—Generally cloudy, possibly local showers tonight and Wednesday; cooler north portion Wednesday.

Arkansas—Partly cloudy to unsettled tonight and Wednesday; somewhat colder in northern portion Wednesday.

PENURY OF AGE.

A man died of hunger, with his rent unpaid, in a cheap lodging house. He had no money to pay his rent, he said. There was every sign of abject poverty.

In his room was a trunk, and in the trunk were 35 bank books, showing savings of \$7,000 scattered through as many different banks.

Just another extreme example of the penuriousness of age. There are countless thousands of old men and women doing the same thing, only fortunately in less degree.

Perhaps it is natural, in a "capitalistic" form of society, with individuals responsible for their own fortunes, for old people to be over-fearful for the morrow.

EVIDENCE BLOWS UP
SYRACUSE, N. Y., March 19.—
John Kowalsky and George Mar-
tins will not face court here on
charges of Volstead law violation.
Lack of evidence is the reason.
Bottled liquid purporting to be gin
and whiskey, seized in a raid in
which two men were implicated, was
held as material evidence in the
vaults at police headquarters. One
morning there was a dull boom.
Slivers of glass, a penetrating odor
and stains of liquid over floor and
walls, were all officers found when
they entered the storage room. The
evidence had exploded.

Splendid Opportunity for Wholesome Outdoor Recreation Offered Cisco People by Country Club Facilities

By JEFF DUNCAN,
Chairman Golf course.
The members of Cisco Country
club who have taken time to visit
this picturesque play ground are
beginning to realize what a gold-
en opportunity for real pleasure
they have at their very doors.
The past year has closed on
one of the most prosperous for the
club. The many improvements that
have taken place require a visit
to realize. Any club member who
hasn't taken an interest in his
club is sleeping on his rights, and
all are urged to make use of this
club.
You will find upon visiting this
club house that it is a beauty to
behold. The grounds around the
club are being sodded with Ber-
muda grass and soon the lawn will
be the most attractive of any.
Landscaping is being inaugurated
and by middle of this year you
will have tennis courts, swings for
children, putting greens for the
golfer, and many other means of
recreation.

Under the able leadership of
Forest Wright, the water front for
this club the past year has been
made into one of the show places
of West Texas. A floating boat
house has been installed, this is
to be enlarged soon as the demand
has increased and before another
year has rolled around anyone
who hasn't joined this boating
club membership will be sorry that
he hasn't for the writer predicts
a world of fun and pleasure upon
this.
Those who wield the "golden"
mashie around the links are
aware of the fact that Cisco has
a real golf course on the water
front that is soon to be the best
between Fort Worth and the fa-
mous links of southern California.
If you know golf and golf archi-

ture you will be convinced af-
ter playing this course. Three
more months of steady improve-
ments of the course will make it
the most sought after in West
Texas.
With the best play-ground to
be had at your very door, we are
sorry to say that the people of
Cisco are taking less interest in
this opportunity than any other
town its size in the United
States, bar none. The writer is
referring to many here who should
avail themselves of this opportuni-
ty, and who are able to do so.
This is a part of your city and
with golf the greatest of all games
from every standpoint, and with
other facilities at the club, you
are passing up a great opportuni-
ty in the future for your children,
as well as for improving your own
health and efficiency. You can't
get too much fresh air.
The 150 members of this club
under the leadership of the board
of directors are to make this the
most attractive and improved club
in this section of the country, we
now have a piece of property
worth \$100,000, and in two more
years this will be added to, and
with a limited membership, you
might put off becoming a member
too long. The longer you wait the
more it will cost you to become a
member also, so the writer urges
that you avail yourself of this
opportunity right at home and get
in while you can.

CHAIRMAN TO BE NAMED FOR EACH BLOCK

A chairman for each block will
be appointed by the district chair-
men in the Cisco clean up campaign.

It was announced by the central
committee today. Each district
man will name the block chair-
men for his district.
Letters to this effect have been
sent by the central committee to
the 18 district chairmen. Contests
among the blocks in each district
are being fostered, and every effort
that is possible is being made to
make this campaign an outstanding

Today's Mobiloil better than ever before

World's Quality Oil made
still better for today's high-
speed driving conditions

This New Gargoyle Mobiloil is now
sold by all Mobiloil dealers for 35c a
quart. Especially adapted to today's
new driving conditions, it is the most
economical oil you can buy. Along
with smoother operation, your saving
on oil and gasoline consumption
amounts to much more than the
slight additional charge per quart.

MAKE THIS TEST

Drive to the nearest Mobiloil dealer . . . have
him drain all the old oil from your crankcase
and . . . fill it up with the correct grade of the
New Mobiloil. You know from experience
how your engine ran the last time fresh oil was
put in the crankcase . . . Now--notice the
difference!

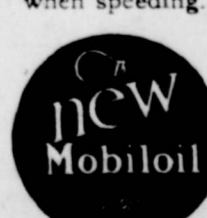

Look for these results--

Increased Oil Mileage: Often 100 extra miles
per quart from the New Mobiloil.

Increased Gasoline Mileage: Many tests show
gasoline consumption reduced as much as 16%.

Faster Pick-Up—More Power: Quicker get-
away, more "pep" on the road, less labor on
the hills.

Smoother Operation: A quieter motor, a vel-
vety smoothness of acceleration, less vibration
when speeding.

35c a quart

The dealer who sells a quart
of the New Mobiloil for less
than 35c (except Mobiloil "E"
the "shatterproof" oil for Model
T Fords at 30c) is not mak-
ing his fair reasonable profit.
Lower prices often accom-
pany substitution.

Country Club Paddy Party

The first of a series of monthly parties for members of the Cisco Country club was held at the club house Saturday night. During the early part of the evening bridge and 42 were the pastime. The tallies and score pads were stamped with shamrocks, and the prizes also carried out the color scheme of green, reminding one of dear old Ireland. After the games, sandwiches and coffee were served buffet style in the dining room. The table was laid with white cloth and green runners, and centered with a bowl of white flowers. Dancing was enjoyed after the lunch by a number of guests who remained until midnight. About 80 members attended the party and all were enthusiastic in their praise of the capable way in which it was managed. The following ladies were hostesses for the evening: Mesdames G. M. Simpson, chairman; E. P. Crawford, J. V. Hewer, J. W. Tripitt, H. I. Stock, D. Ball, E. S. Wilkinson, W.

J. Foxworth, J. L. McMurtry, Mrs. W. J. Armstrong, general chairman for the year. Prizes in the games were awarded as follows: Forty-two—Ladies' high—Mrs. B. W. Patterson, four hand painted salt and peppers; ladies' low—Miss Nellie Wallace green corsage; High men—J. W. Tripitt; low men—W. B. Calhoun. "Something in green, that men wear unseen, unless they roll their own." Bridge: Ladies' high—Mrs. E. S. Wilkinson, fancy green rubber apron; ladies' low—Mrs. Paul Woods, green wash cloth. Men's high—J. W. Lewis, large Irish towel; men's low—H. I. Stock, white and green handkerchief. The next party for the Country club members will be sometime in April with the following ladies as hostesses: Mesdames G. B. Kelly, chairman; P. A. Williams, T. H. Foley, H. S. Drumwright, J. A. Lash, D. J. Moss, Jack Anderson, Homer Slicker, O. J. Russell, S. E. Hittson, and Miss Mary Elizabeth O'Flaherty. Invitations will be

mailed to each member. If you fail to get yours, watch the Daily News for date of April party.

Sewing Club Meets

Last Saturday the Girls' Sewing club of the Presbyterian church met with Dorothy Almond of Humboldt, Mrs. J. B. Garrett gave the lesson, devotional and prayer given by Dorothy Almond. The girls sewed on clothes to be given to poor families. Dainty refreshments were served to Misses Myrtle Augusta Simpson, guest, Martha Ellen Peters, Johnnie Slaughter, Christine McDonald, Lorraine Sidall, Betty Fee Spears and Ann Dowell.

R. G. Club

The Eight R. G. club met with Dixie Bills Saturday afternoon. After several exciting games of buno, Miss Edna Coles was found to have high score and was presented with hand-painted salt and pepper shakers. Miss Helen Van Emon having low score was presented a bottle of Irish water. Mrs. Bills served delicious who, shipped cream and angel food cake to the following guests: Catherine Collins, Marcia Mobley, Edna Coles, Joyce Sanders, Mary

Stugar, Helen Van Emon, Delphia May Blair and the hostess, Dixie Bills.

HOOVER UNABLE TO JOIN FISH LIARS

MACON, Mo., March 19.—The "constructive boy" one can obtain by membership in the Missouri Fish Liars' club is going to be passed up by President Herbert Hoover. Invited by Charles U. Baker, Missouri's secretary of state, to fish in the Ozarks and enroll in the fish story society, President Hoover replied: "I would like very much to accept your kind invitation, but I am afraid the next four years will preclude very much that sort of constructive joy."

BYRD FLIERS MISSING ON EXPEDITION

NEW YORK, March 19.—No word has been received for three days from Larry Gould, geologist, and his two companions, Bert Balchen and Harold June, aviation pilots and members of the Byrd Antarctic expedition, who have been engaged in an aerial geological trip to the Rockefeller mountains, according to a radio message from the South Pole expedition copyrighted by the New York Times and the St. Louis Post-Dispatch. Commander Richard E. Byrd is preparing to fly in search of his comrades as soon as favorable weather obtains, the message stated.

One girl was slightly injured when lightning struck the Cornaway Springs school in Angelina county and damaged the building considerably.

NEGROES RAN GAUNTLET

MARION, Ark., March 19.—Two negroes, Willie James and T. D. Robinson were taken from officers by a mob here and forced to run a gauntlet of revolvers, rifle and shotgun fire after having been arrested on charges of attempted attack on Mr. and Mrs. A. L. Cookerl. They were then taken to a hospital at Earle, where their condition is critical.

NO DEFICIENCY WARRANTS ISSUED FOR COURT HOUSE-BRITAIN

County Auditor's Statement Made Public by Commissioner Shows That Saving Was Made Upon New Building

County Commissioner Birt Brittain in a statement issued today declared that assertions which have been made to the effect that the commissioners court issued deficiency warrants in large amounts to pay for the construction of the Eastland county court house were untrue and unwarranted.

"I have heard from reliable sources that statements to that effect have been made by a number of citizens," the commissioner said, "and wish to refute them with a detailed account of the money obtained for the construction of the court house and how it was handled as prepared by County Auditor W. S. Michael."

Commissioner Brittain said that he had in mind to publish such a statement as soon as the court house was entirely completed and equipped. The detailed report is given below.

It will be seen from the report, the commissioner pointed out, that there is a balance in the fund of

\$1,331.79. This does not represent the entire saving, however, he said, since two sets of sidewalks, costing \$1,794.26, not included in the contract for the structure, were built. This added to the balance in the fund represents what the commissioners court saved upon the building.

The analysis of receipts and disbursements from the court house bond fund follows:

RECEIPTS:		
Sale of courthouse bonds, par value	\$309,000.00	
Accrued interest on bonds	5,666.67	
Premium on bonds	8,405.00

Depository interest	\$ 4,896.17	
Refund by Wm. K. Grace	17.76	4,913.93
Total receipts for building purposes		\$313,318.93
DISBURSEMENTS:		
General Expenses—		
Attorney's fee for examining election proceedings	\$ 150.00	
Advertisements for bids	108.39	
Printing bonds, etc.	189.36	
Attorney's fee for examining contracts	100.00	
Laying cable under street	420.91	
Work on courthouse lawn	13.70	\$ 981.36
Construction Expenses—		
General contract	\$253,900.00	
Additional for material and labor	\$4,071.32	
Less eliminations	2,335.60	\$ 1,735.72

ELK HERD 4,500 HEAD.

MISSOULA, Mont., March 19.—Gradually increasing during the past few years, the Sun River elk herd in the Lewis and Clark forest north of Missoula has grown to 4,500 head, according to forest supervisors. Sixty per cent of the range on the forest is used exclusively by wild game. Mountain sheep, mountain goats and moose roam through the forest, keeping for the most parts in the almost inaccessible remote mountain regions. A 14 per cent increase in the elk herd was noted during the past year. A total of 184 of the animals were killed during the fall hunting season. The Sun River reserves was established in 1913, and since then the wild animals rapidly multiplied.

DISLIKES BEING DEAD.

SANTA ROSA, Cal., March 19.—Thomas R. Smith of this city, reported "killed in action" during the World War, is very much alive and has appealed to the American Legion in an effort to have himself declared so. For 10 years the government has been insisting that Smith's sister, Mrs. Nellie Johnson of this city, accept \$10,000 in war risk insurance for her brother's "death." Mrs. Johnson and her brother both steadfastly refuse to admit he is "dead," and now Smith has asked the American Legion to aid in straightening out the records at Washington.

When hail ruined the roof of an old blind Tyler negro's shack and the rain that followed threatened to drive him from home, eight Tyler men donated the needed fund to have a new roof put on.

CHURCH DEBT AT RANGER IS RAISED

RANGER, March 19.—The campaign to raise \$15,000 in cash to pay the entire indebtedness on the First Methodist church of Ranger, came to a close Sunday evening when Judge L. H. Flewelling, general chairman of the campaign announced that the entire amount had been collected. This was a signal victory for the church and community as the building is among the best church edifices in West Texas. Walter Harwell was assistant general chairman; R. L. Hodges, chairman of the men's division; and Mrs. M. H. Hagaman, chairman of the women's division. J. T. Killingsworth, C. D. Woods, C. E. May, L. H. Flewelling and O. L. Phillips were team captains.

The officials announce revival services beginning next Sunday and continuing two weeks. The pastor and his workers will conduct the series of services.

San Benito reports more than a million tomato plants shipped from valley points to East Texas to replace those destroyed by freezes.

PHILOSOPHIZES WHILE HE TAKES LIFE

NEW YORK, March 19.—Allan McLane Mowry, 19, excused himself while attending a party Sunday night at the home of his sister, Mrs. Hamilton Adler, went into the next room and killed himself by putting a bullet through his temple. He left this note:

"This is Nietzsche's philosophy: 'Hoot Men! Scoundrels!'"

"When it is no longer possible to live proudly, one can at least die with some semblance of pride. God Almighty himself cannot imagine how I hate and loathe to do this, because I do get a hell of a kick out of life. Now, never don't be silly about this. Just have me cremated and buried in a plain pine box. As I said jokingly the other night, I am not. In the envelope was a receipt for a cemetery lot."

"MOTHER WAIT AND WATCH FOR SPECIAL MARCH 26." Announcement of our half-page ad will give full details regarding our eighth Annual Baby Contest beginning March 30, closing April 15. WALTER'S STUDIO. 36-38

Hoot Men! Scoundrels! 36-38

"MECHANICALLY DRUNK" LONDON, March 19.—"Mechanically drunk, not socially intoxicated" may soon become an official legal term here. It was used recently by a police surgeon who gave evidence in the case of a motorist charged with being

drunk in charge of an automobile. "He was not socially intoxicated, but mechanically drunk," said the surgeon, and the motorist was ordered to pay \$100. Apparently "mechanically drunk" is not so heinous an offense as "socially intoxicated."

Put a "handful of health" in the muffins tonight

IT TAKES only a few minutes to make bran muffins if you use the famous ALL-BRAN recipe. Just try it. You'll get the lightest, fluffiest, best muffins you ever took from the oven. All the family will surely praise your skill that night!

And remember, you'll be helping them to better health at the same time. For so many foods are lacking in bulk or roughage. And it is this lack that so often causes constipation—which in turn steals energy and health and may even cause serious disease.

Kellogg's ALL-BRAN provides bulk in generous quantity because it is 100% bran. By serving it in some form every day you can protect your family. So many ways to serve it too. In waffles, breads. Sprinkled into soups. Mixed with other cereals. And, of course, with milk or cream, fruits or honey

ALL-BRAN Muffins

2 tablespoons shortening, 1/2 cup sugar, 1 egg, 1 cup sour milk, 1 cup Kellogg's ALL-BRAN, 1 cup flour, 1/2 teaspoon soda, 1 teaspoon salt, 1 teaspoon baking powder.

Cream shortening and sugar together, add egg. Mix and sift flour, soda, salt, and baking powder. To creamed mixture add ALL-BRAN, then milk, alternately with sifted dry ingredients. Pour into greased muffin tins and bake in moderate oven (375° F.) for 20 minutes. Yield: either 8 large or 12 medium-size muffins. If sweet milk is used instead of sour, omit soda and use 1/2 teaspoon baking powder.

added, it makes a delightful breakfast dish.

Be sure you get genuine Kellogg's—the original ALL-BRAN. Part-bran products, at best, bring part results. Doctors recommend ALL-BRAN. Just eat two table-spoonfuls daily—chronic cases, with every meal.

Sold by all grocers. Served in hotels, restaurants and dining-cars. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN

Guaranteed! Kellogg's ALL-BRAN is sold with this definite guarantee: If it does not relieve constipation safely, we will refund the purchase price.

By Frank Smiley

WELL, THE PAPER SAYS GUY IS STILL MISSING. EVERYONE IS SEARCHING FOR HIM—I WONDER IF THERE IS ANY DANGER OF THEM FINDING HIM ALIVE.

WHY IN THE WORLD DID YOU HAVE HIM NAPPED?

I WANTED TO PREVENT HIS MARRIAGE TO MARY, AND IN THE SECOND PLACE, I WANTED TO KEEP A CONTROLLING INTEREST IN HIS FOUNTAIN PEN IN THE FIRST PLACE!

I SAID THOSE MEN \$500 TO BORROW HIM—I EXPECTED TO GET MORE THAN THAT BY COINING A LITTLE HYDRAULIC GOLD-DIGGING ON GUY—WITH TEARS FOR WATER-POWER!

BUT MY PLAN FIZZLED—DONT THOSE MEN HAVE HIM, AND I CAN'T GET IN TOUCH WITH THEM!

TRAIN SNOWBOUND

BILLINGS, Mont., March 19.—Nature went on a spree the other day, according to W. Griffing, railroad mail clerk, and treated passengers and crewmen of a Burlington train to a snowball storm near Frannie, Wyo. A heavy wet snow had fallen, Griffing said, and was followed by a high wind. The wind rolled the snow into balls, sending them spinning across the ground, gaining in size as they went. The snowballs ranged in size from a baseball to a football, Griffing said, and could be seen throughout the Frannie territory.

SUFFERED FOR 18 YEARS; NOW IS WELL AGAIN

"For eighteen years I had been in very bad health and ten years ago I had an operation which failed to give me the expected relief. I had a chronic pain in the back of my head and neck and in my right side that was always worse at night."

MRS. WM. F. HADDOCK.

I couldn't lie on my right side and this kept me from getting sound and restful sleep. I was terribly nervous all the time. I had also suffered with indigestion and was bilious and constipated. I had been unable to find an effective treatment or medicine.

"Friends told me of the wonderful accomplishments of Sargon and I tried it. Before I finished the first bottle I was stronger and felt better than for a long time. Now, I have a splendid appetite and all my pains are gone. I sleep soundly and get up fully refreshed. My nervousness is gone, too. I am full of new energy and can hardly realize that I was ever in the condition I had been in."

"Sargon Soft Mass Pills are the best laxative I ever took. My liver is active and the biliousness and headaches have disappeared. I hope this statement will be the means of helping other sufferers back to health."

The above statement was made recently by Mrs. William F. Haddock, 3107 Glendale St., Houston. Sargon may be obtained in Cisco at Elliott Drug Store and Corner Drug Store.—Adv.

CARS, OUT OF CONTROL, HIT 2 BUILDINGS

The building between the J. J. Little news stand and the vacant section of the Spencer building damaged to the building consisted principally of a broken plate glass while Mr. Ward's car sustained minor damages.

FATHER OF MRS. DUNCAN IS BURIED

Mrs. J. W. Mancill will probably be known as the most self-depressed woman in Cisco after an accident yesterday afternoon about 4 o'clock when the Buick sedan she was driving got out of control while coming down "standpipe hill" on West Fourth street and crashed into the front of the Banner Ice Cream company's plant at the rear of the Laguna hotel. No one was injured in the accident, although Mrs. E. A. White, wife of the manager of the company, who was seated at a desk in the front of the building narrowly escaped. The car, which precipitated itself through the front wall and entirely into the room, wrecked a partition and threw boards and timbers all about Mrs. White, some of the pieces, grazing her. The furniture in the room was considerably damaged, also.

Otherwise very little harm was done. Mrs. Mancill's car suffered a broken headlight and a punctured rear tire in addition to a few scratches of the finish. Mrs. Mancill herself, unharmed, was remarkably calm and unshaken by the incident.

A second accident of the character occurred shortly after 7 o'clock this morning when a sedan driven by A. J. Ward got out of control after striking a small coupe and ran into the front of the Spencer building on Broadway. Mr. Ward was considerably shaken by the impact. His car, after striking the coupe which was backing out from a parking position, swerved across the street encountering the brick wall of

OIL BELT ELKS MEET NEXT AT BRECKENRIDGE

Though the attendance upon the meeting of Oil Belt Elks in Cisco last night was below expectations, attending—the meeting itself was excellent. Officers and

members of all three lodges included in the oil belt territory were present and plans for the state meeting at Breckenridge in May were enthusiastically discussed. Cisco, Eastland, Ranger and Breckenridge were the lodges represented. Music and refreshments contributed to a pleasant evening. The Cisco degree team put on its ritualistic work in the oil belt contest. With the work of the Cisco team the cycle of the oil belt contest was completed and the judges last night announced the Eastland team as winner. On April 17 the lodges of the oil belt will meet with Breckenridge. This meeting, occurring about one month before Breckenridge will be held to the state Elks association, a being held for the purpose of acquainting the lodges of this section with the plans and facilities provided for the state convention. New officers of the various lodges will meet with the Breckenridge officers at this time to complete their plans for this convention. You must not contrast too strongly the hours of preparation with the years of possession.—Doraell.
