STATE CHAMPIONS

Good Rains Boost Crop Prospects

April produced only .24 inches of rain and teamed with many, many days of dry strong winds, made for lots of head scratching for area wheat farmers. However, general rain, which began falling throughout the entire region Monday night and continued all day Tuesday has changed both the weather picture and crop prospects considerably.

The heavy rains came "just in time" to boost the dryland wheat prospects which had already "suffered quite a lot" according to many. Dryland wheat, along with most of the irrigated, is headed out and the much needed moisture will help the heads to fill out.

Rainfall over the county was general, and varied little. It seemed to be a little heav-

ier south. James Sparks, 12 miles south reported just over two inches.

Rex Jones, 11 miles north, said they had about 1 1/2 inches. West, at the Loyall Turner farm, his gauge measured 1.40. The same amount was measured at the W.R. Greever farm, east.

The hottest day recorded in April was 93 degrees on the 29th, and the lowest temperature was 27 degrees on the 25th.

May rainfall as of Wednesday measures 1.66 inches according to Mrs. H. P. Cates, official US Weather Observer. The precipitation was measured as follows:

May 3	.28
May 4	.02
May 5	.38
May 6	1.18

Explorer Scouts Sponsoring 100-Mile Road Rally May 10

On Saturday, May 10 the Spearman Explorer Scout Troop 51, assisted by the Spearman Jaycees, will host an Explorer Scout Road Rally for this area. This will be the first such rally in this part of the country.

Starting point for the rally will be the community building at 11:00 a. m. Saturday. Co-sponsors for the road race will be the Lincoln Mercury Division of the Ford Motor Co.

The rally will cover a hun-

dred mile course, starting and ending in Spearman. Drivers will be judged on time, averaging 10 miles per hour under the normal speed limit. The course will have 10 different check points. Road time will be recorded at each check point and tabulated after drivers have completed the course.

Each car will be occupied by the driver, his navigator and one observer.

First, second and third place prizes or trophies will

be awarded to all three people in each car. The driver of the winning car will also be eligible to participate in the National Car Rally at Detroit, Mich.

Saturday night, following the rally, there will be a banquet at which time the winners will be announced and awards presented.

Registered in the race are scouts from Spearman, Pampa, Shamrock, Guymon, Perryton, Clarendon and Stinnett, for a total of 43 cars.

STATE CHAMPIONS: The Spearman High School No. 1 state champions are pictured above. The girls debate team, Lisa Curry and Linnie Bollinger have been girls debate champions for 4 years in a row! This is probably a new state record! Larry Fryer, won the state championship in Boy-4 Informative... Larry is just a Freshman, and other winners at the state meet are: 2nd Lynn Brock, Boys Prose; 3rd Glynda Sanders, Girls Persuasive; 2nd, Sheryl Curry, Girls Informative. Mrs. Frank Porter, is the head of the Spearman High School speech dept.

Equity Exchange Is Celebrating 50th Anniversary

Equity Elevators will observe 50 Golden Years at the annual meeting of the farmer-owned organization on Thursday May 8 (tonight) at 8 p. m. in the Perryton high school.

The Equity has grown from humble beginnings in a frame elevator in Perryton to a far-flung organization with 14 elevators, feed mill, fuel and lubricating division, fertilizer division and other departments which provide an integrated array of farm services.

The farmers elevator organization incorporated as the Perryton Equity Exchange was formed by a group of Ochiltree

and Beaver County farmers in 1919.

The first charter for the Perryton Equity Exchange was issued March 26, 1921. Each member received dividend payments based on the amount of business furnished the Equity and each member had but one vote regardless of the amount of stock or size of dividend.

Business was begun in December, 1919 in the frame elevator moved by Mr. Hutchison from Ochiltree. The first few carloads of wheat were purchased in the name of the First National Bank since the Equity had no money on which to operate.

The organization was first managed by a board of 5 men, two from Oklahoma. This board consisted of R.L. Hanna, president and manager; F.P. Rogers, secretary treasurer; J.H. Norwood, T. W. Gray and T.H. Blair. The latter two were from Oklahoma.

Soon after the organization began, a loading station was opened at Twichell and about the same time the Farnsworth Equity merged with the Perryton Equity and these three operated together until in 1924 when Huntoon came in. Waka joined the Equity in 1926 and a loading station at Lord operated until 1942. That year the Spearman Equity was merged with Perryton, bringing in Morse and McKibben to make 9 Equity stations. Since then, Knowles, Bryan's Corner, Hardesty, Beaver, Pringle and Sam's Corner have been added.

In the early days, the Equity did a big business in commodities such as coal, sugar, flour, apples, potatoes, automobile tires, feed and poultry, livestock medicines and for a while the Equity bought and sold livestock for members.

The Perryton Equity was instrumental in forming the Union Equity Exchange in Enid as a terminal market, and the Perryton manager, E. N. Puckett, went to Enid to start up the Union Equity. The Union Equity paid cash dividends of more than \$500,000 to the Perryton Equity in the first 25 years of operation.

Kenneth J. Allen is manager of the Equity and Marvin Groves of Waka is the president. Directors are Ross Goodner, Jimmie Brown, Oliver Carter, Perry Dixon, Thane McCloy, L.L. McGarragh, Dale McLain, Leon Shrader, David Stollings, John Trindle, Bill Gray, J.D. Sims, Warren Good, Nolan Holt, Carl Morris, Wendel Peckenpaugh, Allen Poorbaugh, F. B. Schubert and L. M. Womble.

The financial statement to be presented to the Equity members this year shows net earnings for 1969 of \$371,949.76. Total net earnings for the 50 years of operation are \$8,273,012.98. There has been a profit every year except three, 1934, 1936 and 1938 when there was a loss.

Sales in 1969 were \$12,031,301.50. Patronage refunds payable this year total \$270,991.86.

SUCCESSFUL FISHERMEN---Smoky Huse, Lewis Burkhardt, Owen Montgomery and Ronald Dunnaway, shown left to right, spent several days last week at Lake Texhoma. They brought home over 300 pounds of white bass, drum and blue cat, some weighing up to 12 lbs. The fishermen did a lot of trot lining. Holding some of the "big ones" are: Jerry & Richard Montgomery, Kim & Kevin Townsend and Candy Montgomery, shown left to right.

'Land of Coronado' Tourist Billboard Promotion Begins

HELLO TOURIST--STAY AWHILE

WELCOME--to the land of Coronado, so named because in the 16th century the famous Spanish Conquistadors toured this land looking for the 7 golden cities of Cibola. He was 400 years too early, for today he would find a vast area covered with cities of gold, and land richly endowed with canyons, plains, lakes and happy people. Spearman Chamber president Orvil Brummett holds a replica of the advertising boards designed to attract tourists to this area.

Fifty-three outdoor advertising boards go up this week to be on display until September inviting tourists to stay awhile in Spearman and 23 other communities participating in the "Land of Coronado" tourist promotion.

The Spearman advertising board located on Highway 15, invite tourists to see Adobe Walls and historical markers. In addition to the localized boards for each participating community, area-wide

tourist attractions such as Lake Meredith, Palo Duro Canyon and Prairie Dog Town are featured on a number of the outdoor panels.

The attention-getting outdoor advertising program is supplemented by window cards to be displayed at motels, restaurants and filling stations and table cards to be found in area eating places. These cards provide additional tourist information such as things to see and

Rotary Club Schedules First Meeting

Spearman's new service club, will hold its organizational meeting Thursday evening at 7:30 in the Home Demonstration building. After this meeting, a banquet is planned for the installation of officers.

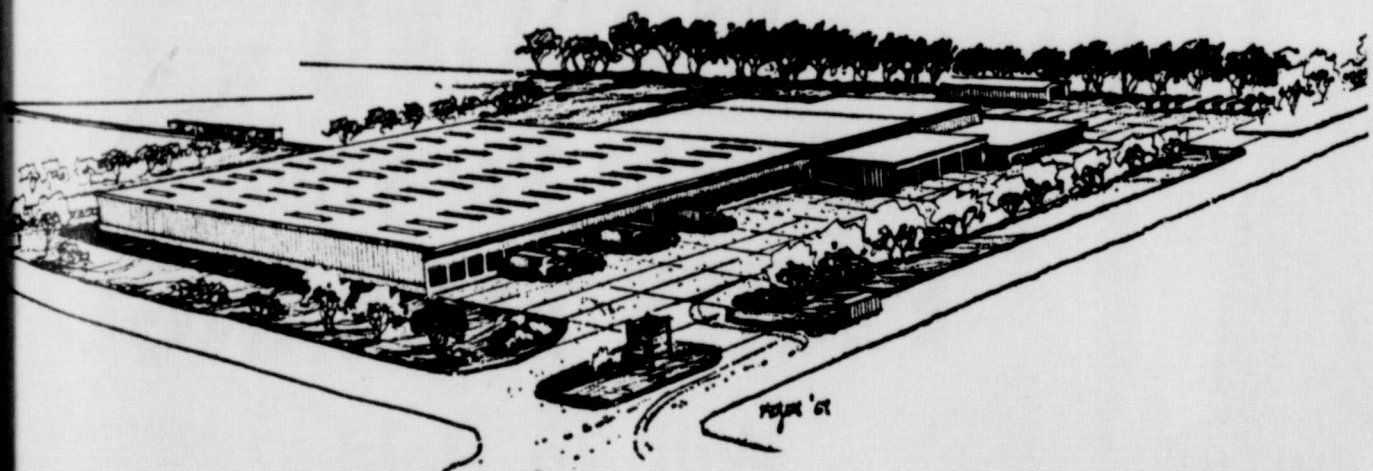

The new club will meet regularly thereafter for Monday noon luncheons. The Home Demonstration Building has been selected for these meetings. Food will be prepared and served by the ladies of the Assembly of God Church.

do in the participating communities and also highlight area attractions.

"The tourist dollar is a 'new' dollar. It adds to the economy of our community money that otherwise would not flow through people's hands. More and more families are touring our country these days. It is estimated that more than 20,000 tourist cars daily go through this region in the summer season. We have some attractions to offer these tourists and if we combine this with our wellknown Southwestern friendship and hospitality, we can give the town a good economic boost," Orvil Brummett, Chamber President said.

The Land of Coronado tourist promotion started last year with 5 area chambers of commerce participating. 24 communities are now taking part in the program which is believed to be the largest area tourist promotion in the nation sponsored by individual chambers of commerce. The area development departments of Community Public Service Company and Southwestern Public Service Company originated the idea and designed the promotional materials being used.

The Land of Coronado area begins at the Oklahoma border on the north and east, and the New Mexico state line on the west and a line drawn from Seagraves to Tahoka to

MASSIVE Division Food Distribution Center for Ideal Food Stores located at Second and Western on a 21-acre plot is sketched here by the architects, Miller, Hiatt, Dronberger, Ar buckle and Walker of Hutchison. The \$2 million-plus warehouse and meat processing center was scheduled to be started about May 1 and be ready for occupancy in about seven months. The center is designed to serve about 50 stores in the Ideal chain over a five-state area. Also under the same roof will be the division's offices. Many new processes and facilities are being added to the Liberal operation. The Spearman Ideal Store will have its Grand Remodeling Sale starting this Thursday, May 8.

IDEAL GROCERY OFFICIALS DISCUSS RE-MODELING SALE

REMODELING JOB COMPLETE---An interior facelift has been in progress the past several weeks within Ideal Food Store. Now that the job is complete, Bus Freeman, president of the Ideal Division of Allied Supermarkets Inc., is discussing the upcoming remodeling sale with store personnel Bill Watts, Bob English, and Mrs. Watts, shown left to right.

Bert Briley's Brother Dies

Mr. and Mrs. Bert Briley received word Monday of the death of Bert's brother, C.J. Briley 76 of Wichita, Kans. Mr. Briley had been in ill health for the past 5 years, following a stroke.

Besides Bert, C.J. Briley is survived by his wife, one daughter and one granddaughter, all of Wichita, Kans. and a sister who lives in Jackson, Miss.

GLENN KEIM TO GRADUATE FROM TEXAS A & M

COLLEGE STATION--Glenn W. Keim of Spearman, is one of 1,303 students applying for spring graduation at Texas A&M University, announced Admissions Dean H. L. Heaton.

Keim, who resides at Spearman, is seeking a Bachelor of Science degree in plant and soil science.

Heaton said 917 students have filed for baccalaureate degrees and 386 for advanced degrees, including 108 Ph. D. candidates.

Commencement exercises will be conducted May 24. Glen is the son of Mr. and Mrs. J. R. Keim of Spearman.

holt news

Milton Neilson of Los Angeles, Mr. and Mrs. George Millard and Mrs. Floy Cattingham of Hereford visited last week, Mrs. Gertrude Neilson of Spearman.

Mr. and Mrs. La Verne Baker and family of Liberal, Kansas were Monday night guests of the Travis Reger's.

Mmes. James Sparks and Fronye Close were Sunday night guests of Mr. and Mrs. Larry Sparks of Sunset, Tex.

Mr. and Mrs. Jimmy DeArmond and family of Amarillo were Saturday night guests of his parents, Mr. and Mrs. Leonard DeArmond of Spearman.

Mrs. Gertrude Neilson of Spearman, Mr. and Mrs.

George Millard and Mrs. Floy Cattingham of Hereford were Saturday luncheon guests of Mrs. Bertha Jenkins.

Mr. and Mrs. Bruce Beaver, Donna and Connie of Enid were weekend guests of Mr. and Mrs. Owen Pendergraft.

Mr. and Mrs. Lowell Brooks of Amarillo recently visited her mother, Mrs. Grace Jenkins of Spearman and other relatives.

Friday afternoon callers of Mr. and Mrs. Dan Jackson were Mr. and Mrs. Leland Yearly of Levelland, Texas, and Mrs. Donnie Gilbreath and daughters of Borset.

Mr. and Mrs. Bill Sloan and family moved Friday to Dove Creek, Colorado. They have been living on the Ira Harbour farm.

Mrs. N.W. Cayton spent last week visiting with her son Wally Cayton and family in Amarillo.

TEXAS POLITICS

by M. Abraham

Lots of action down here on the firing line and a lot of matters that can fall either way. You know the old saying that only a dam fool will predict the weather in the Panhandle, but trying to predict politics in Texas takes even a bigger fool. Things could just all fall into place these last few weeks, or things could hit the fan and everything fall apart.

The first item of big news this week is Governor Smith vetoing the Torts Bill. This is the bill that would make governing bodies such as cities, and counties, etc., liable for injuries or damage to other people. The way it is now, they are not liable except for certain things.

The bill pretty well made them liable across the board. It would take a 2/3 majority in both Houses to over-rule his veto. Although the bill passed by a bigger majority than that, I don't think they will over-ride his veto. His argument was that the bill went too far, and I am in agreement with him.

The big power play at the moment is whether we will try and pass a one year appropriation bill or not. Lt. Gov. Barnes is pushing this real hard and trying to get Speaker Mutscher on his side. He claims that we can pass a one year budget without any new taxes. I can't see where he gets the idea that we can do this. It sounds good, but it just ain't possible.

More important than that, neither does Gov. Smith. In the first place he claims it's illegal not to adopt a two year budget. If we try it, he says he will veto it, and call a Special Session.

So, the question is if Barnes will butt heads with Smith or not. However this turns out, it will have a great bearing on the rest of the session. The things that go on behind the scenes are the controlling factors in the important issues. I am placing my bets on Smith.

With just a few weeks left we still have most of the "gut issues" to solve. How much we spend, where we get it, the minimum wage bill, and the teachers pay raise are the main ones to try and work out. The Senate is pretty well dominated by the Liberals and that puts the heat on the House. The only way I can know what your thinking is, is to hear your views. This thing is pretty tough down here but it is sure an education.

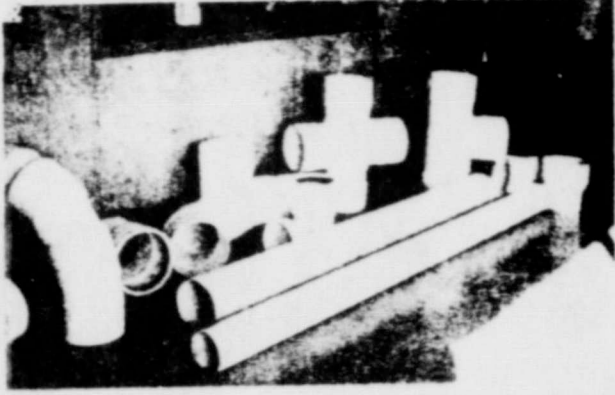

Joe Womble, his son Johnny and his father-in-law Mr. Blackwell of Abilene visited over the weekend with Joe's mother, Mrs. Jess Womble.

Distributive Education student, Donald Burkhart, is shown here writing up an order at his training station, the McClellan & Sons Implement Co. The 18-year old senior is the son of Mr. and Mrs. O. L. Burkhart and plans to attend school at the American Automation Training Center and major in computer programming.

Deposits High In City Bank

Bank deposits in the First State Bank, Spearman, did not equal the all-time high set December 31 of last year, but were the second highest on record.

Reports on bank conditions were made Tuesday in response to a bank call issued by the Comptroller of the Currency.

The First State Bank reported total deposits of \$12,125,523.15 off \$1,733,378

from December 31 deposits which were just over 13 million.

The statement reported \$6,381,504.70 outstanding loans compared to \$7,782,498.16 on the December statement.

Lack of farm income at this time of year and money withdrawn or borrowed to pay income tax and farm expenditures are among the reasons for the above trend.

County Bond Sales Total 38% Of Goal

Oddfellows Plan Visit To Perryton

According to a report received today from Mr. C. A. Gibner, Chairman of the Hansford County Savings Bonds Committee, the sale of United States Savings Bonds and Freedom Shares in Hansford County during the month of March totaled \$5,065.00. Quarterly sales totaled \$26,479.00 or 88 per cent of the 1969 goal of \$70,000.

During the first quarter of 1969 sales in Texas totaled \$46,756,377--an increase of 1.7 per cent over sales during the same period of 1968. March sales were \$13,684,587 as compared to \$14,174,187 during 1968.

Total sales over the Nation during March were 3381 million bringing sales for the first quarter to \$1,247 million.

Recent visitors in the home of Mr. and Mrs. Billy Boatwright were Mr. and Mrs. Troy Boatwright and Mr. and Mrs. Randy Boatwright and Kelly Sue of Denver and Mr. and Mrs. J. L. Frances and Barry.

Membership of the Oddfellows Lodge met in regular form in the IOOF Hall Monday evening, May 5. Presiding officers were L. B. Robinson Noble Grand and Carroll Shelton Vice Grand.

Comments were made on the redecorating of the Lodge Hall, the new carpeting and painting of the rooms. Lodge was notified of the Grand Masters visit to Perryton May 29. Arrangements were made for Spearman Oddfellows to visit in Perryton on that night.

Six members of the Spearman Lodge were present at the circle meeting in April at Dalhart. Otto Holland was unanimously elected as circle president. Preparations are now being made for the May circle meeting to be held in Pampa.

IOOF Lodge closed with L and T.

Mr. and Mrs. W. C. Stevens visited in Vega Sunday with their son Dee and family.

DRAMA CLASS WILL PRESENT PLAY MAY 10

The Spearman High School Drama Class will present a three act play entitled FIRE AWAY Saturday May 10 at 7:30 p. m. in the high school auditorium.

Admission is \$1.00, 75¢ and 50¢. Proceeds will be used by the Drama Department to defray expenses above its regular budget.

Actors and their parts are as follows:

Burkhart; Evadene, Toni De-lozier; Elizabeth, Nancy Anderson; Bishop Higgins, Eugene Reneau; Gerald, Lynn Brack; Albert, Gary Miller; Reginald, Guy Dell White; Aunt Daisy, Cindy Dear; Constable Beasley, Connie Lambert; George, Kenneth Buchanan; Mrs. Bennington, Rita Simmons; Stage, Randy Collard; Promptor, Kandy Vaughn.

Mrs. D. A. Jackson returned to her home in Spearman Sunday after spending 2 weeks with her father Mr. Harvey in Durant, Okla. who has been ill.

IN THE INTEREST OF MUSIC--Mrs. Don Knox, left, President of Spearman Music Club, and Mrs. J. D. Wilbanks, District Vice President, look on as Mayor D. E. Hackley signed a document proclaiming National Music Week.

MAYOR'S PROCLAMATION

WHEREAS THE period of May 4 through 11, 1969, will mark the 45th annual observance of NATIONAL MUSIC WEEK; and

WHEREAS music is a vital part of the culture of every civilized nation; and the people of the United States are proving themselves to be a great music-producing and music-loving nation; and

WHEREAS it is incumbent upon all of us to join together to advance the cause of music as an art and harmonious force, and to extend the radius of its influence among nations, groups and individuals; and

WHEREAS the pursuit of music, whether it be through study, composing, listening, performing or participation, gives rich experiences in human life; and

WHEREAS THE NATIONAL FEDERATION OF MUSIC CLUBS through NATIONAL MUSIC WEEK provides an opportunity for the organized musical forces of the country, as well as religious and educational and civic groups, to join music lovers in emphasizing the joys and pleasures to be gained from making music;

NOW THEREFORE, I, D. E. Hackley, Mayor of Spearman, Texas, do hereby proclaim the week of MAY 4 through 11, 1969, to be MUSIC WEEK in Spearman and urge the citizens in every community to participate in making music; to foster a deeper appreciation for musical talent; and to encourage with interest and enthusiasm the music programs offered in special events arranged for this week.

Dates this 6th day of May, 1969.

/s/ D. E. Hackley
MAYOR

Visitors in the home of Mrs. C. F. Bennett on Sunday were Mr. and Mrs. Jim Latham and baby of Amarillo.

The Tommie Jack Bruce family visited recently in Canadian with Mrs. Bruce's family, Mr. and Mrs. J. T. Burnett.

SPEARMAN MEN DRILL FOR ATOM BOMBS IN ALASKA

Harold Kopke and Ben Cook, long time Spearman citizens, made another one of their 5,000 mile trips home to visit with their families 10 days ago. They left Tuesday night for the long trek back to Amchitka, Alaska, one of the Aleutian Islands.

Kopke and Cook have made Amchitka their working headquarters since last November where they are employed by the Atomic Energy Commission drilling test holes for the US government.

They drill in Alaska measure 10 feet wide by 5,000 feet deep. Each hole takes about 3 years to drill and when completed, is used for the underground explosions of atomic bombs. When the bomb is ready to be tested, Kopke said, all inhabitants on these islands are evacuated.

Harold said the climate is very enjoyable. The coldest it has ever been is 15 degrees above zero. "We are closer to Japan and Russia than any place else, and the warm ocean currents and winds from Japan are ours at all times."

"The only thing of great discomfort to us," he said, "are the mosquitos. They are about the size of birds."

Cook & Kopke left Amarillo air terminal Tuesday night for Seattle, Washington. From there they fly to Anchorage, and on to Amchitka.

National Guard Openings Are Now Available

Master Sgt. Harry Stumpf, Recruiting Sgt. for this area, announced this week that for the first time in a year there are several openings available in the National Guard, Pampa Unit.

If any young man in this area is interested in signing up, he may call Harry Stumpf, Spearman.

National Guard recruits sign a 6-year obligation which includes two months boot training, two months special schooling. They must spend one weekend each month at the Pampa training center and two weeks each year at summer camp.

The Pampa National Guard Unit leaves June 21 for summer camp at Ft. Hood. They will return July 6.

GALE UPCHURCH
Miss Gale Upchurch, daughter of Mr. and Mrs. Ben Upchurch of Spearman, is a sophomore at Paris Junior College, Paris, Texas, and a member of the PJC tennis team which has been very successful this year.

Coming back from last

year's team which finished fourth, Gale and her partner James Griffin, make up the mixed doubles tennis team. They recently were teamed for matches at the Regional tournament held at Kilgore, and won second place.

Doctor: "How's your wife reducing diet coming along?"
Husband: "Oh, just fine. She disappeared last week."

Dennis: "Bob, do you drink?"
Bob: "No, do you?"
Dennis: "I don't drink nothing stronger than Pop, and he can drink anything in a bottle."

Jim Morley and Hoyt Biles spent the weekend fishing at Springer, N.M.

PIONEER SEEDS

Choose this brand and you still have plenty of choices

For yield power where it counts, Texas grain sorghum producers have been choosing Pioneer varieties year after year. Such Pioneer hybrids as 846 have been breaking yield records from the top of the Panhandle to the South Plains. Besides popular 846 here are five other top performers from Pioneer:

828
This new full-season hybrid frequently yields above the five-ton level with plenty of water and ample fertility. Texas A&M tests and farm reports show 828 to be one of the highest yielding hybrids you can plant.

820
An old reliable, 820 has been a favorite on the high plains for six years, turning in some of the top yields in Texas year after year. This full-season variety is medium height with outstanding stalks and roots.

845
Another new Pioneer brand hybrid, 845 is a medium-maturity variety that yields with most full-season varieties. In the 1967 Texas A&M performance tests, the highest official yield for any variety, any maturity and any test was recorded by 845—a whopping 10,570 pounds per acre.

848
This medium-maturity hybrid rates exceptionally well for standability and easy harvesting. Short, uniform plants have very strong stalks and roots. Open heads are loaded with heavy, red grain. An outstanding yielder for its maturity.

866
A medium-early hybrid, 866 yields along with many later varieties. Its uniform height and good head exertion make it easy to thresh. 866 performs well under dryland or irrigated conditions.

Pioneer has many other high yielding grain sorghum hybrids. Pioneer also has performance-proved seed corn hybrids for grain and silage. See your Pioneer dealer now and pick the variety that's best for you.

Chevrolet Pacesetter Values.

\$147.00 less than last year's Camaro with comparable equipment.

If you equip Camaro with Powerglide, the new 250-hp 350 V8 that runs on regular gas, advanced-design power disc brakes, whitewall tires and wheel covers, the price is \$147* less than last year's model with comparable equipment, including head restraints.

\$69.00 less than last year's Chevelle with comparable equipment.

We're not talking about a stripped-down car, either. We're talking about a Malibu Sport Coupe with head restraints and a 200-hp V8 that runs on regular gas. If you add Powerglide, power disc brakes, wheel covers and whitewall tires to your Malibu, you'll find it's \$69* less.

\$101.00 less than last year's Impala with comparable equipment.

Add a few options like these to your Impala: Turbo Hydra-matic, Big 300-hp V8, Power disc brakes, Head restraints, Whitewalls, Wheel covers. All together, the price is \$101* less than it was for last year's Impala, comparably equipped. Putting you first, keeps us first.

*Based on manufacturer's suggested retail prices, including Federal excise tax and suggested dealer new car preparation.

LEGAL NOTICE

Notice is hereby given by the Parks and Wildlife Depart-ment that a public hearing will be held at 8 p.m. on June 2, 1969 at the County Courthouse at Spearman, Texas, for the purpose of gathering information concern-ing proposed hunting, fishing and trapping regulations for the above-named county. As the results of action by the Texas Legislature, the Texas Parks and Wildlife Com-mission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Hansford County. All in-terested persons are urged to attend and comment upon the proposed regulations. 24T-1tc

Living in the past had at least one good point. It was a whole lot cheaper.

OFF-CAMPUS TRAINING IN-DEPTH--To answer the in-creasing number of requests from the counties for more de-tailed training for agricultur-ists and agribusinessmen, the Texas Agricultural Extension Service is answering with short courses, clinics and workshops. A. H. Walker, state agricul-tural leader, said 891 such training sessions were held last year in the state with almost 46,000 persons in attendance. Subjects ranged from agribus-ness, agricultural chemicals to wildlife management for a grand total of 29 different sub-ject matter areas. Local coun-ty agents and county program building committees handled most of the planning while Ex-tension specialists did most of the teaching. Instruction rang-ed in hours from 2 to 40, Walk-er said.

PET IDEAS

During the entire month of May, in cooperation with American Humane Association, which named May 4-10 as "Be Kind To Animals Week," the Purina Pet Care Center is sponsoring an "Adopt-A-Pet" program. Anyone adopting a cat or dog from a participating humane animal shelter during May will receive a free one-week supply of pet food. Partic-ipating shelters have com-plete details. In addition, for each Purina box top or label mailed to the company before July 31, the Center will make a "Be Kind To Animals Week" contribution to the American Humane Association.

New Facts About DDT

Wisconsin's widely publi-cized hearing to determine if use of DDT can be banned by a declaratory ruling of the state's Natural Resources Board was resumed on April 22, the Wildlife Management Institute reports. Between the hearing's start on December 2, 1968, and adjournment on January 17, 1969, a record of approximately 1,800 pages of testimony and exhibits estab-lished the factual case against the pesticide. The new session

will feature a defense of DDT's continued use. During the first session, the Board was told that in addition to killing out-right, DDT induces enzyme activity that causes other im-portant compounds, such as sex hormones, to break down.

Mrs. J. W. Brown celebrated her birthday, Friday evening May 2 with a dinner in the home of her daughter, Mrs. Loy Hiller of Pringle. She also received calls from her daughter who is in Raton and her two sons who live in Cali-fornia.

affiliated Past Matron and Past Patron Faye and Coy Palmer. They were all welcomed and presented potted chrysanthemum plants. John R. Collard, Jr., received his Service Pin and Certificate.

R. C. Holland was received into the Spearman Chapter as a new member.

Seventeen officers, one Pro Tem, four guests from Pampa and seven members were present.

Refreshments were served in the dining room by Nina Hendricks, Judy Creacy and Wanda Brown.

Open installation of officers will be held in the Masonic Lodge Hall June 7 at 8 p.m.

Mrs. Shaver Hostess For Garden Club

The Dahlia Flower Club met Monday May 5 in the home of Mrs. Harold Shaver.

In the absence of the president, Mrs. Shaver presided over the meeting. Various committee reports were given. Mrs. Olin Sheets reported a plant had been sent to Mrs. R. L. McClellan.

Members discussed a float for the upcoming celebration. Further plans will be completed by the Civic Committee and brought before the next meeting.

PLANNING JUNE WEDDING--Mr. and Mrs. Johnny D. White of Spearman are announcing the engagement and approaching marriage of his daughter, Margaret, to Mr. Donald Wayne Goodman. He is the son of Mr. and Mrs. E. Goodman of Amarillo. The couple will exchange marriage vows on June 28 in the Church of Christ, Spearman.

Order Of Eastern Star Honors Past Matrons, Past Patrons

The Order of the Eastern Star met Friday evening, May 8, in the Masonic Lodge Hall for Past Matrons and Past Patrons. Joyce Lackey, Worth and Joel Lackey presided, with the opening in Ritualistic. Officers presented in order were Coy Palmer, Hendricks, John R. Collard, Deta Blodgett and Vi Cobb of Pampa,

Grand Member of the Time and Talent Committee, gave a program on Symbolism of the Eastern Star in honor of Past Matrons and Past Patrons.

Past Matrons and Past Patrons presented in the West were Preston Scott, Nina Hendricks, Virus Wilbanks, Hazel Wilbanks, Carrie Marie Berry, Deta Blodgett, Alta Morse, John R. Collard, Jr., Alta Fisher, Margaret Evans, Jewel Turner and Mary Brock; and

Program leader, Mrs. H. M. Siedeck, gave a most interesting lesson on "Wild Flowers of Texas" showing brochures on wild flowers put out by Texas Department of Public Safety.

The meeting was closed with the reading of the club collect by members.

Refreshments were served to guest, Mrs. Batson of Pampa, and members, Mmes. Garrett Allen, Bob Baley, Deta Blodgett, Frank Davis, Mabel Edwards, Ervin Hester, Major Lackey, Guy Remy, H. M. Siedeck, Olin Sheets, J. W. Walker and Lula Womble by the hostess.

The next meeting will be May 19 at 9:30 a.m. in the country home of Mrs. Frank Davis.

Recently, Mr. and Mrs. E. Y. Branstetter of Barnsdall, Okla., visited with their son and family, the Bill Branstetters and the new grandchild.

WEDDING DATE REVEALED--Mr. and Mrs. John R. Collard Jr. are announcing the approaching wedding of their daughter, Helen Lucille, to Dean Dale Lee, son of Mr. and Mrs. Oscar D. Lee of Gruver, Texas. The bride-elect is a senior Music Education Major at West Texas State University, Canyon. The prospective bridegroom is currently employed by Universal C. I. T. in Amarillo. The wedding will be solemnized at 5:00 p.m. on May 24 in the First United Methodist Church, Spearman.

Mrs Womble Guild Hostess

The Arts and Craft Guild met Friday May 2 in the home of Mrs. Jesse Womble for an afternoon of china painting.

Present were Mmes. Pope Gibner, P. A. Lyon, Kiff White, Bill Gandy, Ned Turner, Bruce Sheets, F. J. Daily, Deta Blodgett and the hostess, Mrs. Deta Blodgett will host the May 9 meeting in her home.

Mr. and Mrs. Bruce Sheets visited Sunday with Bruce's mother, Mrs. Deta Sheets in Fargo, Oklahoma.

Mr. and Mrs. Gayle Brown and daughter Kathy visited in Lubbock recently with their son Mr. and Mrs. Bruce Brown. Bruce is now back at Hill Air Base following his wedding. They also visited with Mr. and Mrs. Jerry Taylor of Tahoka, and Mr. and Mrs. Gene Hiltbrunner of Lubbock. On the way home they visited in Canyon with Mr. and Mrs. James Brown. Bruce Brown will be leaving the latter part of the summer for 15 months in Africa.

LOAN BOOKS PLACED IN LIBRARY

The Hansford Library has received on loan from Amarillo Libraries, fifty books which will be available to the public when the Library opens May 9. The Library has been closed several days while carpets were laid. The books, children's and teenagers material, are due back in Amarillo Library October 24.

Following is a list of the books:

- "Miracles on Maple Hill" by Virginia Sorenson, "B is for Betsy" by C. Haywood, "Ghostly Gallery" by Alfred Hitchcock, "Ben and Me" by Robert Lawson, "Battle of Alamo" by Margaret Cousins, "Hitchcock's - The Secret of Skeleton Island" by Robert Arthur, "Mike's Mystery" by Gertrude Chandler Warner, "Plain Girl" by Virginia Sorenson, "Bed, Knob and Broomstick" by Mary Norton, "Stallion of the Desert" by Kelman Frost, "Tommy's - Soap Box Derby Champion" by Caary Raul Jackson, "Libby Looks for a Spy" by Catherine Woolley, "Battle of Britain" by Clayton Knight, "May Jemison-Seneca Captive" by Jeanne Gardner, "The Black Stallion" by W. Farley, "Mrs. Pepperpot in the Magic Wood" by Alf Proysen, "A Love or a Season" by Mary Stolz, "Call me Juanita" by Jean Fiedler, "The Zero Stone" by Alice Mary Norton, "The Planet Poachers" by A. M. Lightner, "The Borrowers" by Mary Norton, "Amy and the Sorrel Summer" by Laura Fisher, "Wait for Mary" by Rosamond du Jardin, "The Receiver" by Tex Maule, "The King of the Wind" by Marguerite Henry, "Southpaw in the Mighty Mite League" by O. B. Jackson, "Freddy and the Ignoramus" by W. R. Brooks, "Sea-spell and Moor-Magic" by LeClaire Alger, "Witches, Witches, Witches" by Helen Hoke, "The World of Rockets" by Alexander L. Crosby, "Secret Service" by Carroll B. Colby, "The First Book of Baseball" by Mary Etling, "Research Ideas for Young Scientists" by George Barr, "Longhouse Legends" by Emerson N. TEXHOMA LIVESTOCK AUCTION

OKLAHOMA'S LARGEST LIVESTOCK AUCTION AUCTION EACH FRIDAY AT TEXHOMA, OKLA.

A Delightful Decision.

1969 Buick LeSabre.
What makes it such a Delightful Decision? Just price one and see.

You heard us right. It's Delightful Decision time, an event at your Buick dealer's designed to make buying a Buick right now a very delightful decision. Even this beautiful 1969 Buick LeSabre 2-door hardtop is easy to own. And look what you get in addition to an impressive list of standard equipment that begins with a 350-cubic inch V-8.

You get AccuDrive. Buick's new suspension that makes steering over bumpy, winding roads so easy your wife may never let you have the car.

You get Buick's new upper level ventilating system. It does away with the need for vent windows as well as wind noise and uncomfortable drafts.

You get Buick's new ignition, steering and transmission control lock that lets you lock your ignition, steering column and transmission controls when you turn off the key.

And that's just a quick look at the new Buick LeSabre. Why don't you take a long look at your Buick dealer's soon.

We know you'll make a decision that will delight you.

It's Delightful Decision time at your Buick dealer's now.

Let Me See

by Sybil

Baptists just concluded good revival preached pastor of the First in Pampa. If "close" preachers are THAT how come we don't see them more often?

The Rev. Dan Camas a dynamic preacher would be amusing along sometimes. Not only his sermon topics interest his suits were too, with "slightly" longer dresses, he was also a dresser. His suits range from burnt orange, green, to red. He preached new thoughts to old, sermon topics, stance, how many have you heard the preached on the son? He preached these scriptures and it the "Loving Father," Role of the Church in World was the topic discussed by six panelists on the campus at Panelists included two attorneys, a news executive, a news editor and a housewife. They agreed that their feelings about the role of the church had changed during the past 10 years, but none could pin the exact role of the

church today. One said "The church today needs to disturb the comfortable, not just comfort the disturbed," one said. "What we hear from the pulpit today is just not strong enough," another commented. "If the church has something to communicate, it can be implemented more effectively through individual church members than through clergymen," one was brave enough to add.

The six panelists had received a letter discussing the role of the church in today's world prior to the discussion. This letter suggested these images for the Church: "She can be a fortress, an internal enterprise that shuts her gates to the city around and sets herself against its culture, providing her own. She can attempt to be city, one with and almost indistinguishable from life as it is lived. She can be a cave, removed enough to ponder God but selfish and evasive if she hides there. She can be an island, a romantic escape from the complex, ambiguous decisions the world compels. And she can be a tent, a place of temporary, nomadic gathering for the purpose of equipping her ministry to the world."

The letter also brought out the idea that a new kind of religious man would be needed in the future to minister to the people. "The men our times need must be responsible, dedicated, sensitive to others and their variety... knowledgeable and capable... one who regards justice for all as primary... service to others as in no way optional... willing really to love and work for our future hopes."

Thought provoking, no?

LIKE FATHER LIKE SON... Well, anyway what James and Bob Stewart were TRYING to do Saturday afternoon was mimic their dad. James is 7 and Bob is 5 and they often watch their dad ride horses and rope calves.

Now a skunk has little resemblance to a calf it's

true...but this odoriferous little critter was just real HANDY, so these two small sons of Eddie and Joan Stewart decided they would try their luck at tossing a lasso over it's stinky pointed head. And lasso him they did.

Now James is the one who tossed the well-aimed loop (which wasn't too long a rope I might add) and you can guess what happened when that rope found its mark. Wham, he got it right in the face. Immediately James threw down the rope and little Bob could see Mr. Skunk was going to get away, so he just hauled off and kicked him a good one...and stinky let go at him! Both blasts found their mark and now both boys were victims.

Lots of hot soap and water plus some of Joan's favorite scouring pads de-odorized her boys, but their clothes are doomed to a long airing in the hot sun.

James was too sick for awhile to make any comment at all...but Bob explained his part in the spree by telling just how he kicked the skunk "in the end that didn't have any teeth".

Fathers can expect their sons to mimic them in almost everything, and if this is any example, Eddie's sons are up-and-coming Ranch Hands.

The Do Si Do Club will hold its regular dance this Saturday, May 10 with Robert Adamson calling. The dance will be at 120 Main upstairs, starting at 8 p.m.

Everyone is invited.

Helpful Hints From Me To Thee

SOMETHING SPECIAL FOR MOTHER'S DAY

This dessert treat shows how a plain angel cake from the supermarket can be dressed up to be very special.

So pretty and pink... so strawberry good... so easy to put together... Strawberry Angel Cake is made to honor mother on her special day.

STRAWBERRY ANGEL CAKE
1 package (3 oz.) strawberry flavored gelatin
3/4 cup boiling water
1 package (10 oz.) frozen sliced strawberries, thawed
1 cup evaporated milk
1 tablespoon lemon juice
8 or 9-inch round angel food cake.

Place gelatin in a medium size mixing bowl. Add boiling water and stir until completely dissolved. Cool slightly, then stir in the thawed strawberries. Chill until gelatin just begins to thicken (it should still be soft and sort of "runny"). Meanwhile, pour evaporated milk into an ice cube tray--chill until ice crystals begin to form around edges of the milk. Chill beater and bowl for whipping also. Turn icy evaporated milk into cold bowl, and whip until it is foamy. Add lemon juice and whip until evaporated milk is stiff and will hold a peak. Fold in gelatin mixture lightly but thoroughly. Chill until mixture mounds when dropped from a spoon. Meanwhile, slice angel food cake crosswise into three even layers. When strawberry mixture has thickened enough to spread easily, spread between layers of cake, then frost sides and top. Chill until set, about 3 to 4 hours. Makes 10 to 12 servings.

To Thaw Strawberries...

Frozen fruits thaw easily if left over night on a shelf in the refrigerator. If you wish, you can thaw the unopened package in a bowl of hot water.

Another Flavor....

Lemon flavored gelatin may be used in place of strawberry gelatin. Add a teaspoon of grated lemon rind to step up the flavor. Omit the frozen strawberries use instead if you like 1/2 cup coconut folded into the lemon flavored whipped evaporated milk mixture.

Other combinations with other flavored fruit gelatin--such as orange flavored gelatin, or cherry flavored gelatin, or lime flavored gelatin--are good too. A small can of crushed pineapple, drained, may be used in place of the frozen sliced strawberries.

Tips on Gelatin....

In a recipe where other ingredients are to be mixed with gelatin, it is important that the gelatin be just beginning to thicken. Usually we say this is when the "gelatin looks like unbeaten egg white". Which means the gelatin is still soft and sort of "runny". If the gelatin has thickened almost to the point of setting, it will set up at once when it comes in contact with the cold whipped evaporated milk--and there will be bits of firm gelatin which are not able to be smoothly mixed in and the mixture will not be evenly smooth and creamy.

SPECIAL NEWS RELEASE

Four 4-H members from Hansford County attended the District I Food Show re-

cently at Bonham Jr. High in Amarillo.

The senior participants were Toni Delozier, Spearman, blue award and Sandra Rasor, Gruver, white award; juniors were Teresa Dortch, Morse, blue award - Alternate winner and Gina Hutchison, Spearman, red award.

Twelve people attended from Hansford County.

Officers Help To Stop Gang

HOUSTON--Two Harris County game management officers for the Texas Park and Wildlife Department recently initiated action which will probably result in over 100 charges being filed and the solving of numerous rape and robbery cases in Harris County.

The two officers, Robert Summers and Jim Lorenz, were looking for "headlight" hunters early one morning when they happened upon an assault on three teenagers in progress by six men. The six men fled into the woods upon being discovered, and the game management officers called other law enforcement units to the area.

In all, six persons were apprehended, including one by another game management officer, Ben Urban, called to the scene. Fifteen others have been implicated in the recent rash of violence which has plagued Harris County.

And there was a bonus. While Urban, Summers, and Lorenz were patrolling the area looking for suspects about 10 a.m. the next day, they heard a shot.

Upon investigating the three apprehended a poacher with a still-warm doe.

Dieters Club Met Friday

The Friendship Dieters Anonymous Club met Friday evening at 7:00 in the City Hall Council room.

Five dieters weighed in with the lady losing 3 pounds in the past week winning the fruit bowl. The name drawn for the billfold prize had gained weight, and therefore had to pay the piggy.

A discussion was held to arrange for activities to encourage old and new members to attend the regular weekly meetings.

Any new member who would like to lose weight and have fun doing it, is cordially invited to attend the Friendship Dieters Anonymous meetings. Come and join and have fun losing weight.

Mr. and Mrs. Joe Dan Bryan were in Fort Worth and Stephenville recently. They attended "Parents Day" at Tarleton State College in Stephenville where Mansel, their son attends school.

Mr. and Mrs. Glen Gum and children of Hardesty visited last weekend with her parents, Mr. and Mrs. Tommy Bruce.

Curtain Goes Up for "TEXAS" Musical Drama On June 27

Opening night of the "TEXAS" production will be a glowing tribute to the people from all nations, an International Night, a gift from those who have supported the show through the years. On June 27th of 1969 when the curtain goes up for the fourth season of the Paul Green musical-romance of the Panhandle history, special guests of the Texas Panhandle Heritage Foundation, which produces the show, will be bus loads of American Field Service Students who will be in the area on that evening. They will be greeted by their countrymen who live in the area and who also will be guests of the Foundation. During the evening those who speak the same language will have an opportunity to visit with each other.

An International Night is a fitting opening for this year of "TEXAS" since it has aroused considerable interest abroad. Ever since its beginning it has been listed among the United States Travel Services' FESTIVALS USA and advertised extensively with the other festivals the UST'S has told about. The UST'S is translating materials about "TEXAS" and distributing them abroad as well. An international magazine based

in London has asked for several photographs of the production. The AAA Newsletter in Mexico has written its members about "TEXAS". A designer from Rome, Italy, with experience on Italian stages and in Italian films has written to inquire about working in the show. Visitors from 63 different countries signed the guest book last year and the triangle given to the guest who comes from the greatest distance has seldom been awarded a resident of the United States in the past three seasons.

The plans for an International "TEXAS" Night were completed at a meeting of the Board of Directors held Monday noon, May 5th at the Amarillo Garden Center. In his remarks, Eddie Melin, president of the Foundation, emphasized the warm response the show has received from newcomers to this country who often mention that it leads them to an understanding of some things about the United States which had been puzzling them. He stressed the appropriateness of an International Night for this particular show.

All members are looking forward to the excitement of the occasion.

HELPFUL ELECTRIC GIFTS...

A thoughtful way to say "Happy Mother's Day"

Delight mother with a gift that will give her a helping hand every day of the year... give her efficient, dependable electric appliances. Bright gift ideas that are sure to please include beauty aids such as lighted mirrors, electric curlers and hair dryers... or kitchen helpers such as electric blenders, mixers and toasters. Your electric appliance dealer has lots more gift suggestions. Why not see him soon and choose an electric gift that will make her happy on Mother's Day!

Maverick's hot! Any questions?

Measure it any way you like. By the crowds. The news stories. The sales. Few cars have caused a sensation like Maverick or broken so many records. Every day more and more people are asking questions about it. Here are the answers.

Why did you build the Maverick?

We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.

Why did you call it Maverick?

You know what a maverick is. A maverick breaks the rules. A maverick is different. Maverick plugs the big gap between the compacts and the imports. It has a wheelbase eight inches shorter than a '69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.

Why did you make it this size?

Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.

What do I get for the price?

You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls... important little things that add so much to your driving comfort.

What about options?

You can get 'em if you want 'em. You can order integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semiautomatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this car. Because it's all there. A complete car all ready to drive home.

What kind of gas mileage can I get?

That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon--if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will

get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.

Q. What kind of power does Maverick have?

A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.

Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?

A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 5 1/2 feet to any parking space.

Q. Can Detroit really build a small economy car that's tough and long lasting?

A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)

Q. How about parts and service?

A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.

Q. Is Maverick really easier and less expensive to maintain than an economy import?

A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every 36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). Those are

just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.

Q. Can I do my own maintenance work?

A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points... plus many other do-it-yourself repairs and replacements.

Q. Can a small car be safe? And how safe is safe?

A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact's--designed to stop cars weighing hundreds of pounds more. Maverick gives you weight... power... stability. Designed for American driving conditions.

Q. How does Maverick ride?

A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's tight, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.

Q. Is there an advantage in the fact that Maverick is really a 1970 car?

A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.)

Better come take a look at this one. You'll find it where the action is... right in there with other great Ford values like specially equipped Ford Galaxie 500's... Fairlanes... Mustangs and Falcons.

You'll find them at your Ford Dealer's... the place you've got to go to see what's going on.

For an authentic 1/25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5397, Department N-50 Detroit, Michigan 48211. (Offer ends July 31, 1969.)

FORD MAVERICK \$1995*

"Services" Increase Food Costs

COLLEGE STATION--Consumer services added to foods have doubled since 1940 and will continue to increase. Rising consumer income increases demand for "services" three or four times as fast as the demand for basic farm foods, explains Gwendolyn Clyatt, Extension consumer marketing specialist.

In turn, retail food prices will go up, she adds. "Built-in" maid service and packaging are services, but so are check cashing, parking lots, air-conditioned stores and someone to carry your groceries, continues the specialist for Texas A&M. Consumers asks for conveniences, says Mrs. Clyatt, to save the homemaker time and energy. Employment outside the home, difficulty in getting household help, community responsibilities and recreational activities reduce homemakers' time for food shopping and preparation.

TEXAS' delegation to the recently held National 4-H Conference in Washington, D. C. mixed business and pleasure during their week at the National 4-H Center. This photo was made April 24 when the group visited Congressman Bob Price. Pictured with him, left to right are: Rebecca Hutchison, daughter of Mr. and Mrs. Dwight Hutchison of Spearman, Hansford County; Ronald Rydl, Alamo, Hidalgo County; Bert Reinke, Austin, Travis County and Janet Landers, Abilene, Taylor County. They joined with 225 other state delegates in visits with Secretary of Agriculture Clifford Hardin; a trip to the White House and Capitol Hill and participated in a special ceremony honoring the late General Eisenhower. Their formal program was built around the conference theme-- "Tomorrow's Promise."

Rebecca Hutchison Reports On Trip To National 4-H Meeting

Rebecca Hutchison, Route 2, Spearman, Texas (currently a freshman at the University of Texas at Austin) returned Saturday, April 26 from Washington, D. C. where she was one of four delegates representing Texas' total 100,000 Head-Heart-Hands-Health members. Rebecca said she included among Conference highlights: Outstanding speakers, one of whom was Secretary of Agriculture Cliff Hardin; a special 4-H tour of the White House, visits with Texas Senators and Congressmen Ralph Yarborough, Bob Price, J. J. Pickle, John Dowdy, Kika de la Garza, Olin Teague, Earle Cabell, Omar Burleson, on Capitol Hill and "Friends of 4-H Day." While dining with Senator Yarborough in the Senate Dining Room, the Texas delegates met Senator Dicken and spoke with him a short while. Rebecca said she especially liked the program arrangement of dividing the entire delegation into 10 discussion seminars or workshops to 25 4-Hers each--all centering around current teenage problems and "Challenges Facing 4-H." Rebecca was in the group considering "Who Are the Hungry Americans?" Each group met daily during the week to review the pertinent facts, analyze situations and trends, consider implications for 4-H, and then make specific recommendations to 4-H could further meet the needs of today's youth. Rebecca and the other three young people were among about 225 outstanding 4-Hers--five girls and boys from each of the 50 States and Puerto Rico--who attended the 39th National 4-H Conference in the Nation's Capitol. She and the other delegates were named by their States for exceptional personal development, community service, and citizenship achievement. The Texas group was accompanied to Washington by Floyd Lynch, State 4-H Leader, College Station, Texas. John E. Hutchison, Director of Texas Federal Extension Service, also came up especially for the day at Capitol Hill. Rebecca said this year's Conference stressed citizenship and the theme was "4-H: Tomorrow's Promise." Aims were for the delegates to learn more about

their government firsthand, to better understand significant issues facing the nation, and to appreciate more fully youth's citizenship responsibilities and opportunities. Among the Conference activities of the Texas Delegates were: Houston banquet honoring delegates by Pennzoil United, Inc.; tours including Washington, Lincoln, Jefferson and two Jim Memorial, Kennedy grave, and laid wreath on tomb of Unknown Soldier; the play "You're a Good Man, Charlie Brown"; special tour of White House received by Mrs. Richard Nixon and special Memorial Service to Dwight D. Eisenhower for his support of 4-H. Rebecca served as delegate coordinator of Texas group as a representative to

the governing body of 4-H Conference. The Conference closed Friday night (April 25) with a delegates' banquet honoring nine new "Friends of 4-H" named "Partners in 4-H" and four organizations and business firms awarded 4-H Crested Clovers. Rebecca personally met and thanked J. C. Penney for his many years of support of 4-H. Afterwards was the Clover Cotillion--a formal dance in the Smithsonian Institute. Rebecca has been a Hans-

ford County 4-Her for 10 years and has won several honors. Among them are: National 4-H Club Congress in 1967, 1969 State 4-H Information Chairman, National 4-H Bread Awards winner in 1967 (\$500), State 4-H Bread Awards winner in 1967 (\$500), Gold Star Girl in 1967, Co-chairman of District I 4-H Council in 1968. Pennzoil United, Inc. of Houston sponsored the 12 delegates from Texas, Louisiana, and Mississippi to the Conference. Rebecca's parents are Mr. and Mrs. Dwight E. Hutchison. The Hansford County Extension office has charge of 4-H work in this area, County Agent is Robert Adamson and County Home Demonstration Agent is Vivian Warminski.

Drownings Take 101 In Texas

AUSTIN--With less than a third of the year gone and the major part of the outdoor recreation season ahead, 101 persons have already lost their lives in Texas waters due to drowning. Pleasure boating accounted for 36 of these tragedies, and at least 14 of the victims were ignoring the law which requires a life saving device for each person on board a boat. Only four of the 35 boaters who drowned were wearing a life preserver when the need arose. R. G. Mauermann, deputy director of the Texas Parks and Wildlife Department, says many of the 101 drownings

could have been prevented had the victims been wearing preservers. "Of the four who drowned while wearing life preservers, one hung up on brush, one used his boat cushion improperly, and two had been in the water for some time."

WAKA ANNUAL TRIP & PICNIC

The Waka school children, teachers and parents had their annual educational trip and picnic, Friday, May 2, when all journeyed to Alibaster Caverns, Freedom, Oklahoma. After the children explored the caverns, dinner was spread and then all enjoyed the guided tour through the caverns. The PTA furnished paper plates, napkins, forks, spoons and candy bars to the entire group of approximately 100. The committee making the arrangements was Mrs. and Mrs. J. H. Jackson, Mrs. and Mrs. Arthur Roese, Mrs. and Mrs. Bob Matlock.

Mrs. Robert L. Bailey of 310 S. Roland has recently returned to her home from a two week visit with her daughters Mrs. C. L. Moore of Yuma, Ariz. and Mrs. R. Underwood Jr. of Albuquerque, N. M. Mrs. Bailey also visited briefly in southern California while she was gone.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER EIGHT ON THE BALLOT (HJRS)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 50b-1 to read as follows: "Section 50b-1. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Two Hundred Million Dollars (\$200,000,000) in addition to those heretofore authorized to be issued pursuant to Section 50b of the Constitution. The bonds authorized herein shall be executed in such form, upon such terms and be in such denomination as may be prescribed by law and shall bear interest, and be issued in such installments as shall be prescribed by the Board provided that the maximum net effective interest rate to be borne by such bonds may be fixed by law. (b) The moneys received from the sale of such bonds shall be deposited to the credit of the Texas Opportunity Plan Fund created by Section 50b of the Constitution and shall otherwise be handled as provided in Section 50b of the

Constitution and the laws enacted pursuant thereto. (c) The said bonds shall be general obligations of the State and shall be payable in the same manner and from the same sources as bonds heretofore authorized pursuant to Section 50b. (d) All bonds issued hereunder shall, after approval of the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution. (e) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment such acts shall be void because of their antipatory nature. Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposed amendment. The Constitution amendment authorizing the Legislature to provide for additional loans to students at institutions of higher education under the Texas Opportunity Plan."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER SEVEN ON THE BALLOT (HJRA)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 51-d, Article III, Constitution of the State of Texas, be amended to read as follows: "Section 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of officers, employees, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units with authority to make an arrest, of the state or of any city, county, district, or other political subdivision who, because of the hazardous nature of their duties, suffer death in the course of the performance of those official duties. Should the Legislature

enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment authorizing the Legislature to provide for payment of assistance to surviving spouses and minor children of governmental officers, employees, and agents, including members of organized volunteer fire departments and certain organized police reserve units, who have hazardous duties and are killed in the performance of those duties."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER FIVE ON THE BALLOT (SJR8)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows: "Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of: (1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years; (2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps; (3) Needy blind persons; (4) Needy dependent children and the caretakers of such children. The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate. The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws

making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year. "Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes. "Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to

the state for these purposes then that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons. "Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to dispense or to prescribe any drug or physical treatment whatsoever unless such optometrist is a regularly licensed physician or surgeon under the laws of this state. Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition: "The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy disabled, and the needy dependent children and their caretakers establishing Eighty Million Dollars (\$80,000,000) as maximum amount that may be paid per year from state funds for assistance only; allocations and appropriations of current sums supplementing federal assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT (SJR31)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows: "Section 24. The Lieutenant Governor and the Speaker of the House of Representatives shall each receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature, not to exceed one-half the annual salary of the Governor. Each other member of the Legislature shall receive from the Public Treasury an annual salary to be fixed by the Legislature, not to exceed the annual salary paid to a district judge from state funds. Members of the Legislature shall also receive a per diem of not exceeding Twelve Dollars (\$12) per day during each Regular and Special Session of the Legis-

lature. No Regular Session shall be of longer duration than one hundred and forty (140) days. Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the Lieutenant Governor and the Speaker of the House of Representatives shall receive a salary fixed by the Legislature, not to exceed one-half the salary of the Governor; providing that the Legislature shall fix the salary of the other members, not to exceed that received by a district judge from state funds; and removing the 120-day limitation on per diem for regular sessions."

DO WE WANT NEW INDUSTRY

There are 18,000 to 20,000 agencies looking for 1,500 industries each year; 750 of these are pre-determined locations, leaving 750 possibilities. This means we stand a chance of locating one out of every one hundred prospects. We must constantly stay on the alert. We cannot afford to relax if we are to compete for industry.

EVERYONE IS A SALESMAN...

An industrial prospect stopped in a midwestern city. The prospect was represented by two men who were flying around that state and adjoining states in a private plane looking for a potential location for their new branch plant. They had been highly encouraged to visit a certain city.

The prospects understood that this community contained the physical factors that they might want. i. e. Industrial land, utilities, and highway access. They had gone to this community with high expectations as to the possibility of locating their branch plant there, and thus ending their search.

They landed at the local airport and took a taxi cab to the business area. Without saying who they were or why they were there, they questioned store people, waitresses and others as to what they thought of the community. They were told of the problems in the school and what they couldn't buy in the stores and the high cost of living. One even said she would move out of town tomorrow if she could ever make enough money in this miserable place to get out of it.

The prospects turned around; and left this community which they had entered with such high expectations; in fact, they crossed it completely off their list of possibilities.

A few weeks later in another city nearby, a local taxi driver was being honored with an appropriately inscribed fountain pen set as a reward for a service he had performed on behalf of his community. It seemed that two industrialists in a private plane had landed in this community one evening. They stopped merely because it was getting dark and this was a fair size town with a good motel. They had no intention of looking at it as a location for their plant. Without knowing who they were the taxi driver began to extol the virtues of his community. He told them they had good city government, good schools, and retail stores, and that only fine people lived there. It was a place he said, "where everyone worked together for the community interest," and, in his opinion, "it was the best community in the world in which to raise a family."

Early the next morning, the prospects went to the local industrial development man and asked him to show them the community as a potential location for their new branch plant. Of course, these were the same two men.

About two years later this company located its plant in this city. It is still employing from 75 to 100 people.

Industrial Cooperative Training student, Terry Delozier, is shown here at the welding shop belonging to his father Elmer Delozier, where he is being instructed in the art of welding. Terry, 18, is a senior and plans to attend Amarillo Vocational School and later become a welder.

QUIET LUXURY is the word for Hansford Library where 365 yards of beautiful carpeting has just been installed. The Spearman Study Club financed the carpet for the children's area, and the Twentieth Century Club paid for the balance. The Library will be open to the public on Saturday May 10. New hours are announced as follows: Monday thru Friday 2 to 6 p. m. and on Saturdays from 9 a. m. to 1 p. m.

COUNTY AGENT'S REPORT
 - By Robert Adamson

Adequate Moisture Now-- Can Boost Wheat Yields

For extra bushels of wheat, good soil moisture must be maintained from the boot stage through the grain filling stage of growth according to Robert Adamson, Hansford County Agent.

Water requirements for wheat increase rapidly with booting and reach peak consumption just prior to and during heading, explains Leon New, Extension area irrigation specialist, Lubbock. Three to 3 1/2 inches of water will be removed from the soil every 10 days by the plants and evaporation at heading and flowering.

Much of the wheat being grown for grain is in or approaching this peak water requirement period. Soil that has not received significant rainfall or irrigation water for 15 to 20 days is drying rapidly. "Good yield response can be obtained from irrigation water", says New. "An irrigation applied at heading normally boosts yields more than any single irrigation applied during the season."

Tests conducted at the USDA Southwestern Great Plains Research Center at Bushland showed that a high yield response was continually received from irrigation water applied at the heading stage. This was true whether the heading application was the only spring irrigation or in combination with irrigations applied before and after heading.

In studies using two well-timed irrigations, 53 bushels were produced from boot and heading irrigations in 1967. Next highest yield was 48 bushels produced with an early spring, April 1, and heading irrigation.

In 1966, a drier year, an early spring and heading irrigation produced 35 bushels, and a heading and grain filling irrigation produced 34. Yields dropped to 25 bushels when neither of the irrigations were applied at the heading stage of growth.

Yield responses to three irrigations were also studied, adds New. Boot, heading and grain filling irrigations produced 55 bushels in 1967, and early spring, boot and heading irrigations produced 53 bushels. Wheat that missed the heading irrigation, even though it received three irrigations at other growth stages, yielded only 34 bushels. A single irrigation applied at heading produced 30 bushels.

In 1966 the three irrigations that boosted yields most were early spring, heading and

Denver Arnold Dies At Work

A 55-year old Spearman man apparently died of a heart attack Monday afternoon, April 28, while working on a tractor at a farm location 12 miles southeast of Spearman on the Herb Butts farm.

Robert Denver Arnold was found shortly after 7 p. m. by a fellow worker, Charles Dobbs, who had last seen Mr. Arnold about 3:30 p. m. in Spearman getting a part for the tractor.

Bob Bond, Perryton, acting as coroner, made a ruling of death by natural causes, based on Mr. Arnold's previous history of heart trouble.

The body was removed to Boxwell Brothers Funeral Home in Spearman and then transferred to Snyder for services and burial.

Notice

The local postoffice is in need of a part-time city carrier. Anyone interested is asked to contact the local postmaster.

USDA economists expect domestic and export requirements for livestock products to be at least 50 percent higher by 1980 than they are today.

NEW WHEAT FOR TEXAS

Caprock, a hard red wheat and a sister selection Sturdy, has been announced by the Texas Agricultural Experiment Station and the Agricultural Research Service, USDA.

The new variety was developed cooperatively by the State and Service. It is recommended for planting in the north of Texas. Seed for approximately 60 acres of station seed stock will be available this year and there will be released to certified seed producers for fall and in 1969.

Our exploding population and that of the entire world places an increasing demand on the products of our lands.
