Scanning through the stack of mail and exchange papers which decorate our office most of the time we happen across this little item which too often is the "story of our life" in that it happens all too often to be too humorous.

This item dealt with a series of signs in a Public Park which read like this:

- "No Pets Allowed in Park"
- "No Picnicking"
- "Do Not Climb Trees"
- "Stay on Pathways"
- "Do Not Pick Flowers"
- "No Bicycles Allowed"
- "Do Not Feed Pigeons"
- "No Sunbathing or Undressing"
- "Keep off the Grass"
- "No Fishing or Swimming Allowed"
- "20 Minute Parking Limit"

The last sign added insult to injury---"This is Your Park, Have a Good Time".

Yeah, you can go swimming but don't get wet.

We recall the words we read somewhere which might well apply to some of us around here. We know that we've felt sorta springfeverish this summer but perhaps this little jingle will fit the bill.

The jingle came from a retailing expert in a large department store when asked what could be done to fight the so-called summer slump.

"Early to bed;
 Early to rise;
 Work like Hell
 And advertise."

We especially agree with the last part, and try to follow the first part also. But---it sure is a chore to get up on some of these cold mornin'gs.

Do statistics interest you? We noticed one which not only interested us, but almost caused us to fall out of the chair in which we were sitting when we came across it.

"Somewhere around 15 per cent of all personal income in the nation is paid out for non-work. That includes social security, payments, life insurance, private pensions, dividends, interest and rent and various payments under federal, state and local programs.

Not working has obviously become "big business" in the United States and the end is nowhere in sight."

Looking back and pondering this little item could bring chills if you really figure it out. After taking out all the deducts above each week, month or year a person doesn't have much left for food, finery and fun.

But I guess that Uncle Sam figures that living should be a serious business, not fun and has set out to make that a reality.

Don Lewis At Fort Hood

Cadet Don E. Lewis, 21, son of Mr. and Mrs. Henry T. Lewis of Friona, is receiving six weeks of training at the Reserve Officer Training Corps summer camp at Fort Hood, Texas. The training is scheduled to be completed July 31.

Lewis, a 1955 graduate of Friona High School, is a 1959 graduate of Midwestern University at Wichita Falls.

OFF TO CHEERLEADERS SCHOOL---These pretty lasses, Gwen Green, Tommy Lewellen, Gayle Knight and Phyllis Bainum will attend the annual Cheerleaders School to be held at Lamar Tech in Beaumont next month.

SECTION I

Gee Resigns As Ag Prof

J. T. Gee, vocational agricultural instructor since 1935, has resigned from that position effective August 31, to accept the position as principal of the Friona Elementary School.

Gee first began his teaching career in Sudan in 1929. He was elementary principal and teacher in that system for two years.

After leaving Sudan, he moved to Bovina where he was high school principal for four years. He was also the agricultural teacher in Bovina his last year there and was the basketball coach during his stay in Bovina.

In 1935, Gee came to Friona as the agricultural instructor and has remained with the system in that position ever since.

Gee holds a BS and Master's degree from Texas Tech College in Lubbock. He received his MS in 1950 and at the same time was awarded his Vocational Administrator's Certificate. This is the highest certificate awarded by the Texas Education Agency.

When he first came to Friona there were two classes of agricultural students with a total of 24 enrolled. Last year Gee taught five classes of agricultural students and there are

79 pre-enrolled for the coming year.

He has taught several fathers and their sons since coming to Friona. Some of them are Gary Sherrieb and his father; Ira Bruce Parr and his father and David Childs and his dad.

Throughout the years, the agricultural department in Friona has grown. The physical plant is now one of the best in the state. It consists of a lab room, library, class room, shop room and office, making it a five-room department.

Many first place awards have been won by the department. Included in the awards is first place in meats contest at Texas Tech, first place in crops contest at Texas Tech and the department won the Sweepstakes Banner at the Texas Tech contest with the ag students making a perfect score.

In 1950 and 1951 the agricultural department won state honors in senior farm skills and in 1953 they won third and in 1954 they took second.

In 1957, the department won first in state in the junior farm skills.

When Gee first came to Friona, the outstanding feature

Livestock Struck By Lightning

Three whiteface cattle and one calf were killed on the W. M. Massie farm approximately two miles east and two miles north of Friona a week ago Monday at 5:30 p.m. The cattle had been feeding with their heads through

the fence when the lightning struck, killing all four of them instantly.

Each whiteface has been valued at approximately \$250. There has been no estimate made as to the value of the calf.

On Wednesday afternoon, lightning struck the pig parlor on the Cord Hammock place in the same area as the Massie farm. The bolt killed 32 hogs and two registered sows. The loss came to approximately \$1,300. Hammock says the hogs were ready for market when they were killed. He had planned to deliver them to town Thursday morning.

Youth Week Set By Methodists

Youth Activities Week to be held at the Friona Methodist Church will begin Sunday, July 26 at 6 p.m. At that time the young people of the church will have charge of the services.

The week's program will be for young people in the high school and college age group. The theme of the program is "Meet Yourself" and will be based on self evaluation.

Each night during the weeks meeting, a sub theme will be discussed by the young people. Sunday night's theme will be "The Target"; Monday night, "This Is Your Life"; Tuesday night, "Treasure Hunt"; Wednesday night, "Truth or Consequences"; Thursday night, "The Big Pay Off"; Friday night, "The Verdict is Yours."

(Continued on page 2)

NO POLICY CHANGES

Cemetery Group Meets Council

Members of the Cemetery Association and the city council voted to leave cemetery policy as it has been in the past at a joint meeting Monday night in the City Hall.

Louisa Wilson, president of the cemetery group told the city fathers that they were satisfied that the city had done the best possible job with what they have had to work with in the past and they hoped the city would continue to look after the needs of the cemetery.

Pointing out that the city employees are always close at hand and it is easier for people to get information, find out about lots and other matters pertaining to the cemetery the association would like to work with the city, but not take the cemetery away from city control.

Mayor Raymond Fleming told the association that the city would be willing to work in any way possible with the association in keeping the cemetery in a nice condition.

Members of the two groups

discussed several matters concerning the maintenance of the area and finally decided to leave the city in charge of maintenance, but when the job gets to needing help for the city to call on the association for assistance.

In this manner the city hopes to pare down the \$1200 to \$2000 deficit the cemetery has cost the city in the past three years.

Much of this deficit goes for labor and machinery, mainly lawnmowers Albert Field, city manager pointed out.

If the association will help on this item, perhaps we can get the cemetery on a break-even proposition as far as the city is concerned, he says.

Those present at the meeting included Mayor Fleming, Glenn Reeve Sr., Eddie Meil, Deon Awtry and Bill Nichols.

The association was represented by Mrs. Wilson, Jack Mosely, Martha Cements, Melba Allen, J. C. Claborn and Clyde Woodwine.

The city council will meet

Maize Days Takes Form

Pep Leaders Annual Celebration Set To Attend For September 10 - 11 - 12 Yell School

Four Friona High School cheerleaders will attend Lamar Tech's annual Cheerleader Clinic and Twirling Camp to be held on the campus of Lamar Tech in Beaumont August 17 through the 21st.

Those attending the clinic will be Gwendolyn Green, Phyllis Bainum, Gayle Knight and Tommy Lou Lewellen.

While at the clinic, the cheerleaders will receive instruction on cheerleading techniques, routines synchronized with yells, tips on raising school spirit, crowd psychology, musical yells, mass demonstrations in the stand and qualifications of a good cheerleader. Special sessions will be held on sportsmanship, pep rallies, skits, bon fires and parades.

The students will be housed in the dormitories on the campus and will eat in the air-conditioned cafeteria. Classes will be held from 8 a.m. to 4 p.m. with an hour break for lunch.

Recreational activities will include swimming from 4 to 5:30 each afternoon and a college-sponsored dance.

Initial plans for the annual Maize Days Celebration to be held in Friona September 10, 11 and 12th are beginning to shape up according to co-chairmen Flake Barber and Bob Ginsburg. Chairmen of the various committees and their assistants have been named.

There will be an organizational meeting Friday at 8 p.m. in the Community Room of the Friona State Bank and plans will be discussed further at that time.

After the organizational meeting at the bank, meetings of committees and formulation of their plans will be announced.

Members of the various committees for the celebrations have been announced as follows:

PARADE: Hollis Horton and Bill Nichols.

BARBEQUE: Ralph Shirley, chairman; Ralph Taylor, Pete Buske; A. L. Black and Bee Gee Ginsburg.

TRACTOR RODEO & COMMERCIAL EXHIBITS: Steve Bavousett, chairman; Doug Connelly, Joe Ferrell, D. C. Herrin, J. T. Gee and Jess Sinclair.

CAR GIVEAWAY SLATED Following discussion by mem-

bers of the Retail Merchants Committee of the Friona Chamber of Commerce & Agriculture this week it was announced that a new automobile will be given away to some lucky person Saturday afternoon, September 11, at 4:30 p.m. in the city park during the Maize Days Celebration.

This custom began as a part of the annual Celebration last year and was met with overwhelming approval by the residents of our local area.

Tickets for the car will be given away by participating merchants in Friona based on one ticket for each dollar's worth of merchandise purchased during the period between now and Maize Days.

A list of participating merchants will be advertised in next week's issue of The Star.

Be sure to inspect this list and ask for your free tickets ---You May Be the Lucky Winner of a New Auto!

QUEENS CONTEST: Eva Miller, chairman; Winifred Hurst, Mamie Welch and Fern Awtry.

BEARD GROWING CONTEST & KIDS RIDES: George W. Jones, chairman; Lions Club, his committee.

JUDGES: Joe Jones, chairman; Jimmie Lou Wainscott and Andy Hurst.

DECORATIONS: Albert Fields and Eufaula Ethridge.

ENTERTAINMENT: Deke Kendrick, Dan Ethridge and Bill Woolley.

ANTIQUE PARADE: Tommy Jones, chairman; George Loop-er, Howard Ford and other members of the Friona Antique Club.

KIDS CONTEST: Tom Jarboe and Baker Dugkins.

FINANCES: J. C. Claborn, chairman; H. K. Kendrick, Ralph Roden and J. G. McFarland.

PUBLICITY: Dave McCoy and Donald Watkins.

CONCESSIONS: Deon Awtry.

Board Sells Three Lots

Herschel Johnson's bid of \$2,910 was approved by members of the board of trustees of the Friona Independent School District for the sale of three lots owned by the school.

Johnson bid on the three lots, 10, 11, and 12 on the west side of the school property north of the football field. Two other individuals bid on the property, which included six lots, all on the north end of the block north of the stadium.

Jack Mosely placed a bid of \$1350 for the northwest 100 feet, \$1,162 for the northeast 100 feet and \$1162 for the southwest 100 feet in the block up for bid.

Raymond Fleming bid \$5,001.01 for the six 50 foot

lots. After deliberation the board decided to sell the three west lots to Johnson and keep the other three east lots up for sale in hopes to even off the property lines in the near future.

All six of the lots are paved. In other business the board heard a tax report by tax-assessor Dan Ethridge and various financial reports by Superintendent Alton Farr.

The matter of paving, or making some arrangement for better drainage around the new bus barn took up much of the board's time during the meeting.

(Continued on page 2)

Car Thefts A' Plenty Keeps Lawmen Busy

Cars and pickups disappeared, then re-appeared in rapid fashion during the past week to highlight law enforcement activities in the Parmer County area.

The rash broke out Thursday night when a 1957 Ford two-door sedan from Walter Harbidge's used car lot in Farwell vanished. The car apparently was taken well after closing hours and wasn't missed until it was spotted by M. H. Askew, farm hand of A. F. "Bunk" Phillips.

Askew saw the car parked in a maize field on the Phillips farm, which is about two miles southeast of Farwell, early Friday morning. Harbidge was notified and he and Sheriff Chas. Lovelace picked up the car, which was undamaged.

Tracks near the abandoned auto indicated that someone else had picked up the car thieves, but nothing concrete has developed.

Friday night a pickup was stolen from in front of the farm home of J. B. Wright in the Lazbuddie community, nine miles north of Muleshoe. Keys had been left in the pickup.

The sheriff's department suspects a hitch hiker who was seen in the vicinity late that night, but nothing definite has been pinned down. The pickup turned up about a mile and a half northeast of Friona on a sideroad the next afternoon, where it had been abandoned. It was a 1956 Chevrolet.

Apparently, whoever took the vehicle left it after killing the engine and finding it impossible to restart it, as the bat-

tery was run down when officers investigated.

From the developments, officials surmise that the culprits quit the stalled pickup late Friday night or early Saturday morning, and walked back into Friona, where they helped themselves to some more transportation.

A car was moved from near Friona Battery and Electric and abandoned in the west part of town. Apparently, it didn't suit the party or parties involved, as they quit it after what is surmised to have been only a short ride.

The next car to disappear was from the used car lot at Friona Motors. It was stolen probably early Saturday morning. Taken was a 1954 Chevrolet sedan which had a special lock-switch not requiring use of a key if left in a certain position. The position proved handy to the persons taking the car.

The Friona Motors car is the only one that hasn't turned up.

Sunday night the siege continued as Charley Short's car, also of Friona, was stolen from in front of his house. This story had a happy ending for officers, however, as the suspected thief was picked up early Monday morning in Hereford.

Found in Short's car and arrested was Thomas Lee Fairchild, airman from Cannon Air Force Base, Clovis. Sheriff Lovelace indicated the first of this week that county officers will pick him up from the Deaf Smith officials and return him here to face a charge

of car theft. Indications are that Fairchild had stolen another vehicle, a Jeep pickup, in Clovis and had abandoned it in Friona when he located Short's car with the keys inside.

Other sheriff's department activity during the past week included the arrest of two Texaco young men, Roy Boone, 19, and Johnny Campbell, 17, who were charged with theft.

They pled guilty to a charge of stealing gasoline, tools, oil, and a battery from state highway department equipment working on the paving of Ninth Street in Farwell.

Also implicated was a Farwell juvenile boy, 15 years old, whose hearing is required to be in a hearing session of County Judge Loyde Brewer's juvenile court.

The young men were picked up at their homes when Sheriff Lovelace discovered the missing battery in one of the young men's autos. The markings "THD" (Texas Highway Department) had been obliterated from the top of the battery, reports the sheriff, but otherwise the article fitted the description.

Another young man, James Boone (Roy's brother), 17, was arrested in Floydada in connection with the thefts. He is a Clovis resident but was visiting relatives in the East Plains city.

Roy Boone and Campbell pled guilty as charged in county court Saturday and were fined \$10 and costs and 10 days in jail by Judge Brewer. James Boone was due to be tried later this week.

in and around FRIONA

WITH JUNE

Mrs. Harvey Blackstone, formerly of the Black community, called in Monday from her home in the Lazbuddie community. We've known Bonnie for several years and enjoyed catching up with things in the Blackstone home. As yet we haven't seen Robbie, youngest member of the family.

Bonnie told us that her mother, Mrs. Tom Brown of Morton, recently won \$500 in a Piggy-Wiggly giveaway deal at Lubbock. Mrs. Brown passed through the Hub City on her way to some downstate points and just stopped in the store to register.

Upon her return home she had received a notice in the mail that her name had been drawn for \$500. Said Bonnie, "These things are generally something we read about happening to someone else, but this time it happened close to home."

About 45 years ago in Western Oklahoma one of the textbooks used by public schools defined weeds as "Things that grow to make lazy people work." That definition would fit the Parmer County weeds very good this spring. Don't know when weeds have grown so profusely.

In yards it seems that a person hardly gets them cut or mowed down until they are back again. Most fields have the same problem, and in others they grow so rapidly and it rains so often that it seems as if the weeds are going to win the first round of WEEDS vs FARMER.

With Friona brides it seems as if August is going to be a more popular month than was June. We would consider it a privilege to get to show

our wedding invitations, thank you notes, and napkins to any bride-elect.

Several persons who have visited the Star recently have been surprised to know that we carry Bostitch staplers and staples. Come by and look at these before you buy any other brand. Or, if you are interested in some other brands, we have them, too.

The beginning of school always brings a lot of changes, but one of the most drastic ones we will notice this fall will be the presence of Mr. J. T. Gee in the elementary building. He has worked with the FFA boys so long that we're wondering if he will forget and say, "Now, boys!" when he's talking to a group.

Then another thing that we wonder about is how his wife, Lilah Gaye, is going to manage to be second mother to so many children. Since we have known the Gees, his pupils and interests have been hers, too.

Another change we will notice will be that the Floyds will have a beginner. This school term we will have a senior, a sixth grader and a first grader.

Think if General Telephone Company could develop telephone lines that go together like these "pop" beads and bracelets we see in the variety stores, we could save their servicemen a lot of trouble.

Since we moved into our present location last August, there's no way of knowing how many times both our lines have been broken in two. If some of our staff could run out and put them back together, it would save us an endless number of hours.

Then, too, Mack wouldn't have to spend so many hours each month splicing and mending the lines.

Most states in the Union are waging war on traffic deaths. The Ozark County Times of Gainesville, Mo., runs a calendar of the current month one year ago. On days there were no traffic deaths the numbers are clear and black.

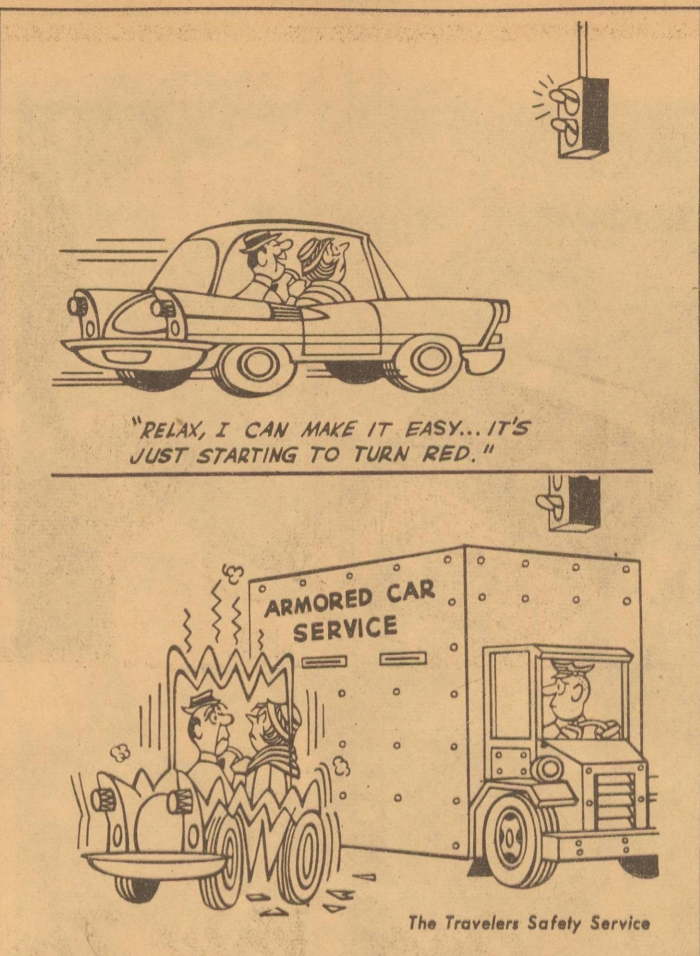

Then on all days on which traffic deaths occurred, there is a tombstone with the number of deaths under the date of the month. Two warnings are on each calendar. For July they read, "You only live once" and "Stay alert. Stay alive." Under the calendar is this caption: "The Missouri State Highway Patrol says, This Year's Record Depends On You!"

If every person who sees this calendar can stop long enough to picture his own name on one of the tombstones this may prove very effective.

As usual, Jim and Sally Cannonier have one of the most colorful yards in town. The Joe Ferrells also have a very pretty backyard. Mr. and Mrs. Ed Boggess have a beautiful flower garden on the south side of the house; the Dave Moseleys and Joe Colliers and numerous others also have lawns and flower gardens to be proud of this summer.

Think it would be interesting to make a study of all the different kinds of trees that are growing and doing well in our town. Several weeping willows are doing well and a few years ago this species was unheard of here.

Another Friona firm is doing its bit toward preventing local residents from being litterbugs. Marvin Lawson of the L and L Agency came in the other day and brought us a pretty little plastic litter bag for the car. It is red and white and has a Friona Chief football

Failure to grant right-of-way caused 610,000 casualties in 1958.

Board Sells

Farr told the board that water draining off the field where the barn is located stands in the building and is causing a lot of trouble to the men when working on the busses. Several ideas for the drainage of the lot was advanced, but no definite plans made. The board will wait until the lots north of the football field are sold in the hope that this sale will bring enough money to pay for paving the area about the barns.

The board approved J. T. Gee's acceptance of the position of elementary school principal and the resignation of Miss Thelma Ritter.

The remainder of the meeting was routine business.

15,000,000 CRANKSHAFTS
Over 15,000,000 crankshafts made of ductile iron have been produced by a large automobile manufacturer in the United States since 1949 when this new engineering material was introduced by International Nickel.

schedule printed on it. If we work hard enough and long enough, maybe the next generation will be entirely free of litterbugs. Can you imagine a town or countryside that is absolutely free of trash thrown down by human beings? Frankly, we can't, but it would be a wonderful sight to see.

ANY EXPLANATION NECESSARY?--This picture was taken near a Parmer county service station who undoubtedly goes "all out" to be of service to all kinds of travelers.

Gee Resigns

of the ag program was Swine, Dairy and Beef Cattle. However, with the advent of irrigation field crops have been featured as a large part of the program.

"It has been a real pleasure working with the boys throughout the years," Gee says. "I would like to thank the community for the wonderful support they have given me in the past years while serving in the ag department."

Hatred is the madness of the heart.--Byron.

Cemetery Group

"I would like to give special thanks to Cotton John Smith of KQNC-TV in Amarillo for his wonderful aid and support. He has done much for our agricultural department," Gee says.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where piñon won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing! Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

*Optional at extra cost

No job's too tough for a Chevrolet truck!

Trade is a Builder

* Does Your Trade Build for You?

Buy at home ...
where your
trade builds
a better life
for you

TRADE built this community . . . its homes, its churches, its schools, its business houses, its jobs, its pleasant way of life.

- ▶ Without Trade . . . the exchange between neighbors of labor's fruits for goods and services . . . none of these would—nor could—exist here.
- ▶ Quite naturally . . . more trade builds better communities. Every single additional dollar that is spent here at home does its bit to bring greater prosperity for

you and for all of us who live here.

- ▶ As a matter of fact, Trade builds wherever it exists. Spend your money at home, the trade it creates builds here. Spend it in the city, the building takes place there.
- ▶ There is contentment, security and opportunity in a growing community. These are the most important things that your dollar buys . . . but they can't be wrapped up and taken home with you from a city store.

*It Pays to Buy
where you Live*

These Friona Business Establishments Are Genuinely
Interested in the Future of This Community and in your Welfare --
TRADE AT HOME WHERE YOUR MONEY BENEFITS YOU!

Carl Maurer Attends Church Convention

More than 1300 church leaders from all parts of the United States gathered in Oberlin, Ohio, July 5-9 for the second General Synod of the United Church of Christ meeting.

The United Church was formed in 1957 by union of the Evangelical and Reformed Church and the General Council of the Congregational Churches.

Carl Maurer represented the United Congregational Church of Friona. Other Texas delegates were from Bryan, Dal-

las, Houston, New Braunfels, San Antonio and Waco.

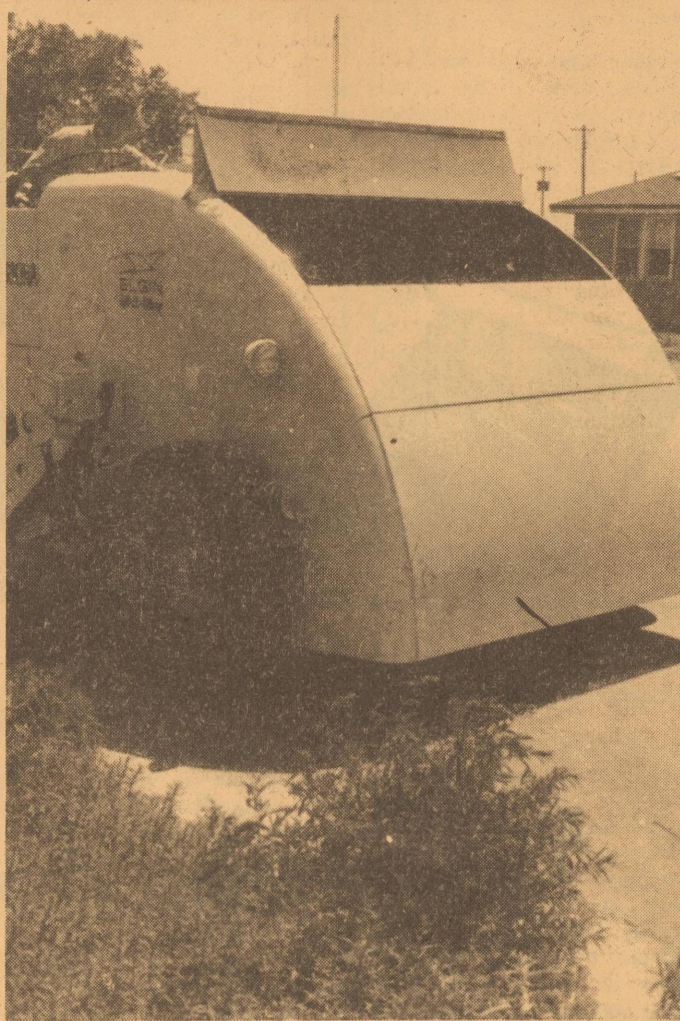

Rev. and Mrs. Fred L. Dean left Sunday afternoon for Yankton, South Dakota, where they will take care of some business. From there they plan to go to several places of interest in that section of the country before returning home in about three weeks.

Mr. and Mrs. Rene Snead, Janet and Jimmie left Thursday morning of last week for Sabine Pass, Texas, where they will visit in the homes of Mrs. Snead's parents, Mr. and Mrs. I. H. Gray, and other relatives.

Visitors In McFarland Home

Mr. and Mrs. M. L. McFarland and daughter, Gail, of Pierre, S. D.; Mr. and Mrs. Don Campbell and children, Jeanne and Kenny, of Columbus, Ohio; and Mrs. Mac McBrayer and children, Mike, Lynn and Sherry, of Torrington, Wyo. visited in the homes of Mrs. J. B. McFarland of Friona and Mr. and Mrs. John McFarland of Farwell last week.

Other guests in the home of Mrs. McFarland were Mrs. Roy Lee Jones and children, Mike and Jan, of Lovington, N. M. and Lora Mae McFarland of Clovis.

FRIONA'S NEW SWEEPER--Don't be alarmed if you see this white monster on the streets in the future. It is the new street sweeper which was purchased recently by the city. If Mother Nature will give the city boys a chance perhaps they will be able to keep the streets in a much better condition than they used to with street brooms.

NEWS FROM BLACK

(Crowded out last week.)

Weekend guests in the John Bengier home were Mrs. Mertie Keller of San Francisco, California, and her daughter, Mr. and Mrs. Marvin Perrell and three children of Concord, California. Joining them for Sunday night supper were Mr. and Mrs. Harry Green of Canyon, Mr. and Mrs. Guy Latta of Friona.

Mr. and Mrs. Bill Carthel and boys were Thursday night supper guests in the home of Mrs. Carthel's brother, Mr. and Mrs. Jim McCabe of Dawn.

Mr. and Mrs. Alton Wily and daughters, Beth and Teresa of Muleshoe visited in the Gene Welch home Thursday night. Susie Spring of Friona spent Saturday visiting the Johnny Bengers.

Mrs. Roden Smart and Mrs. T. J. Presley visited in the Woodrow Whitaker home Sunday afternoon.

Mrs. Dick Rockey, H. V. Rockey and Mrs. Howard Elmore made a shopping trip to Clovis Wednesday.

Mr. and Mrs. Pat Deaton and son of Houston visited in the home of his parents the K. E. Deatons this past week end.

Sunday dinner guests in the Gene Welch home were Mrs. Welch's parents, Mr. and Mrs. F. B. Harkins of Plainview and her brother, Mr. and Mrs. Earl Harkins and Russell of the Frio community.

Mr. and Mrs. John Bengier made a business trip to Plainview Friday.

Mr. and Mrs. Travis Stone and family were Friday night supper guests in the Bill Carthel home.

Donnie Carthel was honored Monday afternoon with a birthday party in his parents home. Refreshments of cake, ice cream and cokes were served to Randy and Jeffrey Price, Linda, Connie, Steve, Gary Stone, Veveca and Kevin Welch, Philip, Jerry, and Wade Coker and Davy Carthel; Mothers present were Jean Coker, Maxine Price, Ruby Stone, Mildred Welch and Mrs. Carthel.

Glenda Deaton, daughter of Mr. and Mrs. L. L. Deaton was honored Tuesday afternoon with a birthday party in her home.

Visiting Conchas Lake last week were Mr. and Mrs. Weldon Tatum, Mr. and Mrs. Jerry

visitors in the Johnny Bengier home.

Woodrow Whitaker visited with his brother G. H. Whitaker of Moreland, Oklahoma the past week.

Mr. and Mrs. Bill Carthel and boys were Thursday night supper guests in the home of Mrs. Carthel's brother, Mr. and Mrs. Jim McCabe of Dawn.

Mr. and Mrs. Alton Wily and daughters, Beth and Teresa of Muleshoe visited in the Gene Welch home Thursday night. Susie Spring of Friona spent Saturday visiting the Johnny Bengers.

Mrs. Roden Smart and Mrs. T. J. Presley visited in the Woodrow Whitaker home Sunday afternoon.

Mrs. Dick Rockey, H. V. Rockey and Mrs. Howard Elmore made a shopping trip to Clovis Wednesday.

Mr. and Mrs. Pat Deaton and son of Houston visited in the home of his parents the K. E. Deatons this past week end.

Sunday dinner guests in the Gene Welch home were Mrs. Welch's parents, Mr. and Mrs. F. B. Harkins of Plainview and her brother, Mr. and Mrs. Earl Harkins and Russell of the Frio community.

Mr. and Mrs. John Bengier made a business trip to Plainview Friday.

Mr. and Mrs. Travis Stone and family were Friday night supper guests in the Bill Carthel home.

Donnie Carthel was honored Monday afternoon with a birthday party in his parents home. Refreshments of cake, ice cream and cokes were served to Randy and Jeffrey Price, Linda, Connie, Steve, Gary Stone, Veveca and Kevin Welch, Philip, Jerry, and Wade Coker and Davy Carthel; Mothers present were Jean Coker, Maxine Price, Ruby Stone, Mildred Welch and Mrs. Carthel.

Glenda Deaton, daughter of Mr. and Mrs. L. L. Deaton was honored Tuesday afternoon with a birthday party in her home.

Visiting Conchas Lake last week were Mr. and Mrs. Weldon Tatum, Mr. and Mrs. Jerry

Benger Holds Top Pee Wee Rating

With five wins and no losses to their credit, Benger Air Park is in first place in the Pee Wee League. Ethridge-Spring is in second spot with three wins and two losses; third place position is held by Friona Motors with two wins and two losses; Rockwall is fourth with two wins and three losses and Co-op is fifth with five consecutive losses.

In Pee Wee action this week, Rockwall came out on top and the against Ethridge-Spring by a score of nine to eight. Winnin

pitcher for the contest was Bobby Gutierrez and losing pitcher was Ramey Beene. There were no homers during the contest.

In Little League action during the week, Black defeated Brookfield by a score of 12 to 7. Winnin

pitcher was Ray Braxton and losing pitcher was Jackie Stowers. Two homers were credited during the game. One was made by Larry Buckley with no men on and the other was hit by Dale Milner with one man on. Both of these

players are on the Black team. Friday night, Hub bested Plains-Hurst by a score of 20 to three. Winnin

pitcher was Jackie Clark and losing pitcher was Eddie Hall. Monday night, Brookfield was pitted against McCaslin with Brookfield coming out on top by a score of 14 to six. Winnin

pitcher was George Rushing and losing pitcher was Jerry Cass. Team standings in the little league are as follows: Hub, first place with five wins and no losses; Black, second with four wins and one loss; Brookfield, third with four wins and three losses; Reeve, fourth with three wins and three losses; McCaslin, fifth with one win and six losses and Plains-Hurst, sixth with five straight losses and no wins to their credit.

Lazbuddie Church Of Christ Gospel Meetings Booked

A series of gospel meetings begins Friday night, July 17, and will continue through Sunday night, July 26, at the Lazbuddie Church of Christ, announces Glenn H. Annear, minister.

Thomas McDonald, evangelist from the Mitchell Blvd.

Buskes Attend Abernathy Reunion

Mr. and Mrs. W. D. Buske, Lydia Benice and Dave spent the weekend attending the 50th Anniversary at Abernathy. While there they visited in the home of Mr. and Mrs. Bob Riley and Mr. and Mrs. Neff Turner. They also attended a class reunion at the home of Mr. and Mrs. Morris Kerr.

Houlette, and Mr. and Mrs. Ellis Tatum and Tommy.

Church of Christ in Fort Worth, will be the visiting speaker. The meetings will be held nightly and also in the mornings.

Minister Annear invites area residents "to come and bring your Bibles and study with us the word of God." Services start at 8:30 in the evenings, and will start at 9 in the mornings.

Sunday morning Bible study will be at 10 o'clock, preaching at 11, communion at 11:45, and the evening worship services start at 8:30.

"A cordial welcome awaits you at the church of Christ always," says the church minister.

Mr. and Mrs. Lacy Metcalf and children, Renee and Phil, of Garland arrived late Sunday for a visit in the home of Mr. and Mrs. George Jones and Kathy. Mrs. Metcalf and Jones are sister and brother.

Circle Begins New Study

After a brief business session, the Maggie Hamlin Circle of the WSCS of the Friona Methodist Church began the study of "A New Frontier In Literary and Christian Literature" in the home of Mrs. Deon Awtry Tuesday morning.

Mrs. J. G. McFarland had charge of the program. She was assisted by Mrs. Frank Spring and Mrs. H. K. Kendrick.

Those present were Mesdames Jake Lamb, Ed White, Ella Sulser, A. A. Crow, Dick Rockey, H. C. Kendrick, Billy Sides, Frank Spring, H. K. Kendrick, J. G. McFarland, Ernest Anthony and the hostess.

The Christian Rural Overseas Program (CROP) collects farm commodities -- wheat, cotton, rice, corn, dairy products, etc., and sends them to suffering humanity all over the world. Last year our U. S. Government matched every dollar's worth given by farmers with over \$30.00 worth from our surpluses. This was sent directly to the people who were starving, through missionaries of almost every denomination in the United States. Nearly all denominations cooperate in this Christian enterprise. To administer such help in the name of Christ will not only help starving bodies but also help hungry souls. You may designate any amount of your wheat to this cause by authorizing the elevator to set it aside, or you may give cash through your churches. Jesus said, "Inasmuch as ye have done it unto the least of these, my brethren, ye have done it unto me."

ANOTHER GRAVEL VICTIM---This new model Mercury, driven by Pearl Shelton of Friona fell victim to the loose gravel on the new highway between Friona and the Deaf Smith County line last week. Mrs. Shelton and her young daughter were uninjured in the wreck. She was meeting another auto and pulled over to keep gravel from hitting the windshield and when she pulled back up in the road the car began sliding she told officers. No charges were filed.

Mrs. Spencer Hough Enjoys Homemaking

One Friona homemaker who thoroughly enjoys her chosen profession and has little time for anything else is Mrs. Spencer, who with her husband, a son, Charles and daughter, Patsy, lives on West Seventh Street. In addition to doing regular household chores, Mrs. Hough sews and does a lot of yard work.

Growing flowers is one of the most enjoyable hobbies she pursues, and she says, "Living on a corner lot gives a person a lot of lawn and flower garden space, but also requires a lot of time and energy."

Neighbors and friends of Mrs. Hough very often receive gifts of hand made articles which they appreciate very much. She is also an active member of the First Baptist Church.

The Hough family moved to the Friona area from Walters, Okla., in the fall of 1944. For

two years they rented H. A. Hyde's farm southeast of town, then bought a farm south of town and resided there until they moved to town about 4 years ago.

She informed a Star reporter that she really wasn't a very good cook, but after serving the writer a dish of ice cream we know that her information should be taken with the proverbial grain of salt.

The ice cream which she served was

FREEZER ICE CREAM
5 eggs
3 cups sugar
1/4 cup flour
1 teaspoon vanilla
1/2 teaspoon salt
2 cups boiling water
1 pint cream
enough whole milk to fill freezer

Beat eggs thoroughly until light and fluffy. Place sugar, flour, and salt into sauce pan.

Mix thoroughly. Add boiling water slowly, stirring constantly and cook until mixture boils for one minute.

Pour this hot mixture slowly over the well beaten eggs--continuing beating as you pour the liquid. Cool this mixture thoroughly then add vanilla, cream and whole milk to fill freezer to within 2 inches of one gallon freezer can.

Freeze. For variations, use the following:

- (1) Banana Nut -- Add three mashed ripe bananas and 1/2 cup chopped pecans.
- (2) Strawberry -- Add 2 packages of thawed and sweetened strawberries and 1/2 teaspoon red cake coloring.
- (3) Pineapple -- Add number two can crushed pineapple.
- (4) Peach -- 3 cups crushed ripe fresh peaches.

Some of her other favorite recipes are Chocolate Pie, Rolls and Custard Pie.

CHOCOLATE PIE

- 2 cups milk
- 1/3 cup flour
- 2/3 cup sugar
- 1 square unsweetened chocolate
- 1/8 teaspoon salt
- 2 tablespoons butter
- 3 egg yolks
- 1 teaspoon vanilla

Grate the square of chocolate into the 2 cups of milk. Scald. Mix all dry ingredients and add small amount of scalded milk and stir until smooth. Add remaining milk and cook for 1 minute after mixture comes to a boil.

Beat egg yolk slightly and add small amount of hot liquid, stirring constantly until all liquid is added. Return to fire and boil for another minute. Cool. Add vanilla and pour into baked pie shell. Top with meringue made of three egg whites, 1/4 cup sugar and a few drops of vanilla. Bake in 350 degree oven until meringue is brown.

CUSTARD PIE

- 2 1/4 cups milk
- 4 egg yolks
- 1/2 teaspoon vanilla
- 1/2 cup sugar
- 1/4 teaspoon salt
- 1/4 teaspoon nutmeg

Scald milk. Beat egg yolks slightly and add remaining ingredients. Then mix well. Pour into unbaked pastry shell. Bake

MRS. SPENCER HOUGH

In 400 degree oven for 15 minutes, then lower temperature to 350 degrees and bake until center of custard is firm when tested with a knife.

ROLLS

- 2 cups warm water
- 1 package dry yeast
- 1 teaspoon salt
- 2/3 cups sugar
- 1 heaping tablespoon shortening
- 3/4 cup powdered milk
- flour to make fairly stiff dough

Dissolve yeast in warm water to which salt and sugar have

been added. Add about 3 cups sifted flour and sifted powdered milk. Beat well and add shortening then beat again with mixer. Remove from mixer and add remaining flour to make fairly stiff dough.

Turn out on floured board and knead for five minutes. Place in a greased bowl and let rise until double in bulk, about 1 1/2 hours usually. Work dough down and make out in rolls. Let rise then bake in 400 degree oven from 15 to 20 minutes.

This is a good basic dough for sweet rolls, cinnamon rolls or raised doughnuts.

HIGHLIGHTS AND SIDELIGHTS

New Smoke Rises Over Tax Program

AUSTIN, TEX.--Whatever the outcome of the summer tax battle, when the smoke has all cleared, the fire won't be out. Like live coals banked in ashes, the tax issue will be ready to flame up again when new fuel is added.

Sources of new fuel are easily foreseeable. Every member of this Legislature, by his voting record, expressed a tax viewpoint. Many of them will have to face opponents attacking this viewpoint in the 1960 elections.

Since a new law moves primaries up by two months, campaigning will begin long before the dogwood is out . . . maybe while the Christmas lights are up.

Many candidates may be wary of lighting into an issue on which it's almost impossible to take an all-around popular stand. But whoever gets elected and comes to Austin in 1961 will find the old tax monster waiting, bigger and fiercer than ever.

This Legislature will likely enact just barely enough new taxes, mostly on "old favorite" sources, to cover the budget. But the 1961 budget will have to be bigger. For some time population growth and other factors have kept budgets going up by about 10 per cent every two years.

Additionally, there will be, as always, demand for new programs, new buildings, new spending. Hale - Aikin school improvement program alone would call for at least a \$100,-

000,000 tax bill. Only hope for avoiding an even hotter tax battle in '61 is for 1960 voters to give their elected officials clear instructions on what they want and how they're willing to pay for it.

BATTLE LINES--Show-down fight of the second called session came on a \$90,000,000-a-year tax bill based on about three-fourths selective sales taxes, one-fourth business taxes.

It was in line with expressed sentiments of the Senate, but many House members regarded it as "another insult". All the five Senators and five House members on the conference committee that worked out the bill signed the report and recommended adoption.

It was designed to get revenue from these sources over a 2-year period:

TOBACCO--Cigarettes up 3 cents a pack (for two years - then back to one cent) to raise \$60,000,000. Other tobacco products, except snuff, a 25 per cent tax to raise \$13,500,000.

NATURAL GAS--raise in the production tax from 7 to 8 per cent to bring in \$12,000,000.

CORPORATION FRANCHISES--increase of 75 cents per \$1,000 capital to May, 1960, 50 cent increase thereafter, to raise \$32,000,000.

UTILITIES--a 20 per cent increase in gross receipts tax except for telephone and telegraph, for \$3,000,000.

MOTOR VEHICLES--increase in sales tax from 1.1 to 1.6 per cent, for \$20,400,000.

BEVERAGES--Liquor up from \$1,408 to \$1.68 a gallon, wine up 20 per cent, for \$6,000,000.

BOATS, MOTORS, AIRPLANES--a new 1.6 per cent sales tax, for \$3,250,000.

RADIOS, TELEVISIONS, PHONOGRAPHS--a 2.2 per cent sales tax, for \$6,000,000.

CAMERAS--temporary 10 per cent sales tax for \$6,000,000. Provisions for more vigorous tax collecting would bring an estimated \$4,000,000 more.

NEW INSURANCE BILL--Out of the House-Senate conflict over the State Board of Insurance came a reorganization bill aimed at getting rid of at least some present officials.

Sen. Floyd Bradshaw of Weatherford introduced the bill calling for organization of a new three-member, full-time, Board of Insurance.

One member would be designated Commissioner at a \$20,000 salary. One would be the chairman at \$15,000; another, a member at \$15,000. Nothing in the bill says present members could not be appointed, but all appointments would be subject to Senate confirmation.

Senators tried to oust present Commissioner William A. Harrison two years ago, were balked by Board Chairman Penn Jackson and an Attorney General's ruling that they lacked this authority.

Since then Senate hostility toward Jackson and Harrison has been open and frank. Senate appropriation bill slashed salaries to one-third time for Board members. House held out for full-time Board.

Senate's counter-offer was the reorganization bill . . . with a full-time Board to please the House and a chance to name new members to please the Senate.

LET NATURE BE--A group of West Texas ranchers won another round in their court fight to force a cloud-seeding firm to leave the weather alone. Texas Supreme Court upheld an injunction to stop a "weather modifying" program by Southwest Weather Research, Inc.

Weather Research had been hired by a group of Fort Stockton cotton farmers to drop silver iodide pellets into clouds that threatened to bring crop-destroying hail storms.

Water-loving ranchers brought suit. They contended the cloud seeding not only chased off the hail but moisture of all kinds.

INSURANCE CUT DUE--State Board of Insurance has ordered reductions in auto insurance rates ranging from 10 to 15 per cent in some parts of the state.

Effective date is Aug. 1. Most of the cuts will stem from a reduction in expenses, such as agent commissions, rather than low accident rates. State-wide the cuts will amount to about \$226,000,000, saving some drivers as much as \$20 a year.

In some areas, mostly larger cities, the drop will be smaller, and in a few counties the rate will rise.

Board Chairman Penn Jackson said that a merit rating plan, setting lower rates for accident-free drivers, will be made later.

Not All Teenagers Are Delinquent

BY DON WATKINS
(Ed. Note:--This is the fifth in a series of articles designed to promote the good qualities of our local youth. It is an answer to all the reports, past and present, saying that juvenile delinquency is rampant and prevalent among the majority of our young people.)
Modern day youth! Gads, where are they going? What has happened to them? I know we didn't use to be that way in the old days. Why, if we had gotten in trouble we would have been tarred and feathered and run out of town on a rail. We just didn't act that way when we were growing up.
How many times have those statements or some similar ones been uttered in regards to the young people today? Countless of times and needless to say, the people who

make them sure do have a short memory.
This is easily proven by merely reading books about the so-called "olden days" or looking up events and people in reference works!
Take for instance one William Bonney alias Billy The Kid. He was born in 1859 and reportedly killed a man when he was 13 years old and if legend and history can be accepted, he killed a man for each of his 21 years of life. He was shot, you see, by a sheriff when his 21st birthday had arrived. He was killed in 1881.
Now then, the ripe old age of 13 in this day and time is considered juvenile. A person of this age that runs afoul of the law is a delinquent, whereas Billy The Kid was nothing but an old outlaw. And today, 78 years later, he is a

hero to a lot of folks. And this, mind you, was one example of the "olden days" of which some of the old timers speak.
But this is not all. We can move forward a few years to 1890. We are getting closer to the years when some adults say the teenagers were all angels and the law had no conflicts with the youth of that day.
Maybe the law had no trouble with the youth, but for some reason or other, an institution known as the George Junior Republic was founded in that year in Freeville, New York. The purpose of the organization was to work with young people who had become involved with the courts of that day.
And still another George Junior Republic was established in 1909, which was 19 years later. This time in Grove City, Pennsylvania. We are getting even closer to the years when the law had no trouble with teenagers, but what I can't understand is, if they were having no trouble, why all these clubs for boys and girls?
In 1909 and 1915 two more organizations were created to guide teenagers on the right paths. The former was established in Chicago and the latter in Baltimore.
And we could go on and on. We could take the years from the time America became a great industrial nation to the present date and cite actual instances and events where a certain percentage of young people have been in trouble with the law. And we could even go back to the Old Testament Days, but we believe we have made a point. At least, we hope so.
We have written examples of the often talked about "olden days." Now, let us write an example of modern day teenagers.
Bob Sanders, 16-year old

son of Mr. and Mrs. B. E. Sanders of Friona is a fine example of what we believe to be the criteria of modern day youth.
Bob will be a junior this fall in Friona High School. For the past two years, as a freshman and a sophomore, he has had the highest scholastic average in high school among the male students.
He was valedictorian of the eighth grade in Friona. This, coupled with the two years mentioned above, makes it three years that he has achieved the honor.
During his years in the grades, Bob participated in declamation, winning two first place ribbons and one second place. He also took part in the grade school track program, winning ribbons in this category.
As a freshman, Bob won more ribbons in track and participated in the basketball program.
While a sophomore, he was elected class president, was treasurer of the thespian club, a member of the science club, was elected to the all star cast of one act plays and again participated in basketball.
He is vice-president of the Explorer's Post in Friona which is advanced scouting and is the statistician and usher at the Friona Congregational Church.
Bob is presently employed at the Elk Drive-In theater in Friona. He has been working for this concern since he was in the seventh grade. Bob was 12 years old when he took this employment and has continued uninterrupted since that time.
He works three nights a week in the projection booth and three nights a week in the concession stand. During the day he is general maintenance man keeping the speakers and other equipment in order.

Rainbow Girls Plan Work Day

Plans have been completed for an all day work session by members of the Friona Rainbow Girls. Beginning at 9 a.m. Wednesday, July 22, girls will be available for window washing, car washing, lawn mowing and painting trash barrels.
At the same time there will be a bake sale in progress at Piggly-Wiggly. Orders are being taken at this time for baked products or any jobs the girls can do.
Anyone interested in placing an order is invited to call Vera Bainum or Kay Coffey for baked goods; Karen Turner or Sarah Ann Miller for trash barrel painting; Ann Baxter or Marie Roden for window washing; Ada Beth Akens or Johnnie Carlisle for car washing; or Thelma Coffey, Ethel Chitwood or Cynthia Caffey for lawn mowing.
All proceeds from the bake sale and work day will be used for the Bus Fund. The bus is available for charter for any

Group interested in making a trip.
Sarah Ann Miller, acting mother advisor of the Group, states that the girls are eager to earn money for the bus fund and will work other days,

also. Anyone interested in any services offered by the girls are urged to call and make appointments any day they desire.
He that lives to live forever, never fears dying.--Penn.

Mr. and Mrs. Be Bates of Marble Falls and Mr. and Mrs. David Sides of San Antonio visited in the home of Mr. and Mrs. R. L. Bates and sons, Phillip and Dwight, last week.

Mrs. Cruse Dies in Dallas

Mrs. Connie Cruse, longtime resident of Turkey and mother of Ned Cruse of Pierre, S. Dak., former Friona resident, died at the home of a son in Dallas Monday evening of last week.

Funeral services were conducted at 2:30 Thursday from

the Church of Christ with Alva Johnson, minister, officiating. Burial was in the Turkey cemetery.

Other survivors include nine children, 48 grandchildren, 117 great-grandchildren and 1 great-great-grandchild.

Mr. and Mrs. Alex Stevens and children of Amarillo were Sunday dinner guests in the home of Mr. and Mrs. Karl Bender.

Dependable Water Service

One's Enough

One good watchdog can usually protect your home. And so can one good insurance policy—when it's a complete package. A Homeowners Policy can protect you against financial loss from fire, windstorm, theft, and personal liability... against loss from many hazards. It's convenient and this ONE policy in most cases will cost you less than if you purchased the same broad coverage in separate policies. You can get this modern protection from your local independent insurance agent or broker. Remember: because he knows his business, it's good business for you to know him.

News From LAZBUDDIE
By Mrs. C. A. Watson

Mr. and Mrs. Jess Pendergrass and Susan visited in Abilene with Mrs. Pendergrass' mother. Susan remained with her grandmother for a two week visit.

The Truman Gleason family and Paul Gleason family met at Lake Brownwood recently where they enjoyed boating and skiing.

Visiting with their grandmother in Wichita Falls are Dick and Pat Chitwood and Steve Young.

Cub Scout troop 16 will meet in the school house this week for a regular meeting. Den mothers, Mrs. Davis Gulley and Flo Jones urge all scouts to be present for the meeting.

The Home Demonstration club met with Mrs. D. Chitwood last week. A demonstration on barbecuing chicken was given.

Guests in the R. Houston home this week are Mr. and Mrs. Stanley Friends and Mr. and Mrs. Darrel Bostic.

Ganet Slater, Marsha Adudel, Mollie Blackwell, Peggie Carol and Mrs. Ira Wimberley, sponsor for the girls, attended Baptist Plains Assem-

bly at Floydada this week.

Attendance at the Church of Christ Sunday was 138. Evangelist Thomas McDonald of Mitchell Blvd. Church of Christ in Ft. Worth will hold a gospel meeting beginning Friday, July 17 and lasting through the 27th. Sunday school attendance at the First Baptist Church was 138, and at the First Methodist was 50.

Guests in the Joe B. Jennings home last week were her cousins, Mr. and Mrs. J. X. Stevens from Angelton.

Leon Smith left Friday for training at Ft. Dix, N. J.

Mr. and Mrs. Roy Gastin and grandson, David, were recent visitors with the J. T. Mayfields, the Truman Gleasons and the E. A. Parhams.

Hail and wind did damage to crops east of Lazbuddie last week. Some homes were badly damaged and some crops were destroyed.

S. T. Tipton who has been ill for some time, had his field plowed by several members of the community. They were J. B. Wright, Raymond Houston, Paul, Richard and Wayne Jesko, Clyde Monk, Jess Pendergrass and C. A. Watson.

The Chevrolet pickup stolen from the J. B. Wright home last week has been recovered.

Debra Smith who has been ill, is said to be improving.

Mr. and Mrs. Jimmie Seaton, Jim Dale, Charlotte, Treassa and Jean, Mr. and Mrs. W. Barnes, Maudene, Wynell, Royce, Wayne and Ray and Pat Patterson together with Mr. and Mrs. Wayne Menefee and Jodie from Farwell, Lesley Brown from San Antonio and Lawson Edwards from Bovina enjoyed a picnic at Clovis Park Sunday.

Jimmie Black had a birthday party at his home Wednesday. After games were played and packages opened, 21 guests enjoyed cake and ice cream.

Bettie Smith returned home from Colorado Friday. She had been with her husband, Gene, who is on wheat harvest there.

A bridal shower honoring Mrs. Joe Pattie, the former

Toni Bruns, was given in the Hub Community building Friday. Her colors of pink and white were carried out in the decorations. Her sister Judy registered the guests. Hostess gift was an electric mixer.

There are eight more weeks of bowling in the summer league. A tournament will be held the week following completion of the summer league. The winter league will start the 19th of October. The summer league has three eight team leagues. Mrs. J. R. Harris, president of the league, says she feels confident there will be enough women for one more league for winter bowling.

Mrs. W. Stark Hosts Meeting

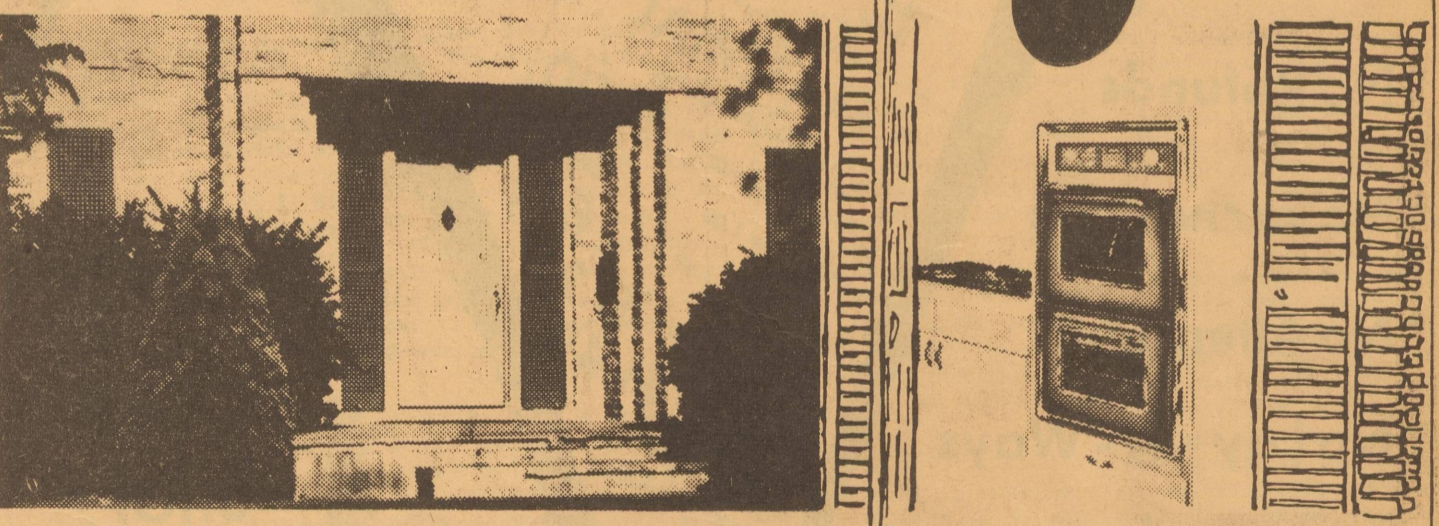

The Kolwvvia Circle of the WSCS of the Friona Methodist Church met Tuesday morning at 9 at the home of Mrs. Wayne Stark.

Mrs. James McLean led the program on "Building Christian Character--Youth." She was assisted by Mesdames Kenyth Cass, Arthur Drake, Bob Rule and Coy Patton.

Refreshments of coffee and cake were served by the hostess. Those present were Mesdames Roy Slagle, Bob Rule, John Gaede, W. M. Stewart, Coy Patton, J. L. Shaffer, James McLean, Will Osborn, Arthur Drake and Kenyth Cass.

The next meeting will be a salad supper in Fellowship Hall at 8 p.m. July 21 for all members of the WSCS.

people who are at home with QUALITY choose GAS appliances

fuel for a growing empire Pioneer Natural Gas Company

Enter the home where choices are made strictly on the basis of quality, and the chances are excellent that you'll find a built-in Gas range in the kitchen. That's because people who are concerned enough to evaluate, discover that a Gas range offers superiority in two ways. The range itself combines precision accuracy with complete automation. And GAS, as a live-flame fuel, does important things that no other fuel can do. It consumes cooking vapors so that you can enjoy closed-door smokeless broiling. With Gas there's no warm-up wait when it's turned on... no lingering heat when it's turned off. And only an instantly responsive Gas flame permits perfect control of the subtle variations in temperature that mean so much to the taste and texture of foods. Gas is the choice of people who insist upon quality at any price... and it's incidental that Gas costs from five to eight times less than any other fuel! Where the finest is truly appreciated... GAS belongs.

MR. AND MRS. CHARLES STONE

Martha Sissell And Charles Stone Wed

Miss Martha Trula Sissell, daughter of Mr. and Mrs. C. P. Sissell of Gainesville, Mo., became the bride of Charles Norman Stone, son of Mr. and Mrs. Lester Stone of Springfield, Mo., Sunday, May 31 at 2:30 in the First Baptist Church there.

Rev. Martin Sifford performed the single ring ceremony before an altar of lighted candles and white gladiolus. Miss Mary Ruth Luna played the wedding march and accompanied Miss Sharon Kay Rose and Miss Pat Sifford as they sang "True Love" and "Because".

The bride, given in marriage by her father, wore a ballroom length gown of lace over satin

designed with a scalloped neckline. The fitted bodice terminated in a point at the center front and had long sleeves. Her veil was a crown atop a waist length veil. She carried a white orchid with satin streamers atop a white Bible.

For something old she wore the wedding ring of her maternal grandmother, Mrs. P. N. Lawton of Friona; her dress was new; she borrowed a veil from her sister, Mrs. Dale Morrison; a blue ribbon was worn on her slip; and she wore a penny in her shoe for good luck.

Miss Ruby Stone, sister of the bridegroom was the maid of honor. She wore a pink lace dress with a fitted bodice and full skirt over taffeta. Her corsage was of white carnations.

Bill Bright of Springfield, Mo., was the best man. Ushers were Butch Sissell and Johnny Stone, brothers of the bride and groom.

Mrs. Sissell, mother of the bride, wore a green dress and a white orchid corsage. The groom's mother, Mrs. Stone wore a blue dress and white carnation corsage.

Wedding guests were registered by Miss Nancy Mackey.

Mrs. Stone is a 1959 graduate of Gainesville High School and Stone is a graduate of Park View High School at Springfield where the couple are at home. The groom is associated with his father in business.

Out of town guests signing the guest register were Mr. and Mrs. Lester Stone; Mr. and Mrs. Brockus Armstrong and sons; and Mr. and Mrs. Benny Watson all of Springfield; Mr. and Mrs. Jimmy Meux, Gail Harris, and H. F. Sissell all of Little Rock, Ark.; and Mr. and Mrs. L. M. Epps of Noble, Mo.

Also Mr. and Mrs. Mack Stone of Almartha, Mo., grandparents of the groom; Mr. and Mrs. P. N. Lawton of Friona, grandparents of the bride; and Mr. and Mrs. Dale Morrison of West Plains, Mo.

Mr. and Mrs. Bill Carthel made a business and shopping trip to Amarillo Tuesday. They also visited with Mr. and Mrs. W. H. Welch while in Amarillo.

Mr. and Mrs. Gene Welch and children were Sunday night supper guests in the Harland Frye home at Easter.

Mrs. Bill Carthel was released from Deaf Smith County Hospital Sunday; she is at home and feeling fair. Visiting her Monday afternoon were Mrs. J. R. Braxton, and Mrs. Fred

Mr. and Mrs. J. R. Southward Observe Golden Anniversary

Children of Mr. and Mrs. J. R. Southward of the Lakeview Community have planned an open house honoring the couple in their home Sunday, July 26.

Mr. and Mrs. Southward, long-time Parmer County residents, were married July 25, 1909. All friends of the couple are invited to attend the reception from 3 to 5 p.m.

The Southward children are Orville Southward of Headrick, Okla.; Fay Southward of Friona; Mrs. Boyce Mitchell of Mott; Mrs. May Dell Hope of Oklahoma City; William Southward of Stinnett; Melvin Southward of Friona; Marvis Southward of Hereford; and Harold Southward of Dallas.

McLean Home Scene of Party

Jimette McLean and Betty Drake were hostesses at a "Come As You Are" party in the Jim McLean home Wednesday afternoon. The hostesses called for the guests without any advance notice and took them to the McLean home.

After an afternoon of fun, food and games, refreshments were served by the hostesses. Those present were Pamela Rodden, Linda Castleberry, Mikie Welch, Carol Coffey, Kay Coffey, Beth Akens, Judy Bock and Janice Wright;

Also Jere Buske, Janet Smith, Karen Turner, Karen O'Brian, Jerre Cochran, Mary Ann Bogess, Peggy Holcomb, Donna Baker, Janice Baldwin, Lynda Baldwin, Brenda Baldwin, Becky Coffey, Kathleen McLean and Mrs. Jim McLean.

Carthel of Farwell.

Visiting in the T. J. Presley home this week are their son, Mr. and Mrs. Gene Presley and family of Maricopa, California, Ann Woods of Caddo, Oklahoma, and Mrs. Presley's sister Mrs. Beatrice Brady of Clinton. Also visiting the Presleys Sunday were Mr. and Mrs. Ed Bose of Clinton, Oklahoma.

Mr. and Mrs. Jerry Houlette and Debbie attended the Stamford Rodeo over the 4th at Stamford.

Hi-Point Club Has New Members

Letha Turner and Eva Lou Rector were two new members present at the Friday afternoon meeting of the Hi-Point Home Demonstration Club in the home of Cherry Mingus. Virginia Rhodes was a visitor.

Mary Joyce Barnett, Betty Renner and Mildred Mingus presented a program on civil defense. Refreshments were served by the hostess following the meeting.

Others present were Gertrude Renner, Erma Lea Tims, Lillie Mae Baxter, and Betty Louise Rector.

Gene Watsons Visit Relatives

Mr. and Mrs. Gene Watson and children, Douglas Wade and Glenda Kay, of Pampa spent the weekend visiting in the homes of Mrs. Watson's parents, Mr. and Mrs. G. B. Reed, and other relatives and friends. The couple's three older children, Tommy, Kathy and Jeanne, returned home with their parents after an extended visit in the Reed home.

Other Sunday dinner guests in the Reed home were Mr. and Mrs. Eugene Bandy and sons, Johnny and Clay; and Mr. and Mrs. Ralph Reed and daughter, Mona. Mrs. Watson is the former Roberta Reed.

Hospital Auxiliary Has Regular Meet

Members of the Parmer County Community Hospital Auxiliary met in the Commu-

Party Honors Mrs. Weaks

Mrs. Sonny Weaks was honored with an ice cream supper in observance of her birthday Sunday in the home of her grandmother, Mrs. Ethel Adams. Those present besides Mrs. Adams, Mrs. Lela Gilmer, the honoree and her husband, were Mr. and Mrs. Raymond Adams and Howard Jones;

Also Mr. and Mrs. Waymon Wilkins and children and Mrs. Jimmy Cox and daughters.

Iowans Visit Friona Kin

Mrs. Hattie Fickle and son, Raymond, of New Sharon, Iowa, spent several days last week visiting in the homes of Mrs. Marvin Whaley and Tom and Mr. and Mrs. Watson Whaley and daughters, Connie and Lou. Mrs. Marvin Whaley and Mrs. Fickle are cousins and had not seen one another in more than 50 years. Mrs. Fickle and her son had never been in Texas before and relatives report they were very favorably impressed with this section of the country.

ity Room of the Friona State Bank Thursday afternoon for the regular monthly meeting. A report was given on the all day sewing meeting held recently for the purpose of making surgical wrappers and doing mendings.

One new member Mrs. A. H. Boatman, was present. A report by a member of the television committee indicates that this project is well received and considered successful.

The next meeting will be August 13. Mrs. Deon Awtrey, president, invites anyone in the area who is interested to attend the meetings.

HD Club Members See Demonstration

Mrs. Tom Lewis demonstrated the proper use of cosmetics at the Thursday afternoon meeting of the Lakeview Home Demonstration Club in the home of Glinda Bailey. Following the demonstration a civil defense program was discussed.

Two new members, Louise Hays and Ola May Wilcox, were present. Refreshments were served by the hostess. Others present were Frances Milner, Jo Blackburn, Gwen Graves, Elizabeth Carmichael and Vuthill Loanman.

NEWS FROM BLACK

The J. R. Braxton home was the gathering place for a family reunion and dinner Sunday. Those attending were Mr. and Mrs. P. O. Southall, Mr. and Mrs. Gene Smith and daughter of Dallas, Mrs. Ben-thal Miller and family of Clovis, Gene Southall of Amarillo and the Braxtons.

Mr. and Mrs. Jimmy Black and daughters of Houston are visiting the Dick Rockeys and the Howard Elmore's. Mrs. Black is Mrs. Rockeys' niece and Mrs. Elmore's granddaughter.

Mr. and Mrs. Bill Carthel attended the funeral of little eighteen month old Brad Williams of Happy Wednesday morning. The baby had been ill and Northwest Texas Hospital in Amarillo for about six weeks; and was the son of Mr. and Mrs. Kenneth Williams of Happy. Mrs. Williams is Carthel's cousin.

Sunday night guests in the Lloyd Prewett home were Mr. and Mrs. C. H. Hackney of Fort Worth. The Hackneys left Monday for Red River.

Mr. and Mrs. Harland Stone and Jeanie of Lamesa were week end guests in the Travis Stone home.

THE HIGH PLAINS FARM AND HOME

Hail, High Winds Rip Area Near Lazbuddie

A strip about four miles wide and 12 miles long east of Lazbuddie was battered by high winds and hail that came barreling out of a small thunderstorm about 4:30 Wednesday afternoon.

Cotton in the storm's path was destroyed and feed was badly damaged by the hail. Cotton was stripped of all leaves and only broken stems remain. Feed isn't destroyed but certainly the damage will be registered in smaller yields.

The storm, which some witnesses said contained a twister, apparently was most severe as it passed the John McGehee farm about two miles east of Lazbuddie. Seven utility poles near McGehee's home were broken. Eight of McGehee's cotton trailers were tossed about by the high wind.

Repairmen who replaced the broken power poles said the poles were twisted off, indicating that the wind was from a tornado.

The McGehee family was at home when the storm hit. "If we'd have known the cloud was that bad, we would have been in the cellar when it got here," McGehee said. "But it was such a small cloud and didn't look bad until it was on top of us. I think it started building up just before it hit here."

Apparently this assumption is correct since the area just north of McGehee's farm escaped the storm.

McGehee said the cloud the storm came out of wasn't even the biggest or blackest looking one at the time.

The eight cotton trailers were picked up and scattered around a field. Some of them were moved about 100 yards. A larger combine was turned around by the storm.

The power poles that were broken were on the east side of the McGehee home, the cotton trailers on the west and the combine on the north but the house was not damaged. Even the television antenna was left intact.

McGehee's 54 acres of cotton were completely wiped out. He said two inches of rain fell in about 30 minutes at his

MID-SEASON STORMS are still bothering Parmer County area farmers. Here's a hail-swept field two miles east of Lazbuddie that was hit hard Wednesday afternoon of last week. Kenneth McGehee is in the picture.

house. "The rain was so heavy we couldn't tell it was hailing. Rain was coming from every direction like it was swirling," he said.

Rainfall was much heavier in spots and some spots were practically skipped by the drizzling.

C. A. Parham, whose farm is just west of McGehee's, lost half of his cotton in the hail, but half of it was just out of the strip battered by the storm.

Parham says he believes the feed will recover from the beating and make a good crop. But there is no question about cotton--it's gone. Only stubble remains.

Friona Spud Market Slow

Potatoes in the Friona area are moving, but they are still moving slow.

John O'Haugherty, of Friona Growers and Shippers, says this year's crop will be good for the amount of acres planted. He says fewer acres are planted this year than have been in the past.

Price for those potatoes that have moved through the Friona shed has been \$4.00. O'Haugherty said he wouldn't make a prediction but he thinks the price might go higher. He didn't eliminate the possibility of a price drop, however.

Wheat Referendum Next Thursday

Parmer County area wheat growers will join with those of the nation over next Thursday (July 23) to vote on whether quotas will be in effect for the coming year.

Polling places in Parmer County:

- FARWELL--courthouse
- BOVINA--Sherley Grain Company
- RHEA--Schlenker Elevator
- FRIONA--City Hall
- OKLAHOMA LANE--Oklahoma Lane Farm Supply
- LAZBUDDIE--School Auditorium

The polls will be open from 8 a.m. until 6 p.m. Any grower who will harvest more than 15 acres of wheat as grain next year is eligible to vote.

Wheat is on the rebound in Parmer County. Its economic influence is being felt increasingly with each passing year, as prices for grain sorghum decline, cotton acreage is restricted, and irrigation increases the yield of wheat and enhances its earning power. This year's allotment was

105,322 acres, of which approximately 90,000 acres were seeded. Next year's allotment will be 106,358 acres, and, to judge from the trend, the seeded acreage will probably jump to around 100,000.

As recently as four years ago, only about two-thirds of the allotment had been planted. The renewal of interest in wheat is easy to see. Agricultural officials set the irrigated portion of this year's seeded acreage at about 85,000.

Parmer County's allotment has increased over 1000 acres principally because the trend away from wheat has been greatly accelerated in other Texas counties, and the factor averaging the state's share permits the increase to be made locally.

If marketing quotas are approved, support rates (national average) will be near \$1.78 per bushel, which is 75 percent of parity. It takes two thirds of the growers--nationwide--to maintain quotas. If more

than one-third turn them down, the referendum fails. Quotas carried 84.1% last year.

In that event, quotas are dropped and there is no penalty for overplanting an allotment--although allotments will still be set. Wheat planted inside this allotment would be supported at 50 percent of parity.

Marketing quotas for the 1960 crop were proclaimed June 1 by Secretary of Agriculture Benson. This seventh successive proclamation of wheat marketing quotas is required by a wheat supply that is 99.6 percent above the normal supply level.

The Texas share of the 1960 allotment will be 4,092,251 acres, which is nearly 7,000 acres less than the 1959 allotment of 4,099,094 acres.

Benson proclaimed a national wheat acreage allotment of 55

million acres, the minimum permitted by law, and announced state shares of the national allotment.

The 1960 national wheat acreage allotment of 55 million acres is the minimum fixed by law and is the same as for the 1958 crop. If the allotments had been determined solely on the basis of the law's supply formula, the 1960 allotment would have been zero acres.

4-H Clubbers Plan Party

Parmer County 4-H Club will have a party Thursday evening at 8:30 at Hub Community Center.

4-H Club members from Castro, Deaf Smith and Randall counties are invited.

July 19 - 25 National Farm Safety Week

National Farm Safety Week has been designated for July 19-25, says the Texas Farm and Ranch Safety Council, with the emphasis this year on "Safety Makes Sense." Farm families who continually include safety in their plans and work are aware that "safety that saves makes sense." Safe farming and living saves time, money, sound bodies, carefree hours and even lives, the Council says.

Farm work accidents claim about 3,500 lives each year, more than any other major industry. About 12,000 farm residents lose their lives each year in all types of accidents, and another million or more suffer accidental injuries. The accompanying disabilities, miseries and financial troubles emphasize that "Safety Makes Sense," says the council.

Human failure, not motor vehicles, farm implements and animals, is the basic cause of accidents. In nearly every case, human failure to recognize and correct a hazard is the real cause of accidental death and injury. Human failures include: hurry, lack of common sense, improper equipment, improper care and use of equipment, procrastination, false confidence, and lack of knowledge, states the Council.

The objective of National Farm Safety Week is to establish safety in farm living. Farm safety activities aim at developing the attitudes, customs and environment for safe living for every member of the family every day in the year. In the vital contest of education vs. accidents, the score should be safety education 100 percent, accidents zero, the council states.

Obviously most, if not all, farm accidents can be prevented. It is a fact that in states where good safety committees

with well planned, active programs are in existence, accident rates have been reduced. National Farm Safety Week has been an important factor in bringing about this reduction, and each year the effectiveness of this week-long campaign becomes more and more apparent, the council adds.

SOIL CONSERVATION DISTRICT NEWS

The end of June each year is the completion of a fiscal year which means the totaling of the years progress for the Soil Conservation District.

Progress in Parmer County Soil Conservation District has been good this year and to the cooperating farmers and ranchers who have helped in this we owe a vote of thanks. Also, a vote of thanks to the non-farmers who have helped in the various phases of the District program.

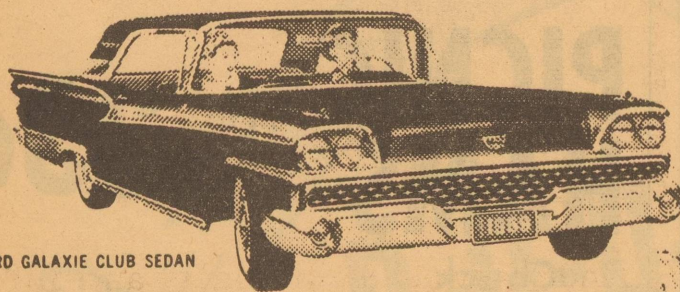

The SCS is looking forward to contacting and assisting more farmers and ranchers this next year than last.

During the 59 fiscal year 39 conservation plans were written for new cooperators with the soil conservation district. This brings the total to 475 district cooperators. In addition, 32 basic conservation farm or ranch plans were written which brings this total to 105.

Twenty-one applications were received to participate in the Great Plains Conservation Program and out of these six have signed contracts to receive cost-share assistance.

Farm Feeding Opens New Income Source

Feeding cattle on farms where grain is raised is becoming more and more prominent as farmers accept the idea that putting their grain in cattle is the best way to market it. "I decided about three years ago when the price of grain dropped that if I couldn't make money by feeding grain, I should quit raising it," says Leon Grissom, who farms 1100 acres in the Oklahoma Lane community and has facilities for feeding about 600 cattle. Grissom now has 100 head of cattle ready for market. They will be sold sometime this week. "My operation isn't big enough to provide me with an outlet

for all the grain I can raise, I wish it were," he says. Grissom has been feeding for three years. He gets his grain steam rolled at Worley's Feed Mill in Farwell. Worley's stores his grain in addition to processing it. Grissom says hiring his grain processed is much cheaper for a program such as his, than buying equipment and doing it at the lots. The processing now costs 25 cents per hundred. He says the processing equipment would cost 40 to 50 thousand dollars plus several thousand for building a barn for storage. Grissom has a mixer wagon

that he pulls behind a tractor. The mixer is powered by the tractor. Grissom says there is a possibility that he may enlarge his program enough to justify buying grinding equipment. "Of the three years I've been feeding, this is the worst," he says. "This year the price hasn't gone up any over what I paid for my cattle." Grissom feeds a supplement mixture that he gets from Worley's. He plans to implant stilbestrol, a growth increasing hormone, in the next bunch of cattle he feeds. The cattle market is always subject to drops and rises. Some years feeding cattle may be an unprofitable business. It has been a profitable business lately. Like other farm ventures it is a risk, but many farmers are convinced that year after year, feeding home-grown grain is the best way to market it. Burl Ford says the grain he fed last year was marketed for \$3.00 per hundred, compared to \$1.54 for that sold to elevators. Ford believes that there is enough margin between \$1.54 and \$3.00 to cover feeding expenses and still pay him dividends.

that he pulls behind a tractor. The mixer is powered by the tractor. Grissom says there is a possibility that he may enlarge his program enough to justify buying grinding equipment. "Of the three years I've been feeding, this is the worst," he says. "This year the price hasn't gone up any over what I paid for my cattle." Ford believes that there is enough margin between \$1.54 and \$3.00 to cover feeding expenses and still pay him dividends.

MIXER WAGON--Leon Grissom poses with his tractor drawn feed wagon. It is powered by the tractor's power takeoff and is used to feed the 600 head of cattle Grissom feeds each year.

your farm? If so, demand--don't just insist--that a cover be placed upon it AT ONCE. A farm homemaker can help her husband by observing hazards and cooperating with him in removing them. In every family there is always a large cotton beach towel. Had you ever thought of using these oversized towels for outdoor tablecloths? If large tables are used, several towels may be used to cover them. These same towels can also be used, sewed together, of course, as covers for outdoor lounges. They are easily laundered and can be purchased in colors to go with any decorative scheme. "Hiram," exclaimed Mrs. Cornntossel, "that candidate you don't like is coming up the road. What'll I say if he wants to kiss the children?" "Don't say anything. Just call 'im back to the kitchen and give 'im plenty of bread and butter and molasses."

emphasis this year on "Safety Makes Sense."
Most homemakers give a lot of thought to making their homes safe for all who enter them. Farm homemakers also need to make every effort to encourage every member of their families to make the farm safe for everyone. It is reported that farm work accidents claim about 3,500 lives each year, which is more than any other industry. Statistics show that human failure, not motor vehicles, farm implements and animals, is the basic cause of accidents. In nearly every case, human failure to recognize and correct a hazard is the real cause of accidental death and injury. Human failures include: hurry, lack of common sense, improper equipment, improper care and use of equipment, procrastination, false confidence and lack of knowledge, states the Council.

Number of Wheat Loans Down from Last Year

The number of loans made on wheat this year is considerably less than at this time last year, according to Prentice Mills, manager of the local ASC office in Farwell.

Volume dollar wise, \$220,000 has been loaned for the present period compared with \$600,000 for the period a year before. As an estimated 50 per cent of the expected loans have already been completed, and using the figures listed, an estimated \$440,000 can be expected in dollar volume loans this year.

This will keep the number of wheat loans from increasing to any great extent. Mills explains that January 31 is the final date for completing the loan documents and having them on file. March 31, 1960, is the maturing date on the loans. At this time, the loans may be redeemed or the CCC will take over the grain. It is interesting to note that 95 per cent of the grain last year was redeemed by the farmers.

extension on their loans. The yields of this year's wheat are approximately 120 per cent of normal on fields that were not damaged by hail or other adverse weather. On fields that were damaged, the yields are from normal to zero. At least 40 per cent of the fields were damaged this year, as estimated by Mills.

much as two cents. There has been no undesirable grain reported. What with the market value being good and the quality and yields being higher, the wheat farmers in the county are expected to fare better than was predicted during the days of the adverse weather.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

If the wheat farmers vote against marketing quotas on July 23, government support level will be 50% of parity. Acreage allotments would be the same either way, but there would be no penalty imposed for exceeding allotments if marketing quotas are not voted. Some farmers and farm groups have advocated that wheat farmers should be required to reduce their acreage to bring the supply in line with demand. The Department of Agriculture has announced that if the allotment had been determined on the basis of the law's supply and demand formula, the 1960 allotment would have been "zero" acres.

The Wisconsin Farm Bureau and other farm groups are battling a proposed state bill to socialize farmers there. One thing the proposed law would do is, "Assess farmers for promotion, advertising, research and educational programs up to four percent of gross dollar volume of the commodity involved." This in itself would be about enough to stop most farmers, but it is only one of more than a dozen items, some of which sound even more idiotic.

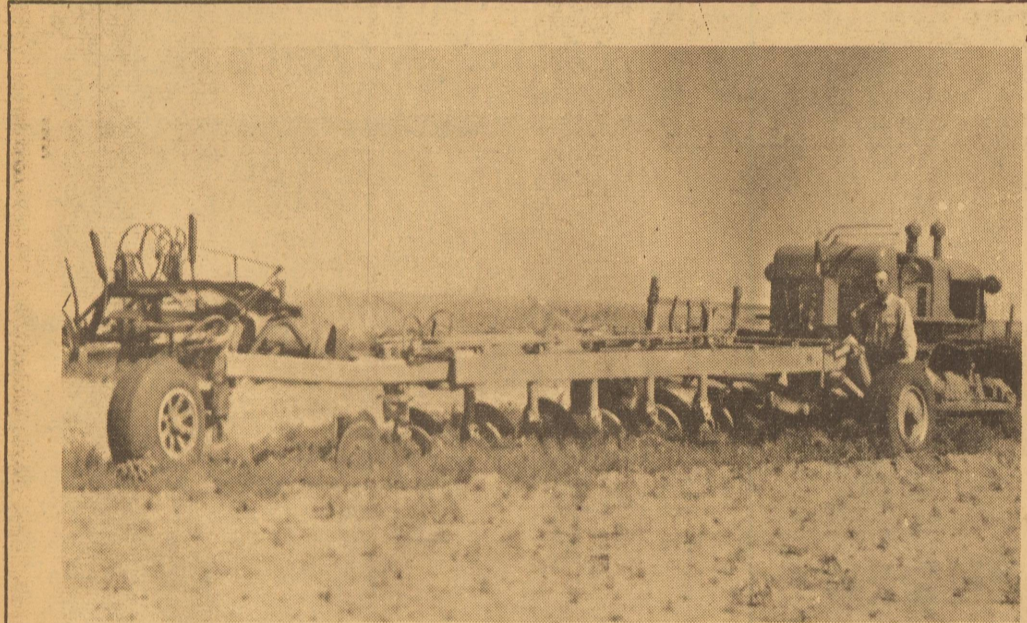

"Almighty God, we acknowledge our dependence upon Thee, and we beg thy blessings upon us, our parents, our teachers and our country." This is a prayer recited each morning by the children in the public schools of a district in Long Island. It is a non-denominational prayer approved by the New York State Board of Re-

gents. It is not compulsory, but allowable. Nevertheless, five citizens of the district have brought suit against their local school board to force it to abandon the use of the prayer in their schools. These citizens are expected to take their case all the way to the U. S. Supreme Court. Would you have thought this would ever happen in America?

"The greatest cause of crash deaths is the drinking driver. He accounts for 50 percent or more of them," states Fletcher D. Woodward, M. D., who does research in safety for the American Medical Association. He says charges should be changed from Driving While Intoxicated to Driving to Driving While Drinking, with conviction being based on chemical breath test.

Research Proves It - MATHIESON Chemicals Are The Best

Above shows a competitive brand of Malathion 5 lb per gallon Emulsifiable Concentrate tested in 3 synthetic and 9 natural waters. You will note that the product produces a stable emulsion in only three of the 12 waters. A good emulsifiable concentrate when added to water forms a smooth, milky emulsion. One that is "grainy" or "curdled," or one which quickly separates into separate layers of oil and water, will not give good, even distribution of the active ingredient on the crop.

Above shows Mathieson Malathion 5 lb emulsifiable concentrate tested in 3 synthetic and 9 natural waters. The performance is proof of quality and value. All of Mathieson's Emulsifiable Concentrates give you proven performance in a wide range of waters because they are tailored and tested in our formulation research and quality control laboratory. This custom formulation and testing gives each Mathieson chemical emulsifiable concentrate the extra high quality ingredient needed by the user.

You've Heard About It - Now At a Price You Can Afford

Flexible control provides a choice of 1 to 15 minutes wash time. Washer automatically washes, rinses, damp dries the clothes and turns itself off.

Lint is caught in the filter - not on your clothes. Filter is easy to remove and clean - no jamming or clogging. Filter also serves as handy detergent dispenser.

- Filter-Flo Washing System
- Big 10 Pound Clothes Capacity
- Extra Large Top Opening for Easy Loading
- Water Saver for Small Loads
- G-E Written Warranty

NOW ONLY **\$39⁵⁰**

SAVE **\$20⁰⁰**

Box Spring available at same low price!

510-coil Posture-Safe Innerspring unit

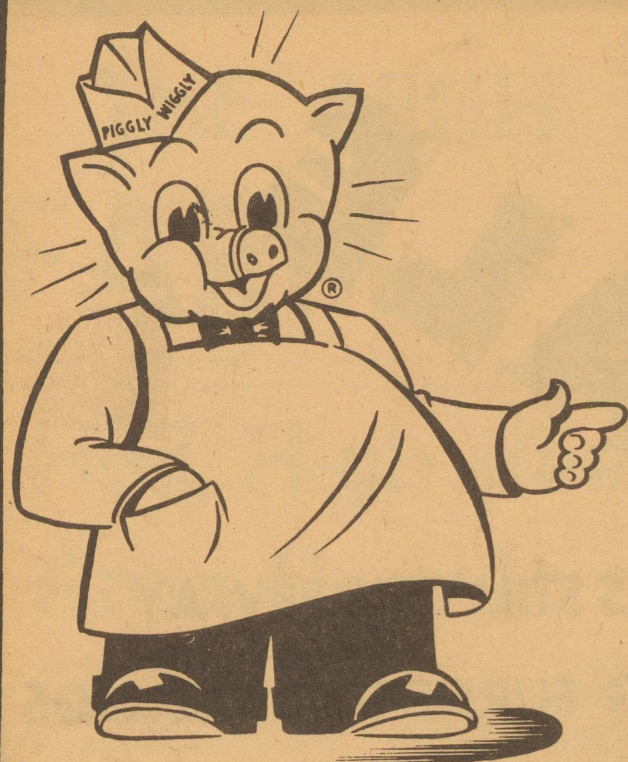

How can we bring you this low price?

- By buying at a special quantity price.
- By saving warehousing and handling costs.
- To introduce the Dell-Peebles line in our community.
- By allowing you to take your mattress and springs right off the factory truck.

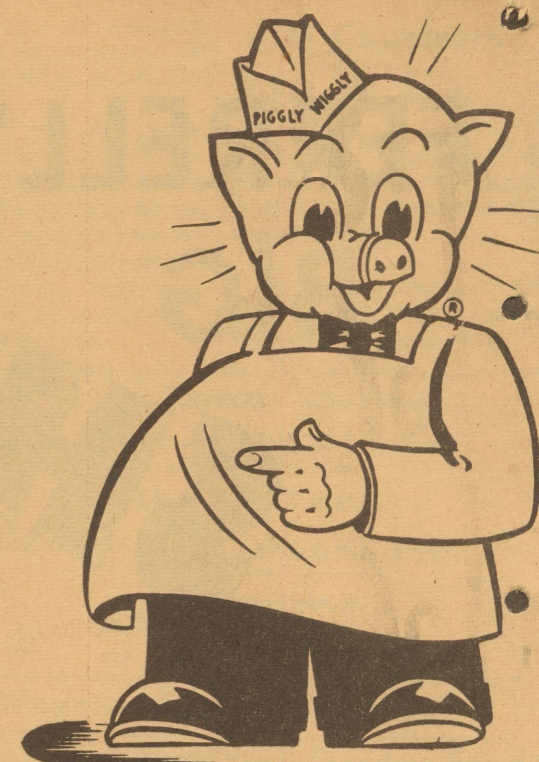

It's New!
It's Beautiful!
It's Healthful!

All these comforts and health features included:

- * Extra - firm 510-coil innerspring unit.
- * Thick, clean, pre-compressed felt.
- * Mattress reinforced in center third--keeps spine in line.
- * Insulated against coil feel.
- * Imported Belgian damask tick.
- * 4 handles for easy turning.
- * Ventilated to stay fresh.
- * Full 10-year guarantee.
