WINS MINK CAPELET -- Mrs. C.L. Patton, 708 Lee Drive, wears the mink capelet presented her Saturday by Ideal Store manager Bob English. Mrs. Patton said "this is the first thing I ever won in my life." The local grocery firm is sponsoring a "win a Mink contest" and Mrs. Patton is the first local winner.

was gathered, they celebrated.

In writing to a friend in England describing the First Thanksgiving, one of the Pilgrims said: "Our harvest being gotten in, our Governor William Bradford sent four men on fowling; so that we might after a more special manner, rejoice together, after we had gathered the fruit of our labours. They four, on one day, killed as much fowl as, with a little help besides served the company almost a week.'

"And among the rest, their (the Indians) greatest king, Massasoit, with some ninety men, whom for three days, we entertained and feasted, and they went out and killed five deer; which they brought to the Plantation and bestowed on our Governor, and upon the Captain (Myles Standish) and others.'

In describing this Thanksgiving, which set the pattern for the traditional American celebration, other writers tell of foot racing, wrestling, exercising arms (infantry drill) and pitching the bar.

These scenes were acted out by citizens of Plymouth, Massachusetts, many of whom are descendants of those who celebrated the First Thanksgiving. Appropriately enough, the setting was at Plimoth Plantation, an outdoor museum where the

first Pilgrim settlement is being re-created.

CALLAWAY AND HOHERTZ STAR IN 44-30 WIN OVER STRATFORD

A couple of Spearman guards starred for the Lynxettes at Stratford Saturday night; they were Callaway and Hohertz, who stopped the Elkettes, as Spearman's all-state forwards scored 44 points, to defeat the defend-

ing state A champions rather easily. Miss Patterson led the Lynx-

ettes in the thrilling match up of the state A and AA champion teams with a total of 21 points.

The guards for the Saturday night game were: Callaway, Lynn Hohertz, Kirkland, Rosenbaum, Liz Hohertz and Schnell. The Lynxettes will meet

the Gruver team in Spearman, next Friday night, Nov. 28 in a big Thanksgiving doubleheader game. BOX SCORE

PIONEER RESIDENT BURIED TUESDAY

Funeral services for Mrs. Bertie S. McNabb. 91. a longtime Spearman resident, were held at 3 p.m. Tuesday in the First United Methodist Church. The Rev. Wesley Daniel, pastor, and Frank Buzzard, layman officiated. Burial was in Hansford Cemetery under the direction of Boxwell Brothers Funeral Directors.

Mrs. McNabb died Sunday morning in Hansford Hospital. She was born in Palo Pinto County in 1878 and had lived here since 1903.

She was a member of the Baptist Church and had been a member of the Order of Eastern Star for 61 years and was a former Grand Matron of the local chapter.

Schroder Survivors include a son, Warren of Albuquerque, N. M. and a daughter, Mrs. Viola Whitson of Spearman.

standing basketball player who graduated from Spearman High School last year, is a freshman member on the Queen squad. She is the daughter of Mr. and Mrs. Jimmy Shieldknight.

Game time is 7:30 in the Spearman High School gym. Harley Redin, who is be-ginning his 15th year as coach of the Queens, has only five lettermen back from last year's 26-4 squad, including two full-time starters. The team's other five players are freshman.

For the first time in the history of the Queens, there is not a senior on the team. Not only will the Queens be inexperienced as a whole, but also must adjust to the

international rule, which go into affect this year in the college ranks. Under the new rule, only five players will take the floor in contrast to the six-player rule of the past.

'This should make for a faster and more interesting game," Redin commented. Returning lettermen are

6-0 center Wanda Roe, 5-8 guard Susan Britton, 5-11 forward Cherri Rapp, 5-7 forward Carolyn Dornak and 5-6 guard Debra Martin. Roe, a junior, voted the

most valuable player in the National Girl's Basketball League last year and was honorable mention for All-American at the National Tournament in Gallup, N.M. Britton, a sharpshooting former All-Stater from Spring lake, was third in scoring last year with 304 points and is

expected to spearhead the offensive attack. Rapp, a sophomore from Estelline, came on strong as a freshman last season and on the strength of her aggressive defense and rebounding, was honorable mention for Rookie of the Year in the National Tourney. Back for her third year on the Queens and the team's only other junior, Dornak is a solid performer and the chance to play regularly may

be the chance she has needed to develop into a top college player. Martin missed most of last season with a broken leg but

figures as a starter. She is quick and a team leader.

ter. Sherry Stark, also a 5-6 guard, was top scorer for Quitaque and played in the Coaches' All-Star Game. Former Crosbyton standout,

Bobbie Winn who made the All-District team and holds two school records, and Susan Baldwin of Pearland give the Queens added strength under the boards. Both are 6-0 freshman centers.

Judy Gover of Springlake is manager and freshman coach.

The Oueens have 30 games on their schedule and will defend their lowa Invitatational Tournament titles in addition to playing in the National AAU Tournament in Gallup, N.M. "We plan to put a good,

young team on the floor, said Redin. "The deciding factor in our season will be how well our opponents adapt to the new style of play. We feel our girls will be able to adjust adequately to the new rules.

ALL DISTRICT FOOTBALL TEAM

Several of the Spearman football players were named to the all-district teams this year. Two players, Lusby and Lyon, were named to the all-district first team. Lusby was named both on offense and defense. Lyon was named on the defensive team.

The Spearman players were: SPEARMAN OFFENSE-1st Lusby Tackle, Jr.; 2nd Archer End, Jr.; 2nd Jackson Guard Sr.; 2nd Womble QB, Jr.; 2nd Pool RB Jr.; Hon mention Brown Guard Sr .: Honorable mention Schroder End, Jr.; Honorable Mention, Lyon RB, Jr. SPEARMAN DEFENSE-1st Lusby Tackle, Jr.; 1st Lyon, End, Jr.; 2nd Cummings, Guard

I cannot imagine not cooking Thanksgiving dinner. I usually go berserk and conjure up enough food for an army. Come Christmas I do the same thing again ... and it's always the same menu. No matter how hard I try, I wind up with the same dishes.

Speaking of cooking, I tried that cranberry cake recipe I've been seeing in all the new magazines. The one with a can of whole cranberry relish and a cup of mayonnaise. Don't make it. That's the sorriest excuse for cake you ever tried to eat.

Had a very welcome note from Maxine Banister this week---from Steamboat Springs, Colo. This former Spearmanite said they loved it there. The snow was about a foot deep, no wind, and everything beautiful. She said their son Chad was now in Germany--Berlin in fact--and that he was having a ball. Chad says the country there is something else. He lives in a compound Hitler built and swims in the pool Hitler had built in 1939 for the summer Olympics there. The Banisters said 'hello' to all their Spearman friends. They are missed.

Another unbelievable, sucaccomplished. I still cannot imagine such a thing. It is very hard for me to believe. We put it together Monday and I don't know if you are one of those people who think that many things recorded in the Bible (especially the old Testurkey with our country cousins tament) are only myths. If in Bridgeport, Texas so I take you are I am sorry for you. Anyway I ran across this little story recently and since it is so typical I want to pass it on to you:

I quote from the Book of Joshua, beginning with the 12th verse, Chapter 10; "Then adopted by the UIL and I bespake Joshua to the Lord in the day when the Lord delivered up the Amorites before the children of Israel, and he

stand thou still upon Gibeon; and thou, Moon in the valley of Ajalon. And the sun stood still, and the moon stayed until the people had avenged themselves upon their enemies. Is it not written in the book of Jasher? So the sun stood still in the midst of the heaven, and hastened not to go down about a whole day.' Skeptics say "Ridiculous.

Impossible. Who would expect sensible people to believe such a thing?" Now read a later version of

what might be a FUTURE statement. Now it came to pass in the days of Richard of the House of Nixon in the year of our Lord nineteen hundred and sixty-nine that three men cal led Astronauts, which meaneth explorers of outer space, were commanded to travel to and explore the moon; they obeyed the command and actually travelled through space and landed upon the moon, and while there they talked by telephone to Richard of the House of Nixon, and this was witnessed by the multitudes throughout the world.

Skeptics might say "Ridiculous! Impossible! How do they expect us to believe a story like that?" ...

May you and your family enjoy a bountiful Thanksgiving Day!

SCENE AND HEARD

ov June Porter Students in our Texas high schools are offered four individual speech contests for which they can prepare. These contests are: Informative speaking,

Persuasive speaking, Prose These are the contests sponsored by the University Interscholastic League. At some contests held during the year at various many news magazines and colleges and universities other events are added. Some of these are: original oratory, interpretation of dramatic literature, and interpretation of humorous literature. Of course, on the district, regional and state levels only those offered by the UIL can be entered. Personally, I would like to see some of these other events

lieve that eventually this will be done. When a student chooses one of these speaking events he is then allowed to said in the sight of Israel, Sun, enter only one of these or debate at any UIL contest. This

restriction can be both good and bag. It is good cause it allows more stude to be involved and lets them concentrate in one area. On the other hand it is bad because of that very restrictionstudents can become proficient in one area and have no contact with the others. This is the danger which speech teachers try to avoid. This is the reason you will occasionally see one of my debaters performing a role in a play and sometimes see a drama student entrolled in debate class.

The objective of informative speaking is simply to present information to the audience in such a manner that the listener will be better informed about the subject of his speech. To do this he must be knowledgable about current affairs current affairs at the state, national and international level. Then he must be able to present extemporaneously in a clear and impartial manner the facts about a given subject. I may add that this should also be presented in an interesting manner. The speaker must not try to change the listener's mind other than the possibility that the information itself may lead to a change of

mind. Persuasive speaking is designed to present the speaker's beliefs or proposed course of action in such a manner that he persuades the audience to accept a certain belief or proposed course of action. To accomplish this the student is trained to analyze a current issue, determine a point of view for himself and then to organize and deliver extemporaneously a speech designed to fullfill

his objective. Both of these contests are defined as extemporaneous speaking. Students get ready for . these two events by reading a daily newspaper, any of the watching and listening to television and radio news broadcasts. Students may take magazines and newspaper articles to the contests but he may not take with him any prepared speeches on any topic.

The contestants know that the topics will be based on current news events but he will not have any advance knowledge of the specific topics. Then when he reaches the contest site he draws in the order in which he will speak. He is given from three to five topics. From these he chooses

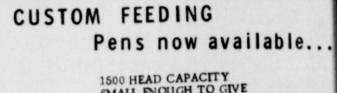

one and then is given 30 minutes in the preparation room to prepare a seven minute speech. The preparation room is closely watched so that the students do not violate any rules. Instructors are not allowed into the room to help their students. In other words, the students are completely on their own. They try to arrange their time in such a way that they will also have an opportunity to practice the speech orally before presenting it for the judge. For the seven minute speech the speaker is restricted to 100 words of notes. There is no minimum time limit but speakers try to get as close to seven minutes as possible without going over. Next week I will discuss the other two individual events-prose and poetry reading.

Local Students Wyatt has mixed his paint-

ing and many appearances as an inspiring and humorous speaker with his regular work as Evangelist of the Amarillo District Methodist conference, His first exhibit in January attracted Ken Curtis -- Festus of TV Gunsmoke fame -- who bought nine of his paintings of horses, cowboys and cattle. Festus was quoted in The Vernon Daily Record by Orlin Brewer:"He's the best I've seen since Russell and Remington," Mr. Curtis (Festus) confides in a compliment that places the 38 year old minister in company with artists who are recognized as among the greatest in their field in American history."

During 1969 Wyatt has been featured in Western group or one-man shows at San Angelo, Vernon, Plainview, Dumas, Dalhart in Texas; Elk City and Woodward in Oklahoma and at Pittsburgh, Pa. The big city East liked and bought his work. His September appearance at the Tri-State Fair was outstandingly successful. He has had two covers on The American Quarter Horse Journal and one on Southwestern Heritage. One of his three Christmas paintings has been a best seller for Sherwood Framables. Wyatt's work is featured

by action and authentic detail. He is a privileged guest on Panhandle ranches and spends days working with camera and sketch pad for details and background. This has resulted in wide praise by cowboys and cattlemen. They are among his enthusiastic buyers.

Many Southwestern banks, large corporations and beef producing companies point

to their Wyatt paintings as do an increasingly large number of art collectors. When the show opens at 2:30 Sunday afternoon it is a safe bet that High Plains Galleries will be host to a lot of his former parishioners in this region in addition to his other fans.

\$47 Million Gas Project Is Launched

Peoples Gas Company of Chicago has announced that a subsidiary, Natural Gas Pipeline Company of America, plans construction which will increase its peak-day delivery capacity 10 per cent for the 1970-71 winter heating season.

Included is the installation of a 9,300-horsepower gas turbine at the company's Pringle compressor station.

O.C. Davis, president of Natural, said the program will make available in excess of billion cubic feet of gas for peak-day delivery. The total includes the first purchase of Canadian gas to help meet the energy needs of Chicago and other Midwest markets served by the Peoples Gas system. Estimated cost of the program is \$47 million.

The transmission company outlined its plans in two applications filed recently with the Federal Power Commission.

The first application calls for construction of about 58 miles of loop pipeline and additional wells and gathering lines at company storage facilities in Iowa and Illinois. Withdrawal capacity from underground storage reservoirs will be increased by 125 million cubic feet of gas per day.

Also proposed is the purchase from other pipeline companies of Canadian gas supplies and additional gas storage service.

The second segment calls for construction of about 150 miles of 36 inch loop pipeline in Oklahoma, Kansas, Nebraska. Iowa and Illinois and additional compressor horsepower at stations in Texas and

Oklahoma. Natural has conditioned the latter segment on Federal Power Commission approval of a substantial increase in the company's return on equity as sought in another proceed-

Look what's happened since Maverick was introduced in April

Your Ford Dealer's holding the price line Maverick. Still \$1995

When it comes to prices, you know what's going on. And what's going up. But there's one thing still going straight. Maverick. It holds the line. And its small price makes it America's biggest car value. Here are the facts about our Simple Machine.

It's simple to drive. You get the passing power of a 105-hp Six. Great gas mileage too.

It's simple to park. Maverick can turn in a tighter circle than the leading import.

It's simple to service. Maverick is easier and less expensive to maintain than an economy import. It needs fewer oil changes, fewer chassis lubrications.

It's simple to repair. You can do many routine maintenance jobs yourself.

It's simple to own. Maverick saves you money when you buy it. And when you drive it. That's the reason our small car is going over big.
