

mack's

tracks
-by dave

Tracks haven't led us that way yet, but from all the talk that has been going around many folks from Parmer County are eagerly following the opening of Precinct 4 in Castro county as a "wet" territory.

For some reason folks have been talking about abandoning the road to Grady and start using the road to Hub and Dimmitt in place of the old beaten path.

At any rate the election is being contested, for the information of those interested parties, and may not come to be.

Parmer county is kinds like our old home county down in East Texas anyhow. In that all the bootleggers from our adjoining counties have a beaten path across Parmer county on their way back and forth from the wet territories over in New Mexico to their home ports of call.

We've spent some interesting nights riding with the local and county officers chasing bootleggers and we'll give our county officers this plug--they've convinced quite a few of them in the past couple of years that it may be a longer route some other way and cheaper in the long run to stay out of Parmer county.

But--all this boils down to something that we're convinced of--you can't legislate morals anymore than you can legislate dust (which we'll get around to in a minute).

Some folks just naturally have a thirst and they are going to quench it come hell or high water.

On the subject of dust, this item is getting quite a going over down in our neighboring town of Bovina.

Some of the folks down there are all shook up about harvest time in that, we reckon their folks is like ours and gets out of hand when maize dust starts floating around, anyhow the folks have signed a petition declaring elevator dust a public nuisance.

At any rate we'll have to agree with Dolph Moten, editor of The Bovina Blade, when he says in his paper that "Dust can't be eliminated."

We were practically rank strangers to dust before moving to the Plains, but we've gotten a snootful of dust in recent times and we are also of the opinion that an effort to outlaw dust by law is sorta like the practice a few years ago of salting rain clouds.

About all anyone got out of that effort was an airplane ride and a bunch of lawsuits.

Well, we figure that is about all a fella could get out of an effort to outlaw dust.

Let's face it. If you got maize or any other type of grain you got dust. Kind of like an egg and a shell. They sorta go together.

At any rate we sympathize with the elevator folks, and heck, we'd rather have lots of grain and lots of dust than no grain and no dust even if our nose does run like mad all the time.

Council Plans Action On 1960 Weed Crop

Weeds and their effects upon both the looks and the health of the City of Friona got a full going over at the regular meeting of the city council Monday night in city hall.

Following discussion of the best ways to fight the weed problem an ordinance was passed requiring weeds and grass to be cut on vacant lots within the city limits.

Inasmuch as the council is convinced that these weedy lots, not only an eyesore to the community but also a threat

to the health of the city's citizens, are to blame for many hiding places of mosquitoes during the summer months, then become a fire hazard during the fall and winter, something had to be done.

This year the city was sprayed a number of times from the air in an effort to combat mosquitoes.

But, the council pointed out, these efforts go for naught if breeding grounds of the pests are left undisturbed.

So, next year when the time

is right a clean up, fix up week is in the mill and the weed ordinance will be enforced.

(A complete copy of this ordinance is found on the classified page of this issue of The Star.)

According to the new weed ordinance it can cost a property owner, or that person in charge of a lot, a fine up to \$50 if he, or she, doesn't clean off their property if a complaint is filed.

These complaints will be filed at the city hall and a hearing

will be held before members of the council.

The property owner charged with allowing his lots to become a public nuisance can be heard at this time so that both sides of the issue can be heard and ruled upon.

If the council decrees that the complaint is valid, and the premises in question aren't cleaned up within 10 days a fine not to exceed \$50 can be invoked.

The council hopes that this ordinance will not have to be used, or enforced, but that the

residents of the city will take it upon themselves to clean up their lots and keep the weeds down and trash off their property.

In other business Monday night councilmen appointed Dr. Paul Spring public health officer for the city of Friona for another term; granted extension of street lights on Sixth Street from Grand Avenue to Arrah Avenue; passed a resolution concerning the erection of Stop and Yield Right of Way signs at certain intersections in the

city and discussed the amount of paving which was passed during the recent bond election.

The council voted to sell \$35,000 worth of bonds for the purpose of paving next spring.

This money will go toward paying the city's cost of the new paving program which will average about \$500 a block for the city.

It will be impossible to set a price on what the paving will cost property owners until the number of blocks to be paved is known.

During the past paving pro-

jects this price has varied from \$4 to \$5 a foot.

The council will meet with Ed Franklin of Dittmar & Company of Dallas Monday night to discuss the proposed paving project.

Those present included Mayor R. L. Fleming, Glenn Reeve Sr., Eddie Meil, Bill Nichols, Danny Bainum, Dean Awtrey, councilmen and Albert Field, city manager, and Richard Collard, city attorney.

The council will meet at the city hall Monday night at 7:30 for a special session.

Boozed Burglar Busts Crazy Courthouse Coup

What would have been the "burglary of the year" if the culprit had gotten away with it was pulled in Farwell Wednesday night. A daring (and drunk) Latin American from Amarillo hatched a restroom window in the county courthouse, crawled through, and helped himself to a looting of every official's office on the first floor.

Included in his take was liquor, money, and guns from the sheriff's office.

In custody and charged with the offense is Juan Chavez, 30, who gives his residence as 11055 Johnson in Amarillo. He

was arraigned Saturday and his bond was set at \$5000.

Noble Goldsmith, janitor, discovered the burglary at 7:30 Thursday morning, but the arrest of Chavez followed a long train of events that began in Parmer County early Wednesday evening--before the crime itself. Chavez first made his appearance at the Northside 66 Station in Bovina about 8 o'clock.

While stopped at the station he obtained a supply of "gopher" matches from Mike Barraza, who was running the station. The manager noticed that the man apparently had

been drinking, and also took note that he was in a 1952 green and white Pontiac.

The license number was not obtained, but this information proved complete enough for Sheriff Chas. Lovelace to get out a general alarm for the car after the break-in had been discovered. The station was linked to the burglar easily enough after matches bearing the station signature were found in the courthouse.

Chavez apparently used a heavy hammer to knock out the window glass to get into the building. When climbing in, the burglar accidentally cut his right hand rather severely on

the broken window. Officers surmise that his liquor-induced instability was probably responsible. Blood was found near the window where the accident occurred.

Once inside, Chavez made free use of his hammer to gain entrance to county offices of Lee Thompson, assessor-collector; Hugh Moseley, clerk; Mabel Reynolds, treasurer; and the sheriff.

Except for what he took from the sheriff's office, his loot was not too impressive. About \$5 and \$10 was missed by Thompson and Moseley, respectively.

The sheriff lost \$46.06 in silver, seven guns, and several bottles of liquor. All this merchandise had been picked up from time to time in raids and as contraband from apprehended thieves.

Chavez made good use of some vodka he picked up from the sheriff's cache, and this second round of imbibing is what probably proved his final undoing.

He left the courthouse and headed back toward Amarillo, but lost control of his car near the state roadside park about three miles southwest of Bovina. The Pontiac skidded off the road, crashed through a fence and bounced into an open field. It did not turn over.

Chavez could not start the car, so caught a ride to town. He called Ed Paetsch of Ed's Garage for towing service, and

TOTAL ALREADY TOPS '58 MARK --

Friona Building Boom Continues

Friona's bustling building boom is still going on.

Based on reports from the City Hall which are complete only through October 31, 1959 building permits in Friona since January 1 have come to a total of \$506,950.

This includes a total of \$335,950 in residences which have been built this year; \$58,000 in business construction; a \$65,000 motel; additions to residences totaled \$25,200 and the remainder includes non-residences, garages and additions to such buildings.

This total compares with a total of \$486,895 in building permits issued for the entire year of 1958.

In 1958 a total of 24 homes were built at a cost of \$241,970 as compared with 27 already this year at a total of

\$335,950.

Non-residence and businesses last year totaled \$214,755 as compared with \$171,000 this year, but in '58 the totals included the additions to the

Cub Scout Awards Set

Several awards will be presented to Cub Scouts at the pack meeting Saturday evening in the American Legion Hall. There will be service stars, perfect attendance awards and several other awards.

Bobcat pins will be received by Milton Carlton, Jody Fallwell, Joel Osborn, Mike Schwab, Gary Shirley, Mitch Terry, Gary Lee Capps, Danny Carthel, Larry Martin, Jim Reed, Mikie Pavalus and Scotty Wooley.

Friona State Bank and First Baptist Church which were sizable construction items.

So far this year September led in the number of permits issued for homes with a total of five issued in that month. The most money for homes was in October when four homes were begun for a total of \$62,650.

THREE MORE WEEKS TO GO --

Thelma, Ken Watkins Tie For Top Spot

Thelma and Kenneth Watkins, picking identical tie-breaking scores, tied for first place honors in the weekly football contest with Elizabeth McLellan placing third following a weekend of football upsets.

All the top place winners missed two games each. Kenneth picked Oklahoma over Nebraska and Tech over Tulane on his entry blank while his wife picked Oklahoma and Drake as winners.

Mrs. McLellan picked Oklahoma and Tulia to win for the only wrong games on her entry blank.

In picking the tie-breakers both the Watkinses picked Dimmitt to beat Dalhart 30 to 12, Mrs. McLellan picked Dimmitt

Frosh Lose To Muleshoe

The Friona freshmen lost to the Muleshoe Mules Thursday night by a score of 27 to six at Muleshoe stadium in Muleshoe.

The local boys played without the benefit of Robert Houlette or Dwan Holland. Both of these regulars were sidelined due to injuries.

This Thursday, the Frosh will travel to Canyon to meet the Eagles. Game time is at 6 p. m.

to win 28 to 14.

Martell LeVeque, who still leads in the Grand Prize Contest for the free trip with expenses and hotel reservations paid to the Cotton Bowl Game New Year's Day, missed three games.

He picked Oklahoma, Drake and Tulia to win over Nebraska, West Texas and Houston respectively.

Laura Hart, has fallen to third place while J. S. Clark, who were both tied for second place last week, missed four winners by picking Baylor, OU, Tech and Tulia to win. Clark missed three games this week to take over second place in

7th & 8th End Season

The Friona seventh and eighth grade football teams completed their regular season of play this week when they traveled to Hereford to meet the grade teams from that school.

Last Thursday, the two teams traveled to Tulia to meet the Tulia Hornets for their final district game of the season. Hereford is not in the same district as Friona.

The seventh grade lost to (Continued on page 2)

Bill Sheehan Asks For Reelection

BILL SHEEHAN

Bill Sheehan, district attorney for the 154th Judicial District, has announced as a candidate for reelection to that office in the next election.

Sheehan, a Friona resident with law offices in that city, makes the following statement concerning his candidacy in the Democratic Primary slated for May of 1960:

"I wish to announce that I am a candidate for the Democratic nomination and reelection as District Attorney of the 154th Judicial District, composed of Bailey, Lamb, and Parmer counties.

"I was appointed District Attorney for this district in September, 1957, and was elected for a two-year term beginning January 1, 1959.

"I appreciate the cooperation that I have received from the citizens and law enforcement officers of the District and solicit your continued cooperation during the remainder of my service as District Attorney.

"I will appreciate the support of the voters in the Democratic Primary and General Election, and if elected I promise to continue my very best efforts to properly enforce the law in this District."

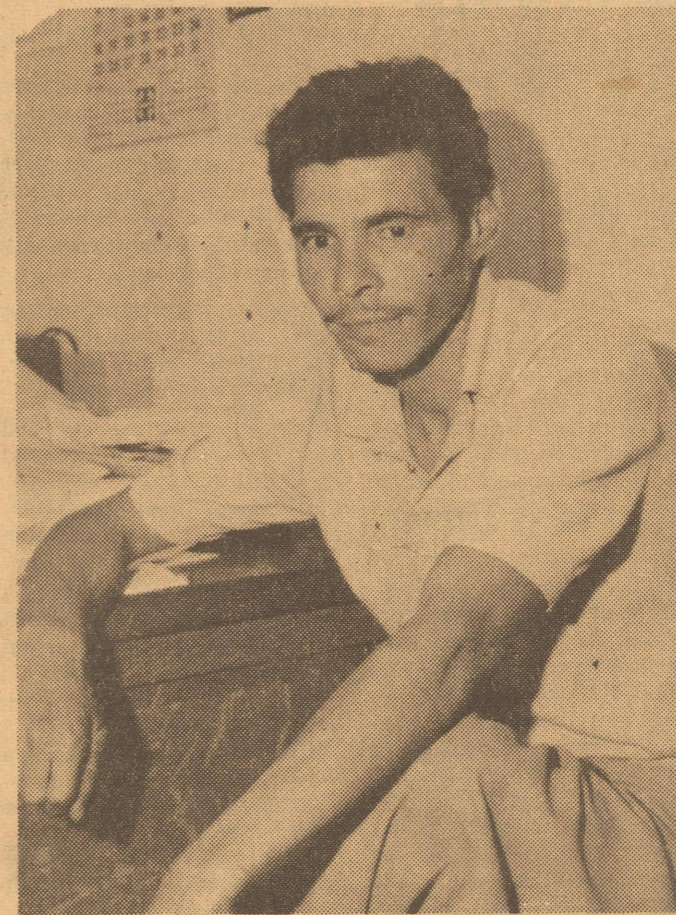

Bill Sheehan

Hans V. Nowak To Speak Here

Guest speaker at the Sixth Street Church of Christ Sunday will be Hans V. Nowak, a native of Czechoslovakia. At the end of World War II he and his parents were forced to leave the country as were three million other Germans.

After living in the Eastern Zone of Germany several months, he moved to Western Germany. In 1950 he came to the United States and attended David Lipscomb College in Nashville, Tenn. There he met and married an American girl.

Nowak has been in the United States several months and plans to return to Germany about the first of the year.

THE THREAT OF RETURNING TO HUNTSVILLE hangs heavily over the head of this 30-year-old Latin American from Amarillo. He is charged with burglarizing the county courthouse Wednesday night.

Lions Ladies Night Slated For Thursday

Charles Dean of Plainview, a prominent attorney and Lions worker in that area is to be the guest speaker at the Friona Lions Ladies Night slated for 7:30 p. m. Thursday, November 12, at the Friona School Cafeteria.

Dean is presently an International Counselor for Lions International.

In addition to Dean, entertainment will be provided, but the entertainment committee has censored any announcement as to just what this part of the evening's festivities will be.

All Lions and their wives are urged to get reservations in as soon as possible for the event. Tickets will be \$1.25 each and Lions are invited to bring as many guests as they please provided reservations are made prior to Thursday night.

Letters have been mailed out to all the clubs in this zone inviting their officers to attend and in addition the entire clubs of Bovina and Adrian have been invited to attend.

The meal will be prepared by the staff of the cafeteria and the meal will be served by members of the Friona High School senior class.

national and has served many offices in the Plainview Lions Clubs and is a past district governor of District 2-T1 of Lions International.

As a past district governor of District 2-T1 of Lions International.

As a past district governor of District 2-T1 of Lions International.

As a past district governor of District 2-T1 of Lions International.

As a past district governor of District 2-T1 of Lions International.

B-TEAM GAME CANCELLED

The Friona B-team, scheduled to play the Muleshoe Mules B-team Thursday night, made a trip for nothing as the Mules cancelled the game due to bad weather.

The local B-teams will travel to Canyon Thursday for a contest with the Canyon B-teams.

BACK AGAIN--Kenneth Watkins, second from left, tied with his wife, Thelma Watkins, right for top place in this week's Football Contest. Elizabeth McLellan, second from right, was third place winner. Forrest Osborn is getting a haircut. (We are going to bill Taylor's Barber Shop for this free advertising if Kenneth doesn't quit winning.)

Bootlegging Thefts Sidelight Law Week

The courthouse burglary overshadowed other law enforcement activity on the county level last week, but there were a few things happening.

Tim Lerna, 53, originally of Clovis, was picked up at a half mile west of Bovina Saturday night about 11 o'clock by Deputy Henry Minter and Don Tabor of the Texas Highway Patrol.

He was stopped in his car and he and two traveling companions were arrested. He was charged with possession of intoxicants for purpose of resale after the officers found a case of whiskey in half pints in his car.

Lerna, who has been living in Bovina recently, has been under scrutiny for bootlegging for some time. He pled guilty as charged Monday morning in Judge Loyde Brewer's county court and was fined \$150 and costs. He paid his fine and has been released.

Most of his sales had been in the Bovina area.

His two companions, Herrea Rios, 49, and Cupertino Flores, 57, were charged with drunken-

ness and were each fined \$20.50 in Judge Roy Thornton's JP court Monday morning also. Rios is a national from the Bovina labor camp, and Flores is from Clovis.

A rash of battery stealing was cleared up by the arrest of Detro Horn, 17, who lives with his parents west of Friona. He was picked up at his home Sunday night about 8 by Sheriff Chas. Lovelace and Ben Moor-

man. He has admitted theft of 25 batteries in the area during the past two weeks. Most were stolen around Friona, and most were sold at a Clovis salvage yard. Oddly enough, all the offenses were committed in daylight.

This led to his arrest, because Mrs. Jim Baxter spotted his car from a distance one day and he was picked up for questioning following her description of the vehicle.

Tire marks and footprints found at the irrigation well sites matched those of the young man. Fifteen of the 25 batteries

Parrs Host Farewell Party

Mr. and Mrs. Roscoe Parr were hosts at a going away party in honor of Mr. and Mrs. Dennis Robards in the Parr home Monday evening. Mr. and Mrs. Robards, long-time residents of the Friona area, are moving to Sherman.

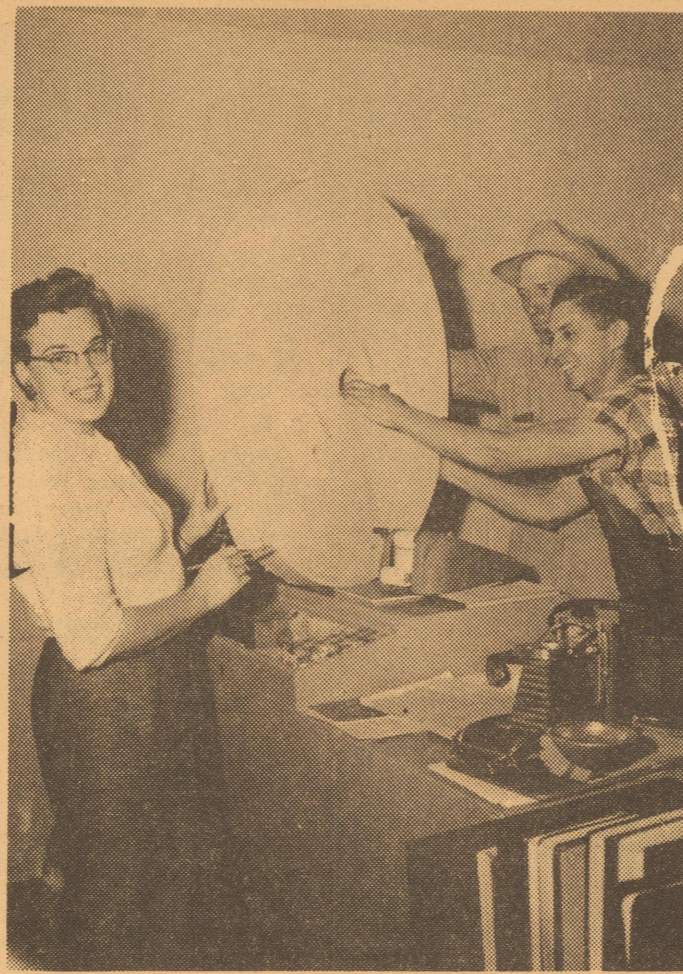

After games of 42, a gift was presented to the couple. Assisting with hospitalities were Mr. and Mrs. Bee Westbrook.

Others present were Mr. and Mrs. Tom Lewellen, Mr. and Mrs. Bill Smith, Mr. and Mrs. Fred Dennis and Julia, Mrs. E. R. Day Sr., Mrs. Cayson Jones, and Cordelia and Roscoe Parr Jr.

Two Senators press rise in shipbuilding aid.

have been recovered. This is the first time Horn has been in trouble with the law. They have resided there about three years.

He was fined \$50 and costs and assessed 30 days in jail by Judge Brewer Monday afternoon after pleading guilty to charges of stealing batteries on the Jim Baxter and Curtis Murphree farms.

KING SIZE ADDING MACHINE PAPER--We don't think that roll of paper will fit on the pore old adding machine but Laurie Cooper, Glenn Floyd and Ronny Ferguson, left to right, down at The Star don't seem to know the difference. Really the big hunk of scratch paper came off a roll of newspaper that was too wide to run through the press so Glenn and Ronny used a cross-cut saw to trim the roll down to size.

Chavez Finds Guns, Says He'll Fess Up

Juan Chavez, who had a mountain of circumstantial evidence against him but who had never actually admitted burglarizing the Parmer County Courthouse Wednesday night, changed his tune Tuesday of this week.

Sheriff Chas. Lovelace told the Parmer County newspapers Tuesday that the slender Latin American led he and Ben Moor-

man to a spot near his apartment in Amarillo Tuesday, where the seven guns stolen from the sheriff's office were found under a few inches of dirt.

They were carefully wrapped and not damaged by the wet weather.

During the day Chavez owned up to having pulled the job, and told the sheriff that he would sign a confession admitting the act.

Lovelace says he now hopes that the grand jury can be called in to investigate this (and other) cases "by Christmas."

NOT YOU!
 Gunner -- Do you know, honey, if I had to do it all over again, who I'd marry?
 Wife -- No, who?
 Gunner -- You.
 Wife -- Oh, no you wouldn't.

Associational Evangelism Clinic Set

The monthly meeting of the Tierra Blanca Baptist Association will be held at the First Baptist Church in Friona Monday beginning at 7:45 p. m. Leaders from the associational, which includes 22 churches, will meet to hear messages on the work of evangelism in our coming year. Goals for the coming year will be discussed.

The theme of the program is "The Holy Spirit in Perennial

Evangelism." Those on the program include Dr. Howard Scott of Hereford, Rev. B. H. Baldwin of Friona, Rev. J. B. Adkins of Dimmitt, Rev. Carl Coffey of

Oklahoma Lane and the guest speaker Rev. Walter Mitchell of First Baptist Church, Clovis. The public is invited to attend and share in this important meeting.

MORE PROOF... IT PAYS TO FEED PURINA Steer Fatena

WATCH FOR COMPLETION OF OUR NEW CUSTOM FEED PLANT

Purina's silage feeding program for fattening cattle has been used successfully by many cattlemen in this area. Art Shatzell and Phil Pratt, Hoxie, Kansas, gave us the opportunity to weigh and record the following facts on 46 head of "put together quality" steers fed at their lots north of Hoxie.

First 64 Days Full--Fed Silage Phase	Average cost per pound gain during silage stage 13.18¢
73 tons corn silage @ \$8 per ton	\$ 584.00
8694 lbs. Steer Fatena @ \$4.40 cwt.	382.54
TOTAL FEED COST	\$ 966.54
Avg. gain per head during silage phase	159.44
Avg. gain per head per day--2.49	46 head
Total gain 46 head during silage phase	7,334.24 lbs.
Avg. net selling price	\$ 26.67 per cwt.

TOTAL VALUE OF BEEF	\$ 1,956.04
LESS COST OF STEER FATENA	382.54
VALUE OF 73 TONS SILAGE ON 4 FEET	\$ 1573.50 or \$21.55 per ton

Based on a 19 ton yield per acre that makes an acre of corn silage worth \$409.45 per acre!!!

Last 89 Days Full-Fed Grain Limited Silage	Average cost per pound during this phase 17.07¢
54,648 lbs. corn silage @ \$8 per ton	\$ 218.59
24,927.6 lbs. milo @ \$1.65 per cwt.	411.30
51,240 lbs. yellow corn @ \$1.00 per bu.	916.57
8,556 lbs. Purina Steer Fatena @ \$4.40 per cwt.	376.46
TOTAL FEED COST	\$ 1,922.92
Avg. gain daily per head	2.75 lbs.
Avg. gain per head during period	244.88 lbs.
	46 head
TOTAL GAIN	11,264.48
	\$ 26.67 per cwt.
TOTAL VALUE OF BEEF	\$3004.24
Less value of silage & Steer Fatena	595.05
Beef value of 76,167.6 lbs. milo & corn	\$ 2,409.19 or \$3.16 cwt. (\$1.77 per bu)

Average Daily Gain	153 Days	2.64 lbs.
Average Cost of Gain	153 Days	\$15.53 cwt.
Total Gain Per Head	153 Days on Feed	404.32 lbs.
Avg. weight Hoxie 5-3-59		1157.77 lbs
Avg. weight KC 5-4-59		1130.32 lbs
TOTAL SHRINK IN TRANSIT		27.45 lbs or 2.37%

Greatest Milo Crop Harvest Nears End

THE HIGH PLAINS FARM AND HOME

Crop Is Nearly In, Area Elevators Say

Here is an area report from grain elevator managers on the milo harvest up to the end of last week.

BLACK
Lloyd Prewett of the Prewett Grain Co. says the harvest is about 75 per cent complete.

"The amount of grain coming into the elevators will be slow. There may be some damage to the feed crop from the weather now.

"It's not later than we normally get through," Prewett said of the time the harvest is finishing. He predicts the harvest will be over about Nov. 10 or 15 or about the same time as last year.

"Some farmers are getting unbelievable yields. Some are averaging 6000, 7000 and 8000. There is a large proportion that will have a 6000-pound average.

"V. E. Nichols' combining man says Nichols' crop made over 8000 pounds an acre."

Prewett says the excellent quality of grain that is scaled up near the weight of wheat came as a result of forced efficiency in farming.

D. C. McWhorter of the Black Grain Co. reports that the milo crop is about 80 per cent in. He estimates the yield from 5000 to 7000 pounds to the acre.

"No, we will not finish harvesting by the same time we did last year," he says.

Pete Braxton of Tri-County Grain Co. estimates the crop is 70 per cent harvested.

"It's an average yield of around 5000."

Braxton said the harvest would wind up about next weekend.

FRIONA
Arthur Drake of the Friona Wheat Growers says the maize crop is "about 85 per cent in."

"The average yield is about 5000."

He reported that during a 12-day period from Oct. 17 to 28, the Friona Wheat Growers had

unloaded 6336 truckloads for an average of 550 a day. These truckloads amounted to almost 98 million pounds or nearly one and three-quarter million bushels for an average of 145,498 bushels a day.

Drake says Wheat Growers has received a total of almost two and a half million bushels since the harvest began.

Farmers are selling a lot of milo, he says. On Oct. 28, 86 carloads were sold.

"I believe 75 per cent is in," says G. "Preach" Cranfill of Continental Grain Co.

"About three or four more good days will almost finish up the harvest."

Cranfill thinks farmers are having a better average than ever before. He estimates it at 4500 to 5000 overall.

RHEA COMMUNITY
Carl Schlenker of the Schlenker Grain Co. says the year's crop is about 80 per cent harvested. He reports unusually good yields.

"The majority will average 6000 pounds an acre."

BOVINA
"Everybody has started harvesting and a lot have finished," Harry Johnson of the Sherley Grain Co. says.

"The harvest is about 70 or 80 per cent over."

Johnson says the yields are better than average and range from 4000 and 8000.

At the Bovina Wheat Growers, James Russel estimates the crop to be 90 per cent harvested. He reports yields of 4000 to 8000 with 6000 to 6500 on large acreage.

"If weather permits, the harvest will be finished by Nov. 10," he says the grain was of high quality.

TEXICO - FARWELL
"I think probably 80 per cent of the milo is in," says Pat Patrick of the Golden West Seed Co. in Texico.

Watch For Cottonseed In Grain

Grain sorghum producers and shippers in the Texas Plains are cautioned by the Texas Agricultural Extension Service to be sure vehicles hauling grain are free of any seed other than grain sorghum.

A number of truckloads and carlots being shipped from Texas to Western states have been denied entry after a few cottonseed were found mixed with the grain.

Shippers are being required to fumigate these contaminated shipments—at a cost varying from \$50 to \$100 a load—before crossing the state line, reports D. M. McEachern of the Bureau of Plant Pest Control

"It is the best yield we have ever had. Some dryland made 2000 and irrigated made 5000 and 6000."

He says some farmers made as much as \$90 gross an acre. He attributes the high yields to late planting.

Bill Dollar of the Lone Star Grain Co. set the amount of the milo crop harvested at 95 per cent, but he declined to estimate the yield.

Ray Sherif, a farmer five miles south of Farwell whose grain was handled by the Sherley - Anderson - Pitman Grain Co., thinks the crop is 95 per cent harvested.

He estimates the yield at about 4000 to 4500 pounds an acre.

"It's the best this country has ever had."

LARIAT
Asa Smith at the Sherley - Anderson Grain Co. says the crop is 85 per cent in.

"It's better than we have ever had," he says of the crop yields. He says dryland is making around 2000 and irrigated about 4500.

"Kenneth Johnson made 7100 on 14 1/2 acres."

At the Lariat Elevator Co., Boone Allison reports the crop about 95 per cent in. He says the yield is from 4000 to 6000 pounds an acre on irrigated and 1200 to 2000 on dryland.

Earl Owens at Clay's Corner Co-op Elevator reports yields of from 4100 to 8200. He says the crop is about two-thirds harvested.

BY ED MONTGOMERY

The best maize crop in history was about 75 per cent harvested last week when rainy weather halted field work. Elevator operators throughout the Farmer county area estimated the record-breaking crop to be from 70 to 95 per cent harvested.

High Plains farmers are experiencing the greatest yields

at San Antonio.

The states have regulations affecting import of cottonseed and other agricultural products.

Indications are that the grain sorghum possibly was contaminated while still on the farm, due mainly to use of the same vehicles for hauling both cotton and grain sorghum.

There is plenty of grain sorghum shipped through and out of Farmer County, according to the state ag department office at Lubbock. From Oct. 1, 1959, to September 30, 1959, 5,321 cornborer certificates were issued on grain sorghum loads from Farwell. At El Paso the number was 5,436, and at Plains the total was 2,578.

Scientists adapt winter grain to tropical climate.

100% WATERPROOF GUARANTEED LEATHER SPORTSMAN BOOTS are made with Sylflex processed leather that seals out water but lets air in... allowing your feet to breathe. The leather uppers are welded with the rubber soles and heels into one unit by a patented heat and pressure process that completely eliminates moisture penetration at sole edge.

Come in and try on your size of these rugged, light weight, extra flexible boots. You'll find they are the most comfortable boots you've ever worn.

Wayne's Jewelry & Loans

they have ever had. Reports on irrigated yields range from 3500 pounds an acre to 9500.

Dryland farmers are also having outstanding yields. Some are reported as high as 3500 pounds to the acre. Average for dryland is running about 2000, several hundred above previous crops.

Some elevator operators and farmers attribute the big gains in acre yields to late planting after many early plantings were hailed and washed out.

Farmers are being forced into efficiency by the low price of milo. As the price decreases, farmers produce more to maintain gross per acre.

Even though many maize growers are selling their milo, the crop was coming in to the elevators too fast last week and nearly all area grain companies have resorted to on-the-ground storage.

Friona Wheat Growers reported an average of 550 trucks a day were unloaded during a 12-day period ending Oct. 28. Two Sundays were included in the average although no trucks were unloaded on those days.

All elevator managers and farmers contacted say the crop is definitely the best this area has ever had in both yield and quality of grain. One grain company manager said the milo was up near the weight of wheat.

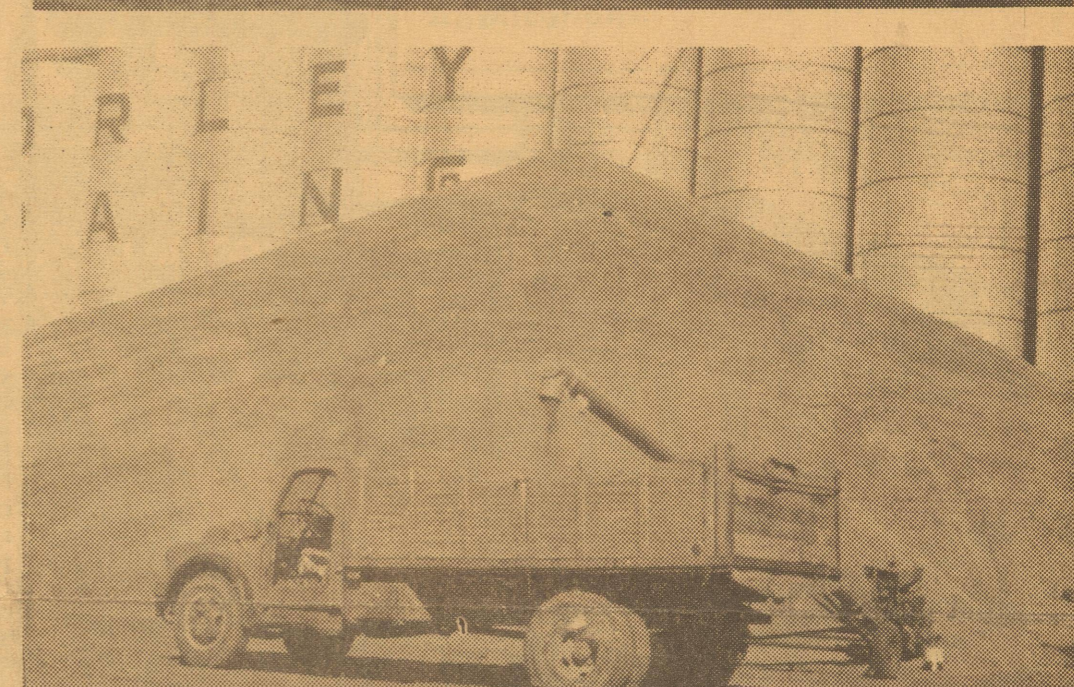

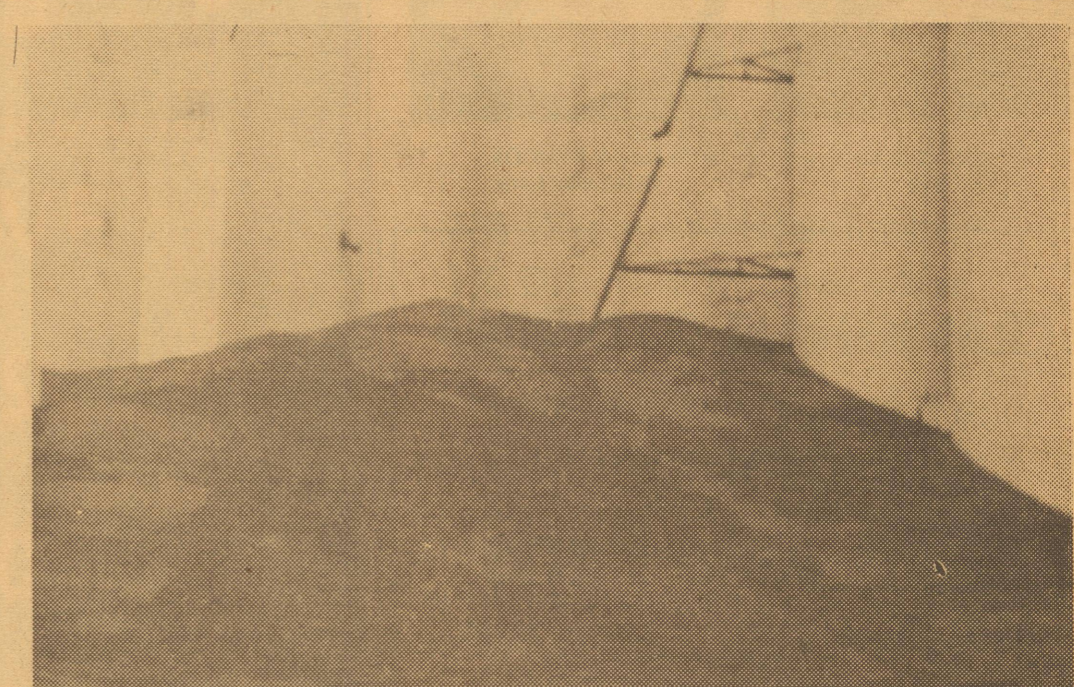

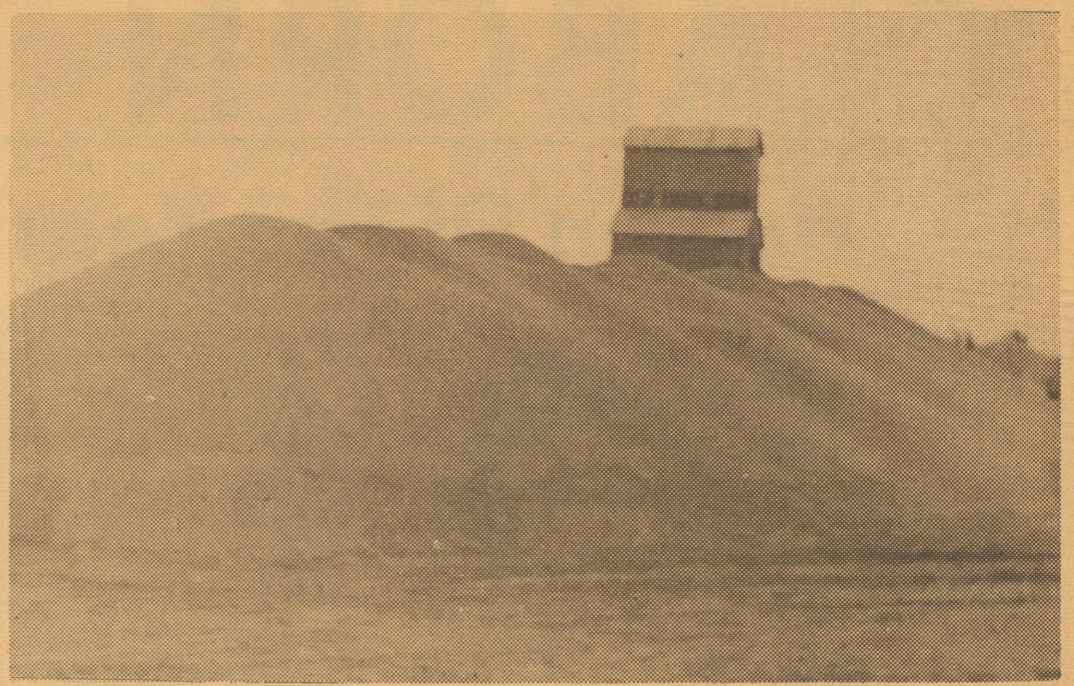

Elevator operators found it difficult to name any particular individuals who had outstanding yields since nearly all were unusually high on both small and large acreage.

Some yields were placed near 8500 to 9500 on small plots, but most large farms and fields averaged closer to 5000. A few had higher averages. Deon Awrey near Friona reported 6400 on 400 acres.

The north and west areas of Farmer County are a little ahead of other parts of the county. Farwell and the Rhea Community both reported the harvest nearly over while in the southeast part of the county the harvest is only two-thirds finished.

Dutch Quickel, Representing MUTUAL Life Insurance Company Of New York

THE MILO KEEPS POURING IN, and there are piles of grain on the ground in every community of Farmer County. Many elevators had CCC grain in them at the beginning of harvest, with the result that millions of bushels have spilled over warehouses with this, history's biggest crop. At the top is a scene at Lariat, in the center one at Bovina, and the lower picture was taken in Farwell.

"The Place Where Most People Trade" Friona, Texas Wednesday, November 4, 1959

John Bill visited the rendering plant in Clovis the other day then remarked, "I'll bet there aren't any married men who work here." "What makes you think so?" asked his dad. "Because they'd smell so bad their wives wouldn't let them come home."

PCICN
We have a few of the new McCormick 2-row cotton strippers left. Better come in soon and make a deal for one of these. You'll like the fast clean 23 acre per day stripping you get with these strippers--mounts on your Farmall in minutes.

PCICN
Ray and Rosella Landrum are Friona residents again after having been gone about 3 1/2 years. The Landrums have just returned from a two week's trip to Rio De Janeiro, South America. Ray won the trip sometime ago when he appeared on the TV show, "The Price Is Right."

PCICN
The heavy-duty McCormick rotary cutter is both a mower and a shredder -- cuts and shreds up to 50 acres a day -- free swinging reversible knives for long life -- light running for 2 plow or larger tractors -- fast hitch and trailing models.

PCICN
The J. B. Douglas family went to Roswell last weekend to visit with their son, J. B. Jr., who is a student at New Mexico Military Institute.

PCICN
Now is the time that rats move inside. Inside your barn, elevator, chicken house and any other farm buildings. With the rat poison now on the market, there is no excuse for har-

boring a rat all winter. Putting up with rats in this day and age is like putting up with bedbugs a few years ago -- and besides that, it's expensive.

PCICN
See how you do 50% more -- easier -- Go McCormick six-row. For bigger, more efficient farming, six-row farming is easier and cheaper. You'll farm bigger, farm better and farm easier with McCormick six row tractors and equipment.

PCICN
John Bill: "But everybody has a fountain pen." David: "Well, you don't want to be just like everybody else, do you?" John Bill: "I certainly do. I'm just normal."

work, she teaches a Sunday school class, and makes most of her family's clothing. She is also fond of making all kinds of hand crafts.

The Northside Home Demonstration Club selected as their candidate for woman of the year, Mrs. Meryle Massie. She is the mother of three girls and lives on a farm north of town. She is a member of the Eastern Star, mother advisor of Rainbow and is an active church member.

Mrs. Rene Sneed has been chosen by the Hub Home Demonstration Club as their candidate for woman of the year. Mrs. Sneed has worked with both

church and school officials as well as being an active member of the home demonstration club. She is the mother of three children and lives in Friona. Her other activities include scout work, and sewing for the hospital.

The seven-year-old son of a television comedian came home with his report card.

"Well, Son," asked the television star, "were you promoted?"

"Better than that, Pop," chirped the kid happily, "I was held over for twenty-six weeks."

Nine outstanding Parmer County women have been named as candidates for "Parmer County Home Demonstration Club Woman of the Year." The women were selected from the various county clubs as their outstanding member, and will be judged by three home demonstration agents on their club, community and family activities.

Each club prepared an outline of the work done by their candidate, and submitted it along with a picture to be judged.

The judges' votes will be totaled and the woman receiving the most votes will be named "Woman of the Year."

The award will be made on November 19, following a Thanksgiving luncheon at the Hub community center.

Representing the Oklahoma Lane Home Demonstration Club is Mrs. Vernon Symcox of route 1, Farwell. She is the wife of a farmer and has seven children. She has not only been active in home demonstration work herself, but has taught her children the importance of home, club and community activities. One of her daughters

recently won first place in food's demonstration at the state 4-H roundup.

Mrs. Rudolph Renner has been chosen by members of the Hi-Point Home Demonstration club as their candidate for woman of the year. She has been a member of the club since 1957. She is the mother of four children, and lives on a farm near Bovina. Baking and decorating unusual cakes is her hobby, although she makes most of the clothing for her family.

Chosen to represent the Black Home Demonstration Club is Mrs. Ralph Price. She is the mother of two sons and lives on a farm in the Black community. Mrs. Price although having no daughters has served as girl's 4-H leader for the community. She is also active in school, lodge and scout work.

Representing the Midway Home Demonstration Club is Mrs. Davis Gulley. She had eighteen years of club experience before a home demonstration club was organized in Parmer County. She has been active in the club's work on county, district and state levels.

Rhea Home Demonstration Club elected as their candidate, Mrs. Cordie Potts. Mrs. Potts was born and raised in the community and joined the club soon after graduation from high school. She has been active in the club since joining and works also with the girl scouts.

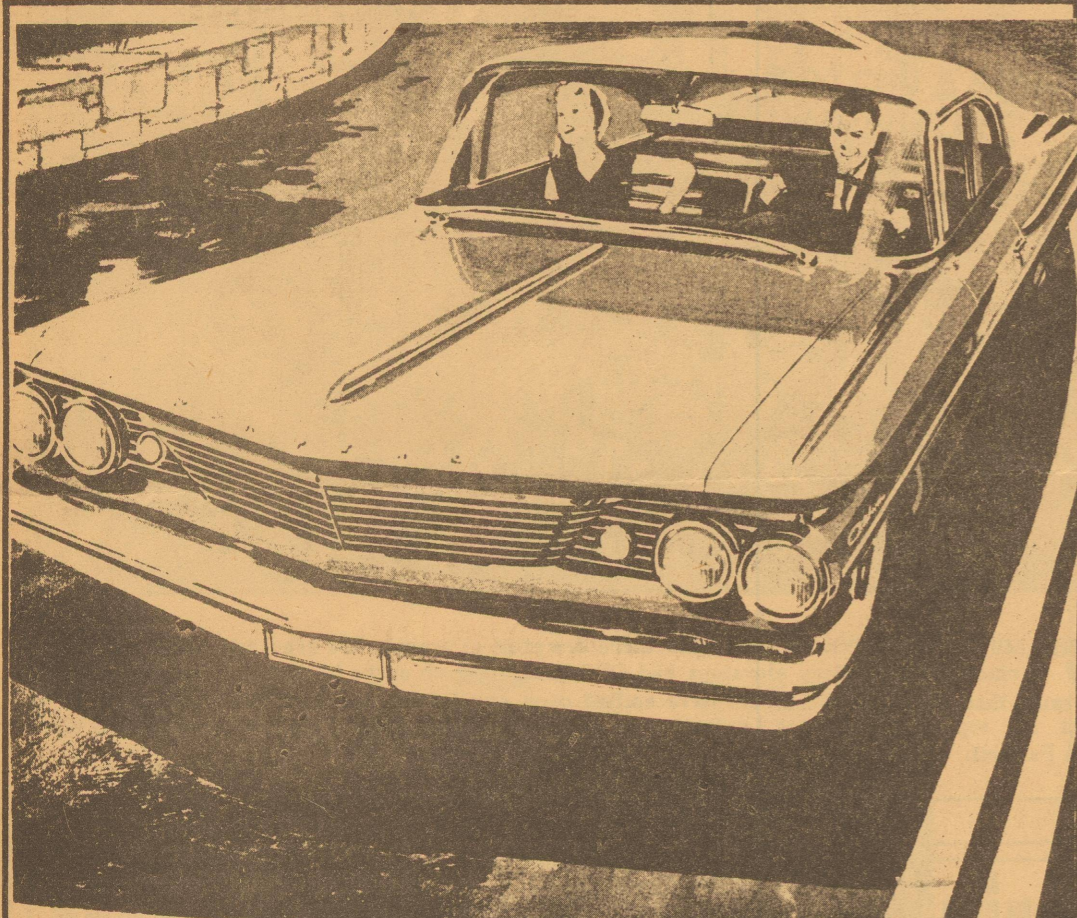

Chosen to represent the Friona Home Demonstration club is Mrs. Earl Drake. She is the mother of three boys and lives on a farm east of Friona. She is active in club, lodge and church work. Her hobbies include cooking and gardening.

Representing the Lakeview Home Demonstration Club is Mrs. Raymond Milner. She is the mother of three children. Besides being active in club

Lankart Leading Variety Cotton Grown On Plains

A total of fourteen different varieties of cotton account for some 97 per cent of the total number of varieties of cotton planted this 1959-60 season by farmers on the Texas High Plains, according to a survey conducted by Plains Cotton Growers.

Geo. W. Pfeiffenberger, executive vice president, says the survey was made through cooperation of gins on the High Plains in 21 counties. Total allotted acreage planted to cotton in these 21 counties this year was approximately 2,174,000 acres and estimated production from this acreage is 1,723,000 bales.

Lankart 57 is the leading variety planted, accounting for 42.6 percent of the acreage planted on the plains. The complete list of varieties and percentages planted:

Variety	Percent of Acreage
Lankart 57	42.6
Gregg	13.1
Lankart 611	9.0

APPLIANCE DANGER SIGNALS . . .

Protect your self from personal injuries, fires and damage. Learn to recognize signs household appliances give when they're not performing as they should be. Extension home man-

agement specialists of Texas A&M College point out these warning signals:
 * Dimming of house lights or slowing of heating appliances when motors start may mean that the circuits are overloaded. This could cause a fire.
 * When a fuse blows the circuit may be overloaded or there may be a short in the appliance. Chances are too many appliances are on the circuit at one time. Be sure the fuse is the right one for size of wiring. If the fuse will let more power through than the wiring can safely carry, it is not a safety device. Overheated wires, damaged motors and fires can result if the wrong fuse is used.
 * "On-off" blinking periods usually mean there's a loose connection somewhere in the appliance. May not be serious, but it should be repaired before a more serious problem develops.
 * "Tingle" or slight shock when handling an appliance or switch is a sign that trouble's brewing. Inspect for loose wires or damaged insulation.
 * Crumbling of rubber insulation on lamp or appliance cords can eventually expose electric wires. This can cause a short-circuit or make metal lamp bases a serious shock hazard. Replace worn cords with new ones.
 Keep these danger signs in mind . . . Act when they occur.

with new ones.
 Keep these danger signs in mind . . . Act when they occur.

STORE SUMMER CLOTHES PROPERLY . . .
 Right storage will increase the life of your summer clothing, and make garments more wearable next season. Take time to sort and store garments carefully as you "take them out of circulation" for a season.

NEWS FROM THE
FARM BUREAU

BY RAYMOND EULER

CROP and Church World Service have, for the past several years, been sending

surplus commodities to areas where people are unable to get enough food, particularly where there are so many orphans. Many Americans have been adopting and bringing these children to America. Now, they say, in many areas, there are not enough orphans who are strong enough (because of malnutrition) to make the trip. Milk has been the most important item for these

children, and it has been possible to send it at the rate of one dollar for over 300 pounds. Now, however, the surplus supplies are depleted, and the cost rises to a dollar for five or six pounds. The plan of giving food to those of the world who are hungry is an idea that most people approve, so long as the "government" furnishes the food, which it has been doing.

Now, however, it is necessary that we give more ourselves. We are pleased to note that some groups of young people in Parmer and surrounding counties have conducted trick or treat solicitations for this purpose. We believe more adult encouragement in programs like this would help the situation.

We have more of the large almanac calendars we had a few years ago. If you could like one, they're free for the asking. There also is some rat poison we will sell cheap if you need it.

At this time, we aren't sure who all is going to the State

FB Convention in San Antonio next week, except for Herman Gerles, president and director, Mose Glasscock and his wife. There may not be so many going since there are not so many controversial subjects expected to come before the delegation. The membership is well agreed that an end to inflation and a return to more basic freedoms for states and individuals are the most urgent subjects to be worked out.

Unless the date on the back of your gas tax exemption card indicates otherwise, you may want to wait until after harvest to file for this return.

CONSIDER THIS: He that by usury and unjust gain increaseth his substance, he shall gather it for him that will pity the poor. Prov. 28:8

Three girls had grown up together. Two of them married, and thereafter continually annoyed their spinster friend with tactless remarks about her unhappy condition.

She laughed off their comments good-naturedly until one day they went a bit too far. "Now tell us truthfully," they twitted her, "have you ever really had a chance to marry?"

With a withering glance, she retorted: "Suppose you ask your husbands."

Let 'er blow!

You're safe from windstorm damage

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Even though very few homemakers prepare mincemeat any more, this is the time of year that most of us enjoy rich spicy desserts made with the commercially prepared product. In our grandmother's time, cooks almost never made any kind of mincemeat pies except two crust pies filled with fresh or canned mincemeat.

This isn't true any more. One of the most different recipes we've used is for Meringue-Mincemeat Pie. The different thing about it is the meringue. You start with a freshly baked one crust mincemeat pie.

MERINGUE-MINCEMEAT PIE

- 1 baked mincemeat pie
- 1/4 cup cranberry jelly
- 16 regular size marshmallows
- 1 teaspoon grated orange rind
- 1 egg white
- 2 tablespoon sugar and a few grains of salt
- 1/4 teaspoon powdered cinnamon

Put orange rind, cranberry jelly and marshmallows in small saucepan. Stir over low heat until marshmallows are melted. Cool.

Make meringue by whipping egg white and salt until really stiff; then fold in sugar and powdered cinnamon. Turn meringue into the cooled marshmallow mix and blend well.

Spread the completed cranberry-marshmallow meringue over the cool baked pie, forming peaks and swirls with a spoon. Bake in moderate oven (325 degrees) until peaks are a golden tone; about 15 minutes.

Turn off heat, open oven door and allow to partially cool in oven for ten minutes. Remove from oven and complete cooling on wire cake rack.

Another mincemeat pie that is quite different and very simple

to prepare is:
ICE CREAM-MINCMEAT PIE
1 pie shell
1 cup sifted enriched flour
Few grains of salt
4 to 6 tablespoons shortening
2 to 4 tablespoons cold water
Add salt to flour. Cut shortening into flour until crumbs are about the size of peas. Add cold water, a little at a time, mixing quickly and evenly until dough just holds in a ball.

Use as little water as possible. Roll to about 1/8 inch thickness. Line a 9 inch pan and crimp the edges. Bake in 450 degree oven for 8 to 10 minutes. Fill with Ice Cream-Mincmeat filling.

Filling:

- 1 1/2 cups prepared mincemeat
- 1 quart vanilla ice cream
- Fold in 1 cup of mincemeat into 1 quart of softened vanilla ice cream. Pour mixture into baked pie shell and place in freezer to set. Simmer remaining 1/2 cup mincemeat in a saucepan for five minutes. Chill. Spoon mincemeat around edge of filling.

This quick and easy dessert will add a fitting finish for any holiday meal.

A mincemeat dish that makes a good dessert for a meal that needs a boost is **STEAMED MINCE PUDDING**

- 1 9-oz. package mincemeat
- 1/2 cup water
- 1 1/2 cups cooked rice

1/3 cup sugar
Few grains of salt
1 egg, slightly beaten
1 cup milk
Break mincemeat into pieces and put in small saucepan. Add water. Place over medium heat and stir until lumps are thoroughly broken. Boil briskly about three minutes or until mixture is almost dry, stirring frequently. Cool.

Combine rice, sugar, salt, egg and milk. Stir in mincemeat. Pour into well-greased 5-cup pudding mold. Cover with pudding mold cover, aluminum foil or two thicknesses of waxed paper tied securely in place with string.

Place 1 1/2 cups hot water into pressure saucepan. Set covered mold on rack in pan. Put saucepan cover securely in place and steam at 15 pounds pressure for 35 minutes, following manufacturer's directions for cooking.

Remove from heat. Reduce pressure gradually, according to directions. Remove mold and set on rack for 10 minutes. Unmold. Serve warm with plain or whipped cream and hard sauce.

Winter bouquet enthusiasts should be collecting materials for whatever bouquets or sprays they plan to make for Christmas. Within the next few weeks wind will damage a lot of usable materials.

Burglar

(Continued from page 1)

this was a short time before 11 o'clock. Chavez steered while Paetsch pulled him in.

The Amarilloan spent the night at the Sands Motel, registering there as "John" but the last name was indistinguishable. W. L. Blackstone, motel manager, dressed Chavez' hand and was later able to identify him as the man who had been his customer. (Chavez said he cut his hand on the fence near the wreck.) *****

The search then centered in Amarillo and it turned out that Chavez was one of the better-known personalities in law enforcement circles there. He has spent a good part of his lifetime at both Gatesville and Huntsville.

Sheriff Lovelace and Deputy Ben Moorman picked him up at his apartment where he was staying with his common law wife. He was returned to Farwell for interrogation, and was subsequently charged.

Chavez has declined to comment on many details of the burglary, but Tuesday told Lovelace he would take him to the site of where he had buried the guns in Amarillo.

(The hammer and part of the loot had already been found hidden near where his car left the road.)

It was not known whether the grand jury would be called to reconvene to consider the case. They met only three weeks ago. However, the sheriff indicated that another call might be made soon to have witnesses for the investigation "before they get scattered." *****

This is not the first time the Parmer County Courthouse has been burglarized. It has happened twice before.

The most recent time was during the early 1940's during World War II when ration stamps were the object of looters. Following this breaking and entering, county officials decided it might be best to lock

LAZBUDDIE PTA HAS MEETING

A regular meeting of the Lazbuddie PTA was held Monday night with a style show highlighting the evening.

Clothing, shoes and jewelry were furnished by Muleshoe merchants. They were worn by models from Lazbuddie. Mrs. John Agee was narrator and music was furnished by Brenda Mason and Donna Redwine. Geraldene Broadhurst sang and acted out "Good Ship Lollypop."

A committee was appointed to enter a Christmas float in the Muleshoe Christmas Parade. It was also decided to have a Thanksgiving supper with each family bringing a basket lunch.

the outside doors. Previous to that time, only offices were latched, and the doors to the hallways stayed open, mostly as a convenience to travelers.

There are still a number of counties in the area which do not lock their doors, but Parmer is not one of them.

Greatest Milo Crop Harvest Nears End

THE HIGH PLAINS FARM AND HOME

Crop Is Nearly In, Area Elevators Say

Here is an area report from grain elevator managers on the milo harvest up to the end of last week.

BLACK
Lloyd Prewett of the Prewett Grain Co. says the harvest is about 75 per cent complete.

"The amount of grain coming into the elevators will be slow. There may be some damage to the feed crop from the weather now.

"It's not later than we normally get through," Prewett said of the time the harvest is finishing. He predicts the harvest will be over about Nov. 10 or 15 or about the same time as last year.

"Some farmers are getting unbelievable yields. Some are averaging 6000, 7000 and 8000. There is a large proportion that will have a 6000-pound average.

"V. E. Nichols' combining man says Nichols' crop made over 8000 pounds an acre." Prewett says the excellent quality of grain that is scaled up near the weight of wheat came as a result of forced efficiency in farming.

D. C. McWhorter of the Black Grain Co. reports that the milo crop is about 80 per cent in. He estimates the yield from 5000 to 7000 pounds to the acre.

"No, we will not finish harvesting by the same time we did last year," he says.

Pete Braxton of Tri-County Grain Co. estimates the crop is 70 per cent harvested.

"It's an average yield of around 5000."

Braxton said the harvest would wind up about next weekend.

FRIONA
Arthur Drake of the Friona Wheat Growers says the maize crop is "about 85 per cent in."

"The average yield is about 5000."

He reported that during a 12-day period from Oct. 17 to 28, the Friona Wheat Growers had

unloaded 6336 truckloads for an average of 550 a day. These truckloads amounted to almost 98 million pounds or nearly one and three-quarter million bushels for an average of 145,498 bushels a day.

Drake says Wheat Growers has received a total of almost two and a half million bushels since the harvest began.

Farmers are selling a lot of milo, he says. On Oct. 28, 86 carloads were sold.

"I believe 75 per cent is in," says G. "Preach" Cranfill of Continental Grain Co.

"About three or four more good days will almost finish up the harvest."

Cranfill thinks farmers are having a better average than ever before. He estimates it at 4500 to 5000 overall.

RHEA COMMUNITY
Carl Schlenker of the Schlenker Grain Co. says the year's crop is about 80 per cent harvested. He reports unusually good yields.

"The majority will average 6000 pounds an acre."

BOVINA
"Everybody has started harvesting and a lot have finished," Harry Johnson of the Sherley Grain Co. says.

"The harvest is about 70 or 80 per cent over."

Johnson says the yields are better than average and range from 4000 and 8000.

At the Bovina Wheat Growers, James Russel estimates the crop to be 90 per cent harvested. He reports yields of 4000 to 8000 with 6000 to 6500 on large acreage.

"If weather permits, the harvest will be finished by Nov. 10," he says the grain was of high quality.

TEXICO - FARWELL
"I think probably 80 per cent of the milo is in," says Pat Patrick of the Golden West Seed Co. in Texico.

Watch For Cottonseed In Grain

Grain sorghum producers and shippers in the Texas Plains are cautioned by the Texas Agricultural Extension Service to be sure vehicles hauling grain are free of any seed other than grain sorghum.

A number of truckloads and carlots being shipped from Texas to Western states have been denied entry after a few cottonseed were found mixed with the grain.

Shippers are being required to fumigate these contaminated shipments--at a cost varying from \$50 to \$100 a load--before crossing the state line, reports D. M. McEachern of the Bureau of Plant Pest Control

at San Antonio.

The states have regulations affecting import of cottonseed and other agricultural products.

Indications are that the grain sorghum possibly was contaminated while still on the farm, due mainly to use of the same vehicles for hauling both cotton and grain sorghum.

There is plenty of grain sorghum shipped through and out of Farmer County, according to the state ag department office at Lubbock. From Oct. 1, 1959, to September 30, 1959, 5,321 cornborer certificates were issued on grain sorghum loads from Farwell. At El Paso the number was 5,436, and at Plains the total was 2,578.

Scientists adapt winter grain to tropical climate.

100% WATERPROOF GUARANTEED LEATHER SPORTSMAN BOOTS are made with Syflex processed leather that seals out water but lets air in... allowing your feet to breathe. The leather uppers are welded with the rubber soles and heels into one unit by a patented heat and pressure process that completely eliminates moisture penetration at sole edge.

Come in and try on your size of these rugged, light weight, extra flexible boots. You'll find they are the most comfortable boots you've ever worn.

Wayne's Jewelry & Loans
PO 2-0890 621 Main

LARIAT
Asa Smith at the Sherley - Anderson Grain Co. says the crop is 85 per cent in.

"It's better than we have ever had," he says of the crop yields. He says dryland is making around 2000 and irrigated about 4500.

"Kenneth Johns on made 7100 on 14 1/2 acres."

At the Lariat Elevator Co., Boone Allison reports the crop about 95 per cent in. He says the yield is from 4000 to 6000 pounds an acre on irrigated and 1200 to 2000 on dryland.

Earl Owens at Clay's Corner Co-op Elevator reports yields of from 4100 to 8200. He says the crop is about two-thirds harvested.

FARM & RANCH LOANS

BY ED MONTGOMERY

The best maize crop in history was about 75 per cent harvested last week when rainy weather halted field work. Elevator operators throughout the Farmer county area estimated the record-breaking crop to be from 70 to 95 per cent harvested.

High Plains farmers are experiencing the greatest yields

they have ever had. Reports on irrigated yields range from 3500 pounds an acre to 9500.

Dryland farmers are also having outstanding yields. Some are reported as high as 3500 pounds to the acre. Average for dryland is running about 2000, several hundred above previous crops.

Some elevator operators and farmers attribute the big gains in acre yields to late planting after many early plantings were halted and washed out.

Farmers are being forced into efficiency by the low price of milo. As the price decreases, farmers produce more to maintain gross per acre.

Even though many maize growers are selling their milo, the crop was coming in to the elevators too fast last week and nearly all area grain companies have resorted to on-the-ground storage.

Friona Wheat Growers reported an average of 550 trucks a day were unloaded during a 12-day period ending Oct. 28. Two Sundays were included in the average although no trucks were unloaded on those days.

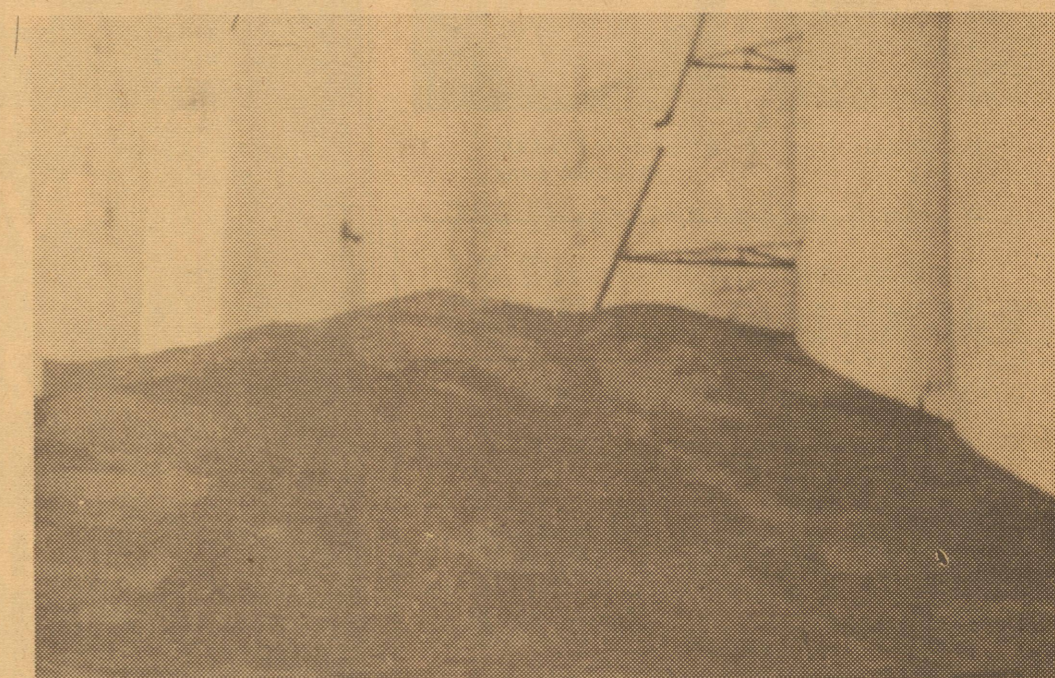

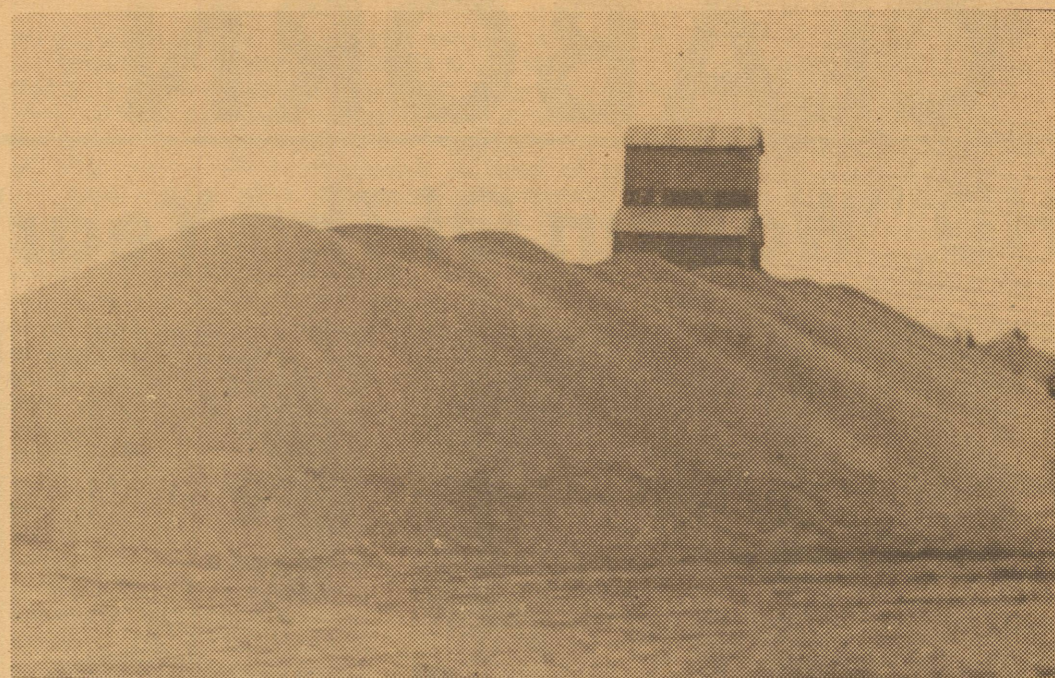

All elevator managers and farmers contacted say the crop is definitely the best this area has ever had in both yield and quality of grain. One grain company manager said the milo was up near the weight of wheat.

Elevator operators found it difficult to name any particular individuals who had outstanding yields since nearly all were unusually high on both small and large acreage.

Some yields were placed near 8500 to 9500 on small plots, but most large farms and fields averaged closer to 5000. A few had higher averages. Deon Awrey near Friona reported 6400 on 400 acres.

The north and west areas of Farmer County are a little ahead of other parts of the county. Farwell and the Rhea Community both reported the harvest nearly over while in the southeast part of the county the harvest is only two-thirds finished.

THE MILO KEEPS POURING IN, and there are piles of grain on the ground in every community of Farmer County. Many elevators had CCC grain in them at the beginning of harvest, with the result that millions of bushels have spilled over warehouses with this, history's biggest crop. At the top is a scene at Lariat, in the center one at Bovina, and the lower picture was taken in Farwell.

"The Place Where Most People Trade" Friona, Texas Wednesday, November 4, 1959

John Bill visited the rendering plant in Clovis the other day then remarked, "I'll bet there aren't any married men who work here." "What makes you think so?" asked his dad. "Because they'd smell so bad their wives wouldn't let them come home."

PCICN

We have a few of the new McCormick 2-row cotton strippers left. Better come in soon and make a deal for one of these. You'll like the fast clean 23 acre per day stripping you get with these strippers--mounts on your Farmall in minutes.

PCICN

Ray and Rosella Landrum are Friona residents again after having been gone about 3 1/2 years. The Landrums have just returned from a two week's trip to Rio De Janerio, South America. Ray won the trip sometime ago when he appeared on the TV show, "The Price Is Right."

PCICN

The heavy-duty McCormick rotary cutter is both a mower and a shredder -- cuts and shreds up to 50 acres a day -- free swinging reversible knives for long life -- light running for 2 plow or larger tractors -- fast hitch and trailing models.

PCICN

The J. B. Douglas family went to Roswell last weekend to visit with their son, J. B. Jr., who is a student at New Mexico Military Institute.

PCICN

Now is the time that rats move inside. Inside your barn, elevator, chicken house and any other farm buildings. With the rat poison now on the market, there is no excuse for har-

boring a rat all winter. Putting up with rats in this day and age is like putting up with bedbugs a few years ago -- and besides that, it's expensive.

PCICN

See how you do 50% more -- easier -- Go McCormick six-row. For bigger, more efficient farming, six-row farming is easier and cheaper. You'll farm bigger, farm better and farm easier with McCormick six row tractors and equipment.

PCICN

John Bill: "But everybody has a fountain pen."

David: "Well, you don't want to be just like everybody else, do you?"

John Bill: "I certainly do. I'm just normal."

PCICN

McCormick disk plows are easily and quickly adapted to the widest range of plowing conditions. Mounting for hydraulic remote-control cylinder are supplied as regular equipment with the trailing disk plows. For the just right plow for your farm, buy a McCormick trailing disk plow.

PCICN

J. G. heard this story about Mr. Browning, who built Friona's first gin years and years ago--before our time even. Seems Mr. Browning was a firm believer in advertising. To him, advertising whether good or bad was profitable. While his gin was under construction, during the summer Browning brought his teenage son to Friona, gave him a car, and said to him: "Now, son, drive all over the country and run over every chicken you possibly can, then take the chicken to the farm house, in-

roduce yourself, offer to pay for the chicken and be sure to tell the folks your father is building a gin in town."

The boy did as he was told and he was a fine looking polite boy and didn't have to pay for a single chicken. He sure did a lot of good advertising for his dad's gin.

PCICN

International trucks are all TRUCK. Built to save you big money. In the automotive field, International manufactures only trucks and consequently every unit and every part of every International truck is engineered specifically for truck use.

PCICN

Mr. and Mrs. Roy Clements and Mr. and Mrs. Sloan Osborn have been pheasant hunting in South Dakota. Miss Lora Mae McFarland of Clovis stayed with the Clements and Osborn boys, Don and Rob, while their parents were away.

work, she teaches a Sunday school class, and makes most of her family's clothing. She is also fond of making all kinds of hand crafts.

The Northside Home Demonstration Club selected as their candidate for woman of the year, Mrs. Meryle Massie. She is the mother of three girls and lives on a farm north of town. She is a member of the Eastern Star, mother advisor of Rainbow and is an active church member.

Mrs. Rene Sneed has been chosen by the Hub Home Demonstration Club as their candidate for woman of the year. Mrs. Sneed has worked with both

church and school officials as well as being an active member of the home demonstration club. She is the mother of three children and lives in Friona. Her other activities include scout work, and sewing for the hospital.

The seven-year-old son of a television comedian came home with his report card.

"Well, Son," asked the television star, "were you promoted?"

"Better than that, Pop," chirped the kid happily, "I was held over for twenty-six weeks."

Nine outstanding Parmer County women have been named as candidates for "Parmer County Home Demonstration Club Woman of the Year." The women were selected from the various county clubs as their outstanding member, and will be judged by three home demonstration agents on their club, community and family activities.

Each club prepared an outline of the work done by their candidate, and submitted it along with a picture to be judged.

The judges' votes will be totaled and the woman receiving the most votes will be named "Woman of the Year."

The award will be made on November 19, following a Thanksgiving luncheon at the Hub community center.

Representing the Oklahoma Lane Home Demonstration Club is Mrs. Vernon Symcox of route 1, Farwell. She is the wife of a farmer and has seven children. She has not only been active in home demonstration work herself, but has taught her children the importance of home, club and community activities. One of her daughters

recently won first place in food's demonstration at the state 4-H roundup.

Mrs. Rudolph Renner has been chosen by members of the Hi-Point Home Demonstration club as their candidate for woman of the year. She has been a member of the club since 1957. She is the mother of four children, and lives on a farm near Bovina. Baking and decorating unusual cakes is her hobby, although she makes most of the clothing for her family.

Chosen to represent the Black Home Demonstration Club is Mrs. Ralph Price. She is the mother of two sons and lives on a farm in the Black community. Mrs. Price although having no daughters has served as girl's 4-H leader for the community. She is also active in school, lodge and scout work.

Representing the Midway Home Demonstration Club is Mrs. Davis Gulley. She had eighteen years of club experience before a home demonstration club was organized in Parmer County. She has been active in the club's work on county, district and state levels.

Rhea Home Demonstration Club elected as their candidate, Mrs. Cordie Potts. Mrs. Potts was born and raised in the community and joined the club soon after graduation from high school. She has been active in the club since joining and works also with the girl scouts.

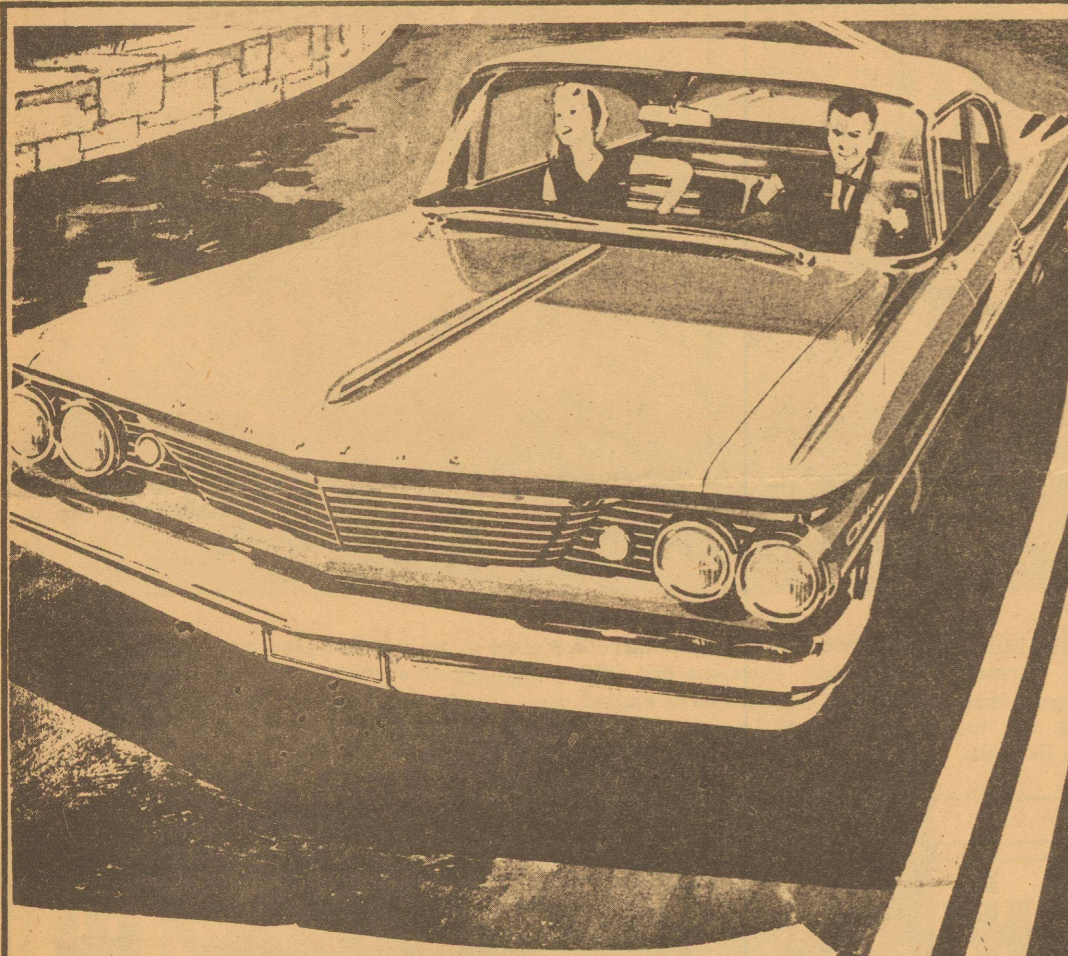

Chosen to represent the Friona Home Demonstration Club is Mrs. Earl Drake. She is the mother of three boys and lives on a farm east of Friona. She is active in club, lodge and church work. Her hobbies include cooking and gardening.

Representing the Lakeview Home Demonstration Club is Mrs. Raymond Milner. She is the mother of three children. Besides being active in club

Lankart Leading Variety Cotton Grown On Plains

A total of fourteen different varieties of cotton account for some 97 per cent of the total number of varieties of cotton planted this 1959-60 season by farmers on the Texas High Plains, according to a survey conducted by Plains Cotton Growers.

Geo. W. Pfeiffenberger, executive vice president, says the survey was made through cooperation of gins on the High Plains in 21 counties. Total allotted acreage planted to cotton in these 21 counties this year was approximately 2,174,000 acres and estimated production from this acreage is 1,723,000 bales.

Lankart 57 is the leading variety planted, accounting for 42.6 percent of the acreage planted on the plains. The complete list of varieties and percentages planted:

Variety	Percent of Acreage
Lankart 57	42.6
Gregg	13.1
Lankart 611	9.0
Paymaster 101	5.8
Paymaster 54-B	5.6

APPLIANCE DANGER SIGNALS . . .
 Protect your self from personal injuries, fires and damage. Learn to recognize signs household appliances give when they're not performing as they should be. Extension home man-

agement specialists of Texas A&M College point out these warning signals:
 * Dimming of house lights or slowing of heating appliances when motors start may mean that the circuits are overloaded. This could cause a fire.
 * When a fuse blows the circuit may be overloaded or there may be a short in the appliance. Chances are too many appliances are on the circuit at one time. Be sure the fuse is the right one for size of wiring. If the fuse will let more power through than the wiring can safely carry, it is not a safety device. Overheated wires, damaged motors and fires can result if the wrong fuse is used.
 * "On-off" blinking periods usually mean there's a loose connection somewhere in the appliance. May not be serious, but it should be repaired before a more serious problem

develops.
 * "Tingle" or slight shock when handling an appliance or switch is a sign that trouble's brewing. Inspect for loose wires or damaged insulation.
 * Crumbling of rubber insulation on lamp or appliance cords can eventually expose electric wires. This can cause a short-circuit or make metal lamp bases a serious shock hazard. Replace worn cords

with new ones.
 Keep these danger signs in mind . . . Act when they occur.

STORE SUMMER CLOTHES PROPERLY . . .
 Right storage will increase the life of your summer clothing, and make garments more wearable next season. Take time to sort and store garments carefully as you "take them out of circulation" for a season.

NEWS FROM THE
FARM BUREAU
BY RAYMOND EULER

CROP and Church World Service have, for the past several years, been sending

surplus commodities to areas where people are unable to get enough food, particularly where there are so many orphans. Many Americans have been adopting and bringing these children to America. Now, they say, in many areas, there are not enough orphans who are strong enough (because of malnutrition) to make the trip. Milk has been the most important item for these

children, and it has been possible to send it at the rate of one dollar for over 300 pounds. Now, however, the surplus supplies are depleted, and the cost rises to a dollar for five or six pounds. The plan of giving food to those of the world who are hungry is an idea that most people approve, so long as the "government" furnishes the food, which it has been doing.

Now, however, it is necessary that we give more ourselves. We are pleased to note that some groups of young people in Parmer and surrounding counties have conducted trick or treat solicitations for this purpose. We believe more adult encouragement in programs like this would help the situation.

We have more of the large almanac calendars we had a few years ago. If you could like one, they're free for the asking. There also is some rat poison we will sell cheap if you need it.

At this time, we aren't sure who all is going to the State

FB Convention in San Antonio next week, except for Herman Gerries, president and director, Mose Glasscock and his wife. There may not be so many going since there are not so many controversial subjects expected to come before the delegation. The membership is well agreed that an end to inflation and a return to more basic freedoms for states and individuals are the most urgent subjects to be worked out.

Unless the date on the back of your gas tax exemption card indicates otherwise, you may want to wait until after harvest to file for this return.

CONSIDER THIS: He that by usury and unjust gain increaseth his substance, he shall gather it for him that will pity the poor. Prov. 28:8

Three girls had grown up together. Two of them married, and thereafter continually annoyed their spinster friend with tactless remarks about her unhappy condition.

She laughed off their comments good-naturedly until one day they went a bit too far. "Now tell us truthfully," they twitted her, "have you ever really had a chance to marry?" With a withering glance, she retorted: "Suppose you ask your husbands."

THE
HAPPY HOMEMAKER

BY JUNE FLOYD

Even though very few homemakers prepare mincemeat any more, this is the time of year that most of us enjoy rich spicy desserts made with the commercially prepared product. In our grandmother's time, cooks almost never made any kind of mincemeat pies except two crust pies filled with fresh or canned mincemeat.

This isn't true any more. One of the most different recipes we've used is for Meringue-Mincemeat Pie. The different thing about it is the meringue. You start with a freshly baked one crust mincemeat pie.

MERINGUE-MINCEMEAT PIE

- 1 baked mincemeat pie
- 1/4 cup cranberry jelly
- 16 regular size marshmallows
- 1 teaspoon grated orange rind
- 1 egg white
- 2 tablespoon sugar and a few grains of salt
- 1/4 teaspoon powdered cinnamon

Put orange rind, cranberry jelly and marshmallows in small saucepan. Stir over low heat until marshmallows are melted. Cool.

Make meringue by whipping egg white and salt until really stiff; then fold in sugar and powdered cinnamon. Turn meringue into the cooled marshmallow mix and blend well.

Spread the completed cranberry-marshmallow meringue over the cool baked pie, forming peaks and swirls with a spoon. Bake in moderate oven (325 degrees) until peaks are a golden tone; about 15 minutes.

Turn off heat, open oven door and allow to partially cool in oven for ten minutes. Remove from oven and complete cooling on wire cake rack.

Another mincemeat pie that is quite different and very simple

to prepare is:
ICE CREAM-MINCE MEAT PIE
1 pie shell
1 cup sifted enriched flour
Few grains of salt
4 to 6 tablespoons shortening
2 to 4 tablespoons cold water
Add salt to flour. Cut shortening into flour until crumbs are about the size of peas. Add cold water, a little at a time, mixing quickly and evenly until dough just holds in a ball.

Use as little water as possible. Roll to about 1/8 inch thickness. Line a 9 inch pan and crimp the edges. Bake in 450 degree oven for 8 to 10 minutes. Fill with Ice Cream-Mince Meat filling.

Filling:
1 1/2 cups prepared mince meat

1 quart vanilla ice cream
Fold in 1 cup of mincemeat into 1 quart of softened vanilla ice cream. Pour mixture into baked pie shell and place in freezer to set. Simmer remaining 1/2 cup mincemeat in a saucepan for five minutes. Chill. Spoon mincemeat around edge of filling.

This quick and easy dessert will add a fitting finish for any holiday meal.

A mincemeat dish that makes a good dessert for a meal that needs a boost is

STEAMED MINCE PUDDING
1 9-oz. package mincemeat
1/2 cup water
1 1/2 cups cooked rice

1/3 cup sugar
Few grains of salt
1 egg, slightly beaten
1 cup milk
Break mincemeat into pieces and put in small saucepan. Add water. Place over medium heat and stir until lumps are thoroughly broken. Boil briskly about three minutes or until mixture is almost dry, stirring frequently. Cool.

Combine rice, sugar, salt, egg and milk. Stir in mincemeat. Pour into well-greased 5-cup pudding mold. Cover with pudding mold cover, aluminum foil or two thicknesses of waxed paper tied securely in place with string.

Place 1 1/2 cups hot water into pressure saucepan. Set covered mold on rack in pan. Put saucepan cover securely in place and steam at 15 pounds pressure for 35 minutes, following manufacturer's directions for cooking.

Remove from heat. Reduce pressure gradually, according to directions. Remove mold and set on rack for 10 minutes. Unmold. Serve warm with plain or whipped cream and hard sauce.

Winter bouquet enthusiasts should be collecting materials for whatever bouquets or sprays they plan to make for Christmas. Within the next few weeks wind will damage a lot of usable materials.
