LOSERS ENTERTAINED--Chamber of Commerce workers have just concluded a very successful membership drive. 70 new members were added to the Chamber roll. Monday night Gene Cudd, center, and Clay Gibner, left, hosted a steak dinner for all Chamber workers. The Gibner ranch was the scene of the fellowship. Chamber Manager Bill Walker looks on as Clay tends the steaks.

Miss Wanda Greene, daughter of Mr. and Mrs. Everett Greene, was named Rodeo Queen. She led the grand entry and reigned over festivities at week-end Rodeo events.

Chamber Welcomes 70 New Members

More than 20 members of the Spearman Chamber of Commerce met on May 14 to make campaign plans to expand the membership and support of the Chamber. Although the drive was scheduled to run for a full week, the 14th was to be the day of the "big push." Five teams of workers under team captains Gene Cudd, Alton Ellsworth, Kent Guthrie, Tom Latta and Vance Snider hit the street at eight o'clock on May 14 and by 5:00 that afternoon the membership of the Chamber had been increased by 42 new businesses and individuals. When the drive was completed on May 25, the teams had added 28 more names to the rolls for a total of 70 new members. The teams had entered into friendly competition to see which could amass the greatest number of points based on 1-contacts; 2-new members signed; 3-new members signed on May 14; 4-dollar amount of annual dues; and 5-dollar amount of dues collected at the time of signing. The spirit ran high all week and although the lead changed only twice, the four teams kept the pace hot. The losing team at the end of the campaign, was committed to buy the winners a steak dinner, with the other three teams sharing neither the spoils nor the expense. However, team captains felt that since everyone had done such an outstanding job, all the workers should be invited to the fellowship of a victory dinner, each paying for his own meal. That victory dinner was held Monday night of this week hosted by Mr. C. A. Gibner at his ranch north of Spearman. Sixteen workers present enjoyed char-broiled steaks and all the trimmings. Campaign teams, in order of their final standings were: Alton Ellsworth, team captain, 255 points; Doug Connelly, Bill Partridge and Bill Whitford, 213 points; Dick Countiss, Gary Sexton, Tom Latta, captain, 1637 points; George Collard, Bob Guthrie, Charles William and Bill Turner, Vance Snider, captain, 1070 points; Brad Beedy, J. L. Brock, Mrs. Lloyd Buzzard and Bernice Lee, Gene Cudd, captain, 1464 points; Clay Gibner and J. C. Peterson.

DEATH CLAIMS LIKE KLUTTS

Funeral services for James Chesley "Ike" Klutts, 69, of 12 S. Drexler St., who died Monday in the Hansford Hospital, were held at 2 p.m. Tuesday June 2 in the First Christian Church, Spearman. Mr. Klutts came to Spearman in 1922 from Childress, retired Church of Christ minister of Amarillo. Burial was in Hansford Cemetery directed by Boxwell Brothers of Spearman. Survivors include his wife, Faye, of Spearman; a brother, George of Graham, Texas. Casket bearers included Floyd Wilbanks, Glenn Bradford, Allen Wilbanks, Quincy Trayler, Woody Day, Jimmy Day, Charles Klutts, and Dr. George M. Klutts, Jr.

227 COWBOYS ENTER RODEO EVENTS

One of the most successful rodeos ever staged in Spearman is now history. A total of 227 cowboys entered the various events--two many for the scheduled Friday and Saturday night performances. In order to run them all through, three extra periods of competition in bull riding and calf roping had to be staged. The stock, furnished by Lloyd Barby of Beaver, Okla. was much too salty for the experienced cowboys and in most cases the bulls and horses came out the winners. Barby stated that this was the largest rodeo, outside the ones he supervised at Hutchinson and Dodge City Kansas, that he had ever staged. The only event not over crowded was girl's barrel racing. Most of the success of the Memorial weekend rodeo, approved by the Southwest Cowboy's Rodeo Association, belongs to Eddie Stewart and Dale Hawkins. These Spearman cowboys had charge of the nose, 1100 lbs. Mike Dawson was the winner of the Boot Race Saturday night and Vernard Barner was the lad who caught the greased pig. He was awarded a \$10.00 cash prize. Miss Wanda Greene, daughter of Mr. and Mrs. Everett Greene of Spearman, was named Rodeo Queen. She led the grand entry and presided over festivities. Winning contestants in each event were presented with a silver belt buckle. Winners are listed below: Bareback Bronc Riding: Cary Payne of Dewey, Okla. and Dick Munsell of Woodward both scored 63 points and tied for first place. Saddle Bronc: Kirby Warner of Pritchett, Colo won first with a score of 61. Dale Johnson with 56 won second. Calf Roping: Travis Nuckles of Clovis, N.M. tied his calf in 10.8 seconds for first place. Pal Carter, second with 11.5 sec. Team Roping was won by Ernie Milligan and Max Stapper. Their time was 8.8 seconds. Steer wrestling: Wes Porch of Hereford was first with 5.9 seconds timing. Richard Walters, second, 6.8. Bull Riding: Dale Johnson, first, with a score of 63. Larry Williams won seconds with a 57. Johnson's bull had never been ridden before.

Accident Report

The following vehicle accidents have been reported within the city limits of Spearman for the month of May: May 6--at 3rd and Snider streets, A 1964 Olds driven by Carmen J. Laird, 611 Evans, struck a bicycle ridden by Janna McCoy of 225 Snider. The 7-year old girl was treated for minor abrasions at Hansford Hospital. Estimated total damages, \$45.00. May 16--at 7th & S. Cote, 615 Haney, driving a 1964 chevy pickup, hit a parked 1970 chevrolet owned by Jerry F. Krehbiel of Canadian. Damages, \$100.00.

Jets In First Place

The first half of the Little League season ended last week with the Jets in first place with a 8-2 record. The Dogers finished second with a 6-4 record. The Indians came in third with a 5-5 and the Astros fourth with 4-5. The Yankees are in fifth place. Their record is 1-8. Monday night, June 1 marked the first game of the second half and the Astros beat the Dogers 5-3. The 2nd half ends July 10. Eighteen home runs were hit in the first half. Roger Jones hit 3 and Paul Carnegie made one for the Jets. Roger Brown hit 4 and Jeff Beedy 1 for the Dogers. Calvin Bodey Jr. made 3, Roy Avila 1 and Rickey Morris 1 for the Indians. Mark Fox made 3 and Virginitio Ortega hit 1 for the Astro team. The Yankees did not record any. Bill Douglas and Hershel Jones coach the Jets, Oscar Donnell and Jim Nicholson coach the Dogers. Calvin Bodey and Steve Hicks are coaches for the Indians. The Astros are coached by Dee Allen and D. C. Cooper while Jack Reed, Bobby Hohertz and Charlie West oversee the Yankees.

U-T GRADUATE

James Linus Ownbey, of Spearman, was among the University of Texas students who received degrees at the May 30 Commencement. Ownbey, son of Mrs. Jenna V. Ownbey, now of Amarillo, received a Bachelor of Science degree in Chemistry.

City Lad Undergoes Open Heart Surgery

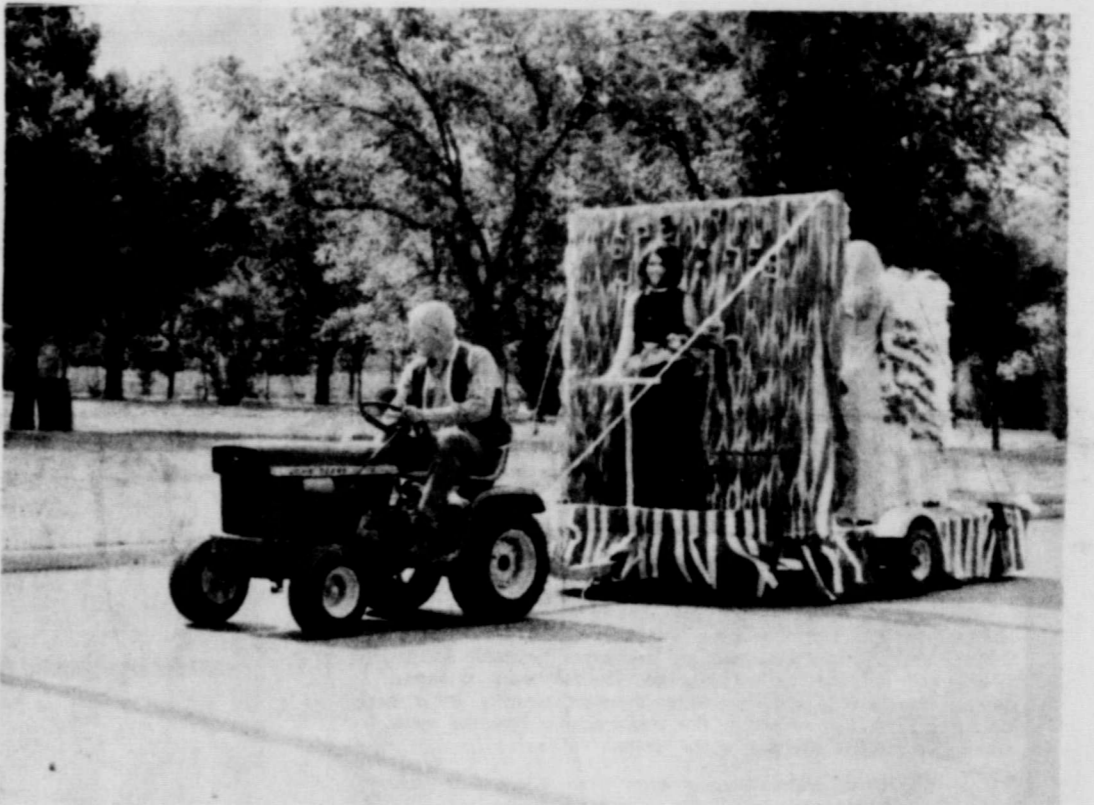

James Salinas, 13-year-old son of Mr. and Mrs. Servando Salinas of Spearman, underwent open-heart surgery in St. Anthony Hospital, Amarillo, last Thursday when physicians repaired the pulmonary valve. Physicians report his condition so good that the lad probably will not have to spend the projected 10 days in the hospital. He is expected home some time this week. The Spearman lad's condition was discovered last fall when Dr. Damon Gregg was examining him for a routine football check. James was an 8th grader this year. In December, James underwent catheterization and other tests which revealed that heart surgery was necessary if he was to live a normal, active life. The Salinas family moved to Spearman nearly 3 years ago when he was hired as greens keeper for Hansford Golf Club association. Mr. and Mrs. Salinas have six children. Learning that James' condition was a birth defect, local physicians arranged through the March of Dimes Foundation for funds to help alleviate the tremendous expense for such surgery. These funds, however, were depleted when James had catheterization tests done in December. Dr. Henry E. Martinez and his team of cardiovascular surgeons, performed the open-heart surgery "free of charge" but a \$1,750.00 hospital bill still remains. A James Salinas Fund has been established at the First

Pool Open

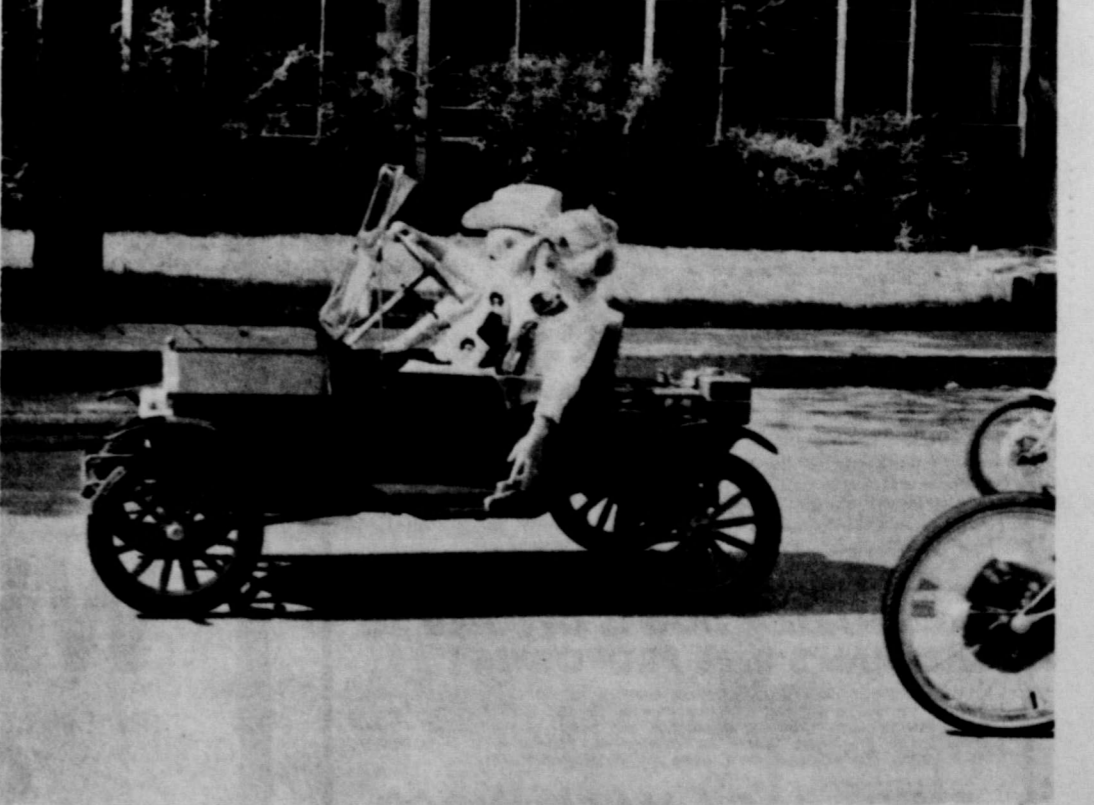

The Spearman swimming pool opened this week and Allen Simpson, manager, said the pool is in better condition than its been in the 5 years he has operated it. Simpson said the pool area has been remodeled and the pool itself has been sand blasted and painted. Pool hours are from 2 to 3 and 6:30 to 8 p.m. daily Monday thru Saturday and from 2-5 on Sundays. Admission charges are 50¢ and 25¢.

WEEK TERMED "QUIET ONE"

City Police officials this week said the celebration week-end passed without one disorderly incident of note. Chief Woods expressed "thanks" from the entire department to all citizens who cooperated in helping make this one of the most quiet and dignified celebration weekends in many years.

Miss Pam Wysong, "Miss Hansford County", smiles at those watching the parade Saturday morning.

Tara and Brett, children of Mr. and Mrs. Jim McLain, add their bit to the celebration parade Saturday morning. They are driving a half scale model of a Model-T.

Wheat Harvest Due June 10

According to the Texas Crop and Livestock Reporting Service, Texas wheat production is forecast at 67,886,000 bushels. This is six million bushels below the April 1 estimate, and about one million bushels less than 1969 production. Acres for harvest are estimated at 300,000 below last year's total.

Combining has begun on a basis down around Dallas and got underway the past week end in the Vernon, Texas area. Irrigated wheat in the upper Panhandle region (Borger, Dumas, Spearman, Perryton) is in good condition. Dry-land wheat is in need of moisture and is maturing rapidly. If present conditions continue, harvest of dry-land wheat should begin approximately June 10, with harvest of irrigated wheat to start about a week later.

KINDERGARTEN TUITION IS INCREASED

Spearman Kindergarten school teachers, Mrs. F. J. Hoskins and Mrs. J. E. Womble said this week, "due to rising costs in materials and other essentials, we find it necessary to increase Kindergarten tuition to \$20.00 per month for the 1970-71 school terms."

Fall kindergarten classes will start Tuesday after Labor day - September 8. If changes are made, parents will be notified.

Mrs. Leotta Good of Hereford spent the long weekend here visiting with her many friends. She is a former Spearmanite.

REV. DANIEL RETURNED TO LOCAL CHURCH

Rev. Wesley Daniel begins his 6th year as pastor of the First United Methodist Church in Spearman. This news was revealed with the reading of ministerial assignments Sunday afternoon in Abilene at the final session of the annual meeting of the Northwest Texas Conference.

The Rev. James Price was returned to the Gruver Methodist Church, to begin his 2nd year there.

Other appointments of local interest are: Rev. Wade Griffin was moved from Muleshoe back to Lubbock as an associate pastor. Rev. Charles Cates was moved to Bovina. Both have been pastors at the Spearman Methodist Church.

Mr. and Mrs. George Colard of Spearman were delegates to the conference. Rev. Daniel and the Colard returned home Sunday.

The Northwest Texas Conference will now be comprised of 7 districts instead of 8.

Dr. R. Luther Kirk, who has served the past six years as Pampa district superintendent will be succeeded by the Rev. Ted J. Dotts who has been pastor at Idalou. Dr. Kirk was appointed to a charge in Hamlin.

Other news to come out of the annual conference is that the Negro Conference united with the Northwest Texas Conference. This adds five new churches to this conference.

BOARD HIRES HIGH SCHOOL ENG. TEACHERS

At the May meeting of the Spearman School board, one resignation was accepted and two new teachers were hired.

Cherry Carnett, who has been instructor for the reading center in the elementary and junior high grades, resigned.

Two new high school English teachers were hired. They are Mr. and Mrs. Dwayne Mitchell. Both Mr. and Mrs. Mitchell have their masters degrees. They have been employed by the Hugoton, Kansas school system where he has taught high school English for 10 years and she for 7 years. They have two daughters, age 9 and 6 years. The family will be moving to Spearman some time this summer.

The board appointed Ray Phelps, Everett Vanderburg and Charles Brillhart as a board of equalization to serve for the 1970 tax roll.

Board members agreed to send school principal, Kenneth McKay to summer school at Baylor University. Mr. McKay, who left May 30, will be taking several courses in law school.

In other business before the board, members agreed to continue the same salary schedule, which is \$1,100 above the State schedule level. This makes a beginning teacher, with a BA degree, start with a \$7,100.00 salary for a 10-month period.

Funeral Rites For Gruver Citizen Conducted Tuesday

Funeral services for Victor Ernest Barris, 92, of Gruver, were conducted from the Gruver First Baptist Church Tuesday morning at 10 a. m. The pastor, Rev. Bill Butts, officiated. Rev. Chester O'Brien of Amarillo and the Rev. Herbert Hugh, retired pastor of Gruver Baptist Church, assisted.

Burial was in Gruver Cemetery by Ed Brown and Sons, Funeral directors, of Borger.

Mr. Barris had been a resident of Pioneer Manor Nursing Home in Spearman since April, 1967. He became ill and was sent to High Plains Baptist Hospital in Amarillo on May 28. He died at 3 p. m., Sunday May 31.

He had resided in Gruver 37 years and was a retired cement contractor and a member of the Gruver Baptist Church.

Surviving are two sons, Wayne of Grand Prairie, Glen of Clovis, N. M.; two daughters, Mrs. L. W. Ayres, Jr. of Gruver, Mrs. N. D. Lockmiller, Clovis, N. M.; nine grandchildren, 12 great-grandchildren, and one great-great-grandchild.

grandchildren, and one great-great-grandchild.

GROUP LEFT TODAY FOR EUROPE

Three Spearman youth and their sponsor Mrs. Katy Greenwood will join some 100 other Panhandle young people today to begin a 22-day educational tour of Europe.

Mike Schnell, son of Verna Lee Schnell, Dalynn Brummett, daughter of Mr. and Mrs. Orvil Brummett, and Richard Tracy, son of Mr. and Mrs. Everett Tracy, are the Spearman tour members.

Mr. and Mrs. Frank Porter and daughter Jean had made all the necessary arrangements to accompany them. However, this past week Mr. Porter suffered a heart attack and is confined to Hansford Hospital, so the family cancelled the trip.

The tour leaves today, June 4 from Amarillo Air terminal. Their first stop is in London.

Mrs. John Berry spent Memorial Day weekend in Clinton, Oklahoma where she attended the high school reunion activities.

Injured Area Couple Said Satisfactory

Dennis Kern, 46, and his wife, Georgia, 43, of Amarillo, are said to be improving satisfactorily from injuries they received late Friday night in a two-vehicle collision. They are in High Plains Baptist Hospital in Amarillo. Both are former Spearman residents and are well known in this area.

The accident occurred at the intersection of two county roads about 2 miles east of Stratford. Mr. and Mrs. Kern were alone in their auto, passengers in the other vehicle involved were Mr. and Mrs. Johnny Preston and their 10-month old daughter. They are in satisfactory condition in the Guymon hospital.

Kern is vice president of Turkey Track Ranch Inc. He and his wife were first taken to the Dumas Memorial Hospital but were later transferred to the Amarillo Hospital.

Georgia is suffering from a bad head laceration and both she and her husband were badly bruised all over.

SHERMAN'S VIEWS

REPRINTED FROM BORGER NEWS-HERALD WEDNESDAY, MAY 27, 1970

NEWS into FOCUS

By J. C. PHILLIPS

IS THIS WHAT WE WANT?

Proposals for "Sweeping Innovations" in the structure of the United Nations including an "elaborate timetable for charter revisions" to the United Nations Charter were discussed by State Senatorial Candidate Max Sherman recently in a paper submitted to the American Bar Association. Proposed were the following specific changes in the United Nations:

1. Universal membership of every independent state including Red China.
2. Worldwide disarmament.
3. An international police force.
4. Abolition of the veto power of the Security Council.
5. Popular election of General Assembly representatives.
6. A United Nations nuclear authority.
7. An outer space agency.
8. Compulsory jurisdiction of all disputes vested in the International Court of Justice.
9. A world development program to foster economic and social advancement of nations in need of it.
10. Power to tax world citizens.
11. A charter provision that all powers not granted to the United Nations be reserved to the member nations.
12. A clause in the Charter recognizing that the authority of the United Nations would extend to all nations.

Though he characterized the list of innovations as desirable and praiseworthy, he questioned whether the political reality of immediate international politics would permit them to be adopted. If the political reality of the time precludes the adoption of these innovations, Sherman questioned whether the United Nations could bring "peace in our time?"

The twenty-two page dissertation, generously interlarded with footnotes, develops Mr. Sherman's view of the United Nations in its role as a keeper of the peace.

"It is my position in this essay that the best hope for world peace is through an international common law developed within the present structure of the United Nations. The life-forces of peace exist within the Charter, and it is from these forces that the growth of peace must be nurtured." HE SAID.

Referring to publications of the NATIONAL COUNCIL OF CHURCHES, NELSON ROCKEFELLER, and Senator WILLIAM FULBRIGHT as "impressive support," Sherman also discussed an alternative plan for a federal union for a "concert of free nations" which would be separate from the United Nations but co-existing with it.

If we, the voters of this nation, do not want to live under a world government, in which we would be out-voted twenty to one, WHEN are we going to quit electing to public office candidates who are dedicated to the establishment of a one-world government (which would be a socialistic dictatorship OF THE "ELITE" — synonymous to a WORLD MONARCHY?

HAZLEWOOD'S VIEWS

JACK HAZLEWOOD IS OPPOSED TO SHERMAN'S U. N. PROPOSALS*

*It is a distinct possibility for these matters to come before the Texas Senate. Various proposals for amendments to the United States Constitution having to do with the jurisdiction and power of the United Nations came before the Texas Senate for ratification. Therefore, it is IMPORTANT to know each candidate's views on the United Nations.

CARD OF THANKS
We take this means of expressing our heartfelt thanks to all our many friends for each and every act of sympathy extended to us in the loss of our loved one. The floral offerings, gifts of food, cards and visits will never be forgotten. May God bless you all. The families of Mrs. Ivy Longley

face will be quite a burden. There has been a James Salinas fund established at the First State Bank to help alleviate some of the hospital expense. This is a splendid opportunity for all of us to practice being "our brother's keeper". Send in a contribution today. It will be appreciated. A very strange malady has stricken several city residents of late and it seems to be spreading like wild fire. Neither age, sex, religion or wealth can allay the ravages of this strange disease. Neither storm nor rain nor the darkest gloom ward off its fever once the bug has bitten. Its called dune buggy-itis. Although there is no known cure for the disease, sufferers can postpone unbearable pains by spending a long, hot dry weekend driving over hundreds of miles of sand dunes up at Little Sahara National Park desert, 4 miles this side of Waynoka, Okla. That's (as the crow flies) 152 miles from Spearman. This they do, each weekend, bringing home a nagging wife and a car full of crying babies and nothing to show for the expedition except dry, red eyes and sun blisters. But, this is the only way to slow the most advanced case of dune buggy-itis. I, thinking myself normal, questioned one of these stricken fans. "What in the world," said I, "do you find fascinating in driving one of those roaring, smelly, duel-wheeled vehicles over mile after mile of hot, blowing sand?" I was serious. I really wanted to know how they get such a charge out of such a sport. But those afflicted with this disease argue that they are not abnormal. And this is one of the most frightening aspects of the ailment; the victims are happy in their sickness! They actually enjoy their affliction! Thus far, seven families in Spearman have contacted the disease, but many more have been contaminated. I say "families" for wives and children alike thoroughly enjoy it. Last weekend Bill Weaver, Ron Dunaway, Lawton Guthrie, James Lindsey, R. Robert Long and Jim Pingleton spent the week end with their families at Little Sahara Desert running their dune buggies over the more than 3-sections of pure sand and down the other side--you are forever stricken with a bad case of the dune buggy-itis. This must be so, for I know of several more men who plan to start right away on building one of their own. Bill said last week end there were over 300 dune buggies at Little Sahara--all buzzing around like a swarm of bees. All joking aside, it probably is a lot of fun and a grand way for the whole family to join in the sport. But, until I can learn first hand what it is about the sport that makes people such fanatics, I will continue to sympathize with the wife and kids of a man who has an incurable disease--dune buggy-itis.

Let Me See .. by Sybil
All the many friends of Servando and Bertha Salinas, as well as 13-year-old James, are glad that the long awaited ordeal of James' open heart surgery is over. It was a great success and James will be home some time this week if he continues to improve. A team of surgeons performed the surgery May 28 in Amarillo's St. Anthony's Hospital. The surgery, which was not due for several weeks, came about real sudden like for the Salinas family. Dr. Martinez notified them to have James there Wednesday due to the fact that he had had a cancellation and would operate Thursday. The Salinas family had looked forward to seeing their daughter, Bertha, graduate from Spearman High School Wednesday night. Bertha was to be the first member of either Bertha's or Servando's family to graduate from high school and they vowed not to miss it. So they admitted their son James Wednesday afternoon, drove back to Spearman that night for commencement, then went back to Amarillo for the surgery early Thursday morning. Everyone in this community has learned to love and appreciate Mr. and Mrs. Salinas and their six children. They are fine, upstanding citizens. And, like most of us this day and time, they are a family struggling to survive on a very limited income and a huge hospital bill staring them in the

THE RAY TROSPER FAMILY
RITA RENEE RAY
SOME POINTS FOR CONSIDERATION
★ I think it is absurd that many murderers and other lawbreakers are constantly getting off on bond, receiving short prison terms, or getting suspended sentences and then are allowed to roam our streets again. I am against this, and I favor strengthening our court system and changing our laws, which presently allow this to occur.
★ I believe that the greatest threat to America is Communism. I recommend legislation to prevent Communists from speaking on our college campuses. I also believe that our public education system should keep a loyalty oath to prevent Communists and Socialists from teaching anti-American propaganda in our schools and universities.
★ I believe that children should be allowed to pray in public schools.
★ I am against going head-first into costly government programs which are initiated and then are either forgotten about or are abandoned, wasting huge sums of our tax money. Thus, I would support legislation which would allow for maximum economy in state government and I would work to see that every citizen received a dollar's worth of benefit for every tax dollar which is spent.
★ I oppose bussing school students to foreign school districts. If a family lives in a location which is conveniently located near a school of their choice, I don't see why their children should be forced to attend a school on the other side of town, or on the other side of the county.
★ I am against gun control by the federal government.
★ I believe that responsible people can handle their own local affairs without interference from people in the federal government who do not really understand the problems in our rural towns and communities.
These ideas can and must be accomplished. With your help, I will do everything I can to see that these challenges are met and handled to the best of your wishes.

AGANA, Guam--Technical Sergeant H. J. Beasley, son of Mr. and Mrs. Arville Beasley of 1250 Kirkwood, Abilene, Texas, is congratulated upon being decorated with the U. S. Air Force Commendation Medal at Andersen AFB, Guam. Sergeant Beasley received the medal for meritorious service as a maintenance analysis technician at Davis-Monthan AFB, Ariz. He was cited for his professional skill and knowledge. The sergeant is assigned at Andersen with the 54th Weather Reconnaissance Squadron, a unit of the Air Weather Service which provides weather information for military flight operations. Sergeant Beasley is a 1953 graduate of Abilene High School. His wife, Phyllis, is the daughter of Mr. and Mrs. L. W. Bayless of Gruver, Texas. Lieutenant Colonel Carl E. Gunderson Jr., his commander, makes the presentation.

Traffic Accidents Costly To Texans

AUSTIN--Traffic accidents cost Texans nearly \$38 million during April, according to the Texas Safety Association. The total cost of traffic accidents during the first four months of the year was more than \$185 million, when computed according to a National Safety Council formula. So far this year, the Texas Safety Association said that the most startling increase in traffic accidents and fatalities has occurred on the state's Farm to Market roads. Preliminary reports show a 51 per cent increase in traffic fatalities on the rural roads so far in 1970 have cost Texans an estimated \$23 million. TSA reminds motorists who

use the Farm to Market system that staying alert to such traffic hazards as slow moving vehicles and intersecting roadways can reduce traffic collision and deaths. The statewide safety group also emphasized the need for motorists to use seat belts and shoulder harnesses while driving on any roadway since a driver's chances of survival in a crash are five times as great if he is not thrown from the car.

Mrs. Edd Wilbanks of Spearman traveled to Plano, Texas last weekend with her daughter and family, the Don Shockley's of Perryton to visit with the Shockley's son Joe Don and family. They also visited with Mrs. Wilbanks' granddaughter and family, Mr. and Mrs. Troy Davis in Denison, Mrs. Loretta Boyd of Amarillo was also in Denison visiting.

cliff. Their story is the strains and celebrations of the settling of this area and their songs are the calls of the early western days. Each night the bugle rivets the attention of the audience on the lone rider who bears his flag to the top of the high cliff. Each night the thunder and lightning of a great storm crackle through the audience. And each night the actors tell of the land and its grip on them until people go away and say "So that's the way it was."

The directors of the production, William and Margaret Moore of West Texas University have announced that rehearsals will begin on May 31st this year. Members of the cast work eight hours a day before the opening for almost a month. They not only must learn the show but must condition themselves since they work in such a large area in the canyon. The theatre seats 1500. Barbecue dinner, free parking, souvenirs and drinks are available. And the drive to the theatre is a breath-taking experience.

"Texas" is one of six great historical outdoor shows written by Paul Green and playing this summer. The new one is "Trumpet In The Land" a story of the Moravians which opens for the first time this summer in Dover, Ohio. Another is the "Cross And Sword" in St. Augustine, Florida which is entering its 6th season. The "Stephen Fox Story" in Bardstown, Kentucky is opening for the 11th time. The "Common Glory" in Williamsburg, Virginia is telling the story of Jamestown for the 23rd summer, and the original "Lost Colony" is entering its 30th season.

It is wise to make reservations in advance, especially on weekends. Write to "Texas" Box 268, Canyon, Texas 79015 or telephone 806-655-2182. Lena Beeson and Ruth Caro of Spearman and Louise Edwards of Amrillo spent a few days last week visiting in Oklahoma City in the home of Mr. and Mrs. Jimmy Linn and family. Jimbo and Rex Linn returned with them to spend some time visiting their grandmother, Mrs. Ruth Caro.

G-Scout Day Camp Planned

The annual Gruver-Spearman Girl Scout day camp is scheduled later this month from June 29 through July 3. The site for the camp this year will again be on the Seitz ranch at Old Hansford.

Each girl who plans to attend day camp should be sure to have her money and registration slip turned in to Girl Scout leaders by June 10, next Wednesday. Brownie fees are \$2.50 and Fly Ups and Girl Scouts fees are \$4.00.

It is very important that registration be completed on June 10 so leaders can start planning camp activities.

News From Stalder Family

Rev. Wesley Daniel, pastor of the First United Methodist Church in Spearman, preached Sunday at the Methodist church in Tuscola, Texas.

This is the church where Rev. D. D. Stalder is pastor. D. D. and his family have been there for the past three years.

The Stalder family are former Spearman residents, leaving here in June of 1966 when D. D. felt his call to enter the ministry. He moved first to Vera, Texas and began pastoring the church there. At the same time he enrolled in McMurry College at Abilene. He will be a senior this next year.

Mrs. Stalder will be the kindergarten teacher in Tuscola schools next term.

The Stalder's son, Brad, graduated from the 8th grade this year.

Rev. Daniel said D. D.'s District Superintendent said he was the best student pastor in that district.

Runoff Election Saturday

Hansford County voters will go to the polls Saturday, June 6 to name Democratic candidates of their choice in two primary run-offs.

The contest in this area is the runoff between Max Sherman and Jack Hazlewood for the Democratic nomination for state senator for the 31st district.

In the 79th District, which includes seven counties in the Panhandle, Ray Trosper of Higgins and Phil Cates of Lefors have a runoff for the Democratic nomination for state representative.

All voters in the Spearman area will cast their ballots at the court house.

Gruver area residents will vote at the Gruver school building.

Polls open at 8:00 a.m. and close promptly at 7 p.m.

HAINES FUNERAL SERVICE TODAY AT CANADIAN

Funeral services for Dee Alvin Haines, 24, a resident of Canadian, were held today, June 4 at 10 a.m. in the First Christian Church of the city.

Haines died of cancer Tuesday morning in Hemphill County Hospital. A veteran of the Vietnam war, he worked on the Rogers Brothers ranch near Canadian.

Officiant for the service was W. F. Turnage, pastor of the First Christian Church. Burial was in the Canadian Cemetery.

Survivors include his wife, Roberta, a daughter, Dee Anna, both of the home; his parents, Mr. and Mrs. Harry Haines; a brother, Harold of Canadian; his grandparents Mr. and Mrs. Bert Briley of Spearman.

CITY STREETS UNDER REPAIR

Lewis Construction Company of Dumas is at work in Spearman repairing city streets with seal coating.

Some 56 blocks, at least seven intersections and some curb and gutter will be repaired and replaced for better drainage.

City officials early in May let the contract for street repairs at the approximate cost of \$24,000.00.

City workmen have just completed laying new sewer lines along 1 1/2 miles of territory in south west Spearman. This new line takes in all the homes and various business firms from the Berger highway, west.

CITATIONS ISSUED TO PET OWNERS

City Police officials this week said they continue to receive reports of children being bitten by dogs and/or cats.

Citations have been issued, and will continue to be issued to pet owners allowing their animals to run at large.

A city spokesman said today, "we must control the animal problems within the city limits of Spearman in order to make our streets and playgrounds safe for our children."

All pet owners are reminded that they must keep their animals on a leash or confined within a fenced area. A city ordinance bans animals to run at large.

SWIMMING COURSE SLATED

Janie Beck and Catherine Lyon will be instructors for a swimming course which begins Monday June 8 at the Spearman pool. Friday, June 19th is the date lessons will conclude.

All children from Kindergarten age, and older, are invited to enroll at the pool between 11:30 and 12:30 Saturday June 6.

The fee for the course will be \$7.50.

DRUNK PROWLER ARRESTED

City police officials have received "several" prowler calls the past two weeks.

One such call came in about 3 a.m. on May 21 from the Paul Hazelwood residence in the 900 block of S. Haney Street. Police found a man in the back seat of Hazelwood's car, and arrested him for being drunk in public.

Placed in jail was Walter Kenneth Ball of Perryton. Unable to pay his \$25.00 fine, he served it out in jail time.

Miss Grain Sorghum Pageant Is August 7

DIMMITT--The Grain Sorghum Industry has begun its annual search for a new title bearer. This week entries and instructions have been forwarded to civic clubs, chambers of commerce and other groups for contestant sponsorship in

the Miss Grain Sorghum of the Nation contest. New rules set by the Castro County Chamber of Commerce at Dimmitt specify that girls must have been in at least one beauty pageant during the past year. Entries are expected from at least five of the 13 major grain sorghum growing states in the midwest.

At Dimmitt, chamber workers and merchants have begun preparation for the

pageant August 7th and 8th with programs both nights open to the public. Since the program is being expanded to two days, it will require more time in getting things in readiness. This year for the first time in the history of the eleven year old contest, girls will all be given the opportunity to present their talent to the judges. Other judging will be based on poise, beauty and person-

ality. Scholarships of \$1,750 will be available for the winners of first, second and third places. From a trophy for first in 1960 to the first place prize of \$1,000 the contest is one of the fastest growing in the southwest in number and prestige. Trophies again this year will be furnished by the Grain Sorghum Producers.

A weekly public service feature from the Texas State Department of Health

Accent on Health

Drugs! How many times have you heard the word? Abuse! Just what does it mean?

Taken together "drug abuse" is probably one of the most talked-about topics in Texas and the nation today. The topic is attacked from various sides--law enforcement, morality, punishment. It is also attacked from another side--education.

It's this attack which has been launched by the Texas State Department of Health's Division of Public Health Education. The Department has long felt a very real concern about this growing menace to the total population because of its direct implications to public health.

About two years ago the Department became aware that a serious deficiency existed in the area of public health education concerning drug abuse. As the deficiency became increasingly apparent, and because of the Department's existing activity in registering wholesale drug outlets, the Division of Public Health Education began to accept requests for its participation in drug abuse programs in schools, teacher training programs, civic organizations, etc.

During this two year period, the Division has had instructors traveling to various parts of the state presenting an educational concept of drug abuse control. To date, more than 500 such classes have been held with an audience of some 50,000 students.

The actual course consists of showing one of several films--ordinarily the film entitled "Marihuana", a "no preaching, tell-it-like-it-is" film. The film depicts a "pot party" being raided by the police. As each person is taken from the party to a waiting patrol car, each expresses his or her thoughts about smoking marihuana and defends the use of it.

As the film progresses, however, each of these defenses is refuted with sound, proven evidence.

After the film has been shown, the program is opened to student participation through a question-and-answer period, and drug literature is distributed.

Although the course covers all drugs, marihuana and LSD seem uppermost in the minds of the students.

The whole idea of the education approach is to make the students think about the dangers of drugs.

The State Legislature has now changed the Texas Education Agency with the responsibility of establishing a comprehensive drug abuse program for students in grades 5 through 12, assuring student exposure to the subject. The State Health Department now is shifting its emphasis to adult groups.

Why Do Organizations in Cleveland -- Houston and Austin Try to Elect YOUR State Senator?

They ARE . . . and it's in the record!

From the Amarillo Globe-Times, April 30, 1970:

"In his campaign expense account, filed with the Secretary of State, including expenses through April 22, (Jack) Hazlewood lists campaign expenses totaling \$14,269.

Mayes, co-chairmen, with a \$2,300 contribution on Feb. 2 and a \$2,700 contribution on Feb. 27.

"Also listed is \$300 from the Transportation Political Education League, Cleveland, \$500 from the South Texas C.W.A. (Communications Workers of America) Committee, Houston, and \$350 from John J. Watts of Odessa."

"Hazlewood lists campaign contributions totaling \$6,825. The largest contributions are Lawyers Involved for Texas, Austin, Texas., Max Garrett and Charles

DINE IN STYLE THIS SUMMER

Mushrooms have been held in high esteem since the days of the Romans when they were known as the food of the gods. So valued were they that neither plebeians nor slaves were permitted to do the cooking; the preparation of mushrooms was reserved for noble hands.

Here mushrooms add their fascinating flavor to an herbed rice mixture. Light but nourishing, Mushroom Herb Rice is easy to prepare. It includes sauteed mushrooms, onions and green pepper simmered with rice; it is seasoned with thyme and garlic.

Highly prized for its delicate fresh flavor, Soft Fleischmann's Margarine is used in the preparation. Like other members of the Fleischmann's family, this soft margarine is made from 100 per cent corn oil.

For summer dining in style, serve Mushroom Herb Rice with grilled Canadian bacon, rye bread and a tossed green salad.

For summer dining in style, serve Mushroom Herb Rice with grilled Canadian bacon, rye bread and a tossed green salad.

MUSHROOM HERB RICE

- 1/4 cup Soft Fleischmann's Margarine
- 1/4 pound mushrooms, sliced
- 1/4 cup chopped onion
- 1/4 cup chopped green pepper
- 2-1/2 cups water

- 1-1/2 teaspoons salt
- 1/4 teaspoon leaf thyme, crushed
- Generous dash garlic powder
- 1 cup uncooked rice
- Canadian bacon

Melt Soft Fleischmann's Margarine in medium saucepan. Add mushrooms and brown. Add onion and green pepper and cook several minutes. Add water, salt, thyme and garlic powder. Bring to a boil. Add rice; cover tightly and cook

over low heat until all liquid is absorbed (about 25 minutes).

Meanwhile, grill Canadian bacon; serve with rice. Makes about 4 cups.

Award Winning Chicken Dish

Fathers deserve the best. And as we make preparations for honoring them on Sunday, June 21, one of the most important considerations should be the dinner menu for the day.

The official dish for Father's Day is chicken. This is an ideal choice because good tasting chicken is also good for family well-being. It is low in calories, cholesterol and fat. In addition to being an ideal food for weight watchers, it is helpful in preventing heart attacks and other coronary problems. Also, this traditional Sunday dish is high in protein, vitamins and minerals.

Here is the prize recipe for Father's Day, 1970. It is a National Chicken Cooking Contest winner that Chef Edmund Kaspar of New York's Americana Hotel has selected to be served at the Annual National Father of the Year Awards Luncheon.

Chicken Imperial

- 2 broiler-fryer chickens, halved
- 1 1/2 teaspoons salt
- 1/4 cup margarine
- 1/2 cup dry sherry
- 2 teaspoons Worcestershire sauce
- 1 teaspoon curry powder
- 1 teaspoon dried leaf oregano
- 1/2 teaspoon dry mustard
- 1/2 teaspoon garlic powder
- 1/4 teaspoon paprika
- 1/4 teaspoon Tabasco pepper sauce

Sprinkle both sides of chicken with salt. Place in large shallow baking pan. Mix remaining ingredients in small saucepan; stir over medium heat until margarine melts and mixture is smooth. Remove from heat; brush generously over chicken. Bake chicken in moderate oven (350°) for 1 to 1 1/2 hours or until tender, basting and turning chicken every 10 to 15 minutes. Garnish with spiced peaches and parsley. Makes 4 servings.

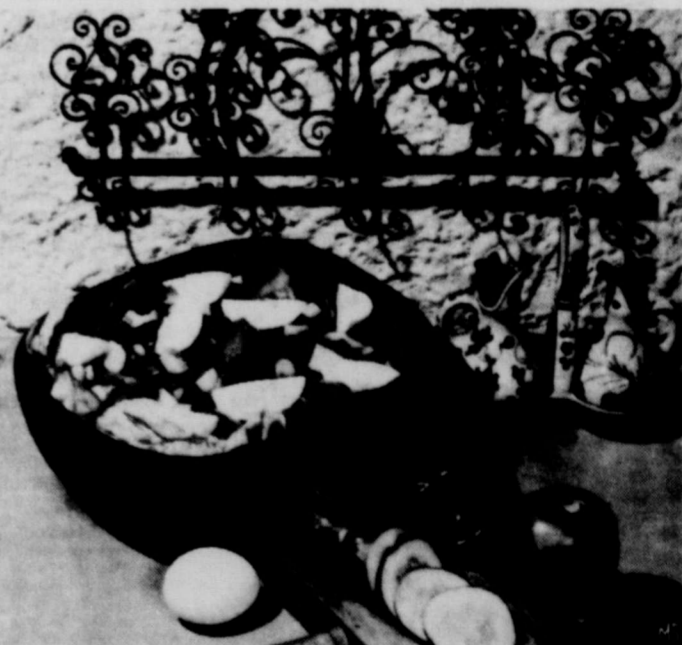

Note: For an extra flair prepare this recipe with boned chicken breasts.

FOR SUMMER: FAMOUS ITALIAN APPETIZER SALAD

Literally "before the pasta course," antipasto is world famous as a great snack bar of hors d'oeuvres. From six to sixty various items might appear: sausages, fish, fritters and an assortment of salads, cheeses and crusty breads.

Suggested here is a colorful Antipasto Salad combining green pepper, cucumber, celery, onions, tomatoes and hard-cooked eggs in an oil and vinegar dressing. This recipe has been Americanized by the use of peanut oil. Lightest of the polyunsaturated oils, Planters Peanut Oil is never greasy and does not impart any distinct flavor of its own to salads.

Antipasto Salad may be served as a first course or accompaniment for pasta meals. Or, for summer-style enjoyment, turn it into a cold buffet adding some of the traditional Italian elements such as sausages, prosciutto, anchovies, sardines and crusty long loaves of bread.

A famous Italian appetizer, Antipasto Salad, may be served as a first course or accompaniment for pasta meals, or with cold meats and fish for summer-style buffets.

ANTIPASTO SALAD

- 1/2 cup Planters Peanut Oil
- 3 tablespoons vinegar
- 1 teaspoon salt
- 1/4 teaspoon white pepper
- 1 cup diced green pepper
- 1 cup diced cucumbers

- 1/2 cup diced celery
- 1/2 cup sliced green onions
- 3 medium tomatoes, quartered
- Lettuce leaves
- 3 hard-cooked eggs, quartered

In a small jar combine Planters Peanut Oil, vinegar, salt and pepper. Cover and shake well. Set aside. Combine green pepper, cucumber, celery, green onions and tomatoes in a large

bowl. Shake dressing and pour over vegetables. Toss well. Serve vegetables on crisp lettuce leaves and garnish with wedges of egg. Makes 6 servings.

MEADOWS NO. 1 WELL REACHES TOTAL DEPTH

Officers and Directors of Amarex, Inc. (OTC) today announced that a total and final depth of 20,670 feet has been reached in the Meadows No. 1 deep Hunton test being drilled by Excelsior Corporation, a subsidiary of Kansas-Nebraska Gas Company. Amarex owns an undivided 50% carried interest in the well which is located in Hemphill County, Texas. The first electrical logs from the well indicate an apparent productive zone in the Hunton formation. Extensive further testing will be necessary before the well is completed. The indication of a productive zone is based on comparisons with other producing Hunton wells in the Buffalo Wallow Field. When the well is completed as a producer and final details are known Amarex stockholders will be advised.

PRICE SEES FARM BILL ACTION SOON

Representative Bob Price (R-Texas), a member of the House Agriculture Committee today, said that it now appears that a farm bill will be approved by the House Agriculture Committee next week.

Price's statement came on the heels of the Committee's rejection today of a series of amendments sponsored by the "farm coalition." The Committee had earlier adopted two Administration-backed amendments to set the price support for domestic wheat at 100% of parity and to guarantee a 32¢ per bushel price support payment on corn with equivalent amounts for grain sorghum and barley. The bill also provides for a payment which when added to the national average market price, will equal 35¢ on cotton and 11.5 million acre national allotment.

Price said that the give and take of many months of discussion are finally coming down to the point where decisions are being made. "Today's action," he said, "sets the stage for next week's important vote on the whole bill."

Price also pointed out that in the months of debate on this legislation he had been able to obtain committee approval of his amendments to permit sweet sorghum grazing on set-aside acreage, to allow county committee option on the grazing set-aside acreage, and to in-

crease the grain sorghum loan in relationship to corn.

"Today, the committee also adopted my amendment to prohibit grazing on land retired by long-term contracts under the cropland conversion program," Price added.

"In brief," the 18th District lawmaker said, "this bill now represents a compromise between many points of view. It promises to spend at least as much money on the major farm programs as is being spent now. Yet to be resolved is one of the most troublesome aspects of the bill - the limitation on payments."

"The question still remains," he concluded, "whether a city-oriented House will approve the new bill."

Mr. and Mrs. Jerry Taylor and family of Abilene arrived in Spearman this week for a visit with Mrs. Taylor's family the Dude Browns.

What Is Answer To Drug Problem?

What is the answer to the problem of drugs? What advice should be given to young people wondering whether they should experiment with drugs to enlarge their understanding of themselves?

Conflicting advice comes from many sources. Here is some advice from young people who have had experience with drugs.

A young university student — Andy Anderson — committed suicide by dousing himself and his car with gasoline, then starting a fire. He left a note, in which he said:

"Please forgive me, parents, for quitting after you have raised me, but I cannot live with myself any longer."

"Don't!" "This Christmas I had a very bad experience with a drug called mescaline. I have smoked a little pot before . . . but I tried mescaline only once. Since then I have not been in control of my mind. I have killed myself because I can no longer run my own affairs and I can only be trouble and worry to those who love and care for me. I have tried to straighten myself out, but things are only getting worse. . . ."

"To those of my friends who might also think about learning about themselves with mind-expanding drugs — don't." A tragic end to a life which had been full of promise. Is there any hope for a young person who becomes addicted to drugs?

Yes, there is. Catherine Marshall, in the May issue of "Guideposts," tells of meeting a young couple — Jeff and Carrie Buddington — who had tried marijuana, LSD, and speed (amphetamines). Jeff told of enjoying the

"highs" of drugs at first—then feeling "something evil reaching out to possess me. Crazy images appeared in my mind. . . . I could feel the control over myself slipping away."

His wife, he said, "felt something like this, too." But they were fortunate. They met some Christians—real Christians — who were interested in them. They went to the community where these people lived.

"It was in this Christian community that we began at last to find answers," Jeff said.

"One You're Searching For" "One day, all by ourselves, we had our own Pentecost and accepted Jesus. Later we were both baptized in the creek and also legally married. People came from everywhere for the wedding — hippies still on acid, and straight people. We spent the whole day telling them all, 'Jesus is the One you're searching for!'"

His young wife, Carrie, said, "The Holy Spirit has power . . . greater power than the unholy spirit. . . . He enabled us to kick drugs in a matter of days when we'd been on them for many years — and that's a miracle."

It's tragic that the young man who killed himself did not know of the power that is able to set people free — even from drug addiction.

The Bible says, "Ye shall know the truth — and the truth shall make you free."

The best answer to the problem of drug abuse is for young people to take the advice of those who have learned the hard way — don't do it.

For those who are already hooked, there is a way out. It is the way that Jeff and Carrie Buddington found.

SOME POINTS FOR CONSIDERATION

- ★ I think it is absurd that many murderers and other lawbreakers are constantly getting off on bond, receiving short prison terms, or getting suspended sentences and then are allowed to roam our streets again. I am against this, and I favor strengthening our court system and changing our laws, which presently allow this to occur.
- ★ I believe that the greatest threat to America is Communism. I recommend legislation to prevent Communists from speaking on our college campuses. I also believe that our public education system should keep a loyalty oath to prevent Communists and Socialists from teaching anti-American propaganda in our schools and universities.
- ★ I believe that children should be allowed to pray in public schools.
- ★ I am against going head-first into costly government programs which are initiated and then are either forgotten about or are abandoned, wasting huge sums of our tax money. Thus, I would support legislation which would allow for maximum economy in state government and I would work to see that every citizen received a dollar's worth of benefit for every tax dollar which is spent.
- ★ I oppose bussing school students to foreign school districts. If a family lives in a location which is conveniently located near a school of their choice, I don't see why their children should be forced to attend a school on the other side of town, or on the other side of the county.
- ★ I am against gun control by the federal government.
- ★ I believe that responsible people can handle their own local affairs without interference from people in the federal government who do not really understand the problems in our rural towns and communities.

These ideas can and must be accomplished. With your help, I will do everything I can to see that these challenges are met and handled to the best of your wishes.

MAN ON A TIGER ON AN ELEPHANT—The most astonishing animal performance in circus history . . . Germany's fantastic Gunther Gebel-Williams is a featured star of the super-spectacular 1970 Edition of Ringling Bros. and Barnum & Bailey Circus. The Greatest Show On Earth comes to the Amarillo Civic Center for 9 big shows beginning Thursday afternoon, June 4, through Sunday evening, June 7.

A deal to believe in. From a dealer to believe in.

If it takes value to make you believe in a car, believe in the new Buick Skylark. Every Buick is crafted with integrity. And filled with value.

You get things like a cooling system that should never overheat, even with air conditioning.

You get an automobile so well built

that its drive train and chassis are literally tuned to the bias-belted tires that are standard equipment. So that they'll last even longer and provide even greater traction.

One other point. Value also has to do

with the man who sells and services the car you buy. Good service can help you maintain the value of your new car.

Check the good deals your Buick dealer is offering right now on the Buick of your choice. If you're looking for something to believe in, you'll find it there.

After all, wouldn't you really rather have a Buick?

Buick Value/Buick Dealers. Something to believe in.
