

Business Thrives In Spearman, COOP Opening Is Scheduled Thursday

It was 1929. Nobody expected what was to come. Then "the bottom fell out," as the saying went. And the Great Depression was born, destined to linger over the nation like a cloud for many years to come. Many businesses faded from the scene; others languished in 1929. Some businessmen hurried themselves to doom from New York skyscrapers after losing all. Others persisted in their business—despite the ill events. And eventually, such persistence in the face of gloom and threatened defeat, paid off. Such persistence ruled the lives of men like Simeon Caldwell, who in 1929 took over the management of Consumers Sales Co. of Spearman, which today is described as "thriving."

Caldwell managed the business until 1951, a year of good cheer, no longer one of depression gloom, although the war in Korea was on. Vester Hill took over that year and served until 1967, was succeeded by Bob Hall, present manager.

Through the years, good men have come up in the business. It was M.W. (Major) Lackey who resigned from the board a couple of years ago after a long tenure of service (40 years). And E.A. Greever and son, W.R. Greever before W.R. resigned a year ago had logged a combined service of 41 years.

Growth and success of the company now is reaching further fruition, as leaders plan the grand opening Thursday of a modern new building containing a large showroom, private offices and a snack bar. Part of the new building is elegantly paneled, and a big island features three over-sized bays for service work. New gasoline pumps have been installed on the islands "with lots of room to accommodate customers' cars and trucks. Manager Hall said the new operation will afford many added services and wares to customers in Spearman and Hansford County.

Current president of the board of directors is Dwight Hutchison; vice president is John Trindley, and secretary-treasurer is Mike Garnett. Other members of the five-man board are Ray Phelps and Garland Head.

Highlighting the grand opening, which is to extend through Saturday, will be bargains on tires. Hall said all three days, buyers will be able to purchase sports ovals at "20 per cent off the regular price," or any other tire in stock for 10 per-cent discount.

Also, two door prizes are to be given away free to the lucky ones. The prizes will be 25 and 50 gallons of gasoline. Motorists who fill up with ten or more gallons will receive free a "man-sized" ash tray or a car vacuum cleaner worth \$6.95 for a mere \$2.

Grand prize of the opening

will be given away on Saturday; this prize will be a Co-op Princess home vacuum cleaner. All three days of the opening passersby and customers will get free coffee and donuts, plus gifts for the kids. Consumers Sales Co. is "home-owned" by nearly 400 stockholders.

Site of the new building and the grand opening celebration is in the 400 block of West Kenneth St.

TONY HARPER SHOOTING FOR QUALIFICATION

Tony Harper, Spearman golfer, is shooting his qualifying rounds in the National Jr. Tourney at Athens, Ga. Tuesday and Wednesday of this week. Tony shot two practice rounds Monday; an 81 and a 76. The top 64 golfers, out of 150 will participate after the cut is made Wednesday.

Tony is an outstanding golfer, basketball player and football prospect for the Lynx teams this year. He participated in the National tourney last year.

L.L. All Stars Lose Thriller

They tried hard, but... The Spearman Little Leagueers played a gallant game in their opening round against Canyon at Hereford Monday night—yet they just couldn't quite pull the game out of the bag.

Consumers Sales Co. is "home-owned" by nearly 400 stockholders.

Site of the new building and the grand opening celebration is in the 400 block of West Kenneth St.

In perfect weather and playing before a sell-out crowd in Hereford's beautiful double-diamond Little League Park, the local boys fell, 2-0.

Spearman fielded an excellent team; it was just that the Canyon boys—with luck—proved to be a better one.

Spearman won toss of the coin and chose to take the field in the first inning. Roger Jones, pitching for Spearman, fanned the first Canyon batter up. Canyon then hit a single to left field. The third Canyon batter hit a double, putting a man on third. A Canyon batter hit a ball to Jones, who threw him out at first; and first baseman Fox whipped the ball to the catcher who made the third out at home plate, to retire with no score in the top half of the first inning.

Spearman's lead-off man, Jeff Beedy, fanned; Reggie Robertson fanned; and Jones fanned, to end the first inning of play.

Canyon opened the second inning with a single to left

field, Jones fanned the next Canyon batter. Next batter was out on a short single, and Jones fanned another Canyon man for the third out.

Fox led off for the Spearman team in the last of the second. Fox was fanned out; Roger Brown hit a double; and Morris was then fanned. Bodey hit a safe single to right field, but Brown was thrown out coming home, ending the second inning.

Roger Jones walked his first man, starting the third inning. Spearman's fine catcher promptly threw to the second baseman, who picked off the runner for the first out. Jones struck out the next batter and a throw from third to first ended the Canyon threat with no score.

Spearman started strong in the last half of the third. Roy Avila hit a double—but was thrown out as he slid into second base. Dear fanned, and then Beedy did the same to end the third inning with no score for either team.

The fourth inning was a heart-stopper. Canyon's first man to bat fanned, Canyon hit a single to center field to get their first man on base. Canyon then hit a short ball, with pitcher Jones throwing to second base trying to get a forced out. But the fall was a bit high, pulling the

second baseman off the bag, and all Canyon runners were safe. Canyon's next batter fanned out for out No. 2, and Jones fanned next batter, ending the inning with Canyon unable to score.

Spearman had three-up and three-down in the last of the fourth inning, with Robertson grounding out to the pitcher. Jones fanned, so did Fox, ending that inning.

The fifth inning brought the undoing of the fine Spearman team. Canyon hit a safe single to right field. The Canyon runner then dashed to second base and was called out by the second-base umpire.

But the first-base umpire reversed the decision and called the man safe.

That action started a bit of friction among the fans, and seemed to upset the players some.

Canyon then hit a single, and the runner was held at third base, for an easy out at first base. As the next batter came up, Jones pitched, and the ball was fouled extremely high; the Spearman catcher grabbed the ball for an easy out. However, instead of putting the man out, the umpire said he was not ready to play and charged the Spearman pitcher with a balk, allowed the man

on second base to move to third. This seemed to be almost too much hard luck to wish on anyone, but the umpire told the crowd that if they did not settle down, he would turn out the lights and end the game.

Canyon then managed to score two runs in the confusion of the inning, and this determined the end of the game.

In the last of the fifth inning, Brown, Morris and Bodey fanned.

And in the sixth, pitcher Jones hit the umpire on the foot with his first pitch. The game was halted until the umpire could stand up. After the umpire recovered, the Spearman team promptly put the next three batters out, to end that inning.

The Spearman boys tried vainly to rally in their last time at bat. Roy Avila struck out on a full count attempt for the first out; Davis fanned out; Beedy hit a beautiful single to center field, then stole to second base on a wild pitch; Robertson was out on a single, to end the game.

After the game it was learned that the Spearman boys got more hits off Mel Fox of Canyon (4 hits) than any other team this year. Fox struck out 15 Spearman batters, while Jones struck out 8 Canyon boys.

In the other Little League game, Memphis blasted Hereford in a high scoring contest, 9-5, to meet Canyon in the finals Tuesday night.

SPORTS BULLETIN Canyon blasted Memphis 14-11 to win the LL Regional Championship at Hereford Tuesday nite.

HOSPITAL NEWS

Patients in Hansford Hospital are Harold Nash, Joe Day, Alice Waggoner, Oliver Barnes, Roscoe Parks, Margaret Longoria and son, Kay Hawthorne & son, Beverly Jennings and daughter, Eddie Faye Miller, Ruby McCullough.

Dismissed were Troy Baker, Eddie Clemmons, Grace Patton, Sammy McLain, Betty Jean Harris.

THE Spearman Reporter

VOLUME 61, NO. 36 THE SPEARMAN REPORTER, Hansford County, Texas 79081 THURSDAY, JULY 30, 1970

Re-Districting Of County May Come In Hansford

"If any citizen wants it done... then we will have to do it." County Judge Johnnie Lee summed up the predicament he and commissioners find the county in—in response to a letter received this week from a Spearman resident urging re-districting of the county.

The letter, sent to commissioners from Emmett Sanders, read in part:

"Many interested citizens of Hansford County have been patiently waiting for the Commissioners Court on its own motion to redistrict the county in accordance with the law of the land. Thus far we have been disappointed in the court's do-nothing attitude.

"I plan to file a class action suit on behalf of myself and other concerned citizens to force compliance with the 'Midland Case'."

The so-called "Midland Case" was one in which the Supreme Court two years ago decided that counties must re-district and provide representation of all citizens on a "one-man, one-vote" basis.

Following receipt of the letter, Judge Lee told the Spearman Reporter that the commissioners court would take no immediate action, but that commissioners were to contact the Attorney General's Office to discuss the matter now, although the county is now "operating efficiently" under the traditional self-governing-precinct system.

The commissioners this week took the position that the people of Hansford County now have got all the representation they want or need, and that "it would be a heck of a job to re-district."

Judge Lee declared during court Monday, "Look out taxpayer... re-districting would mean extra taxes—but if the law says we have to do it... we could re-district, but we would have to throw our tax system out of the window and that's what would cost money."

How to re-district? Judge Lee said, "That would have to be worked out."

The matter, he added, was to be discussed with the Attorney General's office.

Commissioners Monday pointed out that to date only three West Texas counties have complied with the Supreme Court's ruling; Midland, Randall and Moore.

Hutchinson County is considering—and will probably comply with the ruling soon, Judge Lee noted, (Hutchinson borders Hansford, to the south.)

One commissioner this week remarked, "I think the Supreme Court was out of line—that body is not supposed to make laws."

Another commission response was "Why do they want us to raise taxes? Right now, the county is cooperating with the cities." He cited the cooperation which has existed and which still exists as "excellent" and as "1,000 percent."

After hearing that some Spearman residents want to raise the tax valuation on irrigation tracts above the present \$9, commissioners said they were "trying to hold tax valuations down where they are."

Commissioners agreed Monday that the problem facing them "is not a simple matter."

Judge Lee said he personally didn't think re-districting would be any "disaster," it's just that we don't know yet what is involved.

The talks with the Texas Attorney General will clarify legal matters, he indicated.

Under the present districting set-up, the judge explained, he, the chairman of the commission is elected on a county-wide basis, but each of the four precincts elects its own commissioners.

Also, all monies collected in taxes "stay in each precinct."

Under any new re-districting plan, taxes would go to the county seat at Spearman for re-distribution among all areas of the county on a population basis.

"This works sometimes," the judge went on, "while other times it doesn't. I don't think the plan is really bad, yet we don't know yet what is involved."

Under a new-re-districting

plan, all county monies "would go into one pot."

Sanders, reportedly circulating a petition asking support of his stand, Monday withheld comment, pending action of the commission. However, he said a news release would be forthcoming within two or three weeks.

Basketball Scholarship

Sandra Shufeldt, daughter of Mr. and Mrs. Kenneth Shufeldt of Spearman, has accepted a basketball scholarship to Ranger Junior College this fall.

Sandra is well known among friends and acquaintances as a basketball all-star player.

She has participated in two major all-star basketball events in July. The first was the 14th annual All-Star Girls' Game, played at Brownwood Coliseum, Brownwood; the other was the First Annual All-Star Game between Oklahoma and Texas, held last Saturday at Lindsay, Okla.

In both games, Sandra represented Spearman High School.

Sandra is 5 feet, 8 inches tall, and is 18 years of age. She plays the position of forward. For the 1969-70 school season, her point average per game was 15.3.

She made all-district play during all three of her years in high school.

In the Oklahoma vs Texas game, Texas lost to the neighboring state by a final score of 75-58.

The Oklahomaans, said a news report, deemed underdogs at the start because of the Texans' superior height, displayed a well-balanced offense and an aggressive defense to get the jump in the new series of top high school girl basketball talent rivalry.

And this fall and throughout her college career, Spearman realtives and friends will be watching what this young lady does in the world of women's sports.

HANSFORD COUNTY... A re-districting of the entire county, in the future...

Searching For Math Teacher

AUSTIN--A statewide search for a highly qualified high school science or mathematics instructor who would like to teach and travel in Australia for two years is now under way in Texas.
 An invitation to select one Texas teacher for an international teaching fellowship was sent to Governor Preston Smith by Sir Henry Bolte, premier of the State of Victoria, Australia.
 The selection process will be coordinated by Dr. J. W. Edgar, Texas commissioner of education. Once the Texas teacher has been selected and confirmed by the education department of Victoria, the winner of the fellowship will be announced by Gov. Smith, probably about mid-October.
 The fellowship will commemorate International Education Year, 1970, and the Centenary of State Education in Victoria, 1972. It will begin December 31, 1970, and continue through December 31, 1972. Travel, salary, and other expenses will total \$17,160 for the two-year period.
 A total of 100 teachers from the United States, Canada, and the United Kingdom will be offered fellowships by the State of Victoria. The 50 Americans, including one from each state, must show "evidence of outstanding contribution to teaching in the field of science or mathematics in secondary schools."
 Fellowships to be awarded teachers in the United States will acknowledge the "generous assistance given by the American government and private endowments to teachers from Victoria over many years" and the "outstanding success of American scientists and technologists in the last decade, according to the announcement from the Victorian department of education."
 The selection process announced by Dr. Edgar is designed to notify as many teachers as possible through local school districts and the state's colleges and universities. Recommendations are being sought from both school district superintendents and education and graduate deans.
 Interested teachers with degrees in mathematics or one of the sciences plus four to six years classroom experience may send applications to Dr. Edgar at the Texas Education Agency, 11th and Brazos streets in Austin.

Mrs. Mary Womble and Johnny Womble of Abilene visited last week in the home of Mrs. Jesse Womble. While they were here they all enjoyed going to Palo Duro Canyon to see "Texas".

Hansford Deputy Leaves., Will Join Canadian Force

The anticipation of parenthood, driving over snowy plains highways... seeing her for the first time... the journey home on Feb. 15, 1969, the day he picked up a little girl he would call his daughter... He remembers it all well.

Her name was to be Kellye. Now 18 months old, Kellye is the adopted daughter of R. L. McFarlin, and "wife, Kaye. Assuming parenthood of young Kellye, who joined son Gregory Scott, was perhaps the event R. L. recalls most vividly of recent personal experience.

And now Kaye is pregnant. "That will make three," R.

L. said happily this week as the days rocked slowly away. He's getting ready to move his growing family to another small West Texas town.

He has resigned as Hansford County deputy sheriff to become Chief of Police for the City of Canadian--as of Aug. 2.

R. L. knows his new job is a significant step upward for him--an opportunity he cannot afford to pass up--yet there is one regret: leaving Spearman...

And those whom he leaves behind share that regret. Particularly, Sheriff J. B. Cooke, who Monday said, "He's a

good officer, and I hate to lose him."

With another child coming, the departing deputy noted, the quarters above Hansford all where the family has lived for some time, would get "a bit crowded."

He plans on settling the family into a larger home in Canadian.

Deputy McFarlin came to Spearman in 1966 from Dumas, where he was a member of the city police. He is a veteran of three years' service in the U. S. Army.

While in the service, he served with the security forces near the notorious Berlin Wall in West Berlin. He has many memories of that experience, too.

"I was there about thirty months, from August of 1958 until March of 1961. We lived in tents in those days, near the Wall. The East Germans would take fire trucks and flood our quarters--until the Corps of Engineers went in and paved the area where we stayed."

"I was 19 years old then, and not a whole lot bothered me. You could hear the East Germans cut loose with machine guns (whenever somebody attempted an escape to the West). We operated rescue missions... but most of the time, the victim had already been shot..."

Deputy McFarlin now looks forward to ever-better days with wife Kaye and family in Canadian.

Of his work with Sheriff Cooke during the past four years in Hansford County, he said this: "I'm going to try to do just like the sheriff... he handles small and large problems the same; and anytime the people want him, he's ready to sacrifice his spare time--if he has any, I've learned more under Sheriff Cooke than I would have any place else."

During his all-too-brief stay in Spearman, deputy McFarlin has been active in the Jaycees.

It was his idea to establish the fine war memorial in front of the courthouse, to honor those from this county who have died in defense of their country. It was he who rose and made the motion to establish the memorial. And he saw his idea become reality, as townspeople rallied to, as he put it, "show that our feelings here were different than those in other areas. I'm proud of my flag and country

and I thought the 22 men who died in wars ought to be honored."

In conclusion, the deputy sheriff wanted the folks of Spearman to know that his experience here couldn't have been more pleasant. He said he and his family will miss the "friendly people although they're sure they'll find more new friends in Canadian."

Summing up, he remarked, "It would be hard to find another Spearman..."

Weather Totals Reported Here

The month of July has brought a total thus far of slightly more than 2.28 inches of moisture, Virginia Cates, U. S. Weather spokesmen here, reported Tuesday.

Latest moisture came Monday night when thundershowers rumbled over Spearman bringing .05 an inch.

Temperatures recorded so far show a brief cool spell, preceded and followed by warmer temperatures.

Moisture totals for July are as follows: July 9, .34; 13th, 1.25; 17th, .06; 20th, .48; 21st, .10; 23rd, trace; 28th, .05.

Temperatures were as follows, with highs given first, lows following: July 1, 95, 65; 2, 100, 68; 3, 99, 64; 4, 103-65; 5, 102, 64; 6, 102, 65; 7, 104, 67; 8, 101, 69; 9, 97, 67; 10, 105, 69; 11, 103, 70; 12, 93, 70; 13, 93, 65; 14, 100, 69; 15, 97, 68; 16, 97, 68; 17, 100, 67; 18, 102, 70; 19, 100, 73; 20, 89, 60; 21, 68, 56; 22, 80, 56; 23, 81, 55; 24, 85, 64; 25, 93, 64; 26, 95, 66; 27, 99, 68.

Members of the board of directors of the Spearman Chamber of Commerce will meet at 8 p. m., Monday at chamber office downtown.

Bill Walker said a report on a trip this week to Snyder, Tex., will be made at Monday's meeting. Also, several committee reports will be made, he added.

All board members are urged to attend.

Chamber Board Meets Monday

Outbreak Of Virus Reported In Fields

A virus named "Mosaic (MDMV)" is infesting sorghum in Hansford County and other Panhandle counties, north to the southwestern corner of Kansas, officials of the Texas Grain Sorghum Producers Board in Lubbock reported Tuesday.

In a special release, members of the board said, "Heavy infestations in sorghum are found from Lubbock north... the symptoms of this disease are characterized by a mottling (light and dark green patches between veins of the leaves) of the young leaves in the whorl, and later, in susceptible hybrids, by a red streaking which occurs on the upper leaves."

The red streaking is usually associated with final stages and will probably result in yield reduction in heavily infested fields. Malformed heads, reduction in head size, partial sterility, and failure to head are some of the late-appearing symptoms. This disease is transmitted by greenbugs and/or corn leaf aphids with Johnsongrass acting as the host plant.

"Nothing can be done to control or stop the spread of the disease for this year. However, producers are advised to observe test plots, demonstrations, and neighbors' fields for evidence of MDMV. Observations now will help determine the wise selection of tolerant hybrids for next year."

"This fall, Texas Grain Sorghum Producers Board will make available to its members a list of tolerant hybrids."

The virus was first discovered near Canyon in 1966, when an infestation reached disastrous proportions of 90 per cent.

The virus has been reported in seven other Panhandle counties since that time and this year in particular.

Degree of infestation varies from field to field and variety to variety.

Officials of the producers board this week urged preventive measures be taken among farmers for control next year.

County agents have agreed that cold weather (of about 55 degrees) triggered outbreak of the virus in the Panhandle this year.

Charter Buses To Leave On Aug. 21

Spearman residents who wish to enjoy the convenience of a bus ride instead of a trip by private auto should make plans now to attend the musical, "Texas" at Palo Duro Canyon Aug. 21.

Two charter buses will be available on that date, reports Mrs. Sam Graves of Spearman. For the past few years, Spearman folk have traveled to the play in the annually-chartered buses.

Reservations may be made by contacting agents at either 3617 or 3446, Spearman, Mrs. Graves said. Cost per person is \$10.85.

That cost includes transportation to and from Canyon, a tour of the Palo Duro Canyon and reserved seats at the amphitheater.

The buses this year will stop at Furr's Cafeteria in Amarillo for a pre-play meal.

They will depart Spearman promptly at 4 p. m., Aug. 21. Residents of Gruver, Morse and Snettett are expected to make the tour, as in the past.

ed Cates winner by two instead of three votes as previously decided by the State Democratic Executive Committee.

Trosper took the election to court after an official recount by Demo party officials in the seven-county district.

ATTEND FUNERAL OF BROTHER

Mr. and Mrs. Roy Jones returned home Saturday from Corsicana where they attended the funeral of his brother,

Alson Jones. Mr. Jones was 77 and passed away Tuesday of last week after suffering a heart attack while visiting another brother, Alvin Jones, who was recuperating from surgery. Services were held Thursday, July 24 in the Corley Funeral Chapel in Corsicana.

Other survivors include his wife and a host of nieces and nephews.

Mr. and Mrs. Payte Grigsby visited Wednesday in Hereford with Leota Good, an old friend and former Spearman resident.

Kitchen heat got you beat?

Switch to COOL electric cooking

Electric cooking is cooler cooking because it's flameless. Electric surface cooking units transfer heat by direct metal-to-metal contact with utensils. The heat goes into the utensils and the food, not into the kitchen air. And because the electric oven is flameless, it needs no flow of air through it to support combustion. The oven is insulated all around--including the bottom--to keep heat inside and out of your kitchen. See the cooler-cooking flameless electric ranges at your dealer's soon.

"YOU NAME IT"
by Billy Miller

I have certainly enjoyed the Spearman Little League play this summer. I would like to take this opportunity to thank the coaches who make the whole program possible. And, the umpires. As a fan, I would like for the umpires to forgive all of us radical baseball fans, when we get carried away at the ball games. Please forgive all of us who think that we know more about the game than the umpire does.

Understand that Joe Trayler is in an Amarillo hospital for a checkup. Also, Frank Massad underwent surgery in Amarillo Monday of this week.

The church softball league will have a big game this Thursday night. The Sole Brothers (Deep-water Baptist team) will tangle with the college all-stars at the local Little League diamond, at 8:30 p.m., Thursday evening. There will be another College All Star game on TV Friday night, but this one in Spearman Thursday may be the better game of the two.

I am anxious to see what happens with the re-districting of the county. The problem is maybe greater than most people realize. But, the law says it's got to be done. Judge Lee is calling the Attorney General for a ruling on the re-districting, and we are waiting on the final word.

Everyone is on vacation this week. But, a lot of things are going on in Spearman. Ideal is having their 50th Golden Anniversary celebration, and Consumers is having their grand opening this Thursday, Friday and Saturday. Both of these stores have contributed a great deal to the prosperity and success of our town. Spearman seems to be on the grow, with several houses, and many new business buildings being erected. And, some people think the recession is over, and we agree. When everyone gets home from vacation, and school starts we just won't be able to handle the population explosion.

I was over visiting Todd Martin, grandson of Mr. and Mrs. R. E. Martin, and met Belinda Tanner, daughter of Mr. and Mrs. Don Tanner. Belinda is a little doll, and is Todd's best friend. Spearman has the best kids in the world, and Be-

linda was so nice, I just couldn't help make mention of her in my column this week.

LeWard Hood is now helping us with news at the Reporter office. He is an outstanding feature and news writer, and most of you can already tell we have upgraded our news considerably. But, that is really all we have to sell. -- And, we pride ourselves in featuring mostly good news.

I am anxious to drive to Arver and see Dick Doyle's calf-feeding operation. Understand that he buys small calves, and starts them on a grain mix and has had good success with his program. Dick says I can come over and see his calves, if I will do a special feature on his feed lot. O.K. Dick, you may be next.

Ab Abston, and Jerrold Thomas accompanied me to Hereford for the LL regionals Monday night. Ab, manager of the White House, and Jerrold are both acquainted with the workings of the oil field. Ab told me about drilling in the Corpus Christi area in 1937, when he was a derrick hand for 75¢ per hour. He said they would strike a gas pocket, and if they weren't real careful the whole well would blow up, and sometimes take derrick and all. And, he said many a man left the tower by way of the cotton patch, which meant that they would shiny down one of the guy lines on the derrick. I guess that is why Ab has turned into such a good golfer. He developed all of those muscles in the oil patch in 1937. Jerrold says our oil patch should be good for many more years in the Spearman area.

We are facing quite a problem in our country. If the car manufacturers all go on strike, and the football players go on strike, the two strikes might sorta off-set each other. That is, if there are no football games to go to, we won't need any new cars...

By the way, some of the mothers of the kids on the Little League all star team have called, asking about pictures of the team. Yes, we have a new Yashica Automatic Eye sports 120 camera, and made 12 pictures of the kids, and strangely enough, ended up with 12 good pictures. So, if you want some pictures of all of the kids, we do have the negatives, and they are compliments of our advertisers. If it wasn't for our ad-

vertisers, we could not even carry a sports story, let alone make pictures, so patronize them with all of your heart, sole, etc.

I have received several long distance phone calls for some of my super secret carp bait mix. But, the mix was so secret, that I forgot it, and am having a hard time getting a batch to gel. I am making this super secret mixture with red jello, and bright red cake coloring. This might attract so many large catfish that it could ruin us carp fishermen. That is, if there are any catfish around, bigger than the carp. I have to settle for a mess of large channel cat. But, if the catfish are big enough, they will fight almost as strong as a 5 or 6 lb. carp.

Mrs. Edwards Host Dahlia Flower Club

Mrs. Mabel Edwards was hostess for the July 27 meeting of the Dahlia Flower Club in her home.

Club president Mrs. A. F. Loftin opened the meeting by reading the quote from the day's lesson. Members voted to have the meeting which was missed during June in the latter part of August or in September. Mrs. Bob Baley volunteered to have it in her home. The August 10th meeting will be a covered dish luncheon at noon. An announcement was made of a bus going from Spearman to "Texas" August 21. Anyone interested in going may contact the local bus station.

Mrs. H. M. Shedeck was in charge of the program and introduced her granddaughter, Maria McWhirter who presented a very interesting travel talk on their trip to the Bahamas.

Roll call was answered with "Women's fashions today" by Mmes. Bob Baley, Frank Davis, Irwin Delt, Virgil Floyd, A. F. Loftin, Guy Remy, Earl Riley, H. M. Shedeck, Olin Sheets, J. W. Walker, Jesse W ombie and the hostess.

The meeting was closed with the repeating of the club collect.

Mr. and Mrs. Bill Turner and boys and Mr. and Mrs. Ned Turner spent Sunday in Amarillo, taking the boys to Thompson Park for a playday.

holt news

Mr. and Mrs. Royal Crawford of Tulsa visited his sister, Mrs. Mildred Chamberlain of Spearman and other relatives the first of the week. Mildred returned home with them for a few days.

Mrs. Arch Marshall of Houston and Mrs. Odie Crawford of California are visiting Mrs. Berda Holt. Mrs. Crawford is going to live with Mrs. Holt.

Mrs. Maude Rosson's Tuesday luncheon guests were Mrs. Julia Davis of Portersville, Cal. and Mrs. Dan Jackson.

Mrs. Robert Janzen, Randy and Scott returned home Saturday after a few days visit with her sister, Mr. and Mrs. Howell Sampson and family of Mooreland, Okla.

Mr. and Mrs. Bud Jackson of Kelton, Okla. visited last week with the Irvin Lambs in Springer, N. M.

Mr. and Mrs. Bob Phelps and family of Forgan were Sunday afternoon callers of Mr. and Mrs. Dan Jackson.

Mr. and Mrs. Curtis Harbour and Maria Gay Sunday afternoon callers were Marla Gay's eleven grandparents and great-grandparents: Mr. and Mrs. Bob Lamb of Stinnett, Mr. and Mrs. J. C. Cates and Mrs. Blanch Lamb of Spearman, Mr. and Mrs. T. L. Harbour, Mr. and Mrs. Dan Jackson and Mr. and

Mrs. Ira Harbour. They took many pictures and enjoyed visiting.

Thursday luncheon guests of Mrs. Owen Pendergraft were Mrs. Julia Davis of Portersville, Calif., Mrs. Berda Holt, Mrs. Bertha Jenkins and Maude Rosson. Sunday guests of the Pendergrafts were Mr. and Mrs. Roy Yarberry of Cuyomn.

Mr. and Mrs. C. W. Johnson and boys of South Boston, Va. are visiting her parents, Mr. and Mrs. T. L. Harbour and other relatives.

Mr. and Mrs. Boyd Hill and Mr. and Mrs. Orville Brogdon of Lake Whitney, Texas were Monday night guests of cousins, Mr. and Mrs. Herbert Kirk and Kandy. Then Monday morning, the Kirks left for Lubbock where their daughter Nancy Martin had surgery Tuesday morning and is in the West Texas Hospital in Lubbock.

Mr. and Mrs. Raymond Kirk returned home Sunday after spending a vacation of relaxation and fishing at Buena Vista, Colo.

Patrol Urges Use Of Belts

Wear those seat belts! That word of warning came this week from Texas Highway Patrolmen, whose daily duties involve investigation of highway mishaps.

And like a shattered dream, officers warn, a life can come to an end, if the belts are not used by young motorists.

"Sitting on seat belts is no good," said one, "strap them on, save your life."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT (SJR10)
General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Subsection (a), Section 20, Article XVI, Constitution of the State of Texas, be amended to read as follows: (a) The Legislature shall have the power to enact a Mixed Beverage Law regulating the sale of mixed alcoholic beverages on a local option election basis. The Legislature shall also have the power to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a State Monopoly on the sale of distilled liquors.

"Should the Legislature enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 3, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "Repeal of the prohibition against open saloons found in Section 20, Article XVI of the Constitution of the State of Texas."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT (HJR30)
General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Subsections (5), (6), (7), (8), (9), (11), (12), and (13), Section 1-a, Article V, Constitution of the State of Texas, be amended to read as follows: (5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least five (5) members. (6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature. B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement benefits under such laws may be removed from office, for disability seriously interfering with the perform-

ance of his duties, which is, or is likely to become, permanent in nature. (7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court. (8) After such investigation as it deems necessary, the Commission may in its discretion issue a private reprimand, or if the Commission determines that the situation merits such action, it may order a hearing to be held before it concerning the removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission. (9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the

recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary." (11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office named in Paragraph A of Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed. (12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal. (13) This Section 1-a is alternative to and cumulative of, the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment relating to the removal, retirement, or censure of Justices, Judges, and Justices of Peace under prescribed circumstances."

Three From Area At Waco Meet Cattle Figures For Feedlots Up This Year

MARY JANE JONES

MATT LAIR

FRANK LEMONS

Two young men from Spearman and a girl from Gruver currently are among some 425 high school students from over Texas attending the eighth annual High School Students' Citizenship Seminar in Waco. They are Frank Lemons, Matt Lair and Mary Jane Jones.

The conference will end Friday and is sponsored by the Texas Farm Bureau.

The three students were selected to attend the seminar

on the basis of scholarship and leadership. All were to receive three days of orientation on the American system and way of life. Emphasis, said conference spokesmen, was to be placed on economic, moral and social aspects of American society.

Four nationally known lecturers were to speak this week at the meeting: Dr. Clifton Ganus, president of Harding College, Searcy, Ark.; Dr. C. L. Kay, assistant president

of Lubbock Christian College; John Noble, Muncy, Pa., author of "I Was A Slave In Russia"; and W. Cleon Skousen, Salt Lake City, author and former FBI agent.

Also on the week's program is testimonial by four young Huntsville convicts who share their personal experience in hopes of preventing crime among people, and a young former narcotics addict, who relates the "tragic story of his life."

As of July 1, cattle on feed for slaughter totaled 1,353,000 head--13 per cent above the figure recorded on July 1, 1969, Texas Crop and Livestock Reporting Service spokesmen reported.

The new total also is 5 per cent above the June, 1970, total of 1,292,000 head, and 9 per cent above the April 1, 1970 total of 1,243,000.

The 267 feedlots as of July 1 boasted a capacity of 1,321,000 and 184 smaller lots reported cattle on feed.

83 lots were empty.

Capacity of the 267 lots, 2,272,000, was 58 per cent full July 1.

Of the cattle on feed, 817,000 head were steers; 534,000 head were heifers; and 2,000 were cows.

Sixty-four per cent of the cattle and calves on feed July 1 had been on feed less than 3 months; 33 per cent had been on feed from 3-6 months; and 3 per cent had been on feed for over 6 months.

Cattle on feed from April to July 1 totaled 909,000 head, up 10 percent from the same period in 1969. Cattle marketed out of Texas feedlots were 799,000, head up 23 per cent for the same period the year previous.

And feedlot operators reported intentions to market 749,000 head in the period from July 1 to Sept. 1 (excluding short-feed). This is 55 per cent of the number of cattle on feed July 1, and 11 percent above the same quarter of 1969.

HOMEMAKERS helped youngsters of the Spearman Summer Reading Program organize and have their annual party Monday. Those whose pictures were available were: Debbie Smith, Diana Robinson, Le Ann Smith and Donna Reed.

ASCS Reminds Citizens Of Upcoming Elections

Officials of the U. S. Agricultural and Stabilization and Conservation Service here reminded this week the ASC community committee election is to be held soon.

Ballots will be mailed to all eligible voters in 4 community groups about Sept. 1. The voted ballots must be mailed or returned in person no later than Sept. 11.

Hansford agriculturists who are engaged in farming or ranching activities are eligible for nominations to the committee seats.

A slate of at least six nominees are to be developed in the county. Candidates are nominated by petition. All petitions must be limited to one nominee each, signed by six eligible voters in the community, and received at the county ASC office no later than Aug. 17.

If six or more eligible candidates are nominated by proper petition, and they agree to serve, no further nominations will be made for the community. However if less than six are nominated by petition, the present community committee will add the number of nominees needed to complete the slate of six.

Persons nominated should be engaged in the operation of a farm or ranch and "well qualified" for committee work.

Generally, a person is eligible to be a community committee member if he lives in the community in which he is eligible to vote.

If a person is nominated and found to be ineligible, he will be notified and given 15 days in which to appeal to the county committee.

Mr. and Mrs. John Hutchison of Lubbock visited Friday and Saturday in the home of his mother Mrs. Louene Hutchison in Spearman. John is summer school, studying for law degree at Texas Tech in Lubbock. Mrs. Hutchison will be teaching in a Lubbock high school this fall.

Tom Murphy of Ira, Texas is visiting Michael Self in Spearman this week. Michael is the son of Mr. and Mrs. M. ron Self.

Young Readers Enjoy Outing

Monday was a big day for Spearman youngsters who completed the library's six week summer reading program.

The kids--about 52 of them--got together for their school's-end party at Womble Park, where they enjoyed general folicling, games and refreshments including frozen candy and cold drinks.

Home Economics students from the high school assisted library personnel in operation of the party, described as a high success.

Library officials highly commended the young home economics students for "doing a fine job" in party arrangements.

To Mrs. Frances Hudson and her students our thanks and appreciation for helping

with the Summer Reading Program party. The students did an excellent job of entertaining the children with games and serving the refreshments. Such a good time was had by all that everyone is anticipating with great enthusiasm the reading program and party next year.

The young homemaking students who assisted with party preparations were: Le Ann Smith, sophomore; Donna Reed, sophomore; Debbie Smith, junior; Diana Robinson, junior; Anita Smith, senior; Judy Honeycutt, junior.

Johnny Holland and a friend Tony Gonzales of Colorado Springs, Colorado visited recently in the home of Johnny's parents Mr. and Mrs. Otto Holland in Spearman. Johnny plans to enter college in Colorado Springs this fall.

Mrs. Barry Martin and daughter Ellen of Knoxville, Tennessee is visiting in the home of her parents, Mr. and Mrs. Winfred Lewis.

Firemen Return Home With Fire Safety Tips

"Very good practical experience. That's how City Fire Marshal Robert Ragsdale described the week he and two other Spearman firemen spent at Texas A&M learning the latest fire-fighting and fire prevention operations and techniques.

"It was worthwhile, interesting, and informative," Ragsdale said, noting that he himself attended pump maintenance schools, and Ronnie Burke attended the basic fire-fighting course.

"In the fire-fighting school," Ragsdale continued, "they actually fight fires in houses; pit fires, butane fires, aircraft fires, oil tank fires, and car fires—the whole works."

He said Spearman firemen also underwent training in forcible entry to buildings on fire, and took studies in such work as rescue operations, ladder manipulation, loading of horses, public relations, protective equipment and pump maintenance.

What impressed Ragsdale most about this year's school? The information he picked up regarding "dangerous chemicals or explosives shipped by rail or highway—an extreme danger."

Noting that often trucks bearing dangerous materials come through Spearman via highway mainly, although much anhydrous ammonia comes through via rail.

"We are prepared," he said of the Spearman fire department's readiness, we have manuals on our trucks to find out what to do with chemicals (you don't pour water on some).

"But we need to find out what chemical it is before we fight a fire. This is one thing firemen are constantly worried about."

He recalled an event that occurred once elsewhere, when three firemen were killed after attempting to fight a fire on a truck on which "explosives" signs had been removed.

Ragsdale added that, "efforts now are being made to get a standard system of truck and rail markings" showing exactly what chemicals are aboard, so that firemen may know instantly what they are up against.

Here is further warning he brought home from the school to share with Spearman residents:

"The average person should always have two planned escape routes from his home. He should sleep with the bedroom door closed... people usually are killed in home fires by smoke, when doors are open.

"And the resident should also feel a door before opening it if at night he is awakened by fire in the home. If the door is warm, don't open it, go out a window. Flames would rush in if the door were opened."

Ragsdale also issued a warning to residents and builders constructing homes with fiberglass bathtubs or other bathroom fixtures.

"Fiberglass tubs are not good," he explained, "they give off toxic fumes."

The fire marshal urged residents to give "thorough" investigation to use of any fiberglass in home construction.

Of the fire school he and the two colleagues attended last week, he said this: "People who've never been to it don't realize that the only way to learn how to fight fires is to fight them. And down there (at Texas A&M) they have controlled fires with no loss of property..."

This year's trip makes the third for Ragsdale, who is concentrating on obtaining personal knowledge in the realm of fire prevention, mainly.

Cowboy Makes Spurs

Spearman cowhands who "want to really do good in rodeo" should look up a fellow named Dash Danner, when visiting Amarillo.

Danner said he recently sold a pair of his custom-made rodeo spurs to Billy Hubbard of Spearman and Nick Freeman of Perryton.

Working at his bench in the family garage just north of Amarillo, Danner is well-known among Panhandle rodeo hands for both his skill as a rider and for his expanding hobby of spur-making.

Danner builds "light spurs with offsets to individual specifications—for bulls and barebacks both."

His spurs feature a thick rail which he says "give you a better grip."

The custom-made spurs are made of blue metal. "I gun-blue them to prevent rusting," Danner adds.

Right now, he's pretty busy but he's expecting more business. "The boys have hit me up for seven pair, I had one call all the way from Pecos," He said his spurs "sell themselves. Ask Tom Stout."

Stout is a man Danner says is "a good prospect for world's champ in bulls."

Danner recently sold him a pair of his special spurs.

He makes blue spurs for \$18, with rowels, and straps and tie-downs are priced at \$4 rowels, \$3.

Danner's address is 4846 Broadway, Amarillo. He can be reached at the number, 1-866-3831141.

"Tell those Spearman hands, I guarantee 'em winning spurs," said Danner.

The best way to avoid skin cancer is using caution in the sun. Cover up; wear a hat; use protective lotions. The American Cancer Society says it's just common sense to prevent a common form of cancer.

Cancer Puzzle
Breast cancer is the leading cause of cancer death among American women. Yet it is rare among Japanese women. Why? That's part of the cancer puzzle American Cancer Society research seeks to solve.

Crucial Test
Uterine cancer is curable in almost 100 percent of cases if diagnosed early. The Pap test makes early detection possible. The American Cancer Society urges every woman to have a Pap test as part of a regular health checkup.

Weekly Report Filed In Texas

AUSTIN--Some 90 oil wells and 40 gas wells were completed throughout the state during the past week, members of the Texas Railroad Commission reported.

Those figures bring the year's totals to 2,945 oil and 1,124 gas wells completed, as compared with 2,879 oil and 1,421 gas wells drilled by this time last year.

Wildcat activity produced five oil and six gas discoveries. One oil strike each was reported in the San Antonio No. 2, Houston, Corpus Christi, Kilgore No. 6 and Wichita Falls Districts.

The Corpus Christi district reported five gas discoveries, with one in the Houston district.

A total of 214 wells were plugged during the week including 53 dry holes.

SPUR-MAKER--Veteran bull rider Dash Danner of Amarillo works some 15 hours a week making custom spurs for friends and customers from the North Plains. His natural ability and knowledge of rodeo technique, gained through years of both amateur and professional competition, are put to use in his unique hobby.

Clarendon College Schedule Is Set

Spearman students planning to attend Clarendon College this fall are reminded of the schedule for the 1970 term.

Pre-Registration-counseling is slated for Aug. 24-29; dorms open Aug. 30; food service begins Aug. 31; registration for day and evening classes, Aug. 31-Sept. 1; classes begin, Sept. 2; Labor Day holiday, Sept. 7; classes resume, Sept. 8; late enrollment fees of \$5 assessed after Sept. 8; last day to make schedule change, Sept. 11; 12th class last day to register, Sept. 17.

Mr. and Mrs. Eugene Yarbrough and Donna visited over the weekend with his parents, Mr. and Mrs. Aubrey Yarbrough in Stinnett and with her sister and husband, Mr. and Mrs. Jim Hall in Pritch.

WT Stands Behind Controversial Plan

The West Texas Chamber of Commerce--traditional spokesman for this part of the state--has heartily endorsed the controversial Texas Water Plan.

The chamber has hailed the plan as the "largest water project ever to come off the drawing board and adopted into law."

George W. McCleskey, chairman of the WTCC water committee, has said, "the chamber believes the plan to be good for all Texas and supports its implementation at an early date. We believe that when the plan is fully understood by the people of Texas, financing for its implementation will be approved..."

"Members of the legislature, we are confident, are the best judges as to when the voters are ready to consider this matter again. The call for another election must be coordinated with the planning of state agencies and officials as well as with federal agencies and

members of the U. S. Congress. WTCC spokesmen said one of the plan's greatest features, is "its flexibility, particularly with respect to its ability to deal with dates of delivery and to adjust to the future needs of various areas."

The water plan has been defeated once in an election. And it is an almost-sure bet that it is to come again before voters of this state.

It involves bringing water via pipeline from the Mississippi River to the High Plains of Texas. Opponents point out that water quality from the "muddy" Mississippi might be low.

But proponents claim this isn't so, that with treatment "it's as good as any."

WTCC takes the official position that: "We believe that thinking people, when they fully understand the plan will recognize its necessity, not only for Texas, but for the nation and the world."

"Conservation of available water supplies is an essential part of the Texas Water Plan."

'Open Letter To Man' Is Message Of Dignity

In this era of preoccupation with sex and nudity, a simple letter written to man about the image of womanhood is creating a lot of interest throughout the country.

Some radio personalities such as Los Angeles' famous Dick Wittinghill have read it repeatedly on their radio programs. Newspapers and magazines, both religious and secular, are reprinting it. And private citizens are copying it for distribution to their friends.

This is what "Open Letter to Man" says:

"I am a Woman.

"I am your wife, your sweetheart, your mother, your daughter, your sister... your friend. I NEED YOUR HELP.

"I was created to give to the world GENTLENESS, UNDERSTANDING, SERENITY, BEAUTY AND LOVE. I am finding it increasingly difficult to fulfill my purpose.

"Many people in advertising, motion pictures, television and radio have ignored my inner qualities and have repeatedly used me ONLY as a symbol of SEX.

"This humiliates me; it destroys my dignity; it prevents me from being what YOU want me to be -- an example of Beauty, Inspiration and love.

"Love for my children, love for my husband, love of my God and country.

"I need your help to restore me to my true position... to ALLOW me to fulfill the PURPOSE FOR WHICH I WAS CREATED.

"I know you will find a way."

This letter was written about ten years ago by songwriter Sy Miller and his wife, the former actress, Jill Jackson. But it wasn't until "Open Letter to Man" was discovered shortly over a year ago by the Rev. Francis J. Caffrey of the Maryknoll Fathers that it received widespread circulation.

Father Caffrey was so impressed with the letter that he got the Millers' permission to reproduce it. From that humble grass roots beginning, "Open Letter to Man" has developed its own quiet underground movement protesting the degradation of women as mere sex objects. Many prominent businessmen and entertainment personalities have assisted Father Caffrey in his efforts to help restore woman's proper image of love, beauty and dignity in our contemporary society.

R. D. Funk, Managing Editor of the Santa Monica (Calif.) Evening Outlook was among the first to tell the story of the Millers', Father Caffrey and "Open Letter to Man" in his column. Since then the "Open Letter" has been reproduced and circulated widely in the U. S., in some foreign countries and is on its way to expanding its message of common decency throughout the world.

1971 WHEAT QUOTA REFERENDUM--July 27-31 has been set as the dates for a mail referendum on 1971 crop wheat marketing quotas. Details are available from all county ASCS offices.

EGG INDUSTRY SHIFTS--The number of farms selling eggs decreased sharply, contractual arrangements gained importance and production shifted to the South and West during the 1950's and 60's, reports the USDA Economic Research Service.

Delinda Head, daughter of Mr. and Mrs. Garland Head, visited several days recently in Hereford with her aunt.

ENGAGEMENT IS ANNOUNCED

The engagement and approaching marriage of Miss Gloria Jean Allen to Richard Glenn Smith is announced by Mr. and Mrs. D. H. Allen of Skellytown, parents of the bride-elect. The prospective bridegroom is the son of Mr. and Mrs. Victor Rook of Spearman. Vows will be exchanged at 8 p. m., Aug. 7, in Skellytown Church of Christ with James Douglas officiating.

AUGUST WEDDING PLANNED

Mr. and Mrs. S. D. Powell, 717 South Colgate, Perryton, announce the engagement and approaching marriage of their daughter, Linda, to Hugh Mansel Bryan, son of Mr. and Mrs. Joe Dan Bryan of Spearman. The couple will be married on August 22 at the First Christian Church in Spearman and will live in Stephenville where both are students at Tarleton State College.

Home Ec Teachers To Attend Conference

Mrs. Frances Hudson and Mrs. Joy Barikowsky, homemaking teachers in the Spearman High School, will participate in the State-In-Service Conference for Homemaking Teachers and the Annual Meeting of the Vocational Homemaking Teachers Association to be held at the Statler Hilton Hotel, Dallas, August 3-7.

The theme of the In-Service Conference is "Homemaking Education-Dynamic Force for the 70's". The opening session on Monday night will be sparked with entertainment by "Sing-Out-Dallas", a group of young singers affiliated with "Up With People". The guest speaker, Mr. M. Arthur Neiman, Vice President and Publisher, Forecast for Home Economics, New York City, will speak on the theme of the conference.

Conference emphasis will include comprehensive planning and developing programs to meet the needs of more individual families, especially in depressed areas of the State.

Nationally-known consultants leading general sessions include Dr. Charlyce R. King, Associate Professor of Education and Director of the Family Life Institute, University of Oklahoma, at Norman, who will discuss family life, values and conditions today; Dr. William J. McGanity of the University of Texas Medical Branch in Galveston will review "The Nutritional Status of Texans", and the Dr. Margaret Eppright, Head of the Department of Home Economics of the University of Texas, who will present the

recommendations of the White House Conference on Food, Nutrition and Health, and discussion implications for nutrition education.

Consultants from the State Department of Education in Austin will be Dr. J. W. Edgar, State Commissioner of Education; John R. Guemple, Assistant Commissioner for Occupational Education and Technology; Mrs. Elizabeth F. Smith, Director, Division of Homemaking Education; and homemaking teachers from throughout Texas.

On Wednesday evening, August 5, the Vocational Homemaking Teachers Association will host a Luau during which 65 vocational homemaking teachers will receive tenure pins for service of 10-35 years in Texas schools. Six of these teachers are to receive diamond-studded 35-year pins.

The Annual Meeting of the association on Thursday will be highlighted with an address by Senator Chet Brooks of Pasadena, Texas. Senator Brooks, Chairman of the Senate Committee on Vocational-Technical Education, will discuss the studies made by his committee and the implications for future legislation. The meeting will climax with a talk on "How To Listen" by Mr. Harold C. Bryson, Regional Information Officer, Consumer and Marketing Service, United States Department of Agriculture, Dallas.

More than 1700 teachers are expected to attend the week-long meetings, said Mrs. Frances B. Bishop, Denton, president of the Vocational Homemaking Teachers Association.

MARRIAGE IS ANNOUNCED

MRS. ERNEST MARK VANDERBURG

Mr. and Mrs. Glynn Dale Colquitt of Houston announce the marriage of their daughter Joyce to Ernest Mark Vanderburg, son of Mr. and Mrs. Elzey D. Vanderburg. The couple was united in marriage on July 5 and now reside at 908 S. Drexel.

Let Me See
... by Sybil

Dorothy Buzzard out at Lady Fair shop told me the girls were having a terrible time making up their minds to buy the longer dresses. Girls going off to college in about a month are trying to complete their wardrobes for school. They try on a new dress, view themselves in the mirror, scream, and hang it back on the rack. This of course, pleases mothers and dads to no end. Money saved! Just as well go ahead and buy one girl, whether you like it or not, the style is longer. On the other hand, wear last year's wardrobe if you prefer... "anything goes". It's going to be a crazy, mixed up year.

Have you noticed we haven't had many flies this summer? Thank goodness. You might get a bang out of some house-fly figures--did you know that if Mr. Fly and a mate reproduced normally and nature didn't kill any of them off for six months, there would be enough flies to cover the surface of the whole earth seven feet deep? If you write the figure 191 and then after it you put 21 zeros, that would be the number of flies on earth! Just thought you'd be interested.

Guess if the critters ever get that thick we can try substituting flies in the following recipe: How to catch and cook cockroaches: First leave an old banana peel in your kitchen. Turn on lights. Wait one hour. Turn on lights. Capture whatever roaches you find feeding on the peel. Then, boil them in salty water for two or three minutes, drain and allow to dry. Mix with honey and cornstarch and spread evenly on cookie tin. Bake for five minutes. Cut into two inch squares and serve while warm. They tell us these are delicious but I haven't tried the recipe yet. When you do, let me know so I can pass on this information to all the interested readers.

It is said that George Washington never told a lie. Well, there was less occasion for lying in those days. Golf had not yet been imported from Scotland, television had not yet been invented, and the number of miles secured from a gallon of gas was not a subject for popular discussion.

Mrs. Wanda King of Clovis visited several days this week in the home of Mr. and Mrs. J. W. Davis.

Beck Family Enjoys Reunion

The family of Mrs. Elizabeth (Sid, Sr.) Beck, enjoyed visiting together last week.

Those present for various activities were: Mr. and Mrs. R. L. Huse of Spearman, Mr. and Mrs. Sid L. Beck Jr., Robert and Becky of rural Spearman, Mr. and Mrs. Harold Beck and Bobby of Dayton, Ohio; Mrs. Jeanette Clements and Sherry of Amarillo, Mr. and Mrs. Woodie Beck, Teresa and Janie of Spearman, Mr. and Mrs. Billy Joe Beck, Nancy, Peggy and Steve of Balke, Okla.; Mr. and Mrs. Al Tucker, Mike and Pat of Spearman, Mr. and Mrs. Don Beck, Jerry, David and Tammie of Amarillo, Mr. and Mrs. Johnny Crawford and Kelly Sue, Mr. and Mrs. Ronnie Beck of Spearman, Mr. and Mrs. Doug Beck of Balke, Okla. and Mrs. Elizabeth Beck.

On July 19 the group enjoyed horse shoe pitching and homemade ice cream at Mrs. Beck's, July 21st a picnic was held at the Berger Park and July 23rd everyone went to Berger to eat fish and go bowling.

WTSU To Host 18th Annual Reading Meet

CANYON--West Texas State University will host the 18th annual reading conference of the Texas Association for the Improvement of Reading (TAIR) Aug. 4-5.

Conference consultants are Dr. Nicholas J. Silveroli, associate professor of education at Arizona State University, and Dr. Alice Brooks McGuire, associate professor of graduate library science at the University of Texas.

Registration will be at 7:30 a.m. Aug. 4 and at 8 a.m. Aug. 5 in the WTSU Activities Center. General assemblies will be at 8:45 a.m. and 1:30 p.m. both days in the ballroom of the Activities Center.

Committee members for the conference are Robert Holman, assistant superintendent of schools at Hereford; John Jackson, elementary school principal from Amarillo; Mrs. Beth Posey, English teacher at Canyon High School; Dr. Helton Wilbur, assistant professor of education at WTSU; and Dr. Ruth Lowes, professor of education at WTSU.

A \$6 fee will be charged for the two day conference. The cost for attending one day is \$3.

Dormitory accommodations are available by writing the associate dean of student life for women at West Texas State.

Proceeding the two-day conference, the International Reading Association (IRA) will hold a dinner meeting at 7:30 p.m. Aug. 3 in the East Dining Hall at WTSU. Panhandle IRA president is Mrs. Jewell Malone of Borger.

Dinner reservations at \$2.50 per person may be obtained by writing Dr. Lowes. Guest speaker for the dinner meeting is Dr. Silveroli.

Reading conferences will be held in 13 colleges and universities throughout Texas. An estimated 400 persons will attend the WTSU meeting.

Conference programs will include lectures, panel discussions, exhibits and sectional discussions.

Organized in 1947 as a department of the Texas State Teachers Association, TAIR

is dedicated to a better reading program in Texas Schools.

NEW ARRIVALS

Mr. and Mrs. Jimmy Moyer of Spearman announce the arrival of a baby boy, Jody William, born July 21 at 3:48 a.m. in the Ochiltree General Hospital in Peryton weighing 7 lbs. 13 1/4 ozs. and measured 21 inches in length at birth. Paternal grandparents are Mr. and Mrs. S.H. Moyer of Spearman. Maternal grandparents are Mr. and Mrs. Bill Gaines of Henrietta, Texas.

Mr. and Mrs. Randol Hawthorne of Amarillo announce the arrival of a baby boy, Brian Keith, born in Hansford Hospital on July 24 at 10:23 a.m. Brian Keith weighed 7 lbs. 4 3/4 oz. and measured 20 1/2 inches in length at birth. Mr. and Mrs. Jimmy Latham of Amarillo announce the arrival of a baby girl, Carla Lynette, born July 24 in Amarillo. Maternal grandparents are Mr. and Mrs. Bill McElreath of Spearman and paternal grandmother is Mrs. Wilma Stedham.

Mary Sparks and Mrs. Jesse Womble visited with Mrs. Annie Dillon in Borger Sunday. Mrs. Dillon's son Omar was killed Saturday in an automobile accident. She is a long time friend of the two ladies.

Luther League Has New Membership

The Faith Luther League met Sunday July 26 to welcome new League member. Pastor Anderson gave an interesting talk on the part the League plays in the Church, District and International Leagues.

Members present were Cheryl Montgomery, Eugene and Linda Reneau, Cindy Kopke, and Pastor Anderson. New members present were Donna Montgomery, Tex Kopke, Teresa Oakes, Nikki Jones, Debbie Setlief, and Victor Anderson.

The League is making plans for a Hobo Party on August 9. Leagues from Borger and the Oslo Community have been invited to attend the party.

Mrs. Floyd Jones and son Garland Ray Martin of Plainview visited last week with Mrs. Jones mother, Mrs. Elsie Trolinder, a patient of Pioneer Manor. They also visited in the home of Mrs. Jones' sister, Mrs. Ina Mae Hughes.

Registration Opens At Frank Phillips

The twenty-third year for Frank Phillips College will open with registration on August 20th and 27th in the James W. Dillard Library. Classes will begin on August 28th.

Pre-counseling of students, who have sent in applications for enrollment and other necessary credentials, such as health certificate and high school or college transcript, is in progress and will run through August 14th.

A special date and time is set aside for each applying student to give adequate time for personal discussion between the counselor and student, to explore many of the facets of college life and study. Usually a schedule is made and only payment of tuition and fees is left for the regular registration dates.

All students interested in entering Frank Phillips College should write or call the Dean of Admission for the necessary forms for applying for admittance.

Telephone 274-5311 or Dean of Admissions, Frank Phillips College, Box 111, Borger, Texas 79007.

County Residents Buy \$2,265 Savings Bonds

During June there were new purchases of Series E and H United States Savings Bonds amounting to \$2,265 according to Hansford County Chairman C. A. Gibner. Sales for the first five months totaled \$43,950, or 63 percent of the 1970 goal of \$70,000.

Texas sales during the month were \$13,658, 747 compared to \$11,549, 134 during June of 1969, a rise of 18 percent. Year-to-date sales totaled \$90,771, 252 for 60 percent of the 1970 goal of \$179.9 million.

New purchases of E and H Savings Bonds and Freedom Shares over the nation during June amounted to \$465 million - a 25-year peak-month sales for the first six months of 1970 were \$2,514 million, 1 percent above 1969. Exchanges of Series E for Series H Bonds amounting to \$123 million were reported for the first six months which represents a 31 percent increase over exchanges through June 1969. As of June 30, 1970, \$52.0 billion in United States Savings Bonds were outstanding, which is 23% of the privately-held portion of the public debt.

Twyman To Give Address At WT

AMARILLO--Dr. J. Paschal Twyman of the University of Tulsa, one of the nation's youngest college presidents, will deliver the summer commencement address at West Texas State University Aug. 13. The university will confer degrees upon more than 400 bachelor and master's degree candidates at 8 p.m. in the Amarillo Civic Center Coliseum.

Dr. Twyman, 36, was appointed president of Tulsa in 1968, one year after he joined the private institution as vice president for research and development. He was subsequently named vice president for academic affairs before being elevated to the presidency. His meteoric rise in higher education began at the University of Missouri-Kansas City, where he received a bachelor of arts in sociology in 1955, a master of arts in educational administration in 1959 and a doctor of philosophy in education in 1962.

He served his alma mater for two years as a research assistant before spending six years on the faculty and staff of Oklahoma State University. In 1966 Dr. Twyman was named director of research, professor of education and assistant to the chancellor at the University of Missouri-St. Louis.

Rural Families Get More New Homes Now

AUSTIN--Rural families are moving into new or improved homes at a 17.4 per cent faster rate than a year ago.

Officials of the Farmers Home Administration have announced that during the first nine months of 1970 the agency approved 43,748 home ownership loans totaling \$465.4 million, as compared to 37,277 loans totaling \$360.7 million for the same period a year ago.

On a nationwide basis, loans for new one-family homes under the rural program exceeded 25,000 through March, equaling the number approved for the entire fiscal year of 1969. This is contrasted with a decline of 15.3 per cent in the new home starts in the nation for the same nine month period. In Texas, rural housing loans obtained through the FHA during the previous fiscal year totaled about \$36 million.

Joe W. Butler, vice president of the Lumbermen Assn. of Texas said, "The loan programs available to residents in the rural areas are many and varied and the prospects are for a greatly increased volume in the near future."

"Many people do not know that rural housing loans also are available to eligible applicants in communities of not more than 5,500 population. You local lumber dealer can assist you in getting information on the rural housing loan program."
