Lynx Plan Gala Homecoming For Gruver Friday Night

2 Boys Injured In Crash

TWO 19 YEAR OLD youths were injured here early Monday morning when their auto crashed head-on into a tree just east of Spearman on the Perryton highway.

19-year-old Spearman boy was killed and two others were injured in a head-on crash here Monday morning. The car was involved in an early morning auto wreck here Monday. The boy, son of Mr. and Mrs. Don Hendricks, is listed in "fair" condition. He is being treated for a head injury, lacerations and a broken neck vertebra. Leonard Monday, son

of Mr. and Mrs. James Monday of Lonewolf, Okla., is listed in "satisfactory & improved" condition at Hansford Hospital. He is suffering from broken ribs, internal injuries and a broken spinal vertebra. Investigating officers said the wreck happened about 3:45 a.m. Monday about one-eighth of a mile east on the Perryton highway. The 1968 Pontiac, owned by Hendricks, was being driven by the Monday youth who apparently went to sleep and lost control of the vehicle. The car left the highway and crashed head-on into a tree, and was completely demolished.

Both boys were taken by Spearman ambulance to Hansford Hospital. Highway Patrol officers from Borger and Hansford County Sheriff's officers investigated the accident.

Wreck Claims 1 Life

FATAL CRASH--W. H. McEntire, 45, of Spearman was killed about 9:30 a. m. Saturday. Two men were pinned in the wreckage for several minutes after the accident.

45-year-old Spearman was killed and two others were injured in a head-on crash here Saturday morning. The car was involved in an early morning auto wreck on the Perryton highway here Saturday. The boy, son of Mr. and Mrs. Don Hendricks, is listed in "fair" condition. He is being treated for a head injury, lacerations and a broken neck vertebra. Leonard Monday, son

of Mr. and Mrs. James Monday of Lonewolf, Okla., is listed in "satisfactory & improved" condition at Hansford Hospital. He is suffering from broken ribs, internal injuries and a broken spinal vertebra. Investigating officers said the wreck happened about 9:30 a.m. Saturday about one-eighth of a mile east on the Perryton highway. The 1968 Pontiac, owned by Hendricks, was being driven by the Monday youth who apparently went to sleep and lost control of the vehicle and failed to negotiate the curve. The car ran off the left-hand side of the roadway, fishtailed, went into a broadside skid and overturned, officers said. The car flipped and traveled about 40 feet in the air before it crashed to the ground and rolled onto its top after smashing through the barbed wire fence.

As of Tuesday, Oct. 6, no ruling had been made by Highway Patrolmen, and no charges filed. They

The Spearman Lynx team, undefeated for this entire season, will put their record on the line at Lynx stadium Friday night, against a highly improved Gruver Greyhound team.

The Greyhounds have been almost equally as impressive as the Lynx, but have lost one game to tough Phillips.

The Lynx almost had their hands too full at Stratford Friday night, as they kept their record unblemished, with a 14-13 squeaker. But, the Lynx have nothing to be ashamed of, as one fan said, "one point is as good as a hundred."

The Lynx team just hasn't been the same without their all-state candidate, James Lyon. But, as one fan said, we don't have a one-man team, and the local football fans expect the Lynx to have their club in top shape by Friday night.

On the other side of the Palo Duro, the Greyhounds are coming along fast, winning impressively over the Booker Kiowas 40-0 Friday night. And, as everyone knows, both teams will be high for this game.

Both high school bands will be on hand to perform at the game, as well as the pep squads. And of course the entire student body from Gruver and Spearman, as well as all of the fans in the county, are planning to attend. A special invitation to the people of Morse is extended by this newspaper, to be sure and bring your fans to the county-championship game Friday night.

After interviewing many, many fans, we feel that the Lynx will bounce back Friday night, and play top football. They just haven't had time to get over losing James Lyon, it seems. But, possibly the only disappointing factor in the game Friday night, was the Lynx defense, except when it really counted. The back field timing just didn't jell with the offensive line, but the offense seemed to be better than the defense, as they actually had three touchdowns, except for a fumble on the 1 yard line.

The performance of Scott Beedy was exceptional. Scott was brilliant at times, but still, it is up to the Lynx line to give a quarterback protecting to make any play work.

All fans agree that the game this Friday night, will be the hardest game of the year for the Lynx. They know that Gruver has the capabilities of winning the county championship.

The game will begin at 8 p.m., Friday night. If you don't have a reserved seat, come early, for the game of the year.

CHRISTMAS DECORATION CONTEST SET

Retail Merchants of the Chamber of Commerce met recently to discuss projects and special observances for the next year.

The committee unanimously approved the closing of businesses for one hour on Veteran's Day--November 11. Beginning at 9:30 on this date a patriotic program will be presented at the courthouse by the Future Homemakers of America department, the High School band and the High School choir.

Retail merchants agreed to provide gift certificate prizes in the Chamber sponsored Christmas decorating contest to be held the week before Christmas. Prizes will be awarded in a home decorations contest and to the best decorated business establishment.

They are still not sure who was driving the 1960 Chevrolet car which was declared a total loss.

JAMES LYON
No. 31 — Fullback — 182
Senior

James Ray Lyon, senior fullback, will probably start back to school this week. James underwent knee surgery after the Wheeler game. He was injured just before the half after setting up his third touchdown of the night. Although James will have his knee in a cast for 8 weeks, fans are hoping that he will be ready for basketball season. James will be able to see the homecoming game Friday against Gruver at Lynx stadium.

Banister Boys Win Contest

Word was received in Spearman this week that Brent Banister of New London had won first place in the Punt, Pass & Kick Contest in Overton. His win was in the 11 year old group and his little brother, John Wade won second in the 8 year old group. Brent will enter the contest at Tyler this weekend. They are the sons of Mr. and Mrs. R. C. Banister of New London, Texas, and grandsons of Mr. and Mrs. Pete Vernon of Spearman and Mr. and Mrs. Buster Banister of Henderson.

DEATH CLAIMS CARLOS STAGGS

Mr. Ray Moore of Spearman received word Monday of the death of his brother, 41 year old Carlos Wayne Staggs of Jacksonville, Fla.

Staggs was well known in this area. He was born in Farnsworth and lived in Spearman with Mr. and Mrs. Ray Moore until he was 18. After his discharge from the Navy, he made his home in Jacksonville and went in to the law enforcement profession. He had lived there 21 years.

At the time of his death, he was Chief of Police of Duvall County.

He is survived by his wife and two children; his mother of Dumas, Texas; his brother, Ray Moore of Spearman and two sisters.

Narcotics Agent To Speak Here Monday

Sentenced

Two men were sentenced to serve prison terms in an 84th judicial district criminal appearance session here Wednesday September 31.

Court was held in the court house first floor office of the Deputy Sheriff, with presiding Judge Max W. Boyer recuperating from a broken leg and unable to negotiate the stairs to his top floor courtroom.

Defendants receiving penitentiary sentences in the court session included Lloyd "Pete" VanWard and Donnie Mack McCullar.

McCullar was sentenced to serve two three-year terms for burglary of the Morse Equity and the S & P Oil Company, also of Morse.

VanWard, a county resident for the past several years, was tried and convicted in the fall term of district court on felony theft charges and was at that time granted three years probation. VanWard recently violated this probation and in Wednesday's court session was sentenced to serve three years in prison.

Criminal court convened again Wednesday of this week.

Can the red danger flag of "drug abuse" be waved too much?

Law enforcement officers who work in narcotics do not think so. Hansford County Sheriff J. B. Cooke and his officers do not think so. School educators and state leaders agree that a more concentrated knowledge is needed toward solving the growing drug problem.

Gerald TeBeest, vice president and program chairman of the Hansford County unit of the Texas State Teacher Association this week appealed to Sheriff J. B. Cooke to bring a program on drugs at the October 12 meeting of this group.

The meeting, open to the public, is scheduled for 7:30 p.m. Monday, October 12 in the auditorium at Spearman High School.

Sheriff Cooke has secured George A. Jones to bring a program on drugs at this time. Jones, a law enforcement officer for 15 years, works with the narcotics section of the Texas Department of Public Safety out of the Midland area office.

Officer Jones knows the drug subject very well--through education and experi-

ence as a narcotics agent. He has been schooled on drug abuse through training at Sul Ross University and at Texas A&M University.

The narcotics agent will discuss various dangerous drugs which are "commonly used" and abused. He will explain the violation and enforcement of Narcotics Laws. He will speak generally on what the drug problem is and how it is developing both state-wide and nationwide.

Sheriff Cooke urges all parents, teachers and the public at large to attend this meeting. "We in Hansford County need to be informed about the drug problem, and what Officer Jones has to say could be very important to the people in this community" he said.

Communities, all over Texas, have had to develop assistance programs to provide help in organizing and the mobilization of efforts at the local level in order to combat the drug problem.

This program is being sponsored by the Hansford County unit of Texas State Teacher Association which believes that in order to keep abreast of this problem, "we must be informed."

QUARTERBACKS

MEET

The Quarterback Club of Spearman enjoyed films of the Stratford game, plus coffee and cookies at the regular meeting Tuesday night.

Coach Anthony stated that Pool, one of Spearman's fine backs, broke his hand in the Stratford game, and would not play in the Gruver game. Womble has a foot injury, and the coach is concerned about the game Friday night. Quite possibly a new backfield will be used against Gruver in the home-coming game.

One bit of good news is the return of Gary Upchurch who broke his hand earlier in the season. Lyon, Upchurch, Pool, and Womble were all starters for the Lynx team.

The top ten teams in Texas high school football according to the Harris Rating System this week are:

- AAAA-Wichita Falls, Odessa Permian, PA Jefferson, Killen, Abilene Cooper, Beaumont Hebert, Austin Reagan, Baytown Lee, SA Lee, Greenville.

145 Enter Football Contest

A total of 145 entries were judged in last week's football guessing contest.

Thirteen people guessed wrong on only one football game, and according to the rules, the tie breaker score had to determine the winner. Don Burkhardt, Box 62, Spearman, was named first place winner by virtue of his tie breaker score. He guessed it would be Spearman 12, Stratford 6, which was 9 points off. The correct score was Spearman 14, Stratford 13.

Second place winner is Sammy Kemp, Box 127, Spearman. Sammy's tie breaker score guess was Spearman 18, Stratford 6, 11 points off.

Others who missed only one game were James Cunningham, Mrs. Ann Flowers, Sue McAdams, Wm. Sid Evans, Kerry Evans, Troy Sloan, Gale Good, Calvin Tension, Tony Anthony, Diane Butler and Mike Tucker.

Winners will pick up their prize money at the newspaper office.

Proved to be the most difficult games for contestants were the ones between Rice vs. California; Texas A&M vs Michigan and SMU vs Northwestern.

24 persons guessed wrong on 2 games; 42 missed three; 27 missed 4 games; 19 marked 5 wrong; 12 missed six games; six missed seven and two missed eight.

Entry blanks may be picked up at the newspaper office, or at any one of the sponsoring merchants listed on the football page. These must be deposited by 1:00 p.m. Friday.

JEFF WATSON, KATHY BAKER AND JONELL MORAN are first place winners in the Fire Prevention Week poster contest. Watson is a 3rd grade student, Kathy is in the 2nd grade and Jonell is a 4th grader.

Poster Contest Winners Named

One hundred and ninety-six students in the second, third and fourth grades of Spearman Elementary school entered the Fire Prevention Week poster contest this week.

The contest is sponsored annually by the Spearman Study and this year's number of entries sets a record. Entries are on display this week over the city in the windows of various business establishments.

Study Club members judged posters today and the top three winners from each grade were awarded prizes in a special assembly program at the elementary school. Cash prizes of \$3, \$2 and \$1 were presented to the top three winners in each grade.

Kathy Baker, Jeff Watson and Jonell Moran were named first place winners in the second, third and fourth grades, respectively. Other 2nd grade winner

were Edward McIntyre, second place, and Jamie Bulls, third place. In the third grade, Chris Bodey won second and Jose Avila took third place. John Reneau won second and Jennifer Umphress won third place for fourth grade entries.

tion on the length of the extension. Tarr said the carry-overs will be registrants who would have been called earlier in 1970 when their number was reached by their local board but who could not then be called because they were either in a deferred status or were exercising various procedural rights available under Selective Service Law.

"Fairness requires that these men be effectively exposed to a draft obligation," Tarr said. "All of the carry-overs will have been in the 1970 draft-eligible pool for less than 12 months, and in the great majority of cases, the effective exposure will have been only a few months. In every case, the non-availability of the men earlier in the year meant that men with higher lottery

numbers went in their place. We must try to achieve basic fairness between those men," Tarr said.

"At the same time," Tarr commented, "we should also recognize that the original intention of the lottery system was to expose no one to top priority draft exposure for more than 12 months. For this reason, we have introduced the general three-month limitation on the carry-over."

The Director said that orders have been issued to state directors instructing local boards to begin identifying registrants in the appropriate priority group "as soon after the last draft call of the year is issued by the local boards, probably sometime in late November." Boards will attempt to notify those men in the extended group as soon as possible, Tarr said.

The Executive Order also provides that a registrant can be inducted after he has reached age 26 if he has extended liability to age 35 and has been issued an order to report for induction prior to this 26th birthday.

The provision, however, prevents the board from issuing an order after a registrant's 26th birthday, even if he was involved in a delay which prevented the board from issuing an order before that date. This policy simply regularizes what has been Selective Service practice for many years, Tarr said.

Tarr said that the order also prevents a person in reduced priority from dropping into a lower draft priority while he is deferred and not vulnerable. The new order requires that the I-A registrant be reassigned in a draft priority status which he held when he received his deferment or exemption.

"Must a student be placed in II-S if he's requested it? A--Yes, if he's in a full-time course and satisfactory toward a baccalaureate degree and hasn't reached age 24. He must be making normal progress toward the degree.

SELECTIVE SERVICE QUESTIONS

Editor's note: Below are questions now being asked at draft boards. The answers are by Lt. Colonel Charles M. Duncan, Acting State Selective Service Director, 209 W. 9th St., Austin, Texas 78701. He will welcome your questions.

Q--Are any college students granted deferments other than student deferments?

A--Yes, A--How can he qualify for other than class II-S?

A--He may be deferred while attending a university or college and taking ROTC or other military training, and not for his status as a student.

Q--Does a college student have to request a deferment to be eligible?

A--Yes. He has to request in writing a class II-S student deferment to qualify. This is the deferment that most students have. This past school year around 110,000 students in Texas received this deferment.

Q--If a man had a lottery number he didn't think was going to be reached, could he go to school without requesting a class II-S deferment?

A--He could as long as his number was not reached. If he were reached while he was in Class I-A examined and acceptable for service, he would be ordered for induction whether he was in school or not.

Q--Must a student be placed in II-S if he's requested it?

A--Yes, if he's in a full-time course and satisfactory toward a baccalaureate degree and hasn't reached age 24. He must be making normal progress toward the degree.

SELECTIVE SERVICE CLARIFIES DRAFT FOR W LOTTERY NUMBERS

AUSTIN, Texas--Selective Service officials clarified their policy regarding draft vulnerability, those young men with low lottery numbers who enter the draft pool too late to be selected before the end of the year.

Dr. Curtis W. Tarr, Selective Service Director, said that registrants whose numbers were reached by their local boards during 1970, but were not issued orders for induction will be given top priority for draft calls during the next 3 months of 1971. They will be called ahead of members of the 1971 draft pool during those months.

Tarr said that relative small numbers of registrants will be affected. Tarr also affirmed his prior announcement that no local board should induct men this year above sequence number 195. Some local boards have not reached this level in meeting their monthly calls, so that the precise number reached will vary across the country.

Those registrants who are available for induction, but whose numbers are not reached during 1970--generally, those with sequence numbers above 195--will drop into reduced priority in 1971 and should not be drafted unless there is a national emergency.

The general three-month limitation on liability is a safety valve policy to insure that no members of the 1970 draft pool are unduly subject to more than 12 months of prime vulnerability, Tarr said. "We expect that the carryover group will be relatively small and will be inducted during the early months of 1971. However, if our estimates on the size of this group are wrong, or if draft calls are unusually low, we wanted to insure that the young men are not penalized by an indefinite extension of their liability," Tarr said.

"If any young men are not inducted in the first three months, they will be placed in a reduced priority group," Tarr said. "Except for those who may be on procedural delays when the March call is issued and would have been called but for the delay," Tarr said that these men will be ordered for induction soon af-

ranch land owners out of business." He explained that elected tax assessors assess land within each county and for the most part were assessing on productive ability. "However, with urban expansion, real estate developments, and other use, land prices are upped and assessed accordingly. Then the land across the fence also is reassessed at the higher rate, even though it still is used for bona fide crops and production of livestock," he added. The directors also heard startling facts about future water, particularly in West Texas, Harry Burleigh of Austin, engineer for the U.S. Reclamation Study, cited a current study which would determine if water could be moved into West Texas economically. "Water can be moved and the engineering would not be complex," Burleigh said. "The problem is finding resources of water and whether or not it can be supplied at an economical cost." Burleigh also emphasized that even had the plan been approved and money was already in hand, it would be in the mid-1990's before the first gallon of water would reach the Texas plains.

cultural groups to work toward the passage of this amendment. Urban expansion and real estate developments are causing tax assessments on ranchers that are far out of line with the productive ability of the land. "The present system of assessment of land taxation varies all over the map, and assessment on speculative value rather than ability to produce is forcing many farm and

Cattlemen Endorse Amendment No. 3 For Land Taxation

FORT WORTH, TEXAS, SEPT. 28--The taxation of agricultural land according to its earning power received the endorsement of the directors of the Texas

and Southwestern Cattle Raisers Association at their fall quarterly meeting at College Station, Texas, September 25 and 26. Amendment No. 3 on the Nov-

ember 3 general election ballot is strongly supported by these cattlemen as a fair basis for land taxation. President Frank H. Lewis of Day City urged all aeri-

"YOU NAME IT" by Billy Miller

I started to call Bro. Ray Christenson of the Union Church to pray for my dune buggy, as I can't get it to run long enough to load on the trailer. But, Bro. Ray says he is not going to pray for that buggy, in fact he is going to name her Delilah. Now, why in the world would he want to call her that?

And speaking of sin, Mr. H. A. Sloan has a dark brown terrier, name of Tammy, who is absolutely enjoying all of the best things in life. Tammy chews tobacco, eats cigarettes, and drinks coffee and tea. Every time that Mr. Sloan sits down after a meal, Tammy jumps up in his lap and has to have a chew of Mr. Sloan's brown mule. I don't know what to think of a wayward dog like that, but Sloan says Tammy has to have her tobacco and drinks before she will settle down.

We have been having a bad rash of accidents in the area. Also the entire Panhandle is having their share of fatal wrecks, Saturday morning just as we had our Sunday paper ready to print, one man was killed and another badly injured on the hill at Old Hansford between Spearman and Gruver. Another wreck happened north of Perryton over the weekend when someone from this area hit a cow. Early Monday morning about 4 a.m. two men were injured just out of Spearman on the Perryton highway. Everyone is urged to slow down and live. Be extremely careful during this time of the year as many tractors, combines and plows will be on the highways by this weekend. Always slow down for these slow moving vehicles. The life you save may be your own.

I still don't know where the Halloween carnival is going to be held this year but we have contacted the officials at the school house trying to get some details. We will inform our readers as soon as we find out the date, time and place. Supt. Cunningham says the scheduled carnival has not been re-scheduled at this time.

Everyone is urged to come out to all of the homecoming activities this year. The activities begin Thursday night with a snake dance. The dance will begin in front of the post office, Thursday night at 7 p.m. From the post office, the snake dancers will go to the bonfire and pep rally behind the school building. The bonfire and pep rally will begin at 7:30 p.m. Thursday night, Friday, the homecoming queen will be crowned at the football field at 7:35. The kickoff for the football game will be at 8 p.m. The homecoming dance will be held right after the county championship football game 'til 12:30. The Combo, "the pacers" will furnish music. A contest to see which classes get the most wood to burn will be held between the Freshmen and Juniors, and sophomores and seniors. The winners will be announced at the pep rally Thursday night of course.

BROOMWEEDS CAN BE CONTROLLED--Results of research studies at the Texas A&M University Research Station at Spur show that broomweeds can be killed with herbicides if the application is made at the right time. Dr. C.J. Seiffers of A&M's Range Science Dept. says facts are not available on whether cattle utilize any of this broadleaf plant in their diet. We know we can kill it but whether we should or not is another question, he noted.

Guests in the home of Mr. and Mrs. L.F. Hand over the weekend were their children, Barbara and Jim Bengston and son Marty of Hutchinson, Kansas, Linda and Anthony Wilkerson of Commerce, Mr. and Mrs. Bill Hand and family of Spearman and his brother, Mr. and Mrs. Ben Hand and Lynne of Skellytown.

Hansford 4-H Youth Having Busy Week

Hansford County's more than 150 4-H members are having a celebration this week. And they aren't the only ones, according to Vivian Warminski and Robert Adamson, County Extension Agents. The local 4-H'ers are joining more than 30,000 Texas 4-H'ers and nearly 4 million others throughout the Nation in the observance of National 4-H Week, October 4 to 10.

What is the occasion all about here in Hansford County? The county's 4-H'ers will be participating in activities all week to tell the public and prospective 4-H members about the Head, Heart, Hands, and Health program; also to recruit more volunteer leaders, recognize the support of parents, and to honor 4-H friends.

The county and national observance has as its theme, "We Care." Opportunities in 4-H and the opportunity to join 4-H are greater now than ever before. Miss Warminski said, "Young people between the ages of 9 and 19 qualify for membership whether they live on farms, in towns, cities, or suburbs. Those of all cultural and economic backgrounds are welcome too."

In the modern 4-H program, the major part of the 4-H story is project work. Members choose from some 100 projects dealing with everyday learning experiences that fit them and the places where they live. Hansford County boys and girls were enrolled in 100 educational learn-by-doing farm, home, personal development, and community projects last year, the Extension agent reported.

The cooperative Extension Service of the Texas A&M University provides each 4-H member with the latest research information and up-to-date

methods for carrying on the projects selected. Using this information, the 4-H'er develops his or her project, keeps records, prepares educational exhibits, and makes show-and-tell presentations for the benefit of others.

However, projects aren't the whole story in 4-H. In 4-H, Hansford County boys and girls have fun, go to camp, take special trips, attend dinners, banquets, earn awards—including scholarships, work with younger 4-H members, enroll in leadership and citizenship programs, and discover new and interesting

National 4-H Week is a fine time for boys and girls to join 4-H and show they care about their future. The extension offices are located in the Courthouse and the telephone numbers are 659-2030 or 2136.

Gladys Richardson In Amarillo Hospital

Mrs. Gladys Richardson is very critically ill in the intensive care unit at Amarillo's St. Anthony Hospital.

Arold Richardson of Santa Marie, Calif. and Mrs. Tom Etter of Spearman have been with their mother since she had surgery September 29.

Mrs. Etter was home for a few hours Monday to attend to business matters but returned Monday afternoon to be at the bedside of her mother.

City Woman's Father Died

Mr. and Mrs. Dee Jackson were in Durant, Okla., Tuesday where they attended funeral services for Mrs. Jackson's father.

Mr. Harvey had been a life long resident of Bennington, Oklahoma. Funeral services were held at 10 a. m. in Durant.

ROGER WEAVER PLACES THIRD

Roger Weaver, Spearman's entry in the punt-pass-kick contest, placed third at the regional meeting in Woodward, Saturday.

Webelo Scout Pack Being Organized

Mr. David Stewart has offered his services in an effort to organize a Webelo Boy Scout Pack in Spearman.

Stewart, who has had experience in boy scouting, invites all 10-year boys who would be interested in joining the pack, to call him at 659-2416.

The Adobe Walls Council of Boy Scouts has given Mr. Stewart the go-ahead signal to organize this pack. The Webelo scouts are boys who are too old for Cubs, and too young for Boy Scouts. Stewart feels there are many 10-year-old boys here who can qualify.

Stewart has great plans for the pack, and already has many interesting activities lined up so he is anxious to get the Webelo Pack organized.

All boys in this age group are urged to call him soon.

Welcome home! to Gary Reising who has recently completed his military service. Delbert McCloy, Texas Tech student, was home this weekend with his parents, Mr. and Mrs. Willard McCloy.

Gretchen Alexander left Friday to spend the weekend in Fruitland, New Mexico to attend the Homecoming activities and where she was an honored guest as a former Homecoming queen.

The Morse Baptist Church was host to a supper in their Fellowship Hall last Thursday night.

In Amarillo Saturday for shopping and business: the Ed Papay family, Bob Wills and Frank Lewis.

Guests in the R. C. Womble home this weekend were Mr. and Mrs. Bob Womble of Canyon where both attend WTSU.

Frank Lewis, principal of Morse School, is attending the seminar on drugs in Amarillo this week. Milana Papay, 7th grade, is the student representative to the conference.

Fans of the Junior High football team were treated to an exciting game Thursday when Morse won the game with Spearman 8 to 0. Spearman, when playing at Morse, won the game 8-6.

The Charles Reid family were in Dumas Friday visiting with relatives.

SPANISH CLUB NAMES OFFICERS

On September 29 members of the Spanish Club of Spearman High School met to introduce new officers and discuss business for the year to come.

New officers include President-Patrice McLain; Vice President-Kathy White; Secretary-Tina West; Treasurer-Linda Ricketts; Reporter-

Kim Kelp. Game leaders are Camille Baggerly and Debbie Smith.

The Halloween carnival and refreshment committees were appointed. Plans for a future trip to Mexico and the Christmas play were discussed.

Refreshments were served to 32 members and the sponsor, Mrs. McMullan.

BILLY GRAHAM COLOR FILM TO BE SHOWN SOON

"For Pete's Sake" from World Wide Picture will premiere at Perryton, October 11, 12 and 13, bringing to this area the new Billy Graham color film starring Robert Sampson and Pippa Scott in a mile-high Denver setting.

The film will be shown in Perryton on Sunday afternoon, October 11 at 2:30 o'clock at the junior high school auditorium, 410 South Eton, and on Monday and Tuesday at 7:30 p. m. at the high school auditorium at 1102 South Jefferson.

Tickets are \$1.00 and the proceeds will go to the Billy Graham Evangelistic Film Associates. The showing is being sponsored by the First Baptist Church and most of the other churches of the city are supporting the project.

Described as a "love story, a laugh story, and a life-size

ed look at the ups and downs of the faith of a twentieth century man," the film shows what happens to Pete Harper, one of a large crowd at Denver's Bear Stadium listening to a sermon during a Billy Graham Crusade and he and his family in the months to follow.

The film shows how faith becomes a working commodity for Pete, starting on the inside and growing up and out. It grows while he is pumping gas on a busy Denver street corner, while returning a cake plate to a neighbor and while colliding with a gang of teenage motor-cyclists who challenge him with the shattering honesty of today's youth.

Mrs. H. A. Sloan is a patient in Hansford Hospital this week. After spending a week in an Amarillo hospital, she was transferred back to the local medical center.

A tricycle was made in 1897 which weighed nearly a ton and could carry eight riders.

HANDMADE ITEMS on display at the Blodgett home Monday included many needlepoint pillows. These beautiful Christmas decorations, "Three Kings" were displayed by Mrs. Frank Davis and sell in gift stores for around \$125.00. The dolls, made by her daughter Mrs. A.J. Curtis of Denver, Colo. are lavishly dressed in rich velvet adorned in gold braid and precious stones.

ART WORK EXHIBITED by Dahlia Flower Club president Mrs. A.F. Loftin, right, included several hand-embroidered pictures and samplers. Mrs. Major Lackey, holding the daisy picture, is the incoming president to be installed soon.

Let Me See by Sybil...

I'm sure you noticed the switch of pictures on the front page of Sunday's newspaper. We have our newspaper printed in Perryton and evidently the pressman was in a big hurry Saturday and couldn't take time to put Effie Hackley, the artist, and Margaret Ralston, the winner, in their appropriate places. Oh, well, I had much rather have miss-placed pictures than misspelled four letter words and in times past we have been known to inadvertently print a few!

October is here, and with it comes cool, crisp weather, turning of leaves, (my birthday), killing frosts, and hunting season. Many of the local hunters are looking forward to bagging their limit of quail, dove, duck, etc. If the game department ever figures out how many birds make up a bag limit. A decision on the quail season was delayed so that quail census figures could be studied.

Porky Holland, so far as I am concerned, is the best hunter in these parts. At least he is the only one who ever brings me any proof of his kill! Down thru the years he has been very generous with slaring dove and quail with us.

Porky has a real good hunting dog. Overheard some men talking about Porky's retriever the other day and one of them told about the time he went hunting with this exceptional dog and its owner. Porky had told him his dog could walk on water and he set out to prove it. Seems he took his friend out in his boat along with that super-natural dog. As soon as a flock of ducks flew overhead, the dog owner aimed, fired and dropped a duck into the lake. Immediately, the dog jumped out of the boat and walked on top of the water to the felled bird, mouthed it and, again walking on water... returned to the hunters with the duck. There was no comment from the other hunters. It wasn't long until his master shot another duck; and the dog repeated his water-walking act. Still no comment!

When it happened the third time and Porky's companion hadn't emitted a word, he finally asked his friend "what do you think of my retriever?" To which the second hunter replied: "I think he oughta learn how to swim!"

Maybe that wasn't a true story--but this one is. A Clay (Henrietta) County rancher this year is combining sport with charity on his sprawling ranch near that city. Worley Wines ordinarily leases areas of his ranch to dove hunters, but this dove season he is giving the daily leases away. The catch, however, is that each hunter who gets a two-day lease must have donated blood to the Clay County chapter of the Red Cross. A general shortage of blood in the county's blood banks prompted Wines to experiment with the lease-hunting offer. Wines says the initial response was good and he hopes other landowners might follow the lead for this worthy benefit.

As difficult as it is to get people to give blood here, this might be a good idea for Hansford County.

OUR SOCIETY reporter is going to be out of circulation for the next couple of weeks, so please call in your news to our office, phone 3434. My sister Sylvia Robertson helps us gather club reports, locals and etc., but this past weekend she became a grandmother. She is so up in the air over this grand event I doubt she will be able to get much news for some time to come. So until she comes down off cloud nine, please report your club meetings to our office.

For the benefit of you mothers who are interested in the type of movies your children see, we are going to print a monthly review of movies coming to the local theatre. You can find the report for October in this issue and you may want to clip it and save it. The ratings given

to these October movies are taken from the Parent's magazine. Billy and I went to see "Paint Your Wagon" and I don't especially agree with the rating on this movie. A--is for Adults, and the magazine lists it as very entertaining. I didn't think the movie was worth a dime for entertainment... but I did hear many people laughing so evidently some did think so. It is truly for mature audiences, and not for children... as is the case with most movies any more. So--turn to the movie rating list in this newspaper and look it over. These movies will be shown in Spearman during October.

Our Heritage of Faith...

Food for thought . . .

LEARNING WHAT IS BAD

Read Genesis 3:1-7

"... I would have you wise as to what is good and guileless as to what is evil." Romans 16:19

The quest for knowledge is instinctive. Soon after birth a baby will reach out to touch objects, or turn in the direction of sounds. The human mind is like a sponge that soaks up whatever it comes into contact with.

So Satan has a real appeal to our God-given natures when he comes with the suggestion that we ought to find out certain things from personal experience. This was his approach to our sinless parents in Paradise. "How do you ever expect to know anything about good and evil," was his snide insinuation. "unless you learn firsthand!"

This satanic tactic has always been amazingly effective. You find traces of its success all through the Bible. Balaam used it to seduce the Israelites when physical force was unavailable to destroy them. The Balaamites of Revelation 2:14 employed those same tactics in the days of the early church. "Come on and join the crowd; find out what life is like. Take a trip. Do your thing. Live it up." This is the beguiling appeal that has been the undoing of many a youth and oldster alike. Those who are duped by this devilish device do indeed find out a great deal, just as Adam and Eve did, but "when their eyes are opened" they discover that they have learned things that are better left unknown.

It is said that experience is the best teacher, but this is only half the story. Sometimes experience charges terrible tuition, while proper education is intended to spare us from repeating the painful mistakes made before us.

Prayer

Our Father who art in heaven, lead us not into temptation, but deliver us from the evil one. Amen.

Asteroids are small planets between Jupiter and Mars whose diameters range from a fraction of a mile to nearly 500 miles.

Oldest stained glass in the world represents the Prophets. It is in a window of the cathedral of Augsburg, Bavaria, Germany.

Oldest known written text is the cuneiform expression of Sumerian speech of about the 4th millennium B.C.

Paleolithic drawings of archers indicate that bows and arrows are an invention of at least 20,000 years ago.

Amphion, a son of Zeus, built the walls of Thebes by charming the stones into place with a lyre, according to Greek mythology.

President Nixon has approved plans for a \$14 million replacement hospital for the VA complex in San Francisco.

Art Show Proceeds Benefit Library

Thousands of handmade pieces of art work were displayed for public view Monday at a silver tea. Staged in the spacious home of Mrs. Deta Blodgett, the handicraft bazaar was hosted by members of the Dahlia Flower Club. Proceeds from the tea will be used to purchase a reading table for Hansford Library.

Many people called between the hours of 1 to 5 p.m. to view the lovely pieces of art work on exhibit.

Hand embroidered samplers, needlepoint pictures, hand painted china, pillows, afghans, Christmas tree ornaments, antiqued flower arrangements, decoupage, pieces of tile ware and an assortment of antiques were just a few of the many items on display throughout the home.

This was one of the projects of the current president Mrs. A.F. Loftin, who has served the past year as head of the local garden club. Her term of office expires soon and the incoming president will be Mrs. Major Lackey.

Guests were served refreshments from a linen draped table tastefully appointed with sterling silver and crystal.

TEXAS 4-H DRESS REVUE SET FOR STATE FAIR

COLLEGE STATION, Oct. 1--Top Texas 4-H Clothing girls will vie here October 17 for honors in the annual State 4-H Dress Revue, announced Kay Elmore, Extension clothing specialist and revue chairman.

Forty-six teenage seamstresses will model their outfits as a highlight of the State Fair of Texas. Judging will be at the Sheraton-Dallas Hotel, Friday preceding a noon press luncheon to announce the winners. All contestants will be presented in two public fashion shows at the Woman's Building Auditorium at Fair Park, 10 and 11:00 A.M. Saturday, October 17, Miss Elmore said.

Mrs. Linda Gaylor, group fashion advisor for J.C. Penney Company, Inc., will commentate the show.

The winner receives a trip to National 4-H Club Congress in Chicago in late November. An alternate winner will also be selected. Highest ranking winners, she said, in all-cotton and all-wool divisions will receive awards from the Texas Cottonseed Crushers' Association and Texas Sheep and Goat Raisers' Association.

FREE CAR WASH & WAX
with 5 fillups of 8 gal. or more.
