

YOU NAME IT!
by Billy Miller

Week's football in county is going to really something... that is, we a lot of games for fans.

Gruber Greyhound playing host to the 1-AA Blackhaws. The will be favored to this 7:30 game.

Gruber-Canadian B will be at the Greyhound stadium Thursday kick-off time at 7 p.m. (Thurs.)

Canadian-Gruber 8th game will be at Gruber 6 p.m. on Thursday.

Gruber-Canadian 7th will be at Gruber at 5 p.m.

The Gruber teams won three games over Sanford last weekend with the dry losing to Stinnett in upset. The Stinnett seem to have a high-improved team this year.

The Spearman varsity opened at the Lynx stadium Friday at 8 p.m. in the opener for the Lynx year. They will meet Canyon Eagles of 1-AAA Thursday at 7 p.m.

Spearman B team will play the Stinnett B team at stadium.

Freshman game will be at 5 p.m. against Dallas Lynx stadium. This is the first Freshman game of the year for Spearman. (Thurs. 5 p.m. at stadium.)

Spearman 8th grade go to Stinnett Thursday for a 6:30 game.

Spearman 7th grade go to Stinnett for a 5 p.m. Thursday game.

Indicated teams in the city, so far, include the 7th, 8th and 11th, and the Spearman 8th team, 7th and 8th grades. The Spearman Varsity and B team their own games.

Local fans can plan to see the Freshmen in their own stadium tomorrow.

Friday at 5 p.m. following the B team game at stadium.

Quorum Present At School Board Meeting Monday, Here

All school board members were present at the regular meeting of the Spearman school board Monday evening. First on the agenda, was a group headed by Glenna McMullan, asking the school permission to raise money for the Spanish Class to take a trip to Old Mexico. Also present with Mrs. McMullan was Linda Ricketts and Leann Shield-knight. The school board left the final action up to Mr. Cunningham, concerning this request.

The minutes of the last meeting were read, including the meetings of August 9, a special meeting August 11th and August 31st.

A financial report was given, including the paying of the current bills, financial statement, and tax collection statement.

Ronnie Woods, who has been with the tax office, resigned and accepted a similar position with PESO, in Amarillo.

The opening of bids on buses were made; 2 buses were sold to the highest bidders; no local bidders were high enough. The school board selected the auditing firm of Jett Mason to do the school audit for 1970-71. The revision of the board policies to

meet requirements of Senate Bill 74 were made. The Spearman school board selected EXHIBIT L, which reads as follows:

Each teacher shall be under the general direction of the Superintendent of Schools and immediately responsible to the principal for the carrying out of policies of the local Board of Education and the State Board of Education, and complying with state laws as they relate to the function of the schools, to the classroom, and to the immediate contact with pupils and parents. The teacher's specific responsibilities shall be to:

Direct and evaluate the learning experiences of the pupil in both curricular and extra-curricular activities.

Provide guidance to the pupil which promotes his welfare and his proper educational development.

Be responsible for child accounting.

Maintain liaison with the parent.

Administer the classroom program.

Provide for the care and protection of school property.

Cooperate with and participate in the planning and the evaluation of the school program.

Take part in the in-service education program of the schools.

Cooperate with the Superintendent, the Principal, and the board in improving the curriculum and the instructional program.

Maintain cordial and workable relationship with colleagues.

Handle the discipline of pupils in compliance with policies of the Board of Education.

Perform other duties as assigned.

Supt. Cunningham reported that the TACB-TASA convention will be in San Antonio, September 25-26th, and he and board members Lackey, Martin and Porter will attend the convention.

The enrollment charts showed that the Spearman school now have 1123 students enrolled. The last six weeks of last year, the enrollment reached 1137.

The October school board meeting, will be changed to meet on October 18th. The public is welcome to any and all school board meetings. THEY ARE ALL OPEN, unless it is necessary to declare an executive session.

Other discussions, included the school calendars, lunchroom report, and building

usage.

The Board Breakfast will be at 6:30 a.m. Sept. 29, 1971.

The board was proud to learn that Web Weaver, who underwent heart surgery on Monday, was doing fine Tuesday of this week. Web is employed by the Spearman school and his wife is a teacher.

Minutes Aug. 9

The Board of Trustees of the Spearman Independent School District met in regular session August 9, 1971 at 7:30 p.m. in the Administration building with Chalmers Porter, president, Joel Lackey, vice president, Bill Partridge, secretary, Ira Harbour, superintendent, Orville Latham, business manager, Ronnie Wood, assistant business manager present.

Bills were allowed and paid.

Bids on dairy products went to Jordan's for white and chocolate milk and Swift and Company for ice cream. Bids on bakery products went to Meads Bakery. Bids for gasoline went to Consumers Sales Company and the oil bid of Gulf Oil Company was accepted.

Motion was made by Ray

Martin and seconded by Paul Hazelwood that the 1971-72 official budget be adopted, with a total revenue of \$1,146,278 and total expenditure of \$1,173,781. Motion carried.

The resignation of Ralph Allaire was accepted.

The depository pledge contract of the First State Bank, Spearman, Texas was approved with a total pledge of \$45,000 in securities being pledged to secure funds of the Spearman Independent School District.

Mr. C. E. Newell was employed for the 1971-72 school year.

cialist, James Cunningham, superintendent, Orville Latham, business manager, Ronnie Wood, assistant business manager.

Motion was made by Ray Martin and seconded by Bill Partridge that the contract for construction of the field house be awarded to Hallmark Builders, Amarillo, Texas, on their bid of \$29,650 provided final plans and specifications are satisfactory. Motion carried.

Motion was made by Joel Lackey and seconded by Ira Harbour that existing seats in reserve seat section of football stadium be covered with fiberglass covers.

Cunningham, superintendent, Orville Latham, business manager, Ronnie Wood, assistant business manager.

Motion was made by Ray Martin and seconded by Joel Lackey that the contract with Hallmark Builders for construction of a Field House be approved as amended this date in the total amount of \$31,171. Motion carried.

GARDEN PRODUCE NEEDED FOR FAIR BOOTH NEXT WEEK

County Agent Robert Adamson is looking for some garden produce such as Indian corn, pumpkins, squash, etc. to help fill the Hansford County booth at the Amarillo Fair this weekend.

If you have some unusual garden produce, give the Agent a call, or take it by his office Friday morning, Sept. 17th. Mr. Adamson's phone number is 2196 or 2693.

Robert will set up the booth Saturday, Sept. 18th. It will be open all week long.

Minutes Aug. 11th

The board of Trustees of the Spearman Independent School District met in special session August 11, 1971 at 7 p.m. in the Administration building with the following persons present: Chalmers Porter, president, Joel Lackey, vice president, Paul Hazelwood, secretary, Bill Partridge, Ray Martin, Ira Harbour. School offi-

Men Of Consequence Discuss Cattle Industry

SPEARMAN VETERINARIANS HOST MEETING

State and National dignitaries, area feedlot owners and cattlemen along with veterinarians from the Tri-State area met in Spearman recently for a special program and discussion involving some of the problems facing the cattle industry.

Guests gathered at the home of Dr. Tom Latta for a barbecue supper. Others hosting the event included Dr. Bill Barnum and Dr. H. B. Rinker.

Problems facing the stocker and feedlot cattle business, animal health, methods of controlling feedlot pollution in the near and distant future

and other related objectives were discussed.

Guests and participants on the program included: Dean Avara, Feedlot Mgr., Farwell, N.M.; Dayton Barkley, cattle dealer in Gruber; Glen Blodgett, veterinary student, College Station; Ralph Blodgett, cattle feeder in Spearman; Fred Brown, stocker producer, Kenton, Oklahoma; Randy Brown, feedlot manager in Gruber; Bill Burnett feed manufacturer of Amarillo; Andy Burleson, stocker producer, Gruber; Lloyd Buzzard, feedlot owner, Spearman; Bob Cluck, director, Texas Cattlebreeders Ass'n.; Gruber; Dr. R. E. Corstvet, Microbiologist, Oklahoma State University, Stillwater; Dr. Dick Diven, Nutritional consultant, Amarillo; Zack Fisher, Agricultural Advisor on Senator John Tower's staff, Washington, D.C.

Also, Jack Harrison, Oklahoma State representative; Dr. Don Heise, Veterinarian, Beaver, Okla.; Dr. E. W. Hardy, D.V.M., Perryton; Dr. R. A. Ivie, D.V.M., Follett; H. C. Hitch Jr., feedlot owner, Guymon; Dr. E. W. Jones, Research coordinator, Oklahoma State; Ray Kinsey, feedlot Mgr., Guymon; John Latta, cattleman, Buffalo, Okla.; Dr. Jay Murry, director Experiment station, Stillwater, Okla.

Also, Jay O'Brien, Calif Magazine, Amarillo; Dr. R. J. Panceria, Pathologist, Oklahoma State; Bud Patterson, Texas Cattle Feeders Ass'n., Amarillo; Bob Price, U.S. Representative, Washington, D.C.; John Reigner, veterinary student Stillwater; R. L. Rinker, stocker producer, Clayton, N.M. and Roy Wilmet, Spearman cattle feeder.

High Flying Eagles Meet Lynx Here

The high flying Canyon Eagles will wing their way to Spearman this Friday night fash on the heels of their fantastic 15-14 win over Clovis, N.M. The set-up, is identical to last year's barn burner. Spearman meely sneaked into Kerbel Land last year, a 4 touchdown underdog, and came out with a 7-6 win after Canyon had already beaten Clovis at Clovis 6-0. The Eagles "did it" to Clovis again this year, by about the same score as last, but they had Clovis at home. Our fearless predictor says that the Lynx will defeat Canyon this week in Spearman, by a touchdown or two. And, this is the same expert that picked the 10cats over the Lynx by about 3 or 4 points last week!

Canyon's entire back field return to Spearman this Friday night. In fact, the Eagles are loaded with 14 lettermen and 12 seniors. Starting for the Eagles will be: No. 17 Chuck Wright at Quarterback, 184 lb, senior; No. 21, Ric Edmondson, Halfback 155 lb, Sr.; 34, Bill Moore, Fullback 178 Jr.; 40 Clifford Prichard Halfback 178 lb, Sr.; Sammy Kerbel, Center 215 Jr.; No. 64 Bob Gissor Guard 160 lb, Sr.; No. 72 Bob Counselor Tackle 228 lb, Soph; No. 74, Randall Smith, Tackle 188 lb, Sr; 76 Larry Prichard Guard 180 lb, Sr; No. 82 Mike Podzemny End 184 lb, Sr; and No. 88 Fred Groza End 184 lb, Sr.

Senior Chuck Wright, 601, 185 handles the quarterbacking very well and will have receivers 602 Mike Podzemny and 604 Fred Groza as targets for the evening.

Edmondson, a 5-9 155 pounder, started most every game for the Eagles last year, and

was named all district in 1-AAA. He will be tough for the Lynx to handle. All district Larry Prichard 175 lbs, is also a standout for Ron Mills' fine football team.

For the Lynx fans who think this year's team has their hands full; remember Canyon lost eight starters last year, that averaged 190 lbs, most of them on defense.

The Canyon team will average about 185 lbs, per man, out-weighting the Lynx by 15 lbs, per man, as the Lynx will have to start every big man they have to average 170 lbs. The fact that the Eagles are bigger and more experienced than the Lynx, should offer the home field advantage that the Lynx will have Friday night, but we still think the Lynx have the fire power and will power to upset the Eagles. See you at the game in Spearman, Friday 8 p.m.

G-Jury Returns Indictments

Indictments were returned Friday night by the Hansford County 8th judicial district grand jury which was convened here all day Tuesday.

Burleson was indicted for driving while intoxicated, second offense.

A child desertion indictment was returned against a man, not yet in custody.

There was also a theft over \$50 indictment returned against Dalton Fason. He was indicted in connection with the theft of tools from C. W. Smith farm, Dick Richardson, second suspect in this case, was not-billed by the Grand Jury. Fason is in custody awaiting trial.

The case will be set for trial in District court.

Partner Golf Tourney Set This Week End

Twenty-seven teams have entered for the annual partner golf tournament set Saturday and Sunday at the Golf course. The tournament, open to every player, is expected to draw 100 players before the week-end, Sept. 18 & 19. The fee is limited to the first 48 and everyone is urged to register as soon as possible.

Players have registered from

Amarillo, Gruber, Spearman, Ranger and Guymon. Any area team may enter by calling Spearman Golf Club, 659-2243.

Fee-off times are scheduled for 9 a.m. and 1:30 p.m. both days.

Merchandise prizes, first three places in each flight, will be sets of woods, golf bags and 2 dozen golf balls.

Players may register for championship, A, B or C flight.

WEBB WEAVER HAD HEART SURGERY MON.

Mr. Webb Weaver is recuperating in St. Anthony Hospital, Amarillo, after undergoing heart surgery there Monday.

Mr. Weaver had had other surgery there last week and after a few days developed heart complications. Physicians examined him and after several tests advised heart surgery.

Mr. Weaver is a maintenance employee at the Spearman elementary school. His wife is a Math teacher in the school system. They have lived here several years.

A family member notified Spearman friends Tuesday that Mr. Weaver's condition is very satisfactory, according to his physicians.

TV Show Saturday To Feature Local Men

A televised discussion of an important current issue affecting agriculture can be seen on KQNC-TV channel 4, Amarillo, from 12 noon to 1 p.m. Saturday, September 18, according to Bill Johnson, president of the Hansford County Farm Bureau.

Six young farm and ranch people from Farm Bureau Districts 1 and 2 will participate in a Farm Bureau Discussion Meet competition on the one-hour program. They will discuss "What's Agriculture's Role in Improving Environmental Quality".

Two winners, one from each district, will be selected to participate in the Discussion Meet state finals to be held in conjunction with the Texas Farm Bureau annual meeting

November 14-17 in Amarillo.

In the District 1 competition are Wesley Jarvis, Stinnett, Hutchinson County; Scott Osborne, Pampa, Gray County; Kenneth Mathews, Claude, Armstrong County; and Richard Raser, Gruber, Hansford County.

The two District 2 entries are Miss Angella Adams, Brownfield, Terry County; and Ed Mason, Muleshoe, Bailey County.

Districts 1 and 2 comprise most of the South Plains and Panhandle areas.

The winner of the state competition will represent Texas in the national Discussion Meet finals to be held at the American Farm Bureau Federation convention in Chicago in December.

The Criminal Trap Works For Sheriff

The new teletype machine, receiving Hansford County information from the National Criminal Information Center (NCIC) in Washington, D.C., has worked well for Sheriff J. B. Cook this week in the apprehension of three fugitives.

The NCIC in Washington computer records on every person ever arrested on any charge, and this information was received instantaneously by the teletype machine.

Two wanted fugitives had been submitted for one of the fugitives by Sheriff J. B. Cook one year ago—in September of 1970. And just this week he was apprehended in

Lubbock.

Ironically, this man was picked up in Lubbock on a minor traffic charge. It is routine for Law Enforcement officers to check every person out via NCIC, and when Lubbock officers did this, information from the Washington office informed them that the minor traffic violator was a fugitive, wanted by Sheriff J. B. Cook.

Two other fugitives were found in Bentonville, Arkansas this week. Officers there did a simple routine investigation through NCIC and found they too were fugitives, wanted by Hansford County Sheriff's officers.

Warrens Move Back To City

Mr. and Mrs. Bill Burnett of Vinson, Okla., visited here last week with her sister, Mr. and Mrs. Dan Jackson. While here they all went to Stinnett to see Mr. and Mrs. Don Chisum.

Mr. and Mrs. Phil Jenkins flew this week to San Diego, Calif., to see her sister and family, Mr. and Mrs. Bill Hill. They plan to stay several days.

Warrens Move Back To City

Mr. and Mrs. George Warren have moved back to Spearman. George & Inell have lived in Perryton the past few years, moving there from Spearman. George, a geologist employed by United Mud Company, was transferred here just the past week. Their many Spearman friends welcome them "home."

TEEN TOWN TO OPEN SOON... thanks to Rotarians and Max Baggerly in particular, these spacious quarters will soon be available to youth of this area. If you would donate a pool table or a ping pong table, this would help a lot.

Teen Town To Open

Work is near completion on Spearman's new Teen Town. The facility formerly used by the V.F.W. has been remodeled and will soon be turned over to the local teenagers under supervision of the Student Council and their directors.

It is expected that a youth program will be formulated by the students.

Money for the project has been supplied by the Spearman Rotary Club and Rotarian Max Baggerly has carried on the supervision of the renovation which has been going on for several months.

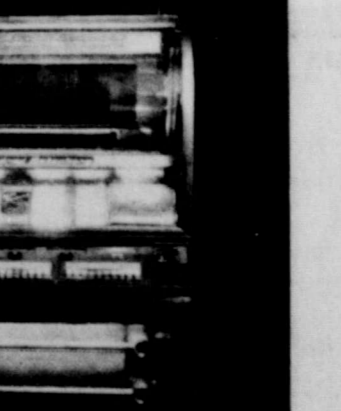

Much of the work on the new facility has been done by local Boy Scouts who will use the room on Monday evenings for Scout meetings.

Teen Town is located in the Spearman Community Building.

Coach Mires is sponsor of the Student Council and will, no doubt, lend a capable hand to the formulation of the forthcoming program.

The Rotary Club is quite proud of the venture and grateful for the tireless efforts of Rotarian Baggerly.

The Rotary is seeking donation of a ping pong table, billiard table or shuffleboard to be used in the Teen Town hall.

TEEN TOWN juke box all lit up and ready to play... two hundred selections...

Local Veterinarians Doing Research On Feedlot Diseases

The Board of Directors of the Texas Cattle Feeders Association recently voted \$3,000 aid to research that is aimed at respiratory diseases in feedlot cattle.

The grant went to the College of Veterinary Medicine at Oklahoma State University, Stillwater, which began the research in late 1969 in cooperation with six veterinarians and numerous feedlot operators in the Texas and Oklahoma High Plains.

John Regnier, of Kenton, Cimarron County, Oklahoma, is working full-time at collecting specimens and data at feedlots and forwarding them to the college during his 8-week vacation from fourth-

year studies in the college. Another student will continue the work when Regnier returns to Stillwater.

Spearman veterinarians with whom he is working include Dr. H. B. Rinker, Dr. Tom Latta, Dr. Bill Barnum, and Dr. R. A. Ivie, Dr. F. W. Hardy and Dr. Don Heise, who operate five clinics, the OSU veterinarians working in the research are Dr. Richard Corstvet and Dr. Roger Panclera.

The veterinarians provide case histories on cattle in the feedlots, and help the technician in running tests and sending tissue specimens to OSU for detailed study. They notify the OSU veterinarians

whenever a visit to specific cattle seems advisable. Post mortem and ante mortem examinations of affected cattle are performed in the field.

The research has been planned for a five-year period ending in 1974.

The main objectives are: Identify the microorganisms that are most commonly associated with respiratory disease in feedlot cattle.

Determine preventive measures needed to control the disease.

Evaluate the effectiveness of drugs against the microorganisms that are isolated from those feedlot animals which show signs of respiratory disease.

During the last two years the research has been under way, a method has been perfected for obtaining specimens from each animal's respiratory tract that contain a microflora which is representative of that tract.

Laboratory techniques for isolation and identification of the microflora have been developed. Also, the researchers have begun to establish a correlation between the micro-

organism present in the respiratory tract and the length of time the animal has been in the feedlot.

Also, they have begun production of a biologic that is intended to prevent respiratory disease, or reduce the severity if the disease does occur. They have assessed the sensitivity of some of the bacterial isolates to a number of antibiotics.

During the coming year, examination of specimens from the respiratory tracts of feedlot cattle will continue, according to Dr. Corstvet. One important aim is to learn at which time the infection occurs, and at which time the population of the microorganisms becomes overwhelming.

"It is also important from an infection and disease standpoint to identify changes with time, in the types of microorganisms present in the respiratory tract," Dr. Corstvet said.

Biologics will be prepared and tested on a pilot scale. These biologics will be directed against microorganisms that the researchers consider to be important in respiratory disease.

Lloyd Bergsma, Executive Vice-President of the Texas Cattle Feeders Association, said: "The grant to Oklahoma State University is part of the expanding research program being carried on by the Association."

COACH DRUMMOND'S 8TH GRADE TEAM "DRUM" PHILLIPS 30-0

The 8th grade Lynx were beating the drum for coach Drummond this week, as they celebrated their 30-0 win over the Phillips 8th grade.

The talented and terrific 8th grade opened up with a 65 yard touchdown on the opening kick-off, by Roger "the dodger" Jones. After the excitement of this opening kick-off the Lynx 8th graders put up a solid defense and added three more touchdowns.

Quarterback Jimmy Jackson passed to Mark Fox for 35 yards and the second touchdown.

Running Jeff Beedy danced in from 10 yards on an option

play, to put touchdown No. 3 on the score board. Quarterback Jackson hit Mark Fox for 30 yards and another touchdown, to end the touchdown scoring for the evening. Mark Fox ran over 3, 2 point conversions, to up the score to 30-0.

The 8th grade will meet Stinnett there Thursday evening.

Newcomers To Spearman

There are two new faces on the scene at Excel Chevrolet-Olds.

Glenn Gray and Gene Burpo are new technicians employed in the service department. Both young men came to Excel from Kingfisher, Oklahoma.

Glenn and his wife Carol are parents of three children: Michelle age 3, Brian age four and Wade age 2.

Gene has five years background in automotive repair work. He and his wife Linda have two children: Kenny age three and Shanna age two. Both families are now living in Spearman.

Sing-In To Open Scouting Season

Spearman Girl Scout Neighborhood opened its 1971-72 term Thursday September 9. The meeting was held at the scout house with Chairman Barbara McClellan presiding.

Mrs. McClellan reminded everyone that registrations from now on will be \$2.00 to cover the cost of better insurance on all scouts and to supply more sufficient help for the instruction of leaders.

Troop days were lined up for the year. Leader training

John Wilde Enjoys California Trip

John Wilde enjoyed last week visiting his granddaughter Lynn in Santa Anna, Calif. She is the daughter of Mr. and Mrs. Harvey Whitefield.

A Ham radio operator friend of John's picked him up at the L.A. airport and took him out to his daughter's home. Harvey Whitefield is stationed at the El Toro Marine Base. His brother, Don Lane, is also stationed there, as is still another Spearman man, Raymond Tindell. Mr. Wilde got to visit with them.

dates were announced. Chairman and chairmen were elected for the Neighborhood nominating committee of Nicole Swann, Doris Peck and Barbara Moran were appointed. A clean up day was set for the scout house. Close was appointed as the organizer for this year.

To open the scouting year in Spearman a Sing-In was planned. It will be held on September 23, 7 to 8:30 p.m. Refreshments will be served. All registered scouts and new scouts are invited.

Leaders present were Barbara McClellan, Doris Peck, Jean Close, Nicole Swann, and Barbara Moran.

"TALLEST" WOMAN BELIEVED TO BE THE TALLEST WOMAN IN THE WORLD AT 8 FEET 2 INCHES, RECENTLY IN A HOUSTON HOSPITAL. SHE WEIGHED 420 POUNDS.

NEWS FROM YOUR

Home Demonstration Agent

By Nelle Albrecht

It was a very interesting experience to judge the Castro County Youth Fair at Dimmitt Saturday. Sure enjoyed tasting all the cookies, cakes, biscuits, muffins, etc. The girls and boys (a boy won first place in the fudge division) had made. We'll have a lot of good cooks around if they keep up the good work. There also were many canned goods, lots of clothing, crafts and embroidery items. This is certainly a good opportunity for youngsters to show what they have done. Field crops and garden produce were also on display.

Some of you may have the problem of mirrors breaking. Especially the small ones you carry in your purse. Look for an end to this problem as new plastic type mirrors are now available. Probably they will be available in only the larger towns first.

Hope all of you are making plans to attend the Tri-State Fair in Amarillo, September 20-25. This is an excellent opportunity for your family to spend a day doing something together that all of you will enjoy. Remember that Thursday, 23 is Senior Citizens Day. Everyone with Medicare cards will be admitted free to the grounds. On Saturday, 25, Rural Youth Day all 11FA and 4-11 members will be admitted free to the grounds. There will be a special program at 10 a.m. in the coliseum.

When you attend the fair take a good look at the educational exhibits and the foods, clothing, canning, etc. The Hansford County 4-H Bake Queen, Barbara Farr will be competing for District Bake Queen honors. She will have plain rolls and pound cake on display. Good Luck, Barbara.

On the plentiful foods list for September we find eggs. As they are a good and inexpensive source of protein lets

talk about them a bit. Eggs are easily digested and easy to prepare. Calorie counters can benefit as one large egg contains only 80 calories. If you are among the people who do not like eggs as is lets think of the many ways they are used other than fried or scrambled.

Eggs are useful for leavening in cakes, bread, souffles, omelets; thickening in custards, sauces, puddings; emulsifying in mayonnaise, salad dressings; coating for breaded poultry, meat and fish; binding in croquettes, meat loaves, egg loaves; to retard crystallization in candies and icings; garnishing for canapes, salads, main dishes and for clarifying-soup stock.

Remember to cook eggs with moderate to low temperatures. Use of a high temperature causes egg protein to shrink with an accompanying loss of moisture that makes eggs rubbery and tough.

Check your cookbook for egg ideas or try "French Omelets" for breakfast.

1/3 cup milk
1/2 teaspoon salt
1/8 teaspoon pepper
1 Tablespoon fat
sprigs of parsley.

Mix eggs, milk and seasonings in a bowl until whites and yolks are combined, but not foamy. Heat fat in a heavy frying pan. Pour in egg mixture and lower heat. As the mixture begins to thicken at the edges, draw the cooked portions toward the center with a spatula. Tilt the frying pan as necessary to hasten the flow of uncooked egg to the bottom of the pan. Do not stir. When the mixture no longer flows and the surface is still moist, increase the heat to brown the bottom quickly. Carefully loosen edges, fold in half or roll. Garnish with sprigs of parsley. Serves four.

Obituaries

Graveside services for Mrs. Mildred Diane Balentine, 55, were held Friday September 10 at the Lieb Cemetery near Morse, Texas.

Mrs. Balentine died Monday at Huntsville, Ark.

Rev. Robert Jackson, pastor of the Morse Community Church, officiated at the service.

A former resident of the Morse area, Mrs. Balentine had resided in Berryville, Ark. the past year.

Survivors include her husband J.P. "Pat" Balentine of Berryville, Ark.

Funeral services for Stanley Reed, 20, who died Friday at his home in Dimmitt, were held at 3 p.m. Monday Sept. 13 in the First Baptist Church at Dimmitt.

He was the son of Mr. and Mrs. M.J. Reed, Dimmitt residents since 1964.

He was the nephew of Mr. and Mrs. Jim Fowler of Spearman.

Funeral rites were held at 2 p.m. Monday in Pampa at the First Baptist Church for Delton Moran, 66, who died Friday after a long illness. The Rev. Dan B. Cameron, pastor, officiated.

Mr. Moran was a retired engineer for Northern Natural Gas Co. He was a native of Kirby, Ark.

Survivors include his wife and two daughters, Mrs. Patsy Denham of Spearman and Mrs. Margaret McBroom of Amarillo. Also, his mother, one sister, two brothers and four grandchildren.

GOLDWATER TO SPEAK AT PRICE DINNER, SEPT. 18

Barry M. Goldwater, United States Senator from Arizona and Republican Presidential nominee in 1964, will be principal speaker at a "Salute to Bob Price" dinner scheduled for September 18 in Amarillo.

The popular conservative leader has indicated strong personal support for Congressman Price, whose conservative voting record is similar to his own.

The event will provide a back drop for a major address by Senator Goldwater. Now serving on the Senate Armed Services and Senate Aeronautical & Space Sciences Committees, the Arizona Senator will bring to his Panhandle audience a perceptive analysis of the current foreign scene. In addition to his remarks concerning Bob Price Mr. Goldwater will discuss pressing domestic issues as well as world affairs.

The "Salute to Bob Price" dinner will be held at the Amarillo Civic Center Saturday, September 18. Reception is at 6:00 p.m., dinner at 6:45, and the program begins at 8:00 p.m.

Tickets for the entire affair are \$50.00 per person and may be obtained from Republican leaders throughout the Panhandle, or by contacting Jack Seale at 918 Houston Street, Amarillo, Texas.

The Spearman Reporter newspaper has two tickets available if anyone in the county is interested in attending. These tickets will be given away... first come, first serve.

Miss. Davis To Wed

Mr. and Mrs. Irvin Davis announce the engagement of their daughter Phyllis Jean to David L. Collins, son of Mr. and Mrs. L.L. Collins.

The wedding will be at 7 p.m. November 6 at the First Christian Church.

MORSE & HANSFORD HD CLUBS HAD JOINT MEETING

Members of the Morse Home Demonstration Club and the Hansford HD Club met in the home of Mrs. Mary Gillispie, September 9 at 2 p.m. at Morse.

Mrs. Richard King presided over the business session and announced that club members would sell pecans again this year.

Agent Miss Nelle Albrecht, presented the program on "Home Management."

Members present answered roll call with "My favorite childhood game."

Refreshments were served by the Morse club to the following members: Mmes. Mack Dorch, Jack Johnson Sr., Besse Henderson, Mary Gillispie, Jack Crowl, Richard King, and guests Ella Parks, Gene Dixon, Pearl Dixon and Dora Cheatum.

Those present from the Old Hansford Club included Mmes. Herb Howe, H.M. Shedeck, Gordon Parrish, Daniel Sheets, Elzay Vandenburg, Virgil Floyd, Roscoe Nelson, Irwin Deik, Chie Mobley and L.W. Rosenbaum.

The next meeting will be held September 23 with Mrs. Besse Henderson when Mrs. Bob Gillispie will give a program on "German Customs."

WEDDING VOWS EXCHANGED SEPT. 3rd

Hansford County Judge Johnnie C. Lee performed wedding rites Friday, September 3 uniting in marriage Virginia Lee Burton and George Lee Young. Vows were exchanged in the Judge's office quarters in the Courthouse before a group of personal friends and family members.

Coy Palmer served as best man. Miss Esmeralda Nova was bridesmaid. The bride's mother Mrs. Edith Bartz was present along with the bride's two children Cindy and Debbie.

Others attending included Mrs. Gordon Parrish, Mrs. Coy Palmer, Mrs. Ben Church,

Mrs. Sonny Kell, Freddie Largent, Carolyn Davidson and Dwayne Smith.

The bride and groom left for Dallas, Texas for a visit with the groom's parents, Mr. and Mrs. C.C. Sedgwick in the traditionally decorated car--artistic work done by Mabel Jameson and Gertrude Atcher.

The couple is at home in Spearman at 504 1/2 Roland Street.

Mr. Young is Assistant Manager at KBMF-FM radio station and his wife is employed at Gordon's Drug.

Library Board Plans Kitchen

The Library Board met September 8 in the Library, with president Dick Countiss presiding over the business session.

The librarian, Mrs. Thompson reported 1,325 books checked out. 301 of these were children's books and 1,024 were adult books. 73 new books have been added and 2 new library cards issued. Mrs. Thompson is taking a semester course in Amarillo. She also attended a 3 day seminar in Lubbock.

The kitchen committee is in the process of getting the final plans drawn up for a new kitchen, and plans are to start on it in a couple of months.

Board members attending were Dick Countiss, J.L. Brock, Mmes. Peyton Gibner, Frank Davis, Dick Kilgore, and Henry Cornelius.

Engagement Announced

The engagement of Miss Rhonda Eileen Wright to Jerry Wayne Bayless of Dallas, Texas is announced by her parents, Dr. and Mrs. Wilfred Clay Wright, 6903 E. 20th Pl. of Tulsa, Okla.

Mr. and Mrs. Theodore W. Bayless of Gruver, Texas are the parents of the future bridegroom.

Miss Wright, a graduate of Nathan Hale High School in Tulsa, is a sophomore at Southern Methodist University where she is majoring in secondary education. At SMU she is serving as a sophomore sponsor.

Mr. Bayless, a graduate of Gruver High School, is a junior at SMU majoring in business administration. He is listed on the Dean's Honor Roll and is a member of Phi Gamma Delta fraternity.

A December 23rd wedding is planned in the Rose Chapel of Boston Avenue United Methodist Church in Tulsa.

Rebekah Lodge Has Meeting

The Spearman Rebekah Lodge 290 met in regular form in the IOOF Hall September 9 at 7:30.

Mona Slater, Noble Grand, and Jo Ann Weaver, Vice Grand, presided over the business meeting. The Rebekah Lodge will sponsor a Teen Dance September 18 in the Community Building starting at 8:30 to 12:00. All class sponsors and parents are invited to attend.

Refreshments were served by Mona Slater and Jo Ann Weaver to the members.

Arts & Crafts show At Library, Nov. 6, 7

Arts & Craft Guild Meeting

Mrs. Ned Turner hosted the Arts & Crafts Guild in her home Sept. 10.

Those painting during the afternoon were Mmes. F.L. Daily, Bill Cardy, Clay Gibner, Guy Fulker, P.A. Lyon, Sr., Bruce Sheets, Joe Traylor, Kiff White, Sr., and the hostess.

The next meeting will be in the home of Mrs. Garrett Allen.

Champagne Bridge Luncheon Date Set

All women of this area are invited to attend a catered champagne luncheon and bridge social at the Stratford Country Club September 23 beginning at 12:30 p.m. The price will be \$4.00 per person. Entries must be in by September 18, to box 447, Stratford, Texas, or by calling Mrs. Brad Beedy, 659-2605 or 3044.

McClellans, Gressets Are Bridge Hosts

Mr. and Mrs. Roy L. McClellan and Mr. and Mrs. Ray Gressett were hosts for the Dinner Bridge Club September 11.

High score for the men went to Ray Gressett and low man was Jimmy Hicks. High score for the women was Barbara McClellan and low score was held by Gwen McLain.

Dinner was served to Messrs. & Mmes. Jimmy Hicks, Don McLain, Louis Schnell, Garland Head and the hosts.

Memorial To Honor The Late Mrs Lula Womble

Dahlia Flower Club and china painters of the area are busy collecting all sorts of art and craft work plus hand painted china.

This will be exhibited at a show to be held in the Hansford Library November 6 and 7 between the hours of 1:00 to 5:30 p.m. each day.

The art show will be in the form of a silver tea, with all proceeds going toward a special library project which will be a memorial to the late Mrs. Lula Womble.

Mrs. Womble was a member of the Dahlia Club as well as the Arts & Crafts Guild, a china painting class.

Luther League Plans Activities

The Spearman Luther League held a planning meeting on September 5 to plan the year's activities and programs. Members attending were Cindy Kopke, Tex Kopke, Linda Reneau, Karen Rinker, Gail Montgomery and Donna Montgomery. Denise Benton was a guest. Pastor Anderson also attended the meeting.

The Luther League met Sunday September 12 to attend the downtown movie.

Pinochle Club Met Saturday

Mr. and Mrs. James Cummings hosted the Pinochle Club in their home Saturday September 11.

A ham dinner was served to Members Messrs. & Mrs. Fendorf Schubert, Burton Schert, Gordon Cummings, Nicholson, Earl Goodheart and the hosts.

The next meeting will be in the home of the Gordon Cummings.

Your Community Public Service Home Service Adviser

Service is her middle name

Helping you get the maximum benefit from your use of electric service is the job of the Community Public Service home service adviser. She's at your service whenever you have a question about any home use of electric service. She's ready to assist you with suggestions on kitchen planning, wiring, lighting and the use and care of your appliances. As part of her job, she also appears before church, school and club groups to demonstrate modern methods of homemaking . . . electrically. Whenever she can be of service to you, contact her through your Community Public Service office. She'll be glad to help in any way she can.

MRS. ROBERT M. D'ARCY

nee Deborah Fern Bayless

Miss Deborah Fern Bayless and Robert Mervin D'Arcy Jr. exchanged vows of marriage at 3:00 p.m. Aug. 28 in the home of Mr. and Mrs. D.V. Bayless, Gruver, grandparents of the bride.

The Rev. Bill Butts, pastor of the First Baptist Church, Gruver, read the double ring ceremony for the daughter of R.A. Bayless, Goodwell, Okla. and Mrs. Juanita Bayless, Gruver, and for the son of Mr. and Mrs. R.M. D'Arcy, Sr., 1503 Bedivere, Borger.

The bride wore a short dress of purple and white for the service.

Mrs. Dean Bayless, sister-in-law of the bride and Miss Radell Bayless, sister of the bride assisted at the reception.

Out of town guests included Mr. and Mrs. R.M. D'Arcy Sr. and Mark, Borger; Mr. and Mrs. F.R. Wallin, Tucumcari, N.M.; Mr. and Mrs. R.A. Bayless, Goodwell, Okla. Those attending from Gruver were Mrs. Juanita Bayless, Ra-

dell and Rusty, Mr. and Mrs. Dean Bayless and Stephanie, and Mr. and Mrs. D.V. Bayless.

Mr. and Mrs. D'Arcy are at home at 114 E. First, Borger, where he is employed with the Phillips Co.

WSCS Has General Meet

The WSCS met in a general meeting September 8 in the Fellowship Hall of the church for a luncheon meeting.

Mrs. J.B. Buchanan led in prayer. Mrs. Bert Sheppard gave the program. She read the stories of "The Other Wise Man" and "The Modern Day Wise Man."

Three new members were welcomed. They are Mrs. Clark Mites, Mrs. James Jackson and Mrs. Coy Palmer. Other members attending the meeting were Mmes. Bruce Sheets, Robert Adamson, Sid Beck, Jr., Burl Buchanan, Jim McLain, Winfred Lewis, Robert Ragsdale, Russell Townsend, J.B. Buchanan, Ed Howk, Roy Jones, H.M. Shedeck, P.A. Lyon, Sr., Bert Sheppard, Tom Latta and Ed Garner.

Mrs. Edward Dear is a surgical patient in High Plains Hospital in Amarillo this week. Mrs. Dear is doing fine and will probably be home this weekend.

First FHA Social Draws Large Group

The Future Homemakers of America organization held its first social meeting of the year Saturday night, Sept. 11.

Guests were dates, and members of the FFA, Spearman chapter.

The group went via trucks to the Mathews ranch for ball games, hiking and a Weiner roast.

Seventy-one young people and the following adults enjoyed the outing: Mr. and Mrs. Herman Boone, Kim and Sam; Mr. and Mrs. Burt Williams, Lynnette; Mr. and Mrs. Wallace Berner and Ed; Mr. and Mrs. Herman Blanton; Mrs. Linda Handorf; Miss Beth Bourland; Omar Sutton, and Mr. and Mrs. Dick Hudson.

FARM AND RANCH ROUNDUP

Better than any grass in Hansford Co.

GRASS FOUND--Bob Crawford, District Conservationist, is examining a lush stand of Ky. 31 fescue which has been established on the Clarence Zabel farm north of Bern. Fescue is readily established, withstands wet conditions from fallwater, furnishes good grazing, controls erosion, silting of rivers and reservoirs and provides cover for wildlife better than any other grass used in the Red Soil & Water Conservation District. Fescue will grow out watergrass and other weeds. Other water-established to fescue in the district are Wesley Garrison, Gibner and John Betty. Now is the time to plant fescue season grass. It should be planted at about 10-15 per acre in areas that have access to irrigation water.

HOG CHOLERA OUTBREAK IN HOCKLEY & HOCKLEY COUNTIES

Quarantines for hog cholera have been placed on portions of Hockley and Hockley counties by federal and state health agencies, according to Dr. Gilbert R. ... The action is part of a ...

54 to the intersection of Farm Road 303. From there, south along Farm Road 303 to the intersection of State Highway 116, then east along State Highway 116 to Smyer. The specialist explains that no swine in the quarantined areas can be moved without health certification from an accredited state or federal veterinarian. Any producer within the area who wants to take hogs to slaughter may call the Ramada Inn at 763-9343, and ask for any member of the Hog Cholera team. The producer can then obtain farm inspection and a certificate for movement.

All swine farms within the federally-quarantined areas will be inspected by the state animal health officials for signs of sickness," Hollis says, "and this inspection will be completed as quickly as possible."

Swine producers within the quarantined areas who wish to exhibit at the Panhandle-South Plains Fair may do so as long as the hogs are accompanied by a certificate of inspection.

After the fair, these hogs must be taken directly home and isolated for 30 days.

Triticale Marketing Program Announced

AMARILLO, TEXAS--Beef Industries of Amarillo, Texas, has just completed a service agreement with Triticale Growers, Inc., for immediate development of a marketing, research, and variety selection program involving triticale growers in four states, John McCoy, Tucuman, New Mexico, president of Beef Industries, announced today.

McCoy said the agreement authorizes Triticale Growers, Inc., also based in Amarillo, to enter into marketing agreements with growers for the purchase and sale of their 1972 triticale crops produced from seed supplied by TGI in Colorado, Kansas, Oklahoma and Texas.

McCoy also announced the appointment of Tom Moran, currently a division manager of Beef Industries, as executive secretary of Triticale Growers, Inc. "In this capacity, Moran will guide the marketing program of TGI, its work with farmers and plant breeders and its participation in research programs aimed at increasing our knowledge of the fine nutritional qualities of triticale as feed and forage for livestock," McCoy said.

Steps have already been taken to set up and fund a formal evaluation research program to determine the comparative value of triticale with milo, wheat, and corn as a feed lot grain. It is expected that results of this research program to determine the comparative value of triticale with milo, wheat, and corn as a feed lot grain. It is expected that results of this research will be available by harvest time in 1972, according to Moran.

"To help set the quality standards for triticale in the states we serve. Starting on present contracts with feed lots for more than 350,000 bushels of triticale from the 1972 crop, we are in a position to assure a price for growers based on their

ability to meet the quality and quantity demanded by feeder consumers."

"To enhance the marketing side of this program, TGI has been authorized to contract limited amounts of selected triticale at special prices to growers and will guarantee to market the entire grain crop produced from this seed," Moran added.

"TGI, through a program of service membership, is also in a position to offer crop term financing for its two triticale seed selections, soil testing and fertilizer recommendations and telephone or field counseling on any production problems."

"With the combined forces of Beef Industries and TGI and our close association in the Great Plains grain producing area, we are in a unique position to help triticale," Moran continued.

"We know that our varieties of triticale have proven their value as feed, seed, and forage. More research is needed on triticale, but for that matter, research on wheat as a feed grain is still under way. What is needed now is movement of this crop into healthy market channels. TGI is designed to move triticale while at the same time participating in worthwhile research, and service to agricultural producers," Moran concluded.

Sorghum Research Report Released

"Grain Sorghum Research in Texas--1970", a progress report which describes an entirely new industry in the state, has just come off the presses at Texas A&M University.

The 120-page publication was compiled by researchers and specialists in the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

Dr. H. O. Kunkel, dean of the A&M College of Agriculture and acting director of the Experiment Station, said the grain sorghum story, as outlined in the publication, is a good example of what a land-grant university can do for an agricultural commodity.

He said the report is especially significant in view of the more than \$300 million in cash receipts which Texas-grown grain sorghum has provided for the past four years. Receipts totaled more than \$350 million in 1970.

About one in every \$8 in cash receipts from all commodities marketed by Texas farmers has been from grain sorghum.

In 1970, 5.9 million acres of the crop were grown in the state with a yield of more than 330 million bushels, exceeding 40 percent of the entire U.S. crop.

Kunkel said a marked effect of the grain supply has been the growth of the livestock feeding industry. There were 3,138 million cattle finished and marketed from Texas feedlots last year. The state is now third in the nation in numbers of cattle on feed.

"Texas A&M University, through its research and extension work with grain sorghum for more than 50 years, helped lay the foundation for this success," the dean said.

The publication's contents cover cultural practices, diseases and insects, chemical treatment residues, breeding, seed production, handling, various uses of the grain, economics, and extension education in grain sorghum.

"Grain Sorghum Research in Texas--1970" is available from the Department of Agricultural Communications, Texas A&M University, College Station, Texas, 77843.

DALLAS TO HOST NATIONAL EXTENSION HOMEMAKERS MEETING

More than 2,000 homemakers from across the nation have pre-registered for the 35th annual conference of the National Extension Homemakers Council in Dallas, September 20-24.

This word comes from Mrs. Florence W. Low, assistant director for home economics with the Texas Agricultural Extension Service, who is assisting state and national planning committees with arrangements for the meeting.

The Dallas Convention Center and Baker Hotel will serve as headquarters. Besides those who have pre-registered, total attendance for the conference is expected to be approximately 3,000 persons including more than 700 from Texas.

Theme for the Homemakers Council conference will be "Priorities for Progress."

Pre-conference meetings of the NEHC board are slated for September 18 and 19. Registration for state presidents, state leaders and board members will begin at 1 p.m. on the latter day. Registration for all delegates will follow on September 20.

Mrs. Keith Blackner, national president for the homemakers organization from Lyman, Wyoming, will open the meeting at 9 a.m. September 21. Director John E. Hutchison of the Texas Agricultural Extension Service will welcome the group and Mrs. A. E. Hodges of Hereford will bring greetings from the Texas Home Demonstration Association which she heads.

Seven workshops ranging from citizenship to cultural arts, family life, health, international safety, and public information are scheduled, along with panel discussions, rap sessions, an awards luncheon, regional dinners, and speakers at general conference sessions.

Featured speaker the morning of September 23 will be

Edwin L. Kirby, administrator of the Extension Service, Washington, D.C. He will be introduced by Mrs. Low. Election of a national secretary, treasurer and Central director will take place at the afternoon business session September 23. The Texas counterpart of NEHC, the Texas Home Demonstration Association will meet September 24 in Dallas as the concluding activity.

Farm Bureau Convention

The Hansford County Farm Bureau Annual Convention will be in Spearman on Saturday, September 18, 1971 at the Home Demonstration Club room at 8 p.m. Pie and coffee will be served by the Ladies Committee.

The following business will be transacted:

Corn Blight Has Little Effect On This Year's Crop

With most of the corn crop except that on the High Plains now mature, the ravages of Southern Corn Leaf Blight (SCLB) can be dismissed for another year. But the disease should not be written off by producers, cautions Dr. Wendell Horne, plant pathologist with the Texas Agricultural Extension Service.

Although there is still

Ring-neck Pheasant established here

AN EVER INCREASING SIGHT ON THE HIGH PLAINS--Despite the relatively open nature of the terrain, the High Plains and Rolling Plains support a great variety of game species. The Chinese Ring-neck pheasant is apparently established in the northern Panhandle and huntable populations occur in several of the northwest counties. Preferences of the ring-necked pheasant for corn and grain sorghum and other agriculture products are well known. Panhandle pheasants exist in a relatively smooth area where there is a wide range in crop diversification. There is a look of understanding and interest by landowners of the specific composition and/or makeup of the food and cover essential to the pheasant, or the need for such is often ignored in field practice. By leaving a good cover on the ground these birds can be protected and can provide recreation for many people.

some possibility of blight damage to corn on the High Plains, the disease has been of little consequence in the state this year, points out Horne. The hot, dry weather during late spring and early summer hindered the development of the disease in most instances, even though most of the corn planted was of the susceptible type.

According to Horne, the potential for the disease was present this spring. Sufficient disease spores were available but weather conditions hindered widespread development of the blight. Odds are that the disease will again be around next year so producers should not be complacent.

In addition to the High Plains, cases of SCLB have been reported this year in South, South Central, and East Texas. Nationwide, 31 states have reported blight cases. The disease is generally more widespread over the Corn Belt than last year but it is not as serious.

Producers should begin planning for the 1972 crop season now, adds the plant pathologist. Residue management is a key cultural practice in reducing the incidence of blight. Fields should be

deep-plowed so that residue will not be turned during land preparation. Early planting is recommended next spring. Horne suggests that producers also think about obtaining seed with normal cytoplasm that is resistant to the blight. A sufficient supply should be available for the coming crop season.

Horne also points out that the blight will not affect grain sorghum. This bit of information should bring some relief to sorghum producers who are concerned about SCLB infecting their crops.

AN EXCITING SANDWICH--Dress up the old favorite peanut butter sandwich, suggests an Extension consumer marketing specialist. Try adding crispy bacon, apple or banana slices, or marmalade or preserves.

STORING COOKIES--Cookies, baked or unbaked--will keep about six months in the freezer, say Extension foods and nutrition specialists. But before freezing them, make sure they are cool. Store them in plastic bags or in sheet wrapping in the freezer.

If it came to it, I'd rather have stalks and T-E Liquid Feed Supplement than wheat."

Says Carl Chandler, Tulia, Texas

Mr. Chandler has been feeding T-E Liquid Feed Supplement for 10 years. Last year he ran 80 other cows and 70 calves on grain sorghum stalks, from October through February, with T-E Liquid Feed Supplement fed free choice.

With one animal per ten acres, and fed free choice, the average daily consumption of supplement was 1.5 lbs. per head.

Rate of gain for his calves was 2 lbs. head per day.

When Mr. Chandler takes his cattle stalks, he puts them on grass. And keeps T-E Liquid Feed Supplement year-round. Because, says Chandler, "The cows just do it and my calf crop is larger."

Open Till 9:00 pm Every Thursday

Everyone here was anxious to learn if Brad Pendergraft was among the group of football players from Gunnison, Colo. In the terrible bus accident there over the weekend, we are relieved to learn he was not. The Pendergrafts moved there from Spearman a few years ago. Brad is a top-notch football athlete, but he was not on the bus. Friends here heard from them Sunday via Cindy (Cochran) Wright who is also a Gunnison resident.

Faye Lynch said she visited in Morse Saturday and learned that farmers in that community are fighting to control the worms and bugs which are devouring the newly sprouted wheat. Farmers there are spraying fields after each watering. The battle-of-the-insects goes on, and sometimes it's fruitless. These blasted bugs seem to develop a quick immunity to many of the sprays. Makes me remember year ago when Mr. R.V. Converse was well and able to visit up and down Spearman's main street. He often expressed his long-range forecast that we would all live to regret the day insecticides were ever developed. The poor farmers spray for one bug, and another kind turns up.

THE CLEAN-UP and beautification committee is still busy! I think you will hear much from-and-about this group of people. They met last week and drew up several plans to present soon to the City Council. Their aim is to clean up this town, and WITH YOUR HELP this will be a simple procedure. If you have an old dilapidated building sitting on a weed infested lot anywhere in this town, you can help by setting fire to it. If you have an old junk car or junk farm equipment within the city limits somewhere, you can help by hauling it off. You can help by mowing weeds from your occupied (and unoccupied) properties in town. Townspeople will cooperate. I know. I also know the City Councilmen will cooperate by seeing to it that city property is kept clean, and mowed. This committee has a goal in mind, and urges everyone to get enthusiastic along with them. Parts of this city look like a ghetto, and we are one of the few cities in the entire Panhandle which has done absolutely NOTHING about beautification. You can save yourself some embarrassment later on if you volunteer to clean up your own property now. Otherwise, there will be someone come around to ask you to. This city has ordinances covering such "eye sores" and there are lots of people who intend to see that these are enforced.

IT NEVER ceases to amaze me at the number of people who do not--or cannot pay their debts! Statistics reveal that despite the fact that the national income is at an all-time high, approximately two

of every 3 families are in debt. And last year there were more personal bankruptcies, almost 200,000, than at any time in our history. What has helped bring about this situation is the increasing ease with which one can obtain credit, installment buying, credit cards, bank loans, etc. This year the total personal indebtedness of Americans is expected to reach almost \$98 billion, about twice as much as it was a decade ago and ten times the personal indebtedness in 1945.

I don't know what the answer is, but I do have an idea of what the problem is. Too many people want what they want when they want it... without ever putting the pencil to it to see if they can pay for it.

"You cannot bring about prosperity by discouraging thrift. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by discouraging the rich. You cannot establish sound security on borrowed money. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away man's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves."

Know who said this? Abraham Lincoln. Know when? In his address to the counsel in 1863 when he spoke out against socialism in its entirety. Things haven't changed much have they.

I guess people haven't either, for we find in the Bible where Paul was giving this same type of instruction to the CHRISTIAN PEOPLE.... "Pay your debts", he said. In the same breath he said these debts included your taxes... food bills & your clothing bills.

Business men up and down the main streets of every little town often get together and compare "bad debts". The story everywhere is the same. The shocking thing is not the debt itself, but the debtor. (He never appeared to be an embezzler!)

Thank goodness we live in a community where the majority of the people are good, honest, hard working citizens with a name for keeping their "plate" clean.

I still think the people who live in this area of the world are the best people on the face of this old earth.

Oh, there are always a few who fool you, but they can be classified along with those people who hope to be elected to heaven when they aren't even running for office....

SENIOR CITIZEN DAY, SEPT. 23 AT TRI-STATE FAIR

The Tri-State Fair committee has designated Thursday, September 23 as "senior citizens' day. All persons with medicare cards will be admitted free.

A free program for senior citizens will be held in the coliseum at one p.m. Entertainment will be provided by the high school choir and the Amarillo College band.

The speaker will be a member of the National Association of Retired Persons.

Prizes will be awarded to the oldest man, the oldest woman and to the one having the most grandchildren.

The Amarillo Social Security office will have an exhibit in the Exhibits building from 12:30 to 8:30 p.m. and will answer questions on Medicare and Social Security.

Paula Higgins Returns To L C C

Paula Higgins, daughter of Mr. and Mrs. J.B. Higgins, 1005 Dressen, Spearman, has enrolled for the fall semester at Lubbock Christian College. Higgins is a returning sophomore majoring in English with a minor in Spanish. She is a member of Metah Moe, women's social club, and Phi Theta Kappa, honor society.

Lubbock Christian College is a small, private, senior college offering BA and BS degrees in 16 majors.

HD Agent Gives Program

The Spearman Home Demonstration Club met September 10 in the home of Mrs. A.D. Reed.

The Home Demonstration Agent, Nelle Albrecht, gave the program on Home Management.

Members attending the meeting were Mrs. Virgil Hull, Claude Jackson, E.S. Uptergrove, Harry Crooks, Bertie Lewis, B.J. Garnett, John Kenny, W.A. Ellsworth and a new member Mrs. Lloyd Henman.

The next meeting will be September 24.

P-TA Drive

HELP NEEDED!!! Den mothers are desperately needed to help with the fast enlarging Cub Scout program this year. If you would like to help some boy grow into a BETTER man of tomorrow, PLEASE call Carole Hall at 659-3356. Your time will be well spent.

Parents are you in a rut with your kids??? Do you suffer from a generation or communication gap??? Get with it then!!! Join the PTA and find out what our school is all about and how it functions. You and your children will benefit from it. The programs this year are set to inform you what your children are doing in school and why; and from a student's point of view. We guarantee most of you will enjoy all of the programs and the association will enjoy the greatest enrollment ever.

The PTA membership drive is now in full swing, and everyone is urged to join.

In order for senior students to be eligible for PTA memberships, parents must be members of the organization.

PTA members will be selling memberships at the ball game Friday night, so get yours there. You will be glad you did.

Louis Collins Is Full Fledged 'Ham'

Spearman's newest Ham radio operator is Louis Collins, an employ at Northern Natural Gas Co.

Mr. Collins received his license this week and his call will be W55FKD.

Louis is anxious to contact his son Rock, who is also a Ham operator. Rock lives on Midway Island. His call is KM6DX.

Visitors in the rural home of Mr. and Mrs. Dan Jackson last week were: Mr. and Mrs. Reggie Shulte and Haden Balthrop from Monterey, Calif. and Mrs. Florence Saltzberry of Pampa. They also visited in the Owen Pendergraft home.

\$106,000 To Outfit Local Baby Crop

Babies continue to be big business in Hansford County.

From the standpoint of local retail and service establishments that cater to these new arrivals, each one that checks in is economically important, in that it sets into motion a flurry of spending on the part of parents, relatives and friends.

The newcomers are provided with infants wear, baby food, nursery equipment, cribs, carriages, play pens, toiletries, toys, diaper service and the many other appliances demanded by their imperial highnesses.

According to a report released by the U.S. Census Bureau, there has been no shortage of new babies in the local area for a number of years, despite the steady drop in the birth rate in the United States since 1957, when it was at its peak.

The government figures show that a total of 1,313 babies were born to Hansford County parents in the ten years ending in 1970. This is in addition to those born locally to non-residents.

It represents an average annual birth rate of 21.9 per 1,000 people, obtained by dividing the number born in the ten years by the average local population during the period.

Throughout the United States as a whole, the average annual birth rate in the decade was 19.9 per 1,000 population. It was 21.4 in the West South Central States and 21.6 in the State of Texas.

Nationally, the count shows, some 39,033,000 births were recorded in the ten years, 2,318,000 of them in Texas.

As to just how much a fam-

ily is likely to spend on a new-born baby, outside of medical and hospital expenditures, depends upon its financial ability and upon the section of the country in which it is located.

As an average, according to the latest figures from the Health Insurance Institute, the outlay is nearly \$700, of which \$517 is for the baby's equipment and supplies and the remainder for its mother's maternity clothes.

Family gifts and usable baby clothes worn by a previous child could bring this cost lower.

Assuming that the general average applies in the local area, Hansford County's annual crop of babies represents an expenditure of some \$106,000 exclusive of medical costs.

Important Scout Notices

Girls--Interested in becoming a Girl Scout? Girls already in Scouts! You and your mothers are invited to a "Sing-In" to help open the Scouting year. The Sing In will be held September 23 in the swimming pool park from 7 to 8:30 p.m. Refreshments will be served and a good time is planned. Don't be left out this year, come and join in and bring along a friend.

Webelos Leader needed for the "Men of Tomorrow". Boys age 10 in the Scouting program need a male leader to help them learn the skills needed to grow into good strong Boy Scouts. If you are interested in helping this age boy contact Carole Hall at 659-3356.

Pudding Early American-Style

Take the family back in history to early New England one of America's oldest desserts, Indian pudding. The secret learned the secrets of this native dish from the Indians, smooth baked pudding traditionally made from milk, eggs, spices and corn meal.

In this adaptation, honey and brown sugar replace the lasses. These flavors, spiced with cinnamon, are a delicious combination with the characteristic flavor of enriched cornmeal. Another variation -- chopped nuts are sprinkled atop the long, slow baking begins. Serve the pudding warm with cream for a delicious tribute to America's cooking heritage.

HONEY-NUT INDIAN PUDDING

Makes 6 servings

- 1/2 cup enriched corn meal
- 4 cups milk
- 1/4 teaspoon salt
- 1/4 cup butter or margarine
- 1/3 cup honey
- 1/4 cup firmly packed brown sugar
- 1 teaspoon cinnamon
- 1 egg, beaten
- Chopped nuts

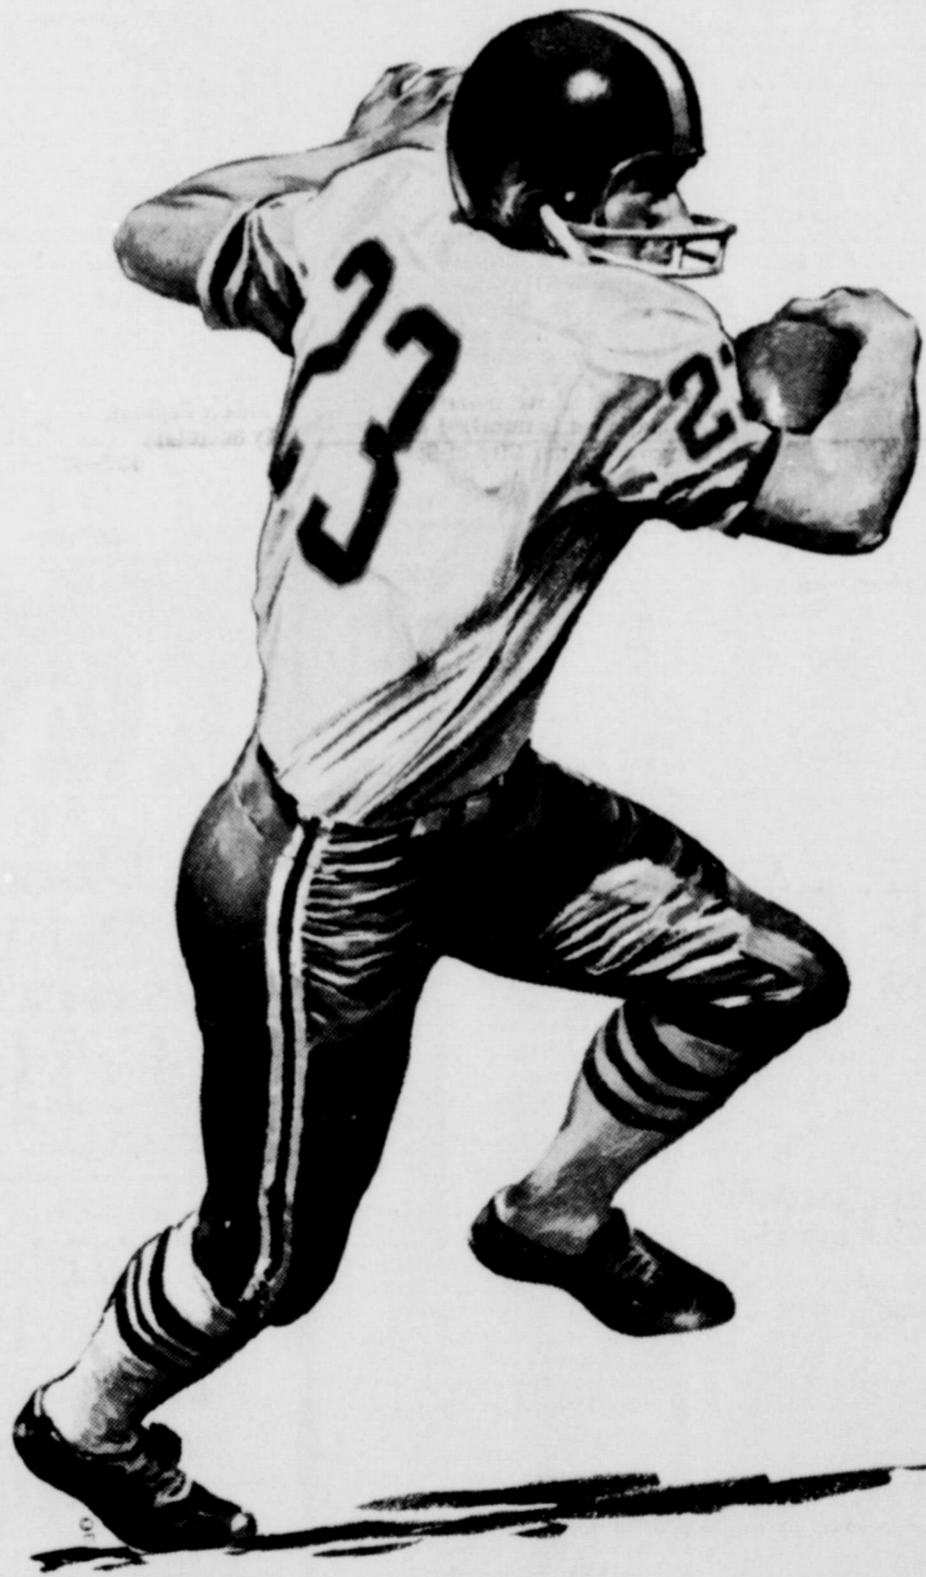

Heat oven to very slow (275°F). Combine corn meal and 1/2 of the milk. Heat remaining milk and salt to scalding. Add corn meal mixture, stirring quickly. Bring to boil, stirring constantly. Cover; cook over low heat about 5 minutes.

Remove from heat. Add butter, honey, sugar and cinnamon. Add a small amount of hot corn meal mixture to beaten egg mixture to hot corn meal mixture, stirring quickly. Pour into greased 1 1/2 qt. casserole. Sprinkle with chopped nuts.

Set casserole in baking pan; place on oven rack. Pour water into baking pan to within 1 inch of top. Bake uncovered in preheated oven (275°F) about 3 hours. Cool to lukewarm. Serve with vanilla ice cream.

LEGAL NOTICES

CITY OF SPEARMAN NOTICE TO BIDDERS

Sealed bids addressed to the Honorable Mayor and City Council of the City of Spearman, Texas, will be received at the office of the City of Spearman until September 27, 1971, 8:00 P.M., for furnishing the following items to the City of Spearman: 1. One (1) Federal Model 1003A three signal Thunderbolt Siren or equal. Siren to be 240 volt, 50/60 Hertz, Three phase, 125 db. 2. One (1) Federal RCM2A remote control, or equal, for above siren in weatherproof box. 3. One (1) Federal AF timer or equal for above siren. 4. One (1) Class 2 C.P. Pole 45 foot length, Minimum of 13 inches diameter (41" circumference) at ground line. 5. One (1) concrete base for blower, size 54" by 33" x 12" depth. 6. Six (6) pipe to pole brackets as per specifications. 7. Thirty (30) feet of 3" galvanized pipe. 8. One (1) Weatherproof box 10" x 24" x 36" with lock and key and fused entrance switch. 9. This unit will be controlled by a two pair telephone loop, voltage being 50V DC, furnished by City of Spearman. 10. Necessary conduit and electrical wire, equipment, and fittings as per specifications. 11. Bidder to bid on all equipment above and do all the work and furnish all necessary superintendence, labor, machinery, equipment, tools and materials, and whatever else may be necessary to complete installation of the above equipment. 12. All electrical work will be done by an electrician licensed by the City of Spearman, and will conform to any applicable ordinances in the City of Spearman, Texas. 13. Payment will be made for all labor and materials when the above mentioned equipment is installed and approved by the City of Spearman, Texas. 14. Specifications are on file at the City Hall of Spearman, Texas. 15. All items to be bid FOB Spearman, Texas. 16. If the construction phase of the bid exceeds \$2,000: (1) All laborers and mechanics employed by contractors or subcontractors in performance of the construction work shall be paid wages at rates not less than those determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended and every such employee shall receive compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in excess of eight hours in any calendar day or in excess of forty hours in any workweek as the case may be, as provided in Section 201 (i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281) and in the Contract Work Hours Standards Act (76 Stat. 357) and, (iii) bid specifications shall contain the labor standards provision prescribed in Section 1808.4 of the Regulations of the Office of Civil Defense, Office of the Secretary of the Army and shall have attached thereto the wage determination decision

of the Secretary of Labor issued for the Project. 17. Contractor must start construction on or before November 9, 1971, and complete construction on or before February 17, 1972. 18. Successful bidder must enter into a contract with the City of Spearman, Texas, within ten (10) days after notice of award of contract to him or his bid will become null and void. 19. Contractor will furnish proof of Bodily Injury Insurance in the amount of \$100,000/\$300,000 for the installation of above mentioned equipment. 20. Before any additions or deletions to the original specifications can be made they must be mutually agreed upon by the City of Spearman and the contractor. 21. The City of Spearman reserves the right to reject any and all bids or waive any informality in the bid or accept any bid regardless. 2. By order of the Mayor and City Council of the City of Spearman, Texas, this 30th day of August, 1971. s/ Dr. D.E. Hackley Mayor ATTEST: s/ Robert Ragsdale City Secretary 43T-44T-c

Orange Filling Enhances Cake "The filling can make the cake," is more than true when that filling is a smooth corn starch thickened custard. This one is deliciously fresh tasting because it is made with freshly squeezed orange juice and grated orange rind. For extra goodness, whipped cream is folded into the custard just before spreading on the cake. Such a filling can be used to enhance the goodness of a prize sponge or chiffon cake or to work dessert magic with bakery sponge layers.

Orange Filling 3 tablespoons corn starch 1 teaspoon grated orange rind 3/4 cup orange juice 1/2 cup light corn syrup 2 egg yolks, slightly beaten 1 tablespoon margarine 1/2 cup heavy cream With a spoon, blend corn starch, orange rind, orange juice and corn syrup in a double boiler top. Cook over boiling water, stirring constantly, until mixture thickens. Cover and cook 10 minutes, stirring occasionally. Stir a little hot mixture into egg yolks, then stir all into remaining hot mixture in double boiler top. Cook 1 minute, stirring constantly. Remove from boiling water. Stir in margarine. Cover and chill. When ready to fill cake, whip cream and fold into chilled mixture. Makes about 1 1/2 cups.

70,000 Bibles sent to Czechoslovakia Czechoslovakia has authorized the import of 70,000 Czech Bibles. These Bibles are being sent by the headquarters of the Bible Societies' Continental European Production Fund in Stuttgart. A year ago the Bible Societies sent in 41,000 Bibles under a similar arrangement.

British students hold 12-hr. 'hush-in' Youth club members at Swaffham, Norfolk, staged a sponsored hush-in over one weekend. Thirty-two boys and girls took part and 28 of them completed the full 12 hours without speaking. About \$360 was raised.

LETTERS from READERS Dear Mr. Miller: Most Texas newspapers and an unfortunately large number of our citizens reacted to our position on the wage-price freeze, as it affects State employees and teachers, on the basis of emotion, without realizing that there were very good, logical and legal reasons for our position--reasons which compelled us to take that position. The issue is not, as has been suggested by many, that we or the State of Texas oppose any reasonable means of curbing inflation. Nor is it that we want special treatment for our State, its employees or teachers. It is simply a question of whether Texas will be treated in a manner consistent with other States, almost all of which have already had pay raises go into effect for their employees in the past year, whether the Governor is supposed to protect and defend the Constitution and laws of his State, or simply forget his oath of office, and whether the Congress actually could authorize, or did authorize, the President to void State laws. Indeed, we in Texas have been in the vanguard of the fight against inflation and recession. We operate under a spend-as-you-go budget, unlike the federal government's inflationary policy of deficit spending, which put this nation more than \$20 billion in the red last year. We have cut spending wherever possible and even vetoed the entire second year of the biennial appropriations bill so that we could reduce spending to more sensible levels. We have prevented the enactment of unnecessary taxes which would have placed an added burden on the already economically strained pockets of our citizens. And, more than a year ago, we called on the Republican Administration in Washington to revise its falling economic policies in favor of well-planned, reasonable wage and price controls. Obviously, there are many complex legal problems involved which make it difficult for the people to understand the action we took. Hopefully, greater understanding of the necessity for our action will become apparent as more and more people acquaint themselves with the facts. Sincerely, Preston Smith Governor of Texas

Prehistoric fish discovered on Malta Workmen have found the skeleton of a large reptilian carnivorous fish, believed to be between 15 and 25 million years old, near Valletta, Malta. The fish, whose skull and fin vertebrae alone measure almost six feet, was discovered 25 feet below ground in a limestone quarry.

W-T MARCHING BAND HAS NEW LOOK & SOUND

CANYON, Tex.--The West Texas State University marching band will have a new look and new sounds when it makes its season debut at Saturday night's football game in Buffalo Bowl.

The 200-member band--the largest ever--will perform in new maroon and white uniforms (the school colors) and will give forth with some pop tunes in addition to the traditional favorites.

The band, under the direction of Dr. Gary Garner, will be accompanied by 13 baton twirlers, called the Buffalo Gals, and six pompom-swinging Song Girls.

The uniform design includes an embroidered WTSU initial emblazoned in front and diagonally in back, with a zip-up breasted jacket in white.

Using the University of California at Los Angeles as its model, the WTSU band has created a team of Song Girls to help boost spirit at the season's football games.

The six girls were chosen in auditions conducted last year by Tom Dickerson, head Song Girl at UCLA.

Members are Carolyn Tung of Canyon and Jeri Vaughn of Pampa, co-captains; Kayla Bigham of Amarillo, Sharon Reinisch of Vernon, Troy Ann Perkins of Amarillo and Diane Winn of Cooper, Wyo. Another innovation is the Buffalo Gals, featuring Cynthia Crow of New Braunfels as featured baton twirler.

Twirlers are Karen Rice, head twirler from Sweetwater, Gay Miller and Diane Pugh, both of Petersburg, Vicki Henderson of Amarillo, Paula Scott of Panhandle, Terie Beth Line of Hierford, Judi Usher and Joy Rüdichuber, both of Plainview, Renee Brack of Dickinson, Judy Voelkel of Snyder, Connie Ruiz of Dumas and Vicki Wallace of Hobbs, N.M.

The band will feature several new rock-pop numbers in its program this year, Garner said. Among new songs in the repertoire are two Chicago tunes, "West Virginia Fantasy" and "Now More Than Ever"; Burt Bacharach's "Promises, Promises," the Beatles' "Hey, Jude," and a group of television theme songs including Mission Impossible, Mod Squad and Hawaii Five-O.

Also on the roster is the overture from the Who rock opera "Tommy," which the band premiered last year.

COLD FOODS--Avoid refrigerating cooked foods a second time after they have been reheated for serving, says Extension foods and nutrition specialists.

SUGAR EXPLAINS--Confectioners sugar--what is it? A very finely ground granulated sugar, according to Extension foods and nutrition specialists. A small percent of cornstarch may be added to prevent caking.

First Telephone "Linewoman"

STUTTGART, Ark.--Another traditional all-male field is echoing to the first light footfalls of the American woman. This time it's the rugged outdoor job of telephone lineman.

The pioneering female pole-climber is a 24-year-old Arkansan, Sharon Roswell, who has just become a full-fledged member of a line crew for General Telephone Company of the Southwest.

She is the first woman to work as a lineman in any of the more than 30 telephone subsidiaries of General Telephone & Electronics Corporation. She also may be the first female to fill this job category in any telephone company in the United States and probably the world.

"We're confident that Mrs. Roswell will perform the lineman's duties in a fully competent manner," said Del L. Moore, Vice President-Operations for General Telephone of the Southwest headquarters in San Angelo, Tex. "The work is demanding, and she isn't receiving any preferential treatment. However, she is well trained, physically fit, and very anxious to learn more about our business."

A foothold on the future. After working as an operator and a clerk for General Telephone of the Southwest for three years, Sharon recently concluded that the pole-climbing job would be an effective route toward moving up in the business.

"I decided that eventually I'd like to specialize in repairing switchboards and installing telephone systems for businesses," she said. "The lineman's job, which pays more than my clerical one, looked like it would take me a big step toward my goal."

As a member of a line crew working in the Stuttgart area, Sharon climbs poles, lifts heavy objects, and operates construction equipment in all kinds of weather. She spends a substantial portion of her time on the telephone poles--about 20 feet up--stringing lines and doing repair work.

Winning her 'Spurs' Like others in her crew, Sharon wears the lineman's traditional badge of office--the steel-spurred "climbers" which she plunges into the wooden poles to step skyward. The climbers, also known as "hooks", are belted to her heavy work boots.

Other essential accessories include sturdy trousers, long-sleeved shirt or jacket, work gloves with wide cuffs, a wide "body belt" for carrying tools, a strong nylon safety strap which she loops around the pole, and a safety helmet which covers her short blonde hair.

An unusual item is her "good-luck" T-shirt emblazoned with a picture of the Fish--the Zodiac sign for persons born between February 20 and March 21. Sharon, whose birthday falls on February 26, is an astrology enthusiast.

last. Right Time For A Change After a lineman's job became vacant, she waited a full month before applying for it.

"According to the signs in my horoscope, the next month was much more favorable for making a job change," she explained. "My transfer request went through smoothly."

"People ask me if I'm a member of the Women's Liberation Movement," she said. "Women's lib had nothing to do with my decision to become a lineman. I just want to learn more about the telephone business and advance in the company. I know the work is tough and challenging--but I really believe that women can do just about anything men can."

First Day at School Before joining the regular crew, she attended the company's three-week training school for linemen in Texarkana, Tex. There, in addition to learning construction and repair techniques, she also mastered the aerial art of "climbing the stick."

"I didn't realize that being a female lineman was so unusual until I went to the training school in Texarkana," she recalled. "On the first day, our instructor kissed me on the cheek and told the class: 'This is the first time I've ever kissed a lineman!'"

Sharon, who stands a slender five-foot-eight and weighs 122 pounds was raised on an Arkansas farm where hard work was a regular part of the family's life. In high school she played on the girls' basketball team.

General Telephone of the Southwest serves 589,000 customers in large sections of five southwestern states.

Purcell & Price To Halt "Business"

A Constitutional amendment to halt federally imposed busing of school children was proposed today by U.S. Representative Graham Purcell, "Unless this step is taken," the Texas Democrat stated, "we will see the irrevocable destruction of the world's most effective educational system,--the neighborhood schoolhouse."

Purcell's amendment, if ratified, would prohibit the forced assignment of children to schools outside their neighborhoods. "After all," the veteran legislator said, "what we're seeking is the best education possible for every child in the United States regardless of their race. Shuffling youngsters from one school to another over the course of their fundamental education seems to be the most self-defeating program anyone ever dreamed up."

Congressman Purcell insisted that the emphasis should be turned instead to an improvement of the educational quality of public schools. The proposed amendment would also require the government, from federal to local levels, to concentrate available resources on sub-standard schools.

Noting that it appears that the federal courts are not going to retreat from their decisions requiring busing to achieve racial balance in schools, Congressman Plof Price has also introduced a proposed Constitutional amendment to prohibit assignment of pupils on the basis of race, color, or creed.

"I have hesitated to introduce this resolution because of a continuing fear that the Federal courts see the fallacy of busing," Price told the House. "It is now obvious that the courts have refused to nix the actions of Congress in the form of mandating busing. For this reason, I feel compelled to introduce this proposed amendment. Price pointed out that the purpose is not to prevent neighborhood schools but to prevent massive busing and its inherent disruptive effects.

"COORDINATED" FOOD Do you serve "picture foods"? They should be, Extension foods and nutrition specialists. Even the size and color should go together.

SWEET FOOD--Honey, the sweetest tasting of all, contains some fructose, according to Extension foods and nutrition specialists. The one-fifth sweeter than granulated sugar.

W-T ENROLLMENT IS OFF THIS YEAR

CANYON, Tex.--Students attending West Texas State University this semester apparently are more inclined toward fulltime educational pursuits than parttime.

This was indicated in an analysis of enrollment figures for the fall semester which showed a tentative decrease of 535 students over a year ago.

Dr. Donald Cates, dean of admissions and registrar, said Wednesday the university had 7,370 paid students when late registration ended last Saturday.

The headcount enrollment for the fall semester of 1971 was 7,905. The headcount for a semester is determined after the 12th class day.

An analysis of the registration data shows the university to be in a more stable position than the loss of headcount would at first indicate, Dr. Cates said.

The information from students who chose not to enroll indicated that we would have a loss in parttime students taking one or two courses only, and this information is reflected in the enrollment data.

The 1971 Legislature raised resident tuition to a minimum of \$50 per semester and non-resident rates for new students to \$40 a semester credit hour.

For example, a parttime student last year would pay \$15 for a three-hour course but under the new tuition he would pay \$50 if a resident of Texas and \$120 if a non-resident.

Despite the over-all loss, Dr. Cates said, the university had about the same number of fulltime students from the Texas Panhandle as last year.
