A smiling Dean Weese accepts the Bi-District trophy, from Bob Dowell...

All state forward Shelia Patterson.

## LYNXETTES ARE REGIONAL BOUND....

The Lynxettes are Regional-bound, this week-end after they exploded Thursday night, and blasted Shamrock in the Civic Center 83-27.

The Lynxettes jumped to an early lead, and continued the on-slaughter for four quarters. At the end of the first period, the Lynxettes lead 19-3, and a fantastic 49-9 at half-time.

The second half was again all Spearman, as they doubled the figure by 36 points, finally winning the game 83-27 in the Bi-district clash.

LeAnn Shieldknight, lead all scoring with 36 points followed close by Shelia Patterson with 30, Sharolyn Schell hit a fast 18 points for the nights scoring.

The Lynxettes will meet Coahoma in the Lubbock Coronado gym, Saturday morning at 11:30 a. m. See ya there.

In the meantime, the Lynx boys will play a practice game at Canyon Thursday night against Farwell. The game will be played at the college gym (Thursday) at 7:30 p. m.

## Sansing Not Running

T. D. SANSING

T. D. (Touchdown) Sansing, who has served as county attorney in Hansford County off and on for about 18 years, is not going to be a candidate for public office this year.

He stated that he was appointed county attorney by the commissioners court in 1938, and began duties in October, continuously by election until December 31, 1951. He was appointed to fill out the unexpired term of James P. Linn in 1966, and entered upon duties in July. He was elected to the term that he is now serving. He will have been County Attorney for 18 years, at the end of the present tenure of office.

T. D. recalls how times and conditions have changed over the many years in the county. He was the only lawyer in the county from 1938 until 1950; now there are five. One year during the forties, only 11 complaints were processed through his office, including traffic violations. Now, his office may file one half this many complaints in a day, and even more in two days. Many court sessions during the forties, Judge Allen would impanel the grand jury and dismiss them immediately, as there were no criminal matters to be considered. Now, Judge Boyer may take several days during a regular term of court to try criminal cases, and often reconvenes the grand jury during term recess to consider violations. He also quite often tries criminal cases between regular terms.

Contrary to what many have heard, or read, drugs are not the big problem in this county. Liquor law violations are at least 10 times the drug violations. Most cases filed in county court have to do with liquor violations, "hot checks" and domestic matters. T. D. reminds the public, that he appreciated the confidence and trust placed in him, and of having had the opportunity to serve the people of this county. He did not seek re-election, as he deemed 18 years were enough for him to serve, and that a young lawyer should have the opportunity to serve and acquire the experience afforded by the office. He stated that his association with the district and county officials, and county employees has been most pleasant. Sansing, went ahead to say "I do not plan to retire, but to devote all of my time to the duties of the office and my private law practice, and at the end of my term of office, I will be able to devote even more time to my private practice. As Jackie Gleason would say, "How SWEET IT IS" to be the only lawyer out of five in the county not running for office."

POST OFFICE WILL CLOSE FEBRUARY 21

The Spearman Post Office will be closed Monday, February 21, in observance of Washington's Birthday. No deliveries will be made on city or rural routes.

## State Requests Cattle Dipping Vats For Hansford Cattlemen

The Texas Animal Health Commission has asked the Hansford County Commissioners Court to make available dipping vat in the county as service to the cattlemen in order to fight the critical scabies situation.

The request from the State was in the form of a letter from H. Q. Sibley, D. V. M., State Animal Health Commissioner. The letter is quite interesting, and is addressed to the County Commissioners Court as follows:

"There are presently 34 counties in the State of Texas under a Federal quarantine for scabies. The common scab is caused by parasites which produce lesions resulting in loss of hair & appearance, itching, irritation, and advanced stages, even death."

"Forty-seven premises have been found to be infected with scabies within the 34-county quarantine. At the present time there are 26 states that have imposed restrictions on movement of Texas cattle from quarantined areas, or cattle from the 254 counties in the State of Texas."

"It appears that in a very short period of time the majority of all states will have quarantines or partial embargoes on Texas cattle."

"Due to our current critical situation and due to the possibility of scabies spreading to other sections of the state, the following requirement is IMPOSED ON THE MOVEMENT OF ALL CATTLE within the quarantined counties. Therefore, we are asking you, Commissioners Court, to make available a dipping vat in your respective county as a service to the cattlemen in your county. The dipping vat should be available and ready for use by March 1, 1972. The dipping restrictions have not been set at this time,

but a date will very possibly be set in the VERY NEAR FUTURE."

Most of the day Monday was taken up by the Commissioners in discussing this pressing matter, and the Court is studying the situation, according to Judge Johnnie Lee.

Lee said the Court definitely decided that in view of the fact there are private citizens in the county who wish to build pens and dipping vats for economic enterprise purposes, the County would not plan to build such facilities.

County Commissioners want to see the cattle scabies situation in the county conquered, but the Court doesn't especially want to see the "county go into the cattle dipping business", according to Judge Lee.

Lee said the Court came up with some rough figures Monday as to what this project might cost the County. "We would have to build facilities in Spearman and in Gruver. We would have to buy land, build pens and vats, hire full time employees to service both places, and keep up maintenance of such facilities for years to come. All this would amount to at least \$40,000," Judge Lee said.

"The County would have to charge cattlemen for use of these facilities, the service would not be free just because it was county owned, the spokesman said, so "why should the County build these facilities when there are individuals here who want to build dipping vats and maintain them as a public facility?"

Commissioners said they certainly did want to help the cattlemen in this county, because there is no question that these men are the backbone of our economy in this county. They do not feel, however, that the scabies situation is bad enough here but what it can be handled by private enterprise.

Joel Lee Lackey, Federal Inspector, and Jerry Floyd, State Inspector, have been checking

all movements of cattle in this county. Lackey said Tuesday that they have found scabies in two feedlots in this county and both are now under quarantine. Lackey said these feedlot cattle found with scabies came from various places--some came from right here in Hansford County--some came from out of state, and some from other areas in the State of Texas.

Lackey went on to say that they had found no scabies "in the county"--that is cattle on the ranches or on wheat pastures. Floyd is busy helping with dipping procedures, and Lackey has not had time to do any inspection of herds. His time is taken up in inspection of cattle movements--either from one field to another, or cattle being shipped out of state. These men expect to inspect more cattle in the next 30 days, "and then we will know more about current situation of scabies," Lackey said.

In searching for a word to describe the current scabies situation in Hansford County, Lackey finally said it could be termed "serious". "If they come up with a set date for dipping requirements, and we don't have dipping vats available, I would say our situation here is serious," Lackey explained. He said he felt there were more cattle in Hansford County at this time than there ever had been in its history.

There is no question that cattle play a major role in the economy of Hansford County--and the scabies mite can certainly make a big dent in that economy. The State office asked to be advised as soon as dipping facilities are available for cattlemen in Hansford County.

A Gruver man and a Spearman man have expressed their intentions of building such facilities as a business enterprise.

## ETTA HARALSON FUNERAL RITES HELD WEDNESDAY

Mrs. Stanley (Etta) Haralson, long time Spearman resident, passed away about 9 p.m. Sunday in Hansford Hospital. She had been a patient in Pioneer Manor Nursing Home the past several years. Funeral services were held Wednesday, February 16 at 1:30 p.m. in the Spearman Union Church. Pastor Ray Christenson officiated for the memorial service. Burial was in Hansford Cemetery by Boxwell Brothers Funeral Directors of Spearman.

Mrs. Haralson, who had lived in Spearman since 1931, was a member of the Union Church. She was 79 years old. Survivors include husband Stanley of the home; two daughters Mrs. Isabel Burke of Topeka, Kansas; and Mrs. Alma French of Spokane, Wash.; two sons, Carver of Cheyenne, Wyo., and J. D. of Spokane; three sisters, Mrs. Myrtle Fullbright of Spearman, Mrs. Billy Dixon of Big Springs and Mrs. Gertrude Jefferys of Stephenville; a brother, Elza Files of Tulsa; 15 grandchildren, 31 great-grandchildren and one great-great grandchild.

## WATER INC. MEET IS FEBRUARY 19

Make your plans to attend the Fifth Annual meeting of WATER INC. Some of the speakers for this meeting are Don Maughan, Norman Flagg, Rep. John Allen, Col. Floyd Henk, Harry Burleigh, Rep. Ralph Wayne.

Be sure to attend February 19, 1972 in Plainview at the National Guard Armory. Meetings will start at 8:30 a.m. to 4:00 p.m.

Hansford County Sheriff's officers and Spearman Police-men were called to the Lyric Theatre Saturday night to investigate a "bomb scare."

The movie was interrupted about 9 o'clock when Mr. Wright Hale received a telephone call. The voice on the phone said "that d--- show better be empty by 9:10 because there's a bomb here that will blow the s-o-b to pieces."

Mr. Hale notified Sheriff J. B. Cooke and immediately had all the audience to evacuate the building.

"The threat was a hoax, but it certainly is not much

of a joke," Sheriff Cooke said. "Something like this is serious business and such an offense carries quite a punishment if the offender is caught, the Sheriff continued.

Cooke said such person could be fined \$1,000 and sentenced to five years in prison--either or both--

Many persons viewing the movie Saturday night, stood outside the building while law enforcement officers searched inside and outside the theatre. Others went on home. Following the search, the movie "The Red Tent" resumed its showing for those who chose to see it through.

## "New Option" Farm Program Explained

18th District Congressman Bob Price this week issued the following statement concerning the recent decision to allow farmers a new option under the 1972 feed grain program.

"I am pleased that Secretary of Agriculture Earl L. Butz this week has made the decision to allow farmers a new option under the 1972 feed grain program which will mean larger payments to them for set aside of feed grain acreage. Under the new option, grain producers after setting aside the 25 percent of their feed grain base to qualify they will be able to earn an increased payment of 76 cents per bushel on grain sorghum (80 cents per bushel for corn) on an additional 10 percent set aside of their base. To qualify for the higher payment rate under this new provision, the producer will agree that for each acre of ad-

ditional set aside, his 1972 plantings of corn-grain sorghum will be reduced by two acres below his 1971 corn-grain sorghum acreage. Thus, one acre would be set aside and held out of all production and the second acre would be held out of corn-grain sorghum production but could be planted to any crop not subject to other program restrictions. In addition, producers may offer an additional 5 percent of their corn-grain sorghum base at the same rate which may be accepted at the option of the Secretary. However, there is no extra option for barley producers.

In another announcement, the Agriculture Department will permit winter wheat producers to revise their Federal Crop Insurance Corporation coverage and reduce premiums to be paid by producers who participate in the additional set aside.

# Wedding Vows Solemnized

Nelle Albrecht became bride of Gary Evans in a ceremony performed early 12 in the Chapel of United Methodist Church Gruber. The double ring ceremony was performed by James Price at 2 p.m. The bride is the daughter of Mrs. August Albrecht and Mrs. August Albrecht, Santa Fe, Colo., and the groom is the son of Mr. and Mrs. A.W. Evans of Gruber. The bride wore a street dress of baby blue trim in off white with white accents. She wore a gardenia corsage.

Max Keating of Dimmitt, twin sister of the matron of honor, Ted E. Gruber, brother of the groom, was best man. The bride's sister, Mary, her daughter's wedding. Albrecht chose a turquoise dress with black accents. Mrs. Evans wore a blue and white dress with accessories. Both mothers wore corsages of white carnations.

A reception was held in the parlor following the ceremony. The table was set with a white lace cloth centered with blue and white carnations and snapdragons. A three tiered cake, decorated with blue roses, and punch were served by Irene

Keating and Marguerite Nelson.

After a wedding trip to El Paso the couple will be at home at 209 Cluck in Gruber.

The bride is the Hansford County Home Demonstration Agent. The groom is engaged in the cattle business and is a farmer.

Out of town guests included Mr. and Mrs. August Albrecht of Paonia, Colorado, Mr. and Mrs. Max Keating and Katrina of Dimmitt, and Mr. and Mrs. David Albrecht, Roy Cynthia and Rebecca of Tulsa.

# Filing Deadline Looms For Local Elections

Those wishing to file for election on the school board or City Council, has until March 1 to do so. School board members' terms this year are those of Henshel Jones and Hershel Jones. He is asking for re-election Tuesday that he served six years in this office, and that he has no present to run again. He said he feels he has served long enough and that it's for someone else to take over.

On the City Council this year for Richard E. J. Copeland and D. E. Hackley. Copeland has filed for re-election as councilman. Lawrence Pettitt, local businessman, filed last week for the Mayor's

race. Dr. D. E. Hackley is asking for re-election again this year.

Candidates may file for school board at the business office in the High School, or for a position on the city ballot at the City Hall. Deadline is March 1.

Both elections have been called for April 1 at the Junior High school.

In order for you to vote in the above elections, you must be legally registered on or before March 1, or 30 days prior to the election.

This year is a very important year for voters. So that you do not miss out on this privilege & obligation, call at the County Tax office in the courthouse and sign a voter's registration form. TODAY.

## DR. YOUNCE TO DELIVER BIBLE COURSE AT GRUVER

Interested persons in this community are invited to attend a three day Bible Conference February 23, 24, and 25 at the Community Bible Church in Gruver.

Beginning at 7:30 p.m. on each of these dates, Dr. Dale Younce of Berger will be delivering messages on Paul's letters to Titus.

Rev. T. W. Bond, Community Bible Church minister cordially invites everyone to attend.

## LOCAL 4-Hers ENTER STEERS IN HOUSTON SHOW

Two members of the Hansford County 4-H Club will show entries in the Junior Division of the Houston Livestock Show and Rodeo. Participating in the competition will be Kim Boone showing two steers and one swine, and Sam Boone showing two steers.

A record number of entries and premium money will make this year's Houston show the largest livestock show in the world. Classes are provided for 10 beef breeds, 4 dairy breeds, 6 swine breeds, 11 sheep breeds, 6 horse breeds, 3 rabbit breeds, 22 poultry breeds and Angora goats.

Among other programs benefiting youth on a state-wide basis are the Scholarship and Research programs. The Houston Livestock Show and Rodeo annually presents scholarships to outstanding FFA and 4-H Club members in the amount of \$4,000 each.

## Apostolic Faith Church Announces Revival

Rev. Otto A. Busch, recent pastor of the Full Gospel Church of Perryton, Texas will be the evangelist for the revival in the Apostolic Faith Church, 9th & Drossen, here in Spearman, Texas.

Assisting in the revival will be Evangelists Rev. and Mrs. Ollie Kinser, recent pastors of the Apostolic Faith Church of Enid, Oklahoma. Rev. Busch comes to us from Baxter Springs, Kansas and the Kinser's come to us from Laverne, Oklahoma.

Rev. and Mrs. Kinser will be in charge of the devotional and musical department of the revival and Rev. Busch will deliver the evangelistic sermons.

The opening date is Friday, February 18, and services will begin each evening at 7:30 p.m. Pastor Jacob Regier urges everyone to attend.

## Waka Church In 'Spiritual' Revival

Brother Sylvus D. Flora of Quinter, Kansas will hold services at the Waka Church of the Brethren Feb. 14-20. There will be an emphasis on the renewal of each person's spiritual life.

Pastor Flora, an ordained minister in the Church of the Brethren, received his education at McPherson College, McPherson, Kansas and Bethany Theological Seminary, Oak Brook, Ill. Other education since graduating from high school includes: a summer working at a mental health clinic, an advanced pastoral seminar, a clergy economic education foundation seminar, business management training and one or two area training seminars in religious and communications areas each year.

Pastorates held in the past have been at Essex, Mo.; Cando, North Dakota; Carleton, Nebraska; and Grand Junction, Colo. Other experiences for 16 years have included personal counseling and testing, office administration, promotion and public relations and fund raising. Brother Flora has served on various state and national boards of the Church of the Brethren. He has been involved in summer camping for 20 years, having helped develop the site and program at Kearney, Nebraska. Pastor Flora has worked with leaders of all denominations and has had wide ecumenical experience.

Services will begin at 7:30 p.m. Monday through Saturday and on Sunday morning at 11 a.m. There will be a fellowship dinner following the morning worship service Sunday, Feb. 20. Everyone is invited to all of the activities and services. Special music and children's stories have been scheduled for each service.

## School Board Meeting

The Spearman school board had a rather busy meeting Monday night with the business made pleasant by a special cherry merengue pie, prepared by Mrs. Hudson's three boys.

The three boys, who take Home Economics at school are Ricky Driscoll, Dee Vandenburg and Lee Cooper. Actually this was a very good dessert and everyone including your reporter enjoyed the fine cooking. Mrs. Hudson thinks that the boy members of the Home Economics class will become very important in the future. With more women working, the men need to take a course in home economics, and this is exactly the trend that has already been set in our country.

The board called for the election to be held April 1st. Two members terms are expiring: Bill Partridge and Henschel Jones. Bill Partridge has already signed to run again for the school board, but Jones indicated that he has not made a decision as yet.

The board voted to review the delinquent taxes and paid

routine bills.

Supt. Cunningham announced that Public School week will be held March 6-10th. Open house at the Spearman school system will be March 7 from 7 till 9 p.m.

The teacher's contracts will not be discussed until the April meeting.

A special appreciation award was given Excel Chevrolet for furnishing driver education cars to the high school.

Mr. and Mrs. K. C. Loftin spent last week with her parents Mr. and Mrs. Milton James in Moss Point, Mississippi and his mother Mrs. Tina Loftin in Prentiss, Miss. The weather was beautiful except for one day of rain.

Mrs. Henry Wilbanks of Dumas is visiting her brothers-in-law and their families, Messrs. L. E., V. W., and Hiram Wilbanks, and her sisters-in-law, Mrs. Faye Klutz and Mrs. Spray Bradford.

## We're putting our money where your mouth is.

A lot of people have been shooting at the telephone companies these days.

And, in truth, we've had our hands full keeping up with the zooming demand for increased phone service.

But General Telephone and, in all fairness, the other phone companies haven't been sitting around counting dimes.

For some time now, we've been paying a healthy "phone bill" ourselves trying to make our service do everything you expect of it. And a few things you don't expect.

During the next five years we'll be spending millions of dollars in the areas we serve upgrading and expanding every phase of our phone operation. From laying underground cables (an important, if invisible area) to customer contact service (an equally important, but highly visible area).

But no matter how much we spend on equipment and expansion, it's what we do for you in your home or business that counts.

Ladies and gentlemen, we're working as fast as brains, manpower and money can combine to make our service as efficient as possible.

### PERSONAL DEVELOPMENT COURSE SLATED

April St. John Lawrence of Amarillo, fashion coordinator and former model, will instruct a Personal Development Course which will include yoga exercises, modeling, poise, make-up, table etiquette for women. She will also teach special courses for wives and career girls on Wednesday afternoon and evenings, beginning February 23.

A world-traveler (her husband, Stu, recently retired from military service and teacher at West Texas State University) Mrs. Lawrence has an enviable background to prepare her for the type of profession she has chosen to follow. She has received training at The Sorbonne in Paris, University of Erlangen in Germany, Condon Bleu in Paris and London, and Cocran Gallery of Art in Washington. She attended both Seton Hall and the University of Pittsburgh and received her initial training in modeling while in college.

In New York City, she was associated with both Powers and Comover Model agencies, and participated in shows for household names as Hatfield, Carnegie, Jaque Fath, Don Christian Dior, Oleg Cassini and Mr. John, to name only a few.

She also worked with many of the top photographers and models for such magazines as Vogue, Glamour, Mademoiselle and others.

When the Lawrences moved to the Amarillo area (they own Hunsley Hills) it was agreed that she should continue with her work. Before long she was conducting teen seminars for schools in Amarillo, Panhandle and Groom and doing shows for such stores as White & Kirk, Colbert's and Lachburn's.

She is vitally interested in working with young rural home-owners and says the Panhandle is some of the most modern up-to-date farm women anywhere in the world.

From New York to Amarillo way of the fashion centers Europe is a long distance, April Lawrence is making a transition without difficul-

Classes for wives and career girls are at 1:00-3:00 p.m. or 7:30-9:30 p.m. at the Home Extension building in Spearman. Junior high girls will meet at 4:00-5:30 p.m. Senior high girls will meet at 6:30-7:00. Classes will be for even weeks including a style show.

### Operation "Reach"

The National Executive Board of Boy Scouts of America has developed a drug abuse prevention plan called OPERATION REACH.

Young people of all ages in all areas of our country are confronted with the opportunity to experiment with drugs. Some will resist such experimentation. Some will become involved. But almost every boy and girl will be confronted by a significant moment of decision--today, tomorrow, or the next day.

Since the Boy Scouts of America has a genuine concern for the wellbeing of all youth the organization has decided to dedicate itself to give major priority to Operation Reach.

Every Boy Scout Council is undertaking Operation Reach in such a way as to try and make a contribution to the solution of a problem which otherwise can weaken youth's capacity to become effective citizens.

Harry Stumpf of Spearman has been appointed Chairman for this project over the Pioneer Scout District. Mr. Stumpf, who has been attending instructional meetings, will in turn teach Scout Masters of the Pioneer District and they will bring their information back to their own troops.

All Senior Patrol leaders and Boy Scouts Masters of this district will meet in Canyon soon for a school of instruction to be taught by Stumpf.

Stumpf said "the real heart of Operation Reach is designed to be used by young people on their own and their friends behalf. Most experts on drug abuse have told us this is the only means of solving the problem."

Operation Reach is not just another drug education project. It is an "action plan" which Boy Scouts can use to help each other and their friends find the things which can enrich their lives.

Harry Stumpf, who has been active in Boy Scout work for the past 20 years, was recently named "Citizen of the Year" for Spearman.

### Government purchases Gettysburg museum

The government has purchased the National Museum and electric map at Gettysburg, one of the most popular U. S. tourist attractions for \$1 million.

The site includes the spot where Abraham Lincoln delivered the Gettysburg address.

### poodle-napping

ROME — Police charged three women, aged, 66, 32, and 27, with extortion after they had kidnaped a prize poodle named Charlie and held him for \$50 ransom.

The women were arrested a short time later in a doorway splitting up the ransom money.

### United Parcel Service Now Covers All Texas

DALLAS, TEX. --United Parcel Service, a national delivery company, has announced that it will expand its interstate service throughout Texas on February 7, linking the entire state with a major portion of the country.

The extension of service will link Texas shippers and receivers to a package delivery network covering 34 other states, plus the District of Columbia. This package service area encompasses all states east of the Mississippi River, the entire states of Minnesota, Iowa, Louisiana, North Dakota and South Dakota, and parts of three states: Arkansas, with the exception of a narrow strip along the northwestern and western borders of the state, northern Nebraska and eastern Missouri.

United Parcel Service has been providing its service within the commercial zones of Dallas-Ft. Worth since September, 1970; in the Houston commercial zone since April, 1971, and on an interstate basis for eastern Texas shippers since last October. The company handles packages that weigh up to 50 pounds and have a maximum combined length and girth of 108 inches.

The new delivery service is being instituted as a result of a grant of authority from the Interstate Commerce Commission. United Parcel Service has applications pending for additional operating authority which, if granted and fully implemented, would permit Texas shippers to reach states to the west as well. United Parcel Service has

been in the package delivery business since 1907 and presently offers its service in 40 entire states and parts of six others. The company provides pickup, transportation and delivery of packages at rates comparable to those for uninsured parcel post.

In order to provide this expanded service to any address in Texas, United Parcel Service will have approximately 900 employees and 400 vehicles operating from its facilities located in Abilene, Amarillo, Austin, Beaumont, Bryan, Corpus Christi, Dallas, Del Rio, El Paso, Ft. Worth, Harlingen, Houston, Laredo, Lubbock, Lufkin, Odessa, San Angelo, San Antonio, Sulphur Springs, Texas City, Tyler, Victoria, Waco and Wichita Falls.

United Parcel Service provides shippers and their receivers with a number of unique service features, including:

A driver calls at a shipper's place of business each day to pick up packages. For a small

weekly service charge he appears automatically without regard to the size of the shipper's business or the volume of packages that can be expected from the account.

Deliveries are made directly to the premises of the consignee whether he is located on the upper floor of an office building or at street level, or whether he is within a city or in a rural area away from any city or community.

If for any reason a delivery cannot be completed on the first call, the driver will make a second, and if necessary, a third attempt at delivery without extra charge. If the package still cannot be delivered, or if it is refused by the receiver, it will be returned to the shipper, also without additional charge.

All packages sent via United Parcel Service are protected automatically for up to \$100 against loss or damage without extra charge. Addition-

al protection can be purchased at a nominal cost.

Signatures are obtained for each package delivered and specially designed records will permit prompt answering of queries about delivery of a package.

United Parcel Service provides an address search service to minimize delivery delays for incorrectly addressed parcels, and also offers a C.O.D. service.

All drivers are neatly uniformed and delivery vehicles are maintained at high levels of appearance. It is company policy to wash or clean each vehicle daily and to repaint vehicles at regular intervals. United Parcel Service adheres to these standards so that its drivers will be welcome anywhere, including professional offices, retail stores and private homes.

## news from your HOME DEMONSTRATION AGENT

The home furnishings home study course got underway this week. There are 24 ladies taking advantage of this opportunity to receive some helpful information in furnishings for their home.

Last week the home demonstration club yearbook committee met to plan programs for the 1972-73 year. Some interesting programs are planned including flower arrangements, cake decorating, sewing lingerie & cooking for calorie counters. The home demonstration year runs from July through June. If any of you are interested in joining a home demonstration club please let us know and we'll direct you to the club in your area, or you may choose to organize a new club. I will be glad to visit with you at anytime about a home demonstration club or a special program for a group or club.

Probably several of you heard the national news service radio program about spices the first

of the year. The speaker said that most spices were dirty, even containing insects. After this several people were heard to say they'd not buy some of the named spices anymore. You can forget this panic due to a new process being used. To the best of my knowledge the Austin based Adams extract company is the only locally available brand using the vacuum process. Since this is a Texas industry we should support them anyway. Using the vacuum process makes it possible to have clean spices free of insects and other foreign matter. It also means the shelf life, or keeping time for spices is increased. If you are in doubt about the potency of spices on your shelf makes a simple test. Rub a small amount between your fingers to crush the spice. If it is still good it will have the appropriate smell. Unless you use herbs and spices frequently buy only small quantities as most do not keep their flavor over several months after they

are opened. Anyone who is interested in management, budgets, estates, insurance, etc. as it relates to the family, is invited to attend the district I Panhandle Economic program meeting in Amarillo, Thursday, Feb. 24. I will be attending the program and hope several of you will take advantage of the learning opportunity it provides. The meeting will be held at the Quality Motel from 9:30 till 3 p.m. If you'll contact me we can pool transportation.

## Honor Students

A total of 897 students in the College of Business Administration at Texas Tech University qualified for the dean's honor list for the fall semester according to Dean Jack D. Steele.

To qualify for the honor list, a student must be enrolled in 12 semester hours of courses and have at least a 3.0 grade point average. Texas Tech uses a 4.0 point grading system.

Students from Hansford County recognized for their high academic achievement in the College of Business Administration are:

GRUVER-Ginger C. Hart, Michael L. Byrd, John S. Irwin and Jesus F. Holquin.

SPEARMAN: James R. Jackson, Buddy R. Dossert and Patrice McLain.

## Weather Watch Men at Work

Civil Defense "weather watch" men have been meeting each week testing radio equipment in preparation for the up-coming tornado season.

In the near future the Hansford County Civil Defense Unit plans to organize a Citizens Band Radio network to assist with storm watch procedure.

## HOSPITALS

## Let Me See by Sybil

Franklin Delano Roosevelt kept a diary and, around the turn of the century, he made many of his entries in a secret code. Since that time several people have been trying to break that code--thinking probably it had to do with very important matters of state. Just recently, they made the break-through and found he was merely writing secret "nothings" about his beloved sweetheart.

Back when I was a kid of a girl, I kept a Diary. For five long years--1,825 days, I never missed a day. I too had a secret code. On the first page of the book I listed every letter in the alphabet and right beneath each letter, I made up some sort of Greek-looking mark. Last week I ran across this ancient manuscript while digging for some other old junk. I sat down and thumbed through it. It wouldn't take a cryptographer to decode my daily jottings, but it would make one sick to read it! Surely girls don't do those things this day and time.

MY FRIEND, Mrs. Claude Watkins of Gruver, notified me this week that the Community Bible Church at Gruver has some interesting programs coming up soon. February 23 through 25 Dr. Dale Younce of Berger will conduct a Bible Conference, an exposition of Paul's letter to Titus. Also, Rev. T. W. Bond--new minister for that Gruver Church--is planning to offer a course in Greek some time soon. He is well qualified, with a major in New Testament Greek, and this course is designed to provide the Bible student with a working knowledge of Greek that will enable him to properly interpret the New Testament. Anyone interested in knowing more about these two programs, may drop Rev. Bond a note of inquiry.

HERE ARE A few gleanings from the lighter side of the press network:

A sign in an Oklahoma school reads: "In case of an atomic bomb attack, the court ruling against prayer in this school will be temporarily suspended."

During a spirited auction, proceedings were halted for a moment when the auctioneer raised his hand and announced "A gentleman in the room has just discovered he's lost his wallet containing \$1,000 and for its immediate return he is offering a reward of \$250." There was a brief silence and then from the back of the room a voice cried out "\$255"

Someone said nostalgia is the longing for things you couldn't stand 40 years ago--

An educated man is one who can give directions without taking his hands out of his pockets.

What is the principal difference between the Republican party and the Democratic party? A good answer we

heard recently was "one and the other is out."

We see courtship at a too early age these days and all too frequently divorces. Three kiddies the backyard down the decided to play house and said "I'll be the mama" other said "I'll be the daddy." The third one said, "I'll be the marriage counselor."

Then a newspaper at Paul tells about the man was out with the boys, he met an old flame, he took her to dinner and when he started for it was 3 a.m. Thinking quickly, he asked the piece of chalk, which rubbed on his trousers, and shirt and sleeves, his wife met him at the he admitted, "I met an old flame. I took her out to drinks and dinner and have just left her a minutes ago." The wife into a rage and screamed "Don't give me that lying bum. I can see the chalk all over you. You out with those lousy boys friends of yours again."

If a safety pin had invented this year, instead long ago, it would probably have six moving parts and two transistors, and a service man twice a year.

Hiram Wilbanks was come home from the Monday after a stay of a week.

Mrs. Dickie Robinson the weekend with her Mr. and Mrs. Kenneth in Canyon.

Miss Altha Groves Tupperware Assembly in rillo Monday. She also Mr. and Mrs. John Shelli.

Mrs. A.F. Loftin is home after having spent in hospitals. Paul is now at his home in Austin. Wren Holt is home from Amarillo.

Mr. and Mrs. Ben Sunray visited her sister and Mrs. Knox Pipkin at the home of Mr. and Orville Fullbright whom have been since they had ill.

Mrs. Mary Macleod of sister-in-law of Mrs. She passed away Sunday. She was 93 years old. Her funeral and her family attended funeral Tuesday.

Mr. and Mrs. Bill students from Houston spending this week in the Friday afternoon at home of Mr. and Mrs. Martin and attending conference at the Union
