The critical eyes of the judges focused Monday on some of the best fat stock ever exhibited by Harsford County youth. This annual Junior Livestock Show was said to be one

of the best ever staged. Ronald Gooch, County Agent of Donley County tapped a 1, 125 lb. Hereford steer shown by Kim Boone, Spearman 4-H club member, for the Grand Champion of the show. Hansford Implement Company purchased Kim's calf for 95¢ per pound, for a total of \$1,068.75. Kim is the daughter of Mr. and Mrs. Herman Boone of Spearman.

Merle Nickelson, Vocational Ag teacher of Hardesty, Okla. named a heavy weight barrow shown by Randy Lowe, Gruver FFA member, as Grand Champion of the swine division. The champion was purchased by North Plains Truck & Imp. Co. for \$1.05 per pound which totaled \$218.40.

The Grand Champion lamb was shown by Lee Wright, a Spearman FFA boy. The 105 1b. lamb was purchased by Hansford Implement Co. at \$2.40 per pound and dom ted to the Boy Scouts.

In the Reserve Champion division of the show, Johnnie Pat TeBeest, Gruver FFA, showed the winning steer which was purchased by Gruver State Bank for \$783,90 and donate. to the Boy Scouts.

Larry Scroggs, Spearman FFA, showed the reserve champion barrow. The 238 lb. animal brought \$154.70, purchased by Thriftway Grocery and donated to Boys Ranch.

Reserve Grand Champion Lamb was exhibited by a Gruver 4-H club member, John M. Hardesty. H & H Water Well Service of Spearman bought the lamb and donated it to Girls Town.

Showmanship awards in the Steer division went to Kevin Holt, Frank Griffin and Kim Boone. Winners of this award in the sheep division were Frank Griffin, John Hardesty and Brenda Dahl. Outstanding showmen in the swine class were Kerry Lamb, Lynn Lamb and Randy Hargis, all winning 1st, 2nd and 3rd in that order.

Awards were also presented to exhibitors who kept the most complete record book on their project. Winners in the 4-H division were Robert Wells, Michelle Mackie and Debbie Greene. Winners in the FFA record book compilings were Frank Griffin, Glenn Ray Mackie and Larry Scroggs.

Hansford County Farm Bureau presented Animal Husbandry awards to students selected by their leaders who had put forth the best effort toward their livestock project this year. Hansford County 4-H youth selected for this award were Robert Diffie of Spearman, Clay Reid of Morse and Chris Bradley of Gruver.

A large crowd of business men, ranchers and cattle buyers from all over the area filled the community building Monday night for the auction sale of animals. Purchasers came from as far as Dixie

Stockyards, Memphis, Tenn. The sale grossed a total of \$33, 978. 32, beating last year by some six hundred dollars. The Van Roach Cattle Company set the floor price on steers 35 cents per pound. A total of 24c per 1b. for barrows was set by Bill Johnson. The Hansford County Show committee set the floor price on lambs at

Claude Smith Saves Salesman

Claude Smith, well known Spearman farmer, was given credit for saving a salesman's life this week. The salesman, from American Desk Manufacturing Co., was stricken near the Smith farm, 7 miles out on the Borgerhighway. Smith picked him up and brought him to the hospital. The salesman called for the school business manager, Orville Latham, who rished to the hospital to help. Latham stayed with the salesman during the day Tuesday and reported that he is resting well. Our thanks to Mr. Smith and Mr. Latham and the Hansford Hospital for saving this man's life.

RECUPERATING

Dave Hand Sr. remains in High Plains Hospital, Amarillo, this week recuperating from injuries sustained last

week at the HansfordFeedyards. Dave, an employee at the feedyards, was riding his horse, cutting out a steer, when the accident occurred. The horse fell with him and he sustained

a broken hip. He has had surgery on the hip, and is recoperating well, but family members say it will be at least 6 months before he can do much of anything.

J. D. WILBANKS IS CANDIDATE

The Spearman Reporter has been authorized by J.D. Wil-banks to publish his name as a candidate for Commissioner for Precinct One, Hansford

County.

J.D. was born and raised on his farm three miles East of Spearman. He graduated from the Spearman Public Schools and up until two years ago, farmed the land his parents homsteaded.

He leased the farm land two years ago, but still maintains a keen interest in it's operation. He states, "Due to not having the everyday burden of farming, I feel I can devote the required time to the job of Commissioner for Precinct One, and I would appreciate your support in the coming Primary Election.

Final Storm Signal Test Is Tonight

For several hours Monday afternoon, citizens of Spearman heard the first trial test of the newly installed Civil

Defense storm warning signals. City dads say they need one more testing session to "iron out a few wrinkles and to determine which sound will be used to sound a tornado warning alert.'

The final test sounding will take place Thursday evening (today) between the hours of 7 to 9 p.m. Spearman residents are urged to LISTEN to the three-

toned siren in order to familiarize themselves with the different sounds so when the City Civil Defense men state which sound means what, citizens will know what they are talking about.

Tornado season is almost upon us, and this warning signal may prove to be very important this summer. If the weather is not threatening Thursday, today, March 23, the siren will be tested once more. City officials will then have something definite to say about designated sign-

Service Honors Deceased D.A.

Spearman law enforcement officers, lawyers from Perryton, Amarillo and other area towns, plus all the local members of the Bar met at the Hansford courthouse Monday morning for a special memorial service in honor of the late Bob Gallaway, District Attorn-

Funeral services were held March 15 for Mr. Gallaway in the First Baptist Church at Borger. He had been elected to the office of District Attorney serving Hutchinson, Hans-ford and Ochiltree counties, at the age of 26. He served the past 24 years without an opponent. Mr. Gallaway had announced earlier this year that he would not seek this

office another term. District Judge Max Boyer called the special memorial service honoring the deceased, whom Judge Boyer termed "my

right hand man. The Judge called on T.D. Sansing, dean of the local

Bar, to deliver the eulogy.
Mr. Sansing remarked that Bob Gallaway was born in East Texas, about 25 miles from his own birthplace, and the two men had reminisced several times about their childhood. Sansing mentioned the fact that many lawyers moved to the Panhandle where opportunities were better for

young law yers; Gallaway had moved to Borger about 25 years

"He was a vigorous prosecutor," Sansing said. "He didn't try to build a record, but prosecuted in such a way as to always be willing to give a second chance to the persons deserving such.

Mr. Gallaway was known as a "good man, and was highly respected by all in his private practice of law" the local at-

torney remarked. In conclusion, Mr. Sansing stated, "we can truly say of Bob Gallaway, 'well done, thy good and faithful public servant, 'even though he is gone and will be missed, he

will not soon be forgotten.' Following the memorial service, Judge Max Boyer called for a moment of silent prayer by members of the audience made up of all the courthouse personnel, local members of the Bar, area lawyers and law enforcement of-

The District Judge then called the civil docket and set cases for trial at a later

date. Courts over the area are pending, waiting the appoint-ment of a District Attorney to fill the unexpired term of Mr. Gallaway.

Pet Clinic Set For Fri. & Sat.

The annual Rabies Clinic for all city pets, a community project, is scheduled for March 24 and 25.

All pets may be brought to the City Hall Friday afternoon between the hours of 2 and 6 p.m. or on Saturday morning from 9 a.m. to 1 p.m.

Local veterinarians, Dr. Wesley Garnett and Dr. Tom Latta will be administering these rabies shots. FFA boys will be on hand to assist.

Everyone is urged to bring in pets for these inocculations, to help in the control of this dread disease. The shots will cost \$3.00 each. City pet license are also due at this time and will be available. License for male and spayed animals are \$1,00; and \$3,00 for fe-male animals-dogs and cats

The City's Animal Control ordinance states that all animals are required to be kept up -- enclosed behind a fence or on a leash. To let pets roam free is violating this city ordinance.

The animal control report for the year 1971 shows there were 430 animals picked up.

Spelling Bee Winner Named

Raymie Porter won the senior division of the Hansford County Spelling Bee held at the courthouse in Spearman Friday afternoon, Miss Roden was pronouncer and Mrs. Danlel and Mrs. Nash judged the contest.

Junior division winner was Kyle Ramsey, who will not enter the regional contest, as the junior winner only goes as far as the county. Raymic wil go ahead and compete for regional and national honors in the spelling bee contests.

Junior high school principal Eddie Clemmons is extremely proud of all of these contestants, and proud of the students in the Spearman junior high who always represent the county so well in the spelling bees.

\$99,000 Locally For Highways

County are beginning to realize that Uncle Sam's 42, 500 mile Interstate Highway System, now three-quarters finished, has become a more costly undertaking than expect-

They know that because they, along with the rest of the motoring public, are footing the bill through their purchases of gasoline, tires and other items.

At the present time, the Federal government is collecting some 899,000 a year from car operators in the local area. The bulk of it is derived from the four-cent tax levied on every gallon of gas.
Not included in this total

are the and gas taxes collected \$ by the state.

The revenue is deposited in the Highway Trust Fund, which pays 90 percent of the cost of construction. The other 10 percent is borne by the states. For the Tylical driver in Hansford County, who covers 10, 000 miles a year and gets 14 miles to the gallon, the annual cost is about \$30, according to Government figures. For those who travel more or

cost varies proportionately.

Based upon the 3, 290 cars in operation in the local area during 1970, it adds up to \$99,000 \$

less than this average, the

a year.

The increasing cost is attributed to the expansion of the highway system from the orig-inal 41,000 miles to 42,500 miles and to the fact that the expected completion date is now 1978 instead of 1972.

As a result of the changes, the ultimate expenditure will be about \$75 billion, it is estimated. That is nearly double the figure set in 1956, when the project was started

Because of the extended construction time, car owners in Hansford County will be contributing an additional \$592,000 before it is finished, six years hence.

There is special interest in the Highway Trust Fund at this time because of the demand by many civic groups that it be used, in part, to support

Clean Up Spearman April 3-7

MEMBERS of various garden clubs & organizations met with J. L. Brock Tuesday morning to plan a city-wide ALL OUT clean up campaign for the week of April 3 through 7.

the Civic Beautification committee met Tuesday morning in the Chamber office to plan a city-wide, all out clean-up

campaign.

Members of this committee will be contacting every person in the telephone directory, asking for special assistance during the week of April 3-7 and it is hoped that every citizen will cooperate in every

possible way. Every local resident is asked to spend time during that week to clean up your own yards, vacant lots and property you might own in the city. Carry all junk to the alley and it will be picked up by service

The day of Tuesday, April 4 has been set aside as the allout, all-day clean up and EVERY ONE in the community is asked to help in ;this. Men and trucks are esperially needed. Everyone who will is asked to meet at Womble Park at 8 a.m. equipped with garden tools, lawn mowers, tractors, trucks, etc. Bring a sack lunch, as everyone will meet back at the park at noon for lunch. Persons will be assigned to various jobs throughout the city. School students will be free this week, and it is hoped that many of them will show up on this special day to give their needed support and ef-

Change In ASCS Set-aside Regulation

GSPA Executive Director Elbert Harp was notified this week by U.S.D.A. officials that the set-aside regulations have been relaxed for farmers who produce both wheat and

summer row-crops. Under the new regulation, a farmer who has wheat set-aside will be asked to designate his intended set-aside for cotton and grain sorghum at the time of wheat certification. However, if for any reason he wishes to change his set-aside later, he may do so by notifying

the county ASCS office at the time of certifying his grain sorghum and cotton.

Prior to this adjustment, a change could have been made only with the approval of the county ASCS office, which unduly complicated the farming operation at the time of start-

ing crops in the spring. The Grain Sorghum Producers Association and the Plains Cotton Growers Association have been working on this problem with the U.S.D.A. for over a

is endeavoring to make the new service work and is contacting each Spearman business man asking them to participate.

Mrs. Mildred Chamberlain has been asked to be the City Hostess. She will call on every newcomer to Spearman, pre-sent them with a packet which is filled with letters of welcome, a book of coupons redeemable at each participating merchant's place of business. plus items of interest concerning city churches, clubs and organizations, schools, library, city map and informative bro-

Many cities in the area have had this Welcome Service for years, and say that it is the perfect way to greet new people in the community and make them feel at home.

The success of the new service depends entirely on how Spearman merchants accept it and cooperate. If enough business men agree to go a long, it will go into action in the near future. If not, the plan will be dropped.

EYE BANK STARTS DONOR DRIVE

To the thousands of blind individuals in America today, the best thing that life could offer is the ability to see

Would you mind if, after your death, your eyes were ised to give some totally blind person the precious gift of sight...making it possible for one or more persons to emerge from constant dark-

The success of a drive now being inaugurated by the Hi-Plains Eye Bank Incorporated and the Lions Clubs in District 2-T1 will determine whether many of our blind, or nearly blind residents, now and in the future, will have the opportunity to regain their eyeseight.

This is not a drive for financial donations. The Hi-Plains Eye Bank is sponsored and suported by the 81 Lions Clubs in the District. It is a drive to sign up eye donors--individuals who are willing to pledge their eyes-upon death-for use in fight restoring operations.

Individuals whose blindness has been caused by damaged or diseased corneas can often be given restored sight through the transplanting of human eye tissue, which has

been donated by some gener-ous person-to be used at his death. There is no other way in which such people can be helped, thus pointing up the need for public co-operation in this sight saving work.

The quality of your vision makes no difference whatsoever. If the cornea, sciera and vitreous are not diseased, the tissue can be used.

Actually six people can be helped by one pair of eyes. Two corneal transplants can be given, two sclera (white part of the eye) can be used for ruptures, and vitreous (fluid in the eye) can be used

for two vitreous implants. It is not possible to buy or sell eyes. They are furnished to the opthalmologist and his patient free. Of course there is the usual hospital charges and the surgeon will charge his

usual fee. Those who are willing to cooperate in this humanitarian project are asked to contact Spearman Lions Club, or the Eye Bank Office in Amarillo for pledge cards or further in-

Union Church Ladies Have All Day Meet

An all day meeting was held for the Union Church Missionary Ladies Tuesday, March 14 in the church annex. President Ann Bowen opened the meeting and presented Brother Ray Chriestenson who gave an informative report on the missionary trip he took to Renosa, Mexico. He reported a real revival in progress in the major churches in Mexico and then told what the ladies could do for the orphanage down there. He said that quilts, baby clothes and yard goods were needed.

The missionary group then had prayer in unison and a Bible lesson from Galatiansfifth chapter. The ladies planned to get a box of baby clothes ready for the next meeting and make crib blankets to

send to the orphanage.

At noon, a covered dish luncheon was served. In the afternoon the ladies worked on

Me See

I don't know when I have seen so many pretty fruit trees. They are blossoming in all their glory, as are the flower-ing shrubs. I have two lilac bushes in my back yard at least 15 years old, and they have NEVER bloomed. Right now bloom buds on these are at least 2 inches in length. Il never make it always have a real cold spell about Easter time, and that's

2 weeks away yet. The dandylions are thriving. So are the elm tree beetles. I sweep these out of my house twice a day, in heaps. Everyone I know has them. These pesty bugs have reaped havoc in our city. Drive around town and notice the number of dead elm trees. Big, old, beautiful trees. Dead as a door dnob. The hedge around my back yard has been sprayed twice, but to no avail. It won't come out this year. One thing about it, I don't have to worry about chopping it down. Ther termites will

do this job for me soon.

A few blocks south of me, the people are fighting bugs so small you can hardly see them. In the window they look like fly specks. But stare at themlong enough and you can see them crawl. They pile themselves up in mounds in your bath tub. Allen Pierce, the sage of south Bernice Street, says he is glad to see these tiny bugs envade his home. He has the cleanest house on the street because his wife Eva goes around with the vacuum cleaner all day long whisking them out of the windows and off the floor. He really don't think the tiny bugs are doing any harm, but the chore keeps Eva at home. An that's where he wants her, for the lawn mowing time is almost here

and that chore is hers alos. I HAVEN'T watched selevision in a month. Re-run time ishere. So are the politicians and their wild and nonsensical promises. And I've seen and heard them all before

This is the year of the politician. Everybody is getting in on the act. Even Patti Patane. Remember her? She was a TV newscaster in Amarillo for a while and did a special program on dangerous drugs. She is run-ning for the state legislature, a andidate for the House of Representatives on the Republican ticket.

Here in Spearman, we have an interesting year shaping up, and all the candidates for various offices are good. It will be difficult to make a decision at the polls.
I'm not talking about local

candidates that give me a pain. Just about the time I decide to vote for this one. here comes a smear campaign against him, and it is done so effectively I believe it. I've come to the conclusion they are all a bunch of crooks. Was risiting last week with Dr. Reese Nowlin at Perryton and we got around to politics. He thinks the same way I do about the crooks. Not long ago there was a bill before the Texas house important to Optometrists and Reese attended the session. There were barely enough legislators present on the floor to make a majority for the vote. When the bill came up for a vote on of them left the floor to go out in the hall for a drink. And stayed there until the bill died ... for lack of a majority. Later Dr. he left during the important vote and he calmly told him in so many words that he had played poker the night before and was allowed to win a tremendous amount of

I've decided how to vote in this year's primary. I'll shut my years, and mark. Voters will all go to the polls in May, and again in November to dutifully cast their ballots. Somebody is going to be elected, but there is no enthusiasm this year.

Hou can you get enthusiastic when you are sick at your stomach? One congressman calmly admits he doesn't ordinarily pay much attention to men's fashions, but he's wild about the new wide lapels that give the candidate a better grip on prospective voters.

A SOUTH TEXAS newspaper had some difficulty recently. A correction notice said "Our paper carried the notice last week that Mr. John Jones is a defective on the police force. This was an error. Mr. Jones is really a detective on the police farce."

Pioneer brand hybrid corn. Last year, High Plains farmers planted nearly twice as much Pioneer hybrid seed corn as the year before. The most popular varieties for grain were 3369A and 3306, both of which have been consistently good hybrids for this area. Yields this past year of 150 bushels per acre and more were common with 3369A and 3306 on good irrigated land. For corn silage, Pioneer brand 9178 is still one of the best for high yield. Pioneer brand 3147, however, is growing in popularity. It yields along with 9178 and has a higher grain to stover ration. If you're planting corn this year, see your Pioneer dealer right away for the seed you need.

The TAP symbol, boosting Texas Agriculture Products, is rapidly becoming recognized as a boon for state farmers and ranchers, arousing admiration as well as envy in neighboring states.

Texas consumers are urged by Agriculture Commissioner John C. White to look for the symbol on products in the supermarket and "Buy Texas" when possible.

As a sales promotion, the TAP program opened entirely new export markets amounting to more than \$12 million in 1971 for livestock alone, Similar successes are recorded for other products. As a result, Texas food, fiber, fruits, vegetables and livestock are now familiar sights in markets in Japan, Europe and South America---all stemming from the TAP program initiated by Commissioner white six years ago.

But the most immediate "feed-back" has come from other states'

Apparently resigned to a philosophy of "if you can't lick 'em, join 'em", two states recently contacted Commissioner White asking how to begin

similar programs. From a Mississippi State Representative came the comment, "I see the TAP symbol on food in our supermarkets and it's just like the products we grow here. I'm not against Texas in our supermarkets but I just want to know you you do

The inquiry came from Rep. Douglas Abraham of Jackson, liss., who said he wanted to inaugurate a program for his state similar to TAP.

From Auburn, Alabama, Extension Agriculturist Carl Dennis wrote White, "We are interested in determining the feasibility of such a program for Alabama. Would you please send us detailed infor-

mation..."
"If imitation is the sincerest form of flattery, then we are flattered indeed," Commissioner White noted.

Consumer recognition of the TAP symbol and what it indicates and stands for, is the most essential element in the program.

We have been working towards consumer recognition for six years --- and it is beginning to pay off, " said white. "We want buyers to reach for the package with TAP on the labe. It means more money in the pockets of our farmers and ranchers."

A program for patients suffering with emphysema, and for family members who need to know the facts about this disease, will be sponsored by the Top of Texas TB and Respiratory Disease Association at 7:30 p.m. on March 24, in the cafeteria of High Plains Baptist Hospital,

Spea'ers will include 2 physicians and two respiratory disease therapists. A question and answer session will follow the presentation.

Those interested in attending should notify the Top of Texas TB and Respiratory Disease Association by phoning 374-2331, or writing the association at 514 E. 9th Street, Amarillo, Texas 79101. Patients and their families from the entire area are invited, without charge, as a Christmas Seal Service.

QUACK PRODUCTS --- If you're in the market for plant care products, beware of materials that offer miracle cures of plant diseases and other maladies, warns Dr. Wendell Horne, Extension plant pathologist. Consumer protection and regulatory agencies are doing much to curb quack products, but each consumer must do his share by refusing to buy unproved products and by supporting consumer protection activities. Always ask for products whose recommendations are based on current research.

NOTRE DAME CONCERT BAND IN AMARILLO ON APRIL 4

When the University of Notre Dame Concert Band appears in Amarillo, at the Civic Center Auditorium at 8:00 p.m. on Tuesday, April 4, the audience will hear the musical form that most critics and educators alike agree is the fastest rising medium of instrumental ex-

pression. Many of these experts fee! that concert bands have already reached an equal footing with symphony orchestras in degree of popularity, and that the concert band is not in the process of originating a form of musical expression all its

Concert Bands, in the not too distant past, attempted to imitate symphony orchestras in the style of music presented. Today, however, more and more serious compositions are being written for the band alone.

Composers of band literature have recognized that the range of musical expression of the concert band is potentially as great as that of the orchestra. Last year on tour some of

the Notre Dame Band's most well received presentations were contempory compositions for band.

With the variety of brasses, woodwind and percussion instruments in the concert band, new and interesting effects are possible. Many of them will be presented inthe Notre Dame Band concert Tuesday evening, April 4. The instrumentation is such that there is a minimum of doubling of parts. This allows the full tonal color of each instrument to be heard.

The Notre Dame Concert Band is composed of students selected by audition at the end of the Football season. Most of the successful candidates were soloists in high school. The members represent all the undergraduate colleges an' most of the academic departments of Notro Dame. This year six students from neighboring Saint Mary's College are also included on the Band's

roster. By attending the concert presented by the Notre Dame Band on April 4, you will not
