McKinzie Reports For Naval Duty

Kingsville, Tex. -- Navy Petty Officer Third Class David L. McKinzie, son of Mr. and Mrs. A.J. McKinzie of Spearman, Tex, has reported to Training Squadron 22 at the Naval Air Station, Kingsville, Tex.

SPANISH PEOPLE COMPRISE 18% STATE POPULATION

Nearly one in five (18 percent) residents of Texas is of Spanish heritage, according to a report from the 1970 census by the Bureau of the Census, U.S. Department of Commerce. It shows that of the State's 11,195,416 total population, 2,959,671 were of Spanish language or had a Spanish surname. The population of Spanish language is composed of (1) persons who reported Spanish as their mother tongue, that is, the language spoken in the home during childhood, and (2) all members of a household related to the head or wife reporting Spanish as mother tongue.

The census report, released by the Department's Social and Economic Statistics Administration, shows that 84 percent of Texas' population of Spanish heritage lived in urban areas. Among the 23 urbanized areas, the El Paso area had the greatest number, 190,582 or 56 percent of the total population. However, Brownsville urbanized area with 45,115 persons of Spanish heritage and Loredo with 60,084 had the highest proportion, 86 percent in each.

Of the 336,140 rural population of Spanish heritage in Texas, 18 percent lived on farms.

The median age of the Spanish heritage population was 19.3 years, compared with 26.5 year for the population of Texas as a whole.

Persons of Spanish heritage 25 and older averaged 7.2 years of completed schooling, compared with 11.6 years for the total population 25 and older. Among the 600,425 persons of Spanish heritage 16 and older who were employed in 1970, 8 percent held professional, technical, or similar jobs; 14 percent were clerical or kindred workers; 15 percent were in crafts; 16 percent were operatives (mostly machinery); and 14 percent were service workers other than private household.

Guests in the home of Mr. and Mrs. R. T. Farris and family have been her sister and husband Mr. and Mrs. Al Ridin and Karen of Anadarko, Okla. They all spent the weekend at Raton at the races.

Views of Panhandle Editors

EDITOR'S NOTE--The following article is from "Spur of the Moment" column of the Canadian Record and was brought to our attention by Mrs. L. L. Anthony, Charles Vignal, the owner of the Canadian Millwork, is her son-in-law.

An experiment of considerable local interest currently underway at Pantex Farms the experimental station operated by the Agriculture Department of Texas Tech University, involves feeding of sawdust as a part of the roughage ration for feedlot cattle.

Canadian Millwork is intensely interested in the result of the experiment, and is one of two Panhandle firms providing the basic raw material for it. Hardwood sawdust from Canadian Millwork, and softwood sawdust from Amarillo's Maywood company, are the two rations being fed in the experiment. . . . and early indications, still not conclusive, are that the ration may be working. . . . and that the cattle prefer and do better on the hardwood.

A 165-day test was started about two months ago using 150 head of feedlot cattle, divided into five pens. . . . two of them getting hardwood sawdust in proportions of 5% and 10% in their rations, two pens getting softwood sawdust in the same proportions, and the fifth pen on a diet containing regular roughage as a control. A. C. Taylor, sales manager for Canadian Millwork, in a talk for the Canadian Rotary Club last week reported on the experiment and noted with delight that preliminary reports (about one-third of the way through the test) indicated that the pen on the 10 percent sawdust ration from Canadian Millwork's hardwood was showing a better gain than any of the others.

This is too early in the test to be conclusive, of course, but it is certainly encouraging. . . . especially to Canadian Millwork, which has some 3,000 tons of sawdust and scrap to dispose of every year and would be most enthusiastic about running this by-product through cattle at the new feedlot now under construction near Glazier. If the sawdust-for-roughage experiment proves successful, Taylor said the local firm would probably install a grinder to convert all its waste to usable particles.

If this experiment is successful, you may see a time in the not-too-distant future when, if you order a "plank steak" you may be much closer to the truth than you realize!

Disposing of 3,000 tons of wood waste every year is a major problem. . . . especially since environmental control laws now prohibit burning it except under controlled (and expensive) conditions. It is the kind of problem, however, that a manufacturing firm like Canadian Millwork would rather have than without. . . . since the growing problem is also an indication of a growing business.

And Canadian Millwork is a growing business. Started almost as a one-man operation by Charles Vignal in 1960, Millwork had its first million-dollar year in 1968 and expects to break \$3 million in sales this year. It has 61 employees and a \$300,000 annual payroll. . . . it steadily expanding. . . . and provides hardwood moulding and other products to one fourth of the United States.

Sales Manager Taylor says he is often asked two questions, when making contacts for his firm in the other parts of the country. The first is "where is Canadian, Texas?" and the second is "why Canadian?" . . . a logical question since this small town is a long way from its source of supply (Indonesia and southeast Asia, principally) and its markets. . . . the whole of the USA.

The answer is a simple one, says Taylor, "This is where Charles Vignal happens to live and where he intends to continue to make his home." That's Canadian's good fortune.

TROUT RODEO SET AT RED RIVER, N.M.

"We are stocking the Red River with 15" to 20" Rainbow Trout--about 100 of them each night," Lester Lewis, Red River, New Mexico Town Councilman and President of the Red River Trout Association, said this week. The big trout, purchased by the Town of Red River, the Chamber of Commerce and the merchants of the town, weigh from 1 1/2 to 3 pounds each and are put into the river along a six mile stretch from Fawn Lake above the town to Aspen Park, down the valley. There are many stretches of the river that are easily accessible to fishermen.

"We are stocking the river at night so that everyone will have an equal opportunity to get to the big fish early every morning," Lewis continued. The New Mexico Game and Fish Commission stocks all the lakes and streams in the state with more than six million fingerling trout each year but the largest fish they ever "plant" are about 8" long when released. We want people who come to Red River to fish to be able to go home with a real fish story--the truth about the trout they catch! That is why we are getting out 100 of them each night," Lewis stated.

Beginning August 1, a "Trout Rodeo" will be sponsored by the Red River Trout Association. This is a contest where at least two of the big trout will be tagged each night and the fishermen who catch the tagged trout will be awarded prizes by the Association.

New Mexico Fishing licenses range from \$2.00 for one-day license to \$10.00 for an annual license for non-residents.

Mr. and Mrs. W.F. (Bill) Hutton have just returned from their vacation which took them first to Phoenix, Ariz. where they spent a week visiting their son William Keith Hutton at the Luke Air Force Base. Then to Lawton, Okla. where they visited her parents, Mr. and Mrs. Roy Dyer. They drove to Marlow, Okla. and visited her sister Mr. and Mrs. Joe Dennis and Allen and another sister Mr. and Mrs. W.O. Bruner at Ponca City.

Enrollment Set At Panhandle State C.

Enrollment for the fall term at Panhandle State College is set for August 28 and 29. Freshman testing and orientation programs will begin Monday, August 28, while upperclassmen are enrolling. Freshman who did not pre-enroll will enroll Tuesday, August 29. Enrollment will be held in the Student Union Ballroom.

The ACT test will be Saturday, August 26, in room 127 Hamilton Hall, at 8:00 a.m. according to Dr. G.H. Peters, Director of Testing at the college. Students enrolling should follow the enrollment procedure of reporting to the Registrar's Office for permit to enroll. At the designated time, report to the Student Union Ballroom where you will be admitted to the Ballroom upon presentation of your Permit to Enroll.

Go to your faculty adviser for approval of your trail study sheet and pick up class cards at the departmental tables.

Report to Registrar's table for check-out. Report to Business Office to pay fees.

Monday, August 28, seniors, juniors, and sophomores are to report to faculty advisers in the Student Union Ballroom between 9:00 a.m. and 4:00 p.m. All first time freshman and freshman who have earned less than 12 semester hours report to Hughes-Strong Auditorium at 9:00 a.m. the same day.

Tuesday, August 29, Freshmen, who did not pre-enroll, report to advisers in the Student Union Ballroom between 9:00 a.m. and 12:00 noon. Students who did not enroll during the specified time will enroll between 1:00 p.m. and 3:00 p.m.

Classwork will begin at 7:30 a.m., Wednesday, August 30, with the last day to enroll being September 13.

For further information, contact the office of the Registrar, Panhandle State College, Goodwell, Oklahoma, 73939.

WORLD'S RICHEST HORSE RACE TO BE TELECAST

THE ALL AMERICAN FUTURITY, the World's Richest Horse Race, will be televised live and in color at 6:30 p.m. on Labor Day by KGNC-TV in Amarillo. It was announced today jointly by Cliff Craig, General Manager of KGNC-TV, and Thad M. Sandstrom, President of the All-American Network. Don Jones, Executive Secretary of the American Quarter Horse Association in Amarillo, worked closely with Sandstrom and Craig in developing plans for the telecast. Jones said, "This is truly the highlight event of Quarter Horse Racing in America and we are delighted to see this event getting the television recognition it deserves."

The "ALL AMERICAN" is scheduled Labor Day, September 4, 1972, at Ruidoso Downs, New Mexico, and will be telecast on approximately 60 TV stations in approximately 15 southwestern and midwestern states. KGNC-TV, Amarillo flagship station of the All-American Network, will originate the first live, color telecast of the ALL AMERICAN. KGNC-TV has been instrumental in forming a special network to televise this highlight event in Quarter Horse Racing. "Amarillo is the headquarters city of the American Quarter Horse Association," Craig said, "and it's logical for our station, traditionally a leader in Amarillo, to do something to boost this vital industry in our area."

Unlike the Triple Crown which is televised on Saturday afternoons, THE ALL AMERICAN will be televised in prime time -- 6:30 p.m. CDT on most stations. Depending on the basic network of the ALL AMERICAN stations -- THE ALL AMERICAN will be generally scheduled after the local 6:00 p.m. news and will be followed at 7:00 by GUNSMOKE on CBS stations, OF THE SUMMER OLYMPICS on ABC stations, or LAUGH IN on

NBC stations -- among the big audience. Billed as the World's Richest Horse Race, the ALL AMERICAN FUTURITY will have a first prize money -- three times the winner's purse of the Kentucky Derby. The purse totals more than \$925,000 -- twice that of the famous Triple Crown. The telecast will include the ALL AMERICAN live and highlights of the world-famous All-American Sale of Yearling Quarter Horses nominated for the 1973 ALL AMERICAN FUTURITY. Telecast time: KGNC-TV will be on CDT, Labor Day, Monday, September 4, 1972.

NBC stations -- among the big audience. Billed as the World's Richest Horse Race, the ALL AMERICAN FUTURITY will have a first prize money -- three times the winner's purse of the Kentucky Derby. ### SNAPSHOTS CAN AID IN FIRE - THEFT RECOVERY

A couple of rolls of film for the family camera can save you dollars and cents in the event of a fire in your home or apartment. The Texas Insurance Agency Association (TIAA) says the safest way to guard possessions and secure replacement or assist in return in event of a burglary is to make an inventory of possessions including the numbers of all major appliances, television sets, etc. Mr. Tom Lee, general manager of TIAA said, secondary help is to take snapshots of each room in your possessions. These snapshots can be used as proof of filing claims with insurance companies in the event of loss of theft of your household goods. The snapshots and inventory should then be kept in a safe away from your home, in a safe deposit box, so in the event of a disaster, are not lost or destroyed with the rest of your possessions.

glary and their insurance companies adds up to well over \$7 million in Texas alone. Mr. Lee pointed out, "Much of this could be prevented with the proper preventive measures." Leaving a note on the door telling when you'll return or where the key is hidden is all the invitation a burglar needs, and once he picks his "customer" and successfully completes his "business" there is little chance of recovery of the property. The inventory and snapshots can be of invaluable assistance in these instances. The TIAA also urges against keeping large amounts of cash and expensive valuables such as jewelry in dresser drawers or other easy-to-spot places. Put them in a safe deposit box for safekeeping. The Association also cautions that although insurance against theft is included in all homeowners insurance policies, you should consider separate coverage for items of high value such as furs, jewelry, cameras and antiques. Remember, the TIAA cautions, losses that do not occur do not result in insurance claims payments nor in unrecoverable expenses like inconvenience, time spent in finding replacements for stolen property, etc. Lower overall claims payments are reflected in a reduced need for premium increases. Therefore, by taking precautions against burglary and fire loss, you can assist in efforts to lower property insurance rates.

### DANGEROUS SUNBURN

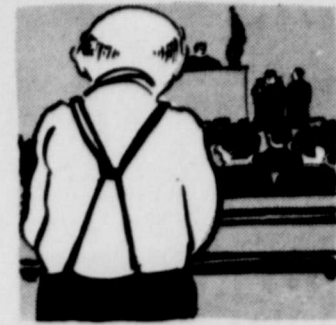

The severity of both acute sunburn and chronic damage to the skin is dependent upon individual susceptibility. For example, susceptibility is greater in light-complexioned, red-haired, freckled individuals and in blonde, blue-eyed, normally pigmented persons than in darker individuals of the same race. Negro or black-skinned individuals are least susceptible, regardless of skin tone. However, even black people are not exempt from harmful effects of prolonged sun exposure.

ful ultraviolet radiation reaching the skin at any given time is influenced by such factors as season, time of day, latitude, and conditions of the immediate atmosphere. Latitude is the most important of these factors; the lower the latitude (30 degrees north latitude in Houston vs 40 degrees north latitude in Philadelphia) the greater will be the risk of harmful solar effects.

The hours of greatest risk at all latitudes are between 10 a.m. and 3 p.m. solar time. Certain surfaces in the immediate surroundings such as white sand, snow, concrete, and shiny metals, can increase the risk, mainly by reflecting the ultraviolet rays. Contrary to commonly held beliefs, a water surface does not greatly enhance one's risk. Sunburn can even be induced by scattered sunlight on an overcast or foggy day.

to \$87.00 for a couple. The new law also includes a provision for automatic annual increases in social security benefits as the cost of living rises in the future--a recommendation made by President Nixon in his 1969 message on social security. Under the new law the contribution and benefit base--the maximum amount of annual earnings that is counted for benefit and contribution purposes--will rise from the present \$9,000 a year to \$10,800 in 1973 and to \$12,000 in 1974. Thereafter, this amount would be adjusted automatically to keep pace with rising wages. This means that as earnings rise workers' base earnings are at or above the level of the maximum earnings base will pay contributions on higher earnings--but they also will have those additional earnings counted toward the benefits that will be payable to them and their families in the future.

The specialist reminds producers that susceptible hogs get cholera by direct contact with infected hogs or with contaminated premises, vehicles, stockyards, and sale barns. Other means of transmission are contaminated boots, clothing and raw garbage. One of the chief reservoirs of the virus is the infected hog. This animal is, in effect, a virus "factory."

Why don't more people visit courtrooms? Perhaps they feel reluctant to "listen in" on the private lives of others. But in the eyes of the law, the anonymous spectator, far from intruding, actually plays a useful role in our scheme of justice. It is his very anonymity that makes him effective. Judges, lawyers, witnesses, and jurors, not knowing who the stranger might be, have an extra incentive to be conscientious.

People may also be court-shy because they just do not realize how remarkably open our courts are. The United States Supreme Court once observed: "We have been unable to find a single instance of a criminal trial conducted (in secret) in any federal, state, or municipal court during the history of this country."

True, access may occasionally be limited for some special reason: to prevent overcrowding, to keep order, to protect children. But as a rule, you may walk into a court as freely as into a church, with no one at the door to check your name or ask your business. When the judge in a murder trial ordered that "respectable citizens only" would be admitted to the courtroom, his order was thrown out by an appellate court as "preposterous." Of course, around Law Day each May many people do go to court to watch justice in action. But the courts are just as open (and just as interesting) all year long. In a sense, that is what Law Day is all about.

A public service feature of the American Bar Association and the Texas State Bar Association. Written by Will Bernard.

### Social Security Raise

Social Security beneficiaries need not apply for the 20 percent benefit increase signed into law by President Nixon on July 1. Amarillo social security district manager Travis C. Briggs said today that all social security beneficiaries who are on the benefit rolls in September will receive the increase automatically. The increase is effective beginning with payments for the month of September and will be in the check delivered October 3, 1972. The average monthly benefit for a retired worker goes up from \$134 to \$162; for a retired couple from \$224 to about \$271. A widowed mother with two children will receive an average social security benefit of about \$386 up from \$322. For a disabled worker with a wife and one or more children, the new average monthly payment will be about \$354, increased from \$295. The special monthly payments that are made to certain individuals age 72 and over who are not insured for regular social security case benefits will also be increased by 20 percent, from \$48.30 to \$58.00 for an individual and from \$72.50

### Hog Cholera Spreads

Hog Cholera, once thought eliminated from the High Plains of Texas, has again gained a foothold--this time in the South Plains counties of Dawson, Terry and Mitchell. These three counties are now under state and federal quarantine, and there is a possibility that a block of South Plains counties may be put under quarantine. "This will depend on how widespread this outbreak is," says Dr. Gilbert R. Hollis, area swine specialist with the Texas Agricultural Extension Service. There have been four confirmed cases in Dawson County involving 705 head, four confirmed cases in Mitchell County involving 150 head and one confirmed case in Terry County involving 12 head. All animals involved have been destroyed and either buried or rendered under governmental supervision.

"Greatest Show on Earth"

Day after day after day in a Los Angeles courtroom, an elderly gentleman sat attentively in a back row seat. He had no stake in any of the cases. He knew none of the participants. But when asked why he was there, he had a ready reply: "Because this is the greatest show on earth." Courtroom scenes do provide the central drama in countless movies, plays, and television programs. Yet, surprisingly few people go to see the real thing. Unless highly publicized, trials often take place with no spectators at all.

### ATTENTION---ALL CATTLEMEN

Friday, July 28, we sold 1958 cattle & calves. The action began at 11:30 a.m. and was completed at 4:40 p.m.

Every Friday in August will be arranged as consignment sales. We will sell all classes, however, plus the load consignments--Advise us of your plans.

Two big sales now being arranged for early fall:

1. Friday, September 1st--a large carlot consignment sale, also mixed cattle of all classes.
2. Friday, October 6th--our Annual Feeder Cattle Show, Sale and Free Barbecue. Everyone invited for that event.

Make our facilities your cattle headquarters.

Mr. and Mrs. James Walker drove to Sublette Kansas Sunday to help celebrate the 50th wedding anniversary of friends Mr. and Mrs. Alfred Rutledge. That evening the Walkers were dinner guests of Mr. and Mrs. A.R. Murphy in Sublette. They viewed the devastated area caused by the 3:30 a.m. storm Friday.

Mr. and Mrs. E.S. Uptergrove have as their houseguest a few days this week his sister, Mrs. Marva Hataway of Sunday.

Mr. and Mrs. George Yancy visited Mr. and Mrs. John Pierce in Albuquerque, N.M., last weekend. They took Marsha Pierce home. She had been visiting Sue Yancy here and Sue remained for a three week visit with Marsha.

Sunday visitors in the E.S. Uptergrove home were Mmes. Bill Morrell and Ruby Morgan of Sunday, Willie Wallis, Mabel Edwards, Cleo Denman and Mrs. Dennis Jones of Spearman.

## To The Editor

The radical program advanced by Senator George McGovern is against the best interests of Texas. We don't want forced busing of school children, drastic cuts in our defense program, and the loss of incentives for our hard-peddled oil and gas industry, and our farming and cattle program. McGovernism would hurt our state's economy and mean the loss of jobs for thousands of Texans. It's time to forget party labels. I plan to work hard for the re-election of Senator John Tower and President Nixon and urge everyone--

Democrat, Republican or Independent--to do the same. Sincerely, C. A. Gibbs, R. C. Fisher, R. E. Sanders, Tom Ertter, J. K. Sheffield, Donnie Thorton, Ernie Pittman, Jack H. Hart, Don Hudson, Everett R. Tracy, L. L. Anthony, Ralph E. Bynum, H. Y. Cornelius, Bill Barnum, A. E. "Junior" Lusby, Katie Gidley, George Jackson, R. B. Holton

### AS I SAW IT

by Chet Wise

One evening, while the Millers were vacationing, I was browsing through an old cookbook containing recipes dating back as far as 1632. I came across this unusual recipe and I thought it would make a good substitute for Sybil's "Let Me See" for this edition. I checked the recipe out and as I saw it, I think you'll be pleasantly surprised if you do the same. I can only say "Tru it, you'll like it" and I don't think you'll need Alka-Seltzer. Or and Anchor Scripture Cake from Vermont 1 1/2 cups Judges 5th Chapter 25th verse 2 cups Jeremiah 6th chapter 20th verse 4th cups Kings 4th chapter 2nd verse 2 cups 1st Samuel 30th Chapt. 12th verse 2 cups Naham 3rd chapter 12th verse 1 cup Numbers 17th chapter 8th verse 1 cub Judges 4th chapter 19th verse 2 tsp. 1st Samuel 14th chapt. 25th verse 2 tsp. Amos 4th chapter 5th verse 6 tsp (whole) Jeremiah 17th chapter 11th verse 1 pinch Leviticus 2nd chapter 13th verse season to taste according to 2nd Chronic's 9th chapter 9th verse. Follow Solomon's prescription for making: Proverbs 14th Chapter 23rd verse. Maybe Sybil will bake one when she gets back home. Sincerely, Chet Wise

attended the funeral of Curtis Parker at Rosemead, Okla. Monday, July 24, 1972. Mr. Parker, son of Mr. and Mrs. O. D. Parker of Spearman and nephew of Mr. and Mrs. Gill and Mrs. Hughes, was killed in a pickup truck collision Saturday. Parker was born in Hanford County in 1927 and lived in this area until about 20 years of age when he moved with his parents to Spearman. He is survived by his wife, a son, two daughters, one grandchild and his parents.

### H.L. SANDERS, JR. TO RECEIVE DEGREE

H.L. Sanders, Jr., in his 10th year of age when he was a candidate for degree this summer at the University of Oklahoma. There is no summer commencement ceremony and formal recognition of the graduates will be at spring commencement next May. Sanders, son of Mr. and Mrs. H.L. Sanders, will receive Master of Arts degree.

### Scramble Tourney Winners Named

Winners in the scramble tourney held Tuesday evening at Hanford Golf Course were Tony Salinas, Lewis Collins, Les Barkley and Elmon Lee. They won with a score of 28 under par. Approximately 60 golfers played in the tourney. A scramble tourney is held each Tuesday at the local course at 6 p.m. Go out and enter into the fun.

### Attend Parker Funeral

Mrs. Wilene Hughes, Mrs. Lowell Denman of Spearman, Mrs. Janet Thomas and Mrs. Wade Gill of Phillips

## PUBLIC NOTICE

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER 3 ON THE BALLOT (HJR 41)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVI, Section 61, of the Texas Constitution, be amended to read as follows: "Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis. In all counties in this State, the Commissioners Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts, to compensate all justices of the peace, constables, deputy constables and precinct law enforcement officers on a salary basis beginning January 1, 1973, and in counties having a population of less than twenty thousand (20,000), according to the then last preceding Federal Census, the Commissioners Courts shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949. "All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis. "Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to require the commissioners court in all counties of the state to compensate all justices of the peace on a salary basis."

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER 6 ON THE BALLOT (SJR 7)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article VIII, Section 1-b, of the Texas Constitution, be amended to read as follows: "Section 1-b. (a) Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes. "(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the assessed value of residence homesteads of persons sixty-five (65) years of age or older from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the assessed value of residence homesteads of persons sixty-five (65) years of age or over shall be exempt from all taxation for all State purposes. "Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars (\$3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions."

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER 8 ON THE BALLOT (SJR 1)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article IV, Section 4, Constitution of the State of Texas, be amended to read as follows: "Section 4. The Governor elected at the general election in 1974, and thereafter, shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this State at least five years immediately preceding his election. "Sec. 2. That Article IV, Section 22, Constitution of the State of Texas, be amended to read as follows: "Section 22. The Attorney General elected at the general election in 1974, and thereafter, shall hold office for four years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature. "Sec. 3. That Article IV, Section 23, Constitution of the State of Texas, be amended to read as follows: "Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall hold office for the term of four years and until his successor is qualified. The four-year term applies to these officers who are elected at the general election in 1974 or thereafter. Each shall receive an annual salary in an amount to be fixed by the Legislature, reside at the Capital of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this section or in his office, shall be paid, when received, into the State Treasury. "Sec. 4. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory State officers."

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER 4 ON THE BALLOT (HJR 61)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVII, Constitution of the State of Texas, be amended by adding a Section 2 to read as follows: "Section 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission. "(b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973. "(c) The members of the 63rd Legislature shall be convened at a constitutional convention at noon on the second Tuesday in January, 1974. The lieutenant governor shall preside until a chairman of the convention is elected. The convention shall elect other officers it deems necessary, adopt temporary and permanent rules, and publish a journal of its proceedings. A person elected to fill a vacancy in the 63rd Legislature before dissolution of the convention becomes a member of the convention on taking office as a member of the legislature. "(d) Members of the convention shall receive compensation, mileage, per diem as determined by a five member committee, to be composed of the Governor, Lieutenant Governor, Speaker of the House, Chief Justice of the Supreme Court, and Chief Justice of the Court of Criminal Appeals. This shall not be held in conflict with Article XVI, Section 33 of the Texas Constitution. The convention may provide for the expense of its members and for the employment of a staff for the convention, and for these purposes may by resolution appropriate money from the general revenue fund of the state treasury. Warrants shall be drawn pursuant to vouchers signed by the chairman or by a person authorized by him in writing to sign them. "(e) The convention, by resolution adopted on the vote of at least two-thirds of its members, may submit for a vote of the qualified electors of this state a new constitution which may contain alternative articles or sections, or may submit revisions of the existing constitution which may contain alternative articles or sections. Each resolution shall specify the date of the election, the form of the ballots, and the method of publicizing the proposals to be voted on. To be adopted, each proposal must receive the favorable vote of the majority of those voting on the proposal. The conduct of the election, the canvassing of the votes, and the reporting of the returns shall be as provided for elections under Section 1 of this article. "(f) The convention may be dissolved by resolution adopted on the vote of at least two-thirds of its members; but it is automatically dissolved at 11:59 p.m. on May 31, 1974, unless its duration is extended for a period not to exceed 60 days by resolution adopted on the vote of at least two-thirds of its members. "(g) The Bill of Rights of the present Texas Constitution shall be retained in full. "Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing for a constitutional revision commission which precedes the convening of the members of the 63rd Legislature as a constitutional convention in January, 1974, for the purpose of submitting to the voters a new constitution or revisions of the existing state constitution."

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER 7 ON THE BALLOT (SJR 16)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article I of the Texas Constitution be amended by adding a new section to be known as Section 3a, to read as follows: "Section 3a. Equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin. This amendment is self-operative. "Sec. 2. The foregoing amendment to the constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide that equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin."

## PUBLIC NOTICE

### Proposed CONSTITUTIONAL AMENDMENT

NUMBER 12 ON THE BALLOT (SJR 29)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVI, Section 33, Constitution of the State of Texas, be amended to read as follows: "Section 33. The accounting officers in this State shall neither draw nor pay a warrant or check on funds of the State of Texas, whether in the treasury or otherwise, to any person for salary or compensation who holds at the same time more than one civil office of emolument, in violation of Section 40. "Sec. 2. That Article XVI, Section 40, Constitution of the State of Texas, be amended to read as follows: "Section 40. No person shall hold or exercise at the same time, more than one civil office of emolument, except that of Justice of the Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and the officers and directors of soil and water conservation districts, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States, or retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and officers of the State soil and water conservation districts, from holding at the same time any other office or position of honor, trust or profit, under this State or the United States, or from voting at any election, general, special or primary in this State when otherwise qualified. State employees or other individuals who receive all or part of their compensation either directly or indirectly from funds of the State of Texas and who are not State officers, shall not be barred from serving as members of the governing bodies of school districts, cities, towns, or other local governmental districts; provided, however, that such State employees or other individuals shall receive no salary for serving as members of such governing bodies. It is further provided that a non-elective State officer may hold other non-elective offices under the State or the United States, if the other office is of benefit to the State of Texas or is required by the State or Federal law, and there is no conflict with the original office for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this State, or the United States, except as a notary public if qualified by law. "Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment permitting State employees, who are not State officers, to serve as members of the governing bodies of school districts, cities, towns, or other local governmental districts, without forfeiting their State salary, and specifying exceptions to the constitutional prohibition against payment of State funds for compensation to any person who holds more than one civil office of emolument."

### XIT REUNION THIS WEEKEND

Everything is ready to head 'em up and move 'em out for the 36th annual XIT Rodeo and Reunion to be held in Dalhart, Texas, August 3, 4 and 5. Special events for every day are planned with at least 17 different events scheduled for Texas' biggest, oldest and most famous rodeo and reunion.

Four rodeo performances are slated, with three amateur rodeo performances produced by L.D. Ward of Trinidad, Colorado to be held at 8:00 on each of the three nights of the celebration, with a Little Britches Rodeo to be held at 11:00 a.m. on August 3rd. The evening rodeos will feature bareback bronc, saddle bronc and bull riding; bulldogging; calf roping; ladies' barrel race; kids' calf scramble and tie-down team roping. There will be \$1,700.00 added prize money. The Pony Express Race, with \$300.00 added money will be held at 2:00 p.m. on Saturday, August 5th at the Rodeo Arena.

Five big dances will be held featuring western bands and teenage combos. The three adult dances will be held at the Rita Blanca Coliseum outdoor dancing arena with room for 2,000 couples. Thursday night will feature Lawanda Lindsey with Dave Dudley's Orchestra. Friday night will have Willie Nelson, and Saturday night will feature Waylon Jennings. The teenage dances to be held at the Elks Club will feature the "Friends" on Friday night and "One" on Saturday night.

Other special free events include our street parade to be held at 11:00 a.m. on Saturday, August 5; the world's largest free barbecue to be held at 5:00 p.m. the same day in which we expect to serve more than 16,000 folks. We have 26 large beavers already committed for barbecuing and will have them ready to serve at that time. In addition to the barbecue, a free watermelon feed will be held at 5:30 p.m. Friday, August 4th and a free sweet corn feed will be held at 5:30 p.m. Thursday, August 3rd with all of these feeds are free with all you can eat.

The antique car show will be open on Friday and Saturday of the celebration at the Rita Blanca Lake Coliseum and will be free to all who wish to view the special antique cars.

Ace Reid, famous western cartoonist and originator of "Cowpokes", will be Parade Marshal assisted by Miss World, U.S.A., Bruce Smith.

As a special attraction this year the mounted Color Guard and Drill Team from Fort Carson, Colorado will appear at each rodeo performance and in the parade.

Officers of the Rodeo Association this year include Dick Barber, President; John O. Colquitt III, Treasurer; Newton Foster, Director; Jack Conrad, Director; Hule Stanley, Director; Al Gallo, Director and John L. David, Director.

### CONGRESSMAN BOB PRICE 18TH DISTRICT—TEXAS

In separate letters to Secretary of State William Rogers and Attorney General Richard Kleindienst, Congressman Bob Price today strongly condemned the recent trip of actress Jane Fonda to North Vietnam.

"Loyal Americans everywhere are shocked and outraged by the conduct of Miss Fonda, which, in my opinion clearly exceeds the limits of free speech or even irresponsible chatter. That this citizen would by her actions give aid and comfort to an enemy of this Nation which has been largely responsible for the death of over 50,000 Americans, and jeopardize the chances for critical peace negotiations is so obviously detrimental to the national welfare as to demand an immediate accountability and rebuke," Price said.

Price inquired into the methods used by Miss Fonda in securing permission to travel to North Vietnam and the role of the State Department in allowing or assisting such travel. The Congressman further questioned why responsible representatives of the United States Government who are concerned

about the fate of American prisoners of war held captive in North Vietnam find it impossible to visit that country when at the same time accommodations for travel are extended to persons such as Miss Fonda who "serve as a mouthpiece for Communist propaganda and undermine the morale and impugn the integrity and motives of their own country."

Price called upon both the Justice and State Departments for an accounting of their intentions to seek prosecution of Miss Fonda for her actions as well as agency recommendations for new federal legislation to plug any loopholes in existing law.

### GIFFORD-HILL INCOME UP

DALLAS, Tex. -- Gifford-Hill & Company, Inc.'s consolidated net income for the first six months of 1972 was 24 percent higher than for the same period in 1971.

John R. Hill, Jr., president and chief executive officer of the diversified construction materials firm, said today the company showed a consolidated net income of \$4,936,000 from January 1 through June 30th this year compared to \$3,972,000 for the same period last year. "Net income for the first six months was the highest in Gifford-Hill's 46 year history," Hill said.

Earnings per share for the first six months of this year were \$1.27 on 3,856,000 average common shares outstanding. These earnings reflect a 22 percent increase compared to earnings of \$1.04 per share on 3,769,000 average common shares outstanding for the first six months of 1971.

Net income for the second quarter was \$2,908,000 compared to \$2,875,000 in the second quarter of 1971.

Hill noted that consolidated sales and other revenues for the period January 1 through June 30 were \$73,992,000, or 32 percent above the \$56,179,000 reported for the first six months of 1971.

Visiting out of town Sunday afternoon were Mr. and Mrs. Eugene Yarbrough. They first visited his parents in Strinnett Mr. and Mrs. Aubrey Yarbrough. Afterwards, they traveled on to Borger to visit some friends, Mr. and Mrs. Marvin Mills, before returning home that night.

### GSPA Sets Europe Swine Study Tour

Approximately 20-25 farmers, ranchers, and investors with a special financial interest in swine production will tour Germany, Austria, Switzerland and France in October on Grain Sorghum Producers Association's Swine Study and Market Development Tour. The 15-day tour, beginning Sunday, October 15, will provide the opportunity for studying both commercial and family owned swine, breeding, feeding, processing, curing, marketing and research facilities in central Europe. The itinerary also allows time for sightseeing and shopping.

People throughout the United States who are interested in any aspect of swine production are invited to participate in the tour. The cost of \$1,050 per person includes coach class air transportation from Lubbock or Dallas (\$907 for New York boarding passengers), all transfers and ground transportation in Europe by deluxe motorcoach with English speaking guides, first class twin bedded hotel rooms, continental breakfast through out, tips, and taxes. The tour is a tax deductible business expense for tour members with swine and grain sorghum market development business interests. Ladies are welcome as tour participants.

Dr. T. D. "Tank" Tankley, highly respected Swine Specialist for the Texas Agricultural Extension Service and Associate Professor at Texas A&M University, will be escorting the group at tour leader.

The itinerary includes visits to a hog finishing farm, a progeny testing station, a feed mill, the research farm of the University of Goettingen and the Institute of Animal Husbandry in Berlin. Highlights of the non-technical part of the tour are an excursion to the Bavarian castles, evening tours of Berlin and Munich, and sightseeing in Switzerland and Paris.

For further information about the tour and for making reservations, contact GSPA, 1212-14th Street, Lubbock, Texas 79401, telephone (806) 763-4425. Reservations must be made by September 15.

A Weekly Report Of Agri-Business News

# Farmcast

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

**Calf Crop Highest Since 1924... Sheep and Lambs on Feed Down 18 Per Cent... Crops Making Good Progress... Wind Erosion Down From Last Year... Screwworms Continue Out of Control... Vaccinate Horses Now for VEE...**

The Texas calf crop this year is expected to be the highest since 1924, the Texas Crop and Livestock Service reports. A calf crop of 5,444,000 head is expected this year; this compares with 5,286,000 head last year.

Nationwide, the 1972 calf crop is expected to total 48,445,000. This is three percent more than 46,974,000 head produced in 1971. The 5,444,000 calves expected in Texas this year is more than twice the number expected in second ranking Missouri, Oklahoma is the third leading state in calf production.

**SHEEP** and lambs on feed in Texas as of July 1 is down 18 percent from a year ago. Sheep and lambs on feed totaled 150,000. Marketings of fed sheep during March through June at 226,000 head were 1,000 below the same period last year.

Sheep and lambs on feed are those intended for slaughter being fed a ration of grain or other concentrates or on succulent pastures and expected within the next three months to produce a carcass that will grade good or better.

**SCREWWORMS** continue to infest Texas livestock as well as wildlife and domesticated animals such as dogs. Little or no relief is expected from the screwworm infestations until cold weather sets in this fall and winter. Livestock owners are urged to continue to check their livestock regularly and to treat wounds on livestock for screwworm control.

**LESS** pollution from wind erosion has been noted this year compared to last year. Wind erosion in the Great Plains moved downward from damage totals a year ago.

Texas, with 1,145,150 acres, or about one-half of the total nationwide, reported the most wind erosion damage this season. Nationwide, land in condition to blow is reported at 3,269,060 acres this year compared to 6,693,695 acres for 1971.

**Crops** are continuing to make generally good progress throughout the state. Cotton is reported to be making excellent progress on the High Plains and Low Plains due to recent rains. The crop is doing nicely in the Blacklands and East Texas except for insect problems. Harvest in the Lower Rio Grande Valley has been delayed by rains.

Corn is making good growth in most areas of the state. Grain sorghum harvest is more than 20 percent complete. Yields have ranged from good to excellent in Blacklands and parts of south and south central Texas.

Soybeans and peanuts are making good to excellent progress. Rice harvest is making fair progress but rain has delayed harvest operations. Harvest for the state is nearing the 20 percent completion mark.

As for commercial fruit, peach harvest continues in most areas with Elberta varieties now in production. This year's pecan crop shows good potential with most trees having moderate to heavy nut set.

**VACCINATE** now for control of Venezuelan equine encephalomyelitis (VEE) authorities recommend.

**VEE** is now about 600 miles from the Texas border. Several hundred head of horses have died from VEE in Mexico. VEE appears to be moving northward in a pattern similar to last year when the disease invaded Texas.

### FRANK PHILLIPS COLLEGE REACHES 1/4 CENTURY MARK

As Frank Phillips College starts its twenty-fifth year of service to the Texas Panhandle, many interesting facts of its evolution will again be reviewed from time to time.

After a very humble birth a quarter of a century ago in space on the second floor of Borger Senior High School, Frank Phillips College has become one of the more outstanding two year colleges in the nation.

The physical features of the college are a very impressive sight. The present sixty acre campus with its seven beautiful buildings, landscaping, paving and lighting represents a value of about \$3,000,000.00.

Frank Phillips College, with its dedicated faculty has fired the ambitions and enthusiasm of many thousands of students over the years.

With a philosophy of requiring responsibility of every student and knowing that the primary reason for the college is "to teach" Frank Phillips College has developed a most enviable reputation.

The well known fact that "when you get through Frank Phillips College you can pass in any other college," measures the academic excellence the college has achieved.

Frank Phillips College has been recognized and accredited by the highest accrediting agencies in the land for many years.

Many changes take place in the courses offered by the college as the years roll on. Frank Phillips has been careful in its course offering and is sure of the basic value of courses before they are offered.

F.P.C. does not change for change sake and has guided its graduates into solid and valuable basic training.

The guidance and counseling at F.P.C. has always been very outstanding and on this twenty-fifth year will be offering a very outstanding program in personal counseling.

Year after year progress has been made in many departments and the enrollment

has climbed steadily from the first sophomore class of 1948-49 of six graduates.

On this twenty-fifth year anniversary of the college, opportunity for the annual Frank Phillips College Reunion to its second quarter celebration with definite projection of confidence.

Registration for the 1972-73 Fall Semester will be August 31 and September 12.

### SWINE MEETING IN HAPPY AUGUST

The role and value of performance testing in the industry will be the major topic of discussion at an educational swine meeting scheduled for August 8, 1972.

The meeting will be conducted at the Biltmore Hotel on the Northeast corner of Happy, Texas beginning at 8:30 p.m. according to Dr. Robert R. Hollis, area swine specialist with the Texas Agricultural Extension Service.

Dr. Bill Thomas, Extension swine specialist, Texas A&M University, will discuss the value of using "On-the-job" performance tested breeding animals in a breeding program. Maintaining a proper herd health and swine sanitation program in conjunction with the use of performance tested animals will be covered by Mike Henderson.

Mr. Tom Eckhart from Ames, Iowa will then give a demonstration on several head of hogs using the ultrasonic machine. The sonic technique is used for estimating back-fat thickness and loin-eye area or marbling in live animals.

As a purebred or commercial swine man, if you are interested in producing the "kind" of pork for today's consumer, you are encouraged to attend this meeting, says Hollis.

Douglas, David Lee, and D'Ann Cummings just returned from a visit in Stillman, Coyle, Yale and Perkins, Oklahoma last week, visiting with grandparents, uncles and aunts.

### Our Heritage of Faith...

#### notes from Faith Lutheran Church

60 people gathered at Jewel Ward Farm this Sunday to enjoy a congregational picnic. A crew of 15 men, including Tim Meyer, Ed Schee, and Dale Oltman, with able help from the women fried ham with all the trimmings for those who had come.

Various games including Volleyball, croquet and the trampoline were used in their place picnic.

Coming Sunday, the congregation will celebrate the celebration of the Lord's Supper at their worship.

Linda Reneau spent 4 days at the hospital. She is now home and we hope she continues to feel better.

A monthly meeting of the women will be at the church on Wednesday, August 9 at 3 p.m. Hostess Mrs. Evi Meyer and Ruth Knudsen giving help.

Many of our people are traveling, attendance has remained good during the summer thus far. We look for continued faithfulness. If you have no church home, we invite you to worship with us. Morning Worship is at 9:30 with Sunday School for all following at 10:30. We look for you.

#### PSC WORKSHOPS WELL ATTENDED

388 persons from the five state area attended the seven workshops this summer at Panhandle State College. This doesn't count the 270 high school girls that attended the National Cheerleaders Clinic.

The seven workshops included Dental Health, Lingerie Construction Seminar, Early Childhood Workshop, Physical Education for Elementary Teachers, Instruction Media Workshop, and Human Relations.

Summer workshops are under the director of Mr. Milton Bradley.

### WHAT YOU CAN DO TO HELP END GREAT INCREASE IN AUTO THEFT

DALLAS, --One major Texas city cut its auto theft rate by more than 25 per cent while another city's rate jumped more than 45 per cent during the first quarter of 1972 according to C.C. Benson, manager, Southwestern Division, National Automobile Theft Bureau (NATB).

Citing statistics from the FBI's recently released Uniform Crime Report, Mr. Benson noted that Dallas recorded 1,317 auto thefts in the first three months of 1972 compared to 1,758 during the same period in 1971 and... a decrease of 25.1 per cent. Beaumont recorded 68 during the three month period in 1972 compared to 89 for the same period in 1971. Fort Worth reported 585 for the stated period in 1972 compared to 749 for the same time in 1971. The two cities chalked up reductions of 23.6 and 23.4 per cent respectively.

Mr. Benson attributed the improved figures to "lock-your-car" campaigns, which

urge the full use of steering column and transmission lock devices found on late model automobiles. These are proving to be a great deterrent to the "joyride" type of auto thefts often committed by teen-agers, the NATB executive stated.

Mr. Benson also urged motorists to etch their drivers license number on all target components—such as tape decks, mag wheels, wheel covers, etc.—to improve the chances of recovery. "I think personal marks on a car can mean the difference in recovery as well as whether or not the thieves can be successfully prosecuted," Mr. Benson added.

Although the nationwide auto theft picture showed a three per cent decrease during the first three months of this year, the Dallas executive added, all is not well. "While we continue to be encouraged by the fact that

we are seeing less auto thefts by teen-agers, the more commercialized and professional type auto thefts are definitely on the increase," Mr. Benson said. "And as a result of evidence that organized commercial auto theft is frequently found to be a part of organized crime in many communities, police intelligence departments and organized crime forces are stepping up their investigations into this type of crime," he added.

In addition to late model, expensive automobiles, professional thieves also are dealing in large diesel truck tractors, heavy earth moving machinery, motorized and mobile homes, pickup trucks with "ampers, as well as a wide assortment of wheeled and water recreational equipment.

"Auto thefts cost the public \$50 million a year. This alone should be ample reason for more precautions and a greater degree of protection by motorists. The police and other investigative agencies can only do so much in preventing auto theft. The greater responsibility must be taken by those most concerned—the motoring public," Mr. Benson stressed.

NATB is a theft prevention

and investigative agency maintained by more than 400 insurance companies. It has regional offices in New York, Chicago, San Francisco, Dallas and Atlanta and staff investigators to cover every state in the nation.

Political dictionary Outgrowth Of Student complaints

CANYON, Tex. --Plans for publication of a political dictionary, the outgrowth of student complaints of present day textbooks, were announced today by a West Texas University government instructor.

Leon W. Blevins said he had completed contract negotiations with Littlefield, Adams & Co. of Totva, N.J., to publish "The Young Voter's American Government Reference Manual."

The manuscript, which will appear as part of a college outline series, will have textbook type information in a modified dictionary form, he said.

"The new work contains definitions written by the author and groups information by categories rather than in pure alphabetical order," he said.

Blevins said he began work on the manuscript in 1969 upon suggestion of students at Texas Tech University, where he was teaching at the time.

"Student complaints of poor high school civics instruction and poorly arranged textbooks brought forth student suggestions for a student-oriented work," he said.

Numerous suggestions were built directly into the manual and students were continually consulted as writing progressed, Blevins added.

Blevins, who has published several articles on church-state problems, received a bachelor's degree from Wayland Baptist College, attended Southwestern Baptist Theological Seminary in Fort Worth and earned a master's degree at the University of Texas-El Paso.

He taught at UTEP and at Texas Tech before coming to West Texas State in 1970. He plans to return this fall to El Paso, where he will join the faculty of the new El Paso Community College and his wife, Shannah, daughter of Mr. and Mrs. O.W. Pharr of Dallas, will be a speech therapist in the public schools.

Mrs. Alta Morse has had as her guests the past week her daughter Mr. and Mrs. Robert Deul and Rhonda from Lewisville, Colorado. On Wednesday Alta, the Deuls and another daughter Mrs. Jack Hamilton and children paid her mother Mrs. Lizzie Henningfield who is a resident of the Abraham Memorial Home in Canadian a visit. Mrs. Henningfield was real happy to have them. Three generations were represented. Incidentally this included all of Alta's immediate family. They all had a real good time. The Deuls returned home but Rhonda remained for a longer visit.
