store, the merchandising space has been doubled. Many new lines have been added including the very popular fabric de-partment. Many wearables were also added after the expansion.

He has been with the chain some 19 years having started with them while attending school in Amarillo. He came to Spearman from the store in Los Alamos, New Mexico.

Nelson and his wife Barbara have made many friends in the Spearman area. Barbara is pre-sently employed by Dr. Wesley Garnett. Nelson served two, one year terms as chairman of the Retail Merchants Association of Spearman.

Their three children, Natalie, age 11; Michael nine and Charlotte 7 have attended school here. The family attends the local Church of Christ. Barbara and the children expect to remain here until housing can be established in Guymon.

Bell expressed regret in having to leave Spearman but looks forward to a new experience in the family center operation.

The rapid growth of the TG&Y chain over the past few years has made it necessary to move the more experienced personnel to higher, key positions.

THE NEW JOHN DEERE SERVICE CENTER opened in Gruver this week. Gene Cudd of Hansford Implement Co., Spearman held his grand opening Tuesday. Personnel from the Spearman store were present Tuesday for the open house: L to R: Louis Mfesner, Bryan Hensley, Mrs. Preston Scott, John Sutterfield, Lenzie Anderson. Mr. Hensley will be manager of the new Gruver store. Many area residents stopped by the new business to leave floral bouquets and to register for door prizes.

You are invited to drive by Consumers Co-op this Thursday Friday, and Saturday, and help them celebrate their birthday party in Spearman. .. Everyone is welcome.

City Hires New Manager

Highlight of the meeting of the city council Monday evening was the hiring of a new ci-ty manager. Michael Struve, of Lubbock, Texas, was hired subject to his acceptance and final acceptance of the council.

Michael is 30 years old, and a graduate of Texas Tech, Lubbock. He is married and has 2 children. He has been employ-ed with the city of Lubbock for several years and seemed to be the most qualified man for the Spearman job.

The council ordered a survey to be made for a new swimming pool in the area, and this is expected to be made in the next two weeks, and prospects for a new pool look real good. The minutes of the July 24th

meeting were read, and also the minutes of the August 7th meeting were read. Bills were paid, and the ambulance, Municipal Court and Police Reports were given along with the Animal Report. Chief Woods stated that the city is having a great summer, with not many accidents, and not many emergencies. The fire report was given and the coun-cil approved the appointment of Lee Phillips as the new Fire

Chief. The council signed an agree-ment to have a new "Urethane" roof put on the community building. The new roof is guar-anteed 15 years, and work is to begin immediately on this pro-

Gasoline requests for 1972-1973 will be announced in a notice in the paper in the near future.

Many of the councilmen were urged to attend the Texas Municipal League meeting, to be held in the near future.

DR. ALBRACHT TO SPEAK HERE MON.

Full Gospel Business Men's Association monthly meeting will be at 8 p.m. Monday, August 21 in the Spearman Home Demonstration building on Bernice Street.

Speaker for the evening will be Dr. E.A. Albracht, of Amarillo. Mrs. Albracht will also be present and both will be sharing their testimonies. The Albrachts have lived in

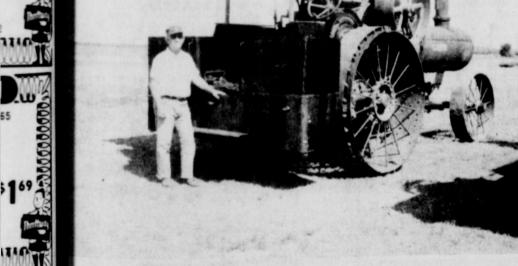

Amarillo for the past 15 years. They are of Catholic background. Dr. Albracht attended Subiaco College, Palmer College, San Antonio College and received a degree from Texas College of Chiropractic at San Antonio. He has done post graduate work at Ann Ar-bor, Mich., New Orleans and Salt Lake City. The Albrachts received the

Baptism of the Holy Spirit in 1870. They hold weekly prays er meetings in their home for people of all denominations. They have witnessed many people being healed by the Lord Jesus.

They have 5 sons, all Spirit-filled. Three sons are in practice with their father.

Everyore is invited to ar-tend the meeting in Spearman Monday night and hear these inspiring testimonies. The local chapter of the

Full Gospel Business Men's Association meets the 3rd Monday of every month. Any-one is invited to become a member. Meetings are open

this Sunday, August 20, according to J.D. Wilbanks, host and demonstrator.

Wilbanks, who staged the wheat threshing demonstration last year using his old 1913 Model, 60 HP Case steam engine, found so many people interested in the event, he promised a repeat performance.

The Spearman farmer who lives some 4 miles east on FM 769, has around 2, 300 wheat bundles loaded on wagons, and if the weather will cooperate, will begin threshing around one o'clock Sunday with "live steam." Everyone is invited to come out and watch the old steam engine Case chew up these bundles and spit out the grain.

Mr. and Mrs. Wilbanks, who are square dance enthusiasts (J.D. is a professional caller) have a big show planned for Saturday night when the Panhandle Camping Squares will be there. The Wilbanks' will host a "square dance on the grass" and they invite all dancers to come out and join in the fun--or if you do not square, come on out and watch!

Also planned for Sunday afternoon, other than the threshing bee, will be horsepower demonstrations, old gas tractor display, plus a demonstra-tion of making home-made rope with binder twine, with the use of an old antique rope making machine. The public is invited.

HELD HERE WED

Funeral services for Tex Wayne Eaton, 17, who died Saturday in an electrical accident at Linn Creek, Mo. were held Wednesday at 2 p.m. in the Assembly of God Church,

Spearman. Rev. E.J. Taylor, pastor, officiated. Burial was in Channing Cemetery by Box-well Brothers funeral home of Spearman.

Survivors include his wife, Rose of Linn Creek; his mother Mrs. Elwanna Eaton of Lubbock; a brother, Robert of Canadian; two sisters, Mrs. Ray Kent of Liberal and Mrs. Jerry Ring of Lubbock and his grandmother Mrs. Anna Mc-Gary of Spearman.

The Eaton lad attended Spearman schools.

Susie Hand Is Rotarian Speaker

A report on how the Credit Bureau works was given by Susie Hand and a film was shown at the Rotarian meeting Monday, August 14 in the Home Demonstration Clubroom at noon.

The meal featured ham, peas, carrots, baked potato, and cake, which was enjoyed by all present. Along with the regular members two guests David Stewart and Gene Schneider of Borger were present.

School Budget Set For Coming Year

> The school board approved the 1972-73 budget at their re-gular meeting Tuesday night. The total budget calls for an expenditure of \$1, 214, 647 for the coming school term, and an expected revenue of \$1, 199, 688.

The deficit will be absorbed by reserve funds on hand. The new budget reflects an increase of some \$41,000 over last year's budget, primarily due to the increase in teacher salaries.

Anticipated expenses show payroll costs the major item, with a figure of \$782, 261.00. Other items are: Services \$75, 236.00; Supplies \$63, 000.00; Others, (student activities, athletics, etc.) \$98,099.00; Debt \$151,034.00; Equipment \$44, 507.00.

Expected revenue from local sources (taxes) for the coming school term, \$892, 317.00. Expected revenue from the State, \$300, 471.00.

Four evaporative air conditioners (21,000 cfm each) have been installed in the Junior

High building this summer at a cost of \$4,000.00. The Junior High Auditorium has been remodeled to provide better facilities for music classes. This cost was

\$1,700.00. A walk-in freezer, \$2,800.00 was installed at the Junior High Cafeteria so the lunchrooms can have a place to store the frozen commodities. In the past this food has been stored in a freezing unit in Borger, with trips having to be made twice a week to pick up lunchroom foods.

Other improvements made this summer at the Spearman public schools have included the usual painting, repairing and up-keep activities need-ed annually.

Bryan and Carla Krull visited with Dorothy Roden, this past week. They are from near Dallas.

week to keep soil grinding into the fibers. In parts of the home where traffic is heavy, daily vacuuming is a must.

No matter how efficient your vacuum is, it can't remove the airborne dirt particles that cling to the fibers and dull the carpet's color. Occasional home cleaning brightens the luster of carpets made of wool or other fibers.

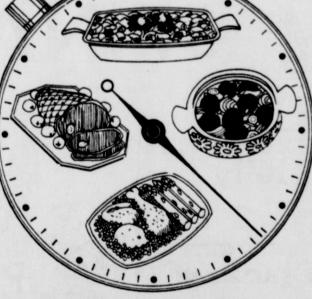

The dry method (using absorbent powder) is safer. The wet method, employing a special cleaner or neutral detergent and water, is more effective. However, frequent use of the wet method will leave a residue as it is impossible to rinse a carpet thoroughly on the floor.

All carpets should be treated periodically by a reputable cleaner. He has been cleaning wool for years, and knows exactly how to bring out its beauty. Wall-to-wall carpets are usually cleaned right in the home, while rugs are usually taken to the plant for a shampoo. Both methods are successful when done by a reputable firm.

The woolmark on a carpet is your assurance that the carpet is made of the world's best...pure wool pile, and that it meets the rigid quality standards of The Wool Bureau, Inc., who will send you a FREE AND EASY CARE Booklet, if you write to them at 360 Lexington Ave., New York, N.Y. 10017. THURSDAY, AUGUST 17, 1972

The nicest things are happening to the nicest people, and much of it is taking place far, far away. But to Spearman people. Rebecca Hutchison, 22

year old daughter of Dwight and Georgianne Hutchison, is still having a grand time in Germany. She left June 13 with other students lucky enough to get to participate in the International Farm Youth Exchange program. Conducted by the National 4-H Foundation in behalf of the Extension Service and Department of Agriculture, this program between the U.S.A. and 35 other countries is to promote peace and a better understanding throughout the world. Becky 's having a ball, and we hope to have further news from her soon.

Spearman is familiar with the foreign exchange student program for this city has been host to four such students from abroad, But for the first time

Kerry will be living with a Mr. and Mrs. Omer Perdaens and their 4 children. Mr. Perdaens if manager of a laundry it seems. Kerry will be attending schools there this year, and could graduate, but he chose to return to Spearman and complete his senior class here next year. This way, Kerry can share his experiences with Richard (Karen) Countiss. Al-Spearman students, and the entire school and community will be able to benefit from his year spent in Belgium.

Kerry has been the first student to apply for a year abroad as a foreign exclange student. And the fact that he was accepted so readily is a recommendation both for him and for the Spearman chapter of the American Field Service organization. His participa-tion fee- (\$1, 100, 00) has been met by various civic groups here in Spearman, SHS student council and his parents. This opportunity is a aream

practice. He has been dubbed come true for Kerry and he was so excited about his trip as a regular "ham" and the more applause he receives, he could hardly talk about it. the better performance he It hasn't been quite so excitrenders. Bicycling? "Ride on, " say more and more Texans who have switched to the twowheeled vehicle for cheap, clean and healthy transportation.

It is a now solution to some of the state's social problems, but the bike-riding phenomenon is not without its own problems. The tremendous growth in the use of the bicycle has been accompanied by a similar increase in biking accidents and fatalities, says the Insurance Infor-

Residents of Hansford County began the current year with more protection in the form of life insurance than ever before. The amount of coverage, per local family, was at a record high.

For the community as a whole, life insurance holdings are now estimated at more than \$63, 580, 000.

In addition, more families carry health insurance, burglary insurance, accident insurance and other safeguards than in former years. With respect to life insur-

Mail Service Not Dependable Says Senator Bentsen

Every day I become more disturbed by continuing reports to my office that the quality of mail service in Texas is deteriorating rapidly. And the same thing seems to be true in other parts of the country.

Constituents report that many smaller post offices -- facilities that are vital as community centers as well as for their intended function -- are being closed. mated life insurance locally is

Tremendous reductions in work force are reported. And as the number of these dedicated, conscientious workers decreases, there is a resulting curtailment of mail service which seems particularly acute in rural areas. For example. many post offices are no longer open on Saturdays. And postal workers are caught

in the middle; unhappy that they are not able to provide the service they have in the past. In Congressional testimony earlier this Summer, James H.Rademacher, President of the National Association of Letter Carriers, listed several specific instances of reductions in postal services. CUTBACKS IN MAIL COLLEC-

TION-For example, he said that the Postal Service today devotes 13,000 hours less daily to mail collection than it did five years ago.

He also pointed out that many Americans are complaining about cutbacks in services offered at postal windows.

And he said one of the results is that the U.S. Postal Service is losing out in competition for the parcel post business. Rademacher noted that, in 1967, the Post Office Department delivered twice the number of parcels that were delivered by its strongest compewith elections to be held. Those titor, the privately-owned United Parcel Service. Last year, though--for the first time in to be at this meeting and begin history--United Parcel de livered more parcels than the U.S. Postal Service. And it delivered them at a profit of more than \$30 million.

In addition to apparent reductions in service, I am also receiving disturbing reports about startling slowdowns in delivery time for first-class mail.

Real County Judge W.B. Sansom of Leakey, Texas, informs my office that today it takes 10 hours longer for a letter mailed from Leakey to reach Uvalde than it did in 1884.

Judge Sansom explains the reason is that mail for Uvalde--41 miles from Leakey--doesn't go direct. It is routed, instead, through San Antonio, a distance of more than 200 miles. And the situation in Leakey is likely to get worse, according to Judge Sansom. His town's post office lost all of its postal clerks in a cutback as of June 30, leaving only the postmaster to handle all the mail

me that heresorts to the telephone to summon a jury panel unless he has as much as five days in which to act.

Most reports to my office indicate that most of the deterioration of mail service has occurred during the past two years. And this deterioration must be

stopped. Along with most Americans, I want our postal system to be operated as efficiently, with as little cost, as possible. But I don't believe that should be

done at the expense of massive curtailment of mail services. That is false economy. And the recent cutbacks in

personnel and the reductions of service seem to be leading in that direction.

I am making a thorough inquiry into operation of the United States Postal Service. When it is completed, I will press for necessary action to bring the service up to par.

By Lloyd Bentsen, U.S. Senator.

AUSTIN--The few remaining dollars earmarked to pay for the 1972 primary elections will be sent to county officials on Friday, but not all of the primaries' expenses will have been paid.

That's the message today from Secretary ofState Bob Bullock, the state's chief election official. By the weekend, we will

have officially disbursed all the money that was originally appropriated to pay for the

1972 primary elections, " said Bullock.

"But, we have flat run out of money before all the costs have been paid, " he added.

"This has put many local county chairmen between a rock and a hard place. A lot of election workers, not to mention printers and other supplies, have yet to be paid for their work. Bullock said about

\$325,000 is needed to cover the remaining costs statewide.

"We believe the only fair way to disburse the remaining monies is on a pro-rata basis. This means that each county chairman who still has an outstanding expense for the primaries will receive a disbursement which amounts to 26.66 per cent of their remaining bills."

"When we have paid all the county chairmen, we will not have one cent remaining of the \$2, 150, 000 appropriated to pay for conducting the 1972 primary elections, " Bullock said. Bullock said that the re maining expenses "apparent-ly will have to ride" until the 63rd Legislature, which meets in January, can take action on he situation. "I can find no other source of funds available at this time."

Another Texas constituent has described a situation in which a lady in his town mail-

ed a check to pay her laundry bill. The check was mailed on a Friday, but didn't arrive at the laundry -- a few blocks away -- until the following Tuesday. The apparent reason for this is that the letter was sent to a regional processing center, in a city some distance away, then returned to her town for deliv-

Next Friday, August 18, we are expecting 1200 to 1500 cattle and calves. Already consigned 300 light calves. 500 Feeder steers - weighing 625# to 750#. 250 Feeder ... heifers - weighing 650# . All of these feeders straight off of grase.

Remember - Friday, September 1st will be a large feeder sale. We have some good strings of cattle already consigned. If you have anything you would like to sell on that day be sure to call or come in and get them consigned.

October 6th - will be our Annual Feeder Cattle Show, Sale and Free Barbecue. For this event we are expecting 5000 cattle and 3000 people. Be sure to mark this date on your calendar and plan to be with us. We already have several hundred cattle consigned for this event. If you have anything you would like to sell on that day, be sure to dome by the office or call in your consignment.

I'managed to make a record the late 40's, when Slim Cates was president of the school board, and we had a rather exschool dancing. One of the preachers at the meeting warned the school board that if we didn't watch our steps, we would have a "beer bust" at the school house. Slim asked him about 3 meeting as long as I live. And, I still don't think that Slim nows what a "beer bust" is. I

I will include the school board meeting in my column this week. President Chalmers Porter opened the meeting with prayer, which I think was very commendable (they always do). Routine bills were paid. The July 10 minutes were read. Mead's bakery received the bakery bids for the cafeteria. Consumers got the gasoline bid at 13,65 per gallon. Gulf Oil got the oil bid at 24,5 per quart. There were no bids on a new stationwagon, as car dealers don't have their 1973 prices as yet. Oakes, Glover, Gra! am and Brown received the audit contract for the coming year. The board accepted Mrs. Wilma Johnson's resignation. She will teach at Morse . Final approval for the 1972-73 budget was made. This year's

year's was \$1, 173, 781. The board approved a resolution to permit tax-sheltered annuities for school employees, if they desire to use any of them. The school lunch program prices were raised 5¢ across the board. The prices grades 1 through 4, 40¢; grades 5 through 8 45¢; high school 50¢, adults 65¢. The cost of running the cafeteria has increased a great deal, with milk going to 7.5 per 1/2pint this year. When the program first started, milk was costing 4¢. Also, a special meeting date was set for Aug-

ust 28th at 8 p.m. to approve the amended 1971-72 budget.

Richard Tracy Honor Student At Baylor U.

On August 8, Baylor Uni-versity released names of students who made the Dean's Distinguished List for the

spring semester, 1972. The Distinguished List includes those students whose scholastic averages range from 3.80 to 4.00 for at least 15 semester hours.

Richard M. Tracy, a fresh-man business administration student, earned a 4.00-or straight A average for the spring semester. Because of his outstanding academic performance, he was named to the Dean's Distinguished List. Richard, son of Mr. and Mrs. Everett Tracy of Spearman, was one of only 207 students at Baylor making an "A" in all of his subjects.

The Spearman student plans to return to Baylor for the fall term.
