

mack's

tracks  
-by dave

We heard a story about "tracks" Monday night at the city council meeting that pretty well makes anything we may have done seem sorta small in comparison.

Raymond Fleming told that Monday his workmen were pouring a concrete slab for a new house in the west part of town.

Just as the workmen were finishing up the concrete and had it all nice and pretty up out of nowhere came a boxer dog weighing about 75 pounds.

"She sure was a big one," Raymond says.

Before the men could do a thing off she took right across the freshly poured cement leaving tracks about three inches deep diagonally across the new floor.

It goes without saying the pore dog received several unkind remarks from the men who laid the cement and is probably still nursing sore spots from trowels, and other nearby equipment which was thrown at her as she made her crossing.

\*\*\*\*

Speaking of cement--last week we were busy trying to lay the foundation for a house. We'd dug around all week long it seemed and called Casey Jones to bring up some cement.

Casey showed up all right, about 30 minutes early and with three trucks... all spouting cement at the same time.

With all our experience in the cement finishing trade we were at a loss, and just didn't know any better than to stand there about knee deep in fresh cement and look stupid.

But--things got squared away finally, with the help of Casey and his boys the cement was finished up in a shipshape fashion.

But there for a while we'd given odds that this was going to be one helluva mess.

Last weekend was quite a sloppy mess for football games. Friday night as gametime approached at Chieftain Stadium you could see the fans craning their necks to see if the drizzle was going to get down to business or just make itself a nuisance.

Naturally before the game ended it came a pretty good shower which sent everyone scurrying for shelter.

We watched several games on TV, then about everyone we read about in the paper over the weekend reported that mud was one thing all the games had in common.

Sunday we watched two pro teams slog it out, and it was surely a muggy affair.

Monday morning, a bunch of us "koffee kup quarterbacks" were reminiscing the days when we had played a game in the rain.

Naturally the first liar never had a chance, but we heard some good tales about rainy football games.

\*\*\*\*

Today the sun chose to come out for the first time in about a week and most of the farmers we've talked to seemed happy to see it.

Most spots around Friona got between an inch and a half

## \$240,000 Improvements Slated For Next Spring

With an eye toward beginning early next year on work for the installation of a new sewer plant, construction of a ground water storage tank, and the paving of several blocks of streets, members of the city council of Friona approved the issuing of \$240,000 in bonds at the regular meeting Monday night.

This issue will leave about \$90,000 of bonds, for future improvements when necessary.

Included in the \$240,000 total is \$61,000 worth of bonds which have been previously issued and will have to be recalled and issued again.

The council members, in a mammoth session which lasted until midnight, discussed all phases of the city's improvement program with City Engineer Red Smith, of Parkhill, Smith and Cooper, consulting engineers of Lubbock, and Ed Franklin, representing Dittmar & Company, a bonding company of Dallas.

Each particular phase of the program was gone over in detail and discussed at length.

The new sewer plant and its lines and additions to existing lines will cost an estimated \$85,000. The new plant will be built east of town, away from the city, providing the city can purchase land in that area for a reasonable figure.

The council urges that any property owner who desires to have any paving done next spring to contact the City Hall and get a paving petition. This will help the council and city determine how much paving to plan on for the next project.

Albert Field, city manager, will have the petitions in the City Hall for your convenience.

The new plant will be designed to take care of Friona for the next five to ten years depending upon population growth.

The water storage problem, long a headache to city councilmen over the past few years, appears to be on the way to being solved for the immediate future.

Smith explained in detail the plans calling for the construction of a 500,000 gallon ground water storage tank in the east part of town plus additions of larger mains in that area.

This plan, according to Smith, will enable the city to maintain adequate pressure in the entire city and serve the citizens of the eastern area more properly.

The council discussed the possibility of going ahead with the construction of an overhead water tank, but Smith recommended that such a project be delayed until the town

"needs this facility."

He told the council the difference in prices in the future wouldn't be off enough to warrant such an expense at this time.

However, he did tell the council it might be well to go ahead and purchase a site for the project so property owners would be aware of the water tower.

In other business the council named Richard Collard as the new city attorney, replacing Bill Sheehan who has had that position for the past nine years.

Sheehan told the council that he would be available to help in any way that he could, but the job of district and city attorney were incompatible occupations in the eyes of the law, and since Collard was available, it would be a turn for better service for the city to accept Sheehan's resignation and appoint Collard to the job.

Three members of the Friona Volunteer Fire Department, Fire Chief Ruben Taylor, Ralph Shirley, assistant chief and Durward Taylor, asked the city for permission to draw up plans and see if they could raise enough money for the construction of a stall to house the old fire truck.

This truck is due to be retired when the new fire truck arrives sometime this month.

The firemen pointed out that with the aid of the old truck they could answer and help the fire problem in the rural areas and never have to take the new truck to the country.

The council discussed the problem and told the firemen they would give them an answer at the next meeting.

Those present at Monday night's meeting included Danny Bainum, Glenn Reeve Sr., Bill Nichols, Deon Awtry, aldermen Eddie Meil and Mayor R. L. Fleming; also Franklin, Smith, Sheehan, Albert Field, city manager and Arthur Logan.

## Thompson Puts Name On Ballot

Lee Thompson, veteran Parmer County politician who is now serving as county tax assessor-collector, has officially announced his candidacy to succeed himself, subject to action of Democratic primary in May of next year.

Thompson is completing his first term as assessor-collector. In years past, he has served eight years as county judge and six years as county commissioner.

In announcing for re-election to the office, Thompson issued the following statement:

"In announcing as a candidate for Parmer County tax assessor-collector, I want to express appreciation for the cooperation I've had and solicit continued cooperation of voters in the county. In return for that cooperation, I pledge to make the best hand I know how."

LEE THOMPSON

## Wrecking Yard Opens In Friona

Guy Zeigler, formerly of Farwell, has moved to Friona and has opened the Friona Wrecking Yard one mile west of town on Highway 60 across from the Plains Farmers Gin.

Zeigler says he will welcome anyone stopping by and seeing the bargains he has to offer in rebuilt and exchange generators, voltage regulators and used tires, transmissions, hubs and spindles.

Zeigler lived in Farwell for about a year and was employed there by Watts Machine and Pump Company.

His announcement ad can be found in this issue of The Star.

## Class Sponsors New Homes Tour

Plans have been completed for a tour of some of the newest homes in Friona Saturday afternoon beginning at the J. E. Knight home on West Seventh at 3 p. m. Tickets may be purchased from any member of the senior class or at the Knight home.

All proceeds from the tour will go to the graduating class of 1960. Price of each ticket is \$1 per person. Homes to be toured are those of the Calvin Talley, A. L. Blacks, Hoyt Smiths, Ernest Anthony, Bill Baxters and Hank Outlands;

Also those belonging to Mr. and Mrs. Wright Williams, Mr. and Mrs. Steve Struve, Mr. and Mrs. Dean Bingham, Mr. and Mrs. Marty Martinez and Mr. and Mrs. J. E. Knight.

## BAPTIST PASTOR OFF TO CONDUCT REVIVAL

The Rev. L. A. Sartain, pastor of the First Baptist Church of Friona will leave Friona this weekend to fly to Olympia Washington where he will conduct a revival there from October 9-18.

## Auto Open Houses Fill Rainy Days

Open Houses for the showing of the 1960 models of Oldsmobile and Chevrolet were well timed in Parmer County as farmers spent most of last week viewing the new cars instead of working in the fields due to inclement weather.

The new Fords will be presented at an Open House at Friona Motors this weekend, Friday and Saturday.

The new Olds and Chevy models drew large crowds and in particular the new Chevy model, the Corvair had everyone giving close examination to the new "small" auto.

Red McFarland, of Parmer County Implement Company and Glenn Reeve Sr., of Reeve Chevrolet expressed their gratitude to the residents of this area for stopping by and viewing the new cars.

## Zimmerman Will Speak To Lions

District Governor Don Zimmerman of Hereford will be the guest of honor at the regular Lions Club meeting Thursday night at 7:30 p. m. in the Friona Clubhouse, announced Boss Lion George W. Jones this week.

The district governor will be on hand for his first official visit with the local club and will present 100 per cent attendance buttons to about 14 local members.

In addition to Gov. Zimmerman's visit a film, Southwest Football Highlights of 1958 will be shown.

## COTTON BOWL CONTEST—

# Horton, Watkins, Agee In Winner's Circle

Hollis Horton Jr., nosed out Thelma Watkins for top honors in this week's Cotton Bowl Football Contest by guessing the closer in the tie-breaking Friona vs Sunray football game.

Both Horton and Mrs. Watkins had perfect picks on the other 12 football games, but Horton's guess of 28-8 was one point better than Mrs. Watkins' guess of 22-13.

Maynard Agee was the third place winner nosing out Bill Nichols with each of the contestants having perfect guesses on all the 12 games but each of them missed picking Friona to win and Agee's score was the closer of the two.

As the contest enters the fifth week of competition the pace is picking up.

This past week the top four winners had perfect guesses and only the tie-breakers enabled the judges to pick the winners. Close on their heels eight other entrees had only one game wrong and then there were lots of twos and threes.

As the Southwest Conference race enters the picture however, it is doubtful that anyone can guess the outcome of those games correctly each week.

In the past 25 years the veteran sportswriters have picked the correct champion only five times, so you can see this is still anyone's contest.

Laura Hart is still leading the winners with 10 misses out of 48 games. She is followed by Martell LeVeque, Den-

nis Howell and J. S. Clark who have missed 11 out of 48 guesses.

So, don't give up yet... fill out your entry and get it in today!

THE WINNERS!—This week's winners of the top two prizes are Hollis Horton, right, first place winner of \$7 and Thelma Watkins, left, second prize winner of \$5. Maynard Agee won third prize of \$3 but was unable to be in town at the time picture was taken.

UGH! ALMOST NEARLY BUT NOT QUITE--This unidentified pass receiver to be gets jarred loose from the ball despite his efforts to reach far in the air Friday night as Jim Greeson (No. 66) and Jackie Hight (other blackshirted player) defend the pass. This action photo was taken late in the Chief-Bobcat fray when the Sunray squad seemed to pull one out of their helmets during the last few moments.

## TEST MULES NEXT—

# Chiefs Nip Sunray Win Streak In Mud

Taking the Sunray kick on their own 15 yard line, the Friona Chiefs began a drive which carried for 64 yards and a touchdown to open the homecoming game before a damp, chilly crowd of approximately 2500 fans at Chieftain stadium Friday night. The final score for the evening was Friona 28 and Sunray 22.

The first touchdown of the game came on a 21 yard pass play from quarterback Ronnie Castleberry to end Gary Goetz, with four minutes and 46 seconds gone in the first quarter. The try for extra points was good when fullback Gary Bradley ran around right end for two more, making the score eight for Friona and nothing for the visiting Bobcats from Sunray.

After taking the Friona kick, the Sunray Bobcats began running from scrimmage for the first time on their own 34 yard line. However, four plays later, the visitors were forced to punt with a fourth down and 18 yards needed situation, the yardage needed brought on by a loss on the third down try.

The Friona Chiefs took the pigskin back to the 50 yard line, but then received a 15 yard penalty for clipping. This took the ball back to their own 35 yard line. During this series of downs, the Chiefs were unable to move the ball effectively. There was a loss on the third down, and a 15 yard penalty for holding during this series, and the home team was faced with a fourth down and 14 yard needed situation.

The Chiefs then kicked to the Sunray 41 yard line and 11 plays later in the second quarter the Sunray Bobcats scored their first touchdown of the evening from five yards out. This touchdown came on the first play of the second quarter. The try for extra point was good and the score was then tied, eight points for each team.

Taking the kickoff on about

the 25 yard line, Gary Brooks returned the ball to the Friona 42 yard line. Then, 15 plays later and after sustaining a drive that was good for 48 yards, the Friona Chiefs scored for the second time of the evening. This score came from three yards out when Castleberry handed off to Bradley who ran over for the six points.

## SO YOUR VOTE DOESN'T COUNT?

We've heard many times, prior to an election, the excuse that "there's no need in me voting, for my little old vote won't make any difference anyway."

Well, did you ever figure that when you put all those "apathy votes" together that they amount to a staggering figure?

You hear a lot of talk about unions these days. Personally we think unions are OK, when they are well managed and run BY the members, not by a bunch of hoods.

But--we can all learn by the mistakes of union members.

Apathy is what caused, or what let gangsters and hoods snake their way into union power.

You know how? By the union members staying away from their meetings and NOT VOTING!

We had a bond election here the other day... it was quite a bundle of change too--some \$300,000 odd dollars involved. Well, do you know how many people were interested enough in the election to go down and vote... only 105.

Did you ever stop to figure out what those votes were worth each?

Roughly about \$3,000!

That could be pretty dear.

Personally we're glad the bond issue passed, but it still serves as an example to show just what could happen because folks are too darn lazy to make a trip to the polls.

If you think that is bad however, down in Lubbock 20,000 people voted \$11,000,000 worth of bonds--take a pencil to that one!

We had never thought of votes in this light, and when we did we thought it worth mentioning.

In an assembly held Friday, Oct. 2, at 3:15 p. m., Adelle Smith, 1959-60 football queen, was crowned. A senior in Friona High School, she is the daughter of Mr. and Mrs. Hoyt Smith, also of Friona.

Preceding the queen in the coronation were her attendants and their escorts Tommie Lewellen and Rommie Castleberry; Pam Roden and Luther Metcalf; Suzanne Taylor and Gary Bradley; and Kay Struve and Don Clements.

Attendants and their escorts entered the stage through a decorative arch in red and white, the Chieftain colors. They waited on stage as the queen was escorted down the aisle by Jackie Hight, football

captain. Upon reaching the royal throne covered with red cotton satin, the queen was presented with a football and crowned by Hight. Climaxing the presentation was the traditional kiss.

Narrator for the coronation services was the retiring football queen, Jacquelyn Magness.

Continuing with the activities of the day, the queen and her attendants were featured in a presentation program. Together with the band, the pep club formed a red heart opening at one end. From this end the queen and her attendants entered and walked to the middle of the heart. Following a presentation of roses from Jacquelyn Magness, retiring queen, the band played "Girl of My Dreams." The queen then retired from the field to an awaiting convertible where she and her attendants viewed the rest of the game.

Both the coronation and presentation program were under the management of the pep club.

Mr. and Mrs. Lloyd Prewett and Ann spent the week end in Lubbock.

The Black Home demonstration club met Thursday at the club house with Ann Carthel serving as hostess. During the business session new officers for the coming year were elected; they are Christine Braxton president, Eleanor Prewett; vice president, Mildred Welch secretary and treasurer, and Geneva Ivie; council delegate. A woman of the year nominee for Parmer county was also elected and she was Maxine Price. Refreshments of cake, jello, coffee, and cocoa were served to Mildred Barnett, Inez Sherley, Lucille Rockey, Helen Fangman, Christine Braxton, Anna Mae Hays, Carrie Tatum, Maxine Price, Mildred Welch, Geneva Ivie a visitor Mrs. H. V. McCabe of Dawn, two children, Debbie Houlette and Davy Carthey and the hostess. The next meeting will be Nov. 5.

Mr. and Mrs. Weldon Tatum and Pam of Canyon spent the week end in the Ellis Tatum home.

Mr. and Mrs. Wayne Carthel of Hereford visited in the home of their son Mr. and Mrs. Bill

## NEWS FROM BLACK

The Prewett Grain Company has erected another grain elevator with complete grain handling facilities. It is a 60 by 140 ft. all steel and concrete construction with capacity of 162,000 bushels. Additional facilities have also been added at the office location, where all grain will be received and is now complete and in use for the fall crop.

Mr. and Mrs. Wayne Welch of Farwell were Sunday guests in the Gene Welch home.

Mr. and Mrs. Mart Stone of Lamesa visited Thursday in the home of their son, Mr. and Mrs. Travis Stone and family. The Mart Stones are also former residents of this community.

Mrs. Helen Fangman returned home Thursday after spending a few days attending the Home Demonstration Convention in Galveston. Mrs. Fangman along with many others left Amarillo by bus on Monday morning and also did sight seeing in and around Galveston before returning by way of Fort Worth on Thursday.

Bill Carthel, Travis Stone and Gene Welch made a business trip to Amarillo Thursday and the Welch children, Veveca and Kevin returned home with them after spending the past week visiting with their grandparents, Mr. and Mrs. W. H. Welch in Amarillo.

Mrs. Ellis Tatum and Debbie Houlette left Tuesday for ALBANY to spend a few days with Mrs. Tatum's mother, Mrs. Mollie Dillingham.

MORE QUEENS, ALMOST--Last year's Football Queen, Jacquelyn Magness, left and Queen Adelle Smith, center, and attendants Kay Struve and Suzanne Taylor don't seem to mind the steady drizzle during the Chief-Bobcat homecoming game Friday night in Chieftain Stadium.

Carthel and boys Sunday afternoon.

Mr. and Mrs. Sam Carter and boys of Wellington spent the week end in the home of Mrs. Carter's parents, Mr. and Mrs. Roden Smart.

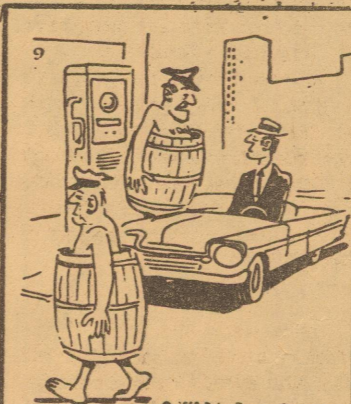

Mr. and Mrs. Woodrow Whitaker made a business trip to Amarillo Monday.

Mr. and Mrs. F. B. Harkins of Plainview and Mr. and Mrs. Earl Harkins and Russell were Monday dinner guests in the Gene Welch home.

Rev. and Mrs. Hugh Blaylock and Mrs. Roy Slagle of Friona visited in the T. J. Presley home Tuesday morning.

Several members of the community attended the ceramic painting class at the club house Friday.

One of the hardest secrets for a man to keep is his opinion of himself.

"I'm sorry, but we've got a new policy around here of no more credit!"

"We enjoy our work... prompt payment keeps us here!"

## IN THE 1960 Chevy!

**!new!**

easy loading luggage compartment

New convenience has been built into Chevy's big, vacation-sized luggage compartment by lowering the loading height.

**NEW**

spaciousness inside

Inside you'll find room and more room. There's room to sprawl in, room to sit tall in--and the roofline has a respect for hats. A new flatter transmission tunnel is a boon to the middle man. Here is the kind of space that invites the family.

**THRIFTIER**  
 !!!new!!!

**V8 POWER**

Under the hood thrift is accentuated in a new standard V8, engineered to deliver up to 10% more miles for every gallon while giving you more zest at normal speeds. Or you might choose its teammate--Chevy's Hi-Thrift 6--the engine that starts saving the moment you flip the ignition switch.

**NEW QUIET AND COMFORT**

Thicker, newly designed body mounts insulate you from road shock and noise, insuring an almost cocoon-like quiet. Full Coil spring suspension melts bumps as no other suspension system can. Oil hushed hydraulic

valve lifters reduce engine noise to a whisper.

**!NEW!**

refinements for the driver

Everybody will want to be the driver when he sees the kind of pleasure a turn at the wheel brings. The driver finds Chevy has further cushioned him from engine impulses by an improved clutch linkage system. He'll also find a convenient new parking brake that automatically returns to normal height after application.

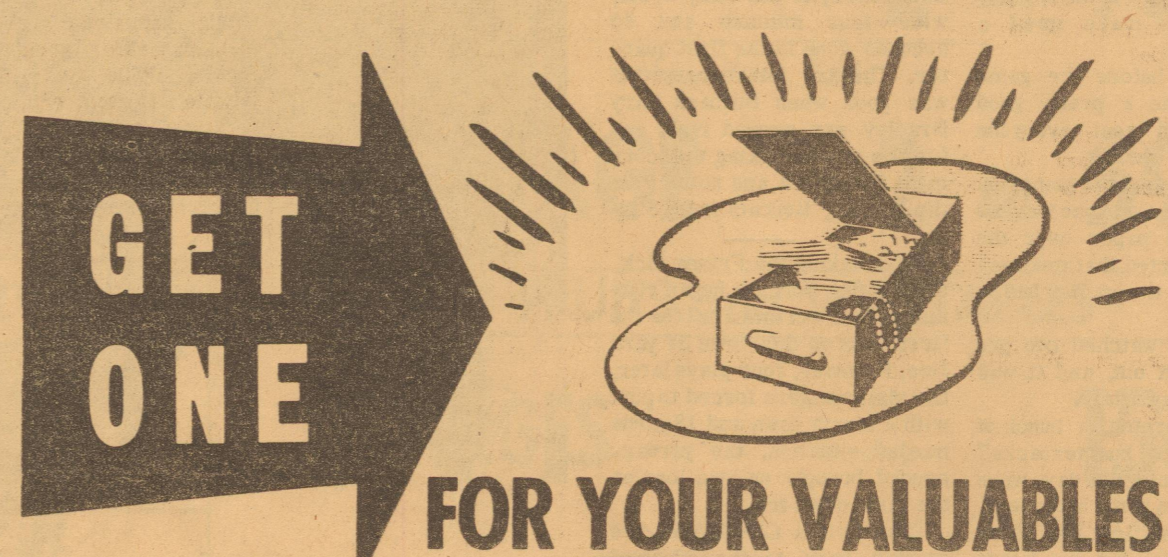

NEAREST TO PERFECTION A LOW-PRICED CAR EVER CAME!

Mr. Burglar: Harry and I hate to disappoint you but there isn't a thing in the house worth taking... it's all in a safe deposit box down in the bank. Sorry...

Mrs. H.D.B., Jr.

## WHO'S WHO IN FHS

James Van Wilson has been chosen for this week's teacher of the week. Wilson teaches social studies in Friona High School.

Born in Roger Mills County on January 28, 1936, the son of a farmer, he has three sisters and 2 brothers, all of Follett, Texas.

Wilson graduated from Follett High School. He attended Clarendon Junior College and West Texas State. He has his BS degree, majoring in physical education and minoring in social studies.

Wilson really enjoys the outdoors. His favorite pastimes are hunting pheasant, quail, and turkey and fishing. He is also fond of sports, especially basketball. He enjoys traveling, and has toured most of the western states.

Wilson's ambition is to coach basketball. He likes to study people, but lists his pet peeve as "students asking why."

Wilson moved to Friona in August of this year. He lives on the Loop. He says, "It is a real pleasure to be a part of such a fine school and community. I am looking forward to meeting and making many friends in Friona."

\*\*\*\*  
 This week the girl of the week is a senior. She has brown hair and eyes. She is the daughter of Mr. and Mrs. Kenneth Houlette.

Some of her favorites are the following:  
 Song . . . . . "I Ain't Never"  
 Sports . . . . . Basketball  
 Singer . . . . . Pat Boone  
 Show . . . . . "Imitation of Life"  
 College . . . . . West Texas State  
 Food . . . . . Fried Chicken  
 Actor . . . . . Montgomery Cliff  
 Actress . . . . . Sandra Dee  
 Hobby . . . . . Talking on the phone and playing basketball.

Her activities for four years in high school are basketball, 1,2,3, and 4, all tourney 2 and 3, all district 3; captain 2; most athletic 3; F. H. A. 1, 2, 3, and 4; reporter 3; Arrow and Annual 3; Vice president class 1, Graduation usher 3. She is High School Favorite.

\*\*\*\*  
 As the boy of the week, the journalism class has chosen a senior. He has brown hair and brown eyes, and is about 5'8" tall. He has a pleasing personality, and is active in everything he attends. He is a Four Starred Thespian, and also the president of the Student Faculty Congress. On the Arrow and Annual staff he is a photographer.

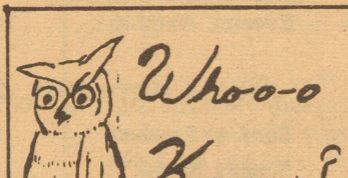

Some of his favorites are:  
 Song . . . . . Mr. Blue  
 Singer . . . . . Johnny Mathis  
 Show . . . . . Peyton Place  
 College . . . . . Oklahoma Baptist University  
 Food . . . . . All kinds  
 Car . . . . . Pontiac  
 Actor . . . . . Yul Brynner  
 Actress . . . . . Bridget Bardot  
 Hobby . . . . . Baseball  
 His id . . . . . girl is 5' 5 1/2", has Auburn hair, is 15 years old, and has blue eyes.

This week's boy of the week is Gerald Daniels, son of Mr. and Mrs. Paul Daniel.

\*\*\*\*  
 For our dictionary quiz this week we have chosen the word *iguana*.

Here are the definitions we received from a few of the students of Friona High School: Adelle Smith: modified form of igloo; Alice Gordon: something foreign; LaVoyce Burrow: foreign name for an egg; Andrea Milligan: foreign building; Ronnie Wood: toothpaste;

Luther Metcalf: type of Spanish liquor. Iguana is any of several large tropical, American lizards, usually living in trees.

## SFC To Publish Handbooks

The Student Faculty Congress met for the first time Wednesday Sept. 9. It was decided that new handbooks would be printed. They discussed how often the meetings should be.

Officers were elected. They are as follows:

President--Gerald Daniel  
 vice-president--Kay Struve  
 secretary and treasurer--Geneva Floyd  
 parliamentarian and sergeant-at-arms--Jacquelyn Magness  
 Representatives from each class are:

Senior class -- Jacquelyn Magness, Geneva Floyd, Adelle Smith, and Alt. Ronnie Woods;  
 Junior class--Bob Sanders, Kitty Black, Donna Blackburn, Gayle Knight, and Alt. Pat Myers;

Sophomore class -- Gary Snead, Floyd Reeve, Ada Beth Akens, Betty Drake, Ann Baxter, and Alt. Hank Outland;  
 Freshman class -- Joy Ingram, Max Reeve, Robert Houlette, Dewain Phipps, Brenda Deaton, and Alt. Sharon Reeve.

SFC met again on Wednesday, Sept. 16. They discussed two projects; a juke box for the cafeteria and clean up for class rooms and lawn. Gerald Daniel, president, appointed committees for these projects. Homecoming was also planned.

## Braves Meet Cats

The Friona 8th grade Braves were defeated by the Dimmitt Bobcats in a low scoring, defensive game Tuesday night at Dimmitt. Dimmitt's lone touchdown was scored on a 4 yard plunge through the middle. The Friona Braves were inside the 10 yard line three times, but failed to score. The final score was Dimmitt 6, Friona 0.

Jerry Houston and Glen Herring played outstanding defensive ball for the Braves. The starting lineup for the Braves was as follows:

Center, Jerry Houston; guard, Numan Loafman; guard, Jerry Parker; tackle, Aaron Drager; tackle, Bill Edelman; end, Glen Herring; end, Gene Hight; quarterback, Gary Renner; fullback, Tommy Baxter; halfback, Russel Scales or Bob Welch; halfback, Everett Gee.

\*\*\*\*  
 The extra points proved to be the difference in the ball game Tuesday night when the Friona 7th grade Braves met the 7th grade Bobcats of Dimmitt. Dimmitt scored first on an eight yard run early in the second quarter. They made two points on a run around end after the touchdown.

The Friona Braves' score came late in the second quarter on a 45 yard run by Danny Murphree. The extra point effort failed.

Larry Hollis, Pablo Gonzales, and Danny Murphree played outstanding ball.

The starters were as follows:  
 Center, John Mabry; guard, Chris Tannahill; guard, Dale Milner; tackle, Darrell Collier; tackle, Pablo Gonzales; end, Bennie Deaton; end, George Rushing; quarterback, Larry Buckley; fullback, Ronnie Brookfield; halfback, Jackie Clark; halfback, Danny Murphree.

\*\*\*\*  
 Future Farmers of America are really going to know how to drive a tractor, especially Connie Ray winning first prize in the Tractor Rodeo last Saturday morning. Jim Roy Wells won second prize and Floyd Reeve won third prize.

Each boy that entered the rodeo had to back a tractor with a two and four wheel trailer between barrels in a certain amount of time.

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

Minds are like parachutes--won't work unless they are open.

Be wise; soar not too high to fall, but stoop to rise.--Massinger.

Sponsors are June Spring and Marie Carroll.

## Chiefs Topple Sunray

By GARY GOETZ AND LUTHER METCALF

The Friona Chiefs subdued the previously unbeaten Sunray Bobcats, 28 to 22, on their home field Friday night. Friona hit paydirt first in the opening quarter on a 20-yard pass play from quarterback, Ronnie Castleberry, to end, Gary Goetz. Fullback, Gary Bradley, ran the extra points.

The Bobcats tied the score in the second period with a 5-yard run by halfback, Ray DeBord, and an extra-point run by fullback, Kenneth Bingo. However, the Chiefs took a 14 to 8 halftime lead on a 3-yard run by Bradley.

The Chiefs widened their lead in the third period, when halfback, Jackie Hight, skirted left end for five yards and repeated the feat for the extra points, making the score 22 to 8.

Sunray countered in the fourth period on a 45-yard pass-and-run play from quarterback, Wayne Amos, to Bingo. The try for extra points failed.

Late in the fourth quarter, the Castleberry-to-Goetz pass pattern worked again for 19 yards and the final Friona tally. On the next series of downs, three penalties in as many plays helped the Bobcats to the Friona 1-yard line, from where DeBord went for the score. Bingo added the extra points by running.

With one minute left after the kickoff, Friona fumbled on the first play. Sunray attempted a series of passes but completed only one before time ran out.

The Chiefs meet the Muleshoe Mules next week at Muleshoe.

## CHIEFS TO MEET MULES

BY RONNIE WOOD AND RYNNY CASTLEBERRY

The Muleshoe Mules play host to the Friona Chiefs this Friday night at 8. The Mules run a straight T offense. Their best plays are the belly series, dives, and the fullback slants. They have a fair passing offense, all their backs throw the ball well. Offensive standouts are Darrell Oliver, fullback; and Bob Camp, tackle.

Running a 5-4 defense, changing to a 7 diamond, they are especially outstanding on defense.

The Mules are quite a bit larger than Friona, and will outweigh the Chiefs' line approximately 15 lbs. per man.

## Summer Brings Improvement

During the summer of this year several new improvements have been made in our school buildings, on our campus, and with our bus system.

The floors of all the school buildings have been refinished, the stage floor has been sanded and refinished, and the gym floor has also been refinished. And some of the high school classrooms have been painted.

Some of the campus has been sowed in grass. The areas which have been sowed are south and west of the jr. high school building and west of the high school building.

Also this summer the old bus barn was torn down and rebuilt south of the Friona Motor Co. and in place of the old bus barn there is a parking lot. The school has bought 3 new 66 passenger buses.

## FROSH TO PLAY MULESHOE

The freshmen and the "B" team will meet the Muleshoe Mules Thursday night at the Chieftain stadium in Friona. The frosh game will start at 6:00 Thursday night and the "B" game will follow at 8:00.

The freshmen group will go into Thursday night's game with a record of one win and a tie, both against Lazbuddie.

The "B" team has yet to play a game and will be looking for their first victory.

HOMECOMING QUEEN, Adelle Smith is pictured coming down the aisle previous to her crowning Friday afternoon in the school auditorium.

## Students Vary Vocations

This is the third of a series of articles about last year's seniors.

Robbie Boggess, daughter of Mr. and Mrs. Eugene Boggess, is attending Abilene Christian College; and Jim Roy Clements, son of Mr. and Mrs. Roy Clements, is attending Midwestern University at Wichita Falls.

Two graduates are attending Nurses training. They are Lynda Perry, daughter of Mr. and Mrs. Cotton Bruce; and Freida Jackson, daughter of Mr. and Mrs. Fred Jackson. Both girls are attending Northwest Texas Nurses School in Amarillo.

Besides going to college, several graduates have begun occupations in other fields. They are: farming, O'Neil Greason, son of Mr. and Mrs. Lester Dean; J. W. Baxter, son of Mr. and Mrs. Bill Baxter; and Billie Zackary, son of Arthur Stokes.

Frank Ready, son of Mr. and Mrs. J. P. Ready, is with the Santa Fe Railroad.

## Ray To Lead FFA

The Friona chapter of the FFA had their first meeting of this year September 9, 1959 for the purpose of electing the officers. They are as follows:

President, Connie Ray; vice president, Joe Reeve; secretary Jimmie Bainum; reporter, Ronnie Wood; treasurer, Bob Sanders; and the Watch Dogs are Rommy Scales and Tommy Massey.

After this the dues were set at two dollars a year. The sweetheart, Gwen Green, and the plowgirl, Pat Myers, were elected at this time.

\*\*\*\*  
 Future Farmers of America are really going to know how to drive a tractor, especially Connie Ray winning first prize in the Tractor Rodeo last Saturday morning. Jim Roy Wells won second prize and Floyd Reeve won third prize.

Each boy that entered the rodeo had to back a tractor with a two and four wheel trailer between barrels in a certain amount of time.

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

Minds are like parachutes--won't work unless they are open.

Be wise; soar not too high to fall, but stoop to rise.--Massinger.

Hadley, Darla Bingham, Brenda Deaton, Judy Taylor and Gayle Knight.

Sponsors are June Spring and Marie Carroll.

## Football Queen Adelle Smith

With the pomp and pageantry befitting any regal queen, Miss Adelle Smith, 18 year old daughter of Mr. and Mrs. Hoyt Smith of Friona was crowned the 1959 Friona Homecoming Queen Friday afternoon before the Friona Student Body in the school auditorium.

The queen's attendants and their escorts during the ceremonies were Tommy Lewellen, escorted by Ronnie Castleberry; Pamela Sue Roden, escorted by Luther Metcalf; Suzanne Taylor, escorted by Gary

Bradley and Kay Struve, escorted by Don Clements. The Queen was escorted by Jackie Hight.

The queen and her attendants reigned during the football contest held in Chieftain stadium Friday night when the Chiefs met the Sunray Bobcats before a capacity crowd.

Adelle was officially crowned at half time by Miss Jacquelyn Magness, last year's homecoming queen, and the Friona High School Band presented half time ceremonies in keeping with the festivities.

## Frosh Tie Longhorns

In the second game of the season with the Lazbuddie "B" team, the Friona freshmen witnessed an unusual play on the kick off, when Lazbuddie kicked the ball into the end zone and covered it for a touchdown.

The frosh were taken aback with this sudden display of action, but in the late minutes of the first quarter the Chiefs had worked their way to the three yard line where the right guard Mike McKee, left guard Tommy Tatum and center Dwain Phipps opened up the hole in the middle of the line for the first touchdown. The try for the extra point by David Lowrie the halfback was no good, tying the game at 6 and 6.

The first half ended with the score still standing at 6 and 6. Coming back into the game after the half, the Lazbuddie team received the kick from the freshmen. The Lazbuddie team worked their way to their own 40 yard line, where they were forced to punt on a fourth down.

The right safety, Dwain Phipps, caught the punt on the 37 yard line and ran for a gain of five yards. From the 42 yard line, David Lowrie and Robert Houlette led the new attack on the Longhorns. The Chiefs forced their way down to the four yard line, where again the right guard Mike McKee, left guard Tommy Tatum, and center Dwain Phipps opened the line for the second score. The extra point try was an incomplete pass to left end Angel Aleman, giving the frosh a 12 to 6 lead.

On the kick from the frosh the Longhorns right half took the ball on the 25 yd. line, returning the ball 75 yds. for the tying score. The Longhorns tried an around the end play for the extra points, but the frosh linebackers sifted through to stop them short of the goal, tying the game at 12 to 12.

The frosh trying to lengthen the score, took the kick from

## What's Wrong At Our Pep Rallies?

There has been much comment this week as to the type of pep rallies we have been having and their effectiveness. Class discussions have allowed the students to express their opinions and various short paragraphs have given in summary the general opinion of the student body. What about these pep rallies; is something really wrong?

What is a pep rally for? Is it a shortcut to the cafeteria at noon, or a time for a bull-session, a time to give the freshmen a little hazing? Although it would sometimes appear thus, this is not the purpose for pep rallies.

The purpose is to instill within the boys the spirit to go out there and win the game, to let them know that we are really supporting them, and that we want them to win.

As one football player said, the football boys aren't out there playing for their coach or for themselves. They are playing for us, the school. How can we expect them to win if we, the ones they play for, don't support them in the proper spirit?

How can we give them the proper spirit; how can we let them know we are behind them one hundred per cent? First of all, tell them personally, let them know that you are interested and that you appreciate them.

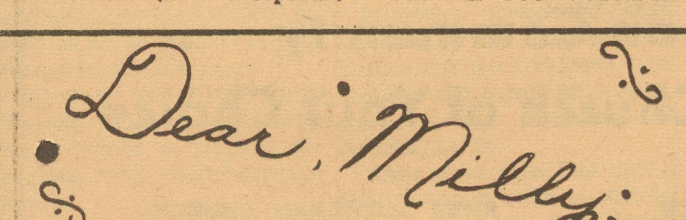

Secondly support them at the pep rallies. There is more to supporting them at the pep rally, than just making noise. One boy commented, that it sometimes appeared that pep rallies were a contest to see who could make the most noise. We need less noise and more cheering. And speaking of noise, what gives with this old "Yeah, \_\_\_\_\_ class," business? We aren't there to cheer for our class, we're there to cheer for the football team.

More cooperation is needed from the students to the cheerleaders. They are there to lead us, but often the case is that you never hear the cheers announced because some joker on the top row has to yell, "Beat Calamazoo" about that time.

Perhaps the most important thing of all is respect and reverence for the school song. It should mean something to us. If it doesn't, then wear it in a bad way. When the school song begins the cheering and talking should stop and a silence should prevail. Unfortunately, the case has been that the ones nearest the south door push down to go to the cafeteria.

All of this could probably be summed up in three words--organization, that is yelling with the yells, and not in our respective little groups; cooperation, working with the cheerleaders, yelling with them, being quiet during the coaches and boys talks, and yelling our best; and consideration for others who may want to hear the football captains speech (which incidentally, is often not heard at the north end of the gym) and remaining quiet when the yells are announced.

This is one problem that we as a student body can't push off on our teachers or the townfolk. It's up to us, yes US, if our team wins or not. No one can make or break the school spirit except us. What will YOU do about it?

Dear Milly:  
 I have a problem. I am scared of boys. I am very bashful in front of strangers. Will you help me solve my problem?  
 Bashful

Dear Bashful:  
 The answer to your problem is to think of boys as you think of other people. Take the Dale Carnegie Course.  
 Milly

Dear Milly:  
 What does one do about a 13 year old rival. I'm 17 and going with a guy who is 21. The girl I'm talking about worships the ground he walks on. She lets him know it, too. Also, her parents are very good friends of his. They are trying to influence him to move to the same town they are moving to. What am I to do?  
 Tired of a Threesome

Dear Tired of a Threesome:  
 If you are 17 years old and can not outdo a 13 year old, you had better stay home and watch T. V.  
 Milly

Dear Milly:  
 I have a problem My little sister will not let me watch "Gunsmoke". What should I do?  
 T. V. Fan

Dear T. V. Fan:  
 Watch Milton Berle instead!  
 Milly

Dear Milly:  
 I have a very serious problem. I am going with a boy who is 17 years old. We are very serious and want to get married, but our parents do not approve of this. They think that we should wait until we are older. I am 15. What should we do?  
 Anxious

Dear Anxious:  
 My advice to you is to get both feet out of the cradle before you start thinking about marriage.  
 Milly

POINT OF ORDER—Bill Sheehan, seated, points out some technicalities to the recently appointed City Attorney, Richard Collard. Sheehan resigned the position in Friona after serving in that capacity for about nine years. Collard was appointed by the city council to replace Sheehan.

News From LAZBUDDIE

BY MRS. C. A. WATSON

NOMINATIONS MADE FOR HIGH SCHOOL HONORS

Recently nominated for various honors in Lazbuddie High School were: cutest girl, Lara Meyers, Janice Darling and Beverley Smith; cutest boy, Jerry Weaver, R. L. Porter and Gary Johnson; most popular girl, Geardene Broadhurst, Judy Brown and Beverley Smith; most popular boy, Jearld McGehee, and Norman Brandley; most likely to succeed, Maudine Barnes, Geardene Broadhurst, and Coretta Watkins; boy most likely to succeed, David Tarter, Jerry Smith and Dutch Ryder; best dressed girl, Sharon Par-

hams, Glenda Robinson and Judy Brown; best dressed boy, David Smith, John Agee and Derrell Jennings.

BIRTHDAYS FOR THIS WEEK

Happy Birthday this week goes to Les Bruns, Oct. 6; Linda Hargrove, Oct. 8; Gail Morris, Oct. 11; Debra Ann Bullock, Oct. 11; Arvil Lawrence, Oct. 10; Mike Ward, Oct. 8; Larry Eubanks, Oct. 5; Gara Elliot, Oct. 10; and Roberta Salinas, Oct. 11.

Mrs. David Hodgson, 22 of Austin; was drowned in a boating accident on Lake Austin September 2. She is the niece of Mrs. A. M. Bradley of Lazbuddie.

Kelley Mimms was dismissed from the Parmer County Community Hospital last week.

Gary Mack Brown received a broken collar bone in the Vega-Lazbuddie game Tuesday. He is at home and is reported

to be improving.

Mr. and Mrs. Davis Gulley and son took a short trip to Palo Duro Canyon recently. Meeting them there were Mr. and Mrs. C. H. Needham, Mrs. Jim Cook, Mrs. Deloras Needham and Roxanna, Mrs. Virginia Bonified, Christie and Susie from Amarillo and Mr. and Mrs. W. G. Kennedy from Grady.

Visiting in the home of Mr. and Mrs. Jack Smith recently were Mr. and Mrs. H. J. Smith and Russell Hammock from Reed, Okla. While here they also visited with the Glenn Scotts.

Students in Lazbuddie high school attended the Lubbock South Plains Fair Tuesday.

SCHOOL FAIR SCHEDULED

The Lazbuddie School fair will be held Monday Oct. 12 in the vocational agriculture department. Entries in the crops and vegetables divisions

may be taken to the building between 2 and 4:30 Sunday Oct. 11. Livestock should be brought in Monday morning before 9 and must be removed before 5 p.m.

Crops should be gathered and prepared 4 or 5 days before the fair so they will look their best at the time of judging. Vegetables should be gathered a short time before being taken to the fair.

Joe Jones, county agriculture agent, asks that each person check the fair sheet given them so they will have the right amount of products for each entry.

Mrs. J. B. Boling attended the funeral of J. G. Moore in Amherst Friday.

The Layman--God's Servant

Christian history is filled with accounts of the accomplishments of its ministers, but the unsung heroes are the laymen, who, though standing in the background, made victories possible through their unflinching support.

Where would our churches be without laymen? The success of Christianity is not dependent upon the brilliance or persuasiveness of the person in the pulpit, but rather on the consistent living of the man in the pew. It is to these Godly men that we pay our respects.

Girl Scout Notes

Girl Scout troop 144 met Monday afternoon at the home of Pearl McLean. The girls made plaster of paris under the direction of Mrs. Olive Massie. Refreshments were served by Linda Kay Fallwell.

New officers of the troop are Cindy Ingram, president; Martha Martin, vice-president; Kathy Jones, secretary; Vicki Moorman, reporter; Donna Shackelford, song leader.

Those attending were the leaders, Faye Wilson, Pearl McLean and Olive Massie; and Girl Scouts Martha Martin, Lou Cochran, Linda Fallwell, Connie McKinney, Becky Turner, Donna Shackelford, Kathy Jones, Glenda Mings, Vicki Moorman, Terri Sue Mabry, Brownie Cole, Cindy Ingram, Shirley White, Letricia Bartlett, Terri Lynn Wilson and Karen Agee; and a visitor, Ruby Judkins.

--Vicki Moorman, reporter

Troop 227 met at the club house Monday afternoon. Nine members and two leaders were present. New officers elected are Mary Short, president; Janet Rushing, secretary; Marie Short, reporter and Diana Martinez, treasurer.

Refreshments were served by Donna Fulks and Marie Short.

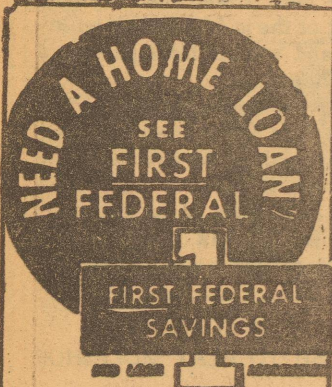

--Marie Short, reporter

Girl Scout troop 226 met at Fellowship Hall of the Friona Methodist Church Thursday afternoon. Refreshments were served by Sheri Woodley. After the business meeting the girls went to the high school gym for a basketball game between the eighth grade and freshmen. Leaders present were Mrs. Olive Massie and Jimette McLean.

Twenty-two members of Brownie Troop 105 learned that milk doesn't exactly come just from milk bottles and cartons at their regular meeting Monday.

The girls, along with five of their leaders, Alice Whaley, Lillie Mae Baxter, Mary Bandy, Doris Hale and Geneiva Riethmayer, visited the Bill Flippin dairy farm following their roll call and refreshments Monday.

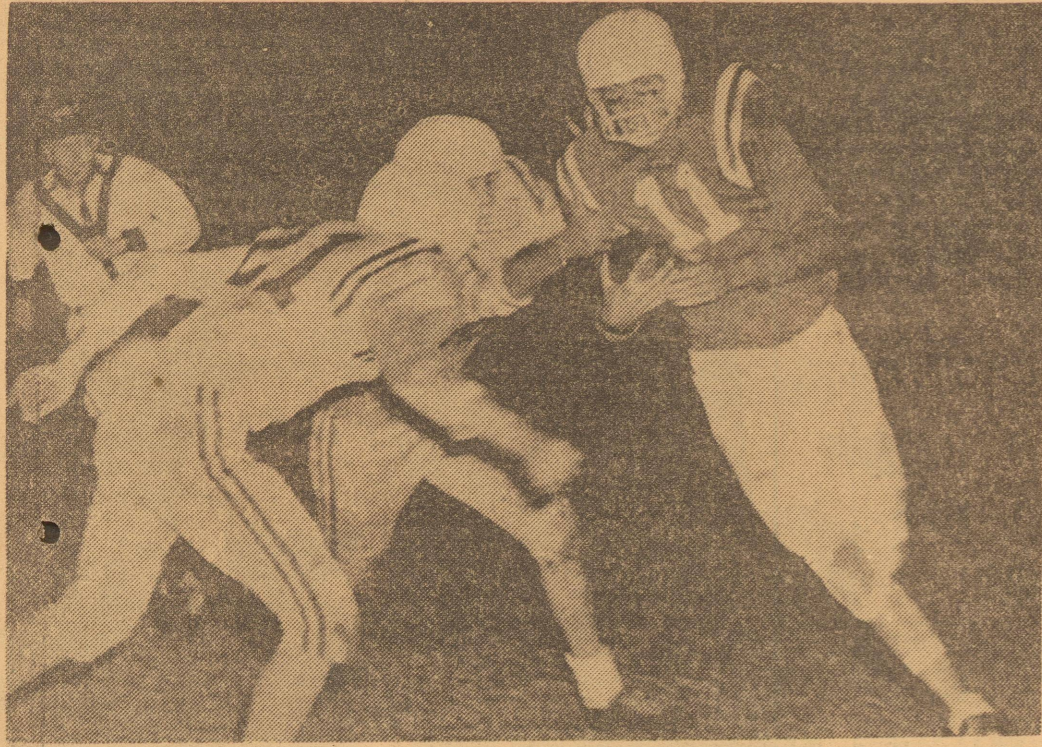

Leaders report that their

### Guy Cox Announces For Pct. 3

Guy Cox of Farwell has authorized this newspaper to announce his candidacy for the nomination of the Democratic Primary to the office of commissioner of Precinct No. 3 of Farmer County. In making his announcement, he said: "This is the first time I have ever sought a public office. However, I feel that my three years of experience in the operation of road machinery qualifies me for this position, and so I am seeking the office of Commissioner of Precinct No. 3, subject to the Democratic Primary May 7. "I will do my best to please everyone if I am elected to office. In the eleven years that I have lived here, I have come to know many persons and have many good friends. I will appreciate the support of all of you."

### L. F. Lillard Is Improved

Mr. and Mrs. L. F. Lillard and Mr. and Mrs. Harold Lillard went to Fort Worth last week where L. F. Lillard underwent surgery at Harris Hospital. The Harold Lillards returned later in the week. Latest reports from the L. F. Lillards indicate that Mr. Lillard is making satisfactory progress. He expects to be dismissed from the hospital within the next few days.

### Atkinson Buys Shorthorn Calf

J. T. Atkinson of Muleshoe recently purchased Hartsdale Texas Major P269742, a bull calf, from Dale and Laura Hart of Friona.

### HIGHLIGHTS AND SIDELIGHTS

## CAPITAL THOUGHTS TURN TO WATER

AUSTIN, TEX.--This time three years ago nearly every newspaper in the state was writing about "the water problem."  
It was a discouraging time. Texas had come through a scorching, dusty summer that forced many farmers to leave their stunted crops in the fields and not work in town.  
Ranchers were equally hard hit. In many cases, due to lack of feed, they sold their breeding cattle, lost their land or went heavily in debt.  
It was the climax of the most widespread drought ever recorded in this region. Average rainfall for the year dwindled to 16.2 inches, second lowest figure since 1888.  
Office seekers in the campaign year of 1956 had a good deal to say about how hard they would work to "solve the water problem." Many did work hard.  
But three years later the water problem is still far from "solved."

move by anyone to do anything with some of it is sure to be interpreted by a neighbor as "grabbing."  
Guadalupe - Blanco River Authority and the city of San Antonio had a long, bitter hassle over the Canyon Dam project.  
Right now, the biggest fight is on the Trinity. After months of bickering, the City of Houston and the Trinity River Authority agreed to cooperate in building a dam at Livingston.  
Now the San Jacinto River Authority is protesting. SJRA officials are telling Houston people that Trinity water is of "poor quality" and that San Jacinto water could be developed at much lower cost.  
Amid it all, engineers and business analysts have some sobering reminders:  
(1) Drought of the 1950's cost Texans \$3,000,000.  
(2) Another drought is coming and when it does, population will be greater and water needs higher.  
(3) Water to carry the state through a drought can only be stored up in rainy years, and three of those "good" years have already passed.

safety to persons using the beaches and waters of the Gulf for any purpose."  
SHORT SNORTS -- Austin Dist. Judge Charles O. Betts has given approval to the state liquidator to make a stock sale.

By the time the Legislature met in 1957, the rains had begun. It rained so much that many people, of necessity, became more interested in flood relief than drought relief.  
Three major water measures were passed in 1957, however. These measures:  
(1) Set up the Texas Water Development Board with a \$200,000,000 fund to make loans to help pay for local water projects.  
(2) Established a planning division in the State Water Board to do research on water needs, but without authority to recommend an overall plan. Appropriation was \$900,000, instead of the \$1,200,000 recommended by the governor.  
(3) Gave the Water Board authority to contract for water storage space in federal reservoirs, with legislative approval.

WORK CUT OUT? -- Gov. Daniel continues to talk like a man who doesn't feel that his work as a public servant has been completed.  
Speaking to a school audience, the governor dwelt on "the need for another forward step in providing better schools, including increased salaries for teachers." He said he hoped the Legislature would be ready to do something about it early next year.  
In another speech, he called attention to the Legislature's failure this year to pass laws dealing with crime prevention, traffic safety, narcotics and dormant funds.  
Some observers feel that if the governor calls a special session and the Legislature fails to take care of all these items--which would be a batch of tough legislation--the governor would feel compelled to file for re-election on Feb. 1 in order to see things through.

NO THANKS--Atty. Gen. Will Wilson has filed a brief with the Atomic Energy Commission giving Texas' reasons for not wanting atomic waste dumped in the Gulf of Mexico.  
Industrial Waste Disposal Corporation of Houston is seeking an AEC permit to dump radio-active waste material in concrete lined barrels into 6,000 feet of water 200 miles south of Galveston.  
Texas brief expresses fears that the barrels might come apart allowing the materials to be washed ashore by the tides. It says that Texas will remain opposed to the plan "until clear, convincing and positive proof is produced to show that such operation may be conducted with absolute

Last two of these were passed only after Governor Daniel re-submitted them at a special session. And then they almost went under when a city-farm fight developed on the side issue of whether farmers should be able to dam up small lakes and use them for irrigation.  
This year the Legislature inched up the Water Board budget by \$200,000. But the \$2,037,000 appropriation was \$800,000 less than requested by the governor.  
As yet, the Water Development Board has made no loans for construction. Engineers in the State Water Board's planning division are working on a statewide report due in 1963, and a federal commission is also making a study. But legislators are skittish about having anything that might be called a definite state plan for fear it will set sectional jealousies aflame.  
So dear is water to most Texans' hearts that almost any

extended non-owned coverage?  
A. No.  
13. Q. Does the Plan apply to risks written on a named non-owned basis?  
A. No.  
EXPERIENCE PERIOD  
14. Q. Is the experience period for new risks different from the period for renewals?  
A. No, the experience period is the 36-month period ending 3 months prior to the effective date of the policy.  
15. Q. If the accident or moving traffic violation occurs less than 3 months before effective date of the policy, is the accident or conviction charged?  
A. Not on this policy. The accident or conviction must be within the "experience period."  
POINTS  
16. Q. If the property damage to each participant in an accident is less than \$25.00 but the total damage to all is in excess of \$25.00, shall points be assigned to the records of the operators involved?  
A. Yes, 2 points shall be assigned to the record of each operator unless one is exempted by the Plan.  
17. Q. Are accidents and convictions that arise when an operator such as a next door neighbor is driving the car counted in rating the insured Car?  
A. No, the neighbor is not a "resident operator" as defined.  
18. Q. In an accident which occurs when a car stopped for a red light, or stop sign, is struck in the rear end by another car approaching from the rear to be assigned to the record of the operator of the car that was stopped?  
A. No, unless the operator of the stopped vehicle is convicted of a moving traffic violation.  
19. Q. Are points to be assigned for bodily injury when an automobile door is slammed on an occupant's finger?  
A. No.  
20. Q. If a new owner, who is the sole operator of an automobile, did not drive during the experience period, does the Plan apply to the applicant?  
A. Yes, Assign Sub-Classification.  
21. Q. If an automobile newly owned by a person with no driving experience is to be driven by others who have had driving experience in the experience period, does their experience apply to the automobile?  
A. Yes, if they are "resident operators."  
22. Q. Are accidents and convictions on the record of a resident of the household who is away in military service to be counted in rating an automobile owned by another member of the household?  
A. Yes, if he will still operate the automobile during the Policy period.  
23. Q. Are accidents and convictions on the record of a resident of the household who is away attending school to be counted in rating an automobile owned by another member of household?  
A. Yes, if he will still operate the automobile during the policy period.  
24. Q. Do accidents and convictions incurred while operating public automobiles apply in the determination of classification rates under the Plan?  
A. No. Public automobiles are not private passenger automobiles as defined in the Plan.  
25. Q. Does the record of the insured and any resident operator with respect to the use of all types of non-owned automobiles apply in the determination of classification rates under this Plan?  
A. No. Only private passenger automobiles as defined.  
26. Q. The applicant's car was legally parked. Another party ran into it. Is this a chargeable accident?  
A. No.  
27. Q. Are Points to be assigned for a conviction for overtime parking?  
A. No.  
28. Q. If the applicant owned a private passenger automobile during only part of the experience period on what basis is the classification determined under this Plan?  
A. The classification is to be determined from (1) the accident and conviction record resulting from the use of the owned private passenger automobile and (2) the accident and conviction record with respect to the use of non-owned private passenger automobiles during the experience period.  
29. Q. If the applicant is struck by a hit-and-run driver, is the accident chargeable?  
A. Not if the applicant reported the accident to proper authority within 24 hours.  
30. Q. Does the term "conviction" as used in the Plan include forfeiture of bail or payment of fine?  
A. Yes.  
TWO OR MORE AUTOMOBILES  
31. Q. When two or more automobiles are insured in the same company, does the Plan follow the experience of the driver or the automobile?  
A. The Driver. Points are assigned to rate of the car usually driven by the operator who incurred the points.  
32. Q. If a household consists of a man and wife, who own one car, and their son, who is not an operator of his parents' car because he owns his own car, are accidents and con-

# Attention Car Owners

The State Board of Insurance has announced that they have approved a mandatory Safe Driving Insurance Plan with an effective date of January 1, 1960 for the rating of automobiles eligible for family automobiles coverage. The rules applicable to the plan will later be approved by the Board

The Following Is An Excerpt From A Newsletter From Texas Association Of Insurance Agents Dated October 1

#### TEXAS SAFE DRIVING INSURANCE

##### PURPOSE

- Q. What is the purpose of the Plan?  
A. To encourage careful driving and to reward the group made up of safe drivers who operate their automobiles in a lawful manner.
- Q. To what automobile insurance coverages is the Plan applicable?  
A. The Plan is applicable to automobile bodily injury liability, Property damage liability, medical payments and collision insurance.
- Q. Is the Plan based on returning a portion of past premiums to drivers who have had no accidents or convictions?  
A. No, the plan fixes a proper premium for the future period to be insured, based on the fact that drivers with safe driving records in the past are less likely to have accidents in the future.

##### MANDATORY

- Q. Is the Plan mandatory?  
A. Yes, for all risks eligible for Family Automobile coverage written at rates Prescribed by the Texas State Board of Insurance.

##### ELIGIBILITY

- Q. To what automobiles does the Plan apply?  
A. The safe driving insurance plan applies to all private passenger automobiles which are eligible for coverage under the Family Automobiles policy, except for liability coverage to private passenger automobiles which are part of a risk which is experience rated or meets the conditions of eligibility as respects an amount of premium under the automobile liability experience rating plan. For Collision coverage, the plan does not apply if such automobiles are part of a fleet which is fleet rated for collision coverage.
- Q. Are jeeps or station wagons subject to the Plan?  
A. Yes, if individually owned.
- Q. Since farmers' pickup trucks of load capacity of 1,500 pounds or less are rated as private passenger automobiles, are they subject to the Plan?  
A. Yes, if eligible for family coverage.
- Q. Is previous insurance coverage a prerequisite to the application of the Plan?  
A. No.
- Q. Does the Plan apply to a person who for the first time becomes the owner of a private passenger automobile?  
A. Yes, the classification is to be determined on the basis of the driving record during the experience period in connection with the use of non-owned automobiles.
- Omitted
- Omitted
- Q. Does the Plan affect the ratings of

- Q. Does the Plan apply to risks written on a named non-owned basis?  
A. No.
- Q. Is the experience period for new risks different from the period for renewals?  
A. No, the experience period is the 36-month period ending 3 months prior to the effective date of the policy.
- Q. If the accident or moving traffic violation occurs less than 3 months before effective date of the policy, is the accident or conviction charged?  
A. Not on this policy. The accident or conviction must be within the "experience period."
- Q. If the property damage to each participant in an accident is less than \$25.00 but the total damage to all is in excess of \$25.00, shall points be assigned to the records of the operators involved?  
A. Yes, 2 points shall be assigned to the record of each operator unless one is exempted by the Plan.
- Q. Are accidents and convictions that arise when an operator such as a next door neighbor is driving the car counted in rating the insured Car?  
A. No, the neighbor is not a "resident operator" as defined.
- Q. In an accident which occurs when a car stopped for a red light, or stop sign, is struck in the rear end by another car approaching from the rear to be assigned to the record of the operator of the car that was stopped?  
A. No, unless the operator of the stopped vehicle is convicted of a moving traffic violation.
- Q. Are points to be assigned for bodily injury when an automobile door is slammed on an occupant's finger?  
A. No.
- Q. If a new owner, who is the sole operator of an automobile, did not drive during the experience period, does the Plan apply to the applicant?  
A. Yes, Assign Sub-Classification.
- Q. If an automobile newly owned by a person with no driving experience is to be driven by others who have had driving experience in the experience period, does their experience apply to the automobile?  
A. Yes, if they are "resident operators."
- Q. Are accidents and convictions on the record of a resident of the household who is away in military service to be counted in rating an automobile owned by another member of the

- Q. Are accidents and convictions on the record of a resident of the household who is away attending school to be counted in rating an automobile owned by another member of household?  
A. Yes, if he will still operate the automobile during the Policy period.
- Q. Do accidents and convictions incurred while operating public automobiles apply in the determination of classification rates under the Plan?  
A. No. Public automobiles are not private passenger automobiles as defined in the Plan.
- Q. Does the record of the insured and any resident operator with respect to the use of all types of non-owned automobiles apply in the determination of classification rates under this Plan?  
A. No. Only private passenger automobiles as defined.
- Q. The applicant's car was legally parked. Another party ran into it. Is this a chargeable accident?  
A. No.
- Q. Are Points to be assigned for a conviction for overtime parking?  
A. No.
- Q. If the applicant owned a private passenger automobile during only part of the experience period on what basis is the classification determined under this Plan?  
A. The classification is to be determined from (1) the accident and conviction record resulting from the use of the owned private passenger automobile and (2) the accident and conviction record with respect to the use of non-owned private passenger automobiles during the experience period.
- Q. If the applicant is struck by a hit-and-run driver, is the accident chargeable?  
A. Not if the applicant reported the accident to proper authority within 24 hours.
- Q. Does the term "conviction" as used in the Plan include forfeiture of bail or payment of fine?  
A. Yes.
- Q. When two or more automobiles are insured in the same company, does the Plan follow the experience of the driver or the automobile?  
A. The Driver. Points are assigned to rate of the car usually driven by the operator who incurred the points.
- Q. If a household consists of a man and wife, who own one car, and their son, who is not an operator of his parents' car because he owns his own car, are accidents and con-

- Q. Are accidents and convictions on the son's record to be counted in rating the car owned by the parents?  
A. No.
  - Q. When two automobiles are insured, one at Sub-Class 0 and the other at a surcharged rate, what is the procedure when cancellation is requested on the surcharged automobile?  
A. Points will be assigned to remaining automobile.
  - Q. If an automobile or form of coverage is added to a policy effective prior to January 1, 1960, are the driving record points applicable to the additional automobile or coverage?  
A. No. Automobiles or coverage added to a policy effective prior to Jan. 1, 1960, are not subject to the provisions of the Plan.
  - Q. When an additional private passenger automobile is endorsed on the policy mid-term, is a rating information statement necessary? What class applies?  
A. Yes, a statement is necessary if the policy became effective on or after January 1, 1960. The rating class will be determined on the basis of the driving records applicable using the experience period ending 3 months prior to the effective date of the policy.
- TEXAS RATING INFORMATION STATEMENT
- Q. Is the rating information statement required on renewal?  
A. Yes, until further order by the State Board of Insurance.
- GENERAL
- Q. Is the Plan applicable to automobiles written under the Assigned Risk Plan?  
A. Yes.
  - Q. How are physical damage policies, written for more than 12 months, rated?  
A. The class applicable at inception applies to full term.
  - Q. Since the manual bases the medical payment premium on the bodily injury premiums, should the medical payments premiums be calculated before or after the Plan has been applied to the bodily injury premiums?  
A. Before each coverage subject to the Plan is first calculated at the classification rate applicable without regard to the Plan, and thereafter the sub-class differentials of the Plan are applied to determine the final rate for each such coverage.
  - Q. What are the rating differentials in the Texas Safe Driving Insurance Plan?  
A. Sub-Classification 1, 100%; Sub-Classification 2, 120%; Sub-Classification 3, 140%; Sub-Classification 4, 160%; Sub-Classification 5, 180%; Sub-Classification 6, 200%.

Supper Honors Visiting Kin

Mr. and Mrs. O. E. Burnam of San Bernardino, Calif. and Bee Burnam of Elk City were guests of honor at a salad supper at the club house. Host couples were Mr. and Mrs. Jim Baxter and Mr. and Mrs. Oscar Baxter. Mrs. O. E. Burnam is a sister of Jim and Oscar Baxter.

Others present were Mr. and Mrs. Lonnie Baxter and Mr. and Mrs. Charlie Baxter of Clovis, Mr. and Mrs. George Marshall of Amarillo, Mr. and Mrs. J. W. Baxter, Mr. and Mrs. Calvin Martin and Mr. and Mrs. Clarence Martin and children;

Also Mr. and Mrs. Larry Martin and children, Mr. and

Mrs. Eugene Nidey and daughters, Mr. and Mrs. Sterling Graham and Gail, Mr. and Mrs. Troy Young and daughters, Mr. and Mrs. Billy Dean Baxter and children, Mr. and Mrs. Bill Baxter and Lois Nidey of Amarillo.

Ruth Class Has Work Session

Members of the Ruth Sunday School class of the First Baptist Church met at the educational building Monday evening for a year-book work session. During the social hour which followed refreshments of cookies and coffee were served by the hostesses, Clydie Black and Betty Talley. Others present were Zula Carlton, Mattie Fay Crow, Lorena Wood, Lydie Tomlin, Thelma Ruth Shelton, Frances White and Jane Stacy.

F. H. Hadley Has Birthday

F. H. Hadley, resident of the Friona area about 30 years, observed his 91st birthday in his home in the east part of town Saturday. He was born in Kentucky October 3, 1868 and lived at Childress 40 years before moving to Parmer County.

Visitors on his birthday were Mr. and Mrs. L. D. Cannon of Muleshoe and Mr. and Mrs. Gib Trigg of Friona. A son, Carl, makes his home with Mr. Hadley.

Hinds Family Has Reunion

Mr. and Mrs. Otey Hinds were hosts to a family reunion in their home in the Black community Sunday. Out-of-town guests were Mr. and Mrs. V. F. Hinds of Farmington, N. M., Mr. and Mrs. Dale Hinds of Lawton, Okla., Mr. and Mrs. A. B. Hinds of Amarillo and J. H. Hinds of Hereford.

Others present were Mr. and Mrs. Clyde Sherrieb and Mr. and Mrs. Orval Blake and Rickey of Friona.

Think twice: you only live once!

Mrs. Jean Airs Returns To Scotland After 18-Month Visit With Relatives

After spending about eighteen months in the United States, Mrs. Jean Airs of Edinburg, Scotland, left Saturday morning for her home. Her first scheduled stop was Jacksonville, Fla. From there she planned to go by boat to Manchester, England.

About 12 days will be required to make the trip across the ocean. When Mrs. Airs came to this country in April of last year, she flew and landed at Philadelphia. During her stay here she has made several trips across the United States and has toured more than 30 states.

Although Mrs. Airs had never been here before, she had long been interested in this country and learned much about it from relatives. Her parents came to Barnard, Kansas shortly after World War I and she had not seen some of her brothers and sisters in nearly 40 years.

Mrs. Airs was born in Edinburg and has lived there all her life. During World War II she made friends by being hospitable to American soldiers.

She has spent several months visiting in the home of Mr. and Mrs. Robert Hale and daughter, Lorene, here. Mrs. Hale is one of her daughters. Mrs. Airs has another daughter and two sons in Edinburg. She also has five grandchildren there.

Mrs. Airs reports that she likes America and the American people very much and has thoroughly enjoyed her stay here. In making trips to visit relatives she has gone by car, bus and plane and has visited many points of interest.

Other relatives in whose homes she has visited include two sisters, Mrs. Fred Crowl of Barnard, Kans. and Mrs. Jean Brown of Gosnell, Kans; four brothers, Will, Joe and Bob Cramb of Barnard, Kans. and Jim Cramb of San Francisco. She also has nieces and nephews at Columbus, Ohio, Denver and Redding, Calif.

When asked how the United States compared to her native country, Mrs. Airs replied, "Your country is so large and there are so many things I have seen. There's all kinds of country here and I've seen just about everything, rain, snow, forest fires and so many things."

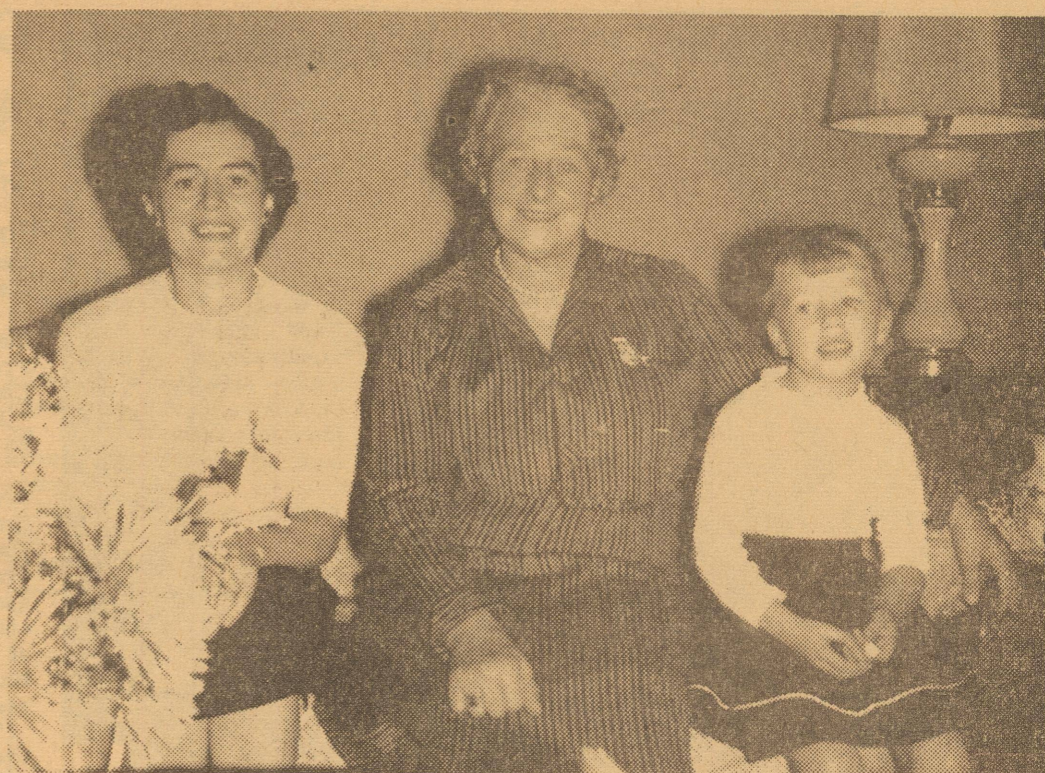

At a coffee in the home of

Mrs. E. H. Cummings Friday morning Mrs. Airs was the guest of honor. Coffee, tea and nut breads were served. Those present were Mesdames J. M. Watson, Doyle Cummings and Lisa, Jim Cocannouer, Robert Hale and Lorene, C. C. Kessler and Newman Jarrell Sr;

Also Mrs. Glenn Floyd and Laurie Cooper.

When asked about her preference for tea over coffee, Mrs. Airs replied, "I like American coffee, but what you do to tea is amusing. There's an art to brewing a cup of tea. First you boil the water, then you rinse out the tea pot with it. Throw this water away and you're ready to begin making tea."

After the tea has been placed in the teapot, pour in the boiling water, put the lid on securely and cover with a cozy until the tea is properly steeped."

"IT HAS BEEN WONDERFUL"—These words express the feeling Mrs. Jean Airs has when she thinks of the time she has spent in the United States. Mrs. Airs (center) was also anxious to return to her home in Edinburg, Scotland. Her daughter, Mrs. Robert Hale, sits on her right and a granddaughter, Lorene Hale, is pictured on her left.

Ruby Lee Grubbs Honored Saturday

A combination breakfast and lingerie shower in the H. L. Outland home Saturday morning honored Ruby Lee Grubbs, who became the bride of Weldon Fairchild Saturday evening. Co-hostesses were Mrs. Raymond Fleming and Mrs. J. T. Gee.

Guests were the honoree, her mother, Mrs. A. S. Grubbs, Phila May Weatherly, Linda Houston, LaVon Reeve, Nancy Outland, Paula Fairchild, Jacquelyn Magness, Lila Gay Buske and Mary Jane Grubbs.

Laymen's Day To Be Observed

Laymen of the First Baptist Church will lead all worship services on Laymen's Day, Sunday, October 11, 1959. Music for the services will be presented by the men's chorus under the direction of Charles Allen.

Speakers for the morning service at 11 A. M. will be Stanley Bengé, Billy Dean Baxter and Raymond Cook. Speakers at the evening service, which will begin at 7:30 will be Clyde Hays, Earl Smith and Douglas Connelly. All Men of the community are invited to attend these services.

Mr. and Mrs. John Blackburn, Mr. and Mrs. M. B. McKinney and Mrs. Lucy Welch returned Saturday afternoon after spending several days at the Welch cabin near Cowles, N. M.

Bridge Club Meets Saturday

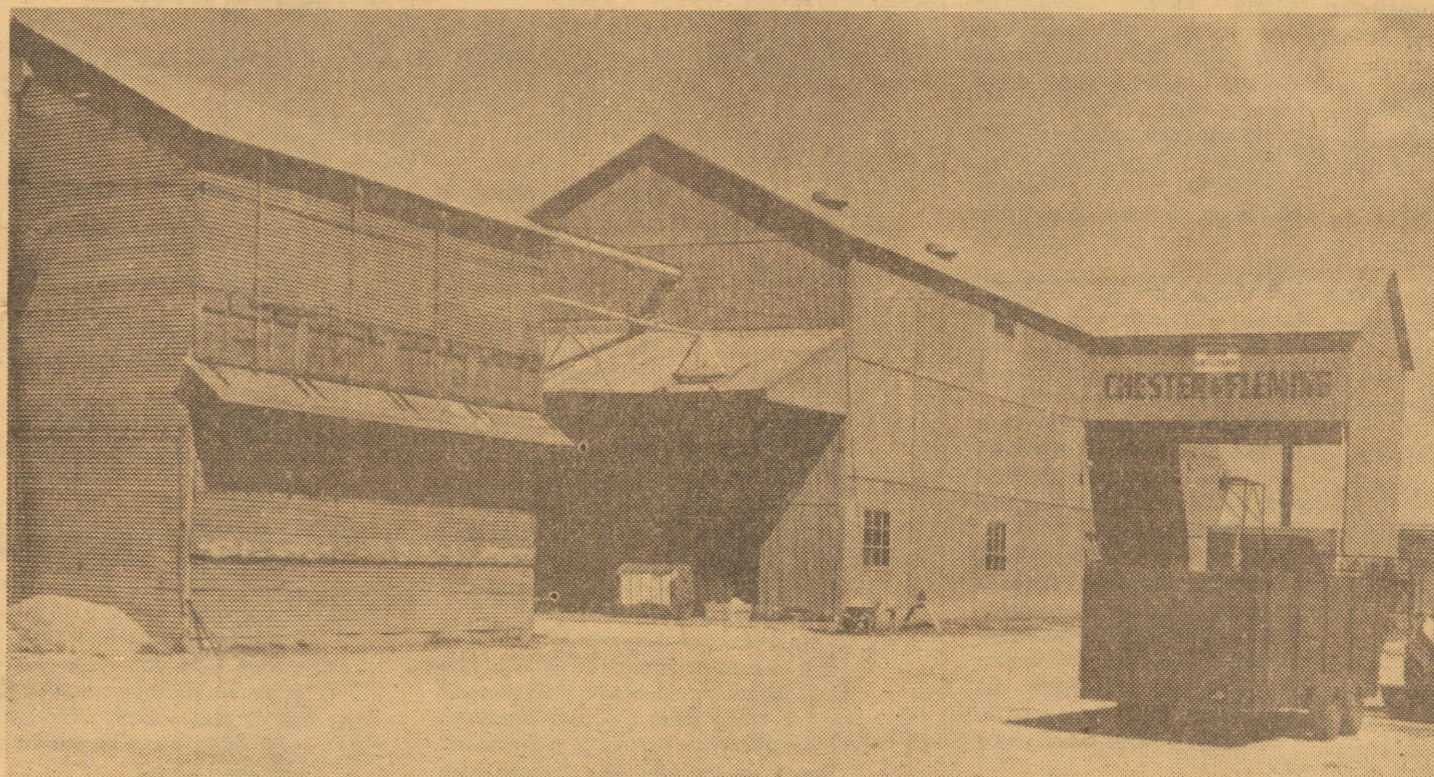

Mrs. Bert Shackelford was hostess to the regular meeting of the Saturday Bridge Club in her home. During the bridge session the hostess played high score.

Refreshments of pumpkin pie, whipped cream and coffee were served to Mesdames Pearl Kinsey, O. F. Lange, Carl Maurer, H. C. Kendrick, Bert Schackelford, Roy Slagle and Wayne Stark.

FRIONANS VISIT SON

Mr. and Mrs. Clyde Sherrieb spent last week visiting their son, Gary, at Fort Collins, Colo., where he is a student at Colorado State University. While there they attended the CSU-NMU football game. They also visited Mrs. Sherrieb's cousin, Dean Hinds, and his family in Denver.

SERVICE TO OTHERS--That's Jimette McLean's motto as she prepares to take over the reins as Worthy Advisor of the Friona Assembly of the Order of the Rainbow for Girls.

### Jimette McLean Installed As Worthy Advisor

Jimette McLean, 15 year old daughter of Mr. and Mrs. J. C. McLean of Friona was recently installed as Worthy Advisor of the Friona Assembly #275 of the Order of the Rainbow for Girls.

Officers installed during this session were Judy Bock, Worthy Associate Advisor; Pamela Sue Roden, Charity; Brenda Collier, Hope; Carol Coffey, Faith; Karen Turner, Drill Leader; Mary Ann Bogges, Chaplain; Carolyn Parker, Love; Janice Wright, Religion; Ann Baxter, Nature; Joella Taylor, Immortality; Linda Carole, Fidelity; Betty Drake, Patriotism; Lois White, Service; Adabeth Akens, Confidential Observer; Donna Fields, Outer Observer; Linda Castleberry, Musician; Kay Coffey, Choir Director; and Mrs. Thelma Coffey, member of the Advisory Board.

Miss McLean chose as her colors violet and white and her theme for the coming year is to be service. Her motto is "Service to Others" and her chosen project is to help research in muscular dystrophy.

Installing officers were: Installing Officer, Virginia Patton, Grand Representative from Michigan to Texas; Installing Marshall, Celia Weatherly, Past Worthy Advisor; Installing Chaplain, Deloris Elmore, Past Worthy Advisor; Installing Recorder, Thelma Coffey, Past Matron and Installing Musician, Sarah Ann Miller, Past Worthy Matron.

During the course of the ses-

### 50th Anniversary To Be Observed

Wednesday of next week the 50th anniversary of the Friona Woman's Club will be observed. A reception, to which all former members are invited, has been planned at the club house at 2:30 p. m.

One of the highlights of the meeting will be a history of the club presented by Mrs. Pearl Kinsley, charter member of the club.

Childhood shows the man, as morning shows the day. --Milton.

## in-and around FRIONA WITH JUNE

During a recent visit with Lubbock County relatives, we picked up a copy of one of the newer weeklies in the area. It was the *Shallowater Star*. It was well printed and a very nice little paper. Two of the things which attracted our attention were columns.

The most amusing of the two was "Shear Nonsense --from the barber shop." The other was Macks Fax. Both were unusual and carried items of interest for the regular subscribers as well as others who happened to read them.

As most of our readers know, the Albert Rolens are our nearest neighbors and are always kind enough to share the fruits of their vegetable garden with us. One morning last week Besie called to inquire about our supply of fresh squash.

After being informed that the Floyds had no squash, she volunteered to leave some in a sack beside the mail box. This seemed like a very good idea, but we learned later that there was one angle we hadn't counted on.

On this particular day the postman arrived before we stopped to get the squash. After finding no squash beside the mail box, we inquired at the post office to learn who had carried the mail on Route 2 that day. Upon being informed that Louise Hays was the carrier, our next question went like this: "Where is my squash?"

Clerks at the post office were kind enough to go back to the sorting desk and get it for us. On the sack we read the following note: "Jo, I'm sure Mrs. Rolen left these squash for you, but I'm taking one."

Later Louise informed us that everything left beside the mail box automatically belonged to the carrier.

Some farmers south and southeast of town are beginning to feel as if they are being "picked on" by Old Mother Nature. Two times this crop season they have had damaging hail.

According to the reports we have heard, the roar that came with the hail was terrific. One farmer said the hail made such a loud noise he was afraid to get up to look out to see how much damage was being done.

For a long time we have felt the need of knowing more about the Spanish language. This need is more acutely felt since our neighbors, Plains Publishers, are printing a newspaper in Spanish. It is really disturbing to be unable to criticize the spelling and grammar in a locally printed paper.

Some time ago the wind blew one of the catalpa trees in the

Pete Lawton front yard off right at the point where the branches joined the main trunk. He just left a post standing there and there was much speculation about whether or not new leaves would form.

Recently we've noticed there are a lot of new leaves and that they are considerably larger than leaves on a similar tree which stands nearby. Now we're wondering what the difference in the development of the two trees will be.

At this time of year new reporters are being elected for a lot of clubs and organizations in And Around Friona. If there be any who desire information relative to reporting the news of any of these, we hope you will feel free to call on us.

Any time we can be of assistance to you in reporting any news event, we will be more than glad to do so. This goes for younger reporters of Boy Scout groups, Girl Scout troops or other organization of young people, also.

Members of the senior class are sponsoring a tour of some of the newest homes in Friona. Anyone interested in seeing some of the newest homes in Friona. Anyone interested in seeing some of the very latest ideas in home building is invited to contact a member of the class for tickets.

The tour will include the new homes of Mr. and Mrs. J. E. Knight, Mr. and Mrs. A. L. Black, Mr. and Mrs. Wright Williams, Mr. and Mrs. Dean Bingham, Mr. and Mrs. Marty Martinez, Mr. and Mrs. Steve Struve, Mr. and Mrs. Hoyt Smith, Mr. and Mrs. Calvin Talley, Mr. and Mrs. Ernest Anthony, Mr. and Mrs. H. L. Outland and Mr. and Mrs. Bill Baxter.

All of us should make a special effort to get as much enjoyment as possible from the fall flowers which are now in bloom. In the very near future frost is sure to come.

Most farmers are hoping the frost will stay off a few more weeks as a lot of crops were planted late and need some more time for maturing.

Another tour that will probably interest Frionans will be held in Hereford Friday of next week. The annual tour of homes sponsored by the Garden Beautiful Club of Hereford will be held October 16 from 3 to 7 p. m.

The first home on the tour will be the N. D. Bartlett home, 102 Douglas Street in Hereford, where tickets may be purchased for the tour at \$1 each.

This information was sent to us by Mrs. Wes Owen, corresponding secretary.

### Ted Sanders Heads Freshmen

Ted Sanders, son of Mr. and Mrs. John D. Sanders of Friona, has been elected president of the freshman class at Wayland Baptist College at Plainview.

Sanders, who attended Wayland during the summer, is a member of the Science Club and served as freshman senator of the Student Government Association.

A 1959 graduate of Friona High School, Sanders is seeking a Bachelor of Arts degree in mathematics. He is also a member of the freshman basketball team.

Dr. and Mrs. Paul Spring are in Galveston this week for a scientific meeting of the Texas Academy of General Practice. Their daughter, Susie, is staying with Mr. and Mrs. Frank Spring during the absence of her parents.

The heart has reasons that reason does not understand. --Bossuet.

The ways of the heart, like the ways of providence, are mysterious. --Ware.

When the heart speaks, glory itself is an illusion. --Napoleon.

Memory, wit fancy, acuteness, cannot grow young again in old age; but the heart can. --Richter.

Chances are you hesitated on the second question. Nine out of ten people don't know how much their home is worth. And if you guessed, you probably underestimated. Inflation and climbing construction costs over the last ten years have resulted in drastic changes in property valuation.

Many homes have almost doubled in replacement value. If you're not sure, it's likely that you haven't reviewed your insurance recently in the light of current costs. In case of fire, storm or other serious destruction, you stand to lose more than you realize.

Don't be in the dark. Let me tell you what your home is worth right now. There's absolutely no cost or obligation on your part. Just call 8811. I'll be glad to help you get the right answer.

(Continued from Page 1)

The try for extra point was no good and the score then stood at 14 for Friona and eight for the Sunray Bobcats. The score was never tied and Friona never lost the lead after this touchdown.

The Sunray eleven then received the ball after the touchdown, but was unable to move. Faced with a fourth and four situation, the Bobcats were forced to punt to the Chiefs. The half ended with Friona in possession of the ball and the score at 14 to eight in favor of Friona.

To being the second half of play, Friona kicked to the Sunray Bobcats, who once again was unable to move the ball and was forced to punt on the fourth down. The Chiefs took the ball and began their third successful drive for the evening.

It was during this drive that the rain began to fall rather heavily, but it did not bother the spectators as they continued to sit right on through the game.

The rain did not seem to hamper the Chiefs either, as they scored once again during this third quarter, this time from five yards out and with Jackie Hight running around left end for the six points. The try for extra point was good, as Hight repeated the touchdown play by running around left end for the two points. This made the score 22 for Friona and eight for the Sunray Bobcats. This was the only scoring done in the third quarter of play.

On the following kick off,

Sunray fumbled the ball and Friona recovered. However, this time the Chiefs were unsuccessful in moving the ball to the pay dirt line as they were stopped on a fourth and one yard attempt.

The Bobcats took over, and ran and passed for four plays which were not good enough for a first down and the Friona Chiefs took over.

Soon after, the Chiefs fumbled the ball and the Bobcats recovered. The fourth quarter of play then began with the score still Friona 22 and Sunray eight. However, early in the fourth quarter of play, the Bobcats ran a pass play out in the right flat which carried for 45 yards and a touchdown. The try for extra point was no good and the score was then 22 for Friona and 14 for Sunray.

The Chiefs took the ball on the kick, but was stymied in their drive by the Bobcat defense. The opposing team then

MRS WELDON FAIRCHILD

## Ruby Lee Grubbs Becomes Lakeview Club Bride Of Weldon Fairchild Elects Officers

A double ring ceremony at the Friona Methodist Church Saturday afternoon united Ruby Lee Grubbs, daughter of Mr. and Mrs. A. S. Grubbs, and Weldon Fairchild, son of Mr. and Mrs. C. P. Fairchild. Officiating minister was Rev. Hugh Blaylock pastor of the church.

Centering the archway of greenery was a kneeling bench. On either side stood baskets of white mums and tapers holding white candles.

Traditional wedding marches were played by Nancy Outland at the organ and Cynthia Ann Caffey at the piano. Mrs. Don Reeve of Amarillo sang "Walk Hand in Hand," "O' Promise Me," and "Wedding Prayer."

Mary Jane Grubbs, sister of the bride, was the maid of honor. Bridesmaids were Mrs. Owen Houston, Mrs. Philip Weatherly and Lila Gay Buske. The maid of honor wore a baby blue cotton voile dress with a cummerbund of azure blue.

The bridesmaids wore identical dresses of azure blue with baby blue cummerbunds. Their hats were white accented with pearls and sequins. Candelights were Willie Grace Grubbs, sister of the bride, Karene Milner and La Reese Asken. Their dresses were identical to the other bridal attendants.

C. P. Fairchild, father of the groom, served as best man. Groomsman were Jerry Hinkle, Philip Weatherly and Wesley Barnett. Ushers were Jon Mack Roden, Don Reeve and Larry Fairchild.

The bride, given in marriage by her father, wore an original gown of silk mist taffeta fashioned with a scooped por-

trait neckline of French-appliqued lace dotted with pearls. The molded bodice featured long sleeves that tapered to petal points and terminated at the finger tips.

The voluminous floor length skirt was highlighted by appliqued motifs of French lace. Her veil of illusion flowed from a tiarra of pearls and sequins. She wore an heirloom pin that originally belonged to her great-grandmother, the late Mrs. Ben Thomas. It was over 100 years old and was worn by her two older sisters, Mrs. Dudley Bainum of Amarillo and Mrs. Kenneth McLellan of Friona, in their weddings.

Her bouquet was a cascade of white rosebuds atop a white Bible which she borrowed from Mrs. Philip Weatherly of Lubbock.

Guests were registered by Mrs. Larry Fairchild and Doris Jane McFarland.

A reception in Fellowship Hall followed the ceremony. The serving table was centered with a three-tiered wedding cake surrounded by a floral arrangement. Assisting with hospitalities were Mrs. Dudley Bainum and Mrs. Kenneth McLellan, sisters of the bride; Mrs. Johnnie Parker of Hereford, sister of the groom; Mrs. Jerry London and Ronda Asken.

Out-of-town guests signing the register were Mr. and Mrs. E. L. Thomas of Floydada, Mrs. W. L. Thomas Sr. of Lockney, Mrs. R. B. Grubbs of Plainview; Mr. and Mrs. W. D. Colson of Lockney; Mr. and Mrs. Guy Allen of Kress; and Mr. and Mrs. Charlie Lanford of Amarillo.

Also Mr. and Mrs. Dalton

New officers were elected at the Thursday afternoon meeting of the Lakeview Home Demonstration Club in the home of Mrs. Vuthill Loafman. They are Mrs. Loafman, president; Gwen Graves, vice president; Jo Blackburn, secretary; and Glindene Bailey, reporter.

Outgoing officers are Frances Milner, Elizabeth Carmichael, Jo Blackburn and Ala Mae Gibson. Frances was selected to represent the club in the Woman of the Year contest.

Those present were Mesdames Loafman, Gibson, Bailey, Graves and Milner. The next meeting will be in the home of Ala Mae Gibson.

Asken; Mr. and Mrs. Johnnie Parker and Ronda Asken of Hereford and Mr. and Mrs. Dudley Bainum of Amarillo.

Mr. and Mrs. Fairchild are both 1958 graduates of Friona High School. She is a graduate of Jessie Lee's School of Hair Design of Lubbock. Fairchild is a sophomore student at West Texas State College at Canyon and they are making their home in Amarillo.

## Of Interest To THE WOMEN

THE FRIONA STAR

THURSDAY, OCTOBER 8, 1959

### Shower Honors Bride Elect

Miss Jan Widener, bride-elect of Ray Dean Fleming, was complimented with a bridal shower Thursday of last week in the home of Mrs. Byran Smith, Lockney.

Guests were met by Mrs. Smith and presented to the honoree, her mother, Mrs. Loyd Widener, her grandmother, Mrs. L. A. Richards, and Mrs. Raymond Fleming of Friona, mother of the groom-elect.

Mrs. David Frizzell registered the guests. Assistants in the gift rooms were Retha Wofford, Veda Miller, Maylene Mickey and Mary Mills.

Mrs. Jerry Mickey and Mrs. Gail Wilson presided at the

beautifully appointed table. Covered with a white lace cloth atop a brown cover, the dining table was centered with an arrangement of brown and gold mums. Brown napkins accented the decorations. Plate favors were miniature gold wedding bands tied in brown satin love knots. Swedish tea rings, and pineapple chunks were served with hot spiced tea from a crystal service.

Approximately one-hundred fifty guests called or sent gifts.

Hostesses for the occasion were Mesdames R. H. Ford, Mondell Mills, J. R. Belt Jr., Frank Brown, Glenn Kinard, Kenneth Wofford, Forrest Mickey, Norman Caldwell, Leslie Cox, Bob Miller, Hamilton Gammage, R. W. Smith, Howard Smith, R. L. Smith, Byran Smith, E. J. Foster, Clyde Baxter, L. M. Honea, Lloyd Wofford, Doyle Harrison, Leroy Durham of Plainview and Connie O'Brien of Bovina.

### Another Boy For John McFarlands

Mr. and Mrs. John McFarland of Farwell became parents of a baby boy at Parmer County Community Hospital Tuesday of last week. He weighed 6 lbs. 15 ozs. and was named John Russell.

Other children of the couple are Chris, Kirk, Mack, Leslie and Claire. Grandparents are Mr. and Mrs. M. L. McFarland of Pierre, S. Dak. and Mr. and Mrs. Everett Christian of Farwell.

Mrs. J. B. McFarland is the paternal great-grandmother.

Mrs. J. B. McFarland returned from Lampasas Friday after spending several days visiting in the home of Mr. and Mrs. Ed Schooley. Mrs. Schooley and Mrs. McFarland are sisters.

### Mother-Daughter Tea At First Baptist Church

A mother-daughter tea was given at the First Baptist Church Wednesday Sept. 30 honoring the mothers of Girls Auxiliary members and Sunbeams being promoted to the Girls Auxiliary.

Mrs. Johnny Mars presented the welcome address. The devotional was given by Mrs. Glynn Don Hughes and Carol Coffey provided special music. Presentations of certificates and Girls Auxiliary pins were made by the counselors.

Those signing the guest register were Mrs. Vernon Roberts, Mary Ann Roberts, Mrs. Grady Dodd, Mrs. Spencer Hough, Patsy Hough, Mrs. Granville England, Sheron England, Judy England, Lois Moyer, Jane Singletary, Margie Stewart, Judith Edelson, Linda Castleberry and Mrs. Ray Castleberry.

Also Mrs. Noyle Wood, Jonelle Wood, Mrs. Elroy Wilson, Terri Lynn Wilson, Mrs. M. B. Harper, Charla Sue Harper, Paula Stout, Gay Singletary, Rita Collier, Myrtle Latham, Mrs. Jim Maynard and Karen Maynard.

Also Mrs. James Chandler, Lyndia Chandler, Mrs. Buddie Fallwell, Linda Kay Fallwell, Sarah Fallwell, Mrs. Ralph Taylor, Mrs. Paul Daniel, Jonell Daniel, Jeanne Taylor, Mrs. M. C. Osborn and Annette Jennings.

Also Mrs. Ray White, Shirley White, Mrs. Bill Sheehan, Mary Margaret Sheehan, Mrs. Ira Holt, Mr. and Mrs. Charles Baldwin, Mrs. Leonard Coffey, Kay Coffey, Carol Coffey, Becky

Coffey, Mrs. Doyce Barnett and Mary Smith; Also Mrs. Johnny Mars and Mrs. Glynn Don Hughes.

### Change Made In Club Program

Ann Osborn, program chairman of the Progressive Study Club has announced that a change has been made in programs for the next two meetings.

Due to the inability of Dr. Ruby Bulbis, psychologist, to speak Tuesday evening, October 13, the program planned for October 27 will be presented.

Then on October 27 the Mental Health program, which includes a lecture by Dr. Bulbis, will be presented.

### October Wedding Planned By Pair

Mr. and Mrs. Emil Berg of 2376 Williams Hiway, Grants Pass, Ore., announce the engagement of her daughter, Barbara Ann Sheets, to Joseph Leroy Fritz Jr., son of Mr. and Mrs. J. L. Fritz Sr. of Phoenix, Ariz.

Miss Sheets attends Grants Pass High School and is president of Girls G. A. A. and is a member of Jobs Bethel.

Mr. Fritz attended Thomas Downing High School in Modesto, Calif. and Arizona State University.

The evening wedding is planned for October 29 at the First Christian Church at Grants Pass, Miss Sheets is a granddaughter of Mr. and Mrs. Ed Boggess of Friona.

# THE HIGH PLAINS FARM AND HOME

## SW Corn Borer Still Chewing

A light-colored worm, whose delicacy is the inside of the corn plant (the stalk, not the ear), is really living it up on the High Plains corn crop this year.

This isn't his first visit. As long as a quarter-century ago he discouraged corn production in the Southwest. He comes and goes, depending on how much of his favorite food is around for the eating, but in the past three years he's really increased his number.

The Southwestern corn borer, which is the name this voracious little insect goes by, isn't pretentious looking. But what he can do to a cornfield shouldn't happen to a stand of bindweed.

Farmers of the Farmer County area have shown a renewed interest in growing corn during recent years, primarily because of the low price of grain sorghums. They have demonstrated that large corn yields can be obtained, but the little white worm is one of the main reasons why the bulk of area farmers are really not serious about producing corn instead of milo.

Worst of all, this pest is practically uncontrollable. He eats into the base of the corn stalk and happily chews his way upward in the plant. This doesn't stop the corn from making grain. But what happens almost every year is that severe lodging results from the borer's

weakening of the stalk.

Corn production on the High Plains has its hazards. Corn requires more water, and its need is more critical than grain sorghum. Low humidity levels and hot, dry winds can put a promising corn crop in rough shape unless the farmer can really pour on the irrigation water.

Then, there's the ear worm to contend with. He'll eat up a lot of grain if he isn't controlled. Finally, after the farmer produces a good crop, the job is only really begun, because he has to harvest it. Here is where the Southwestern corn borer makes things tough.

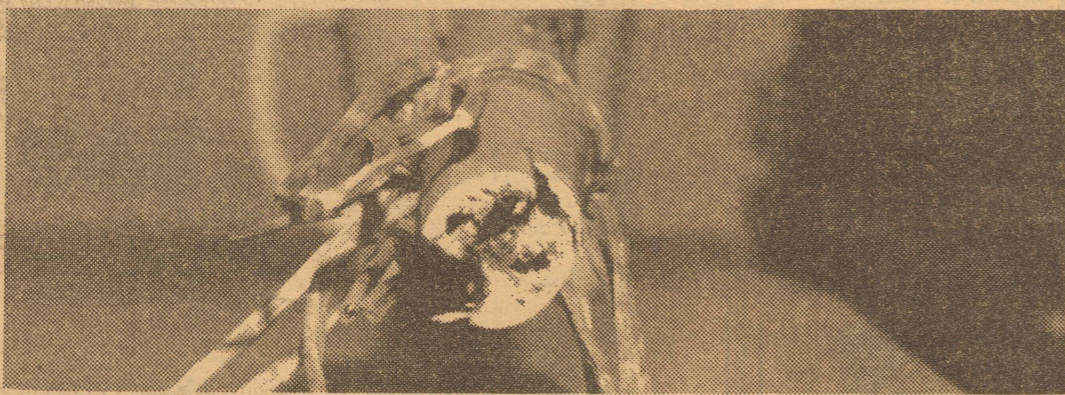

He hollow out the stalk until it collapses at the slightest

pressure from the wind. Down come the heavy heads of corn. Since the worm is inside the stalk, there's no known remedy for killing him. Poisons sprayed on the outside have no effect.

About the only control measure left to the farmer is to rotate his cropping--move the corn to a new plot of ground each year, and hope the borer infestation will be at a minimum.

These measures are defensive only and haven't been successful. The corn borer problem has worsened each year, and this fall it is not at all uncommon to find fields with 100 per cent infestation. Every stalk is eaten into by the hungry little worms.

This is what happened a good many years ago. Dryland farmers gave up trying to grow corn because the worms got so bad. With irrigation, corn was reintroduced as a cash crop in about 1952. By 1955 and 1956,

Here is the home of the Southwestern corn borer--the inside of a juicy corn stalk. This is a view from the butt-end. Note the roots. This indicates that the worm makes his entry at or near ground level, and then eats his way upward. There is no way to control these pests with insecticides, as they do their work inside the plant.

# Organizations Set Meetings

## Annual FB Meet Tonight

Parmer County Farm Bureau's annual meeting will be tonight (Thursday) in the Bovina school auditorium, starting at 8.

Officers will be elected. Roy Miller is president, Jack Patterson vice-president, and Ralph Smith secretary. Directors whose terms expire are Harry Hamilton, Les Bruns, Jack Patterson, J. T. Jones, and Vernon Symcox.

The Bovina band will provide entertainment, but there is no special program. The convention will be devoted mostly to discussion of Farm Bureau policy formation, and resolutions will be adopted.

Hamilton says Farm Bureau

about 20,000 acres were given to corn production in the county.

At first, it appeared that the corn borer might not be the deterrent to corn growing it once was. But, as acreage in-

creased and corn was grown year after year, the borer became more of a problem. This year he's reached 100-per cent proportions, as has been mentioned.

Farmers have had some success by deliberately picking their corn while it was still too moist for shelling, piling it in the turn-row, and letting it dry out. Shelling would come later and be a separate operation.

The two operations lose the efficiency of the picker-sheller combination that does the job once through the field, though.

Also, it just isn't possible to pick the corn early enough to avoid all corn borer damage.

Corn that falls to the ground can be recovered, but this is a time-consuming, costly hand operation that no farmer wants to get into if he can possibly avoid it.

## Dickie On FU Program

Alex Dickie, state president of Farmer's Union, will make an appearance at the annual county-wide meeting of the organization Tuesday night, October 13.

The session will be in the Hub Community Building, and is to start at 8:30, announces Wyle Bullock of Lazbuddie, Union insurance representative. "This will be a business meeting. We will have election of county officers and discuss Farmer's Union policy development," says Bullock.

Clayton Graef of Lazbuddie is county president, and Ruel Barron of Oklahoma Lane is vice-president. The county Farmer's Union secretary is Gene Phillips, also of Lazbuddie.

In addition to election of officers for these posts, the group will give its attention to other Union business matters.

Richard Alexander, state Farmer's Union secretary, will be another official to attend the Hub meeting. Both Dickie and Alexander have made appearances in Parmer County previously.

Entertainment and refreshments will help round out the program.

Locals of Farmer's Union which will be represented at the meeting Tuesday night are

Friona, Lazbuddie, Farwell, and Bovina. They have their officer elections separately.

Bullock also announced the Senator Ralph Yarborough will make an appearance at a county-wide Union meeting later.

# Announcing! A WONDERFUL NEW WORLD OF FORDS FOR 1960

## FINEST FORDS OF A LIFETIME

This new Ford Galaxie, like all the new, beautifully proportioned 1960 Fords, is styled from a new viewpoint. Traditional automotive elegance combines with modern design in the style of a new decade!

In 1960, for the first time in history, your Ford Dealer presents not one, not two, but three new lines of Ford cars . . .

1. The 1960 Fords--The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!
2. The 1960 Falcon--The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
3. The 1960 Thunderbird . . . The World's Most Wanted Car!

## Introducing the New-Size Ford . . . the 1960 Ford Falcon

Meet the New-size Ford--the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car . . . powered to pass and climb like a "big" car . . . and built like no other car for savings!

It gives you up to 30 miles per gallon on regular gas. Aluminized mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.--a grueling demonstration climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers expect. Its gearshift is on the steering column--not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's . . . and see the difference!

Now you can see them--the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme!

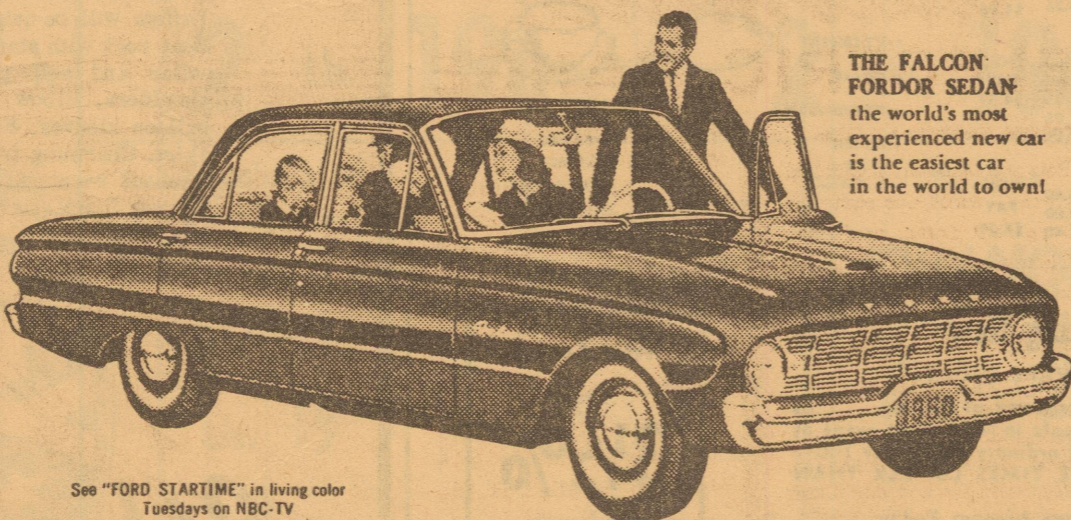

And Ford sets the new trend in power. Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Mileage Maker Six, bring a new world of smoother, hotter performance--on regular gas.

To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful . . . a Full-Flow oil filter that lets you go 4,000 miles between oil changes . . . Diamond Lustre Finish that never needs waxing . . . aluminized mufflers that normally last twice as long as conventional types . . . new, safer, Truck-Size brakes that are the biggest ever in Ford's history . . . and new soft-tread, Tycex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!

## THE FARMER COUNTY IMPLEMENT CO.

# NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, October 7, 1959

Mrs. Deon Awtry left Friona Monday for Killeen, Texas. She drove through and took her parents, who live in Portales, to attend the funeral of her father's sister.

Did you see the new Oldsmobile on display at the Parmer County Implement Company? For beauty, for economy, for more car for the same money, we invite you to see and drive the 1960 Oldsmobile.

From the Soil Conservation District news column in last week's paper, "Now, like never before, we have the opportunity to improve our soil by shredding our residues then working them into the surface soil. It seems foolish to burn that which took years to grow."

We have exactly the farm tools you need to keep your soil fertility and make tillage easier. Ask for an on the farm demonstration of the McCormick stalk shredder and ground working tools.

Life expectancy, which was approximately 29 years when Jesus began to preach in Galilee, is expected to be 90 years in the year of 2000. Some of us will make it till then.

Douglas Connelly and his family were in Mount Vernon this week. Doug's young nephew, Kenneth Hightower, was one of the junior high school students killed in the truck-school bus there last weekend.

International offers you the world's finest truck service and parts facilities--over 5,500 dealers and 200 company owned branches assure you of readily available complete

quick expert service for any International truck anywhere any time.

A second grader turned in the following essay entitled "Judgment Day". On judgment day some will be reunited with their loved ones, others with their husbands.

Claude Bradley who works for International Harvester at Lovington, has been visiting friends and relatives in Friona. Bradley has been recovering from an accident for the past few days. He worked at the Parmer County Implement Company several years.

The auxiliary of the Parmer County Community Hospital will have a rummage sale very soon with all proceeds going to the hospital. If you have any rummage to donate, please call 4662 or 2591 in Friona.

Very saleable at the rummage sale are men's coats, warm clothes for children, blanket or quilts and men's work clothes especially in small sizes, but almost anything will sell. Each year the women of the auxiliary hope to raise at least \$1000 for the hospital, but they will need your help in securing rummage for this sale.

Here is a list of names of cars that have at one time been on the market in this country. See how many you can remember: In 1904--the Maxwell and the Buzeville Calorie; in 1908--the Beyster-Bi-Auto, the Black, the Boston Highwheel and the Seven Little Buffaloes. A little later the Hall Gasoline Trap, Riggs-that Run and the Dewabout;

in 1910 such names as Acron, Foolproof, Emancipator, Drednot, the Duck, the American Beauty and the Zip were common. Then came the Arrow, Bantam, Crescent, Detroit Speedster, Fenton, Gadabout, Havoc, Ideal, Star, Tiffin and the Wizard.

In all more than 2000 makes of cars have been offered the American public. At the present time there is in America one car for every 2.6 adults. In Russia there is one car for every 61 persons and in China one for every 6,461 Chinese.

The dynamic 88 Oldsmobile--value leader of the medium-price class! Because Oldsmobile builds in so much more quality, you get so much more fun from ownership. And, remember your investment holds when you go over to Oldsmobile.

Mrs. H. H. Horton and Mrs. Bill Nichols accompanied their husbands to Lubbock Saturday to see the professional basketball game. The ladies came in for a bit of criticism because they talked of cooking and serving stew when they could have been watching the game.

Dr. and Mrs. Paul Spring are in Galveston this week. Dr. Paul is attending a state medical meeting.

David, he's our number two son, is a loyal Oldsmobile booster and an avid fan of Dinah Shore. Sunday night when she said, "You'll enjoy the new Chevrolet." on her TV show, we heard David remark, "I'm sure not going to."

## Rain Stops Sesame, Too

Parmer county sesame growers were off to a good start harvesting their crop before they were rained out last week.

Doyle Cummings, Friona farm store operator, reported Saturday that the eight area growers of the oilseed crop were in the process of binding and shocking.

"Some sesame has been bound and shocked, but there hasn't been any combined," Cummings said.

Cummings said there is about 1600 to 1800 acres of the crop in the Friona area.

Deon Awtrey said he had cut 300 acres of his crop and still had 50 left.

"They're all pretty well satisfied," Cummings said when asked how the farmers felt about their sesame crops.

Parmer county is one of the largest production places of this unusual crop. A large part of the world's sesame is grown here.

Sesame is one of the few crops that has managed to escape the fluctuations of market prices and has remained stable for several years.

## Testing Program At WT

Swine litter entries are now being accepted for the West Texas Testing Station, located on the West Texas State College farm, according to Charles Smallwood, head of the WT agriculture department.

The station was constructed here after a number of swine breeders of the West Texas area, members of the West

Texas Swine Improvement Association, met to plan a testing program.

A capacity of 160 pigs in 40 pens has been set for the station, and litters will be tested from the age of 56 days until they reach 200 pounds in weight. The station will begin the program with the first litters coming around Oct. 1.

Smallwood says the pigs must have been born from Aug. 1 to Sept. 10 and must be selected from litters of at least eight pigs. Two boars and two litter mate gilts or barrows will be tested.

Any breeder of pure bred hogs may obtain additional information or applications from the WT agriculture department.

## HD Agent Winner Of Award

Jimmie Lou Wainscott, Parmer County home demonstration agent since 1956, is one of five Texans selected to receive the 1959 Distinguished Service Award of the National Home Demonstration Agents' Association. Presentation of the awards will climax activities of the Association's national meeting in New Orleans, October 20-24.

The honorary awards are made each year to home demonstration agents from the various states, Hawaii and Puerto Rico, who have rendered outstanding service to the people with whom they work for a period of 10 years or more.

Miss Wainscott joined the Agricultural Extension Service in 1946 as assistant home demonstration agent in Wichita County. Since that time she has had experience working as home demonstration agent in Childress and Jones counties, before coming to Parmer County. Previous experience also includes a year as home economics teacher at Eden in Concho County.

Alert to the changing needs of homemakers and families, Miss Wainscott has worked closely with co-workers, with adult and junior 4-H leaders in the counties to help develop programs based on interests and needs.

Her record shows outstanding work in the field of clothing and home furnishings. Foods and nutrition, home management, family life topics and recreation have also been emphasized in her work with youth and adults.

She has combined travel with study for professional improvement. In 1949, she attended a special session in program building and extension evaluation at the University of Arkansas. In 1957 she studied rural recreation and family financial management at Colorado State University. Vacations in many different parts of the United States, in Mexico and Canada have given her a broader perspective for work with families.

Active in school, church and community affairs, Miss Wainscott is also a member of the Business and Professional Women's Club, Order of the Eastern Star and American Association of University Women.

The easiest way to finish a hard job is to get to work. After the start is made, the finish is near at hand.

## The PARMER FARMER

By W. H. Graham Jr.

If you happened to read this column last week you will recall that we spent a good part of it on the subject of transportation costs. Since then we have had some more reflections along this line.

It would be interesting to look into and find out how some industries have managed to lick their transportation costs. It has always amazed us how the Japanese, for one example, could manufacture intricate small things and sell them for such low retail prices.

A child's toy that costs about 15 or 20 cents at retail often costs two to three times that much if it bears the "Made in USA" stamping. We have always heard that this is because of cheap labor in Japan, but there must be some other things too.

Don't forget that the local toy dealer puts a markup on the merchandise. The wholesaler puts it in the store at a profit, and likely there is an importer who is the wholesaler's middle man, too. Add to that the long voyage from a Japanese port to San Francisco and chances are you've got more than 15 or 20 cents in the toy to begin with. And, presumably, the Japanese manu-

facturer makes a profit on his product. How do they do it? They must have some means to cut down on the cost of that 4,000 - mile trip.

Last week we pointed out that it would cost \$1.67 a hundred to ship grain sorghum from Parmer County to the state of Maine. Thus, for a trip approximately across three-fourths the girth of our nation, we find that the commodity shipped wouldn't be worth the freight it costs to get it there—at current market prices.

We don't know what it is, but something's out of balance somewhere.

There is probably nothing more depressing to the spirits of farmers than a prolonged wet spell such as the one we have just had. Coming at the time when it did, when our grain harvest was just getting started good, and our cotton needed sunshine desperately, the drizzle has put a dent in everybody's good nature.

If it wasn't for an exciting world series, we don't know what some farmers would do with themselves.

Most everybody readily admits that the country needs the moisture. It's this messy way of getting it that bothers us. Ideally, no one would have complained if it had clouded up and rained a couple of inches and then cleared off, but to have the sun blotted out for a week at a stretch, and the fields dripping wet, is rough.

One cheery note is that the wheat really lives it up in this kind of weather, and coming

at a time when three-fourths to four-fifths of the crop had been sown, this wet spell will guarantee us a good start on next year's crop.

There has been good money in beef production over the past two years, and along about now is "deciding time" for many area cattlemen. Will they expand or contract their operations for next year, or just go on plowing ahead at about the same speed?

What we read in the trade publications and what farmer-stockmen tell us privately pretty well gives in that most folks feel prices for beef have peaked. This doesn't mean to suggest that they feel a drastic drop is imminent; they don't. Most believe—and professional advisers back them up—that prices probably will be relatively stable during the next 12 months, but that they will likely decline slightly.

That means most stockmen will pay more for their cattle than they will sell them for, on a poundage basis, and the money to be made will have to be based on gain. As a consequence, there is an air of cautiousness among many farmer-stockmen in these parts who try to keep themselves informed.

Red meat consumption is still very good, and it is likely to continue to rise as Americans keep putting more beef on the table. But observers worry about what good recent prices for livestock, plus the attractiveness of low-priced feedstuffs, will do to markets in the months to come.

Already we're getting itchy fingers from noting the way the ducks are coming into our lakes this fall. Every season we get our fill of killing, cleaning, eating, and giving away ducks, but before next year rolls around we're always anxious to get to shooting again.

The season is only a short time away and we'll be stocking up on shells and making sure our equipment is in working order. In the last two or three years we have become sort of soft at this duck-hunting business.

When we were a lad, we thought nothing of bouncing out of bed at 4 a. m., putting on so many clothes we could hardly wiggle, and then roughing it in the darkness at the edge of a cold, frozen-over lake, awaiting sunrise and the rush of wings.

These days our idea of duck hunting is "tank jumping." We've located a number of good tanks around the area, and drive from one to another. We're seldom out of the car more than 15 or 20 minutes -- even when we kill ducks -- and that means that usually we get along fine with just a jacket and a pair of gloves.

What a bunch of softies we've become!

We keep reading reports about how the population on farms is diminishing year after year, and we don't doubt the statisticians a bit. However, we think it would be amiss to deduce from this information that farm issues aren't important politically. They are.

The reason is not so much that farm people have a lot of votes (as used to be the case). Rather, it is that so many non-farm people depend on farm residents directly. That's plain to see in an area such as ours, where we have virtually no industry except agriculture.

Less evident but nonetheless significant is the farmer's position as a consumer. He is, for example, the steelmakers' biggest customer. Manufacturers and their distributors don't easily overlook these less publicized but highly important factors.

"The farm bloc" that used to be so prominently displayed in political cartoons has unquestionably diminished in importance due to declining population on the farms of the nation, but the number of people who "think farming" is as large as ever. Perhaps larger.

One of the best cures for optimism is a political race.

# Sunshine Back After Wet Week

The sun is shining over the Farmer County area's cotton and maize fields again this week, after six days of soggy weather that put the damper on a just-getting-started harvest.

It was the fall's first display of bad weather, and was about as unwelcome as anything could be with worried farmers. There were two main reasons for extreme concern about the siege.

One was that the cotton crop, now in a last-ditch effort to make, desperately needs the sunshine and dry air. The other was that the spell would so chill the ground that when it did clear off a hard freeze would occur, which would end the growing season. And cotton isn't the only thing running short on time. There still is quite a bit of late-planted feed that would be hurt—or would have been hurt—by a

freeze last week.

The clouds closed in Tuesday, following the season's first "norther." This dreary cover hugged the ground until Monday of this week. The sun failed to make an appearance for more than a moment or so at a time during the spell.

Temperatures ran on the chilly side—in the 40's and 50's, but it wasn't the temperature that was hurting crops

particularly. It was the dampness. Showers and slow drizzle visited every part of the Farmer County area during the spell, leaving moisture amounts at from .75 to 1.75 inches.

This amount of rain would not have been especially harmful, farmers say, if it had come quickly and then cleared off. But as a lagging drizzle, it wasn't welcome.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

BY RAYMOND EULER

"I hope that you will be blessed. Be good citizens of your country. But be true to your convictions. God lives, I know that he lives—that Jesus is the Christ, the Redeemer of the world. Be not afraid and keep the commandments." U. S. Secretary of Agriculture, Ezra Taft Benson spoke these words to a group of Russian church people a few days ago. We believe they are worthy of serious consideration by peoples of all the world, including Americans. Such words as these are more important than words on any other subject in the world.

This Thursday night is the night of the eleventh annual convention of the Farmer County Farm Bureau in the Bovina auditorium. We hope you'll be there. Farm Bureau and all

other farm organizations, except one, testified against the U. S. Labor Department's proposed regulations of wages, hours and housing and transportation of migrant farm workers.

The National Farmers Union's statement supporting Mitchell's proposal said, "Even though falling farm income promoted by official government policy is making it increasingly difficult for us to do so, we support the amendments proposed by Secretary Mitchell to prevent the use of federally tax supported facilities of the Public Employment Service to beat down wages and working conditions of migrant farm labor below prevailing local standards."

We wonder what your attitude toward these proposals is... Are you paying your migrant workers too little?

The AFL-CIO news reports, among other things, revision of the labor standard acts by raising the minimum wage to at least \$1.25 per hour and extending coverage to millions (including farm laborers) now denied protection of federal wage and hour legislation; they also endorsed the decision of the AFL-CIO executive council, made at its first 1959 meeting to begin an organizational drive among farm workers, and noted that such a campaign is under way in the Central Valley of California.

If you want Farm Bureau to support this kind of stuff, pay your dues and get enough others to change the minds of present members. If you want it to oppose it, join and help your fellow farmer in this important job.

Creative salesmanship is creating confidence.

## Carrot Movement Slow

Despite rainy weather, some vegetable shipping was still being done at the end of last week in Friona. A truckload of carrots left Friona Growers and Shippers about 10 a. m. Saturday.

According to Kenneth Neill, manager of the association, the shipment from Glenn Taylor's farm was bound for five cities in Iowa.

Neill said the yield from the early carrot crop that has already been dug was low.

"It has picked up some since," he said.

"We have 300 acres of carrots and we're about one-third through with the harvest."

The early carrots were yielding about five or six tons an acre, but the average yield now is about eight tons, Neill said. The crop shipped out Saturday averaged eight tons.

Neill declined commenting on the outlook of the market this year. "It is hard to tell anything about it," he said. "We have been shipping carrots for about six weeks now," Neill added.

### H. D. AGENT'S CORNER

Jimmie Lou Wainscott

You will soon be seeing new tags and labels on draperies, floor coverings, furnishings, bedding and clothing. This should help you get maximum satisfaction and use from fabrics, says Charlotte Tompkins, extension home management specialist for Texas A&M College.

The new fabric labeling law goes into effect March 3, 1960. It requires that names and percentage of all fibers constituting more than 5 per cent of the whole must appear on the label and in the order of their pre-

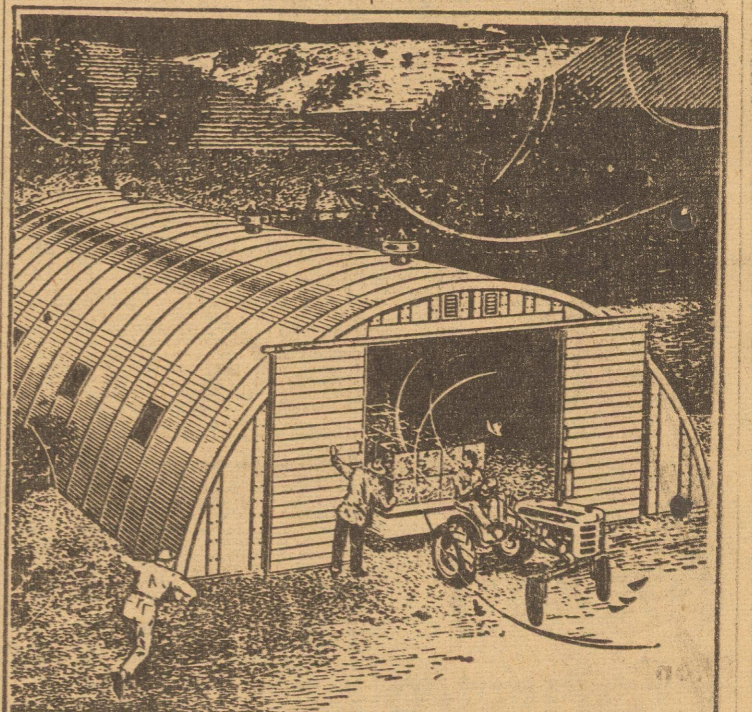

dominance.

Piece goods must carry the correct label or tag on the roll but pieces sold from the roll need not be labeled if the consumer has had an opportunity to see the label on the original unit.

No one can look at modern fabric or feel it and say with certainty what fibers are contained in it. For this information we are dependent on labels.

Maximum performance and maximum satisfaction from a fabric are dependent on the nature of the fiber content, construction and finish of the fiber and its proper use and care.

Many manufacturers have been giving this information on labels. The new law should give information on all fabrics and should protect us from mislabeling.
