Speaking of how rumors get started --

Last week we were sipping coffee over in the Bi Wize and while shooting the breeze one of our fellow supsters asked if we had heard about Gil Lamb.

For your information, if you don't know who he is, Gil Lamb is the six foot-plus greyhaired driver of the Mule Train program of radio fame in our neighboring town of Muleshoe.

Anyhow, we replied that no, we hadn't heard anything about Gil in some time -- why, we asked, what did he do?

Well, we were told, he is dead.

Dead? Yep, heard it this afternoon, this acquaintance assured us. He was talking to a fellow who just drove in from Muleshoe and while there had heard that Gil was dead.

Hurrying back to the office we called Muleshoe and asked for KMUL -- the station where Gil works.

Much to our amazement -- guess who answered the phone? Gil Lamb.

How come you're answering the phone Gil? we asked. You're supposed to be dead we said him.

Well, I just pinched myself and I think I'm still alive Gil told us.

After talking a few minutes and with Gil reassuring us that this wasn't a "taped" conversation we hung up.

A fellow really has to watch everything these days.

Kenneth "Tasty" Williams and J. C. "Reverend" Claborn were talking the other morning about their younguns.

In the conversation Williams told about how a couple of his youngsters and some from the neighborhood had gotten started in a business of "selling rocks."

At first I just laughed at them, Williams said.

That afternoon they showed me \$1.76 they had made selling these rocks.

I asked them what they were going to do with the money they had made.

They then said they were going to take in sick dogs and cats, doctor them, then give them away.

At this point in the conversation yours truly butted in and asked "Well, how do they figure to come out giving away their products?"

"Heck, I donno," Williams replied.

"I didn't ask them, for I

(Continued on Page 5)

City, School Election Set This Week

Two elections are on deck this week with two places on the city council of Friona at stake and two places on the Friona Independent School District's Board of Trustees.

In addition one place on the county school trustee is up for election.

In the Friona city election, little interest has been shown, either in the filing of candidates or in appreciation of the responsibility of the position.

Only one man, Ralph Smith, incumbent, is on the ballot.

One other man will be elected by write in apparently.

In the school district locally, interest is a little better with four men running for the two spots.

The two incumbents, Fern Barnett of Black and Paul Fortenberry of Friona are running for reelection and are being opposed by James Mabry of the Hub Community and John Ray who lives west of Friona.

J. L. Shaffer of Friona, Joe Wilson of Bovina and Clyde Magness of Farwell are back on the ballot as county school trustees this year.

The school election will be

held Saturday at the High School in Friona.

The city election is slated for Tuesday in Friona with the balloting taking place at the city hall.

The school trustee election, which is county-wide in scope doesn't pose for much difficulty on the part of those in the race for if form holds true they will be re-elected without much trouble.

Write in voting on county trustees is a rare thing in Parmer County.

The Lazbuddie (Pct. 4) trustee post is not expiring this year, nor is the office of trustee-at-large.

Elsewhere, on the district level, there's a little more activity. Bovina leads the field with seven candidates for the three slots that will be open this year.

Nominees include B. L. Marshall, Tom Beauchamp, Earl Ware, Tom Caldwell, Jack Patterson, Dean McCollum, and Roy Fuller. Trustees whose terms expire are Wendol Christian, Ovid Lawlis, and A. D. Cumpston.

Two new board members will

be elected at Farwell this year. On the ballot for these openings are John Armstrong, A. H. Haseloff, Joe Magness, J. H. Curtis, and James Ussery. Lee Meeks and A. H. Haseloff are the members whose terms end.

Lazbuddians don't have anyone up for county trustees but Robert Jones, Harold Wilson, W. G. Harlan and Jess Pendergrass are on the ballot in their district election. Two places are to be filled, as the terms of Jones and Wilson expire.

In Friona, Fern Barnett and James Fortenberry are up for re-election, but the names of John L. Ray and James D. Mabry are also on the ballot so there will be a contest.

Year in and year out the races for county commissioner and school district trustees furnish the average citizen of Parmer County with his greatest stimulus in local politics.

Mrs. Jerry Bell, Mrs. Ralph Price and Mrs. Ellis Tatum were in Farwell Monday attending a Home Demonstration Council meeting.

Jarrell Wright Joins Firm

JARRELL WRIGHT

Jarrell Wright is the newest member of the staff of the Douglas - Bingham Land Company and D-B Insurance Service. He is a licensed solicitor and will be available for any insurance service needed.

Wright, who is a 1956 graduate of Friona High School, is the son of Mr. and Mrs. John Wright and moved to this area from Childress about seven years ago. After graduating from high school, he attended Draughon's Business College at Lubbock and West Texas State College at Canyon.

Prior to joining Douglas-Bingham, he was employed by Ralph Wilson and Louis Welch. The management invites everyone in the community to consult Wright when in need of insurance.

BUILDING PERMIT

A building permit was issued to Forest Osborn this week at the City Hall for the purpose of adding onto an existing residence at an estimated cost of \$2,500.

Winter Snaps Parting Punch at County

Old Man Winter left a parting punch with Parmer County last Friday and area residents awoke Saturday morning to find the ground covered with a light blanket of wind driven snow.

Winds up to an estimated 80 mph kept people ducking as trash cans, New Mexico's soil bank tumbleweeds and other loose material wailed through

the air all day Friday. In Friona winds took their toll as the sign over Piggly Wiggly crashed to the ground in the early afternoon narrow-

ly missing a customer as she entered the store.

Out on the west side of town the new home of J. E. Knight, still under construction had bent and twisted walls from the high winds screaming and tearing at the braces.

At the roller rink on Highway 60 the wind tore down the big tent and ripped it to shreds.

Back up town scores of television antennas were found twisted in all shapes and many lying across houses and wires.

Out in the surrounding country the story was the same, overturned cotton trailers, thistle packed fences couldn't stand the strain and went to the ground and corral fences in many places were torn down.

Up at Black a transient pulled a 50 foot house trailer off the highway "to escape the wind."

A stranger to these parts apparently, the man didn't realize the strange tricks wind has been known to play around the giant elevators.

Instead of protecting his trailer, the wind picked it up and rolled it on its side almost immediately. Light damage resulted however.

Along with the driving winds was snow.

If it had been a calm 24 hours

Sunrise Services are scheduled for Easter Sunday at Running Water Draw eight miles south of Friona at 5:30 a.m. Sunday morning.

These annual services are under the direction of the youth of several Friona churches.

Those interested in attending the services, but do not have transportation are asked to be at the Congregational Church at 5:15 a.m. and arrangements will be provided.

Refreshments will be served in the basement of the Congregational Church following the services.

The services will be held on the east side of the Muleshoe highway where it crosses the draw about 300 yards off the road.

Special services are scheduled at several churches in Friona with the Baptist church presenting a "Sermon in Song".

This presentation will be a joint effort by members of the choirs of the Baptist Church and will be held at 7:30 p.m. in the church auditorium.

The Adult Choir, led by Charles Baldwin, Youth-Junior Choir led by Mary Sheehan and the Primary Choir, under the direction of Mrs. Raymond Cook will compose the choirs.

These of the selections to be presented will be the death, burial and resurrection of Christ. Gerald Daniel will sing a solo and accompanied by Judy and Janet Smith and Eva Miller.

Union Good Friday Services will be held at the First Methodist Church in Friona at 7:30 p.m.

Sunday services at the Methodist Church includes the Youth Breakfast at the Congregational Church with Infant Baptism Services included during regular morning worship.

Safflower Meeting

Farmers interested in growing safflower as a partial replacement for grain sorghum crops are invited by Ranza Bogges, president of the Friona Farmers Union, to attend a meeting at the Hub Community Center at 8 p.m. Friday, April 3.

Interest in this crop has expanded sharply during the past few weeks, following an announcement by Farmers Union that a safflower oil mill will be located in the Panhandle and that growers will be guaranteed a contract price of \$62 per ton of safflower seed this year.

"We want to plant 20,000 acres of safflower in the Panhandle this year," Farmers Union secretary-manager Richard Alexander of Denton told a Hereford Chamber of Commerce Group last week. "Most of this crop will be used for seed, and we will want a minimum of 100,000 acres of safflower in 1960."

Several irrigation and plant breeding experts are expected to attend the meeting. Farmers Union releases state that safflower requires the same cultural practices as does grain sorghum and that it can be expected to yield approximately three-fourths of a milo yield. At current prices, they estimate approximately twice the money return per acre.

Bogges states that every farmer in the area is invited to attend this meeting to ob-

tain further information on the growing of this crop.

Sherman's Under New Managers

Bill and Carolyn Raney assumed the management of Sherman's Cafe on West Highway 60 last weekend replacing Harrison and Irene Gee. The Raney's, who have moved to Friona from Dimmitt, opened the cafe under their management last Friday.

The young couple aren't strangers to this area, as Raney's father, I. M. Raney used to run Hill's Cafe until about a year ago.

Young Raney was discharged from the service last year and went into the restaurant business with his father at their establishment in Dimmitt.

In Dimmitt Raney was an active member of the Junior Chamber of Commerce and the American Legion. His wife was an active member of the ladies' organizations connected with both of the above.

Both are members of the Baptist Church.

Sherman's Cafe will be open seven days a week under Raney's managing and will open for business at 5 a.m. and close at 11 p.m.

NEW CAFE MANAGERS---Bill and Carolyn Raney, formerly of Dimmitt, have recently assumed the management of Sherman's Cafe.

Winter Snaps Parting Punch at County

perhaps the snow would have been beneficial, but driven in the face of the 70 miles plus wind the snow only drifted around fences, telephone and

power poles and in protected places.

Fields were almost naked in spite of the rapid falling flakes. In keeping with the old say-

ing on the Plains--"If you don't like the weather, just wait a while" -- the next morning dawned bright and clear and began to warm up as soon as the sun rose.

THE MORNING AFTER---This is typical of many fields in Parmer County following the "big blow" last week. This tractor was in a field about six miles west of Friona on the Sloan Osborn place. Although lots of snow fell most of it was driven away by the blasting winds except for places like this tractor and other windbreaks.

RAGING WINDS TEAR DOWN ROLLER RINK---This shot was taken during the time the winds were ravaging the Roller Rink west of Friona. The winds, unabated by an open field to the north ripped the tent and sent parts flying across the open fields.

In Parmer County \$3 Per Year
 Elsewhere \$4 Per Year

T. S. Cards Not The Answer

Most Parmer countians have recovered from their initial shock concerning the maize support prices for this year and are busy making plans of how to live with the "new look."

Although the price announcement came as a shock, most farmers have known in the back of their minds that the days of high prices for maize were numbered.

However, what caused this announcement to make such a blast was most figured maize prices this year would be figured at 95 per cent the price of corn.

But—such wasn't the case. Although several groups and organizations are working on legislation to get the price of maize kicked up a bit through Congress such an event will take quite a bit of doing and we doubt if it were successful the difference would be worth the effort.

Regardless of what has been said along these lines the chances of getting a bill passed to this effect will be pretty slim. Perhaps the best thing to do is to accept what has happened and prepare to work with it as it now stands.

For years farmers have seen the effect of a one-crop economy. On the long haul such an economy is doomed to ruin.

We realize most of our farmers depend upon maize for their main source of income, and now perhaps the best thing to do is plan of getting maize to market in another form, if one must raise maize.

Since the price support announcement many farmers have begun to think about feeding livestock.

Walking maize to market looks as if it may be one way to battle what has happened.

Certainly feed men have been talking this route for sometime. But in the past farmers have just figured the feed men were just out to sell feed.

Well, now many of them are beginning to listen and investigate.

Certainly the answer isn't to sit around on our haunches and cry on each other's shoulders just seeing who can tell the most sorrowful story.

T. S. cards never got a man very far. Down in Georgia I remember seeing a statue which I thought at the time was very unusual. After hearing why it was erected it seemed the right thing to do.

For years all they had planted in that area was cotton.

Surely cotton was their King. Then came the boll weevil!

This insect was cursed and fought with everything at hand but finally just about put this particular area out of cotton production.

By necessity they were forced to turn to other means of making their land pay off.

Their land had been planted to cotton for so long, year in and year out it was seriously depleted in minerals and nutrients. Soil erosion by water and wind was widespread.

They found diversification was the answer and later erected this statue I spoke of — a statue to the Boll Weevil.

Seriously I doubt that the farmers of Parmer County will ever erect a statue to Ezra Benson, but this "blow" may come as a blessing in disguise.

Certainly we must buckle down and look around us -- to take stock and go on for our world is changing and we must change with it.

The Thrill That Comes Once in a Lifetime

A WEBSTER CLASSIC

ELEVENTH HOUR REPRIEVE

Teddy Osborn, sons of the Forrest Osborns, had a dog that divided his time during school hours with us and the O F and O across the street.

He, like Jimmy Sneed's Skipper, got poisoned and died before anyone found him. Some of the annual spring crop of puppies will probably find homes at the Sneads and Osborns.

Things keep building in Friona. The new office building just south of the post office will soon be ready for occupancy. From the looks of things Ralph Roden's Bi-Wize drug will soon be ready for occupancy. The glass has been installed in the front windows and door and some openings are being cut between the two buildings.

Something we had never observed until Monday of this week there was a telephone service man working on a pole with an umbrella spread on the west side of him.

It appeared that this umbrella was made of material similar to what is used for irrigation tarps and tractor comfort covers. The hook on the handle was hooked onto the ladder on which the man was working.

Another thing that we had never even heard of until recently is nylon irrigation tarps. From reading the advertisement about them they seem to be the answer to every irrigation farmer's dream when he is irrigating from an open ditch.

One feature we certainly approve of is the weight. They aren't supposed to get caked with mud and water soaked so that they never get heavy to move. Anyone who has ever

Hi School Hi Litee

By Judy Smith

Cheerleader tryouts were held Wednesday, March 18, in the band hall. There were a score of girls trying out. The judges were the retiring cheerleaders Raye Jene Jones, Robbie Boggess, Elaine Holcomb, assisted by Mrs. Nelson Welch and Mrs. W. S. Crow. The lucky girls that will lead the cheer next year are Phyllis Bainum, Gwen Green, Gail Knight, Tommy Lewellen and Karen Turner.

The music contest for the junior high band was postponed due to bad weather. Some of the soloists planning to enter the contest were Robbie Osborn, Carolyn Wines, LaVon Fleming, Jonnie Hand, and the Millerettes. Best of luck at contest next week!

The deadline for the inter-scholastic league contest was Tuesday. The contest will be at Canyon April 4.

Another important event that comes off April 4 is the junior-senior banquet. The juniors have been busy working and invitations are sent out.

Almost everyone enjoyed the Senior Play. The parts seemed to be done "pat" and were very humorous. The seniors had evidently spent some time on their props and they were realistic looking and made the play seem more factual.

The band had a clinic today. Mr. Thompson from ENMU came down to help the band on their contest music.

The choir sings for the Lions this Thursday night. They plan to sing some of their contest numbers. It should be an enjoyable program.

OVERHEARD

WITH JUNE

Have you noticed the yellow jonquils which are blooming in several yards in town? They have never been more beautiful. Friday during the high wind and blowing snow some of them just barely peeped through the drifts, but after the wind stopped blowing they didn't seem to suffer any ill effects.

Another spot of beauty in town is the south window of the Parmer County Implement Company building on fifth street. Don't know who the

plant custodian over there is, but he certainly does a good job growing geraniums. The entire window is filled with beautiful red blossoms.

Allo Reeve of Reeve Chevrolet Company has a key that she would like to return to the rightful owner. It is a Yale key and is on a key holder with the name Bonds Oil Company, Bovina, on it. If any of our readers has lost a key or know anyone who

has, the key may be recovered by calling at the Reeve Chevrolet office.

This week we would like to help a little girl find her bicycle. She rode it to school one day about three weeks ago and forgot to ride it home. Upon her return to the school house, the bicycle was missing and she hasn't been able to find it since.

If there is a girl's bicycle in your neighborhood that doesn't belong to anyone you know, will you please contact Connie? She is the daughter of the M.B. McKinneys and the telephone number is 8571.

A familiar figure in the vicinity of the Star office is missing this week. Carl and

Chevy makes one for you...

and you'll want it for all its worth

The plain fact is Chevrolet builds so many different kinds of cars there's one to please just about everyone.

Say you want a stylish, spacious car that combines low initial cost with rock-bottom operating expense. You'll find what you want in the Biscayne 2-Door Sedan—one of the lowest priced of all Chevy models. And you can have Chevrolet's new Hi-Thrift 6 under the hood to stretch and stretch

the distance between gas stops.

If, on the other hand, you're looking for a car of utmost elegance, you could hardly make a happier choice than the Chevrolet Impala 4-Door Sport Sedan. And, to go with it, Chevy's velvety V8 power teamed with triple-turbine Turbo-glide*—one of the finest, smoothest automatic drives offered on any car.

These are just two examples of the dozens of different kinds of Chevrolets you can choose from.

It's almost certain—with models ranging from five beautiful, dutiful station wagons to the unique Corvette—that Chevrolet builds your kind of car. Your dealer's waiting to help you pick it out.

*Optional at extra cost

The smart switch is to the '59 Chevy!

Your Chevrolet choice includes the Corvette, the Impala Sport Coupe, the Nomad Station Wagon, the Bel Air 4-Door Sedan, El Camino, and the Impala Convertible—all shown above.

Frionan Achieves Nonagerian Status

Mrs. Ollie McLean, widow of the late George McLean, will observe her 90th birthday Sunday. The McLeans moved to Friona from a ranch north of Texico and west of Friona in 1938.

Ollie Whittaker was born March 29, 1869 in Illinois. Although her father was a farmer and freighter, Ollie spent much of her time in Chicago and grew up in the city. She traveled a great deal and made several trips to Hereford to visit friends.

On one of these trips she met a rancher from New Mexico who had two young daughters. When she returned to Chicago letters from George McLean came frequently and on a later trip to Hereford by train, Miss Whittaker brought her trousseau and hope chest.

From Hereford the two went toovina, which was the nearest town to the ranch and were married. The county had not been organized very long at this time and there were no ordained ministers to call upon for the performing of a wedding ceremony, so a justice of the peace was appointed.

Mrs. McLean recalls, "We were the first couple to be married in Parmer County." This was in 1905. McLean had moved here five years earlier and homesteaded just across the line in New Mexico west of the Rhea community. The two girls, Agnes, 7, and Bessie, 9, attended school at Bovina.

Mrs. McLean reports that the trip from Chicago and the prospects of being a pioneer were a real adventure. When asked if she would advise one of her granddaughters to take the same step, she replied,

"When one of my granddaughters was faced with the decision of whether or not to accompany her husband to Germany, I advised her to go ahead. I told her it would be an experience she would never forget."

Since her husband's death in 1954, Mrs. McLean has lived alone in her modest home in the east part of town. She says, "I do all my own work except the laundry. Upon being asked about her advice to younger women on living to be ninety, she replied, 'I'd tell them to be a pioneer sheep man's wife and do a lot of walking. I still walk to town when I get ready to go.'"

According to Mrs. McLean's report, "There was never any time to be lonely when the nearest neighbor was ten miles away. All of us tended to the sheep and had a full time job. We burned wood, which we hauled from the breaks 20 miles away. We also used cow chips. It seems funny now, but I didn't even know what a cow chip was when I first moved to the ranch."

Another amusing incident that Mrs. McLean remembers vividly is the first meal in the couple's ranch home. She says, "I didn't even know how to make biscuits, but my husband did, so he taught me how."

Although Mrs. McLean never had a child of her own, she has a number of grandchildren and great-grandchildren. "Bessie, who is now Mrs. E. E. Houlette, and Agnes Hale, who died in 1947, were just like my own and so are the grand-children and their children," states the motherly woman.

In recent years Mrs. McLean's eyesight has begun to grow dim, but she can still see to thread a needle and enjoys making rugs. She crochets them out of rags and has no difficulty cutting or crocheting the rags. "The really hard part of making the rugs is sewing the strips together, but I like to do it all myself," she says.

One of Mrs. McLean's most prized possessions is a manuscript of a book "The White Indian" which her husband wrote, but didn't have published. The manuscript story is based on the true incidents in the life of one of the McLean's neighbors on the ranch.

Mr. and Mrs. Gene Welch visited in the Earl Harkins home in the Friona community Thursday night.

Mrs. Lester Dean and her niece, Mrs. John Hand were in Canyon Wednesday.

MRS. GEORGE McLEAN

HD Council Meets Monday

Eight of the 10 home demonstration clubs in the county were represented at the council meeting Monday, March 23, in Farwell. Seventeen council members and two visitors answered roll call.

Members of the Hub and Hi-Point Clubs gave the opening program and club reports included plans for family night programs, serving lunch at a farm sale, quilting a quilt for Girls Town and planning a housewarming.

The finance committee reported on the cookbook project and requests that each club

member send five recipes, including one for a meat dish, one for a casserole and one for a vegetable.

The THDA chairman reported that the district THDA meeting will be in Wellington April 9 starting at 9 a.m. Delegates to the district meet are Mrs. Lee Renner, Mrs. John Renner, and Mrs. Ralph Price. Jimmie Lou Wainscott, county home demonstration agent, will also attend. She says that any other HD club member in the county wishing to attend should contact her or one of the delegates.

NEWS FROM BLACK

New Officers Elected Thursday

The regular meeting of the Black community was held Thursday night at the community house with Mr. and Mrs. Jerry Bell, Mr. and Mrs. John Bengner and Mr. and Mrs. J. R. Braxton serving as hosts.

New officers for the coming year were elected; Bruce Parr, president; J. R. Braxton, vice president; Mrs. Fern Barnett, Sec. and Treasurer; Mrs. Gene Welch, reporter; Otey Hinds, director of community chest; Fern Barnett, chairman of trustees; and Ellis Tatum, Clyde Hays, John Henderson, Helen Fangman, Maxine Price, and Lucille Rockey, trustees.

Following the business meeting H. V. Rockey, who recently returned from overseas, showed slides taken on some of his leaves. They included scenes taken in the states and also in Korea and Japan.

Refreshments were served to about 45 members of the community. The next meeting will be held April 9.

Mr. and Mrs. Douglas Cox and family of Plainview were weekend guests in the Bill Carthel

home. Mrs. Travis Stone and sons visited in Lubbock Saturday with Mr. and Mrs. Ralph Guthrie. Mrs. Fern Barnett and Betty were in Lubbock Friday and Saturday.

Mr. and Mrs. Gene Welch, Veveca and Kevin were in Clovis Saturday night. Mr. and Mrs. Roden Smart were in Roswell, New Mexico, visiting relatives over the weekend.

Mrs. Dick Rockey and H. V. spent several days visiting with Mrs. Rockey's parents, Mr. and Mrs. H. H. Elmore in Glenrose. H. V. visited other points in the state before returning home.

Mr. and Mrs. Frank Dillingham of Albany were guests in the Ellis Tatum home over the weekend. Dillingham and Mrs. Tatum are brother and sister. Sunday the group went to Canyon to visit the Tatum's son, Mr. and Mrs. Weldon Tatum.

Mr. and Mrs. Leo Stepanion of Lubbock spent Saturday night with the Travis Stones.

Mr. and Mrs. Gene Welch and children visited in the W. H. Welch and Wayne Welch homes Sunday in Amarillo.

CARTHEL'S HAVE MUSIC RECITAL

A music recital and program was held Sunday afternoon in the Bill Carthel home. Those taking part in the program were Danny and Donnie Carthel, Linda and Connie Stone, Brenda Deaton, Ruby Carthel, H. V.

McCabe, and Mrs. Bill Carthel.

Those attending were Mr. and Mrs. H. V. McCabe, Mrs. Mary Byrd, Mrs. Jim McCabe of Dawn, Mr. and Mrs. Leo Stepanion of Lubbock, Mr. and Mrs. Douglas Cox and family of Plainview, Mrs. Clarence Behrends of Summerfield, and Mrs. Wayne Carthel.

Also Shirley and Ruby Carthel of Hereford, Miss Pat Carthel of Amarillo, Brenda and Glenda Deaton, Mr. and Mrs. Travis Stone and family, and Mr. and Mrs. Bill Carthel and family.

Mr. and Mrs. Lester Dean and daughters were Sunday dinner guests in the home of his parents, Mr. and Mrs. S. B. Dean of Muleshoe.

Mr. and Mrs. Clyde Hays spent Monday night in the home of her brother, Mr. and Mrs. R. C. Burnett, in Amarillo. Mrs. Ellis Tatum and Debbie were dinner guests Tuesday in the home of her aunt, Mrs. Laura Gilbreath, in Muleshoe.

Mr. and Mrs. Gene Welch visited with Mrs. Wayne Welch in the hospital Monday night at Amarillo. She underwent surgery Monday afternoon.

Mr. and Mrs. Mart Stone of Lamesa, former residents of this community, returned home Wednesday after spending a few days in the home of their son, Travis Stone and family.

Barbara Joyner was hostess to a jewelry party Tuesday afternoon. Those attending were Mesdames; Les Deaton, Ralph Price, Ellis Tatum, K. E. Deaton, Lester Dean, Clyde Hays, T. J. Presley, Bill Carthel, Glenn Roberson, Travis Stone, Gene Welch, Helen Fangman, Bebe Walker, the hostess and several children. Mrs. Presley won the prize.

Mr. and Mrs. Woodrow Whitaker are the parents of a new son, born Wednesday, March 18, at 4:35 a.m. in the Deaf Smith County Hospital in Hereford and weighing six pounds and 12 1/2 ounces. He was named David Bryan.

CLUB MEETS IN FANGMAN HOME

The Black Home Demonstration Club met Thursday in the home of Mrs. Helen Fangman. Roll call was answered by naming a favorite flower.

Those attending were Mesdames; Fern Barnett, J. R. Braxton, Giles Cobb, Clyde Hays, Elmer Lowrie, Rosco Ivie, Ralph Price, Lloyd Prewett, Dick Rockey, T. A. Sherley, Ellis Tatum, Gene Welch, and the hostess.

The next meeting will be held April 2 at the clubhouse with Mrs. Hays as hostess.

Mrs. Giles Cobb returned home Saturday night after spending two weeks visiting with relatives in San Antonio, and Houston.

Mr. and Mrs. Ernest Cluck and Bobby of Susanville, Calif., spent Thursday night in the home of her aunt, Mr. and Mrs. T. A. Sherley.

Mrs. Bill Carthel and Mrs. Gene Welch spent Wednesday in Amarillo on business and visiting with Mrs. Welch's sister-in-law who is in the hospital. Davy Carthel stayed with his grandparents Mr. and Mrs. H. V. McCabe at Dawn while his mother was gone to Amarillo.

Veveca and Kevin Welch returned home Saturday night after spending a few days with their grandparents, Mr. and Mrs. W. H. Welch, in Amarillo.

Mr. and Mrs. George Brock of Lubbock were recent visitors in the R. E. Barnett home. Several of our community attended the Senior play Friday night despite the bad weather. Mr. and Mrs. J. R. Braxton and sons were in Clovis Sunday visiting with her sister, Mrs. Benthall Miller and children.

Prices to farmers for manufacturing milk and butterfat probably will continue near support levels in 1959 and production is expected to continue above commercial, says John G. McHaney, extension economist.

LAWANA HOULETTE

Teenager Finds Shakers Interesting Pastime

"Collecting salt and pepper shakers is an inexpensive hobby that almost anyone can afford, and it provides pleasure and satisfaction to display the new ones to your friends," says Lawana Houlette.

Lawana has been collecting these small items for the past five or six years. She has salt-pepper shakers from California to Canada. She recalls having them from 12 states -- Oklahoma, Colorado, Texas, California, N.M., Arizona, and Montana.

Lawana doesn't exactly remember how she began her collection, but she says that she did think it would be interesting previous to starting it.

She says that her favorite pair are "necking" giraffes -- kissing, although she has many other unusual ones such as a Bible and lamp, peanut men, map of Colorado and donkey, an encased engagement ring and a marriage license, garden gate having roses for salt and pepper with a napkin holder behind, wrought iron donkey, copper rocking chair, two pair of fish, coffee trinders, two Siamese cats, and from Disneyland a ship having the smoke stacks for the holders.

The farthest point that Lawana has ever gotten shakers

from was Regina, Canada. "The only disadvantage that I'm aware of," says Lawana, "is that on a vacation you just wish you could buy all of the shakers, and once you get started it is terribly hard to quit."

The smallest she has ever had were 3/4" tall and given her by her grandmother.

Most of the shakers are made from glass, pottery and plastic, although she does have a pair made from knotty pine.

Having a total of 30 pairs she says she only has three pairs that even faintly resemble.

They are miniature men and women.

Although the shakers could be used practically, Lawana says that she does not use hers. They are strictly for her own pleasure and decoration.

Lawana says that she buys many of them on vacation, but that her friends also "pick up" many for her.

In finality Lawana laughingly commented, "One thing about having a hobby of this sort, when Christmas or a birthday comes you're sure to know what you are going to get."

Wagner Makes Honor Roll

Charles Wagner, son of Mr. and Mrs. Melvin Sachs of Route 2, Friona, was one of 147 students

honor Thursday, March 19, at a Valparaiso University convocation for high grade point averages earned during the fall semester of the 1958 - 59 academic year.

For class honors a student must earn an average of 2.5 points in a 3.0 system. Wagner, a freshmen engineering student at the Lutheran university, compiled a 2.59 average.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES. A THOUGHT FOR THE WEEK: "Christ the Lord is risen today" -- Mark 16:6 - 8. "Do not be amazed; you seek Jesus of Nazareth, who was crucified. He has risen, he is not here; see the place where they laid him. But go, tell his disciples and Peter that he is going before you to Galilee; there you will see him, as he told you." And they went out and fled from the tomb; for trembling and astonishment had come upon them; and they said nothing to any one, for they were afraid. REV. FRED DEAN

Interscholastic League Competition Slated

Students in Friona High School will travel to Canyon this week-end for competition in the annual Interscholastic League teams for Tennis, debate, declamation, typewriting, ready writing, poetry reading, and number sense. This affair is a highlight each year in the schools and the blue ribbons are hard fought with keen competition among the students.

Frionans on the different teams are as follows:

CHARTER NO. 1233

JUST FOLLOW DIRECTIONS---This simple alarm box hangs on the wall outside the Friona Volunteer Fire Department for your convenience. Just follow directions on the box if you have an emergency, lift handle and pull lever and in about two minutes you'd better be out of the way or covered up with firemen.

Mrs. Weldon Tatum and Pamela and Mrs. Jerry Houlette and Debbie were in Clovis Saturday.

Mrs. Merlör Sherley of Friona spent Sunday afternoon in the home of her daughter, Mrs. Lester Dean.

Maynard Greeson spent Saturday with Harold Balls of Hub. Mr. and Mrs. Ralph Price and sons spent Saturday in Clovis.

Donna Jo Parr is out of school for a few days with the chicken pox.

Mr. and Mrs. Clyde Hays spent Sunday in Dimmitt visiting in the Charlie Hays and Jim Hays homes.

Mr. and Mrs. T. J. Presley visited their daughter, Mrs. Woodrow Whitaker, in the hospital at Hereford Sunday afternoon. Mrs. Whitaker and her new son are expected to come home Tuesday. The Presleys also visited in the G. H. Whitaker home.

Mr. and Mrs. Dewey Duncan and children, Kenneth and Joan who recently moved from this community have moved back. Another new family, Mr. and Mrs. Jimmy Brinkley and family have moved to our community. Both families live on the Bruce Parr farm.

Steve Stone was honored Monday afternoon with a birthday party in the home of his parents, Mr. and Mrs. Travis Stone. Several children were present for the occasion.

SCOUT TROOP

Their headquarters. This new troop has been organized in order to handle the additional number of boys who are of scout age but at the present time Troop 56 is reaching its full capacity.

All boys between the ages of 11 and 13 who are interested in joining the troop are asked to contact Blaylock, or Taylor or attend the troop meetings on Tuesday nights at 7:30 p.m. The Troop Charter will be presented to the Friona firemen at a ceremony slated to be held at the supper Thursday, April 30.

TRAX --

had laughed at them when they told me they were going to sell rocks." Moral --- Never underestimate enthusiasm.

Among 10 herbicides evaluated for pre-emergence weed control in onions, CDEC gave the best results and neither damaged the crop nor reduced yield, the U. S. Department of Agriculture reports. Satisfactory control of pigweed and watergrass without damage to the crop was obtained by using 3 pounds of CDEC in 40 gallons of water per acre.

Parmer County Had 71 Car Wrecks in 1958

The Texas Highway Patrol investigated 71 rural traffic accidents that occurred in Parmer County during 1958, Sergeant D. W. Duggan, patrol supervisor of this area, announced today. Property damage accidents accounted for 47 of the total, personal injury for 20 and 4 were fatal accidents.

These accidents caused a total property damage of \$83,830 with 29 persons injured and 12 lives lost.

"In 1958 Texas recorded 1,869 fatal motor vehicle traffic accidents which resulted in 2,311 deaths," said Sergeant Duggan. "639 of these deaths were in cities over 2,500 population while the remaining 1,672 were rural traffic deaths."

Sergeant Duggan says the Highway Patrol had investigated 5 rural accidents in Parmer County during January 1959 with the following breakdown: Property damage 4, Personal Injury 1, and fatal accidents 0. This is an increase of 1 accident for the same period of 1958.

The sergeant pointed out that speed continues to be the number one killer in traffic accidents throughout the state and called on all motorists to voluntarily observe the speed limits in an effort to prevent further carnage on streets and highways.

Be not righteous over much.

Longhorns Take Three-Way Meet

Lazbuddie Longhorn track team took a three-way meet Monday, March 23, at Kress with 51 points. They were followed by Kress with 48 and Hart with 40.

The Longhorns are to be in Friona today (Thursday) to compete in an invitational meet, says Bobby Crooks, coach.

Broiler prices probably will be lower in 1959 than 1958 due to the expected larger output. Broiler chick placements and egg settings which will contribute to 1959 production are well above those of a year ago and are expected to continue, says Marshall Miller, extension poultry marketing specialist.

"They say" is often proved a great liar. Nothing with God is accidental.

Teachers Meet in Farwell

Friona teachers attended a regular County Teachers' Meeting in Farwell Thursday evening.

A business meeting was conducted following dinner. Guest speaker was Dr. Herman T. Decker, professor of humanities at Eastern New Mexico University, Portales. He gave a number of humorous literary readings. A musical group, also from ENMU, provided choral entertainment.

Chemical brush control is dealt with extensively in three leaflets published by the Texas Agricultural Extension Service. They are L-413, "Brush Control with Ammate," L-414, "Brush Control with 2,4,5-T," and L-415, "Chemical Brush Control, Broadcast Application." They are available from local county agents or the Agricultural Information Office, College Station, Texas.

Doris McFarland Pledges Sorority

Greek social fraternities and sororities at Eastern New Mexico University have announced their spring pledge lists, according to Miss Mary X. Grimes, counselor of student affairs.

Kappa Delta Alpha sorority has pledged Doris McFarland

of Friona. Miss McFarland is a 1957 graduate of Friona High School and a sophomore at ENMU. She attended Mary Baldwin College in Virginia last year.

COURTSHIP: The period during which the girl decides whether or not she can do any better.

Owen Completes Operator Course

Army Pvt. Charlie R. Owen, 22, whose wife Carolyn, lives on Star Route Bovina, completed the eight-week crane-shovel operator course March 13 at Fort Leonard Wood, Mo.

Owen, who farmed before en-

tering the Army in November of 1958, was trained to operate and perform maintenance on truck and crawler type cranes, pile drivers and associated equipment.

He is the son of W. R. Owen of Nolan and completed his basic combat training at Fort Chaffee, Ark. Mrs. Owen is employed by Parmet County Implement Company here.

WAF Officer To Visit Area License Sales About Usual

Lt. Terri Slone, new WAF procurement officer for this area will pay her first visit here on the first and second of April according to T/Sgt Glen Ryan, local Air Force Recruiter.

While she is in this area, Lt. Slone will interview young women interested in an Air Force career.

In her new position, Lt. Slone will engage in WAF recruiting activities throughout the five state area of Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

Women with a baccalaureate degree can qualify for a direct commission. They must be single, between the ages of 21 and 33, in good physical condition and be able to pass an Air Force Officer Selection Test. Starting pay is over \$4,000 annually.

The Air Force also offers commissions to two year college women between the ages of 20 1/2 and 26 1/2 through an Officer Candidate Training Program.

For high school graduates and women with less than two years of college the enlisted WAF program is available.

If you are interested contact Sgt Ray in Clovis at Porter 2-0114 or drop him a post card, PO Box 601, Clovis, N. M., giving your name, address, and phone number so that he can contact you and make your appointment with Lt. Slone.

"With five and one-half days left until the deadline, (April 1), there are about 1000 automobiles in the county left to be registered for 1959," says Lee Thompson, county assessor-collector.

Thompson says that this past week has been the busiest one for the office thus far, and that they are about as far along with the sale of tags as they are each year at this time.

Automobiles registered by mid-morning Wednesday numbered 1972, and tags had been issued for 923 farm trucks and 363 commercial trucks. Other license plates had been issued for trailers and house trailers.

Employees in the office request that each person bring his vehicle title along with last year's license receipt in order to expedite handling of same. The state this year is requesting persons to present these before being issued a license.

ANNOUNCEMENT

"The High Plains Clinic, 213 West Etter, Dimmitt, Texas, announces the addition of The Facial Clinic, under the direction of Mrs. Ioma Stokes, to their facilities for the purpose of treating acne, pimples and similar facial problems. Mrs. Stokes has been especially trained to care for this field. Treatment by appointment only."

Attention, Parmer County Farmers

If you are considering the planting of sesame this year, you will want to attend a very important meeting

Thursday, April 2

At the American Legion Hall

In Friona

This meeting, which will begin at 8:00 p.m. will be to discuss the 1959 sesame seed program. A color film on production, harvesting and marketing will be shown. Robert L. Parker of the Texas Sesame Growers Association at Paris will be present. Refreshments will be served.

High Plains farmers have found that sesame offers a real opportunity for increasing net profits on the farm. Come to this meeting and learn of the possibilities of this crop on your farm.

Aux Sponsors Game Night

Members of the Friona Firemen Auxiliary sponsored a family game night at the club house Thursday evening. After a session of 42, refreshments of doughnuts and coffee were served.

Those present were Leo Reed; Mesdames Ruben Taylor, Ralph Shirley and Lee Campbell; and Messrs. and Mesdames John D. Sanders, Louis Wheeler, Clyde Fields, Howard Ford, Ralph Taylor, L. D. Taylor, Glenn Reeve Jr., Walter Cunningham, Joe Mann, Opal Jones and Tommy Jones.

Wilson, Tex., Man Reports—

\$35 net increase per acre on cotton, despite limited water

Howard Moerbe (left), shown with Ira Clary, his Phillips 66 Ammonia distributor, says: "We have a water problem in this area, but even with this handicap, my cotton yields have been increased through the use of Phillips 66 Ammonia. My increases have averaged 1/4 to 1/2 bale to the acre. Last year, with the least acreage, I got the biggest lint yield yet—amounting to \$35 per acre net increase. You can actually see the difference when you use ammonia—the bolls are bigger, stalks taller and healthier."

"I apply my Phillips 66 Ammonia pre-plant, about 70 pounds to the acre."

Other successful Southwestern farmers have

discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about leach resistant, concentrated Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

Mr. and Mrs. Roy Moore of Oklahoma City and Mr. and Mrs. Winfrey Moore and son, Johnny, of Amarillo were Saturday guests in the home of Mr. and Mrs. Calvin Martin.

Mr. and Mrs. C. W. Dixon returned Saturday afternoon after spending two weeks at Truth or Consequences, New Mexico.

Freak Accident Damages Car

A coffee break caught two drivers off guard Monday morning in Friona as the result of a freak accident at the Villa Cafe.

Bud Reed, owner of Reed's Cleaners in Friona, had stopped in the cafe for a cup of coffee and parked his 1957 Ford in front of the cafe.

After Reed parked his car a 1957 International semi-trailer truck pulled up and parked behind him.

This driver came in for a cup of coffee.

Reed turned around in a little while and looked outside and saw his car sitting in the middle of the intersection.

Rushing outside to see what had happened he found the rear of the car slightly damaged.

Following an investigation by Ben Moormen, chief of police, it was surmised that the truck, which had been left idling, jumped in gear and banged the Reed car in the rear.

No charges were made.

FIRE EXTINGUISHERS AVAILABLE--Trying to "get out of work" members of the Friona Volunteer Fire Department have the agency for the distribution of chemical dry powder fire extinguishers for this area. Above, Fireman Danny Bainum shows a selection of the extinguishers which the Fire Department has on hand. The extinguishers range in price from \$75 to \$19. In addition the firemen can service extinguishers already on hand two times a week. For more information contact Bainum Butane or Taylor & Sons Welding Shop in Friona.

Hargrove Serves On Board Ship

Billy R. Hargrove, seaman, USN, son of Mr. and Mrs. J. D. Hargrove of Route 1, Friona, is serving aboard the support aircraft carrier, USS Boxer. The Boxer departed from Norfolk, Va., March 3 to participate in "Brigadelex 2-59" which is the second in a series of amphibious exercises and assault landings at Vieques Island, Puerto Rico.

This operation is designed to provide the newly formed Amphibious Squadron 10 with training in the tactics and techniques of amphibious assault by troop carrying helicopters.

All is fair in love and golf . . .

Six Receive Superior Ratings

Of the 91 music and voice students who received superior ratings at the Junior Music Festival, Texas Federation of Music Clubs, held in Hereford Saturday of last week, six of them were from Friona. Royce Douglas, son of Mr. and

Mrs. Joe Douglas received a superior rating in voice; Pamela Tims, whose parents are Mr. and Mrs. Dan Tims, Becky Coffey, daughter of the Leonard Coffeys, Susan Carmichael, Jerry Coker, Jerry Cass and Iva Parr all received superior ratings in piano.

Susan's parents are Mr. and Mrs. D. L. Carmichael; Jerry is the son of Mr. and Mrs. Bob Coker; Jerry's parents are Mr. and Mrs. Kenyth Cass; and Iva's parents are Mr. and Mrs. Bruce Parr.

KENDRICK DISMISSED

H. C. Kendrick, who was admitted to the Parmer County Community Hospital Wednesday morning of last week as a medical patient, was dismissed Tuesday afternoon and is convalescing at home. According to a report by members of his family, he is making satisfactory progress.

One Act Play To Compete At Canyon

Members of Friona High School's One Act Play cast will enter district competition next week.

The play will be presented at Canyon Tuesday for criticism. Wednesday the play will be given to the students of FHS at the auditorium at 11:30 a.m. This presentation of the play is open to the general public and an admission charge of 25 cents will be taken at the door.

Thursday at 3 p.m. the play will compete for the district title at Canyon.

The six members of the cast include Bob Sanders as Warden Holt, James Gee, Chaplin Daly,

Gerald Daniel as James Dyke, Mary Tom Spring as Josephine Paris, Ted Sanders as Jailer Dan and Charles McKenzie as an attendant.

Mrs. Pearl McLain is the director of the group.

NOTICE TO BIDDERS

Sealed Proposals addressed to the Honorable Mayor and City Council of Friona, Texas, will be received at the office of Albert A. Field, City Manager, until 2:00 p.m. April 6, 1959, for furnishing all necessary superintendence, labor, materials, tools, and equipment for constructing one (1) water well for the City of Friona, Texas and furnishing and installing a turbine type deep well pump, complete, with vertical hollow shaft motor and electric control equipment. Any bid received after the time and date stated above will be returned unopened.

Each Proposal must be accompanied by a Certified Check, Cashier's Check or Proposal Bond, acceptable to the Owner, in an amount equal to at least five percent (5%) of the total amount of the bid submitted, made payable without condition to the City of Friona, Texas, as a guarantee that the bidder, if awarded the Contract will promptly execute such contract in the form provided and will furnish good and sufficient bond for the faithful performance of the same. Bids without the required bid security will not be considered.

The successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to

act as Surety, or other Surety or Sureties acceptable to the Owner.

Proposals must be submitted on the form provided and, in case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to reject any or all bids, to waive any formalities, and to accept the bid which seems most advantageous to the interest of the Owner.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the provisions of the Acts of the Legislature of the State of Texas concerning the wage scale and payment of prevailing wage established by the Owner. The scale of prevailing minimum wages is set forth in the specifications.

Information for bidders, proposal forms and specifications are on file in the office of Albert A. Field, City Manager, Friona, Texas, and Parkhill, Smith & Cooper, Consulting Engineers, 210 Avenue R, Lubbock, Texas. Copies of such documents may be secured from either the City Manager or Parkhill, Smith & Cooper.

TIRES STOLEN FROM TRAILER AT BLACK
Four tires were reported stolen from an ammonia trailer at the Ellis Tatum place sometime Sunday night. Tatum noticed the tires missing when he drove by the trailer Monday morning. S. J. Thornton, of Wheeler Fertilizer Co. and owners of the rig, was notified and in turn notified authorities. An investigation is underway concerning the theft.

The regular meeting of the Hub Home Demonstration Club was held at the Community Center Thursday afternoon with Lydie Tomlin serving as hostess. Following the meeting refreshments of cake, coffee and tea were served.

Those present were Melba Burleson, Lavon Renner, Peck Stringer, Jinx Snead, Taleta Mabry, Mildred Walters, Ila Daniel, Helen Fallwell, Lunie Fleming, Mitzie Wenner and children, Connie Bingham and Brad, Alma Lou Cannon, Francis McGuire; Also Billie Long and Tommy, Jo Hand, Lydie Tomlin and Christine Shirley.

Boy Born To Burke Hands

Mr. and Mrs. Burke Hand became parents of a baby boy at the Castro County Memorial Hospital at Dimmitt Tuesday morning at 11:45. He weighed 8 lbs. 11 ozs. and was named Philip Burke.

His grandparents are Mr. and Mrs. Kenneth O'Brian and Mr. and Mrs. L. R. Hand all of Friona. Great-grandparents are Mrs. Pearl Hand, Mr. and Mrs. E. B. Brannon and Mrs. T. A. O'Brian Sr. of Friona and Mr. and Mrs. C. A. Hogue of Mount Vernon, Ark.

Mrs. Hand is the former Loretta O'Brian.

Club Members Paint Pictures

After a brief business meeting at the American Legion Hall Thursday afternoon, there was a painting session. Each member present painted a picture and there was a panel discussion concerning different kinds of paintings and materials.

Those present were Lucy Faye Cocanougher, Mary Roberts, Faye McMahan, Jo Faye Brooks, Nellie Ray, Ruby Roberts, Drucilla Paul, Gladys Wright, Olive Massie, Wanda Taylor and Johnie Stokes. The hostesses, Drucilla Paul and Mary Roberts, served refreshments.

Mrs. J. M. Ayers of Lubbock spent several days last week visiting in the M. B. McKinney home. Mrs. Ayers is Mrs. McKinney's mother.

Mr. and Mrs. Rosco Ivie spent Sunday visiting in the homes of Mrs. M. J. Ivie and other relatives in Amarillo.

J. Magness To Head FHA

In a recent election Jacquelyn Magness was elected president of the Friona chapter of the Future Homemakers of America. She is the daughter of Mrs. H. T. Magness and will be a senior in Friona High School this fall.

The executive council of the FHA met Monday in the Home

Club Members Make Shades

Members of the Friona Home Demonstration Club met in the home of Carol Hardesty Wednesday afternoon for a lamp shade making session. There was a brief business session before the program began. Roll call was answered with the favorite flower of each person.

Those present were Tiny Taylor, Marlene Drake, Christine Williams, Elwanda Strickland, Edwina Field, Phyllis Sanders, Stella Shirley, Jo Nell Sims, Carol Hardesty and Stella Varner. Refreshments were served.

Vern Nazworths Visit Relatives

Weekend visitors in the homes of Mr. and Mrs. W. J. Nazworth and Mr. and Mrs. Tom Gibson were Mr. and Mrs. Vern Nazworth of Amarillo. The couple's two children, Charlotte and Curtis, returned home with their parents after spending two weeks here.

The Vern Nazworths have been in Oklahoma City the past two weeks. He was a patient at the Veteran's Hospital there, but has been dismissed.

LCC Associates Meet Friday

A group of ladies met in the home of Mrs. F. W. Holcomb Friday afternoon for the purpose of forming a Friona chapter of the Associates of Lubbock Christian College. Mrs. James Mabry was chosen secretary of the group.

Others present were Mesdames Lucy Welch, J. V. Houser, Steve Struve, M. B. McKinney, Raymond Fleming, Rene Snead and J. F. Miller.

Mrs. F. L. Clark of Elk City Okla., returned to her home Saturday morning after spending a week visiting in the home of Mr. and Mrs. J. W. Baxter. Mrs. Clark and Mrs. Baxter are sisters.

Economics department for a business meeting. Nominees for officers for the coming year were made for presentation to the chapter at the next business meeting.

Names selected for the ballot are Marilyn Potts and Cynthia Ann Caffey, vice-president; Donna Baker and Karen O'Brian, reporter; Suzanne Taylor and Kay Struve, historian; Sally Hough and Adelle Smith, parliamentarian; Lawana Houlette and Peggy Holcomb, treasurer; Jolynda Stokes and Geneva Floyd, secretary.

Jere Buske and Jimette McLean, song leader; Suzann Harper and Donna Blackburn, sergeant-at-arms; Judy Smith, Judy Bock and Linda Castleberry, pianist.

Those present for the meeting were Raye Jene Jones, Lawana Houlette, Nancy Outland, Marilyn Potts, Lavon Fleming, Geneva Floyd, Charlotte Bock, Adelle Smith, Jacquelyn Magness and Mrs. Valoris Osborn, chapter advisor.

MISS JACQUELYN MAGNESS

Evelyn Ray, Glen McDowell Announce June Wedding

Mr. and Mrs. John L. Ray of Route 2, Friona have announced the engagement and approaching marriage of their daughter, Evelyn, to Glen McDowell, son of Mr. and Mrs. J. S. McDowell of Fort Worth. Wedding vows for the couple will be read at the First Baptist Church in Friona Saturday, June 13.

Eleven Attend Fellowship Meet

Nine members and two visitors, Mrs. Lee Spring and Mrs. John Kappel, were present for the Wednesday afternoon meeting of the Women's Fellowship of the Congregational Church at the church basement.

After a brief business session, Mrs. Lawrence Lillard presented the devotional; Mrs. Fred Dean presented a travelogue; and the group worked on bazaar items. Refreshments were served by the hostesses, Mesdames Walter Loveless and Mrs. R. B. McKee.

Members present were Mesdames Fred Helmke, Bert Shackelford, Charlie Wise, Otho Whitefield, Fred Dean, Billy Wayne Nazworth, Walter Loveless, O. F. Lange and Lawrence Lillard.

Kolvvvia Circle Has Meeting

The Kolvvvia Circle of the WSCS of the Friona Methodist Church met Tuesday morning of last week in Fellowship Hall with Mrs. Tommy Jones as hostess. A brief business session was conducted with Mrs. W. M. Stewart, chairman, presiding.

The study "Concerns of a Continent" by James W. Hoffman was begun under the direction of Mrs. H. R. Cocanougher. The scripture reading in connection with concern was given by Mrs. J. T. Gee.

Mrs. Arthur Drake discussed Canada giving the advantages in contrast with disadvantages pertaining to all their concerns. The closing prayer was led by Mrs. W. M. Stewart.

Those attending were Mesdames Coy Patton, Kenyth Cass, Arthur Drake, Howard Ford, H. R. Cocanougher, W. M. Stewart, Will Osborn, Tommy Jones and J. T. Gee.

Class Meets In Rauh Home

The regular monthly business and social meeting of the Rebecca Sunday School Class of the First Baptist Church met in the home of Mrs. Charles Rauh Thursday afternoon. After a brief business meeting, the Bible study was directed by the hostess.

The lesson was taken from the books of II Samuel and I Kings. The dismissal prayer was led by Mrs. M. A. Black. Refreshments of cake, fruit salad and coffee were served to 11 of the 17 members of the class and one visitor, Mrs. Williamson.

Members present were Mesdames M. A. Black, Bill Cogdill, E. E. Taylor, Elmer Euler, L. R. Dilger, H. A. Hyde, Bert Chitwood, Eva Roberson, Charlie Turner, Lura Bradley and Charles Rauh.

Weekend guests in the home of Mr. and Mrs. Eugene Nidey and daughters were Mr. and Mrs. Herbert Nidey of Campo, Colo., Harold and Lois Nidey and Jerry Eskew of Amarillo.

Mr. and Mrs. Clarence Martin and children were Sunday dinner guests in the home of Mr. and Mrs. Coy Jeter and family.

McDowell is a 1956 graduate of Arlington State College and is also a senior at Texas Tech. He will receive his degree in industrial engineering this spring.

Mr. and Mrs. L. D. Cannon, former residents of the Hub community, were Friona visitors last week. The Cannons have recently returned from a vacation and fishing trip which took them to the Rio Grande Valley for several weeks. They report a lot of rain is falling in the valley.

Mr. and Mrs. Rudolph Renner Sr. spent the weekend visiting relatives and friends at Shattuck, Okla.

"Take It Easy" Sesame Theme

With seedbed preparation going full steam ahead and the time for deciding what to put into those seedbeds fast approaching, the subject of sesame is being tossed about considerably in Farmer County quarters. General speaking, the mood is "Take it easy." The performance of this "new" oilseed crop during the past four years in the Farmer County area would give reason enough for enthusiasm, but the shadow of overproduction, which plagues so many of the nation's crops, is appearing on the horizon of this specialty crop this year for the first time.

The biggest sesame harvest in the six-year history of commercial production of the crop in the U. S. produced almost one million dollars in income for the farmers of Texas in 1958.

Texas Sesame Growers, Inc., a farmers' corporation organized to help grow, harvest and sell the new oilseed crop, reports the harvest of 10,023,486 pounds of sesame brought a total income to farmers of \$980,127. The average price on No. 1 quality seed was 9.88 cents per pound. The average on No. 2 quality seed was 8.09 cents per pound.

National production of sesame is centered in Texas--the counties of the Panhandle and High Plains and the Blacklands counties of Lamar, Delta, Fannin, Red River and Ellis.

Robert L. Parker, executive vice-president of Texas Sesame Growers, reports that the 1958 crop was produced by some 400 growers on approximately 12,500 acres. The 9,000 acres on the Plains produced nearly 9,000,000 pounds of the total 10,023,486 pounds grown.

He added that although the price of sesame was somewhat

lower in 1958 than in 1957, the crop probably is in a better competitive position with milo and other crops because of lowered support prices for the other crops.

It was a year of high yields for sesame on the irrigated land of the High Plains and an average year for dryland farmers, Parker reported.

The 1958 crop of 10,023,486 pounds was nearly one-third larger than the 7,000,000 crop of 1957.

Parker expressed the belief that sesame reached a kind of plateau in production last year with production having temporarily overtaken demand. He added, however, that he believes sesame consumption is on the verge of expanding into big new areas in addition to the present needs of the bakery trade.

He pointed out that the market in the U. S. has increased from some 10,000,000 pounds for domestic and foreign sesame seed in 1953 to approximately 25,000,000 pounds in 1958, an average increase of nearly 3,000,000 pounds per year.

With the reduction in the support price of maize and the excellent showing of sesame in the area in 1958, there is little question but that Sesame Seed Growers will have little difficulty getting the same or more acreage this spring.

Seed dealers in the area report that there may be more new growers than would be desirable for the most favorable markets. For these reasons both farmers and association seem to be agreeing that it would be mutually advantageous to "take it easy" until sesame sees where it's headed.

Most old growers will be returning to plant about the

Growers To Meet

Sesame growers meetings have been set for Farmer County next week. The first will be Wednesday evening at the Farwell City Hall. Texas Sesame Seed Growers and Henderson Grain & Seed Co., Inc., are sponsors.

Thursday night Cummings Farm Store and the Association will hold a meeting at the Friona Clubhouse at 8.

Both meetings are for the same purpose: to help farmers

plan their 1959 sesame crop. Robert L. Parker, executive vice-president of the seed group, has scheduled the meetings, and will be on hand to supply information to those who attend.

County Agent Joe Jones will preside at the sessions.

All farmers interested in the growing and handling of sesame this year are urged to attend these special meetings.

Farmers Eye Pinto Beans

(Editor's note: This is the first in a series of articles on new crop possibilities in the Farmer County area. More interest in cash crop diversification is being shown this year than ever before. Next week's story will be on soybeans.)

Pinto beans, that lowly but loved food of the Southwest, may come up as a cash crop possibility deserving more than passing mention in this year of slim chances for new crops.

Many Farmer County area farmers are checking into dry beans and have found that they

same acreage as in 1958, and there are sure to be some new ones. If good weather prevails, the production could easily meet or exceed that of last year, which was considered slightly more than ample from a marketing standpoint.

appear to have several interesting features, not the least of which is the ability to produce a profit for the successful grower.

County Agent Joe Jones says varieties farmers are eyeing with favor are Idaho Bush No. 111 and New Mexico 295 and San Juan. The former is the most popular hereabouts.

The usual seeding rate for standard rows ranges from 35 to 40 pounds per acre. As the beans are planted in late June and harvested in September or early October they fit this growing season well.

Their response to water and fertilizer has been compared to cotton. The county agent recommends both nitrogen and phosphorus. Yields seem to vary greatly as farmers have had little experience with them, but 2000 pounds per acre is usually considered a good crop.

A support price of \$5.35 per hundred pounds is available on pinto beans in Farmer County, and although some have been grown here previously and have been put into the loan the favorable market has in the past always meant their redemption. Ag officials say the market is usually enough above the loan to do that.

The catch to this good price--or one of the catches, anyway--is that pinto beans are not delivered in bulk to the marketplace as is grain sorghum or many other crops. They must be cleaned and bagged in 100 pound bags. That means extra expense. It usually costs about \$1 to clean, bag, insure, and store 100 pounds of beans. Prentice Mills, ASC office manager, figures the net to the farmer is somewhere around \$4.14 a hundred.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Several homemakers are using colored, striped or printed sheets for making cafe curtains. These can be used plain or may have rick rack, decorative stitching or fringe added. The ends with the wide hems need have only a casing run near the hemline. Then the other end of the curtains are made to match the top.

Another clever idea that is being used in some of the newer homes is to make drapes out of bedspreads. Where this is done the floors and walls are generally plain colored.

Some of the leading magazines report that one of the newest things for spring is white collars. These are to range in size from tiny rolled collars to capes. Some of them will have white edging of lace and others will be fringed.

Most of them are being made of washable material so they can be kept immaculately clean at all times. Some designers are duplicating the detachable collars so a person will always have a spare.

In the near future new model coffee makers which can be safely dunked in water and suds will be on the market. These will be much easier to keep clean than the ones that can only be wiped off.

In the near future strawberries will be plentiful. It would be difficult to make a better dessert than strawberry short cake, but for something different and delicious too, keep the following recipe in your file.

- ROYAL STRAWBERRY CAKE**
- 1 cup sugar
 - 4 tablespoons shortening
 - 2 cups flour
 - 3 teaspoons baking powder
 - 1/8 teaspoon salt
 - 1 cup milk
 - 1 egg
 - 1 teaspoon vanilla

1/2 pint heavy cream
1 quart strawberries
Cream shortening; add beaten egg; add part of flour, baking powder and salt which have been sifted together, then part of milk. Mix well and add remainder of flour and milk. Add flavoring. Bake in a shallow greased pan in moderate oven 20 to 30 minutes.

When cold, split in half and spread whipped cream and crushed sweetened strawberries between layers. Cover top with whipped cream and whole berries.

Another delicious dessert that is good any season of the year combines two fruits,

apples and apricots. Fresh or canned fruits may be used.

APRICOT-APPLESAUCE PIE

- 1 no. 2 can apricot halves
- 1/4 cup raisins
- 1/2 cup sweetened applesauce
- 1 teaspoon flour
- 3/4 cup sugar
- 1/4 teaspoon salt
- 1/2 teaspoon cinnamon
- 1 tablespoon butter
- 1 recipe of plain pastry or pie crust mix

Combine apricots, raisins and applesauce. Mix flour, sugar, salt and cinnamon. Sprinkle one-half of dry ingredients over pastry shell. Add apricot mixture. Sprinkle with

remaining dry ingredients. Dot with butter.

Cover with top crust. Slash in 2 or 3 places to allow steam to escape. Brush top of crust with cream and sprinkle with sugar. Bake in hot 450 degree oven for about 35 minutes. Cool and serve.

For trimming for any of the new drip dry or specially treated cottons that are available in so many pretty colors this spring, ask for the new bias tape which is made of fine pima cotton. The tape has a smooth rich appearance and is easy to apply as a binding, facing or piping.

Mothers of diaper size children should keep a few of the new "snap-on" type on hand at all times so that when it is necessary for the man of the house to change the diapers he will have no difficulty. This will prevent safety pin pricks and the child will be properly diapered, too.

Perhaps hinders folk from lying.

THE PARMER COUNTY IMPLEMENT CO. NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, March 25, 1959

Guess you know that since Alaska joined the union our Texas song has been changed. We used to sing, "Texas, Our Texas, Largest and Grandest." Now it goes, "Texas, Our Texas, Boldest and Grandest." May be harder to be the boldest than it was to be the largest.

There's only one engine -- International -- that gives you the maximum power, economy and dependability -- backed by over 50 years experience and know-how in building heavy duty industrial engines. When you purchase an IH engine, you are assured of steady pumping day after day, year after year.

If you can't find it in the dictionary, atlas or encyclopedia, don't be discouraged. Ask for it at the drug store.

Get built in strength where strength belongs in the McCormick loader. This brawny loader delivers 3,000 pounds breakaway force and 1,500 pounds lift capacity.

They kept pushing him toward the rear of the bus until finally they pushed him out the back exit door. He ran excitedly to the front of the bus and tried to get on again. And someone yelled at him and said, "Sorry, but we're too crowded." "I don't care" he wailed, "You've got to let me on or I'll get fired. I'm the driver."

Farms in Texas are decreasing in number but growing in average size with the larger operations occupying an increasingly bigger share

of the total farm land in the state.

"Most people" said Mark Twain, "are bothered by those passages in the scripture which they cannot understand. But as for me, I am bothered most by those I do understand."

Mr. and Mrs. M. C. Osborn, their son and his wife and our grandmother visited in Lovington, New Mexico Sunday with Mr. and Mrs. Roy Lee Jones and family.

Take your turn at the wheel -- see how the beautiful '59 Olds lives up to its promise -- take a Rocket Ride! You'll discover riding and handling qualities such as you've never experienced before. Get that Olds feeling -- see us today.

J. Q. Mars, who owns and operates Mars Dairy just east of town, is beginning to feel like hard-luck Harry. What with the bad weather, the price of feed and veterinary bills, but he felt like he had it all licked one pretty day last week when he was hauling feed until he jumped out of the pickup and broke his rib. He's feeling better, though, and is still selling milk.

For your tractor we have exhaust caps, aluminum mufflers, carburetor repair kits, spark plugs, starting switches, battery cables, distributor caps, batteries, radiator caps, oil pressure gauges and many many more tractor necessities.

All the big iron framework

that is going up in the west part of town will soon be a new school bus barn.

The McCormick plows give extra clearance -- extra strength for the deepest, cleanest, non-stop plowing. With rugged forged beams and set - in braces you get more than enough strength to handle all the power big tractors can give out. Ask about the big McCormick plows soon.

Mr. and Mrs. Marty Martinez and girls are off to California for a couple of weeks of visiting, vacationing and just plain resting. Miss Dorothy Blumer is chief and only pharmacist at the Parmer County Community Hospital during Marty's absence.

See us for equipment to speed every type of farmyard or field chore -- to take the back breaking lifting and lugging out of daily jobs -- platform carriers, power loaders, front, back and center mounted blades, crop elevators, blowers and other chore speeding equipment.

Said David, our first grader to his 9 year old brother: "I'll let you keep my money with yours until you marry then, boy, I'm spending it myself!"

Policeman: "Hey, what's the big idea? You can't walk down the street unclothed in a barrel like that. Are you a poker player?" Man in barrel: "No, I just thought I was!"

"I want a car that's BUILT FOR PEOPLE"

"Just like a woman! I want a car BUILT FOR SAVINGS"

"Dave, I've found exactly the right car for us! It'll make driving ever so much more comfortable."

"Comfort's fine, Nancy, but we've got to consider savings, too. And I've found just the car for that!"

"But the car I've found is so easy to get in and out of... and so comfy to sit in."

"Yes, but my car will save us as much as \$1.00 on every tankful of gas because it uses regular. How about that?"

"Well, that's nice, but what about my frilly hats? We'll have hat room not just head room in my car. And you're no shorty, either... you'd bump your head in a lot of those new cars."

"Not in this one. And it only needs oil changes each 4000 miles. Its muffler is aluminized to normally last twice as long, too."

"In the car I want, everybody enjoys a soft comfortable seat... even the folks in the middle! This car's built just right for us... and besides, I think it's cute."

"Sure, looks are important... and my car will keep on looking good 'cause its finish is so bright and durable it never needs waxing."

"Well, the nice man at the Ford Dealer's told me..."

"Did you say FORD?... that's the car I want, too! And we can save as much as \$102.75 on purchase price alone! What are we waiting for?"

"Darling, you're a genius!"

It's fun to make up with

How Much Is Your Irrigation Water Worth?

Proper management of irrigation water is becoming more and more important to all the farmers in this area especially to those who have a limited supply of irrigation water. They are interested in applying the water in such a manner that most of it will be absorbed by the soils for use by the crops as well as utilizing all the rainfall that they can.

Crops usually produce the highest yields when they can easily obtain moisture from the soil throughout the entire growing season. An application of water before it is needed will result in extra irrigation costs, excessive leaching of plant food

and in some cases harmful effects on the crops. On the other hand, allowing the soil to dry out until the crop suffers for lack of moisture will result in lower, low quality yields.

Some factors to be considered that will bring about more efficient use of irrigation water are, the storage capacity of the soil, the kind of crop that is being grown, the stage of growth of the crop and weather conditions. Good irrigation management depends on the farmer's knowledge of the factors which determine the amount of water and when it is to be applied.

As soon as time and weather

conditions will permit, the SCS plans to conduct some more irrigation studies here in Parmer County. The purpose of these trials is to obtain information on irrigation that will be of some use to the farmers in this county.

Cover is the most efficient method of getting water in the ground and the spade is the most accurate gauge of rain effectiveness.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

The Farm Bureau office will be closed Saturday (day before Easter.) President Gilbert Kaltwasser, Herman Gerries and Vernon Symcox, directors, attended a meeting in Dallas last Thursday, called by the Texas Agricultural Employer's Association.

Purpose of the meeting was to discuss means of avoiding encroachment of the labor department and CIO-AF of L upon agricultural and retail stores employment practices.

Presidents of Texas County Farm Bureaus will be in another meeting in Amarillo Thursday discussing the same problem. The application of the Wage and Hours Act to farmers and retailers would be a catastrophic move, particularly in rural areas like this.

One of the things pointed out regarding regulations is that if one farmer in the county should see fit to pay a bonus to an outstanding employee, that bonus would be included in any calculations determining the "customary wage" for the county. It doesn't take an expert to see what this would do to employers of the area.

Legislative director, H. P. Hamilton has been working with school people and other individuals to get their support in opposing proposed legislation for federal aid to education. This legislation has features that indicate a great desire, on the part of its supporters, to control American schools.

It would empower another bureaucracy to tell schools how, when and what kind of buildings to build, what books to use, how to teach them, etc. We have actually heard of no one outside of the halls of congress, except

leftist and Communist groups that want this kind of thing. We hope there are enough congressmen who will oppose it. Your letter can help increase the number.

Raymond Schuele, Chairman of the Farm Bureau weed committee, called that group together for reorganization and planning for action this year. There is no way to know how many thousands of dollars the activities of this committee have been worth to Parmer County farmers in the past four years.

We hope you will count the blessings made possible by God and the founders of the American heritage of individual freedoms during this Resurrection Season.

Consider this: "And Jesus came and spake unto them, saying, 'All power is given unto me in heaven and in earth.' Matthew 28:18

COUNTY 4-H CLUB NEWS

Farwell News, Mike McKown, reporter

Dale Gober called the meeting to order and Larry Donaldson, Doyle Johnson and Bobby Pruitt gave a report on the tractor maintenance school. Jim Morton and Mike McKown gave a demonstration on caring for pigs and Larry Gregory and Mike Roberson gave a demonstration on raising pigs.

Announcement of a change of date for the stock show was made. It will be April 10 and 11.

STRETCH SPRING WARDROBE DOLLARS

Are you good at stretching clothing dollars? -- Outfitting the family with spring and summer clothing represents quite an investment... Extension clothing specialists say that careful planning before you buy will pay off in savings and satisfaction.

Careful planning also is the secret of having a wardrobe of costumes or outfits that go well together instead of a collection of miscellaneous items that never seem quite right.

Begin by taking careful stock of clothes on hand. Make necessary alterations of clothes you plan to keep, bring them up to date or put them in first-class condition.

Then plan what clothes you will need to supplement what you have. Keep in mind your activities as you make this list. Each family member should have a part in planning. This makes for better understanding of what happens to clothing dollars and the family budget.

Other pointers for planning are given in the extension bulletin, "Clothing Dollars and Sense." Get a copy from your county home demonstration agent's office.

WHEN YOU BUY A HAT Do you sit or stand when you try on a new hat? -- It pays to do both, according to extension clothing specialists. Others will see the effect of the hat in relation to your whole silhouette. An honest look in a full-length mirror will help you to study the hat in relation to your height, width of shoulders and hips.

The mature women usually looks better in hats with some brim or an effect of irregular, which softens and flatters. Picture hats, halos, off-the-face hats, small brow-revealing turbans and toques are for younger faces that do not have mature lines. A hat that is slightly tilted on the head may subtract years from a woman's age.

Remember that your hat is a frame for your face. Choose a color that flatters your complexion, and at the same time

harmonizes with your costume.

ORANGE PECAN CUSTARD PIE

3 whole eggs plus 3 egg yolks
2/3 cup sugar
1/2 teaspoon salt
2 3/4 cups milk, scalded
1 tablespoon grated orange rind
1 9-inch baked pie shell, cooled
3 egg whites
6 tablespoons sugar
1/3 cup finely chopped pecans
Beat eggs and yolks slightly; add sugar and salt. Gradually stir in scalded milk. Add grated orange rind. Pour into ungreased 9-inch pie pan. Set in pan of hot water and bake in moderate oven (350 degree F.) 35 to 40 minutes, or until set about 1 inch from edge. (Mixture continues to cook as it cools.) Cool to lukewarm; loosen edge with knife and slip custard into cooled baked pie shell.
Beat egg whites until foamy; gradually add sugar and continue beating until mixture stands in stiff peaks. Spread over custard, sealing edges well. Sprinkle with chopped pecans.

Bake in hot oven (450 degree F.) 5-8 minutes or until browned. Yield: 9-inch pie (6-8 servings).

He who endures with patience is a conqueror.
The better part of valor is discretion.

Production Tested **AUSTIN COTTON** Seed Available

Top Yields — Early Maturity — Disease Resistant — 1" Staple — Open Bole.

Machines about like Empire — We machine harvested 1082 lbs. per acre from our seed blocks with an extremely high percentage (over 95%) white cotton.

COMPARATIVE RATINGS OF COTTON VARIETIES
for disease resistance and seedling vigor
By Dr. Lester Bird, Department of Plant Pathology, Texas A&M College

VARIETY	Comparative Ratings*			
	Bacterial Blight	Verticillium Wilt	Fusarium Wilt	Seedling Vigor
Lankart	4	3	3	3
Paymaster 54	4	3	3	3
Northern Star	3	3	3	3
Western Stormproof	3	3	3	3
Mebane	3	3	3	3
Lettapine	3	3	3	3
Delfos	3	3	3	3
Acala 1517c	4	4	3	3
Pima S-1	4	2	3	3
Empire	4	2	3	3
Lockett	3	3	3	3
Stoneville	2	3	3	3
Acala 1517 BR	1	3	3	3
Acala 1517 BR-1	1	3	3	3
Mebane B-1	1	3	3	3
Blightmaster	1	3	3	3
Austin	1	2	2	1

*Disease ratings: 1. Resistant to immune; 2. Tolerant; 3. Susceptible; 4. Highly susceptible.
Seedling Vigor: 1. Good; 2. Intermediate; 3. Low.

All varieties are more resistant or tolerant to bacterial blight if they are grown in soils with adequate available nitrogen. Also, the varieties would be more susceptible if grown under nitrogen-deficient conditions.

Stage Is Being Set For Lower Beef

It appears that beef prices in 1959 may not be greatly different from those of 1958, though the average price in 1959 could be a little lower, predicts John G. McHaney, Extension economist.

However, he adds, increases in cattle inventory are setting the stage for a price decline some time in the next few years. Any increase in cattle numbers sets the stage for a future price decline and one is very probable in some early year after 1959. But if the rate of expansion can be kept within bounds the drop will not be too severe.

McHaney says the average price received for slaughter cattle in 1959 may be slightly below that of 1958 and profits from feeding cattle may average less than in 1958 when returns

were the largest of recent years.

The greatest price strength in 1959 will be in feeder and breeding stock, just as in 1958, the economist points out. The bumper 1958 feed harvest, the second in consecutive years, should keep the demand for feeders at a high level. The strong demand for young cat-

tle, both for feeding and herd expansion, also will help keep the price of feeder and breeding cattle high relative to slaughter and fed cattle.

Consumers will have more meat to eat in 1959 than in 1958, McHaney says. It has been estimated that about six per cent more red meat will be produced in 1959. Most of the increase will be in pork

and a sizeable increase in pork supplies will tend to hold down cattle prices.

Higher grade beef from fed cattle will remain fairly abundant but lower grades will continue scarce. The price spread between grades will continue to be unusually narrow as cattle feeders bid for the lighter, unfinished animals, he believes.

Halfway Tests Corn Hybrids

One hundred and forty-seven varieties of white and yellow corn hybrids were included in the 1958 corn research program at the High Plains Station of the Texas Research Foundation at Halfway. The tests were under the supervision of Lawrence Gundy, corn breeder from the Foundation.

Three hybrid corn yield tests, each containing 49 entries, were conducted. The average yields on these tests were 77 to 97 bushels per acre while individual entries ranged from 56 to 135 bushels per acre. The

tests included hybrids now available in the High Plains plus a number of midseason and early commercial and experimental hybrids.

Nine yellow hybrids out of 50 tested produced yields above the test average of 97 bushels per acre. The top yielding yellow hybrids were: Texas 28, 134.8 bu.; Asgrow 104, 122.4 bu.; Watson III, 121.6 bu.; Conrad 3, 121.3 bu.; Texas 30, 116.3 bu.; Texas 26, 116.1 bu. and Conrad #1, 115.5 bu.

The high yielding white corn hybrids were: G779w, 132.9 bu.; Asgrow 105w, 121.3 bu.; Asgrow 101w, 114.2 bu.; TRF 9w, 105.2; Asgrow 107w, 102.3 bu. and P. A. G. 633w, 101.4 bu.

White corn acreage increased in 1958 in the High Plains. White corn buyers discovered that the Angoumois grain moth, a serious problem for corn in storage in the corn belt, had not yet heavily infested corn storage in this area. This has increased the market for white corn especially in the Muleshoe area.

The variety tests were planted April 25 with 26 pounds of nitrogen and 78 pounds of phosphorus applied in bands at planting time. This was followed by 150 pounds of nitrogen applied as a side dressing on May 5.

COUNTY 4-H CLUB NEWS

Members of the county-wide Junior 4-H Leaders Club met, Monday, March 16, in the Gene Rea home.

Plans were made for a Demonstration Day to be Saturday, April 18. Demonstrations will be given in Parmer County court house, in Farwell. Miss Jimmie Lou Wainscott, home demonstration agent and Joe Jones, Agriculture Agent, will be in charge.

Barbara Rea, Bovina and Janice Hillock, Farwell, will cooperate in a demonstration of dairy foods and Virginia Rea, Bovina, and Judy Billingsley, Farwell, will work together on a demonstration of electrical appliances.

Judges will be selected from county adults leaders.

Plans for a county party were discussed. The party will be Saturday evening, April 4 in Hub community house. Festivities will begin at 7:30.

Games leaders named were Virginia Rea and Barbara Rea, Bovina; Dick Chitwood, Pat Chitwood, and Cooper Young, Lazbuddie. Also Janice Hillock and Judy Billingsley, Farwell.

A - Measured distance to two nearest property or quarter-section lines
B - Measured distance to three nearest wells within one-fourth mile

If You Plan To Drill You Should Know This:

Do you plan to drill an irrigation or commercial water well? If you do, and you expect to produce more than 69 gallons per minute from the well, you should read the following paragraphs.

The rules of the High Plains Underground Water Conservation District provide that wells drilled within its bounds of jurisdiction and produce in excess of 69 gallons per minute be spaced certain minimum distances from wells in the immediate vicinity.

4-inch well must be a minimum distance of 200 yards from

the nearest well.
5-inch well must be a minimum distance of 250 yards from the nearest well.

6-inch well must be a minimum distance of 300 yards from the nearest well.

8-inch well must be a minimum distance of 400 yards from the nearest well.

10-inch well must be a minimum distance of 440 yards from the nearest well.

The district's rules further provide that a person who desires to drill a well must first obtain a well drilling permit. To assist either the land-

owner or his agent in filing an application for a well drilling permit, each county has an office and a secretary.

Before contacting his local county secretary, the well drilling applicant will need the following information:

1. Name and mailing address of the owner of the land on which the well will be drilled.

2. The legal description of the land.

3. The measured distance from the proposed drilling site to the two nearest property lines or quarter-section lines. (Shown as lines "A" on drawing)

4. The measured distance from the proposed drilling site to the three nearest wells. Distances to well that are over 440 yards from the proposed drilling site are not required. (Shown as lines "B" on drawing)

When the above information

has been determined by the applicant, he is then prepared to contact his local county secretary and file his drilling permit application.

A deposit of \$10 is required with the filing of each application.

When the application form is filled out completely and correctly, the applicant must then make certain that it is signed by three members of the local county committee. This is most important, and it must be done before drilling operations are commenced.

When signed by the committee, the permit is valid for the drilling of one well only, and only at the location specified on the permit.

The drilling permit is valid for a period of 4 months from the date of filing.

When the well is completed and the log of the underground information is supplied to the county office on forms.

TWO Bales per Acre With Ammono-Phos for Grow Power

Bud Crump, Manager of Parmer County Farm Supply, and J. B. Sudderth

In 1958 I had 80 acres of cotton. I fertilized this cotton with 200# of Mathieson's water soluble Ammo Phos 13-39-0 and got 2 bales per acre except on the hail damaged part, where I got 1 3/4 bales per acre.

I always have my soils tested to show me what fertilizers are needed. I break my land 9-11" deep and plant as soon after April 15th as weather will permit. In 1958 I used 200# of Mathieson's 13-39-0 and an early season insecticide program to set and hold the early crop. I irrigated the first time when the crops started fruiting heavily, and the last time on August 20th.

The hail on July 4th damaged 25 acres very badly. It tore the cotton down from knee high to about 4" high, and yet it produced 1 3/4 bales per acre.

THE PHOSPHORUS IN THIS WATER SOLUBLE 13-39-0 HASTENED MATURITY FROM 7-12 DAYS AND THIS IS IMPORTANT TO ME. I WILL USE MATHIESON'S 13-39-0 THIS YEAR.

Water Cotton Now

Pre-irrigation of cottonland, which almost all farmers agree is a definite requirement for top yields in this dry year of 1959, should be gotten underway at an early date, suggests County Agent Joe Jones.

The main benefit to be gained from an early pre-watering is that water applied far enough ahead of planting time gives the soil a chance to warm up after it has been chilled by the cold discharge of the wells.

Soil temperature is a vital element in determining just

when that first cottonseed can go into the ground, especially in this latitude, so the farmer can always use a few extra days of grace at this season of the year.

"The chances are that we'll get enough showers between now and planting time to replenish the top moisture if it tends to dry out," says Jones, "but even if we don't, then another 'quickie' irrigation will do the job and won't cool the land nearly so much as a heavy watering."

Many farmers are taking this advice and much land is being watered this week. Farmers report that the irrigating is going very slowly this spring, and that both top and subsurface moisture is in very short supply, requiring longer sets and consequently much more water.

All human power is but comparative.

TRACTOR FACTS are what these boys are soaking up from Rene Snead, adult instructor in the county 4-H tractor maintenance school program. Classes are being held all over the county and James Mabry, in charge of the project, says enthusiasm from the boys is running high. Farmer County has the most active program of this type in the state, according to County Agent Joe Jones.

You'll put more "GO" into ROW CROP FARMING

with Ford SELECT-O-SPEED!

Select-O-Speed permits finger-tip clutchless shifting throughout entire range of 10 forward, 2 reverse speeds while on-the-go and under load! You'll save a lot of time-wasting steps, get a lot more work done.

Yes, shift up or down with a touch of the finger to match pull-power and speed exactly, instantly, to changing field or crop conditions. And with completely independent PTO, you can engage and disengage the PTO shaft while on-the-go... all for the easiest, most efficient tractor performance you've ever seen.

STOP IN - see and drive a new Ford Select-O-Speed Tractor!

Power Co-Op Has Beauty Queen Contest

Many Parmer County girls are eligible to enter the Deaf Smith Electric Cooperative's 1959 beauty contest which will be held in connection with the co-op's annual meeting April 30.

The contest is held in cooperation with the state and national associations of Rural Electric Cooperatives, and the winner of the local event will compete in a statewide contest in Houston in August.

Candidates for the title may be sponsored by any organization, club, or school. Each sponsor receives \$25. Any single girl between 16 and 21 whose parents are members and are receiving service from the Deaf Smith Co-Op is eligible.

ELECTRIC clothes drying keeps your clothes "FLOWER FRESH"!

Fresh, clean and fluffy - that's the way clothes should be after drying. And, that's the way they come out of your electric clothes dryer. Gentle electric drying heat removes moisture without yellowing, without hardening delicate fibers. Electric clothes dryer construction keeps out dust, dirt and other contamination - keeps clothes flower fresh.

EASTER FASHIONS in Fine Foods

...Shop

Easter means "...turning over a new leaf." All the old winter things go into storage and everybody turns out in new fresh things...there's a new feel in the air, and a lightness and freshness that makes everyone feel "good all over!" The same thing's true of foods, too. Time now for tender, young spring vegetables and lighter, easier to fix foods - and that's why you must shop Piggly Wiggly...the best Easter foods in tantalizing array are awaiting your selection. For the best-for less -shop Piggly Wiggly!
