City council races capture spotlight

City councilmen and school trustees will be named in Saturday's election here, with most attention focusing on the city council races. Three positions will be at stake there.

City polls will open at 7 a.m., and close at 7 p.m., at locations listed on Page 2A in today's Herald. In areas where they are needed, Spanish-speaking people will be available for consultation at each polling place.

City council candidates include Mayor Wade Choate and his opponent, H. V. (Burr) Crocker; Harold Hall and Eddie Aciri for Place 1; Jack Watkins, Ralph McLaughlin, Kenneth Randall and Travis Floyd for Place 2.

Both Hall and Aciri are incumbent councilmen but Aciri opted to run for Place 1 rather than Place 2. The two have expressed divergent views on some of the issues.

Watkins is a former councilman. Crocker is a former Big Spring fire chief who rallied thousands of

protesters against a move to start front-yard garbage collection months ago — an issue that since has been resolved. McLaughlin is a former president of the Big Spring Chamber of Commerce and a one-time member of the Big Spring school board.

The Big Spring school board race includes two incumbents, Delnor Poss and Roy Watkins, with three others running for the two positions. They are Mrs. Carol Hunter, Jimmy Newsom, and Mrs. Billie Carr.

In the race for county school trustee-at-large, Jerry W. Roach and Mrs. Noel Harvell Jr. are offering for office. For precinct 3, Mrs. Nan Buske is unopposed and R. L. Heith is unopposed in Precinct 4.

In the Howard College trustee race, the unopposed candidates are incumbents Dr. P. W. Malone and Harold Davis.

Mrs. Margaret Ray, Howard County Clerk, will keep the clerk's office open in the courthouse all day Saturday to help voters who cannot locate their polling place.

INTELLIGENCE BOARD — President Ford offers remarks following swearing in of the President's Foreign Intelligence Advisory Board at the White House Thursday. Listening are Leo Cherne, chairman of the group, and former Treasury Secretary John Connally, right. Ford announced plans, along with opponent Ronald Reagan, to visit Texas this month.

Seeking votes in West Texas

President, Reagan plan Abilene visits

ABILENE — Both President Gerald Ford and Ronald Reagan are tentatively scheduled to include this West Texas city on their political itineraries in the next few days.

Reagan, challenging Ford for the right to be the Republican standard bearer in the presidential race, will appear at the Kiwanis Pancake Supper Tuesday night.

Details concerning Ford's visit still have not been confirmed but apparently his plane will put down at Dyess AFB Saturday morning (April 3).

Reagan will be on the floor of the

Taylor County Coliseum helping fellow Kiwanians whip up pancakes. He will be at the supper from 7 p.m. until 8 p.m.

Reagan will arrive from an appearance at Wichita Falls and fly on to Lubbock from Abilene.

It is assumed a contingent of nationally known newsmen will accompany Reagan. Although he will answer questions after landing at Abilene Municipal Airport, Reagan will not have a full-fledged press conference there.

Confirmation of Ford's trip to Texas has not been made in Washington.

On the day prior to his trip to West Texas, Ford will appear in San Antonio and Dallas.

Amarillo, Fort Worth, Houston and Tyler are other Texas points likely to be visited by Ford.

Ford may halt strike

ARLINGTON HEIGHTS, Ill. (AP) — The Ford Administration took the opening steps today toward forcing a halt to a two-day-old nationwide strike of Teamster truck drivers that has already resulted in industrial layoffs.

Meantime, sources close to both sides said bargainers were "very close" to agreement on a total economic package, but disagreement on how the money package should be distributed remained to be settled.

Negotiations resumed at 11 a.m. EST today.

The Ford administration, taking no chances on the possibility the strike could hamper the nation's economic recovery, today started preparations in Washington to invoke the Taft-Hartley Act against the strike.

Presidential assistant L. William Seidman asked several government agencies to prepare reports on the economic impact of the strike, administration sources said. The reports, to be returned to the White House by noon Saturday, would be needed if President Ford asked for a court injunction under the act to stop the walkout.

However, sources said it would probably be Tuesday at the earliest before the government could go into court.

Earlier, administration sources had said it appeared the government would refrain from invoking the Taft-Hartley act while bargaining continued and there were indications of progress. The act provides for an 80-day cooling off period, but that would take the pressure of negotiators.

Jobless rate edges down

WASHINGTON (AP) — The nation's unemployment rate edged down to 7.5 per cent of the work force in March, marking the fifth straight monthly decline and the longest sustained drop in 14 years, the government said today.

Although the decline was slight — down from 7.6 per cent in February — Labor Department analysts said the steady improvement since October reflected continuing economic recovery from the recession.

Blacks and women benefited most from the March decline in unemployment, which was down by about 100,000, to a total of 7 million last month.

Total employment continued climbing in March, rising by another 375,000 to an all-time high of 86.7 million, the government said. Since reaching a recession-low last March, the number of Americans with jobs has risen by 2.6 million, with adult women accounting for more than half of the over-the-year increase.

The last time the unemployment rate dropped five consecutive months was between September 1961 and February 1962.

Five seeking posts on local school board

The Big Spring School District Board of Trustees election has generated interest.

Two incumbents and three other persons are seeking two spots on the board. Two of the candidates are women.

Roy Watkins, board president, is seeking re-election to the post.

Delnor Poss, secretary of the board, is also up for re-election. Watkins works for Cosden Refinery. Poss works at Gamco.

The other three candidates are Mrs. Billie Carr, Mrs. Carol Hunter and Jimmy Newsom. Newsom also works at Cosden.

Only general issues have been stated by the candidates centering around such phrases as "good education for Big Spring children."

The polls will be open from 7 a.m. to 7 p.m. at two voting locations.

The principal voting location is the vocation building at the high school.

There will also be a polling place at the Northside Fire Station.

For county school trustee, the at-large post is being sought by Jerry W. Roach and Mrs. Noel Harvell Jr. In precinct 3, Mrs. Nan Buske is the only candidate and in Precinct 4, the lone candidate is R. L. Heith.

For Howard College Trustee, there are two candidates running unopposed, including Dr. P. W. Malone and Harold Davis.

Webb mission change debated

Support in Washington impressed Mayor Choate

During his trip to Washington this week, Mayor Wade Choate of Big Spring received a copy of a letter sent to the Secretary of the Air Force Thomas Reed from Congressman Omar Burleson, who cosponsored the letter with Senators John Tower and Lloyd Bentsen.

The letter, dated March 30, has appeared in part earlier this week in the Herald. In the letter, the Congressional delegation stated that "we are grateful for your thoughtfulness in agreeing to discuss this matter recently with the civic leaders of the Big Spring community who came to Washington to voice their concerns to us and to ascertain the rationale behind the Air Force's announced closure plans."

"While we fully recognize the undeniable need to reduce the scope of operations and the number of bases in the Air Training Command, we feel very strongly that the Air Force is making a serious mistake in choosing to terminate all activity at Webb. We believe you are familiar with the unique assets, both tangible and intangible, which Webb and the surrounding community have to offer. Its record and reputation are well established as a valuable component of our nation's defense structure."

"We would urge, therefore, that during the course of this study period, you give serious consideration to alternative proposals which would provide for the assignment of an additional or new mission to Webb in a manner that would permit its retention as an active Air Force installation and still provide efficiencies in the overall Air Force budget. It is our firm belief that in the long run, the contributions which Webb can continue making to the strength and readiness of the Air Force will far outweigh any savings in near term out-

lays which might result from shutting down this valuable facility."

The letter from the elected officials went on to say that "any information you (Secretary Reed) can provide us concerning possible alternative missions or realignments will be greatly appreciated."

Congressional offices informed Choate that they would continue to periodically monitor Secretary Reed as to what plans he is studying for a possible mission change and the status of Webb AFB.

Sen. Bentsen stated that the next step is to outline the procedures the

Air Force will take in making the socio-economic impact study and public hearings on the Big Spring military installation.

Mayor Choate said in an interview that he was "very impressed with the wide base support we are getting from our Senators and Congressmen. It is very, very encouraging to me."

"Our elected officials have been utilizing the information we have provided them and have made a convincing case as to why Webb AFB should remain a viable military installation," Choate continued. "I feel the facts are in our favor at this time."

Industrial picture improves

Nuclear Fuel Assurance Act likely to get panel's okay

Mayor Wade Choate, Roger Brown and Tom Roy returned from Washington, D.C., Thursday after conferring with Senators Lloyd Bentsen and John Tower and Congressman Omar Burleson regarding the President's Nuclear Fuel Assurance Act now before the House Senate Joint Committee on Nuclear Energy.

The bill is due to be reported out of committee for congressional action within the next few weeks, possibly immediately before Easter or shortly thereafter.

Brown, chairman of the Big Spring Industrial Foundation, said the trip to Washington was initiated after a local group had visited with Garrett Corporation officials on the west coast last week.

"We have been working with the

Garrett people for the last 18 months, and it looks as if the only impediment left in reaching a final site location decision is the bill now being considered," Brown said.

The impression left by both Sen. Tower's and Sen. Bentsen's offices as well as Cong. Burleson was very encouraging. All three offices indicated that nuclear energy is our best hope of achieving independence in the energy field.

Mayor Choate added, "This in no way affects the status of Webb Air Force Base. However, should the bill pass and the decision is made favorable to Big Spring, this would be the largest impact on the area economy that we have enjoyed in many, many years."

Roy is executive vice president of the Industrial Foundation.

Coming Sunday: Election results

THE RESULTS of Big Spring and area city, school and other races decided in Saturday's election will be featured. CB ADDICTION is examined in a humorous article by Starbuck Woolf. He also offers a few tips on keeping on the good side of the truckers.

Action/reaction: Cat problem

Q. Big Spring seems to be overrun with cats. They spoil lawns and are a general nuisance. Aren't people required to restrain their cats as well as their dogs?

A. The section in the city ordinances that applies to dogs also applies to cats, according to Bob Baker, city animal warden. Commonly known as the "leash law," the ordinance states that it is unlawful for either cats or dogs to run at large within the city limits. If house pets do run at large, they may be impounded by the city.

"But who's going to go out and catch cats?" asks Baker. "It would take 10 men to catch the cats and try to find their owners. Cats range so far from their homes that finding the right owner is next to impossible," Baker said.

If, however, cats or dogs are posing a real problem or destroying one's property, Baker advises calling the city animal shelter to complain.

First general store owners

Big Spring pioneers honored at ceremony

By JAMES WERRELL
Fisher relatives, past employees, a state representative and many members of the community turned out for the historical dedication of the J.&W. Fisher Building, 110 Main.

After several months of preparation a marker showing the location of Big Spring's first general store, and part-time bank was unveiled. State Rep. Mike Ezzell read a short history of the store and its previous owners, Joseph and William Fisher, at the ceremony.

Ezzell noted the impressive lives led by the St. Mary's AD will recruit

Bill Blankenship, athletic director and admissions counselor for St. Mary's University in San Antonio, will come to Big Spring, April 30, to recruit students and athletes for St. Mary's.

Blankenship will be at the Student Union of Howard College from 8:30 to 11:15 a.m.; the counselor's office of Big Spring High School from 11:30 a.m. to 1:30 p.m.; and the education office of Webb AFB from 2 to 4:30 p.m.

Salvation Army will send 10 delegates to confab

Big Spring Salvation Army Corps will send 10 delegates to Fort Worth during the weekend to attend the Salvation Army Texas Youth Councils. The following young people are selected as delegates to attend along with Brigadier and Mrs. Ball, local Corps Officers: Mark, Michael and Darrell Stephens, Debi Stevens, Dennis Stevens, Chris Sullivan, Les Sullivan and Penny Moore.

The program will include the presentation of Biblical drama by Austin youth. They will feature special music by the Texas Youth Band and Timbrel Youth Brigade. There will also be a presentation of awards for

Fisher brothers which, he said, "were in some ways typical of all the early pioneers that helped make West Texas great."

Ezell also professed an especially warm feeling toward the Fisher brothers. "They were born in Bohemia, and I am one-eighth Bohemian, myself," he said.

He told of the early days of Big Spring when the J.&W. Fisher store served as the town's bank and "the store that carries everything."

Following Ezzell's speech, a flag draping the historical marker was removed. The flag is a replica of an 1877, 38-star, American flag made by Hanna Baker of Big Spring.

Former Herald editor Joe Pickle then gave a closing invocation, praising the pioneer spirit of such men as the Fishers.

Also present at the ceremony was Juan H. Garcia, an employee as a boy of the Fisher Company.

"I can remember coming down here at six o'clock in the morning to sweep out the store," Garcia said. "When I was finished Joe Fisher would come out and say 'O.K., it's time to go to school.'"

"My father, Jack Garcia, was all-round man for the

store for 30 years." Garcia also remembered the layout of the early store. One section near the front was devoted to women's dry goods, with another nearby for men's dry goods. Behind that was a section for hardware merchandise, and far in the back of the store was the office vault which served as the town's makeshift bank. Upstairs at the store and on the street in front, groceries were sold.

"I enjoyed working for them (the Fisher brothers). Everything said about them here was true," said Garcia.

Mrs. Janiece Kelley, 3305 Cornell, reported the theft of an assortment of gold and silver coins from her home, to Big Spring Police, 6:21 a.m. today.

According to reports, Mrs. Kelley's son, Jack, noticed a person taking the coins from a bedroom in the home around 11:45 p.m. Thursday. The son didn't realize until later, however, that the subject had left with the coins, said the report. The coins had a face value of \$202, but had been appraised at approximately \$2,000 collector's value.

Bill Boggs, Quality Volkswagen, 2114 W. 3rd, reported the theft of a 1973 VW Beetle from the sales lot. According to reports, Boggs had noticed that the vehicle was missing four days ago, but thought it had been loaned out.

Closer examination revealed that the car's keys were still hanging on the office key board, and that the car had not been loaned. The car is valued at \$2,395.

Westbrook oil action

Paul DeCleva of Wichita Falls plans to drill No. 1 Simpson, a 3/4 mile southwest outpost to a two-well northwest extension area of the Westbrook, East (Clear Fork) Field of Mitchell County.

It has a bottom objective of 3,800 feet and spots 1,980 feet from south and 646 feet from west lines of 60-97-H&TC, seven miles north of Westbrook.

DEDICATION CEREMONY — State Rep. Mike Ezzell, Julian Fisher, a relative of the store's founders, Miss Agnes Currie, Big Spring Historical Society representative, and Joe Pickle, who gave the ceremony's invocation, (left to right) stand in front of the newly dedicated historical marker honoring Joseph and William Fisher, founders of the first general store in Big Spring. Miss Currie displays the early American, 38-star flag used to drape the marker for the ceremony.

Survivor says no reason for killings

HOUSTON (AP) — Judy Kay Moore, 19, said there was "just no reason" for the shotgun slaying of her two motorcycle companions.

Miss Moore was being held in protective custody as police searched for clues in the Gulf Freeway slaying Tuesday of Paul Kenneth Dixon, 27, of Humble, with whom Miss Moore was riding, and Joseph Edward Thropp, 22, of Kemah, a member of the Banshee Motorcycle Club.

She told police a baby blue van pulled along the motorcycle she was riding and a bearded man with long, blond hair fired a gun at Dixon. Seconds later she heard a shot that struck Thropp, who was driving another motorcycle.

"We were riding along," she said. "Paul tried to turn around and said 'I'm shot,' and it was all over."

She said Dixon was able to safely stop his cycle before he died. "Joe's scooter backfires and I thought that was all it was," she said. "Then I saw a dude with long hair and a beard in the van. Then he shot Paul and then he took off."

Harris County medical examiner said Dixon died of a shotgun wound in the back

Connally gives no candidate endorsement

WASHINGTON (AP) — Former Texas governor John Connally still says he is staying out of Texas' May 1 presidential primary although he did dine with one of the candidates at the White House Thursday night. Before going to the private dinner with President Ford, Connally said Ford appears to have the best shot at the GOP presidential nomination.

Ford campaign strategists believe a Connally endorsement would help Ford in a key battle with Ronald Reagan in the Texas primary. Texas Republicans are considered among the most conservative in the nation, and Ford backers believe their man trails Reagan at this point in the state. Connally, a one-time treasury secretary, talked to

reporters Thursday at a ceremony marking the unveiling of his official portrait at the Treasury Department. He declined to express a preference for either Ford or Reagan but he did say that in view of Ford's primary performances, "at this point he has the advantage." He added, however, that as of now Reagan appears to be ahead in Texas.

Connally said he has no plans to participate in the Texas primary. Asked about the possibility he might be picked as a vice presidential candidate, the Democrat-turned-Republican declined to comment on whether he would accept such a position. "I'm not in a position of wanting anything or asking for anything," he said. Presidential Press Secretary Ron Nessen,

asked if the President was soliciting Connally's endorsement at the dinner, replied only that Connally has said he believes Ford will win the Republican nomination. Nessen said he would let reporters draw their own conclusions about what the two might have talked about over dinner. Connally is considered by some observers to be a

possible vice presidential running mate for Ford. Earlier Thursday, Ford participated at oath-taking ceremonies in which Connally was one of 17 persons sworn in as members of the Foreign Intelligence Advisory Board.

Apathy of Americans frightening

America should be saddened on its 200th birthday if citizen participation in politics remains at its present low levels.

I am completely dumbfounded, bemused and generally perplexed by the apparent lack of interest in politics which Americans display.

APATHY IS the by-word. In California where the nut ratio is apparently higher than any place else, the league of nonvoting citizens.

And the problem is not just a national one. State and local politics are greeted with even bigger yawns.

How can the populace be stirred into participating in our political process? Wasn't Watergate a big enough shock? Isn't the patriotism swelling from our bicentennial year having an effect?

To take a very close-to-home

example: On Saturday, a very small minority of the people of Big Spring are going to elect city commissioners, public school, county school and Howard College trustees.

The number of votes cast may be more than 3,000.

This means that 1,501 persons out of the 33,000 or so in Big Spring may decide who leads our city, schools and college.

The turnout in Howard County will be much larger, no doubt, for the May 1 primary and larger yet for the presidential election in November, but even the largest turnout won't look high in terms of percentages.

This will happen despite the very perilous times being faced by our nation, and the difficult decisions which may lie immediately ahead for our city commissioners and school trustees.

IT IS A TIME when both locally and nationally we must have the very best, the most brilliant, the most responsible leadership that we can muster.

A broad cross-section of citizen participation in politics is needed now because there are some very hard choices that will be made for our city, for our county, for our state and for our nation.

These decisions will affect many people, participants and non-participants alike. Our nation must be prepared to deal both economically and politically in a world that is increasingly hostile to a free capitalist democracy.

Our local governments must be able to cross an abyss of unprecedented dangers and problems that may arise should the proposed closing of Webb Air Force Base become a reality.

When I think of how many

generations of men have died for our right to political freedom and how precariously this right hangs in today's powder-keg world, I wonder how anyone could be apathetic.

THERE ARE things wrong with our political process, and we may be another 200 years getting all the injustices out of it.

But in its basic form, I cannot think of a better process. As Winston Churchill quipped, democracy is the worst form of government — except for any other devised by man.

If we do not have broad citizen participation in politics, our governments are subject to takeover by smaller and maybe more radical minorities that will not reflect the values or the best interest of our nation.

The God factor

Art Buchwald

WASHINGTON — It was probably accidental, but God has become an issue in the presidential elections. Jimmy Carter, who is now known as a "front-runner," has admitted to having a very close relationship to God.

THIS COULD FORCE other candidates to assure the American people they have a closer relationship with God, and the media might demand full disclosure from everyone running on both the Republican and Democratic sides as to where they stand on the God issue.

I must admit that although I've tried on many occasions to have an interview with God I've never succeeded. But I was fortunate to have a conversation with the Angel Gabriel, who is God's director of communications.

Gabriel told me, "Despite what you read in the newspapers and see on television God is staying out of the presidential primaries."

"Does He have any favorites?" I asked.

"He considers them all good men who He is sure would lead the country toward prosperity, happiness and love."

"Has God always stayed out of American politics?"

"Yes, He has. There have been some supporters of presidential candidates who have claimed that their man is closer to God than any of the opponents, but we have never authorized anyone to make this claim. God feels however the American people want to elect is their own business. All He asks is if things don't turn out as they were expected, that the voters don't blame Him."

I asked the Angel Gabriel if this had happened in the past.

"It happens all the time," Gabriel replied. "If you recall, President Nixon held all those prayer breakfasts in the White House. He wanted the American people to think that he was really closer to God. But we never had anything to do with the prayer breakfasts. The White House selected the preachers and also invited the guests. It became a political event. God hates political events and never goes to them if He can possibly avoid it."

"**BUT ALMOST EVERY** fundraising event and every political rally is opened by a prayer from a priest, a minister or a rabbi depending on which state the affair is being held in. What does God do about that?"

"Everyone running for public office has a priest, a minister and rabbi trying to intercede for him. If God had to listen to every one of these entreaties He wouldn't get anything done. We up here assume that the prayers are more for the audience's benefit than for God's."

"I know this is a tough question, but does Jimmy Carter have a more personal relationship with God than any of the other candidates?"

"We never comment on God's relationships with any of His believers. In God's eyes they are all His children, and it is His desire that the best man wins."

"Angel Gabriel, has God been in touch with President Ford since his defeat in the North Carolina primary?"

"No comment."

"Once the Americans select their President, will God support him?"

"He has always supported the President of the United States."

Dear Editor:

I found the Sunday article by John Edwards, who discussed the various city candidates' views on Moss Creek, to be interesting as well as informative. While most candidates expressed the need for additional funds for the park, only two individuals expressed the need to receive some type of income from usage of the park and its many fine recreational facilities.

However, after examining the various viewpoints, I found one to be highly discriminatory against a large portion of our population who regularly use the park. The candidate stated that individuals whose driver's licenses did not have an address within Howard County should be charged an entrance fee.

I feel Eddie Aciri's stand on this position was intended to convey to the citizens of Big Spring a method of raising funds for the park without having to charge county "residents" an entrance fee. I disagreed with his viewpoint at that time, and have become increasingly uneasy with his proposal after discussions with members of our military community, students at Howard College, and other "residents" of our community who do not have a Howard County address on their driver's license.

Most of the military maintain a "permanent home of record" rather than a local address. This not only eliminates a lot of headaches, but also saves the military a lot of time and money.

In addition, many students attending Howard College and younger residents of Howard County are not from this county and do not have a local address on their driver's licenses. Most of them use their parents' home address, which is usually more permanent.

To charge these individuals an entrance fee to the park, while other residents are permitted free entry, would be infinitely unfair. It would not only discriminate against members of our community who are proud to be living in Howard County, but could easily give some of these individuals the feeling that they are not really "residents" or citizens of Howard County, which is not true.

I suppose the problem could be eliminated in part by asking for military, college, or other identification showing these individuals to be residents of Howard County, but I feel the overall effect would be detrimental to our community.

Not only would these individuals be discriminated against by having to "prove" residency by means other than their driver's license each time they wished to go to Moss Creek, but would also be subject to the judgment of the individual at the gate as to whether or not the information submitted could actually establish citizenship in Howard County.

If additional revenue is to be obtained from an entrance fee to the park, then I feel Harold Hall's suggestion that everyone be charged an entrance fee would be the right way to go about it. Not only would this eliminate discrimination against a large segment of our community, but would also eliminate the need to show identification each time a resident of Howard County wished to use the park and its facilities.

MEL PRATHER
1429 East 6th, No. 8

Dear Editor:

I read with interest your Publisher's Column for Sunday, March 28. I can sympathize with the Praters, as can most of the military population of Webb AFB. It was very interesting to note that when this sort of thing happens to a civilian, you are up-in-arms over the dirty deal that the government gave them. This happens virtually every time a member of the military moves, and no one writes editorials in our defense. We just accept it as part of the job.

Your editorial also stated that the Webb closing would disrupt 3,000 lives. This is true to a point. You neglect the fact that the 2,300 military personnel would have their lives disrupted every few years anyway. All the closing means is that the next move will come a little sooner. I doubt if we'll get any editorials. We'll just grin, bear it, lose money, and move on.

Recently your paper ran an article saying Mayor Choate had sent a letter to Washington, outlining four proposed new missions for Webb. The contents of this letter were never revealed. I have been in the Air Force for 18 years, and have been in many different types of organizations. I can see no conceivable other mission for Webb that would not require considerable expenditure for construction and modifications. This is one of the prime reasons given for closing Webb, future construction costs. I wish you would publish the four new missions proposed by your mayor.

Big Spring is in a semi-panic over the possible closing of Webb, because in a sense Webb IS Big Spring. Since the announcement, your paper has not missed a single day of extolling the virtues of Webb. Your town leaders seem to be more expert on military matters than the Pentagon. The plain fact is that the Air Force has no further need for Webb. The closing is not based on past performance, but on future potential. Webb has become a liability, and any businessman can tell you that it's good management to cut your liabilities, or you will eventually fold.

I know that I see Webb in a different

light than many of your readers. I will have a paycheck coming in, no matter where the Air Force places me. But every article you run is pro-Webb, and anti-Air Force. The Air Force is no villain. It's trying to do the best it can with the money that Congress gives it. They could ask for extra appropriations to keep Webb and other unneeded bases open. Would this be right? The only sensible reason for keeping Webb open is to support the town. Wouldn't outright grants to the town be more appropriate? At least then the money would be labeled right. Either way would be welfare, pure and simple. Welfare is the responsibility of HEW, not the Department of Defense.

Dear Editor:

Dr. Kent Rylander of Texas Tech University recently forwarded a copy of the story appearing in your issue of March 21, regarding the possible photographing of eskimo culews near Big Spring. After examining the somewhat blurry photographs that accompanied the article, I am in complete agreement with Dr. Rylander that the bird in those photographs is, indeed, a long-billed curlew.

I saw three eskimo culews in the spring of 1962 on Galveston Island. At that time I was a graduate student at Louisiana State University, working under the direction of Dr. George H. Lowery, Jr. I remember that these birds were most easily confused with the whimbrel because of similar size and bill length. If you examine the insert of the eskimo curlew, you will notice that the bill is much shorter than that of the bird photographed near Big Spring. There are several other obvious differences as well.

Incidentally, you have a very fine amateur birder in Big Spring in the presence of Mr. L.B. (Mike) Paul. Also, Mrs. Frances Williams of Midland and Mr. Terry Maxwell of San Angelo would be more than happy to examine similar photographs.

One final comment: it is technically illegal to pick up and keep dead birds without both state and federal salvaging permits. Under the circumstances, it would be best to contact the local game warden and ask that he pick up the bird or give the individual verbal permission to retain the bird until it can be given to someone with such permits; I feel it would be best to have written permission from the warden to retain birds temporarily.

Top-paying job Around the rim

John Edwards

The district attorney's office is the top-paying position to be decided in a local election this year.

The State of Texas will be paying \$24,600 yearly for the 118th Judicial District prosecutor starting in September. District Attorney Robert H. (Bob) Moore III said.

MOORE SAID Glasscock County has been paying him \$1,800 yearly to serve in the second capacity as county attorney there. But the Glasscock County Commissioners Court may change this arrangement at any time.

Moore isn't seeking re-election. The only two candidates, Jim Gregg and Rick Hamby, both of Big Spring, are Democrats.

Based in Big Spring, the district attorney serves Howard, Martin and Glasscock Counties.

For officials to be elected in county-wide races this year, Howard County Commissioners Court has these amounts budgeted:

County attorney — \$13,500 plus \$1,500 yearly in car allowance.

Sheriff — \$12,830 (plus \$300 for advance certification held by the unopposed incumbent, A.N. Standard).

Tax Assessor-Collector — \$13,190.

County Commissioners — \$6,969 each plus \$1,500 in car allowance.

Justice of the Peace Precinct One Place One — \$6,953 plus \$1,200 in car allowance.

Constable — Zero.

Few of the positions to be filled in Saturday's elections offer much pay.

TRUSTEES FOR all the Howard County-based independent school districts make nothing.

Howard County School Board trustees get \$6 per meeting. (From six to eight meetings are called yearly.)

Zero is the pay allocated for Howard College trustees.

Forsan and Coahoma city aldermen draw no pay, but Forsan Mayor C.J. (Jack) Lamb makes \$200 monthly. This salary is for working as water department superintendent, not as mayor.

Big Spring Mayor Wade Choate will lose only \$50 monthly if his opponent, H.V. Crocker, wins Saturday. Big Spring councilmen are paid \$25 monthly.

Howard County Water Control and Improvement District No. 1 board members serve without pay.

Sex delay wise

Dr. G. C. Thosteson

Dear Dr. Thosteson: Several months ago I gave birth to my first-born. My husband and I were quite anxious to resume our sex life. It is, however, so painful for me that I would rather do without.

How long after a woman has a baby does she return to "normal" sexually? Or is it possible that I was stitched up too much? — M.S.

The post-partum examination is usually done at from four to six weeks, at which time the uterus and other structures have returned to normal and sutured areas have healed. Most obstetricians suggest abstinence for this interval.

You probably have had your check-up by now. But since you continue to have so much pain you should be checked to rule out some local problem. Sometimes there is a psychological factor involved in sex difficulties after pregnancy.

I suggest you return to your obstetrician, who encounters these matters daily. The need for surgical correction is rather rare in these cases.

Dr. Dr. Thosteson: When I sleep I lie flat on my back. I am sort of bald in the back of my head. Could this be because of the way I sleep? — Mrs. D.S.

I doubt it. You may begin sleeping on your back, but during the night you probably do what most others do — change positions many times.

When we use the term "bald" we usually mean the presence of an area where the scalp is denuded. I'm not sure whether you mean this or merely that there is some thinning. This can be expected after menopause. If there is severe balding, you might be checked for possible glandular malfunction (such as thyroid, for example).

Dear Dr. Thosteson: My Husband took a six-hour blood test and sugar was in his blood, but didn't show in his urine. They said he was a borderline diabetic. A friend of ours shows sugar in the urine and is on medication for diabetes.

Would you please explain the difference in this, and how serious it is to have sugar in the blood, but not in the urine, like my husband? He is on a low-sugar diet. He is 68. — Mrs. H.K.

It's a matter of what is called "kidney threshold" for sugar. The

threshold is the degree of blood sugar concentration at which sugar will appear in the urine. Older persons tend to have a higher threshold than younger persons. This means it takes a higher blood sugar concentration for it to pass the kidneys and appear in the urine.

In such cases, the urine cannot be used as an index of the control of the diabetic problem. It is not a serious situation for your husband in the usual sense of the word. But it means his future diabetic state will have to be determined by properly-timed blood sugar tests exclusively.

In other words, the usual means of examining urine with specially treated paper strips would not be effective in determining your husband's sugar levels.

Dear Dr. Thosteson: Can you tell me if there is any one vitamin or vitamins that can be taken to slow down the process of hardening of the arteries? — G.B.

Deficiency of any of the various vitamins can cause any of a variety of metabolic problems. But none has to my knowledge any direct effect on hardening of the arteries.

Dietary factors such as obesity and cholesterol as well as elevated blood pressure and family history are more important.

Dear Dr. Thosteson: My husband has been very upset because I use salt pater in making corned beef. He says they use it in penitentiaries for sex control. I don't believe it. Please straighten us out on this. — Mrs. R.E.

Salt pater — from the Latin words "sal" (salt) and "petra" (rock) — has a chemical name, potassium nitrate (a salt of potassium).

That salt pater interferes with your husband's (or anyone's) sexual potential is a myth.

Low blood sugar is often the cause of faintness, headaches, visual and emotional disturbances. To learn how it can be identified and brought under control, write to Dr. Thosteson, in care of this newspaper, for a copy of "Help for Hypoglycemia," enclosing a long, self-addressed, stamped envelope and 25 cents.

Dr. Thosteson welcomes reader mail but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

'Sixth sense' triggered killings

Three detectives killed in shootout

MIAMI BEACH, Fla. (AP) — Three detectives are dead of gunshot wounds in a shooting spree spurred when they used "the sixth-sense that cops have" to check a luxury car that proved to be stolen, police say.

A man sought in the Thursday shootings was later trapped in a clump of seaside bushes and shot himself rather than give up, police said.

"He just didn't want to surrender," said one officer.

The man initially was identified as Joseph Mowlood of Blue Island, Ill., but police later said that was an alias. Officers identified the man as Ronald Joseph Borne, no hometown known, and said he was wanted on federal charges of interstate auto theft.

A police spokesman said the car Borne was driving had been stolen in Palm Beach and its license plate was stolen in Fort Lauderdale.

Borne was taken to a local hospital and reported in critical condition. "All I can say is that he's still alive," a hospital spokesman said this morning.

The slain detectives were identified as Tommy Hodges, 32, Clark Curlette, 28, and Frank Dazevedo, 32. All were members of the Dade County Public Safety Department's auto theft division; Hodges and Curlette had been in the division 2½ years and Dazevedo four years.

Police gave this account: The three detectives has just helped wrap up a separate investigation at a driver's exam station when they saw a new luxury car going by.

Acting on what Sgt. George Lucas described as "the sixth sense that cops have," a sense possibly heightened by the fact that Dazevedo had recently helped crack a stolen car ring specializing in such cars, the three decided to check out the car.

The car stopped at a motel less than a block away and the driver went into one of the rooms. Hodges and Curlette drove down in an unmarked police car, parked nearby and got out.

Hodges was just a few feet away from the room when he

was hit in the face with two shotgun blasts fired through a window. The gunman dashed outside and shot Curlette in the chest at close range.

Curlette died at the scene; Hodges died at a nearby hospital. Neither had drawn his own weapon.

Dazevedo, still at the exam station, ran toward the motel after the first shot. He arrived to see the gunman fleeing on foot. He gave chase, firing as he ran, but was cut down by return fire.

The gunman ran back to Dazevedo, already sprawled on the ground with mortal wounds in the face and shoulder, and shot him in the abdomen with a .38-caliber revolver. Dazevedo, too, died at the hospital.

Other officers, called in after the first shots, quickly fanned out through the area of motels, shops and offices in search of the gunman.

Miami Beach Officer Robert Acuna and others were searching along the beach when a shot rang out in front of them.

"I jumped into the vegetation and he was right in front of me," Acuna said. "He had a revolver in one hand and a shotgun next to him. As he saw me, he turned over. He never said anything," Acuna said the man was bleeding from an apparently self-inflicted head wound.

MASTER SURREALIST PAINTER DIES — Max Ernst, a German-born surrealist painter recognized as one of the modern masters of art, died Thursday night at his Paris apartment a few hours before his 85th birthday. Ernst suffered a stroke in May 1975 at his home in southern France and was flown to Paris for treatment. Since then he remained too ill to leave his apartment. Ernst is seen in front of his work "The Temptation of St. Anthony" in 1948.

Abilene schools superintendent resigns for college prexy post

ABILENE — Dr. Harold Brinson, superintendent of schools of the Abilene Independent School District since 1974, has resigned to become president of Southern State College in Magnolia, Ark.

The college has 1,800 students. The appointment hinges on release of Brinson from his three-year contract with the school district, which extends through 1977. That action likely will be taken by the school board Monday.

Southern State College has been approved for university status. It has been proposed that the name of the school be changed to University of South Arkansas.

Brinson has been associated with the Abilene schools since 1957 and was once a coaching aide to Chuck Moser.

Brigitte fights for animals

PARIS (AP) — French film star Brigitte Bardot says she is forming a "Brigitte Bardot Foundation" to fight for the protection of animals worldwide.

In a television interview shown Thursday, Miss Bardot called for a peaceful demonstration outside the Norwegian Embassy to protest the killing of baby seals by Norwegian fur hunters.

She was to have gone to the seal hunting grounds in Canada this week in a protest move, but she turned back in London when doctors said she was suffering from the effects of influenza.

Cites lack of support

KKK chief resigns

HOUSTON (AP) — Scott Nelson, a Ku Klux Klan leader here who unsuccessfully ran for several public offices including vice president of the United States, says he's quitting the white supremacist group and wants to become anonymous.

Nelson, 37, said because of his Klan activities he was fired last summer from a gas utility company, his wife is leaving him this summer and he suffered under a burden of local notoriety.

"When you say the Ku Klux Klan, people think of lynching and burning," Nelson said. "I'm going to resign from the Klan due to the pressure that's been put on me. Also, there's been a lack of brotherhood. I just didn't get the public support I hoped to achieve."

Nelson said in a telephone interview Thursday that being in the Klan "blackballs a man." Nelson organized the Fiery Knights here in 1973 and later was nominated by a national

KKK group as a candidate for vice president. Nelson later resigned, saying he was not getting support.

Later, he ran for mayor of Houston and for the school board. It was during this campaign he lost his job as a bill collector for a utility company.

Officials of the company objected to Nelson's campaign literature which they described as racist. Nelson has filed suit against the firm.

Nelson says his marriage now is breaking up after 18

years. "My wife has said she's leaving after school is out," he said. "My notoriety has led to this."

Bentsen labeled more liberal than McGovern

Gramm raps 'irresponsible government spending'

Economist Phil Gramm of College Station, who supported Lloyd Bentsen in Bentsen's successful bid for a U.S. Senate seat in 1970, decided to contest the senator's bid for re-election on one central issue: "Irresponsible government spending."

Texas primary election next month and would like nothing better than to challenge Republican Allen Steelman of Dallas in a one-on-one situation in the general election in November.

College Station says his lack of a big campaign fund has restricted his travel throughout the state — the big reason he has rarely been to West Texas.

As for providing the military with muscle, Gramm says that he believes in the "basic necessities to provide external and internal protection."

He would urge President Ford to dismiss Secretary of State Henry Kissinger and "dump detente."

He charged that Kissinger's threats to the Cubans were hollow and meaningless.

Gramm said economics should be the first tool used against Cuba.

TV and in a series of newspaper ads in the next few weeks.

Gramm brought his campaign to Big Spring Thursday afternoon. He met with members of the news media for more than an hour at The Herald.

SENATORIAL CANDIDATE PHIL GRAMM (R) With John A. Coffee, county booster

Asked if he had any plan to bring water to West Texas, Gramm said he did not but he is convinced that planning on the state level was not the answer, adding "we need a national plan to solve the problem."

The candidate takes a dim view of deficit spending, suggesting we are on a collision course with disaster if we don't try to balance the budget.

Gramm had strong words for people who are disenchanted with elected officials in Washington.

Gramm also called for the reinstitution of economic sanctions against Cuba by American companies in Latin America and by all members of the Organization of American States, to impose a penalty upon Cuba to induce the island country to halt its aggression in Africa.

Gramm said the revenue-sharing program and transfer more programs back to the states.

His willingness to frankly discuss all issues impressed the reporters and broadcasters present. Gramm admitted Bentsen is a front-runner in the campaign but reasons his job is far from impossible.

He thinks he has made strides in recent weeks and would like nothing better than to get the incumbent in a debate on the issues.

Gramm says that Bentsen's weakness for spending the public's money puts Ralph Yarborough to shame and labels the senator as being far more liberal than George McGovern, the Democratic standard-bearer in the last presidential race.

Gramm also thinks Ronald Reagan will take Gerald Ford over the hurdles in the

Far from becoming one-pump operations

Oil giant break-up renewed

WASHINGTON (AP) — A new effort to break up the nations' largest oil corporations into a host of smaller companies may have won the approval of a Senate panel but the industry giants are far from becoming one-pump outfits.

The proposal to force the breakup of the 18 largest oil companies won bare 4 to 3 approval Thursday from the Senate Judiciary Committee's subcommittee on antitrust, but despite its earth-shaking intentions, the move caused few ripples on Capitol Hill.

Getting through the subcommittee is probably the easiest test the bill will face, and there were no predictions that it would successfully make it through the full Judiciary Committee, much less through Congress and past

the President. Backers of the measure hailed it as major legislation for consumers.

Sen. Birch Bayh, D-Ind., who originally introduced the legislation, said breaking up the 18 industry giants would increase competition and "result in enormous benefit to the consuming public."

James F. Flug, director of Energy Action, a self-styled public interest lobbying group, said the measure "makes good economic sense for consumers, investors and the industry itself."

But William P. Tavoulareas, president of Mobil Oil Corp., warned that even subcommittee approval of the measure was "a first step toward higher energy prices and a serious weakening of the nation's ability to become self-sufficient in energy. This is

not the time for sweeping social experiments that could jeopardize the nation's energy security in order to provide short-term benefits for a few politicians."

A Judiciary Committee staff aide said it probably would be at least three weeks before the proposal would reach the full committee.

But Sen. Philip A. Hart, D-Mich., who won major changes in Bayh's bill in an effort to win more support for it, said he hoped the full committee would give the measure some priority.

Bayh said a filibuster to block action may be attempted in the Judiciary Committee, and he noted it is more difficult to end a filibuster in a committee than on the Senate floor.

As approved by the subcommittee, the measure would affect Exxon, Texaco, Standard of Indiana, Gulf,

Mobil, Standard of California, Atlantic-Richfield, Getty, Union, Sun, Phillips, Continental, Cities Service, Marathon, B.O.Sohio, Amerada Hess and Ashland.

The measure would require the companies to confine their operations to one of four principal segments of the industry — production, marketing, refining or transportation — and to divest themselves of other operations. Refiners would be permitted to retain retail outlets held prior to Jan. 1.

The subcommittee members who voted in favor of the proposal were Hart, Bayh, Edward M. Kennedy, D-Mass., and James Abourezk, D-S.D. Voting against were Sens. Roman L. Hruska, R-Nebr., Strom Thurmond, R-S.C., and Hiram L. Fong, R-Hawaii.

PROVEN LEADERSHIP

We urge your vote and support in Saturday's City Council election for Mayor Wade Choate, Harold Hall and Ralph McLaughlin. These men are not running as a "ticket," but they each have a record for positive, aggressive leadership for things which benefit Big Spring. They are builders.

We need people with this type of attitude to deal energetically and forcefully with the problems which will face our city government and our community in the next two years.

When you vote for Mayor Wade Choate, Harold Hall and Ralph McLaughlin, you know — based on their proven record of tireless civic service over the years — the type of effort and dedication you will get on the City Council.

Dead man improperly recruited

WASHINGTON (AP) — Marine investigators say local Texas law enforcement officials withheld information that would have disqualified the enlistment of a young Marine later killed in training, Marine Corps sources say.

The investigators found no evidence that a recruiter acted improperly in signing up Pvt. Lynn McClure, 20, of Lufkin, Tex., the sources said.

McClure's death last month after suffering head injuries in close combat training brought charges by Rep. Charles Wilson, D-Tex., that McClure was improperly recruited because he had a record of mental retardation and arrests. Marine officials say corps policy forbids the recruitment of individuals with either of those characteristics.

The McClure incident and allegations of other Marine abuses in recruiting and training will be probed by a House armed services subcommittee. Chairman

REP. CHARLES WILSON

Lucien D. Nedzi, D-Mich., announced Thursday.

As the Marines are undergoing some critical attention, the corps' headquarters is studying proposals by senior officers to relax what they call "excess stress" in the mental and physical training

of Marine recruits. Marine sources said investigators still are looking into McClure's fatal injuries while training with pugil sticks at the San Diego, Calif., training base last December. A pugil stick is a padded staff wielded by recruits in training designed to promote an aggressive spirit. The Marines have said McClure wore a football helmet at the time he was injured.

Meanwhile, investigators have sent Marine headquarters a report on their inquiry into the circumstances of McClure's enlistment last November. According to that report, sources said, the Marine recruiter was told by Lufkin law enforcement officials that McClure did not have a police record.

"At no time did the police, the sheriff or the district attorney state that he had been in a mental hospital," the sources quoted the investigative report as saying. The Texas officials were not immediately available

for comment on the Marine report.

McClure told the recruiter he had no police record and stated he had not been in a mental hospital, the sources said.

It was only after the investigators looked into complaints that McClure had been improperly enlisted that they learned that the original information provided to the recruiter was not true.

The sources said investigators found that McClure had a record of six "minor encounters" with Lufkin police.

The Marine report said investigating officers established that McClure had been in a mental hospital when they were told by an office employee of Rusk State Hospital that McClure was admitted there as a patient July 31, 1974, and was discharged 19 days later. There was no word on the nature of McClure's ailment.

In another facet of the case, Marine investigators apparently have not been able to determine just why McClure passed an enlistment mental examination on Nov. 13, after having failed the exam less than two months earlier.

Sources said the recruiter who interviewed McClure in Austin did not know that the Lufkin youth had failed in a Sept. 24 exam in his hometown.

According to one Marine source, the investigators found that McClure was given the same test form in Austin in November as he had used in the September test.

In summary, Marine sources said, investigators found "no evidence that the recruiter utilized unauthorized recruiting procedures in processing Pvt. McClure or any other Marine applicant."

Wilson has repeatedly criticized what he said is a quota system for recruits that pressures Marine and Army recruiters to bring in underqualified recruits.

"I think there has been a pattern—in Texas at least—of great pressure being put on recruiters to meet these quotas," Wilson said.

Lightbulb sale dates listed

Dates for the annual Lions Club lightbulb sale have been announced for April 26-27 and 29 — a Monday, Tuesday and Thursday.

Dave Morrison is general chairman for the sale by which the Downtown Lions Club finances much of its sight conservation and help for blind, as well as other humanitarian projects. He alerted residents to the dates because many hold off getting bulbs so they can buy from Lions.

ELECT
RALPH McLAUGHLIN
City Commissioner
Place 2

Choosing a city commissioner is important anytime, but in a vital time in the life of our town — such as now — the choice is doubly important.

Right now we must have council members who have a positive attitude, who believe in building, in going after industry and other things that will make our town better, no matter what.

Ralph McLaughlin is that kind of person. He has built a successful business. He has worked for young people as a school board member. He has been on the Industrial Foundation, helping obtain several industries. He has worked for aviation and highways — for just about everything that has made our city better balanced, better supported, more liveable.

Please let Ralph McLaughlin work for you in the next two critical years as your city commissioner.

Mrs. Klampfer hosts Mu Zeta meeting

Members of the Mu Zeta chapter of Beta Sigma Phi met Monday evening in the home of Mrs. Judy Klampfer, Mrs. Darlene Boehmer presided.

Mrs. Boehmer announced that the theme of the Founder's Day celebration and the club year 1976-77 will be "Follow the Rainbow Road." The celebration will be held April 22 in the Officers' Open Mess, Webb Air Force Base.

A letter from Mrs. Sandy McMullin inviting all members to attend a showing of Silver Bear jewelry was read.

Mrs. Boehmer, Mrs. Suzanne Haney and Mrs. Meta Gress will attend the next BSP City Council meeting.

Girl of the Year and Pledge of the Year were selected. The winners will be announced at the Founder's Day celebration.

Members elected officers for the next year. They are Mrs. Gress, president; Mrs. Paulette Schafer, first vice president; Mrs. Debbie Wegman, recording secretary; Mrs. Rose Davis, corresponding secretary; Mrs. JoAnne Little, treasurer; and Mrs. Haney, BSP City Council representative.

Mrs. Schafer gave the program "A Woman Chooses." She stated that persons afflicted with birth defects or accident disabilities can overcome their handicaps. Mrs. Schafer said that self-motivation and a quiet time to help find inner strength help a person adjust to handicaps.

Mrs. Mitzi Krebs explained the different types of membership.

Mrs. Haney won the door prize furnished by Mrs. Gress. Mrs. Cindy Gentry received the food basket from Mrs. Wegman.

The next meeting will be at 7 p.m. on April 12 in the home of Mrs. Gentry.

DEAR ABBY: I have heard that men who are bald at an early age have a very low sex drive. Is that true?
GOING WITH ONE

DEAR GOING: Not necessarily. Just because there's chrome on the dome doesn't mean there's no power under the hood.

DEAR ABBY: I am writing from my hospital bed where I have been confined for three weeks. I'll be here for at least another three weeks for treatment, but that's not my problem.

My problem is a relative who comes to visit me nearly every day. I never saw that much of her when I was well, and she aggravates me. She always brings me bad news and the worst kind of gossip. If I have other visitors while she's here, she doesn't let anybody else talk. She is a very loud and overbearing person. And she's an authority on everything.

She asks questions that are none of her business, such as: "How much does it cost to stay here and how much is covered by insurance?" Then she ends up by telling me that most people go home sicker than they were when they came to the hospital because there is so much disease around there.

Also, she said, "You aren't really sick at all; it's all in your head."

Abby, how can I keep that woman out of here? I don't want to put a "Do not disturb" sign on my door because I like company—but not her! What can I do?
TRAPPED IN THE HOSPITAL

DEAR TRAPPED: Enlist the help of your nurses and/or your doctor. Ask them to please tell the woman that her visits are upsetting and she is not to come again.

Local 4-H members place in district show

Howard County 4-H members again placed high in competition at the District 4-H Food Show held in Monahans Saturday.

Senior winners will compete in the state 4-H Food Show in June. The district contest was the final competition for juniors from a 20-county area.

Karla Holman won first place in her senior division. She will compete with other 4-H members for a \$500 scholarship at the state show. Karla is a member of the Coahoma 4-H Club and the daughter of Mr. and Mrs. Donald Holman. She received a silver bowl and a purple rosette ribbon as first place winner.

Karen Hobbs and Darla Harrington were first alternates in their divisions in senior competition. Karen is the daughter of Mr. and Mrs. Johnnie Hobbs and a member of the Just For Fun 4-H Club. Darla is the daughter of Mr. and Mrs. Charles Ray and a member of the Coahoma 4-H Club.

Donna James of the Coahoma 4-H Club, placed high in her division and received a blue ribbon. She is the daughter of Mr. and Mrs. Ovis James.

VA will screen for hypertension

May has been designated Hypertension Month for all Veterans Administration hospitals and clinics. VA's program is in cooperation with the Department of Health, Education, and Welfare, the American Medical Association and other health groups.

In addition to screening veterans for hypertension, VA will collaborate with community and national groups in disseminating information about this disease.

Of the 300,000 veterans screened by VA during a four-year program, 29 per cent are hypertensive. Rates as high as 70 per cent have been found in certain ethnic groups in some localities. These findings suggest there may be several million

veterans with hypertension, frequently the precursor of heart disease, strokes, and kidney failure unless identified and treated early.

VA dentists also screen for high blood pressure. Through their efforts, as many as 2,000 previously undiagnosed hypertensive patients will be directed into medical care programs each year.

About 85 per cent of the screening and treatment in the VA hypertension clinics is done by nursing and allied health personnel, allowing major saving in physician manpower.

VA cost of treating the hypertensive patient, including screening and payment of travel to and from the VA health care facility, is about \$1 per day.

Houston police chief favors use of wiretaps

HOUSTON (AP) — Houston Police Chief B. G. "Pappy" Bond, warning of an increasing dope problem here, has given his support to a bill that would legalize wiretapping as a tool for fighting hard narcotics.

Bond said Thursday the hard dope problem in Houston is getting worse and added, "We are being set upon by an army of dope peddlers from Mexico."

Bond displayed a copy of the bill, drafted by Asst. Dist. Atty. Sam Robertson Jr., just one day after nine Houston policemen and one former policeman were acquitted of illegal wiretapping charges.

"I don't think the good people have to wait until heroin invades their homes," Bond said, displaying letters he said supported his call for controlled legalization of wiretapping.

Wiretapping is illegal in Texas except when authorized by a federal judge and performed by federal officers. Federal law does permit individual states to enact wiretapping laws and Bond said 23 other states now have laws that permit wiretaps and other electronic surveillance under state court orders.

The proposed bill would require a wiretap be authorized by a state district court judge on the request of

the Texas attorney general or the chief prosecuting attorney of a judicial district.

Such taps would be authorized only against suspects believed to be involved in the manufacture, delivery or possession of opium, opiates, heroin or cocaine.

The bill further stipulates that an application for a wiretap would identify the name of the officer installing the tap, the officer authorizing the application, a complete statement of facts on why the wiretap

might produce evidence of dealings in hard drugs, the length of time the tap would be maintained and information on any previous applications submitted by the same officer or officers.

Bond said penalties are provided for misuse of the law would be classified as a third degree felony punishable by two to 10 years in prison and or a \$5,000 fine.

Not a private line for Henry

WASHINGTON (AP) — Secretary of State Henry A. Kissinger says his aides still listen in when he has conversations on the telephone with President Ford and other officials.

"I can't conduct my business any other way," Kissinger said Thursday, explaining that his aides take notes on things he promises to do in his talks. It was not clear whether the caller is aware others are listening.

Kissinger said he is so busy that this routine is necessary to help him keep track of affairs.

Four sergeants retire at Webb

Four Webb AFB sergeants retired from the Air Force the end of March. They are MSgts. Rodney O. Nelson, Calvin H. Watkins and Richard L. Tikala and TSgt. Tim M. Stallings.

Sgt. Watkins grew up at Colorado City and is making his home in Big Spring. He invested in a local service station. He and his wife, Nelda, have three sons: Kenneth, 16; Keith, 14; and Glen, 5.

Before coming to Webb in 1970, Sgt. Watkins spent a year at Tan Son Nhut, South Vietnam. He had two tours in Germany at Hahn from '63 to '66 and Spangdahlem from '67 to '68. He was T-38 flight chief when first assigned here, then for the last two and a half years was the senior controller in Maintenance Control.

Sgt. Stallings and his family will remain in Big Spring until school is out, then plan to move to Orlando, Fla. He will teach small arms skills in the sheriff's department.

Seeks spy fund disclosure

WASHINGTON (AP) — The Senate intelligence committee will seek to force the public disclosure of the amount of money the United States spends each year on spy operations. Chairman Frank Church, D-Idaho, said Thursday the panel would either publish the spending figure in its final report or recommend the amount be made public when Congress is asked to approve the intelligence budget.

Ford in Wisconsin

President Ford took his campaign for a full term in the White House to Wisconsin today while Democrats battling for their party's presidential nomination sought votes there and in New York. Former Georgia Gov. Jimmy Carter, Washington Sen. Henry M. Jackson and Arizona Rep. Morris K. Udall, contestants in the Democratic race, were on a single stage in New York City on Thursday. Sen. Hubert H. Humphrey, D-Minn., unannounced as a candidate but willing to accept a draft, was there, too.

Entrants to walk Miles for MOD donations

Thirteen miles for the March of Dimes is what entrants in the annual MOD Walkathon will be shooting to complete Saturday, April 10.

Vaughn Martin, CapRock chapter chairman, announced at the MOD board meeting Thursday night that walkers will set off from the Comanche Trail Park pavilion at 9 a.m. that morning for the 13-mile circuit of Big Spring.

Proceeds from the Walkathon will benefit MOD birth defects work, which in Texas includes more than \$200,000 in research grants to six major medical centers, \$500,000 toward birth defects education in communities across Texas, and nearly \$200,000 for medical service programs.

Idea behind the MOD Walkathon is for entrants to collect sponsors willing to pledge a set donation for each mile the walker completes.

Sponsor forms are available in Big Spring schools, the Howard County Library, the Hobby Center on 11th Place, and at the March of Dimes office in the Permian Building. There is no age limit.

Prizes awarded last year included a 10-speed bike, television, CB radio, transistor radio, tape player and silver coffee service.

Award categories will be for most money raised,

second most money raised, fastest walker, most sponsors collected, oldest walker, youngest walker and tuckiest walker.

The 5-Watters Club again will man rest stops along the Walkathon route.

Board members also discussed plans for a second MOD marathon event — the Tennathon sponsored by the Women's Tennis Association. The 24-hour Tennathon will run from 5 p.m. April 30 to 5 p.m. May 1 at the Figure Seven Tennis Center under the direction of Debbie Stephens.

Tennathon sponsor forms are available at the Figure Seven Tennis Center.

The Women's Tennis Association will donate 75 per cent of the proceeds to the March of Dimes and use the remaining 25 per cent of the Tennathon receipts on improvement projects at the tennis center.

Chairman Martin praised KBST sportscaster Bob Bell for his efforts at the recent Northwest Texas YMCA basketball tournament which raised \$350 for MOD birth defects work. Martin noted that Big Spring Hardware had donated trophies for the sports event.

Board members attending the meeting were Vaughn Martin, Craig Fischer, Edith Gay, Mattie Watson, Felice Logan, Carole Owen and chapter executive secretary Rose Teems.

If you grow sorghum on sandy soils, it's time you tried Igran.

Because Igran® is the sorghum herbicide that really fits the sandy soil conditions in the South High Plains and South Rolling Plains.

And because it fits, Igran is easier to use. There's no guesswork or experimenting with rates. Just follow the label directions.

Then watch your sorghum come through clean and healthy. Because Igran controls those tough broadleaf weeds like carelessweed and

annual morningglory. Controls them early, before they have a chance to rob your crop of vital soil moisture and nutrients.

Igran. Once you try it, you'll keep on using it. Because now you've got a sorghum herbicide that really fits your sandy soil conditions.

Navy, AF, Army fires 22,000 Army plans fort closings

WASHINGTON (AP) — The Army said today it plans to close or impose reductions at 29 forts and other bases in a move to cut non-essential overhead and save at least \$42 million.

The actions would result in elimination of 4,500 civilian jobs and transfer of 13,128 servicemen and civilian workers.

The affected bases, ranging from forts to small district recruiting headquarters, are located in 17 states, the District of Columbia and Puerto Rico.

The Army plan is conditional largely on the outcome of studies assessing the impact of the moves on the environment and factors such as employment, schools and housing. The studies are required by law and will take up to nine months.

Counting cutback plans announced by the Air Force and Navy last month, the new Army actions bring the total of affected bases to 160, the number of jobs to be reduced to 22,000 and the claimed annual savings to about \$248 million.

Sixteen of the 29 bases or

forts would be closed. They include: Ft. Hamilton and Ft. Totten, N.Y.; Ft. MacArthur, Los Angeles; Ft. Buchanan, Puerto Rico; the Savanna Army Depot, Ill.; the Jefferson Proving Ground, Ind.; Arlington Hall Station, Va.; Vint Hill Farms Research Station, Va.; and family housing at Schilling Manor, Kan., and seven district recruiting headquarters.

The most heavily affected base is Ft. Devens, Mass., which would lose 4,372 military personnel and 846 civilian jobs with the planned transfer of the Army Security Agency Training Center, a special forces group, an engineer battalion and other troop units elsewhere. Ft. Devens would be left only with a reserve training mission.

Next hardest hit would be the Aberdeen Proving Ground, Md., which would lose 1,578 military and 741 civilian positions with the shift of an ordnance school to Redstone Arsenal, Ala., and relocation of some other activities to Ft. Eustis, Va.

Princess buys father's cottage

DUBLIN, Ireland (AP) — Princess Grace of Monaco has bought the thatched cottage in western Ireland where her grandfather, "Big Jack" Kelly, was born.

Lawyers for the princess said Thursday she paid \$38,000 for the two-bedroom cottage at Diumurla in County Mayo that has been the home of Ellen Mulchrone, 83, for more than 50 years.

The princess has been corresponding with Mrs. Mulchrone since she and her husband, Prince Rainier, visited the widow at her cottage on their state tour of Ireland in 1961.

Bentsen pleased with Thicket promise

WASHINGTON (AP) — Sen. Lloyd Bentsen, D-Tex., says he is pleased with the latest promises by the Interior Department to save threatened timber acreage in the Big Thicket National Preserve in East Texas.

Assistant Interior Secretary Nat Reed told Bentsen that the National Park Service would begin acquiring the land through a "declaration of taking," which requires no legislative action, as soon as possible.

Interior Secretary Thomas Kleppe had indicated in February that he was hesitant to proceed with such a declaration.

Reed said Thursday during questioning by Bentsen at a hearing of the Senate Interior subcommittee on parks and recreation that the service would move to acquire "the majority of tracts involved in timber cutting" between now and July 1 if Congress gives final approval to a \$3.8 million supplemental appropriation.

"I will continue to press the Interior Department for action," said Bentsen, one of the sponsors of the legislation creating the national preserve.

FIGHTER NEAR DEATH — Chuck Wilburn of Cleveland, is worked on in ring corner seconds after he was knocked out by Hector Thompson of Australia in tenth round of a junior welterweight bout in Sydney Thursday night. Brain surgeons operated on Wilburn and afterward reported that he was close to death. Five years ago Thompson knocked out Rocky Spinks in tenth round of a fight and Spinks died the next day from a brain hemorrhage.

BoSox wrap silver lining around extra-inning loss

It was only the second loss of the exhibition season for Boston, the defending American League champions, but Red Sox Manager Darrell Johnson was pleased with what he saw.

What Johnson observed was strong pitching by starter Reggie Cleveland, who went five innings, and relievers Jim Willoughby and Tom House.

"Reggie had the best stuff he's had all spring, but he was up high too much," Johnson said after the Montreal Expos broke a 3-3 tie in the top of the 13th inning and went on to take a 6-5 victory.

Cleveland gave up three runs, one unearned, on seven hits. But he struck out five and didn't walk a batter. The loss was suffered by rookie Mark Bombard, who was tagged for six hits in three innings.

Larry Bittner slammed a two-

run single to cap Montreal's winning 13th inning rally. The Expos also were led by Larry Parrish's three hits.

The Red Sox came back in the bottom of the 13th, scoring two runs on Butch Hobson's double, singles by Tim Blackwell and Cecil Cooper, a sacrifice and an infield out. But it was not enough.

The Giants were out 13-5, but San Francisco game away with Willie Montanez and a triple by Ken Reitz drove in three runs in the fifth.

A bases-loaded double by Tom Poquette in the eighth inning lifted the Kansas City Royals over the New York Yankees 4-3. Jamie Quirk's solo homer and Frank White's RBI double accounted for the other Kansas City runs.

Cleveland's Joe Lis' three-run

blast with two out in the ninth sent the Indians to a 5-4 victory over Milwaukee.

Roger Metzger's run-scoring single capped a three-run Houston burst in the ninth inning that gave the Astros a 5-2 victory over the Detroit Tigers. Wilbur Howard homered for Houston in the fourth, while Detroit's Bill Freehan led off both the fifth and seventh inning with doubles, scoring each time.

Bill Melton, Leroy Stanton and Joe Lahoud slammed consecutive home runs as the California Angels crushed Chapman College.

The Minnesota Twins, with Bert Blyleven hurling six innings of four-hit ball and rookie catcher Butch Wynegar scoring two, closed their spring training camp with a 3-0 victory over Tacoma, their Pacific Coast League farm club.

Third player in history

Abdul-Jabbar's 4th MVP

NEW YORK (AP) — The Los Angeles Lakers are in danger of missing the National Basketball Association playoffs, but their 7-foot-3½ center, Kareem Abdul-Jabbar has grabbed the league's Most Valuable Player award for the fourth time.

"I'm very flattered to win the award," Abdul-Jabbar said. "I didn't expect I would win because it usually goes to a player on a winning team. But I thank the guys I play against for voting for me and I thank the Creator."

Abdul-Jabbar, only the third player in NBA history to win the MVP title four times, leads the league in rebounding, blocked shots and minutes played, and is second to Buffalo's Bob McAdoo in scoring.

The Lakers center received 409 points in edging rival centers McAdoo and Dave Cowens of the Boston Celtics for the award.

McAdoo, who won the MVP trophy last year, finished second with 393 points. Cowens, the 1973 winner, finished third with 378

points in the closest three-way race in NBA history.

In his first season with the Lakers after playing for six years with the Milwaukee Bucks, Abdul-Jabbar won the league's MVP award in 1971, 1972 and 1974. Center Wilt Chamberlain also was a four-time winner and center Bill Russell won it five times.

Forward Rick Barry of the Golden State Warriors was a distant fourth in the balloting with 201 points. Points are awarded on the basis of five points for first place, three for second and one for third in balloting by the league's players.

Philadelphia 76ers forward George McGinnis finished fifth with 80 points, followed by guard Dave Bing of the Washington Bullets (35), guard Phil Smith of Golden State (25), forward Elvin Hayes of Washington (17), and guard Nate Archibald of the Kansas City Kings and center Jim Chones of the Cleveland Cavaliers, who finished with 13 points each.

Toronto expansion causes dichotomy

NEW YORK (AP) — Baseball Commissioner Bowie Kuhn — caught in the middle of a battle that now involves two countries, both pro leagues and some of the United States' most influential politicians — still is looking for a comfortable seat on the Toronto expansion time bomb.

Kuhn set the incendiary mechanism at seven days by announcing Thursday that the American League may expand to Canada's commercial capital if, before that period expires, the league can provide "suitable provision for Washington." If it does not, he said, "I will consider the application of the National League" for a 1977 franchise.

The commissioner did not define what a "suitable provision" would be and said he did not expect an enthusiastic response to his ruling.

In a seven-paragraph prepared statement that outlined his position, Kuhn admitted that "this decision may well be disappointing in whole or in part to all of the parties and communities involved."

No one agreed more readily than AL President Lee MacPhail, whose opinion was that "any attempt by the Commissioner to interfere is neither just nor fair."

But there are things Mac-

Phail and his owners may have overlooked in making the statement, such as the fact that "during the past week political and civic leaders in Washington have urged me to take the necessary steps" to return baseball to the Nation's Capital. These leaders include President Ford...

Then there is Kuhn's obligation to safeguard the "best interests of baseball," a term some find as nebulous as the phrase "a suitable provision for Washington."

All in a day's work, according to Kuhn. "Sometimes, you write things on purpose that are not totally clear," he said.

Meanwhile, it appears everyone is acting as though Kuhn hadn't made a statement Thursday. MacPhail said his league "intends to go forward with its plans for Toronto," and Herb Solway — attorney for the Toronto group which seeks a franchise — said "This is obviously an interleague fight with Kuhn. We can just go ahead with the assumption that everything will work itself out."

What Kuhn says has to be worked out is "whether the (American) League's plan on expansion into Toronto is permissible since it fails to make any provision for baseball in Washington, D.C."

DIES — Chris Patton, left, a sophomore center on the 11th-ranked Maryland Terrapins basketball team, collapsed and died following an informal game of basketball with friends on the campus of the University of Maryland Thursday. Cause of death for the 20-year-old Bessemer, Ala., native was attributed to cardiac arrest.

White Sox sent to minors

SARASOTA, Fla. (AP) — Pitchers Ken Kravec, Tom Stoddard and Chris Knapp have been sent to the minor league baseball camp for reassignment by the Chicago White Sox.

The Sox also moved first baseman Mike Squires to the minor league camp Thursday in the second cut of the year.

Dismal weather strikes golfers

GREENSBORO, N.C. (AP) — Some "pot luck" iron shots, a brand-new putter and some wet, shivering pickets were the first-round features in the \$230,000 Greater Greensboro Open Golf Tournament.

"The fairways were so muddy you were just playing pot luck out there," said big Jimmy Wiechers, who survived his difficulties Thursday with a five-under-par 66 that gave him a tie for the lead with old pro Gay Brewer.

Messersmith star witness

NEW YORK (AP) — Testimony in the Andy Messersmith-New York Yankees' dispute will come today from — of all people — Andy Messersmith.

The star pitcher will be the star witness in the cause celebre over whether his agent did or didn't commit him to the Yankees. The hearing was to be held in the offices of Commissioner Bowie Kuhn who said Thursday he had seen all the documents in question.

"I can't comment on it," Kuhn said after Thursday's four-hour session with representatives of both sides. "Hopefully, I'll have a decision Friday."

Messersmith, who officially became a free agent more than two weeks ago, has allowed Herb Osmond, his agent, do the negotiating for him.

According to today's editions of the New York Times, the two key differences concern the no-cut provision and deferred payments in the memorandum signed by Osmond and Yankee President Gabe Paul and the formal contract Messersmith was later asked to sign. The former Los Angeles Dodger pitcher refused to sign the contract and charged the Yankees with renegeing on the deal.

Mojo walks past Steers

ODESSA — A case of wildness mixed with a case of the flu cost the Big Spring JVs a game Thursday losing to Odessa Permian JVs 9-8.

Clem Sanchez (2-1) couldn't find the plate yesterday walking seven Panthers in four innings. Six of the walks became runs.

Larry Smith relieved Sanchez in the fifth and allowed just one unearned run in his two innings. He would have come in sooner, but he had been down with the flu earlier in the week and the coach didn't think he was strong enough to pitch more than a couple of innings.

The Steers outit Permian 12-7. Leading the onslaught was Tony Mann going 4-for-4, hitting two doubles and driving in three runs. Steve Evans was 3-for-4 and Don Stump was 2-for-3, with a double.

Del Poss had one hit and three ribbies and Mike Abreo had a hit and an RBI.

Big Spring's record is 7-3 and Permian's is 4-1.

Big Spring JVs play the Midland Lee Rebels today at Steer Park at 4:00. They're also at home Monday against Permian.

Steers at Midland Lee

The Big Spring Steers (13-4) will be in Midland Saturday to challenge Midland Lee (10-8), the team picked to finish second to the Steers in the 5-4A preseason poll. Game time 2:00.

In district play BS is 3-0, tied with San Angelo Central for first place. The Rebels are 1-2 and tied with Odessa Permian for fifth.

Alan Neal leads the Rebels at the plate with a .400 batting average, two homers and 10 RBIs. Greg Howard is hitting .372 and Rusty Laughlin .371.

Their top hurlers are Dick Schmidt (4-1), expected to pitch Saturday, Doug Laufer (3-1) and Brent Huckaby (2-1).

Dick Battle (4-1) will pitch for the Steers.

TODAY I GET MY CAST OFF

THESE HAVE BEEN THE LONGEST SIX WEEKS OF MY LIFE... OF COURSE AN ACCIDENT LIKE THIS MAKES YOU THINK...

IT FORCES YOU TO TAKE A CLOSER LOOK AT YOUR OWN LIFE... IT MAKES YOU WANT TO ASK QUESTIONS.

LIKE, WHY ME?!

DICK TRACY

YES, WE HAVE A 16MM SOUND PROJECTOR, WE'LL BE WAITING FOR YOU.

HE'LL BE RIGHT OVER WITH A 40 SECOND FILM CLIP.

HE SAID HE SAW NO WEAPON.

AND "GREENBACK" WAS SHOT AT CLOSE RANGE.

WHAT IS 'CLOSE RANGE'?

WITH POWDER MARKS, MAYBE 1 OR 2 FEET?

B.C.

COACH... NO MATTER WHAT SIZE BAT I USE, I CAN'T GET THE BALL OUT OF THE INFIELD.

STAND BACK AND LET ME SEE YOUR SWING.

OK... HELP ME GET THIS THING OFF MY SHOULDER.

GASOLINE ALLEY

Must you feed the dog so late?

I have a tight schedule!

You're sitting on my bed!

It's okay! Mama doesn't mind!

The springs are shot on this one anyway!

GEE, I HOPE THE JERSEY POLICE HAD TIME TO ALERT THE NEW YORK POLICE.

I HID THE STUFF IN THIS ROOM NEXT TO MINE.

NO WONDER WE COULDN'T FIND IT.

OH!... OCCUPIED! BEG PARDON, SIR, WHEN WE CHECKED OUT OF THIS ROOM, WE FORGOT SOMETHING. COULD WE GET IT?

MARY WORTH

AN INVITATION, MILLIE?

FOR LUNCH, MRS. WORTH? DO YOU ACCEPT?

I'LL BE DELIGHTED! WILL YOUR HUSBAND JOIN US?

NO, I'M TAKING YOU TO A HEALTH-FOOD RESTAURANT! JASON IS A BEEF-AND-POTATOES ADDICT!

BUT WE'LL BE MEETING A NEW FRIEND OF MINE THERE! I'M SURE YOU'LL FIND HER INTERESTING!

...AND... WELL... DIFFERENT!

REX MORGAN

I TRIED HER APARTMENT BUT THERE'S NO ANSWER! HAVE YOU ANY IDEA WHERE I MIGHT FIND HER, DOCTOR?

HER AFTERNOON OFF... SHE'S PROBABLY OUT SHOPPING! WHY DON'T YOU TRY HER APARTMENT LATER?

IT SEEMS THAT MOST OF MY PATIENTS ARE MORE INTERESTED IN TALKING TO MY NURSE THAN THEY ARE TO ME!

Methodists schedule Holy Week activities

Several special events will be hosted at First United Methodist Church during Holy Week in special pre-Easter services.

The Howard County Ministerial Association, in conjunction with First

Methodist, will host five noonday programs with guest ministers and special music each day.

Citywide participation with the noon meal is programmed. The Rev. Carroll C. Kohl, president of

the alliance and pastor at St. Paul's Lutheran, will open the service Monday, April 12. Music will be provided by the Beale Ringers, headed by Watler Wheat.

On Tuesday, April 13, the Rev. Harlan B. Birdwell, pastor at St. Mary's Episcopal Church, will be speaker with the Howard College Chorale providing the program.

Dr. Kenneth Patrick pastor of First Baptist Church, will speak on Wednesday, April 14 with the Meistersingers from the high school providing the music.

The Rev. Louis Moeller, pastor of the Immaculate Heart of Mary Catholic Church, will speak Thursday, April 15. Horace Hise will present the music.

The Rev. R. Gage Lloyd, pastor-emeritus of First Presbyterian, will speak on Friday, April 16 with David Norville Sr. providing music.

Hal Boyd, chairman of Ecumenical Affairs and De Rihard, coordinator of Family Ministries of First Methodist, are planning the program. Boyd is to coordinate the service and Rihard the meals. Lunch will be served daily from 11:30-12 and the service at 12:05-12:35 p.m. with a second lunch served until 1 p.m.

THE WRIGHTS evangelistic team due here

College Baptist sets revival

The College Baptist Church, Eleventh at Birdwell Lane, will be hosting an Evangelistic Rally, April 4-7. The Rally will be led by the evangelistic team of Richard Shanks, and Steve and Theresa Wright, who are associated with the Boyce Evans Evangelistic Association.

Shanks, 26, attended middle school in Germany, high school in Memphis, Tennessee and Mississippi College.

While preaching revivals in Louisiana, Mississippi, Tennessee, Arkansas and Kentucky, he continued his education at Shelby State Community and Christian Brothers Colleges.

He gave up his pastorate at Shakertown Baptist Church in Harrodsburg, Kentucky in order to attend Criswell Bible Institute in Dallas from which he will be graduated in May 1976.

As the musical part of the newly-created evangelistic team, Steve and Theresa Wright bring dedication, experience and talent to the evangelistic field.

Steve, native of Tennessee,

comes to the team direct from the First Baptist Church in Moberly, where he served as minister of music and youth. He holds a B.S. in Music from East Tennessee State University.

His experience ranges from directing music for revivals in Indiana, Tennessee, and Missouri, to approximately 200 solo performances at weddings, beauty pageants, business and professional clubs. He has directed sanctuary, youth and junior choirs.

Richard Shanks, Steve and Theresa Wright — three dedicated young people, are destined to become some of America's top evangelists, according to church members. At their age, they are predicted to make a tremendous impact on the youth of this nation.

Services will begin this Sunday, April 4, at 10:55 a.m. and at 6:55 p.m. The weekday services, Monday through Wednesday, April 5-7, will be at 7:30 p.m. Everyone is invited and urged to attend one or all of the services, church officials added.

Palm Sunday music set at special program here

Palm Sunday music at First United Methodist Church, April 11th from 8 to 7 p.m., will be presented in the Sanctuary, 4th and Scurry Streets.

Two of the most beautiful, eloquent and exciting presentations of "The Passion" will be presented in music by the 50 Voice Chancel Choir, plus guest instrumentalists.

The first half will be the cantata "Christ Lay In Death's Dark Prison" by J. S. Bach, soloists will include Joyce Bradley and Marilyn Newsom. There is no greater Bach than this cantata. Each of the seven numbers is considered a masterpiece.

The second half of the service will be "God's Trombones" by Roy Ringwald. This highly dramatic, and very exciting cantata was written by Ringwald for Fred Waring and the Pennsylvanians, who first presented it on television in 1952.

The unique and pre-eminent place of the Negro spiritual in American religious folk art has been

Jehovah Witnesses set meet

The presiding overseer of Jehovah's Witnesses in our local area announced plans for the congregation to attend their semi-annual circuit assembly in Arlington. About 75 are expected to attend from here when the assembly, scheduled April 3-4, commences.

The theme of the assembly is "Become Doers of the Word" taken from the scriptural thought in James 1:22. The assembly will be designed to help all see the need of applying the Bible's counsel in every activity of day-to-day living.

Highlighting the assembly program will be the public talk given by District Supervisor, W. S. Brandozzi, entitled "Are You Doing What God Requires of You?" This will be delivered on April 4 at 2 p.m. The public is invited to attend all sessions.

widely recognized. Featured in "God's Trombones" will be Arnold Marshall and Marilyn Newsom as the narrator-speakers. Accompanying the Chancel Choir will be a 25-piece orchestra of local and out-of-town musicians. The service is open to the public who are cordially invited to be in attendance, church officials added.

Speakers slated at meeting in Abilene

ABILENE — Dr. Clyde Fant, pastor of the First Baptist Church of Richardson, and Dr. Ray Summers, chairman of the Department of Religion at Baylor University, will be the main speakers at the annual Spring Pastors' Conference April 13 at Hardin-Simmons University.

Dr. Fant, former professor of Preaching at Southwestern Baptist Theological Seminary, will speak on "Preaching: Ardor and Accuracy," and "Preaching: The Certainty of the Kingdom." Dr. Summers, a former professor of New Testament at Southwestern and at Southern Baptist Theological Seminary, will speak on "Revelation: A Look at Options."

The conference is sponsored by the H-SU Division of Religion, headed by Dr. Lindell O. Harris. It is open to all pastors and interested laymen in the Abilene area.

Women of church to host speaker

The women of the Presbyterian Church will meet in regular session at 2 p.m. Monday, April 5 in the Elizabeth McDowell classroom at the church.

Mrs. Johnnie Lou Avery, co-chairman of the Big Spring-Howard County Bicentennial commission, will be guest speaker. All women are cordially invited to attend, according to Mrs. Louise Porter, president.

HOUSTON HODGES

Presbyterians set service for Holy Week

The First Presbyterian Church has scheduled plans to host the Rev. Houston Hodges as their Holy Week speaker for special services, starting April 11 and lasting through April 14.

Plans for the week of special meetings and events will be announced next week. The Rev. Hodges is associate executive for nurture of the Synod. With two other executives, he is responsible for providing leadership for 100,000 United Presbyterians over a 400,000 square mile "parish" in Arkansas, Louisiana, Oklahoma and Texas.

His office is in Denton. The Rev. Hodges has the task of finding and equipping persons for ministry and mission and works with national, synod, and presbytery groups in the area of the development of personal resources.

Such areas are membership recruitment and evangelism, education for officers and members, and stewardship education are among his concerns.

He is also said to be an expert at communicating with young people. The church will host several special meetings during the pre-Easter services.

Big Spring deanery board meets

A board meeting of the Big Spring Deanery of Catholic Women was held on March 16 at 7 p.m. at Immaculate Heart of Mary School library.

Mrs. George T. Foster, president, presided over the meeting. The annual Big Spring Deanery Meeting will be on April 6 at Our Lady of Guadalupe Church, Snyder.

Registration will begin at 6:30 p.m. with a cover-dish supper. Msgr. Andrew A. Marthaler will be the guest speaker.

Bishop Stephen A. Leven will be present for the meeting. Under new business will be the election and installation of officers for the Big Spring Deanery. All deanery members, their husbands, and guests are invited.

Academy entry goal of many

The number of students seeking appointments to the Air Force Academy is the highest in the school's 22-year history.

The academy has received 9,314 nominations. Of that total, 1,189 were for women, but the number of men hoping to enter the academy is also more than ever before. The highest previous total of nominations was 8,017 reached three years ago.

To date, 596 young men and 28 young women have secured appointments to enter the academy. The selection process should be completed by the end of April.

Church of God revival slated

Special revival crusade services begin April 5 at the Church of God located at 603 Tulane, where the Rev. O. D. Robertson is the pastor and where the Rev. Lonnie Stewart is the evangelist.

A forceful speaker, Evangelist Stewart, is said to "tell it like it is" as he applies scriptures to world events and to the pressing personal needs of people today. He has been especially effective in communicating the gospel to human needs in a unique and distinctive manner.

Rev. Stewart comes from Washington, Pa. where he is pastor of the Church of God. The Stewarts, though still a young couple, have contributed to spreading the gospel in many areas.

He served as state youth director in Nebraska and also was instrumental as a new-field evangelist in organizing the Church of God in Perryton.

The campaign locally, according to Pastor Robertson, is in cooperation

with the worldwide simultaneous evangelistic effort involving approximately 10,000 congregations of the Church of God in some ninety countries.

According to the local pastor, area families are warmly invited to attend these special meetings which begin nightly at 7:30 p.m. The nursery will be open for the convenience of parents who wish to attend.

Cancer society meet changed

The monthly meeting of the board of directors of the local unit of the American Cancer Society has been canceled due to the crusade to be held in Big Spring next week.

The May meeting has been changed to May 11 and will be held at the Western Sizzler instead of the Malone-Hogan Hospital.

Ambition is strong in some people. They have the unique ability to define their goals in life and they are able to channel their skills and energy in order to realize these ambitions.

Of course, each of us has our own individual goals — all different in proportion and nature. And, each requires a different amount of energy to be realized. If we fail, we should exert more energy! For this ability to keep trying

— in the face of great odds . . . can lead eventually to success.

To one degree or another then, all of us are constantly using up our individual energy supplies. To tackle the fresh challenges and problems of each tomorrow, we need a dependable source of unfailing power. Such continuous power is always available to you within the supporting bonds of the Church.

Chevron Oil plans five ventures

Amoco Production Co. No. 2-B Marion Flynt has been completed as a 1 1/2-mile northwest extension on the south side of the Breedlove South Field of Martin County.

It pumped 34 barrels of 40.8 gravity oil and 64 barrels of water on 24-hour potential test taken through perforations at 8,246-60 feet. The section had been acidized with 7,000 gallons and fractured with 79,000 gallons and 170,000 pounds.

Location is 933 feet from north and west lines of Labor 17, League 249, Hartley CSL, 10 miles northwest of Tazan.

Chevron Oil Co. plans five ventures for the Kelly-Snyder Field, nine miles north of Snyder. All are slated for 7,100 feet.

No. 9-10 SACROC Unit will be drilled 1,150 feet from the south and 1,200 feet from the east lines of 450-97-H&TC.

No. 36-5 SACROC Unit spots 2,500 feet from the south and 1,375 feet from the east lines of section 384.

Site for No. 155-10 SACROC

A Mississippian lime discovery was indicated five and a half miles northwest of Gail. The well brought in 8,667 feet of gas and 658 feet of oil and gas cut mud, 40 to 50 per cent oil. This was on a drillstem test at Great Western Drilling Co., Midland, No. 1 Clayton-Johnson, in 29-31-6N-T&P, 2 1/2 miles southwest of the depleted one-well AP (Ellenburger) field and two miles east of the Lamb (Spraberry) field.

Tool was open two hours on the test. It was taken at 9,231-325 feet. Flowing pressure was 140-210 pounds; one-hour initial shut-in pressure, 560 pounds; and two-hour final shut-in pressure, 934 pounds.

Drilling continued below 9,453 feet in lime, shale and chert on a 9,500-foot contract.

Mayor Wade Choate

will honor your vote with good service

Mayor Wade Choate has been working in private and public service for his community since he was a young man. In addition to laboring here at home for his hometown, he has made innumerable trips to Austin, Washington and other places in the interest of programs and institutions which benefit Big Spring.

Wade Choate has been working in private and public service for his community since he was a young man. In addition to laboring here at home for his hometown, he has made innumerable trips to Austin, Washington and other places in the interest of programs and institutions which benefit Big Spring.

Not only does he have sound financial judgment by training and experience but Mayor Choate has the common, down-to-earth touch and an instinct for what is good for Big Spring.

Vote Saturday to keep Mayor Wade Choate on the job.
