## Feeding info to CIA, FBI

# IRS abused power

WASHINGTON (AP) — The Internal Revenue Service has abused its unique investigative powers by granting the CIA and FBI illegal access to taxpayer returns, a Senate intelligence committee report says.

According to the report, "the FBI has had free access to tax information for improper purposes," while the CIA regularly bypassed official channels in obtaining IRS data.

The report, released today, added that both the CIA and FBI pressured the IRS to take action against "certain taxpayers for reasons having no

bearing upon compliance with the tax laws," the report added.

The 85-page report also detailed the workings of such previously disclosed IRS programs as:

—The Special Services Staff's investigation of 11,000 politically active or dissident individuals and organizations;

—The Information Gathering and Retrieval System — "a glut of largely useless information" on nearly half a million Americans;

—Operation Leprechaun, in which special agents used informants,

electronic eavesdropping and break-ins to gather information on the sex and drinking habits of Florida political figures.

The report is one of 13 volumes being released by the intelligence committee in support of its final report on domestic spying.

Most committee members say they hope the additional reports will dramatize the need for a new congressional panel to monitor intelligence agencies. Senate leaders reportedly reached a compromise agreement Monday night that would

establish such a committee.

The report said that between 1966 and 1974, the FBI made approximately 200 requests to IRS for tax returns. The majority of the requests, virtually all of which were granted, were intended for use in the FBI's Contelpro operations, according to the report.

The bureau sought the returns of 107 "key activists" in the "new left" and "black nationalist" movements for use "as weapons in its campaign to neutralize them," the report said.

## Polly Mays re-elected mayor pro-tem

# Assistant city manager quits

By JAMES WERRELL

City Attorney James Gregg resigned his post as assistant city manager in a closed executive session held by councilmen today. The session followed the regular meeting of the council.

It is suspected that replacements for the post were discussed at the session. A decision on the matter had not been decided by press-time. Gregg

will remain as City Attorney.

Polly Mays was reelected as mayor pro tem by acclamation today by council members. There were no other nominations.

Council members voted unanimously to approve an ordinance requesting a zone change from "R" retail to "LC" light commercial in College Park Shopping Center and the retail zone east of the shopping center along U.S. 80 frontage road. This was the first reading of the ordinance which will require another reading by the council before it is drawn into law.

"It would be silly not to rezone that area as soon as possible. The shopping center is like a ghost town now," said Councilman Harold Hall.

JAMES GREGG

Drive-In, place yield signs for east-west traffic on 21st at the intersection of 21st and Runnels, and to place stop signs for east-west traffic on 8th at the corner of 8th and Bell.

In other business council members:

—Officially authorized the City Secretary to enter into contract with Security State Bank.

—Discussed an ordinance which would enable the city to further regulate plumbing specifications for homes to be built in Big Spring. Guidelines for a new plumbing code are now being drawn up.

Approved contract suggestions by the Big Spring Alliance of Clubs regarding the rental of the Dora Roberts Community Center. The suggested contract calls for a \$200 yearly rental fee for use of the center. This would not allow exclusive rights to the center by the alliance. Barry Stevens, center manager, would receive first consideration for catering club affairs.

Approved payment of claim for damages by Cosden Oil and Chemical Co. The claim was for \$83 for a broken pole at the company's dump ground.

In his report, City Manager Nagel proposed that the city begin delivery of its own water bills. Under current methods, 10,000 bills per month are sent through the mail at a cost of 13 cents apiece. Nagel suggested that plastic bags containing the bills could be hand-delivered for 600 cents apiece, resulting in a large saving to the city.

Nagel also suggested the possibility of enforcing stricter regulations for admission to the city's Detoxification Center.

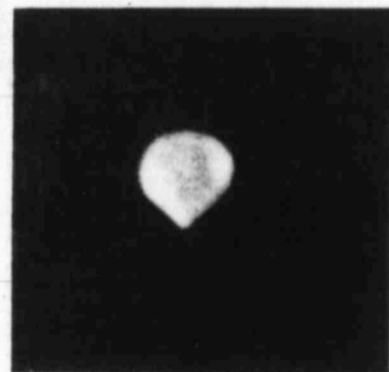

"The cost is too high. We will have to enact further restrictions—People are going there just to dry out and are not being rehabilitated," said Nagel.

## Don't tread on them!!!!

The rattlesnakes are out, enjoying spring like the rest of us. For the most part, they're letting the people know they want their rights respected, too.

Arlene Johnston of 2011 Runnels Street discovered one in her back yard this morning. The closeness of the woman set the snake to buzzing. Arlene had advanced to within three feet of the rattler — unintentionally.

Mrs. Johnston summoned a neighbor, Jack Johnston, who first neutralized the menace with a shot, then killed it with a hoe. The snake measured about three feet and boasted seven rattlers.

(Photo By Danny Valdes)

UFO? Or no?

## UFO sighting just 'hot air'

A shiny object which appeared in the skies over Big Spring toward sundown Monday inspired numberless phone calls to the city police department, Webb AFB, and Danny Valdes, Big Spring Herald photographer.

The object, which appeared to be spying on Big Spring, was, in reality, a weather balloon launched in Midland. It wasn't moving much because there wasn't much wind aloft. The balloon was launched about 6:30 p.m., and immediately drifted eastward in the direction of Big Spring.

Because it attained an altitude of approximately 80,000 feet above the ground, it continued to catch the sunlight long after darkness descended upon the Big Spring area.

Residents in that area don't have to put up with the noise from motorcycles. We have other ordinances to cover that," said Polly Mays. She was referring to a previous, hotly contested request to rezone the area "LC" and n.ove a motorcycle shop to the center. No one appeared at the meeting today to speak for or against the proposal.

The council also authorized Mayor Wade Choate to submit an application to the federal department of Housing and Urban Development (HUD) for Community Development block grant funds. The funds would be used to grant loans to low income homeowners to whom no private loans are available to upgrade property. Funds would also provide money for sewer and street improvement, demolition of abandoned and dilapidated structures, drainage of One Mile Lake, and a variety of other city improvement projects. Proposed funding comes to \$250,000, benefiting as many as 28,735 persons.

In consideration of appointments to city boards, John Currie and Dr. Lee

O. Rogers were reappointed to the Colorado River Municipal Water District Board of Directors. Councilman Ralph McLaughlin was appointed to the city Juvenile Board and to the Tourist Development Council, replacing Eddie Acri, former councilman.

The bid for the renovation of Dora Roberts Community Center was awarded to Little Construction Company for \$49,100. Other bids were received from K-Lain Inc., \$47,588, and D. D. Johnston, \$57,736. The middle bid was accepted because of Little's specified completion time of 60 days. The other two companies specified 100 days completion time.

"This time element is important. Since we accepted the middle bid, the time will be strictly enforced, we will hold their feet to the fire," said H. W. Nagel Jr., city manager.

The council approved three traffic sign changes in the city as recommended by the Big Spring Traffic Commission. Plans will now progress to specify right-turn-only from 12th onto Gregg across from the Sonic

## McNeils regret leaving Big Spring

# Manager of Montgomery Ward to open new store in Tampa

Ron McNeil, civic leader and manager of Montgomery Ward, will be leaving Big Spring this week to open a new Ward store in Tampa, Fla.

McNeil said he and his wife, Etholene, hate to leave Big Spring, but this move represents an opportunity which they feel they cannot refuse.

The new store in Tampa will be about five times the size of Ward's Big Spring outlet, McNeil said.

McNeil, who is president of the United Way and the Century Club, has been manager of the Big Spring Ward store since August 1972, coming here from Albuquerque, N. M.

No successor for McNeil has been named. An announcement is expected about June 1. McNeil said William

RON McNEIL

the Rotary Club, as a director for the Big Spring Chamber of Commerce, director of the Howard County Fair Assn., and as chairman of the Traffic Commission for the City of Big Spring.

Mrs. McNeil is an officer in the Malone Hagan Hospital Volunteers, a member of the 1953 Hyperion Club and secretary of the Big Spring Republican Women.

## Demo vote canvass stayed in Short race

AUSTIN (AP) — Members of the State Democratic Executive Committee refused today to certify results of a Panhandle legislative race until they are sure a vote-reporting mixup is corrected.

The action, on unanimous vote, delayed any action on certification the Dist. 77 state representative race until the June 17 meeting of the committee.

Unofficial election reports showed that Jim Rudd of Brownfield defeated Rep. E. L. Short of Tahoka.

State Democratic Chairman Calvin Guest said the original report from Terry County had the results for the two candidates reversed. He said a telephone call this morning confirmed that the total district vote should be Rudd 8,373 and Short 8,173.

However, the state committee will wait to canvass the primary election total until after a certified letter is received from the Terry County clerk.

Rudd has no Republican opponent in November.

All other Democratic primary returns, as reported without change from the unofficial returns.

The State Republican Executive Committee also met today to canvass their primary results.

## Sadler needs money, but not that bad

AUSTIN (AP) — Jerry Sadler says he needs money for his runoff campaign for the Texas Railroad Commission but not bad enough to take money from the big oil money boys.

"I will not accept any donations connected with the oil industry above the service station level," Sadler said today as he visited various offices at the Capitol.

Sadler led all Railroad Commission candidates in the Democratic primary on May 1 and faces Jon Newton, state representative from Beeville, in the June 5 runoff primary.

Sadler said his runoff campaign would center on opposition to influence exerted by major oil companies, as he did the first primary.

"Major oil companies now are putting many filling station operators out of business. If elected, I will employ my legal knowledge, ability, and sheer guts, to help the service station men with their problems," he said.

Sadler said he had served as many years in the legislature "as my oil financed embryo energy expert opponent. I was protecting the consumer before he was born. ... In fact, before my oil financed embryo energy expert opponent was born, I already had won many cases in the U.S. Supreme Court against oil companies to protect our downtrodden consumers, while my opponent has been supported all along by the big oil contracts."

Barton, merchandise manager, and Russell Sims, operating manager, will be in charge of the store until a new manager is named.

Thursday will be McNeil's last day at the Big Spring store. He will leave early Friday morning for Tampa to assume his new post on Monday.

McNeil has been with Ward for 14 years in stores across the south and southwest. He grew up in New Orleans, La., and graduated from the University of Oklahoma with a degree in history. He and his wife, who is from Ardmore, consider Oklahoma their home.

"I would like to say that Etholene and I deeply regret leaving Big Spring because of the fine friends we've made here, the wonderful way that we were accepted into the community, the fact that we had two grandchildren born here — to sum it up quite simply, that West Texas hospitality," McNeil said.

"We hope that somewhere down the road Ward might see fit to transfer us back into West Texas," he added.

McNeil has been active in many community organizations, including

## \$20,000 caper reported

# Ring-tailed cat chasing bird triggers 'black-out'

An unfortunate ring-tailed cat chasing a bird turned out the lights on several Big Spring houses and businesses around 10 p.m. Monday, according to Jack Redding, Texas Electric division manager.

Apparently the cat chased a bird into one of the company's substations and there became entangled in electrical cables. This caused an electrical short, "cooking the cat, and causing the substation to act like a big light bulb," said Redding.

With the large amount of electrical current involved, the cat caused over \$20,000 damage to the regulator and other equipment. According to Redding, the damage will take at least several weeks to repair.

Redding also explained, however, that the power load for the affected areas was switched to another transformer, and there will be no further blackouts due to last night's breakdown.

Areas along Wasson Road and West Highway 80, as well as some rural areas were affected by the blackout. The longest amount of time that electricity was out was 35 minutes, according to Redding.

Redding said that the only hospital facility hit by the power loss was the Big Spring State Hospital. Officials there said that power had been off for approximately an hour beginning at 10 p.m. The hospital used its own emergency generator during this time and no problems ensued.

GOOD SAMARITAN — Despite having only one leg, Norman Greggs, 30, was quick to help guide a blind stranger, Theodore Torres, 85, off a curb and across a downtown Fresno, Calif. street recently.

## Ammonia truck wreck fatal

HOUSTON (AP) — Four persons were killed today when an ammonia truck ruptured in a freeway collision, police said.

At least 17 persons were overcome by spreading ammonia fumes. Police blocked off two freeways. Officers emptied buildings in the area. Those overcome by the fumes were rushed to a hospital.

Eight cars were involved in the crash, officers said.

The truck had just entered a freeway exit ramp near a fashionable

shopping center on the city's south-west side when the collision occurred.

Investigators said most of those taken to hospitals were victims of the ammonia fumes although some suffered injuries in the vehicle pileups.

Witnesses told police the impact of the collision ripped the truck's ammonia cargo tank free of its moorings and hurled it about 200 yards where it exploded, damaging a freeway overpass.

## Focalpoint

### Action/reaction: Why pay more?

Q. Why do the citizens on Scurry Street only have to pay for curb and gutter when other citizens had to pay for curb, gutter and paving?

A. The citizens on Scurry Street were lucky that they lived on a street designated by the federal highway department as a through traffic artery taking traffic from 4th Street, the former Highway 80, to FM 700. The project was approved for highway funding and the residents thereby only had to pay for the curb and gutter. There are other citizens lucky enough to be on streets funded by the highway department, including Third, Fourth and Gregg Streets, which are highways. The 11th Place Extension also will be funded by the highway department, as is the overpass over the tracks. The city was extremely lucky to have this many projects approved by the Highway Department inside an urban area.

Other streets in the city are funded jointly by the city and the landowners. The city has paved over 200 blocks in recent years. Big Spring at one time had more dirt streets than any city its size in Texas, but no longer falls into that category.

If you have a question for Action-reaction, call 263-7331.

### Calendar: Council meets

Coahoma city council meets at 7:30 p.m., in City Hall.

THURSDAY  
Barney's Beat, old-fashioned concert by members of Steer Band, 7:30 p.m., BSHS Auditorium. Admission price, \$1.

### Offbeat: CIA agent probes jail?

The woman who last week claimed to be a CIA agent refused to be released from the city jail today. When Detective Leroy Spires tried to let her out of the jail this morning, she held on to the bars and steadfastly refused to leave.

Spires abandoned the project, stating, "I've fought to put them in jail, but I'll be damned if I'll fight to put one out of jail."

She has not spoken to any officer since Thursday. Police officials are now investigating the possibility of committing her to the state hospital.

### Best bet on TV: 'Eagle Come Home'

"Eagle Come Home", which is at 7 p.m. on CBS is probably the best program on television tonight. It is the story of America's symbol, the bald eagle. Part history, part wildlife and partly a patriotic celebration, it's a show the entire family will enjoy.

### Inside: Schnabel trial set

MEAT INSPECTORS admit taking bribes and stealing meat in an investigation of alleged fraud in the Pentagon's meat purchases. See p. 3A.

A JURY TRIAL is set for July 12 for Texas Senate Secretary Charles Schnabel, accused of fraud. See p. 5A.

THE BIG SPRING School Board changes the scope of its athletic program, adding swimming and other sports. See p. 1B.

# Energy

## Might shut down Cosden pipeline if Webb closed

In the event that Webb AFB closes, the fuel pipeline running from Cosden Oil and Chemical Co. to the base will probably be shut down,

### Special term effort begins in Austin

AUSTIN, Tex. (AP) — An effort to write utility relief bills that will persuade Gov. Dolph Briscoe to call a special legislative session was scheduled to begin today.

The three-day hearing to seek cures for Texas' "natural gas dilemma" was scheduled by the House Energy Resources Committee and two subcommittees.

Approximately 30 of the House's 150 members were expected to take part in the hearings.

A statement from Speaker Bill Clayton's office said the hearings are "the most concentrated effort to date" by the House to solve the gas problem.

Rep. Carl Parker, D-Port Arthur, said he would be especially interested in considering rescinding the sales tax on utility bills and increasing the tax on oil and gas at the wellhead "to force out-of-state purchasers to carry more of the burden for the use of our valuable natural resources."

according to R. W. Thompson, past president of Trust Pipeline and supervisor of the Webb pipeline construction.

The Webb pipeline is just one of a network of lines financed by Cosden employee pension funds, through the intermediary Trust Company. The "pension" owns the lines outright, according to Thompson, and they are leased annually to the Petrofina Company through a trust.

"The lines are paid for by now, and all income from them represents profit for the pension fund," said Thompson. "If Webb closes and the line is shut down, it may be a dead property. This will be a blow to the pension, but not much of one," he added.

"Whether production is shut down depends on what property replaces the base (if it should close). If another industry moves in, the line

### Tax board set for meeting

GRADY — The board of tax equalization for the Grady Independent School District will sit in formal session at 9 a.m., here Friday.

All taxable property, both mineral and real, will be considered by the board.

may not be closed. Even if Webb closes, the line will remain intact for several years," said Thompson.

Thompson further explained that if the pipeline is shut down a renegotiation with Petrofina on rent from other properties will help augment the loss.

"We will take up the slack with a new lease," predicted Thompson.

### Texas' using export gas 'misleading'

AUSTIN, Tex. (AP) — Land Commissioner Bob Armstrong contends it is misleading to advocate that Texas dip into gas now piped out of state from state-owned lands to cut Texas consumers' costs.

Sen. Walter Mengden, R-Tex., claimed April 8 the state could obtain 300 million cubic feet of gas each day for cheap sale to hard-pressed cities by demanding royalties in gas instead of in cash.

In a May 7 letter that he distributed Monday, the land commissioner told Mengden that state lands produce only 80 million cubic feet of gas a day which goes into the interstate market.

Of that total, Texas has no right to half of it, or 40 million cubic feet, Armstrong said.

WASHINGTON WAILS AS WINNER — Washington State's Junior Miss Leneue Jo Hallgreen of Clarkston, wails with joy as she hears she is named as America's Junior Miss for 1976-77. Her creative and performing art presentation was an original poem entitled "Let Me."

### Chamber dues increased

## Starlight Specials, water show planned

Plans for the Fourth of July, the Starlight Specials, a water show, a raising of dues, and a resolution concerning highway funding highlighted the board meeting of the Chamber of Commerce Monday at noon at Coker's Restaurant.

It was announced that Webb Air Force Base and the chamber will again jointly sponsor the Fourth of July fireworks from Scenic Mountain. Other plans for the Fourth of July celebration are also under way. The Starlight Specials are scheduled to be held during the month of June this year.

Plans were also announced for a water show at Moss Lake June 12 and 13 sponsored by the sports and recreation committee headed by Jerry Phillips.

The board also backed the recommendations of the organizational affairs group and upped the chamber dues for the first time since 1969.

The dues for individual memberships are now \$60 annually, which is \$5 a month and will be collected no less than three times a year. Business dues went from \$60 to \$80 and large

businesses were given a 15 per cent hike.

The move was believed to be necessary to cover expenses of the chamber, John Arrick reported to the board. It was pointed out in the report that community cooperation and the work of the chamber is particularly important at this time. This report was given by Arrick, vice president of the organizational affairs committee. He also reported on the Hall of Honor, the membership drive scheduled from May 24-28 headed by the Ambassadors with Ellis Britton as chairman; the investigation of a women's division, and proposed changes in the newsletter.

Al Stephens, vice president of economic development, presented a resolution backing the proposal of the state providing additional and adequate revenues for Texas highways when the 1977 legislature meets. This resolution was presented by the Texas Good Roads commission and backed by many chambers across the state.

Col. Robert A. Owens reported on the armed forces open house at the base and Roy

### Indicted for theft

## Trial set for Schnabel

AUSTIN, Tex. (AP) — A jury trial is set July 12 for Senate Secretary Charles Schnabel.

State District Judge Mace Thurman set the trial date Monday after granting 18 defense motions, denying nine others and delaying a ruling on the most important one.

Schnabel is indicted on three counts of theft, one of forgery and one of official misconduct.

The official misconduct indictment is the charge the state is expected to prosecute Schnabel on first. It lists five different ways in which Schnabel allegedly violated his public trust.

The defense argues each of the five ways is a separate offense and that the state cannot allege all of them in one indictment.

"I recognize it's tempting for a prosecutor to want to do that," said defense attorney Roy Minton. He conceded that Dist. Atty. Bob Smith might be able to get in evidence over defense objections on all five acts, but said Smith was not entitled to have all of them listed in the indictment.

Smith argued he might have to elect which one of the five to have the jury deliberate on after presenting evidence on all of them, but he said only one offense is alleged, official misconduct, and he is entitled to show five different ways it was committed.

Smith said a man might steal a wagon of hay and come back for another wagon. Those are one theft, he said.

Minton does not want Smith to read to the jury an indictment that contains five acts, any one of which a jury might be reluctant to return a felony verdict on, but on which a jury might be willing to convict if it had heard evidence on four others.

The five acts involve Schnabel's alleged misapplication of: —The services of five Senate women employees who

"volunteered" to type "heat sheets" at the 1975 Texas Relays. Schnabel authorized a total of \$292 in extra state pay for that work.

—The services of four Senate employees, including two Texas Longhorn athletes, at a "branding party" at his farm east of Austin last June 19.

—The services of Deborah Denny, a Senate employee sent to the University of Texas Athletic Department to work full-time last spring on three track meets.

—\$200 in state money for a rental camera on which he had his initials and Social Security number engraved. Smith's investigators confiscated the camera in Schnabel's Capitol office.

## Drill sergeant first to face court-martial

SAN DIEGO (AP) — A drill sergeant who headed a special punishment platoon will be the first of four Marines to face court-martial in the death of Pvt. Lynn McClure.

The court-martial of S. Sgt. Harold L. Bronson of Freeport, Fla., was scheduled Monday for June 14 by Lt. Col. W. D. Draper, a Marine trial judge stationed at Camp Pendleton, 50 miles north of here.

Bronson, 30, is charged with involuntary manslaughter, aggravated

assault and maltreatment of a recruit. He also is accused of dereliction of duty and violating a general order.

McClure, a 20-year-old recruit from Lufkin, Tex., died March 13. He never regained consciousness after being knocked senseless Dec. 5 during a close combat drill with canvas-padded pugil sticks at the Marine Corps Recruit Depot in San Diego.

Draper set a June 28 court-martial date for Sgt. Henry E. Aguilar of Hanford, Calif., and scheduled a July 17

court-martial for S. Sgt. Henry C. Wallraff of St. Croix, Minn. Aguilar is charged with negligent homicide, aggravated assault and maltreatment of a recruit. Wallraff is charged with dereliction of duty and violating a general order.

A Marine colonel also received a letter of reprimand in the case and a San Diego Marine captain faces nonjudicial punishment scheduled for Friday.

Bronson was the drill instructor in charge of the Motivation Platoon, a special unit for men singled out as problem recruits. A spokesman for the recruit depot said McClure showed a poor attitude toward Marine basic training.

Both Bronson and Aguilar, 23, were accused of not stopping the pugil stick bout when McClure dropped his stick and was knocked down. Bronson also was accused of allowing other recruits to smash McClure with their sticks while he was on the ground.

Aguilar is accused of failing to report violations of Marine procedure during the drill and failing to send McClure to a doctor after he apparently had been hurt.

Wallraff, meanwhile, was brought up on charges for allegedly failing to supervise the bout and failing to assign an experienced drill instructor to oversee the fight.

An attorney for the McClure family, John Gyorkos of Oceanside, Calif., is pressing a \$3.5 million wrongful death claim against the federal government in McClure's death and has accused the Marines of a "possible cover-up" in the recruitment of McClure, who has been described by his parents as mentally retarded.

The Motivation Platoon has been abolished and several changes made in Marine basic training.

## 'White scarf' awards go to two at Webb AFB

Among honors given at the Officers' Call recently at Webb AFB were White Scarf Awards to Captains Wanda C. Wood and John R. Stephenson. Also, Capt. Fred S. Carpenter was recognized as the top graduate of Pilot Instructor Training and Capt. James M. Gibbar was named Vehicle Control Officer of the Quarter.

**INSTRUCTOR PILOT**  
First Lt. Paul H. Vanzandt of "G" Flight, Section II, is the T-38 Instructor Pilot of the Month for March in the 83rd Flying Training Squadron.

"His personal abilities combined with his thorough understanding of the techniques for instructing in the T-38 have inspired his students to perform at their highest capabilities. Lieutenant Vanzandt developed a unique ability to tailor his instructional techniques to each student's needs thus enhancing the training his students received," said his squadron commander.

**MAINTENANCE**  
Recognition went to the following people and units of the 78th Organizational Maintenance Squadron:

SSgt. Robert J. Rice and A1C Roy L. Edger are the NCO and Airman of the Quarter. Sgt. Earnest F. Soloman and A1C William M. Hodgkinson are NCO and Airman of the Month for

March. SSgt. James M. Temple is the T-37 Crew Chief and A1C Edward A. Hart is T-38 Crew Chief for both the Quarter and Month.

Delta Flight, TSgt. Buford Longwith, is T-37 Flight of the Month. India Flight, TSgt. Albert Salas, is T-38 Flight of the Month. It is the fifth consecutive month for India to win the award — "an unprecedented achievement," said the administrative officer.

Dock 1, Sgt. Donald Jackson, is T-37 Dock of the Month and Dock 3, TSgt. Lorton Van Houten, is T-38 Dock of the Month.

**INSTRUCTOR PILOT**  
First Lt. Howard Campbell is Instructor Pilot of the Month for April in the 3389th Flying Training Squadron. He does other duties as flight scheduling and associate standardization, evaluation officer.

"His highly professional attitude and sound mature judgment set an outstanding example for all students and instructors," said his squadron commander. "His briefings are thorough and provide an excellent learning vehicle for students."

## Explosion kills man

DEER PARK, Tex. (AP) — Investigators sought today to determine the cause of an explosion and fire that left one man dead and six others injured at the Shell Refinery and Chemical plant here.

One of the injured was listed in critical condition.

The explosion Monday night shook the area surrounding the complex and the fire sent up black smoke that was visible for miles.

The dead man was identified by Shell officials as H. S. Arthur Jr., 30, of Friendswood, Tex., a Shell employee.

Listed in critical condition at a Galveston hospital was H. M. Culpepper of Deer Park, also a Shell employee. He was reported to have suffered third degree burns over 95 per cent of his body.

Other Shell employees injured were B. S. Roopnarine of Baytown, in fair condition, and R. B. Strahan and E. L. Stubs of Pasadena, both believed to have suffered only minor injuries.

Two other workers, employed by a maintenance firm, were treated at a Pasadena hospital and dismissed.

The explosion occurred about 6:30 p.m. and the cause was not determined at once. The fire it produced was extinguished about 9 p.m. and it was then that the charred body of the dead man was found.

A Shell spokesman said the fire was confined to the company's "paraxylene unit", which produces chemical solvents. This unit consists of several towers and numerous pipelines connecting them.

Nell Kelley, who operates Shell's restaurant, said it "sounded like a loud crack of thunder."

"I felt the building come up and go back down," she said. "It knocked pans off the kitchen shelves."

Bill Arnold, a delivery truck driver, was headed into the plant when the explosion occurred.

"A tremendous fireball mushroomed up like an atomic explosion," he said. "I thought the whole plant was going to go."

## GOP may challenge Yarbrough

DALLAS (AP) — Texas Republican Chairman Ray Hutchison said here Monday the party is investigating a possible challenge of the Texas Election Code in an effort to field a candidate against Don Yarbrough, Democratic nominee to the Texas Supreme Court.

The GOP did not elect an opponent for Yarbrough in May's primary.

Since his surprise election, Yarbrough has been under fire from several directions.

It was disclosed that he is under investigation by the State Securities Board and faces a Bar Association grievance in Houston plus a flood of business-related lawsuits.

Hutchison said if the Republicans are unable to get someone on the ballot against Yarbrough, a write-in campaign is not "totally out of the question in these circumstances."

The GOP would like to find a way to field a candidate by appointment of the state executive committee, Hutchison said.

## Jane Ann Burt Valedictorian

COLORADO CITY — Jane Ann Burt has been named valedictorian and Jackie Palmer salutatorian of the 1976 senior class at Colorado High School here.

Miss Burt, daughter of Mr. and Mrs. C. C. (Mike) Burt, has a grade point average of 8.254 of a possible 9.0. Miss Palmer, daughter of Mr. and Mrs. Mel Palmer, has a grade point average of 8.100 for her four high school years.

Baccalaureate services are scheduled for 4 p.m., Sunday, May 23, in the high school auditorium while commencement exercises will be conducted Thursday, May 27.

Special recognition went to three-year graduate John Woolsey, son of Mr. and Mrs. Claude Woolsey, who took all possible STS classes possible during his three years in high school and compiled a grade point average of 9.33.

## Won't be here

State Rep. Mike Ezzell will not be in his office here Tuesday, as per custom, because he will be attending a committee meeting in Austin relating to gas regulation.

SERVING WEST TEXAS

## If you want concrete, you want Clyde McMahon

Concrete in the Big Spring area of the state means Clyde McMahan's. The recent announcement by Clyde Sr. that Clyde Jr.

Everybody around Big Spring has trusted both Clydes for a long, long time with all of their cement and concrete problems.

When you need a big concrete project or a little one, Clyde McMahan will go into the project with concern and efficiency.

This can be something like a new fireplace for your home, a new patio, or a new driveway.

If you're out on the farm or ranch, it may be a new feeding trough or watering trough or other equipment.

The planter boxes downtown, many of the large projects around the city involving concrete, as well as the smaller projects all bare the stamp of the fine

concrete work of Clyde McMahan.

They also have garden tools and equipment to help you with your yard work and work around the patio.

McMahan's also makes beautiful concrete patio furniture including benches and tables.

In fact, if you're wanting anything concrete, call McMahan's. The number is 267-6348.

FOR THE BEST CYCLE check Harley-Davidson

## Thixton's holds longest record of cycle service

It's the time of year to take to the road on a motorcycle. And if you want a really excellent motorcycle, check out the Harley-Davidson, the oldest and most dependable American brand.

Drop by Thixton's at 908

W. 3rd, which is Big Spring's oldest and most experienced motorcycle shops.

It's been there since the 20s and they've been selling dependable Harley-Davidsons all that time.

The motorcycles are greatly improved. In fact, you have to see the very latest models to believe them.

Drop by 908 W. 3rd or call 263-2322 for information about these wonderful cycles.

Thixton's also offers service and repair on their models and other models. They sell bicycles as well.

Anything on two wheels, you really need to drop by Thixton's before you shop elsewhere. You won't regret

it. You not only will purchase topnotch motorcycles or bicycles, but you also will be backed by parts and repair when necessary.

Go to Thixton's. They've been there a long, long time because they sell good motorcycles and give good service.

# Record judgement given in usury suit

BROWNSVILLE, Tex. (AP) — The "equity kicker" system through which a lending agency gets "a piece of the action" in exchange for a loan was the central issue in a civil usury suit that ended here with a \$12 million judgement returned against a life insurance company.

The judgement, believed to be the largest usury judgement ever returned in the United States, was signed Monday by District Court Judge Filemon Vela of Brownsville.

The judgement was returned against American General Life Insurance Co. of Delaware and favored South Padre Island Development Corp., owners of most of the undeveloped land on the South Texas coast.

Judge Vela signed the order Monday and lawyers for the life insurance company said they would appeal to the 13th Court of Civil Appeals at Corpus Christi.

The case centered around what is known in financial circles as the "equity kicker," an arrangement by which a firm asks for stock in a corporation in addition to the interest charged for the loan.

In the case decided Monday by Judge Vela, it was alleged that three lenders, American General, Justice Mortgage Co. of Dallas and Realty Growth Investors of Baltimore, Md., agreed in 1972 to loan \$8,300,000 to South Padre Development Corp. to pay off an about-to-be-closed loan made to the South Texas firm by Investors Diversified Services (IDS).

In his ruling, Judge Vela held that Justice Mortgage Co. was not guilty of usury in that it did not receive any stock for their portion of the loan. He also ruled that Realty Growth Investors did not receive enough stock to make their portion of the transaction usurious.

Records in the voluminous file of the case show that American General and Realty Growth investors paid \$1 per share for 125,520 shares of stock at a time when the actual value of the stock should have been \$65.44 per share.

Lawyer Jack Skaggs of the Harlingen law firm of Stierberg, Skaggs and Koppel, which represented the South Texas firm, said legal observers believe the judgement was the largest ever returned in a usury case in the United States.

American General Life Insurance was represented in the complex civil suit by Vinson, Elkins, Searls, Connally and Smith, a prestigious law firm from Houston in which former Texas Gov. John Connally is a partner.

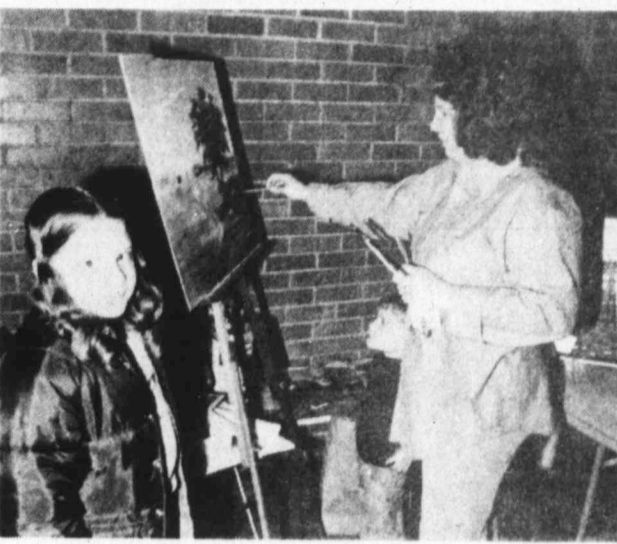

In Texas, usury is interest charged above 18 per cent to a corporation or above 10 per cent to an individual.

# Ridin' fence

## Everybody needs hobby

with Marj Carpenter

LOVES TO PAINT — Jean Hildreth paints on while Shannon Shewmake and Mike McKaskle, left to right, watch the results at the Grady Pioneer day.

"I'm teaching painting, but I never was taught," Jean Hildreth said at the Grady Pioneer Day Friday while she was busily painting an oil painting scene of Martin County.

Two tables included scenes of the Lenora and Tarzan area. "I've been teaching painting to six or eight art students up at the house," Jean related. "My husband, Walter, works at the cotton gin. He doesn't pay much attention to my artist's venture."

Jean has painted ever since she can remember, but she is self-taught.

Raised around Cherokee, she used to like to draw when a small girl.

"I moved to Lenora in the early fifties. Gee that's a long time ago," she laughed. "I've raised two of my three children. One of them is still in school here, she pointed around her in the gymnasium.

Children around her didn't seem to daunt her or bother her painting. She just kept painting a tree like there was nobody around, even though one small three-year-old boy stood right under her brush watching the proceedings.

"I think everybody needs a hobby. Mine just happens to be painting."

When asked if she sold any paintings, she smiles, "All artists love to sell their paintings. But I think we all paint mostly because we just want to paint."

Mrs. Hildreth pointed to the two tables of paintings of people and scenes around the community, "I see so many things that I want to paint. Then sometimes, somebody will have something special in mind that they asked me to do."

Jean appeared relaxed and was the only person in the large room that was actually demonstrating her artistic talent. A lot of items were on display.

In another room of the school, there were all kinds of live demonstrations of cheese making, butter churning and other lost arts.

### Ex-resident offers paper

Dr. Daniel E. Georges, University of Texas at Arlington, and Kirk Alan Kirksey of Arlington, formerly of Big Spring, were invited to participate in the annual meeting of the Western Social Science Administration in Phoenix, Ari. The meeting was held April 29-May 1.

Dr. Georges and Kirk presented their paper, "Violent Crimes Against the Elderly," to the panel on Urban Violence and Punishment.

The study examined suspect characteristics and weapons used by persons in Dallas during 1975 who committed crimes against the elderly.

Kirk is the son of Mr. and Mrs. Buck Kirksey, 538 Westover Road, Big Spring. He is a graduate student at the UTA Institute of Urban Studies and for the spring semester has been assistant to Dr. Georges in research.

Kirk is married to the former Joy Sears of Houston. He is employed by the State Planning Commission, stationed in Dallas.

"I don't know who decides what is art," Jean mused, "I just like to paint pictures."

And her pictures depict a lot of the scenery and people that are part of the Lenora-Tarzan scene.

"After all I've been here a long time," the youthful looking mother laughed.

She turned back to her painting and left the impression that she'd a lot rather paint than talk about it.

And that's the way it was out at Pioneer Day in Grady Friday — when I was ridin' fence.

### Paper upgraded

ODESSA — The Odessa American started an extensive modernization project last week.

When the \$2 million project is completed later this year, the newspaper will be printed on a new C1 1650 web offset press. The press itself cost \$1.75 million.

Publisher Lyle DeBolt said the new press would have the capacity of printing 50,000 copies of the paper in an hour.

ODESSA — Plans are being made at Odessa College for a \$5.3 million building program.

A bond issue in that amount was approved by Ector County voters Saturday, 3,109 to 2,759.

Approved were a new, two-story instructional building, enlargement and renovation of the current Student Union building, \$1.4 million in equipment for various programs at the college and a parking lot.

As a result of the vote, property taxes on a \$20,000 home will rise \$5.39 per year. The old rate on such a home totaled \$18.70.

# Neighbor wants Liddy out of jail

OXON HILL, Md. (AP) — James A. Gavin had no trouble enlisting a neighbor to be editor of the Indian Queen Elementary School PTA newsletter. Only one thing might get in the way, the neighbor said. "I might have to go back to prison."

That was 1 1/2 years ago.

The neighbor, G. Gordon Liddy, did go back to prison to serve the longest term of any of the 58 men convicted of a Watergate or Watergate-related crime.

Gavin said Monday he thinks Liddy has been a prisoner far too long and his five children are suffering because of it.

Gavin is heading a petition drive to get him out.

He first tried the idea on 75 people. "Maybe two of the 75 said they would sign such a petition," he said. Of the others, "One said he never signed anything, another said they ought to throw away the key."

Liddy was the architect and field marshal of the Watergate break-in. U.S. District Judge John J. Sirica sentenced him to six to 20 years for his role and another 18 months for his obstinate silence before the grand jury. He has now served three years and is not eligible for a parole hearing until May 1981.

"I lived in the neighborhood for eight years and never knew the Liddys," says Gavin, assistant director of the Washington office of Teneco. "But our children play on the same teams — baseball, basketball, Boys' Club."

Gavin was elected president of the PTA. One day, while Liddy was out on appeal, Gavin saw him in his backyard. Later, he

telephoned Liddy, asked him to serve on the PTA executive committee and got his agreement to edit the newsletter.

"We were supposed to meet on Wednesday," Gavin recalled. "But he was returned to prison on Monday."

Liddy asked Sirica to reduce the sentence. The judge refused. Liddy appealed. The U.S. Court of Appeals turned him down. Now he has a petition pending before the Supreme Court, claiming his sentence is disproportionately higher than that of six break-in co-defendants.

Gavin said he got Mrs. Liddy's enthusiastic okay for the petition drive and talked it over with Liddy in the Danbury, Conn., prison.

His petition asks President Ford to commute the sentence.

Liddy and his lieutenant, E. Howard Hunt, are the only Watergate convicts still in prison. Hunt becomes eligible for parole Jan. 10.

Gavin calls himself a liberal Democrat, and says he has only the welfare of the Liddy's five children — all teen-agers — at heart.

He plans to ask each signer to get five others to pass petitions and says so far he has 60 people lined up around the country.

David C. Stephenson, a pardon attorney in the Justice Department, says procedures require a formal petition filed by the prisoner himself and no amount of outside signatures will change that.

And nothing is done until a prisoner has exhausted all legal remedies. So, until the Supreme Court takes some action, a petition appears futile in Liddy's case.

OXON HILL, Md. (AP) — James A. Gavin had no trouble enlisting a neighbor to be editor of the Indian Queen Elementary School PTA newsletter. Only one thing might get in the way, the neighbor said. "I might have to go back to prison."

## Arkansas rally clips Jackson

By The Associated Press  
Arkansas polished off Jackson 7-2 in the only Texas League game played Monday night.

Wet grounds forced a postponement for Amarillo at San Antonio. The other clubs had open dates.

John Young paced Arkansas at the plate with a double and two singles. One of those singles was hit with the bases loaded and drove in two runs to cap a five-run spurge by the Travelers in the fourth inning. Rich Miller led the losing Mets with a single and a double, and scored a Jackson run in the seventh.

Arkansas pitcher Cardell Camper boosted his won-lost record to 1-2. The Mets' Rick Sander dropped to 1-3 with the loss.

There is a tight struggle in the Church League softball division for the top spot among First Baptist, Church of Christ, Hillcrest Baptist and Church of God.

First Baptist leads with a 5-1 record. Church of Christ is a half game back with four wins, one loss and one postponed game. Hillcrest Baptist and Church of God are tied for third, one game out of first, with 4-2 records.

Gary Gates hit his fourth home run of the season to help the Salvation Army win its first game of the season last Friday.

## Aggies best ever, invited to NCAA

COLLEGE STATION, Tex. (AP) — The Texas Aggies have been invited to the NCAA baseball playoffs beginning May 28 and the site will be determined next week.

Meanwhile the Aggies, runner-up to the Southwest Conference champion Texas Longhorns, will be playing a 12-game schedule against St. Mary's, Lamar University and Pan American to prep for the playoffs.

Texas A&M has a 34-8 record, finest in the school's history.

## BSGA special meeting Friday evening 7:30

The Big Spring Golf Association will hold a special business meeting Friday evening in the Comanche Trail Clubhouse at 7:30. All members are urged to attend.

BLUE MONDAY'S BEST — The Larry Lock team of the Blue Monday Bowling League stand with the trophies they received for the 1975-76 season. The team (from left to right) Wanda Dunlap, Brenda Bruns, Carol Wright and Kay Green had high team game and high team series and Bruns won a trophy for most splits converted.

CRASH AT THIRD — Oakland's Campy Campaneris and California Angel's Dave Chalk collide at third base as the speedy Campaneris tries to advance from first to third in 3rd inning of Monday night game. It appears Campaneris' head is colliding with Chalk's chin on the play. Chalk left the game in the next inning. Campaneris was called out on the play.

## Ryan fans 12, loses Oliva limps 3 into 2

He belted a drive off Marty Pattin that would have been a triple for even an average runner — and Oliva was once very much more than average — but he could only limp as far as second base in his bulky knee brace with his first hit of the season. One out later, Lyman Bostock came through with a pinch single that scored pinch runner Jerry Terrell from second base and gave the Twins a 5-4 victory over the Kansas City Royals.

Oliva said his knee brace is "like the one Joe Namath wears. 'I can hit on it, but running...there's just no way.'"

The Royals sent the game into extra innings with a run off Bert Blyleven in the bottom of the ninth on Fred Patek's triple and Al Cowens' double. The Twins blew leads of 1-0, 3-1 and 4-3 before protecting their 10th-inning advantage. Craig Kusick slammed a two-run homer for Minnesota and Amos Otis connected for KC.

A's 6, Angels 3  
Paul Mitchell, just back from the minors, pitched a six-hitter and struck out 10 and Sal Bando walloped a two-run homer as the A's defeated Nolan Ryan. It was the first victory of the season for Mitchell, who came to the A's as part of the trade that sent Reggie Jackson to Baltimore. Ryan fanned 12 but blew a 3-0 lead, built partially on Bobby Bonds' two-run homer. The A's took the lead on a two-run single by Bert Campaneris in the sixth inning.

Dodgers 4, Cardinals 3  
Cey's game-winning homer came with one out after Dusty Baker opened the ninth with a single. Joe Ferguson hit a two-run homer off Pete Falcone in the seventh for the Dodgers' first two runs.

PRO FOOTBALL'S PREMIER QUARTERBACK — Minnesota Vikings' Fran Tarkenton poses with 30-pund bronze "Quarterback of the Year" trophy Monday following a presentation ceremony in New York. "Honors are always nice," said the veteran quarterback after accepting the bronze. "But," he added, "I don't think most players seek individual prizes such as these. They are more interested in the competition, the winning and the losing."

## Denver back to basics to stem Nets challenge

DENVER (AP) — The Denver Nuggets feel they must get back to the basics if they aim to recapture their regular-season form tonight in Game Five of their American Basketball Association championship series with the New York Nets.

"I don't have any rules and I don't tell a guy how to use his off time any more than I tell him how to use his nights," Phillips said. "They know what is at stake."

Phillips said Pastorini would be hampered in his pre-camp training but he sees no problems when camp begins.

## Honored Texan, ex-NLer snap Rangers streak

ARLINGTON, Tex. (AP) — Chicago Manager Paul Richards will always remember it as homecoming. The Texas Rangers will forever recall that Monday night was when their club record victory streak ended.

The Rangers, riding the crest of an 8-game victory skein, honored the 67-year-old Richards, a native of nearby Waxahachie, Tex., in pregame ceremonies.

"There are 1,075 people in Waxahachie and they were all here tonight," said Richards. The White Sox, thanks to some heroics by centerfielder Ralph Garr, whipped the Rangers 7-6 in 11 innings, but Texas retained its 3-game lead in the American League West.

## BSHS broadens sports scope

Swimming is to be added at the high school for both boys and girls, intramural basketball added for girls and in junior high, boys' and girls' tennis and girls' track were added to the athletic program.

The school board approved addition of these sports in their meeting Monday night in order to broaden the scope of athletic programs for the schools. Swimming teams will use the pool at the YMCA between 2:30-4:30 p.m. during the school year.

Part of the reason for the expansion is Title IX of the Education Amendments which requires equal opportunity for girls except in contact sports.

Another reason for the new concept is to offer swimming, which is offered by every other school in District 5-AAAA. Delnor Poss, board member, cautioned, "With these additions, we need to instill in our athletes not to limit their skills to a single sport. We do not have enough students for this. Each sport must complement the other, with no competition between athletes within our own system if we are to succeed."

With the addition of the new sports, the high school program now includes for boys, football, basketball, track and cross-country, baseball, tennis, golf and swimming.

For girls, the school offers volleyball, track and cross-country, tennis, golf, swimming, and intramural basketball.

In Junior High, boys will have football, basketball, track, and tennis. Girls will have volleyball, tennis and track.

The new proposals will not include hiring additional teachers or coaches, but will add increments to the salaries of eight persons now employed to conduct the program.

This will include two junior high girls' coaches for track and assistant volleyball, a junior high tennis coach for both junior highs on an every other day basis, a high school swimming coach, high school girls' coach in two sports, a high school assistant golf coach and increments for the sponsor of the cheerleaders and sponsor of the Goldiggers.

All district 5-AAAA schools plan to begin U.I.L. competition in girls' basketball with the 1977-78 school year. The intramural programs proposed for 1976-77 will afford a year of preparation for district competition.

## Aeros face Whalers

HARTFORD, Conn. (AP) — The surprising New England Whalers and the World Hockey Association champion Houston Aeros face off against each other tonight in an important game No. 4 for both teams.

The best-of-seven series between New England and Houston for the U.S. Division title stands at 2-1 in favor of the Whalers. They stunned the powerful Aeros in the series opener last week and then won 4-1 Sunday night behind rookie goaltender Cap Raeder in a game marked by strong Whaler forechecking.

A victory tonight for New England would increase the pressure on Houston as the series switches back to Aeros' ice for game No. 5 on Thursday. If needed, the sixth game is scheduled for Hartford on Saturday and the seventh for Houston on Sunday.

Both teams have suffered injuries in the current series and each will be without at least one player for the duration of the playoffs.

Houston's Larry Lund is out of action with a shoulder separation suffered Sunday night when he was checked late in the second period by New England's Ron Busniuk.

The Whalers are without Alan Hangesleben, who's wearing a cast on his right arm from an elbow injury suffered in Houston.

And Raeder has been given a chance to show his stuff during the playoffs because first-string goalie Bruce Lundin is out with an injury.

## Larned speaker in Garden City

GARDEN CITY — Jerry Larned, head coach and athletic director at Monahan High School, will be the chief speaker at the annual Garden City spring banquet here Thursday evening, May 13.

The meal will be catered by Al's Barbecue of Big Spring. Tickets will cost \$3.50 each. The event gets under way at 7:30 p.m., in the high school gymnasium.

Students in literary programs as well as athletes will be honored guests at the banquet.

## Little League

Talons rake T-Birds 13-6

In International Little League play a homer by Todd Underwood and three hits by Randy Samuels led the Talons to a 13-6 victory over the T-Birds.

Stewart Miller (1-2), who recorded his first win of the season with four innings of strong relief pitching, rapped out two hits including a double. Jeff Stamper and Richard Hillard each smacked a double for the Talons now 4-2 for the season.

Craig Bonds had two hits for the T-Birds. Russ Stukel and Jon Manly had doubles for the losers and Cliff Hughes blasted a triple. But, it wasn't enough to keep the T-Birds from falling to their fourth loss against two wins. Hughes was tagged with the loss.

Terry Spears was touched for the loss.

Rangers nip Lions 6-3

In National Little League action the Big Spring Herald Rangers had to go an extra inning to beat the Evening Lions Club Lions 6-3.

Jr. Valenzuela and Raymond Dominguez teamed up to hold the Lions to three hits while striking out 15. Dominguez went the final four innings struck out nine and picked up the win.

The Rangers remained undefeated at 3-0 while the Lions evened their record at two apiece. Rod Harris led the Rangers attack with two hits and Bryan Kelly had a pair for the Lions.

Terry Spears was touched for the loss.

Angels rock Giants 8-2

In National Little League peewee division play Sammy Watson smacked a home run to help his own cause as he hurled an 8-2 win for the Angels over the Giants. Greg Blythe knocked in three big runs for the winners with a bases-loaded triple.

Reb rally routs Yanks

In National Little League action Jimmy Rensenhouse of the Rebels came in to relieve Robert Thomas in the fourth inning and held the Yankees to one run on two hits to register the win 12-9.

Reggie Shaw led the Rebels 15-hit attack with 3 singles. Thomas helped his cause with two hits and Baum and Tubbs also chipped in with two apiece.

Sabres jab Starfighters

In International Little League play this season Joel Hodge had a double.

Garman was charged with the loss, the first of the year for the Starfighters (5-1). It was the first for the Sabres (1-5).

Hawks nail Cabots 9-2

In American Little League play Blake Rossen, Steve Rodricks, Gregg Franklin and Tony Kennedy all blasted three hits to lead the Hawk 15-hit attack which beat the Cabots 9-2.

Tom Cudd, the winning pitcher in his first decision, had two hits including a

double. Rossen had a double and triple and Rodricks and Franklin each had a double.

Jody Dawdy (1-2) the losing hurler had a double for the Cabots.

The Hawks are now 5-1 and play the Oilers tonight.
