Panel studies Oswald warning

WASHINGTON (AP) — The chairman of a House committee investigating assassinations said today he will subpoena an FBI memo indicating Lee Harvey Oswald told Cuban officials he planned to kill President John F. Kennedy.

Rep. Thomas N. Downing, D-Va., said he is aware of the memo only through news reports.

But he said "I feel sure it was" a request from his committee, established to probe the assassinations of Kennedy and civil rights leader Martin Luther King, that led to discovery of the memo.

His comment, made at a meeting of

the panel, appeared to conflict with statements made to The Associated Press by an informed source who said the memo had been provided to a Senate intelligence subcommittee earlier this year.

The source said the memo was written in 1964 by the late FBI Director J. Edgar Hoover, who quoted a bureau informant as saying Oswald told Cuban officials he planned to kill Kennedy. According to the source, the informant said his information came directly from Fidel Castro.

The informant said the information was based on a report Castro had received from officials of the Cuban

embassy in Mexico City, the source said. Oswald visited the embassy on Sept. 27, 1963.

The source said he had personally read the memo, but discounted its significance since Castro had made a similar statement publicly in August 1967 during an interview with a British journalist.

In its second official meeting, the committee held a brief public session and confirmed Richard A. Sprague, a former government special prosecutor, as chief counsel.

The panel also agreed to form two subcommittees to probe the Kennedy and King slayings simultaneously. Rep. Samuel Devine of Missouri, ranking Republican member of the committee, questioned the action, saying it would require excessive staff.

Sprague has said he intends to hire 160 to 170 investigators.

In closed session, the committee planned to view a film of the Kennedy assassination taken by Abraham Zapruder. The film was to be shown by Robert Groden, a New York film

authority who contends it provides convincing evidence Kennedy was shot from the front.

The Warren Commission, which said Oswald acted alone in killing Kennedy, concluded that the president was shot from the back.

Defendant is missing

Ronald Jason Caldwell, charged with the March 15, 1975, shotgun slaying of his wife, Kathy King Caldwell, failed to appear when called by the bailiff this morning in 118th District Court.

District Judge Ralph Caton has indicated he will issue a capias for Caldwell's arrest.

Caldwell, who had been residing in Lubbock on \$25,000 bond while awaiting trial, was first missed Friday by his Lubbock defense attorney, Bill Wischkaemper.

Nothing could be legally done, however, until Caldwell failed to appear today.

Caldwell's bond was posted with Mark P. Turner of Trinity Bonding Co. in Lubbock. According to the district attorney's office, that company is no longer in existence.

A capias warrant for Caldwell was issued at the request of Turner in June, but was withdrawn at Turner's request in early July.

Escapees charged with killing WT sheriff

MATADOR, Tex. (AP) — Two escaped convicts from a Houma, La., jail were charged today in this West Texas town with the Friday murder of Motley County Sheriff Jinks Wilson.

Stacy Carter, 25, of Olivia, N.C., and Larry Fortenberry, 28, of Mt. Hermon, La., were charged in Peace Justice Roy Smith's court with murder of a peace officer, which could be punishable by death. Smith said he denied bond on the two men who have been in the nearby Crosby County Jail since they were arrested by state troopers Friday afternoon.

Wilson, 62, and John Rogers of Matador, a civilian companion were shot about noon Friday when they saw two men standing beside a car on U.S. 70 and stopped to investigate.

Rogers was hit in the chest, face and hand but was not seriously injured. Police said he identified the two men in a lineup later that day.

Wilson did not run for re-election this year. He had less than a month to go on his term when he was killed.

MIAs seen in Saigon?

FRASER, Mich. (AP) — About 275 American servicemen believed to be missing in action were seen earlier this year in Saigon, according to information received by the Veterans of Foreign Wars post here.

Past VFW Cmdr. Nelson Amsdill refused to name the source of the information but said he was an American engineer "who has held high posts in the Veterans of Foreign Wars, and is a man with contacts in Singapore and Vietnam."

The Macomb Daily newspaper said it had learned the same source has been in contact with the U.S. House Select Committee on Missing Persons in Southeast Asia.

Amsdill said a letter from the engineer last July said: "This information on MIAs in Saigon is common knowledge out here, but it's kept hush for obvious reasons. They do not want to come home because they have families in Vietnam."

"What I'm trying to say is that most

of the MIAs aren't missing. They are working in Hanoi and other cities close to the Chinese border," the letter added.

In a letter last month to Angus McDonald, staff director of the House committee on missing persons, the same engineer wrote, "We've talked to reliable men who were the last to leave Saigon after the U.S. evacuation in 1975. Immediately, the Communists moved some American POWs and MIAs into Saigon to work at the abandoned American air bases."

Amsdill said Fraser VFW officials have had the information since July, "But we've kept it under wraps for security reasons."

The Fraser VFW post launched an MIA petition drive earlier this year to try to force the Vietnamese to account for the American servicemen who are listed as missing in action. President Ford signed one of the petitions, which Amsdill and two other VFW officials took to Paris in June.

HOMELESS HAWK — A cold and injured hawk, which apparently had a damaged wing, hovered under a bush at Security State Bank this morning. Kenneth Hart brought the creature to the Herald. Investigation proved it had been shot. The bird had best hope it has recuperative powers because no one came forward, offering to nurse it back to health.

Q. When are they going to bring Robert Mendoza to trial?
A. The District Attorney has been trying to get this on the docket. Mendoza has recently been hospitalized. The district attorney has been knocking himself out trying cases lingering on the docket before he goes off Jan. 1. He recently tried J. Doug Ingram for murder, followed by Tony Seracho on aggravated rape and has been holding pre-trial hearings on the Major Harold Freeman case with the murder trial for Caldwell set for next week.

Oil nations eye price hike

VIENNA, Austria (AP) — Economic and financial experts of the Organization of Petroleum Exporting Countries met today to draw up recommendations for an increase in the price of crude oil.

The OPEC commission met at the organization's headquarters under tight police guard. The session was expected to last a week or 10 days, and no communiques or statements were expected.

Informants said such a recommendation by OPEC's economic commission was unavoidable "in view of the inflation in the Western countries and the subsequent erosion of the purchasing power of OPEC oil."

The oil ministers of the 13 member countries of the oil cartel will act on the recommendations at a meeting

opening Dec. 15 in Qatar. Although not required to abide by the recom-

Bullock clamps down on 'drip gas' operation

AUSTIN, Tex. (AP) — State Comptroller Bob Bullock said today state auditors are checking at least eight Panhandle service stations as a result of weekend raids that shut down a "drip gas" operation at McLean.

This is the first result of a project to monitor the quality of gasoline sold at Texas stations, Bullock said in a statement.

Bullock said his agents sealed the pumps at a McLean station on Interstate 40, seized a 9,000-gallon tank truck and a 2,000-gallon bob-tail truck and sealed off a 25,000-gallon storage tank in Cactus.

Approximately 18,000 gallons of drip-gas, a condensate fuel, was seized, he said.

"I hope this serves as a warning to anyone in this state who—just to make a few extra bucks—would pump inferior fuel into the tank of a customer who thinks he is getting good quality gasoline," Bullock said.

He said drip gas may be sold through pumps when it is prominently labeled, but the inferior fuel—"which can damage or destroy an engine—is sometimes sold without the tax being paid and without proper labeling to unsuspecting motorists."

Bullock said his agents were assisted by state police, Texas Rangers, the sheriff's offices in Moore and Gray Counties and an investigator from the Moore County district attorney's office.

mendations of the commission, they are expected to increase the present base price of \$11.51 a barrel to at least 10 per cent.

A 10 per cent boost would add an estimated \$12 billion a year to the oil bill of importing nations. Officials of the U.S. State Department disclosed that the U.S. government has been consulting with the Japanese and West European governments to try to devise a strategy to head off an increase.

OPEC last raised the price of oil 10 per cent on Oct. 1, 1975. The oil ministers met last in May, on the Indonesian island of Bali. They decided there to hold the price line until the end of the year. But since then nearly every Arab oil country has signaled that the Qatar meeting will vote an increase.

The 13 countries supply about 80 per cent of all oil traded in the non-Communist world.

Detective Captain Jones is resigning from force

Jack Jones, captain of police detectives has indicated he will resign in December to go into business for himself. He plans to purchase the Retail Credit Bureau here.

Jones has more seniority than anyone in the police department, having served 21 years effective Nov. 3.

Jones said here today that he has already notified Chief Stanley Bogard and still needs to write his official letter of resignation.

Two patrolmen also resigned this month, including Howard Kloss who is going to work for First National Bank,

Meteorological Agency said the quake was apparently centered in the northern Hopei province.

The Kyoto correspondent wrote that the 15-story apartment where his Peking bureau is housed swayed vigorously. He said screaming people ran out of apartment houses in Peking's foreigners' quarters.

After the Tangshan quake the Chinese refused any foreign aid and never announced casualty figures or estimates of damage. But unofficial sources estimated the death toll in the tens of thousands and reported extensive devastation in Tangshan, an industrial city of 1.6 million. The quake rocked nearby Tientsin and Peking, about 100 miles to the northwest.

On Aug. 16, a quake registering 7.9 on the Richter struck a mountainous region of central China but reportedly caused only slight damage.

Mother pleads innocent in death of girls

DELAWARE, Ohio (AP) — Margo Davies pleaded innocent today to three counts of aggravated murder in the deaths of her young daughters.

Mrs. Davies, 20, of Worthington, told a Delaware County Common Pleas Court judge she did not kill her three small daughters two weeks ago.

Judge Henry Shaw ordered her returned to the Marion County Jail and set her bond at \$250,000 cash.

Trucks back up east of here

Truck were backed up on IS 20 from midnight Saturday until 5 a.m. Sunday at the railroad viaduct east of Coahoma.

Two 18-wheeler trailer tandem trucks slid around and blocked the east side of the highway, according to Highway Patrolman Kenneth Joyce.

He said that a horse trailer and a pickup filled up the space that was left and there was one other vehicle in the ditch at the bottom of the hill.

Traffic, which included a large number of trucks was backed up for 3 to 5 miles by the time the hill was cleared around 5 a.m. The highway department sent a crew out about 4 a.m. to assist with the problem.

and Gary Porter, who plans to return to school to further his education.

Their official date of quitting is Dec. 1. Kloss is already out, currently being on vacation prior to the retirement date.

RETIRING — Mrs. Mildred Crump, county extension agent for home economics in Dawson County since 1966, is retiring effective Dec. 31. Mrs. Crump plans to remain in Lamesa. Her husband, Vernon Crump, is engaged in farming. She was born in Roswell, N.M., and raised in Motley County, Texas.

Condemned man wants televised execution

HUNTSVILLE, Tex. (AP) — Carrying a gun or a knife in his pocket and a liquor bottle in one hand was a common picture for much of the tragic life of condemned killer Robert Excel White.

"I began drinking when I was old enough to hold the bottle. I was brought up with a knife and my father taught me how to use it. I've got a scar on my stomach where my father cut me," says White, who is on death row at Huntsville state prison and will die next month — if he has his way. He says he would like for the execution to be nationally televised.

"If any man deserves to die, I do for the crimes I've committed," White said from his cell last week. White is on death row in the Ellis Prison Unit, convicted along with another man of the 1974 shooting deaths of an elderly grocer and two teenage customers in Collin County.

Last week State District Judge Tom Ryan granted White's wish for "the nearest execution date" and set Dec. 10 as the day for White and the second killer, James Owen Livingston, to die.

White admits emplying a 12-round carbine clip into the victims and leaving the store with \$66 dollars. He talks casually — sometimes laughingly — of his violent past: slashing a 113-stitch wound in the neck of a friend, "cutting out the guts" of his brother-in-law, suffocating hundreds of chickens in a henhouse and shooting at neighbor's dogs because the noise disturbed him.

White said he thought his road to the electric chair began with his dishonorable discharge from the army. "I teamed up with a friend of mine and he and I really got on the wild side. There wasn't much we wouldn't do."

He admits to being a heavy drinker and a frequent participant in brawls. "I'm pretty sure I didn't kill anyone else," he said with a grin. "But I can't always remember what I do when I'm drunk."

Assailant, cop killed

DALLAS (AP) — A shooting incident late Saturday at a West Dallas housing project left both a Dallas policeman and his alleged assailant dead.

Patrolman Alvin Moore, 26, died in the emergency room of Parkland Hospital.

A tactical squad of officers broke into an apartment bedroom and shot to death Adolph Rider, 16, after Rider cut one of the officers with a knife, police said.

Officers said Moore elected to try to talk with Rider rather than merely cover the rear entrance to the apartment. Moore was shot twice in the chest. Sgt. David Lane said Moore staggered out of the apartment, walked a short distance and told Lane: "Sergeant, I'm shot. I can't breathe."

Doctors at Parkland unsuccessfully administered open-heart massage.

White said he is mentally prepared. "As far as I know, I can walk to the electric chair. I don't want any guard holding me."

Actress is off critical list

LOS ANGELES (AP) — Ellen Corby, grandmother of the Walton clan on the popular television series, has been removed from the intensive care unit of Cedars-Sinai Medical Center.

Miss Corby, 63, has been in the hospital since Wednesday when she suffered a stroke.

A spokesman for the actress said Friday she had been taken off the critical list and was feeling better and able to talk.

"We're all very much relieved," said the spokesman, Alan Kahan.

A THRIFTY IDEA FOR HOLIDAY PLANNERS!

So you're going to splurge on your holiday menu? Well, why not? Thanksgiving is only once a year and it's a day when you want to please family and guests with a truly sumptuous feast. You can, however, bring thrift into the planning! Since a large turkey has more meat in proportion to bone, buy a much bigger one than you'll need for Thanksgiving. Then you can plan some post-holiday meals at little cost. For the first meal, estimate about 1 1/2 pounds of turkey per person (that allows for seconds!). The amount you buy over that can be used for bonus meals.

Some thrifty bonus meal ideas are: Turkey Tetrazzini — uses spaghetti or noodles, mushrooms, cheese; Turkey Croquettes — uses onion, eggs, bread crumbs, poultry seasoning, cooking oil; Turkey Jambalaya — uses celery, green peppers, canned tomatoes, rice; Turkey Chow Mein — uses bean sprouts, soy sauce, celery, onions, water chestnuts, bamboo shoots, mushrooms. These are merely examples of items that go into these dishes. Your cookbooks will spell out the recipe details! Other recipe ideas to check are Curried Turkey, Turkey Paella, Turkey a la King, Turkey Soup. None of these recipes are costly... yet they result in delicious meals. Too, remember hot turkey 'n' gravy sandwiches are perfect for quick lunches.

Because of its delicate flavor, turkey meat blends easily with many seasonings to make possible a wide variety of taste-tempting entrees.

We hope you and yours have the best Thanksgiving ever!

Adopted kids have right to know

DEAR ABBY: Would you like to hear some feelings straight from the heart of an adopted child?

I am a 15-year-old girl who was "chosen" at the age of four days. I am so happy with my adoptive parents that I would never dream of searching for my biological parents. Besides, I know it would crush my parents' hearts, and I would never do such a thing.

My "real" parents are the ones who raised me, changed my diapers, nursed me through my illnesses, fed me and put the clothes on my back. But more important than anything material, they taught me right from wrong and gave me love.

To search for my biological parents would be a very poor way of saying "thank you" for all my adoptive parents have done for me.

I think every adopted child should appreciate how lucky they are to have been raised in a nice home instead of in an orphanage.

CHOSEN CHILD IN PA.

DEAR CHOSEN: Chosen children have every right to seek the identity of their biological parents. Whether the reason for their inquiry is good or bad is not for others to say. I vote, too, for the right of biological parents to remain anonymous if they wish. However, a medical history of both biological parents should be made available to the adoptive parents whenever possible.

DEAR ABBY: I'll get right to the point. How does a nice girl meet a nice fellow?

GETTING NOWHERE

DEAR GETTING: She gets out of the house and goes where nice people are. To church, to adult education classes or to the headquarters of a political party where she volunteers her services.

She joins a little theater workshop, if that's her thing, she bowls, plays tennis, golf or meditates. She investigates volunteer services in her community to aid shut-ins, handicapped or the elderly.

She does NOT stay home waiting for some "nice fellow" to ring her doorbell, because if he does, he's sure to be selling something.

DEAR ABBY: A woman wanted to know if medical treatment was in order for her husband, who had lately lost all interest in sex. If that letter is from Phoenix, Ariz., it's from my wife, and I'd like to answer her this way:

Dear Wife: No, my dear, medical treatment is not in order for ME, but it may be that YOU could use some. When I married you 10 years ago, you were 5 foot 3 and weighed 117. Today you won't even get on a scale, but I know you must weigh at least 170 and are about six ax handles across the rear.

Since bearing our two wonderful children, you have decided that your job is done, so you feed your face and grow fatter. The housework never gets done unless you're expecting company.

I'm not planning on leaving you. I think too much of the kids. But I must admit that the thought of kicking your fat can all the way back to Le Mars, Iowa, has crossed my mind a couple of times.

Ladies man changes style

DE SOTO, Tex. (AP) — Tom Usleton rides a motorcycle and makes pizzas.

He says he used to drive Cadillacs and make money. Tom has a sometime girlfriend. He used to have four of them.

They all worked for Tom. They went to bed with men for money. And they gave the money to Tom.

There are names for people like Tom. Some call them gentlemen of leisure, players, panderers. Really, Tom says, he was just a pimp.

"Yes, I was one for nearly 10 years. I'm glad I'm out of it. I'm finally getting my life together," he said.

Tom Usleton, 31, moved to Dallas from Amarillo last summer, ending what he said was a lucrative career as a white slaver.

"It started when I was 13. I talked a 16-year-old girl into it. I really don't know why," he said. A year later his military family moved to Germany. "I had a 22-year-old girl working with me, then."

Tom served a stint in the Navy in the Philippines where he discovered opium. And more girls.

He returned to Amarillo. "That's where I really started rolling. I managed a porno movie house, took dope and sold women. The money was excellent. We were even making porno movies. I was getting out with maybe \$200,000 a year, trips to Hawaii, Vegas, what have you. A good girl can make \$200 or \$300 a trick. That's a bunch of money in a week. With four girls working that's a bunch of money."

Tom said he never used coercion. "You don't have to. I just showed them a good time, took them places, talked them into it. I love women. I respect them very much. I don't respect what I had them doing."

But something came over Tom Usleton, something he says was just a feeling that "there's a God up there. He sees what you do. I saw what I was doing, too. I didn't like it."

Tom entered a drug rehabilitation program in Oklahoma City. "I turned

the girls loose. I told my wife what I had been doing all those years. She's divorcing me. I wish her well. I lost everything and that's the best thing that ever happened to me," he said.

Legalize prostitution? "No. You've got to have that control. If it was legal it would just degenerate into a bad thing. A worse thing," he said.

Tom manages a pizza parlor in this Dallas suburb. He lives with his mother, a regular church-goer.

"I don't make much money. I work hard. I just take one day at a time. I want no part of that life again. I don't know what I'm going to do. I know what I'm not going to do."

Amarillo police know Tom. "Well, if he's going straight now, let's give him the benefit of the doubt," said a metro squad detective.

Steelers looking tough; but is it tough enough?

By the Associated Press.

The defending National Football League champion Pittsburgh Steelers are the owners of some pretty impressive statistics.

—They haven't allowed a touchdown in five games.

—After allowing 110 points in the first five games of the season, they have allowed only nine points in the past five.

—They have outscored their opponents 132-9 in the past five games.

—They hadn't given up a point in 15 quarters, including three consecutive shutouts, until Miami's Garo Yepremian kicked a field goal in the third quarter of Sunday's 14-3 Steeler victory.

But the Steelers also must face some pretty depressing realities.

Playing perhaps the best football in the NFL now, they still could miss the playoffs and a chance for a third straight Super Bowl, trailing Cincinnati by two games in the American Conference Central Division with a 6-4 record.

And, for the second time this season, quarterback Terry Bradshaw is injured.

In the first quarter against Miami, Bradshaw sprained his right wrist. Although X-rays were negative, Bradshaw said he didn't know how long he would be out.

"I'm coming off a real serious injury, and then something silly like this happens," said Bradshaw,

who sustained a serious concussion in the fifth game of the season, an 18-16 loss to Cleveland.

In other NFL games Sunday, New England upset Baltimore 21-14, St. Louis beat Los Angeles 30-28, the New York Giants upset Washington 12-9, Atlanta beat San Francisco 21-16, Oakland defeated Kansas City 21-10, Cleveland downed Philadelphia 24-3, Cincinnati edged Houston 31-27, Chicago defeated Green Bay 24-13, Minnesota downed Seattle 27-21, New Orleans nipped Detroit 17-16, Denver whitewashed San Diego 17-0 and the New York Jets shutout Tampa Bay 34-0. Buffalo is at Dallas tonight.

The Steelers scored on a 21-yard run by Franco Harris, set up by rookie quarterback Mark Kruczek's 20-yard pass to Lynn Swann, and Reggie Harrison's one-yard plunge.

Patriots 21, Colts 14
Quarterback Steve Grogan ran for two touchdowns, and New England, 7-3, moved to within a game of Baltimore in the AFC East title chase.

Grogan's three-yard scoring run as the first half completed the scoring as the teams battled scorelessly through the second half.

Cardinals 30, Rams 28
Jim Bakken's field goal with four seconds left provided the winning margin for St. Louis, 8-2, as Los Angeles, now 6-3-1, failed to pick up any ground on San Francisco in the National Conference West.

Giants 12, Redskins 9
Joe Danelo kicked four field goals, and the Giants—still unable to score via the touchdown route—picked up their first victory of the season. All of Washington's scoring came on field goals by Mike Moseley.

Falcons 21, 49ers 16
Scott Hunter threw two fourth-quarter touchdown passes to Alfred Jenkins as the Falcons, 3-7, dealt San Francisco, 6-4, its third straight loss.

Raiders 21, Chiefs 10
Ken Stabler threw two touchdown passes, upping his league-leading total to 20, and Oakland picked up 211 yards rushing, the most this season. Mark van Eeghan led the ground attack with 95 yards.

Browns 24, Eagles 3
Cleveland, 6-4 and tied with Pittsburgh in the AFC Central, won its fifth game in the past six on Brian Sipe's two TD strikes. Browns' cornerback Ron Bolton intercepted a Mike Boryla pass in the fourth quarter and ran it back 37 yards for a touchdown.

Bengals 31, Oilers 27
Ken Anderson's 47-yard touchdown pass to Isaac Curtis with 42 seconds left gave Cincinnati, 8-2, its victory in a game which seasawed back and forth all afternoon.

Bears 24, Packers 13
Chicago's Walter Payton became the first player in the NFL to surpass the 1,000-yard mark this season,

running for 109 yards and a touchdown, giving him 1,008.

Vikings 27, Seahawks 21
Fran Tarkenton set a club record for completion percentage, 26 of 31 for 84 percent, and threw for two touchdowns as Minnesota came back to beat upstart Seattle, which led 21-20 at one point in the fourth quarter. Tarkenton now has 301 career TD passes.

Saints 17, Lions 16
New Orleans' Warren Capone picked up a Detroit fumble and ran one yard for the winning touchdown. Bobby Douglass also threw a 69-yard scoring pass to Larry Burton.

Broncos 17, Chargers 0
Denver shutout San Diego for the second time this season as quarterback Steve Ramsey threw for 224 yards, including a 59-yard scoring pass to Rick Upchurch.

Jets 34, Buccaneers 0
The Jets posted their first shutout in 13 years, and Joe Namath came off the bench to ignite a first-half scoring burst, passing two yards to Rich Caster for one touchdown.

AGGIE ON THE LOOSE — Texas A&M fullback George Woodard stiff arms Howard Sampson (31) of Arkansas. Woodard's run set up an Aggie score.

Cowboys two-touchdown favorites

Bills can't escape snow

DALLAS (AP) — Things have been going so bad for the Buffalo Bills they can't even escape the snow.

The Bills flew into Dallas Sunday for the nationally televised National Football League match with the Cowboys Monday night and there was six inches of snow on the ground.

However, the 27 Bills weren't expected to have to play in the stuff. A warming trend—temperatures in the upper 40s—was predicted by the Weather Bureau for the 8 p.m. CST kickoff in Texas Stadium.

The Cowboys, off to their best start since 1969 with an 8-1 record, were two-touchdown favorites despite coming off their worst game of the season—a 9-3 victory over the winless New York

Giants.

Dallas quarterback Roger Staubach has been bothered by the flu but was expected to be at full strength as the Cowboys meet the Bills for the first time in Texas Stadium. The only previous meeting between the two clubs was in 1971 when Dallas outlasted the Bills 49-37 and held O. J. Simpson to 25 yards rushing in 10 carries.

The Cowboys have been particularly effective this year with their "Flex" defense in putting the clamps on such celebrated runners as Walter Payton of Chicago, Mike Thomas of Washington and Terry Metcalf of St. Louis.

Larry Csonka gained 89 yards last week. Baltimore's Lydell Mitchell has been the

only runner in four years to gain more than 100 yards overall against the 'Fokes. Mitchell carved out 115 yards earlier this season.

Jim Ringo is still looking for his first victory as the Bills' head coach. Ringo was an assistant under the departed Lou Saban. Ringo is 0-4 since he took over.

"I'm getting kind of anxious for that first victory," said Ringo. "And Dallas is a tough team to get it from."

The Cowboys come into the contest kicking themselves from a near disaster last week. The Giants drove to the Dallas six-yard line in the final minute of the game before again fizzling out.

"I think the Giant game gave us a big enough scare to make us realize that we can't take anybody lightly," said Cowboy receiver Drew Pearson.

The Cowboys dropped six touchdown passes in the lethargic affair.

Hawks to host Angelo at 7:30

The Howard College Hawks, undefeated on the year, will play host to the San Angelo State University Junior Varsity tonight at 7:30 in Hawk Gym.

Head Coach Harold Wilder will be sending the winning combination back out onto the hardwoods to start the contest: Marc Meyers and Mike Little as guards, Reggie Lefall and Lowell Walker as forwards and rebounding sensation Paul Cathey as center.

Tonight's action will end a three-game home-stand for the locals, and will begin a 12-day absence of their running, gunning, grinning and winning brand of basketball on local courts. Their next home game won't be until Nov. 27 against Cisco Junior College.

The Hawks will be sporting brand new solid red uniforms for the first time tonight, in what should be their toughest test of the young season.

For those of you unwilling to give up even a quarter and a half of Cowboy football, the Hawk battle will be carried on KBYG and KBST radio.

Oiler's Bethea in good shape

CINCINNATI (AP) — Houston Oilers defensive end Elvin Bethea was dismissed from Christ Hospital Sunday night after a head-on collision with teammate Curly Culp during the final quarter of the game against the Cincinnati Bengals.

A hospital spokesman said Bethea was released in good condition after doctors examined his neck.

Betha and Culp were trying to tackle Cincinnati quarterback Ken Anderson behind the line of scrimmage, but crashed when Anderson ducked away to avoid being sandwiched.

Betha was removed from the field on a stretcher.

CARACAS, Venezuela (AP) — The United States finished with a 4-1 victory over Venezuela in the three-day competition in the second-round American Zone Davis Cup play.

In Sunday's games, Dick Stockton lost to Venezuela's top-ranked Humphrey Hose in a singles match 6-4, 3-6, 11-9, 9-7. It was the only game Venezuela won in the competition, which began last Friday at the Altamira Tennis Club in this South American capital.

DALLAS COWBOYS

COWBOYS NOTES

COWBOYS FACT SHEET

THIS WEEK — The Dallas Cowboys (8-1) host the Buffalo Bills (2-7) at Texas Stadium in a Monday night game that will be televised nationally.

COWBOYS-BILLS SERIES — The teams have met but once. At Buffalo in 1971, the Cowboys outlasted the Bills in a wild one, 49-37.

KICKOFF — 8 p.m. at Texas Stadium on Monday. Crowd estimate is 60,000 to 63,000.

THE COACHES — Tom Landry was assured his (and the team's) 11th straight winning season. His 134-91-6 record overall is now 108-38-2 in the past 11 years, those years since 1966 when the Cowboys first had a winner.

Jim Ringo, who became something of a legend as the center of the Green Bay Packers, has taken the Bills' helm after the resignation of Lou Saban a few weeks ago.

HOW IT SHAPES UP — Tom Landry is hoping for a little inflation after the flat-tire performance his team put on against the New York Giants in a 9-3 victory.

"It wasn't one of our better games," he understated, "as most of you already have written." Landry pointed out at the weekly press luncheon that none of the Cowboy players, in spite of some misinterpretation of Bob Lilly's halftime remarks, were at a party the night before the Giants' encounter.

"Maybe they should have been," he grinned, "but only the alumni players were there . . . and me . . . which might account for some of the play-calling I did."

Landry said the positive part of the game was that Dallas did win and had some players who did make big plays. He named Charlie Waters, for a key interception; Danny White, for running successfully on a fourth-down punting situation, and Harvey Martin, for the sack of Craig Morton in the game's waning moments when the issue certainly was in doubt.

"But we just have to write that one off and start in on a new one, which is the Buffalo Bills Monday night. The Bills are a team that has been talented in the past and has one of the greatest runners in the business. When you have a player of O. J. Simpson's caliber, anything can happen out there on the field."

Roger Staubach, the coach reported, came out of the New York game without re-injuring the fractured bone in his hand and will be better this week than at any time since he hurt it. Everyone will be ready to play against the Bills, with most of the pulls and bruises minor.

The coach said Dallas will have to play well to win Monday. He is mainly concerned because the offense has not moved the ball well the past few games.

"Especially the running game. We have to start running and getting our backs to producing individually. And I think it has just been a matter of execution . . . we need 11 men really executing at the same time."

Landry confessed that while the Cowboys are not running, they also are not catching the ball as they should.

"Some of that is mental letdown, but no doubt about it, we are not really hanging onto the ball as we should. We were fumbling a lot earlier and now we have stopped fumbling and started dropping passes. Maybe we can get it all together soon."

NEXT WEEK — The Cowboys jet to Georgia for a Sunday date with Atlanta.

Bi-district game slated here Friday

Big Spring will host the unbeaten Forsan Buffaloes in a Class B bi-district contest with the Balmorhea Bears, 7:30 p.m. Friday in Memorial Stadium.

The Big Spring Chamber of Commerce will sponsor the game here Friday night. Jerry Phillips, chairman of sports, set up details of the game with J. F. Poyner, Forsan school superintendent.

Tickets are \$2 for adults and \$1 for students and will be for sale in the chamber office starting Tuesday or may be purchased at the game. The chamber will present a trophy at the end of the game.

"The Bears have a big team but we'll be ready for them," said Forsan High School Principal, Jack Woodley. "We don't know much about them, but playing here, to a home crowd, will be an advantage."

The winner of the Forsan-Balmorhea game will go on to meet the victor of the Groom-Sundown get-together in Panhandle, which will be played at the same time.

In other bi-district contests, Midland Lee which clinched the 5-4A District title with a win over Midland, will meet Eules Trinity, 2 p.m. Saturday in Abilene.

In Class 3-AAA bi-district play, San Angelo Lake View will meet Brownwood, 7:30 p.m. Friday in San Angelo.

Class AA bi-district play includes the Post-Stamford battle, 7:30 p.m. Friday in Snyder.

Andrews will host Seagraves and Rankin, 7:30 p.m. Friday in Class A bi-district play.

"Malicious, inaccurate and false"

Royal refutes charge

AUSTIN (AP) — University of Texas Coach Darrell Royal issued a strong statement Sunday against a published report that ticket scalping is practiced by Longhorn players, calling it "malicious, inaccurate and false."

The Oklahoma City Journal said last week quoted an unnamed Texas athlete, an anonymous high school basketball coach and two unidentified San Antonio businessmen.

The column said players

sold tickets through coaches and that an Austin clothing store would give players a percentage after buying tickets and reselling them.

"It has come to my attention that the Oklahoma Journal has written a story that is malicious, inaccurate and false," Royal said Sunday. "The article states falsely that Texas player tickets were sold through a Texas coach. Because I was concerned, an investigation was conducted."

Royal said that a former

Texas assistant basketball coach was requested by a basketball coaching friend from Oklahoma to secure some tickets to the 1974 Texas-Oklahoma football game.

"The Texas assistant basketball coach did secure 14 nonplayer tickets for his friend for which he was paid \$20 per ticket," Royal said. "This was strictly a transaction between the basketball coaches. Tickets of Texas players was not involved."

College football action

Who is Iowa State?

By the Associated Press

Who is Iowa State and why are the Cyclones doing such bad things to the Orange Bowl?

The Cyclones have gone along for years serenely minding their own business as one of the doormats of the Big Eight Conference, with a brief flurry of excitement when Johnny Majors took them to the 1971 Sun Bowl and the 1972 Liberty Bowl and then took off for Pittsburgh. Even so, this is only their third winning season since 1960.

So it comes as quite a surprise to see Iowa State — unheralded, unranked and, as yet, uninvited — tied for the lead in the rugged Big Eight Conference with Nebraska, Oklahoma, Colorado and Oklahoma State.

And you can bet it came as a shock to the Orange Bowl people when the Cyclones upended ninth-ranked Nebraska 37-28 Saturday and put the onus of selecting a hot team for the New Year's Night game squarely on the shoulders of the selection committee.

And as of late Sunday night, the committee still was scratching its collective head trying to solve the dilemma because the odds are that the race will end in a three-way tie among Colorado — which has only lowly Kansas State left — and the winners of the Nebraska-Oklahoma and Iowa State-Oklahoma State games.

Matters reached this confusing state when Iowa State toppled Nebraska while 14th-ranked Oklahoma downed No. 11 Missouri 27-20, No. 17 Oklahoma State trounced Kansas 45-21 and No. 19 Colorado whipped Kansas 40-17.

Seventh-ranked Georgia, 9-1 with one game left, won

its way into the Sugar as the Southeastern Conference representative by drubbing Auburn 28-0. Meanwhile, fifth-ranked Texas Tech, 8-0 with three games to go, remained atop the Southwest Conference with a 34-7 rout of Southern Methodist. The Red Raiders have a first-place showdown with runner-up Houston next weekend — the 12th-ranked Cougars were idle last weekend — and tough games with Arkansas and Baylor after that.

Invitations cannot be officially tendered until next Saturday and the Orange and Cotton Bowls insisted that Pitt has not turned them down...yet.

The only other bowl berth decided over the weekend was in the Fiesta Bowl. Cinderella Wyoming, which has not been in the Top Twenty all season following last year's 2-9 record, won the right to represent the Western Athletic Conference by shading Texas-El Paso 14-10.

Next weekend, second-ranked UCLA and third-ranked Southern Cal square off for the Pacific-8 crown and the host spot in the Rose Bowl, while fourth-ranked Michigan and No. 8 Ohio State wage their annual war for Big Ten-Rose Bowl honors.

Meanwhile, sixth-ranked Maryland bled-ranked Clemson 20-0, clinching at least a tie for its third consecutive Atlantic Coast Conference title.

Pitt's Dorset fell short of the 200-yard mark when he was ejected with 29 seconds remaining after exchanging punches with several West Virginia tacklers. With one regular-season game left — against archrival Penn State on Nov. 26 — Dorset has 1,724 yards for the season — the major college mark is

1,881 — and 5,858 in his record-shattering career.

Sub tailback James Owens, an Olympic hurdler, scored two of UCLA's three second-period touchdowns as the Bruins whipped Oregon State 45-14. Meanwhile, Southern Cal kept up the Pac-8 pace by downing Washington 20-3 as Vince Evans passed for one score and set up another while ailing Ricky Bell was held to 21 yards on 12 carries.

Rob Lytle scored three times and became Michigan's all-time rushing leader with 3,065 yards as the Wolverines rebounded from last week's upset loss to Purdue and belted Illinois 38-7.

Ohio State, however, remained one game ahead of Michigan with a tough 9-3 triumph over Minnesota as Jim Pacenta's tie-breaking fourth run in the second period. Michigan must beat the Buckeyes to reach the Rose Bowl; Ohio needs only a tie.

After Maryland stretched its record ACC winning streak to 19 games in a row, Coach Jerry Claiborne broke a season-long silence on his unbeaten team's status in the national rankings.

"They deserve to be No. 1 or No. 2," he said.

Iowa State's Earle Bruce was not making any such claims but he was quite excited after Dexter Green ran for two scores and Luther Blue returned a kickoff 95 yards for another touchdown against Nebraska.

Terry Miller may be the greatest thing that ever has happened to Oklahoma State. He rushed for 221 yards and tied the Big Eight record of five touchdowns against Kansas State.

Tenth-ranked Alabama and No. 18 Notre Dame are not in contention for the national championship this year, but they played a thriller, with the Irish winning 21-18 behind Rick Slager's 208-yard first-half passing, including a 56-yard touchdown bomb to Dan Kelleher.

Rounding out the Top Twenty, No. 16 Texas A&M bounced No. 13 Arkansas out of the SWC chase 31-10, Kentucky upset 15th-ranked Florida 28-9 and Wake Forest kayoted No. 20 South Carolina 10-7.

Triangle Grocery — F.C. Legg, Sterling City, a 5-lb. leg, a 4-lb. yellow cat and two channel catfish to 3 1/2 lbs.

Spence recap

Whether because of cooler weather or for some other reason, increased catches of striped bass were reported at Lake E.V. Spence during the week.

Three of them almost aggregated 50 pounds. Jasper Cox, Odessa, had the outstanding specimen with an 18 1/2-lb. strip, with Bill Harris, Odessa, and Mr. and Mrs. Joe Dunham, Odessa, catching 16 1/2-pounders.

Black bass fishing also picked up sharply, and there were several good catches of channel catfish along with a few crappie and yellow cat.

Reports included: Hillside Grocery — Gene Holcombe, San Antonio, 10 black bass to 2 1/2 lbs.; John Page Jr. and Jimmy Skinner, Robert Lee, two stripers at 8 lb. each and two channel catfish to 6 lb.; Mr. and Mrs. Joe Dunham, Odessa, four channel cat to 2 1/2 lbs., six crappie to 1 1/2 lbs., two blacks to 2 lbs., and a 16 1/2-lb. strip; Lyndal Lowe, William Hudnell, Ben Maples, Pam Maples and Bobby Maples, all of Odessa, 50 black bass to 7 lbs. and

Your Daily HOROSCOPE

from the CARROLL RIGTER INSTITUTE

FORECAST FOR TUESDAY, NOVEMBER 16, 1976

GENERAL TENDENCIES: The very early morning can have some unusual and unpredictable events occurring that will require much ingenuity on your part to handle. Later you find you are able to organize the details of any plan of action so that you are able to accomplish and achieve a great deal.

ARIES (Mar. 21 to Apr. 19) Get busy at tasks you planned for today and don't run off to what you think are greener pastures. Co-workers are very cooperative and will go along with a new plan you have.

TAURUS (Apr. 20 to May 20) You are tempted to jump into a new project without being fully prepared, so be sure to study it further instead. Have a good time with a close friend, but don't spend too much money.

GEMINI (May 21 to June 21) Avoid an outsider who wants to waste your valuable time. Do something constructive about a tense situation at your home. Make sure bills are paid on time.

MOON CHILDREN (June 22 to July 21) Make better arrangements for handling daily tasks so they will be easier and will give you more spare time. Come to a true understanding with partners. Make evening a happy one.

LEO (July 22 to Aug. 21) You can add appreciably to present income if you are more practical and apply yourself more seriously. State what you want from others and see that they follow your wishes. Be tactful.

VIRGO (Aug. 22 to Sept. 22) Study personal problems and give attention to details that are important. Later in the day you can be with congenials for a good time. Stay within your budget.

LIBRA (Sept. 23 to Oct. 22) Organize all those small tasks you have to perform and get them done efficiently. You now get the right answer to a problem about which you have been doing research work.

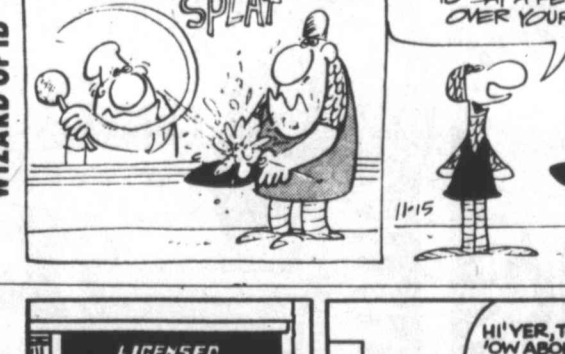

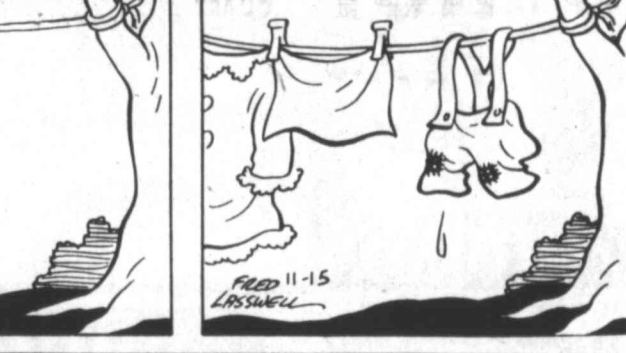

SCORPIO (Oct. 23 to Nov. 21) Schedule your activities so that a plan you have in mind will work out to your advantage. By contacting a good friend after lunch you gain needed support. Use diplomacy.

SAGITTARIUS (Nov. 22 to Dec. 21) Ideal time to show that you are a fine citizen by getting involved in civic affairs. Pay bills promptly and improve credit rating.

CAPRICORN (Dec. 22 to Jan. 20) Plan to go out after lunch to some new site where you can get advanced ideas for your greater progress. Asking advice of a wise individual is good, so don't hesitate in doing so.

AQUARIUS (Jan. 21 to Feb. 19) Take care of obligations precisely and efficiently, but avoid a talkative friend for best results. Use your intuition and please friends.

PISCES (Feb. 20 to Mar. 20) Know what partners want from you and arrive at a better meeting of minds. Avoid one who does not see eye to eye with you on a certain issue. Try to understand this person.

Violence claims 30 over weekend

Harsh winter weather Friday and Saturday and a four-fatality wreck Sunday swelled weekend traffic fatalities in Texas to nearly the 20 level, while deaths from all kinds of violence passed the 30 mark.

The four-fatality wreck Sunday came in a one-car crash 14 miles north of San Angelo on U.S. 277. The Department of Public Safety said the car apparently ran off the road, spun around and hit a tree, bursting into flames.

Industry at the crossroads

Other inquiries promising

by Tom E. Roy

Industrial Manager, BS Ch. of Commerce

By TOM E. ROY
It's time for another report on our activity for the last month, so at the risk of sounding overly optimistic, here it is. Not only were we successful in closing the deal with Highwood Products Company, but we have had several other inquiries which look very promising. We have heard that companies are planning major capital investment moves to modernize, boost total capacity, and trim labor costs by building new plants and additions. That may be the reason we are seeing so much activity by many firms to seek additional locations.

WE ARE STILL being considered by a consulting firm as a possible location for a branch facility for one of their clients and several items of correspondence have changed hands. This firm would hire 175-200 people and pay good wage rates. There is no indication when they are contemplating a move.

Another large company visited Big Spring last week looking for several big buildings. They had heard of our situation with Webb Air Force Base and needed additional information. Although we made it clear that no decision had been made by the Air Force and until a decision was made nothing could be done, they seemed extremely impressed with the town and location. Possible employment could reach 750 people.

THE TEXAS INDUSTRIAL Commission is working with a company interested in Big Spring and we have supplied TIC with several items of information requested. Plans are still being drawn up by the company and they are several months away from a final decision, but they want to seriously consider Big Spring. The company would be relocating a lot of people and housing was of prime

concern along with labor and a large site. Employment potential has been pegged at around 250-300 people.

A substantial company has asked for information regarding several factors in town, and they would like to visit the city in the near future. They would be a major employer if certain conditions relative to their needs could be met. A lot of that would depend on what happens in the coming months.

As you can see, there is a good reason to be optimistic. This activity is indicative of the expansion mood sweeping the business world. Hopefully, it will last for a while so that we can take advantage of the opportunity to broaden our economic base and become less dependent on the whims of government. And if the decision on Webb is adverse, we will have to seize this opportunity to recover from the economic injury that will come in its wake.

Bell proposal would leave 5,000 jobless?

AUSTIN, Tex. (AP) — A spokesman for the Communications Workers of America testified today that 5,000 jobs in Texas would be lost if the Texas Public Utility Commission allows Southwestern Bell to charge for directory assistance calls.

Paul Gray, vice president of the CWA district that covers all of Texas except El Paso County, said 3,000 of those jobs would be in Southwestern Bell and 2,000 would be in other Texas telephone companies that have asked for permission to charge for such calls.

Gray also said that imposing a charge would put directory assistance out of the reach of many customers, including those who do not read English very well and rely on 411 calls to obtain telephone numbers.

He said directory assistance is a fundamental part of basic telephone service.

"Many telephone numbers are never published. In rapidly growing areas of the country or in areas where the population is transient in nature, telephone directories are out of date before they are even published," he said.

Bell lawyers began cross examination of utility commission staffers who recommended in prepared written testimony that the company be granted a \$49.76 million per year rate increase, compared with the \$298.3 million sought by Bell.

Jon Lawrence, Bell's lawyer, challenged commission accountant Tom Boudreaux on numerous recommendations including elimination of \$3.58 million in advertising expenses. Boudreaux said the expenses related to interstate tolls, national and out of state advertising.

"The company has not shown how these costs benefit Texas consumers and therefore they should be excluded from the Texas intrastate cost of service,"

Boudreaux said. Lawrence asked how the amount to be disallowed was determined.

Boudreaux said that this was based on physical examination of the telephone company's work papers and the ads themselves, or at least "a portion of them."

Lawrence handed a copy of an ad to Boudreaux and asked if it was one of those that was disallowed.

Boudreaux said he could not remember and would have to check against the large packet of ads that were thrown out from Bell's rate base.

Installment utility payments proposed

DALLAS (AP) — Texas Atty. Gen. John Hill has proposed that Texans be allowed to make installment payments on utility bills during summer months when electricity usage is highest.

"We are going to have to face the fact that the day of cheap energy is gone," Hill told the annual meeting of the Texas Municipal League Sunday. "I think the utilities have a moral obligation to let the public pay off unusually high bills on an installment plan."

Nearly 3,000 city officials from across the state are expected to attend the municipal conference that runs through Thursday.

Hill said he discussed the deferred payments proposal with the Texas Utilities Commission and believes it will be adopted.

Under the program, Texas residents would be able to spread out payments of their utility bills over a period of months so that no individual month's charges would be too great.

"In the summer months when everyone uses their air conditioners, homeowners sometimes get electric bills for \$200 or more," Hill said. "Why not spread this figure out into the winter when use of electricity is much less."

Hill also told the Municipal League members that he would not support legislation that would not allow utilities to get a fair rate of return on their investments.

"There is a wave of

Too much aspirin dangerous

Rheumatoid arthritis affects more than five million people in the U.S. It is one of the most serious of the 10 varieties of arthritis because it can affect the lungs, skin, blood vessels, heart, muscles, spleen and eyes as well as bone joints, the Texas Medical Association has said.

The symptoms include morning stiffness, painful movement and more than one tender, swollen joint, said the November issue of Texas Medicine, the TMA journal. The Arthritis Foundation said a tingling sensation in the fingers, hands and feet and unexplained weight loss, fever or tiredness also can be symptoms. A doctor should diagnose any complaint to determine the cause and prescribe treatment.

One of the most popular treatments is aspirin. However, even this simple drug should be given under a doctor's guidance because aspirin side effects can be very serious in some people. People who are "free bleeders" generally should avoid aspirin because it can increase bleeding in these people, the Journal of the American Medical Association (JAMA) reported. Too much aspirin causes upset stomach in about 5 per cent of the people on aspirin therapy, said Don Smiley, M.D., of The University of Texas Health Science Center at Dallas. He also quoted a study which said aspirin is not a significant cause of peptic ulcers but may make them worse.

Other side effects can include ringing or other noises in the ears; inflamed, scaly skin or other problems. Often careful regulation of aspirin dosage by a doctor can control bad reactions. It is impossible for a patient alone to tell how aspirin dosage should be handled because of possible hidden internal problems.

The TMA journal said a doctor may prescribe rest, heat, certain exercises or other drugs to help control rheumatoid arthritis. If a patient attempts self-treatment, valuable therapy may be overlooked that could prevent crippling and deformity.

Patients unable to take aspirin may be able to take certain prescription drugs although they may not be as effective as aspirin in some cases, the November issue of Texas Pharmacy, the Texas Pharmacy Association journal said.

One of those drugs, Naprosyn, currently is involved in a controversy over its safety. The Food and Drug Administration (FDA) has threatened to order the drug off the market because of faulty test data. Syntex, the company that makes the drug, has said Naprosyn is safe and effective. A FDA hearing will be held probably by mid-November.

Santa Claus bit

NEW YORK (AP) — The Bee Gees, the British rock group, say they will play Santa Claus to financially ailing New York City.

To the swirl of tiny batons and the thump of child-sized drums outside Gracie Mansion, the group told Mayor Abraham D. Beame on Wednesday they intend to donate the net proceeds of a Dec. 2 Madison Square Garden concert to the city's Police Athletic League.

"There's no reason why we can't give some money back to New York," said Maurice, one of the three singing brothers. "We wouldn't like to see New York go down the drain."

A youthful 50-member drum and bugle corps from Staten Island played and twirled to entertain the rock stars and their wives.

Ridin' fence

Call him Friend

with Marj Carpenter

"With a name like Friend, you have to live up to it," Friend Talbott said here last week.

"Even when I went to the Rotary convention in Atlanta one year, that name made me friends in a hurry. 'Hi Friend' they'd laugh and suddenly you are — friends," he added.

"The name is a family name. My mother's grandmother had twin boys named Friend and Freen. Shortly before I was born, somebody named one of my cousins, Freen, so when I came along, naturally I was Friend. Well, I've outlived Freen," he headed.

FRIEND IS A master craftsman. He has either built or worked on "Half the houses in town" since 1937. Talbott has built many of Big

FRIEND TALBOTT

Spring's finest homes both in town and out in the rural area. He usually does his own designs and drawings and with each home he builds, he puts his whole heart into it.

Talbott will sit around and talk about the particular house he is working on like it is a living thing.

His father constructed bridges all over Nebraska

and Kansas. "I used to work on them when I was a little bitty kid," Friend recalls. When asked if his grandfather was also a craftsman, he said, "No, he was a politician. He was Robert Andrews Talbott, a state representative in Illinois."

In Big Spring, there are a lot of early homes constructed by Reagan-Talbott combination. This is the older, longtime Talbotts of Big Spring. Friend says, "We may be distantly related. We never have figured it out for sure."

Talbott's son Bill is working with him in the construction business. "He's a real craftsman," his Dad smiled.

Friend's wife, Clara Mae, was one of the daughters of Beau Soldan, an early railroader. He had one of the really early Big Spring homes. It still stands in the block behind the Post Office.

When his wife died, the children went back to Nebraska to live with relatives. "That's where I met Friend," Clara Mae recalls.

"Later, when our young daughter, Bonnie was ill, they told us to take her to another climate. That's when we came to Big Spring — in 1937."

THEY LATER LOST Bonnie and also a son, Blake. But they raised Bill and a daughter, Mrs. Jack McDaniel of Houston. They have grandchildren and great-grandchildren, including a happy little boy named Friend.

Friend recalls that his grandfather also trained horses for John D. Rockefeller and has some pictures of the horses. My grandparents lived in a house with 14 bedrooms," Friend stated. "But they raised 14 kids. They had six of their own and raised eight more that had no place to go. People used to do this. They didn't go through adoption agencies and all of that."

Then Friend began to look through a box of pictures to find a picture of himself. He didn't have many. Mostly he had pictures of the houses he had built. He took pictures of them in the summer, and the fall and in the winter with snow on the roof.

Because the houses were all special to Friend, and I'm just as sure that Friend was special to the houses.

The only reason I caught him sitting still is because he was getting ready to go to the hospital and undergo surgery. But he was already talking about remodeling and adding to one of the rural homes he constructed.

He's one of those people I'm very likely to run across when I'm out ridin' fence.

Stencils for marking property available

"Operation Identification" has come to Howard College. Have you been aware of the number of burglaries that occur in Big Spring and surroundings every day? Have you ever worried that your home might be burglarized? Have you ever thought, seriously thought, what you could do to cut down on crime in your own area?

"Operation Identification" is one way to fight back at criminals. Many police departments believe this to be one of the most effective deterrents to burglarizing. This is one of the programs

which the Big Spring Police Department is conducting in its campaign of Crime Prevention.

With this program, a stencil gun is furnished, enabling the user to engrave his license number on every item he owns, making the resale of stolen goods almost impossible. When the items have been marked, warning labels are issued to be displayed on doors or windows in the house, showing that the properties housed within have been labeled for protection against resale. Smaller labels may be placed on cars, to discourage theft of CB radios, tape decks, etc.

Sgt. Ed Kissinger of the Big Spring Police Department, who is handling this project, has placed six of the stencil guns in the Howard College Library, with labels and record-keeping materials, for ready access to whomever is desirous of this type protection. Also provided is a pencil for marking clothing, furs, soft items, which supplies a marking visible only under ultraviolet rays, and which marking will last for some time, possibly until the item is cleaned.

The stencil guns may be picked up at the library and kept for three days. Labels will be furnished when the marking equipment is returned.

Hours of the college library are: Mondays through Thursdays, 8:00 a.m. to 9:00 p.m. Fridays, 8:00 a.m. to 5:00 p.m. The library is closed Saturdays but open on Sundays from 1:00 p.m. to 5:00 p.m.

Five children fire victims

WEST POINT, Ga. (AP) — Five children died when fire swept through a house while their baby sitter ran an errand, authorities said. The children were 1 to 5 years old.

The children's mother, Mary Murphy, was at work at a cotton mill at the time of the fire Friday night, and her sister, Norma Jean Murphy, 23, was baby-sitting, said George Reed, assistant West Point fire chief.

The baby sitter left the house for a few moments to run an errand, and when she returned, the house was in flames, Reed said. The five children who died suffocated in their beds while four older children in the house were able to escape unhurt, he said.

Reed identified the dead as Tylas Murphy, 5; Cometrus Murphy, 4; Frederick Murphy, 3; Anthony Murphy, 1; and Marsha Bailey, 1.
