

mack's
tracks
—by dave

We're afraid a friend of ours has supplied us with a boogey trap.

Billy Sides and Homer Lindeman were drinking coffee the other day out at Sherman's Cafe when we walked in, and after the last dregs were gone Billy asked if we liked antelopeburgers.

"Eat it for breakfast every day," we replied, thinking that Billy would have some sort of joke planned for any other reply.

Much to our surprise Billy then informed us that he had a whole box full of antelope meat out in his pickup and we would be more than welcome to a couple of packages.

The way it was told, we didn't believe Billy was giving away the meat but when we left the cafe the air was filled with packages of antelope meat.

When our companion, Johnny Wilson and yours truly recovered, we each had two large bundles of meat.

We got to talking to Billy more on the subject of antelope meat, and came to find out why he was so generous with it.

Seems that Doris, Billy's better half, had laid down an edict that no more antelope meat would grace their table and for Billy to get rid of it.

"I tried feeding it to one of our cats, but the cat just smelled it, dug it off around the house, dug a hole and buried it."

"You know, we wonder if that stuff will be ok to eat or not."

We'd like to take this opportunity to acknowledge a pretty swell gesture on the part of Southern Farm Supply of Amarillo.

Last week we carried an ad in the Star in which the Southern Farm Supply congratulated the Friona High band on their performance over Cotton John's Saturday show.

This in our books was pretty nice of the organization and it is surprising how far some of the "little things" we can do for others will travel.

We enjoyed the band ourselves, and know that all the folks in Friona, especially the parents of the band boys and girls will join us in appreciation for the swell gesture made by Southern Farm Supply.

Something new has been added to the FHS football team Coach Colie Huffman is growing a moustache.

We were taken by surprise by the new "growth" of Coach Huffman's, and after some good-natured jibing must admit that the brush doesn't look half bad.

Coming into the office the other morning we were greeted with the following bit of sage advice which was peeping out of the roller of our typewriter. In hopes that our readers will enjoy it we will pass it on to you:

WHY WORRY

You're either successful or you're unsuccessful.

If you're successful, you don't have anything to worry about.

If you are unsuccessful, you have two things to worry about--

You're either healthy or you are sick.

If you are healthy, you don't have anything to worry about.

If you are sick, you have two things to worry about --

You are either going to get well, or die.

If you get well you don't have anything to worry about.

If you die, you have two things to worry about.

You're either going to heaven or hell.

If you go to heaven you don't have anything to worry about.

If you go to hell, you will be busy shaking hands with your friends who won't have time to worry --- WHY WORRY!

TEACHERS TO ATTEND ENGLISH CONFERENCE

Six members of the Friona school faculty will attend an English conference in Hereford next Thursday.

Those slated to attend the conference, which will be on the subject of correlation of grammar and literature in the English program of our schools, include Raymond Cook, Baker Duggins, Dillie Kelley, Carmaleet Truitt, Pearl McClain, Emily Jo Barnett.

ON TRIAL FOR MURDER! ---- A scene from the Thespian production which will be presented by the Thespians of Friona High School Tuesday night during a recent rehearsal.

FRIONA, TEXAS

THURSDAY, FEBRUARY 12, 1959

TEN CENTS

Tribe Takes Two

In a pair of hard fought, close scoring ball games Friona's Chiefs and Squaws came out the victors Tuesday night to send the Tullia Hornets home on the short end of the scoring.

The Chiefs, many times the bridesmaid but never the bride, found their pace Tuesday night and beat down the favored Tullia Hornets by a score of 52-50 in their game.

Many fans from Dimmitt were on hand to cheer for Tullia for had the Hornets won, as was predicted, the district race would have been knotted between Dimmitt and Tullia.

But, having finished on the short end of the score several times by only one and two points Tuesday night belonged to the Chiefs and they weren't to be denied.

Taking a nine point lead at the end of the first quarter of play and led by ball-hawking Frank Spring and Wayne Rhodes the Chiefs led all the way although allowing the Hornets to

edge to within two points of them several times.

The score at the half stood at 27-24 and the third quarter ended with the score 40-36.

But the Chiefs held out and won 52-50.

The Squaws, led by Jacqueline Magness who poured 29 points through the hoop in their game downed their opponents from Tullia 54-42.

This game put the Squaws way out in front in district play and if they can beat Canyon Friday night they will wrap up the title.

However, if the Squaws drop the game Friday night there will be a three-way tie for the title between Friona, Tullia and Dimmitt.

In Tuesday night's game the Squaws led all during the game with the scoring by quarters appearing this manner: end of first quarter, 19-9; second -- 35-24 and third 45-38.

Mikie Culwell of Tullia was high pointer for the gamescoreing 32 of Tullia's 42 points in the contest.

Murder Trial Play Tuesday

Did Karen Andre commit a murder, or not? That is the question that will be answered by a jury at the Friona High School auditorium Tuesday evening of next week. The curtain will rise at 8 p.m., the question will be answered about 10:30 the same evening. No one knows the answer yet.

Audiences generally leave the theatre after performances of "Night of January 16th" debating the correctness of the verdict. The play is built in such a way that the evidence of the defendant's guilt or innocence is evenly balanced and the decision will have to be based on the feelings of the jurors toward the case.

The two parties opposed in the trial are as radically antagonistic as will be members of the audience and the men and women who will serve on the jury. Either decision will bring the protest of the opposite side. The case will be a challenge bound to cause arguments and discussion for the underlying conflict is the eternal conflict of two definite types of humanity. It is thus really the audience that is put on trial.

The Thespian Troupe of Friona High School is presenting the play. Tickets are available from any member of the troupe, and will also be on sale at the door.

Patrons may leave their names as candidates for jury duty as they enter the auditorium the night of the performance. The first twelve names drawn will serve on the jury. Two endings have been written for the play and the verdict rendered by the jury will determine which ending is used.

Both men and women will be eligible to serve on the jury and each juror will be refunded the price of the ticket purchased.

Characters shown in the picture are Donna Fields, prison matron; James Gee, Larry Regan, gangster; Bobby Sanders, Judge William Heath; Judy Taylor, secretary to Defense Attorney; Jimmy Bainum, Defense Attorney Stevens, Pat Cranfill, Karen Andre, on trial for murder;

ENMU Choir To Sing Here

The 50-odd member choir of Eastern New Mexico University of Portales, N.M., will perform at an assembly program in Friona Tuesday afternoon.

The program, which will be open to the general public, will begin at 2 p.m. in the high school auditorium.

The ENMU choir is well-known in this area for their musical abilities and will appear in Friona following an appearance in Amarillo Tuesday morning.

for murder;

Frank Ready, bailiff; Gerald Daniel, District Attorney Flint; Janiece Bock, Nancy Lee Faulkner, widow of the murdered man; Kim Caffey, Detective Homer Van Fleet; Keith Taylor, Sigurd Jungquist; Carol Coffey, secretary to District Attorney Fling; Virginia Patton, Magda Svenson; Adabeth Akens, Jane Chandler, hand writing expert; Tommy Jay Sanders, John Graham Whitfield; Mary Tom Spring, Roberta Van Rennselaer.

Final Rites Held For J. C. Phipps

Funeral services were conducted for J. C. Phipps, 88, long time resident of Wellington, at 2:30 p.m. Friday afternoon at the First Baptist Church here. Officiating ministers were Elder Glen Williams of Muleshoe and Elder C. V. Ray of Hominy, Okla. (Continued on last page.)

Chamber Banquet Tickets On Sale

Tickets for the Annual Friona Chamber of Commerce and Agriculture Banquet are on sale in Friona.

The banquet, slated for Tuesday night, February 24, will have Jack Lacey, manager of the Amarillo Chamber of Commerce as the guest speaker.

Ticket sales are under the direction of J. C. Claborn and most members of the chamber of commerce have tickets available.

The tickets are \$3 per person. In addition to Lacey's speech the banquet will feature the presentation of the Outstanding Man of the Year and Outstanding

Firemen Hear Plea For New Scout Troop

Friona firemen heard a discussion of the needs of another Boy Scout troop in Friona at their meeting Thursday night.

Coy Patton, scoutmaster of the Black scout troop and Eric Rushing, local insurance man, discussed the needs and told the firemen the current scout troop was becoming "full" and according to a survey taken last year there are enough boys in and around Friona to fill another troop "easily."

After hearing the talks by Rushing and Patton, firemen discussed such a move to sponsor another troop and six members were appointed to look into such a move.

Clyde Fields, J. P. Sims, Weldon Dixon, Durward Taylor, Leo Reed and Ray White were appointed by Chief Ruben Taylor, to see where the troop

could meet, who would serve as scoutmaster and other such problems should the fire department decide to sponsor the new organization. Following this discussion the sales and service of fire extinguishers was taken up. In the future a display of all types of fire extinguishers will be available at Taylor & Sons Welding Shop and at Bainum Butane Company. Orders for new extinguishers will be taken, and quick service on old extinguishers will be available. If anyone in this area has an extinguisher they wish to fill or service, contact either of the above business houses by Tuesday of each week and the extinguisher will be ready by the following Saturday, or by Saturday and the extinguisher will be ready by the following Tuesday.

8th Grade Girls Win District Title

Friona's 8th Grade Girls basketball team put down a fighting Olton team last week to take undisputed lead and the title to the district basketball championship.

The girls beat Olton 33-29 in the deciding game.

'Almost' Two Fires This Week

Two fire alarms were reported in Friona this week, one was "out" when the trucks arrived.

The trucks were called Tuesday at noon to the block owned by Mrs. Pearl Kinsley.

A grass fire almost got out of control at the site, but when trucks arrived all was calm.

Monday afternoon firemen answered a call for help south of Friona where an auto was on fire.

A 1958 Thunderbird was being towed to Amarillo by a wrecker and somehow caught on fire. Friona firemen answered the call, extinguished the fire, but not before the car was pretty well charred.

In district action the team is still undefeated, with one more game on the slate, this one with Dimmitt next Monday.

In season action the team has lost only one game, and this was with Muleshoe by a score of 22-17.

They avenged this loss by beating Muleshoe here later on by a score of 27-19.

Coach Donald Watkins says, "I am more than pleased with the girls both on and off the court this year."

"They proved their playing ability and in addition acted like ladies everywhere we went."

"We received compliments on their manners at every game and it was a pleasure to work with them this year," he says.

Girls making up the team include Carol Ray, Janet Buckley, Par Barker, Sondra Burleson -- all starting forwards;

Iva Parr, Greta Mears, Joy Ingram and Patricia Fallwell -- guards.

Other team members are Andrea Milligan, Linda Crow, Lorraine Burrow, Cynthia Guinn, Sandra Hoover, Sharon Reeve, Wanda Ready and Kay Johnson, manager.

MOD Totals Not Complete

Final totals for Parmer County's 1959 March of Dimes Campaign are still not complete, Cary Joe Magness, county campaign director, reports.

They will be figured at a regular meeting of the county chapter of National Foundation Tuesday night in Bovina Restaurant.

Estimates of the drive's total are over \$3000, "which certainly makes it a success," Magness says.

Totals will be announced following the Tuesday night meeting.

Hospital Holds Annual Meeting

Sloan Osborn of Friona was re-elected to the board of directors of the Parmer County Community Hospital at the annual meeting of the hospital Monday night.

Members present heard a financial report given by H. E. Barnett, manager of the hospital.

Following the financial report Dr. Paul Spring explained the duties of the various members of the hospital staff and told how the hospital carried out its duties to the community.

Hollis Horton Jr. and Ralph Roden were commended on their work as co-chairman of the hospital drive held last fall.

The drive added a total of \$39,000 to the hospital. (This total does not include pledges, but just cash which was collected during the drive.)

Pete Buske, chairman of the hospital board, pointed out in the financial report, which was turned in last September, that since the report was made up the hospital has begun to operate in the black.

BUILDING PERMIT

A building permit was issued at the City Hall during the week ending February 10 to R. L. Fleming for the purpose of constructing a new residence at an estimated cost of \$12,500.

OK Rubber Welders Open Here

Friona's newest business house, OK Rubber Welders, is open for business and will hold an Open House and tire sale at their location on east Highway 60 this Saturday.

As a Grand Opening prize James Chandler, owner of the business, will give away to some lucky person a set of 6:70x15 blackwall nylon tires.

All you have to do to be eligible for the prize is to register at the Open House Saturday.

The business opened a couple of weeks ago and Chandler has a complete line of tires for autos, trucks tractors and other heavy equipment.

In addition to the tires the OK Rubber Welders have complete service on tire repairs.

In the past folks in this area have had to travel out of the county to get this type of repair service, but OK Rubber Welders offers full service on all tire repairs and is equipped to handle all sizes of tires.

Chandler invites the people of this area to drop by and get acquainted at the opening Saturday.

Chandler and his family moved to Friona from Littlefield and now reside in Friona, living in the northeast section of town.

OK RUBBER WELDERS----OK Rubber Welders will hold a Grand Opening Saturday at their new building on East Highway 60 in Friona. Above, James Chandler, owner, left, and James McDowell stand in front of the new business.

Happy Birthday Scouts

The Boy Scout movement has reached middle age, but instead of setting back and acquiring the well-known "middle age spread" the Boy Scouts have expanded their activities and have gained vigor with age.

This week, National Boy Scout Week, marks the 49th Anniversary of the Boy Scouts in the United States.

The Boy Scout movement is looking ahead to ever-greater achievements and in this age, with juvenile delinquency rampant, the movement deserves the active support of every decent and responsible citizen.

In its nearly half-century of existence, the organization has touched the lives of more than 28,500,000 Americans. Today there are more than 4,780,000 boys and leaders playing the "game of Scouting." This works out to one of every four boys in the 8 to 16-year old groups, and the hope is that this proportion will be materially in-

creased. Dr. Arthur A. Schuck, Chief Scout Executive, puts it this way: "Looking ahead for the next five years we must recognize that never has it been so important or imperative that the youth of our nation be trained to high idealism, acquired through unselfish service, by self-reliance, and cooperative effort."

The ideals and objectives of Scouting have remained unchanged since the movement's birth. But changes have been made in organization methods and operating techniques in order to meet the needs of the time. At the moment, if Scouting is to be brought to more of the boys who want it, there must be more trained leaders and more facilities including camps. Meeting this challenge should be regarded as a pleasure and a privilege.

Meanwhile -- Happy Birthday, Boy Scouts!

CLIPPED QUOTES

Dangerous Sport?

This year there have been five Texas youngsters die as a result of football injuries, more deaths than have ever been recorded in a single year. One of these occurred in a neighboring game between Dumas and Phillips, which brought statistics a lot closer to home.

These unfortunate accidents on the state's football fields have started some talk about curtailing football as a high school sport because it is too dangerous.

A lot of mothers were disturbed in this area by the death of the Phillips football player.

It may be time to look at the statistics. According to the Texas Interscholastic League, football certainly ranks as one of the safest sports known. There are many minor injuries in this contact sport, but serious injury is rare.

Junior is much more liable to be killed

in the family car than on the football field. There are 236.5 deaths associated with motor vehicle accidents to one in football, among football players in the nation.

There are 337 deaths associated with drowning accidents to one in football.

There are 241 deaths associated with firearm accidents to one in football.

There are 75 deaths associated with fire accidents to one in football.

In the nation last year there were 16 football deaths among all teams from elementary through professional. For the past 26 years there have been an average of 17 deaths per year on football fields.

With proper coaching, medical examinations and equipment, football fatalities can be held to a minimum of none at all. As a case in point, there has been but one fatality in professional football in the past 20 years. And the pro game is the toughest of all--OCHILTREE COUNTY HERALD.

Too good service doesn't always pay. Take this sad story of a cab driver, for example. An order came over his radio to pick up a fare at a certain address. It so happened he was driving past the house as the call went out. The woman had just hung up the phone when he rang the doorbell. All the ex-

plaining in the world didn't convince the lady of the coincidence. She still insisted, "I wouldn't ride with anybody who drives as fast as you must," and slammed the door in his face.

There were two Chinese laundries in New York just a

couple of doors from each other. One was owned by D. Wong and the other by Jim Lee. One day a man left some shirts in the Jim Lee Laundry, and when he called for them, went by mistake to the other.

The proprietor solemnly examined his claim ticket and said, "Solly, but you're in D. Wong Laundry."

"Boom" Shakes Friona

A mysterious explosion had area residents "all shook up" Tuesday afternoon.

The mystery explosion occurred just before 2 p.m. Tuesday and at first report observers figured the sound came from a passing jet plane which had broken the sound barrier.

But, after investigation, the same sound occurred at the same time in Clovis, N.M., Farwell, Bovina, Friona, Hereford and at other places on across the Golden Spread.

Amarillo radios carried reports of an earth tremor, although this theory is widely disputed.

At any rate those who heard the sound said it was like a huge explosion.

Glenn Floyd, who farms six miles west of Friona was on a

tractor at the time of the "sound" and says he looked all over for a plane but never spotted one.

"The explosion sounded like it was down in the Frio Draw," he says.

Housewives in Friona say the sound rocked their homes and rattled windows.

In downtown Friona "sidewalk observers" looked all over for a plane then began looking for smoke, remembering the crash of the B-52 Hustler last fall.

At any rate, late Tuesday night there was still no sure answer to the mysterious sound which had everyone guessing and no reports of damage trickled in from the surrounding countryside.

IN THE COURTS

JP COURT

The following cases were tried before Justice of Peace Thelma Jones during the week ending February 10:

O. T. Rogo, no MVI sticker. O. T. Rogo, defective lights, brakes and mud flaps.

Paul Keith Hughes, speeding. O. Y. Trice, drunk pedestrian.

Pedro Garza, improper left turn, cutting corner. Horace Guy McLean, running stop sign.

CORPORATION COURT

The following cases were tried in Corporation Court before Judge Thelma Jones during the week ending February 10: Arlin Griggs, speeding. John C. Miller, muffler violation.

John Dozier, no driver's license. Clifton Coffman, speeding. Joe Dean Carlisle, muffler violation.

Frank McCaughey, failure to turn with safety. William J. Gavin, public indecency.

Robert W. Tyler, speeding. Donald Berry, disregarding yellow blinker light.

Youngsters certainly do brighten a home . . . you've never yet seen one turn off an electric light.

Sally Lewis says...

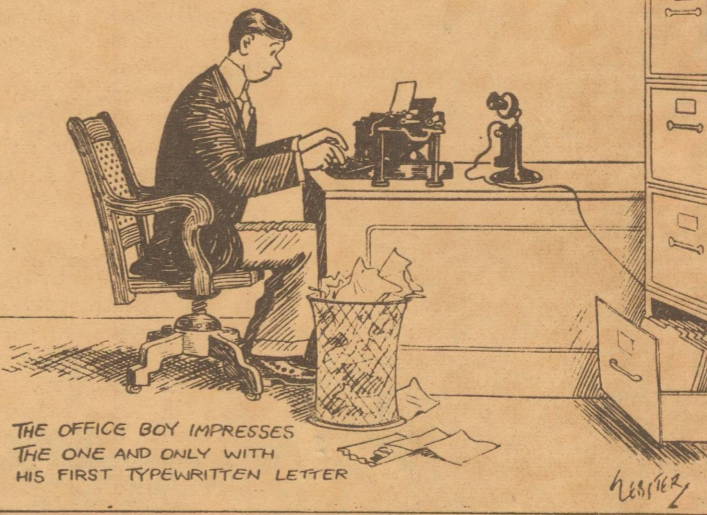

Fall is harvest time for most of our tree crops. Those who get the best yields from their trees--and other perennial fruit bearers such as strawberries--know that this is also the time of year to apply fertilizer. It's also an excellent time to plant young trees. Trees set in fall usually live and grow better than those set in late winter and early spring. And be sure to buy good, well grown trees. They are the most economical in the long run.

If you have a good crop of apples and want to store them for winter use, put them in a place with an average temperature of 45 to 50 degrees.

Fall is also canning time. To avoid mold and fermentation of canned foods without boiling the jars or bottles, dissolve 4 rounded tablespoons of household lye to each gallon of water used and rinse the jars thoroughly with this solution. Rinse with clear hot water for sparkling canning vessels.

Dr. Clovis Chappell To Speak

Dr. Clovis G. Chappell of Tennessee, one of the outstanding ministers in Methodism will be the revival speaker for services scheduled in the Friona Methodist Church February 22 through February 27.

An outstanding author and minister, Dr. Chappell was contacted two years ago to bring this revival in Friona.

Dr. Chappell will be assisted in the revival by the Rev. Alby J. Cockrell who will be in charge of the music.

At present, Rev. Cockrell is pastor of the First Methodist Church in Hereford.

Old Lady: "The weather here in Florida is so wonderful all year around, how do you tell summer from winter?"

Hotel Clerk: "In winter we get Cadillacs, Lincolns and stuffed shirts. In summer we get Chevrolets, Fords and stuffed shorts."

The big shot labor leader went to a matrimonial agency. "Is this a union shop?" he asked.

"Oh, certainly." He picked a picture of a luscious 25-year-old blonde and said, "I'll take her."

"No, you'll have to take this lady," said the manager, showing a photo of a gray-haired woman of 65.

"Why do I have to take her?" thundered the labor leader.

"Because," said the manager, "she has seniority!"

FRIONA STATE BANK

MEMBER FDIC

Club To Sponsor Library Book Sale

Members of the Progressive Study Club are sponsoring a library book sale during Public School Week, which is March 2 through March 6. Plans have been made for a room to be open in each of the three one-story buildings on the campus from 9 to 11 a.m. and from 2 to 4 p.m. daily.

There will be 500 books on display that are for sale by two book companies. Each book displayed has been approved by the state librarian and the cost per book will not exceed \$2. Anyone desiring to purchase a book in memory of another person may do so. An arrangement has also been made whereby books may be purchased on any grade level and donated to the library for a particular grade with the child's name of any donor inscribed inside the book.

At the present time there is a great need in the Friona school library for volumes for

use in the first eight grades. When the state inspection was made last year one of the inadequacies reported was the lack of library books. School authorities report that the required number of books has been purchased to meet state specifications, but more books are still needed.

Following the dedication of the junior high school building Sunday, March 8, there will be a tea in the school cafeteria. This will be the final opportunity to participate in the event.

Mary Bavousett, chairman of the community service committee of the club and a former second grade teacher, urges all adults in the community to visit the displays in the rooms at the high school building, primary building, and junior high building any time during Public School Week.

TAX FACTS #2

Don't Pay Tax On Non-Taxable Items

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Certified Public Accountants and the Society of Certified Public Accountants, in cooperation with the Internal Revenue Service.)

YOU may think that listing your income is the easiest part of preparing a tax return. Actually, according to the Internal Revenue Service, this is where taxpayers make the greatest number of errors.

Not all of the money that may have come to you during 1958 needs to be reported on your tax form. For example, don't report:

- (1) "Dividends" received on an insurance policy. They are considered merely a refund of part of the premium you paid.
- (2) Social Security benefits, Railroad Retirement Act benefits, or payments received under Workmen's Compensation laws.
- (3) Property or cash gifts received from other people, although the giver may have to pay a gift tax. Tips and other compensation for services must be reported, however.
- (4) Inheritances and bequests. The estate may be taxed, but not the recipient.

If you were injured and received damages, this is not considered taxable income and it makes no difference whether your damages were awarded by a court or settled out of court. When listing income you can also forget about most government benefits to veterans and their families. Dividends paid on a veteran's Government insurance is not considered taxable income, but non-disability retirement pay and the interest on terminal leave bonds must be included.

Sick Pay Benefits
If you were absent from work due to injury or sickness and received payments from your employer or his insurance company, these payments are non-taxable within these two limitations:

church, was the officiating minister.

Mrs. Venable, wife of O. V. Venable, had lived at Bovina 28 years and was 69 years of age. Survivors, other than her husband, include four sons, Vester of Farwell, Elmer of Amarillo, Chester of Amarillo, and Elton of Bovina; two daughters, Mrs. J. D. Wilkerson of Corpus Christi and Mrs. B. W. Wilkerson of Amarillo.

Also one brother, Mac Spears of Seymour; 16 grandchildren and six great-grandchildren.

Pall bearers were French Crook, Buck Ellison, Gene Brito, David Wines, Robert Read, and E. C. Berry. Burial was in the Bovina cemetery under the direction of Claborn Funeral Home.

First, the maximum amount is \$100 per week, plus any amounts which came from your own contribution to the plan.

Second, unless the absence was for sickness during which you were hospitalized for one day or for a personal injury, the payments are not tax free until after the first 7 calendar days of absence.

If these payments are included in the wages shown on your withholding slips, you should subtract the proper amount from your income in the place provided on the first page of the tax return (Form 1040). Attach an explanation as described in the official instruction book. You are entitled to exclude this amount even if you do not itemize deductions.

Rules on Prizes
There is an interesting rule on prizes. Generally all prizes and awards are taxable. However, prizes awarded for scientific, literary or other achievements without any action by you to bring about your selection, are not considered as taxable income to you. Most scholarships granted to college students are not taxable, and the value of the award does not have to be included in the student's contribution to his support.

The official instructions contain a list of the types of income which should or should not be included in your tax return. It is important to check this list carefully.

A doctor was fuming when he finally reached his table at a banquet, after breaking away from a woman who sought advice on a personal health problem. "Do you think I should send her a bill?" he asked a lawyer who was sitting next to him.

"Why not?" the lawyer replied. "You rendered professional services by giving advice."

"Thanks," the physician

said. "I think I'll do that." When the doctor went to his office the next day to send a bill to the annoying woman, he found a letter from the lawyer. It read: "For legal services... \$25."

It was after midnight when the wife called out to her late returning husband. "Is that you, Jim?"

Jim: "It better be."

Methodist Minister Serves 28 Years

Several visitors in our office recently have commented upon the number of churches in our town and the attendance at Sunday School each Sunday morning. This is the first in a series of articles, which we plan to run featuring ministers of the town.

Hugh L. Blaylock, who has been in the ministry 28 years, is being featured this week. He came to Friona June 1, 1955 from Anton. Prior to his pastorate at Anton, he served with churches at Dodson, Earth, and Miami. His first location was on the Muleshoe circuit, which included four churches.

Blaylock is a graduate of Lelia Lake High School. His first year in college was spent at Wayland Baptist College in Plainview. He received his Bachelor of Arts degree from McMurry College at Abilene in 1938 and has studied two years at the School of Theology of SMU at Dallas.

During World War II Blaylock served as a chaplain. During this time he spent four years on the Pacific Coast. Then was stationed in New Guinea, Dutch East Indies, Luzon. During the Korean War he was on active duty with the 45th division of the Oklahoma National Guard in Japan nine months, in Korea, 6 months, and at Fort Sill 11 months.

At the present he is a retired major in the U. S. Army Reserves.

Blaylock and his wife, Elsie, are the parents of six children. Hugh Freeman Blaylock is married and lives at Abilene, where he attends McMurry College. William Leroy Blaylock and his wife, the former Jerrybelle Burwood, live here. They are the parents of two children, Lygia Ann, 2, and Toren Ray, 9 months. These two are the only grandchildren the minister and his wife have.

A daughter, Elizabeth, was recently married to Dwaine Key of Amherst and assists her husband in the operation of the Key Grocery store there. She is a 1957 graduate of Friona High School.

Three daughters, Janiece, Charlotte, and Judy Bock are students at Friona High School. Janiece is a senior, plays basketball. is a member of the

Thespian Troupe, and is a past Worthy Advisor of the Friona Rainbow Girls.

Charlotte, who is a junior, also plays basketball. Judy is a freshman.

Blaylock has been a member of the Lions Club nine years. He is also a member of the Masonic Lodge at Earth and in a 32nd degree Scottish Rite Mason with membership in the El Paso lodge.

Betty Agee Chosen Model

Associated resident women of Eastern New Mexico University at Portales are presenting a style show in cooperation with clothing shops of Clovis and Portales Sunday afternoon, February 8 at 3 in the Eastern New Mexico University Music Building.

The theme of the show will be "What the college men and women wear on a valentine weekend." Women models will include Betty Agee, daughter of Mrs. Reeta Agee and a 1958 graduate of Friona High School. She is a freshman music major at ENMU.

Hi School Hi Lites

By Judy Smith

High school has been a quiet, but busy place this week. The students have been taking Six Weeks tests. Failing slips have been sent out and the six weeks begins slipping slowly away.

The seniors have made some unusual posters to advertise their approaching chili supper. One of the most clever posters has been on exhibit in the drugstore. It was made by Keith Taylor and Monroe Young. They used Alpha-bits for the letters and paper plates and cups for illustrations. The seniors paired off in groups of two to make these posters. There were several other interesting posters which will be exhibited in various other stores.

Thursday the freshman girls played Canyon. The girls returned from Canyon victorious. Both the girls and boys played Vega, there, Friday and once again they returned undefeated. The girls won by a margin of 42 to 24. The teams plan to attend a tournament at Muleshoe February 20. These teams are coached by Earl Smith.

Friday the 33 Homemaking 1 girls were visited by Jo Helen Cabbell, the home service advisor for Southwestern Public Service. Mrs. Cabbell demonstrated electric ranges. To illustrate broiling she prepared bean burgers, the thermostatically controlled unit--cheese dip, the deep well--chili spaghetti and the oven--cookies.

This demonstration was an appetizing as well as educational one.

The physics class has been studying heat fusion. Friday they decided to put their knowledge to practical use. They made ice cream. This was educational as it illustrated heat fusion caused by salt. It's times such as this that one's education really pays off!

Final Rites Held For Lassie Venable

Funeral services for Lassie Elizabeth Venable, who died in the Parmer County Community Hospital here at 5 p.m. Tuesday, were conducted at the Bovina Church of Christ at 3 this (Thursday) afternoon. Alford White, minister of the

Of Interest To THE WOMEN

Two Couples Have Joint Celebration

An open house in observation of the 55th wedding anniversary of Mr. and Mrs. Howard Elmore and the 25th wedding anniversary of Mr. and Mrs. Dick Rocky was held at the Black Community House Sunday afternoon. Mrs. Rocky is the daughter of Mr. and Mrs. Elmore.

The serving table was covered with a white nylon cloth and centered with a tiered cake and an arrangement of silver mums with green ribbon in a crystal bowl. The numbers 55 and 25 in silver were entwined in the ribbon.

The centerpiece was flanked with white tapers in crystal holders and the colors green and silver were carried out with flower arrangements and candles throughout the room.

Jimmy and Margaret Mabry, who are students at Lubbock Christian College, spent the weekend visiting their parents, Mr. and Mrs. James D. Mabry of the Hub Community.

College Chorus Sings Here

The sixty member chorus from Lubbock Christian College, under the direction of Billy Wayne Hinds, presented a program at the Sixth Street Church of Christ Sunday afternoon at 2:30.

Featured on the program was a soloist and a girls sextet. A large number from this area were present. Out of town guests were from Hereford and Amarillo. This chorus was organized by Hinds about a year ago and has presented programs in a number of Golden Spread towns since its organization.

Circle Members Continue Study

The Maggie Hamlin Circle of the Woman's Society of Christian Service met Tuesday morning at the Friona Methodist Church for their regular meeting. The opening prayer was led by Mrs. I. T. Graves. After a short business session, the study was conducted from the book, "Concerns of A Continent" by Mrs. Eugene Ellis.

Those present were Mesdames Eugene Ellis, H. C. Kendrick, Jake Lamb, Ernest Anthony, Dick Rocky, and I. T. Graves.

Background music was furnished by H. V. Rocky at the piano. He is the son of the Rockeys and grandson of the Elmores. About one hundred guests were registered by Dolores Elmore, granddaughter and niece of the honored couples.

Others assisting with hospitalities were Mr. and Mrs. W. V. Elmore, Mr. and Mrs. Fern Barnett, Mr. and Mrs. W. M. Stewart, Mr. and Mrs. Henry Lewis, Mr. and Mrs. T. J. Presley, Rev. and Mrs. Hugh Blaylock, and Mr. and Mrs. Clyde Hays.

Mr. and Mrs. Elmore were married in the home of his parents, the late Mr. and Mrs. W. A. Elmore at Moscow, Oklahoma Territory. Mrs. Elmore, who was Emma Wilkin-

son, daughter of Mr. and Mrs. Verner Wilkinson of Quinlan, Oklahoma Territory, and Dolores, Larry, and Tim Elmore of Friona; and two great granddaughters, Candace and Susie Black of Houston.

Mr. and Mrs. Dick Rocky were married in Clovis, N. Mexico, February 10, 1934. At the time of their marriage they were both living in Muleshoe. Rocky was an employee of the Muleshoe Motor Company and Mrs. Rocky was operating a beauty shop.

They moved to Friona in 1942 and in 1944 purchased the farm where they now live near Black. They have one son, H. V., who has recently been discharged from the armed forces.

M. Bruns To Speech Meet

Dr. Larson, head of the speech department of Texas Tech at Lubbock will accompany six speech students to the Abilene Christian College speech tournament Thursday of this week. These students will participate in competition in four

divisions, poetry reading, prose reading, oratory, and extemporaneous speaking.

Morris Bruns, son of Mr. and Mrs. Les Bruns of Route 1, and Gail Cooper of Dimmitt will represent Tech in the first two divisions. The contest will begin at 9 a.m. and will conclude with a banquet at 8 in the evening honoring all contestants.

ANDERSONS HAVE NEW BABY GIRL

Dr. and Mrs. George Anderson became parents of a baby girl at the Parmer County Community Hospital at 10:05 a.m. Saturday of last week.

She was named Linda Dianne and weighed 7 lbs. 3 ozs. The Andersons have an older daughter, Kathy, who is six.

Tall Texans Go Western

The theme of the Monday evening meeting of the Progressive Study Club, which honored husbands of the members, was Tall Texans. Those who attended wore western attire. Following a barbeque supper, Lynn Roberts presented Campfire Tales and Bill Wooleysang several western songs accompanied by Truett Johnson with a guitar.

During the evening games of Western Bingo were played by the entire group. The opening prayer was led by Baker Duggins.

Those attending were Mary and Steve Bavousett, Reba and Doris Buske, Iona and Raymond Cook, Margaret and Baker Duggins, Fadine and Bill Wooley, Juanda and Newman Jarrell, Jo and Leonard Nettles, Fern and Charles Sanders, Iona and Ansel Renner, Pat and Bill Nichols, Virginia and Marty Martinez, and Juanez and Sam Green;

Also Ruthie and Marion Fite, Winifred and Andy Hurst, Lunell and Hollis Horton, Thelma and Truett Johnson, Sue and James Procter, Martha Mae and Tom Pruet, Geneiva and Bob Riethmayer, Mamie Lou and Louis Welch, Betty Jarboe and Lynn Roberts.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

A THOUGHT FOR THE WEEK

SUNDAY

What is Sunday? Is it just another day or is it a day that is different from the other six days? To Christians, Sunday is the Lord's day, as such, presents to us a challenge to follow a schedule somewhat different from our daily routine.

Someone has prepared a "SUNDAY REGULATOR" which I would like to share with you.

"Rise at least as early on Sunday as any other day.
Be as punctual for Sunday School as for a picnic.
Obey your teachers as readily as your parents.
Study your Bible as earnestly as if seeking for gold.
Play as much as if Jesus stood by you--no more.
Come as regularly as if it were the last Sunday.
Pray as fervently as if you would never pray again.
Respect the church as it is God's own house.
Listen to the gospel as it was to be your last time.
Live so that every Sunday you will grow better."

The Man
who
Appreciates
the Finest

BUYS HIS WIFE
GAS
APPLIANCES!

Skill alone won't bag a Bighorn or cook a crepe suzette. It takes fine equipment, too! That's why the man who buys the best hunting rifle for himself, appreciates his wife's choice of a fully automatic, built-in GAS Range. More impressed with performance than fads, he agrees there's no point in paying more when you can buy the finest, for less. Only a Gas Range offers the advantages of closed-door, smokeless broiling... no warm-up wait... instant shut-off with no heat hang-over. What's more, Gas cooks with less heat fluctuation than any other fuel! Yes, in every way, (economy included) GAS gives you more. And where the finest is truly appreciated... Gas belongs.

Bridal Shower Honors Judy Bruns Watson

Mrs. Howard Watson of Muleshoe, who was Judy Bruns before her recent marriage, was honored with a bridal shower in the home of Mrs. Morris Nowlin of Muleshoe Saturday afternoon from 3 to 5.

The serving table was covered with a lace cloth over red and centered with a basket of white and red carnations, white gladioli, white stock, and red valentine hearts. The white cake with red candy roses carried out the honoree's chosen colors of red and white.

A corsage of red carnations was presented to the guest of honor; her mother, Mrs. Les Bruns, and her mother-in-law, Mrs. C. A. Watson. The hostess gift was a mirror for the living room of the Watson's new home in the Richland Hills addition of Muleshoe.

Many lovely and useful gifts were received from guests who called during the afternoon and a large number, who were unable to attend, sent gifts.

Another bridal shower at the Hub Community Center recently honored Mrs. Watson. The colors red and white were carried out in the decorations and refreshments by the hostesses, Mesdames Don Schumann, M. J. Stacy, Leon Smith, T. O. Lesley, John Littlefield, Andy Fuqua, E. T. Ford, Bert Gordon, J. R. Harris Jr., and J. C. Redwine.

Those signing the guest register were Alice Gordon, Pat Cranfill, Luann Hardesty, Wynette Beaton, Janiece Bock, Donna Kay Bruns, Toni Bruns, and Jane Bruns;

Also Mesdames Raymond Euler, W. S. Crow, O. L. Blake, Otey Hinds, Jimmy Mabry, Lee Mason, Lacy Hardage, Don Bruns, Kenneth Briscoe, J. H. Haun, Bill Wooley, J. V.

Friendship Class Has Dinner Party

The Friendship Sunday School class of the Friona Methodist Church met in Fellowship Hall Saturday evening for a covered dish dinner. The decorations and table appointments carried out the Valentine theme.

After supper the evening was spent visiting and playing games. Hostesses were Shirley McReynolds, Eva Lou Rector, Wanda Jones, and Elizabeth Gore.

Those present were Deon and Fern Awtry, Ray and Polly Whatley, J. T. and Lilah Gay Gee, Doris and Paul Hall, Lewis and Elizabeth Gore, Tommy and Wanda Jones, Eva Lou and Lloyd Rector, Lloyd and Betty Louise Rector, Ross and Flora Mae Ayers, Marion and Ruthie Fite, Dave and Shirley McReynolds, Billy Joe and Tommie Mercer, Bob and Beegie Ginsburg, Buddy and Phyllis Squyers, C. L. and Nola Faye Vestal, Marty and Virginia Martinez, and I. T. and Gwen Graves.

Two kinds of men never get very far . . . those who can do nothing that they are told and those who can do nothing else.

Bouldin, Darrell McGuire, and Mrs. Fred Bruns, grandmother of the honoree.

Those unable to attend who sent gifts were Mesdames Jess Pendergrass, Clyde Monk, Lorraine Wilson, Arma Coffman, Rene Snead and Janet, John Thomas and Eva Nell; S. L. McLellan, Charlie Phipps, Dale Houlette, Kenneth Ferguson, John Agee and Rosemary, Luther Hall, and Ralph Randolph;

Also Mesdames Jackie Brown and Judy, Herbert Clay, Sol Tipton, George Crain, Louella White, Gene Smith, Max Steinbock, Buck Fallwell, Gilbert Kaltwasser, James Mabry, Wayne Garth, John Thompson, C. B. Watkins and Coretta, Allen Gruesendorf, W. T. Bovell, Noel Woodley, Truman Lindsey, and E. O. Baker;

Also Mesdames E. H. Kennedy, O. D. Ray, Walter Witte, Roger Albertson, Jack Bruns, Russell Buhrman, R. D. Gilliland, Horace Echols, Claude Morris, Joe C. Hutchinson, Ida Morris, Billy Morris, Al Thorn, and Auneta Webb.

Also Chloe Ann and Frieda White, Evelyn Bratcher, and Mona Hall.

Carmaleet Truitt Reviews "The Pearl"

The highlight of the Tuesday evening meeting of the Modern Study Club at the club house was a review of the book "The Pearl" by John Steinbeck by Carmaleet Truitt. The meeting was opened by the repetition of the club collect led by Deke Kendrick.

Special music for the program was a piano solo by Nan Lillard. She presented "An American in Paris." Guests were Jimmie Strickland, Lois Norwood, Sarah Barber, Flora Mae Ayers, Billie Dodd, June Rhodes, and Elsie Blaylock.

Hostesses were Eva Miller, Odie Claborn, and Grace Whitefield. There were 31 members present.

Film To Be Shown Thursday

The Oklahoma Lane Home Demonstration Club is sponsoring the showing of the film, "A Tenderfoot In Europe" by Cotton John Smith of the KGNC farm and ranch department on February 12 at 7:30 p.m. at the Oklahoma Lane Farm Supply two miles north of the churches in the Oklahoma Lane Community.

The public is invited to attend the program. After the showing of the film plans for a community building will be discussed. Everyone who is interested in the betterment of the community is invited by members of the club to be present for the meeting.

Refreshments of cookies and coffee will be served by members of the home demonstration club.

Mekka Circle Meets With Lucy Vestal

The Mekka Circle of the WSCS of the Friona Methodist Church met in the home of Mrs. Lucy Vestal Tuesday morning. Mrs. Elmer Lowrie was a new member and Mrs. Ida Merrill was a guest. Mrs. Hugh Blaylock directed the study of "Isaiah Speaks." The history of the Hebrew people was discussed by Mrs. Joe Moyer.

After scriptures from Isaiah were read, the group sang "O Zion Haste." Prayer was led by Mrs. James Boyle. Members present were Mesdames Mack Bainum, Wes Long, Billy Sides, M. B. Buchanan, Elmer Lowrie, Jesse Sinclair, Ray

Scout Leaders Learn Games

At an all day meeting at the club house Monday ten adult Boy and Girl Scout leaders learned new games and handicrafts. The book, "It's Fun To Be A Leader" was demonstrated by Phyllis Sanders and Jessie Douglas.

A covered dish luncheon was served at noon. Husbands of the leaders were invited. Those present were Mr. and Mrs. Ralph Taylor and Mike, Mr. and Mrs. T. A. Williams, Mr. and Mrs. Meryle Massie and Jan, and Mr. and Mrs. C. L.

Whatley, Newman Jarrell Jr., Hugh Blaylock, Jean Anthony, Joe Moyer, and the hostess.

Vestal Jr. Also Helen Potts, Nora O'Brian, Mary Roberts, Ruth Schwabb, Mary Gibson, and Ida Daniel.

Class Meets In Prewett Home

The TEL Sunday School class of the First Baptist Church met in the home of Eleanor Prewett of Black Monday evening for the regular monthly social meeting. Other hostesses were Nell Goggans and Nellie Ray.

The valentine theme was carried out in the decorations. After an evening of games, refreshments were served to Mr. and Mrs. Truett Pool, who were special guests, and the following class members and their fam-

ilies: Mr. and Mrs. Roy Miller, Bro. and Mrs. L. A. Sartain, Mr. and Mrs. John D. Sanders, Mr. and Mrs. John G. Baker, Mr. and Mrs. Spencer Hough, Mr. and Mrs. Jim Maynard and Karen, Mr. and Mrs. G. H. Goggans and children, Janis and Glenn, Mr. and Mrs. John L. Ray, Mr. and Mrs. J. T. Carroll, and Mr. and Mrs. Lloyd Prewett and Ann.

NOPE, THIS ISN'T A VERY GOOD PICTURE---But, you know, this wasn't a very good day for taking pictures. One of the "best" dusts in the past year blew through Friona this week and this picture was taken looking south down Main Street. At times visibility was cut to less than one block with winds gusting up to 50 mph.

in and around FRIONA

WITH JUNE

The Star office had a very interesting visitor Monday morning. She was Dollie Clark Cummings of Woodburn, Oregon. She was formerly a teacher at the Rhea School and asked about a number of her former pupils. Some of them still live in that community. At the present time she is teaching a fourth grade class

in her home town. During her visit we learned that she and Jewel Cummings were roommates at West Texas State College at Canyon many years ago. Think they later married men who were cousins. Mrs. Cummings came into the office looking for a copy of a hand bill that was printed a few years ago advertising a public

sale in Kentucky.

The man who was selling his property planned to leave March 1, 1849 for Oregon Territory by ox team. Mrs. Cummings and her fourth grade pupils were working on an historical paper in their class work and she wanted a copy of the sale bill to include in it.

We were unable to furnish Mrs. Cummings with the hand bill she wanted but thought perhaps some of our readers might have an extra copy and would like to send it to her. If such is the case, all you need do is call us and we will be most happy to pick it up and send it to her.

Some time last fall Fay Wilcox brought us a copy of an Oklahoma paper that had the same sale or one similar to it and we re-printed it, so were able to furnish her a copy of it, but she would still like to have one of the other sale.

Another interesting thing that happened Monday was a call from Mrs. A. O. Drake. She was observing her Golden Anniversary of living on the Golden Spread. Mrs. Drake and her two daughters, Treva and Frances, arrived here by train from Mt. Ayr, Iowa, February 9, 1909. Mrs. Drake said, "Art shipped down with our belongings a week earlier than the girls and I came."

Mrs. Drake further stated that the thing she missed most when she first came was timber. She said, "I grew up in a timbered country and when I got off the train and couldn't see a tree in sight, it was awful. All I could see was prairie and dirt blowing."

Read this somewhere and enjoyed it a lot so thought you might like it, too.

The wife who dares reprove a man invites a cruel tag; The slightest hint of finding fault--and she becomes a nag. But if a man indulges in the same behaviorism--He's credited with giving her "Constructive Criticism!"

It is generally conceded that we are "living too fast" but not really enjoying living as we should. In a recent conversation with a friend, this remark was made, "We would all be less tense and nervous if we slowed down some."

Even though we cannot slow the pace we are going down to any great extent, we might try this anonymous suggestion and relax some of our tenseness.

WHITHER

Not long ago someone suggested that all cars, all buses and trains, trucks, aeroplanes, telephones, radios, telegraph, and machinery should be stopped for ten minutes every day, to give people an opportunity to sit still and think without interruption.

It may be impossible to stop the whole world, but we can stop ourselves occasionally. We can give up rushing for an hour or so, and take time for a little mental stock taking. And whether we have the responsibilities of a large business or a small one on our shoulders, or only the single life to work

out, this period of withdrawing from the whirl of business or the clamour of other people's demands on our time can be made valuable.

Out in a boat, under a tree, on a hillside, out on a rock by the brookside, or standing in the wind on a mountain top, we can get a new perspective on our way of life that shows it as a whole. From that distance we can see from the outside the walls that enclose us, as others see them. We see the edifice we have raised in its true proportions against those which stand beside and around it. We can look down on it and realize that, important as it might be to us, the world may not be very much impressed.

As a looker-on, for a moment, we can see more of the game than when we are in the thick of it. We can catch the drift of things in the mass, and perhaps discover whether we are in line with the vital trends, or out of the main stream. And to know this makes all the difference between guiding our own affairs, or being driven, aimless, by them.

Truly, it would be a good thing if the whole world could stop still for ten minutes and ask itself, "Whither?"

There isn't any month in the year that provides so many different and interesting themes for parties as does February. There are a lot of different ideas for clever valentine parties. For refreshments heart shaped cookies or cakes are always appropriate.

A cookie recipe that we especially like is for

SUGAR COOKIES

- 3/4 cup soft shortening (part butter)
- 1 cup sugar
- 2 eggs
- 1/2 teaspoon flavoring
- 2 1/2 cups sifted flour
- 1 teaspoon baking powder
- 1 teaspoon salt

Cream the shortening and sugar thoroughly. Beat in eggs, one at a time, then add flavoring. Sift the dry ingredients together and stir into the shortening, sugar, eggs, and flavoring.

Chill about an hour. Roll out 1/8 inch thick. Cut into heart shapes of different sizes and decorate with white seven minute frosting and red cake decorations.

While we are on the cookie making subject, here's a good idea that would provide you with freshly baked cookies on short notice. Make several rolls of refrigerator cookies. Press and mold dough with hands into a long roll, even and smooth, and as big around as you want your cookies to be. Wrap in waxed paper. Twist ends to hold the roll in shape.

If you like you can press the cookie dough into a waxed cardboard carton (butter or ice cream) or can (baking powder, frozen fruit juice or other shaped can). After the dough has been shaped, chill until it is firm enough to slice easily. To speed up chilling, you may place in freezing compartment of refrigerator. Slice with a thin knife that is very sharp to insure neat slices with uncrumbled edges. Wrap and return unused dough to refrigerator so it can remain stiff.

A very good basic dough can be made by mixing thoroughly 1/2 cup soft shortening, 1/2 cup white sugar, 1/2 cup brown sugar, and two eggs. Then sift together 2 3/4 cups sifted flour, 1/2 teaspoon salt, 1 teaspoon soda and 2 or 3 teaspoons cinnamon (or use 1 1/2 teaspoons vanilla added to creamed mixture).

Mix thoroughly with hands. Press and mold into rolls, wrap in waxed paper and chill until stiff. Slice and place on ungreased baking sheet and bake until lightly browned.

For variations to the above recipe, you might like to try one of these:

NUT REFRIGERATOR COOKIES: Follow basic recipe except mix 1/2 cup cut-up blanched almonds, black walnuts, or other nuts.

DATE-NUT COOKIES: Follow basic recipe using both cinnamon and vanilla. Mix into

G. Sherrieb To Enter Vet School

Word has been received by Gary Sherrieb, son of Mr. and Mrs. Clyde Sherrieb and a senior in Friona High School, that his application for admission to Colorado State University at Fort Collins, Colo., had been accepted.

Gary plans to enter the university as a pre-veterinary medicine student this fall. He will receive two years of pre-veterinary study, which will be followed by four years of study of professional veterinary medicine.

A native of Friona, Gary has attended Friona schools since entering the first grade. In high school he has been active in PFA work and on the annual staff several years. Three of the four years he has been enrolled in agriculture classes under J. T. Gee, he has been on the farm skill teams of the organization.

At a Father-Son banquet several years ago, Gary and his father were two of the father-son combinations that Mr. Gee had taught both father and son.

dough 1/2 cup finely chopped nuts and 1/2 cup finely cut dates.

ORANGE-ALMOND REFRIGERATOR COOKIES: Follow basic recipe except omit cinnamon. Stir 1 tablespoon grated orange rind into shortening mixture. Mix into dough 1/2 cup cut-up blanched almonds.

CHOCOLATE REFRIGERATOR COOKIES: Follow basic recipe except omit the cinnamon. Blend 2 squares unsweetened chocolate, melted and cooled, into the shortening mixture.

For a variety in the design, make two rolls of dough in contrasting colors: one plain refrigerator cookies and one chocolate refrigerator cookies. Or make only plain refrigerator dough, divide in two, tint half a pastel color. With either of these two combinations you can make: Striped Fancies by cutting two lengths of dough in half lengthwise after they have

been chilled and pressing them together. Then cutting across the two colors of dough. Or you can make Pinwheels by rolling out two colors of dough. Roll each layer about 3/16" thick and place one on top of the other. Roll the double layers tightly. Then chill and slice before baking.

For any velvet ribbon bows or trim on dresses, blouses, or hats, that has developed a limp untidy look, try holding your steam iron directly above the ribbon and spraying it thoroughly with steam. The ribbon may then be shaped into the proper shape and will look almost new.

Chevy panel steps lively in Florida...runs day and night, delivers 19.3 miles per gallon!

This '59 Chevy panel is on the go, morning, noon and night; it covers as much as 587 miles a day... runs so constantly that its engine never cools off completely. Yet Mr. Clark Farber, the Tampa Tribune's circulation manager, reports that the truck is delivering 19.3 miles per gallon!

This year, the light, medium- and heavy-duty trucks of the 1959 Chevrolet Task-Force fleet are out to whip anything that comes their way--and they've got what it takes to do it!

Take the panel pictured above, for example. Powered by the '59 Thriftmaster 6 with new economy-contoured camshaft, it's building a sensational economy record, despite the sizzling pace of its work. That's typical of the way Chevrolets of all sizes are turning to on the most challenging jobs in America. The way they're made, with tough-built truck components, they make the hardest hauls look easy!

If you have a job that puts a truck on its mettle, see your Chevrolet dealer!

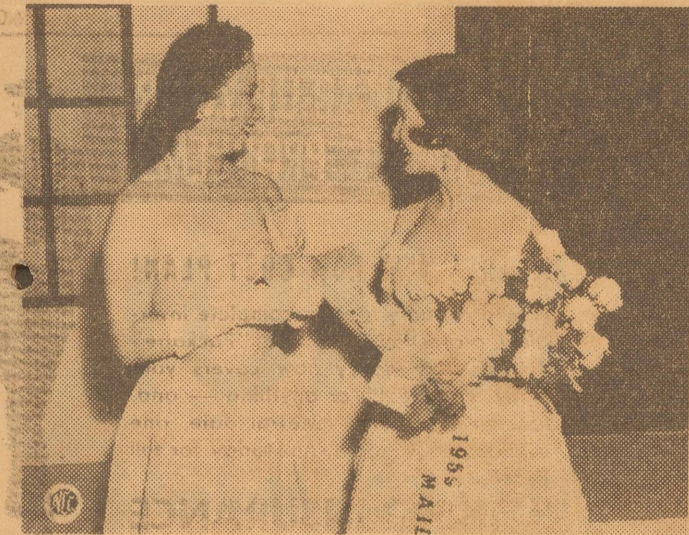

No job's too tough for a Chevrolet truck!

See your local authorized Chevrolet dealer

HAVE TICKET, WILL TRAVEL—Malinda Berry, 1959 Maid of Cotton, accepts an airline ticket for her global travels from Mrs. Ouida Wagner of British Overseas Airways. The pretty Oklahoma State University coed currently is on a coast-to-coast tour of the United States. Next summer, she is scheduled to visit 14 places in Europe, Asia, and the Far East on an around-the-world journey.

Scout Week To Be Featured At Lions

In observance of National Boy Scout Week the Friona Lions Club will have as their guests several members of the local Boy Scout Troop and Explorer Post Thursday night.

The boys will receive recognition of their abilities by having awards presented to them that night and the Explorer Post will be installed.

of the Boy Scout Troop and Scoutmaster Bob Ginsburg of the Explorer Post will be in charge of the program.

The meeting, a regular meeting for Lions, will begin promptly at 7:30 p.m. in the Friona clubhouse.

All members are urged to attend, says Boss Lion Deon Awtrey.

HERE'S HOW...

MAKE A PORTABLE TOOL CHEST-WORK BENCH

A combination tool chest and work bench serves as a portable on-the-job shop.

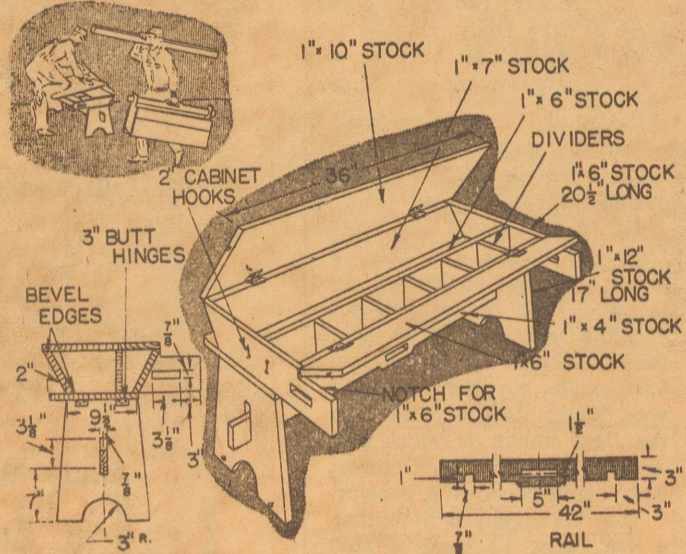

The tapered legs are fastened to the bench top with butt hinges. The leg rail also serves as a handle when the bench is folded. It is shaped and notched as shown in the detail drawing.

The sides are of 1 by 6-inch lumber, 20 1/2 inches long, tapered at one end, cut out at the other end to fit the small

lid, and slotted to fit the handle rail. The back and front are of 1 by 7 or 1 by 8-inch lumber ripped to fit.

Assemble the chest to the bench, using glue and 5-penny finishing nails. Glue and nail the separators inside the chest.

Hinge the two lids in place, and fit the lids and sides with cabinet hooks. Use a pair of hooks also to hold the legs in folded position.

National Lumber Manufacturers Association

"Now," said the caddie, "for a hell of a putt."

There was a mighty explosion of dirt as he swung and the ball dribbled a few feet from the tee.

The golfer confidently addressed his ball, "This hole should be good for one long drive and a putt," he remarked to the caddie.

Notice To All Persons Having Claims Against The Estate Of Huldreich H. Weis, Deceased

Notice is hereby given that original letters of administration upon the estate of Huldreich H. Weis, deceased, were issued to me, the undersigned, on the 22nd day of January, 1959, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such letters.

All persons having claims against said estate, which is being administered in the county below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law.

My residence and post office address are 5422 Woodlark, Houston, Harris County, Texas. Dated this 5 day of February, 1959.

JOHN L. WEIS
Administrator of the Estate of Huldreich H. Weis, deceased, No. 631 in the County Probate Court in and for Randall County, Texas

about the weather using only a wind vane. If one will combine the vane with a barometer, the accuracy of predictions will be raised many times.

However, with only a wind vane, be suspicious of a wind change from the east to the north. If the sky looks threatening (or a barometer reading shows pressure falling) you might well be in for a bad storm.

Likewise, a wind changing from south to east is often a bad omen. Remember that bad weather systems in this country (low pressure areas) move counter clockwise, and drift eastward. Wind changes often reveal what section of this circular movement you are then in.

Mr. and Mrs. G. H. Brock attended funeral services for Mrs. Homer Newton at Dimmitt Thursday afternoon. Mrs. Newton, who died from injuries received in a car wreck, was Mrs. Brock's cousin.

One Minute Sports Quiz

1. For whom does Billy Martin play baseball?
2. What football eleven meets in the Rose Bowl?
3. In what bowl does the nation's number one college team play January 1st?
4. Where did Ben Hogan finish in the recent international tourney?
5. What team tied Air Force Academy during the football season?

THE ANSWERS:

1. Cleveland.
2. California and Iowa.
3. LSU plays in the Sugar Bowl.
4. Seventh.
5. Iowa.

Just as the elderly man stepped from the curb, a huge dog tore around the corner and knocked him flat on his back. He had barely struggled to his feet when a small foreign car brushed against him and knocked him down again. A passerby rushed over and helped the old boy to his feet. "Are you all right?" he asked.

The old man steadied himself, then replied, "That dog didn't hurt me any, but that danged car tied to his tail nearly killed me."

In a calm sea every man is a pilot.

Moderation in prosperity augurs a great mind.

The following births were recorded with Justice of the Peace Thelma Jones during the week ending February 10 by the Parmer County Community Hospital:

Boy, born to Mr. and Mrs. Virgil Leon Phipps of Friona at 1:23 p.m. January 19 weighing 8 lbs. 1 1/2 ozs.

Girl, born to Mr. and Mrs. W. W. Anthony Jr. of Friona, January 26 at 4:05 p.m. weighing 8 lbs. 7 1/4 ozs.

Girl, born to Mr. and Mrs. Glenn A. Scott of Lazbuddie, January 27 at 1:25 a.m. weighing 7 lbs. 6 1/2 ozs.

Boy, born to Mr. and Mrs. W. H. Awtrey Jr. of Friona, January 28 8:49 a.m. weighing 8 lbs. 11 ozs.

Girl, born to Mr. and Mrs. Beryl E. Nix of Farwell, January 30 at 8:15 p.m. weighing 7 lbs. 10 ozs.

Girl, born to Dr. and Mrs. George H. Anderson of Friona January 31 at 10:05 a.m. weighing 7 lbs. 3 ozs.

Boy, born to Mr. and Mrs. Frank Zinsler Jr. of Hereford, February 1 at 6:16 a.m. weighing 7 lbs. 11 ozs.

Boy, born to Mr. and Mrs. Marion A. Ferguson of Hereford, January 21 at 7:30 p.m. weighing 7 lbs. 6 ozs.

By E. H. Sims

What are the ominous directions for winds to blow from? Can useful weather information be obtained from the use of a wind vane only?

The worst weather in the United States often follows winds out of the east or north. Yes, it is possible to detect valuable clues

Baby Girl For Calvin Ivies

Mr. and Mrs. Calvin Ivie of Lubbock became parents of a baby girl at 7:20 p.m. Sunday at West Texas Hospital there. She weighed 7 lbs. and was named Christy Renee.

Christy's paternal grandparents are Mr. and Mrs. Roscoe Ivie of the Black Community. Mr. and Mrs. G. E. Campbell of Archer City, pioneer residents of Friona, are her great-grandparents.

FINAL RITES ---

Phipps, who had been an active worker in the Primitive Baptist Church for many years, died in Vernon about 7 a.m. Thursday. He is survived by ten children, three of whom live in this area. They are Charlie Phipps of Friona, Jerry Phipps of Muleshoe, and J. D. Phipps of Earth.

Other survivors include 50 grandchildren and eight great-grandchildren also live in this area.

Those from Friona who attended the funeral services were Mr. and Mrs. Charlie Phipps, Mr. and Mrs. C. M. Phipps, Mr. and Mrs. Bill Bandy, E. G. Phipps, Mr. and Mrs. Kenneth Ferguson, Mr. and Mrs. G. A. Collier, and Virgil Phipps.

Burial was in the Wellington cemetery beside his wife who died several years ago.

County Singers To Meet Sunday

Regular meeting of Parmar County Singing Association is scheduled for 2:30 p.m. Sunday in Oklahoma Lane Methodist Church. Everyone interested in participating is invited to attend.

A man walked into a bar with a pet mynah bird and ordered a drink. The bird ordered one too, but the bartender shook his head. "Sorry," he said, "we're not allowed to serve mynahs."

County May Pay For Fires Soon

The three city fire departments in Parmar County may receive reimbursements for trips made outside the city limits by late this year or early in 1960.

This was decided at a regular session of Parmar County commissioners Monday.

Representatives of Farwell, Bovina, and Friona fire departments requested late in December that the county help defray fire department expenses because a majority of calls were made to rural areas, from which no tax money for operating the department is received.

The commissioners said the reason no funds could be allotted now was because the county is operating on a "tight budget."

The court heard reports from representatives in Bovina and Farwell precincts from men

who had been appointed to re-value land for tax purposes. At a meeting last month, each of the four commissioners appointed three men to set new values on land in this precinct. The two reports were accepted by the court. Reports from Friona and Lazbuddie are expected at the next regular meeting.

Setting the new values in Bovina precinct were Wilbur Charles, Billy Marshall, and R. H. Schueler. Those who worked on the project in Farwell precinct were C. C. Christian, Dick Gerles, and R. B. Rundell.

A. W. Anthony, Sr., Jake Lamb, and D. H. Nelson are handling the chore at Friona and Albert Nowell, Wesley Barnes, and John Agee are working at Lazbuddie.

First National Bank of Bovina was named as depository

for county funds for the next two years. It is the custom of the court to rotate the county depository among banks in the county. Security State Bank in Farwell has served as depository for the past four years.

In other business, gas line easements were granted to two farmers, Tom Beauchamp and Billy Billingsley, minutes of the previous meeting were approved and bills were paid.

The old man lay on his death bed. His family and friends were gathered around attempting to cheer him up.

"You're looking wonderful!" exclaimed his wife.

"You look much more rested, Dad," observed his son.

"Your eyes are clear and you're breathing easier," beamed his brother.

Thank you. Thank you all," sighed the old man weakly. "It's good to know I'll die cured."

Among the spectators watching a famed Mexican matador perform in the bull ring was an outspoken Texan. The fight reached the stage where the matador, armed with only his cape, was taunting the bull to charge him. He avoided the animal's sharp horns only by inches, and flipped the cape aside as the bull roared past. He did this several times, until the Texas cowboy could stand it no longer. He got to his feet and shouted, "Bud, he ain't never going to run into that sack unless you hold it still!"

"What type of work are you doing, Jim?"

"Why, the usual advertising run, nothing extra. What's new with you?"

"Why, I hold the position as psychiatrist at a pottery factory."

"Psychiatrist at a pottery factory?"

"Yeah, I take care of the cracked pots."

Made to withstand hard usage!

THE HIGH PLAINS FARM AND HOME

Farmers Must Wait For Support News

What will the 1959 support price be on grain sorghum?--the Parmer County area's most important question of the year --is still unanswered. To make matters worse, it will be "after March 16" before the information will be released.

That means that area farmers will have a cold choice on their A and B plan cotton options . . . they won't know what to expect on their grain sorghum when the deadline comes for them to make up their mind on whether they want to stick with allotments and a support price of 80 percent of parity or overplant by as much as 40 percent and receive 60 percent of parity for their cotton.

It would be much easier for them to decide this important matter if they knew what the grain sorghum support would be--but they won't.

The USDA had been expected to reveal sorghum supports around February 1. They set the cotton support January 31 but did not divulge the sorghum information.

After corn controls were thrown off last fall and a new program applicable to all feed grains came to be adopted, it was generally held that grain sorghum support prices would be upped. The increase was hoped to run from about seven to perhaps seventeen cents per hundred.

Since the USDA failed to announce supports last week, though, there have been rumors that the "increase" will not be an increase at all but in fact will be a rather severe cut-back. None of these rumors has panned out, but farmers are still "playing it scared" on the basis of the sketchy information being made public.

Area prices for grain sorghums have been holding up

pretty well, indicating that those who buy and sell in major markets and who often have access to information not available to most farmers, still have confidence that grain sorghum prices will be relatively stable next year. The support was announced February 14 last year.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

"For those who want to understand Communism, we prescribe, not a fifteen day trip to Russia, but fifteen days in a library studying the Communist conspiracy". (Quote from the American Bar Association, 1958) And we concur.

Jack Patterson, Vice President and membership chairman, urges those of you who are receiving your March statements for membership dues to send them in as soon as you receive them. This, he says, will save some neighbor of yours the time, expense and trouble of coming to see you on March 3rd. Your membership will be paid for a year from the due date, no matter when you pay it. We know

that your prompt response will save time and money in the office, too.

Patterson, Florian Jarecki, and possibly Gilbert Kaltwasser are going to Dallas to attend a membership meeting for workers Thursday. The kick-off Banquet will be on March 2, in the Friona School Cafeteria. J. H. West, TFB President of Bishop will be the speaker. He will also have a sound motion picture called Freedom in Action, depicting the importance of citizen participation in local politics. Those who have seen the film say it is thought provoking, interesting and informative.

Another Farm Bureau-sponsored bill designed to exempt farm trailers up to a gross weight of 14,000 pounds is being introduced by Conley, Murray and Boysen. This is of economic importance to every farmer who owns a trailer. If you favor such an exemption, write your Senator and Representative.

Another bill with Farm Bureau endorsement is one extending to one year the time allowed for filing on state road tax exemption of farm used fuels, and eliminating the need for notarization of such requests. Passage of this bill would bring in an estimated five to ten thousand dollars for Parmer County to be spent with local merchants. The inconvenience of the present method causes hundreds of gallons of gasoline refunds to be neglected or overlooked.

We hope you will urge your county officials, sheriff, judge, attorney, etc., to use the full extent of the Texas law in an effort to curb drunk driving which definitely tends to increase the cost of insurance to you and your careful driving neighbor. Waiting till such drunk drivers have killed or injured someone is waiting too long.

CONSIDER THIS: Every man shall kiss his lips that giveth a right answer. Prov. 24:26

A handsome man is not quite poor.

A man apt to promise is apt to forget.

SOIL CONSERVATION DISTRICT NEWS

For the protection of cultivated land against erosion by wind and water, nothing can take the place of continuous cover of dead or living plants, or both.

This is true regardless of location, rainfall, soil, or the kind of farming or ranching that goes on.

In the Plains country, however the need for plant cover grows more important as conditions tend toward the dry side. At the same time getting good cover becomes a tougher job.

The job is two-sided; first, a crop must be managed in a way that it will protect the soil until a new crop covers it.

Experience of farmers and ranchers and research work have taught us important lessons. We know that burning crop residues is one of the worst mistakes that can be made. And too much tillage wears out the residues and therefore should be held to a minimum.

Leaving stubble and other crop residues on the surface has proved especially valuable in the grain summer-fallow areas where 15 or 16 months usually pass between harvest and the planting of a new crop. One way of leaving such cover and disturbing the soil surface as little as possible is by using

equipment having sweeps or blades 32 inches wide or wider.

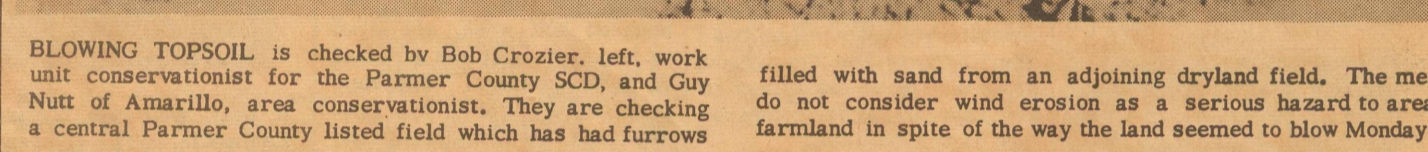

This practice is known as stubble mulching. It is a year round system. In it all tillage, planting, cultivating and harvesting operations are done in a way to keep crop residues in the surface to protect the soil. Where wheat is grown each year, more cutting or stirring of stubble is possible without serious harm. The period for seedbed preparation is shorter. Narrower sweeps, chisel-type implements, or even disk types in some instances, may be used.

When sorghums are grown separately or in rotation with wheat, the principles are the same. They involve the conservation of residues during the critical period to protect against wind, runoff, and splash erosion. The same practices help develop a soil condition that will take in moisture faster and keep it longer.

In growing sorghums, if there is a high yield of stalks, as on irrigated land, it is safe to shred the stalks coarsely and tuck them lightly in to the soil with a disk.

On drylands, however, where yields are not so high, it is best to leave a high stubble during winter months. For sorghums in rows 24 to 48 inches apart, the usual minimum height recommended is 15 to 18 inches.

BLOWING TOPSOIL is checked by Bob Crozier, left, work unit conservationist for the Parmer County SCD, and Guy Nutt of Amarillo, area conservationist. They are checking a central Parmer County listed field which has had furrows filled with sand from an adjoining dryland field. The men do not consider wind erosion as a serious hazard to area farmland in spite of the way the land seemed to blow Monday.

Some folks think of a will as their "last will and testament" when it should be their "first." Over 50% of the people in the United States die without a will. Here are five simple steps to follow in making a will.
(1) Go to a lawyer or trust officer.
(2) Tell him what you own.
(3) Name people and institutions by their legal names.
(4) Sign as directed by the lawyer.

(5) Keep the will in a safe place.

Most County Land "In Good Shape"

In spite of what might have been said about the free-flowing real estate in Monday's sandstorm, most all Farmer County area land is in good shape and is not subject to damage by wind erosion.

This is the report from the Soil Conservation Service this week, after a check of conditions following the blow -- this first storm of the season.

Guy Nutt, area conservationist for Area II, was in the county Tuesday, and he and Bob Crozier, work unit conservationist for the county, concurred that farmers as a general rule have things "pretty well tied down."

The reason so much blew the first of the week is that it was the first wind of any consequence in many weeks and much loose and powdery topsoil that is always present under such conditions simply got

up and moved off with the gale. Big-scale irrigation and intense cultivation methods have made a return of the Dust Bowl days an impossibility for this part of the High Plains. Land now has more natural cover, is usually better plowed and protected, and nearly always has a higher moisture content than in the days when there were no irrigation wells.

In fact, of the 420,000 acres in cultivation in the county, 404,000 of it is under irriga-

tion, according to SCS figures. That means lots of protection.

Farmer County is itself a Soil Conservation District. In addition to that, the county voted itself a wind erosion control district several years ago. That means that landowners can be required by law to care for their land to prevent excessive blowing.

This law is practically never made use of these days, however, and blowing dust is not the hazard it once was.

Cotton Loan Rate Dips Slightly

The 1959-60 cotton loan rate has been announced, and will be down slightly from last year. Prentice Mills, ASC office manager, reports that the support price will be at the rate of 80 per cent of parity, compared with 81 in 1958-1959.

The national average on 7/8 inch middling white cotton is \$30.40. In Farmer County it will be \$30.16 this year (under the "A plan"). Premiums and discounts on grades and staple will be unchanged from the previous year.

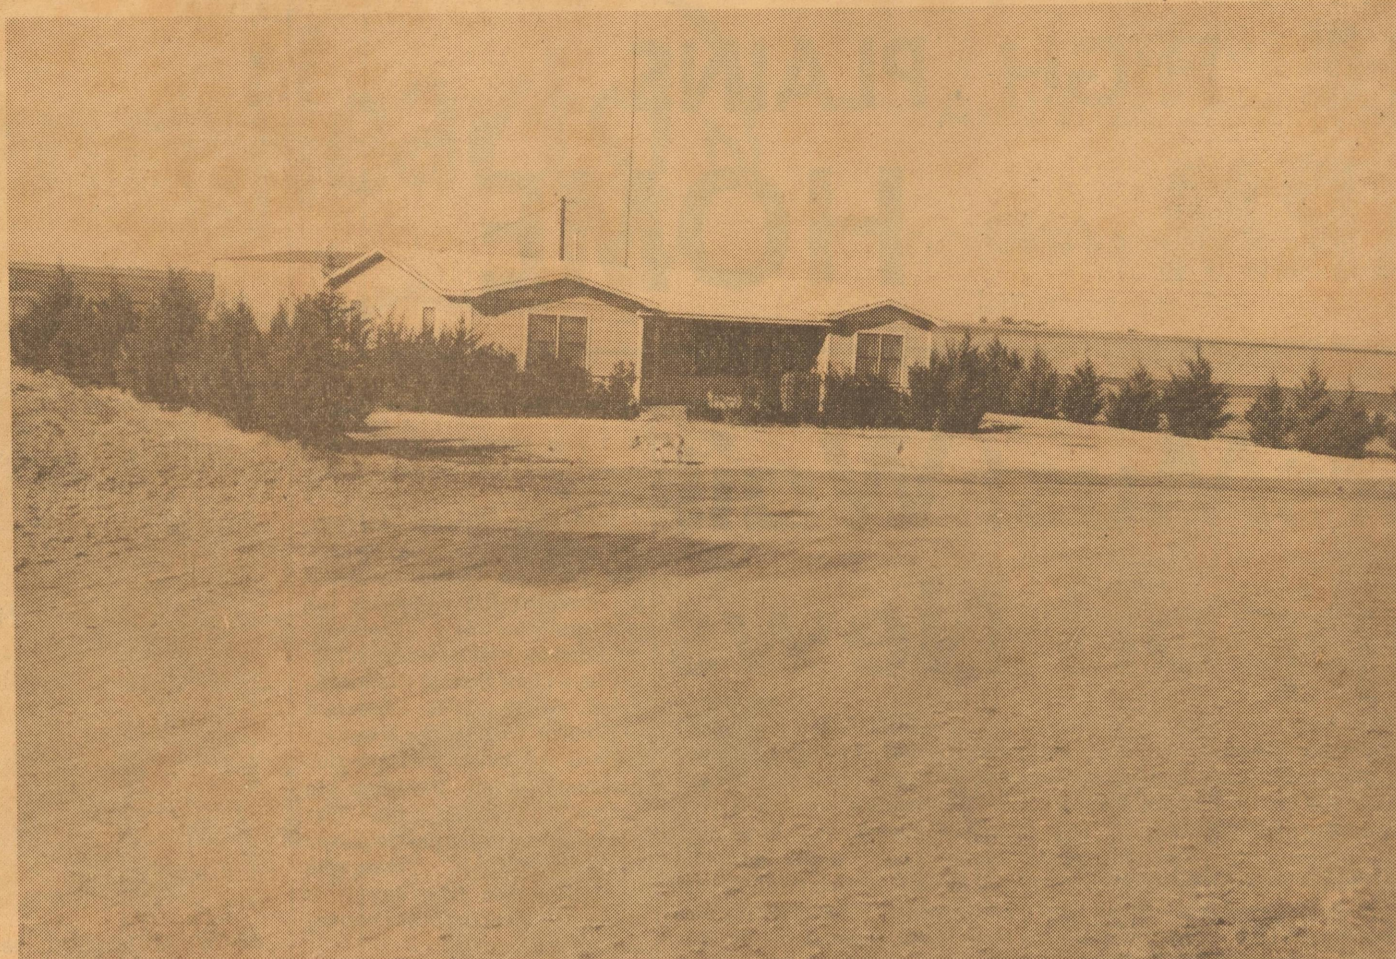

Supports on cotton grown under the B Plan will be 65 per

cent of parity, which will amount to \$24.46 in Farmer County.

The new support rates, announced last week, are about in line with what was expected in most quarters. The support of "A" cotton will continue at a rate considered pretty good by most High Plains farmers, and will assure the continuance of cotton as the No. 1 money maker on area farms.

As to whether growers are going A or B plan this year, there's still no indication of a general trend to either side. No one knows for sure what the B plan cotton will bring on the market -- although most agree it will probably be slightly to moderately over the loan rate.

That question mark, plus the enigma of not knowing what grain sorghum support prices will be until after time to select which cotton plan will be followed, is the middle of the year for area farmers.

A neat, well-kept farmstead is that of the T. O. Lesleys of Lazhuddie. The Cypress and Red Cedar evergreens which encircle their home provide not only beauty but protection from the elements. The trees nearer the house are for decorative purposes.

More and more Farmer County area farm families are finding pleasure and usefulness in landscaping their farmsteads with trees like these.

Most of us have heard of Johnny Appleseed all our lives, but recently someone gave us a cookie recipe that was supposed to have been his favorite. Of course, it is doubtful that anyone knows Johnny Appleseed's favorite cookie recipe, but this one is very good.

JOHNNY APPLESEED COOKIES

- 3 cups sifted flour
 - 1 teaspoon salt
 - 1 1/2 teaspoons soda
 - 1 teaspoon cinnamon
 - 1/8 teaspoon cloves
 - 1/2 cup oleo
 - 1 cup brown sugar
 - 1 egg
 - 1 teaspoon vanilla
 - 1 cup sweetened fresh or canned applesauce
 - 1 cup raisins
 - 1 cup chopped nuts
 - sugar for topping
- Sift together flour, salt, soda, cinnamon and cloves. Cream oleo. Gradually add sugar, creaming until light and fluffy. Add egg and vanilla extract and beat well. Heat applesauce to boiling. Add flour mixture and applesauce alternately to creamed mixture, starting and ending with flour. Mix smooth after each addition. Fold in raisins and nuts. Drop by teaspoonsful 2" apart on greased baking sheet. Sprinkle a little granulated sugar on top of each cookie. Bake in moderate oven 12 to 15 minutes.

A smart reproof is better than smooth deceit.

Best safety lies in fear.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

The trend in summer sleepwear is shorty gowns and baby doll pajamas. These can be made of batiste or crinkle crepe and do not require any ironing. When you shop for ready made garments, you can ask for these two materials and still have attractive sleeping garments that are easily kept.

Do those of you who have clothes dryers have difficulty keeping the clothes from drying with wrinkles in them? According to the experts, the way to avoid this problem is to know exactly when to remove the clothes from the dryers.

One manufacturer gives this advice. "Dry clothes will be wrinkle free if you take them from the dryer and fold them as soon as they are dried, rather than if they remain in the dryer for several hours. Even clothes that are damp-dried will continue to dry if allowed to remain in the dryer after it stops."

At this time of year it isn't unusual for members of the family to become tired of green beans served in the usual manner. For something different,

try this recipe for SAVORY GREEN BEANS
1 quart canned green beans or frozen beans cooked until tender
1/4 cup chopped onion
1/4 cup chopped parsley
1/4 cup butter
1/4 cup flour
2 tablespoons sugar
1 cup sour cream
2 tablespoons vinegar
Bits of saute'd bacon (1 slice cut up)

Drain beans and reserve liquid (about 1 cup). Saute onion and parsley in butter until soft but not brown, add flour, blend well. Add bean liquid, sugar, and vinegar stirring constantly. Add sour cream, then beans and cook slowly until heated thoroughly. Place in hot serving dish and garnish with bits of saute'd bacon. Serves 8.

A carrot salad that is different is
GOLDEN CRUNCHY SALAD
1 cup raw carrot, grated
1 cup green cabbage, shredded
1/4 cup chopped sweet pickle or sweet pickle relish
2 tablespoons minced onion
1/2 teaspoon salt
1/4 teaspoon celery salt
1/3 cup mayonnaise or half French dressing

Have all ingredients thoroughly chilled; Combine in bowl, mix well. Serve on crisp green lettuce leaves. Serves 6.

THE PARMER FARMER

by W. H. Graham, Jr.

It wouldn't be right to consider Monday's big blow as a "surprise," but it is true that it was hardly expected. For this time of the year, though, a windstorm such as we experienced shouldn't shock anyone who has been on the High Plains for as long as four or five years.

The reason that the sandstorm caused so much comment, we believe, is that we've been getting a wee bit spoiled during the past two years. Last spring, for example, was the tamest one we can recall in our life on the Plains. There wasn't a single honest-to-goodness all-day, all-night spell. If our memory serves us, the spring of 1957 was pretty decent so far as blowing dust was concerned, also. Back past that some of the years we remember pretty well and some of them we don't. Generally speaking, there were some pretty dirty springs in the drought years of 1950-1957, but we can't pick out which were the worst.

However, we do know that the past two springs have been downright abnormal in their mildness. It is a natural (though not desired) thing for the wind to blow across the Plains during February, March, and April. Just ask anyone who's been around long enough to know.

Monday's blow put us to thinking. What would you call it: a sandstorm? Or a duststorm? Some call them "dusters,"

while others prefer (and it's pretty accurate) the term "dirt-storm."

To us, the term "duster" can be used only infrequently, as we think it refers to the monstrous clouds that sometimes steal down upon us from the north or northwest.

How long has it been since we had a true "black duster"? Several years at least. The black dusters of the middle and late 1930's were really horrible things to experience. They inflicted as much psychological as they did physical damage. They depressed people terribly, although usually they didn't last long and for that reason were not a real threat to soil erosion.

Anyone who has experienced standing in the open and seeing the terrible black and purple clouds boil down upon him knows the feeling of impending doom that sometimes grips a man's heart. It is as if all nature were overturned and the end of the world were at hand. What a frightening thing these black dusters were!

Like a curtain drawn across the sky they would obliterate the sun in mid-day and a pall

of darkness would overcome everything in their midsts. Trees would bend and groan under their weight. Dust and sand, tumbleweeds and debris of the field and roads would whip past in front of the mighty winds. As a boy we were very impressed with these black dusters and it will be a long time before we will forget them even if we never see another.

Cotton Plan Discussions Scheduled

Three meetings have been scheduled in Parmer County to discuss A and B plans which cotton farmers are being offered this year.

Prentice Mills, manager of ASC, and Joe Jones, county agent, will conduct the meetings. "We'll try to be prepared to answer all the questions farmers have to ask," Mills says.

The first meeting will be at Lazbuddie Thursday, February 12. It will be in the school auditorium and will begin at 2.

The second session will be at Hub community building Monday, February 16. It, too, will begin at 2.

The third and final meeting will be at the school in Bovina. It will be Monday night, February 16, and will begin at 8 p.m.

Mills says it is hoped that all farmers in the county will have an opportunity to attend one of the three centrally-located meetings.

The ASC manager also reports that he hopes to have the support price on maize by February 16.

LOOK FOR WHOLE GRAIN CORN MEAL

Take time to look for whole grain corn meal when you shop. You'll get extra food benefits and flavor, say extension foods and nutrition specialists. That's because this type of corn meal contains all the food nutrients that nature provides in corn.

Check the label when buying corn meal. For added nutrition check to see if the corn meal is enriched as well as made from whole grain. Corn is naturally low in the B vitamins, thiamine and niacin which are important to the health of the nerves. The nutritive value of whole grain corn meal is improved by the addition of an enrichment mixture which includes these vitamins.

NEW CORN DISHES

Need some variety in your daily meals? Exciting new dishes made from corn meal can give a special touch to the main course, the bread course and even the dessert course, according to extension foods and nutrition specialists.

"Sausage Corn Bread Supper" is one example. Add a tossed green salad, milk and fresh fruit, and you have a quick easy meal ready.

Recipes for this and other corn meal dishes such as Banana Corn Meal Loaf, Corn Meal Waffles, Dixie Brownies and others are found in B-269.

"CORN MEAL AND GRITS-- SELECTION AND USE." Get a copy from my office.

WHEN YOU CHOOSE ACCESSORIES

Have you ever bought home a bargain hat or bag -- or shoes of a delightfully "different" color only to find that they didn't go with a thing you had? In that case, they may have been expensive accessories after all.

To get the most for your money, plan carefully before you buy -- remembering the color and design of your basic dresses or suits. Accessories should accent or complement a costume, according to extension clothing specialists. They can add spice to a simple solid color dress or suit, or supply the unifying note with a striking print dress or plaid suit.

Avoid using too many different colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times--generally two are smarter; for example, shoes, bag and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The more brilliant or intense the color, the smaller the area it should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain yours can

stand the spotlight.

A final suggestion: Look smart but not extreme. Don't overdress. The best dressed women are often the most simply dressed.

ACCESSORIES AROUND THE CLOCK, a beautiful new bulletin by extension clothing specialists, gives lots of ideas and suggestions. Get a copy from me.

FOOD MARKETING TIPS.... To be sure that the family is getting its share of vitamin C, take advantage of the large supply of fresh grapefruit and oranges. The season for tangerines will soon be over so get them now if you want them. Apples continue to be a good value in quality as well as price. Bananas are being offered at attractive prices in most markets.

Generally speaking, fresh vegetable supplies have declined and prices are up slightly on some items. Iceberg lettuce quality remains fair to good but prices have advanced some. Dry onion prices have been edging upward for the past three weeks. White potatoes and carrots are in plentiful supply. New cabbage is attractively priced in most stores.

Adult Leaders Get The Dope

Adult leaders who will be working in the county-wide 4-H tractor maintenance program were in Hereford Tuesday and Wednesday evenings, attending a special school.

Their training will enable them to launch instruction on the 4-H clubber level and several classes are hoped to be held to teach boys how to operate and maintain their farm equipment.

James Mabry is county chairman and is organizing the work.

Attending the sessions were County Agent Joe Jones, A. E. Redwine, Leo Ruzicka, Calvin Embry, Ralph Price, Les Gibson, T. I. Burleson, Jr., Jack Tomlinson, Jack Shirley, James Mabry, Cordie Potts, J. B. Young, Rene Snead, John Armstrong, Clarence Johnson, Ansel Ashford, Hoyt Eubanks, Euel Mitchell, and Raymond Hous-

ton.
