

London tour under way

Fifteen Big Spring area residents will depart from the Midland Air Terminal at 1:15 p.m., today on the first leg of an eight-day excursion that will take them to London, England. They were to join 11 other Big Spring residents, including hosts Harold and Doris Canning, in Dallas,

where they will board a Dallas Capital Airways plane.

The craft leaves Dallas at 6 p.m., and stops at Hartford, Conn., for refueling before resuming the flight to London. Touchdown time in London is 10:30 a.m., Wednesday.

The Big Spring delegation is part of a party of 260 who applied for space on a plane chartered by Harte-Hanks newspapers. In London, the Big Spring vacationers will be quartered at the London International Hotel on Cromwell Street, located in the heart of London.

For the most part, the Texans will be on their own after arriving in London. Some plan trips to Edinburgh. Others will go to Paris.

The plane will depart London for Dallas at 9 a.m., Oct. 19, landing in Dallas at 6 p.m., the same day. Those making the return flight to Midland will land at 9:55 p.m., Oct. 19.

Bill Ragsdale of Skipper Travel, who made local arrangements for the flight, said he believed another 25 tickets could have been sold for the tour. The plane was booked solid two months in advance of the goal.

has expanded over the years until it now serves a dozen West Texas cities directly or indirectly from two reservoirs (Lake Thomas in 1953 and Lake Spence in 1969). The Districts have some wells for peaking and emergency reserves. In an effort to contribute to maximum production of oil in parts of the Permian Basin, the District diverts the non-potable low flow of the river for use by oil companies in secondary recovery programs. Deliveries to all customers approximate 20 billion gallons a year.

PIPELINE — Approximately 140 miles of pipeline, up to 45 inches in diameter, may be laid from the lake to the Midland-Odessa area, with on-line connections for others.

COST — For construction of the dam, reservoir including land, engineering, rights of way, etc., estimates range up to \$46,000,000; the complete project, including pipelines and pump stations would approximate \$90,000,000.

Since the mid-1950's, the CRMWD has looked toward the development of the site near the Stacy and Leaday communities. This has been regarded since the 1962 report of the U.S. Study Commission as a major source of surface supply for the West Texas area. Similar recommendations have come from the Texas Water Development Board in the Texas Water Plan, and the Governor's Long Range Water Plan. Increasing consideration of developing the site has been given by CRMWD directors during the past five years. Because of a consumption of some 62,000 acre-feet out of a calculated safe yield of 65,000 acre-feet annually from Lake J.B. Thomas and Lake E.V. Spence, the Board moved in August, 1976, to establish a Long Range Planning and Development Committee headed by John Currie, Big Spring. Following long and detailed studies, this panel recommended filing for a permit.

DAM PLANNED ALONG DOTTED LINES Proposed Colorado River site is southeast of Ballinger

The CRMWD, created by the Texas Legislature in 1949 as a two-city unit,

Subsidies may total \$66,000

Ambulance service to cost

month. Nagel said, however, that Alert owner Red Hiltbrunner had approached him about possible termination of the contract.

John Currie, 903 Dallas, brought a complaint before the council regarding curfew policy of local police. Currie claimed that certain officers use the towing of cars by wreckers as a form of punishment, and as a way to gain favor with certain wrecking firms.

"In many cases the capricious calling the wreckers is used as punishment because the officer unilaterally decided that the person should pay a fine of \$25. This is not right," said Currie.

According to Police Chief Stanley Bogard, the present policy requires patrolmen to go through his shift supervisor, a sergeant, in order to call for a wrecker.

Currie cited a personal incident in which he claimed the officer ordered a wrecker without the permission of his shift supervisor, and claimed it was common practice among a few in the department.

"This has happened several times," confirmed Bogard, referring to failure to get permission from shift supervisors to order a wrecker.

"I think that 90 per cent of the police do a very good job, and I have no criticism of the city or Chief Bogard. But if you allow the tactics of these few officers to go on, you might as well issue Gestapo uniforms," said Currie.

Council members suggested that Currie issue a sworn statement regarding the matter to Bogard. They also determined to review the policy for calling wreckers.

In passing the minutes of the Sept. 30 meeting of the Big Spring Traffic Commission, the city went on record opposing certain recommendations by the State Highway Department. The department had recommended that no new signals be installed along Third Street at the intersections of Johnson, Nolan, State and Benton, and on Fourth Street at the intersections of Bell, Johnson, Nolan, Benton and State.

"We are sure that if no signals are installed, the accident rate will rise to the point where we need signals anyway, and we (the city) will have to pay for them. But we would like to have them installed now under an existing federal grant before all that is necessary," said Nagel.

In other business, council members approved minutes for meetings of the Planning and Zoning Board, and the Webb AFB Steering Committee.

appointed members to several boards in the city.

awarded a bid of \$8,640, the low bid, to Benjamin Feld & Associates for the purchase of side-loading sanitation containers at \$216 each.

passed a resolution on an emergency reading authorizing the mayor to execute a Supplemental Agreement with the Department of the Air Force.

By CRM water district

Third reservoir proposed

The Colorado River Municipal Water District today filed an application for a permit to impound a 554,000 acre-foot lake on the Colorado River near the Concho-Coleman County line. The new reservoir is sought as a source of municipal and industrial water needs in the region. Numerous cities and agencies have endorsed the project.

Site for the reservoir is 19 miles north-northeast of Eden.

John L. Taylor, Big Spring, CRMWD vice president, O.H. Ivie, Big Spring, general manager, and James Rosser, Snyder, legal counsel for the District, were in Austin this morning to file the permit request. Cost of the project, including pipelines, will be financed by revenue bonds payable solely from water sales contracts.

Construction of a dam to impound the multi-city water supply is contingent upon a favorable decision by the Texas Department of Water

Resources, which first will call a public hearing on the application. The CRMWD is prepared to act promptly when a permit is issued, said P.C. Harbour, Odessa, president of the District.

"It is imperative that we move to obtain this additional source of water if the imminent and future water and energy needs of a large section of West Texas are to be met," said Harbour. "The U.S. Study Commission, the Texas Water Development Board in the Texas Water Plan, and the Governor's Long Range Water Plan have pin-pointed this site for many years as a source of supply for the area we are responsible for serving. The steady, and often-times rapid, development of this territory has narrowed seriously the margin between safe yield of existing reservoirs and actual consumption. Because of this and of our responsibility as a regional water supplier, we

must act now. Even in the best of circumstances, there is a critical time lag between planning and actual construction. Consequently, this sector of West Texas will need the water by or well before the time we are able to deliver after the State grants a construction permit."

Harbour said that arrangements have been made for financing, particularly in the reservoir phase of the project, so that the District is prepared to proceed with final engineering and contracts when a permit is issued. By that time, plans likely will be firm for a pipeline stretching approximately 140 miles and lifting water 1,460 feet through a series of pumping stations.

Among customers for water will be Texas Utilities Services Inc. (TUSI) which proposes to erect a coal-burning electric generating plant near the new lake in the future. TUSI acts as agent for Dallas Power and Light Co., Texas Electric Service Co. (TESCO) and Texas Power and Light Company. TESCO provides electric power to a major portion of the area that will be served by the new water supply.

"Energy and water are the two critical elements in the development and progress of any area," added Harbour. "It is almost impossible to separate the two or say which is the more important. Thus, in seeking this permit, we are trying to meet an urgent dual need for this region. This will make maximum beneficial use of the water supply."

"This is why CRMWD, in anticipating growing water needs, has at the same time been in continuing negotiations with TUSI. The crucial energy situation has dictated a shift to coal as a fuel for power generation, and TUSI had been taking steps in this direction to assure adequate electric power for the area."

Engineering details, outlined by S.W. Freese, Fort Worth, of Freese and Nichols, consulting engineers, include:

LOCATION — On the Colorado River immediately below the confluence with the Concho River, 19 miles north-northeast of Eden.

SIZE — The lake will impound a maximum of 554,339 acre-feet of

BIGGEST OF THREE CRMWD LAKES TO BE LOCATED AT THIS SPOT

Found in 16-foot hole, man is facing surgery

Donald Lewis Brownfield, 44-year-old manager of the Farmers Co-op Gin at Knot stepped off into a 16-foot seed pump hole in the dark around 10 p.m. Monday and was injured.

He is in Room 425 at Malone-Hogan Hospital where he is reported to have a crushed vertebrae in his back and a crushed right heel. Surgery on his heel is scheduled today.

Brownfield was discovered in the hole, which was under some recently moved equipment, by two of the board members after a board meeting Monday night.

The gin manager heard the wind flapping some tin outside and went out to check on it. He apparently stepped off into the hole in the dark. The gin is being remodeled and some of the equipment has been moved in recent days.

The last two board members to

leave were J.E. Peugh and Jerry Roman. Roman wondered why Brownfield had not come back in the building and went outside calling his name.

The wind was blowing, as the norther had just hit, but he heard Brownfield's cries of "Helpppp" which had not been audible inside the building.

The board members looked around carefully in the dark until they located Brownfield. The hole is about eight foot square so they were able to put a ladder at the side and get down to the injured man.

Since he was complaining of his back, they were afraid to move him, but called the ambulance. A stretcher was lowered into the hole with ropes by Emergency Medical technicians at Ackery and Alert Ambulance.

TESCO backs plan for lake

Jack D. Redding, Big Spring manager for Texas Electric Service Company, said today his company is "happy to have a part" in the Colorado River Municipal Water District's proposed new reservoir.

Texas Electric and its two sister companies have agreed to purchase water from the new lake for a proposed power plant.

"This lake will supply water for the area in the near-term and could support a power plant in the future. We're happy to have a part in anything that will provide water and power for a growing West Texas economy," Redding said.

The earliest a plant might be built on the reservoir would be the late 1980s or early 1990s.

"These are extremely long-range plans, but the electric utility business requires this kind of planning," he said.

"Plant siting has become such a complex affair that we must begin this kind of preliminary work 10 to 20 years before any construction actually begins," Redding said.

Texas Electric, Texas Power & Light and Dallas Power & Light made the water rights agreement through an affiliated company, Texas Utilities Services, Inc.

Q. Why does the Heritage Museum, featuring items of the past, display a 1977 windmill in front?
A. There is a new platform on the windmill displayed outside to make it safe. Actually the windmill, donated to the museum by Mrs. Cecil (Sally) Wasson was from the Wasson place on the Old San Angelo Highway and was there for many years. It is in excellent condition but it sure isn't a 1977 windmill. Carroll Choate helped build the new platform and erect the windmill at the site to donate the importance of water to this West Texas community.

Calendar: Fireman's school begins

TODAY
Howard County Historical Society, Chamber of Commerce, 7 p.m.
The Big Spring City Council will hold its regular meeting 9 a.m. in council chambers in City Hall.
Fireman's Training School, sponsored by the Texas Forest Service, for Coahoma and Sand Springs firemen, begins at the Coahoma Fire Station.
WEDNESDAY
Southwest Basketball Officials Association meeting, 6:30 p.m., Western

Sizzler, all old members, new members, and "want to be" members are invited to attend. New rules will be discussed.
Newcomers Bridge and Handicrafts Club will sponsor a tea for all new residents of Big Spring. 10 to 11:30 a.m., Flame Room, Pioneer Natural Gas Building.
Community Luncheon and Program, Kentwood Older Adults Activity Center, 10 a.m.
Permian Basin Regional Planning Council, 1:30 p.m. Air Terminal offices in Midland.
Howard-Glasscock Unit board of directors of American Cancer Society, Spanish Inn, 12 noon.

Offbeat: More crayons

WASHINGTON (AP) — Color the crayon picture bright. According to the National Geographic Society, "crayons are as popular as ever. Twenty years ago, 44 crayons were sold for each child in the United States between the ages of 3 and 11. Last year, the \$2-billion a year industry sold 62 crayons per youngster."
It says crayons are made by seven American companies in 72 colors, including mahogany, salmon, silver and eight fluorescent shades.

Three plead innocent of false imprisonment

WHARTON, Tex. (AP) - Three persons charged with false imprisonment of 12 mentally disabled patients at a community near here have entered pleas of innocent at their arraignment.
 State District Court Judge Lloyd Rust did not set a trial date at the Monday arraignment for Lee Etta Bradshaw, 45, of Wharton and Lillian Gobert, 42, and Elmer Arnold Thompkins, 34, both of Van Nuys, Calif.
 Attorneys for Mrs. Bradshaw asked the judge to dismiss the indictments against her on grounds they are illegal, insufficient and incomplete. Rust set a hearing for Oct. 27 on the motions.
 The three were arrested by authorities in Texas and

California after Wharton County and state authorities discovered 13 unwashed, underfed and allegedly mistreated mentally deficient persons at Mrs. Gobert's home near here Aug. 21.
 Authorities said the patients were living under crowded and unsanitary conditions and their pension and disability checks allegedly were being converted to the personal use of the attendants.
 Mrs. Gobert, who waived extradition from California to Texas, is being held in the Wharton County jail under \$100,000 bond. She was arrested Aug. 26 in Los Angeles on a fugitive warrant from Texas.

TRIUMPHANT TRIO — "Lucille," by Kenny Rogers, left, was chosen song of the year and single of the year by the country music industry Monday night in Nashville, Tenn. Ronnie Milsap won entertainer of the year, male vocalist of the year and best album. Crystal Gayle was voted top female vocalist.

Bloody print not Davis'?

AMARILLO, Tex. (AP) — A fingerprint expert takes the witness stand today to identify latent prints lifted in August 1976 from the blood-splattered mansion of millionaire Fort Worth industrialist Cullen Davis.

Prosecutors indicated, however, that none would match those of Davis, 44, on trial for the slaying of his young stepdaughter in a prelude to a 1976 shooting spree in the mansion that left another dead and two wounded.

Jim Slaughter of the Fort Worth Police Department's identification bureau, was called by the prosecution to identify about 14 sets of prints recovered by officers.

Prosecutors allege Davis was the "man in black" who wounded his estranged wife Priscilla, 36, and killed her 30-year-old lover, Stan Farr and her 12-year-old daughter Andrea Wilborn.

before officers took him to headquarters and charged him with murder.

Defense attorneys successfully barred Van Vleck from recounting what, if anything, Davis told arresting officers.

Prosecutors introduced a photograph of the defendant, tie-less, but wearing a sport coat, as he was whisked from Mrs. Master's home shortly after 4 a.m., about four hours after the shootings.

A second photo, showing a bloody palm print on a mansion door facing, figured in a rather mysterious courtroom episode after the

state recalled Fort Worth Police Detective Greg Miller.

The former crime scene search officer testified that the palm print was photographed on the facing of a door leading to the basement where investigators found the body of the slain girl.

While focusing attention on the photograph, prosecutors made no attempt to identify the palm print, nor would they discuss it with reporters, saying only, "We think it is significant."

Davis observed newsmen examining the photo during a break and said facetiously, "Well, there it is. That about wraps it up, doesn't it?"

Asked about the palm print, a defense lawyer

Top Country entertainer once fell from stage

NASHVILLE, Tenn. (AP) — Blind singer Ronnie Milsap, who once fell off a stage while performing, was not deterred. And Monday night, he won country music's top award — Entertainer of the Year.

Milsap, who now counts the steps to the orchestra pit before performing, also became the first person in the 11-year history of the Country Music Association awards to win top male vocalist three times. He won in 1976 and 1974.

Blind since birth, he was asked after the show what he would give to see the happy faces of his admirers.

"I didn't see the faces but I had the chance to feel the electricity and the love," he said. "Sometimes you don't have to see."

His "Ronnie Milsap Live" was picked Album of the Year, making him the show's only triple winner.

Crystal Gayle was chosen No. 1 female vocalist,

beating out her older sister, Loretta Lynn, a three-time winner, and Dolly Parton, who had won the honor the last two years.

Asked how it felt to upstage her sister, Miss Gayle said, "I don't think I was doing that. She was rooting for me before I won. No matter what the press says, there's nothing between us."

"Lucille," recorded by Kenny Rogers, was chosen both Single of the Year and Song of the Year. The Song of the Year award honored the writers, Roger Bowling and Hal Bynum.

Rogers, who also has been successful in popular music, marveled afterwards at the loyalty of country music fans.

"In the pop market, you're as good as your last hit. But in country music, I've seen people without a hit for years who still are big favorites."

Merle Travis, a guitarist-songwriter-singer, became the 30th member of the

Country Music Hall of Fame. He is probably best known as a pioneer guitarist and as writer of the classic "Sixteen Tons."

Jim Ed Brown and Helen Cornelius were named top vocal duo; the Statler Brothers won No. 1 vocal group for the sixth straight year; the Original Texas Playboys were chosen top instrumental group, and Roy Clark was Instrumentalist of the Year for the first time in his career.

Miss Parton and Waylon Jennings won nothing even though Miss Parton was a finalist for Entertainer of the Year and top female vocalist and Jennings was nominated for five awards — more than anyone else.

Jennings, who was arrested on cocaine charges last month, did not attend the show because he objects to musicians competing for awards. The charges against him were dismissed last week.

Jesse Fletcher new HSU prexy

ABILENE, Tex. (AP) — Dr. Jesse C. Fletcher has been named the 12th president of Hardin-Simmons University, according to school officials.

Fletcher served as pastor of the First Baptist Church in Knoxville, Tenn., since February 1975.

The 46-year-old minister, who received degrees from Texas A&M University and the Southwest Baptist Theological Seminary, will assume his new position by Nov. 1.

Fletcher replaces Dr. Elwin L. Skiles, who will become the university's first chancellor. Skiles, 65, announced his retirement, effective last June, to the school's trustees last year.

Commission to discuss Caton pay dictates

The Howard County Commissioners' Court did not adjourn its meeting Monday afternoon. Members will reconvene Friday at 9 a.m. to take up again four district court orders handed down by District Judge Ralph Caton.

The three orders were issued in connection with the 118th District Probation Office and Court Reporter Jerry Spence. The orders called for increasing Spence's salary from \$11,928 to \$12,750, Chief Probation Officer Guy Talbot's salary from \$11,652 to \$13,604 with a \$300 car allowance increase to \$1,800, and an increase in salary for Probation Officer Jeanette Nichols from \$6,780 to \$7,380.

Also included in the orders was the setting of an hourly salary for part-time

probation officer Linda Graham at \$3.20 with 18 cents per mile compensation for travel.

The court expressed its concern with equity for county employes, citing the irregular amounts of the raises and the 18 cent mileage figure. The county currently gives raises on a five per cent basis and pays 15 cents per mile traveling expenses.

In other action, the county agreed to send Justice of the Peace Gus Ochotorena to J.P. school in Corpus Christi in October. The school is a regularly scheduled function of a J.P., and is required once each year.

They also agreed to send Assistant District Attorney Don Richard to California to interview Maj. Harold Roy Freeman's children by a

previous marriage. Freeman currently faces six sex-related charges in 118th District Court here.

The county will take bids on a new car for the Sheriff's Department, although it will require that the department trade in two cars on the new one. The Sheriff's Department currently has 11 cars. Members will also take bids on a new pickup for the Road and Bridge Department.

The commissioners passed a resolution exempting Howard County from Senate Bill 411, which would create a fireman's relief and retirement fund.

They signed the tax rolls presented by County Tax Assessor-Collector Zerah Bednar. Mrs. Bednar presented the county with a total roll of \$1,245,756 and with a state, junior college and county roll of \$2,282,243.

FOUND SLAIN — These three youngsters were found stabbed to death in a shallow stream near Elvaton, Md., Monday. The girls from left are: Ann Brzeszkiewicz, 8; Terry Hogan, 8; and Debbie Hogan, 10.

Three girls found stabbed to death

ELVATON, Md. (AP) — The discovery of the bodies of three missing girls, stabbed repeatedly through their parkas and left lying face down in a creek near their homes, has stunned the Southgate neighborhood here.

The bodies of Theresa Hogan, 8, her sister Deborah Anne, 10, and Ann Marie Brzeszkiewicz, also 8, were found Monday. The schoolgirls had left a house early Sunday evening to play and were last seen on a bridge over the stream, which runs through a wooded area near the subdivision where they lived.

State Medical Examiner Russell Fisher said two of the girls had been stabbed about six times, and the third victim had more than a dozen knife wounds. Fisher said the murder weapon was probably a hunting knife with a blade at least five inches long.

The girls were found fully clothed and there was no evidence that they had been sexually molested, authorities said.

"We don't have anything," said Detective Sgt. William Chaplin of the Anne Arundel County homicide squad. "No

clues, no motives, no weapon."

News of the slayings sent parents to Southgate Elementary School to gather up their children when classes were dismissed. School officials said usually a dozen parents will pick up their children but about 150 were waiting outside Monday afternoon.

"You just feel like clutching them to you," said one anxious mother.

"You always hear about it happening somewhere else, but it doesn't happen in your neighborhood," said Roger Westphal, whose children played with the Hogan girls.

There was no comment from Jacob and Judy Brzeszkiewicz, the parents of Anne Marie. But Sgt. Chaplin said the couple, who have another daughter and five sons, took the news very hard, and that a doctor was called to the house.

Hogan, the father of the other two victims, said, "We're deeply shocked. We have no idea what caused it or anything."

Speaking in a low, controlled voice, Hogan added softly, "They were beautiful kids."

Hill admitted killing first wife?

HOUSTON (AP) — The second wife of slain Houston plastic surgeon Dr. John Hill has testified he told her he killed his first wife, Joan Robinson Hill.

Ann Kurth also testified Monday she believes Hill also tried to take her life on three occasions during their brief marriage.

The statements by Mrs. Kurth were out the presence of the jury since State District Judge Arthur Lesher had ruled earlier the testimony could not be admitted before the jury hearing a \$7.6 million wrongful death civil suit.

Her testimony launched the seventh week of the trial of the civil suit in which the slain physician's third wife, Connie Hill, 37, his mother, Myra Hill, 75, and son Robert Hill, 17, are suing oil millionaire Ash Robinson, 79.

They allege in the suit that Robinson arranged the death of Hill to avenge the death of his only daughter, Joan Robinson Hill. When he was shot to death at his fashionable River Oaks home in 1972, Hill was awaiting a second trial on charges he killed his first wife in 1969 through medical neglect.

No criminal charges have been filed against Robinson and he denies the allegations by Hill's family.

Hill's first trial ended in a mistrial in 1971 and it was during Mrs. Kurth's testimony in that trial that the mistrial was declared.

In her testimony Monday with the jury absent, Mrs. Kurth, 47, a tall black-haired woman who was married to Hill for nine months in 1969 and 1970, said Hill told her he killed his first wife with cultures grown from bodily wastes.

She said she and Hill were riding on the outskirts of Houston June 30, 1969, when he described to her how he killed Joan Hill, by growing culture "from every form of human waste", inserting them into pastries and feeding them to her along with a drug to make her vomit.

She testified that Hill told her that eating the infected pastries did not kill Joan Hill and when she asked for something to cure the illness he instead injected a culture-infected drug to speed up the infection process.

Mrs. Kurth testified Hill then crashed her side of his automobile into a concrete abutment in what she believed was an attempt to kill her. When she was still alive, she said, Hill attempted twice to inject her with a syringe containing an unknown substance but she fought him off.

A passing car wound up taking them to a hospital where she was treated for lacerations and bruises and Hill for a broken nose, she testified.

Mrs. Kurth said later in their marriage Hill became angry at her and tried to strangle her once in front of Robert and her three sons by a previous marriage. She said on another occasion Hill "gripped" her tightly while they were in a swimming pool.

Mrs. Kurth drew a quiet laugh from Robert when she told of the boy becoming "terrified" of his father during a trip to Kemah when Hill began driving recklessly.

"Robert appears to find the incident amusing now," W. Robert Brown, Robinson's attorney said. "Did he find it amusing the day it occurred?"

Western Auto has variety of items

How long since you've dropped by Western Auto Store located on 504 Johnson?

You may not be aware how many different items they handle. They have tires and auto needs, especially those needs for the person who wants to fix his own vehicle.

They have such items as spark plugs and hoses and

the things the do-it-yourself man needs.

They also handle items like heaters for winter and air conditioners for next summer.

And if you're needing a television for those long winter evenings, stop by Western Auto.

They also have items that are suitable for brides' gifts

such as small appliances. It's really amazing how many items Western Auto handles. There's easy parking and no problems.

Drop by there and look around when you start thinking about Christmas items this year.

Or call 267-6241 if you want to ask about a particular item.

Bennett's Pharmacy will supply sick room needs

Bennett's Pharmacy offers the widest selection of convalescent needs of any druggist in the city.

In addition, he offers excellent pharmaceutical service with all of the items usually offered with such a service.

His convalescent needs include a large selection of wheelchairs and a growing wheelchair for a young person who is in need of one. Or he can order any type of special wheelchair that a person may need.

He has walkers, potty chairs, and many other items, including a hospital bed if needed in the home.

Bennett Books has a drive-in window and emphasizes, "Your health is our business."

He also has a selection of dental hygiene needs. In fact, if it is anything to do with good health, Bennett's

Pharmacy tries to have it on hand or will get it for you. Drop by 305 W. 16th or telephone 263-1751.

OUR FRIENDS & NEIGHBORS

SERVING YOU FOR A BETTER HOWARD COUNTY

Police officer Leroy Spires has put in seven years on the Big Spring force. Although originally hailing from Pana, Ill., Spires has given his heart to Texas, working in law enforcement due to a deep concern for human rights, human betterment, and a "deep devotion to my country and our laws." He has an Associate degree in applied science, and along with his wife Patricia and daughter Letisha, is a member of the Hillcrest Baptist Church. He has put four years in the Air Force. His hobbies are working with animals, baseball, and fishing.

Lucy Melynda Martinez is a newcomer to the Big Spring Police Department, having only worked there five months. She now fills the job of Detective's secretary, previously being employed as a cashier-clerk at the City Water Office. She was born in El Paso and has a husband, Tony, and a daughter Mellissa Ann. Her hobbies include softball, dancing, horseback riding and many other different sports.

Detective C.P. Ward has been with the Big Spring Police Department for six years. He was born in Gatesville 40 years ago. He has attended high school and some college. Before joining the force he was involved in a variety of professions requiring skilled handiwork. He has served as a mechanic, a welder, a painter, an electrician, and with a dry cleaning service. His mechanical experience ties in with his hobby which is motorcycling. Ward is a member of the Methodist Church.

Westbrook news Golden Age Club meets

THE WESTBROOK Golden Age Club met Tuesday in the Ocotillo Club Building.

Mrs. Altit Clemmer was elected associate secretary to replace Mrs. Hoyt Roberts who resigned because of health.

The treasurer, D.J. Barber, reported a present balance of \$286 in the treasury after current bills.

Mrs. A.G. Anders reported on memorial gifts of serving spoons given by the Jackson family in memory of Mrs. Ada Armstrong; tablecloths given by Mrs. D.A. Oglesby in memory of P.E. Clawson; wash and wear tablecloths given by Mrs. Frank Oglesby in memory of her brother, Horace McDonald; floor runners, coasters, serving spoon and macrame hanging pots in memory of P.E. Clawson by the Clawson family.

The room was decorated in Halloween ghosts and goblins. Prizes were given the person dressed the spookiest and tackiest. These were Jack Kitchens and Mrs. Maggie Hamrick. J.W. Lewis was runner-up. Mrs. N.W. Stokes was chairman.

Dear Abby

Virgin Brides Don't Have To Wear White

DEAR ABBY: Who made up that rule that only virgin brides may wear white? And does it still prevail? **CURIOUS**

DEAR CURIOUS: According to Edith Head, the celebrated fashion designer and expert on proper dress for all occasions, the ancient Roman brides were wrapped from head to toe in orange-colored veils.

In medieval times, the brides wore red!

The first white wedding gown was worn by Anne of Brittany when she wed Louis XII in 1499.

To cite bridal attire of more modern times, Emily Post wrote in 1922: "Brides have been known to choose colors other than white. Silver is conventional and so is deep cream. But gold cloth is more suitable for a widow than a virgin maid."

In 1952, Amy Vanderbilt wrote: "The formal wedding gown is generally white or ivory, but delicate blue and pink are sometimes seen."

So in all the literature concerning proper bridal attire (and Miss Head says there is surprisingly little) there is actually no "rule" stating that only virgins may wear white.

DEAR ABBY: First you credited Emerson with the following quote: "Pay every debt like God wrote the bill."

Then a Florida editor took you to task, saying he knew Emerson couldn't have authored that quote because it contained a grammatical error. He further stated that on looking it up he found the correct quote to be: "Pay every debt AS IF God wrote the bill."

Your Florida critic is right as far as he goes, but he fails to point out that Emerson made a grammatical error at least as serious as using "like" for "as if," for which YOU were so triumphantly chastened.

Proper sequence of tenses demands this phrasing: "Pay every debt as if God HAD WRITTEN the bill."

PEDANTIC PUNDIT

DEAR PUNDIT: Thanks friend. I'm honored to share a gaffe with so distinguished a literary figure as Ralph Waldo Emerson.

For Abby's new booklet, "What Teen-agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (24c) envelope.

Parents hear two schoolmen

Headstart Directors, Dr. E.S. Morgan and Harold Bentley, were speakers at the first Headstart Parent meeting for the school term.

The meeting was Oct. 4 in the Lakeview Gym.

Order of business was the election of new officers for the Parent Advisory Committee of 1977-78. Elections were conducted by the outgoing president, Mrs. Dominga Rangel.

Those officers elected were: Vic Zachary, president; Leonard Evans, vice president; Mrs. Patsy Morales, secretary; and Mrs. Yvette Padilla, treasurer.

There will be another important meeting tonight at 7:30 to discuss the Halloween Carnival.

Speaker talks about plants

Kelly Draper of Faye's Flowers presented a program on the joys and problems of houseplants at the Oct. 5 meeting of the Big Spring Garden Club.

The meeting was at the home of Mrs. D.O. Gray. Mrs. Gray and Mrs. John Davis were hostesses.

Finger foods were served with Mrs. John Balch presiding at the coffee service.

Along with his presentation, Draper exhibited many plants such as Dumb Cane, Palm tree and Spineless Yucca.

He also illustrated plant problems like damaged leaves, bugs, thinness and skimpiness, explaining how to deal with them.

The next meeting will be Nov. 2 with Mrs. Knox and Mrs. Greer as hostesses.

Hyperion club visits museum

The 1970 Hyperion club went to the Diamond M Museum, Snyder, after meeting at the home of Mrs. John Latham Oct. 5.

The exhibits in the museum belonged to the late C.T. McLaughlin.

There were such exhibits as an antique music box, antique porcelains, carved ivory, jade trees and bronze statues.

The museum also contained paintings by such well known artists as Norman Rockwell and Peter Hurd.

The museum tells the life of McLaughlin. There are many photographs of him with his family and friends. McLaughlin was active in politics, and the club also saw pictures of him with the late President Johnson.

The club lunched at the Snyder Country Club after visiting the museum.

The next meeting will be Nov. 8 at the home of Mrs. Curtis Strong.

Posse's members meet for meal

The Howard County Sheriff's Posse began its regular monthly meetings with a potluck supper and housewarming at their new clubhouse last Tuesday.

After supper, President A.D. Nanny welcomed visitors and presided over the meeting.

Mrs. Ruth Nanny read the secretary's report, and Frank Knapp gave the treasurer's report.

The members voted to build an alleyway to return steers from the catch pens to the roping chutes and to build a fence around the clubhouse.

A committee of Mrs. Laura Duke, Mrs. Ruby Allred, Mrs. Frances Cherry and Mrs. Melba Neel were elected to be responsible for furnishing the clubhouse.

A special thanks was given to Mrs. Duke for the five chairs that she gave the posse in memory of her husband, Tobe Duke.

The posse's next Steer Roping will be Sunday. Contestants will be asked to register at 1 p.m. with the Barrel Race to start promptly at 2. For more information, call Repps Guitar at 399-4769 or Tommy Smith, 398-5477.

The posse's next social activity will be a note-burning ceremony and chili supper at the end of October.

Sale of male wear booming

NEW YORK (AP) — Manufacturer outlet sales of men's and boys' wear are expected to reach the \$1.25 billion mark this year, up from \$1 billion in 1976, \$750 million in 1975 and \$200 million in 1973, says a merchandising consulting firm.

Marvin A. Blumenthal, president of April-Marcus Inc., a firm representing more than 70 of these outlets nationwide, explains that the reason for the increase is that "today people are more interested than ever in getting their money's worth and there's a good economy at these outlet stores."

Outlet stores are no-frill, self-service clothing stores at which alterations are not available. They are usually located in low-rent districts and in old buildings. Some may sell brand-name clothes made by others, with or without the manufacturer's label. These stores sometimes charge more than 50 per cent less than regular stores, Blumenthal says.

ST. LOUIS (AP) — irate Don Coryell believe turnover among officials the National Football League should equal his coaching colleagues.

"About a quarter of coaches get fired every about a quarter to a Coryell said Monday think they (NFL supervisors) should grade people, and about a quarter of them should be replaced."

"I say any derogatory about the officials and the officials I'm fined more than make," he added. "I fine me \$5,000, and I afford it. You have recourse."

Coryell's remarks at Quarterback Club luncheon followed the Cardinals' loss Sunday to the Dallas Cowboys in a key National Football Conference contest. Twice St. Louis penalized for pass interference in the fourth quarter. Each time Cowboys scored while in process of overcoming 16 deficit.

Penalties of 42 and yards plus a 15-yard set for roughing Dallas safety Roger Staubach in

Bickham loses

WACO, Tex. (AP) Baylor's hard-luck quarterback Sammy Bickham who has already had separated shoulder and dislocated shoulder year, was to undergo surgery today and will be for the season.

Bickham, a sophomore from Plano, tore a ligament in his right knee late in Saturday's 9-6 South Conference victory Southern Methodist.

He remained in the game, however, to lead the Baylor game-winning field Baylor Coach Grant said X-rays also showed Bickham suffered a broken bone in his right foot of first series of plays, played the entire game.

"We are all saddened what happened to Sam but are proud of the courage he displayed," Teaff said the former Plano star. "It's really amazing to think him playing the game broken foot."

Teaff said he would do Wednesday between Wood and freshman Smith as Bickham's replacement.

UT loses tw

AUSTIN, Tex. (AP) University of Texas doctors say the Longhorn No. 1 and No. 2 quarterbacks will both be out for season after suffering injuries last Saturday at Oklahoma.

And that leaves stringer Randy McEacher who bounced off the bench to guide the Longhorns to upset of their bitter rival No. 1 Mark McBeth suffered a fractured left leg will have it in a cast for weeks, while No. 2 Jon underwent surgery Monday to have a ligament repair and both cartilages removed from his right knee. He indefinitely, trainers said.

Both were injured in first quarter.

Answer: HE _____

Your Daily HOROSCOPE

from the CARROLL RIGHTER INSTITUTE

FORECAST FOR WEDNESDAY, OCT. 12, 1977

GENERAL TENDENCIES: Early in the day you have opportunities to wind up whatever has been left undone, especially concerning promises that you have made to others. Take steps to avoid arguments.

ARIES (Mar. 21 to Apr. 19) Analyze your dealings with others and strive for better relations in the days ahead. Take it easy tonight and relax.

TAURUS (Apr. 20 to May 20) Handle regular duties you have been delaying and derive benefits therefrom. Sidestep emotional excitement later in the day.

GEMINI (May 21 to June 21) Put those creative ideas in operation and gain the cooperation of allies for best results. Later attend a worthwhile social affair.

MOON CHILDREN (June 22 to July 21) You can now easily impress a higher-up and make considerable progress in your line of endeavor. Avoid a troublemaker.

LEO (July 22 to Aug. 21) Be sure you make the right overtures to loved one. Do something constructive about what you dislike instead of sulking about it.

VIRGO (Aug. 22 to Sept. 22) Study your financial affairs before investing in a new project you have in mind. Show increased devotion to mate.

LIBRA (Sept. 23 to Oct. 22) Take an objective look at yourself and know where you can make improvements in health, appearance and character.

SCORPIO (Oct. 23 to Oct. 22) You are able to get the information you need today which others have failed to do. Use extreme care in motion tonight.

SAGITTARIUS (Nov. 22 to Dec. 21) You can plan projects for the future nicely with allies today, but don't bring up any old scores. Be wise.

CAPRICORN (Dec. 22 to Jan. 20) You can easily impress your influential friends now with your abilities and gain their support. Think constructively.

AQUARIUS (Jan. 21 to Feb. 19) You must have a firmer foundation in your interests to make them work more successfully. Keep an eye on one who is tricky.

PISCES (Feb. 20 to Mar. 20) Plan just how to rid yourself of obligations that have your stymied. You have fine latent talents that need expression.

IF YOUR CHILD IS BORN TODAY... he or she will make many friends who can be helpful throughout lifetime. It's likely that your progeny will become so involved in business matters upon reaching maturity that can bring success but leave little time for social life.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Houston Oilers developed pride

HOUSTON (AP) — Houston Oiler Coach O.A. "Bum" Phillips says pride was the difference in the Oilers' 27-10 victory over Pittsburgh Sunday—and nine Steeler turnovers didn't hurt either.

The Oilers, who played poorly in a 27-7 loss to Miami, rebounded Sunday with a 27-10 victory over Pittsburgh to take sole possession of the AFC Central Division with a 3-1 record.

"When you get nine turnovers in a game, you should win no matter who you're playing," Phillips said, referring to Houston's six interceptions and three fumble recoveries against the Steelers.

"I'm enjoying it," Phillips said when asked about the Oiler's first-place standing. "But I'd like to enjoy it one more week. That's all you can do anyway. Take 'em one at a time."

Phillips said the Oilers were embarrassed by their Miami performance. "I think their pride was hurt when they didn't play as well as they knew they could," Phillips said.

"That's why it's hard to handicap games. Sometimes a player doesn't do what he's supposed to do. There's that human element that no one can predict."

Phillips won't try to predict if injured starting quarterback Dan Pastorini will be ready for Houston's second straight division showdown Sunday against Cleveland. But he's not counting him out either.

TORRID TORRES — Big Spring split end Ricky Torres lowers his head against an oncoming Jimmie Zachry (42) after catching an eight-yard pass in last Friday night's 21-6 loss to the Midland Bulldogs. The Steers play host to Permian in Memorial Stadium this Friday.

Bears win battle of trenches

CHICAGO (AP) — Chicago Bears Coach Jack Pardee called it "a well fought game in the trenches." Los Angeles Rams quarterback Joe Namath agreed with the battle analogy.

"People get away with taking cheap shots and it becomes one big war out there," Namath said. "If you let people continue to get away with cheap shots, what happens to sportsmanship?"

He accused linebacker Waymond Bryant of hitting him after a play in the waning moments of the Bears' 24-23 nationally televised National Football League upset victory on a rainy, windy Monday night that ended with both teams sporting 2-2 records.

The officials slapped Bryant with a roughing-the-passer penalty and Rams right guard Dennis Harrah slugged him with a fist that brought Harrah a personal foul and ejection from the game.

"I did not see the hit but I know it was a cheap shot. I could feel it. What else can I say?" said a remorseful Harrah. "I lost my head and retaliated when I should not have."

'Lam' may be fined

HOUSTON (AP) — The National Football League commissioner says Pittsburgh Steelers linebacker Jack Lambert may be fined for inadvertently hitting an official in Sunday's game between the Steelers and the Houston Oilers.

Head linesman Dave Hawk was hit in the face by a backhand from Lambert during a brief scuffle with Oilers center Carl Maucek in the game won by Houston, 27-10.

Pete Rozelle, the NFL commissioner, was present at the game and he said Monday if there is any punishment assessed it would be a fine and not a suspension.

"I think Lambert was at fault but I certainly don't think he intended to swing on an official," Rozelle said. "But there was a fight going on and he was flailing away. The official came in as a peacemaker."

"He (Lambert) shouldn't have been swinging around and I would think if anything—and I won't pre-judge this case until I have seen the film—this would be a fine and not a suspension."

SWC QB's almost extinct

By the Associated Press
Quarterbacks in the Southwest Conference appear to be going the way of the whooping crane, snail darter and furbish lousewort — on the endangered species list.

Less than halfway through the season, four SWC teams have lost their starting quarterbacks and Texas has even lost its No. 2 signal-caller.

Baylor's hard-luck starting quarterback Sammy Bickham, who has already suffered a separated shoulder and a dislocated finger this season, was to have surgery today for a torn knee ligament and a broken foot suffered last Saturday.

Texas' No. 1 quarterback Mark McBath, injured in the first quarter of last week's 13-6 upset of bitter rival Oklahoma, will have his broken left ankle encased in plaster for 10 weeks.

Meanwhile, the Longhorns' No. 2 quarterback Jon Aune, who tore up his knee within minutes of the Oklahoma game, underwent surgery Monday to repair a torn ligament and remove both cartilages from his right knee.

Texas Tech's star quarterback Rodney Allison had already been sidelined with a broken leg suffered Sept. 24 against Texas A&M, while Danny Davis, the catalyst for the Houston Cougars, was earlier lost for the season with a shoulder injury.

Backing up McEachern will be freshman Sam Ansley, while Ted Constanzo, who underwent knee surgery last summer, has resumed workouts.

"We are all saddened by what happened to Sammy, but are proud of the courage he displayed," Teaff said of the former Plano star.

Scorecard

Sutton dreamed of Yankee Stadium role

NEW YORK (AP) — With all the millions the New York Yankees have been throwing around, a mere \$13,000 was all that separated them from Don Sutton.

"I think it would be easier for me to open than to just sit over there on the bench and watch it," said Sutton.

Possibly no one would enjoy it more than Sutton, either. "It's fun," he says. "Playoffs and World Series are fun. I think we worked too hard to get here not to be able to enjoy one of the greatest spectacles in sports."

But despite the carnival atmosphere of the widely celebrated event, Sutton would never equate the World Series with a vacation.

Whiteballers wins

SNYDER — The Big Spring freshmen volleyball team defeated Snyder 15-7, 15-6 Monday behind the efforts of highpointers Jackie Roach (10) and Brenda Trevino (9).

The freshmen started slow on offense, but came back on some strong serving, according to the coach. The fish play Denver City on the road Thursday. The locals sport a 11-2 record.

The Runnels Red team beat Snyder Gold Monday 15-8, 15-12. Lisa Majors with 12 and Dawn Estes with six, were the high-pointers. Pam Caudill was designated for her set capabilities, and Sandy Puga and Jamie Phillips covered the court well, according to Coach Jane Upton. They play Snyder Black next Monday.

The BSHS varsity squad finishes first half District 5-4A action tonight in Steer Gym against San Angelo.

Home builder scouring nation for workers

DALLAS (AP) — If your memory goes back to World War II, you might recall that the words 'Kilroy Was Here' were found scrawled on walls and other objects from Manila to the Marne—a reminder that American troops had been there. It's getting to be that way around Texas with a basic message from Fox & Jacobs homebuilders: They have jobs that need filling. More precisely, Dallas' largest home-building company wants to add 1,000 workers to its force to take on a projected 8,000 housing starts in the next 12 months. "We'll do it, too," said a confident Jack Robinson, production manager for the company headed by Dav Fox.

Robinson said positions range from common laborer to skilled specialist, and while he declined to name salary ranges, he called them competitive. While the fact that so many jobs are available here might cause a lifted eyebrow in areas where unemployment is rampant, the way Fox & Jacobs is going about filling them is also a departure from the norm.

The company employs some 3,000 workers, and its marketing techniques are legendary in the industry. Those techniques are now being used to find workers. And that's why the next time you pick up a book of matches at a bar, or a barber

shop, you might find the words "good jobs—good pay. Call Fox & Jacobs."

The next time you're at a high school football game or a rodeo, you might be handed one of 30,000 leaflets (in English and Spanish) telling you the same thing. Headed for the State Fair in Dallas? That guy who just handed you a free eyeshade works for Fox & Jacobs. Read the lettering on the gift.

See NBC's "Today" show Sept. 20? That's right. A news film clip showed those leaflets being passed out at a

Ridin' fence

probably three times the runner Tom was. "I say, 'Big deal, Coach Hale.' In the first place, let's wait and see how good Cary Speck does in college. Nobody around thought Sorley was one of the best quarterbacks except his senior coach, Bob Burris, who helped him get the scholarship to Nebraska."

In the first place Hale, you're comparing a senior over there with a junior over here. You didn't coach Sorley his best year. And even you know that there can be a lot of difference between a junior and senior football player.

Then he added, "Hale volunteered 'Speck's the best quarterback I ever coached. Cary can throw the ball as well as Sorley and his delivery is as good, but here's the thing — Cary is

football game. Read the ads in the papers, or see them on television and on billboards?

If so, did you catch that airplane with the message spelled out in lights under its wings? Yes, even there.

The unskilled needn't worry. Fox says he'll train prospects at a school operated by his company to teach bricklaying or some other skill vital to the housing industry.

The company tends to act like a family, and Robinson said salaried employees volunteer to pass out the

recruiting pamphlets.

Other employees take a part in a more personal search for more workers. For every one they recommend who stays around for three months, they are paid a \$100 savings bond bonus.

Officials also are toying with the idea of offering trading stamps (the company's own) for a bounty on new workers. The stamps would be redeemable for prizes.

Tom Allen was a laborer near Syracuse, N.Y. His wife saw a television

story about the Fox & Jacobs worker search and told him he should call.

"I called them and they were interested," Allen said. "They couldn't guarantee a job for me over the phone, but they said if I came on down, I'd probably be

hired." Allen climbed into his car and headed south.

In Tennessee, he decided to go all the way. He turned around, went back to New

York and picked up his wife and child.

They all came to Texas and Allen now works as a bricklayer laborer for Fox & Jacobs in Houston.

Sen. Snelson subs for pollster

SAN ANGELO, Tex. (AP) — State Sen. W.E. "Pete" Snelson, D-Midland, replaced national pollster George Gallup Jr. today as the keynote speaker at the opening session of the 3rd annual West-Texas Conference on State Affairs.

Gallup was forced to cancel his appearance at the two-day meeting because of illness.

Texas Comptroller Bob Bullock will deliver a speech tonight at the conference, an annual gathering at Angelo State University that focuses on issues in public affairs and government.

Gov. Dolph Briscoe and U.S. Rep. Bob Krueger, D-Tex., are scheduled to speak Wednesday.

The conference also includes panel discussion sessions dealing with specific issues in Texas government.

Snelson, State Sen. Kent Hance of Lubbock, Texas Secretary of State Mark White and other state officials are taking part in the panel discussions.

Sore about Sorley

with Marj Carpenter

off our back on individuals.

In talking the other night on the phone with Bob Burris, he said, "I had some good players the years I was there. Tom Sorley was one of them. John Thomas Smith who is playing so well at North Texas is one of them. And there's two boys from the team the following year — Danny Ferrell and James Coffee who are playing at New Mexico State. I'm very proud of all of these boys. They did well under difficult circumstances. It's easy to be a star on a winning team."

Willie Williams, who played for Hale, is making a name for himself at Austin College.

So here's a special salute to the Big Spring boys who are making a good name for themselves in college. As for Speck, we're glad for Coach Hale that he has a good quarterback but let's wait and see how Speck does in college before we compare him to Tom Sorley.

After all, people around here badmouthed Sorley enough when he was knocking himself out in high school. They're just now beginning to realize what a good quarterback they had.

I'm just glad I got to see him play — he and John Thomas Smith and Danny Ferrell and James Coffee out where I occasionally get to slip over by the football field — when out ridin' fence.

Happiness is..

The story you only think you know.

Rudy Franco, Texas Electric Cashier Supervisor.

"I'm looking for a new house right now and there are certain energy-saving features it must have."

"I'm a cashier supervisor for Texas Electric and we deal with customers' bills all day long. Nobody knows better than I do that people are having to pay more for electricity these days. The reason bills are up — mine too — is because it's costing more to build plants and buy the fuel to run them. My wife and I are looking for a new house right now and I know there are certain energy-saving features that will have to be in the house. Otherwise, I won't even consider buying it. Proper insulation is number one on my list. It helps keep operating costs down, which means I might be able to afford a nicer house. If you're thinking about buying a new home, you ought to get a copy of Texas Electric's E-OK booklet. It tells you all about homes that are certified energy efficient. For a copy of this free booklet, just give us a call. Or request one on the comment portion of your electric bill."

Texas Electric Service Company

Electricity. You count on it today. We're working to keep it that way.
