Former Big Spring resident wins TV awards

Tidwell produces 'Eyes of Texas'

BY TOMMY HART

A former Big Spring resident, Gary James Tidwell, is producer of the television production, "The Eyes of Texas," which will be screened over KMD-TV Channel 2 Midland, starting Saturday.

GARY TIDWELL

Gary, a graduate of Big Spring High School, is the son of Mr. and Mrs. Roy Tidwell of 1510 Main St. The program is produced out of KPCC-TV Houston and will be seen each Saturday, starting at 5 p.m. The show is the brainchild of KPCC-TV news director Ray Miller. It has been on the air since 1969 and syndicated throughout Texas for several years. Tidwell says it is not just a travelogue, but rather a program about some of the out-of-the-way places and some of the real characters within the state. KMD-TV is the fifth TV station in Texas to air the program. It is also televised in Houston, San Antonio,

Hills State Park and the Midland Petroleum Museum. We also did a story about Oscar Glickman's Record Shop in Big Spring and another about the Globe Theater in Odessa. "That's the first reason. The second reason is that my folks and my wife's folks in Big Spring will get a chance to see what I've been doing all these years since I left home." Gary is married to the former Helen (Punkie) Boyd, whose parents, Doug and Nita Boyd, still reside at 1303 Rannels Street. Gary's father is an automobile parts salesman here while his mother, Dorothy, is manager of the Goliad Junior High cafeteria. Gary graduated from the local high school in 1956 and was always interested in broadcasting. He broke into radio in the early 50s and, under the guidance of a couple of local radio men,

age, was selected to produce "The Eyes of Texas" in 1971 and has been devoting all his efforts to that show and other television documentaries since then. The program has been so well received in other cities where it is televised that a book is being published about it. It is called "The Eyes of Texas Travel Guide to the Gulf Coast" and can be purchased through Cordovan Press, 5314 Bingle Road, Houston 77092. Tidwell, co-author of the book, says the company has plans to purchase four more books about the other places of Texas' film crews have visited during the last nine years. One of Gary's hobbies is boating. He maintains a vacation cottage at Lake Livingston, as do his wife's parents. Doug Boyd is a retired railroad man and spends considerable time in the Lake Livingston area looking after the properties of both families.

Over the years, Gary produced several award-winning documentaries that were shown all over the world. He reached a milestone in his career in 1974 when he won a Peabody Award for a documentary called "The Right Man."

Tidwell, now 39 years of

Mutilation slaying in Alice is puzzler

ALICE, Texas (AP) — Police in this South Texas city hope an autopsy report will give them some leads in the grisly mutilation slaying of a 67-year-old man found lying in a blood splattered Sunday school classroom under construction.

The body of Emmuel Davis, a retired laborer, was discovered early Monday morning as workers returned to the construction site in the heart of downtown and only seven blocks from the police station.

Police Chief Juan Rodriguez said the autopsy report was due today.

The Alice Echo reported that Davis had been stabbed in the abdomen, shoulders, buttocks, chest and back.

The newspaper also said the man's penis had been severed, his eyes gouged out, his nose cut off, a portion of his cheek sliced away and a gash had opened the man up from his throat to his navel.

"I'd rather just say it's not the typical type of murder right now," said Rodriguez when asked to verify the reports. "The body has been sent to Corpus Christi for an autopsy and we're following some leads. The Texas Rangers are helping on the investigation and the

Department of Public Safety. The police chief added that the killing took place on a concrete slab, probably before dusk on Sunday.

Rodriguez said the slaying was not thought to be "homosexually related at this time, but we're certainly not discounting that possibility."

Rodriguez discounted any racial overtones to the murder. He said Davis was one of about 300 blacks living in this city of about 30,000.

"He had never been a problem. He was just a typical retiree," said the chief. "We had him in a few times for public intoxication but nothing serious."

"Right now, we don't know why it happened or who was involved," he added. "I've been on the force here nine years and it's one of the most strange things that I've seen."

Israeli planes kill 60

BEIRUT, Lebanon (AP) — Israeli warplanes blasted Palestinian guerrilla positions in southern Lebanon today, killing more than 60 persons and wounding 82, according to incomplete official reports.

Lebanese spokesmen said the Israelis also used naval missiles and artillery in the attack, but the Israeli military denied this.

A spokesman for the governor's office in Sidon said at least 48 of the dead were Lebanese in the village of Azzieh, totally devastated by air strikes lasting three hours.

Azzieh is 10 miles southeast of the biblical port city of Tyre, which took much of the punishment for a recent wave of cross-border guerrilla rocket attacks.

Israel's chief of staff, Lt. Gen. Mordechai Gur told reporters in Tel Aviv the raid was Israel's response to Palestinian attacks across the border, and spoke of damage done by Israeli warplanes.

He said the Israeli aircraft hit "terrorist camps, training bases and field bases" and that at least some targets were destroyed.

It was the first time since Dec. 2, 1975 that the Israeli military announced an air attack on southern Lebanon, and it came after Palestinian rocket attacks killed three Israelis this week.

The air attacks began at dawn. The spokesman said waves of Phantom and Skyhawk jets made eight bombing and strafing attacks on Bint Jbeil, a guerrilla stronghold in southeast Lebanon; Nakoura, on the coast, where the United Nations has a military observation post, and border villages in between.

Christy Alexander and Rebecca Creech emerged as the grand prize winners in the Howard County United Way coloring contest.

Christy's award was a \$25 savings bond awarded by the State National Bank. Rebecca earned a savings bond of like amount from First Federal Savings and Loan Association.

Christy prevailed in the one to seven age group. She is the daughter of Mr. and Mrs. Roy Alexander of 2512 Rebecca Street.

Rebecca emerged as the best in the eight to 12 age group. She is the daughter of Mr. and Mrs. Gene Martin of Rt. 1, Box 466.

Winning contests is not exactly a new experience with Rebecca. Earlier she won a Planned Parenthood Association contest.

Weather

Snow reported along Red River

By the Associated Press

Snow spread eastward across extreme North Texas along the Red River as a cold front moved eastward across the Lone Star State early today.

The cold front brought with it chilling temperatures, howling, gusty winds, rain, some snow and fog.

Fog was reported in East and Southeast Texas early today with visibility

down to about one-fourth of a mile at Beaumont and down to about a mile at Lufkin.

Snow was reported in the Panhandle and along the Red River as far east as the Wichita Falls area. The National Weather Service reported some ice on bridges and secondary roads in the Amarillo area.

Early morning temperatures ranged from the middle 20s in the Panhandle to the lower 60s in the Lower Rio Grande Valley.

Table with weather forecasts for various cities including Big Spring, Amarillo, Chicago, Cincinnati, Denver, Detroit, Ft. Worth, Dallas, Houston, Los Angeles, Miami, New Orleans, Richmond, St. Louis, San Francisco, Seattle, Washington, D.C. and a detailed forecast for Big Spring.

WEATHER FORECAST — Rain is forecast today from the central Gulf to the Great Lakes. Rain is also expected for the northern Rockies and adjacent Plains. Snow flurries are forecast from northern Missouri into Minnesota. Warmer air is expected for both coasts but most of the country is expected to be cold.

\$216,000 airport repair job mulled

COLORADO CITY — Bill Wauer, engineer for Park, Hill, Smith and Cooper Co. of Lubbock told the Colorado City Council Tuesday night that \$216,000 would be required for repair work on the Colorado City Auxiliary Field, formerly used by Webb AFB.

The city commission was told that the amount would supply enough materials to repair cracks and seal 2,650 feet of the 8,000-foot runway. It would also buy lights for the runway, reflectors on the taxiways, a rotating beacon, a lighted windsock and another connecting taxiway.

The airstrip was returned to the city in June by the federal government. Presently, the Lone Wolf Squadron of the Civil Air Patrol meets in a building at the site.

The council has now requested Wauer to provide

GREAT IDEA! — Discussing the "Project Hope" Program presented at the kindergarten and early childhood teachers section meeting at the recent Texas State Teachers Association District XVIII Convention are from left, Betty Birdwell, hostess and chairman; Bill Whitfield, speaker, Education Service Center; and Shirley Shroyer, Public Relations Chairman and kindergarten teacher.

Daughter's Husband Is Also Unfaithful

DEAR ABBY: Many years ago I wrote to you when my heart was heavy, thinking I had nothing to lose by asking for your help. In one short paragraph you gave me the solution and replaced my anguish with peace. (I am enclosing the correspondence.)

Now my married daughter is facing the same problem I faced. Will you please run my letter and your response? She desperately needs to hear it—but not from me.

HER MOTHER

DEAR MOTHER: Yes, I will. And here it is:

DEAR ABBY: I have been married for 40 years, and all the years of my married life my husband has had other women. He never had the same one for very long, but it has been one after the other.

He has always been a loving and generous husband and a wonderful father to our children, and I know he loves me. He has never embarrassed me by going out in public with another woman, but as discreet as he was, somehow I always found out. I have asked him several times why he needs other women, because I am by nature a very affectionate person. He gets defensive and has no answer.

I love him dearly and would never consider leaving him, but the older I get, the more it hurts. I am 60 and he is 63. Can you advise me?

TROUBLED AT 60

DEAR TROUBLE: You say you love him, and I believe you. To "love" a person is to accept him with all his faults, weaknesses and imperfections.

Don't dwell on his infidelity. (Who can know the most intimate needs of another?) No one has everything.

DEAR ABBY: I've noticed that over the years, your readers, and even you, yourself, have suggested that you "print" a letter.

As a printer, may I suggest that you are in error. What you do is "publish"—not print.

This may seem trivial to you, but printing is a time-honored skill, requiring years to perfect. And a printer is an artist and craftsman.

So, Dear Abby, I'll leave the publishing to you, if you will leave the printing to me.

INK IN MY BLOOD IN MEDINA, O

DEAR INK: All right—you print and I'll publish, but my Webster's International Dictionary (second edition, unabridged) lists "publish" as a synonym for "print," and "print" as a synonym for "publish."

H.D. Council plans fete

Plans were made for the Home Demonstration Council Christmas party by the Home Demonstration Council at their meeting Monday afternoon.

The Christmas party will be from 2 to 4 p.m. Dec. 13 at the Kentwood Center.

Mrs. James Johnston assigned duties to each of the seven clubs in the council.

Creative Homemakers Home Demonstration Club will be in charge of decorations; Airport H.D.C. will be in charge of refreshments; City H.D.C. will take care of the program; Elbow H.D.C. will take charge of the singing; Fairview H.D.C. will decorate the tree, number all gifts and purchase all paper serving products; and Coahoma H.D.C. will be the clean-up committee.

In other business of the meeting, which was hosted by the Center Point H.D.C. Mrs. C.K. Orr gave the devotional, and presidents of all clubs gave reports on the activities of their last two club meetings.

Tre Wise, son of Mrs. John Wise, was the only guest.

Mrs. Janet Rogers, Home Demonstration Agent, announced that Nov. 8 at 7:30 the Creative Homemakers H.D.C. would host a program on Holiday Cooking, Nov. 15 will be the date of the Senior Citizens' Talent Fair at Highland Center; and at 1:30 p.m. Nov. 21 a workshop on violence in the home will be held in the Home Demonstration Office in the courthouse.

New industry looks good

La Posada Restaurant was the setting of the meeting Nov. 1 of the Scenic chapter of the American Business Women's Association.

Muriel LeVier gave the invocation, and president Jerry Dietz called the meeting to order.

Gary Trim, guest speaker, representative of the Industrial Development Team of the Chamber of Commerce, told how much effort has been put together to find new industry to locate in our city.

Trim said that prospects are looking good and the community needs to work together.

Delois LeVier was the vocational speaker. She is the assistant to the graphic arts manager of Gamco, Inc.

Members of the club will help with the annual Christmas Party at the Big Spring State Hospital.

The benediction was given by Eloise McRae, and one guest was present, Eva White.

Three pledge

Alpha Beta

Three new pledges of Alpha Beta Omicron, Beta Sigma Phi, were honored at a preferential tea at 3 Sunday afternoon in the home of Mrs. Ceil Bedell.

The pledges are Kay Roberts, Verna Grimes and Paula Gilmore.

The next meeting will be Tuesday night in the home of Doris Arcand.

Voters frustrate GOP hopes for comeback

By the Associated Press

The big winner in Tuesday's elections was the status quo, frustrating for another year Republican hopes for a comeback from 1976's low-water mark.

The two parties split the only two gubernatorial races and Democrats swept most city hall contests as usual.

Brendan Byrne, the Democratic governor of New Jersey who was so far behind a few months ago he almost gave up, scored a surprisingly easy victory over Republican Raymond H. Bateman.

In Virginia, the Republicans kept the governor's chair for a third straight term with equally unexpected ease as Lt. Gov. John Dalton swamped liberal Democrat Henry Howell.

And in New York City, Democrat Edward Koch led a national trend for his party as he ran away with the mayor's race.

Liberal party nominee Mario Cuomo, who lost to

Koch in the Democratic primaries, ran a respectable second, but Republican Roy Goodman and Conservative Barry Farber were far out of it.

"We're keeping what we had," said Kenneth Curtis, the Democratic party's national chairman, "and given the sub'stantial numbers we had already, that's good."

"Given the circumstances under which Brendan Byrne had to win, his victory bodes particularly well for the 1980 elections," Curtis said.

Byrne, 53, was so far behind in the polls six months ago that he almost decided not to seek re-election. But he weathered a serious challenge in the Democratic primary and then closed steadily on Bateman.

The state's income tax, enacted under Byrne's prodding, became the leading issue of the campaign, with Byrne standing by it and Bateman saying he would veto any effort to extend the tax beyond its

June 30 expiration.

As the Republicans were taking the Virginia governorship, the Democrats were developing a young star in Charles Robb. The son-in-law of the late President Lyndon B. Johnson was elected lieutenant governor on a large number of split ballots.

Dalton's chief thrust was the oft-repeated charge that Howell, a populist who pitched his campaign as much against the state's largest electric utility as against the Republicans, was too liberal for Virginia.

It was the third unsuccessful gubernatorial bid by Howell, a former lieutenant governor, but an especially sweet victory for Dalton, 46, whose father had failed in two bids for the governorship.

Democrats retained control of the legislatures in New Jersey and Virginia.

The elections left the Democrats with 37 governors and the GOP with 12, the record low for the modern era to which it

slipped last year. There is one independent governor.

The New York election reaffirmed the Democrats' secure position in the nation's largest city. They had ousted their own incumbent in the primary, largely because of the city's financial problems under Mayor Abraham Beame.

Koch, 52, beat Cuomo twice to gain the nomination and built up a massive lead in the public opinion polls after Cuomo decided to continue the contest under the Liberal banner.

In other important races Tuesday:

—Coleman Young, Detroit's first black mayor, easily won a second four-year term over challenger Ernest Browne Jr. It was the only major election Tuesday in which both candidates

were black.

—In Houston, Frank Briscoe, a former district attorney, and former councilman Jim McConn captured spots in the Nov. 22 mayoral runoff.

—Maverick Democrat Dennis Kucinich claimed victory in Cleveland over party regular Edward F. Feighan. Republican Mayor Ralph Perk had lost his re-election hopes in an earlier round.

—Democrat-Conservative James D. Griffin was elected mayor of Buffalo, quenching the hopes of Democratic nominee Arthur O. Eve to become the city's first black mayor.

—Albert Hofstede, choice of the Democratic-Farmer-Labor party, ousted independent Charles Stenvig as mayor of Minneapolis.

—Maurice Ferre easily won re-election as mayor of Miami.

—J. Phillip Richley returned the Democrats to power in Youngstown, Ohio, for the first time in eight years.

—Erastus Corning II, the longest serving mayor in the nation, easily won a 10th term in Albany, N.Y.

—Lee Alexander, Democrat and president of

the U.S. Conference of Mayors, won a third four-year term in Syracuse, N.Y.

—Isabella Cannon, a 73-year-old retired librarian, became the first woman mayor of Raleigh, N.C.

—Independent Richard Caliguiri won election as mayor of Pittsburgh, beating Democrat Tom Foerster and Republican Joseph Cosetti.

—In Seattle, a one-time television commentator, Charles Royer, defeated former city official Paul Schell in the race for mayor.

—Democratic mayors were re-elected in Bridgeport, Hartford, New Haven and Waterbury, Conn., while the Republican mayor of Stamford, Conn., narrowly won a second term.

Red heads surveyed

ALLIANCE, Ohio (AP) — Redheads, who have long been labeled fiery-tempered, now may have a new stereotype to live down.

According to a survey of 200 Utah college students, red-haired women are regarded as powerful while their male counterparts are seen as timid.

"The red-haired female is perceived as the executive or professional type, not very feminine and slightly

aggressive," said Dennis Clayton, an assistant professor of psychology at Mount Union College, who surveyed students from Brigham Young University and Utah Technical College.

However, he added: "The red-haired male is seen as a timid, feminine, Bozo-the-clown type character."

The same sex differential didn't apply to findings on persons with other hair colors.

A FEW SHORT WORDS — New York City Mayor Abraham Beame is hidden by microphones as he addresses supporters of Edward Koch, left, after Koch was elected the 105th mayor of New York Tuesday night. Background at right is New York Gov. Hugh Carey.

Lad to testify in kidnap trial

SAN MARCOS, Texas (AP) — An 11-year-old Dripping Springs boy was to take the witness stand here today to testify in the kidnap trial of a Mexican national.

Greg Fluker, 11, was found in Mexico after he and Victor Raul Alvarado, 19, disappeared in May.

Alvarado has been held on \$100,000 bond since he was returned to Texas by Mexican authorities who said they found Alvarado and his alleged victim, Fluker, in Guadalajara, Mexico, last May.

Officials said that Alvarado had once worked

as a babysitter taking care of Fluker.

The jury panel has not been sequestered, causing State District Judge Terry Jacks to ask the news media not to report testimony offered out of the presence of the jury.

Tapes would embarrass Nixon, lawyer contends

WASHINGTON (AP) — The public should not be allowed to listen to Richard M. Nixon's voice on the Watergate tapes because it would cause the former president embarrassment and mental anguish, his lawyer says.

But an attorney for a recording company seeking access to the tapes told the Supreme Court on Tuesday

that Nixon has no right to be shielded from the effects of his own words.

The Supreme Court is reviewing a federal appeals court decision that the 30 White House tapes used to convict Nixon's closest advisers in a 1974 Watergate cover-up trial no longer are confidential, because they have been played in an open court.

Nixon contends in his Supreme Court appeal that the decision was wrong and that releasing the tapes would invade his privacy.

William H. Jeffress Jr., representing the former president before the Supreme Court on Tuesday, said the tapes should not be given to the recording and broadcast companies seeking them.

Releasing the tapes would "be embarrassing to the participants; it's going to cause them pain ... mental anguish," Jeffress argued.

He said the tapes are not

the property of the courts and therefore cannot be released by them for "non-judicial use."

New York attorney Floyd Abrams, arguing for the three television networks and others seeking release of the tapes, said Nixon's concern with privacy is outweighed by "the right of the public ... to hear the

The Supreme Court will decide sometime before next June if the Watergate tapes are to go public. It will be the high court's fourth decision regarding the tapes.

The court also handed down two decisions Tuesday, ruling unanimously that:

—National banks may be sued in state courts anywhere those banks have

a branch. A national bank in Georgia had contended that it could be sued only in the county in which it was chartered.

—Congress acted within its authority when it passed a law cutting off Social Security benefits to disabled persons who marry disabled persons not eligible for those benefits.

Film rights to 'Lupe' sold

HOLLYWOOD (AP) — Paramount Pictures says it has acquired the film rights to "Lupe," a novel by Gene Thompson.

The novel, published by

Random House, deals with "murder by supernatural forces and the terror of witchcraft in 20th century California."

Volleyball team wins second half

SAN ANGELO — By virtue of a 15-3, 12-15, 15-4 waxing of the Angelo fems Tuesday night, the Big Spring High School varsity volleyball squad finished undefeated in the second part of the District 5-4A title race, and are undisputed champs of the latter half. The locals finished regular season with a 27-4 record.

Coach Nancy Deason and Athletic Director Don Robbins met with Permian representatives in Midland at 11 o'clock this morning to decide where a conference playoff will be held. The Permian fems were the only team to beat the locals in the first half, and went on to win the first half title.

Deason has opted for Andrews as a playoff site, but if the Permian coach disagrees, they will then flip for home court play. Therefore, the district playoff will be held at either Andrews, Permian or Steer Gym. The game must be played by this Saturday, and probably will be held either Thursday or Saturday.

In Tuesday night's game, Sherri Kelley (16), Kathy Birdwell (8) and Karen Tibbs (8) led the high point servers. "We had powerful first and third games," said Coach Deason, "controlling the net offensively and defensively, but we sort of went to sleep that second game."

With a 15-6, 15-9 win over the San Angelo subs, the Big Spring junior varsity finished the season undefeated through 14 district games and the district tournament. They compiled a very impressive 28-3 season record.

Salina Harris, with eight points, and Penny Ray, with six, led the JV's in their final game.

Ebling to be inducted into Hall

BY TOMMY HART

Ray Ebling, a resident of Big Spring the past 20 years, has been notified he will be one of the first inductees into the University of Kansas Athletic Hall of Fame.

The ritual will take place at Lawrence, Kansas, sometime during August next year.

Ray, twice an All-American basketball player for the Jayhawkers, will join some illustrious company in the rite. Others due to be enshrined at that time are Gale Sayers, one of the great ball carriers in NFL history; distance runners Jim Ryun and Glenn Cunningham; and basketball greats Will Chamberlain and Jojo White.

Ebling, who came out of Lindsborg, Kansas, a four-sport letterman to win what would now be All-Big 8 honors at Kansas, played at 6-3 and 190 pounds. In those days, Olympic lineups were

picked by teams rather than through individual merit and Kansas lost a close one to Utah State in 1936.

Ebling broke the conference scoring record as a sophomore with what was then a sensational 12.6-point average. Two years later, he broke his own mark with a 14.4 point norm.

Among Ebling's team mates were Ed Milton Allen, son of the celebrated Kansas coach, Phog Allen; Frank Cappelman; Fred Pralle and Ray Noble. Ed Milton Allen is now a prominent attorney in Lawrence. Ray cut up some odd times with Ed Milton last summer.

Cappelman is selling real estate in Wichita, Kansas. Ebling has lost track of most of the others with whom he played.

Among scalps the Jayhawkers collected when Ray was active was UCLA, later a perennial power under John Wooden.

Phog Allen, regarded as truly a coaching immortal, died two years ago. Phog believed in attacking the basket but he also was a firm believer in keeping the other fellow away from the basket.

Hank Iba was coaching at Oklahoma State at that time and a fierce rivalry developed between the two schools but Iba was never able to beat Allen and Kansas while Ebling was there.

After leaving college, Ray played four years for the renowned Phillips 66 team at Bartlesville, Okla., alongside such stalwarts as Joe Fortenberry, former All-American for West Texas State; and Tim Pickell, one-time Arkansas standout.

Few teams beat Phillips in those days, not even the pros.

Ebling also played quarterback on his high school football team, lettered in track as a pole vaulter and high jumper and was a regular on the school's tennis team.

Ebling rated the Coaches All-American team his junior year at Kansas and was chosen on the Associated Press elite squad his senior year, along with such showcase talent at Moose Krause of Notre Dame

and Bob Kessler of Purdue.

Ray's son, Dick Ebling, played with distinction for the local high school team in the late 1960s and is now an optometrist in Houston.

Ray has long served Cosden in its tax department. He remains a devoted fan of basketball to this day.

Work is now going on on the Kansas Hall of Fame and will likely be 75 per cent ready by the start of the upcoming season.

Ebling was notified of his appointment to the shrine by Clyde L. Walker, Director of Athletics at Kansas, who said he would forward a framed certificate commemorating the selection to Ebling. A brochure is also being developed about the event. Ebling's portrait, along with the others selected, will be permanently displayed in the Hall of Fame. The Kansas field house, incidentally, is named for Phog Allen.

The Hall of Fame is being developed in the East Lobby of the Allen Field House.

'Above the Call' tomorrow

The weekly Herald Sports award, "Above the Call," will be announced in Thursday's paper instead of today's.

The award, presented to top players from area high schools, is in its next-to-the-last week.

Thursday's announcements will include the first three-time winner, plus a tie.

U.S. golfers favored

TOKYO (AP)—A strong U.S. nine-man team, headed by Lanny Wadkins, winner of the World Series of Golf, is favored to win the seventh annual U.S.-Japan professional golf tournament.

The 72-hole event, with a total prize of \$120,000, will start Thursday at the 7,140 yard, par-72 Harima Country Club course in Ono City, in western Japan.

The Japanese won last year's tournament by 15 strokes while American Tom Watson took the individual title with a 277 total, three strokes better than Japan's veteran Isao Aoki.

The United States and Japan are now tied 3-3 in the series which started in 1971. The Americans won in 1971, 1972 and 1974 while the Japanese won in 1973, 1975 and 1976.

The main interest of the four-day tournament will be focused on 27-year-old Wadkins and 23-year-old Tsuneyuki Nakajima, an upcoming Japanese pro.

Wadkins is this year's U.S. PGA champion and Nakajima was the youngest Japanese pro to win a Japan professional golf tournament this year. Nakajima teamed with American Johnny Miller in the Walt Disney-World National Team Golf Classic last week. They placed 16th with a 263 total.

'Booger' Brooks heads honor roll list

By the Associated Press

Andrews quarterback Charles "Booger" Brooks always has had a way with animals. As a rodeo performer he was the national 13-year-old bull riding champion and last Friday he proved very adept at hog-tying the Panthers of Fort Stockton.

Brooks corralled the Panther defense with 273 yards on 35 carries and touchdowns of 9 and 12 yards to earn mention this week on The Associated Press Schoolboy Honor Roll.

Brooks' performance, which wrapped up a playoff berth for the Mustangs, was not against the district's weak sister, Fort Stockton had allowed an average of 177 total yards per game to its previous foes.

"They came into the game with one idea, that they had to stop Booger," Andrews Coach Tommy Watkins said. "But he ran inside and outside equally well. He has great quickness and great strength, especially upper body strength."

Watkins said Brooks displays the combined qualities of a halfback-fullback.

"He's got the great quickness to get himself out of all kinds of trouble and he has that tremendous strength to go with it," Watkins said.

Brooks wasn't quick enough however to keep a bucking bronc from falling on him prior to the start of last season. Brooks missed the first two weeks of football practice and since that time has decided to concentrate on football.

"He's always been a

cowboy," Watkins said. "But he realized he's got great prospects as a football player. Most of the people (recruiters) that have seen him play say he's the best they've seen."

Joining Brooks on the Honor Roll are three other runners, two with eye-catching rushing statistics and a third that just catches the eye of college recruiters.

As Honor Roll nominees started filtering in this week,

Celina tailback Donald Leeks appeared to have taken over the lead for the biggest rushing performance in the state this season with 306 yards on 28 carries.

Moments later, came word that tailback Tony Perez of Banquete had amassed 325 yards on 35 carries in a 45-30 victory over San Isidro.

Perez, who played slightly more than three quarters, moved into 34th place on the all-time Texas rushing list

for single game performances.

Out in West Texas, El Paso Burgess fullback Willie Wright completed another superb performance with 251 yards rushing on 19 carries and one touchdown in a 27-0 victory over El Paso Jefferson.

That increased Wright's season totals to 1,329 yards on 192 carries for an average of 147.5 yards per game.

Tackle Matt Bockery of

San Antonio Highlands adds a defensive touch to the Honor Roll for his performance in a 34-0 victory over San Antonio Wheatley to clinch a tie for the district title.

Bockery, 6-2, 190, got three quarterback sacks, tackled running backs four other times for losses and got seven tackles while playing defense only in passing situations.

Landry happy, worried

DALLAS (AP)—Dallas Cowboys Coach Tom Landry has a new five-year contract but he's celebrating with a close-up film study of the suddenly-potent St. Louis Cardinals instead of candlelight dinners with his wife, Alicia.

"You don't beat St. Louis," said Landry Tuesday after announcement of a contract through 1981. "You have to beat 'em 24-21, 30-24 and scores like that. They have a great offense."

Landry scoffed at the suggestion his team had a lock on the National Conference Eastern Division

with an 8-0 record going into Monday night's game with the Cardinals.

"I remember one time when we were three games behind with five to play and went on to win the Super Bowl," said Landry, 53, who is in his 17th season.

St. Louis is three games behind Dallas but Landry said, "I'll not concede a thing until we have it mathematically clinched."

It was light-hearted banter at Landry's weekly press luncheon as the club announced its continuing relationship with the only coach the Cowboys have had

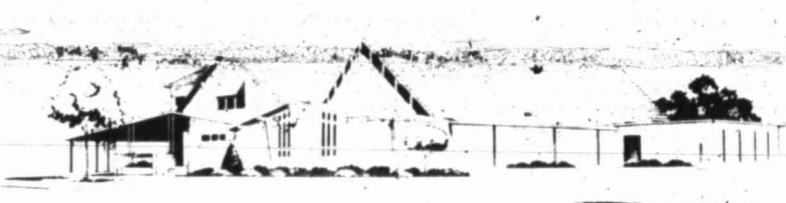

Cleaning out your garage easier than you think.

Nalley-Pickle Funeral Home and Resewood Chapel
906 GREGG BIG SPRING

HAPPY TOM — Tom Landry, Dallas Cowboys head coach and a usually solemn man, smiles Tuesday after signing a five-year contract to keep managing the NFL football team. Landry is now in his 18th season as head coach, the only one the Cowboys have ever had. The team is currently the only undefeated team in the NFL with an 8-0 record for the season.

McEachern 99% out

AUSTIN, Texas (AP) — University of Texas quarterback Randy McEachern's knee injury is "much better but he's still 99 percent out of the game" with Texas Christian Saturday, according to coach Fred Akers.

McEachern, who started the season as the Longhorns' No. 3 quarterback and was elevated to the top spot after Mark McBeth and Jon Aune went out with season-ending injuries in the Oklahoma game, was injured in Saturday's victory over the University of Houston.

Freshman Sammy Ansley, with backup help from sophomore defensive back Ricky Churchman, directed the offense for the Longhorns during Tuesday's workout.

Churchman will continue to practice at quarterback as well as his defensive secondary position, Akers said, but he added that "he had to play quarterback, he would not play both ways. We would replace him on defense if he was our quarterback."

The Longhorns are not the only Southwest Conference team with quarterback problems this week.

Baylor coach Grant Teaff said Tuesday he will wait until after today's practice session to name his quarterback for Saturday's tilt with Rice.

Previous starter Sammy Bickham is out for the season. Teaff used freshman Scott Smith to open the Arkansas game last week. But when Smith failed to move the ball, the Bears turned to Greg Wood, a sophomore, who led the team to its only touchdown of the day.

The Baylor coach said he simply had not made up his mind and planned to use today's workout as a deciding factor.

Chrissie sinks Wade

OAKLAND (AP) — Spotting the world's best woman tennis player, Chris Evert, a 4-1 lead is no way to beat her, and Virginia Wade did it twice.

"I was under tremendous pressure the entire match, trying to come from so far behind," the Wimbledon champion said after Tuesday night's opening of the 49th Wightman Cup matches between the British and U.S. women's teams.

Wade evaded both sets at 4-4, even held a 6-5 lead in the second, but wound up a loser, 7-5, 7-6, in the first match of the best-of-seven series.

Then her 21-year-old teammate Sue Barker took over veteran Billie Jean King and the U.S. team quickly had a 2-0 lead to take into Thursday's second night of play.

"For once, I was more ready than someone else physically," said King, who beat Barker 6-1, 6-4.

Barker, because of sickness, had not played any competitive tennis in six weeks. The 34-year-old King feels she's almost back to top form, having recovered from a knee operation she underwent one year ago today.

"Sue was under a lot of pressure after Virginia lost the first match," added King, who won all but 10 points in the first set, took a 5-2 lead in the second set and ended the match by taking four straight points in the final game.

The Wade-Evert match was the featured attraction, of course, and lived up to expectations. Evert broke Wade's service in the 12th game of the second set, then won 7-3 in the tiebreaker 13th game.

"We've had three matches since Wimbledon and I've won all three. But each time, they've been close," said Evert, who scored consistently on passing shots against her opponent.

EVERT WINS WIGHTMAN OPENER — Chris Evert leans into the ball as she makes a return to Britain's Virginia Wade during an opening round match Tuesday night in Wightman Cup competition at Oakland Coliseum. Evert went on to win the match, 7-5, 7-6.

Hogs bowl bound

LITTLE ROCK (AP) — At the moment, it appears the University of Arkansas football team will play in either the Fiesta Bowl Dec. 25 in Tempe, Ariz., or the Sun Bowl Dec. 31 in El Paso, Texas.

That does not mean the Razorbacks are out of the running for an Orange Bowl bid, but as one source put it: "Arkansas is still in the picture, but not in the foreground."

The bowl committees can announce their selections Nov. 19 and Bob Lafferty, chairman of the Orange Bowl Selection Committee, says, "In my opinion, we won't wait."

The Orange Bowl is scouting three games this week — Arkansas vs. Texas A&M, Penn State vs. Temple, and Notre Dame vs. Clemson.

With Notre Dame apparently leaning toward the Cotton Bowl, that leaves Arkansas and Penn State as the prime contenders.

Penn State should be an easy winner over Temple, but their plays Pittsburgh on Nov. 26. After A&M, Arkansas still must play Southern Methodist University Nov. 19 and Texas Tech on Thanksgiving.

Either way the Orange Bowl goes, it's a gamble. Lafferty says the Orange Bowl is "more than slightly interested" in Arkansas and that the Razorbacks are "very much in our consideration."

The Orange Bowl is tied to the Big Eight which means the winner of the Oklahoma-Nebraska game will be playing in Miami.

An Arkansas-Oklahoma matchup would appear to be a natural if both finish 10-1. Oklahoma lost to Texas 13-6 and Arkansas lost to Texas 13-9. However, in recent years the Orange Bowl has been leary of matching two teams from west of the Mississippi.

The Razorbacks appear to be out of the Sugar Bowl. ABC-TV has the Sugar Bowl contract and probably will get clobbered in the ratings if Texas and Notre Dame meet in the Cotton Bowl with the national championship on the line.

Alabama will get one spot in the Sugar Bowl and matching the Crimson Tide against Arkansas apparently would do little to attract the TV audience outside this region.

Therefore, ABC figures to try and match Alabama against the Michigan-Ohio State loser. In fact, the executives are probably pulling for Michigan to beat Ohio State so they can pit Bear Bryant against Woody Hayes.

Of course, Arkansas must win its remaining three games to have a shot at any of the bowl games. The Razorbacks still have an outside shot at the Cotton Bowl, but would have to win out while Texas was losing twice, including once to Texas A&M. That is unlikely as long as Longhorn running back Earl Campbell is healthy.

Arkansas coach Lou Holtz says the Razorbacks will not discuss the bowl situation until Nov. 19.

DENNIS THE MENACE

"WOW! AN' THEY GET PAID FOR DOIN' THAT!"

JUMBLE

Unscramble these four 'jumbles,' one letter to each square, to form four ordinary words.

SIDAY

RUSIV

LADLAB

AMOWED

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

Answer: , NOT !

(Answers tomorrow)

Yesterday's Jumbles: **ALIVE GOURD PURIFY COUPON**
Answer: **Crazy enough to go bathing in winter weather—'DIPPY'**

Your Daily HOROSCOPE

from the CARROLL RIGHTER INSTITUTE

FORECAST FOR THURSDAY, NOV. 10, 1977

GENERAL TENDENCIES: You could have an urge now to act in an unpredictable manner which would be most unwise, so when these impulses arise, sit back, watch what is happening and go along with the situations.

ARIES (Mar. 21 to Apr. 19) A new plan has you stymied, but proper analysis proves you will benefit in the long run. Be wiser where money is concerned.

TAURUS (Apr. 20 to May 20) Try to understand a co-worker better and increase harmony in your line of endeavor. Improve your position with mate.

GEMINI (May 21 to June 21) This is an excellent day to make rapid strides in career matters. Put new ideas in operation and gain the rewards in the days ahead.

MOON CHILDREN (June 22 to July 21) If you accept a sudden invitation now, you will gain many benefits. Avoid a tendency to spend money foolishly.

LEO (July 22 to Aug. 21) Use reason at home and increase harmony, since a display of temper would only do harm. Try to please family members.

VIRGO (Aug. 22 to Sept. 22) Contact the right person early in the day and obtain the data you need. Don't take risks with your reputation at this time.

LIBRA (Sept. 23 to Oct. 22) Don't be disturbed if your financial affairs are not going quite right now. Conditions will change in your favor in the days ahead.

SCORPIO (Oct. 23 to Nov. 21) Use modern methods to gain success with new interests. Make long-range plans to have a more satisfying social life.

SAGITTARIUS (Nov. 22 to Dec. 21) Concentrate on a course of action that will provide you with greater abundance in the future. Think constructively.

CAPRICORN (Dec. 22 to Jan. 20) A good friend may act in a dramatic way but can be helpful with ideas, so listen carefully. Take good care of your health.

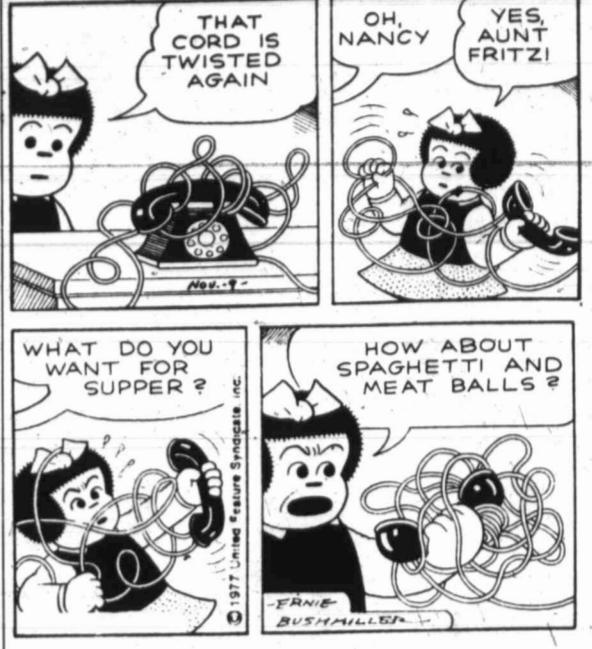

AQUARIUS (Jan. 21 to Feb. 19) Forget about an erratic impulse that could lead you astray. Show others that you are an excellent citizen. Be logical.

PISCES (Feb. 20 to Mar. 20) Look into new interest that causes you to don't rush into anything without due thought. Concentrate on getting the job done.

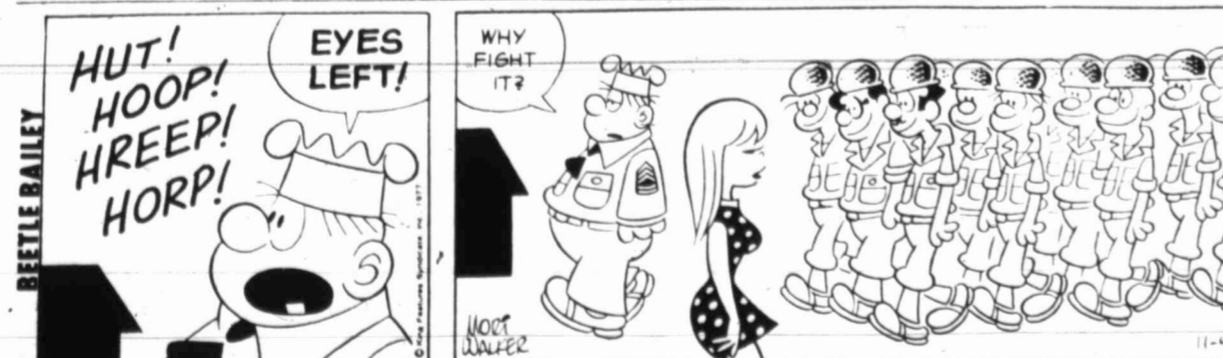

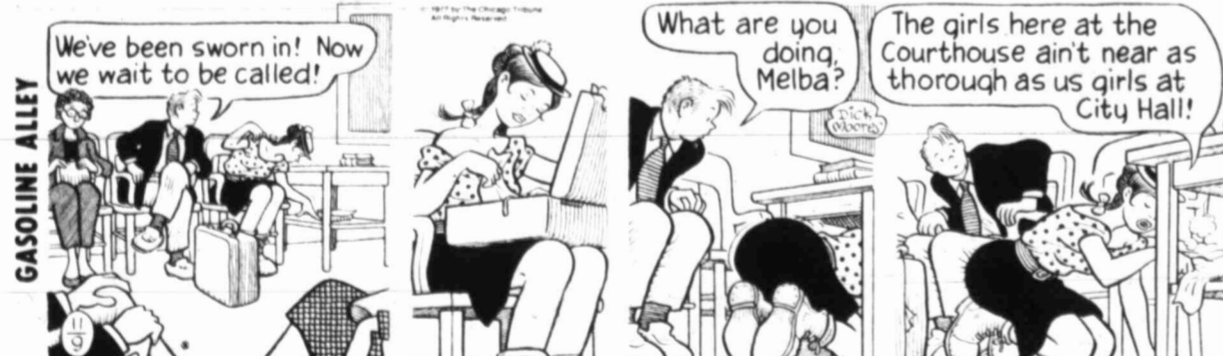

IF YOUR CHILD IS BORN TODAY... he or she will have many unusual abilities but should be given an education that stresses orthodox methods before putting unique ideas into operation. Don't neglect good religious training early in life. There is musical talent in this chart.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Tower talks energy

MIDLAND, Texas (AP) — If President Carter's energy plan becomes law "it will be the beginning of an insidious cancer eating at the very heart of Texas." U.S. Sen. John Tower, R-Texas, has told a group of oilmen.

In remarks at a meeting of the International Association of Drilling Contractors Tuesday night, Tower said the House version of the National Energy Act leaves the Carter plan virtually intact and "not only would

continue regulation in the interstate market, but would extend those controls to the intrastate gas." That is perhaps the most dangerous provision of the entire plan.

He said the Senate natural gas bill is "fair and equitable" and provides the needed incentives for the industry to expand exploration and development efforts, he said.

The House bill also uses the "tax axe" as a conservation incentive, Tower said.

"Just one facet of the plan, the user tax, will greatly affect the locational advantages of Texas energy supply and deal a severe blow to areas such as ours which are particularly dependent on oil and gas use," he said.

Tower added that the Senate version "provides a balance of incentives to both individuals and industry with only one tax, a modified form of the oil and gas users tax," he said.

Implementation of the Carter plan will mean that "Texas citizens and Texas industry will pay more for all forms of energy we now use," Tower said.

"Its misplaced burden on the producing states falls disproportionately on the backs of every Texan," he charged. "It is truly, in the words of our Texas House speaker, 'a bureaucratic dream.' I greatly fear that dream is really a nightmare for Texas."

Energy

Two extensions are completed

Two extensions have been completed in Howard County, a confirmation in Glasscock County and extenders in Mitchell and Glasscock this week.

Trey Exploration Inc., San Angelo, completed the two extensions to the Moore (San Andres) field four miles southwest of Big Spring.

The No. 2-A (formerly No. 2) Shirley Waldron, et al, one location northwest, was finished to pump 65 barrels of 26 gravity oil, plus 150 barrels of water, through perforations at 3,207-227 feet, which had been acidized with 9,500 gallons and fractured with 14,000 gallons and 16,000 pounds of sand.

Drilled to 3,300 feet, where 4 1/2 inch casing was set, it is plugged back to 3,260 feet.

Location is 990 feet from the south and east lines of 13-34-1s-T&P.

The No. 3-B (formerly No. 3) Shirley Waldron, et al, 3/4-mile northwest, was finished to pump 67 barrels of 26 gravity oil, plus 212 barrels of water, through perforations at 3,201-240 feet, which had been acidized with 9,500 gallons and fractured with 14,000 gallons and 16,000 pounds of sand.

Drilled to 3,375 feet, where 4 1/2-inch casing was set, it is plugged back to 3,330 feet.

Location is 1,650 feet from the south and east lines of 13-34-1s-T&P.

IN GLASSCOCK COUNTY, the Apple Creek (Wolfcamp oil) field gained

Farm

Foreclosures being held up

WASHINGTON (AP) — The Farmers Home Administration is streamlining a reporting procedure to determine the impact of an order sent to field offices almost six weeks ago to suspend farm foreclosures by the agency.

Officials said Tuesday that as of Oct. 21 about 75 foreclosures had been held up as the result of a directive ordered by Agriculture Secretary Bob Bergland. But they said no dollar figures are yet available to show how much is involved.

New procedures, however, are expected to give the FHA, an agency of the Agriculture Department, a fuller accounting within two or three weeks.

Bergland said in late September that he was instructing the agency to take all steps possible to halt foreclosures the rest of this year after it became apparent that many low-income farmers might be in danger of losing their farms because of sagging commodity prices and a drop in farm income.

Gordon Cavanaugh, administrator of FHA, sent telegrams to all agency state offices outlining Bergland's orders and called for regular reports on the volume of foreclosure actions, dollar values and other information.

Correspondence provided by the agency at the request of a report, showed that Cavanaugh sent Bergland a copy of the model telegram for his approval.

"In essence, this will prevent any foreclosure

Farm markets

ABILENE — The market at Abilene Livestock Auction was strong to higher on most classes of cattle on a run of 2,200 head of cattle at its sale Tuesday, according to R.C. Williams, market reporter. Quotations follow.

Butcher calves: choice, 30-33; good, 28-30; standard, 26-28; runners, 24-26.

Cows: xnt, 22-25; cutters, 20-22; canners, 18-20; stockers, 22-26; \$150-220 per head.

Bulls: bologna, 29-31; stockers, 28-34; utility, 25-27.

Stocker Steer Calves: choice, 47-45; good, 40-42; medium, 36-38; common, 32-34.

Stocker Heifer Calves: choice, 37-35; good, 30-32; medium, 28-30; common, 24-28.

actions until Jan. 1 on farmers on all types of FHA loans, insured or guaranteed, which might include farm-real estate, operating, emergency, rural housing or any other type that they as individual farmers might have." Cavanaugh said in a letter to Bergland which accompanied the telegram.

The directive to state offices said the suspension would apply to foreclosure actions involving "monetary default" in cases where legal action had not progressed beyond department lawyers.

Rains slowing corn harvest

WASHINGTON (AP) — Widespread rains have slowed this fall's corn and soybean harvest still further, according to the Agriculture Department.

By Nov. 6, about 77 percent of the corn was harvested, an advance of only seven percentage points from a week earlier. A year ago 86 percent of the corn was harvested, the department said Tuesday in a weekly weather review for the week of Oct. 31-Nov. 6.

Soybean harvesting was 74 percent complete, compared with 82 percent a year ago. Farmers also reached 95 percent completion in planting 1978 winter wheat, compared with 97 percent a year ago, the report said.

"Planting (of wheat) was complete in the Great Plains except in Texas where seedings stood at 86 percent, one point ahead of last year but under the 91 percent average," the report said.

About 67 percent of the southern cotton crop was harvested, well ahead of the 37 percent rate of a year ago. All areas were reported ahead of last year's harvest except in Georgia and Louisiana.

Pastures were rated in good shape for livestock in the northcentral states, fair to good in the south-Atlantic and southcentral regions, and poor to fair in most of the West.

BIGGER THAN THE HOPE DIAMOND — This is the Victoria-Transvaal diamond, largest and most valuable gem gift to the Smithsonian Institution since the arrival of the Hope diamond, which was put on display at the Museum of Natural History Tuesday. The pear-shaped, 67.89-carat, champagne-colored gem is set in a yellow gold necklace containing 108 diamonds weighing approximately 44.67 carats. The fabled Hope Diamond is 44.5 carats. Mormon Will trial

LAS VEGAS, Nev. (AP)—Six jurors have been tentatively seated in the trial to determine whether the late Howard Hughes wrote the so-called Mormon Will.

Selected Tuesday were Lowell M. Sylvester, 43, Las Vegas, the operator of a small advertising agency; Larry D. Smith, 34, Las Vegas, a field agent with the Internal Revenue Service; Andrew G. Smith, 31, a branch loan officer with the state's largest bank, and Emma L. Wiltshire, 72, Boulder City, the wife of a retired postal clerk. The Smiths are not related.

The six selected thus far could be dismissed when attorneys begin their peremptory challenges, probably next Tuesday or Wednesday.

Much of the questioning to date has been aimed at finding out if the potential jurors have developed any opinions about the case from the news media.

Larry Smith, a Mormon elder, was carefully questioned because the

Mormon Will, a three-page, handwritten document found in the Mormon Church headquarters, names many beneficiaries, among them the church.

But Smith said he does not think his religion will keep him from listening to the testimony objectively and rendering a just decision, even if it does mean that the church will not realize any money if the will is found to be a forgery.

Hughes' relatives are challenging the purported will, claiming it is a forgery. Los Angeles attorney Harold Rhoden, representing former Hughes aide Noah Dietrich, is the chief proponent of the document.

The Mormon Will names Dietrich as the executor of the vast Hughes estate.

Andrew Smith became the first potential witness to be challenged for cause, but Clark County District Judge Keith Hayes rejected the challenge by Rhoden.

Smith works for the First National Bank of Nevada, which has been named co-administrator of the Hughes estate pending the outcome of court proceedings.
