## Murphy, Husky Get Five-Year Lease In NE Midland Sector

The Murphy Corporation and Husky Oil Company have taken a five-year commercial oil and gas lease on a block of 3,400 acres in Northeast Midland County from Andrew Faaken of Midland.

Consideration involved in the deal was not reported. It has been learned that there was no well obligation included in the transaction. However, it is understood that a wildcard will probably be drilled at some location on the block during the next few months.

The leases are immediately west of the Germania-Spraberry field. The west side of the block is approximately 10 miles east of the city of Midland.

Included in the acreage covered by the lease are sections 11, E. T. Hopkins survey; section 33 and section 34, J. L. Veasey survey; section 2, A. P. Veasey survey; and all of section 14, J. L. Stokes survey, except the southeast quarter.

## Germania Extender Reports Completion

A one and one-quarter mile southwest outpost to the Germania field of Northeast Midland County has been completed by W. W. Cumberland and Ted Weiner for a natural flowing potential of 128.22 barrels of oil per day.

The new well is 665.9 feet from north and 670 feet from east lines of the southeast quarter of the southwest quarter of section 12, block 37, William Oelending survey.

It was completed as the operators' No. 1-13 B. T. Hale.

The potential was based on a 24-hour flow through a three-eighths-inch choke. Shakedown was one per cent water.

Gas-oil ratio was 720-1. Gravity of the oil is 37.5 degrees. A packer was used in the casing during the completion test. Tubing pressure was 40 pounds.

Pay was topped in the prospector at 1,178 feet. Total depth of the hole is 7,290 feet. The petroleum recovered was from the Spraberry.

## Oil Shows On Core From Martin Test

Callery & Hurt and Ted Weiner No. 1-18 Earl Powell, wildcard in Central-East Martin County, is at total depth of 7,043 feet in the Spraberry preparing to set seven-inch casing on bottom.

When that is done, hole will be cored deeper into the Spraberry.

A core from 7,029-43 feet showed seven feet of black shale, two feet of gray sand with good oil stain and odor, and one foot of gray, fractured sand which is bleeding oil and gas. The remainder of the core was four feet of gray, shaly sandstone with fair oil stain. The core had no shows of water.

The Spraberry was topped at 7,036 feet, elevation 2,717 feet. That makes it eight feet high to Magnolia Oil Company No. 1 Powell, which was drilled as a dry hole in 1942, because the Spraberry had been recognized as a possible source of oil production.

The project is being drilled on a block of several thousand acres which was recently acquired by Forest Oil Corporation and Pan American Producing Company.

Forest and Pan American formed out a checkerboard spread in the block to Weiner for the drilling of the wildcard.

Weiner then made a trade with Callery & Hurt whereby that concern assumed a part of the obligation for the well in return for a portion of the acreage obtained by Weiner.

Location is at the center of the southeast quarter of the southwest quarter of section 18, block 35, T&P survey, T-1-N.

## South Offset Staked To C-E Crane Opener

Humble Oil & Refining Company is to start drilling at once on a one-quarter of a mile south offset to its No. 1 Hallie C. Day, flowing discovery from the Devonian in Central-East Crane County.

The new exploration will be Humble No. 1-B Hallie C. Day. Location is to be 1,980 feet from south and west lines of section 15, block X, OCS&RONG survey. It is projected to 8,600 feet and is to move in rotary tools immediately.

Humble No. 1 Hallie C. Day, 1,980 feet from north and west lines of section 15, block X, OCS&RONG survey, is preparing to take due-tile test and complete.

This project had flowed 49 barrels of oil in nine and one-half hours from perforated section at 8,596-16 feet, and had flowed an average of five and one-half barrels of oil per hour for 18 hours from perforated section at 8,536-46 feet.

Both those intervals are in the (Continued On Page 12)

## Reds Menace Eighth Army Retreat Route

TOKYO—(AP)—Allied troops fought desperately Tuesday to slow the Communist tide rolling toward the heart of South Korea and menacing the U. S. Eighth Army's retreat route to the old Pusan beachhead.

Two United Nations battalions attacked a Red Korean force two miles south of battle-wrecked Wonju, road hub abandoned Monday to the Reds.

An Allied regiment counter-attacked strong Communist forces six miles southwest of Wonju.

Allied artillery slammed shells into the Reds and fighter-bombers roared down in close support.

Field dispatches said the fighting still was raging shortly before midnight Tuesday.

The counter-attack six miles southwest of Wonju was in the area where the Reds gained a half-mile Monday and Allied forces later recovered most of the ground.

**Chinese Forces Mass**  
Action on the western front south of abandoned Osan was limited to patrols.

But Army intelligence reported the Chinese were building up a massive attacking force around Osan. At least two Chinese armies—possibly 80,000 or more troops—were spotted in the area.

As the Eighth Army continued its retreat to the southeast, vanguards of the fast-moving Red forces pressed close on the heels of rear guard troops.

Two patrol fights flared 13 and 14 miles southwest of Osan. These attacks put the Reds only 50 road miles less by air—from the Kum River, where the U. S. 24th Division began its tragic defense of Taejon last July.

The Korean Communists, bulked now by hundreds of thousands of Chinese who entered the war when the Allies almost had it won, were retracing their route of Summer conquest into South Korea.

**Troops Clog Roads**  
Communist forces rushed Tuesday into the Osan area, massing for the continuing pursuit of the fleeing Eighth Army. The Reds moved artillery southward across the Han River at Seoul.

An Eighth Army spokesman said one force estimated at 10,000 troops was spotted near Osan.

Allied pilots said Communist forces were clogging the roads south of Seoul and in the Wonju area 55 miles southeast.

The airman were ordered to shoot up all groups behind Communist lines, whether in or out of uniform, except for obvious family groups of children.

Associated Press Correspondent Stan Swinton reported from Fifth Air Force Headquarters that the order was provoked by the Reds' persistent use of civilian clothing to camouflage their troops.

Pilots spotted 4,000 Reds changing Monday from uniform to peasant clothing.

## Desperado Reported In Five States

SAN DIEGO, CALIF.—(AP)—Men believed to be desperado Bill Cook have been sighted in five states as police traced down every possible clue Tuesday for the Missouri ex-convict.

Authorities are checking reports that the 24-year-old bad man sought for slaying possibly eight persons in Texas, Oregon, Kansas, New Mexico and California.

However, the FBI here frankly is at a loss to explain how he has returned from Mexico, since border stations are being watched closely.

Reports Tuesday came from New Mexico and Chula Vista, nine miles south of here.

A Chula Vista service station attendant telephoned the FBI here that a man resembling Cook drove into the station and pawned a watch for 10 gallons of gas and \$10 cash, saying he had been "rolled" at Tijuana, across the border in Mexico. At Vaughn, N. M.

Driving a green 1950 Ford sedan, the man told the attendant he was heading for San Francisco and wanted to pick up a sailor to help him drive. The FBI said the attendant did not get the sedan's license number.

Greyhound bus driver Milton Burrow of Roswell, N. M., told New (Continued On Page Seven)

## High Clouds Hold Little Promise Of Much-Needed Rain

By The Associated Press  
Texas lay under a blanket of high level clouds Tuesday but the U. S. Weather Bureau saw little hope for rain.

A high pressure area over East Texas caused what the bureau called "queer" variations in local temperatures.

Austin matched 30 degree readings at Abilene and Amarillo and San Antonio had 26 degrees. Waco had 32 and Lufkin had 25 degrees Monday night. The entire state was expected to warm up during the next 36 hours.

Junction and Salt Flat recorded 21 degrees for the overnight low. The high Monday night was 44 at Laredo, Galveston and Brownsville. A pleasant 66 degrees was recorded at Corpus Christi for the high maximum Monday, and Salt Flat had 48 for the low maximum.

Partly cloudy skies were forecast for West Texas, and the southern part of West Texas was expected to have warmer weather Tuesday night.

## Midland County Polio Patients Get Dimes Help

The March of Dimes helped pay the hospital and treatment bills for 30 polio patients in Midland County last year, it was announced Tuesday by Ray Gwyn, chairman of the Midland chapter of the National Foundation for Infantile Paralysis.

"We hear about the March of Dimes mainly in January when funds are being collected," Gwyn said. "However, dimes and dollars contributed by the public really are on the march during the Summer months when polio is at its height."

"During 1950 the Midland County chapter paid bills for hospitalization, physio-therapy, nursing, braces and transportation for 13 new cases and seven cases carried over from previous years. When our funds were exhausted, we called for and received a grant from the National Foundation in the sum of \$2,000. Now, this fund has been paid out, and we have unpaid past-due bills totaling \$2,500, which will be paid out of contributions received in the 1951 March of Dimes.

"It is difficult to realize that polio is with us such a long time after it strikes. Months—and sometimes years—after the polio headlines have vanished, we still are providing treatment for victims of this crippling disease. With the rising tide of polio in the last three years this problem of carry-over care is becoming progressively acute from a financial standpoint."

He called on Midlanders to give generously in the January 15-21 March of Dimes appeal.

EISENHOWER IN EUROPE—Gen. Dwight D. Eisenhower, right, supreme commander of proposed European Defense Army, shakes hands with Field Marshal Bernard Montgomery, left, in Paris. At center is Montgomery's aide, Lt. Col. Costa de Beauregard.

## Truman Says U. S. Must Be Taxed 'Until It Hurts'

WASHINGTON—(AP)—President Truman said Tuesday the nation must be taxed "until it hurts" to arm the free world against the menace of Communist aggression.

The President gave his warning that "it is necessary, to tax until it hurts" in a conciliatory letter to Senator Byrd (D-Va.), with whom Truman often has clashed. The senator made the letter public Tuesday.

## Latin American Dies Of Gunfight Wounds

City and county officials Tuesday continued their investigation of a gun battle Sunday night which claimed the life of one man, sent another to the hospital and a third to jail.

Bullet wounds proved fatal shortly before 5 p.m. Monday to Pedro Ortiz, who lived in the Latin American section of town.

District Attorney W. A. Shafer of Odessa is scheduled to study the case Wednesday to determine if formal charges will be filed.

Ortiz, suffering wounds in his chest and abdomen, told officers before he died that he was shot after being called outside the La Hacienda Bar, where he was drinking a soft drink.

As he stepped outside, he said, one of the men began firing at him. He got his own gun, he said, and the battle ensued.

Also wounded in the fight was Moses Lerna, who was reported recovering Tuesday in Western Clinic-Hospital.

## Kermitt C. Of C. Postpones Banquet

KERMITT—The annual banquet-dance of the Kermitt Chamber of Commerce honoring the Kermitt Yellow Jackets and the K Band, has been postponed until Saturday night, Manager Charles Green announced Tuesday.

He said the National Football Coaches conference in Dallas this week made it impossible to obtain a prominent coach as a speaker for Thursday night, the original date set for the event.

## Nation's Oil Output Jumps 19,375 Barrels

TULSA, OKLA.—(AP)—The nation's crude oil production averaged 5,712,825 barrels daily for the week ended January 6, The Oil and Gas Journal reported Tuesday. This was an increase of 19,375 barrels over the preceding week.

Major gains included a 24,950-barrel jump for Texas to 2,400,375 barrels.

## Stockmen Warned Controls Will Bring New Meat Shortage

SAN FRANCISCO—(AP)—A prediction that another meat shortage such as in 1949 and 1948 would stem from price control was given the nation's livestock industry Tuesday by C. B. Watson of Chicago. He is president of the Corn Belt Livestock Feeders Association.

Watson addressed the convention of the American National Livestock Association.

Livestock men in the corn belt, Watson said, see these possibilities to beat the situation:

Entry of from 500,000 to 1,000,000 head of feeder cattle from Mexico next Summer and Fall, if there is no further outbreak in that country of foot and mouth disease.

Breeding of milk cows to beef bulls for all calves except those desired for milk or reproduction purposes. There are more milk cows in the country than beef-type cows, and they constitute a potential source of supply for a vast quantity of beef.

Expansion of beef calf production, especially on land where the hills are so steep cultivation would invite soil erosion but where the land will grow a grazing crop.

Leslie A. Miller, former governor of Wyoming, discussed government reorganization in fields of particular interest to livestock men. He was chairman of the Natural Resources Task Force of the Hoover Commission.

## Lawmakers Get Off To Quick Start

AUSTIN—(AP)—The fifty-second general session of the Texas Legislature took up its heavy burden of work at noon Tuesday.

Beset by grave domestic and related world problems, it went into action with apparent solemn determination to get its job done quickly and efficiently.

Secretary of State John Ben Shepperd gavelled the House into life at 12 noon sharp.

## County May Vote Hike In All Salaries

Midland County commissioners, reporting a mounting surplus in the officers' salary fund and a rapidly-rising property valuation, may approve Wednesday an across-the-board increase for elected officials, deputies and other county employees.

Already the commissioners have approved an immediate \$30-a-month increase for the 12 road employes of the county.

And County Judge Clifford C. Keith, chairman of Commissioners Court, said Tuesday the administrative body will meet Wednesday morning to take action on requested increases for other employees.

The wage increases were requested Monday at the regular meeting of the group when, a short time after the commissioners had approved the increase for road employes, spokesmen for other groups presented their appeals.

**Salary Fund Surplus**  
Action was deferred at the regular meeting, pending a further study of the demands along with the condition of the county's finances and ability to pay increases.

Meanwhile, figures in the office of Mrs. Minnie H. Dozier, county treasurer, showed Wednesday that the county has accumulated a record surplus in its officers' salary fund.

Mrs. Dozier explained the salaries of elected officials and their deputies are paid from this fund.

The officers' salary fund includes fees collected by the various offices, (Continued On Page 12)

## Censorship Clouds News Of 'Pullback' By Allies In Korea

TOKYO—(AP)—Censorship is throwing a black curtain around news of the tremendous pullback of United Nations forces in Korea.

Field censors have clipped large chunks out of dispatches on the grounds of military security. Some Associated Press stories have arrived in Tokyo minus their first and most important paragraphs.

Correspondents are forbidden to use the word "pullback" in connection with the pullback. Security officers in Tokyo say this is a planned and orderly withdrawal—not a retreat in the face of Red China's overwhelming manpower.

## Nation's Oil Output Jumps 19,375 Barrels

TULSA, OKLA.—(AP)—The nation's crude oil production averaged 5,712,825 barrels daily for the week ended January 6, The Oil and Gas Journal reported Tuesday. This was an increase of 19,375 barrels over the preceding week.

Major gains included a 24,950-barrel jump for Texas to 2,400,375 barrels.

## \* LATE NEWS FLASHES \*

WASHINGTON—(AP)—A tentative agreement to begin consideration of a new multi-billion dollar tax bill February 1 was reached Tuesday by Secretary of the Treasury Snyder and congressional managers of tax legislation.

BONN, GERMANY—(AP)—Two generals of Hitler's defeated army sat down with Allied officials here Tuesday for secret talks on putting uniformed Germans in the Western force of Gen. Dwight D. Eisenhower, who led the invasion across the Rhine only five years ago.

WASHINGTON—(AP)—Chile and Brazil Tuesday signed agreements for the purchase of two American cruisers each to strengthen Western Hemisphere defenses.

PALACIOS, TEXAS—(AP)—The wreckage of a plane believed to have been carrying two Palacios fliers missing since late Sunday was spotted shortly before noon Tuesday south of Oyster Lake, near here.

WASHINGTON—(AP)—The Navy Tuesday announced it will order 47,000 enlisted reservists to active duty during April, May and June.

## County May Vote Hike In All Salaries

Midland County commissioners, reporting a mounting surplus in the officers' salary fund and a rapidly-rising property valuation, may approve Wednesday an across-the-board increase for elected officials, deputies and other county employees.

Already the commissioners have approved an immediate \$30-a-month increase for the 12 road employes of the county.

And County Judge Clifford C. Keith, chairman of Commissioners Court, said Tuesday the administrative body will meet Wednesday morning to take action on requested increases for other employees.

## Legislative Council Warns Oil Can Not Bear New Tax Load

AUSTIN—(AP)—Crude oil taxes can not bear the burden of increased tax needs as much in the future as in the past, the Texas Legislative Council warned the 52nd Legislature Tuesday.

The incoming Legislature is likely to be looking for new money—lots of it.

The council said its recently completed study of oil's place in the state economy was "but an initial inquiry into (its) complex problems."

The council suggested the Legislature might instruct the Texas Railroad Commission to:

1. Provide the governor and Legislature a continuing review on the problems and issues related to the petroleum industry. This could include such things as the significance of the recent U. S. Supreme Court decision upholding the right of Oklahoma to fix the minimum price of natural gas.
2. Make semi-annual estimates of future oil production in Texas for the next six months for the use of the governor, the Legislature, the comptroller, and other state agencies.

Because of its heavy burden of business, the Railroad Commission often must let long range policy questions go unanswered, the council observed.

To alleviate this, the Legislature should consider splitting the commission into two regulatory bodies, the council said.

One agency would deal solely with oil and gas problems, another to regulate other public service businesses under the commission.

## City Council To Consider Parking Problem, Expansion

The City Council will meet at 7:30 p.m. Tuesday to consider the question of annexing additional areas to Midland and to study a proposed plan for expansion of parallel parking in the business district.

While these will be the two most pressing problems, the council also will study plans for two new fire stations, preliminary to authorizing bids for their construction.

Other minor items also are scheduled for consideration.

City Manager W. H. Oswald said Tuesday that both the annexation ordinance and the parking problem had been placed on the agenda for the meeting.

### Simple 'Swearing-In' Ceremony For Shivers

AUSTIN — A simple "swearing-in ceremony" here January 10 will start Gov. Allan Shivers on his first full term in the state's highest office.

The governor will take the oath of office at noon that day on the front steps of the state capitol. It will be administered to both Shivers and Ben Ramsey, lieutenant governor-elect, by J. E. Hickman, chief justice of the State Supreme Court. Both Shivers and Ramsey will make brief inaugural addresses.

The only state function to be held in connection with the inauguration is a reception at 7 p. m. in the capitol rotunda, where the public will have a chance to meet Shivers, Ramsey and other state officials.

No inauguration invitations are being sent out, as a result of the governor's request for a simple ceremony.

Because of the international situation, Governor Shivers asked the Citizens' Inaugural Committee to abandon plans for the usual elaborate festivities normally scheduled for a governor's inauguration.

### ★ IN HOLLYWOOD ★

## Laughton Discovers Midland And Its Auditorium On Tour

By ERSKINE JOHNSON  
NEA Staff Correspondent  
HOLLYWOOD — Hollywood's economy nerves that jingle, jangle, jingle in a new era of low budgets, 10-day shooting schedules, half-filled swimming pools and warmed-over prime ribs are vibrating like a zither string.

A one-man show—Charles Laughton—is the reason for the strained relations between the efficiency experts and the let's-heap-on-the-carver boys.

The screen's famous Captain Bligh, traveling only with a small brief case full of books, has become Big Business reading the classics with the aid of just two props—a spotlight and a microphone.

In Lexington, Ky., 11,000 people jammed into a basketball stadium for two hours as he flipped the pages of Shakespeare, the Bible, Thomas Wolfe, Dickens and James Thurber. A local critic summed it up with:

"It was the first time I've ever seen a star turn 11,000 people into a fireside."

Lexington was one of 87 cities on Laughton's second reading tour of the country which started on September 8 and ended the day before Christmas in San Diego. He traveled 23,500 miles by automobile—500 miles short of the distance around the world.

Each of the 87 dates pak off with a four-figure check, giving Laughton 87 last laughs at people who said he had a hole in the head when he first suggested the "Charles Laughton Reads" idea.

He told me:

"Everyone advised me against it. They thought I was crazy. But I had read to soldiers in hospitals during the war. I was warned against that. People said one classic were dull. But I knew they weren't. I could see it on the faces of those men in the hospitals."

Medium.

But, says Laughton, don't call him a one-man show.

He wants to share the credit with Paul Gregory, a one-time concert agent with MCA, who quit his job to set up Laughton's tours, handle the advance publicity and insure capacity audiences even before the star packs his brief case to leave Hollywood.

And don't call him brave because he read Lincoln's Gettysburg Address south of the Mason-Dixon line.

"Without exception," he said "every Southern audience ASKED me to read it."

Laughton had a confession.

"I've always been a nervous actor. I was nervous on the stage and I

was nervous while doing movie roles. But on those tours I'm not nervous. Maybe it's because I know I have the greatest writers in the world behind me. I'm proud of what I'm doing."

Many of Laughton's readings were given to college audiences. He said they opened his eyes to "the fact that college kids are finding out about Thomas Wolfe, who was the real voice of this country."

The tour opened his eyes to a lot of things.

He found a beautiful auditorium in the city of Midland, Texas—"I'd never even heard of Midland"—and he said he found culture no matter where he went.

"Even in Reno, Nev.," he laughed. "Eight churches got together there, hired me for one performance and the auditorium was packed."

Can't Escape It

There were the usual star autograph seekers.

Two teen-age girls even trapped him in a hotel room while he was taking a shower—"I was expecting a bellboy and when they knocked I yelled 'Come in!'"

There was only one discordant note which brought a change of temperament. Laughton still laughs about it. He grinned:

"Thirty two hundred people were in the audience. The lights wouldn't fit the plugs and instead of a voice microphone there was a musical mike on the stage. I called the manager and explained the problem—that I needed a spotlight and that I would have to shout if I used the music mike."

"The manager, not saying a word, tried the light plug and saw that it wouldn't work. Then, still not saying a word, he walked up to the mike and snapped his fingers a couple of times. Then he walked back to me, gave me a long glare and said:

"Hmmm temperamental, huh?"

On a new six-weeks tour, starting February 1 in Stockton, Calif., Laughton joins Charles Boyer, Sir Cedric Hardwicke and Agnes Moorhead in a quadruple reading and acting session to be billed as "The Drama Quartet."

Reading from the stage, Hollywood is discovering, is just as profitable as popcorn.

Inside word is that Conrad Hilton, Sr., is showing more grief over the bust-up of Nicky and Elizabeth than the principals themselves.

Mac's Grocery Sets Opening Wednesday

The new Mac's Grocery, Meat Market and Service Station will have its formal opening Wednesday at Terrell and East Florida Streets on the Garden City highway.

The new business is owned and operated by J. W. McCurry, already well-known in the neighborhood as operator of the service station at the site of the new store.

Housed in a modern new building, Mac's will feature a choice selection of groceries, meats and fresh vegetables.

Conoco petroleum products will be featured in the service station.

H-SU CHOIR TO SING HERE—The 55 voice Chapel Choir from Hardin-Simmons University, under the direction of Euell Porter, will appear in concert at 2:30 p. m. Wednesday in the Junior High School Auditorium here. Selections will be given from the most devout church music of Palestrina, Bach and Billings. Modern folk songs, Jerome Kern melodies, and negro spirituals also are on the program. The choir is on a four-day tour through West Texas, New Mexico and Oklahoma.

### Midland Again Gets Widespread Publicity, Thanks To Laughton

Midland again is receiving nationwide publicity — this time, thanks to Charles Laughton, the famed actor who presented his "Evening with Charles Laughton" performance here December 14, under the auspices of the Business & Professional Women's Club. His "one man show" was presented in the Midland High School Auditorium.

Back in Hollywood, Laughton related experiences encountered on his 87-city tour to Erskine Johnson, NEA staff correspondent, whose column, "In Hollywood," appears regularly in The Reporter-Telegram and hundreds of other newspapers.

"Opened His Eyes"

In his column, which appears in this issue, Johnson writes:

"The tour opened his (Laughton's) eyes to a lot of things."

"He found a beautiful auditorium in the city of Midland, Texas—"I'd never even heard of Midland"—and he said he found culture no matter where he went."

While in Midland, Laughton told a Reporter-Telegram reporter the new Midland High School Auditorium was one of the finest in which he had spoken.

Advertise or be forgotten.

Natural ice is still "harvested" for private use in northern New Mexico each winter.

### Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and, by taking HADACOL she is helping her system overcome deficiencies of Vitamins B1, B2, Nicotin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

Donovan, Mr. and Mrs. Pat Hitt, Mr. and Mrs. Warren Skaggs, Mr. and Mrs. T. L. Stall, Mr. and Mrs. R. W. Snyder, Mr. and Mrs. L. E. Floyd and Mr. and Mrs. E. C. Cowan.

# SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 9, 1951-3

## Girl Scout Association Names Mrs. Bauchens Head Of Board

Mrs. F. C. Bauchens was elected president of the Board of Directors of the Midland Girl Scout Association at its annual meeting Monday night in the Little House.  
Mrs. R. E. Morgan, president, presided.  
Other board members installed by the Rev. R. J. Snell are: Mrs. Lynn Metcalfe, vice president; Mrs. Don Johnson, secretary; Mrs. Charles Horton, treasurer; Mrs. O. E. Vaudell, registrar; Mrs. J. D. Martin, organization chairman; Mrs. Bill Crosby, training chairman.  
Mrs. Jack Ewing, program chairman; Mrs. C. E. Bissell, camp chairman; Mrs. Hal Peck, building chairman; E. J. Murphy, finance chairman, and Mrs. Morgan, Mr.

Snell and Mrs. Robert J. Payne, members-at-large. Murphy, Mrs. Bill Glasscock and Mrs. J. C. Rinker were named on the membership-nominating committee.  
Mrs. Vernon Bottoms, acting as secretary in the absence of Mrs. W. W. Wilson, read letters from Mrs. Helen Bacon, regional chairman, and a letter of appreciation from the negro Girl Scouts and their leaders. Mrs. S. P. Haslip awarded the thanks badge to Mrs. Morgan and Mrs. Johnson.  
Reports made by officers and chairmen of standing committees indicated a decided growth in the Girl Scout organization both in the number of girls and adults participating and in the physical equipment.

## Coming Events

## Scripture Gleaners Plan For New Year

The Scripture Gleaners Class of the First Baptist Church held a business meeting Monday in the home of Florine and Lorine Jones, 506 North Marienfield Street. Plans were made for the new year.  
Those present were Jean Akins, Laverne Watson, Dorothy Raines, Mrs. E. Jones, mother of the hostesses, and Mrs. Joe Wright, the class teacher.

If you're tired of jerking drawers, try soaping their bottoms to make them slide easily.

## Monroe Speaks At P-TA Council Meet

The City Council of the Parent-Teacher Association met Monday in the high school. Mrs. Raymond Leggett presided in the absence of Mrs. Stanley Erskine, president.

During the business meeting committee reports were given. Mrs. Vernon Bottoms, chairman of the reading and library committee, announced there would be a meeting of the committee at 2 p.m. Thursday in her home, 2006 West Indiana Street.  
Frank Monroe, superintendent of schools, spoke to the members. He said through the foundation program the qualifications for teachers have been raised. He also pointed out the present session of the Texas legislature will consider raising standards of certification for teachers.

Monroe returned recently from a meeting of the State Education Agency in Austin. He discussed the work being done by the agency.

Problems of the Midland public schools were discussed. Monroe discussed plans for reorganizing the school system in order to handle more adequately the needs of the ever-growing educational system.

Others present at the meeting were Mrs. M. O. Gibson, Mrs. T. J. Smith, Mrs. Allen Cowden, Mrs. J. C. Ratliff, Mrs. W. A. Lumpkin, Mrs. M. B. Arick, Mrs. J. L. Metcalfe, Mrs. E. J. Murphy, Mrs. W. E. Critch, Mrs. Robert L. Wood, C. D. Johnson, principal of South Elementary; Wesley Martin, principal of John M. Cowden Junior High School; Charles Mathews, principal of the high school, and Mrs. Mary Logan, principal of Terminal School.

## Single Saddle Elects Officers

Jim Moore was chosen president of the Single Saddle Square Dance Club in an election of officers held Monday night in the City-County Auditorium. Other officers are W. E. Brown, vice president; and Lillie Riehmeyer, secretary-treasurer.

Guests at the meeting were Jim Maberry, Ernest McGee, Betty Alsup, Martin Undera, Fred Zeltz, Jerry Zeltz, Geraldine Johnson, C. D. Templeton, Forrest Reid, Dr. Ellis and Marvina Kemp.

Members attending were John Casselman, Jr., Jan Fuller, Lilly Gilbert, Bob Gay, Gorden Landwermeyer, Edna Lomax, Evelyn Martin, Carolyn Oates, Dan Peterson, Dorothea Hendrick, Willa Mae Miller, Novella Bailey, Jeanne Slaughter, Natalie Walton, Merle Fiehwarty and Robert Hull.  
The next meeting will be held January 22.

## Portsiders Wave Left Elbows In Unison At Southpaw Event

By COPE ROUTE

Emily Post probably would have shuddered at the idea, but the 12 left-handers thought it was a fine one.

The knife and spoon were on the left side of the plate where an honest southpaw could reach them without dragging his freshly-pressed worsted cuff through the gravy.

The coffee cup strategically was placed where a lefty could grab it without twisting his shoulder out of place.

And the 13 of them, sitting there together, could wave their elbows in unison, like a well-rehearsed chorus line, without turning the affair into a mess of jumbled and conflicting elbows.

"It's wonderful," breathed Malcolm Brennenman, as he flexed his strong left arm and took over the job of toastmaster at the dinner sponsored by the Laymen's League of the First Christian Church.

"It's the nicest thing that ever happened. In fact, it's the first time anything like this has happened to me."

It must have been pretty nice for the 13 long-suffering, honored guests, who usually have to steel themselves to the peculiar glances of strangers watching them do their writing upside down and perform other chores in a manner that, for some reason or other, always tickles the fancy of a run-of-the-mill right-hander.

But that was the idea of the Laymen's League in tossing the little dinner Monday night in honor of any left-handers who might be in the neighborhood.

Delbert Downing, one of the League members, arranged the event, and the women of the Reinhardt Circle served up an appetizing meal of meat loaf, baked potatoes, pinto beans and cherry pie a-la-mode.

There was music, too, as R. C. Michener, director of music for the public schools, led the group in singing—using his left hand.

But the best part of it all was the pleased look on the faces of the southpaws as the Rev. J. H. Goins, pastor of the Bellview Baptist Church, delivered an address on "Left-handed Men" and practically wrapped little halos around their bushing heads.

"I often feel," said the dark-haired, stocky minister, "that there's something special about left-handed men."

Big Charley Bush, the cattle trucker, modestly lowered his eyes as he flicked some dust from his trouser legs—with his left hand.

"You've heard the saying that Providence watches over little children and foolish people," the speaker continued. "Well, I think there was a Providence that created left-

handed men and watches over them."

O. C. Spradley, the insurance man, rubbed his left hand across his brow and nodded understandingly.

Then Mr. Goins began listing some of the virtues of the portsiders.

"The left-handed man can't be imitated," he said, explaining how he himself often had tried to write with his left hand in the unbelievable style of the southpaw.

"He is a force within himself. He knows he has to rise above his neighbor because of his peculiarities."

Henry Oerson unconsciously puffed his chest a little as he glanced over at Jack Hickey, Bob, and left-handers who work for The Reporter-Telegram.

"He recognizes no obstacles and the left-handed man is zealous," Frank Curtis, the oil man, and O. W. Stice of the grocery firm, glanced self-consciously around the room to see if any of the other 40 guests were staring at them.

"The left-handed man burns himself out with work," continued the speaker, amid the few chuckles.

He rarely lives to a ripe old age because he gives his work hard and expects others to work hard, too."

Wesley Martin, principal of the Junior High School, twisted in his seat, and glared at Supt. Frank Monroe.

Then, Mr. Goins swung into the point of his entire speech.

"Yes," he said, "left-handed men are peculiar."

"But God needs peculiar men."

"It is, for instance, no ordinary thing that you men are gathered here tonight in this lovely church."

"The ordinary thing would be for you to be out there pursuing the pleasures of the flesh."

"God—and the world—is calling for men who are willing to be peculiar in His service."

"So, before you go to bed tonight," he concluded, "won't you just kneel down and pray that you will be made left-handed in the service of God."

Enlistments In Air Force Closed, Says Midland Recruiter

The Air Force has been closed to enlistments effective Monday, T-Sgt. Shelby Wheeler, Army and Air Force recruiter here, announced Tuesday. No date was set for re-opening enlistments.

Sergeant Wheeler said he had applications from 12 men, but because of the order closing enlistments he would be able to send only one man to Abilene for induction. John N. Larsh, who will leave Midland Wednesday, will be inducted into the Air Force to await assignment as an aviation cadet.

Wheeler said Larsh has a telegram from the Air Force ordering his induction, thus exempting him from the freezing of enlistments.

Applications for the Air Force will continue to be accepted at the recruiting station here, Wheeler said, and when enlistments are opened again the applications will be considered.

The Army still is open for enlistments, Wheeler added.

Painter Confesses Brooklyn's Dime Locker Slaying

NEW YORK —(P)—A house-painter confessed to Brooklyn's dime locker torso slaying early Tuesday, officials said, a few hours after detectives nabbed him trying to flee his boarding house in Williams.

Police Commissioner Thomas F. Murphy and District Attorney Miles F. McDonald announced the confession by Pasquale Donofrio, 38.

McDonald said Donofrio admitted the slaying of Dorothy Martin, 37, of Saugerties, N. Y., last November 25.

Her dismembered body was found stuffed into two suitcases last December 4 in two lockers in the Long Island Railroad Station. An autopsy showed Miss Martin died from strangulation.

Donofrio was booked on a homicide charge. No motive for the slaying was announced by officials.

Miss Martin, daughter of the Saugerties postmaster, had lived with Donofrio here and in Albany, N. Y., police said.

It has been estimated that a billion pencils are used in the United States every year.

(NEA Telephone)  
**HUNTED—Police** throughout the Southwest are searching for William E. Cook of Joplin, Mo., wanted for questioning in the slaying of possibly eight persons, including the Carl Mosser family, whose blood-stained automobile was found near Tulsa, Okla.

**Desperado—**  
(Continued From Page One)

Mexico state police he spotted a man he believed to be Cook about 3 a.m. in the Ranch House Cafe at Vaughn, N. M.

He drove 40 miles northwest to Clines Corners and notified Patrolman Onis Reynolds. Waitress Vivvane Davis didn't know until Reynolds told her that she may have served the fugitive badman.

Burrow said the man was driving a car bearing a California license and it was not as if from hard driving. The license number was not obtained.

The car was reported to have left traveling east toward Clovis, N. M. Police there said a close check failed to disclose the vehicle, believed to be a 1947 Plymouth or Chevrolet.

These reports were the nearest direct new clue leading to the desperado, who blazed a trail of terror through Oklahoma and California, killing perhaps eight persons.

Southeastern Kansas  
The town of Cherraville in Southeastern Kansas was in an uproar Monday night after a 25-year-old woman reported a man answering Cook's description approached her car in what she thought was an attempt to kidnap her.

She told Police Chief Albert Clark there was another man with him.

The woman, whose name was withheld, said she grabbed her car keys and fled into her mother's home before the men could stop her.

Adding to the hubbub in Kansas was the report of a service station operator in Pittsburgh—only 25 miles from Cook's hometown of Joplin, Mo.—that he had sold gas to a man resembling Cook Monday night. The car was described as a green 1947 Chevrolet with Oklahoma license plates.

FBI agents in Houston, Texas, were keeping an eye on Cook's sister's home there after a hitchhiker said he rode across Texas from El Paso with a short stocky man resembling the gunman.

Oregon City, Oregon  
Darrrell E. Hall, 21, told police the man kept a pistol on the seat between them. The car was a 1949 or 1950 sedan with Texas license plates.

Oregon highway patrolmen were alerted to be on the lookout for a hitchhiker resembling the desperado. A motorist, E. A. Morvaec, Milwaukie, Oregon, told Oregon City police Monday night he picked up a hitchhiker who answered Cook's description.

The man jumped out of his car and ran when Morvaec stopped at an Oregon City gas station. Morvaec said the hiker had asked him if he had money and plenty of gasolines and that he replied no to both questions.

The man said he was from San Francisco, hadn't eaten for two days and was headed for Canada or Idaho, Morvaec told officers.

**Monahans Geologist Moves To Midland**

MONAHANS—Morgan Gist, West Texas division geologist for the Sid Richardson Oil Company the last 10 years, has resigned his position and will leave Monahans this week, with his family, to make his home in Midland.

Gist will establish headquarters for the Gist Specialties Company in Midland and also will open an office and warehouse in Odessa. His company features a positive casing centralizer for oil well work for which Gist was granted a patent in 1947.

Poultry raisers increase egg production by making the hen's day longer through the use of electric lights.

## Youthful Printers Catch Jackrabbits Without Dogs' Aid

C. C. Watson, who operates a printing shop in Midland, has had many experiences and observed many things in his many years in the business but he had a tale Tuesday which he said capped many of them.

Watson related that two youthful printers working for him have an unusual hobby of chasing down jackrabbits on foot.

"The boys are having pretty good luck, too," Watson added. "They have at least a dozen penned up."

The youths, Louis Raines and Lloyd Moore, reside on the Frank Elkins ranch, east of Midland, where they hold their jackrabbit roundups.

**SCHABARUMS HAVE GUEST**  
Mr. and Mrs. E. R. Schabarum, 103 Ridgela Drive, have as their house guest their sister-in-law, Mrs. Frank A. Schabarum. Mr. and Mrs. Schabarum returned recently from California, where they attended the Rose Bowl game and the Tournament of Roses.

**RETURNS FROM JAPAN**  
Mr. and Mrs. Henry King received a telephone call Tuesday morning from their son, Richard, saying he had arrived in California from Japan and would be home soon. King is in the U. S. Army and has been in Japan 20 months.

**RADIANT FLOOR HEATING**  
Radiant floor heating is obtained by installing heating pipes one inch below the surface where concrete floors are used.

## Livestock Show Meet Slated Wednesday

Dates for the 1951 Midland Livestock Show will be set and plans for the area attraction mapped at a meeting of the General Show Committee at 3 p.m. Wednesday in the county courtroom of the Midland County Courthouse.

Secretary Charles Green said officers and directors for 1951 will be elected at the session. Representatives from a seven-county area served by the Midland show are expected to attend.

**RESERVOIR DESIGNATED**  
AUSTIN—(P)—The Railroad Commission Tuesday designated the producing reservoir of Humble's Dublin well No. 1, Lynn County, as the O'Donnell Mississippian Field.

**Don't Be A Credit Cast-Away . .**

Credit is more than a matter of money. It is a matter of character. Good credit is a progressive asset. Poor credit is a progressive handicap. What is more forlorn than the man without credit . . . the man who has been trusted by his fellows and has flunked the trust?

By the same reasoning, what is more beneficial than good credit? The man with good credit looks to the future unafraid. Opportunities are his. Credit, his advantage. The man alert to his own interest . . . pays up and keeps his credit good!

**Ervin Agency  
Is Insurance  
Headquarters**

The Charles R. Ervin firm, which is the Midland agent for several of the largest stock fire and casualty insurance companies, handles a complete line of insurance and bonds of all types.

The firm, located in the First National Bank Building, can serve your every requirement for abstracts, general insurance and real estate.

The concern is successor to Sparks, Barron and Ervin.

R. H. (Rusty) Gifford, who is widely known in Midland and West Texas, is the manager of the life and accident insurance department. He represents the Travelers Life Insurance Company and recently completed an extensive training course at the home office of the company. Gifford is one of the most highly trained persons in this field in this section of West Texas.

E. J. Russell is in charge of mortgage loans and real estate for the Charles R. Ervin firm.

The Midland Abstract Company is operated by the Charles R. Ervin agency and is under the management of Alma Heard.

The complete services offered by the Charles R. Ervin firm are designed for the convenience of many persons who find that the efficient and courteous personnel can take care of their needs in a minimum of time and with a guarantee of satisfaction.

You are invited to try these services and the management feels that once you try the Charles R. Ervin services you will become a regular patron and a booster of the firm.

**FINE MILL WORK**—The Midland Planing Mill, 415 South Baird Street, points with pride to the many hundreds of satisfactory jobs it has turned out since it began operation here in 1947. The firm specializes in general mill work and has built many large fixture jobs for business houses in addition to cabinets, built-ins and other fine work for numerous Midland homes. F. L. Key is the owner. The telephone number is 2930.

**Caribou Appear In Record Numbers**

CHURCHILL, MANITOBA —(AP)—Caribou from the barren lands in numbers greater than ever before are reported along the Hudson Bay Railroad, south of here. At one time these animals grazed on the flats near here. Then for 25 years not one was seen. Eight years ago they returned, even running through the streets. Old timers believe the number of caribou is diminishing. The natives at times kill many more than they need for food. A far greater number is destroyed by wolves.

Latest figures indicate that there are 3,550,000 tractors on U. S. farms.

**New Model Permutit Water  
Softener Is Finest Built**

The Water Conditioning Company, 707 South Baird Street, announces that the new model Permutit water softener which it handles combines the finest engineering and is the most convenient unit for operation the firm has manufactured in more than 37 years of experience.

The model comes in two heights, 48 inches and 61 inches. The high mineral capacity permits a larger water capacity in the smaller unit, according to officials of the Water Conditioning Company.

The new model is finished beautifully with baked enamel and baked-on plastic by an infra-red process, offering maximum resistance to corrosion.

**Personnel Listed**  
The Water Conditioning Company has been operating in Midland since 1938. W. T. Mgreland is the owner and W. G. Saft is the sales manager.

Charles Jeffrey is a salesman and Ted Smith is service manager. The firm is ready to give service and information on equipment at all times.

The management urges prospective customers to place orders now since there can be no definite assurance of future delivery.

Another service of the firm is salt delivery to the home every 30 days.

The Water Conditioning Company has installed several hundred units in Midland and since it deals exclusively in the water conditioning business, feels it is qualified to handle any water or service problem.

**Pyron Services Held  
At Fort Sam Houston**

SAN ANTONIO —(AP)—Military funeral services for Brig. Gen. Walter Braxton Pyron, 68, retired, were scheduled at 2 p.m. Tuesday in the Fort Sam Houston Chapel.

Interment was to be in the Fort Sam Houston National Cemetery. Pyron, former vice president of the Gulf Oil Corporation, died of a heart ailment here Monday.

**Narrow Escape Costs  
Driver \$100 Diamond**

LIBERTY, N. Y. —(AP)—When a passenger car and a light truck he was driving collided head-on near here, Charles Bartels, a worker on the New York City reservoir project in this area, got a vise-like grip on the steering wheel and tried to pull out of harm's way.

He escaped injury, but after he was hauled from the wreckage discovered that he had gripped the wheel so hard that he forced from a ring he was wearing a diamond worth \$100.

**NEED MOISTURE**

Amphibians cannot wander far from water because their skin must be kept moist or they literally dry out and die, according to the Encyclopedia Britannica.

# Red Buffs Whack Union High 57-12

STANTON—Coach Leo Field's Stanton Buffs swept to their fourth basketball win without defeat here Monday night, swamping Union High School, 57-12.

The Stanton team was in command all the way. After building up a 34-7 halftime lead, Fields played his 'B' team the entire last half.

Gerald Koonce paced the Stanton attack, pouring 15 points through the hoop. Bobby McClain tallied 13 for runner-up honors. The Stanton team had defeated Courtney 31-20, Coahoma 29-13 and Sterling City 44-21 prior to the Union clash.

The Stanton girls team defeated the Union girls, 41-31, with scoring divided evenly between Higgins, Johnson and Burchett.

The Buff boys box score:

STANTON (57)	Fg	Pt	Tp
Koonce, G.	7	1	2
Gibson	3	2	0
Koonce, E.	0	2	3

## Mangrum Overtakes Ransom To Capture Top LA Open Prize

LOS ANGELES—P—Henry Ransom, who claims his fever is his worst enemy, may have found a second chance. It could be Lloyd Mangrum, who cost him the Los Angeles Open golf title.

Ransom, like Mangrum, is a Texan transplanted to a professional's job in Illinois. They tangled in a duel on the back nine of the \$15,000 tournament Monday and Mangrum won the prize by a stroke.

Mangrum came from five strokes back to card 280. The best Ransom could do, under terrific pressure, was 281. Sam Snead, last year's winner who played this tournament with a broken bone in his left hand, was third tied at 283.

Elsworth Vines, the ex-tennis star, finished fast with a 68 to tie for fourth position at 288 with Cary Middlecoff, Memphis dentist, and Doug Ford, ex-Coast Guardsman from Briarcliff, N. Y.

## College Coaches Approve Chandler

DALLAS—P—The American Association of College Baseball Coaches went on record Tuesday as favoring the retention of A. B. (Happy) Chandler as commissioner of baseball.

Opening their annual meeting here in connection with the NCAA convention, the college coaches issued a statement through President J. P. McKale, University of Arizona athletic director. While they have differed with Chandler on occasions, the coaches said:

"It is the belief of the American Association of College Baseball Coaches that A. B. Chandler, because of his tireless and effective efforts to advance the game of baseball, should be retained as baseball commissioner. x x x"

Williams, by the way, wires that he is in good shape and expects to give them all a run before the tour is over. He is to report for duty with the Air Cadets in March.

Aside to Tommy Hart of the Big Spring Herald: You recently reported that ex-Midland and Vernon hurler Ernie Nelson has withdrawn his application as manager of the Sweetwater Swatters nine.

You seem to have made an error. Nelson tells us he couldn't have withdrawn his application because he didn't apply for the position in the first place.

DOGS AND DASHES: Woody Hayes, Miami (Ohio) football coach, made such a hit with Arizona fans with his speech at a Salad Bowl pow wow that they started a move to keep him there as Arizona State (Tempe) coach. The Wickenburg (Arizona) High School six-man football team won the state title last season and scored 442 points in ten games. It has won 15 games in a row and 20 of 21. The "kicker" is that Coach Dudley Hancher never was a football player and learned about coaching from books! TCU assistant Coach Abe Martin was through here recently hunting for football talent. It is reported he talked with Big Spring Tackle Steve Laswell and made that youngster a fine "offer". And a couple of Midland boys were contacted too, Grapentine tells us. The we have not been able to confirm that. Wonder who it could have been? Well, Jimmy O'Neal is interested in TCU. . . and Duane Bush might be. . . Big Spring now has won 11 of 15 basketball games. . . The Steers visit here Friday night for a pair of tilts. . . Bronco busting time. . . End of the Row for now!

Purdue and Michigan State players dominated the Notre Dame all-oppoent team for 1950. The Boiler-makers placed three and the Spartans four.

## King's Row

By LARRY KING

Harold Webb, the poor man's Leo Durocher, called Monday from Fort Worth. Webb recently attended the Texas League meeting, and reports that the minor leagues will continue with baseball even in the face of a full-scale draft of men. The major leagues have taken a firm stand and intend to play, no matter what. So, then, will the smaller leops.

Webb's Indians will journey to Monroe, La., for Spring training this year. The Oklahoma City Indians named that site and thus Midland will go along too. The training sessions will begin March 10. Midland's roly-poly baseball man promised a "much better year than last year." He said: "I am enthused over baseball prospects and I pledge to give Midland a first rate team—the kind of club it had when the Longhorn League first was organized."

Webb expects to be in Midland around February 1 to start the arrangements for the 1951 Midland Indians.

Attention, members of the R (for Rice) Club! We heard Owl Coach Jess Neely is coming to Midland to address the R Club sometime in February or March. So we sent Neely a telegram asking confirmation of this—but thus far we haven't received an answer.

Any R members who know anything of this are asked to call your truly at 3000.

It's started again—the Bill Hale Motors domination over the Rotary Engineers. Last year the Engineers dropped but five of 36 ball games. And four of the five losses were to the Odessa five.

The Midland Engineers slammed Hale by 16 points a few weeks back—but lost their first game of the season to the Odessa quid Saturday in the Crane Independent Tournament.

The Engineers just can't seem to get by the tough Hale five.

The all-tournament team named at the Crane meet was: Pello of Odessa, Cox of Imperial, Sewell of Hale Motors, Morris and Doner of the McCamey News Publishing Company.

Raleigh of Imperial won the sportsman award. Hale Motors took the McCamey five 48-41 in the finals. Odessa ousted Holder Grocery of Odessa 58-48 for the consolation title.

Morris Williams, Jr., assistant pro at the Midland Country Club, now is on a tour in California. The former Austin boy, who won the Texas PGA open here last year, expects to enter meets all along the West Coast.

Several other Texas linkmen will be in the touring group, and a lot of interest is being shown as to their chances to walk off with the money.

So Williams has made arrangements to wire all the Texas lads' scores to the Midland Country Club here. The CC in turn will pass the scores to us and we'll send them along to you.

Williams, by the way, wires that he is in good shape and expects to give them all a run before the tour is over. He is to report for duty with the Air Cadets in March.

Aside to Tommy Hart of the Big Spring Herald: You recently reported that ex-Midland and Vernon hurler Ernie Nelson has withdrawn his application as manager of the Sweetwater Swatters nine.

You seem to have made an error. Nelson tells us he couldn't have withdrawn his application because he didn't apply for the position in the first place.

DOGS AND DASHES: Woody Hayes, Miami (Ohio) football coach, made such a hit with Arizona fans with his speech at a Salad Bowl pow wow that they started a move to keep him there as Arizona State (Tempe) coach. The Wickenburg (Arizona) High School six-man football team won the state title last season and scored 442 points in ten games. It has won 15 games in a row and 20 of 21. The "kicker" is that Coach Dudley Hancher never was a football player and learned about coaching from books! TCU assistant Coach Abe Martin was through here recently hunting for football talent. It is reported he talked with Big Spring Tackle Steve Laswell and made that youngster a fine "offer". And a couple of Midland boys were contacted too, Grapentine tells us. The we have not been able to confirm that. Wonder who it could have been? Well, Jimmy O'Neal is interested in TCU. . . and Duane Bush might be. . . Big Spring now has won 11 of 15 basketball games. . . The Steers visit here Friday night for a pair of tilts. . . Bronco busting time. . . End of the Row for now!

Purdue and Michigan State players dominated the Notre Dame all-oppoent team for 1950. The Boiler-makers placed three and the Spartans four.

ON ICE—Oliver Hamre of Minneapolis takes an 11-pound northern pike through the ice of Lake Mallard, Wis. His tip-up consists of a willow stick with a bobby pin holding the line. This is the first winter in more than a decade that catching larger fish through the ice has been permitted in most Wisconsin lakes.

## Konstanty Voted Top Male Athlete

NEW YORK—P—Jim Konstanty, record-setting workhorse of the Philadelphia Phillies' pitching staff, was proclaimed 1950's male "Athlete of the Year" Tuesday in the annual Associated Press poll.

The mild-mannered onetime school teacher, whose tireless right arm carried the Phillies to the National League pennant, won in a close vote over Vic Janowicz, Ohio State's magnificent football halfback, and Ezzard Charles, heavyweight champion of the ring world.

There was a wide difference of opinion among sports writers and broadcasters, who mentioned almost 100 athletes in all, including the race horse, Nour, and Japan's human fish, Furuhashi.

Here are the year's outstanding male athletes, according to the AP poll, with total points based on three for first, two for second, etc., and first place votes in parenthesis:

1. Jim Konstanty, baseball (32) 173
2. Vic Janowicz, football (21) 140
3. Ezzard Charles, boxing (21) 133
4. Phil Rizzuto, baseball (20) 120
5. Ben Hogan, golf (20) 112
6. Sam Snead, golf (18) 96
7. George Mikan, football (11) 69
8. Bobby Reynolds, football (7) 36
9. Babe Parilli, football (6) 33
10. Eddie Ford, baseball (4) 31

Other high in the voting included: Doak Walker, football, 27 points.

The sanity code provides that an athlete may receive his tuition and fees under a scholarship but must pay all other expenses through work. The Southwest Conference wants to provide financial aid on the basis of need and not force the athlete to work for it if his activity schedule does not give him time.

The Southern and Southwest Conferences have introduced amendments to the constitution to take enforcement of the code from the NCAA and place it with the institutions and conferences. Bernie Moore, commissioner of the Southern Conference, said his group would go along with the Southern and Southwest.

The three conferences will hold a joint meeting Thursday to discuss plans for getting votes on their side. Moore said it would be a tight fight but he figured the independent colleges were the ones to work on as they had the balance of votes. The Big Ten and Pacific Coast Conferences oppose any change in the code, and Moore said the East and Big Seven Conferences were split.

A major opposition to the existing code hinges around the work clause. Many schools, particularly throughout the South, say they do not have work for athletes on the campus and if they did would not be the type to pay enough for the athlete to earn his keep.

The American Association of College Baseball Coaches held its first meeting Tuesday with a clinic as the feature.

President Bob Carpenter of the Phillies recently signed his manager, Bob Sawyer, to a new two-year contract running through 1952.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 9, 1951—9

## Purples Invade Broncho City Gym

Midland's Bulldogs journey Tuesday night to Odessa, seeking their first District 3-AA basketball win. And Odessa also will be trying for its first loop verdict.

Both teams dropped decisions to conference foes last week. Midland lost to Lamesa 48-37, Odessa was shocked by Big Spring 50-43.

The Odessa team has dropped games to Amarillo 41-38, Borger 53-25, Sweetwater 37-34, Abilene 30-24, Fort Worth North Side 40-38 and Big Spring.

Wins have been over Sweetwater 49-35, San Angelo 54-53 and 44-36, Brownwood 42-34, Temple 43-31, Brownwood 46-41 and Big Spring 31-18. The win over Big Spring was a non-conference affair.

Midland has won three of nine tilts played thus far. Coach Red Rutledge said he probably would start Buddy Johnson at center, Bob Burks and Reed Gilmore at guards, with Robert Kieseling and Roy Kinsey at forwards.

Broncho mentor John Malaise is expected to stick with his usual starting lineup of Roy Morris at center, Frank Gee and Lonnie Muse at forwards, and Clarence Jones and Joe Pearson at guards.

The Midland and Odessa 'B' teams will clash at 8:30 p.m. The varsity go is scheduled at 8 p.m.

## Bradley U Retains Top Cage Rating

NEW YORK—P—Bradley University held firm to the No. 1 position in the national basketball standings Tuesday while Columbia created the only break in the first-10.

Bradley, riding the season's longest winning streak, drew 126 first place votes from the 252 sports writers and broadcasters participating in the weekly Associated Press poll.

The prides of Peoria, Ill., amassed a total of 2,320 points, the year's highest, to take a 509-point lead over Hank Thibault's hold-the-ball Oklahoma Aggies.

After Bradley and Oklahoma A&M came Kentucky, Long Island University, St. Louis, Indiana and North Carolina State in that order. Columbia's surprising Lions, 85-45 victors over Cornell last Saturday, moved into the No. 8 spot as a new tenant, supplanting Villanova, which dropped to sixteenth. Villanova lost its first game to Fordham, 52-44.

Kansas State and once-beaten Wyoming clung to the ninth and tenth positions, barely shading St. John's of Brooklyn and the University of Washington.

The Oklahoma Aggies collected 20 first place votes and a total of 1,811 points. Third place Kentucky, beaten only by St. Louis in the Sugar Bowl semifinals, had a total of 1,754 points.

## TCU, Texas A&M Put Unbeaten Marks On Line Tuesday

By The Associated Press  
Two Southwest Conference basketball undefeated records get tested Tuesday night.

Texas Christian, with two wins and no losses, meets Rice in Fort Worth, and Texas A&M, with a win in its only conference start, plays Baylor in Waco.

Monday night in the only game scheduled, Southern Methodist handed Arkansas its second Southwest Conference defeat in a row with a 60-45 victory in Dallas. The win gave SMU a record of two wins and a loss.

The Ponies were paced by swift Fred Freeman, who tossed 21 points through the hoop.

Buddy O'Connor, 142-pound New York Ranger, is the lightest player in the National Hockey League.

## Dallas Rites Set For A. E. Rankin

Funeral services for Austin Ellis Rankin, 30, will be held in Dallas, where his body was sent Sunday night. Rankin was killed in an automobile accident 11 miles west of Midland early Sunday.

Rankin was a painter and painting contractor here. He had lived at 1800 West Griffin Street for the last two years. He formerly lived in Oklahoma, where he was born in 1920, Dallas and Odessa. Rankin was a member of the Church of Christ.

Survivors include the widow; the parents, Mr. and Mrs. Thomas Rankin of Dallas; three brothers, Quinton of Midland, Jerry of Dallas and Clarence of Electra; two sisters, Mrs. Harold Replogle of Midland and Mrs. J. H. Leverett of Electra.

## Job Seekers Asked To Check With TEC

J. D. Bechtel, manager of the Texas Employment Commission office here, Tuesday issued a plea for persons who have filed applications for jobs to contact the TEC office.

"There are many job vacancies in Midland now," Bechtel said, "but for one reason or another many applicants can not be reached."

Persons who have applied for jobs are asked by Bechtel to either come by or telephone his office, stating whether they are available for work. Applicants also are urged to notify the TEC of address changes.

## Search For Missing Mosser Family Shifts To Fort Smith, Ark.

TULSA, OKLA.—P—Officers following clues to the missing Carl Mosser family took their investigation Tuesday to Fort Smith, Ark.

Tulsa Detective Sgts. Harold Hulse and Ray Page reported wrappers and sticks from ice cream bars have been found in the family's blood-spattered automobile which was abandoned near here last Wednesday.

The detectives said the ice cream was manufactured at Fort Smith. They went there Tuesday to learn what radius from that city the product is distributed.

## Midland Grigger Undergoes Surgery

Martin A. Rose, 17-year-old Midland High School football player, was scheduled to undergo surgery at Midland Memorial Hospital today for an elbow injury suffered during the football season.

Rose is the son of Mr. and Mrs. D. H. Rose, 1011 West Missouri Street.

## BOARD MEETING

The board members of the High School Parent-Teacher Association will meet at 10 a.m. Wednesday in the principal's office.

## GETS CITIZENSHIP PAPERS

Mrs. Duffy Stanley of Midland Monday received her citizenship papers in Federal District Court in El Paso. A native of Germany, Mrs. Stanley has resided in the United States about three years.

## RANCHER IN HOSPITAL

F. A. Bird, Midland county rancher who lives at 1100 West Kentucky Street, was admitted to Midland Memorial Hospital Monday for medical treatment.

## HEWETT FACES SURGERY

Joe Hewett, Hillcrest Acres, sales manager for the Hargrave Motor Company, was admitted to Midland Memorial Hospital Monday for surgery.

## The 'New Taste' in beer!

# PALE DRY IS THE REASON WHY

We think you'll discover something new in beers when you try the fine, bright flavor of Pale Dry GRAND PRIZE. It's the "new taste" in beer and Texans everywhere have been enjoying Pale Dry since we first introduced it one year ago.

**How is it brewed?**

The GRAND PRIZE master brewer uses only the very best hops, the finest malt, top-grade Texas rice, the purest strains of yeast, culture and pure deep-rock artesian water in brewing GRAND PRIZE. It takes such quality ingredients to produce a pale dry beer. Every barrel of Pale Dry GRAND PRIZE is given abundant time to age.

**We believe...**

that if you once try Pale Dry GRAND PRIZE you will join the ranks of the hundreds of thousands of Texans who prefer it to any other beer!

**What does Pale Dry mean?**

Pale Dry is the name for a new and specific kind of beer—pale gold in color, and sharply dry in flavor, as opposed to old-style, sweeter, darker beers heavy with malt and fattening solids.

**GRAND PRIZE**  
Pale Dry  
BEER

BUSINESS OPPORTUNITIES 57

NOTICE READ THIS AD

Your Lifetime Opportunity If You Are Qualified Due to the immediate opening of new factories and old ones reopening—and thousands of people returning to work in factories and businesses—caused by the vast rearmament program, we must select immediate reliable parties who can meet the following requirements. We are interested only in people who can make a decision of their own and not just shoppers and curiosity seekers. Details below will explain very briefly what is expected of you and the excellent opportunity we offer.

Manager Wanted Man or Woman

To service route of new 5¢ candy bar machines; also other merchandising machines. No selling or soliciting. Factory distributor will secure locations and make necessary arrangements. In this area and surrounding territory. Ideal offer set up to start, \$400.00 per month possible part time. Full time more. Secured \$1,500 to \$3,000 cash required now. Depending on number of machines you have time to service. Please don't waste our time unless you have the necessary capital and positive you want to go into the vending machine business—not next month, not next week—NOW, as we are definitely going to establish some reliable party in this area immediately, and those who qualify and are selected, should earn \$12,000 and up yearly, when fully established as this is big business and an opportunity presented once in a lifetime. If you can follow our instruction and supervision and manage a real money making business, you should become financially independent within a very short time. Write fully about yourself giving age, phone, address. Write Box 3014, Reporter-Telegram.

FOR SALE: Wrecking yard, good stock, new used parts used cars, one 60x40 quonset building, one 40x24 sheet iron shed, well fenced, 125-foot front, 215 feet deep, on U. S. Highway 67 in very choice country, in Northeast Texas, limits of county seat town, population 15,000, in the heart of the brick and tile country, in Northeast Texas, price \$20,000, immediate possession. 4227 Oneal Street, Greenville, Texas.

BUSINESS OPPORTUNITIES 57

**Borland Speaks To Optimist Club**

Harold Borland, county probation officer, told of the reasons behind the organization of the Youth Development Council in an address before the Optimist Club at its luncheon Tuesday in Hotel Scharbauer.

Borland also explained the workings of the state organization, which he said was composed of 14 members. Six members are appointed by the governor and the others are ex-officio members.

Borland said the pressure for organization of the council followed an increase in juvenile delinquency. This gain in delinquency, Borland explained, was caused by the state's

change from an agricultural economy to an industrial economy. V. H. (Pete) Van Horn, president, presided at the meeting.

Piano selections were played by Johnny Bizzell. Kelly Bell was a guest.

Van Horn announced a directors meeting will be held in his office at 6:30 p.m. Wednesday.

**Went Deer Hunting And Bagged Baloon**

SHORT GAP, W. VA. —(AP)—Dr. C. N. Foose, Jr., went deer hunting in West Virginia and bagged a baloon. So somebody in Georgia may get a turkey.

The baloon carried a card to be finder. A newspaper there had given similar balloons to its roble servers, who released them.

The newsboy whose baloon drifts farthest gets a turkey.

**Dead Animals Removed FREE of Charge—HORSES, CATTLE, HOGS PHONE COLLECT 4577 Midwest Rendering Company MIDLAND, TEXAS**

**Salary Hike—**

(Continued From Page One) plus any necessary transfers from automobile fees.

With increased activity in these offices, the fee collections made a sharp jump in 1950. May Reach \$17,000

The county treasurer's records show there already is a surplus in this fund of more than \$12,000 and by the time the final reports for 1950 are made, the total will have jumped to more than \$17,000.

The county wound up in 1949, after a \$20,000 transfer had been made from the automobile fees, with a surplus of \$5,900.

The next year, only \$14,500 was transferred and the fund still showed a surplus of \$3,200.

In 1950, the \$17,000 surplus includes a transfer of \$10,000.

The officers' salary fund, it was explained, does not depend directly on ad valorem tax collections, except that the more taxes collected, the more fees deposited.

However, the salary of other county employees, such as librarians, janitors, court attaches, welfare workers and others are paid from either the road and bridge, jury or general funds, which are supplied through the ad valorem tax collections.

**Tax Picture Bright**  
The ad valorem tax picture for the county appears bright, following the prediction last week by Tax Collector-Assessor J. M. Speed that 1951 valuations would jump from \$16,000,000 to a record-breaking \$25,000,000.

With only one exception, all deputies in the courthouse now are paid salaries below the maximum allowed under Texas law.

The law applying to Midland County permits salaries for deputies of \$300 monthly. The present salaries are \$280 for chief deputies and \$230 for deputies.

The elected officials, who were voted a salary raise last Summer, now are receiving the maximum of \$5,400 annually. The commissioners themselves, who are permitted \$2,500 under the law, now have annual salaries of \$1,800.

Under proper procedure, however, the law provides that the salaries can be raised even above the maximum set to the extent of 35 per cent for officials and 25 per cent for deputies.

**Cotton**  
NEW YORK —(AP)—Tuesday noon cotton prices were 75 cents a bale higher to five cents lower than the previous close. March 43-66, May 43-35 and July 42-86.

**INJURED IN ACCIDENT**  
Ray Johnson, employe of the Tex-Harvey Oil Company, was admitted to Midland Memorial Hospital Monday for treatment of injuries received in an automobile accident.

The estimated daily population of Rockefeller Center in New York City is 160,000.

**Permian Basin Oil And Gas Log—**

(Continued From Page One) lower Devonian. Both zones had been treated with acid.

This development tested perforated zone at 5,890-94 feet in the upper Devonian naturally. It swabbed 12 hours and made 3.7 barrels of fluid, two per cent oil and .94 per cent salt water.

Operator has aqueducted those perforations off with cement, and will drill out to the two sets of lower perforations and complete from those sections.

**Producer, Location Added To Tex-Harvey**

Another producer has been added to the Tex-Harvey field of Central-East Midland County and location staked for the drilling of another prospect.

Barnett & Rector No. 1-14 Floyd Estate has been completed for a flowing potential of 404 barrels of 37-gravity oil and no water per day from open hole at 6,992-7,180 feet.

The flow was gauged through a 24/64-inch choke.

The open hole section had been shot with 785 quarts of nitroglycerin.

Tubing pressure on the completion test was 150 pounds. A packer was used in the casing.

Location of the new producer is 1,980 feet from south and 680 feet from east lines of section 14, block 37, T-3-S, T&P survey and in the southeast side of the field.

The Tex-Harvey Oil Company spotted location for the new prospect 660 feet from north and west lines of the southeast quarter of section 15, block 37, T-3-S, T&P survey, and in the south side of the field.

It is contracted to drill to 8,000 feet.

**Drillsite Set For Midland Germania**

Standard-Fryer Drilling Company has staked location for a new prospect on the northwest side of the Germania field of Northeast Midland County.

It is No. 1-7 A. Fasken and is located 668.5 feet from north and 1,987.5 feet from east line of section 7, block 36, T-2-S, T&P survey.

That makes it 12 miles east of the City of Midland.

Rotary tools will be used to drill to 7,500 feet, beginning immediately.

**Producer Finaled In Midland Tex-Harvey**

Phillips Petroleum Company has completed its No. 1 Floyd in the Tex-Harvey field of Central-East Midland County.

The well pumped 24 hours and made an initial production of 131.73 barrels of 36-gravity oil. Gas-oil ratio was 227-1. Total fluid recovered was cut with 12 per cent water.

Top of pay is 7,058 feet and total depth is 8,060 feet. Seven-inch oil string is set at 7,700-82 feet. The pay section was shot with 1,646 quarts of nitro glycerin.

Location of No. 1 Floyd is 684.5 feet from north and 760 feet from west lines of section 15, block 37, T-3-S, T&P survey.

**Reagan Slated For Two Explorations**

Humble Oil & Refining Company has spotted location for two wildcat explorations in Reagan County.

The company will drill its No. 1-M University as an 11,000-foot Ellenburger test 1,980 feet from south and west lines of section 28, block 58, University land survey.

The location is six and one-quarter miles southeast of Stiles and on a drilling block of 2,508.8 acres, for which Humble paid a bonus of \$25,000 at the recent lease sale.

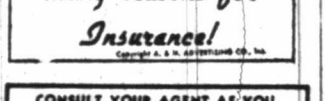

The second Reagan operation, a 7,500-foot Spraberry sand test, is Humble No. 1-N University, 1,980 feet from south and 660 feet from west lines of section 28, block 2, University land survey.

That makes it four miles northwest of the Big Lake field.

Drillsite is on a 2,638.4-acre drilling block for which the firm paid a bonus of \$180,000 at the lease auction.

**Wildcat Spotted In SE Andrews**

Four miles northwest of the Midland Farms field of Southeast Andrews County, Humble Oil & Refining Company will drill a 5,600-

**Legislature—**

(Continued From Page One) almost ready for introduction. Because the newly-established Legislative Budget Board has done many months of spadework on these measures, they already were written and just a few blanks remained for final figures.

The Budget Board does this work for the legislators. The Board of Control, which prepares another version for Gov. Allan Shivers, reported Monday its product is in the hands of the printer and will be ready for release soon.

**Tough Row To Hoe**  
This Legislature, meeting in a world of tension, has as tough a row to hoe as any in Texas history.

It must pattern the state's course of government for the next two years against a background of crisis. It must legislate fluidly to meet any emergency.

One of its first major jobs will be to fashion a civil defense program to jibe with national specifications and prepare critical areas for possible disaster. Governor Shivers' defense staff was working day and night on emergency recommendations.

The Legislature somehow must find 110 million dollars of new state revenue if it expects to continue state services at the present level during the next two years.

That means taxation, deficit financing or radical economies. The latter two were not expected, although there will be cutting wherever possible.

This session must act where others have failed in more than 20 years to equalize legislative representation.

**Re-districting Necessary**  
It will be called on to give Texas a spot for a new congressman to match the state's population growth.

The redistricting task will be to give many fast-growing areas more legislators. In this difficult process, it will have to cut down on the number of regions where population has remained static, or has slipped.

If the 52nd session doesn't redistrict, the Constitution now provides for a board to do the work.

Monday, the Legislative Council, another new agency set up to make lawmaking more efficient, wound up two years of research with half a dozen recommendations for major undertakings.

The council recommended creation of a coordination agency to determine the role of each university and college in an effort to prevent overlapping and waste.

It also recommended tightening of the tax laws, abolition of inactive state agencies, education of mentally-retarded children, division of the Railroad Commission into two agencies and regulation of intrastate telephone tolls.

**ADMITTED TO HOSPITAL**  
Mrs. J. L. Burch, 420 South Lorraine Street, was admitted to Midland Memorial Hospital Monday for a possible appendectomy.

and it failed to show any signs of production.

A bridging plug was then set in the bottom of the 51/2-inch casing which is cemented at 7,613 feet and the pipe was perforated at 7,587-7,603 feet.

That interval was hydraulically fractured and operator is now swabbing to test. So far very little indications of an oil well have been developed by the project in any zone it has cut.

Location is 660 feet from north and west lines of the southeast quarter of section 13, block 36, T&P survey, T-2-S.

**North Pecos Wildcat Finds Sulphur Water**

C. H. Murphy & Company No. 2 Ford in North Pecos County is bottomed at 6,079 feet in Ellenburger and is running Schlumberger surveys. Top of Ellenburger is 6,090 feet and elevation is 2,399 feet.

The project recovered 720 feet of sulphur water on a two-hour drillstem test from 6,060-78 feet. This test was taken in a formation which is thought to be the Ellenburger.

Operator is to set 7-inch casing and try to complete as a discovery from the McKee sand of the Simpson at 5,173-85 feet where it flowed oil on a drillstem test of that section.

Location is 330 feet from northeast and southeast lines of section 3, block 3, H&TC survey. It is about one and one-half miles south of the Abell-Silurian-Montoya field.

Murphy No. 2 Ford is one-half of a mile east of the same concern's No. 1 Ford, a dry hole which went all the way to the Ellenburger without finding any signs of possible production.

**AMERICAN to CALIFORNIA**

LOS ANGELES—SAN DIEGO SAN FRANCISCO

**Some Oil Found In NE Howard Tester**

Texas Pacific Coal & Oil Company No. 1-AC-1 N. H. Reed, northeast Howard County wildcat 11 miles north of Coahoma found a little oil and a small amount of salt water in the Pennsylvania lime reef and is to drill ahead to the Strawn.

It topped the reef at 7,780 feet. Elevation is 2,500 feet. It drillstem tested the zone at 7,780-7,815 feet and recovered five feet of drilling mud with no shows of oil, gas or water.

It drilled on down and took a drillstem test at 7,815-54 feet. The tool was open three and one-half hours. There was a blow of gas for part of the period.

Recovery was 180 feet of free oil, 180 feet of heavily oil and gas cut mud, 90 feet of heavily mud cut salt water and 90 feet of mud cut salt water.

Interested observers do not think the project has enough pay section in the reef above the water to make an oil well.

Location is 660 feet from west and 1,980 feet from north lines of section 23, block 25, H&TC survey.

**Wildcat Slated In SE Iron Region**

Frank and George Frankel of Houston have staked location for a 7,800-foot rotary wildcat in Southeast Iron County 10 miles south of the town of Merton.

Their No. 1 J. I. Rawls will be 660 feet out of the southwest corner of section 9, GC&SP survey. That will put it one and one-quarter miles north of the Schleicher County line.

The Iron project will be one mile east of the two-well Tankersley-Strawn field and two miles northeast of Frankel and Shell Oil Company No. 1 Williams, recent opener of the Tankersley-Clear Fork field.

**SW-C Tom Green Gets Exploration**

Ryan, Hays & Burke of San Antonio are to drill their No. 1 Mona Green Kent as a wildcat one mile northeast of the Susan Peak field in Southwest-Central Tom Green County.

The slated 4,800-foot test will be one mile northeast of J. Ralph Stewart and others No. 2 J. Wiley Green, producer in the Susan Peak field.

The drillsite is 660 feet from north and east lines of section 184, block 11, SPRR survey.

It will be drilled on a farmout from Seaboard Oil Company of Delaware.

**Four Reef Projects Staked In Scurry**

The Texas Company has spotted four new explorers for immediate drilling in the Cogdell field of Central-North Scurry County. All these projects will be drilled to 7,150 feet with rotary tools.

Location for No. 124 P. L. Fuller is 683 feet from north and 668 feet from west lines of section 562, block 97, H&TC survey and 14 miles northeast of Snyder.

Drillsite for No. 125 P. L. Fuller is 662 feet from north and 767 feet from east lines of section 551, block 97, H&TC survey.

About 13 miles north of Snyder, Texasco is scheduled to drill its No. 126 P. L. Fuller. Location is 1,987 feet from south and 667 feet from east lines of section 551, block 97, H&TC survey.

Texasco No. 127 P. L. Fuller is 668 feet from east and 1,325 feet from south lines of section 564, block 97, H&TC survey. That puts it 14 miles north of Snyder.

**Glasscock Venture Swabbing To Test**

Southern Minerals Corporation No. 1 S. C. Houston, Northwest Glasscock County wildcat, six miles south-southeast of Stanton and six miles east and slightly north of the Germania-Spraberry field in Northeast Midland County, hydraulically fractured the open hole in the Spraberry at 7,613-7,777 feet.

That zone was swabbed after the
