Midland Wildcat Is Testing Ellenburger

Ralph Lowe No. 1 J. E. Hill, Central Midland County wildcat, five miles southwest of the City of Midland is running a driller's test in the top of the Ellenburger at 12,984-13,043 feet.

The tool was still in the hole at last report. Operator is expected to be out with the tester late Tuesday.

The official call on the top of the Ellenburger was not available. Some interested observers think that marker was encountered between 12,000 feet and 13,000 feet. Elevation is 2,825 feet.

Location is 680 feet from north and 1,980 feet from east lines of section 30, block 29, T&P survey, T-3-S.

This deep prospector is six miles northeast of the discovery wells of the Parks-Pennsylvanian fields in Central-West Midland County.

The Lowe development has already shown as a possible discovery from the Dean sand and it flowed oil in commercial amounts from the Wolfcamp time.

Dawson Discovery Gets South Stepout

Mid-Continent Petroleum Corporation has filed an application with the Railroad Commission of Texas requesting a permit to start drilling at once on a one-half mile south stepout from the opener of the Huddle-Manning field in Central Dawson County.

The prospector is to be Mid-Continent No. 1 R. C. Moore. It will be 680 feet from north and east lines of the northwest quarter of section 14, block 36, T&P survey, T-5-N.

Drilling is projected to 8,400 feet to explore the Spraberry sand pay from which the field opener, Fred M. Manning, Inc. and Bay Petroleum Corporation No. 1 Huddle was completed.

That wildcat reported a flowing potential of 186.25 barrels of oil per day, and no water, from pay in the Spraberry at 7,856-7,985 feet. The pay had been shot with nitro glycerin.

It was located 1,980 feet from north and west lines of section 11, block 36, T&P survey, T-5-N.

The Mid-Continent exploration will be two miles south of the southwest side of the City of Lamesa.

Flanker Staked To Terry Field

Union Oil Company of California is to drill its No. 4 Jim McCutchen as a 1,220-foot west offset to its No. 3 Jim McCutchen, which is now preparing to test and complete as a stepout to the Robert Lee-Clisco field, in Central Coke County.

Drillate is to be 1,980 feet from south and 680 feet from west lines of section 44, block L-A, H&TC survey and two and three-quarter miles east of Robert Lee.

It will be drilled to around 4,000 feet to test the Clisco sand which is producing in the No. 3 McCutchen.

Midland Germania Gets Long Stepout

One and one-eighth miles southeast of the nearest producer in the Germania-Spraberry field of Northeast Midland County, Mid-Continent Petroleum Company staked location for a 7,500-foot test.

It will be drilled as its No. 1 Andrew Faaken, 660 feet from north and west lines of section 16, block 36, T-2-S, T&P survey.

The drillate is 16 miles east of the City of Midland.

Operations will start on the Spraberry test as soon as location is cleared and rotary tools moved in.

Dawson Opener Shows Oil

Sunray Oil Corporation No. 1 Robert A. Brown, Pennsylvanian reef lime discovery in Southeast Dawson County flowed at the rate of 302 barrels of oil daily on a driller's test through perforations at 9,496-9,506 feet and at 9,509-9,524 feet.

The 12-hour flow of 151 barrels of oil on the test was gauged through a 12/64-inch choke.

On the test, gas was at the surface in six minutes, mud in 36 and oil in 38 minutes. The assured opener flowed to pits to clean out before being turned to storage tanks.

Gas-oil ratio was 315-1. Flowing pressure was 185 pounds.

Five and one-half-inch casing is cemented at 9,539 feet. Operator ran tubing and at last report, the well was being swabbed.

Production was indicated earlier on a driller's test from 9,502 feet, where the reef was entered, to 9,530 feet. Recovery was 7,450 feet of oil, 120 feet of drilling mud and 60 feet of salt water.

Shivers Calls For Courage, Sacrifice At First Inaugural

AUSTIN—(P)—Allan Shivers launched his first full term as governor Tuesday with a challenge to Texans to meet the perils that lie ahead with "courage and self sacrifice."

The dishonest hate, greed and lust of godless communism threaten to "consume a free people," Shivers said, but Texans never have shown indecision or despair and they won't now.

His nine-minute inaugural address came after he solemnly swore to preserve, protect and defend the Constitutions of the state and nation.

"The prospect for the American people is one of austerity and self-sacrifice," Shivers said. "At no time in the history of our great state has it been more imperative to place first things first."

Shivers repeated the oath of office as the words were spoken gravely by Chief Justice J. E. Hickman of the State Supreme Court. A few minutes earlier, from a platform framed by the imposing 72-foot south entrance arch to the capitol, Ben Ramsey of San Augustine was inducted as lieutenant governor.

The gruff voices of three 75-millimeter cannon spoke in the traditional gubernatorial salute to open the simple 30-minute ceremonial. The National Guard field guns were fired one round at a time, spaced at three-second intervals, as the (Continued On Page Eight)

E. P. Cowden Funeral Services Held Here

Funeral services for Eugene P. Cowden, 75, pioneer Midland ranchman and banker, were held at 2 p.m. Tuesday in the Newline W. Ellis Chapel, with the Rev. Vernon Yearby, pastor of the First Baptist Church, officiating. Interment was to follow in Fairview Cemetery.

Cowden died at his home, 201 North B Street, at 11:45 a.m. Sunday, a few minutes after he had been brought to Midland from his Andrews County ranch where he became ill a few hours earlier.

He was born June 8, 1875, in Palo Pinto County and came to Midland when he was 11 years old. He was the last of the Cowden brothers who established the old JAL Cattle Company here many years ago. "Uncle Gene" Cowden still operated vast ranch and oil holdings in this section, and the Dollarhide oil field in Andrews County is located on the Cowden ranch.

Nehru Says Reds To Consider UN's Cease-Fire Plan

LONDON—(P)—India's prime minister, Jawaharlal Nehru, Tuesday asserted the United Nations in effect has recognized Red China "as one of the great powers to be dealt with in deciding Far Eastern questions."

This recognition, he told a news conference, is bigger than a news item that the United Nations had accepted Red China's actual entry into the UN.

The Peiping government, he added, has promised "careful study" of the five-point Korean peace plan adopted over the weekend by the UN Political Committee.

Nehru's government is in close touch with Peiping. Many of the principles embodied in the UN proposal were inspired by Nehru himself during a conference of British Commonwealth premiers.

Nehru described continued American support for Generalissimo Chiang Kai-Shek's Formosa-based Nationalist Chinese regime as "unrealistic."

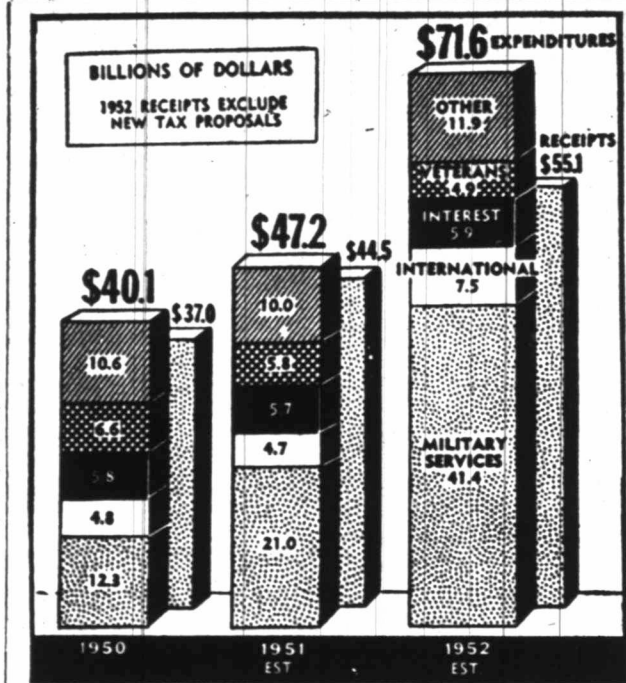

★ LATE NEWS FLASHES ★

SAN DIEGO, CALIF.—(AP)—Captured kidnaper-suspect William E. Cook Tuesday hurried sullenly away from his food in the county jail here as federal authorities planned his possible prosecution under the Lindbergh Law.

WASHINGTON—(AP)—Senator Lyndon Johnson (D-Texas) Tuesday scolded Defense Department officials for delay in presenting a legislative draft of their proposal for universal military service and training, including a draft of 18-year-olds.

SAIGON—(AP)—French troops have halted new attacks by 30,000 Communist-led Vietminh Nationalist troops aimed at Hanoi, North Indochina capital, it was announced late Tuesday.

WASHINGTON—(AP)—Farmers Tuesday presented to governmental departments and congressmen a new program which they hope will get them an adequate number of Mexican farm workers during 1951.

WHERE THE MONEY GOES—Here is how estimated expenditures for major items in the new budget for fiscal 1952 (beginning July 1, 1951) compare with the same items in the last two fiscal years. Biggest single expense is \$41,400,000,000 for the military services. Add to this \$11,000,000,000 for "national security," made up of \$7,400,000,000 for foreign aid—largely to help arm our allies—and \$1,200,000,000 for speed-up in atomic weapons production. The \$41,400,000,000 of direct military spending is almost double the \$21,000,000,000 being spent this fiscal year which ends June 30, 1951.

Byrd Asks Slash In Truman Budget

WASHINGTON—(P)—Senator Byrd Tuesday proposed that Congress carve \$7,000,000,000 out of President Truman's huge new budget and raise taxes by \$9,500,000,000 instead of the \$16,000,000,000 the President suggested.

The Virginia Democrat, an outspoken foe of what he calls extravagant Administration spending policies, said that plan would not deny a dollar needed for defense and produce a balanced budget well under the \$71,594,000,000 the President asked.

Meanwhile, crying "socialism," the potent coalition of Republicans and Southern Democrats in Congress made ready to war on a flock of "Fair Deal" measures the President put into his "national survival" budget, his estimates of government spending and revenues in the fiscal year starting July 1.

Top Republicans assailed the budget for "a spendism-as-usual" plan for "the same old, tired Socialist program."

They promised to crack down generally on non-defense spending. Ending a short-lived surface reconciliation following Truman's "Dear Harry" letter to Byrd, the Virginia senator declared in a statement:

"In my experience of 18 years, considering the perils that confront our nation, this (budget) message represents the very height of irresponsibility. x x x The President renews his advocacy of the socialist (Continued On Page Eight)

20 Doctors, Dentists Veterinarians Sign Up With Draft Board

Twenty medical doctors, dentists and veterinarians reported to Draft Board 137 here Monday in the second doctor registration.

Doctors who did not register Monday but who are required to do so, may report to the draft board any day this week, Mrs. John Runge, clerk, announced.

Officials believe, however, that few doctors in the three counties served by the Board, failed to register Monday. Midland, Glasscock and Sterling counties are under the jurisdiction of Board 137.

The registration of 20 doctors fell short of the estimates offered by observers. A total state registration of 7,500 was expected by Brig. Gen. Paul L. Wakefield, state director of Selective Service.

Continued Clear, Mild Weather Seen

By The Associated Press

Texas skies were clear Tuesday and continued warm weather for the season was forecast for the state through Wednesday morning.

Late Wednesday, the prediction was for moderately cooler weather. No rain fell in Texas Monday night.

The lowest temperature in Texas Tuesday morning was 19 degrees at Ozona and Salt Flat.

U. S. Crude Oil Production Drops

TULSA, OKLA.—(P)—The nation's daily average crude oil production during the week ended January 13 was 5,890,300 barrels, a drop of 32,635 barrels, The Oil and Gas Journal reported Tuesday.

Top decline was in Kansas, down 19,450 barrels to 289,850 barrels. Biggest increases were in Michigan, up 2,100 barrels to 44,900, and Oklahoma, up to 1,650 to 493,550.

Other gains included Arkansas, up 250 to 82,050; and Louisiana, 350 to 596,175.

19 Sent Calls For Induction

Induction notices have been sent to 19 men in Midland, Glasscock and Sterling Counties by Draft Board 137, Mrs. John Runge, board clerk, announced Tuesday.

The men will leave Midland early Friday for Abilene, where they will be inducted.

This is the largest single group of inductees to be sent from the Midland board since World War II.

Men who received notices for induction Friday include: James R. Currie, Claudell Jerry Reese, Bill V. Carlisle, Albert N. Provence, E. Leroy Collyar, Neil H. Flat, John Emmet Robinson, Cloyce Dean Wallace, Melvin G. Meissner, Billy Joe Thompson.

Curtis Wayne Clark, Jerry E. Oliff, Carl Eugene Crawford, Frank Wallace Merritt, Marion Donald Bizzell, J. D. Fowler, Melvin Joe Winkler, Charles H. Moore, Jr., and Amos Edward Lucas.

Board 137 sent a group of men to Abilene Monday for physical examinations, and a 46-man group will be sent for physicals Wednesday. Of this number, 20 men are transfers from other boards.

JayCees Aid In Annual March Of Dimes Drive Here

Distribution of 1951 March of Dimes coin collectors, under way for the last week, now is complete, Ray Lynch, county campaign director, announced Tuesday.

The project was handled by the Midland Junior Chamber of Commerce. Ed Stitt, chairman of the Distribution Committee, stated an attempt was made to distribute the collectors evenly throughout the city and county.

A miniature reproduction of a respirator, or iron lung, the 1951 coin collector is an improved version of the initial collector of this type first used last year, he explained.

"Our Coin Collector Committee members have done a fine job in spotting these canisters throughout Midland County," Lynch said. "I wish to thank retailers, hotel and restaurant owners, banks, shops and railroad and airplane terminal officials, for their wholehearted cooperation in displaying these coin collectors."

"Poster Boy" Pictured

For counter display, the coin collector is equipped with an easel bearing the picture of Larry McKennie, Jr., 1951 March of Dimes Poster Boy, both of whose arms were affected by polio. The 1951 campaign slogan: "Lend Me a Hand," appears on the container, which also may be used without the easel, Lynch said, to take up audience collections in theaters and at sporting and other events.

"Every time you drop a dime or quarter, or half-dollar in these collectors," Lynch said, "you'll be giving a polio patient—and yourself—a real lift."

Withdrawal Near Wonju Shortens UN Defense Line

TOKYO—(P)—An Allied combat team led by tanks drove into the Communist-held town of Suwon, 17 air miles south of Seoul, Tuesday, then withdrew after dark to defensive positions.

It was the fourth and largest objective cracked by the Eighth Army's reconnaissance in force in the western sector of the Korean front.

An AP field dispatch said three separate light plane observers first confirmed the Allied entrance into Suwon. The drive into the old walled town began at 2 p.m. Tuesday.

The Allied force routed about 100 Red troops in Suwon. The bulk of the Communist garrison had fled Monday under fierce Allied bombing and strafing attacks. Hundreds of Red weapons machinegunned on the road running north to Seoul.

The Allied western drive began Monday south of Suwon.

On the central front, Allied forces pulled out of the Wonju wedge, where for 16 days they had held off massed Red Korean attacks. Hard-Hitting Withdrawal

Near the east coast, Allied troops dispersed a force of 200 Reds 20 miles northwest of Samcho Monday.

The Eighth Army was ranged on a fairly straight line across the peninsula. Its strategy appeared to be keyed to a hard-hitting withdrawal, pulling back only when Red pressure gets too heavy.

The U. S. Eighth Army announced the central front pullback to the defensive line set up after the retreat from Seoul. American, French and Dutch troops rode southward through breath-taking mountain passes, along sheer cliffs and around hairpin turns.

Artillery barrages and punishing air strikes covered the withdrawal. Villages flamed.

Censorship prevented locating the new line. The communique said only: "This redeployment will usher in a new phase" of the Soekob Mountains battle. "The United Nations line has been straightened and shortened."

Censorship Tightened

Censorship now prohibits mention of any units smaller than the whole U. S. Eighth Army and Fifth Air Force. This was another day-to-day change which the censors say results from changing military conditions.

Dispatches received and published Monday before the newest clamp-down identified the Wonju holding force as the U. S. Second Division and the attacking force south of Suwon as the Third Infantry Division. The Second Division included French, Dutch and South Korean troops as well as Americans. The Third Division, which was evacuated by sea in December from Hungnam in North-east Korea, included at that time Puerto Rican and American mainland troops.

AP Correspondent William C. Barnard reported from the central front that the withdrawal from the Wonju area began Monday and was completed in an orderly way.

Sullen, Sick Desperado Bill Cook Blames Plight On Christmas Spree

SAN DIEGO, CALIF.—(P)—Sullen and sick, desperado William E. Cook, suspected killer of eight persons and in jail after a 12-day international manhunt, blamed his plight Tuesday on a Christmas spree.

As authorities prepared to press murder and federal kidnaping charges following his arrest Monday, the saved-off Missouri badman told reporters he couldn't remember anything for two weeks after "I got drunk with a man in Blythe (Calif.) Christmas night."

About the time of Cook's arrest, grim-faced officers in his home town of Joplin, Mo., found the bodies of all five of the Carl Mosser family. Cook is charged with murdering them. The mysterious disappearance of the Mossers two weeks ago prompted an extensive search in Missouri, Arkansas and Oklahoma.

A coroner's autopsy showed all had been shot to death. Mosser, 33; his wife Thelma, 29, and son Ronald Dean, seven, apparently had been bound and gagged first. Two smaller children, Cary Carl, five, and Pamela Sue, three, were shot through the heart at close range.

Cook, 24-year-old ex-convict brought here after his capture 600 miles south of the border in Santa Rosalia, halfway down the Lower California peninsula, was arraigned before a U. S. commissioner Monday on three federal charges, principally with kidnaping the Mossers with intent to do bodily harm. His hearing was set for January 29.

The other charges are flight to avoid prosecution on a charge of murdering Robert E. Dewey, 33, Seattle salesman, near Blythe January 6, and flight to avoid prosecution on Oklahoma robbery charges.

Returned to jail without bail, Cook was found to have dysentery

Six B-36's Hop Atlantic To England

LONDON—(P)—Six of America's biggest bombers—B-36's which can tote an atom bomb 10,000 miles—thundered out of the Atlantic mist Tuesday and landed in England for the first time.

They arrived singly at Lakenheath Airfield, 70 miles northeast of here, after a one-stop flight of about 7,000 miles from Carswell Air Force Base at Fort Worth, Texas, starting last Saturday.

The 400-mile-per-hour air go-laths, powered by six regular and four jet engines, flew the Atlantic after pausing at Limestone Air Force Base in Maine. Actual flying time was about 24 hours.

They dropped some practice bombs enroute, the Air Force reported, without saying where.

On Training Mission

The flight was part of the program for teaching navigation and fuel consumption techniques to the crews, an Air Force spokesman said. The planes and crews are scheduled to return home this weekend. However there have been rumors B-36's would be stationed in England because of the worsening world situation.

Lakenheath Field has been used by the U. S. Third Air Division since 1946 as a base for B-29 Superfortresses and B-50 training operations.

The training mission was headed by Col. Thomas P. Garrity, commander of the Eighth Air Force's 11th Bomb Wing. The first plane to arrive was commanded by Lt. Col. Richard T. Black of Hollywood, Calif.

• JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service
"When is a raise not a raise?" The curious fact is that in bridge it is possible to raise your partner's suit when your real meaning is that you have no support at all for that suit.

In the hand shown today, North became slam conscious as soon as his partner responded in diamonds. He decided that the best way to show his distribution and his values was to bid spades, clubs, and then diamonds—including a jump bid somewhere along the way. This would indicate extreme shortness in the fourth suit (hearts), and would encourage South to proceed if possible.

This plan would have been good enough, but a better idea presented

itself when West doubled three hearts. (West, by the way, didn't think that the double would stay in. He just wanted to indicate a favorable lead to his partner.)

North could bid four hearts to show that he had no hearts at all. It was clear that North couldn't have heart support, for then he would have been glad to redouble instead of increasing the contract. Hence the "raise" could be nothing but a bid to show control of the suit.

North later completed his message by raising diamonds. South then knew his partner's distribution and could safely bid the slam. The play was simple enough. South could expect to win five spades and a club and therefore needed six trump tricks to make the small slam. Therefore he had to win four trump tricks in his own hand and two heart ruffs in the dummy.

South won the opening lead in his own hand with the ten of trumps, ruffed a heart with dummy's jack, returned to his hand by leading a trump to the king, and ruffed another heart with the queen of diamonds. Declarer got back with the jack of spades to draw the last trump, after which the rest of dummy's spades could be run.

A—Pass. Your partner could have raised to three or four hearts with a really good hand. If he has only a fair hand, as his simple raise indicates, game should be out of the question.

Dealers Vote Ban On Communist Organ

NEW YORK—(AP)—Banning of The Daily Worker, Communist newspaper, from newsstands here has been voted four to one in a referendum among the 500 members of the Newsdealers Association of Greater New York, Inc. The association said Monday it had sent letters to newsdealers, advising them of the results and recommending that they follow the ban. Association officials predicted that most of the 1,000 non-member dealers also would refuse to sell the newspaper.

Civic Groups Set Up Fund For Young Veteran Amputee

JOLIET, ILL.—(AP)—A "Give Hubert Reeves a Future" fund has been organized for the young Army private whose feet and hands were frozen on a Korean battlefield. Civic groups sponsoring the fund have opened an account for Reeves in the Union National Bank of Joliet, in which all contributions will be placed. Army doctors at Percy Jones Hospital in Battle Creek, Mich., amputated Reeves' feet Friday. They said the 19-year-old soldier will lose at least part of both hands as soon as his legs heal.

'Greetings' Arrive With 'Best Wishes'

NEWPORT NEWS, VA.—(AP)—Irvin Fenton was busy making preparations for his wedding in the afternoon to Nancy Miller. A stack of congratulatory telegrams, letters and packages arrived. Most messages said the usual things, "Best wishes," and so forth. One was different. It said: "Greetings," and so forth. Nancy and Irvin were married on schedule, but Irvin will keep his January 23 appointment to take his physical for the armed forces.

Bold 'Strike First' Concept

The idea of "preventive war" has been examined thoughtfully and rejected by our leaders. They have spurned it on two counts:

- 1. There is really no such thing as a preventive war in the sense that a war can be fought to prevent war.
2. Undertaking a war to get the jump on the enemy and prevent DEFEAT is something else.

Most of the speculation on this point, however, has assumed that if we were to strike first, we would hit well in advance of the first enemy blow, when he was perhaps giving no sign of immediate action.

An entirely new notion now has been injected into this argument by Father Edmund Walsh, S. J., regent of Georgetown University's foreign service school.

Father Walsh believes we may be fully warranted morally in striking the enemy first if we have positive, reliable information that he is about to hit us.

The Japanese carrier fleet left a Jap port on Nov. 26, 1941, bound for its crippling attack upon Pearl Harbor on December 7.

Put simply, this is the right of self-defense and self-preservation, which is sanctioned both morally and legally by our democratic system.

Today the danger is from atomic bombs which may be carried by planes based 3,000 to 5,000 miles away.

Father Walsh reasons that Russia would not attempt an attack on us unless well armed with A-bombs, since she knows we would use such weapons against her instantly in retaliation.

Knowing this, for us to await the "first blow" is thus obviously to invite ruin and national suicide.

Father Walsh argues that we cannot take that gamble, that we cannot allow the enemy to strike first if we wish to survive.

Were we to adopt Father Walsh's thinking as our national policy, it would impose a tremendous strain upon our civilian and military intelligence services.

Our national leaders may contend that the burden on intelligence would be too great, that the risk of making a mistake would be colossal.

If that should be their conviction, it would seem incumbent upon them to devise an alternative policy which would guarantee to us the right to defend and preserve our nation and our people while there is still time to save them.

What that policy should be is a matter for debate. The nation can thank Father Walsh for the fact that this vital topic now has been reopened for discussion at the most critical juncture in our national life.

Critical Days For UN

Without any exaggeration, this may be described as the United Nations' most critical month in its five-year life.

If the liberty-loving countries in the UN do not join the United States soon in condemning Red China as an aggressor in Korea, the UN's days are numbered.

Persistent efforts by some Asiatic and Arab leaders to arrange a cease-fire now look ludicrous in the face of Chinese arrogance and brutal aggression.

We all know the Chinese can push us out of Korea if they want to pay the price in men. Will the Indians and others still be urging a Red cease-fire when and if we have to fight on the beaches and docks at Pusan?

Chinese Inflation

The Washington Merry-Go-Round

Copyright, 1951, By The Bell Syndicate, Inc. Drew Pearson says: Pope Pius reveals "his divisions," Public demands "no favorites" on tax collections; Tide of Toys builds friendship abroad.

WASHINGTON — Tim McNerny, the ex-Justice Department official and friend of statesmen, was visiting with Pope Pius XII at Castel Gandolfo, his Summer palace, McNerny, formerly a Boston newspaperman, had known the Pope when the latter visited Boston as Papal secretary.

Quick as a flash, the Pope replied: "Tell my son Joseph that he will meet my divisions in eternity."

President Truman now has warned the nation that Mr. John Q. Taxpayer will have to pay taxes literally through the nose to finance rearmament.

This isn't going to be pleasant, but John Q. Taxpayer can take it—as long as no favorites are played in tax collections.

About 99 per cent of the T-men who enforce tax collections are honest, underpaid and hardworking.

Exactly one year ago, for instance, this column exposed the way a small band of Internal Revenue agents were shaking down New Yorkers and gouging bribes from them in lieu of taxes.

Among those shaken down was the Kenmore Cloak and Suit Company at 512 Seventh Avenue, which made a payoff of \$3,000 in cash to T-Men William A. Ganey, Thomas Cannon, Jr., and James A. Bessell, who then split the money among them.

Another outfit shaken down was the Sherman Chevrolet Company, 561 Central Park Avenue, Yonkers, after T-Man John Galgano discovered an black-market, under-the-table transaction of \$300.

The T-Men also started a tax shakedown of the Rex Refrigeration Service Company, at 3097 Third Avenue, New York, but Carl Sandberg, a leader of the Star Democratic Club at 1029 East 163rd Street, stepped in and finally got the tax case called off.

These and many other details were published by this column a year ago. Names, dates and places were given. Naturally this is not the kind of news story some editors relish because it carries definite risks of libel.

Following publication, however, Assistant Attorney General James McNerny stepped in, and as a result, William A. Ganey now has been given five years, John Galgano two years, Anthony Piscina two and a half years, and Thomas Cannon, Jr., 18 months—all behind bars. They also were fined a total of \$22,209.

With high taxes, we now are heading into a period when the temptation to tax evade will be strong. A forthright system of tax collection is the only thing that can be fair to everyone.

Right off the bat, Ruth Thompson set a new record herself—that of being the first woman ever elected to Congress from Michigan.

Where Engel excelled as a military expert, Miss Thompson's forte is in legal matters. A former state legislator and probate judge, she is an authority in dealing with juvenile problems and social welfare. She also served as a personnel counselor

with our occupation forces in Germany.

A slender, erudite woman of Scandinavian ancestry, she speaks Danish, Norwegian and Swedish fluently.

The lady got another shock when a burly policeman refused to admit her to the House floor to hear the President's "State of the Union" message.

"Tourists aren't allowed on the floor," she was told.

"But I'm not a tourist," she replied. "I am Congresswoman Ruth Thompson of the Ninth District of Michigan."

Finally she got in.

Everybody gets an itch once in a while. And when the skin itches we scratch even though this does more harm than good.

Insect bites almost always cause itching. Cooties or lice are among the worst.

Some people itch all over after bathing. Although the itch usually disappears after the clothes have been on for a while this is a most annoying form of itch.

Winter itch is a closely related condition in which people complain of severe itching all over the body when undressing for the night or shortly after retiring.

Hives or urticaria always causes itching. This is an allergy and it can be recognized easily by the sudden appearance of raised redness spots accompanied by an irresistible desire to scratch.

Itching of the skin may accompany such diseases as diabetes, Bright's disease, and especially jaundice. In jaundice particularly the itch is most unpleasant and difficult to relieve.

Because there are so many possible causes for an itching skin, no single lotion or ointment can be

operated in an upright position.

White House Phone Call Wrote 'Finis' To Eisenhower's Christmas Holiday

WASHINGTON (NEA)—When General Eisenhower got first official notification that he formally was being offered the job as supreme commander, he was enroute back east from his Christmas holiday with Mrs. Eisenhower's family in Colorado.

The general was a little bit annoyed, because he was trying to get as complete rest as possible on the long train trip.

The general put on his coat and walked down the tracks in the snow. When he walked into the shack, all the men on duty got up, and after exchanging greetings, they solemnly walked out and stood in the snow.

So the call came through from President Truman, who thereupon offered him probably the toughest job in the world.

It seems the UN places more value on cement and concrete than on the blood and lives of those who gave their lives for the cause.

It found (in America) only anxiety and apprehension about the social effects of television, especially about its effects, mentally, morally and physically upon small children.

The only way to maintain peace is to build up sufficient strength so that you do not have a vacuum, with the possibility of aggression.

There is no excuse for failing to do our own part merely because we don't think the proper individual is in power.

WRONG: Telephone your answers. RIGHT: Write your answer on an "informal" or on small notepaper.

Have a Laugh

By BOYCE HOUSE After their celebrated race against each other for governor of Tennessee, Bob and Alf Taylor, brothers, went on a lecture tour.

When Mark Twain was still a relatively unknown writer, he was introduced to General Grant. As they shook hands, Mark couldn't think of a thing to say to the great general, who was calmly smoking a cigar.

DAUL TWING thought it over. Maybe, after telling him he had the wrong number and hearing his perplexed, worried, insistent tone, the telephone operator at the agency had become convinced that it was Paul Twing and had given him a message that Jaboe had left.

Jaboe may have called just a few days ago. Perhaps he had tried to put off the sailing after reading about Paul in the papers, but the company wouldn't let him.

DAUL waited with growing anxiety. Minutes ticked away and he began to wonder if the connection had been broken when the voice came back.

"Hello, a tanker, name of Dolphin, master Royce Cross, was at Staten Island up till yesterday. Paul's mounting spirits fell away. Jaboe loved that girl in the office. Loving her, he probably trusted her. He might have made other arrangements for Paul with Captain Cross and he gave her the message to pass along if Paul did show up!

The idea hit Paul with much less than complete conviction. There was a lot of wide-awake wishful thinking in the conclusion, but it could be. It might be.

He woke from his slow dream-like walk and searched for the nearest store that promised a phone booth. There was a cigar store in the middle of the block.

Paul nervously thumbed the pages until he found the listing of New York City governmental departments. Under this he looked for and found the dockmaster's office.

He spoke to three different people before he was connected with a man who was supposed to have the information Paul wanted.

"I want to know if you have any record of a ship now in port. The name is the Dolphin. The ship's master is Captain Cross. That's all I know about it. I don't know the type of ship or the owner. Can you help me?"

The voice at the other end was bored and sleepy. It sounded like an old man. "Who is this?" Paul thought quickly, "World Telegram, Donohue," he answered snappily.

Paul's face lit up. "Jo-Jo!" "Well, I'll be darned, you've been a long time showing up. I had to foul up my own engines to keep from sailing. You in New York?"

"All right, bub, listen fast, because somebody may bust in here any minute. We're pushing off at 8 in the morning. Get yourself down to Sheepshead Bay late tonight. There's an old tub down there called Cynthia. It takes out parties for deep sea fishing. An old barnacle by the name of Hymie Cross. My brother, runs it. He'll be looking for you. We'll see you on the Dolphin outside of Sandy Hook after we drop the pilot. Hymie knows where and when. Don't get to him any later than midnight. Have you got it?"

"I've got it! And Captain, I want to tell you..."

THE phone at the other end disconnected. Paul grinned, but the receiver back on the hook, and danced out of the store. No more waiting! They were out of it—on their way! He wanted to sing, laugh, and shout. The sense of release was terrific—overpowering.

Paul's eagerness to see May Jenkins and tell her the wonderful news permitted no rest. Lurch was out of the question. Smiling broadly, he continued walking uptown.

Questions and Answers

Q—Who discovered the art of making an oyster produce a pearl? A—It was the discovery of a Chinese. During the 13th century, he found that by placing a small object in an oyster, the oyster deposited more around it. In 1890 Japan began the commercialization of the idea.

Q—Under what cabinet officer did the Bureau of Mint originally function? A—It was originally a function of the Secretary of State. A separate agency was established for it in 1799.

Q—For what is Simon Lake best known? A—This American naval architect was the inventor of the even-keel type of submarine torpedo boat. In 1897 he built the Argonaut, the first submarine to be operated successfully in the open sea.

Q—What is the actual color of the wood of the black gum tree? A—The wood is light-yellow, cross-grained and not durable when in contact with the soil.

Q—What were the earliest written references to coal in America? A—in the accounts of Joliet's expedition to the Mississippi River in 1673.

lips. "This is a friend of Martin Jaboe's," he said.

There was a long silence at the other end. Then Paul heard Cross say, away from the phone, "Run up to the ship and keep an eye on things till I get back. Will you?"

Another silence. "Who did you say this was?"

"A friend of Martin Jaboe's." Cross's voice was cautious. "What did you call Jaboe?"

Paul's face lit up. "Jo-Jo!" "Well, I'll be darned, you've been a long time showing up. I had to foul up my own engines to keep from sailing. You in New York?"

"Yes."

Paul's eagerness to see May Jenkins and tell her the wonderful news permitted no rest. Lurch was out of the question. Smiling broadly, he continued walking uptown.

At 4 o'clock he found himself at the park where he was to meet May and Judy. He bought some later editions of the evening papers and sat on one of the benches in the park to read them. There was nothing of interest added to the earlier account he had read. The news of the subway drama still held page one, however.

Thompson Becomes Keystone Scout Head

KERMIT—P. V. Thorson of Midland, executive of the Buffalo Trail Council, Boy Scouts of America, installed Tommy Thompson of Kermit as chairman of the Keystone District at its banquet here Monday night in the new school cafeteria.

Thompson, superintendent of Kermit schools, replaces R. A. Lipscomb, school superintendent at Wink. A crowd estimated at 125 persons attended the banquet, at which Delbert Downing, manager of the Midland Chamber of Commerce, delivered the principal address.

Thorsen also installed other district officers and operating committee chairman.

Special recognition was given Scoutmasters, Den Mothers and other Scouters by Joe Niedermayer, field executive for the council.

Legionnaires To Serve Barbecue To Newsboys

The Woods W. Lynch Post 19 of the American Legion will feté newsboys of The Reporter-Telegram with a barbecue at 7 p.m., January 25, Wade Heath, manager of the Legion Hall announced Tuesday.

The Legionnaires served the newsboys last year and decided to make it an annual event. About 50 of the paper-hawkers attended the affair last year.

Legionnaires serve the chow personally, and reports from the first "feté" indicate the newsboys really go for the barbecue, a-la-Legion.

Teenager Gets Appetite Back; Thanks Hadacol

HALACOL Supplies Vitamins B1, B2, Niacin and Iron Which Her System Lacked.

According to Sara Loraine Beck, Box 253, Coker, Alabama, when a person is only 15 years old and feels terrible, can't eat or sleep the way they should, it's mighty bad. That is the way Loraine says she used to feel, but that was, of course, before she started taking HADACOL. Loraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Here is Loraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Stupid As I Look

The Huffen Puffen, the friendly wolf, was making a nuisance of himself. Again and again he was saying how important he was, he thought. He was saying it much too much, and he really needed a lesson not to say it so much.

Said the Huffen: "I am a very important fellow, I am, I am, I am, I am!" He was saying these words to Daddy Ringtail, your monkey friend, and to Mugwump Monkey, the monkey boy. Said the Huffen again: "I am a very important fellow, I am, I am, I am!"

"Huffen Puffen," said Daddy Ringtail, "you shouldn't be making a nuisance of yourself all the time with saying how important you are, you think."

Oh, and the Huffen didn't care at all that people who talk too much just never have time for any thinking. No sir, he didn't care, and did he care if Mugwump Monkey

now tried to teach him the lesson that he shouldn't talk so much? Oh no, the Huffen didn't care, he didn't care. He didn't. Just let Mugwump try it.

"Huffen Puffen," said Mugwump, "you don't talk too much, except all the time."

And the Huffen answered: "But I'm not stupid, I'm not, I'm not stupid!"

"Nossir," said Mugwump, "you aren't even half as stupid as you look."

"Oh yes I am!" shouted the Huffen.

"Sure," said Mugwump.

Said the Huffen: "I mean 'oh no I'm not!' I'm not even half as stupid as I look!"

Said Mugwump: "Sure. That's what I said in the first place. You aren't even half as stupid as you look."

"Oh yes I am!" answered the Huffen. "I am too just half as stupid as I—" the Huffen stopped to try to think well enough to decide, poor boy, because his talking words never had left him time enough to use his thinker. But now he learned his lesson, I hope, don't you? Happy Day!

Soviets Buy Big Share Of Rubber

SINGAPORE — Soviet Russia still is buying Malayan rubber. She holds third position as the biggest recipient of what's shipped out of the Federation of Malaya, topped only by the United States and the United Kingdom.

The United States bought 338,072 tons of Malayan rubber the first 11 months of 1950. The United Kingdom got a total of 180,318 tons. The Russian figure is 64,598. Additionally, the Russian satellites of Poland bought 3,065 tons; Czechoslovakia 8,410; Rumania, only seven tons; Hungary, 204, in the period from January 1 to Dec. 1, 1950.

Dalhart Woman Finds Baby Sister After 31-Year Search

DALHART, TEXAS — (AP) — A search of 31 years for her baby sister is over for Mrs. Vernon Lowrey of Dalhart.

She has just returned from Miami, Okla., where she saw her sister, Wilma, for the first time since 1919. Wilma was only five months old then. She now is Mrs. Bonar Ramsey.

"My prayers of 31 years have been answered," Mrs. Lowrey said joyfully.

Mrs. Lowrey said she was 11 years old when she last saw her little sister, Wilma. Their parents, Mr. and Mrs. James S. Coleman, had another girl and five boys.

They lived 12 miles east of Des Moines, N. M., on a ranch the Colemans had homesteaded in 1910 after traveling by covered wagon from Missouri.

Mrs. Coleman died in 1919 of pneumonia. An aunt, Mrs. Blanche Poe, of Picher, Okla., came to the grief-stricken home. The father and children reluctantly agreed it probably was best for Mrs. Poe to take the baby to rear. The other children remained with their father until he died in 1934.

Children Lose Track

Eventually, the Coleman children lost track of Mrs. Poe and their baby sister.

Mrs. Poe remarried when Wilma was seven. In the meantime, the Colemans left Des Moines.

As Wilma grew up she yearned to contact some of her own family. She wrote time and again to Des Moines, N. M. The letters always

came back stamped—"Whereabouts unknown."

Mrs. Lowrey, meantime, was writing to her aunt under her former name of Mrs. Blanche Poe, not knowing she had married W. T. Thomas. Her letters also were returned. Mrs. Lowrey's surviving brothers and sisters also were helping in the search. Three of her brothers are dead. Two are left. Fred Coleman is ranching near Sweetwater, Wyo. William Coleman, World War II veteran, is in a government hospital at Sacramento, Calif.

The other sister, Mrs. Julia De-graw, formerly lived in Dalhart but now is in Albuquerque, N. M.

Pay-Off Clue

Mrs. Lowrey finally turned up the pay-off clue. She changed one day to be reading a small Missouri newspaper. She noticed the name Ed Blanton several times. Since Blanton was her mother's maiden name, she wrote Ed Blanton on the off chance he might be a relative. He was. He said the only niece he had ever had at Picher, Okla., was Mrs. W. T. Thomas.

Mrs. Lowrey drove to Picher. "The good Lord had his arm around me," she said. "The first place I stopped was a bus depot."

"A complete stranger overheard me ask for Mrs. W. T. Thomas. He said he knew her and that she lived at Commerce, Okla."

At Commerce, Mrs. Lowrey found Mrs. Thomas. Tearfully happy, the two women started for the Miami, Okla., home of Mrs. Ramsey.

"My baby sister and I held our reunion in tears and laughter," Mrs. Lowrey said. "Of course, I was a little prepared for it. But Wilma didn't know I was coming until I had her in my arms. Time after time she sobbed—'Can it be true? Am I having a dream?'"

A strange sequel was that the finding of Wilma brought the other brothers and sisters a share in an estate of which they had never heard. An uncle died several years ago and left the estate for division among them. The trustees had found Wilma, but had not been able to locate the others.

P. T. Barnum, famous showman, ran for Congress in 1866, but was defeated.

Photo Of Badman's Nephew, Nieces Sets Off Great Manhunt

OKLAHOMA CITY — (AP) — Oklahoma officers Tuesday told a story of how a group photograph of William E. Cook's two nieces and a nephew was the clinching clue leading to one of the nation's biggest manhunts.

The hunt ended in Mexico Monday with Cook's capture. He is held in San Diego, Calif., awaiting hearing January 29. He faces three charges—kidnaping, murder and robbery.

Oklahoma County Sheriff Bob Turner, his deputies, and the FBI recounted how the picture fitted into the scheme of events.

They believed the Carl Mosser family of Atwood, Ill., was dead after their bullet-riddled car was found near Tulsa.

They decided the killer could have been the same man who robbed L. B. Archer, Tahoka, Texas, and took his car near Oklahoma City December 30. The Mosser car was found January 3.

Witnesses said a man was seen leaving a car identified as Archer's and flagging a ride in a car with an Illinois license.

A duffel bag was found in Archer's car. Clothing in the bag carried laundry marks. "Cook," a receipt for a .32 caliber pistol from an El Paso, Texas, store carried the name, "W. E. Cook."

Photograph Best Bet

A photo of the three children also was in the bag.

Turner decided there probably were thousands of "W. E. Cooks" in the country and discounted it as a strong lead and turned to the photograph as his best bet.

The photograph bore the name of a studio in Kirksville, Mo. It carried an inked inscription: "Love, Jackie, Vera Mae and Betty Jo."

Turner's deputies had written letters to the Kirksville studio seeking identification of the picture's owner before the Mosser tragedy broke.

The Daily Oklahoman borrowed the photograph from Turner January 4. The picture was transmitted over Associated Press wirephoto to St. Louis—but not for publication.

Picture Identified

FBI agents in St. Louis picked up a copy of the picture. It was for their use in the investigation. "However, the FBI said it could not comment."

Within a matter of hours after the picture reached St. Louis, William Edward Cook, 23, was identified as the "Cook" the FBI wanted. Charges of flight to avoid unlawful prosecution for robbery were filed.

In Kirksville, Monday, Capt. John Potter of the Salvation Army identified the three children as his son and two daughters.

Mrs. Potter is Cook's sister. Cook was given the photograph a short time before Christmas, 1949, when he was in Jefferson City penitentiary.

Thus, a picture of Cook's own nephew and nieces put officers on the trail which led to the sensational manhunt and ultimate capture.

Photo Of Badman's Nephew, Nieces Sets Off Great Manhunt

"The age-old teaching of the Prince of Peace is the only thing which actually will destroy communism, socialism or a dictator," the governor said.

Holman, who was introduced by Toastmaster Perry D. Pickett, spoke on "Facing the Challenge of 1951 at Kiwanians."

Officers Installed

H. W. Smith of Big Spring, lieutenant governor of District 12, installed the 1951 officers and directors of the club, including W. Henry Conkling, president; J. Wilmont Hunt and Dr. D. L. Patton, vice presidents; Wesley Martin, treasurer, and J. Harvey Herd, secretary; and W. M. Hester, Oliver Haag, Lloyd Nash, Reese Cleveland, R. D. Fitting, the Rev. E. J. Murray and Pickett directors.

Albert S. Kelley is the retiring president, and Cleveland and H. F. Ezell are the retiring vice presidents.

Kelley review the club's accomplishments of 1950, and Conkling outlined plans for 1951.

Perfect attendance awards for one-year were presented to J. T. Baker, Conkling, Haag, P. R. Hargrove, Hunt, Martin, Pickett, Lester Short; two-years — Ezell, Herd and Kelley; three-year — Ammon Bradshaw; four years — Cleveland, Ralph Crays, Berte R. Haigh and Joe Koegler.

Kelley presented President's Awards for outstanding service to Herd, Koegler and Martin, and Mrs. Kelley presented the President's wife's trophy to Mrs. Conkling.

More Awards Presented

Dr. R. Matthew Lynn, Koegler and Kelley received past presidents awards. A similar award will be sent to Dr. H. A. Ireland of Lawrence, Kan., the first president of the club here. The presentations were made by Lieutenant Governor Smith.

The Kiwanis Men's Chorus, under the direction of R. C. Michener, sang four selections. Special guests from Midland, Lubbock, Snyder and Big Spring were introduced by Pickett. The Rev. R. J. Snell gave the invocation, and Dr. Lynn, the benediction. Dinner music was provided by Oran Vaudell on the organ.

Governor Holman, in his address, emphasized the fact freedom is not free, and that the freedom which was passed on to us by our forefathers must be reclaimed or rejected.

"Freedom cannot be passed along—it must be maintained," he stated. "Meet The Challenge"

In pointing out that only two persons in 1,000 in America are civic-minded, Holman called attention to the fact that the 12 Disciples of the Prince of Peace changed the entire course of history and that their representatives through the ages and even now carry on the great teaching.

Stating that opportunity for service is evident on every hand, that it is service that makes a man great, and that the giving of self is more important than the giving of alms, Governor Holman called upon Kiwanians and others to give themselves "usefully, unselfishly and wisely to meet the challenge of 1951."

Midland Launches Fingerprint Program

A program to fingerprint all municipal employees "as a precautionary measure" was underway here Tuesday.

The fingerprinting program, which will begin with the Department of Public Safety, was ordered last week by City Manager W. H. Oswald.

"It isn't that we suspect anything," said Oswald, "but it's just a matter of getting these prints on record, in line with a suggestion by the Federal Bureau of Investigation."

After the 60 members of the Department of Public Safety are fingerprinted, the program will be extended to other departments.

The fingerprint job will be handled by Lt. Robert Branson, chief of the bureau of records and identification, and Patrolman Jimmie Joyce, assistant identification officer.

northeast quarter of the southeast quarter of section 3, block 35, T-4-N, R-6-P survey and three and one-half miles north of Sparanburg and seven miles west and slightly south of the Spraberry deep field.

Good Production Signs In SE Foard

The British-American Oil Producing Company and The Wilshire Oil Company No. 1 Johnson, wildcat in Southeast Foard County, 20 miles southeast of Crowell, recovered 305 feet of oil and gas-cut mud and no water on a drillstem test in a chalky lime.

The 90-minute test was taken over the interval from 2,134-51 feet. Open flowing bottom hole pressure was 75 pounds. Shutin bottom hole pressure after an unreported length of time was 750 pounds.

Producer Added To Sweetie Peck

Benson-Montin, Inc. No. 1-W-C J. F. Peck has been completed from the Wolfcamp of the Sweetie Peck field of Southwest Midland County for a daily flowing potential of 46.78 barrels of oil per day.

The Wolfcamp was washed through perforations at 9,840-9,880 feet with 10,000 gallons of acid.

Gas-oil ratio on the test was 9,410-1. Gravity of the oil is 55.9 degrees. The Wolfcamp pay was topped at 9,840 feet.

The well is also on production from the Pennsylvanian. It was completed from that zone several months ago as Benson-Montin, Inc. No. 1-P J. F. Peck.

Location is 660 feet from north and 500 feet from east lines of the southeast quarter of the northeast quarter of section 20, block 41, T-4-S, R-6-P survey.

Flanker Staked To Extender In Coke

Union Oil Company of California No. 4 Christova Stitt is to be a new exploration to the Pennsylvanian lime reef on the outside of the proven area in the Brownfield, South-Canyon field in East Central Tarrant County.

It is to be 660 feet from south and 1,980 feet from east lines of section 91, block T, D&W survey. That makes it four miles southeast of the town of Brownfield.

Midland Tex-Harvey Gets New Producer

Joed Rosenthal No. 1-9 Hugh Dixon has been completed as a producer on the west side of the Tex-Harvey field of Central-East Midland County.

The new well, located 662 feet from south and 638.9 feet from east lines of section 9, block 37, T&P survey was drilled for 126 barrels of 36.9-gravity oil daily, flowing through an 8/16-inch choke. The potential is based on an actual 24-hour flow.

Gas-oil ratio was 475-1. A packer was used in the casing. Tubing pressure was 50 pounds. Pay was topped at 7,115 feet. Total depth is 7,320 feet.

Oilers Completed In Gaines Sectors

New producers have been completed from deep pays outside of proven areas in two different regions of Gaines County.

Shell Oil Company No. 1-C Jones, new producer in the North Russell-Devonian field of Northwest Gaines County, flowed six hours through a one inch choke and made a calculated 24-hour potential of 1,065.36 barrels of 37.2-gravity oil.

Gas-oil ratio was 124-1. No water was present. Top of pay is 11,138 feet and total depth is 11,165 feet. Five and one-half inch casing is cemented at 11,144 feet. Pay section was treated with 2,500 gallons of acid.

Location is 660 feet from south and west lines of lease in section 498, block G, CCSD&RNG survey. In the Doss-Canyon field of Central-Southeast Gaines County, Shell and Ralph Lowe No. 3 Cunningham made a potential of 669.92 barrels of 46-gravity oil.

This was based on a 24-hour flow through a one-half inch choke. No water was present. Gas-oil ratio was 281-1.

Top of pay is 8,850 feet. Total depth is 8,919 feet. Production is coming from perforations in 5 1/2-inch casing at 8,849-8,915 feet. Casing is cemented at 8,919 feet. Perforations were acidized with 600 gallons.

The new producer is located 660 feet from north and 1,980 feet from west lines of section 4, block A-24, pal survey.

Stepout Staked To Strike In Sutton

C. L. Norsworthy, Jr., and Lone Star Producing Company have spotted

daily flowing gauge of 528 barrels of 46-gravity oil and no water. The C zone oil is coming from open hole at 7,444-7,458 feet. Gas-oil ratio was 795-1.

The C zone was treated with 1,500 gallons of acid, as was the B zone. Location of the dual producer is 4,660 feet from south and 1,667 feet from west lines of the lease of section 388, block 97, H&TC survey.

SW Nolan Opener Reports Completion

Sun Oil Company has officially completed its No. 1 Eunice Parramore, wildcat discovery in Southwest Nolan County for a 24-hour pumping potential of 46 barrels of oil, and no water from pay in the Caddo lime of the lower Pennsylvanian at 6,998-7,038 feet.

The well showed a gas-oil ratio of 1,613-1, but it would not flow steadily and operator has installed a pump to produce the petroleum.

The production is through perforations in the casing which is cemented at the plugged back total depth of 7,050 feet.

Location is 660 feet from south and 560 feet from west lines of section 55, block 1-A, H&TC survey. It is six miles southwest of Mearney.

The wildcat drilled to a total depth of 7,391 feet. That formation made salt water, with only slight signs of oil and gas.

Operator then plugged back to 7,050 feet for the completion in the Caddo.

Low Terry Project Gets Show Of Oil

Union Oil Company of California No. 3 Christova Stitt, on the southwest side of the Brownfield, South-Canyon field in East-Central Tarrant County has shown signs of production from the reef lime, despite the fact that it is extra low to the nearest producer.

It is understood that operator is to drill deeper at this project and it may be carried on down to the Strawn lime zone of the lower Pennsylvanian.

Top of the lime reef was called in No. 3 Stitt at 10,059 feet. Elevation is 3,271 feet.

It drilled to 10,130 feet and took a two and one-half hour drillstem test at 10,060-130 feet.

Recovery was 360 feet of oil and 1,350 feet of mud cut oil. Location is 1,980 feet from south and west lines of section 91, block T, D&W survey. It is four miles southeast of the town of Brownfield.

Ochiltree Project Is Plugged, Abandoned

The Blackwood & Nichols Company No. 1 Brunstetter, Southwest Ochiltree County wildcat, in section 22, B&B survey, has been plugged and abandoned at total depth of 9,521 feet in the lower Mississippian.

It ran a one hour and 12 minute drillstem test at 9,464-9,521 feet. Recovery was 560 feet of salt water. There were no shows of oil or gas.

This prospector was originally drilled by Walter Duncan and associates to a bottom of 9,010 feet in the Mississippian. It had logged slight shows of oil and gas above that point.

Blackwood and Nichols then took it over and deepened it to the latest total depth and in so doing failed to find any production and the plugging order followed.

Dual Producer Is Finaled In Scurry

Standard Oil Company of Texas has filed application with the Railroad Commission of Texas requesting allowable rights for its recently completed No. 7-2 A. C. Martin, dual producer from the B and C zones of the Strawn on the extreme east edge of the North, Snyder-Strawn field of Scurry County.

The well was potentialized for 1,012 barrels of 39-gravity oil and no water daily from the B zone through perforations at 7,318-7,340 feet. Gas-oil ratio was 665-1.

The pay was topped at 7,318 feet. The C zone was potentialized for a

Upton Pembroke Gets Exploration

Humble Oil & Refining Company has staked location for its No. 2-B Ralph Pembroke, which is to be drilled one location north of its No. 1-B Ralph Pembroke, producer in the Pembroke field of East-Central Upton County.

The drillsite will be 660 feet from east and 1,980 feet from south lines of section 8, block O, EL&RR survey.

Contract depth is 7,200 feet to test the Spraberry, regular pay of the field.

NE Howard Wildcat Is Drilling Ahead

Norman & Roche No. 1 H. E. Martin, Northeast Howard County wildcat, 330 feet from south and 467 feet from west lines of section 2, block 31, T-1-N, T&P survey, recovered 5,150 feet of salt water with no shows on a one-hour drillstem test from 9,310-36 feet.

The test was in the Ellenburger, topped at 9,327 feet. Drilling was progressing below 9,374 feet in dolomite and lime.

The No. 1 Martin previously had recovered 1,260 feet of oil and gas-cut mud on a two and one-half hour drillstem test from 8,940-56 feet in the Mississippian, which was topped at 8,845 feet, elevation 2,457 feet.

SW Scurry Test Quit As Failure

Sells Petroleum Inc. has plugged and abandoned its No. 1 L. A. Marchbanks and others, Southwest Scurry County wildcat, on total depth of 3,570 feet in lower Permian.

The prospector was located 330 feet from east and south lines of the northeast quarter of the southwest quarter of section 164, block 97, H&TC survey.

That made it 13 miles southwest of Snyder and in the Sharon Ridge-Canyon field.

Oilchtree Project Is Plugged, Abandoned

The Blackwood & Nichols Company No. 1 Brunstetter, Southwest Ochiltree County wildcat, in section 22, B&B survey, has been plugged and abandoned at total depth of 9,521 feet in the lower Mississippian.

It ran a one hour and 12 minute drillstem test at 9,464-9,521 feet. Recovery was 560 feet of salt water. There were no shows of oil or gas.

Board Selected To Hear Airlines Dispute

WASHINGTON — President Truman Tuesday appointed David L. Cole, Paterson, N. J., labor consultant, as chairman of an emergency board to investigate a labor dispute involving American Airlines pilots.

The President staved off a possible strike by the pilots Saturday when he signed an executive order creating such a board.

Tuesday, he named Cole, Frank P. Douglas, Oklahoma City attorney and former chairman of the National Mediation Board, and Aaron Horvitz, New York City attorney, to make up the board.

Dozen Seamen Hurt In Tanker Explosion

VENICE, ITALY — The 8,271-ton Italian tanker, Louisa, partially loaded with gasoline, exploded and burst into flames in Venice harbor Tuesday. First reports said a dozen seamen were injured and three others were unaccounted for.

The Louisa had been isolated from other ships and buildings because of her cargo.

Football Highlights Seen By Optimists

Members of the Optimist Club saw a film, "Football Highlights of 1949," at their luncheon Tuesday noon in Hotel Scharbauer.

The film was shown by Al Case of the Southwestern Bell Telephone Company.

V. H. (Pete) Van Horn, president, was in charge of the meeting. He told of progress on the Boys Workshop project.

Byrd Asks—

(Continued From Page One) measures known as the Fair Deal.

Actually, Byrd said, Truman proposed to increase non-defense spending to the highest level in history, and he added:

"He calls for an increase in taxation of from \$16,000,000,000 to \$20,000,000,000 annually and still proposes to continue wasteful domestic spending which has added billions to the public debt."

Byrd called for a \$4,000,000,000 cut in spending on non-defense functions of government and a \$3,000,000,000 reduction in economic aid to Europe. Truman asked for \$7,461,000,000 in cash for foreign aid programs without breaking down the figure into economic and military help.

Byrd said that if such a reduction is effected, he is sure Congress would find \$9,500,000,000 in new taxes.

"That would give us a balanced, pay-as-we-go budget," he said. "It is absolutely essential that we have a balanced budget."

Shivers—

(Continued From Page One) governor and his party emerged from the door of the Capitol.

House Speaker Reuben Benfitt presided at the joint session of the 52nd Legislature at which the rigidly functional ceremonial was held. The invocation was by the Rev. Carlisle Marney, pastor of the First Baptist Church of Austin.

Senate President Pro Tem Pat Bullock introduced Ramsey, and Benfitt presented Shivers. The benediction was by the Rev. Edmund Heinsohn, pastor of the University Methodist Church.

High state officials and members of the families of the governor and lieutenant governor were grouped on the bunting-draped pine platform.

They included Mrs. Shivers and their three children; Mrs. Ramsey and their daughter, and other close kin.

86 Aliens Turn In Address Cards

Since January 10, the initial deadline for filing of address cards by aliens, 86 cards have been turned into the Midland Post Office, Postmaster N. G. Oates announced Tuesday.

During the first ten days of the month, only 22 aliens filed their cards. After that, if an alien has not returned an address card he must report to the nearest Immigration office.

The Internal Security Act of 1950 requires all residents of the United States who are not citizens by birth or naturalization to fill out the address cards.

Most of the cards received by Oates since January 10 were filled out by Mexican Nationals. Other cards were received from nationals of Peru (3), Hungary (2) and Great Britain (3).

CC Banquet Tickets Sell At Rapid Clip

Reservations for the annual banquet of the Midland Chamber of Commerce, scheduled January 23, were being made at a fast clip Tuesday, Manager Delbert Downing announced.

He urged members to obtain their tickets promptly, since only 225 reservations will be accepted on a first come-first served basis. The tickets went on sale Tuesday.

Eugene McElvaney, Dallas banker, will be the principal speaker at the event, which will be held in the Crystal Ballroom of Hotel Scharbauer.

'C' Team To Play Odessa

The Midland 'C' Bulldogs tangle with the visiting Odessa Crockett five at 5 p.m. Tuesday in the John M. Cowden Junior High School gym. Coach Bernard (Pat) Patterson's five has a record of three wins and two losses, having defeated teams from Andrews, Coleman and Bowie Odessa. Losses came to Thomas Edison and Robert Lee Junior High of San Angelo.

Crockett won the Odessa Junior High Invitational Basketball tournament last weekend, defeating Robert Lee of San Angelo in the finals 33-30. Midland had fallen to the San Angelo five 46-18 in second round play.

Bill Mims, who has missed the last two games with the Purple 'C', may be back in action Tuesday. Other team main stays are Rusty Rutledge, Jimmie Mashburn, Milton Jones and Jim Hammet.

Paul Dean Balks At Proposed Screening Of Diz-Daffy Story

LUBBOCK—(P)—Paul Dean, former St. Louis Cardinal pitcher, said Tuesday he had refused a 20th Century-Fox request to use his name or to portray him in any way in a proposed motion picture starring Paul and his brother, Dizzy.

The young brother of the famed "Paul in Me" combination that hurled the Cardinals to a National League pennant and World Series championship in 1934 said the Hollywood company had refused to show him a copy of the script.

"I won't allow my name to be used or my boyhood portrayed unless I am able to see the script," Paul said. "I believe that a story based on the life of Dizzy and me would be great box office. I have made this proposition: Tell a true story based on our lives and, if the public doesn't turn out in larger numbers the second night than the first, I'll do it for nothing."

Conferees Adopt Go-Slow Policy On Grid Rules Changes

GALVESTON—(P)—The men who make college football's rules are taking a "go slow" attitude toward any changes because of the national emergency.

H. O. (Fritz) Crisler, Michigan athletic director and chairman of the National Collegiate Football Rules Committee, summed up his feelings Monday.

"We should keep changes to a minimum but should not impede progress. We don't want boys who go into service to be confronted with unnecessary changes when they come back."

There will be no rules changed until Wednesday, when a vote is taken on matters that have been discussed here in the last three days.

Monday the committee considered three possible changes in regard to starting the clock after a time out.

1. Start it for the most part when the referee spots the ball and declares it ready for play.
2. Generally start the clock when the ball is snapped.
3. Leave the rule substantially as it is, where the "ready" signal is used in some specified cases and the snap in others, but try to iron out some present flaws.

There was no discussion of the return of the fair catch rule. But this is one of the topics thought due to come up during the meeting.

Crisler said the main idea of the "clock" discussion was to achieve uniformity, to avoid confusion among fans and officials, without creating any inequities in play.

Another change discussed was easing the rule which forbids guards, centers and tackles to shift temporarily into the backfield unless they are five yards behind the line of scrimmage when the ball is snapped. The advantage would be to make more men eligible to receive forward passes.

Texas Plant Will Produce Magnesium

HOUSTON—(P)—Plans to produce magnesium from sea water at a government-owned plant at Vestalco, Texas, have been announced by Dow Chemical Company.

Dr. Mark E. Putnam, general manager of the Midland, Mich. company, said partial production of magnesium probably will begin this Spring.

Longhorn League To Set Schedule At Meet Sunday

ABILENE—(P)—The Longhorn League, which this year will be Class C, will hold its annual schedule meeting at Big Spring Sunday, President Hal Sayles announced Tuesday.

Besides adopting a schedule the league probably will consider liberalizing the player rule. At least six rookies and no more than three class men were carried last year.

New NCAA Ruling May Change Orange Bowl To Pro Event

DALLAS—(P)—Three of the nation's four major football bowls plan "business as usual" New Year's Day. But new NCAA rules governing the post-season classics may force a change in the Orange Bowl.

Representatives of the Rose, Cotton and Sugar said their games would not be affected greatly.

But an Orange Bowl Committee member said his group was thinking of switching from college to professional teams.

What the new regulations—providing primarily specific division of gross receipts and NCAA representation in staging the games—will mean for the minor bowls is not yet known.

The new regulations were adopted here last week at the annual convention of the National Collegiate Athletic Association. They provide, in the main, that participating teams share 75 per cent of the gross receipts and that the NCAA be represented in the management of the bowls.

The Rose Bowl, granddaddy of post-season play, is under supervision of the Pacific Coast Conference. The Cotton is supervised by the Southwest Conference. Member schools in each conference belong to the NCAA.

The Sugar and Orange Bowls have no conference tie-ups.

Arthur Ungar, an Orange Bowl committeeman, said it would be impossible to meet the 75 per cent demand because the game's sponsors must pay 20 per cent for rental of the Miami, Fla., stadium. That, he said, would leave just five per cent for operating expenses.

He said he and other committee members were considering the idea of booking professional teams.

Odessa Ready For Golden Gloves Meet

ODESSA—Interest is high here on the eve of the Odessa regional Golden Gloves meet that starts at 8 p.m. Wednesday.

Tournament Director Bill Wooster expects the "largest fight crowd ever in Odessa." The entry field is expected to be the largest ever here.

Teams from Odessa, Midland, Kermit, Monahan, Wink, Big Spring, Sul Ross College and probably several others are expected for the three-day tournament.

Fightcut action will begin at 8 p.m. Wednesday, Thursday and Friday.

Odessa is one of the Longhorn League teams still without a manager. Ensey, club president A. D. (Shadow) Ensey, stated recently no effort would be made to fill the post until after next Sunday's meeting.

"There's plenty of time for such matters," Ensey is reported to have said, "and too I want to select someone who will not be drafted before the season ends."

Odessa will depend upon the Corpus Christi club of the Gulf Coast League for its players, reports say.

Grocers Ask Control Of 'Runaway Prices'

DALLAS—(P)—Four hundred independent Dallas grocers have asked Congress for controls on "runaway prices." They said through a spokesman that wholesale food cuts have passed retail prices on some items.

M. T. Minyard, the spokesman, said the group would send "several hundred" telegrams, asking controls, to Washington.

STICKING TO THEIR GAME—Schoolgirls begin a match in the Girls' Billiard Championship at London's Burroughs Watts Hall. They are Clair Hackett, left, of Boucneville, Hampshire, and Maureen Barratt of Peckham.

King's Row

A lot of questions are due to be answered and a lot of problems settled Sunday afternoon at Big Spring.

That's the site of the Longhorn League's schedule meet. The palaver begins at 1 p.m.

Under consideration by the loop daddies is a 140 game schedule—14 games less than was played in the 1950 season. That would give each team 70 home tights instead of the 77 each had last season.

Present plans call for league play to begin April 19. That's eight days farther along than last year, when the league started playing for keeps April 11.

The all-star game will be held at Roswell on July 30, according to present plans. Of course, all these plans could be changed considerably before the wrangling and talking is done Sunday.

Biggest item on the Longhorn League agenda is the proposed increase of class men.

Directors are due to vote an increase, according to reports from all quarters. At the present time, only three are allowed, but officials are fearful there will be an acute shortage of rookies due to the national emergency, which will call many young men into the Armed Forces or to defense work.

And indeed, the only means of survival then would be class men.

That's why the proposed increase virtually is a settled question even before the meeting begins.

Engineers Defeat Big Spring Quintet

Midland's Rotary Engineers won their eighth basketball game in nine starts Monday night, slamming the visiting Big Spring Texas & Pacific five in the John M. Cowden gym 62-48.

Rotary never was behind after taking the lead in the opening moments of the ball game, despite the efforts of the T&P's Bill Davis, who scored 28 points. The Engineers led at the half 34-21.

Leland Huffman scored 18 points to pace the winning Engineers, while Bennie Rutherford scored 16 tallies. Paul Haskins scored 11 and Fred Collins 10 points to continue the Engineer scoring parade. Fred Brahaney and Jim Watson cleaned the backboards to give the Engineers superiority in the ball control department.

SCOTCH FOURSOME SET AT MIDLAND COUNTRY CLUB

It will be "Scotch Foursome Day" at the Midland Country Club Sunday. Club officials urge all members to attend. The members are asked to bring their own partners and to make their own foursomes.

Texas Longhorns Chill Porker Hopes In SWC Cage Race

By The Associated Press

The University of Texas Monday night just about chilled any championship hopes pre-season favorite Arkansas had of winning the Southwest Conference basketball race 50-42.

That gave Arkansas a dismal record of three straight licks in league play and left the surprising Texas Longhorns in good shape to pace the loop for at least two weeks. All they need is a little cooperation from Southern Methodist University.

SMU Tuesday night plays Texas A&M, the only other team with a perfect record in conference play. In another game, Baylor and Rice tangle in a battle of also-rans at Houston.

Four In A Row

Texas' victory was its fourth straight, compared to the three in a row for A&M.

The Longhorns jumped into an early lead at Fayetteville, Ark., built it into a 33-21 advantage at the half and then coasted to the win.

Jim Dowies and George Sealing paced the Longhorns with 14 and 11 points respectively, while Arkansas' top scorer was seven-foot-tall hilly (Toar) Hester.

Arkansas had been picked to win the title this year, with Southern Methodist and Texas Christian its most likely challengers. But both SMU and TCU have tumbled and Texas, not expected to do much, and A&M, under a new coach, are out in front.

Oklahoma Aggies Top AP Cage Poll, Face Tough Going

NEW YORK—(P)—Oklahoma A&M, the new national basketball leader, faces a stiff test Wednesday night in St. Louis University—and it could turn out to be a jinx game for the Aggies.

Hank Iba Defends Aggie Cage Style

STILLWATER, OKLA.—(P)—Coach Hank Iba had a solid answer Tuesday for those critics who say his Oklahoma Aggies are killing basketball because of the deliberate way they accomplish victory.

The Oklahoma basket-punchers are rated by the nation's sports writers as the No. 1 team in the Associated Press weekly poll.

Several days ago some coaches who are exponents of the "killing pace" type took a crack at Iba and some of the other slow-moving boys.

"It's killing the game," they said. "This slow stuff all the time."

Hank explained that his team features pattern plays—no stalling—passing the ball five or six times until a player gets a clear shot.

It's paid off with 17 straight victories—15 this season.

Engineers Defeat Big Spring Quintet

Midland's Rotary Engineers won their eighth basketball game in nine starts Monday night, slamming the visiting Big Spring Texas & Pacific five in the John M. Cowden gym 62-48.

Rotary never was behind after taking the lead in the opening moments of the ball game, despite the efforts of the T&P's Bill Davis, who scored 28 points. The Engineers led at the half 34-21.

Leland Huffman scored 18 points to pace the winning Engineers, while Bennie Rutherford scored 16 tallies. Paul Haskins scored 11 and Fred Collins 10 points to continue the Engineer scoring parade. Fred Brahaney and Jim Watson cleaned the backboards to give the Engineers superiority in the ball control department.

Sites For Texas PGA Tourney Announced

SAN ANTONIO—(P)—Brackett Park's narrow, winding course and the Fort Sam Houston Golf Course again will be used for the first 36 holes of the Texas Open Golf Tournament.

The last 36 holes of the me which runs from February 8 to 11 will be held over the Brackett Park course. The field will be cut to the low 60 players for the final two rounds.

The most distinctive beer in Texas history!

PALE DRY IS THE REASON WHY!

A little over a year ago we introduced a new kind of beer to the Texas public—a pale dry beer, different from any other beer sold in Texas. Pale Dry is the "new taste" in beer and folks everywhere have praised its fine, bright flavor!

GRAND PRIZE
Pale Dry
BEER

Tune in The Texas Roundup every Friday, 7-8 p. m., over these stations: KPRC, WFAA-820, WOAI, KRIS, KRGV.

What does 'Pale Dry' mean?

Pale Dry is the name for a new and specific kind of beer—pale gold in color, and sharply dry in flavor, as opposed to old-style, sweeter, darker beers heavy with malt and fattening solids.

How is it brewed?

The GRAND PRIZE—master brewer uses only the very best hops, the finest malt, top-grade Texas rice, the purest strains of yeast culture and pure deep-rock artesian water in brewing GRAND PRIZE. It takes such quality ingredients to produce a truly pale dry beer. Every barrel of Pale Dry GRAND PRIZE is given abundant time to age.

We believe...

that if you once try Pale Dry GRAND PRIZE you will join the ranks of the hundreds of thousands of Texans who prefer it to any other beer!

GRAMMER-MURPHEY

MIDLAND'S STORE FOR MEN AND WOMEN!

Bill Cook—

(Continued From Page One)
drive south to Santa Rosalia. There Police Chief Francisco Kraus Morales of Tijuana captured him in a cafe, quickly disarming him without bloodshed.

"During most of the seven days (we were with him)," said Burke, "Cook kept the gun in his lap with the trigger cocked. At night when we camped out, he sat with his back against a tree or rock with gun cocked. We were afraid to try to escape."

"They had heard radio broadcasts and knew who their captor was. FBI Agent E. C. Richardson, who directed the widespread manhunt from here, said he was 'greatly pleased with the fine cooperation of the Mexican authorities.'"

The capture ended the bloody trail which started January 3 with the discovery of the blood-soaked Mosser car abandoned near Tulsa, Okla. After an Oklahoma robbery charged to Cook, Sheriff's Deputy Homer Waldrip was kidnaped at Blythe January 6.

Bodies Found in Mine Shaft
Waldrip identified Cook as a former Blythe restaurant dishwasher and said he boasted of killing seven persons, leaving two in a snowdrift in Oklahoma. Later, on January 6, Dewey's body was found in Waldrip's car.

The Mossers' bodies were found in an old mine shaft just two blocks from a house where Cook once lived in Joplin. Police acted on the tip of a man who said Cook once had threatened to throw him in the shaft.

In Oklahoma City, where the kidnap charges were filed originally, U. S. District Attorney Robert Shelton said he wants Cook to face trial there. But U. S. Attorney Ernest Toland at Los Angeles said a conference of various states' and federal officers involved probably will be held to determine the trial site.

The Lindbergh Law carries the death penalty if the kidnaped person is not released unharmed. But the jury must recommend the extreme penalty.

New Mexico's White Sands national monument is an area covered with miles of pure white gypsum and sand dunes.

Abundant Living

By E. STANLEY JONES

II Cor. 11:23; Gal. 1:4; Rom. 5:8; 12:1

THE MARK OF JESUS—THE POWER TO TAKE IT

We continue listing the marks of Jesus which are to be branded within us.

6. The power to take it. When things happened to Him, good or bad, He could take it. A judge said to the writer: "There is an increase of the use of drugs, narcotics, and opiates because people can't stand frustration. The people that come before me have no religion, so they turn to the props of aspirin, drugs, liquor. They can't take it." Jesus could take it—when popularity tried to make a king of Him, and when men blinded by hate put Him on a cross. In either extremity, He could take it. And that power to take whatever comes is going to be branded within you. Never again will you whine or complain, or retreat. You will take

everything that comes and you will use it—an unbeatable way to live.

7. He cared. He cared little as to what happened to Him, but He cared deeply as to what happened to others. He was so deeply sensitized that ever, man's hunger was His own; He was bound in every man's imprisonment and lonely in every man's loneliness. To be in touch with Christ is to be sensitized. And to be fully in touch with Christ is to be sensitized on a world scale. As Von Hugel says: "Christians are people who care. They care beyond race and class and color—they care indiscriminately. Now this same spirit is to be branded into you. It will deliver you from all smug self-centered satisfaction and indifference to others. You will care—hurt in the hurts of others, and happy in their happiness."

8. He gave Himself. The crowning mark in Him was that He not only cared; He cared enough to give, not only enough to give, but to give Himself. The ultimate test is there: we give money, interest, words, attendance—do we give ourselves? Now this last quality of life is being branded into you. You will give yourself to everyone of every race or class or color who needs you.

O my Christ, I await the branding, not with this or that quality of Thine—I want to be branded with Thy total spirit. Come into my blood, my nerves, my tissues, my moral consciousness—into the total me with Thy total self. For I thirst for Thee. One touch of Thee and I am set aflame for more, for more, for all. I can be satisfied only when I wake in Thine likeness. Amen.

Lone Star Gets Huge U. S. Loans For Steel Plant

WASHINGTON — (AP)—Lone Star Steel Company is all set to start building a \$73,000,000-plus East Texas plant to turn iron ore into such steel goods as oil field pipe.

Two federal agencies announced Monday night they had granted the company loans totaling \$73,425,000.

The Reconstruction Finance Corporation will lend \$50,000,000. This has to be paid back within 10 years at a five per cent interest rate which includes a 1 1/2 per cent service charge. The Defense Production Authority will lend the rest, to be repaid in 20 years at 4 1/2 per cent.

In 14 to 18 months the plant is expected to be producing. Lone Star is the first firm to receive financial aid from defense construction act funds appropriated recently by Congress.

WOMAN FOUND HANGING IN BROWNWOOD'S JAIL

BROWNWOOD — (AP)—Justice of the Peace T. H. Hart Monday returned a verdict of suicide in the death of Mrs. Edith Sutton, 43, found hanging from a cell bar at the jail here.

She had been jailed earlier Monday on a drunkenness complaint. Chief of Police Jack Pike said.

M. T. Kerr Services Are Held In Pecos

PECOG—Funeral services for City Judge Monroe T. Kerr, 75, pioneer resident and civic leader, were held Tuesday morning in the First Methodist Church here. Interment followed in Fairview Cemetery. Kerr died early Monday in a Pecos hospital.

He was born July 10, 1875, at Brenham, and lived in Ootulla, Texas, Carlsbad, N. M., and other points before moving to Pecos in 1916 to look after ranching interests. As a young man he worked for the T&P and I&GN Railways, and was in charge of the installing of heavy rail on the T&P's lines in this section.

He was married Jan. 12, 1908, to Martha King, daughter of a prominent West Texas ranch family, at Van Horn.

Long Business Career
He was engaged in the automobile business with Ralph Williams here from 1918 until 1947, when he retired. He served as city secretary in 1917 and had been judge of the corporation court since 1947. He was a member of the Methodist Church and long had been active in civic and fraternal affairs.

Survivors include the widow; a son, William L. Kerr of Midland; a daughter, Mrs. Herbert B. Prickett of Lubbock; three grandchildren, and two great-grandchildren.

House May Give Right-Of-Way To Major Money Bills

AUSTIN — (AP)—A landslide of bills awaiting House attention Tuesday, but inauguration of Gov. Allan Shivers and Lieutenant Governor Ben Ramsey was the main business at the Capitol.

The House and Senate convened in joint session at 11 a.m. to witness swearing-in ceremonies of the state's two top executives.

First test of the Legislature's attitude on spending state money appeared likely to come in the House. The Rules Committee Monday unanimously approved and sent to the House floor a resolution to give priority to major appropriation bills.

The resolution, by Rep. Marshall O. Bell of San Antonio, would require the Legislature to allot money for biennial operation of state courts, departments, colleges and universities, eleemosynary and reformatory institutions before considering other spending measures.

To speed action on these major bills, Bell would require their submission for House and Senate floor debate within 60 days of the session's start and final action within 15 additional days.

Bell also submitted a Communist control bill.

Services Are Held For Crane Resident

CRANE — Funeral services for James Curfew, 44, long-time Crane resident, were to be held Tuesday afternoon in the First Methodist Church, with the Rev. Robert O. Tomlinson, pastor, officiating. He was to be assisted by three Mormon elders from Monahans.

Curfew died Sunday night in a Crane hospital.

Survivors include the widow, a son, Virel; a brother, John H.; four sisters, Mrs. Beatrice William of Hollywood, Calif., Mrs. Birdie Gifford of Las Vegas, Nev., Mrs. Olive Hunt of Green River, Utah, and Mrs. Alice Cottrell of Artes, N. M., and a stepson, Charles Williamson.

Pallbearers were to be Bruce Ashborn, Jim Laney, Jack Chiffin, Albert Doolin, Ray Frazee, E. N. Miller, Roger Hamblett, C. A. Schaeffer.

A Midland motorcycle patrolman was in the Midland Memorial Hospital Tuesday recovering from injuries received Monday in a collision at West Illinois and North Carrizo Streets.

The patrolman, William B. Keel, 706 North Baird Street, suffered a broken nose, fractured ribs and the loss of several teeth.

He was injured when his motorcycle was involved in a collision with an automobile driven by Mrs. Geraldine Coulter Alvey of Odessa.

Damage to the police vehicle was estimated at \$75.

Don Johnson Named Midland Country Club President

Don Johnson was elected president of the Midland Country Club for 1951 at its annual meeting of stockholders Monday night in the clubhouse. He succeeds Percy F. Bridgewater, who was named vice president.

The new president served last year as a director and as chairman of the club's entertainment committee.

The stockholders also elected three new directors—Joseph I. O'Neill, Jr., John P. Butler and Lynn D. Durham—from a list of 12 nominees. They succeed Reese Cleveland, James T. Smith and Bruce McKague, whose terms have expired.

Jay H. Floyd was elected a director to fill the unexpired term of the new president.

Holder directors are James A. Lore, L. G. Mackey, Paul McHargue, Phil Yeckel and Paxton Howard. W. I. Pratt is secretary of the organization.

The annual report of the retiring president pointed up a gain in membership from 450 to 600. Varied accomplishments were cited, including the remodeling and enlarging of the clubhouse and completion of a new 18-hole golf course.

Plans for the operation of the club this year were discussed.

Illusions Ring Up Big Telephone Bill For Inebriated Man

Maybe it was worth it, but a Midland man probably was staggered when he awoke Tuesday morning in a Fort Worth hotel and stared through bleary eyes at a king-size telephone bill.

It all started shortly after 1 a.m. when the telephone rang at police headquarters.

"There's a drunken disturbance I want to report," said the male voice as Mrs. Sabre Thorne Brady, night dispatcher, answered the call.

He gave her an address and Patrolman Clarence Hollis and Walter Sanders were sent to investigate.

They reported a short time later the house at the address was quiet and all lights were out. No sign of any disturbance.

Continues Calling
But the man continued calling in. "Things are in a bad shape out there," he warned. "You'd better send a car out there right away."

"There's a wild woman out there and a bunch of dogs creating a disturbance."

Officers looked again. All still was quiet.

"That woman out there," the man called in again, "has lost her mind and killed her husband."

The call finally was traced to a Fort Worth hotel and a man from Midland who was a guest there.

Police checked again with the house here.

The woman told police she, too, had received such calls and finally had taken the phone off the hook so she could get some sleep.

Mrs. Brady at police headquarters finally wrote an official end to the case.

"It is the opinion of this officer," she said in her report, "that this man was very, very drunk and will have a terrific telephone bill this morning."

Scurry, Borden Ask New Judicial District

AUSTIN — (AP)—A bill to add Snyder, bursting at its seams with an oil boom, asked for a new district court.

Rep. Sterling Williams of Snyder, who introduced the bill Monday, said the court dockets are so crowded a new court was imperative.

The present court, the 32nd Judicial District, takes in Scurry, Borden, Nolan and Mitchell Counties. Williams asked that its jurisdiction be limited to Nolan and Mitchell Counties and the 132nd Judicial District be created for Scurry and Borden Counties.
