N-C Lea Wildcat Seen As Discovery From Lime Section

Sharples Oil Corporation of Midland and Denver No. 1 Seth Alston has indicated as a discovery from the Pennsylvanian in North-Central Lea County, N. M.

A drillstem test of that formation from 11,158 to 11,266 feet developed 1,430 feet of oil, heavily gas and mud cut.

The testing tool was open for two hours and 45 minutes. Gas was at the surface at the rate of 70,000 cubic feet per day in 17 1/2 minutes. The gas volume near the end of the test was 25,000 cubic feet per day.

Open flowing bottomhole pressure was from 340 to 80 pounds. Shut-in bottomhole pressure after 15 minutes was 820 pounds.

Is Drilling Ahead

Operator is now drilling the No. 1 Alston below 11,266 feet in the Pennsylvanian. A top of that formation has not been reached.

The prospector logged good signs of production on a three-hour drillstem test at 10,499-807 feet in the Pennsylvanian. Recovery was 320 feet of slightly oil and gas-cut mud and 259 feet of oil and gas-cut salt water.

No water was made on the drillstem test from 11,168 to 11,266 feet.

The Sharples wildcat is eight and one-half miles southeast of the Bagley-Devonian field and 12 miles southwest of the McAlester Fuel Company No. 1-A Brownfield, discovery recently completed from the Devonian.

That puts it nine miles southwest of the town of Tatum and at the center of the southwest quarter of the southwest quarter of section 17-18a-35a.

Ellenburger Tester Is To Be Drilled In C-W Mitchell Area

Stanolind Oil & Gas Company is to start operations by April 1 on an 8,500-foot wildcat to explore through the Ellenburger in Central - West Mitchell County, about two and one-half miles northeast of Iatan.

The prospector will be Stanolind No. 1 F. A. Langley. It is to be at the center of the southwest quarter of the northeast quarter of section 25, block 29, T-1-N, T&P survey.

That makes it only a short distance west of the old, shallow Westbrook field.

No. 1 Langley is to be drilled as a result of a deal worked up by Ish McKnight of Midland. He took a checkerboarded spread of leases out of a block owned by Hickok & Reynolds, Inc., of Cisco, and assumed an obligation to drill a wildcat in return for the leases.

McKnight Makes Deal

McKnight then turned the acreage and the drilling obligation to Stanolind. It is understood that he has an interest with Stanolind in the deal.

Acreage secured by McKnight and turned to Stanolind includes the southwest quarter of the southwest quarter of section 24, the northeast quarter of section 23, the south half of the northeast quarter and the drilling obligation to section 25, the southwest quarter of section 25, the northeast quarter of section 35, the northeast quarter of section 36, all in block 29, T-1-N, T&P survey, and the northeast quarter and the southwest quarter of section 30, block 28 T-1-N, T&P survey.

Texaco Gets Shows Of Oil In Wildcat In W-C Midland

The Texas Company No. 1-B Clarence Scharbauer, West-Central Midland County wildcat, nine miles southeast of the City of Midland developed some good shows of oil and gas in a drillstem test of the middle Wolfcamp of the Permian at 9,485-9,600 feet.

The tool was open six hours. Gas surfaced in 24 minutes. The gauge volume averaged 25,000 cubic feet per day.

No fluid came to the surface while the tester was open.

Recovery was 180 feet of heavily oil and gas cut mud and 670 feet of fluid. That 670 feet of fluid was 30 per cent heavily oil cut and 70 per cent oil. There were no shows of water.

To Make More Hole

Open flowing bottom hole pressure was 300 pounds. Shut-in bottom hole pressure after 15 minutes was 700 pounds. Gravity of the oil was 38 degrees. The wildcat is making more hole.

Location is 1,980 feet from east and 1,987 feet from south lines of section 35, block 40, T-2-S, T&P survey. The project was originally started to dig to 10,500 feet to test the Pennsylvanian lime.

Texaco No. 1-B Scharbauer is approximately three miles north-east of the Parks-Pennsylvanian field, and about the same distance southwest of the recently completed

Truman Steps Into RFC Wrangle

OH, THE WEST AIN'T WHAT?—Yep, it's still wild and woolly in the Golden West, as this fast-moving scene in Denver proves: It took two policemen and three stockyard employes two hours to run down and capture this stubborn critter—a mama buffalo that broke out of its stockyards pen.

American Forces Roll Up To Enemy Base Of Hoengsong

TOKYO—(AP)—Tank-led American forces punched swiftly up the mountainous spine of Central Korea late Friday and occupied freshly vacated Red foxholes overlooking Hoengsong, key Communist defense point.

The twin U. S. spearheads were setting the pace for the powerful Allied offensive that shoved ahead virtually unopposed all along the muddy 60-mile front.

Brief but bitter Red resistance was met in some sectors earlier Friday. This indicated the Communists are using fight-and-run tactics against the 100,000-man United Nations Red-killer drive.

AP Correspondent Stan Swinton reported American forces advancing on Hoengsong in the middle sector of the front were within a mile and a quarter of the burned-out town. The push carried four miles.

"American soldiers occupied foxholes dug by the Communists for themselves while tanks and dive bombers dropped tons of missiles into the town," Swinton reported from outside Hoengsong.

"At dusk, the American tanks and troops pulled back slightly to make themselves secure for the night in full possession of the hills overlooking the Hoengsong Valley."

Littered With Wrecks

The advance was on a route littered with wrecks of American vehicles knocked out during the ill-fated Communist attack toward Wouju 10 days ago. Wouju, key to the South-Central mountain passes, is 10 miles south of Hoengsong.

Swinton said Allied gunfire on Hoengsong was restrained on the possibility American prisoners are still being held there.

Crane County Lamb Show Set Saturday

CRANE—The first annual Crane County 4-H Club Lamb Show will be held here Saturday, under the sponsorship of the Crane County Sheriff's posse.

Lambs will be entered in two classes—fine wool and cross bred. The judging will be done beginning at 10 a. m., with an auction sale scheduled at 3 p. m.

Seven boys and one girl have entered lambs in the show. They are Benny Glenn Earp, Howard Hunter, Johnny Burl, Roy and Jackie Dameron and Jim and Jerry Swift.

C. C. Swift is the show superintendent. Upton County Agent W. M. Day, Jr., will judge the animals.

Classified Deadline For Sunday Changed

Due to mechanical problems involved in publishing the huge Petroleum Progress Edition of The Reporter-Telegram Sunday, the deadline for accepting classified advertising copy for Sunday has been moved up to 12 o'clock noon Saturday, from the usual 6 p. m. closing hour.

The early deadline is for this Sunday only.

Red China Admits Spread Of Defiance To Korean Fighting

HONG KONG—(AP)—Communist China, extending the death penalty drastically, Friday admitted the underground had killed thousands of Red militiamen and that open defiance was spreading.

In an astonishing announcement, Peiping conceded that resistance had risen with the outbreak of fighting in Korea.

Some observers here, however, believed the announcement was intended primarily to justify a widespread purge which they expect to increase in intensity.

The Reds ordered immediate nationwide imposition of the death penalty for any and all actions which might be construed as "opposition" to government authority.

Observers said that by giving the penalties highest government sanction, Peiping also apparently was trying to take some of the heat off regional and local governments. Dissatisfaction with local government was reported widespread.

The Chinese Communists in the Peiping Announcement admitted peasant opposition to land reform is spreading rapidly, "armed defiance" to the Communist regime is getting out of control, and that thousands of Red militia and government officials have been killed by "counter revolutionary" agents.

UN's Committee Reported In Contact With Peiping Reds

LAKE SUCCESS—(AP)—The United Nations Good Offices Committee was reported Friday to have made its first approach to Communist China to see if Peiping will reconsider and discuss Korean peace terms with it.

Diplomatic sources said the three-member committee had made its move in the last day or so through Swedish government contacts with Red China. The committee is awaiting an answer before making its next move, it was said.

The committee is composed of Nasrollah Entezam of Iran, president of the General Assembly; Sven Grafstrom of Sweden and Luis Padilla Nervo of Mexico.

Committee members maintained complete secrecy on their action and have told newsmen they would have nothing to say.

WASHINGTON—(AP)—Senate Democrats Friday decided to bring up for Senate action early next week the bill permitting the drafting of 18-year-olds.

WASHINGTON—(AP)—A British Canberra jet bomber crossed over Andrews Air Force Base at 12:55 p. m. Friday, completing a 1,317-mile flight from Gander, Newfoundland, in two hours, 59 minutes.

PARIS—(AP)—Atlantic Army Chief Dwight D. Eisenhower conferred Friday with French Defense Minister Jules Moch.

PARIS—(AP)—The French battalion in Korea has suffered casualties of 33 per cent since it went into action about two months ago, authoritative sources said Friday.

Rejection Of Bill For Temporary Control Of Tidelands Seen

WASHINGTON—(AP)—Advocates of state ownership of offshore submerged oil lands Friday predicted the Senate Interior Committee will reject legislation for temporary federal control of the areas.

The committee Thursday completed its hearing on the "interim legislation" designed to permit continued oil development in the so-called Tidelands under Interior Department supervision pending final settlement of the ownership controversy.

Spokesmen for California, Texas and Louisiana urged substitution of a bill sponsored by 35 senators to give the state outright ownership of lands beneath the marginal sea within their boundaries. The seaward boundaries of the states would vary from 3 to 27 miles off their shores.

Margin Is Claimed

Walter Johnson, former Nebraska attorney general and a representative of the National Association of Attorneys General, claimed an eight to five margin on the committee in favor of the state point of view.

Chairman O'Mahoney (D-Wyo) conceded it is "quite possible" the committee will consider the state-backed bill when it votes on the interim resolution.

O'Mahoney, a co-sponsor of the interim proposal, set no date for a committee vote.

The interim bill, which would confirm existing state leases and permit the secretary of Interior to issue new leases, was backed by the Interior and Justice Departments and the oil industry.

J. T. Sanders, legislative counsel for the National Grange, supported the interim measure. He said he considered the 37 1/2 per cent royalty proposed to be turned back to the states "very generous."

"It would really be a gift," he asserted.

Phillips May Build Gas Sulphur Plants In West Texas Area

WASHINGTON—(AP)—Phillips Chemical Company of Bartlesville, Okla., is prepared to build one or more sulphur producing plants in West Texas.

L. L. Jaquir of the company said this before a House subcommittee Thursday in a plea for increased production of the element.

"A considerable quantity of sulphur can be recovered from sour gas in West Texas, but its production at present prices would be uneconomical," he said. He said Phillips is prepared to build West Texas plants "provided it can be assured it will be allowed to utilize the sulphur produced in its own fertilizer operation."

He did not specify locations.

The company's compensation for producing high cost sulphur would be in its ability to put its ammonium sulphate plant at Houston in full operation. It has been cut back to 35 per cent.

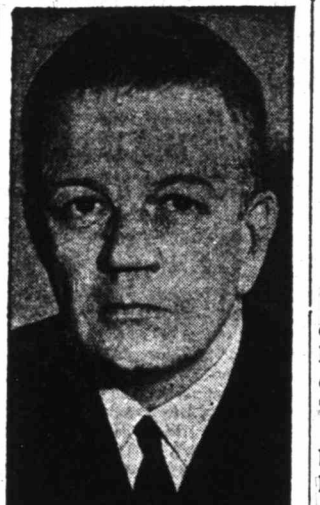

"If the appropriate government agency will issue a guarantee, Phillips is willing to start immediately the construction of these sulphur producing facilities," he said.

Just Getting Rid Of Few Inhibitions

One Midland woman had a new excuse Thursday night for trading the cares of a home for the gaiety of the night spots.

She was located by police after her husband had reported her missing since early in the evening.

"There's nothing wrong," she explained. "The doctor said I was inhibited so I just decided to shed some inhibitions."

Labor Maps Next Step In Wage Fight

WASHINGTON—(AP)—Labor union leaders met Friday to consider new steps in their fight for changes in the mobilization program.

Labor's future participation in the defense setup may hinge on the outcome.

Two major issues confronted the United Labor Policy Committee (ULPC) at the session:

1. A report by committee members who conferred for three days with Economic Stabilizer Eric Johnston on labor's demand for modification of the government's proposed wage formula. The labor group contends the plan for a wage ceiling 10 per cent above the levels of Jan. 15, 1950, is not high enough.

2. A peace gesture from Mobilization Director Charles E. Wilson. This was a bid to labor to name a representative to serve as a top-level advisor to Wilson on mobilization policy.

Wilson To Broadcast

There were reports the choice appeared to be between AFL Vice President George M. Harrison, who now is an advisor and special assistant to Johnston, and Walter P. Reuther of the CIO United Auto Workers.

Committee members had no comment as they went into the meeting. Wilson makes a nationwide radio broadcast Friday night and is expected to renew his contention that the defense program is being run fairly and not for the benefit of big business, as the labor group contends.

In advance, he arranged to meet (Continued On Page Eight)

Lower Educational, Physical Standards Put Into Draft Bill

WASHINGTON—(AP)—The House Armed Services Committee has tentatively approved legislation which would require the Army to accept physically fit draft men whether they can read or write.

The proposal was included in a compromise military manpower bill Committee Chairman Vinson (D-Ga) introduced Thursday. The committee spent almost three weeks in closed session rewriting a bill urged by the Defense Department.

The Pentagon wanted 18-year-olds brought into the military manpower program. The committee's compromise calls for induction at 18 1/2 and requires four months basic training.

It also proposes return to the January, 1945, minimum physical and mental acceptance standards—standards in effect when the United States was fighting a global war.

Back of the proposal to lower standards is reluctance of congressmen to approve induction of men under 19 years of age until other manpower sources are exhausted. This same reluctance prompted the committee tentatively to approve withdrawing from the President authority to defer married men who have no children.

Loan Letters From Solons Are Grabbed

WASHINGTON—(AP)—President Truman, steaming over Capitol Hill charges one of his aides influenced RFC loans, has gotten from the lending agency copies of its correspondence about loans with Congress members—700 to 900 letters in all.

Truman's move in the red-hot controversy first was brought out Friday at a Senate Banking subcommittee's hearing on the question of whether RFC directors have yielded to influence and favoritism in handing out millions in government loans.

The White House later confirmed that Truman had called for the correspondence. At the Capitol, Chairman W. E. Harber of the RFC Board of Directors testified he had ordered copies of the letters delivered to the White House and had discussed them "with the President himself."

Asked what purpose President Truman had in mind for using the correspondence, Harber replied: "He didn't say."

Harber's statement capped what had been an often angry session of the subcommittee.

It began with an accusation from Chairman Fulbright (D-Ark) that the RFC had planted a report the senator himself had tried to influence a loan.

RFC Counteroffensive

Senator Douglas (D-Ill) put in that he had heard "a group friendly to the RFC planned a counteroffensive" to the Senate hearings.

At the same time, it was revealed that the RFC has hired Eugene Kelly, a Washington newspaperman, as a \$50-a-day public relations adviser. Under questioning from the senators, Kelly said he joined the RFC staff "a week ago today" and expected to be retained "one week or two weeks." The subcommittee has indicated that might be the length of its revived hearings.

The subcommittee ordered the present hearings primarily to back up charges it made in a report to the Senate that the RFC has yielded to influence in making its loans which run into millions of dollars.

The group said Donald Dawson, an aide to President Truman, was one of those who had exerted influence.

Truman, in angry tones, told a news conference the report was untrue. He also indicated he regarded its intent as to reflect on him.

Wife In Charge

Questions from the senators to RFC officials developed that Mrs. Donald Dawson, wife of the White House aide, is in charge of RFC files. She long has been an RFC employe.

All the RFC officials who testified Friday professed not to know who had ordered the RFC-congress-

Orders Accepted For Reporter-Telegram's Oil Progress Edition

The Reporter-Telegram now is accepting orders for extra copies of its 1951 Petroleum Progress Edition, which will be published Sunday. The extra copies will be available as long as they last.

The regular Sunday price of 10 cents per copy will prevail on over-the-counter sales. Copies will be mailed at 39 cents each, the additional charge being necessary to cover mailing costs. Copies also will be on sale in area cities.

The edition will contain more than 180 pages, and will be the largest and most complete ever published in the Permian Basin Empire.

Progress in Midland and the entire Permian Basin Empire will be reviewed in stories and pictures in the huge edition, which has as its theme, "Petroleum Protects Freedom." Feature articles on individuals, groups, communities, companies and various phases of the oil industry appear in the edition.

Area Well Diggers To Hold Monday Night Dinner And Meeting

All oilwell drilling contractors in this region are invited to be represented at a dinner meeting of the Permian Basin Chapter of the American Association of Oilwell Drilling Contractors to be held at 7:30 p.m., Tuesday night at Midland Country Club.

The gathering will feature an informal talk by J. E. (Ed) Warren of Midland on the subject, "The War Emergency and How It Effects The Drilling Contractor."

F. B. Bayless of Odessa, chairman of the Permian Basin Chapter of the AAOWDC will preside.

The meeting will open with a social hour, to be followed by a buffet supper and the Warren address. Bayless says there will also be a discussion of the proposed changes in motor truck laws in Texas which are now being considered by the Texas Legislature.

Warren is currently in his second year as president of the Independent Petroleum Association of America. He is also a member of the National Petroleum Council and is serving on several committees representing the oil industry on defense matters.

Strapless Gowns Are Out; Plain Shoulder Straps Are In

By ERSKINE JOHNSON
 NEA Staff Correspondent
HOLLYWOOD — Closeup and Longshots:
 Strapless gowns are out, fellows, and plain shoulder straps are in. Attached to gowns, of course. Milo Anderson, the big movie fashion designer, slipped me the earth-shaking information. Here's

this reason why the Hedy, Lana and Greer are going to be putting their trust in a couple of ribbons: "Strapless gowns have lost their mystery. Every man knows that they're wired and that there's no chance of them slipping down. But put a star in a gown with straps. The suspense is right back where it belongs. Every man knows that a strap can break."

NAACP Counsel Hits At Army's Courts Martial

SAN FRANCISCO —(AP)— A special counsel for the National Association for the Advancement of Colored People says negro G.I.'s in Korea have been railroaded through quick court martial with little or no chance to prove themselves innocent.

Thurgood Marshall, who arrived Thursday after a five-week tour of Korea and Japan for the NAACP, asserted negro G.I.'s were rushed from their foxholes to trial, were not allowed to pick counsel, were not given proper time to prepare defenses, and were given courts martial in which there was "no time or effort for truth."

He said the situation was caused by an Army policy in Japan and Korea of "complete segregation" and an "air of discrimination."

The Air Force and Navy, he added, have had no racial disciplinary problem because segregation has been abolished in their ranks in Japan and Korea.

He said he was assured by General MacArthur's headquarters that "steps were being taken" to integrate negro and white soldiers in non-segregated units.

After an evening at a Gay Nineties revue, Joe Frisco was asked how he liked the show. Priceless Joe stammered:
 "T-h-the f-f-fellows are g-g-gay and t-t-the d-d-dames are a-a-all o-o-ver n-n-n-n-n-n-n-n-n-n."

Now it's a pee-wee edition of Gorgeous George.
 He's four-foot Billy Curtis, world's midget wrestling champion.

When Billy isn't punning shoulders to the mat, he's acting in movies like "On Moonlight Bay" or standing in for kid actors. Bobby Driscoll, Darryl Hickman, Jackie Cooper and Freddie Bartholomew are some of the pint-sized Barrymores who've lolled in their star dressing rooms, while Billy labored under hot lights for them.

"A school teacher once grabbed me and marched me off to the studio classroom," the smaller-than-Mickey Rooney actor tells it. "She got a gander at a cigar I stuck in my mouth and said, 'Oh, my goodness!'"

Is Billy planning to take on Gorgeous George one of these days? He rubbed his chin thoughtfully and said:
 "I could. 'Cause he's gonna have to come down to get me and I could throw him with a leg hold."

Honeymoon's Over
 Sound tape on Jan Sterling and Paul Douglas:
 "Before marriage they woo you and romance you. Now he won't even dance with me."

Paul: (on the mend after cracking a couple of ribs in a movie football scene) "As a loyal wife, you wouldn't want me to be in pain would you? Besides, I can't dance."

Jan: "I'm getting ready to do 'Rhubarb' at Paramount. I don't know why they need a cat, though. They've got me."

They were shoe-horning Marjorie Main's well-endowed figure into an hour-glass costume for her role in MGM's "The Law and Lady Lovelady." Snorted Marjorie:
 "You just can't make a streamliner out of a mailman."

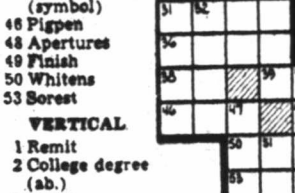

Sad About Censors
 Marta is the Swedish beauty, is rarin' to droop like a wilted lily in a leading man's strong arms and prove a thing or two about her Garbo technique in a love clinch. "But," she wailed, "the censors are completely frustrating. All the time they say 'Cut.' You can't do this. You can't do that. Tony Martin and I played a rooftop love scene in 'Casbah.' For the next scene I took off my earrings. You know, they made the studio reshoot the whole scene with my earrings back on. Two suggestive, they said."

Marta is Humphrey Bogart's leading lady in "Sirocco," but do you think she got a smidgen of what Ingrid Bergman got from Bogey in a picture called "Casablanca"? Marta sighed from way down:
 "Not one kiss. I've an aunt in Sweden who's crazy about Bogart. She's going to think something's wrong with me."

Barroom Brawl By Nick Hilton May Wind Up In Court

HOLLYWOOD —(AP)— Dorothy Rice of Dallas was due for X-rays Friday. She was an innocent bystander in a barroom brawl starring Nick Hilton Wednesday.

The model said she was shoved off a bar stool and hurt her back and leg.

The scrap started when Hilton, the hotel heir divorced recently by Elizabeth Taylor, came over and spoke to her. Lt. James Paulson of San Francisco, a bomber pilot based at El Paso, objected to Hilton's language, and fists, the model and the bar stools started flying.

Search Underway For 13 Missing Seamen

HONOLULU —(AP)— Air and sea search for possibly 13 missing crewmen of the Norwegian freighter Florentine went into its fourth day Friday.

The freighter sank in a storm southwest of Iwo Jima after being abandoned.

The British ship Silvermaple said it had picked up 20 men. Conflicting reports clouded the fate of the other 13, possibly aboard a lifeboat.

Seven Air Force and one Navy plane from Guam, two ships and a Navy tug combed the area.

Brilliant Flash Is Seen In Three States

KANSAS CITY —(AP)— A brilliant flash of light, believed to be a meteor, was observed over a wide area in three states Thursday night.

The flash, which occurred shortly before midnight, was seen in Missouri, Eastern Kansas and Northern Arkansas. Newspapers and police departments received scores of telephone calls from observers.

The Kansas City Weather Bureau, which also received many inquiries, said it apparently was a meteor. The flash was described variously as blue, green and resembling a rainbow.

Jet Bomber Makes Probably Record Flight To Hawaii

HONOLULU —(AP)— Military secrecy Friday hid details of a probable record flight by a six-engined B-47 jet bomber of the U. S. Air Force from the mainland to Hawaii.

Trailing four black smoke plumes, the bomber—big as a B-29, fast as a fighter—flashed over Hickam Field Thursday after an overnight flight of more than 2,000 miles.

The Boeing stratojet can carry the 10-ton bomb load of a B-29 superfortress. It has averaged 607.8 miles an hour in mainland tests.

Hundreds of Honolulu citizens gazed in wonder at the sweptback wings and tall surfaces of the bomber as it flew over the city before landing.

Civilian air observers speculated the bomber had set a new speed record from the mainland, but Hickam Field authorities refused to divulge any details of the plane's performance.

Bride Is Shower Honoree

Mrs. David Fawks, the former Pauline Rasco, was the honoree at a bridal shower Thursday in the home of Mrs. J. C. Rasco. Hostesses were Anna Lee Brooks, Mildred Rasco and Freddie and Betty Stultz.

The honoree wore a grey gabardine suit with navy accessories and a gardenia corsage. The serving table was covered with a blue and white cloth. Miniature bride and bridegroom candle figurines, placed on a mirror and surrounded with white candy tuft, made the centerpiece for the table. Crystal appointments were used.

Forty guests attended.

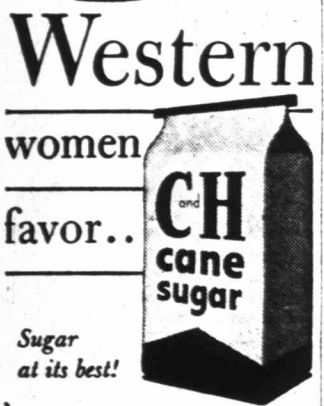

Mrs. Wilson Talks To Crane Club

CRANE—Mrs. Lela Wilson spoke on "State Government" at the recent meeting of the Crane Study Club. The group met in the home of its president, Mrs. B. W. Ervin. Mrs. I. H. Haakins and Mrs. O. B. Stevenson were co-hostesses.

In her talk, Mrs. Wilson told how the care of rural roads is handled. In a short business session, the members agreed that all should have blood-type tests taken. They also voted to send a box of war clothing to the Welfare Board in Greece for distribution to a needy family.

Others attending were Mrs. Chris Wilson, Mrs. Addie Bell, Mrs. Evelyn Riden, Mrs. Bill Haralson, Mrs. Charlene Cowden, Mrs. Troy Kadel, Mrs. R. E. Westberry, Jr., Mrs. H. H. Currie, Mrs. Max Leaman and Mrs. Inez Elmore.

Dr. Richard Harrell Discusses Health Proposals, Hospital

"Modern Health Proposals and Scientific Hospital Administration" was discussed by Dr. Richard Harrell at the Modern Study Club meeting Wednesday in the home of Mrs. J. W. Carroll.

Dr. Harrell told of the role the Midland Memorial Hospital is fulfilling in this community. He is administrator of the facility.

In his talk he said, "At present there are 358 separate bills before Congress on socialized medicine. The Midland hospital, however, is

Christian Church Members Observe Compassion Week

Members of the First Christian Church are observing "Week of Compassion." At this time, they participate in giving an offering which is known as "One Great Time of Sharing."

Money is given into an inter-denominational program for religious work in Europe and Asia. It is distributed by the Church World Service and World Council of Churches.

An offering has been taken for the last seven years and the offering for the present year is hoped to bring the total to approximately \$4,000 from the Midland church.

The Rev. Clyde Lindsley, pastor, will speak in the Sunday morning service on "Thy Kingdom Come—Through Compassion." He also will give a review on what the money has accomplished in Europe and Asia.

going ahead in serving the public in its two new clinics, one for the detection of cancer and the other for diagnosing children's diseases. There is no fee charged for either. Later this year the hospital will open a section for crippled children and polio patients will be admitted. The hospital has recently received provisional approval from the American Medical Association and the American College of Surgeons.

Dr. Harrell also discussed the hospital payroll, equipment, etc. He closed by telling some of his experiences since he assumed his duties in the Fall, and offering the services of the staff and hospital to the community.

During the club business meeting letters were read from the candidates for District 8 president.

A letter was read from Mrs. Preston Diehl, chairman of the council of international clubs. In the letter she made an appeal for clothes for Greece. The club decided to answer the appeal. Clothes for the box must be brought to the home of Mrs. Carl Westlund, 801 North Marientfield, by Saturday.

U. S. Gloom Isn't Warranted

A national public opinion poll came up the other day with some rather astounding statistics. It found that 30 per cent of the American people thought the Russians were winning the Cold War, while only nine per cent believed this country had the edge.

The rest either felt neither side was winning, had no opinion, or didn't know what was meant by "cold war."

But if this is an accurate index of U. S. mood today, it is at sharp variance with the facts as seen by many of our most able leaders and seasoned experts.

Indeed, some of those officials are pretty upset over what they consider the foolish defeatism they find on every hand.

People talk of pulling our forces out of Korea at a time when they are plastering the Red enemy hard and show every sign of being able to go on hammering him.

Without minimizing the real and dangerous division among the free nations over China, she says this rift has obscured the more important fact of a substantial increase in European unity.

Only the most negative-minded Americans talk of abandoning Europe to its fate. Most others, including such Republican leaders as Senator Taft, are agreed that Europe's defense is essential to our own.

Correspondingly, in Europe much less is heard now of staying "neutral" in a future war between the U. S. and Russia.

Nor, she concludes, is pessimism justified in any appraisal of our actual military status. To be sure, we and other western powers are not adequately armed to resist Soviet attack.

Miss Ward thinks not. She says: "The critics who argue that Korea is a fatal drain on western armaments assume that without Korea there would have been armaments on which to drain."

In other words, she feels that Korea woke us up to the dangers we face, and set us on the road to real defense for the first time.

She complains, however, that we of the free world do too little advertising of the positive side of our ledger.

Hanging A New Label On Him

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.) Drew Pearson says: Fighting reported between Chinese Communists and North Koreans; White House intimates note change in Harry Truman; Little business gets a fair deal with the Army.

WASHINGTON—Only fragmentary details have been cabled to the Pentagon, but open fighting has been reported between the Chinese Communists and North Koreans.

Generally these skirmishes have been discounted by American intelligence as accidental. It isn't unusual for trigger-happy troops to open fire on their own men by mistake.

However, at least one incident has been reported as a revolt against the Chinese. This was a shooting scrape between Chinese Communists and North Koreans on January 19 behind enemy lines.

Meanwhile, hints of friction among our enemies continues to filter across the 38th Parallel. American intelligence officers do not believe a serious rift is imminent.

This is particularly true of South Korean troops, who fight fiercely against the North Koreans but seem to crumble under Chinese attack.

As a result, Lt. Gen. Matt Ridgway now has assigned South Korean patrols to count the Chinese dead. The psychological effect is to convince them that the Chinese are not supermen.

White House insiders privately are concerned by a dramatic change in Harry Truman. Once easygoing and warm-hearted, he now is tense and irritable.

During the critical days of the evacuation, the President slept little. On one particular evening he was told that Russian submarines and airplanes might menace most of the U. S. fleet.

So They Say. Our policy (in Europe) is a defensive policy, not an offensive policy.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written for NEA Service. Fortunately for his friends, Hard Luck Joe doesn't always know when to howl about his bad results.

For example, when today's hand was played, Joe held the East cards. He played the eight of diamonds enthusiastically on the first

trick, whereupon West continued with the queen of diamonds.

After holding the second trick, West shifted to a club. South winning with the queen, South promptly knocked out the ace of trumps and easily won the rest of the tricks, scoring game and rubber.

Joe sighed a bit, because he doesn't like to lose a rubber any more than anybody else does, but he made no special complaint.

Of course, you've already noticed Joe's mistake—or have you. If not, think about it a bit. How should Joe defend with the East cards?

East should play the ace of diamonds at the first trick. Then he should lead back his singleton club.

Whenever declarer leads trumps, East should take the ace without delay. He then returns a diamond to West's jack in order to give West a chance to lead a second round of clubs.

This is one of those unusual hands in which one defender can and should take complete control of the defense.

Labor's Walkout Threatens Whole Mobilization Effort

By PETER EDSON, NEA Washington Correspondent. WASHINGTON—Walkout of union labor representatives from the Wage Stabilization Board presents the Truman Administration with a darn sight more serious crisis than the debate in Congress over limitation on troops to Europe.

The long statement of the United Labor Policy Committee is a direct threat to the whole home-front mobilization and stabilization effort.

This statement purported to be a criticism of government policies on wages, prices, rent controls, taxes, manpower and small business. It also was a blast against Defense Mobilization Director C. E. Wilson and his so-called big-business associates who are at the head of the preparedness program.

Wilson's office let it be known there would be no immediate comment after the Labor Policy group's statement was issued.

Whether or not the walkout of the three labor members of the Wage Stabilization Board is a temporary spite spat or the warning of a complete divorce remains to be seen.

The three labor members are, or were, Harry C. Bates of the Bricklayers, Emil Rieve of the Textile Workers, Elmer Walker of the Machinists.

They walked out in protest against the 10 per cent plus fringe wage increase formula.

If they don't go back, the Administration can try to find other labor representatives to sit with the three business and the three public representatives. Or, the President may try to run wage stabilization with public representatives only.

That, however, would require an amendment to the Defense Production Act.

What public reaction will be to this latest breakdown in the stabilization program is uncertain.

There are two possibilities. One is that the walkout of the labor representatives will be regarded as a strike. It is defiance of government.

Regardless of the merits of the union leaders' grievances, this refusal to cooperate on the government's stabilization program could backfire against all organized labor.

The situation is comparable to what happened when the railroad yardmen played sick.

The trainmen had a labor dispute that had gone two years unsettled. Yet when they called attention to their grievance in a manner that inconvenienced the entire public and interfered with defense production, the reaction was against the railway employees.

The wage stabilization formula worked out by the public members of WSB—Chairman Cyrus Ching, Clark Kerr of University of California and John T. Dunlop of Harvard—seemed to offer reasonable room for collective bargaining.

Wage increases and cost of living increases would have been allowed up to the best increases obtained by the most favored unions—the coal miners and the auto workers.

This formula was agreed to by the employers' representatives—J. Ward Keener of B. F. Goodrich, Henry Arthur of Swift and Company, Reuben Robertson of Champion Paper Company.

As a wage "freeze" structure, this formula most certainly was built of rubber ice. Yet the representatives of organized labor decided they

couldn't accept it. Like the farmers who are protected by their parity formula and the employers who are protected by profit percentage margins, the union leaders felt they had to have their own sliding scale escapes from controls against inflation.

Selfish interest came to the fore. National welfare and general public interest be damned.

In one sense, this walkout of the union leaders probably gives the Communists just as much cheer as, say Senator Wherry's opposition to sending U. S. troop reinforcements to Europe. It is a demonstration of disunity at home which gives aid and comfort to the enemy abroad.

The other side of this argument is that the union labor leaders, representing some 16,000,000 members, feel that they have been slighted in defense planning.

Organized labor leaders were represented on the advisory councils of National Security Resources Board when it looked as though Stuart Symington would be the big man in mobilization.

When the rug was pulled from under Symington and C. E. Wilson was made head man, the union representation was left powerless.

A similar advisory body was set up on manpower problems when Secretary of Labor Maurice Tobin was to head up this program.

When Wilson appointed Dr. Arthur Flemming as his own manpower director, the union advisers were left with nothing to do.

The sop thrown to the unions in the appointment of George M. Harrison of the Railway Clerks as a part-time adviser to Eric Johnston was considered insufficient.

Whether or not mobilization boss Wilson's offer to invite a labor representative into his office as top-level adviser will pacify the boys remains to be seen.

Casualties in Korea

WASHINGTON—(AP)—The Department of Defense Friday, in casualty list No. 233, announced the death of one Texan in the Korean war.

He was Army Cpl. Robert L. Wilson. He previously was wounded and returned to duty.

Listed as Army wounded were: Pfc. Jerry Cade, Spearman; Pfc. George M. Cary, Waco; Pfc. Charles O. Chapman, Baytown; Pfc. Abel F. Ortega, Austin.

Wounded, Marine Corps: Pfc. Daniel Garza, McAllen; Pfc. Alfred C. Rodriguez, Houston; Pfc. Ruben Salas, El Paso.

Missing in action, Army: Pfc. Ray G. Dillard, Childress; Cpl. Rumus E. Douglas, Texon; Pvt. Sammy G. Koenig, Aspermont.

Returned to duty, Army: Cpl. Ira S. Im on a Galveston (previously wounded).

Returned to military control, Army: Pfc. Charles R. Broom, Jackboro (previously missing); Pfc. Edward G. Crouse, Denison (previously missing).

The sound of a muffled cry filled the room. It was neither a scream nor an exclamation, but more like the whimper of a wounded animal trapped and in pain.

Gerri Palmer stood up from her chair. Her face was without a trace of color, other than that of her vivid hair. Her lifeblood seemed to have run out of her veins and her eyes were great dark chasms in her white face.

"Oh, stop it!" Gerri screamed at them. "Of course I did it. I killed Lavinia Grenable. I killed Andrew Grenable. I killed them both. I cut the brake while Lavinia slept and hid the saw in the coach house, because I knew Elizabeth often went there and it would look like she killed her sister."

"Why?" The question came from the sheriff.

"I had to get rid of her... she wouldn't let Court marry me, even when I told her I was carrying his child!"

LISA's shoulders sagged as the words came from Gerri's lips, the words that at this moment forged a knife that severed the last bond between her and Court Grenable.

"You were right, sheriff. I thought the diary was safe for me," Gerri went on. "There was nothing in the diary about me. How could I know that she would write it down somewhere else... she would... she would..."

Gerri broke off, sobbing now, wildly, incoherently and the mist and rain were like a world of ruin behind her as she stood before the long pale windows of the room.

"He knew too much... that Andrew... he threatened me once, twice. He said he'd tell Lisa Farwell. He was drunk Saturday night, and I gave him more liquor, but it was full of his mother's sleeping pills."

Gerri Palmer, her hands behind her, palms against the French door, caught her breath and went on. "They were sleeping pills I'd been saving for Mrs. Grenable. But I never found a good time to use the pills on her. But when I had to kill Andrew, the pills were there. He would have talked."

XXIV. SHERIFF LANE cleared his throat. Lisa Farwell saw Court Grenable's face flush with anger, but he did not interrupt the sheriff, even though the sheriff had intimated Court was guilty of Lavinia Grenable's murder.

"We learned that Court Grenable had run up a gambling debt in Chicago to the amount of \$3000."

Lisa looked at Court. So that was why he had tried to borrow the money from her.

Court Grenable's face was flushed. But it was not a flush of anger. It was the flush of fear and shame. Court Grenable was afraid. Lisa turned her eyes away.

The sheriff went on with his discourse. "Court had given Tim Ellsworth a note to a piece of the Grenable property as security for a loan. This land was a strip adjoining Ellsworth's property—a piece that Mrs. Grenable had refused to sell for years."

"After Mrs. Grenable's death, Tim Ellsworth discovered that the note was worthless because Mrs. Grenable's signature was forged. Court admitted that he and his mother quarreled over money matters, but Mrs. Grenable had not included that item in the diary—it included no mention of anything after midnight the day before she was killed, but Court probably had quarreled before and there was no mention of any quarrel over money."

The sheriff's voice was growing husky with so much talking, but he went doggedly on. "There again the diary raised a

By BOYCE HOUSE. An illustration of the rapidity with which the mind of famous Gov. Jeff Davis worked is this occurrence when the Arkansan was attorney in a lawsuit.

He was suing on behalf of a boy who had lost a foot when it was caught in a railroad switch. Davis said, "Gentlemen of the jury, as that engine bore down upon the helpless boy, his poor mother looked on, powerless to help." The opposing lawyer broke in, "But his mother was not living!"

Without an instant's hesitation, Jeff said, "I mean, gentlemen of the jury, the mother of this orphan looked down from the golden balustrade of heaven."

(And he won a larger verdict as a result.)

Questions and Answers

Q—What is the origin of the expression "a fly in the ointment"? A—The original expression was "a fly in the amber." It was an allusion to something being as out of place as the fly one finds embedded in amber.

Q—How many states will gain representation under the new congressional apportionment? A—Thirty-two states will retain their present representation, seven states will gain and nine states will lose representation.

Q—Is the spaniel a modern breed of dog? A—That spaniels are dogs of great antiquity can be verified by history. As first mentioned, they date back as far as 1386. Opinion is that the spaniel, crossed with the Spanish pointer, resulted in the setter.

Q—With whom did Stephen Decatur fight his fatal duel? A—At Bladensburg, Md., Commodore Barron fatally wounded Stephen Decatur in 1820 in one exchange of shots.

Q—Is the famous painting "The Spirit of '76" still in existence? A—Yes. The original of this famous Willard painting is in Abbott Hall, Marblehead, Mass.

Americans Presented To King And Queen At Palace Reception

LONDON —(AP)— Approximately 125 Americans were presented to King George VI and Queen Elizabeth Thursday night at a brilliant Buckingham Palace reception attended by 600 diplomats and their wives.

U. S. Ambassador Walter S. Gifford and Mrs. Gifford, on the king's invitation, strolled with the royal party from one national group to another for the formalities.

The first royal presentation of the season ranked with the best of pre-war fashion displays in the ornate 600-room palace. The queen wore a silver satin crinoline gown decorated with gold palmettes, a diamond tiara and necklace and the blue sash of the Order of the Garter.

Princess Elizabeth and Princess Margaret wore oyster white satin gowns, diamond tiaras and necklaces.

Among prominent British there were the archbishop of Canterbury, Dr. Geoffrey Fisher; the prime minister and Mrs. Attlee and Conservative Leader Winston Churchill and his wife.

Americans present included Mrs. Ferle Mesta, U. S. Minister to Luxembourg, who is vacationing in London.

Old Wives' Tales About Human Body Still Make Conversation

By EDWIN F. JORDAN, M. D.
Written for NEA Service

Old wives' tales about the human body die hard. The first three questions today fall in that group.

Q—Is it true that if you pull out one gray hair, three will grow in its place?

A—Only one hair grows from a single hair follicle. Pulling out a white hair will not cause more to grow, but the fact that one was present doubtless means that more are on the way.

Q—Does the expression in a person's eyes reflect character tendencies?

A—I suppose a person who is cranky most of the time or cheerful will develop a characteristic expression around the eyes. Any poker player can tell you, however, that the eyes do not always tell you what is going to happen next.

Q—A certain invalid from arthritis applies rubbing alcohol to his knees and ankles several times a day. What virtue, if any, beyond the psychological does this routine act have?

A—None, so far as I know.

Q—A friend of mine has purchased a jar of hormone bust cream. Would you please tell me if this cream is safe, and brings actual results?

A—There is some absorption of sex hormones through the skin, and this preparation may therefore produce an enlargement of the breasts. Generally, this lasts only as long as the hormone cream is continued. Sex hormones have other actions.

Slipup Puts WAF At All-Male Air Base, But Not For Long

GRENIER AIR FORCE BASE, N. H. —(AP)— A "slipup," the colonel said, sent the lone WAF for duty at Manchester's all-male Air Force Base on February 14.

But it was a Valentine dream for pretty, 20-year-old Pfc. Stella Banoveris of Racine, Wis.

"The only girl on the base—wow!" was her reaction.

The first hint the base had was when she showed up for work with the other radio mechanics.

She had 14 months radio training and soon showed she could tackle a repair job with the best of them. When she first appeared in the mess hall, there was a swelling murmur: "Gee, a woman in the chow line!"

Now they politely wave her to the head of the line.

Lt. Col. Lauren A. Howard, commanding officer of the 133rd Fighter Squadron, was almost shaken out of his customary serenity when Stella reported for duty.

Personal Stag Line

"A slipup somewhere along the line," he explained.

He was going to open up one of the former WAC barracks for Stella. But rather than have her rattling around in lonely splendor, he made arrangements to have her quartered off the field.

In spite of what practically is her own personal stag line of 600 or more, Stella insists she has not dated a single Grenier buddy.

Stella affirms she is true to her boy friend at Scott Air Force Base, Ill. But she won't tell his name.

Seven letters from him caught up with her Friday as she was packing up again to move to Otis Air Force Base, Cape Cod, Mass.

"I understand there are WAF's galore there," she sighed.

Britisher Spurns Texans' Offer Of New Stone Of Stone

LONDON —(AP)— The custodian of Britain's missing coronation stone, Dr. Alan Campbell Don, Friday replied with a polite "No Thanks" to an offer by a Texas monument maker to replace the stone.

The Texan, E. B. Adams of Goldthwaite, wrote British Ambassador Franks in Washington that the gift "x x x" will carry its own sentiment, an expression of friendship between your people and our people."

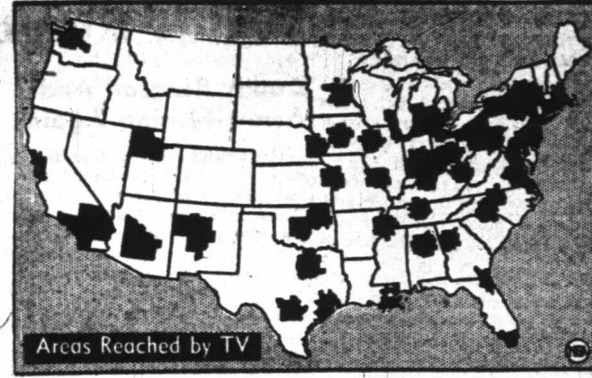

But Oxford-educated Dr. Don, dean of Westminster said:

"I am afraid that I cannot accept offers from individuals to replace the Stone of Stone. Naturally we are still hoping that it will be found. If he (Adams) wants to do anything he must communicate with me. If he does write to me I do not think that I can do anything but refuse the offer."

The stone was snatched from Westminster Abbey Christmas Day, presumably by Scottish nationalists.

Daddy Ringtail :: By **WESLEY DAVIS**

Daddy Ringtail And Arrow-Fishing Again

The Huffen Puffen, the friendly wolf, was talking to Daddy Ringtail, your monkey friend. Said the Huffen: "Daddy Ringtail, I guess you remember, I do, how I tied the string to the end of the arrow. I shot the arrow down in the water as a fish. Down and down it went, and then I pulled the string to pull up the arrow, the fish down there pulled hard on the string to pull up the arrow, the fish down there pulled hard on the string and made me fall in head-first with a loud splash in the water. Remember?"

Daddy Ringtail said he remembered, and so the Huffen said that this time he wouldn't be pulled in again. He wouldn't. This time it would be very different, and so a-

gain the Huffen shot the arrow down into the water of the Whispering River. The arrow splashed the water so much that Daddy Ringtail couldn't see just where it had gone down, but the string was slipping and slipping out through the Huffen's fingers to go more and more on down in the river where it was tied to the arrow. At last the string didn't move any more. The arrow had stopped.

The Huffen chuckled. "Now watch," he said, "while I pull the string." And so the Huffen pulled

MHS To Present Operetta Friday Night

"The Chimes of Normandy" will ring out at 8 p.m. Friday when Midland High School presents its first operetta in the high school auditorium.
The romantic story will be accompanied by the music of the Silver Strings, an orchestra composed of Midland women who are cooperating on the project. R. C. Michener, director of music, is the producer and director of the operetta.
The setting for the play is the garden outside the palace grounds of an old Norman castle, Gaspard, an old miser, lives in the castle hoarding a treasure of gold and jewels.

"Feed My Lambs!"

A little group of fishermen sat around an open fire on the shore of the sea of Galilee. In their midst was the greatest Teacher the world has ever known, Jesus of Nazareth.

When they had finished their simple breakfast He turned to one of them and said, "Simon, do you love me more than the others?"

The burly chap, who had thrice denied his Master, winced. "You know, Lord, that I love you."

Then Jesus said, "FEED MY LAMBS!"

The echo of that simple commandment has never died away. It rings from the belfry of every Christian church. It calls men from spiritual starvation to a full and abundant life of service to others.

Attend and support a church in your community. Receive all the good things it offers you . . . and help your Church bring these blessings to other people.

Formosa Capital Has Air Raid Alert

TAIPEI, FORMOSA—(P)—Taipei had a ripple of excitement Friday from an air-raid alarm. Officials said it was a genuine alert, but there was no raid.

Air Defense Headquarters reported radar picked up unidentified planes flying toward Taipei from the northwest.

A cabinet spokesman said there were six planes. The radar eventually lost them. There never was any indication whether they were hostile.

Poundmaster Asks Help In Matter Of Dead Animals

E. M. Stewart isn't mad at anybody, understand.

He's a patient soul and he knows people are just trying to make his job easier.

"But, please," he pleaded Friday, "tell them to stop dumping the bodies of dead animals in my front yard."

Stewart is the poundmaster for the City of Midland as well as the city's park superintendent. He watches over the welfare of animals entrusted to the animal shelter maintained by the SPCA.

"And people seem to think that if their pet dies they're supposed to bring the body out to my house," he said.

American—

(Continued From Page One) The Reds were concentrated north of the city.

On the eastern flank of the rugged, twisting central front, American forces captured rumbled Pyongyang without a fight and pushed four miles beyond to a lateral road leading to Hoengsong. Hoengsong is 25 miles southeast of Pyongyang.

On the far western front, American and Communist guns roared in an artillery duel across the rain-swollen Han River near Seoul. The Reds tried to push two reconnaissance patrols across the stream but they were sent scurrying back.

Reds in company strength were battled by Americans advancing six miles north of Chipyong on the west-central front, southeast of Seoul.

Action was developing in that sector late Friday after being alternately lively and then quiet.

Lubbock Man Heads Bankers Association

FORT WORTH—(P)—John Hughes, vice president of the Citizens National Bank at Lubbock, was elected district chairman, and B. F. Rinsner, cashier, as District 7, Texas Bankers Association, concluded its annual session here Thursday.

Midland was well represented at the meetings. Among those from Midland attending the convention, were Ralph M. Barron and W. A. Hutcheson of The Midland National Bank, and Mr. and Mrs. M. C. Ulmer, Mr. and Mrs. J. T. Baker, E. D. Richardson and C. J. Kelly of The First National Bank.

British Press Raises Howl Over American As Head Of Pacif Navy

LONDON—(P)—Britain's press waved the flag vigorously and defiantly sang "Rule Britannia" Friday over the nomination of an American admiral to head the Atlantic Fleet Navy.

Even more forcefully than did Winston Churchill in the House of Commons Thursday the papers asked: "What's the matter with a British admiral?"

"And anyway," ran the recurrent theme, "we know more about sea power than anyone else."

The furor arose over the choice of Adm. William M. Fechteler, now commander in chief of the U. S. Atlantic Fleet, to head combined naval forces of the North Atlantic nations.

Churchill plunged Commons into an uproar with his charge that this selection "brushed out of the way" the wave-ruling Britons. Prime Minister Attlee said finally his government would reconsider its position on the appointment of an American to the top international Navy post.

Express Sounds Off

The Independent Daily Express, under a streamer headline "U. S. Navy Chief Row," said editorially: "If Churchill had been prime minister, this appointment would never have been made. x x x there need be and must be no bad feeling generated on this subject between Britain and America. If it is fairly put to them, the Americans will understand that Britain—as one part of a partnership between equals—rejoices in having her land forces under the command of Eisenhower, but that as another part of the same partnership, the ships should be commanded by a British admiral."

The paper front-paged a cartoon of British naval hero Lord Nelson, high on his column overlooking Trafalgar Square—but with his right arm upraised with a "Statue of Liberty" torch and wearing horn-rimmed spectacles to the horror of a London pigeon.

From the conservative side, the Daily Telegraph wrote: "It cannot be agreeable to have to point out at this stage how strongly people in Britain would resent the assumption that leadership should always fall to our American associates under the (Atlantic) treaty. But feeling is strong."

Truman—

(Continued From Page One) The subcommittee ordered them to produce that information within 30 minutes.

The senators first called a recess for those 30 minutes but, changing their minds, went on with their hearings and questioned Kelly.

The report of the White House move in the situation came immediately after Senator Douglas (D-Ill) had said he had heard "a group friendly to the RFC planned a counteroffensive" which it would attack Senate and House members who had communicated with the RFC.

"I serve notice here and now," Douglas declared and pounded his desk for emphasis, "I am not going to be intimidated in these hearings."

Senator Fulbright (D-Ark), the subcommittee chairman, accusing the RFC of planting reports he had tried to influence an RFC loan, said a radio commentator, on "a tip-off from someone informed by or within the RFC," had asked Thursday whether Fulbright himself had tried to influence an RFC loan. Fulbright added:

Major Perkins Dies At Wichita Falls

WICHITA FALLS—(P)—Maj. D. M. Perkins, 72, veteran of three wars and one of the organizers of the 36th (Texas) Division, died here late Thursday night.

Perkins was public housing director and chairman of the county draft board at the time of his death. He also was a former postmaster here.

He enlisted for service in the Spanish-American War and also served in the Philippine Insurrection and World War I.

He moved here in 1900 just after aiding in rehabilitation work at Galveston during the big flood there. He helped organize the 36th Division for World War I and served with it.

Survivors include the widow, two sons, Capt. Duncan Perkins, on duty in Korea, and Col. David M. Perkins, Washington, D. C.; two daughters, Mrs. F. E. Brandeberry, Elgin, Fla., and Mrs. John M. Shiner, Silver, Texas.

Funeral plans were incomplete.

Troops-For-Europe Gains New Support

WASHINGTON—(P)—President Truman's plan to send more troops to Europe apparently gained strong new support Friday in the Senate.

Chairman Russell (D-Ga) of the Senate Armed Services Committee indicated he would back Chairman Connally (D-Texas) of the Foreign Relations Committee in a resolution which would endorse in advance any troops commitments Truman might make to North Atlantic defenses.

Intimates Say Truman May Seek Return To Senate

WASHINGTON—(P)—Some congressional friends of President Truman Friday said he is considering seriously running for his old Senate seat when his present White House term expires.

"If Harry Truman does what he really wants to do he will run against (Republican) Senator Kern in the 1952 election," said one congressman who declined to be quoted by name. "He really loves the Senate."

Several recent White House callers have quoted the President privately as hinting he will not seek another term. They also say he talks longingly about returning to the Senate.

No definite White House announcement about the President's personal plans is expected immediately. Most observers believe he will not make up his mind on whether or not to run for another term before early next year and that his decision in large part will be based upon the condition of world affairs by then.

South Carolina May Ratify U. S. Amendment Friday

AUSTIN—(P)—Texas held firm claim Friday to being the thirty-third state ratifying the proposed federal constitutional amendment limiting presidents to two terms.

A report that South Carolina also had approved the amendment Thursday proved incorrect. Final legislative action there was expected possibly Friday.

The Texas Legislature's approval Thursday left the amendment only three states short of final adoption.

A record kept by Rep. Max Smith of San Marcos, who pushed House action on the amendment, shows no approval has yet been voted in these states: Alabama, Arizona, Florida, Kentucky, Maryland, Minnesota, Massachusetts, Nevada, North Carolina, Oklahoma, Rhode Island, South Carolina, Utah, Washington and West Virginia.

Senator Bullock Of Colorado City Acts As Governor

AUSTIN—(P)—Acting Gov. Pat Bullock of Colorado City returned to his role as Senate president pro tempore Friday after one day as the state's chief executive.

The day brought him tribute from his home town and fellow legislators.

He was honored at a dinner Friday night where almost 300 guests heard him praised as a gentleman and a statesman. The rancher-senator was presented a pair of chaps and a hand-tooled saddle inscribed with his name, brand and the state seal. His wife was presented a silver service.

Bullock became acting governor in the absence from the state of Gov. Allan Shivers and Lt. Gov. Ben Ramsey. Shivers was in the East and Ramsey in Mexico.

LABOR MAPS—

(Continued From Page One) Friday afternoon with his own Labor Advisory Committee, which includes representatives of the ULPC group as well as John L. Lewis, chief of the United Mine Workers. Lewis' union is not a member of the ULPC.

Has Heard Enough
Johnston let it be known Thursday he has heard enough of the argument and now will go ahead and decide on his own whether to approve this formula or modify it. After a three-hour session with ULPC leaders, he said he had heard "all their gripes" and learned a lot.

Johnston said he would spend the next few days assembling technical data on wages and prices, thus indicating his decision would be delayed at least until the weekend.

Wilson will broadcast over the major radio and television networks at 9:30 p.m. Friday on "The State of Mobilization."

Erskine Outlines Midland's Expected Growth To JayCeos

Stanley Erskine, president of the Midland Chamber of Commerce, spoke to the Midland JayCeos Friday at their weekly luncheon in Hotel Scharbauer. Erskine told of the services that have been performed by the C. of C. here in the past, and the services that may be expected in the future.

He also told of the expected growth of Midland in the years to come. "Midland has tripled its growth the last 10 years," he said, "and there's no reason it can't do so in the next 10. The only boundary limits in our growth will be our own thinking, planning and efforts exerted to make Midland a better city. It is up to the individual."

JayCee President Art Joseph announced the JayCees all-chub party for members, wives and guests will be held Friday night at the Officers Club, located at North Airpark. The time set is 8:30 p.m.

Plans for a program presented by Austrian students, to be sponsored by the JayCees in March, also were discussed.

Jack Huff was named program chairman for the month of March.

500 Attend Benefit Concert At Cowden Junior High School

More than 500 persons attended the benefit concert of the instrumental and vocal music departments of John M. Cowden Junior High School in the school's auditorium Thursday night.

Proceeds from the benefit show will be used to purchase a curtain for the auditorium stage.

Participating in the concert were the Sixth Grade Mixed Choir and the Seventh and Eighth Grade Girls Choir, under the direction of Dorothy Routh; the Seventh and Eighth grade Mixed Choir, directed by Mary Rao, and the Cowden Junior High Band, under the direction of George Gates.

The vocal groups sang seven numbers, and the band played 10 selections to conclude the concert.

Cabbies, Western Plastic, Rotary, Advance; Semi-Finals To Be Held Friday

Checker Cab 'B' of San Angelo, Western Plastic of Midland and Midland's Rotary Engineers emerged victorious from the scramble in the John M. Cowden Junior High School gym Thursday night, as the Midland Invitational Independent

Basketball Tournament completed its second night of hardwood action. Angelo's Cabbies came from behind, after trailing all the first half, to eliminate Phillips of Odessa 62-56. Western Plastic of Midland caused the most eyebrow raising, upsetting highly touted McCamey News Publishing Company

45-43. But the Midland Rotary Engineers put on the smoothest performance of the night, locking a surprisingly good Holder Grocery five 68-56 as the Engineer's Bennie Rutherford personally accounted for 38 points.

McCamey Withdraws
McCamey News Publishing Company withdrew from the tournament immediately after the defeat by Western Plastic and declined to play in the consolation bracket. The Friday night card thus will have two games, with Rotary Engineers and Western Plastic meeting at 7:30 p.m. and Bill Hale Motors of Odessa playing Big Spring T&P Railway at 9 p.m. Both consolation and championship finals will be held Saturday night.

Checker Cab 'B' won its way into the consolation finals, beating the Phillips five with a rally midway of the second half and another just before the contest ended. Phillips, with Everett Throll leading the way, held a 35-25 halftime lead and was in front 37-27 early in the second half when the Cabbies went on a 16-point scoring spree while the Odessa team was held scoreless. The Odessa team came back to go ahead 53-52 with three minutes left, but San Angelo's Ellis led a charge that brought the Cabbies home in front. Throll's 23 points paced Phillips. Baldwin led the Cabbies with 15 markers. The Cabbies will meet Holder Grocery in the consolation finals Saturday.

Little Bryan Clark and John Yancey hustled the ball and scored 12 points each in Western Plastic's upset win over McCamey. The Western team was in front 22-20 at halftime, but the score was tied seven times in the contest. Yancey tossed two free throws through the net with 40 seconds left to break a 43-41 tie and give the Midland team its victory. Harrelson's 11 points topped the losing McCamey News team.

Rotary Engineers played without the services of three regulars—Leland Huffman, Tom Shaik and Paul Haskins—but had too much for the Holder Grocery five. The Odessa team made a game of it for the better part of the first half and led 17-16 at one time. But Rutherford, J. B. Collins and Bob Hooper gave Rotary a 35-24 lead at halftime and the Engineers never were threatened seriously after that.

New Shortstop May Solve Nats' Problem
ORLANDO, Fla.—(P)—A shortstop who can hit as well as field may be in the making for Washington this year. He is a draftee up from Atlanta, Gene Verbie.
Manager Bucky Harris seems satisfied, so far as fielding goes, with weak-hitting Sam Dente, present incumbent between second and third. Verbie was one of the minor league fielders in 1950, and hit .279.

Ralph Branca First '51 Brooklyn Casualty
VERO BEACH, Fla.—(P)—Ralph Branca, husky righthand pitcher, is the first training camp casualty among the Brooklyn Dodgers.
The big fellow was a bit too enthusiastic about getting his legs in condition and too much hard running caused a minor strain of a groin muscle.

Admitted to Hospital
Mrs. William B. Kalhofer, 207 West Cowden Street, was admitted to Midland Memorial Hospital Wednesday at a medical patient.

GOOD SKATE—Jacqueline Du Bief of France displays fine form during the European Figure Skating Championships at Zurich. She took top honors in free skating, finished second to Britain's Jeanette Altwegg in total points. (NEA)

Two WT-NM Clubs Seek Negro Players

LUBBOCK—(P)—Jay Haney, manager of Lamesa in the Class C West Texas-New Mexico League, says he is negotiating for two Cuban negro players.

"I don't know that we'll get them," Haney told the Lubbock Avalanche-Journal Thursday, "but we're trying." It would be the first appearance of negroes in organized baseball in Texas.

Unknowns Set Pace In Houston Open As Champ Withdraws

HOUSTON—(P)—A young California golfer was confident Friday he could live up to his surprising job of setting the second-round pace for the \$10,000 Houston Open. Jimmie Clark, Laguna Beach, Calif., fired an eight-under-par 64 Thursday to take the first-round lead. He was a member of the New York City PGA two years but attended Houston's Rice Institute, where he was a Southwest Conference shot put champion.

Immediately after posting an 87, Clark changed his hometown from New York City to Houston, He has been a member of the New York City PGA two years but attended Houston's Rice Institute, where he was a Southwest Conference shot put champion.

The two unexpected leaders and 162 other golfers began Friday's second round without a defending champion to chase.
Middlecott Is Ill
Cary Middlecott, Memphis, Tenn., withdrew after 16 holes Thursday because of illness. The defending champ had taken penicillin shots for a cold and left the course with a temperature.

After Friday's play, the field will be cut to 60 players, plus ties, and 10 amateurs.
Henry Ransom, St. Andrews, Ill., led the only front nine 31 but he dropped to part 36 on the backside to tie with four others at 67.
Max Evans, Detroit, Mich., closed a 66 for a surprise third place.
Grouped with Ransom were Houston Amateur Dick McCreeary and Pros Al Zimmerman, Portland, Ore.; John Barnum, Grand Rapids, Mich., and Larry Glosser, Columbus, Ohio.

Gambler, Official Found Guilty Of 'Fixing' Two Fights

MEMPHIS, Tenn.—(P)—A jury Thursday decided two prize fights here last November 21 were fixed by two men.
The jury found gambler Frank Casone and promoter-referee James A. Manley guilty of bribing boxers in the fights.
The jurors recommended a sentence of 11 months and 29 days for Casone and 30 days for Manley.
The match involved in the trial was between heavyweight Harold (Buddy) Scott of Dallas and Oscar Buchanan of Memphis. Scott, the favorite, was dropped in the third round.

The other bout, between welterweights Sanford L. Barron of Birmingham, Ala., was not included in the bribery charge but it figured considerably in testimony by both sides.
DOM DIMAGGIO READY TO INK 1951 CONTRACT
SARASOTA, Fla.—(P)—Veteran outfielder Dom DiMaggio has checked into the Boston Red Sox training camp and reported to manager Steve O'Neill that he is ready to sign his 1951 contract.
DiMaggio, who flew in from San Francisco, said he has been too concerned about his mother's illness to attend to that detail.

Stanton And Avoca Clash At Brownwood
STANTON—The Buffs of Coach Leo Fields were scheduled to meet Avoca High School at 3 p.m. Friday in Brownwood's Class B Regional tournament.
Stanton has won 22 of 25 games and Avoca has captured 24 of 25. The Avoca team is favored to win the tournament. Early (Brownwood) is rated second in the tournament and Stanton, third.

Track Squad Drills

Track hopefuls at Midland High School took a brisk outdoor workout Thursday afternoon, running through exercises designed to shake out the kinks from periods of inactivity and prepare them for the rugged grind ahead.

Approximately 20 candidates still in the running for varsity positions went through the paces, under the guidance of Coach Tugboat Jones.
Jones said he doesn't "know definitely just what each boy would enter as it is too early to say." But he said he hopes to have a line on the team within a few days. Already being counted upon are Jerry Culp, Donald Byerley and Jimmy O'Neill in the shot put, Roy Kinsey in the dashes, W. H. Black in the pole vault and Billy Medart in the mile run. Other boys probably will be assigned events within a few days. Robert Keising, sophomore, was working on the hurdle events Thursday.

Junior Squad
Coach John Higdon had 16 youngsters working out for the junior track team Thursday. Boys trying for positions include Joe Bowman, John Casner, Dwayne Chesnut, Vernon Carpenter, Billy Shaw, Gene Hunter, Paul Davis, Bill Mims, Larry LaVelle, Russell Rutledge, W. C. Moore, Joe Streun, Clinton Noble, Darrell Speyer, Jerry Ball and Elmo Martin.

The Midland varsity track team will see their first action at Fort Worth March 16 and 17.

King's Row

By LARRY KING
The more we see of Bennie Rutherford, the more we think of his ability as a basketball player. If we had our superlatives with us, we'd say him Bennie is uncanny, superb, colossal, great and sensational. But since we don't want to go into vivid description, we'll just say he's good—very good.

We've had the good fortune to catch Rutherford and his Rotary Engineer teammates in nine ball games this year. The lowest total Rutherford scored in those nine games was 18 points. Once he scored 40. His 38 Thursday night against Holder Grocery wasn't bad.

He led the Gulf Coast Conference in scoring last season when performing with North Texas State, and we think he would have been a standout at any school.
Yes, we are pretty "high" on Rutherford as a player. You will be, too, if you see him play. That opportunity will be presented at 7:30 p.m. Friday when Rotary and Rutherford take on Western Plastic in the championship semi-finals of the Midland Independent Basketball Tournament.

There are several other reasons why Midlanders will do all right in attending the tournament.
First, there will be two top-flight cage contests Friday night and two more Saturday night. Powerful Bill Hale Motors of Odessa plays T&P Railway of Big Spring Friday night. Hale is favored—but the Odessa team might be upset by the fast-breaking Big Spring quintet.

Another reason Midlanders might attend this tourney is to help a worthy cause. The net game proceeds go to the Girl Scout Building Fund.
We think the sponsors of the tournament—Jack Bliss of Rotary Engineering Company and J. M. White of Western Plastic Company—deserve a hand for giving the money taken in to the worthy cause.
A good crowd was on hand Thursday night. It should grow Friday and Saturday nights.

Midland's Flying Sisters inform us they'll play in Barstow Friday night, meeting a few cage team from there.
The clash will start at 8:30 p.m., according to Sister Publicity Chairman Charley Cummings.
Coach Rutherford's Sisters have dropped but one contest in four basketball games thus far, and won a volleyball game in addition.

Thanks to a couple of good fellows for donating some time to boys baseball here.
Bill Gidewell, Youth Center director, has taken the job of president of the Lone Star League.
Charley Cummings, sportscaster at KCRS, called us and volunteered to help out in any way he could. We'll pass the info along to League Secretary Ray Protsman.
More help is needed for the Summer program.

Lubbock, Andrews Fives Move Nearer State Tournaments

Highland Park of Dallas Thursday night joined Borger in the Class AA state tournament, and Friday night four other places could be filled.
The Scots beat Sherman 45-43 for the second straight time in their best-two-of-three-games series.
Borger earlier this week knocked off Childress to gain the state meet.

The Class AA, A and B boys tournaments will be run off at Austin next Thursday, Friday and Saturday. The first girls state tournament under Inter-scholastic League sponsorship will be held there the following week.
Coleman liked Hamilton 47-27, and Andrews beat Roscoe 29-21 in Class A bi-district games Thursday night. These two teams will meet Saturday at Sweetwater to determine Region Two's state meet entry.
Austin evened its Class AA series with Waco Friday night 33-31, and Texarkana squared its series with Palestine 50-43.

The final games in these series will be played at Waco and Longview respectively Saturday night.
Canyon Wins One
Port Arthur and Freeport, all square at one game each, tangle Friday night at Galveston; San Angelo, victor in its first game, vies with Stephenville; Harlingen tries to make it two in a row over Laredo, and Lubbock goes after its second straight over Thomas Jefferson of El Paso. Lubbock Thursday night opened the series with a 56-46 victory.

The Region One Class A tournament began Thursday night and so did the Region Three and Four Class B tournaments.
The Region Six Class A tournament starts Friday, with other meets in this division and in Class B getting underway either Friday or Saturday.
Canyon, defending Class A champion, didn't win its district, but finished second and won a spot in the Region One Class A tournament. It licked Memphis 41-31 Thursday night to take the first step toward a defense of its title.

Corpus Christi, the Class AA champion, and Gruver, winner in Class B, were eliminated in district play.
City Conference teams—schools from Fort Worth, Dallas, San Antonio and Houston—complete in their own tournament at Dallas the second week in March.

Cage Probe Spreads To All Area Teams In Garden Last Year
NEW YORK—(P)—The college basketball "fix" probe has spread to all New York teams which played games last year in Madison Square Garden.
The current sports scandal reached back into last season when, newspapers reported, police and wiretap recordings of a last-year fix.
The newspapers said the evidence involving all local teams was ordered withheld by an unidentified high official.
Former Police Commissioner William P. O'Brien entered a general denial of the reports.
Police Commissioner Thomas F. Murphy, while saying he had no information that such evidence existed, has ordered a search of police files. The commissioner said the departmental record check might take a couple of days.
District Attorney Frank S. Hogan, who last Sunday broke the basketball bribe case which rocked the sports world, said he never saw or heard of suppressed wiretap evidence. He added that his office had no wiretaps prior to last January 12. Wiretap evidence was used to gain confessions in the present "fix" case.
The newspapers said 40 wiretap recordings made during the 1949-1950 season indicated a giant "fix" involving all Garden dates kept by every metropolitan area team.

Texas, TCU Face Uphill Fight To Stay In SWC Race
By The Associated Press
Texas tackles Baylor and Texas Christian meets Southern Methodist Friday night in last ditch efforts to stay in the running for the Southwest Conference basketball championship.
Texas A&M is out in front and favored to stay there the rest of the waning season.
Texas and Texas Christian were dumped from a share of the lead earlier this week by Arkansas and Baylor respectively.
Saturday night, Rice catches A&M at Houston. If the Owls upset the Aggies—and Texas and Texas Christian win Friday night—the race could be tied up again.
After this week there are just four conference games left.

Texas A&M Second Defensive Cage Team
NEW YORK—(P)—The Texas Aggies Friday ranked second behind Oklahoma A&M as the top defensive basketball team among the nation's colleges.
The Oklahoma allowed 44.3 points a game to 44.8 for the Texans.

Hopkins Has Answer To Basketball Fixes

BALTIMORE—(P)—Is it the "evil" of large gate receipts which has drawn some colleges down the road to the current "basketball fix" scandals?
A world-famous university here believes it has the solution.
Let spectators in free, says Johns Hopkins University.
They've been doing that at Hopkins now for 16 years.

MHS Golf Team In Odessa Friday; Here On Saturday

Midland High School's golf squad was slated to see its first action of the year Friday afternoon, going to Odessa for a group of matches with Broncho golfers. The matches were to start at 3 p.m.
Saturday morning, the Midland youngsters again will see action, with Lubbock and Odessa High linksmen joining the Bulldogs in a three-way match event. The Saturday play is carded at 9:30 a.m. at the Midland Country Club.
Coach Audrey Gill has announced that the eight boys qualifying for the MHS team last week included four lettermen: Graham Mackey, Roane Puett, John Ward and Bill Franklin. Others who turned in scores good enough to qualify them for the varsity team were Teddy Kerr, Marcelino Moreno, Raymond Leggett and Doyle Patton.
Little is known of the Odessa team's strength. Lubbock High School last week defeated Big Spring 14-3 in its first action.

Giants Will Try Lockman On First

SANFORD, Fla.—(P)—One of the most discussed subjects in the New York Giants camp is whether Whitey Lockman can become a successful first baseman.
Manager Leo Durocher thinks the North Carolinian, heretofore an outfielder, can make the grade at first and plans to play him there in Sunday's first intrasquad game.

The site of a small French colony established in 1564 near Jacksonville, Fla., may have been submerged when Army engineers altered the course of the St. Johns River 40 years ago.

Three Minnesotans Flying To Ski Resort Are Killed In Crash

PAXTON, NEB. — (AP) — Three prominent Minnesotans flying to a Colorado skiing resort were killed Thursday when their plane crashed into a tree at the edge of Paxton. The dead were: Edmund P. Pillsbury, 37, Minneapolis, vice president of Pillsbury Mills, Inc., and son of Pillsbury board chairman, John S. Pillsbury; Alfred D. Lindley, 47, Minneapolis attorney, former Olympic skier and recently unsuccessful Republican candidate for Congress; Dexter L. Andrews, 38, secretary and director of Earl Partridge Company, Minneapolis general merchandise wholesale firm. Andrews and Lindley lived at Wayzata, Minn. Enroute To Aspen

The four-place, single engine plane carrying the three and loaded with ski, tennis rackets and other sporting equipment had taken off from Minneapolis enroute to Aspen, Colo. A freezing mist was falling as it crossed Central Nebraska. Apparently Pillsbury was bringing the plane in for a landing in a field near the Paxton railroad depot when the little ship plowed into a grove of trees.

Newspaper publisher Kenneth Newcomb, one of the first to reach the wreckage, reported ice on the wings probably caused the crash.

SOUTH SIDE RESIDENT REPORTS HOME ENTERED

Mrs. Wesley Paddock, 506 South H Street, Friday reported her home was entered Thursday night while she was away and the prowler left things in considerable disarray. She reported nothing missing. Mrs. Paddock said she was staying with a neighbor's children and discovered her house had been entered when she returned about 1 a.m. Friday.

Good Sense To Want To Feel Your Very Best

It's just plain common sense to want to feel your best at all times. Nobody wants to feel weak and rundown, suffer stomach distress or be plagued with annoying aches and pains. Thousands of folks have found that HADACOL has relieved the real cause of their troubles when they are due to lack of vitamins B1, B2, Niacin and Iron, elements contained in HADACOL. Thomas G. Schmidt, Chairman of the Waller County Parole Board, Waller, Texas, is just one of the many folks who simply can't praise HADACOL enough for helping them overcome these deficiencies and feel good again.

Here is what Mr. Schmidt says: "I want to tell you of the wonderful help I have received from taking only three small bottles of HADACOL. To make the story short . . . I think you HADACOL is the most wonderful and helpful relief from run-down nervous disorders. My work is now a pleasure and I feel fine and sleep better than I have in a long time. I can't praise HADACOL enough: I can surely recommend it to everyone young or old."

HADACOL can help you, too, if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you that "Wonderful HADACOL feeling." Copyright 1951, The LeBlanc Corp.

McCraw To Speak At Legion Smoker Here Friday Night

William McCraw of Dallas, a prominent criminal lawyer and former Texas attorney general, will be the guest speaker at the American Legion's smoker at 8 p.m. Friday in the Legion Hall.

William McCraw

The smoker is the feature event of the Legion's current membership drive. Members may bring two guests to the affair. McCraw has been a leader in the legion a number of years, and is a past commander of the Department of Texas. Currently, he is chairman of the national membership committee and a member of the national commander's advisory committee. The Midland post is ahead of last year's membership progress at the same time of the year. Membership is expected to surge past the 1,100 mark this weekend. The post at the end of 1950 had 1,111 members. Members of the Midland Veterans of Foreign Wars post and the Disabled American Veterans chapter also are invited to the smoker.

New Hormone Grows Hair On Bald Pates

NEW YORK — (AP) — A scientist Thursday reported a new hormone has grown hair on two men who had been bald for five years. Albert Roberts, president of the United Research Laboratories of Philadelphia, said the hormone was rubbed on in a cream, starting five weeks ago. Each man now has hair about an inch long on the once-bald areas. The hair—although apparently normal—is only about one-sixth as heavy as the normal amount for a young man. But more hair may grow. The new hair hormone is closely allied with ACTH, one of the hormones for rheumatic arthritis and several other ailments. The new dermatotropic hormone will not be sold until there is further research.

The series of services will be conducted through March 4. The public is invited.

Permian Basin Oil And Gas Log—

(Continued From Page One)
Ralph Lowe No. 1 Hill, a flowing discovery from the Dean sand of the Permian.

SE Irion Prospect Flows Wolfcamp Oil

Frank and George Frankel No. 1 Rawls, wildcat in Southeast Irion County, 10 miles south of the town of Mertzon, discovered flowing production from the Wolfcamp on a drillstem test from 5,445 to 5,515 feet. Gas was shoved to the surface in three and one-half minutes, mud in 18 1/2 minutes and oil in 22 minutes. In the first hour of flowing it made 38.5 barrels of clean 40-gravity oil and no water through a 5 8-inch choke. The well was still flowing at last report.

After the test is over, operator is to drill about 40 feet deeper and run electric log surveys. The No. 1 Rawls is about 80 feet high on top of the Wolfcamp to Shell Oil Company No. 2 Tankersley, discovery well of the Tankersley field and one and one-half miles to the west. Exact location is 660 feet from south and west lines of section 9, G&S survey.

NE Upton Wildcat To Test Spraberry

Ashland Oil Company No. 1 Sherrod, wildcat in Northeast Upton County, has been plugged back to 7,180 feet in the Spraberry where it had some shows of petroleum when that section was drilled through. It was dug to a total depth of 10,547 feet in barren black shale. Operator will probably run casing and test the Spraberry through perforations. The No. 1 Sherrod is 660 feet from north and east lines of section 6, block C, L&SV survey and 22 miles northeast of Rankin.

Deep Prospector Set For Dawson

Seaboard Oil Company of Delaware is to drill a 10,000-foot Pennsylvania wildcat in South-Central Dawson County. It will be dug as that concern's No. 1 Robinson, 660 feet from east and 1,980 feet from north lines of section 48, block 36, T-5-N, T&P survey. That makes it slightly more than one-half mile southwest of the North Concho river. Velma Petroleum Corporation of Hobbs will drill the prospector. Sinclair Oil & Gas Company and Phillips Petroleum Company will contribute dry hole money and Shell Oil Company will contribute bottomhole money.

Wildcat Slated For NW-C Tom Green

Ten miles northwest of San Angelo and in Northwest-Central Tom Green County, Aurora Gasoline Company is to drill a 6,900-foot wildcat on land owned by R. Wilbur Brown, Jr. Location has been made 2,259 feet from southwest and 467 feet from southeast lines of G. Hild survey 208. That makes it slightly more than one-half mile southwest of the North Concho river. Velma Petroleum Corporation of Hobbs will drill the prospector. Sinclair Oil & Gas Company and Phillips Petroleum Company will contribute dry hole money and Shell Oil Company will contribute bottomhole money.

Ellenburger Tester Staked In SW Ector

Magnolia Petroleum Company has staked location for a 10,900-foot Ellenburger test in the Yarbrough & Allen field of Southwest Ector County. It is No. 7 C. H. C. Anderson and is located 1,980 feet from north and 660 feet from west lines of section 13, block B-14, psl survey. Rotary tools will be used to drill the project, beginning immediately. Drillsite is eight miles west of Judkins.

final sale
of ZABLE FURS
Saturday & Monday, Feb. 24th & 26th

We knew we were offering sensational values in our sale last January—and from the comments of the many who were in buying furs, they were amazed—and delighted! For every wrap listed is below replacement price. Many are priced below the cost of skins alone. These phenomenally low prices are especially spectacular in view of the recent January raw fur auction sales where prices showed a tendency to increase over December sales. This indicates to us that next season's prices may not be as low as we, and you, too, perhaps had hoped! If you didn't come in last January, we urge you to take advantage of this opportunity to buy furs of assured quality now—at savings of 1/3 to 1/2 Here, we list a cross-section of the many values you'll find! Use Our Lay-Away Plan.

IPAA Meeting In Colorado City Is Set For Saturday

Three hundred Permian Basin oil men are expected to gather in Colorado City to hear Texas Railroad Commissioner William J. Murray, Jr., and Col. H. B. Fell, of Simpson-Fell Oil Company, when they address the Independent Petroleum Association of America district meeting Saturday.

NE Reeves Explorer Plugged, Abandoned

Buck Jones Drilling Company of McCamey has reported its No. 1 J. V. Daughte, wildcat in extreme Northeast Reeves County, as a failure at 3,400 feet. Drillsite was 330 feet from north and west lines of section 20, block 56, T&P survey. That made it two and one-half miles northeast of Orla and four miles southeast of the Red Bluff Dam.

Wildcat In NW Pecos Plugged, Abandoned

M. H. McWhirter has plugged and abandoned his No. 1 Hart Johnson, wildcat in Northwest Pecos County, at a total depth of 1,077 feet. Location was 330 feet from northeast and 2,560 feet from west lines of Mrs. Susan Tompkins survey No. 2 and 14 miles southwest of Imperial. The Mrs. Susan Tompkins survey No. 2 adjoins the south and east sides of section 118, block 8, H&GN survey.

Another Pecos Test Is Plugged, Abandoned

J. B. Tubbs has plugged and abandoned his No. 1 A. R. Robertson, wildcat in North Pecos County at total depth of 1,670 feet. Location was 330 feet from north-west and 1,980 feet from southwest lines of section 12, block 10, H&GN survey, 13 miles southwest of Imperial.

Field Well In Borden Is Quit As Failure

Condor Petroleum Company has plugged and abandoned its No. 1-35 Good at the total depth of 8,480. Location is 860 feet from south and east lines of section 35, block 33, T-4-N, T&P survey, seven miles east of Ackerley, in southeast Borden County. It was in the Good field.

Stripling Speaks At Big Spring Meeting Of PB Gasline Men

Robert E. Stripling, Midland oil man, was one of the featured speakers Friday at the first annual regional meeting of the Natural Gasoline Association of America ever held in the Permian Basin.

The gathering was in Big Spring. Stripling spoke Friday afternoon on the subject, "What We Must Do to Win This Struggle." Stripling, a Midland resident for more than two years, was chief investigator for the Un-American Activities Committee of the U. S. Congress for 10 years before he resigned to enter the oil business. Ed D. Dickey with Shell Oil Company in Midland was chairman of the program committee for the meeting. The affair was to close with a banquet Friday night.

HOWCO Negotiating To Purchase Spartan

HOUSTON — (AP) — The Halliburton Oil Well Cementing Company is negotiating for the purchase of the Spartan Tool and Service Company, only other major oil well cementing and service company in this area. It was learned today. The transaction may involve some \$2,500,000, it was estimated. In a long distance telephone conversation with Earle P. Halliburton, president of the Halliburton firm, in Los Angeles, he said negotiations are underway and that the Halliburton board will make its decision at a meeting in Dallas March 5th.

Services Held For Mrs. Nettie Mullins

CRANE—Funeral services were to be held Friday afternoon at Riesel, Texas, near Waco, for Mrs. Nettie L. Mullins, 80, long-time West Texas resident who died at the home of a daughter in Waco Wednesday. Crane residents attending the services include Mr. and Mrs. S. F. Lakin, Mr. and Mrs. W. B. Stone, Mr. and Mrs. C. H. Evans, Mr. and Mrs. Pat Butler, Mr. and Mrs. Gilvay Whitwell and Mr. and Mrs. Don Whitaker.

Attempt To Crack Safe Unsuccessful

Police Friday were investigating an attempted safe-cracking job reported Thursday by The Borden Company, 2405 West Missouri Street. Company officials reported someone had attempted unsuccessfully to pry open the safe. Nothing was reported missing. Television has been found useful in fighting forest fires in South Africa.
