Striking Comparison
During World War II, several military writers roundly criticized the organization of the American Army on the ground that it was top-heavy with administrative, supply service and other rear echelon units.

Army top brass did not muster much argument in rebuttal. On the contrary, they lent weight to the criticisms by indulging in some trimming of rear echelon personnel in the European theater. But basically the problem was

When demobilization came, the non-combatant elements of the Army were reduced in size more slowly than fighting forces. By the time war broke out in Korea, the U. S. Army was largely an administrative and housekeep-

Thus there can be no surprise in the fact that the relatively small additions to combat personnel since that time have not vastly altered the ratio between fighting men and non-combatants. Naturally, as more and more men are brought into combat units, the margin between the two will be narrowed somewhat.

Grand Jury Probe Will Reveal Worth Of RFC Investigation

By PETER EDSON
NEA Washington Correspondent

WASHINGTON - Exact measurement of the skulduggery exposed by Arkansas Senator J. William Fulbright's Reconstruction Finance Corporation investigation won't be possible till the federal grand jury completes its probe. There probably will be some indictments. But they may be for perjury or income tax violation, rather

There is ample evidence that some members of the RFC staff-from directors on down—got awfully care-less. They did a lot of unwise and even unethical things. Some are the things done every day in the normal course of business, like buy-ing presents for customers. But there appears to be no law under which anyone can be punished for such things as taking free hotel accommodations, unless it can be proved they were in the nature of taking free hospitality and gifts was wrong, a lot of people not now burned are going to be thrown into

So far, only the names of White House Assistant Donald Dawson and RFC Examiner Hilton W. Robertson have been identified as having turned down an application for a been guests at the Saxony Hotel in Miami Beach, Fla. But the Ful-bright committee sent a staff investigator to Miami Beach to check the registers of the Saxony and Sorrento Hotels, both of which had RFC

than for bad administration. He is a sterling citizen and This is what every congres does for every constituent wanting to do business with a government agency.

There are only a few cases in the file in which it is said that an effort was made to turn on the heat. There is no reason why the letters shouldn't be made public, except that they might be disappointing to some people expecting sensation.

sure on RFC, it is not done by writing letters. For instance, there is little or no correspondence file on Republican National Chairman Guy George Gabrielson's Carthage Hydrocol loan of \$18,500,000. That was handled much more skillfully.

The Fulbright investigations revealed that some people claimed to have had more influence on RFC than they had. For instance, RFC \$12,000,000 loan to build a garage under Boston Common, even though Dr. John R. Steelman, the assistant to the President, tried to force it

through. The Fulbright committee's life does not expire until April 30. That gives it time to write its reports and possibly clean up a few angles like the congressional mail and who stayed at Saxony. Bureau of Internal Revenue must investigate the

ncome tax angles. Debate on whether the investigation should be continued has degenerated into pretty much of a political squabble. Neither party seems to have clean hands. Of the RFC directors who were the most indiscreet, ex-banker Willett was a Baltimore Democrat, ex-banker Dunham a Detroit Republican.

It's worth 3¢ on your next supply of Coca-Cola

The cardboard cartons that help you carry home bottles of Coca-Cola so effortlessly, now cost us more than ever before. Also, they are becoming increasingly hard to get.

For this reason, a 3¢ deposit on paper cartons will go into effect March 22. You will receive 3¢ each for any extra paper cartons that you return to your dealer after this date. And, of course, your dealer will require a 3¢ deposit if you don't turn in a carton when you buy Coke.

The deposit on Coca-Cola Bottles remains 4¢

each. Thus, the total deposit on a carton of Coke is 27¢-3¢ for the paper carton, and 24¢ for the six bottles. If you keep the cartons and bottles you have now and turn them in on new supply of Coke, no additional deposit will

K-Staters, BYU **Have Close Calls** In West Playoffs

KANSAS CITY -(AP)- What almost happened to Kansas State and Brigham Young should serve as a sharp warning to Oklahoma A&M and the Washington Huskies in the Western NCAA playoffs Thursday night.

Both Kansas State, the overall favorite in the eightteam Western field, and BYU, which won the National *Invitation Tournament last

68 Years Old, Yet Now Climbs 155 Feet to Work on Scaffold

HADACOL Relieves the Cause of Nervousness and Weakness When Due to a Lack of Vitamins B:, B2, Niacin and Iron.

Seems like more and more folks are finding out every day that they have to keep themselves in tip-top ndition to really stay on the ball as far as doing a good job is concerned, Mr. John

1, Moselle, Mississippi, certainly found out that aches and pains. weakness and nervousness were interfering with his work as carpenter

But Mr. Napier heard how HAD-ACOL was helping folks with such onditions that may have been due to deficiencies of Vitamins B1, B2, Iron and Niacin.

Here are his own words: "Before taking HADACOL, I was suffering with aches and pains for awhile. Then, came the time when I was weak and nervous. I am a carpen-ter and bricklayer. I also run a farm. I kept feeling bad and get-ting worse. Then I heard about HADACOL and immediately began taking it. After taking only one when I retired at 9 P.M. I could fall asleep immediately.

After the third bottle I went back to work, carpentering and laying bricks. Now, I climb as high as 155 feet and work all day on a scaffold. I have never felt so well in many years. I am 68 years of age. And work to do, I work on my farm, planting and harvesting my crops. Thanks to HADACOL."

There's a clue that may help you Vitamins B1, B2, Niacin and Iron. Why continue to suffer . . . why experiment . . . why let your distress drag you farther and farther down! For it is these very Vitamins and Minerals you may need that HADACOL supplies in a quantity greater than the minimum daily requirements. And this marvelous formula contains helpful quantities

HADACOL builds up the hemoglobin content of the blood (when Iron is needed) to send these elements coursing, surging, throughout your body, to every body organ. Already dissolved, in a special liquid form, the elements are absorbed quickly and easily in your system. Carries a strict money-back guar-

BAKED SHANK HALF OF HAM-Looking for a

good buy for your Easter dinner? Then keep in mind

a shank half of ham. It's the most economical of all

ham cuts and may be garnished as simply or elabor-

ately as you wish for the festive meal. Modern, mild-

cure hams should be baked, not boiled. To prepare

a shank half of ham, place ham on a rack, fat side up,

in an open pan. Add no water. Place in a 325 de-

gree F. oven and bake 25 minutes per pound. Thirty

minutes before the end of the baking period, take

ham from oven, remove rind and score fat (cut in

crisscross gashes to form diamond pattern). Stick

with cloves, if desired, and spread fat with glaze.

An interesting glaze is brown sugar slightly moistened

with frozen orange juice (thawed and used undi-

luted). Or spread with jelly which has been melted

and thinned with a little water. Return ham to oven

to glaze.

OX JOINT DINNER-For a tasty economy dinner, serve braised ox joints with noodles, carrots and green beans. The ox joints should be cooked slowly to tenderness. Here's an interesting recipe for braised ox joints: Have meatman cut two ox tails into twoinch pieces. Roll in flour. In a Dutch oven or large heavy pan, brown ox joints in a little hot fat. Add two medium onions (chopped), 1/2 teaspoon salt, 1/8 teaspoon pepper, 1/2 teaspoon celery salt, 1 bay leaf, 4 cloves, 1 cup canned tomatoes, 1 cup water. Cover and cook slowly 3 to 4 hours or until meat separates easily from the bone. Add more water as necessary during cooking. Remove meat to a platter to keep warm. Thicken gravy with a flour and water paste. Season to taste. Serve ox joints on buttered noodles April Fool's Surprise Pudding

Many of us, especially here in Midland, feel there ought to be a song written about Texas and the

real honest-to-goodness song, capable of becoming a hit. Surely, the oil game is colorful

and thrilling enough. Now we aren't calling for nickelodeon stomp, something like 'Casey Would Dance With The

Spraberry Blond," or, "I'm A Toolpusher From No Trees. Nope, we want the real McCoy in songs—one that will go far and tell the romantic story of the oil

TOP JUGGLER-Valentine, one of the top juggling acts, will appear on the Paul Neighbors Revue playing two performances at the Midland High School Auditorium, March 28 at 7 and 9:15 p.m. Valentine recently completed a successful engagement on television in New York City. Among. other highlights of the two and a half-hour musical revue is the home spun humor of George Dunn, a Will Rogers type of humorist who spices his talk with a series of rope tricks. The show is being presented by the Midland Boy Scouts.

Creamed sweet breads make a delicious luncheon or supper dish.
Use a pound of cooked sweetbreads cups of medium white sauce and a cup of green peas.. Season well with salt and freshly ground pepper. A few cooked mushrooms added to this dish makes it something special.

PIE IN THE EYE-With a satisfying "splosh," New York Uniy student Stewart Jackson fits a gooey pie to the face of student Milton Berkwitz. Professors and undergrads at the university pay five dollars for such a privilege in the annual pie fling, with proceeds going to a student union building fund. Most popular targets, as you may have guessed, are the professors.
