

Presbyterian Youth Rally To Be Held Friday, Saturday

The Presbyterian Youth Rally of the El Paso Presbytery will be held here Friday and Saturday in the First Presbyterian Church. High school students and their leaders throughout this area will attend.

Registration will begin at 4 p.m. Friday and the opening event will be a banquet at 6 p.m. The rally will close at 3 p.m. Saturday.

The purpose of a Spring rally for a Presbytery is to interpret the theme for the year. The theme for this church year, which will begin Sunday, is "Thy Will—My Will."

Two High Points

Besides the Bible studies, the rally will feature two high points of inspiration—the Vesper service Friday night led by the Rev. Joe M. Brown, pastor of the First Presbyterian Church in Odessa, and the closing communion—installation service Saturday afternoon. This service will be led by the Rev. Lewis O. Waterstreet, pastor of the St. Andrew's Presbyterian Church in Midland and the Rev. David Zacharias, Westminster Presbyterian Church in Lubbock.

Bible study leaders will be the Rev. J. G. M. Ramsey, Lubbock; the Rev. Collis S. McKinney, El Paso; the Rev. E. E. Mulliner, Seminole, and the Rev. Harry G. McDonald, Jr., of Odessa.

Many young people will participate in the worship services and recreational activities.

Louanna Roach is director of education for the El Paso Presbytery.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 29, 1961—3

Mrs. Ernest Sidwell Speaks On 'Art' At Club Meeting

Mrs. Ernest Sidwell of the Woman's Wednesday Club spoke on "Art" at the Fine Arts Club meeting Wednesday in the home of Mrs. Henry D. Murphy.

Her talk included nature, art of architecture, art of music and drama, art of painting and sculpture, and the art of getting along with what you have. She illustrated her talk with experiences from her recent trip to Europe.

When discussing the art of getting along with what you have, she pointed out that the German people seemed the happiest in spite of the fact that they were living in bombed out houses with no windows. She described the operas, paintings and architecture she saw while on her trip.

Tally Hostess Has Luncheon

Mrs. Clyde Davidson and Mrs. John K. Massey of Odessa were co-hostesses to the Tally Hostess Club when it met Tuesday in the Manhattan Restaurant.

The April fool theme was carried out with tables centered with brightly wrapped packages. The packages were empty except for a card saying "April Fool."

Mrs. J. V. Hardwick won high and Mrs. Massey, second high. Other winning prizes were Mrs. E. A. McCullough, Mrs. Perry Gill and Mrs. Clarence Symes.

Mrs. James Pipkins was a guest. Other members present were Mrs. Wayne Moore, Mrs. Jack Moore, Mrs. A. L. Attaway, Mrs. David C. Chambers, Mrs. W. E. Lyle, Mrs. R. E. Morgan, Mrs. J. C. Williamson and Mrs. M. A. Murphey.

Dorothy Routh, Wilfred Brown Exchange Vows

Mr. and Mrs. Wilfred E. Brown will be at home in Midland following a short wedding trip to New Orleans. The couple exchanged vows Easter Sunday in the First Baptist Church in Hamlin.

The bride is the former Dorothy Routh, daughter of Mr. and Mrs. Tom Routh of Hamlin and a teacher of public school music in Midland Junior High School. Brown is the son of Mr. and Mrs. Sam B. Brown of Jasper. He is employed in Midland as district clerk for the Texas Pipe Line Company.

Pre-nuptial music was played by Ted Smith of Borger. Smith also accompanied Lester Morton who sang "O Promise Me," "Through the Years" and "The Lord's Prayer." The ceremony was read before an altar decorated with baskets of white gladioli, stock and fern and lighted by tapers in branched candelabra.

The bride, given in marriage by her father, wore a ballerina length dress of pink lace with net yoke and cathedral pointed sleeves. Her hat was of pink straw and her accessories of navy. She carried a white Bible topped with a white orchid.

RECENT BRIDE—Mr. and Mrs. William C. Lane are at home in San Angelo after their recent marriage in the home of Lane's parents, Mr. and Mrs. W. D. Lane of Midland. Mrs. Lane is the former Wanda Lee Rawls, daughter of Mr. and Mrs. C. O. Rawls of San Angelo.

Mrs. Carter Reviews Book

Mrs. W. H. Carter reviewed the book, "Travel," by Lowell Thomas, Jr., at the Contemporary Literature meeting Wednesday in the home of Mrs. L. C. Mills.

Guests at the meeting were Mrs. Gene Vanderpool, Mrs. Vanderpool and Mrs. Ewing.

Other members present were Mrs. Lee B. Park, Mrs. John Norris, Mrs. R. V. Hollingsworth and Mrs. W. B. Ahders.

Club Program Features Talk On Literature

"Texas literature like Texas, is as big as all outdoors," Mrs. J. W. Carroll, Midland County librarian, told the Progressive Study Club Wednesday. The group held its Texas Day program in the home of Mrs. Lindley Latham.

Mrs. Carroll discussed the contributions which the literature of Texas and the Southwest have made to the region's development. Starting with the earliest Texas books, she traced her field on up to the contemporary period.

Mrs. E. L. Smith of Wichita Falls, mother of Mrs. J. Wilmont Hunt, was a guest. Others attending were Mrs. Sol Bunell, Mrs. John H. DeFord, Mrs. Hunt, Mrs. Donald N. Johnson, Mrs. A. A. Jones, Mrs. John H. Beatty, Mrs. John Z. Kimberlin, Mrs. Perry D. Pickett and Mrs. Pete Tyler.

Lanie Tobin Has Birthday Party

CRANE—Mr. and Mrs. Bob Tobin gave a birthday party for their daughter Lanie recently in the American Legion Hall.

The serving table was centered with an arrangement of pastel colored sweetpeas and greenery. Rabbits and green grass surrounded the cake.

Mrs. Tobin was assisted by Mrs. Bill Wood and Mrs. Evelyn Weisner. Favors of baskets with rabbits and mint candy were given to the guests.

How Long Does CHANGE OF LIFE Last?

For some women mid-life's crucial "change" may be a reasonably short time; for others, unfortunately, much longer. In either case the sensible thing is to make this very trying period as easy as possible. That's why today thousands of women bless Cardui. Its modern-type and so often gives just the comforting help needed to soothe the tangled, edgy restlessness and relieve that depressing weak, tired feeling. Wonderfully relaxing, nervous irritability, Cardui's grand stomachic tonic action helps. Nature increase resistance, fortify vitality, and give you a brighter outlook on life. Do try it! Get Cardui today.

Nancy Tisdale Is Circle Hostess

Nancy Tisdale was hostess to the Gene Newton Circle of the Calvary Baptist Church when it met Tuesday.

Mrs. A. E. Bowman gave the opening prayer and Mrs. Leonard Conner gave the devotional. Mrs. J. C. Crow gave the closing prayer. Clothes were mended for the Latin American orphanage.

Others attending were Mrs. Betty Caudie, Mrs. Preston Vest and Mrs. B. L. Mason.

YOUNG ARTISTS TO MEET

The Young Artists Music Club will meet at 7 p.m. Thursday in the home of Carolyn Cobb, 1900 West Louisiana Street. Sue Ellen McCray will be co-hostess. Members will present the numbers which they plan in the Musical Festival in Odessa April 7.

Low and German Are Named To Be TIPRO Officers

C. K. (Ted) Lowe, Midland independent oil operator is the new member of the executive committee of the Texas Independent Producers & Royalty Owners Association for the Midland district. (No. 8) of the Railroad Commission of Texas.
Lowe takes the place of W. P. Z. German, Jr., also of this city as a member of the executive committee.

Discovery Offset Spotted In Upton

Thirty miles northeast of Rankin and in Northeast Upton County, A. A. Cameron of Oklahoma City staked location for his No. 1-21 Leonard Proctor, which will be drilled as a one-location southeast stepout to the Ted Weiner, et al No. 1 Walter Braden, discovery and lone producer in the Winer-Braden field.
Drill site for the No. 1 Proctor is 660 feet from north and west lines of section 21, block 37, T-5-S, T&P survey.
Rotary operations to 8,500 feet are to start at once.

Opener Completed In Central Runnels

A discovery from the lower Strawn in Central Runnels County has been completed by Humble Oil & Refining Company.
The concern's No. 1 Roy Tyree was completed for a daily pumping potential of 19.32 barrels of 50.3-gravity oil, plus 59 per cent water.
The well is nine miles southwest of Winters and 3,500 feet from east and 2,300 feet from north lines of B. O. Hall survey 437.
Production was from perforations at 4,208-4,210 feet. Plugged back total depth of the new field opener is 4,217 feet. The Ellenburger was found to be barren in drilling to 5,281 feet, which bottomed the hole in a Cambrian formation.

Dual Producer Is Finaled In Midland

General American Oil Company has completed its No. 4 Peck as a dual producer from the Ellenburger and the Pennsylvanian in the Sweetie Peck field of Southwest Midland County.
The dual oiler, which recently reported a potential from the Ellenburger of 820 barrels of oil per day, was finalized from perforations opposite the Pennsylvanian at 10,355-10,370 feet.
It made 980 barrels of 44.2-gravity oil flowing through a three-eighths-inch choke in 24 hours.
No water was made on the completion test.
No. 4 Peck was drilled to 13,300 feet and completed in the Ellenburger.
Location is 735 feet from east and 665 feet from south lines of the northwest quarter of section 21, block 41, T&P survey.

Ellenburger Wildcat Scheduled In Ector

Eight miles northeast of Penwell, and between the Yarbrough and

SE Howard Explorer Plugged, Abandoned

Texas Gulf Producing Company No. 1 TXL, Southeast Howard County wildcat, 11 miles southeast of Coahoma, has been plugged and abandoned at total depth of 4,043 feet in barren middle Clear Fork lime and shale.
This prospector found no shows of oil or gas in any zone it penetrated.
Location was 330 feet from southeast and 2,310 feet from the northeast lines of section 45, block 30, T-1-S, T&P survey.

Monroe—

(Continued From Page One)
of ever-growing Midland within the next 18 months, Monroe said.
He explained the present school membership totals approximately 5,328 students—a gain of more than 1,000 pupils over the same time last year. A 40 per cent membership gain has been recorded in the last 18 months—from 3,800 to 5,300 students.
"If the present rate of growth continues, we will have 7,400 students in the school system 18 months from now," Monroe declared. "Over-crowded conditions and double-day classes will result if additional classroom facilities are not provided."
Long-Range Program
Monroe said the reason for proposing the program at this time is that a junior high plant cannot be erected in a year's time. He said the program must be started this Spring or early Summer if the proposed buildings are completed and ready for occupancy by the Fall of 1952. He explained the proposal is a part of a long-range program which the Board of Education has had under consideration for some time. The bonds, if voted this Spring, would not be sold until next Fall when higher tax evaluations would result in a better market.
"It will be up to the voters to decide the bond issue proposal," Monroe emphasized.
He said the two school buildings now under construction—Sam Houston Elementary in Northwest Midland and De Zavala in the Latin American section—should take care of the scholastic needs this Fall. The buildings are being erected at a cost of \$500,000; \$300,000 of which was obtained through the sale of bonds authorized in a special election last Fall, and \$200,000 from savings in the system's operating budgets. The \$300,000 bond issue did not necessitate an increase in tax rates.
Increased Salaries
Monroe told the Rotarians that in order to retain the present faculty and to obtain additional personnel to staff the new schools, the school trustees are planning to increase teachers' salaries approximately \$216 above the salary schedule of the Texas Foundation Program (Ollmer-Alkin Act).
Other problems and needs of the public school system were discussed briefly by the speaker.

West Texas Projects Plugged, Abandoned

Wildcats in Southeast King County and in North-Central Lynn County have been plugged and abandoned as failures.
Southern Minerals Corporation No. 1 Moorehouse, 17 miles northeast of Guthrie in Southeast King County drilled to a bottom of 5,490 feet in Pennsylvanian shale.
It did not log any possibilities of production. Informal sources say it was lower geologically, than had been expected.
Location was 3,430 feet from southeast and 3,824 feet from southwest lines of block 39, J. L. Pullington survey. It was four miles southeast of the Ross-Strawn field.
Mid-Continent Petroleum Corporation No. 1 W. F. Cook, in North-Central Lynn County, and six miles northeast of Tahoka, penetrated a total depth of 9,736 feet in barren Ellenburger.
That formation made salt water. No shows of oil or gas in commercial amounts was logged in any zone which was penetrated.
The wildcat has been plugged and abandoned.
The prospector was six miles northeast of Tahoka and 660 feet from north and west lines of section 31, block 1, O.G.S.F. survey.

Ellenburger Failure Plugged In Briscoe

An Ellenburger failure has been plugged and abandoned in Central-East Briscoe County.
Midstates Oil Corporation No. 1 Hickok & Reynolds was quit at total depth of 8,299 feet in granite after failing to find any shows of possible production in any formation drilled.
The Ellenburger was topped at 8,026 feet.
Location is 960 feet from south and west lines of section 39, block A-1900, C. L. Craig survey.

Third Oiler Given SW Stonewall Field

Seaboard Oil Company of Delaware has completed its No. 2 W. F. Edwards as the third producer from the Pennsylvanian in the Double Mountain field of Southwest Stonewall County.
The well flowed 24 hours through a 20 64-inch choke to make an initial production of 259.77 barrels of oil.
Gravity of the petroleum was 39.6 degrees. No water was present. Gas-oil ratio was 308-1.
Top of pay is 5,234 feet and total depth is 5,314 feet. Five and one-half inch oil string is cemented at 5,234 feet.
The pay section was treated with 5,000 gallons of acid.
Location of the new producer is 1,860 feet from east and 690 feet from south lines of section 318, block 2 H&TC survey. It is a west offset to the same concern's No. 1 W. F. Edwards, the discovery well of the pool.

Two Wildcats Fail In Sterling Areas

Parochial Oil Company and Tri-Service Drilling Company & Royal American Oil Company have each reported a dry hole in Sterling County.
Parochial No. 1 Meyer was plugged and abandoned in the Clear Fork lime after failing to develop shows of possible production in drilling to 1,816 feet.
Location was 2,310 feet from south and 330 feet from east lines of section 4, block T, T&P survey, and five miles west of Sterling City.
Tri-Service and Royal American Oil abandoned their No. 1 T. H. Humble at 1,462 feet in the Clear Fork which was topped at 1,362 feet, elevation 2,214 feet. There was a slight show of oil in the San Andres when it was drilled through.
That formation was topped at 1,035 feet. Both the San Andres and Clear Fork made salt water.
Location was 660 feet from north and west lines of section 15, block 11, SP survey and seven and three-quarter miles southeast of Sterling City.
Parochial Oil Company No. 1 Mrs. H. Bade, is drilling below 705 in anhydrite after cleaning up a fishing job. The No. 1 Bade is a wildcat 10 miles southwest of Sterling City and 330 feet from south and east lines of section 22, block 22, H&TC survey.

Tidelands Bill May 'Cool Off' Several Weeks In Committee

WASHINGTON (AP)—Chairman O'Mahoney (D-Wyo) indicates it may be several weeks before the Senate Interior Committee votes on a bill giving ownership of offshore lands to states.

The committee held a closed door session Wednesday. It heard Solicitor General Philip B. Perlman say offshore oil lands belong to all the people of the United States—that Congress shouldn't give ownership to Texas, Louisiana and California. He said that in the state ownership bill would do O'Mahoney made public official reports of Secretary of the Interior Chapman and Secretary of Defense Marshall opposing the state ownership bill.

Budget Director F. J. Lawton told the committee enactment of the bill would not be in accord with the program of the President. The State Department also opposed it.

Dr. S. W. Boggs, a geographer, was designated to present its stand. O'Mahoney said further consideration of the offshore lands question probably will be deferred until the committee has acted on the Hawaii and Alaska statehood bills.

The state ownership bill was introduced by 35 senators, and is backed by Texas, Louisiana and California. The three states contend their ownership of offshore lands within their exterior boundaries hadn't been questioned for more than 100 years. The Supreme Court has ruled the federal government has paramount rights in such lands.

Neighbors Revue Is Well Received

A large crowd of Midlanders Wednesday night enjoyed the two-hour Paul Neighbors Revue presented in the Midland High School Auditorium under sponsorship of the Boy Scouts.

The show was a J. David Nichols production.

Most of all, patrons seemed to like Uncle Willie, a negro dancer with clever impersonations and pantomimes.

From the opening theme song, "You've Got Yourself a Neighbor," by the Neighbors band, it was a fast-moving variety show.

Received well were: Blair and Barnett, dancers; Valentine, the juggler; George Dunn, homespun humor and rope act; Fane and Foster, xylophone and musical bells numbers; Foy Welling and Riders of the Purple Sage, cowboy singers.

Featured vocalist with the band of Neighbors was Ralph Anthony. Neighbors was a genial, exuberant master of ceremonies.

VFV POST FAMILY NIGHT SET THURSDAY

The Midland VFV post will hold a family night event at 8 p.m. Thursday in its hall at Terminal.

Members are urged to bring their families. A buffet supper will be served.

Hiss Transferred To Federal Prison

NEW YORK (AP)—Convicted perjurer Alger Hiss was transferred Wednesday from the Federal House of Detention here to the Lewisburg, Pa., Federal Penitentiary.

Hiss, former high ranking State Department employe, made the trip in a prison bus with other inmates.

Hiss surrendered last week to start his five-year term after losing a Supreme Court appeal.

PAD Would Freeze Line Pipe Output At Current Levels

BEAUMONT (AP)—The Petroleum Administration for Defense wants line pipe production frozen at or near current levels.

This was the word from Bruce K. Brown, deputy administrator for the PAD.

Brown Wednesday night spoke at a banquet at the closing session of the Texas Independent Producers and Royalty Owners Association.

He said output of line pipe declined 40 per cent between the end of 1949 and the end of last year, with probably "an even greater slump" in the first quarter of this year.

He said since this pipe is used to transport fuel from wells to the ultimate consumer, it "conceivably could be necessary to restrict or eliminate deliveries of natural gas to industrial consumers in some localities next winter."

New executive committeemen named by the convention were S. D. Johnson, Wichita Falls; C. J. Follison, Amarillo; P. S. Kendrick, Abilene; E. I. Thompson, Austin; Guy I. Warren, Corpus Christi; Bryan W. Payne, Tyler; R. L. Force, Dallas; Jack Woodard, Dallas; Earl Cliburn, Victoria; Charles E. Thompson, McAllen; Don W. Wilson, Stratford, and George W. Pirelle, Tyler.

Officers elected were: Foree, president; E. I. Thompson, executive vice president; Vernon W. Frost, Houston, secretary, and William T. Beard, Jr., San Antonio, treasurer.

Warren was named vice chairman of the Executive Committee.

Officers elected were: Foree, president; E. I. Thompson, executive vice president; Vernon W. Frost, Houston, secretary, and William T. Beard, Jr., San Antonio, treasurer.

Warren was named vice chairman of the Executive Committee.

Happy Is The Day When Backache Goes Away

When kidney function slows down, many folks complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts if reduced kidney function is bothering you—due to such common causes as stress and strain, over-exercise or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

+ Crane News +

CRANE—Gibb H. Cowden has returned from Temple, where he underwent surgery at Scott and White Hospital. His condition is good, according to his son, Bill Tom Cowden.

Delbert Downing and L. A. Foy, both of Midland, were in Crane recently to visit their uncle, L. H. Downing, who was reported seriously ill in the Crane Memorial Hospital.

S. F. Lakin has returned from the Grand Lodge of Texas Odd Fellows in Fort Worth.

The Rev. H. D. Christian is preaching in a revival at Dallas this week. Mrs. Christian is visiting relatives in Brownwood.

With three days left in which to buy license plates, issuances had gone above the 1950 record, Mrs. Myrtle Cherry, office deputy, said. The 1950 total was 1,193 and Wednesday the 1951 figure had reached 1,319.

House Panel Okays Plan To Reshuffle Congress Districts

AUSTIN (AP)—Rep. Paul Wilson of Crane was accused of trying to "gild" Congressman Tom Pickett of Palestine in a congressional redistricting bill approved Wednesday by a House committee.

The charge was made to Wilson's face by Rep. Jim Paxton of Elkhart before the bill was sent to the House with an 11-3 recommendation for passage. He said Wilson deliberately had thrown Pickett into a district where Rep. Lindsey Beckwith would be able to beat him.

Wilson denied the accusation. He said he had worked out a redistricting plan to give Texas as composite districts as possible and an equitable distribution of population. He claimed advance approval of his bill by 116 to 120 House members.

Wilson denied the accusation. He said he had worked out a redistricting plan to give Texas as composite districts as possible and an equitable distribution of population. He claimed advance approval of his bill by 116 to 120 House members.

Gamblers Charged With Contempt

NEW ORLEANS (AP)—Five gambling figures who refused to answer questions of the Kefauver Senate Crime Investigating Committee are under federal indictment charging them with contempt of Congress.

A federal grand jury Wednesday returned bills of indictment against "Dandy" Phil Kastel, Carlos Marcello, Anthony Marcello, John Fogarty and Joseph Porello.

Kastel is accused in 35 counts; Carlos Marcello, 49; his brother, Anthony Marcello, 30; Fogarty 30; and Porello, 26.

Knows Regan Is Unhappy

"I know a few people are unhappy," he said, adding later: "I know Mr. Regan is very unhappy about being cut off from his El Paso district."

The Wilson bill sets up a Trans-Pecos district in which no incumbent congressman lives. Rep. Ken Regan of Midland is thrust into the corner of a district in which most of the counties now are represented by Rep. O. C. Fisher of San Angelo.

Four candidates file for Crane school office

CRANE—Four candidates for the Independent School District election April 7 had filed by the deadline last Tuesday.

They are T. N. White, John M. Alexander, Lofton Bragg and W. B. Gunn, who is seeking reelection. There will be two voting places, the Crane County Courthouse and the Gulf Sandhills Recreation Hall.

+Wink News+

WINK—Mr. and Mrs. Ray J. O'Wine of Crane were visitors here this week in the H. P. Lyons home. Mrs. Mary Dunlap and daughter, Carolyn, and David Smith spent the holidays in Dallas where they attended the wedding of Mrs. Dunlap's brother.

Mrs. Johnnie Aycock of Tatum, N. M., is visiting Mr. and Mrs. J. C. Hensley and Mr. and Mrs. A. C. Morton.

The 40 Study Club met recently with Mrs. R. W. Brinkley with 18 members present.

FALSE TEETH

Rock, Slide or Slip? FASTEETH, an improved powder to be sprinkled on upper or lower plates holds false teeth more firmly in place. Do not slide, slip or rock. No gummy goop, sticky taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Check your plate denture breath. Get FASTEETH at any drug store.

The first Christian Science church was built in 1888 to seat 1,000 people, but an extension built in 1905 enlarged seating capacity to 5,000.

Panhandle—

(Continued From Page One)
sett, Follett and Spearman, in the Texas Panhandle.
Three of the towns had had no power service since 8 a.m. Wednesday—Booker, Follett and Barrow.
Rain fell first, causing ice to form on utility lines; then came the snow, which—lashed by a 50-mile-an-hour wind—fell from around 8:30 a.m. until 7 p.m. Wednesday.
Although skies were generally fair Thursday, gusty winds continued. In parts of West Texas where precipitation was light, blowing dust was reported. Visibility was limited to four or five miles around Abilene and Big Spring.
A hard freeze hit some West Texas points. Temperatures dropped to 22 degrees at Marfa and 23 at Dalhart early Thursday.
Other readings of freezing or near freezing included Salt Flat and Amarillo, 27; Lubbock, 28; Midland, 31, and Big Spring, 33.

BANDITS ENTER, LOOT PARKED ARMORED CAR
AMARILLO—(AP)—Two bandits broke into a parked armored car here late Wednesday, making off with an estimated \$6,500 in cash and checks.
The car belonged to the Amarillo Banking Service, owned by Charley Weaver.
ELECTRA'S MAYOR RELEASED FROM HOSPITAL
AUSTIN—(AP)—T. Leo Moore, Electra mayor, was discharged from Austin's Brackenridge Hospital Thursday.
Moore collapsed in his hotel room Tuesday, shortly after testifying before the House Crime Investigating Committee.

Legislative Committee Kills Prohibition Amendment But 'Drys' To Continue Battle

AUSTIN—(AP)—Prohibition lost, but Texas "drys" say they aren't discouraged.
The State House hearing Wednesday on an amendment to set a statewide election on prohibition was just like the half-time show at a football game.
Some 1,000 "wets" sat in the gallery, then together whipped out big cards saying: "I am against prohibition."
The "drys" were outnumbered, and wore smaller cards that read simply "WCTU."
The legislative committee killed the amendment 15-5.
Mrs. Claude DeVan Watts, state president of the Women's Christian Temperance Union, said: "Of course, we are disappointed—but this unreasonable, undemocratic act of a hostile legislative committee is only a temporary obstacle in our progress."
C. L. Clark of Houston, one of the anti-prohibitionists, said "they didn't catch us asleep this time."

Both sides presented ministers. The "drys" let Frank Boydston, captain of last year's Baylor University football team, carry the ball.
The "wets" presented the Rev. James McLain, now the rector of an Episcopal church, but the original Dr. I. Q. of radio fame. He gave a bit of his routine as Dr. I. Q. and "knocked 'em dead."
McLain said prohibition is part of a religious conviction and should not be a part of legislation.
Boydston said he didn't know if prohibition would solve the liquor problem, but "it certainly isn't being solved now."
Walter Green, a former member of the San Angelo Police Force, testified more women went to drinking during prohibition than at any other time.
The Rev. Sam Morris of San Antonio, speaking for the prohibitionists, said: "We've started a fire. And we're going to keep punching that fire and spread it to all the forks of the creek."

OPS—

Any time after April 5, however, a grocer may put each new ceiling price into effect as soon as he has computed it. After April 30, each retail grocer must re-figure his ceiling prices every Monday—that is, on any items for which he had a different cost from the cost on which his existing ceiling was figured.
Markup Percentages
Under a previous regulation, April 30 also is the deadline for retailers of clothing and house furnishings to change to a new system of margin controls. The main difference is that those retailers must figure their own markup percentages by preparing "pricing charts," whereas the grocers have their percentages fixed by the government on 38 different food categories.
The three regulations cover canned goods, baby foods, flour, cocoa, coffee, tea, breakfast cereals, shortening, frozen fruits and vegetables, mayonnaise, rice, margarine, dog and cat foods, crackers, jams and jellies, syrups and many other items.
They do not cover fresh meats, fresh fruits, fresh vegetables, sugar, milk, bread, ice cream, candy, soft drinks or alcoholic beverages.

Midland Rotary Club Nominates 1951-52 Officers

Dr. J. O. Shannon, a Midland resident since 1938 and chairman of the Midland-Gilascook-Sterling County Selective Service Board, was nominated for president of the Midland Rotary Club for 1951-52.

Dr. J. O. Shannon

at its regular meeting Thursday noon in Hotel Scharbauer. The term of James N. Allison as president expires July 1.
The Nominating Committee also recommended the election of Paul Davis as vice president, and the reelection of the Rev. W. R. Mann as secretary-treasurer.
Director nominees are John Wilkinson, L. E. Patterson, P. W. (Prosy) Barnett and Dr. H. Glenn Walker.
The club's annual officer election meeting is scheduled next Thursday. Members of the Nominating Committee are R. L. Miller, chairman, James T. Smith, Hilon Kaderli, Ray Upham, T. Paul Barron, Roy McKee and Tom Sealy.

W. E. Allen, Former County Official, Dies

W. E. Allen, 68-year-old Port Worth attorney and former Midland County official, died in Port Worth Wednesday a short time after he was stricken with a heart ailment.
Allen, who was county attorney here from 1910 to 1912, was stricken while lunching with L. L. Gambill, a law partner. He was taken to his home and then died a short time later while enroute to a hospital.
Before beginning his law practice in Port Worth in 1919, he was with the Department of Justice in Washington and served for several months as chief of the Federal Bureau of Investigation.
Surviving are the widow and four daughters, Mrs. Frank Denby, Corvyn Allen and Irene Allen, all of Port Worth, and Mrs. Robert Stewart of Dallas.
Funeral arrangements have not been completed.

Sandstorm Cancels Night Performance Of Beatty Circus

A lot of Midland youngsters were mad at the weather Wednesday. A slashing sandstorm prevented raising of the "big top" of the Clyde Beatty Circus and the winds and cold weather canceled the scheduled night performance.
An afternoon performance was held despite the adverse weather. Not many patrons were hardy enough to brave the cold wind but there was a show.
It was held in the open with only the surrounding seats to break the dust-filled cold wind. Clyde Beatty, himself, declared the afternoon show must go on when he learned there were approximately 5,000 tickets in the hands of Midland youngsters.
The night performance was called off. Money was refunded to ticket holders who showed up at the grounds to claim refunds. A radio announcement was made that the night show would not be held and that money would be refunded for tickets brought to the box office at the grounds.
Newsboys Disappointed
Among the disappointed youngsters were 37 Reporter-Telegram newsboys who had been transported to the circus grounds in taxicabs.
Circus workers never were able to raise the main tent. Its framework was in place but the canvas could not be put up in the howling sandstorm. Sideshow tents were up, however.
Sponsoring Kiwanians paid tribute to the circus performers who went on with their acts Wednesday afternoon—"just for the kids."
The circus moved late Wednesday night to Odessa, where performances were scheduled Thursday.
Holders of unused tickets were told here Thursday that the only refunding of money on them was done Wednesday night at the circus grounds. The Kiwanis Club expressed its regret that the weather had hurt the afternoon performance and canceled the night event.

Sweetwater Has \$250,000 Blaze

SWEETWATER—Wind-driven flames swept through the Sweetwater-Sash and Door Company factory here Wednesday night and caused damage estimated at \$250,000.
Heavy, black smoke continued to rise from the ruins although the fire was under control early Thursday.
Firemen from Abilene and Roscoe joined Sweetwater crews in battling the flames. Sweetwater's fire department kept the blaze within the factory, a one-story and basement brick and stucco building. The fire's origin was not immediately known but witnesses said an explosion shook the building at 8:45 p.m. when the blaze was first noticed.
Firemen's efforts kept the flames from spreading to the nearby Burton-Lingo Lumber Company planing mill. A fire wall in the sash plant kept the flames from spreading into other portions of the building.
A Sweetwater fireman, Arlie Taylor, was overcome temporarily by smoke but was soon released from a hospital.
Firemen said paint valued at \$60,000 was stored in the basement of the blazing building. This was destroyed. Office equipment also was lost. Glass, screening and door and window frames stored on the ground floor were also believed to have been destroyed.
Residents in the area were without electrical service and some families residing nearby evacuated their homes.

Midland's Three-Cent Stamp Shortage Ends

There no longer is a shortage of three-cent stamp rolls at the Midland Postoffice.
A recent shortage of the rolls had been reported.
Postmaster N. G. Oates said Thursday that a plentiful supply of the rolls had been obtained.
"Where we once had one customer for rolls of three-cent stamps, we now have 25," Oates commented.

TESCO PRESIDENT IS MIDLAND VISITOR
J. B. Thomas of Fort Worth, president of the Texas Electric Service Company, was to arrive by plane at Midland Air Terminal early Thursday afternoon.
He was to visit the company's Midland district office before going to Odessa, where Thursday night he will address a Production Department meeting of the Gulf Oil Corporation. "Safety" will be the subject of his Odessa address.

CITATION BY PUBLICATION THE STATE OF TEXAS.
TO: James S. Painter and wife, Elizabeth Painter, their unknown heirs, heirs, and legal representatives GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of May, A.D. 1951, at or before 10 o'clock A.M. before the Honorable District Court of Midland County, at the Court House in Midland, Texas.
Said plaintiff's petition was filed on the 26th day of March, 1951.
The file number of said suit being No. 9941.
The names of the parties in said suit are: Frances A. Parker, a widow, as Plaintiff, and the above named parties to whom this Citation is issued and directed as Defendants.
The nature of said suit being substantially as follows, to-wit: But in trespass to try title to Lots 9, 10, 11 and 12 in Block 100, Southern Addition to the town of Midland, Midland County, Texas, plaintiff alleging both record title and title in herself through peaceable, continuous and adverse possession under the ten year statute of limitation. Plaintiff prays for title and possession of said lands.
If this Citation is not served within ninety days after the date of its issuance, it shall be returned unrecorded. Issued this 27th day of March, 1951.
Given under my hand and seal of said court, at office in Midland, Texas, this 27th day of March, A.D. 1951. (SEALED)
NETTIE C. ROMER, Clerk, District Court, Midland County, Texas. (March 29, April 2, 12, 19).

+ Crane News +

CRANE—Mrs. L. D. Parker and children, Joyce and Dwayne, spent the Easter holidays with Mr. and Mrs. J. M. Vaughn, O'Donna, Mrs. Parker's parents.

Mrs. Leslie Johnson and grandson, Eddie, of Iran, visited overnight recently with Mrs. Addie Bell. Paul Love, Jr., Webb Bates, B. Mansel and Ray Maxwell have returned from a fishing trip in Mexico.

W. O. Murray, Worshipful Master of the Crane Masonic Lodge, announced that a master's degree will be conferred here March 29 by a degree team from Iran.

The Rev. J. A. Bell, pastor of the First Methodist Church of Imperial was principal speaker Saturday night at the Past Master's Night at the Masonic Hall. J. C. Wood served as master of ceremonies and introduced Past Masters, including Raymond Lindsey, Grandfather: B. D. Maskey, Bronte; H. O. True, Odessa and Strawn, and Bruce Ashburn, E. T. Coleman, John North, Dewey Holcomb, C. D. Burdson, A. N. Wright, E. E. Mason and W. G. Pettitt, all of Crane.

Mr. and Mrs. Bill Wright and son, Ronald Lynn, of Baytown, were visitors in the home of Mrs. Wright's aunt, Mrs. Harry Ingie.

Next time you bake pared potatoes sprinkle them with paprika and taste with butter or margarine until they turn a beautiful golden brown.

Youth Center Chatter

By JOYCE HOWELL and GAIL BAKER

Creetings! Windy March is almost over—are you ready for the April showers? After the last few days of West Texas sandstorms, we are looking forward to the showers, which we hope will follow. Easter holidays are over and many of the exes have returned to their colleges. We also saw a lot of exes who now are in the Armed Forces.

Spring weather has injected a sudden burst of energy in many teenagers, and we have seen a lot of them playing tennis and bowling lately. The Youth Center swimming team has been quite busy lately. Mr. Gildewell, Center director, has announced these sports will be a chance for the girls to do some swimming.

Jo Ann Nelson, Alan Harris, Nancy Cooper, Larry Mayfield, Gene Schaeffer, Preston Conner and Lyndon Cope were at the bowling alley last Friday night, all having a good time. Jo Ann and Nancy were rather new at the game. However, they were very proud of their scores of forty and sixty.

"We've heard about a big party of 'non-party poopers' held at Cole Park last week. We aren't quite cer-

tain just what 'non-party poopers' are, but we understand everyone there had a nice time.

We also heard Ace Bland, Leon Cline, Buddy Johnson, Marjann Forrest, Shirley Harrison and Susie Young got together for a nice bit of harmonizing on a few cowboy and hillbilly hit tunes.

A crowd of teenagers was gathered around one of the tables at the Y. C. one day recently. The reason? A new poster was being made for the bulletin board and each and every person around was making "valuable" suggestions for the type of lettering. The poster now is on the board—and it is quite a conglomeration of everything. Although it doesn't supply a lot of information, it does attract much attention.

Our congratulations go to Carolyn Cook, who recently received an invitation to try out for twirler at the University of Texas. Carolyn was the head twirler for the M.H.S. band last year. There will be several people competing for the two twirling positions for next year, and it certainly will be an honor if she gets one of them. Carolyn will go to Austin to try out next weekend. We hope you make it, Carolyn!

We said "Adieu" to David An-

guish last week. David graduated at mid-term and now is enrolled at Spartan School of Aeronautics in Tulsa, Okla. David won't be home again until June. Congratulations, June!

Our congratulations go to another teenager this week. June Haxlip, who was home from Texas State College for Women last weekend, is one of 30 out of 60 freshmen students who have been elected Freshman councilors for next year. This means June will be in a freshman dorm next year as an older student to help the in-coming freshmen.

At the same time, we want to express our sympathy to June's younger sister, Retta Haxlip. It seems as though Retta and one of her friends, Penny Jones, were running in the dark last Sunday night when Retta slipped in a hole and sprained her ankle. She has returned to school and we hope she will be able to compete in the Cheerleader try-outs Friday.

Senior Scout Troop Eight really has been busy lately. And we might mention the members still look a little sleepy. The members of this troop had a slumber party last weekend and no one got much sleep. Daffy Tabor and Mary Sue Adams kept everyone awake by singing all night long—at least it seemed as though they sang all night!

Each girl brought her own midnight snack, and sandwiches were served every time a Scout opened her mouth.

We met a visitor to Midland last weekend. She is Susan Sproule of

San Angelo. Susan was visiting Margie Cramer. Nice try, anyway!

Jane Stuart, Nancy Steadman, Lynn Griffith, Reed Gilmore, Jackie Mobley and Harris Smith had a gay time at one of the drive-in theaters. Jane was driving her blue convertible with the top down and the boys decided a show was on the agenda. Reed did some fast talking, but he still couldn't manage to get the whole carload in for a dollar.

Johnny Murry, who now is in the U. S. Navy, was home on leave last week. Bob Atwill, a relatively new new-comer to Midland, "as home on ten-day leave during the Easter vacation. He has been stationed near the Great Lakes.

John Blackwell, an ex-Youth Center member, now is stationed at Fort Sill, in Oklahoma. Francis E. Warren Air Base in Cheyenne, Wyo., now is the home of Doyle Roberts. Moe Price, who is in the Army, and Jimmy Coker, who is in the Marines, are stationed in Korea.

Some people never are happy—they just have to have everything. Not long ago, we told you that Joel (Hinky) Sim was in the Navy hospital with the measles. It seems as though one disease just wasn't enough for him—he now has the mumps! Seriously though, we do hope he recovers quickly.

South Carolina is the present home of three of our ex-Youth Center members. Goss Yeager, who is in the Army, is stationed in Columbia. Oscar Cooper and Dickie Jackson now are at home in Greensboro. They are members of the Air Force.

The Navy has claimed Bill Secor, and he is stationed in San Diego, Calif.

"Happy Life"

Many of the mothers we have talked to seem to be surprised to find out their sons rather like the Army, Navy and Air Force life. So far, all the boys we have had news from or about, are having swell times!

The Junior Council of the Youth Center met Tuesday night to discuss plans for the formal dance to be held April 6. Jimmy Furman's orchestra will furnish the music for this dance. Teddy Kerr was appointed chairman of the decorations; Bill Franklin, advertising and Joyce Howell, refreshments.

Plans for a girls' swimming team also were discussed. Those who plan to be on the swimming team will be allowed to practice in the in-door Odessa High School pool.

Mr. Gildewell told the group plans for cementing in the east side, exterior, of the Center are underway. Future plans also are being made for a Youth Center park with a baseball diamond and an archery range.

Some of the exes we saw during the Easter weekend were Harrie Smith and Jackie Mobley from Texas A&M; Don Johnson, Jimmie Conine, Larry Bedford, Patsy Bates, Eddie Clark, Maurice Cox, Ben Gray, Glenda Shoemaker, Helen Cartwright, Katherine Lewis and Richard Clark from Texas Tech; Frank Ashby, Pat Pryor, Red Prichard, "Puddin'" Sivilla, Nick Harrison and John Steinberger from Texas University; Janis Slough, John Ed Greene and James "Christmas" Barber from TCU; Royce Ray McKee and JoAnn Ragan from SMU; Maggie Lee Murphy from St. Louis; Bob Short and Lew Grounds from OU in Norman; Lloyd Henderson and Jean (Blackwell) Henderson from El Paso; Patsy Bray from Southwestern University; Roxie Leonard from TSCW in Denton; and Alex Oates from McMurry in Abilene. Glad to see all of you!

When Do They Eat?

Each day, at noon when we see Dan Ratcliff, Clifford Wilcox, Lyndon Cope, Paul Davis, Don Bradshaw, Norman Drake, Jimmy O'Neal, Jerry Culp, Harold Atkinson, Ted Kerr, Jim Ervin or Raymond Leggett, they are jumping around with a sandwich in one hand and either a ping pong paddle or a pool cue stuck in the other. When do you boys take a bite of food???

It seems the topic of most conversations nowadays is the junior-senior banquet and prom. Many of the girls already have dates for the occasion, and they are referred to as the "Miracle Performers."

Hats certainly are the style in the Center now! Arnold Drake, Don Frazier, "Giff" Alstrin and other boys like to wear cowboy hats, while Lynn Griffith, Nancy Steadman, and Jane Stuart have taken a fancy to the bright-colored cerise and charrutse hats! Nancy Kling-

ler has a rain hat which she enjoys wearing with the brim turned down—especially when her hair is rouged up!

At noon in the Youth Center, each group of teenagers has its own place to sit. The couch at the far south corner is "reserved" for the senior girls—and a few juniors, while the far southwest corner is occupied by a few of the senior boys. The middle couch on the east side is where the freshman girls sit, chat, and eat; and the one on the northeast usually is taken by a group of junior girls. There is a group of freshman and sophomore girls who sit upstairs at noon, too.

Typing Experts

Jack Burris, Charles Crabtree, Bill Medart, Duane Bush and Robert Melton are quite worried, because Miss Reeves, the typing teacher, has announced that in order to pass, at the end of the year each typing student must have at least 30 words per minute. Hope you make it, boys!

The A Cappella Choir gave a program for the junior high students Tuesday afternoon. We bet the choir members enjoyed the program (getting out of school) as much or more than the junior high students!

The circus hit town Wednesday, and many of the MHS teenagers were seen there. If they had tickets and excused from their parents, they were able to leave school at 2:30 p.m.

Junior Class Meet

The juniors had a class meeting Tuesday afternoon in the high school cafeteria, when they elected Marion Sevier to represent Midland Junior at Girls' State in Austin this year. Marion's alternate is Peggy Read.

Last week, we requested all juniors to bring some candles—either aqua, lavender, or yellow—to school. Juniors, if you can't bring any candles, please bring a dime (only 10 cents!) to Miss Parker in Room 211. We know you all want to have pretty decorations for the prom, and if you will help, you will have.

Special Scents Glorify Hair

By ALICIA HART NEA Staff Writer

Many women who like the scent of flowers in their tresses have sometimes found, to their dismay, that the price paid for this fragrance is dried-out or sticky hair.

Perfume makers have now come to their aid with a product made especially for glorifying curls.

This final grooming accent is neither oily nor gummy, it's claim-

Perfume, which scents the hair without leaving sticky traces, is sprayed on as a final grooming touch.

ed, and it imparts a bit of shine as well as fragrance to your locks. The perfume is packed in a handy bottle with an attached atomizer. At the touch of your fingertip a fine mist sprays into your coiffure.

Since the bottle is both spill-proof and leak-proof, according to its makers, it's a good traveler as well as a convenient stay-at-home for your dressing table.

WILD POTATO ORIGIN IS MYSTERY IN INDIAN COUNTRY—VANCOUVER (AP)—Indians in the British Columbia interior harvest a wild potato small and slender, and sometimes called lady fingers. The flesh is yellow and the flavor resembles the sweet potato.

W. A. Faulkner of Lytton says that apparently centuries ago natives of Chile and Peru journeyed northward in their canoes to what is now British Columbia. They brought their native foods and vegetables and introduced them to Indian tribes.

However, Dr. V. C. Brink of the University of British Columbia says he believes the potatoes were introduced about 1880-80 by Scandinavian trappers and miners.

Cottage Cheese Clowns Are Fun

COTTAGE CHEESE CLOWNS make appetites smile.

By GAYNOR MADDOX
NEA Staff Writer

Cheese-Fruit Salad
(Serves 6)

Spring appetites need a little humor. So take a hint from the circus and invite a few cottage cheese clowns into your menus.

Let the youngsters eat all they want. Cottage cheese is a dairy food packed with milk solids and vitamins, necessary to child growth and health.

Salad Clowns
(Serves 4)

Eight peach halves, 1 cup cottage cheese, 3 raisins, Maraschino cherries, parsley sprigs, lettuce.

Arrange a lettuce leaf on a salad plate for each serving. Form 1/4 cup cottage cheese into a ball, stud with raisins for eyes, a sliver of Maraschino cherry for a mouth, and chill. Arrange between two peach halves and secure with a toothpick. Add a whole cherry on a toothpick for a pom-pom and sprigs of parsley for ear muffs. Serve immediately.

One pound cottage cheese, 2 tablespoons powdered sugar, 1 tablespoon grated orange rind, 2 tablespoons orange juice, 1 tablespoon lemon juice, 1 No. 2 can cling peach halves, lettuce, sour cream dressing.

Mix cheese with sugar, orange rind and fruit juice and heat until smooth. Pack into individual ring mold. Chill thoroughly to stiffen. Turn out and garnish with lettuce. Fill the center of the ring molds. Chill thoroughly to lapping each other. Pour a little peach juice over the ring and serve with sour cream dressing.

Sour Cream Dressing

One-half cup thick sour cream, 2 tablespoons peach juice, pinch of salt, 1/2 teaspoon grated lemon or orange rind, 1 teaspoon lemon juice. Mix all ingredients and beat with a fork until well blended.

Hams, From Log Smokehouse Earn Virginia Fame, Fortune

By GAILE DUGAS
NEA Staff Writer

HALIFAX, VA. — Most women enjoy collecting recipes. It's a hobby that's a little like a treasure hunt. To Mrs. Mary McLaughlin, however, a single recipe that has been handed down in her family for 10 generations means a living. Her recipe is for tender, succulent pink ham.

Turning out a ham literally fit for a king isn't easy. But Mrs. McLaughlin is a Virginia girl and

Mrs. Mary McLaughlin: It isn't easy to turn out a ham that's fit for a king. anyone knows that Virginians have a way with ham. Further, Mrs. McLaughlin has the advantage of the oldest smokehouse in Halifax, one so old that it's made of hand-hewn logs put together with wooden pegs.

But it's what happens to a ham from smokehouse to final packaging that counts. Even prior to the smokehouse there's work; each ham gets salt-and-pepper rub down a day for weeks.

Next, you just bag the ham and put it in a smokehouse. Keep the ham in the smokehouse from four to six weeks, depending on how hungry you are. While it's there, give it the "Halifax hotfoot"—a hickory-chips-smoke treatment for four hours a day.

There's no need to set the table yet. Next comes an air treatment that lasts for 10 months or longer. If you're still hungry for ham after that, you can cook it Mrs. McLaughlin's way. She soaks the ham overnight. The next day, she covers it with cold water, brings it to a boil and simmers it for two hours.

Then she takes it from the pot, dries it, wraps it in a blanket of dough and bakes it in a slow oven for six hours. When she takes it out, she cracks the dough blanket, removes the juice, skins it, pops it back into the oven and bakes it some more.

The result is a rich ham, the kind that Southerners refer to as real country ham. Buckingham Palace has had Mrs. McLaughlin's hams and liked them. When Tallulah Bankhead won the Barter Theater Award as Broadway's outstanding actress one season, the prize turned out to be one of Mary McLaughlin's hams.

A number of motion picture stars are regular McLaughlin customers. It was, in fact, one of these—Greer Garson—who got Mrs. McLaughlin to thinking about a career in hams. One day during World War II, Miss Garson and Interior Secretary Oscar Chapman, a Halifax neighbor who was then undersecretary, had lunch with Mrs. McLaughlin at her home, Giant Poplars.

Naturally, Mrs. McLaughlin served the ham she's been preparing for her family and friends for years. Mrs. Garson ate it with relish and said she'd like more to take home. She wanted to place an

order. That made Mrs. McLaughlin think she did a lot of thinking, however, because the business didn't get under way until a couple of years ago. Now, she's doing fine. She has customers all over the world.

She says that her hams, if properly stored, will keep for five or ten years. Most of her customers get hungry before that.

Nurse Re-Checking Students' Hearing

Mrs. Marion Owen, public schools nurse, now is re-checking the ears of Midland school children who have hearing difficulties, as revealed in a previous survey of all the schools.

This investigation into the hearing ability of students was conducted by Mrs. Owen with the aid of an audiometer, which determines if a person's hearing is above or below normal.

Mrs. Owen reported the number of deficiencies in hearing in the different schools as follows: South Elementary, 4; Crockett, 89; West Elementary, 34; Terminal, 28; Latin-American, 38; and North Elementary, 38.

It is possible that some of the defective cases will need a hearing aid, and that some families will not be financially able to furnish them. In these instances local service organizations will be asked for assistance. The Lions, Kiwanis, and Business and Professional Women's clubs helped indigent families obtain glasses for children following eye examinations by the school nurse and by family physicians.

Finish Patch Tests

The school nurse recently completed the Tuberculosis Patch Test which was given to every fourth grade enrolled in the schools. Out of approximately 2,000 students, teachers and cafeteria workers, there were 73 positives and 31 doubtful readings, according to Mrs. Linnie H. Davidson of the TB Association.

Permanent health cards have been completed on each child in school, and only one project remains, that of dental inspection. State dentists will visit the school sometime in the future and inspect the teeth of all students. Those who need dental attention will be advised to see their dentists.

McCamey News

MCCAMEY — Mr. and Mrs. J. G. Herrington visited in Coldwater, Kan., last week in the home of their son, Dillon Herrington, and his family.

Mrs. Ida Holt has returned from a visit with relatives in Abilene.

Mr. and Mrs. Horace Slaugher visited in Midland during Easter.

College students home for the Easter holidays have returned to their studies. They include Jimmy Lott, Beverly Harris, Ouida Shobrouck, Rusty Kedziora, Harrol Kleinman, Dick Furr, all of the University of Texas; Babe Joyce Juanel Morgan, Clyde Gumes, of North Texas State College; Be. Muschalek, East Texas State Teachers College; Daniel Stacy, Hardin-Simmons University; Pat Putnam, Wanda Duncan, Texas Tech; Colby Belcher, J. V. Davis, Ben Porter, Leslie Fambrough, all of Southwest Texas Junior College.

Swallows, night-hawks, whip-poor-wills and some other birds have weak legs and walk with difficulty.

A REPORT TO OUR CUSTOMERS

YOUR DOLLAR Spent at FURR'S SUPER MARKETS During 1950

Because of the close bond between You and Furr's Super Markets, we know you will be interested in the following report. It has been prepared to show you what happened to each Dollar you spent at Furr's Super Markets during Furr's fiscal year of 1950, January 1 through December 31.

\$ 1.00

83.3 cents

Was paid to Producers, Manufacturers and other suppliers for the merchandise you purchased in our stores.

7.8 cents

Was paid in salaries, wages, benefits, etc. to Furr's 986 people who served you.

4.8 cents

Was paid for other selling expenses, such as wrapping, utilities, advertising, supplies, repairs, depreciation, trucking and general and administrative expenses.

1.0 cents

Was paid for Rentals on Buildings.

1.6 cents

Was paid in Taxes.

0.1 cents

Was paid to stockholders in dividends on their invested savings.

1.4 cents

WHICH LEAVES

THIS 1.4 CENTS out of each SALES DOLLAR is being used to BUY new equipment, to OPEN new stores for your convenience and to MODERNIZE present stores in order to serve you better and to make your shopping more pleasant and economical.

WE WANT YOU TO KNOW HOW MUCH WE APPRECIATE YOUR PATRONAGE IN 1950. YOUR FRIENDSHIP And LOYALTY WERE AN INSPIRATION TO US. WE SHALL STRIVE TO MAKE FURR'S STILL BETTER PLACE TO SHOP IN 1951!

ENTER! Furr's Eversharp-Schick Contest

Only a Few More Days
contest closes April 2, 1951

1st PRIZE
Henry J

2nd PRIZE
THRU
Youngstown-Kitchens Dishwasher
12th PRIZES
VALUE \$296.15

HERE'S HOW TO ENTER!

1. Get entry blank from any Furr's Super Market and attach the blade package or instruction sheet in razor set of any Eversharp-Schick product sold at Furr's Super Markets.
2. On entry form, write down in 25 words or less: "I buy Eversharp-Schick products and foods from Furr's Super Markets because..."
3. You may write as many entries as you like as long as each entry is accompanied with Eversharp-Schick blade package or razor instruction sheet.
4. Contest closes April 2, 1951. The best letter, picked by a panel of capable and qualified judges, will be awarded the Henry J automobile. The next best letter will receive the second prize, a Youngstown Kitchens Dishwasher, while the third best will receive the third dishwasher, etc. The best 12 letters will receive prizes.
5. Immediate families of Furr's Super Markets, Youngstown Kitchens and Eversharp-Schick employees are not eligible to participate in the contest. Decision of the judges will be final.
6. Entries may be dropped in boxes at any Furr's Super Markets. This is a company-wide contest, comprising 31 Furr's Super Markets in West Texas and New Mexico.

WINNERS WILL BE ANNOUNCED!

Watch for next week's Furr's advertisement for winner of the Henry J and Youngstown Kitchens Dishwashers.

DADDY RINGTAIL

Daddy Ringtail And Tricks Of Magic

The Huffen Puffen, the friendly rolf, play-like had eaten some giant-berries to become a giant with mighty magic for sleeping. Good Giant Huffen now was fast asleep on the ground. Standing down on the ground beneath his ear was Daddy Ringtail, your monkey friend and Mugwump Monkey, the monkey boy. Mugwump play-like had a magic hammer. It was a hammer that hit with a flash and a crash of lightning and thunder when Mugwump threw it.

Why, Mugwump even threw the hammer once at the sky to wake the Huffen with the lightning and thunder, but the Huffen—the Good Giant Huffen, you know—had some extra special magic for sleeping. "Humph!" said Mugwump. "Daddy Ringtail, is Good Giant Huffen magic for sleeping any strong-

er than my magic with the hammer? Why, I should have the strongest magic, because I am an innocent little child."

Daddy Ringtail smiled to hear these words, but he knew that Mugwump was right. Of course the

magic of Mugwump, who was an innocent little child, should be stronger than the magic of Good Giant Huffen, who was only a giant.

"I'll wake him up this time."

By Wesley Davis

said Mugwump, and he threw the hammer hard at the Huffen's ear. Crash and flash was the lightning and thunder up close by the Huffen's ear. But the Huffen yawned and mumbled a something in his sleep about a leaf having fallen to hit his ear.

Again Mugwump threw his hammer. Again a flash and a crash, right by the Huffen's giant ear. "Ummm," said Good Giant Huffen, "these leaves are really falling down." Mugwump threw again with a crash and a flash, and this time the Huffen laughed.

"It must be a trick," said Mugwump, "because I am an innocent little child, and so of course my magic is stronger than his." And Mugwump really was right, you know. Why, the Huffen had played a trick so Mugwump's hammer only seemed to crash and flash by his ear. Really play-like, the hammer had flashed and crashed three times against a mountain to make three monstrous holes in the ground. Oh, yes, and it was all great fun play-like, I think, don't you? Happy day!

(Copyright 1951, General Features Corp.)

Thirty-one species and one subspecies of birds were counted on one Winter day in Shenandoah National Park, Virginia.

GAL IN A HURRY — Barbara Rush is the girl Hollywood producers call on for last minute castings after other actresses have been considered. As a result, Barbara has played nothing but leading roles in her four-picture movie career. She's seen on location for "Fort Savage," where co-workers labeled a special chair in her honor.

★ THE DOCTOR SAYS ★

Malaria Victim Should Be Treated As Soon As Possible

By EDWIN F. JORDAN, M. D.
Written for NEA Service

A worried young woman writes that for the last two weeks she has had a chill followed by fever every few days and wonders what it could be. She added that she recently returned from a trip to South America. Now there are a lot of possibilities, but one of the most likely is malaria—a disease which is one of the great scourges of mankind in many parts of the globe.

Malaria is an infection. It is carried by a particular kind of mosquito which first picks up the disease by biting someone afflicted with it and then deposits it in the blood of the next person it bites. Without this mosquito, or if the mosquito is prevented from biting people, new cases of malaria will stop. It is this knowledge which has made possible the almost complete conquest of malaria in some parts of the world.

The mosquito can be attacked in a lot of ways. It breeds in stagnant water; this water can be drained off or covered with some-

thing like kerosene which prevents the mosquito from developing. Since the discovery of DDT and other insect poisons, these mosquitoes can be killed more successfully now than ever before.

If it is not possible to kill all the malaria carrying mosquitoes, they often can be prevented from biting. Screens or mosquito nets do this job, though one has to be sure that they are tight and you are snug inside by sundown when the insects start biting.

New Types

There are several kinds of malaria and during the last war our soldiers, sailors, and marines ran into some which were new to us and plenty tough ones. If the malaria mosquitoes couldn't be killed and couldn't be prevented from biting as happened in the Solomon Islands and elsewhere, the next best thing is treatment. For this purpose quinine and a chemically prepared drug, atabrine, proved about the most useful. Treatment, it is known, should be begun as early as possible and removal to a good climate also helps.

In the case of the young woman the first problem is to find out promptly whether her chills and fever actually are caused by malaria. If they are she should get to work right away on treatment.

ENTERTAINER — Ivy Walsh, noted radio artist, will be one of five featured entertainers appearing in the Veterans Hospital Programs Musical scheduled at 8 p.m. Friday in the First Baptist Church. She is said to be one of the nation's top accordion players.

Exchange Of Plant Science Students Okayed By Regents

AUSTIN—An agreement between the University of Texas and the Texas Research Foundation at Renner, Texas, providing for an exchange of advanced, plant-science students has been ratified by the University Board of Regents.

More T&P Diesels Get Chime Whistles

DALLAS —(P)—The Texas and Pacific Railway Wednesday said it likes the new air chime whistle so much it has installed it on 16 more diesels.

The railroad describes the whistle as "soothing." Railroad fans and others, T&P said, had complained of the harsh blasts of the original diesel horn.

The old horn, it was added, has been compared "to the cries of a catamount whose appendix had been taken out without anesthesia."

change of advanced, plant-science students has been ratified by the University Board of Regents.

The contract is expected to boost plant research in the state, because it greatly extends possibilities for training those interested in fundamental aspects of the field.

Also it encourages such training by offering graduate academic credit at the University when prescribed conditions are met.

University students benefited by the agreement are those in the school's Plant Research Institute and Botanical Laboratories, both of which offer training in basic plant sciences.

Since the Foundation at Renner is engaged in soil and plant research with direct application to agriculture, students and personnel at both institutions will have an opportunity to study fundamental

problems related either to theoretical plant science or agriculture at Austin or Renner.

Regardless Of Place

Under the agreement, a student at either institution must comply with University registration procedures and be subject to supervision by University staff members, regardless of where his work is done.

Consequently, all research training under contract terms will be acceptable for academic credit in the University's Graduate School.

"The agreement has purposely been kept in general terms so there may be a wide latitude in its utilization," Dr. W. Gordon Whaley, director of the University units involved in the contract, said.

The contract may be extended, supplemented, or modified by the director of the University units and the Foundation supervisor, subject

ONLY FOUR AMERICAN FIRMS OPERATE IN PRAGUE

PRAGUE —(P)— A diplomatic survey just completed here shows that only four American firms and agencies still are in operation on a permanent basis in Czechoslovakia. This compares with 50 or so two and a half years ago.

These four are The Associated Press, the United Press, the Motion Picture Export Association and the buying office for eastern Europe of the R. H. Macy Company, New York department store.

They employ 43 Czechoslovak citizens. All have American resident managers, but Macy's manager went back to New York last Fall and has not returned.

to approval by University officers. The pact will continue in effect until cancelled by one of the participating institutions.

Natives Believe Cobra Makes Love

MADRAS —(P)— Natives of near-by Calicut give a romantic twist to a tale of the cobra and the lady. The story tells of daily visits by the six-foot reptile to the house of a villager named Narayanan. The snake faithfully follows Narayanan's wife Narayani wherever she goes.

Narayani went from fright at first sight to her current attitude of respectful resignation. Popular belief runs that the snake is making love to the woman. It does not hesitate to slither into her bedroom, darting off only on the entrance of another human.

Newest food canning process is ionization. It uses no heat, but sterilizes and will preserve food without changing the taste.

The MATURE PARENT

We Cannot Love Others Unless We Love Ourselves

By MURIEL LAWRENCE

Our youngsters' bad report cards are not necessarily representative of his future; it could be our own. Our demand for good marks may have been the reason he got bad grades.

When children are led to believe that we measure their success only on results, they forget what produces these results. And their fear of falling out makes them do poor work. Has any of us the right to be another to "prove" himself?

Only too often this emphasis on results stems from our own tangled lives which rate success in terms of money, social prestige and power. A business man whose boy had accumulated too many "Ds" on his report card "attended" to the situation this way: "I told my son," he said, "that he would bring home a 'B' or else, I wouldn't have time for this nonsense since I have been made vice president of my firm."

He was a "successful" man. But after his wife divorced him and a boy ran away from him because

they couldn't stand the strain of his drive for "results."

This world of ours is filled with pressures calculated to make us forget that those who concentrate on destinations often find them disappointing when they have "arrived."

If our goals for our children have been academic and social successes alone, there still is time to change. There still is time to forget the report card "A" and to direct our young people's attention to where it belongs.

Be quick to praise the self-denial that impels your son to forego a football game to bring his algebra up to date. Encourage the initiative that drives him to read extra books for his English composition. Then you will be releasing more self-denial, more initiative and patience—and you will probably get your "A."

If this involves a conscious reorganization of your own values, it will be good for you as well as for him.

(All Rights Reserved, NEA Service, Inc.)

THE LONG WALK—Mass slayer of family of five near Tulsa, Okla., Billy Cook, left, steps on the gangplank of a boat which took him to Alcatraz Island in San Francisco Bay. Deputy U. S. Marshal Rex Hawks is leading Cook, who started serving a 300-year sentence.

Plan Would Give Federal Payments On Non-Crop Land

WASHINGTON — Conservation work done by farmers on noncrop federal land would be eligible for government payments under a bill introduced by Rep. Granger (Dem.) of Utah.

The federal aid would be extended only to such projects as small reservoirs and ditches built to improve nearby or adjoining croplands on individual farms. Under the bill, such work would qualify the farmers for payments under the soil conservation and allotment act.

Granger said in a statement that a long-standing interpretation of the conservation law forbids such payments when the work is done on federal lands.

Many worthwhile projects in Utah and other states with large amounts of federal lands have been denied government payments under this ruling, he said. He explained that most water sources in western states are located on government-owned forest or grazing lands.

DYESTUFFS
Dyestuffs may be affected by a number of conditions, so when you're buying a garment or fabric, it's economical to check its color durability. Light, heat, fumes, perspiration, drycleaning and spot removal preparations, rubbing and crocking—all may affect the original full color. If the fabric is not labeled, to indicate whether it's colorfast, it's a good idea to check this point with your salesperson.

Atomic Reactor To Operate Ten Years Without Any Refill

RALEIGH, N. C. — The world's first privately-owned and operated atomic reactor, here at North Carolina State College, will start with four gallons of a green-yellow liquid fuel about as heavy as ginger ale.

That four gallons, uranium in liquid form, will work like the motorist's dream. No refill for about 10 years.

Even at the end of 10 years of non-stop operation this wonderful four gallons still will be good, but will have to be purified of the new atoms which will have been created by spitting of uranium. Maybe a pint of fresh fuel will have to be added to run it another 10 years.

This timing is an estimate, but the surprising thing is that the four gallons may last even longer than 10 years if the reactor is operated like all other engines, with occasional stops.

All the time there will be no smoke, no fumes, no sound except a slight bubbling noise made by the liquid just starting to boil. It will never reach real boiling.

It is probably the safest engine ever, certainly about the coolest. It won't get hot enough even to start a fire. It can't explode—by atomic, by radio-active or any other internal force. Lightning can't explode it. Even an earthquake cannot wreck it sufficiently to create a hazard beyond some escaping radioactivity that can be avoided completely by keeping a short distance away.

The reactor will be about the size of a two-car garage. The design is finished. Construction is expected to be completed late this year, along with a building and laboratory, shaped like a capital letter T, that will be built around the reactor.

Better Method In Treatment Of Infections Asked

NEW YORK — P. — A four-step method for better results in treating infections of the sinus, nose, throat and chest is urged by two New York physicians.

Step one is to learn just what kinds of germs are causing the trouble, by taking samples and growing or culturing the germs. In step two, tests are made to learn which antibiotics best stop their growth.

Step three is to treat patients with aerosols or mists containing the chosen drug or drugs.

Step four is to learn whether other members of the family are innocently passing along the germs that keep the victim infected. It may be necessary to treat the father or mother to cure a child. The parent may appear perfectly well, but may be harboring the germs.

This approach was shown in an exhibit to the American academy of allergy by Dr. Samuel J. Prigal, and Dr. Moses L. Furman, allergists of Flower and Fifth Avenue hospitals, and Norman Molomot, ph.D., of the biological laboratories, Brooklyn.

Sikorsky 'Copter Gets Battle Test

TOKYO — P. — The U. S. Air Force's huge H-19 Sikorsky helicopter is being tested for the first time under battlefield conditions.

It was used recently to evacuate paratroop casualties from Munsan, 21 miles northwest of Seoul, during the airdrop operation of the U. S. 187th Regimental Combat Team. It can carry eight litter cases in addition to the pilot and a medical attendant.

Salads Go With Spring

By GAYNOR MADDOX
NEA Staff Writer

Spring calls for dishes that have sparkle and tang, that look fresh, cool, crisp, to spark the tired end-of-Winter appetite. A fish and vegetable salad, garnished with green pepper slices, tomatoes and olives, served on a bed of crisp lettuce catches the eye.

Fish and Vegetable Salad (Serves 6)

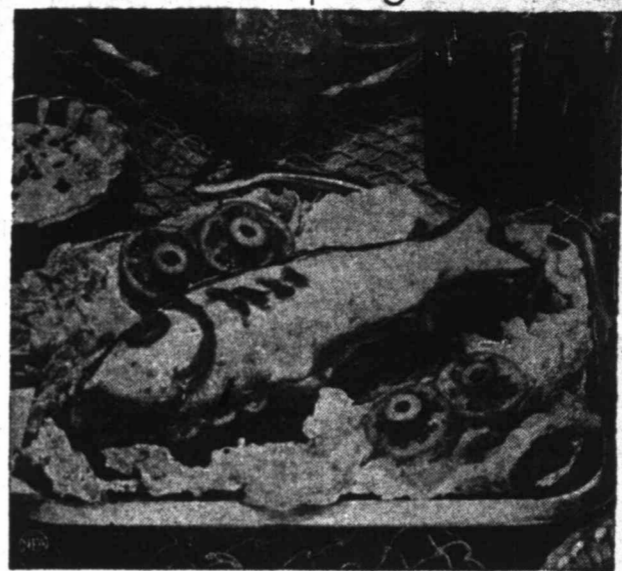

Fish Layer: One-half pound white fish, cooked (cod, hake, perch), 2 tablespoons butter, 3 tablespoons flour, 1 1/2 cups milk, 1 tablespoon gelatin, 1/4 cup cold water, salt and pepper, 1 teaspoon Worcestershire sauce.

Melt butter, add flour and blend. Gradually stir in milk and cook until thick, stirring constantly. Soften gelatin in cold water. Dissolve in hot sauce.

Season with salt, pepper and Worcestershire sauce. Add fish; pour into the bottom half of a fish mold rinsed with cold water; set in refrigerator.

Vegetable Layer: One tablespoon unflavored gelatin, 1/4 cup cold water, 1/4 cup boiling water, 1 bouillon cube, 1 tablespoon minced onion, 1 tablespoon chili sauce, 1 1/2 cups club soda, well chilled, 1 tablespoon chopped parsley, 2/3 cup shredded carrot and celery.

Soften gelatin in cold water.

FISH AND VEGETABLE SALAD is a real eye-catcher. Dissolve bouillon cube in boiling water; add to gelatin and stir until gelatin is dissolved. Add onion, chili sauce; cool. Slowly pour in chilled carbonated water. Add parsley, carrot and celery. Pour onto set fish layer and return to refrigerator to set firmly.

For a party luncheon, serve with hot crisp rolls, chilled soft drinks.

Egg Aspic (Serves 4)

Three hard-cooked eggs, 1/2 cup cooked peas and carrots, 1 tablespoon gelatin (1 envelope), 2 tablespoons cold water, 2 bouillon

cubes, 1 cup boiling water. Slice eggs. Arrange in bottom of 8-inch, buttered pie pan and garnish with carrots and peas. Fill with layers of sliced egg. Soften gelatin in cold water. Dissolve bouillon cubes with gelatin in boiling water. Pour over eggs and chill in refrigerator until firm. Serve on lettuce with mayonnaise dressing.

When you're making a menu never repeat the same flavor in two courses. For example, if you serve tomato juice first, don't serve a main dish with a tomato sauce. The exception to this rule is fruit; if, for instance, you are starting a dinner off with grapefruit halves, it is perfectly all right to serve ice cream or cake with a strawberry sauce.

Wartime Controls Present Challenge, Safeway Head Says

Lingan A. Warren, president of Safeway Stores, Inc., in the company's annual report for 1950, told stockholders "the year 1951 with its unsettled conditions and a return to wartime restrictions and controls presents a challenge to experienced supplier company operations will benefit from Safeway's experienced supplier company operations and from the improved warehouse and plant facilities provided by the construction and modernization program.

Safeway completed a quarter-century of common and preferred dividends with 1950 payments. The 1950 sales for the company and its consolidated subsidiaries in the United States were \$1,100,852,265, an increase of 53 per cent over sales of the same operations in 1949. Combined U. S. and Canadian sales of the company and all subsidiaries during 1950 were \$1,218,988,449, an increase of 1.51 per cent over the sales of the same operations in 1949. The net profits of the company amounted to \$14,805,344, as compared to \$14,389,124 in 1949.

Summarizing the results of Safeway's modernization and remodeling plans, Warren stated that during 1950, 78 new retail locations were erected. In addition, 230 retail locations were under construction and 88 in the hands of Safeway service companies for preparation of plans and awarding of contracts at the end of the year. Two hundred sixty-two existing locations were remodeled during the year.

When choosing metal furniture, check the legs to make certain they will not mar floors or floor coverings after a few months of use.

Company?—Serve Pork Roast

SUCCULENT PORK ROAST is center of an appealing menu.

By GAYNOR MADDOX
NEA Staff Writer

For "company" dinner select a succulent pork roast. Fresh pork is in good supply, and a roast, beautifully browned, makes a wonderful main dish.

How does this menu appeal to you? Sparkling cranberry juice or well chilled tomato juice comes first. With the roast serve baked sweet potatoes. Frenched green beans or asparagus with butter-browned silvered almonds, then a grapefruit and orange salad. For dessert, serve a frosted white cake with a delicately tinted coconut.

Beth Bailey McLean, director of Home Economics, Swift & Co., planned the menu and gives these instructions for roasting the pork:

For ease in carving the rib or loin roast of pork, have the meat dealer saw the backbone free from the ribs. In self service counters this will be done before the meat is wrapped. The backbone is left in place to act as a rack to hold the meat off the pan during the cooking, but is removed before the meat is brought to the table for carving.

Place the roast, fat side up and resting on the sawed-off backbone, in a low roasting pan in a 325 Deg. F. oven. For a well browned, tempting coating on the roast, spread a mixture of brown sugar, mustard and vinegar on the fat. This will melt and run down over the surface and produce a beautifully browned appearance at the end of the cooking time.

Plan to roast the meat 35 to 45 minutes per pound or until a roast meat thermometer inserted in the thickest portion of the meat, registers 185 Deg. F., indicating that the meat is thoroughly cooked.

For the special festive touch garnish with spiced pears.

Air Force Eyes Ice Islands As Polar Outposts

FAIRBANKS, ALASKA —(AP)—In 10 weeks of good weather just ahead, American airmen hope to learn the secrets of huge "ice islands" that may be used as floating observation stations near the North pole.

The Air Force's 375th Weather Reconnaissance Squadron has found at least three of the mammoth ice cakes, the largest 18 miles long, 20 miles wide and an estimated 200 feet thick.

"There can be no question," says Lt. Col. Joseph C. Fletcher, commanding the 375th, "that they offer safe, stable platforms on which semi-permanent camps could be established."

The "islands," giant flat icebergs that move slowly through the Polar sea, were first spotted by the squadron's weather fliers last year, but after the season of best Arctic visibility was past.

FRENCH PRESIDENT AND LADY — M. Vincent Auriol, president of the French Republic, with Madame Auriol, is making the first official visit ever made to the United States by a French president. Following a three-day visit to Washington, the Auriols will spend a few days in New York before departing for Ottawa, Canada, on April 4.

Farmers Lead In Cash Payments

TOPEKA, KAN. — Farmers are more likely to pay cash for automobiles and durable goods than city dwellers, the magazine, *Cap-Per's Farmer*, says.

Reporting the results of a nationwide survey, the magazine said it found 72 per cent of farm buyers paid cash for their motor cars against 41 per cent of the buyers in the nation's 12 largest cities, and 55 per cent in other cities of 50,000 or more population.

Hearing Aid Termed As Most Powerful

NEW YORK —(AP)— A new hearing aid is described as the world's most powerful by its makers, Sontone Corporation.

Designed to benefit people with severe loss of hearing, it has times the power of ordinary hearing aids, and is the "nearest approach yet by hearing aid science to substitute for the human ear," is said to overcome hearing losses up to 100 decibels or more.
