**C-N Dawson Tester Flows Oil On DST**

Flowing oil has been found in the Siluro-Devonian in Central-North Dawson County.

Amerada Petroleum Corporation No. 1 Adcock, wildcat which has fallen in the Spraberry, Pennsylvanian and Mississippian, flowed 141 barrels of oil during four hours of a five-hour and 40-minute drill-stem test.

A 1,635-foot water blanket was used. It was flowed to pits for 20 minutes to clean, and then turned to tanks.

The Siluro-Devonian was topped at 10,164 feet, no elevation available.

Gravity of the petroleum recovered from the drill-stem test is 41.2 degrees. No water was made.

A core taken prior to the test showed six feet of pay from 10,615 to 10,621 feet. The test was taken over the interval from 10,584 to 10,647 feet. The project is now being cored below 10,647 feet.

Location is 467 feet from south and 1,330 feet from west lines of section 166, block 34, D&SE survey, T-7-N. That makes it four miles south of O'Donnell.

**Central Kent Pool Gets SE Stepout**

Sun Oil Company No. 1-C Billy Wallace is to be a three-quarter of a mile southeast stepout from the discovery well of the Clairmont-Lower Pennsylvanian field in Central Kent County.

Drill-site is to be 1,980 feet from south and east lines of section 9, block 96, H&TC survey. It is projected to 7,500 feet to explore the Pennsylvanian lime.

Drilling will start in the near future. The project is approximately one and one-half miles south of the town of Clairmont.

**NE Yoakum Gets 7,000-Foot Test**

Chapman & McParlin Producing Company is scheduled to drill a 7,000-foot project in Northeast Yoakum County as its No. 1 Ed S. Turner.

Location is 960 feet from south and east lines of section 2, block D, John E. Gibson survey. That will make it one and one-quarter miles southwest of the Cobb multiphase field.

Rotary tools will be used in drilling, beginning immediately.

**SW Fisher Wildcat Swabs, Flows New Oil**

Standard Oil & Gas Company No. 1 M. A. Glass, Southwest Fisher County Ellenburger discovery, flowed 44 barrels of oil through a 13/64-inch choke in seven hours.

When plug was drilled on 5 1/2-inch casing, open hole from 7,328 feet to 7,347 feet was loaded with 100 barrels of oil.

**C. Of C. Panel Recommends New \$1,250,000 Bond Issue**

A \$1,250,000 one-package, county bond issue to finance the completion of the Front Street highway and drainage program and other highway projects, including a paved road into the rich Pegasus oil field, is recommended by the Highway Committee of the Chamber of Commerce.

Members of the committee, meeting Tuesday afternoon, voted to recommend to directors of the Chamber of Commerce that they request the Midland County Commissioners to submit to the voters a \$1,250,000 bond issue proposal to finance the overall improvement program.

A meeting of Chamber directors is scheduled Monday afternoon. Chairman John P. Butler presided at the session.

County Judge Clifford C. Keith explained the county's position in the matter, and said rising costs of construction were responsible for the need of additional funds to complete the important Front Street project.

He indicated it may be necessary to institute condemnation proceedings in order to obtain certain tracts at reasonable prices.

The judge said approximately \$200,000 of last year's \$1,000,000 bond issue already has been spent for right-of-way. He indicated at least \$345,000 more will be needed to obtain necessary right-of-way.

The county last week awarded a \$753,000 contract for the construction of a drainage program, which is the first step in the overall Front Street improvement program.

The figure was 50 per cent higher than the anticipated cost, Judge Keith said. Engineering fees will increase the figure to \$767,000. Additional expense on the drainage canal is estimated at \$25,000.

Judge Keith told the committee (Continued On Page 11)

**Farmer Kills Four In Ozark Gun Spree**

CONWAY, MO.—(AP)—A 23-year-old farmer Wednesday admitted pumping a volley of shots through an Ozarks farmhouse window and killing four persons.

Sheriff E. I. Cunningham identified the farmer as Kenneth Essery, who lives near the scene of the slayings. Essery was arrested early Wednesday at his father's home in Conway.

The sheriff said Essery verbally admitted the shootings to him and Prosecuting Attorney John Hosmer.

The slayings occurred Tuesday night about four miles southeast of here in the Ozark hills of Southern Missouri.

Four persons who responded to a call for aid from the farm family were fired on. One of the four was wounded.

The prosecuting attorney said Essery declined to give a reason for the shootings. He was undergoing further questioning.

No charges have been filed. The dead are: William Shockley, 43; his wife, Clara, 44; their daughter, Helen, 16; and Shockley's mother, Mrs. Gus Shockley, 73.

Six other Shockley children ranging in age from 10 months to 14 years were asleep in upstairs rooms. Awakened by the shots and screams, 10-year-old Mary Ellen Shockley ran downstairs and called a neighbor for help.

Sheriff E. I. Cunningham said that when the neighbor, Luke O'Connor, and his wife drove into (Continued On Page 11)

**UN Battles Reds Across Parallel 38**

TOKYO—(AP)—An Allied task force drove four miles north of the Red Korean border Wednesday against heavy Communist resistance.

A field dispatch said the task force met heavy Red mortar fire and some artillery fire near Topyong, four miles north of the border on the western front. But it drove ahead.

Another Allied force nearly punched two miles into Red Korea in the Yongsong area.

Earlier reports said an American patrol had crossed Parallel 38 on the central front and routed Chinese Reds from two hills. The patrol was probing the outer areas of a huge Red buildup where almost one-half million Communist troops were massed for an expected Red offensive.

FERRY PICKETT Mayor-elect

J. B. MCCOY Councilman-elect

J. W. (JOHNNIE) STARR Councilman-elect

R. B. (BUM) COWDEN Councilman-elect

**McCoy, Starr, Cowden Gain Council Seats**

A record-breaking city election vote Tuesday swept Perry Pickett, 35-year-old Midland attorney, into office as mayor and gave the City Council three new members.

Drug Store Owner J. B. McCoy nosed out Incumbent Frank Shriver in the closest race of the day for a City Council post, while J. W. (Johnnie) Starr and R. B. (Burr) Cowden won their council seats in a breeze.

A total of 2,657 votes was reported by Election Manager Riley Parr, tumbling the old record of 1,923 votes cast in the 1947 mayoralty election.

Pickett, chosen by the Junior Chamber of Commerce as "Midland's Outstanding Young Man of 1950" and regarded as a political dark-horse, gained an easy victory over Percy Bridgewater, long-time Midland civic worker and former president of the board of education.

Aided by a heavy late afternoon vote, Pickett wound up with 1,688 votes, compared with 1,044 for Bridgewater.

McCoy held only a 16-vote edge over Shriver, the only city councilman seeking reelection. McCoy, who operates the Palace Drug Store, (Continued On Page 11)

With one election out of the way, Midland prepared Wednesday for its second balloting within a week.

Voters will go to the polls Saturday to select two new trustees of the Midland Independent School District.

As the deadline for absentee voting was reached Tuesday, County Clerk Lucille Johnson reported 18 absentee ballots had been cast.

Three candidates — Mrs. Joe Chastain, Ralph U. Fitting, Jr., and Robert M. Payne — are in the race for the two school board posts.

received 1,088 votes, compared with Shriver's 1,072. The third candidate in that race, B. H. Grube, collected 449 votes.

In the other two races, Cowden led the ticket with 1,943, while his opponent, Frank True, tallied 734. Starr came in with 1,361 votes; compared with 969 for C. Thomas and 361 for Robert Currie.

Pickett will be sworn into office on April 17 when McCoy, Cowden and Starr join Jack Wilkinson and J. W. McMillen, whose terms have another year to run, as members of the City Council.

Pickett will succeed Mayor William B. Neely, who did not seek reelection. Starr will replace W. F. Heil, who received one write-in vote, and Cowden will succeed H. E. Chiles, Jr. Complete, Unofficial

While the figures announced Tuesday night were complete, they will remain unofficial until the election returns have been canvassed formally next Tuesday by the City Council.

Due to the method of counting the votes after the closing of the polling place at the City-County Auditorium, the results of the election were uncertain until the final figures were announced shortly after 10 p.m.

In counting the votes, election officials sorted the ballots headed by Pickett into one stack and those headed by Bridgewater into another. Then, each stack was counted separately.

Officials explained this would expedite the counting, although no running total would indicate clearly the trend of the tally.

**Mrs. Bowers Dies Of Auto Injuries**

Mrs. Billie John Bowers, 15, the daughter of Mr. and Mrs. Ralph Clary, 523 West New York Street, Midland, died Tuesday in a Fort Stockton Hospital as the result of an automobile accident Sunday near there.

Mrs. Bowers was a resident of Odessa.

Funeral services will be held at 2 p.m. Thursday in the Cox Funeral Home in San Angelo. Interment will be in a San Angelo cemetery.

Survivors include the husband and a baby, of Odessa; the parents, and five brothers, C. L. Clary, 709 West Kentucky Street, Midland; R. A. Clary, 604 South I Street, Midland; Milton Ralph Clary of McClamey; A. C. Clary of Long Beach, Calif.; and William Clary of Jacksonville, Fla.

**Oklahoma Kidnap Victim Liberated; Ex-Convict Jailed**

McALESTER, OKLA.—(AP)—Sixteen-year-old Jackie Parris was liberated early Wednesday from a 23-year-old ex-convict who admitted to officers he abducted the girl and her high school skating date Sunday night.

The girl was found about 1 a.m. huddled beside a fire under a rock ledge atop Blue Mountain, nine miles south of Kinta, in Eastern Oklahoma.

On the other side of the fire, his head buried in his hands, sat Robert M. Phillips, Pittsburg County Sheriff Bill Alexander Tuesday night had issued a warrant for his arrest on suspicion of kidnaping.

Phillips made no attempt to escape when a posse of 13 men led by Chester Palmer, Kinta sawmill operator, surrounded him. Phillips was unarmed except for a penknife.

"I told him to stay where he was and not to make any trouble or we'd save the state some money," Palmer said. "The girl started crying and said she was glad to see us."

"I guess we got there about two hours too late. She said he took her into a tin pipe line shack about 200 yards away and raped her about two hours before we got there. Up until then he hadn't bothered her."

Phillips admitted to Police Chief Roy Anders that he took the girl to the shack and molested her. But he said he never actually harmed her.

BIRMINGHAM, ALA.—(AP)—Ex-convict Nick Casco of Dallas was arrested by police here Wednesday, wounded in the arm and leg and walking along the sidewalk in suburban Birmingham.

He surrendered without resistance and verbally admitted participating in a safe burglary last 24 hours earlier with Jettie Bass and Jack Todd, Dallas police characters.

**Telephone Company Indicates Agreement With Wage Demands**

DALLAS — Southwestern Bell Telephone Company Wednesday indicated general agreement with the principle of increased wages for telephone employees sought by CWA-CIO in demands received by the telephone company last Friday.

In order to expedite negotiations, and with the hope of reaching an early settlement, the company has requested that negotiations begin next Tuesday.

"As far as wages are concerned," said Walter L. Prehn, general manager for the telephone company in Texas, "the company believes its employees are entitled to an increase in order that their wages may compare favorably with wage levels in the communities where they work."

Prehn added that since 1939 the telephone company in Texas has granted \$35,000,000 in wage increases and recovered \$19,000,000 in increased rates. "Seventy cents of every dollar of operating expense now goes for wages in the telephone business," he said.

"Earnings on the company's property in Texas with prevailing wage levels are too low and must be improved to attract the capital needed to expand and improve telephone service as Texas grows," Prehn stated. "Therefore, the company is in no position to absorb this or any other contemplated wage increase."

**Abilene Murder Conviction Reversed**

AUSTIN—(AP)—Conviction and sentence to 50 years imprisonment for S. C. Couch of Abilene were reversed Wednesday by the Court of Criminal Appeals.

Couch was convicted by trial court on a charge of murder in the Abilene shotgun slaying Nov. 10, 1948, of J. F. Tennyson.

The grand jury's resolution came on the heels of an interesting wave of disorders in both the Latin American and negro sections of the city.

Last weekend alone saw one fatal stabbing, two other knife fights and a shooting.

The proposal was not a new one for city officials.

The hiring of a negro patrolman was studied last year by the City Council but no action was taken.

City officials said Wednesday they had not been notified officially of the grand jury resolution and would have no comment at the present time.

District Attorney W. O. Shaffer was given a copy of the resolution to present to the mayor.

**Grand Jury Advises Midland To Employ Two Negro Officers**

A Midland County grand jury recommended Tuesday afternoon that two negro and two Latin American officers be added to the Midland police force.

The recommendation was in a resolution addressed to Mayor William B. Neely.

It was submitted to Judge R. W. (Bob) Hamilton in 70th district court along with six routine indictments prepared during the day and half session.

The grand jury, of which B. L. Ryan is foreman, adjourned until further call after submitting its report.

Named in indictments were O. C. Graves, charged with murder in the other negro in a night spot brawl; Julius J. Bolton, forger; Roderick J. Kelly, defrauding by worthless check, and R. C. Scott and Alwin Allen, theft of automobile tires.

Two other men, still not apprehended Wednesday morning, were charged with assault with intent to rob and driving while intoxicated as a second offense.

**HOLLYWOOD** — If you haven't got Elizabeth Taylor eyebrows, girls, you're not keeping up with Hollywood.  
 It's thick, heavy eye overhangings these days, according to movie makeup expert Del Armstrong. Del ought to know. He's the lad that Lana Turner, Eleanor Parker and Jennifer Jones summon as their personal exterior decorators when they step before the cameras.  
 "I've just reconstructed Lana's face entirely," Del told me after dabbing at Eleanor's face on Paramount's "Detective Story" set. "I've given her wider eyebrows. Lana lost hers many years ago when she did a bit part in 'Marco Polo.' She shaved off her eyebrows to make her a Mongolian and they never grew back. The same thing happened to Greer Garson when she first came to Hollywood."

Joan Leslie is warming up her emcee to return to the screen now that her twins are two months old. For the first time in her career she's free of all agents and legal red tape. "But," she laughed, "everytime I tell a studio that, they say, 'Are you SURE you have no contracts with any agents?' Not until I tell them, 'Sure I'm sure' do they believe me."

Nationalization threat to Britain's oil fields in Iran emphasizes the need for organization to guarantee control of vital Mediterranean line stretching from Spain to Iran in case of war. Major stumbling block is France, which has refused to participate in Mediterranean defense planning unless given a full partnership with Britain and U. S. in conferences on the matter.

**Reports From China Say Commie Purge Reaches New High**

HONG KONG —(AP)— Reports from Red China indicated Wednesday the Communists' bloody purge reached a new high the last two weeks in March.  
 Still, the Reds declared, the program of blotting out all opposition must be increased in intensity.  
 The Red's purging radio announced mass executions Saturday of "a large group of counter-revolutionaries" at Tientsin and of 23 at Swatow. This brought to at least 212 the number of executions officially announced in the 12-day period ended March 31.  
 It is impossible to determine the exact number executed.  
 Official and unofficial Chinese Nationalist sources at Taipei, Formosa, reported hundreds of new Red executions, with thousands more under arrest on the mainland. The Nationalist Defense Ministry has said about 10,000 await execution at Nanchang, Kiangsi Province capital.  
 There was no way to confirm the many reports heard here or at Taipei.  
 The Nationalists have charged the victims of the Red purge already total more than 1,000,000.  
 Editorial in Broadcast  
 The Red radio broadcast a People's Daily editorial calling on the public to "smash thoroughly" all counter-revolutionaries.  
 It praised the example set by recent executions at Peiping and Tientsin and urged the purge be stepped up.  
 Red broadcast then turned to the case of five Canadian Catholic nuns, arrested last month and accused of causing the deaths of 2,116 children. It hinted this might be a good example of how and where to "mobilize the masses."  
 It said more than 1,700 "representatives of housewives, workers, medical profession students and various other circles" hurled charges at the nuns at a Canton meeting March 30. The nuns have been turned over to a People's Court "for punishment in accordance with the law."  
 It was not disclosed whether they were present at the rally, where demands were made that they be sentenced to life and publicly degraded by being paraded through streets of Canton.  
 Hong Kong Catholic sources said the nuns did not work at an orphanage but at a receiving center for Canton's numerous dead and dying abandoned children. The nuns, they added, took on the task when the city itself failed to make any provision for handling the ever-present problem.

**Backwoods Youth Hobbles, Hitchhikes 15 Miles On Broken Leg, In Search Of Doctor**

HUNTINGTON, W. VA. —(AP)— Jimmy Sloan, a thin-faced youth of 13, was getting a big kick out of hiding his "chawin' tobacco" from his father. He couldn't understand why he couldn't understand he'd been chewing since he was six.  
 Yes, the lad was in good spirits Wednesday, even though the broken leg with which he had three and a half weeks still was giving him trouble—the leg on which he had hobbled and hitchhiked 15 miles to reach a doctor when he couldn't stand the pain any longer.  
 Jimmy limped into the county seat of Wayne earlier this week on a pair of crutches crudely molded from some bean poles and a saved-off broom handle.  
 He hurt the leg, he said, when he fell off a horse on his uncle's farm. And it kept hurting so much he figured he had to get to a doctor.  
 Doctors quickly confirmed the fracture and put the leg in traction. They will undertake surgery later to correct the incorrect bone knitting.  
 The relatives with whom he stayed had no telephone on their hillside farm and could not be reached for comment. But Mrs. Ferguson, a native of the area, and hospital authorities gave full credence to his story. They said they had reason to believe him. Jimmy was happy about the whole thing—even about the fight over the "chawin' tobacco."

Midland High School has been designated as one of the more than 1,000 examination centers in the United States and its territories to administer the Selective Service College Qualification Test.  
 Scores on the test, together with evidence of scholastic performance, will be used by the Selective Service local boards in considering deferment of students on the basis of their qualifications to pursue studies at the college and graduate levels.  
 The Selective Service College Qualification Test, a three-hour examination, will be offered on these dates: May 25, June 16 and June 30.  
 The testing administration here will serve Midland and area students, according to instructions sent to Charles F. Mathews, principal of Midland High School.  
 The Midland school was asked to list the capacity number it could handle for the tests on each of the three dates. It is believed each center should have a potential capacity for handling 500.  
 Instructions regarding Midland's designation as a center came from Selective Service Examining Section, Educational Testing Service, Princeton, N. J.

## Mr. and Mrs. Bryan M. Baker Will Be At Home In Andrews

ANDREWS—Mr. and Mrs. Bryan M. Baker will be at home in Andrews following a short wedding trip to El Paso. The couple exchanged vows recently in the Means Memorial Church with the Rev. Raymond Van Zandt officiating.

The bride is the former Joyce Marie Rasco, daughter of Mr. and Mrs. J. R. Rasco. The bridegroom's parents are Mr. and Mrs. R. M. Baker of Pasadena, Calif.

Mrs. Pat McNair, organist, played a program of nuptial music and accompanied D. C. Hamilton of Odessa who sang "Because" and "I Love You Truly."

The couple repeated vows before a white satin-covered altar banked with white carnations and daisies and flanked by tall floor baskets containing daisies and white plumes.

Given in marriage by her father, the bride wore a gown of white satin designed with a sweetheart neckline and a fitted bodice topped a full-flowing skirt. The long, fitted sleeves came to petal points over her wrists. The elbow length veil of illusion fell from a halo of white satin outlined with seed pearls. She carried a white Bible topped with a formal arrangement of white carnations and hyacinths and centered with cypripedium orchids.

**Roommate Is Maid Of Honor**  
Mary Lou Brown, the bride's former roommate, was the maid of honor. Bridesmaids were Madeline

Guyton and Mrs. A. H. Broad, aunts of the bride. The attendants wore short-sleeved dresses of Nile green satin with matching halos. They carried bouquets of white carnations centered with white roses.

Linda Broad of Brady, cousin of the bride, was the flower girl. Her dress was fashioned like those of the other attendants. She carried a net basket of flower petals. Bert Broad, also of Brady, was the ring bearer. He wore a white linen suit and carried a calla lily containing the rings.

Bill Jackson of Dallas was the best man. Ushers were Robert Montgomery of Andrews and John R. Guyton of Breckenridge.

Following the ceremony a reception was held in the home of the bride's parents in the Humble Camp. The table was centered with a three-tiered wedding cake topped by miniature bride and bridegroom figurines in front of white wedding bells. Juanita Nixon poured.

Mrs. W. W. Hughes of Dallas, sister of the bridegroom, served the cake and Mrs. Mike Boatright of Odessa presided at the bride's book. Among the out-of-city guests attending the wedding were Mr. and Mrs. B. P. Guyton and family of Midland.

**CARD PARTY TO BE HELD**  
A card party sponsored by the Women's Golf Association of the Ranchland Hill Country Club will be held at 7:30 p.m. Friday in the clubhouse. Twelve door prizes will be given.

Deviled ham is delicious spread on pancakes; roll up the pancake then heat in a hot oven. Serve with sauteed pineapple or apple slices.

## Catholic Women Have District DCCW Meeting

"Peace In Our Time" was the theme of the Spring meeting of the Big Spring District DCCW which was held Monday in the St. Ann's School. Mrs. Agnes Wittman of El Paso was the guest speaker.

She discussed the crusade of prayer, penance for peace, block Rosary and appeals to Our Lady of Fatima. She was introduced by Mrs. W. B. Gunn of Crane, district president.

Officers elected for the coming year were Mrs. R. M. Zimmerly of McCamey, president; Mrs. Ralph Geisler, vice president; Mrs. A. V. Langford of McCamey, recording secretary, and Mrs. J. E. Healy of Odessa, parliamentary. The officers will assume their duties May 1.

Serving on the nominating committee were Mrs. E. O. Kemper, Odessa; Mrs. L. D. Jenkins, Big Spring, and Mrs. James Chappie, Midland.

Reports were heard from the eight cities which make up the district and from individual parish organizations. Talks also were given by the Rev. William Lensing and Mrs. Earl Drenup, diocesan president of the DCCW.

Other Midland women present were Mrs. Rachael Von Osnick, Mrs. Fredric S. McLaren, Mrs. Tex Carleton, Mrs. Frank Turner, Mrs. M. M. Collins, Mrs. John K. Petty, Mrs. C. W. Turner, Mrs. Ellison Tom, Mrs. W. L. Jones, Mrs. J. A. Simons, Mrs. E. C. Simons, Mrs. G. W. Martin, Mrs. W. D. Smith, Mrs. W. D. Trumbly, Mrs. Hugh Munn, Mrs. Fred E. Wright, Jr., Mrs. J. A. Morehouse.

## Convention To Honor Sunday School Group

DALLAS—Honor guests at the state Baptist Sunday School convention in Amarillo, April 16-18, will be persons who have been working in Sunday School 50 years or more.

They will receive special recognition at the evening session Tuesday, April 17, in the Municipal Auditorium. Honor awards will be presented to the guests.

Five thousand Sunday School members from Texas are expected to attend the convention which will be the 22nd annual meeting in the state. It is sponsored by the department of Sunday School work, Baptist General Convention of Texas.

Beginning at 1:30 Monday afternoon, April 16, the convention will continue through Wednesday noon, with day sessions in the First Baptist Church, Amarillo, and evening sessions in the Municipal Auditorium.

## Fourteen Attend Circle Meeting

Twelve members and two visitors attended the meeting of the Mary Schaubauer Circle of the First Methodist Church Monday in the home of Mrs. Terry Elkins.

Mrs. C. W. Chancellor opened the meeting with prayer. Mrs. Earl Chapman, study leader, led the Bible study.

Visitors were Mrs. Rankin and Mrs. Moore.

## A. C. Wimpee Will Address Juniors, Seniors

A. C. Wimpee, director of special activities at Baylor University, will talk to members of the junior and senior classes in the high school following the junior-senior banquet Thursday night. The place will be the recreation hall of the First Baptist Church.

In his present capacity Wimpee operates the Baylor Placement Bureau for students who need part-time jobs and directs the post office, information office and the lost and found department.

Joining the army in World War II and serving in the medical corps, Wimpee soon was transferred to the special service department of the Eighth Service Command. In this branch he toured the nation for 13

months on the United States Bond Show. After the victory in Europe he worked with the German prisoners of war, teaching them the American way of life. Following the victory in Japan, he worked in the general hospitals of the country, teaching amputee victims the use of their artificial limbs. He also furnished programs for the men and women in the service.

## Wimpee Was Born in Kaufman County, Texas

Wimpee was born in Kaufman County, Texas, and received his education at Wesley College, Washington and Lee University and Southwestern Seminary. Before entering the army he was employed as the manager of a department store. He is superintendent of the Intermediate Department of the First Baptist Sunday School in Waco.

## Girl Scout Film Will Be Shown

"The Growing Years," the new Girl Scout film narrated by screen star Henry Fonda, will be shown at 3:45 p.m. Thursday in the South Elementary School.

It tells the story of Scouting through the eyes of a girl who has just moved to a new community. Janet, the main character, joins the Girl Scouts and through her associations with her troop finds her place in the community.

Parents, teachers and others who are interested are invited to attend.

## Patricia Gilbert Is Named GA President

Patricia Gilbert was named president of the Rachel Fong Girls' Auxiliary of the First Baptist Church Monday.

Other officers chosen were Gail Peters, vice president; Ann Williams, secretary; Rosanne Yearby, reporter; Roberta Donnell, program chairman; Alice Wayne, Woodard, social chairman; Jo Ann Sells, stewardship chairman; Ann Skimore, membership and poster chairman and Edwina Shain, community mission chairman.

## Mrs. Ficke Is Class Hostess

The Wesley Bible Class of the First Methodist Church met for a luncheon and program Tuesday in the home of Mrs. John Ficke. Mrs. F. H. Wilmoth was co-hostess.

Mrs. Mollie McCormick gave the devotional and the prayer was given by Mrs. Luther Kirk. Mrs. H. F. Gwyn read, "Elizabeth, My Friend," by Emma Bailey. Mrs. H. S. Merrill read "I Don't Go To Church On Sunday Night."

Others attending were Mrs. E. B. Patterson, Mrs. W. A. Black, Mrs. F. A. Fannin, Mrs. Zora Chilton, Mrs. Emma Harlowe, Mrs. L. C. Stephenson, Mrs. Will Long, Mrs. Amella Hawkins, Mrs. Ellen Reising, Mrs. F. A. Smith, Mrs. W. A. Whitmire, Mrs. J. M. Hughes and Mrs. Minnie Crumley.

## Palette Club To Pick Officers

Palette Club officers for the 1951-52 term will be elected at 8 p.m. Thursday in the club studio. The program will include a discussion of plans for the Mary Butler Exhibit and Tea to be held April 15 in the studio.

R. E. Cronyn, art instructor, is completing a life-size portrait of Mrs. Butler which will be on display Thursday evening.

Midland artists and all persons who are interested in promoting art in the community are invited to attend the meeting.

## Willing Workers Meet For Study

Mrs. Charles Lynch was hostess to the Willing Workers Circle of the Asbury Methodist Church when it met Tuesday night.

Mrs. John Henderson was in charge of the business meeting. The devotional on "Prayer" was given by Mrs. Jewell Tanner.

During the program Mrs. Carmel Pirtle gave, "Building and Using a Worship Service." Mrs. Jewell Tanner gave "Feeding of the 5,000" and "Surrounding of Worship."

Others attending were Lois Kennedy, Charles Blakeley, Mrs. Jim Horton, Mrs. C. W. Lawrence and Mrs. C. W. Holleman. Mrs. Charles Aiken was a guest.

## WILL MEET THURSDAY

The Midland Garden Club will meet at 10 a.m. in the home of Mrs. Winston Hull, 600 West Kansas Street.

If you want to keep the yolks of eggs centered, store the eggs with the large end up.

## Sororites Plan Spring Tea At Regular Meet

Plans were made for a Spring tea at the regular meeting of the Midland Panhellenic Association Tuesday in the Midland Country Club.

The tea will be held May 23. Sorority representatives attending were Mrs. Dana Richardson and Mrs. Jack Bliss, Kappa Kappa Gamma; Mrs. Eddie Childs, Phi Beta Phi; Mrs. Frank Paup and Mrs. H. C. Hood, Kappa Alpha Theta; Mrs. John Cornwall, Gamma Phi Beta; Mrs. W. B. Three-Fold Congratulations

Congratulations are in order; first, to the new mayor and city councilmen elected in Tuesday's balloting; second, to the retiring officials for the excellent jobs they did while serving as public officials, and third, to the record number of citizens who voted in the city election.

The unsuccessful candidates also are due commendation upon the fine manner in which they conducted their campaigns. There should be no regrets. The people in larger numbers than ever before expressed their preferences at the polls. The successful candidates will be proud of the fact they were elected to office by a representative vote of the citizens.

Election differences, if any, now should be forgotten as everyone works for the continued progress of Ever-Growing Midland.

Midlanders join in expressing thanks and appreciation to the retiring officials, while wishing for the new public servants a most successful and worthwhile administration.

A special vote of thanks goes to the 2,657 residents who showed sufficient interest in the affairs of their city government to go to the polls and cast their ballots in Tuesday's election.

It is a most encouraging sign, and in the face, too, of retiring Mayor William B. Neely's statement, Monday, that "the mayor and City Council don't run the city."

That statement doubtless came as quite a shock to citizens who for years apparently have labored under a misapprehension. Most residents perhaps were of the opinion they elected a mayor and council to govern the city, and it is somewhat surprising that so many voters took the time to go to the polls Tuesday after digesting the mayor's statement. But again, maybe that is why they voted in such large numbers.

The city's employees, according to Mayor Neely, run the city.

"When you get down to it," Mayor Neely said in addressing the heads of the city's departments, "the mayor and City Council don't run the city. The council can only set policy. You men run the government."

He also warned against elected officials interfering in the functions of the government, and said "The worst thing that could happen would be to elect a mayor or City Council on the basis that they can raise or lower salaries and hire or fire the city's employees."

Then just why, may we ask, do we go to the trouble of electing a mayor and City Council? If the council has no jurisdiction over city affairs and personnel, and if the mayor and councilmen are mere figureheads, then the elected officials are wasting their time.

Certainly it is the duty of the council to set policy, but we always had thought it also had other responsibilities. We still think so.

Some of the council members, past, present and future, may not agree with the mayor in his statement.

The city employees from the city manager on down are doing a fine job in operating the city, but we hope they are functioning under the direction and supervision of the City Council. We, too, favor the city manager form of government, but we do not believe it should make figureheads of the mayor and councilmen.

It will be up to the new council to determine who is running the city.

Comes The Dawn?

There is more than a little cause for wonder in a press association survey of Democratic state chairmen which shows Senator Douglas of Illinois a favorite after President Truman for the 1962 presidential nomination.

Senator Douglas is an able senator, a genuine liberal as contrasted to the host of pseudo-liberals who haunt politics everywhere. He is hard-headed, fair-minded, searching, energetic.

But these very qualities make him irregular as a party man. He frequently crosses President Truman, and is said to be distinctly out of favor at the White House. He's been active in probing the RFC muddle which has reflected badly on his own party. And he plugs for economy in a most embarrassingly sensible way.

If in spite of all this a substantial number of party regulars want him, then we may be facing a new era. To have courage and ability recognized above all in politics really would be something.

Automobiles and people who constantly knock need working on.

What a great handicap children must be to anyone who wishes to be unhappy.

Some political machines get stuck in the mud they sling.

Even a man can be envied if he has a nice figure—in government bonds.

'How's Business?'

The Washington Merry-Go-Round

By Drew Pearson

Copyright, 1961, By The Bell Syndicate, Inc. Drew Pearson says: Secretary Marshall works harder than most executives; Cattle-feed shortage was behind Ralph Trigg's dismissal; Presidential pique has held up price controls.

WASHINGTON — The Washington rumor factory probably has the most active and the most irresponsible in the world. Tales cooked up in Capitol Hill lobbies, the drawing rooms of high society or in a taxi-cab conversation are spread as fact within a matter of hours.

The story that the late Franklin Roosevelt was insane and had to be chained to his bed at night was a good example. One confidential news agency believed it to the extent of relaying it to its many thousand customers.

Latest Washington canard is the Secretary of Defense George Marshall is in his office more than half a week.

On the contrary, I can state that Marshall, though 70, probably is in better health than before his kidney operation, gets to the office before 8 a.m., has the papers read and sent out of his office by around 8:30 a.m., and puts in a full six-day week, working even on Saturday.

This is a lot more than most executives do in Washington, New York, or anywhere else. Marshall is alert, his memory is amazing, and he seems completely on the ball. Furthermore, Marshall has put the old uniform aside and is trying to run the Defense Department as a civilian. This writer had some skepticism about this phase of Marshall's new job when first appointed secretary of Defense, but the skepticism appears not to have been justified.

Cattle-Feed Shortage Secretary of Agriculture Charles Brannan has been at daggers' points over government farm policies for some time with the man he fired last week, Ralph Trigg, chief of production and marketing.

Main reason the ax fell was that the production of certain vital farm crops—chiefly cattle feed—is desperately behind our defense goals. About 127,000,000 tons of grain will be needed to feed our greatly expanded population of beef cattle and hogs this year. However, farmers have planted or scheduled for planting only enough acres to produce 117,000,000 tons of feed grain.

Corn will be about 5,000,000 acres short of the 90,000,000-acre production goal fixed by Brannan—which Trigg was supposed to deliver. Plantings of barley are 1,600,000 acres behind schedule and sorghum grain about 500,000 acres short.

At the same time we have 4,000,000 more beef cattle and more than 3,900,000 more hogs to feed this year than in 1950. The pinch may not be felt this year because of feed-grain reserves. However, with these reserves exhausted, we will face a serious cutback in cattle production for defense needs — a n d therefore a meat shortage—in 1952. Manpower shortage on the farms

Questions and Answers

Q—How can one distinguish between a gorilla and a chimpanzee? A—One can quickly tell a gorilla from a chimpanzee by the size of the ears. Those of the gorilla are smaller and like those of man; those of a chimpanzee are very large and project from the sides of the head.

Q—In what year do cashew trees bear fruit? A—Trees bear in their third year, but yield a paying crop in their fifth and sixth year. A good tree produces 44 pounds of nuts. From the shell a black, viscous oil is made. This oil is an all-purpose oil that lubricates bearings, waterproofs textiles and is good in varnishes and paints.

Q—Is the mistletoe the flower of any state? A—Mistletoe is the state flower of Oklahoma. It was so adopted by the legislature.

Q—Do women outnumber men in the United States? A—Yes. For the first time in the history of the country, there are more women than men in the United States. According to the Census Bureau for every 1,000 females there were only 981 males last year.

Q—How did a drinking glass come to be called a tumbler? A—The word "tumbler" for a drinking glass resulted from the fact that early glasses had round or pointed bottoms which could not stand on the table.

WRONG: Explain that, and then go ahead with the story, even though none of your audience does know the personalities involved.

RIGHT: If it isn't a good story unless your audience knows the individuals it is about, and they don't know them, don't bore them with the story.

Henry was sitting up with a sick friend. The doctor left a powder and said, "Give him a dose every three hours; enough to cover a dime." Early in the morning, the doctor's phone rang and it was the friend. He said, "You better hurry over; John is worse." The physician said, "Did you give him the medicine as I directed?" "Yes," said Henry, "only thing was—I didn't have a dime so I gave him enough to cover two nickles."

JACOBY ON BRIDGE

There are certain situations that every good player should memorize. A few times a year they are bound to confront you, and if you're ready for them you save many hundreds of points.

Keep your eyes on the West cards in the hand shown today. One of those important situations will soon develop.

West opened the jack of diamonds, and the defenders easily rattled off two tricks in that suit. South ruffed the third diamond, led a club to dummy's jack and returned a low spade. East played the five of spades, South finessed the queen, and West made the correct play without any hesitation.

Figure it out for yourself. What happens if West plays the six of spades? South looks the spades

over very carefully and sees that his only hope is to catch the king of spades before this point. If East has K-10 or K-9, a trump trick must surely be lost.

Actually West properly played the nine of spades. This gave South something to think about. Apparently West had started with the 10-9 of spades, and now he had the blank ten left.

Acting on this reasonable assumption, South led a club to dummy's king and returned the jack of spades. He hoped that this would continue the finesse through East and at the same time pick up West's ten.

East covered the jack of spades with his king and South won with the ace, but now West's ten was established. Since the defenders were bound to win a heart trick sooner or later, the contract was set.

Now, all you memorizers, study the West hand. When you hold three to the ten in the trump suit, make sure to play the middle card on any first-round finesse. It may not always work, but it costs nothing to try.

CARD Sense

Q—With neither side vulnerable, your partner deals and passes and the next player also passes. You hold: Spades A-8-3, Hearts J-7-4, Diamonds A-8-3, Clubs Q-2. What do you do? A—Pass. Your hand is not worth a normal opening bid and you cannot indicate a desirable opening lead. You have an honor card in each suit and there therefore will be let your partner choose his own lead.

TODAY'S QUESTION

With neither side vulnerable, your partner deals and passes and the next player also passes. You hold: Spades A-8-3, Hearts K-8-4, Diamonds J-2, Clubs K-Q-9-5. What do you do? Answer Tomorrow

The Senate committee, of which Taft used to be chairman, had cited cases showing how Southern textile mills had violated the CIO Textile Workers' Union. Taft's reply, not yet made public, was joined in by Senator Nixon of California. Here are some of the most scizzing excerpts:

"The majority report," Taft accuses, "could not be more one-sided if it had been written by the attorney for the union, which inspired the investigation."

"The publication of this (majority) report constitutes an amazing and unjustified slur upon a great section of our country," Taft continued. "No evidence was received by the committee which would indicate that the average Southern workman is not just as self-sufficient, self-reliant and independent as his Northern brother."

However, on the next page, Taft admits that in spite of the equal qualities of Southern workmen, "there is a wage differential between the Northern textile industry and the Southern textile industry."

"Apparently," Taft concluded, "the majority of the committees have concluded that the CIO Textile Workers' Union cannot organize all the Southern textile industry unless Congress orders the workers to sign up with it. Thus the committee would transform a law creating rights for workers to one imposing a duty upon workers, viz 'Join the CIO.'"

Rose snapped: "You'll get no check from me! You didn't get me off! It was the hand of Providence — you said so to that reporter!" Star winked at me. I turned to Rose Bidault.

"Let's go," Mrs. Bidault. Maybe you'll change your mind by the time we reach your house." She didn't like the idea of riding in my beaten-up heap, but she climbed in. Now that you are freed of the murder charge, the funds of Barney's estate will be available to you. Jim can pick up the check."

Rose snapped: "You'll get no check from me! You didn't get me off! It was the hand of Providence — you said so to that reporter!" Star winked at me. I turned to Rose Bidault.

"Let's go," Mrs. Bidault. Maybe you'll change your mind by the time we reach your house." She didn't like the idea of riding in my beaten-up heap, but she climbed in. Star and Kitty went their way—not to the office, I know. Star and I have some private business at the office. And, speaking of business, Mrs. Bidault, there is the matter of \$10,000. Now that you are freed of the murder charge, the funds of Barney's estate will be available to you. Jim can pick up the check."

Diplomats' Meeting Spotlights Hemisphere Defense Problems

By PETER EDSON NEA Washington Correspondent

WASHINGTON — When the United Nations asked for military assistance for Korea, all it got from the Latin American countries was one frigate from Colombia. After a couple of months training on the U. S. West Coast, that Colombian frigate now is on its way to Korean waters. So give Colombia full credit. Bolivia, Costa Rica, El Salvador, Panama offer volunteers, but none has been accepted.

It is not to the particular discredit of the other Latin American countries that they offered no more. Fifteen of them did offer economic aid of a kind—money from Uruguay and Brazil, sugar from Cuba, beans from Mexico and so on.

The reason they didn't offer more actual military aid is that they didn't have it to give. And that sad fact is the main reason for concentration on the subject of military cooperation at the Council of American Republics' Foreign Ministers now going on in Washington.

Something drastic has to be done to bolster western hemisphere defenses so that the U. S. and Canada don't carry a disproportionate share of the burden.

Today, inter-American defense is largely a thing of paper. The Inter-American Treaty of Reciprocal Assistance provides that all the republics will come to the aid of any one that is attacked. But it doesn't specify what with.

Defense Board There is an organization known as the Inter-American Defense Board, created during the last war. It now has a headquarters building all its own at 2600 19th Street, Washington. Its chairman is Lt. Gen. Charles L. Bolte of the U. S. Army. It has a staff of some 50 officers. Most of them are the military attaches assigned to the Latin American embassies in Washington. But two of the countries—Panama and Costa Rica—aren't even represented.

Function of the Inter-American Defense Board is to make plans to repel aggression against any of the republics. The full board, or Council of Delegates as it's called, meets every two weeks. The staff works regular hours. Presumably it has a big safe full of plans. All it takes to become a going concern are manpower and equipment—other than those of the U. S. armed forces.

During the last war, there was fear that the Germans might invade or attack the South American bulge from bases on the West African bulge. The U. S. maintained two bases in Brazil. They were useful ferry points for the South Atlantic airlift.

Eventually, the Brazilians got one division in the European fighting and the Mexicans had an air squadron in the Philippines. But if the Latin American countries had been able to man their own defenses completely, it would have freed 100,000 or more U. S. troops for duty in other places. As it was they were tied down to Latin American bases for the duration.

The matter of equipping Latin American forces is another sad story. At the end of the war, there were some general staff conferences on supplying Latin American armies with U. S. surpluses. Their hopes ran high. The way it worked out, \$146,000,000 worth of supplies were sold to them for some \$38,000,000. It was less than 10 per cent of what they expected to get.

From the expiration of the Surplus Property Disposal Act to the

Conquest of Iran, preferably by infiltration, (was proclaimed the primary task of the oriental revolution outlined at the first congress of the peoples of the east at Baku (Soviet Union) in 1920.

Some type of workmen's compensation, nationwide in scope, should be established to cover risks of enemy attacks.

Ohio Attorney General C. William O'Neill, proposing "atom bomb insurance."

I think I'll put it in the bank—that's the best place for money, isn't it? —James McElroy, 45-year-old handyman who inherited \$100,000 from his boss.

Some day the poor wretches behind the Iron Curtain will demand freedom. And they will find free men everywhere extending the hand of good fellowship.

Woman's Bathtub Death Ruled Suicide

SAN SABA, TEXAS — (AP) — A verdict of suicide has been returned in the death of Mrs. Gertrude Layton Smith, 60.

She was found dead in the bathtub at the family home in Richland Springs Monday. Her throat and cheek were slashed. A butcher knife was found in her hand.

Inside Peiping's Tatar City is the Imperial City and within that is the Forbidden City.

She had to let herself inside with a key. The place had been deserted by the servants at the time of Barney's murder. They had all taken sides against Rose, and of course they had refused to work there for her.

I had hired a cleaning staff to keep the house in some habitable shape. It would be up to Rose to find servants — if she wanted to remain in the place, which I didn't think she would. It wouldn't be so pleasant for her to live here in River City from now on. And she would have more than enough money to haunt the gay spots the world over.

She led me into her private sitting room, threw her hands on a writing desk and told me to wait. She disappeared inside her boudoir and left me there alone.

The murder that had happened right in the middle of this rug that's where the body of Barney's body, at any rate, and the evidence indicated that he had not been moved after he had dropped with the bullet in his brain. That was the only thing about Rose's story that held water, the fact that the bullet had coursed upward through his mouth.

It was this corroborating circumstance that had caused Star to carry on with her fantastic yarn about the dropped gun going off accidentally when it hit the floor. Only one when the piece of evidence to substantiate it, and that was negative. No nitrate deposit had been found on Rose's dainty hand when the paraffin test had been made by homicide.

The paraffin test isn't infallible, especially when the gun is brand new, as Rose's little gun was. Sometimes not enough nitrate leaks out of the breach to leave even a superficial deposit on the hand that fired it.

These were not enough to sell Rose's story of the accidental death of old Barney Bidault. Andy Tanner's experts had been conclusive enough for me. That particular model of 25-caliber automatic pistol can't be fired accidentally—unless a Star Williams gimmicks the works.

**Democrats Keep Control In Chicago**

CHICAGO—(AP)—The Democratic Party's 20-year rule of Chicago's City Hall remained unbroken Wednesday with the reelection of Mayor Martin H. Kennelly.

Kennelly won his second four-year term in Tuesday's city election, defeating his Republican challenger, Robert L. Hunter, by 152,545 votes. He took the lead from the start and never trailed during the counting of the 1,265,074 votes cast.

The majority race, watched with interest nationally for political trends, drew 60 per cent of the city's registered voters to the polls. Kennelly polled 697,871 votes. Hunter, a lawyer making his first bid for a major elective office, received 545,326 votes.

It was the sixth straight time the Democrats have won the mayoralty contest. The last Republican mayor was the late William Hale (Big Bill) Thompson, who was defeated in 1931 by the late Anton J. Cermak.

The Democrats also have control of the City Council, although Republicans won three of the five runoff elections Tuesday.

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

# DADDY RINGTAIL

TAKE A PACK ALONG WITH YOU—WRIGLEY'S SPEARMINT—GOOD TO CHEW

## Daddy Ringtail And Something Wise

One fine day in the Great Forest, Daddy Ringtail, your monkey friend, sat down on a log to do some talking with Mugwump Monkey, the monkey boy. "Daddy Ringtail," said Mugwump. "I hear you, Mugwump," said Daddy Ringtail. Mugwump explained that he

would be happy to hear Daddy Ringtail say something that was very wise, if—and Mugwump said "if"—if Daddy Ringtail knew something wise to say.

Daddy Ringtail said it again. "Two heads are better than one," he said. "Yes sir, two heads are better than one."

But Mugwump thought Daddy Ringtail was teasing. "Oh, now,

"Nobody has two heads," Mugwump laughed at the thought of anyone having two heads on his shoulders where only one head ought to be.

But Daddy Ringtail explained that to the two heads didn't have to belong to two somebodies. They could belong to one somebody, and two heads are indeed better than one.

"Better than one what?" asked Mugwump.

"Better than one head," Daddy Ringtail answered.

"Oh!" said Mugwump, and then he asked the question: "Daddy

Ringtail, what are the two heads better for?"

"Better to get some thinking done," Daddy Ringtail explained, "because one head might make a little mistake, if the other head didn't help with the thinking."

But Mugwump said he wasn't interested in any business of two heads being better than one. He said that what he wanted was for Daddy Ringtail to say something wise. Then suddenly Mugwump stopped his talking and began to laugh.

Daddy Ringtail already had said a something wise, Mugwump decided. And I will say it again—for you. Two heads are better than one indeed. If you want to get some thinking done. Yes, and if people remember this very wise saying, then they listen to what the folks at home have to say about things. So they won't be making mistakes, you know. Happy day!

## Petrochemistry Is Moving Southwest, Says WPRSA Speaker

SAN ANTONIO —(AP)— An oil industry editor Wednesday said numerous companies are considering new petrochemical operations in the Southwest.

George Weber, New York City, refining editor for the Oil and Gas Journal, said extensions to several existing plants which manufacture chemicals from petroleum also are being planned.

Weber spoke before the annual convention of the Western Petroleum Refiners Association.

Bruce K. Brown, deputy administrator for the Petroleum Administration for Defense, was to be the

R. L. Tollett, president of Coeden Petroleum Corporation, Big Spring, Texas, said Wednesday that the pace for petrochemicals in 51 plants in the Southwest.

"Seventeen of these operations are carried out in petroleum refineries and natural gas plants. The remainder either are adjacent to refineries or within close proximity of the basic supply of petroleum, refined or natural gas or liquefied petroleum gas."

"Whenever one looks at the petrochemical industry today, he is confronted on all sides by evidence of rapid change and consistent growth," Weber said. "Nowhere is the pace faster than in the Southwest, particularly that section paralleling the Gulf Coast."

The new WPRSA president is R. L. Tollett, president of Coeden Petroleum Corporation, Big Spring, Texas.

New vice presidents include Harry J. Kennedy, Houston, Roland V. Rodman, Oklahoma City, and J. W. Valden, Tulsa, Okla.

Tollett succeeds R. W. McDowell, Tulsa, president of Mid-Continent Petroleum Corporation.

**Complete Service At Lamb's Super Station**

More and more, motorists are relying on service stations which offer complete service, and in Midland it can be found at Lamb's Super Service Station, 601 West Wall Street.

Lamb's Super Service handles Chevron gasoline and oils and offers a complete road service. Tires, tubes, batteries and auto parts also are stocked by Lamb's, and trained mechanics are on duty to handle repair work not of a major nature. There is a complete line of repair parts for brakes, generators and other parts of the automobile. Many motorists take advantage of a checkup service when stopping for fuel and lubrication, and many times the need for repairs is noticed and the work performed in short time. In many instances, this prevents costly breakdowns on the road.

**Other Services Listed**  
Washing, greasing, polishing and undercoating are some of the other services performed by Lamb's Super Service and the cost is as moderate as that to be found anywhere in this section. Skilled service men handle these details.

The station is open from 6 a.m. to midnight seven days a week.

Elmer Lamb operates the station. He previously was in the transportation department of Tide Water Associated Oil Company for 21 years. You are invited to come by and get acquainted with the friendly personnel and try Chevron's dependable products.

The telephone number is 1780.

## Houston Hill Establishes Fine Reputation As Builder

The record of a building contractor is written into the work he has performed, and Houston Hill, general contractor of 307 South Marienfield Street, can point with justifiable pride to the structures he has built in Midland and the Permian Basin Empire.

One of these examples is the David Crockett School here, which is considered one of the most modern and beautiful plants in the Southwest.

He also constructed the Carver High School and now is working on the De Lavala and Sam Houston Elementary Schools.

The new addition to the First Methodist Church is another example of the Hill firm's know-how and attention to detail.

Some other examples of his work in Midland are the TXL Building and Hyde's Tot Shop on North Marienfield Street, the Excel-Sure Cleaners, Mast Clinic and several fine residences in exclusive sections of Midland.

The concern also has performed jobs in Odessa, Big Spring, Andrews and other cities.

Skilled workmen are employed by the contracting firm.

Houston Hill, who has been in this type of business approximately 30 years, is the owner. He has been in Midland 14 years, coming here from Colorado City. Robert Lacey is the assistant manager. He came to Midland from Lubbock two years ago.

Estimates gladly will be given on any job. The telephone number is 1567.

## Funeral Rites Held For Bobby Hifline, Young Cancer Victim

ADRIAN, MICH.—(AP)—The body of little Bobby Hifline rested Wednesday in the good earth he loved. Bobby had dreamed of being a farmer when he grew up and running his own tractor.

The six-year-old farm lad died of cancer Friday at a hospital in Detroit. The day before he had looked out from his oxygen tent and whispered:

"I've got to get home. It's almost time to plant oats."

Those were his last words. He rallied the next day only long enough to smile at his parents.

His plight had touched the heart of the world. Last month his mother, Mrs. Henry Hifline, wrote the New York Times asking that a "few kind people" drop him a card. He was doomed to die soon of cancer, she said, and it cheered him to have the mailman drive up the lonely road leading to the farm home near Jasper. The world heard about Bobby's wish from The Associated Press.

**300,000 Letters, Gifts**

More than 300,000 persons sent best wishes, money and gifts. If a letter contained money, Bobby rang it up on a toy cash register.

"To buy a tractor some day," he explained.

From Korea a Marine colonel wrote, "Keep up the good fight."

Bobby was appointed a deputy sheriff in Midland County, Texas, and an honorary mayor of Rome, N. Y.

He had a great time opening the mail. Then he had a relapse and had to return to the hospital.

Funeral services were held Tuesday for Bobby. A wreath of red and white roses covered the little casket. A crowd of 100 persons, mostly relatives, attended the rites in Adrian's First Baptist Church.

The minister said:

"Suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven."

Bobby was laid to rest in a little country cemetery near his home. An occasional thin snow fell on the damp earth. But there was a hint of Springtime in the air.

In a survey conducted in New York City schools, teachers stated that classrooms should have windows low enough for seated pupils to see out of them in order to avoid a closed-in feeling.

## SUES FOR MILLIONS—Largest damage suit ever filed in U. S. courts is being pressed by Harry Ferguson, above, tractor and farm implement inventor. He is suing the Ford Motor Company and associates for \$341,000,000 in a federal court in New York, charging Ford with a conspiracy in violation of anti-trust laws and seeks triple damages. Ferguson and the late Henry Ford operated together for years under an oral agreement "sealed only by a handshake."

## Proposal To Tax Meat As Brilliant As Inquiry On Female Steers, Says Kleberg

CORPUS CHRISTI.—(AP)—Robert J. Kleberg, Jr., manager of the vast King Ranch in South Texas, doesn't think much of a proposed "luxury tax" on meat.

In a statement Tuesday night, Kleberg accused a staff of experts on the House-Senate Economic Committee of not knowing what they were talking about.

He added:

"Or maybe they're as completely dumb as one of the OPA men who asked during World War II if we had any 'female steers' in Texas."

The Joint Economic Committee said Monday in Washington that a "luxury tax" on meat was needed to keep prices down. Figures were given to show that 64 per cent of the nation's meat is consumed by families with an income of more than \$3,000 annually. The committee said the result was that the higher income groups force up the price of meat beyond the level of lower income families.

## Oil-Rich Andrews Property Owners Get Free Paving

ANDREWS—It sounds too good to be true, but property owners in this Andrews County seat city are getting their streets paved under one of the best and least expensive arrangements imaginable.

They pay the curb and gutter installation cost (\$1.40 per running foot) and the oil-rich county and city foot the rest of the bill. Simple, isn't it?

The cost to the county, according to estimates, will exceed \$100,000, while the city is chipping in \$50,000 from a recent bond issue. The county is doing most of the construction work.

Approximately 200 blocks are included in the paving program. The late Robert Ripley could have used this in his "Believe It Or Not" column.

## New Sanity Hearing For Adair Underway

DALLAS.—(AP)—Testimony began Wednesday in the second sanity hearing for Fred Felix Adair, Jr., sentenced to death for rape. Last month, at the first sanity hearing, the jury deadlocked—11 to one—after hearing a week of conflicting testimony from 30 witnesses.

Adair was convicted of raping a Vickery, Texas, housewife. He is scheduled to die in the state's electric chair on April 28 unless he is found insane.

"I got the story on

# 50,000 Miles—No Wear

and changed to New Conoco Super Motor Oil"

says Joe Albertson  
Traveling Salesman  
Sante Fe, New Mexico

"MANY OF MY CUSTOMERS have actually gone out of their way to thank me for servicing their cars with new Conoco Super Motor Oil, because it has reduced their repair bills by a good margin," says T. S. Young, Young Motor Company, Walsenburg, Colorado. "I recommend Conoco Super because I know it is the finest motor oil on the market."

### "50,000 MILES—NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings!

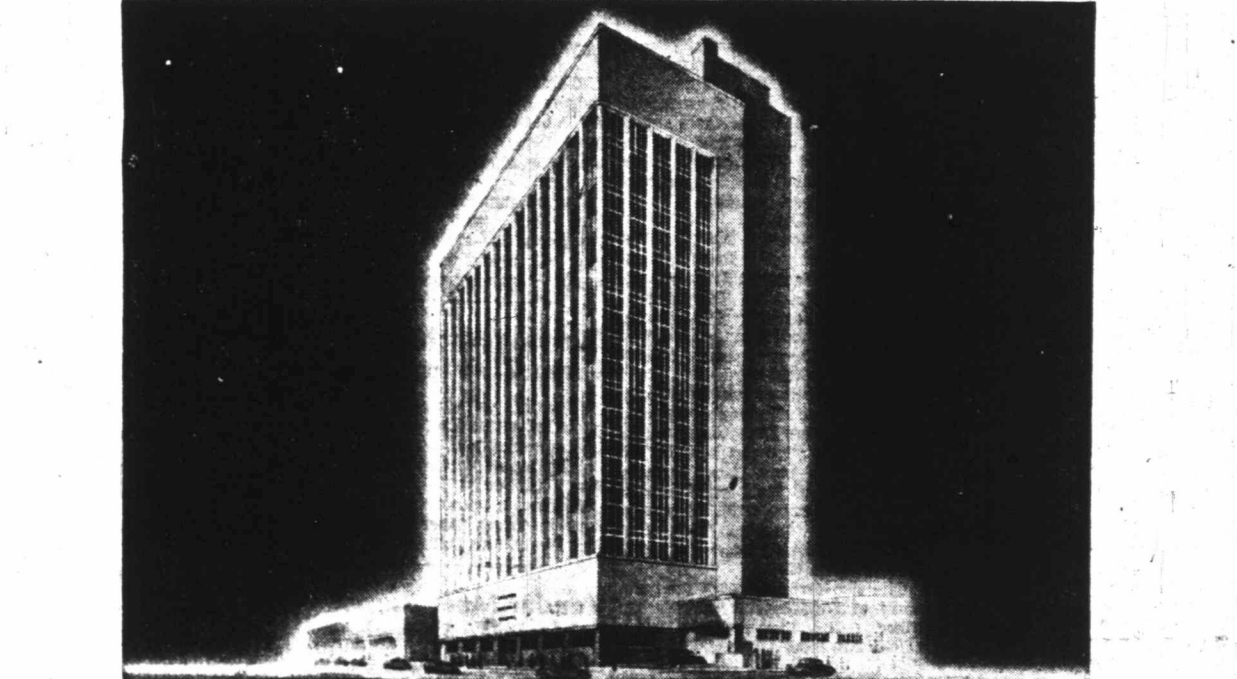

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

"I'M ON CALL 24 HOURS A DAY and my car must be ready to roll over the roughest oil field roads in any kind of weather," states B. F. Bryant, Oil Field Engineer, Abilene, Texas. "That's why I changed to new Conoco Super Motor Oil. Never before have I had such good gasoline mileage and cost-free operation."

## Touring Pros Cite Need For Supreme Authority In Golf

AUGUSTA, GA.—(AP)—“We've got to get a commissioner—and get one, quick—or our game is liable to get all fouled up.”

The words were those of Jimmy Demaret but they echoed Wednesday throughout the ranks of professional golf, now torn by a succession of bitter controversies.

“This is a wonderful sport of ours but unless we get someone to run the show and run it right the players and the public will lose confidence,” Demaret added.

The dapper Masters champion from Ojai, Calif., still ranks among the \$500 fine he had to pay a few weeks ago for playing in the Mexican open championship.

Demaret contended he had a right to play where he pleased. The Professional Golfers Association Tour, named Committee ruled he and a half-dozen others who went below the border should have played at Harlingen, Texas.

The Mexican jumpers—including Vic Ghezzi, former PGA champion, who was fined \$200—all complained bitterly to the PGA chieftains but it didn't do any good.

“Why, it's a ridiculous situation—just like Joe DiMaggio rushing in from the outfield and calling Ted Williams out at second.”

Three members of this seven-man ruling body of barnstorming golf—Lawson Little, Horton Smith and Clayton Heafner—agreed Wednesday to the acute need of a firm controlling hand.

“There's certainly a lot of talk for a commissioner and I think it would be a fine thing if we could afford it and could get the right man,” said Smith, secretary of the PGA.

“He might have to be a dollar-a-year man at first,” added Little, vice chairman of the committee headed by Joe Novak. “We have only about \$1,000 left over after operating expenses to pay the salary of such an office.”

Heafner, the big North Carolinian, interjected: “The person we need should be a promoter as well as an arbitrator. If he's the right man he can promote the game enough to make the job financially profitable.”

The name of A. B. (Happy) Chandler, rejected commissioner of baseball, has been offered as a possibility for the golf post, but most of the links tourists said Wednesday they preferred a man more closely associated with the game.

“We don't want an active professional certainly,” said Ghezzi. “An ideal man would be Bobby Jones, a credit to golf and with a lawyer's mind. But I'm afraid Bobby's health wouldn't stand for it.”

Ben Hogan, the National Open champion, said: “Something's got to be done—and mighty quick. A good businessman could do the job.”

Gene Sarazen: “Professional golf certainly needs new organization and a good strong man to run its tournaments.”

The present seven-man committee was born itself out of chaos a year ago at this same Masters Tournament.

When George Schmitter, the tournament director, was fired after a threatened split between touring and home pros, the group was set up. Other members, besides Novak, Little, Smith and Heafner, are Leland Gibson, Chief Harbert and Dave Douglas.

Bob Blaik, son of Army's football coach Earl (Red) Blaik, has won major letters in football, baseball and hockey at the Academy.

## Hatfield Brought Up To Midland High Varsity Track Team

Jesse Hatfield, freshman track star who has been performing with the Midland freshman team, will be brought up to the varsity for the Big Spring Relays in Big Spring this weekend, according to Coach Tugboat Jones.

Hatfield took three first places at the San Angelo Freshman Relays last week, winning the high jump, broad jump and 50-yard dash.

Thirteen high school track squads are due for the meet. Finals will be held Saturday night, after preliminaries are run off Saturday.

## Illness Halts Al Simmons' 26-Year Big League Career

TUCSON, ARIZ.—(AP)—Illness halted Al Simmons' 26 consecutive years as a major league baseballer Wednesday.

Now a coach with the Cleveland Indians, Simmons, with tears in his eyes, told Manager Al Lopez he just couldn't continue. Lopez asked him to wait awhile before making his decision.

Simmons said no. “The Indians have been fair to me, and I want to play fair with them,” he said. “I can't help you any longer. I'm going home to see my doctor in Milwaukee and find out what's wrong with me. I'm finished for this year.”

Al Simmons is packing away his big league uniform.

## Palica May Pitch Few Games For Bums

MIAMI.—(AP)—The Brooklyn Dodgers may have the benefit of Erv Palica's pitching for a few National League games before he is ordered to report for induction into the Army.

The Dodgers announced Tuesday that Palica, who helped spark Brooklyn's late-season drive last year, will rejoin the club pending receipt of his induction orders.

NEW ORLEANS.—(AP)—Manager Leo Durocher of the New York Giants said Wednesday he knew nothing about a report that the Giants were seeking to sign Southpaw Johnny Vander Meer.

The southpaw, who gained fame in 1938 with two consecutive no-hit games, was released recently by the Chicago Cubs.

## SCHMITZ NOMINATED TO TRY AGAINST BUFFS

HOUSTON.—(AP)—Southpaw Johnny Schmitz, who so far this Spring has been a big disappointment, is scheduled to try a full nine-inning chore for the Chicago Cubs Wednesday night against the Houston Buffs.

## Colts-Big Spring Tangle Here Sunday

The Midland Colts—a Latin American baseball nine—will play host to the Big Spring Tigers at 4 p.m. Sunday in Colt Park.

Midland's Black Indians fell victim to the Colt team last weekend 11-5.

Yale Blue officially came into being before the first Yale-Harvard boat race. The managers sought colored ribbons so the spectators could identify the crews, and the dry goods store had only red and blue.

## King's Row

Tuesday was a nice day for fishing, but we found we were some distance from a large body of water. So we decided to wander out to Indian Park and take a look at Harold Webb's “catch.”

We speak, of course, of the four Midland Indians who arrived here late Monday and started workouts Tuesday afternoon.

When we arrived they were having a bit of batting practice, playing a “pepper” game and when that was over they ran around the confines of Indian Park more times than we like to remember.

The four Indians here are Pitcher Eddie Jacobs, Infielder Dick Potak and George Fimbach and a youngster with the moniker of Truman Altenbaumer—a rookie pitcher.

Fimbach needs no introduction to Midland baseball fans. He performed here last year, batting .311—second in team batting and RBI's only to Jim Prince. George now weighs 182 pounds—15 pounds more than when he performed for Midland last season.

That added weight should account for some extra-base knocks and additional RBI's. We think he's in for a good season.

Eddie Jacobs needs little introduction to Midland fans either. He was with Vernon in the Longhorn League during the 1948 season, winning 22 games. It was Jacobs who gave up the single to Eddie Mellillo that brought Midland its '48 pennant—a fact Jacobs was talking of Tuesday, and wishing he could forget.

He won 15, lost 17 with a weak Longview team in the East Texas League last year.

Jacobs wouldn't say so, but other players and Harold Webb tell us he was the best looking hurler in the Midland-Borger—Oklahoma City Spring camp. “I said Webb had to try Jacobs away from the eager clasp of Oklahoma City Manager Taum—which speaks pretty well for the 170-pound, five-foot, nine-inch righthander.

The other two boys at the park are newcomers to Midland, the Longhorn League and organized baseball.

Infielder Dick Potak is a red-headed Chicagoan who talk brings a yearning once more to see “The Loop.” At six feet tall, he weighs 165 pounds. Potak was with Pittsburgh, Kan., in the Class D KOM League the last few games of the 1950 season—and that's his only pro experience.

He recently graduated from Rogers Hornsby's baseball school and attended the training session with Midland in Monroe, La.

Odessa has nothing on Midland in the way of pitchers from Arkansas. Offsetting the Oilers “Arky” Vaughn, the Indians come up with Truman Altenbaumer, 18-year-old native of Alene, Ark.

Altenbaumer weighs 165 pounds, is six feet, one inch tall, and is trying professional baseball for the first time. He was with Texarkana during the Spring drills, but asked Harold Webb for a look when the Indians defeated Texarkana 8-7 last week in Texarkana.

The youngster reports he batted a lousy 400 out of an amateur team back in the hills, but if he can stick in the Longhorn League as a pitcher, half that average will be sufficient.

Three more rookies were due to arrive sometime Wednesday. Pitcher Charles Wheat, Infielder George Cox and Outfielder Elden Wiersig were the boys expected.

Wheat hurled high school and semi-pro ball at Ranger last season. He's only 18, and was credited with several shutouts in the amateur loop. Whether or not he can make it in the Longhorn League, of course, is the \$64 question.

Little also is known of Wiersig—a native of Altus, Okla. He didn't see too much action with the Indians in Spring camp but will get additional trial runs here.

George Baseman Cox is the boy whom George Fimbach, Webb and other “old heads” look to for great things. He's from Oklahoma City, and has been receiving rave notices in the Louisiana area.

Infielder Eddie Mellillo, veteran, is due to arrive Thursday from his home in Lamesa. Webb also is expected back with some players then. Right now, he's beating the bushes in search of some talent.

Scouter Hughes, shortstop, and two hurlers—Leon Hayes and Glenn Patton still are with the OC Indians. All probably will be returned here Sunday—that's when OC plays Borger at Borger. And that's as near Midland as the group will be.

Catcher Kenny Jones, according to the boys who were at the Spring camp, is almost certain to make the grade with Oklahoma City. Don't look for him back, although—if it wasn't for the grand jury investigations—we'd say H. W. Donohoo is willing to wager a steak dinner Jones will be here for opening day.

That's 10 players we can account for, due to be here within the next few days—and of course there will be others.

The boys already here seem eager to play ball, and they want to win. Let's hope they still feel that way come September.

## Oosterbaan, Hutson Chosen All-Time All-America Ends

NEW BRUNSWICK, N. J.—(AP)—One of them now is coach at his alma mater, Michigan. The other is an automobile dealer at Green Bay, Wis. The names are Bennie Oosterbaan and Don Hutson—names that will linger in the minds of football fans so long as there is football.

Hutson, the sensational passing end at Alabama and later the professional Green Bay Packers, and Oosterbaan, one of Michigan's greatest athletes, have been chosen

when advised of the all-time balloting conducted in a nationwide poll of sports writers and sportscasters by The AP in conjunction with the Hall of Fame.

Rose Bowl Figures  
“When I was at Alabama from 1931 to 1935,” said Hutson, “there were two things I wanted very much—to be All-America and to play in the Rose Bowl. There weren't a lot of bowl games then.”

He realized both ambitions in 1934. “I guess the Rose Bowl game against Stanford, Jan. 1, 1935, was the highlight of my college career. I caught quite a few passes, and we won. I think the score was 29 to 13.”

Oosterbaan, too, can tell about the Rose Bowl. In his last two seasons his teams have won two Big 10 titles, and Michigan beat California last January 1 in the Rose Bowl 14-6.

The Michigan All-America of 1925 and 1927 is a native of Muskegon, Mich., and was a nine-letter man in college. Only lack of time prevented his adding to his athletic laurels in football, baseball and basketball, since he had no chance to go out for track.

He rejected professional football offers and became an aide to Fielding H. Yost, the late coach at Michigan. Four and a half years ago he became the No. 1 assistant and backfield coach to Fritz Crisler. When Crisler became athletic director two years ago, Bennie moved up to head coach.

Boasis Platoon System  
When Hutson left Alabama, however, he moved on to Green Bay and set all sorts of National Football League records in nine years of stardom.

Now lean, tanned and 38, with his hair thinning slightly at the temples, Hutson has a lot of ideas of present-day football.

He's convinced football is better than ever. And the two-platoon system is here to stay.

“The stars aren't all tired out now from defensive work. They perform at their best under the two-platoon system.”

A native of Pine Bluff, Ark., Hutson was leading scorer in the NFL four straight years, and set a league scoring mark in 1942 with 138 points.

Hutson received 629 points in the poll for ends. Oosterbaan got 349 to beat out Frank Hinkley, Yale All-America of the early 1890's, and California's great Brick Muller, 1922 All-America.

## Baylor Gets Off To Good Start By Edging A&M 3-2

By The Associated Press  
Baylor started off on the right foot in the Southwest Conference baseball season.

In the first conference game for both Baylor and Texas A&M at College Station Tuesday, Baylor downed the Aggies 3-2.

In the only other action by a Southwest Conference team, Southern Methodist blanked Tulsa University 2-0.

Baylor cut loose with a three-run rally in the first inning and then hung on to beat A&M. A double by Ken Williams and an Aggie error set up the first two Baylor runs.

Another Aggie error and a walk helped add the third.

The Aggie scores came when Yale Lary homered with one on.

Fred Benner pitched SMU to victory, allowing only two hits. He fanned four, walked three and allowed only one man to reach third.

The Mustangs scored twice in the sixth inning by bunting two singles and a double.

Texas plays Brooke Medical Center at Austin Wednesday in an exhibition game.

They are Cleo Brooks and Patricia Tate, both of Plainview's Wayland College.

## Williams' Decides To Defend Crown—Possibly Too Late

PHILADELPHIA.—(AP)—Ike Williams finally has decided to defend his lightweight championship but it seemed likely Wednesday the Trenton, N. J., puncher waited a little too long to make up his mind.

Frank (Blinky) Palermo, Williams' manager, said Ike will fight James Carter of New York in a title match at Madison Square Garden May 11.

This move caused the Pennsylvania State Athletic Commission to lift its suspension of Williams but it didn't change the position of the National Boxing Association.

The NBA had begun polling the 14 members of its Executive Committee to decide whether to declare Williams' title vacant because he ignored an NBA directive to defend his crown by March 31.

Arch Hindman, head of the NBA, said the poll will continue despite the agreement on the Carter match. Results of the poll won't be made known until next week.

## Artesia Has The Moola For '51 Play

ARTESIA, N. M.—Artesia Baseball, Inc., announced Tuesday raising of all but \$3,000 to take over the franchise of the old Ballinger Cats.

Howard Whitson, chairman of an Artesia fund-raising committee, said the Drillers are “certain to be able to finish the 1951 season.”

Dr. Marshall Dyke sold two-thirds of his Artesia club to businessmen recently when he was ordered to report to the Armed Forces for active duty.

## Two Senate Groups Anxious To Probe Surplus Ships Deal

WASHINGTON —(AP)— Senator Fulbright (D-Ark) Tuesday handed his Senate Banking subcommittee the task of deciding in which committee lap to dump an investigation of rich profits in surplus ship deals. Two ready and willing committee chairmen said they would abide by the Fulbright group's decision.

Whether Fulbright's group, meeting behind closed doors Tuesday afternoon, would seek also to compel White House Aide Donald Dawson to reply to its accusations that he is involved in a political influence ring was left for last-minute decision.

Fulbright said he would not raise the Dawson issue, but other members of his subcommittee said they might.

The meeting was called specifically to determine which of two other Senate groups should handle the ship deal inquiry.

The Fulbright subcommittee has heard testimony that Joseph E. Casey, former Democratic congressman from Massachusetts, and others, harvested a \$2,800,000 profit on a \$100,000 investment in oil tankers purchased from the old U. S. Maritime Commission.

The late former Secretary of State Edward R. Stettinius, Jr., Adm. William P. (Bull) Halsey, and Julius C. Holmes, minister to the U. S. Embassy in London, have been identified from records of the deal as some of the associates Casey had declined to name.

No wrong-doing in the ship deal has been alleged. The senators, however, want to examine it to see if political influence was involved and if it suggests ways in which income taxation should be tightened.

Casey has challenged the Fulbright group's authority to probe further for traces of political influence in the deal.

## Gun Spree—

(Continued From Page One) The farmyard in their pickup truck, 11 or 12 shots were fired at them. O'Connor suffered an arm wound. The car's windshield was shattered, cutting Mrs. O'Connor's face.

The O'Connors sped to Conway to report the shooting.

A short time later two of Shockey's brothers arrived at the farm and entered the house. They, too, were fired on but both escaped injury.

The sheriff said the slayer apparently fired on foot since there was no indication of a vehicle having been in the vicinity.

State Highway Patrol officers and the sheriff's men combed the area throughout the night.

A .22 caliber rifle was used in the slayings, Cunningham said.

Shockey's body was found outside the farmhouse where apparently he staggered after being shot in the living room. The other bodies were in the house.

## Boss Says 'Swell,' Worker Says 'Hell'

NEWARK, N. J. —(AP)— Some said it tasted like beef pot roast but many just beefed about its taste.

In any event, the New Jersey Bell Telephone Company cafeteria says it plans to serve more whale meal in the near future.

It tried the experiment Tuesday after getting 60 pounds of the "delicacy" from a New York importer.

Samples of whale pot roast were served for free.

"It looks and tastes just like beef pot roast," said J. B. McCullen, Bell vice president. Some diners agreed.

## Texas Crime Committee Reveals Secret Session With Dallas Gambler Herbert Noble

AUSTIN —(AP)— Mickey Cohen, a Los Angeles mobster, was indicted for contempt of the Texas House of Representatives Tuesday and the House Crime Committee revealed it had held a secret session to hear a Dallas gambler.

The indictment was returned by a Travis County grand jury, which charged Cohen with failure to obey a summons to appear and testify before the crime committee.

At Los Angeles, Cohen said he had no plans to come to Texas now. A short time later, Cohen said he was retiring from the racket to seek a more serene life.

He named several people who, he claimed, are operating policy wheels in Dallas.

A bill making it easier to crack down on all the people it takes to operate a policy racket was approved unanimously by the House Criminal Jurisprudence Committee.

Laredo Publisher Rebuffed

The proposed law would make it a misdemeanor to allow use of building, a room or a table for policy games. It also would hit persons delivering or receiving money or possessing policy slips, numbers or other materials essential to the racket.

Conviction would carry a mandatory fine of \$100 to \$1,000 and 30 to 90 days in jail.

In another development, Laredo Newspaper Publisher William Prescott Allen was refused the right to place a paid advertisement in three newspapers at Austin. He wanted to invite college and high school students to send him letters supporting his charge that Austin is the most corrupt city in Texas.

The Austin American, Austin Statesman and The Daily Texan, university student newspaper, turned him down.

Allen is under subpoena to tell the Travis County grand jury Thursday the basis of his charges about crime conditions in Austin.

## Missing Witness In Senate Crime Probe Surrenders

WASHINGTON —(AP)— Morris (Mushy) Wexler, Cleveland, Ohio, gambling figure and missing witness in the Senate crime investigation, surrendered Wednesday to Joseph Duke, Senate sergeant-at-arms.

Wexler walked into Duke's office to accept service on a subpoena from the special crime committee headed by Senator Kefauver (D-Tenn.).

Wexler was one of the two witnesses previously unbound by the committee out of a list of 17. Another, Samuel T. Haas, identified by Kefauver as a lawyer for "The Cleveland Syndicate" still is missing.

Senator Tobey (R-NH) urged meanwhile that the Kefauver committee promptly reopen its public hearings to question Charles and Rocco Fischetti.

The two brothers, named by the committee as top leaders of the Capone syndicate in Chicago, surrendered to Duke Monday night.

"They are kingpins in the gambling world and could contribute a lot to the committee's information," Tobey told reporters.

## Search Continues For Two Texans In Safe-Cracking Gang

BIRMINGHAM, ALA. —(AP)— The search continued Wednesday for two members of a Texas safe-cracking gang—survivors of a hall of machine gun bullets which cut down a third man.

Early Wednesday, attendants at the Jefferson Hospital here said C. W. (Jettie) Baas of Dallas, Texas, was "still in a very critical condition."

Baas—who has an 18-year criminal record in Texas—was felled by nine machine gun bullets when officers surprised the trio early Tuesday cracking a safe in a rental office.

Detective Capt. C. L. Pierce identified the other two men as Nick Cascio, 36, and James Robert Todd, 32, both of Dallas. Both have long criminal records.

One Believed Wounded

Officers believed Cascio was wounded.

The hunt was intensified Tuesday night when a man answering Todd's description got away with an automobile from a Southside used car lot here. A salesman at the lot said the man asked if he could take a car to show his wife. The man and car still are missing.

Baas' wife was permitted to see her husband briefly about 10 p.m. Tuesday night. Officers are hoisting her for questioning.

The three men were spotted entering the rental office of an apartment house project. Two detectives and two uniformed officers waited until the trio came out of the office carrying a tin box from the safe. When ordered to halt, the three dropped the box and fled.

Officers opened fire with sub-machine guns and pistols. Baas dropped but the other two escaped in a wooded section.

Baas' wife was permitted to see her husband briefly about 10 p.m. Tuesday night. Officers are hoisting her for questioning.

#### Painful Pleurisy May Yield To The New Germ Killers

By EDWIN F. JORDAN, M. D.  
Written for NEA Service

No one who has had an attack of acute pleurisy ever forgets it. Although it is not as painful as kidney stones or some other things, pleurisy is a most unpleasant experience and often lasts for quite a long time, too.

This disorder gets its name from the delicate membrane which sur-

rounds the lungs called the pleura. If the pleura becomes inflamed, which may be the result of infection or for no apparent cause, there is pain felt in the chest. Also, there is usually a sharp dry cough which the victim dreads because it makes the pain worse. Even ordinary breathing or any other motion of the chest is likely to bring on sharp pain.

An attack of pleurisy is apt to begin after exposure to excessive cold though it may come on at any time. It is sometimes only one sign of some other disease of the lungs such as pneumonia.

Even if the pain is more or less bearable it isn't smart to pretend to be big and strong and ignore the whole thing. Rest in bed as soon as possible is not only a lot more comfortable but a lot safer. And it is wise, too, to get an X-ray and other diagnostic tests before too long.

**Chronic Stage**  
The severe pain of acute pleurisy is not likely to last long under proper rest and treatment, but unfortunately pleurisy often has a tendency to become chronic. This can go on and on with a good deal of discomfort and interference with normal life.

Furthermore, fluid sometimes gathers in the space between the pleura and the lungs. This may or may not be absorbed in time and sometimes it has to be removed with a needle.

One good thing about pleurisy is that because it is usually infectious (but not catching), it sometimes yields to the new germ killers.

**SCOUT LEADER** — Dr. Arthur A. Schuck of New York City, chief Scout executive of the Boy Scouts of America, will be the honored guest and feature speaker at the annual meeting of Region Nine of the Boy Scouts of America, April 8-9 at Mineral Wells. Also attending from New York will be E. Urner Goodman, national director of the program division. Between 30 and 40 Scout leaders of the Buffalo Trail Council, headed by Dr. W. B. Hardy of Big Spring, are expected to attend. This council won the regional man-mile flag for attendance at Waco in 1949 and again at Oklahoma City in 1950. By winning it this time at Mineral Wells, the flag becomes the permanent possession of the council.

#### Iraq Petroleum To Boost Royalty Rates

**BAGHDAD, IRAQ** — The partly American-owned Iraq Petroleum Company is reported to have agreed to increase Iraq's oil royalties to rates about equal to those paid nearby Arab nations by foreign interests. This could be as much as 50 per cent of profits.

A government communique Tuesday night announced the agreement. It followed by a day a declaration by Iraq's premier that foreign-controlled oil companies might lose their concessions if they refused to pay higher royalties.

The statement by Premier Nuri Pasha Al Said was in reply to demands in Parliament for nationalization of Iraq's oil industry, a step the Parliament of neighboring Iran has authorized. American, British, French and Dutch capital control the industry in Iraq.

The Iraq Petroleum Company is internationally owned. A 23.4 per cent interest is held jointly by Standard Oil Company (New Jersey) and Socony-Vacuum, Inc. The company operates an oil field at Kirkuk in Iraq and has concessions covering almost all of the country.

The communique said negotiations to formalize the agreement would begin this week. **No Figures Given**  
The government's statement gave no figures on the amount of the increase. However, the Arabian-American Oil Company signed an agreement last January with Saudi Arabia to split profits on a 50-50 basis.

This agreement called for royalties of about 34 cents a barrel plus payment of income taxes that raised the total to about 50 cents a barrel.

The Iraq Petroleum Company currently is paying about 34 cents a barrel. In Iran, the British-owned Anglo-Iranian Oil Company pays about 30 cents a barrel.

In his statement Monday, the premier said all oil companies had agreed in principle to an increase and made reference to the situation in both Iran and Saudi Arabia. He said an increase in royalties would remove the need for nationalization but stipulated the royalties be paid in gold on a free market basis.

#### Revue And Ball To Climax Activities Of Annual Round-Up

**AUSTIN** — Outside of football games, the one affair most attractive to University of Texas students and ex-students alike is the annual Revue and Ball which climaxes the exciting Roundup weekend.

The twenty-second annual Round-up, sponsored by the UT Ex-Students Association and held in conjunction with the nationally-famous Texas Relays, is scheduled this year for April 6, 7 and 8.

The five-hour Revue and Ball will be held in Gregory Gymnasium Saturday night, April 7, topping a list of activities which include the colorful Roundup Parade, a barbecue for one and all on the southwestern corner of the campus, square dancing in the Texas Union with the Southwest's foremost square dance author, teacher, and caller—Helen Gregerson of El Paso—presiding, an Honors Day program toasting outstanding students, the president's Saturday morning coffee hour, Roundup Luncheon especially for exes, reunion classes and mothers and dads; and, of course, the relays, featuring tracksters from all over the nation in the country's first major outdoor meet.

**Thousands To Gather**  
Reunion classes ending in one and six, from 1886 and 1891 to 1941 and 1946, will come from all corners of the United States. Thousands of exes will gather.

Many facets of university interests are concentrated in just the Revue and Ball. Opening the show at 7:15 p.m., the Longhorn Band will give its annual concert to its biggest audience outside Memorial Stadium.

**Ends With Dance**  
The Men's Glee Club will provide a choral background for the presentation of the Bluebonnet Belle finalists. Sixty of UT's beauties, selected from a list of more than 300 nominated by all organizations, will have their moment under the spotlight before a crowd which usually fills the huge gym to the rafters. Five of these 60 girls are selected by the Cactus editorial board and rate full-page portraits in the yearbook.

Then six sweethearts of other schools in the Southwest Conference are presented. These representatives from sister schools have been guests of UT at Roundup since the first celebration in 1930. The visiting beauties this year are SMU's Nell McGrew of Boston, Baylor's Patsy Staworth of Levelland, Rice's Etta Colish of Houston, TCU's Susanna Landers of Menard, TSCW's Dorothy Mangum, representing Texas A&M, from Cotulla, and Barbara Brothers of Arkansas.

Finally the university's own "Big Five" are honored. These nominees are chosen by campus vote and one is heralded, at the climax of the Roundup Revue, as University of Texas Sweetheart, traditionally the top honor for a co-ed at UT.

After the sweetheart presentation, Drummer-man Gene Krupa and his band will play for the dance which will continue until midnight. The Roundup Ball is the dance of the year for UT beaux and belles.

#### Man Reneges On Suicide Pact After Woman Murdered

**HOLLYWOOD** — "My executioner will kill a corpse, for I have already left the realm of the living."

This note, police say, was written by Robert G. Dessauer, 29, before he telephoned them to "Come and get me, I just murdered a woman."

They found Libby Bershad, 30, dead in her car Monday night with four bullet wounds in her head. Dessauer, unemployed salesman, was booked on suspicion of murder.

Police quoted Dessauer as saying he lived with the attractive blonde and her 12-year-old daughter. Dessauer told them he watched on a suicide pact after killing the woman, police said.

He said they became despondent when he failed to get a divorce from his wife in New York. The wife, he said, is the former Corrine Davidson, 20, of the Bronx. The victim's mother is Mrs. Bala Bershadsky of Brooklyn. Dessauer's mother, Mrs. Rose Dessauer, resides in the Bronx.

#### General Moore Gets Full Military Honors

**WEST POINT, N. Y.** — (AP) — Maj. Gen. Bryant E. Moore, who died in Korea, was interred with military honors Tuesday at the U. S. Military Academy where he formerly was superintendent.

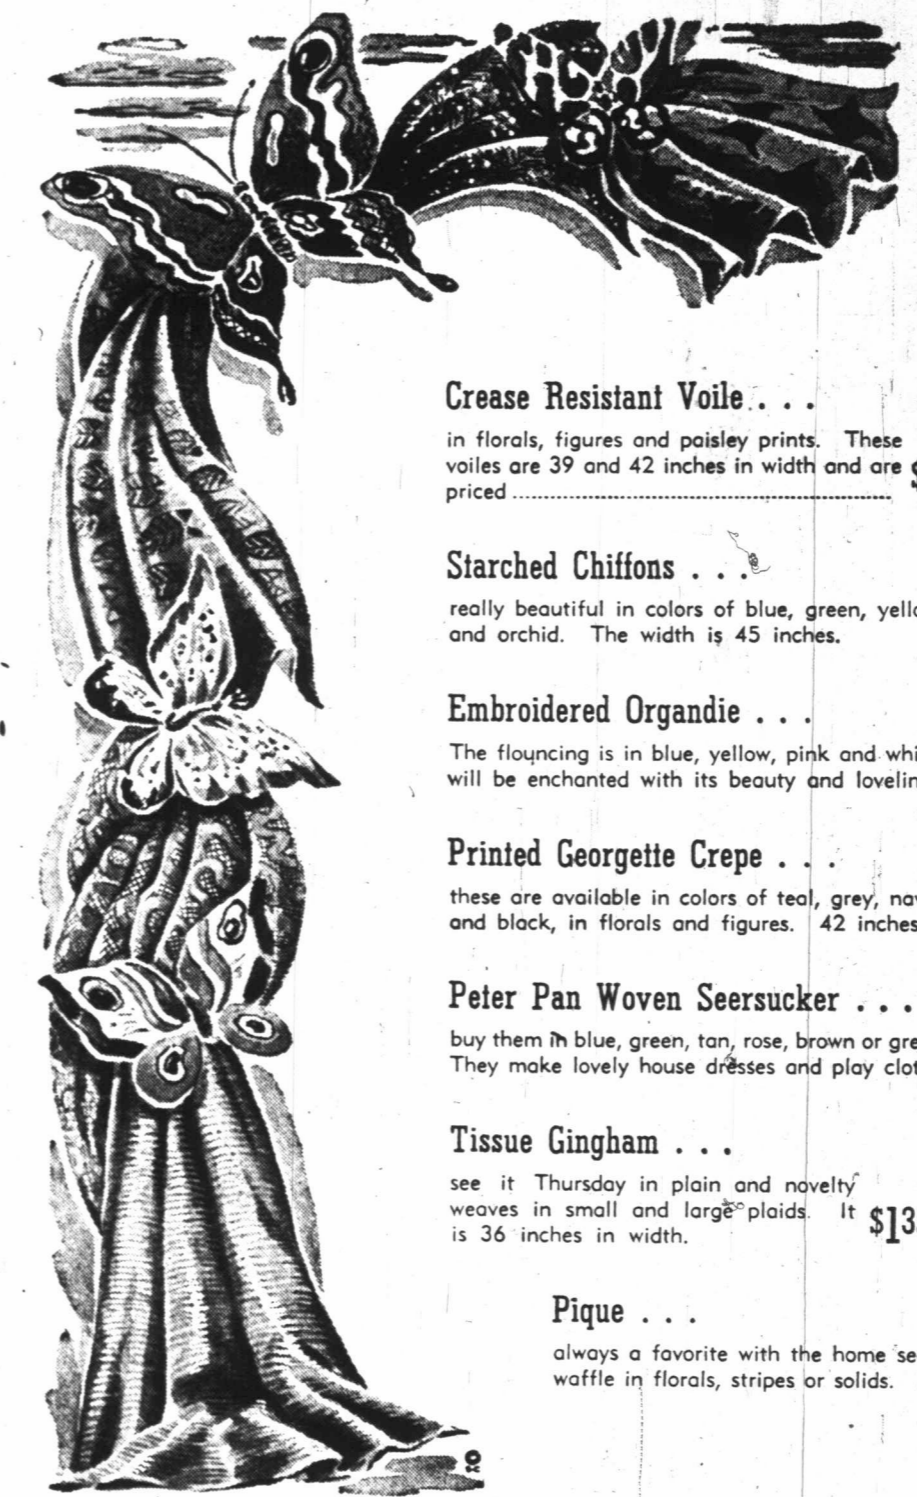

A number of generals, members of Moore's family and cadets attended the rites.

General Moore, a member of the West Point class of 1917, died of a heart attack in Korea in February after a helicopter crash. Moore, 56, was inspecting the Han River front shortly after assuming command of the Ninth Corps.

Besides inventing the telephone, Alexander Graham Bell perfected a form of wireless telephone using light waves.
