WEATHER
Partly cloudy and a little warmer Tuesday night. Wednesday partly cloudy, scattered thundershowers. Maximum temperature Monday 81 degrees; minimum Tuesday 63 degrees.

Pennsylvanian Reef Discovery Is Finaled In NW Kent Sector

Kewanee Oil Company has completed its No. 1 Oliver as a new discovery from the Pennsylvanian reef line in Northwest Kent County.

The producer made a calculated 24-hour potential of 604.44 barrels of 38.3 gravity oil, flowing through a 36/64th inch tubing choke.

The 24-hour potential was based on an actual flow of 151.11 barrels of oil in six hours. Gas-oil ratio was 531-1. Casing pressure was from 25 pounds down to 15 pounds. Flowing tubing pressure was from 146 pounds down to 100 pounds. No water was produced with the oil.

The production came from perforations in the casing at 6,378-83 feet; at 6,382-90 feet; at 6,407-46 feet; and at 6,455-6,502 feet. Those intervals had been treated with 500 gallons of acid.

The project drilled to a total depth of 6,722 feet. The 5 1/2-inch casing was cemented at 6,712 feet. The cement inside the casing was drilled out to 6,678 feet.

Top of the reef is at 6,380 feet. That is on a datum of minus 4,251 feet. This without discovery is one and one-half miles north of the nearest completed oil wells on the northwest side of the Salt Creek field.

The Kewanee No. 1 Oliver was 90 feet high on the top of the Pennsylvanian reef to the same marker in the nearest completed oil producer in the Salt Creek field.

The new field opener is 660 feet from south and east lines of the southwest quarter of section 11, block 1, H&GN survey. It is 12 miles northwest of Clairmont.

Flowing Opener Is Completed By Shell In SE Borden Area

Shell Oil Company has completed its No. 3 Sterling, Southeast Borden County wildcat, as a flowing discovery from the Pennsylvanian line.

The prospector made a calculated 24-hour potential of 2,008 barrels of 46.7-gravity oil, flowing through a 36/64th-inch tubing choke.

There was no water. Gas-oil ratio was 371-1. Casing pressure was 140 pounds. Flowing tubing pressure was 840 pounds.

The potential was calculated from an actual flow of 502 barrels of oil in six hours. The production is from open hole at 6,814-6,717 feet. The flow was natural.

Location is 656 feet from west and 779 feet from south lines of section 70, block 25, H&TC survey. It is two and one-half miles northeast of the Reinecke field and about the same distance south of the Von Roeder field.

Cisco Discovery Is Finaled In Scurry

In the extreme northeast edge of the Kelley-Snyder field of Scurry County, Standard Oil Company of Texas No. 19 Parks has been completed as a producer and discovery from the Cisco sand of the Pennsylvanian.

The discovery was drilled into the canyon reef before plugging back and cementing in the Cisco. No permeability was found in the reef though it was high enough to produce.

The Cisco was topped at 6,130 feet, elevation 2,401 feet.

The well was completed for a 24-hour flowing potential of 209 barrels of 41.5-gravity oil. The flow was gauged through a 17/64-inch choke.

No. 19 Parks was drilled to a total depth of 6,906 feet in the Canyon. Three drillstem tests were made of the horizon, but no shows of oil were developed on either of them.

Production is coming from open hole section at 6,120, where five and one-half-inch casing is set, and plugged back total depth of 6,202 feet.

Location is 2,427 feet from north and 4,965 feet from east lines of section 47, block 97, H&TC survey. Gas-oil ratio was 590 pounds and flowing tubing pressure was 225 pounds.

Flanker Is Staked To Kent Producer

Republic Natural Gas Company and Seaboard Oil Company of Delaware No. 2-A Girard Trust estate is to be a one location west offset to the Kewanee Oil Company No. 1 Oliver, the new discovery in Northwest Kent County.

Location for the Republic Natural (Continued On Page 11)

Reds Swarm Through Allied Line

Janet Pauley

McCamey Girl Named Lions Queen

Janet Pauley of McCamey was judged Queen of District 2-T-2 in a contest event held Monday afternoon as one of the Lions convention features.

She is the daughter of Mr. and Mrs. T. A. Pauley of McCamey and is a McCamey High School student.

Miss Pauley won over a field of five contestants. Other Queen nominees included Nancy Moss of Terminal, Dorothy Stephenson of Fort Stockton, Jan Weber of Odessa and Florence Forrester of Iraan.

The winner will enter the state contest and the winner of that event will go to the International Convention contest. Queens are selected for personality, beauty and accomplishments.

Marjorie Fisher, state executive secretary for Texas Lions, conducted the contest. Music was furnished by The Serenaders of Odessa. J. P. (Kit) Carson of the Midland Lions Club was chairman of the event.

Judges were: S. A. Dodge, third vice president of Lions International; Art Cole of Midland's Community Theater, and W. H. Conkling, president of the Midland Kiwanis Club.

Funeral Services Held Tuesday For Mrs. H. E. Skipper

Funeral services were to be held at 3 p.m. Tuesday for Mrs. Henry E. Skipper, 58, who died Saturday night following a heart attack at her home at 605 South Weatherford.

The services were to be held in the Newbie W. Ellis Chapel with interment in the Resthaven Memorial Park.

Mrs. Skipper had been a resident of Midland 21 years and was active in the First Baptist Church and the Order of Eastern Star.

The husband, two daughters, a son, two sisters and three brothers survive.

Vern Hawkins, Felix Summers, Doyle Fitzgerald, H. D. Bevens, C. W. Randall and Perry Collins were named pallbearers.

Weatherman Sees More Blowing Sand

High winds were due to stir up some blowing sand in parts of West Texas Tuesday afternoon.

Otherwise:

A normal Spring day, with generally mild temperatures and only partly cloudy skies.

The U. S. Weather Bureau said winds probably would average from 20 to 35 miles per hour from the south during the day, reaching their peak velocity in late afternoon.

2-T-2 Lions Pick Cochran As Governor

Frank Cochran of Odessa was elected governor of District 2-T-2, and El Paso was selected as the 1952 convention city as the largest Lions district meeting ever held came to a close shortly after noon Tuesday in Midland.

Registration for the three-day Lions 1951 event reached the 406 mark, a record figure.

Cochran won the race for the top post in the district over J. W. (Bill) Randle of Colorado City. Cochran now is deputy district governor.

A luncheon at noon Tuesday featured the announcement of the district governor election. Principal speaker of the concluding luncheon was L. L. Martin of Crane. He spoke on "Building." He was introduced by Frank Monroe of Midland.

Tuesday morning's inspirational address was made by S. A. Dodge of Detroit, third vice president of Lions International. He described his recent trip to an International Board of Directors meeting in Hawaii.

He also told of a visit to a Lions club on an island of the Pacific which has a leper colony.

Tuesday morning's business sessions, Alpine, Seagraves and El Paso (Downtown) clubs were announced winners of a district contest for all-around excellence, in that order.

Secretaries of 24 clubs in the large district were given awards for having all reports in on schedule during the year. Other Queen nominees included Nancy Moss of Terminal, Dorothy Stephenson of Fort Stockton, Jan Weber of Odessa and Florence Forrester of Iraan.

The host Midland Lions Club was lauded for its excellent handling of the convention in reports from the resolutions committee Tuesday morning.

A breakfast honoring club presidents and secretaries was held Tuesday morning to launch the final round of convention activities.

M. O. Woodham of Andrews presided. (Continued On Page Nine)

El Paso delegates are active in an ambitious double invitation. The Border City representative have invited the 2-T-3 party of 1952 and also have asked District 2-T-1 to convene there at the same time.

Drumming up business for 35 are delegates from the Downtown El Paso (Continued On Page Nine)

Daring Duck Cuts Cole Park's Power

This young duck was wild and bold.

With visibility unlimited, it power-dived Monday toward the water reservoir at the Cole Park pumping station and was almost decapitated by three power lines in its line of flight.

According to Edward Whittier, pump operator at the plant five miles southeast of Midland, the power was off 45 minutes throughout Cole Park.

DOGS TO ELECTRIC RATES—New City Council Faces Multitude Of Problems

The excitement of the election campaign has died away and Midland's new City Council will settle down Tuesday night to the tough job of running a growing city.

Tuesday will mark the first regular meeting of the new administration and the agenda will include several pressing problems.

These range from the city's dog situation to the appointment of a city attorney, but first the new officials will be given an extensive briefing by City Manager W. H. Oswalt on current practices and procedures followed by the municipal departments.

Oswalt said Monday he had prepared brochures, detailing the procedures followed in the various departments and the types of regular reports made by them. They also describe the duties of the Finance Commission, the Planning and Zoning Commission and the Park Commission.

The city manager said he would ask the Council to study the dog situation and determine whether the present dog ordinance is to be enforced strictly.

No Dogs Desires

Under this ordinance, he said, all dogs roaming at large, whether licensed or not, are subject to being impounded.

If this were done, the animal shelter would not be large enough to accommodate all dogs picked up, it is believed.

Under current procedure, no dogs are destroyed by the city.

The City Council also is expected to take formal action Tuesday night on proposed zoning changes. (Continued On Page Nine)

★ LATE NEWS FLASHES ★

WASHINGTON (AP)— The Senate inquiry into the firing of Gen. Douglas MacArthur and related foreign policies will begin May 3, Chairman Russell (D-Ga) of the Senate Armed Services Committee announced Tuesday.

MOSCOW (AP)— Pravda reported Tuesday that a delegation from Tibet has arrived in Peiping for talks with Chinese Communist officials on the future of Tibet, now partially occupied by the Chinese.

MOSCOW (AP)— The Soviet Union created an Olympics committee Tuesday, which may mean that for the first time since the revolution, Russia will participate in the Olympic Games.

WASHINGTON (AP)— Joseph Gitlow, who says he was ousted from the Communist Party in 1929 after a dispute with Stalin, Tuesday told the Subversive Activities Control Board Russian secret police (OGPU) began operating in this country about 30 years ago.

'IT'S A WONDERFUL PROJECT'—Looking over a scale model of the Texas Lions League's crippled children's camp are several men of the District 2-T-2 convention and other units of Lionism who have had a lot to do with the success of the project. Left to right are: Bill Michelson of Kerrville, architect for the camp; Roy E. Carter of Kermit, district governor of 2-T-2 and a booster of the camp; James H. Harbin of Waxahatchie, chairman of the camp board of directors and Lion district governor; Dr. Marshall Harvey of Lubbock, district governor of 2-T-1 and also a camp booster, and James L. Daugherty of Midland, treasurer of the camp board.

School Bond Election Set Wednesday

Taxpayers of the Midland Independent School District will decide Wednesday whether additional classrooms will be provided.

They will go to the polls to vote on a proposed \$2,500,000 bond issue, to finance:

1. A new junior high school at a cost of \$800,000.
 2. A new elementary school in the Bauman Heights-Crest View area at a cost of \$350,000.
 3. Addition of six classrooms to the Carver Elementary School at a cost of \$100,000.
 4. Addition of eight classrooms to the South Elementary School at a cost of \$100,000.
- The voting will be held in the City-County Auditorium at West Missouri and South Colorado Streets.
- Tax Rate Lower**
Balloting will begin at 8 a.m. and close at 7 p.m.
- The funds for the new facilities have been asked by the Board of Education to meet the need for additional space.
- Already many of the school rooms are over-crowded, school officials say. They predict a heavier enrollment next year.
- The \$1,500,000 bond issue, school officials said Monday, will not mean (Continued On Page Nine)

Former Vice President, Banker, Statesman Dies

CHICAGO (AP)— Gen. Charles Gates (Hell 'n Maria) Dawes, banker and statesman who won fame in many fields during his cyclonic career, died suddenly Monday night.

The 85-year-old former vice president, who served under President Coolidge from 1925-29, died of coronary thrombosis in his suburban Evanston home. He was stricken while talking to his wife, Caro.

30-Minute Meters To Be Installed In Downtown Midland

The downtown parking problem—center of a heated controversy two months ago—reared its head again Tuesday.

City Manager W. H. Oswalt announced the arrival of a supply of 30-minute parking meters and said installation in the heart of the business district would begin immediately.

The City Council, during the controversial discussion of the parking problem, designated a six-block area where the 30-minute meters will replace the present two-hour meters.

This area includes both sides of Main Street from Illinois to Front Street and the two blocks of Wall Street West of Main Street.

Oswalt said installation of the new meters probably will be completed by early next week and the new parking regulations then will become effective.

The city manager said the City Council now faces the problem of what to do with the 200 two-hour meters which will be replaced.

They probably will be used to extend the metered areas, and the council will have to decide where the meters will be installed.

Lions Official To Address Terminal Club Tuesday Night

S. A. Dodge of Detroit, Michigan, third vice president of Lions International, will be the honor guest and principal speaker at a ladies night meeting of the Terminal Lions Club there Tuesday night.

The event is scheduled at 8 p.m. in the Police Department club rooms at Midland Air Terminal. A barbecue dinner will be served.

Mr. and Mrs. Dodge have been special guests of the district Lions convention in Midland this week, and agreed to stay over an extra day to meet with the Terminal Lions.

Officials of the club said all Lions of West Texas are invited and urged to attend the gathering.

U. S. Judge Randolph Bryant Dies Tuesday

SHERMAN (AP)— Federal Judge Randolph Bryant, 87, member of a distinguished Texas judicial family, died Tuesday.

Both Judge Bryant's father and grandfather had served as judges in Texas. His father, David E. Bryant, had held the same post—judge of the U. S. Court for the Eastern District of Texas—as did the son at the time of his death.

Enemy Stab Carries Into South Korea

TOKYO (AP)— Almost one-half million battle-tested Reds smashed a hole in the center of the United Nations line Tuesday in their third invasion of South Korea.

Communist troops steamed through the gap and bent back the right flank of the Allied line.

They were striking savagely with the aim of breaking up the international Eighth Army into piecemeal units.

South Korean units manning the center of the 100-mile line crumbled before the fury of the Red Spring offensive. Their retreat exposed other Allied divisions.

Ridgway Visits Front

Frontline officers, considered the situation serious. But headquarters commanders were confident the rejuvenated Allied forces could stem the offensive.

Lt. Gen. Matthew B. Ridgway, the grenade-packing paratrooper who shored up the morale of Allied forces before he succeeded General MacArthur as supreme commander, visited the front.

Ridgway said the great battle "will prove decisive." He called it the greatest Red offensive yet launched, but warned that the Allies probably have not yet met its full strength.

On the eastern flank, Red Koreans overran Inje. They struck with surprising strength. Defense of the town, four miles north of the border, collapsed.

South Koreans gave way before a similar Chinese assault in the center. The Korean retreat exposed the flanks of other UN units.

Reds rammed through, deepening their wedge south of the 38th parallel. Censorship withheld the precise distance. Earlier in the day, the Chinese had pushed four miles into South Korea, and there still was pressing forward over the dusty hills on foot and by horseback.

Ridgway declared: "It appears to me at this time that this attack is another major effort by our Communist enemy to drive United Nations forces from Korea, or to destroy them, regard— (Continued On Page Nine)

OPS Again Extends Deadline For Filing Ceiling Price Charts

WASHINGTON (AP)— The government Tuesday granted 276,000 retail stores another 30-day extension—until May 30—to put their new, margin-type price control ceilings in effect.

In ordering the delay, Price Director Michael V. Disalle pointed out that until a retailer files his pricing charts, his ceiling prices still will be regulated under the general price freeze. This set price levels at the highest figure for which goods were sold during the base period last December 19-January 25.

After the new deadline of May 30, no retailer lawfully may sell any item covered by the margin-type price control order unless he has filed his pricing chart with an Office of Price Stabilization district office.

Ceiling Regulation 7, covering retailers, originally was issued February. It included all of the items commonly sold in apparel and shoe stores, along with furniture, floor coverings and 75 per cent of the volume handled by department stores. The deadline for filing was set at March 29, but this later was extended to April 30.

The extension to May 30 will give merchants ample time, OPS said, to complete their charts and put margin-type ceilings into effect.

Flood Damage In Three-State Area Mounts Steadily

By The Associated Press
The Mississippi River's Spring floods dealt further destructive blows in the upper valley region Tuesday. Damage mounted into millions of dollars. The Red Cross said 7,400 persons were homeless in Iowa, Illinois and Missouri. Another 24,000 the Red Cross said, were threatened with evacuation by the flood waters. Men worked throughout the night in some of the Iowa and Illinois river towns endangered by the swirling waters from the big stream.

Republicans Act To Present Their Side Of Row On Far East

WASHINGTON — (AP) — Amid fresh Democratic attacks on Gen. Douglas MacArthur's proposals, Republicans moved Tuesday to present independently their side of the row over President Truman's Far Eastern policy.

Senator Taft (R-Ohio) told a reporter he expects Republican members of the Senate Armed Services Committee to take the lead in organizing a case for broader prosecution of the Korean war.

Senators Bridges (R-NH) and Knowland (R-Calif) are likely leaders in this move.

"This would be independent of what General MacArthur has to say when he testifies before the committee," Taft said. "We think there should be some organized answer to the case the Administration will lay down."

Taft, who heads the Senate Republican Policy Committee, has given general support to the proposed Pacific commander's proposals for blockading Red China, operating United Nations planes over Manchuria and using Chinese Nationalist troops.

Bill Dean's Know

In New York, meanwhile, a spokesman said MacArthur does not know why he was stripped of his commands by the President.

"To this day, General MacArthur never has been informed as to the reasons for his summary dismissal and he hasn't the faintest idea why the action was taken."

In furling the five-star general, Truman said he acted because he had concluded MacArthur no longer was able to give his "whole-hearted support" to Administration and United Nations policy.

Whitney talked with newsmen at the Waldorf-Astoria Hotel, where the MacArthur's now are staying. He said Mrs. MacArthur heard the news of her husband's dismissal on the radio in Tokyo 20 minutes before official word was received from Washington.

Senator McMahon (D - Conn), who heads the Senate-House Atomic Committee, launched the newest attack on MacArthur's strategy with a declaration that it would risk the possibility of World War III when the United States is unprepared for it.

In an address prepared for the Senate, McMahon said the Capitol may be "blown to smithereens next week" by atomic bombs if America follows the wrong policy in Asia.

Plants Evergreens For Future Security

PITTSBURGH — (AP) — A young Pittsburgh minister thinks 40,000 evergreen trees he has planted will keep him in his old age.

The Rev. Stewart P. Robinson, assistant pastor of the First Presbyterian Church, and his wife planted 20,000 of the trees themselves on a farm the couple owns near Delhi, N. Y. The other 20,000 were planted by a professional.

Robinson hopes to plant another 100,000 evergreens in coming years. Although he doesn't expect to get rich, he says the trees are a good investment for the future. He adds: "If this inflation keeps on, I can be sure my investment is growing anyway."

John Adams was the first Harvard graduate to become U. S. president.

Twenty-four members and five guests attended a cook-out held Saturday by Girl Scout Troop 22 in the Little House.

Asbury Circles Have Joint Business Meet

The Builders and Friendship Circles of the Asbury Methodist Church held a joint meeting Monday in the church.

Mrs. Clyde Gwyn was in charge of the program. She opened with song and prayer.

Mrs. Dennis Ford spoke on "Changing Powers of Women." Mrs. Jess Hoper, "Women in Industry," Mrs. J. A. Andrews, "Health and Legal Social Studies."

Plans were made for the council meeting at 3 p.m. Monday in the Asbury Church.

Mrs. Grace Wright dismissed the meeting with prayer. The Friendship Circle served refreshments.

Others attending were Mrs. B. O. Ferguson, Mrs. W. A. Jackson, Mrs. Tobie Powers, Mrs. W. J. Wilson, Mrs. Arthur Green, Mrs. Woodie Allen, Mrs. J. S. Grimes, Mrs. Betty Russell, Mrs. G. W. Dameron, Mrs. Preston Pirtle and Estelle King.

Mrs. Brown Is Tea Honoree

Mrs. Wilfred E. Brown, the former Dorothy Routh, was honored with a gift tea Saturday in the home of Mrs. Charles Barron. Dorothy Perkins was co-hostess.

The honoree wore a blue gown and a pink camellia corsage.

Mrs. J. F. Wilson was in charge of the gift room.

The refreshment table was covered with a white cut work cloth and centered with an arrangement of pink carnations and white stock. Monetta Brown poured the first hour and Mrs. Elliott Barron, second hour.

Approximately 65 persons attended.

Church Women Study Seven Basic Truths

"Seven Basic Truths" was the program topic Monday when the Women of the Church of the St. Andrew's Presbyterian met in the First Presbyterian Church. Mrs. John N. Castner acted as hostess.

Mrs. P. B. King was in charge of the program. Others participating were Mrs. William Caldwell, Mrs. Ernest Barber and Mrs. R. F. Carroll.

Seventeen members and a guest attended.

Group Sews, Pack 2 Boxes

Three projects were undertaken Monday by the Christian Women's Fellowship in a general meeting in the church. These included sewing for the Midland Memorial Hospital, packing a box for the Juliette Fowler Orphans' Home in Dallas and also preparing a box to be sent to Presbyterian missions in the Belgian Congo.

Those attending were Mrs. Hilroy Bedford, Mrs. G. W. Breneman, Mrs. Vern Chapman, Mrs. Delbert Downing, Mrs. J. Roy Jones, Mrs. Robert Christie, Mrs. Ed Pierce, Mrs. C. H. Spaw, Mrs. O. O. Bradley and Mrs. Nelson Williamson.

St. Mark's WSCS Will Join Council

The Woman's Society of Christian Service of the St. Mark's Methodist Church voted Monday to join the Midland Council of Church Women. The vote was taken following a talk on the council by Mrs. Russell of the Asbury Methodist Church.

Mrs. S. H. Rockwood was hostess. Eighteen persons were present.

Midland Music Club To Elect Officers

Officers will be elected at the Midland Music Club business meeting at 8 p.m. Tuesday in the home of Mrs. Ward West, 711 West Storey Street.

A short program will be given after the business meeting. Mrs. J. B. Elder and Mrs. Gilbert Sevier will play a piano duet.

This business meeting will end the current season with the exception of the program in May in observance of National Music Week.

Mrs. Presley Has Bridge Party

CRANE—Mrs. L. L. Presley gave a dessert bridge party Friday in her home.

Mrs. Wayne Bowers won first prize and Mrs. W. W. Allman, second high. Other winning prizes were Mrs. J. D. Foster and Mrs. R. E. Wesberry, Jr.

Others attending were Mrs. B. E. McDonald, Mrs. O. E. Scott, Mrs. Jay McGee, Mrs. B. L. Robinson, Mrs. J. D. Foster, Mrs. Richard Fielden, Pio Corbett, Mrs. S. P. Robinson, Mrs. L. S. Adcock, Mrs. Tom R. Coffield, Mrs. E. L. Ross, Mrs. W. E. Morton, Mrs. E. R. Pettis, Mrs. B. F. Ware, Mrs. C. O. Walling, Jr., Mrs. Hawley Van Court and Mrs. John Webb.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 24, 1961-3

Bible Readers Give Program

Ten Bible readers conducted the program, "Warp of the Loom," Monday at the meeting of the First Presbyterian Women of the Church in the fellowship hall. Mrs. Lewis Davis was in charge.

Short talks on the seven basic truths included the following speakers and topics: Mrs. John M. Hill, "God Is Creator;" Mrs. M. S. Dickerson, "God Is the Law-Giver;" Mrs. L. G. Byerley, "God Is Love;" Mrs. R. L. Miller, "We Are Children of God;" Mrs. Bates Hoffer, "People Are Precious;" Mrs. J. Clifford Hall, "God's Kingdom Comes First;" and Mrs. J. B. Richards, "Christ Died for Us."

Mrs. Paul Lavery gave the opening prayer and Mrs. R. Matthew Lynn led the closing prayer. A floral arrangement was brought by Mrs. Dickerson. Hostesses for the social hour were Mrs. Horace Rankin, Mrs. John B. Mills and Mrs. M. H. McKinsey.

Announcement was made that the Young Adult Rally would be held in the church Saturday. It also was announced that the next general meeting of the group will be a birthday party, with a missionary from the Belgian Congo as principal speaker.

Refreshments were served to approximately 50 persons.

Rimmer To Speak At Joint Meeting Of Service Clubs

Dr. Harry Rimmer, noted Bible research authority, will address a joint meeting of the Kiwanis and Optimists clubs at noon Wednesday in Hotel Scharbauer.

The two service clubs arranged their joint meeting in order that hotel facilities could be turned over to the Lions District 2-T-2 convention ending Tuesday afternoon. Monday is the regular Kiwanis Club meeting day and the Optimist Club convenes on Tuesday.

Dr. Rimmer is conducting a revival at the First Baptist Church here.

Keltons Are Shower Honorees

CRANE—Mr. and Mrs. R. W. Kelton were honored with a miscellaneous shower Friday in the Gulf Recreation Hall.

Hostesses were Mrs. L. A. Ward, Mrs. L. J. LeClaire, Mrs. W. W. Allman, Mrs. P. O. Vines, Mrs. Cliff Newland, Mrs. W. G. Pettit and Mrs. Jack Newland.

The table was covered with a lace cloth and centered with an arrangement of yellow daffodils. Mrs. LeClaire presided over the registry table. The hostesses alternated at the refreshment table.

Cub Scouts Take Imaginary Flights

Cub Scouts of Den 4, Pack 6, took over the controls of grounded planes of the Southwest Air Rangers Monday afternoon at Midland Air Terminal.

Joe Mueller gave them a tour of the field and the Scouts sat in the planes and toyed with the controls in imaginary flights.

In the group were Hazen Wood, den chief, Charles Butler, Paul Butler, Don Hill, Jim Brady, Dee Harsen, Mike Northup, Mrs. Roger Northup, den mother, and Mrs. Leroy Butler, assistant den mother.

CLUB REHEARSES NUMBERS

Members of the Bach Junior Music Club rehearsed the piano numbers which they plan to play for the National Guild of America auditions May 30. The group met Monday night in the studio of its counselor, Mrs. H. D. Williams. The auditions will be held in Big Spring.

DUTTON RETURNS FROM OVERSEAS

CRANE—Billy Dutton, son of Mr. and Mrs. Joe Dutton, is visiting here while on a 30-day furlough from Okinawa. He has been overseas for 18 months where he was a gunner on a B-29 engaged in the war in Korea. Dutton will report to Roswell, N. M., after his furlough.

Circles Meet For Visitation Mission Study

The Women's Missionary Union of the Calvary Baptist Church met in circles Monday for community missions and a visitation program.

Mrs. B. F. Ward was hostess to the Katie and Alvin Hatton Circle. The program was conducted on community missions.

Those attending were Mrs. Ulys Barber, Mrs. Luther Martin, Mrs. McPadden, Mrs. Hoyt Burris and Mrs. A. E. Bowman.

Approximately 24 prospective church members were visited Monday by the Gene Newton Circle. Mrs. R. C. Vest was hostess.

The opening prayer was led by Mrs. A. L. Teaf and the devotional by Mrs. J. C. Crowe.

Others present were Mrs. Preston Vest, Mrs. L. C. Conner, Mrs. S. E. Conner, Mrs. Annie Bishop, Mrs. Brodie Caudle, Mrs. J. W. Claxton and Mrs. B. L. Mason.

The two circles will have a joint social meeting at 7:30 p.m. Monday in the home of Mrs. W. A. Lumpkin, 1401 West Holloway Street.

Rev. Snell Is Guest Speaker

The Rev. Robert Snell, pastor, spoke on "Customary Church Procedure" at the luncheon meeting of the Women's Auxiliary of the Trinity Episcopal Church. The luncheon was held Monday in the parish house.

A panel discussion on "Christ In The Bible" was given by Mrs. F. B. Cochran, Jr., Mrs. Harvey Herd and Mrs. Perry Pickett.

Hostesses for the luncheon were Mrs. W. S. Nelson, Mrs. Jack Wicker and Mrs. James Mascho.

Mr. Snell gave the devotional and scripture reading.

It was announced that Bishop George H. Quarterman of Amarillo will visit the church May 7 for confirmation services.

Approximately 25 members attended the luncheon.

Methodist WSCS Has Business Meet

The Woman's Society of Christian Service of the First Methodist Church met Monday for a business meeting. Mrs. E. A. Crisman, president, presided.

Mrs. Stacey Allen gave the opening prayer and Mrs. Clark Mathews discussed "Paper Bullet Barrage."

It was announced that the district meeting would be held May 7 in the First Methodist Church in Big Spring.

Mrs. Luther Kirk gave the closing devotional, "Faith, Hope and Love."

The Laura Haygood Circle was hostess during the tea hour. Twenty-nine members attended.

WTCC To The Front

The revitalized West Texas Chamber of Commerce has come a long way in a short time in mapping and putting into operation a practical, sound, worthwhile and popular program of work designed to benefit each community in the far-flung territory served by the regional organization.

There were those who thought the program now underway would be at least a year in the planning stage, but not so the officers and management of the West Texas Chamber.

Fred Husbands, who last Fall took over as executive vice president and general manager of the organization, is to be commended, along with the members of the capable staff he has assembled, upon the fine job he has done in getting the new program underway so promptly.

Activities of the organization have been departmentalized so that active committees may work for the accomplishment of sound and practical objectives.

The present departments include Industrial, Agriculture and Livestock, Publicity and Tourist Promotion, Legislation and Taxation, Water, Public Relations and Membership, Community Service, and Traffic and Transportation.

Another commendable factor is that Husbands and his staff propose to operate the program on the basis of projects and services at the grass roots level.

A larger budget necessarily is required to carry out the increased activities, and considering the potentialities of the new program, the increased budget surely is justified.

Talk-Or Else

Donald S. Dawson, White House aide, thus far has declined to testify before the Senate committee investigating the RFC. President Truman has indicated he has no objection to Dawson's appearance.

To youngsters, food for deep thought is served on the multiplication table.

It's a lot easier to deliver the goods in life when you are not afraid of being overburdened.

Crossword puzzle grid with clues for 'Miss Color TV' and 'Answer to Previous Puzzle'. Includes a small illustration of a woman's face.

DREW PEARSON ON 'The WASHINGTON MERRY-GO-ROUND'

By OSWALD JACOBY, Written for NEA Service

"The player who wins a trick," Dick Kahn was saying as I poked my head in the doorway, "has the right to lead the next trick. And sometimes that privilege of leading is just as important as the trick you've just won."

The scene was the Card School, and Dick Kahn was talking to an "intermediate" class. I tiptoed in to listen.

East wins the first trick with the ace of spades and returns: the queen of diamonds. South takes the ace of diamonds and stews about the best way to proceed.

Declarer must plan to lead trumps from the dummy twice and must lead clubs from the dummy once. Hence three tricks must be won somehow in the dummy.

South begins by leading the king of spades from his hand and ruffing it in dummy. Dummy returns a trump, and South wins a finesse with the queen.

South next leads the six of clubs, west plays low, and dummy wins with the king. This enables dummy to lead another trump, and South finesesses again, but then he leaves the king of trumps out in order to keep control of the hand.

Now South cashes the king of diamonds and continues with the seven of diamonds. East wins and returns his last trump (his safest lead). South winning with the ace.

At this point South produces the deuce of diamonds and wins the last diamond trick with dummy's six. That enables him to lead a club from dummy and finesse the ten from his own hand.

South therefore makes his contract by winning three tricks in dummy. One, the king of clubs, is a high-card trick; another, the spade ruff, is a ruffing trick; and the third, the diamond, is a low-card trick.

Dick's class thought it was a good lesson. So did I.

Q-With neither side vulnerable your partner deals and bids one heart. The next player bids one diamond. You hold: Spades K-J-7-4, Hearts Q-2, Diamonds Q-5-3-2, Clubs A-10-8. What do you do?

A-Double. You have a good hand but cannot find a likely-looking bid. Your partner should rescue you double with unbalanced distribution, particularly if he can pass the double, you will probably get a fine result.

TODAY'S QUESTION With neither side vulnerable your partner deals and bids one heart. The next player bids two diamonds. You hold: Spades 7-3-2, Hearts 9-2, Diamonds K-J-9-8-7-6, Clubs 8-4. What do you do?

Answer Tomorrow

PETER EDSON'S Washington News Notebook

It's 'Full Steam (Hot Air) Ahead' In Washington Rumor Factories

WASHINGTON—(NEA)—Political straws in the Washington winds have started a lot of speculative gossip. Among the hot rumors:

1. President Truman certainly must have decided not to be a candidate for reelection in 1962. Otherwise he would not have run the risk of the storm of criticism stirred up by firing of Gen. Douglas MacArthur.

The other side of this story is that nothing makes Harry Truman more determined to fight than opposition from any quarter to any of his moves. Protest over the MacArthur firing may make the President more determined than ever to seek vindication in the coming election.

2. Republican opposition to the Truman foreign policy makes Gen. Dwight D. Eisenhower less and less likely as a GOP presidential candidate, more and more acceptable to the Democrats.

3. Defense Secretary George C. Marshall says that when anything goes wrong, the American people always start looking for someone to blame. But on the slowdown in Congress over extension of the draft law and passage of universal military training legislation, General Marshall says with a smile that the blame really can be placed on Gen. Matthew B. Ridgway, U. S. and UN commander in Korea.

Big question in Washington is what a full dress investigation of U. S. foreign policy will accomplish. Closest parallel in recent years would seem to be the Pearl Harbor investigation at the end of the war. It took almost seven months, proved little or nothing that wasn't common knowledge before, ended in a divided report on strictly political lines.

Thought Control Here's sample of one of the counter-propaganda stories started by U. S. information officers in Europe, for circulation behind the Iron Curtain:

Q-Do snowflakes follow the same general pattern? A-Czechoslovakian Communist secret policeman called on his old friend Jon: "I would like to see you on official orders of the Ministry of Interior," said the police agent.

Q-Why is the term 'sleuth' applied to a detective? A-Sleuth is a Middle English word meaning "the footprint or track of an animal." When dogs were first trained to track game by scent, they were known as sleuth-hounds. Later detectives were referred to humorously as sleuth-hounds. The shortened form, sleuth, evolved.

Q-How far inland is the Amazon River navigable? A-The Amazon Basin has a network of rivers which are navigable for 15,814 miles. The Amazon River by itself is navigable for 1,700 miles, the extent of its course in Brazilian territory.

Q-Are chow mein and chop suey Chinese dishes? A-Chow mein is a true Cantonese dish. Chop suey originated in the United States but it is made on the same principle as native Chinese dishes.

It seems to be as unwise . . . for the generals to intervene in international policy matters as it would be for the diplomats to try to lay down military strategy.

Two years from now we should have military and economic strength sufficient to give us a reasonable safety against aggression.

While on a business trip you stay at the home of friends, at their insistence, rather than at a hotel as you had planned.

WRONG: Feel that a bread-and-butter letter is unnecessary, under the circumstances.

RIGHT: Be sure to write a note to your host and hostess, thanking them for their hospitality.

Have a Laugh

By BOYCE HOUSE A man who had received a broken arm asked the doctor, "When can I play the fiddle?" The doctor said, "Oh, in about a month."

The patient said, "That's fine—never could play it before."

Similar—"Can you play the piano?" "I don't know; I never tried."

KILLER'S PACE BY JULIUS LONG

THE STORY: I (Jim Marshall) am trying to establish the innocence of Rose Bidault as a murder charge. Rose was murdered after her acquittal, but my boss was accused of tampering with the evidence. In investigating the case I was forced to ask a man in suit, defense attorney, if I face arrest by Police Inspector Merica.

INSPECTOR MERICA'S eyes flashed as he said: "Marshall, if you've got anything on the Frankie Martin case, you'd better give it to me!"

"Here, here," said Star. "This isn't behind the Iron Curtain." "He can't withhold criminal evidence," Merica snapped.

"Who said anything about evidence?" I asked Merica. "I may have a lead. That only means special knowledge. If I had a chance to use it I might run down some evidence."

From Merica's expression, I knew I had been right. He figured Al Nanabarro for the job and was wanted to nail Nanabarro. "How much time do you figure you'll need?"

"Oh, say two weeks." "I'll say 24 hours, and if you don't turn up hot stuff by then, I'll throw you so far back into the pokey you'll have to mail a letter to the bumkey."

I said: "That doesn't give me much time, but it's a deal." From the wall came the sputter of an almost forgotten man: "Do you mean you're going to turn him loose?"

rade, I think of him the same things you do."

"So!" said the policeman. "I therefore arrest you for treason against the state."

Defence Secretary George C. Marshall says that when anything goes wrong, the American people always start looking for someone to blame.

But on the slowdown in Congress over extension of the draft law and passage of universal military training legislation, General Marshall says with a smile that the blame really can be placed on Gen. Matthew B. Ridgway, U. S. and UN commander in Korea.

Big question in Washington is what a full dress investigation of U. S. foreign policy will accomplish.

Thought Control Here's sample of one of the counter-propaganda stories started by U. S. information officers in Europe, for circulation behind the Iron Curtain:

It seems to be as unwise . . . for the generals to intervene in international policy matters as it would be for the diplomats to try to lay down military strategy.

Two years from now we should have military and economic strength sufficient to give us a reasonable safety against aggression.

While on a business trip you stay at the home of friends, at their insistence, rather than at a hotel as you had planned.

WRONG: Feel that a bread-and-butter letter is unnecessary, under the circumstances.

RIGHT: Be sure to write a note to your host and hostess, thanking them for their hospitality.

There was a handbag on the chair beside her. I went over to it, keeping the 380 aimed at her nose. I dumped the contents of the handbag. There was the little automatic she had carried when I had first seen her. I dropped it into my pocket.

"All right, what's the pitch? I thought you had another show to do at the club."

"I sent Larry Stone my excuses. I didn't bother to excuse myself to Nanabarro. After my shot missed you he was furious. I told him you had ducked too quickly but he didn't believe it. He knew I had double-crossed him. So I left via the kitchen entrance."

"You admit trying to kill me?" "I admit nothing of the sort. My shot missed you because I meant it to!" She smiled calmly and smugly. "If I had really wanted to kill you, I shouldn't have missed."

"That's a good one!" "I was in a trick-shooting act before I worked up the magic act. I used to shoot cigars out of my partner's mouth."

"But you didn't kill me, so now you're here to con me. Nanabarro never gives up. Louise failed; now he's sent you."

"She sighed. 'You'll be very foolish if you don't believe me.' 'Right, You're pretty good. You took Star; you're the first woman who ever managed that.' She laughed softly. 'You fatter me!'"

"That yarn of Star's about just happening in to La Jolla Club and getting his brainstorm watching you is strictly for the juvenile trade."

"She seemed amused. 'All right, I phoned Star and told him I had a gag that would free the Bidault woman. Guess why I did it.' 'I've already told you. Nanabarro.' She laughed almost as if she phoned me for being so dumb. 'There's no point in telling you. You wouldn't believe it.' 'That's one truthful statement. Star Williams has a thousand times the brains I have, but you're one baby that never had me fooled. Just hold still a minute.' (To Be Continued)

Stripling Speaks In Colorado City

COLORADO CITY — Robert E. Stripling, former chief investigator for the House Committee on Un-American Activities, will speak here at 8 p.m. Tuesday in the junior high school auditorium.

His appearance is being sponsored by the Kiwanis Club with other service and civic groups cooperating.

A feature of the program will be the presentation of watches to winners in the recent Kiwanis declamation contest.

Mike Cooper was named winner of the boys division and Rebecca Coles won the girls' award. Both are high school seniors.

The program committee arranging Stripling's appearance includes Jack Siegel, Nobel Walker, Thurston Smith and Ken Jennings.

Court Turns Down Proposal To Cover Drainage System

The Midland County Commissioners Court has rejected a too expensive proposal to cover a stretch of storm drainage system on which bids were received last month.

County Judge Clifford C. Keith said engineers estimated it would cost approximately another \$250,000 to cover the eastern end of the proposed drainage canal near the point where it enters Midland Draw.

The proposal was made by property owners in that area, who protested that an open drainage canal would cut them off from railway tracks.

Judge Keith said they indicated they would be willing to give the county necessary right-of-way for the canal if it were covered.

P-TA Council Urges Parents To Support School Bond Issue

The Midland City Council of Parent-Teacher Associations Tuesday urged all parents to vote in favor of the proposed \$1,800,000 bond issue at Wednesday's election.

The council said the national policy of the P-TA organization is that its chapters shall be non-partisan, the primary object being the welfare of the children.

"Our duty," said the council in a prepared statement, "is not to ignore political action but to further what parts of it aid our children's welfare."

"The Midland council believes that the greatest need of children of Midland and everywhere is that they learn to think for themselves, decide what is best and then have the courage to voice their belief."

Greatest Physical Need
"Parents are teaching children to do this when they discuss political issues with their children and then go to the polls and vote every time they have an opportunity to do so."

The Council said it "is convinced that the greatest physical need of Midland schools today is more room for each individual child."

"Central libraries in all elementary schools, visual education rooms, art, music and radio rooms," it said, "are some of the advancements in modern education that must remain out of our reach until more space is available."

"Half-day sessions of school rooms in churches are inevitable, instead, unless we act immediately."

Coming Events

WEDNESDAY

The sewing room of the Midland Memorial Hospital will be open from 9 a.m. until 4 p.m. for members of the Women's Auxiliary to the hospital.

The Contemporary Literature Group of the American Association of University Women will meet at 9:45 a.m. in the home of Mrs. S. M. Swoley, 1600 West Louisiana Street.

The Fine Arts Club will meet at 2:30 p.m. in the home of Mrs. Neal Marks, 2000 West Indiana Street.

The Adult Choir of the Trinity Episcopal Church will practice at 7:45 p.m.

The Druggist's Wives will meet at 2:30 p.m. in the home of Mrs. C. C. Tull, 806 West Kansas Street.

The Chancel Choir of the First Methodist Church will meet at 7:30 p.m. The Boy Scouts will meet at 7:30 p.m.

The Women's Missionary Union of the First Baptist Church will sponsor a prayer group meeting at 9 a.m. in the Cowden Class Room.

The Creative Writing Group of the American Association of University Women will meet at 8 p.m. in the home of Mrs. Fred Wright, Jr., 610 West Nobles Street.

The Child Development Group of the American Association of University Women will meet at 7:30 p.m. in the home of Mrs. James Marberry, 1401 Bedford Street.

Confirmation class for young people of the Trinity Episcopal Church will be held at 5 p.m. in the parish house.

CONDITION OF ODESSA OIL WORKER IMPROVES
Ernest Werlin, Odessa oil field worker injured Monday on a drilling rig west of Midland, was reported improved Tuesday at Western Clinic-Hospital.

Werlin suffered concussion and head lacerations when a wrench fell from a derrick and struck him.

BASEBALL PLAYER HURT
William C. Liedtke, Jr., 902 West Kentucky Street, was given emergency treatment Monday night at Midland Memorial Hospital for a fractured hand, suffered while playing softball.

CHILD IN HOSPITAL
David Tomlin, son of Mr. and Mrs. R. E. Tomlin, 904 West Washington Street, was admitted to Midland Memorial Hospital Monday for a tonsillectomy.

Banquet-Ball For District Governor Is Lions Highlight

Climaxing the entertainment features of the District 2-7-2 Lions convention here was the Monday night banquet and ball honoring District Gov. Roy E. Carter of Kermit.

The event, held in the ballroom of the Ranchland Hills Country Club, attracted more than 300 persons.

C. Ed Prichard, president of the Midland Lions Club, presided, and G. E. (Tommy) Thompson of Kermit was the toastmaster. Duke Jimerson of Midland led the assembly in the singing of "America."

The invocation was by Murray Fly of Odessa.

The principal address was delivered by S. A. Dodge of Detroit, Mich., third vice president of Lions International, who spoke on "Citizenship Obligations of Lions."

Discussing citizenship from grass root to international levels, Dodge said the individual Lion and the individual Lions Club can and do influence world affairs. He urged a return to religion, the very foundation upon which this nation was built, and called for a revival of the more or less lost art of prayer.

"Peace is the major objective of every man, woman and child in America today," he stated.

Special Entertainment
Dinner music on the organ was provided by Mrs. G. R. James, Midland Lions Club sweetheart, who accompanied Mrs. Mary Jane Nolan, Midland vocalist, who sang several selections.

Governor Carter was lauded by Thompson for his efforts and achievements during his administration.

Dignitaries and special guests were introduced and club delegations recognized.

Banquet hall decorations were arranged by a committee headed by Mrs. Victor Horn.

The Circle 8 Quadrille of Big Spring was presented in a square dance exhibition, with Jim King and his Cosden Playboys of Big Spring providing the music.

Jimmie Furman and his Orchestra, Midland dance band, furnished the music for the ballroom dancing which followed the banquet and special entertainment numbers.

Little Rock Will Restore Birthplace Of Deposed General

LITTLE ROCK, ARK. — Little Rock is going to fix up Gen. Douglas MacArthur's birthplace—if it can find the money.

Mayor Sam Wassell said Monday a crew of workmen would begin painting and repairing the Museum of Natural History at MacArthur Park this week. The general was born in the building that houses the museum.

Wassell said only \$500, however, was available for repairs to the building. City Engineer Jan Carter estimated the project would require at least \$1,000, the mayor added.

HURT BY GIN POLE
C. P. Montgomery of Sky Haven Courts, an oil field worker employed by the Tex-Harvey Oil Company, received emergency treatment at Western Clinic-Hospital for injuries to his face and nose suffered when a gin pole struck him.

CUTS SCALP
Donald Lee Bradshaw, cafe cook, who lives at 305 East Stokes Street, suffered a lacerated scalp when he fell from a window. He was given emergency treatment at Western Clinic-Hospital.

SUFFERS BACK INJURY
Kenneth Baker of 1607 North Edwards Street was given emergency treatment at Western Clinic-Hospital Monday for a back injury.

Gitlow, Testifying Before Control Panel, Describes Birth Of Red Party In U. S.

WASHINGTON—(AP)—Is the Communist Party of America a puppet on the strings of a foreign power?

That was the almost a life-or-death question for the secrecy-loving Communist Party as proceedings opened Monday before a control panel in a narrow, whitewashed room of Washington's financial district.

Fewer than 40 persons were on hand to hear the first witness tell that he helped give birth to the Communist Party in the United States—and that he was thrown out because he disagreed with Josef Stalin.

If the Subversive Activities Control Board finds the Communist Party is foreign-directed it is required to order the party to register with the attorney general, listing all its members and detailing its finances.

Presiding is former Republican Congressman Charles M. La Follette of Indiana. He makes rulings in a soft voice. In contrast to the courtroom fireworks when 11 Communist Party leaders were tried in New York in 1949, the lawyers for the Communist Party at this hearing are ultra-dignified.

The registration proceeding was set up in a hearing room of the Reconstruction Finance Corporation, in a neighborhood largely given over to banks and brokerage houses. The room could hold 150 persons.

U. S. Lawyers Present
The people in the chamber included the three-member hearing panel, three men at the Communist Party table, a half-dozen government lawyers, and a couple of tables of news reporters. These included representatives of Tass, the Soviet news agency, and the Daily Worker, the Communist newspaper.

The Communist Party was represented by Carl Winter of Detroit, a national committeeman, who sat with the party attorneys, former Rep. Vito Marcantonio (ALP-NY) and John Abt of New York City. William A. Paisley headed the staff representing the attorney general.

The first government witness was heavy-set Benjamin Gitlow, 60, native of Elizabethport, N. J.

For 10 years, he testified, he held

Truman President In Name Only, Says Senator McCarthy

HUDAHY, WIS.—(AP)—Happy Truman is president "in name only," says Senator McCarthy (R-Wis.).

"The Hiss crowd," the Wisconsin Republican senator said Monday night, "still runs the State Department and not only determines foreign policy but military strategy as well."

McCarthy told a Chamber of Commerce dinner he thinks Truman "is essentially just as loyal as the average American citizen," but "the Acheson group has almost hypnotic powers over him."

Those who talk about impeaching the President "largely are wasting their time," he said, adding, "we must impeach Acheson, the heart of the octopus."

McCarthy told the audience the President did not fire General MacArthur.

"That was done by a sinister, many-headed, many-tentacled monster conceived in the Kremlin and given birth to by Acheson with Attlee and Morrison as midwives."

U. S. Presidents Wilson, Tyler and Cleveland married while in office.

IRON LUNG'S SUCCESSOR—This revolutionary new machine that regulates breathing of polio patients by use of electric shock impulses has been developed by two German doctors, Walter Hofmann and Herbert Knott. Called the "Electro-Lung," the device weighs only 28 pounds, costs about \$475, and is said to perform the same functions as the conventional iron lung. Dr. Knott and a nurse are seen adjusting the lung to a young patient in Berlin. (NEA-Acme photo by Staff Photographer Werner Kneusch)

Snyder Daily News Voted Full Member Of Associated Press

NEW YORK—(AP)—Three directors of The Associated Press were reelected and four new ones were elected Monday at the annual meeting of AP members.

The membership also approved applications of four associate members for regular membership. These were the Anaheim (Calif.) Gazette; Rogers (Ark.) Daily News; Bedford (Pa.) Gazette; and Snyder (Texas) Daily News.

The reelected directors were: Roy A. Roberts of the Kansas City Star; Palmer Hoyt of the Denver Post; and John S. Knight of the Chicago Daily News.

New members elected to the board of directors were: James M. Cox, Jr., Dayton Daily News; Mark Ethridge, Louisville Courier-Journal; Dolph Simons, Lawrence (Kan.) Journal-World; and Raymond L. Spangler, Redwood City (Calif.) Tribune.

The Secretary of State is the only cabinet member who does not have to make an annual report to the President.

Concrete Firm Changes Hands

Change in ownership of the Midland Concrete Company was announced Tuesday.

The business was purchased from Otis Grafa and Otis Grafa, Jr., of Big Spring by Hubert McClure of Abilene and Lonnie B. Sikes of Bangs.

McClure, who has been in the heavy equipment business in Abilene for the last 10 years, will move to Midland to operate the Midland Concrete Company. He and Mrs. McClure have two sons aged three and five.

Sikes is in the banking and insurance business at Bangs.

McClure announced there would be no personnel changes in the plant's operation and that Joe Sears will continue as manager.

New rolling stock, however, will be placed in operation and other improvements will be made, McClure said.

"We are glad to be moving to Midland to operate what will be a Midland concern dedicated to serve the concrete needs of Midland people," McClure said, then added, "We'll be pouring for Midland."

The firm supplies ready-mixed concrete, washed sand and gravel, mortar cement, mortar sand, plaster sand, brick sand, concrete coloring, roof gravel, road gravel and concrete, which is sand, rock and cement that is sacked and ready for use when water is added. It also can furnish cement finishers, he said.

Waves as high as 50 and 60 feet have been observed in the South Atlantic off the Cape of Good Hope.

Sections of this report should be of timely interest to the general public as well as policyholders.

Excerpts from Our 106th Annual Report..

The Fight Against Inflation

WHAT GOVERNMENT SHOULD DO:

"First of all, it is imperative that non-essential expenditures, whether for civilian or military purposes, should be reduced to the bone. Taxes should be increased so as to place the defense program, so far as possible, on a pay-as-you-go basis. Monetary and economic controls should be installed so as to combat an inflationary increase in the money supply and to restrict wage and price increases lest the financial effect of other measures be nullified.

"If expenses are expanded too far it will not be possible, without great damage to our economy, to operate on a pay-as-you-go basis. Deficits, therefore, may have to be financed through new issues of securities by the government. Such securities should be issued on terms and at rates of interest that will encourage their sale to private investors and not to banks. The sale of government securities to banks tends to increase the supply of money and is therefore inflationary."

WHAT INDIVIDUALS SHOULD DO:

1. Recognize that there cannot be either magical avoidance or effortless solution of the problems we face
2. Urge our representatives in government to fight the

forces that threaten to undermine our economy. And support them vigorously when they do what is right, even when it is unpopular.

3. Don't buy what we don't need; use what we have sparingly. In both ways this will reduce the demand for goods.

4. Pay higher taxes ungrudgingly. It is better to pay stiff taxes and check inflation than to enjoy the delusion of an exaggerated income and reckon later with a damaged economy.

5. Increase our savings. Money put into life insurance, government savings bonds and other forms of saving, helps to check inflation."

From the Letter to Policyholders signed by George L. Harrison, Chairman of the Board, and Dewey C. Joseph, President.

Serving Human Needs

Behind every fact, behind every figure in the year's report lies a human story... a story of what life insurance is doing to give hope and security to somebody, someplace. The Annual Report contains several real-life stories, showing how—thanks to the efforts of a skilled agent—insurance is helping folks today in neighborhoods like yours.

Financial Highlights

The New York Life Insurance Company's operations for the year 1950, and its financial position at the close of the year, may be briefly summarized as follows:

Assets of \$4,907,729,002 compared with \$4,674,990,644 at the previous year-end; and liabilities of \$4,559,916,790 compared with \$4,366,397,324.

Surplus funds held for general contingencies were increased from \$283,593,320 to \$302,812,212; and the asset fluctuation fund was increased from \$25,000,000 to \$45,000,000.

Sales, amounting to \$1,012,322,500, established a new high record.

Life insurance in force at year-end totalled \$10,585,587,438 under 3,959,160 policies as against \$9,970,371,347 under 3,864,338 policies at the end of the previous year.

Interest earnings improved; mortality was favorably low; expenses were higher although new economies were introduced.

Payments to living policyholders amounted to \$140,420,486 and payments to beneficiaries, \$94,466,289. The comparable figures for the preceding year were \$131,802,411 and \$88,447,839.

Total dividends to policyholders in 1951 will be higher.

The Company will enter the fields of group insurance and accident and sickness insurance in 1951.

Where We Invest...and Why

"Every working day in 1950 the New York Life invested an average of \$3,700,000. Part of this was new money, coming chiefly from premium payments we received from policyholders. Part of it came from the repayment or sale of investments already owned, and from earnings on investments.

"Income from investments contributes materially toward building up the reserves that make it possible for us to meet our promises to policyholders when they fall due. It is also a substantial factor in reducing the total cost of life insurance.

"At the same time such investments serve a broader purpose. For more than a hundred years of American history the funds invested by the New York Life have made for a more secure nation and a better living for all the people. Through peace and war these funds have

tended to flow where they were most needed by the national economy; whether to build the railroads of a growing nation or to help our government protect the country in time of war. The kind of investments the New York Life made during the past decade will illustrate this role as dramatically as anything can."

Introduction to an illustrated article in the Annual Report on the changing patterns of investing during the past ten years.

HAVE YOU LOOKED IN YOUR MEDICINE CHEST LATELY?

"If it's anything like the average family's, it's well-stocked with sundry specifics for last year's ailments... pills and palliatives, syrups, salves and potions, lozenges and capsules—and the extra key to the garage. But where is that roll of sterile gauze? Adhesive tape? Antiseptic?"

From a timely article in the Annual Report entitled "When Accidents Happen," containing a check list of essential first aid supplies for serious emergencies.

Allied Battalion Breaks Out Of Red Chinese Death Trap

WESTERN FRONT, KOREA — An Allied battalion Monday broke out of a Chinese trap and reached the main UN lines. It lost only two vehicles. They were surrounded for 20 hours but they held their positions north of the Imjin River and beat off all attacks," said Bob Lasher of Rye, N. Y., Voice of America radio correspondent. He joined the battalion by medical helicopter during the siege. Tanks broke through the Chinese

from the south to the banks of the Imjin while jet planes strafed, rocketed and napalmed (firebombed) the Chinese on the south bank of the river.

"At 6 p.m., the cutoff units attacked to the east, fording the waist-deep river and racing their trucks and jeeps over a rubber pontoon bridge the Chinese were unable to cut.

Practically No Loss
"There was practically no loss on the breakout," Lasher said. "It was all over in 45 minutes with the Chinese pitching mortar shells in the area in an unsuccessful attempt to stop it."

Lasher waded out with the battalion.
About two miles south, another battalion supported by tanks stormed three hills trying to reach the river and give the trapped unit a fire cover for their escape.

But the attack ran into a hornet's nest of Chinese who already had crossed the river. After three hours of trying to take the heights above the river the battalion withdrew under cover of darkness with Chinese bugle calls echoing on its flanks.

The Hawaiian Islands were discovered in 1778 by Captain James Cook, an Englishman who named them the Sandwich Islands.

Mexico Lions Clubs Sponsor Rural Road Building Programs

Road construction, particularly rural roads, is a major project of the Lions Clubs of Mexico. Dr. Arturo Irabain Rosado of Mexico City, a director of Lions International, told Lions convention delegates attending a model luncheon Monday noon in the Crystal Ballroom, of Hotel Scharbauer here.

The luncheon was sponsored by the Odessa Lions Club, which presented a number of entertainment features by Odessa groups and individuals. Fred Gage of Odessa presided, and District Gov. Roy Carter of Kermit introduced the speaker.

"Lionism at Work in Mexico" was the subject of Dr. Irabain's address. Discussing the road building projects of the Mexico Lions, the speaker, a charter member of the Mexico City Lions Club, said the program has the endorsement and support of the government, which provides 75 per cent of the cost of the projects. The remaining 25 per cent is obtained from citizens and property owners in the area to be served by the particular road.

Lions Clubs handle the entire projects from planning to completion stages. The government turns over its share of the construction cost to the sponsoring unit, assuring full value received for every dollar spent, Dr. Irabain said. Most of the roads constructed by Lions clubs are rural or farm roads, he explained.

Lionism Has "Service Punch"
"Lionism in Mexico has a definite service punch, and the Lions Clubs of our country are doing more for our communities and for our underprivileged people than other service organizations," the Mexico City Lion said.

He stressed the need for preaching the gospel of brotherly love and friendship as a means of promoting a better understanding among the nations of the world.

"The Lord made us neighbors, let us be good neighbors," he stated.

Dr. Irabain traced the history of Lionism in Mexico, and said that soon after its founding, Lions there found it had to raise the standard of education in order to raise the standard of living.

"As a result, Mexico Lions have built more than 200 schools and still are building them at a rapid pace," he said. "Social service is the Lions program in Mexico."

Sanitation and hygiene programs sponsored by Mexico Lions Clubs have been responsible for a decrease in the nation's death rate from 28 per cent to 11.7 per cent in the last five years, the guest speaker declared. A nation-wide crippled children's program also was mentioned as a major project.

He said the Lions program of social service has earned the recognition, respect and support of the government and of the people at large.

The number one dairying state in the United States is Wisconsin.

A Note of Appreciation . . .

We wish to express our thanks to all our friends and customers for their loyal patronage and support. We trust you will continue this pleasant relationship with the new owners of the Midland Concrete Company, Hubert McClure and L. B. Sikes.

SQUARE CHUTE—This is the Air Force's new square cargo parachute, made from strips of cotton muslin, and able to deliver 500-pound loads from a plane traveling 175 miles an hour. The new chute, introduced at Wright-Patterson Air Force Base, Ohio, replaces the old 24-foot rayon model that had a capacity of only 300 pounds. Added strength in the cotton chute comes from its unique strip design. (U. S. Air Force photo from Acme.)

Permian Basin Oil And Gas Log—

(Continued From Page One)

and Seaboard project is 690.4 feet from south and 690.3 feet from west lines of section 11, block 1, H&GN survey.

It is projected to 1,000 feet, or production in the Pennsylvanian lime reef, at a lesser depth. Drilling is to start immediately.

Kewanee No. 3 Oliver, one location north of the same concern's No. 1 Oliver, and 1,980 feet from south and west lines of section 11, block 1, H&GN survey had reached 1,990 feet in anhydrite and shale and is making more hole.

Kewanee No. 1 Wyatt, two and one-half miles northwest of the Kewanee No. 1 Oliver, and 690 feet from south and east lines of section 1, block 42, H&GN survey had spudded and was drilling ahead past 60 feet.

Ellenburger Wildcat Scheduled In Dawson

Fifteen miles northwest of Lamesa and in extreme Central-West Dawson County, El Tee Oil Company staked location for a deep wildcat which is to be started at once.

The exploration is to be drilled as the concern's No. 1-96 Bailey and others.

Contract depth of 12,000 feet is calculated to take the project into the Ellenburger.

Drillsite is 600 feet from north and 860 feet from east lines of section 96, block M, EL&RR survey.

That puts it three miles east of the Gaines County line.

Spraberry Tester Staked In Martin

An attempt to find production in the Spraberry trend will be made by Pennox Oil Corporation at its No. 1 Ruby Ragland, wildcat in Southeast Martin County.

Contracted to 8,000 feet with rotary, the exploration will be 660 feet from south and west lines of the northwest quarter of section 2, block 35, T-1-S, T&P survey.

That makes drillsite six miles east and two miles north of Stanton. Drilling is to start by April 29.

Shows Logged In NE Coke Prospect

Stanolind Oil & Gas Company No. 1 Nichols, Northeast Coke County wildcat, two and three-quarter miles southwest of the Fort Chadbourne-West-Strawn field, had

some shows of oil and gas in a drillstem test in the top of the Ellenburger at 6,330-6,344 feet.

The tester was open one hour. Sour gas surfaced in four minutes. Recovery was 120 feet of light green oil and 1,880 feet of heavily oil and gas cut drilling mud. There were no signs of water.

Open flowing bottom hole pressure reached a maximum of 950 pounds. Shutin bottom hole pressure after 30 minutes was 1,975 pounds.

Top of the Ellenburger was at 6,330 feet. Elevation is 2,091 feet. Samples from 6,330 feet to 6,344 feet had good shows of oil.

The project core at 6,344-54 feet. Recovery was 18 feet of vuggy chert and dolomite, four and one-half feet of dolomite with slight shows of oil and three feet of dolomite with no shows of oil or gas.

Location is 1,856 feet from south and 2,099 feet from west lines of section 337, block 1-A, H&TC survey. The wildcat is seven and one-half miles north and slightly west of Bronte.

After the core at 6,344-54 feet was pulled a drillstem test was taken at 6,324-54 feet. The tool was open 90 minutes.

Gas surfaced in nine minutes. There was a fair blow of gas for the remainder of the test.

The fluid which was recovered in the pipe was reversed out. There was 11.6 barrels of heavily gas cut and slightly oil cut mud.

Operator then checked the drilling samples and found no signs of water in the section of the Ellenburger so far cut.

Operator representatives estimate that 80 barrels of drilling mud had been lost in the Ellenburger while that formation had been drilled and cored from 6,330 feet to 6,354 feet.

That zone was to be acidized and tested.

C-S Terry Field Gets SE Extender

Amerada Petroleum Corporation has completed a one-half mile extender to the Adair-Wolfcamp field of Central-South Terry County.

The concern's No. 2 A. K. Gaddy is credited with a daily flowing potential of 1,068 barrels of 43.7-gravity oil plus one-tenth per cent water.

The potential is based on a 12-hour flow through a three-eighths-inch tubing choke.

Gas-oil ratio was 423-1. Flowing tubing pressure during the completion test was 600 pounds.

Open hole section in the Wolfcamp from 8,441 to 8,550 feet was treated with 500 gallons of acid.

The new oiler is 660 feet from south and west lines of section 5, block C-37, psi survey.

Shallow Exploration Spotted In Runnels

T. W. Murray and R. B. Prentice have staked location for their No. 1 Claud Brookshire as a 4,200-foot wildcat in Northeast Runnels County.

Drillsite is 330 feet from north and 3,221.8 feet from east lines of

No Oil On DST In NW Midland Tester

Ralph Lowe No. 1 Franken, Northwest Midland County wildcat, one mile west of the City of Midland had some shows of gas in a drillstem test in the upper Spraberry at 7,826-7,984 feet.

The tester was open one hour and 35 minutes. There was a good blow of gas at the surface immediately. The gas blow died at the end of one hour and 31 minutes.

Operator pulled 150 feet of dry drill pipe and found the rest of the string was filled with drilling water. The bottom half of that water was heavily gas cut. There were no signs of oil.

Interested observers report that a large amount of drilling water had been lost in the formation while the Spraberry section was being drilled.

They calculated that there is some form of fluid, either oil or water in that formation to push the lost drilling water back into the drill pipe during the test.

The project is now circulating while waiting on orders. Those orders may be to make a further test of the Spraberry section between 7,820 and the present bottom of 7,984 feet.

Location is 660 feet from north and northeast lines of section 6, block 39, T-2-S, T&P survey.

Producer Is Added Midland Tex-Harvey

Amerada Petroleum Corporation No. 2 K. S. Boone has been completed as a producer in the Tex-Harvey field of Central-East Midland County.

Located just inside the east Midland County line and 660 feet from south and west lines of section 17, block 38, T-3-S, T&P survey, the new producer finished for 270 barrels of oil per day flowing through a 20-64-inch choke part of the time and a one-half-inch choke the remainder of the 24-hour test.

Production is from open hole at 6,890-7,810 feet.

Gravity of the oil is 37.9 degrees. Gas-oil ratio was 536-1. Flowing tubing pressure was 125 pounds during the final test.

Shallow Exploration Spotted In Runnels

T. W. Murray and R. B. Prentice have staked location for their No. 1 Claud Brookshire as a 4,200-foot wildcat in Northeast Runnels County.

Drillsite is 330 feet from north and 3,221.8 feet from east lines of

EL&RR survey No. 148 and six miles southwest of Crosby. That makes it one-half of a mile north of the two-well Clayton field.

C-S Martin Test Is Drilling Ahead

Tide Water Associated Company No. 1 E. B. Dickenson, wildcat in Central-South Martin County, is drilling ahead after a drillstem test in the Dean sand at 9,983-9,131 feet.

Tool was open two hours. There was a weak blow of air to the surface throughout the test. Recovery was 630 feet of mud and 270 feet of slightly oil and gas cut mud.

Location is 660 feet from north and east lines of section 44, block 37, T-1-W, T&P survey. That makes it nine miles west of Stanton and approximately 13 miles north and slightly east of the City of Midland.

Projected depth is 12,500 feet to test the Ellenburger.

Kent Salt Creek Gets New Producer

General Crude Oil Company and Percy Jones have completed their No. 18-3-A Percy Jones Tract 1 as a new producer in the Salt Creek field of West-Central Kent County.

The well flowed 24 hours through a one-quarter-inch choke to make an initial production of 452.64 barrels of 29.6-gravity oil.

Gas-oil ratio was 439-1. No water was present.

Top of pay is at 6,242 feet and total depth is 6,504 feet. Five and one-half-inch casing is cemented at 6,344 feet.

The open hole section was washed with 500 gallons of mud acid.

Location of the new oiler is 3,835 feet from west and 2,708 feet from south lines of section 13, John Rodman survey.

Borden Exploration Fails In Ellenburger

Stanolind Oil & Gas Company No. 1 R. C. Miller, indicated Pennsylvanian lime reef discovery in North-Central Borden County, has been plugged back to 8,320 feet after making sulphur water with only slight shows of oil in the Ellenburger.

Total depth is 8,645 feet in the Ellenburger. No top of that formation has been released.

Five and one-half-inch casing was set at 8,186 feet. Operator is now waiting for cement to be made before drilling plus.

A drillstem test was held in the interval from 7,990-8,019 in the Pennsylvanian. Recovery was 270 feet of free 44-gravity sweet oil and 180 feet of oil and gas-cut drilling

mud. There were no signs of water. Tentative top of the reef line was called at 7,995 feet.

Location is 660 feet from south and west lines of section 3, block 30, T-5-N, T&P survey.

Spraberry Oilers Fined In Upton

Two new Spraberry producers have been completed in Upton County.

In the Pembroke field of Central-East Upton, Humble Oil & Refining Company potential No. 4 Ralph Pembroke for 139.36 barrels of 37.6-gravity oil.

The 24-hour flow was through a one and one-quarter inch tubing choke.

Top of pay is 7,000 feet and total depth is 7,066 feet. Five and one-half inch casing is cemented at 6,940 feet.

Location is 660 feet from south and 1,980 feet from east lines of the north half of C. C. DeWitt survey No. 1.

The Blackwood & Nichols Company has completed its No. 1 W. L. Pickens as a new producer in the Benedum field of Central-East Upton County.

The well pumped 24 hours to make an initial production of 84.95 barrels of 40-gravity oil.

Top of pay is 7,848 feet and total depth is 7,886 feet. Five and one-half inch casing is set at 7,648 feet.

The oiler is located 528 feet from south and 823.3 feet from west lines of section 2, EL&RR survey and 12 miles north of Rankin.

Schleicher Field Gets New Venture

American Republics Corporation No. 3 H. F. Thomson is to be another prospector in the Huldade-Strawn field of Central-North Schleicher County.

Drillsite has been made 467 feet from north and 2,706 feet from east lines of section 28, block TT, TC survey. That puts it 1,597 feet east and slightly north of the same operator's No. 2 H. F. Thomson, a producer and southeast offset to the discovery well of the field.

Drilling is to start immediately.

Shallow Prospector Staked In Crockett

Joe T. Davidson is scheduled to drill a wildcat in Southwest Crockett County as No. 1-A Hoover.

Location is 330 feet from south and east lines of section 4, block 3EM. That makes it 35 miles southwest of Osona.

Cable tools will be moved in and drilling toward projected depth of 1,500 feet will begin immediately.

Pegasus in Upton Gets New Drillsite

The Sharples Oil Corporation has spotted a 10,800-foot rotary test in the Pegasus field of Northwest Upton County.

It is No. 1-F-37 TXL and is located 660 feet from north and 1,980 feet from east lines of section 37, block 41, T-4-S, T&P survey.

Gas Recovered In N-C Midland Test

Moore Exploration Company No. 1 Bauman, wildcat, in North-Central Midland County, is drilling deeper after a three hour drillstem test in the Dean sand at 9,139-9,312 feet. There was a good blow of gas throughout the test.

Recovery was 1,800 feet of free gas in the drill pipe and 180 feet of slightly gas cut drilling mud. No shows of oil or formation water were found in the test.

Location of No. 1 Bauman is 467 feet from west and 660 feet from south lines of the 220-acre Bauman lease in the southeast part of section 14, block 38, T-2-S, T&P survey. That makes it three miles southeast of the city of Midland.

Drillsite, Failure Listed In Runnels

One new wildcat location and one dry hole has been reported in Runnels County.

George W. Strake No. 1 W. E. Barr will be drilled as a 4,500-foot wildcat 11 miles southeast of Ballinger and two and three-quarters miles southwest of the Love field.

Location is 330 feet from south and west lines of a 40-acre lease or 16,280 feet from north and 2,946 feet from west lines of M. I. Mesa survey No. 229.

The failure is C. Deely and others No. 1 Joe Yarnell, quit as a failure on total depth of 5,010 feet. Location of the project was 330 feet from south and east lines of the southeast corner of section 15, H&GN survey.

That puts it two miles southeast of Norton and in Central-West Runnels County.

Star Oil Company No. 1-A Taylor Heirs, wildcat in North-Central Yoakum County, is drilling below 10,501 feet in lime and dolomite after a drillstem test of the Pennsylvanian.

The test was taken from 10,456

to 10,485 feet. Tool was open two hours. Recovery was 1,100 feet of sulphur water.

No. 1-A Taylor Heirs is six miles north of the Cobb multipay field and 660 feet from north and east lines of section 200, block D, John M. Gibson survey. It is nine miles northeast of Plains.

Sutton Brushy Top Venture Is Plugged

C. L. Norworthy, Jr., No. 8 R. M. Thomson, project in the Brushy Top field of Central-North Sutton County, has been plugged and abandoned as a failure on total depth of 1,046 feet.

Drillsite was 330 feet from south and 990 feet from west lines of the southeast quarter of section 67, block A, HE&WT survey.

Cotton

NEW YORK—(AP)—Tuesday noon cotton prices were unchanged to 30 cents a bale higher than the previous close. May 45.29, July 45.10 and October 39.77.

PHILLIPS CUTS MELON

NEW YORK—(AP)—Directors of Phillips Petroleum Company Tuesday declared a quarterly dividend of \$1.20 a share, payable June 1 to stock of record May 11. The company has been paying \$1 each in recent quarters.

OPS To Announce New Price Method

WASHINGTON—(AP)—The government will announce Tuesday night the new method by which an estimated 75,000 manufacturers will compute new ceiling prices affecting a large share of consumer goods.

Office of Price Stabilization (OPS) officials said more price reductions than increases are expected under the regulation. They told reporters they could not estimate how much merchandise bought by consumers will be affected. They said it would be "a large part."

Stretches your budget by miles!

Economy that counts

If your budget's on your mind—now's the time to get the story on Mercury! It's a money-saver in the one way that counts—mile-after-mile economy. For proof, just look at the record. Mercury with overdrive won first place in its class in the Mobilgas Economy Run for the second straight year. This record confirms what every Mercury owner's pocketbook tells him every mile he drives—that Mercury costs less to run! Why not get the facts on this great new 1951 value car today?

Looks that last

Mercury's value shows up in Mercury's styling, too. That on-the-move look that stands out in every line of the 1951 Mercury means this car stays modern looking far longer. And Mercury's beauty is more than skin deep. Inside, a blend of spaciousness, smartness and cushioned comfort. Throughout, soundly engineered, scientifically sound-proofed construction. Both long-lived luxury and more miles of good-looking life than you ever imagined are built into the 1951 Mercury. See it today.

Longhorn League— Swatters, Colts Set Loop Pace

By The Associated Press
The tight fight for first place in the Longhorn League was tighter than ever Tuesday. Roswell moved in to make it a virtual three-way affair.

San Angelo and Sweetwater maintained their deadlock for the top Monday night as both won their games. Roswell whipped Big Spring 10-5 to move within a half-game of the leaders. The only reason Roswell isn't tied with them probably is that the Rockets haven't played as many games.

Vernon topped Midland 7-5. San Angelo blanked Artesia 10-0 and Sweetwater licked Odessa 13-5.

Errors, Wildness
Errors and wildness on the part of the pitchers helped Roswell to its easy victory over Big Spring. Midland's McMellon allowed only nine hits but was wild and seven costly errors did not help their cause along.

Indio Beltran stopped Artesia with only two hits as San Angelo posted the first shutout of the young season. The Colts ace struck out seven men and was never in trouble.

Two hits and five Midland errors in the first inning staked Vernon to six runs and the Indians never could recover. Rookie Wayne McMellon settled down to shut out the Dusters in all but the seventh inning, when they counted their final run, but the damage had been done.

Sweetwater also used one big inning, a seven-run fourth frame, as a springboard to victory over Odessa. The Swatters got two more in the seventh and two in the eighth to complete the riot.

King's Row

By LARRY KING

Normally, it is no disgrace to be blind.

Until recently, when we acquired a set of "cheaters," we had some difficulty in seeing just what happened when and where. Now, however, our seeing trouble is at a minimum.

Which probably would exempt us from any tour of umpire duty, if the incident at Indian Park Monday night is to be taken as a typical session of calling the shots.

While as we said, it normally isn't a disgrace to be blind, we always had considered it rather a handicap if one wished to pursue the course of the Men in Blue.

But such a trivial matter seemed to hamper not in the least Umpires Sikes and Hutchens Monday night.

The play which leads us to believe said umpires are in dire need of care by an optometrist came in the sixth inning Monday when Centerfielder Jim Ackers clobbered a pitched ball against the scoreboard in centerfield.

Under the ground rules at Indian Park, when a ball hits the scoreboard it is an automatic home run. That's easy enough to understand, as the scoreboard is some 30 inches behind the fence and rises several feet into the air. Even an umpire should be able to see a ball slamming the scoreboard definitely is out of the park.

However, Sikes and Hutchens, not only failed to see that fact, they failed to see the ball even hit the scoreboard. A youngster sitting on the edge of the scoring machine had to scramble in order to keep his health as the ball came toward him. Added to that, there now is a round dent where the ball landed on the OUT sign.

Ackers, who slapped a home run if there ever was one, was held to two bases on the play.

Actually it made little difference as far as the outcome of the game went. Bob Cowser drove Ackers in shortly thereafter with the run and little was lost in that department.

However, we mentioned getting some cheaters recently ourselves. We just thought if Sikes and Hutchens really want to overcome their handicap it would be but a simple matter for us to call the man who helped us see again.

—KR—

Ackers was on the ball in the outfield against Vernon, too. He handled a number of chances without error and his rifle-shot arm started two doubles—from deep centerfield.

That's something you don't see every day, even in the big leagues.

—KR—

George (Spec) Cox, rookie second baseman, no longer is with the Midland team. Cox looked great at the plate during Spring drills in Louisiana but never hit here in exhibition games.

He recently was discharged from the service and was torn between a desire to play baseball and to re-enlist in the Armed Forces.

Uncle Sam won out, as Cox decided to play ball for him and left the Indian camp with the intention of signing for another "hitich."

—KR—

Tugboat Jones, Midland High School coach, tells us he is very proud of the Midland High School mile relay team. At the beginning of the year, the team didn't come close to placing in meets.

But at the Region 1 track and field carnival at Lubbock last weekend the MHS youngsters ran a very good second to the winning Odessa team. "These kids improved by 30 yards before the year was over," Jones said.

Roy Kinsey, sprinter and W. H. Black, pole vault artist, will enter the state meet at Austin next week. Ditto for the four-man golf team of Marcelino Moreno, Graham

HIT THOSE BOOKS—Vic Janowicz, flashy Ohio State halfback, pores over his studies in his room. Everybody's choice for All-America last fall, Versatile Vic was dropped from school because of a scholastic deficiency. He was reinstated this quarter and hopes to play football again. (NEA)

'Looks Good,' Tug Says Of Spring Gridders' Session

Approximately 75 grid hopefuls went through the first drills of Spring football workouts Monday afternoon at Memorial Stadium under the watchful eyes of Coaches Thurman L. (Tugboat) Jones, Audrey Gill, Red Rutledge, Keith Bobo and John Higdon. Bobo and Higdon worked with 40 boys who next year likely will make up the 'B' team.

Coach Jones said he was "pleased with the showing the kids made." "They looked good," he said, "and worked hard. Our backs are going to be a bit faster next Fall than they were last year. If they can learn to block as well as the 1950 team, we'll be better."

The squad was split into backs and ends groups and a line group. Jones handled the backs, Rutledge the ends and Gill the linemen. All youths received some first-day contact.

The Spring sessions for the Midland High School youngsters will last 30 days. A tilt with the 19 seniors, who made up the 1950 team, will highlight the Spring grind at the termination of the 30 days work-

Sports

12—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 24, 1951

Dusters Get Revenge On Indians 7-5

Midland will play its fifth straight home game at 8:15 p.m. Tuesday, when the Artesia Drillers come to Indian Park for the first of two games. Neither Midland Manager Harold Webb nor Artesia Manager Stubby Greer have announced starting pitchers.

Rookie Wayne McMellon hurled himself a whale of a ball game Monday night, limiting the Vernon Dusters to nine hits—but a big Vernon first inning which brought six runs defeated McMellon and the Midland Indians 7-5.

The tall right-hander hooked up with Vernon's Bill Epperson, and, after the first inning, actually had the better of the duel. Vernon's first two batsmen walked and that started a parade of Duster runs. Two hits and five Midland errors sent the visiting nine winging away to a 6-0 advantage.

Harold Webb's Midland club then began to whittle away at the large lead, and had cut it to 6-5 by the top of the seventh, when Second Baseman Jack Follis lofted a home run over the center field wall to bring the final score to 7-5.

Cowser Gets 4 For 4

Eddie Meillo collected the first of a dozen Midland base blows getting a two-base lick in the first inning. Shortly thereafter Right Fielder Bob Cowser—who had a perfect four for four night at the plate—singled to score Meillo.

Three Midland runs came in the next frame on a hit by Shortstop Dick Potak, a Duster error, a second single by Meillo, one by Third Baseman Hayden White, another by Center Fielder Jim Ackers and Cowser's second safe blow.

The fifth—and final—Indian run crossed the plate in the eighth when Ackers smacked a ball against the scoreboard and, by ground rules, should have been given a home run. But Umpires Sikes and Hutchens held him to two bases despite an anguished wail from Webb. Cowser delivered with his third hit to bring Ackers across the plate.

A rally in the last of the ninth fell short with two men on base as Farnbach flied out. Bob Balch was forced at second and Webb popped up to end the game.

**Pitchers In Form
As Sports, Tribe,
Padres, Cats Win**

By The Associated Press

The Texas League is back in the groove—and it's still a pitcher's loop.

Monday night was a stirring example. The pitching was the thing in all games.

San Antonio stayed on top behind the elbowing of big Bob Turley, who gained his third victory of the season. He didn't allow a Buff to reach second until the seventh inning as the Missions whipped Houston 4-2.

San Antonio got only six hits itself but used three of them spaced with two walks to make all its runs in the fourth inning off Fred Martin.

Pete Monworf made his debut at Fort Worth an auspicious occasion. He limited Dallas to six hits while the Cats were pounding 10 for a 5-2 victory. The burly righthander, who came to Fort Worth from Hollywood, had a shutout until the eighth.

Jim Willis did a four-hit trick as Shreveport downed Beaumont 3-1. The Sports hit Bill Jankovski and Dick Lerner for eight. Ford Garrison's homer in the seventh was the lone Beaumont tally.

Southpaw Al Gerheuser pitched Oklahoma City to a 5-4 decision over Tulsa. It was his fourth win of the season. He was a trifle shaky in the ninth, when Bob Nieman homered with one on base but settled down to get the side out and maintain a perfect mound record for the campaign.

**WT-NM League—
Blue Sox, Oilers,
Hubbers, Lobos
Notch Loop Wins**

By The Associated Press

Pitching catchers and hitting pitchers are just some of the things that make West Texas-New Mexico League baseball interesting to the fans and a nightmare for the scorer.

Monday night, Skipper Hack Miller took the mound for the Abilene Blue Sox and pitched them to a 6-1 victory over Albuquerque, the only defeat suffered by the Dukes in the race so far.

And in Pampa, the Oilers used home runs to swell their score as they swamped Clovis 14-4. Pitcher Mack Hyde joined in the fun by lifting one out of the park in the eighth inning.

In other games Lubbock best Borger 7-4, and Lamesa rallied to beat Amarillo 11-9.

Lamesa scored six runs in the last of the eighth inning to overcome an Amarillo lead and hand the Gold Sox their third straight loss. Amarillo has yet to win a game in the young season.

Julio Moreno got off to a shaky start against Borger but settled down to pitch the Hubbers to a split in the two-game series.

Brook Pitchers Hotter Than Hot

By The Associated Press

Meet King, Palica, Branca and Newcombe. Not a Brooklyn law firm but the Dodger's answer to Jim Konstanty.

As brilliant as Konstanty was last year when he helped Philadelphia win the pennant, his rescue work never matched the sensational relief work of this quartet. The season is only a week old but the four already have been credited with three relief victories.

And Brooklyn needed two of them Monday as they were forced to go 16 innings to beat the Boston Braves 2-1.

In other National League games, Chicago nipped Pittsburgh 2-1 in an afternoon game; Philadelphia beat New York 8-4, and St. Louis

**Britain's Cockell,
Freddie Beshore To
Tangle Tuesday**

LONDON (AP)—Britain's campaign to regain the world light heavyweight title shifts into high gear Tuesday night when Don Cockell of London tangles with Freddie Beshore of Harrisburg, Pa., over 10 rounds.

Cockell picked up the British and European light heavy titles during the last six months but admittedly he hasn't had much to beat.

Beshore, an undersized heavyweight with curly blond hair and a pleasant grin, will be his toughest foe so far. The American claims he's never been knocked off his feet in five years of professional boxing.

At the Gulf of Guinea where the prime meridian crosses the equator at sea level, the earth's surface has neither longitude, latitude nor altitude.

Ray George Named A&M's Head Coach

COLLEGE STATION—(P)—Ray George, who went out with the gang in the coaching shake-up at Southern California last winter, stepped in Tuesday as head man of a ready-made football team—Texas A&M.

Only mildly mentioned as likely to get the job here, the big ex-line star and ex-line coach of the Trojans Monday night was appointed to the post vacated by Harry Stiteler.

Stiteler resigned March 19 after informing college officials he had not told the truth about a mysterious beating received in Houston in December.

George, fortunately, knows about the "aggies." He was brought here January 27 as line coach of A&M and worked with the squad through Spring training.

The genial, 360-pounder was All-Pacific Coast Conference in 1938 and that was the year Southern Cal beat Notre Dame, the national champions, 13-0, and also licked Duke 7-3 in the Rose Bowl.

George played professional football with Detroit and the Philadelphia Eagles before coaching Porterville, Calif., High School to an undefeated season in 1941. He was a naval officer in World War II, serving in the Slapan-Guam campaign, and played football with Iowa and St. Mary's pre-flight teams.

Surprise Election
George left Southern California along with the rest of the staff when Jeff Cravath quit under fire as head mentor.

He will work here on a year-to-year basis the same as other faculty members—the same deal Stiteler had. No salary terms were announced. Stiteler received \$8,500 a year.

The naming of George as head coach was something of a surprise. Dick Todd, former Aggie great and now backfield coach of the Washington professional Redskins, at first was thought certain to take the job. But he did not. Then came George Barclay of Washington and Lee, who was called the hottest prospect in speculation over the weekend.

Kid Gavilan Takes Pre-Induction Tests

NEW YORK—(P)—Welterweight Kid Gavilan of Cuba made his second trip in as many days to Governors Island Tuesday for pre-induction physical tests.

Gavilan is scheduled to meet NBA Welterweight Champion Johnny Bratton on May 18 here for the title, which also will be recognized in New York. An Army spokesman said Gavilan probably would be deferred because he is married and has a seven-month-old child.

Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 24, 1951-13

George Glass Jr., Tops Skeet Shoot

George Glass, Jr., Midland Gun Club's skeet champion, took the all-bore championship in the annual Spring Skeet Shoot here Sunday afternoon. Young Glass ended in a four-way tie with D. W. Conway of Clint, John Guitler of Abilene and Major Ralph Gahl of Roswell, N. M., with a total of 146 targets out of 150, then smashed 75 straight to win the title in a shoot-off. Conway broke 73 of 75 to finish second, Guitler broke 49 and 50 and Gahl got 48 of 50. All had broken their first 25 in the shoot-off.

Guitar thus was declared AA winner. Gahl was Class A winner while Tom Arrn of Morton was B winner with 144 of 150 and Jimmie Green of Midland was C champion with 142 of 150.

In the industry shooting, individual, J. P. Stotts, Abilene professional, captured high over-all score with 336 of 350. Glass, Jr., was the amateur winner with 337 out of 350. Young Glass teamed with Glass Glass, Sr., to win the parent and child division with 290 of 300. Clyde Tatum, Jr., and Tatum, Sr., of Lubbock finished second with 296.

The Glass father-son combination also took the two-man team title with the identical score. Tatum, Sr. and Tom Arrn were runners-up, shooting a 288 score.

Five-man team winners included George Glass, Sr., George Glass, Jr., Wright Cowden, Jimmie Green and Jim Mascho, all of Midland. Pauline Amburgey of Odessa was crowned women's champion. Thelma Maxwell of Odessa was runner-up. Jim Mascho was senior champion and Clyde Tatum, Jr., Lubbock, junior champ. Johnnie Robinson of Abilene took sub-junior honors.

Stanton's Kenneth Henson To Play On All-Star Cage Five

BEAUMONT—(P)—Eleven of the twelve schoolboy basketball players to represent the North in the annual all-star game of the Texas Coaching School were announced Tuesday by Stan Lambert, publicity director of the Texas High School Coaches Association. Seven of the players selected were on all-state teams last season.

This squad will play one representing the South August 3 at the coaching school in San Antonio. Borger's Keith Lane, six-foot six, and Lloyd Giles, Texas' six-foot-five, center, head the North squad. Other all-stars are Carl Inke, Lubbock; Kenneth Henson, Stanton; Kermit Allen, Jr., North Side (Fort Worth); Joe Hardgrove, Paschal (Fort Worth); and Monte Robicheaux of Bowie.

Others on the squad will be Lynn Hart of Gruver, Billy Wood of Austin (El Paso), Rodney Pirtle of Coleman and Jimmy Brown of Adrian.

Cliff Wells of Tulane will coach the squad. The South will be tutored by Forrest Anderson of Bradley Tech.

F. O. Scroggins of Monahan, chairman of the committee making the selections, said the other player would be added soon.

Citation Pulled Out Of Three-Way Race

SAN MATEO, CALIF.—(P)—Citation, the money-winningest race horse of all time, was declared out of a special three-horse race Tuesday and there was a question whether he would run in Saturday's \$60,000 Bay Meadows Handicap.

Tuesday's cancelled special, at one mile, had been arranged to determine if Calumet Farms' great horse was ready. He was to have gone against Wonder Why II and Precocious in a no-wagering event.

But Trainer H. A. (Jimmy) Jones said he "was not at all satisfied" with Citation's workout Monday and felt the horse was not ready.

Jones indicated it was extremely doubtful Citation would compete in the mile and one-eighth handicap. Advertise or be forgotten.

Matajek, Brock Hurl First 1951 Softball Victories

Rotary Engineering Company and Western Plastic Company won opening night games in the 1951 Jaycee Summer Softball League, City Major Division, Monday night before crowds estimated at 200 fans in Wadley Park.

Jerry Matajek hurled Rotary to an 18-5 win over American Legion, helping his cause with a first inning home run. Matajek gave up seven hits, two bases on balls and struck out seven Legion batsmen.

A. Z. Sturges, Legion manager, was losing pitcher. Rotary collected 14 hits and six bases on balls. Sturges also struck out six batters. Shortstop Dwight Fleming went five for five at the plate for the winning Rotary Engineers.

In the second game of the double bill, Western Plastic took a wild and woolly 19-13 scoring bee from Standard of Texas. Howell, center fielder and Tommy Flournoy, shortstop, clouted four batters for the winning Western Plastic team.

Phil Brock, who whiffed six, was credited with the win. Milt (Daddy) Montgomery was the loser, as Chester Campbell and Hugh Reynolds also worked on the mound for the losing Standard team.

The next league action is Wednesday night, when Rotary tests Tide Water Oil in the second game after Rendezvous and Shell open the night's play with a contest at 7:45 p.m.

Black Indians Win From Odessa Nine

ODESSA—The Black Indians of Midland turned the tables on the Odessa Black Oilers here Monday night, winning a 2-2 slugfest. Odessa had copped a 6-1 tilt Sunday.

Oscar Lewis pitched the win for the Black Indians. Manager Bennie Harrison led the Black Indians at the plate, getting five hits in five times at bat.

Fireswept Tanker Due In Port With 13 Charred Bodies

GALVESTON—(P)—The gulf tanker Esso Greensboro was due to arrive here sometime Tuesday, carrying the bodies of 13 crewmen killed in a fireswept collision last Friday.

A formal Coast Guard inquiry into the collision of the Esso Greensboro and the Esso Suez opened Tuesday in Mobile, Ala.

Possibly 39 persons died when the two Standard Oil tankers collided in dense fog about 200 miles south of Morgan City, La.

Only five of the 42 men aboard the Greensboro were rescued. Thirteen bodies were spotted from the air, and 22 others are missing and presumed dead.

Two crewmen were killed on the Esso Suez.

The Suez was guided to a ship repair yard in Mobile Saturday night. The Greensboro was being towed to the port of Galveston.

Johnson New Head Of Algonquin Gas

HOUSTON—(P)—Maj. Gen. Harry H. Johnson, Houston, former co-director of the U. S. Mexican Aftosa Commission, will assume the presidency of the Algonquin Gas Transmission Corporation May 1, it was announced Monday.

He will make his headquarters in Boston.

The New England company plans construction of a 26-inch natural gas pipe line to connect with the lines of the Texas Eastern Transmission Corporation at Lambertville, N. J. Johnson, 56, will be responsible for this in his new post. He also has been named a director of Algonquin.

Johnson resigned recently from Gulf Oil Corporation to take the job. He has been in the petroleum industry 31 years.

Crestview Heights 4 Real Homes
There are four main reasons why so many people in recent months have become owners of new homes in Crestview Heights.
(1) DESIGN. A wide choice of designs are offered, each different, each beautiful.
(2) FEATURES. You'll find many EXCLUSIVE features in your Crestview home.
(3) QUALITY. All materials are double-checked to assure you of the best possible home.
(4) PRICE. Low prices, with moderate down payments and liberal terms on the balance.

Cool and Dressy for Summer!

Those hard-to-find, wear-them-everywhere

RICHLY DARK BROADCLOTHS

with sparkling white embroidery trims!

\$5.50

There's nothing that makes you feel quite so self-assured in meeting the almost limitless activities of the day, both in and out of your home, as a dark broadcloth dress... crisp and fresh, as well styled and well-fitting as your most expensive dress! And so easy to care for and keep crisp and fresh! These frocks are made especially exciting by their interesting pocket treatment, and the unusual use of the white embroidery trims. Navy, green, grey, and brown. Sizes 12 to 20, 14 1/2 to 22 1/2.

LEFT TO RIGHT:

Fly-front frock, convertible collar, white embroidery down the front and on pockets.

Yoke effect achieved by white embroidery border, buttons marching in two down the front.

Huge pockets with white embroidered pockets, simulated pearl buttons, self tie sash.

Nelly Don

Double Beauty in Waffle Pique 1495

New-line sundress in conversation pastoral print. Slim-hanging skirt, sleeveless bodice. Converts into city slicker when you add the bolero. Wide leather belt, good-looking buttons and tailored stitching pick up the color in the print. Woven waffle pique that's washable, pre-shrunk. Navy, green, wine, brown. Sizes 10 to 18.

Slagle Heads Texas Jewelers Association

DALLAS — R. J. Slagle of Houston was elected president of the Texas Retail Jewelers Association here Monday. Other officers named include Tim Welch of Dallas, first vice president; Mrs. Stace Westmoreland of Huntsville, second vice president, and L. G. McCray of Denton, recording secretary.

Advertise or be forgotten.

New Officers Are Announced At SEG Annual Convention

ST. LOUIS—Elected officers for the year 1951-52 were announced late Monday at the 21st annual convention of the Society of Exploration Geophysicists, which got under way Monday morning at Hotel Jefferson.

The results of a mail ballot were announced by George E. Wagoner, retiring president, at the business meeting of the society. Dr. Sigmund Hammer, of the Gulf Research and Development Company, of Pittsburgh, was elected president for the coming year. Hammer served as vice president of the society during the past year, and is in charge of the program for this meeting.

Curtis H. Johnson, of the General Petroleum Corporation, of Los Angeles, was elected vice president and R. C. Dunlap, Jr., of Geophysical Service, Inc., of Dallas, was chosen secretary-treasurer of the society.

Paul L. Lyons, of The Carter Oil Company, of Tulsa, was elected editor of "Geophysics," the society's journal, for a period of two years. Outgoing secretary-treasurer is Francis F. Campbell, of the Amerasia Petroleum Corporation, of Tulsa, and outgoing editor is Richard A. Geyer, of the Humble Oil & Refining Company, of Houston.

The society now has more than 2,700 members from all parts of the world. Colin C. Campbell, of Tulsa, continues as business manager.

The convention, held jointly with that of the American Association of Petroleum Geologists and the Society of Economic Paleontologists and Mineralogists, is scheduled to last four days. Combined attendance at the meeting is over 3,000.

Plans Completed For Disposal Unit

Plans for a new sewage disposal plant have been completed and are now under study by the city's engineering department.

City Manager W. H. Oswalt said the plans had been received Monday.

Unless they require major changes, he said, it is likely that the City Council will act within a few days to set a date for receiving bids on the plant's construction.

Mechanical equipment for the new plant has already been purchased by the city.

ADMITTED FOR SURGERY
Clarence W. Scott, 505 North Colorado Street, was admitted to Midland Memorial Hospital Sunday for surgery.

★ THE DOCTOR SAYS ★

Doctor Has Several Ways To Study Stomach For Ulcer

Suppose you have had pain in the stomach region or peculiar stomach sensations for a few weeks and go to the doctor. What next? The story that you tell may raise the suspicion of ulcer of the stomach. The doctor wants to make sure before starting treatment.

There are many things he can do. One is to give a special test meal, withdraw the stomach contents through a rubber tube after a little while, and examine the material for acid and other things. This is of enormous help and although sometimes a person dreads the tube for the first time, it is not painful. In fact, a great many patients learn to do it themselves without difficulty. Another thing that is usually done is to examine a sample of intestinal waste for blood since the doctor needs to know whether the ulcer is bleeding.

Important in any study of the stomach is the X-ray. For this the patient is given a liquid to drink which contains barium. The barium keeps the rays from going through so that the stomach can be seen in a sort of silhouette picture.

An ulcer pocket is visible by this method so that its location and size is accurately known. It is possible, too, to look directly into the stomach by means of an ingenious flexible tube fitted with mirrors and called a gastroscope. Pictures can be taken of the inside of the stomach if desired.

All this is necessary as a preliminary to treatment. But something should be said about treatment, also, because people often get confused

about it and wonder why one person is treated one way for ulcer and the next-door neighbor another. The answer is simple. The treatment depends on the location of the ulcer, on its size, on the symptoms produced, on the age or occupation of the patient, and many other factors which vary from person to person.

In general, medical treatment is aimed at avoiding irritation of the ulcer from acid, nervous strain, or anything else so that the ulcer will be given a chance to heal. Surgical treatment, of which there are several kinds, has a similar purpose unless the particular operation is for removal of the ulcer and the stomach area around it.

Which of these various methods to use demands careful study and expert weighing of all the factors in each individual person.

Plainview Man Gets 10 Years For Robbery

DALLAS — (AP) — Billie Gene Sweatmon, 28, of Plainview pleaded guilty Monday to the robbery of a South Dallas service station and received a 10-year prison sentence. Police arrested Sweatmon shortly after the holdup, in which about \$70 was taken.

The word bravo formerly was commonly used in Italy to indicate a hired assassin.

A Step to Distinction

AIR-COOLED Monotones

Trim shoes for summer that offer longer wear and less care

With their all-over color and pin-point perforations, they're a neat solution to three warm-weather footwear problems: First, you keep cool. Second, you avoid bothersome cleaning. Third, you wear them earlier and later in the season than ordinary summer shoes. Choose yours now.
