Moncrief Schedules 5,500-Foot Wildcat In E-C Gaines Area

W. A. Moncrief No. 1 J. E. Scott and others is a new wildcat in East-Central Gaines County 18 miles southeast of Seagraves. Location is 800 feet from south and west lines of section 31, block H, D&W survey. Rotary tools will be used in drilling to projected depth of 5,500 feet. Operations will begin at once. Drill site is two miles southwest of Humble Oil & Refining Company No. 1 Bishop, a dry hole at 5,187 feet. It is also seven and one-half miles west and slightly south of the Cedar Lake field which gets its production from the San Andres at average depth of 4,750 feet.

Snowden Sets Tester Near Dawson Opener

James H. Snowden of Fort Worth and associates have staked location for an 8,500-foot exploration in Northeast Dawson County. It is No. 1-39 Carrie S. Dean, 1,980.3 feet from north and 669.9 feet from west lines of section 29, block 1, J. Pottvatt survey. That makes it one-quarter of a mile south and east of the same operators' No. 1-30 Dean, which is shut in to complete a discovery and producer from the Spraberry. Projected depth of the new prospector is 8,500 feet to test through the Spraberry. Rotary tools will be used to drill, beginning immediately. Drill site is 18 miles northeast of Lamesa.

Another Spraberry Wildcat In Midland

Texas Crude Oil Company of Fort Worth has staked location for a 5,500-foot wildcat to explore the Spraberry sand in the undeveloped area between the Tex-Harvey and Driver-Spraberry fields of Midland County. Drill site is 600 feet from west and north lines of section 38, block 37, T-3-S, T&P survey. It is four miles north of the Driver field and one and one-half miles southwest of the Tex-Harvey field. It will be drilled as the concern's No. 1-38 Walton-Judkins.

Buffalo Is To Drill NW Reeves Wildcat

Buffalo Oil Company of Dallas is to drill its No. 1 O. Dale Smith as a 3,000-foot wildcat in Northwest Reeves County. It will be drilled four and one-half miles west of the Dixieland-Delaware sand field which gets its production around 3,800 feet. No. 1 Smith will be drilled with rotary and cable tools. Exact location is 230 feet from west and 2310 feet from south lines of section 3, block C-20, pal survey. That puts it seven miles southeast of Orja and 800 feet east of the east line of Culberson County.

Opener Potential In Midland Sector

Completion as a producer and Pennsylvanian discovery in the Warfield-Ellenburger field of Northwest-Central Midland County has been reported by The Texas Company. The firm's No. 2-A Scharbauer was potentialized for a daily flow of 435.39 barrels of 44-gravity oil and no water. Gas-oil ratio was 1572:1. Casing pressure was 2,300 to 900 pounds and pressure on tubing was 1,560 to 180 pounds. The well was completed from perforations in casing at 10,505-580 feet and 10,830-715 feet. Those perforations were washed with acid. Location is 600 feet from south and 1,980 feet from east lines of section 15, block 40, T-2-S, T&P survey and 11 miles southwest of the City of Midland.

North Pecos Tester Drilling After DST

Greenbrier Oil Company No. 1 R. Levy in the Santa Rosa-Gas area of North Pecos County, topped the Devonian at 6,000 feet on a datum of minus 3,588 feet and is now drilling below 6,100 feet in lime and shale. Operator took a drillstem test from 6,061 feet to 6,076 feet. Tool was open 200 minutes. Gas surfaced in six minutes and there was a steady blow of gas for the remainder of the test. Recovery was 49 barrels of oil and 31.1 barrels of salty sulphur water. The exploration will be drilled on to approximately 11,000 feet to test. (Continued On Page Seven)

New Price Order Stymies Trading At Livestock Mart

FORT WORTH—(P)—Trade on the Fort Worth livestock market was in a demoralized condition Monday, usually the largest day of the week, with both buyers and sellers apparently stymied by the announcement that beef prices are to be rolled back to pre-Korea war price ceilings. Some bids were made on stocker cattle at prices \$2 to \$3 lower than last week's close and activity was reported very slow. Some small butchers were purchasing cattle and calves "steady" at the market price. Opinion seemed to be that the slowdown was occasioned by a desire for more clarification of the latest move of Price Stabilization Director Michael V. Disalle. In Clifton Webb's Case, Man Makes The Clothes

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD — The Laugh Parade: Clifton Webb usually winds up on a list of best-dressed men every year, but rarely gets a chance to display his sartorial finery on the screen. He hauled out the Bond Street duds a few days ago, however, when a film scene called for a slight touch of splendor.

It was up to Director Henry Koester to pick the right outfit so Webb modeled a variety of tweeds, do-skins and worsteds, but all of the suits were too elegant. "It's no use," Koester said, "your own clothes are simply too distinctive."

Webb threw himself up to his full height and fumed: "Gentlemen, it is I, not my clothes. As you are well known that as a baby I looked positively chic in my diapers."

But I'm she Gene Evans achieved star status in "The Steel Helmet" and now is sharing stellar billing with William Holden in "Force of Arms."

The MATURE PARENT

Let The Pudding Wait And Enjoy Your Child

By MURIEL LAWRENCE Mrs. White's baby is three weeks old.

Her neighbors, friends and relatives come to see her and her new daughter. "Beware of drafts," they say. "Don't worry because she has a slight rash. This formula worked for me."

But seldom does anyone say to Mrs. White: "Remember, above all else to enjoy your child. Take care that the chores of motherhood do not make you forget to savor the joys your child will offer you."

So Mrs. White is not warned. Her small Susan's babyhood—perhaps even her childhood, may come and go before Mrs. White suddenly realizes how brief they have been; how she has allowed the routines of living to distract her from enjoyment of them.

A full and happy experience of parenthood just doesn't happen. It is the reward of a conscious and alert resistance to the pressures of life's trivial demands.

Mrs. White, unwarned, is besting up a pudding for dinner when two-year-old Susan comes in from the yard calling excitedly, "Look, mummy, he likes me! He is walking on me!"

Mrs. White, her mind on her new recipe, takes one look at the black and brown caterpillar crawling across her child's dirty palm and says, "Throw that thing away and come back and get your hands washed."

There always will be pudding to make; but the opportunity to share

in Susan's first real awareness of life that is different from hers will not come again.

There always will be shopping to do; but there will be only one First Day at school with its lumpy clay animal brought home for a mother's awe and admiration.

There always will be gift wrappings and ribbons to pick up on Christmas morning; but a five-year-old son's rapture over his first electric train will be a little different from his Christmas morning joy at eight, at 13, at 16.

The afternoon the fever broke; the gift bought with the first earned dime; the confession of a lie that has been told—these are the moments which we are given to make use of. Properly used, they are the vital stuff from which we build what the child guidance authorities call a "good parent-child relationship."

They want us to use them because they know that if we pass them by, those lost opportunities for love and understanding will come back to haunt us in a slow but sure withdrawal of our children's trust and confidence.

If we use them, we will be able to rejoice with the new mother and her new baby. Regret and envy will not say to us, "How you wish you had it to live over again. How wise you are when it's too late."

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, APRIL 30, 1951-3

Dr. Harrell Talks To Auxiliary On Hospital Administration

Dr. Richard Harrell, administrator of the Midland Memorial Hospital, talked to the Women's Auxiliary to the Hospital Friday on the institution's "behind the scenes" working.

He stressed the fact that the building and equipment came into existence through the voluntary contributions of many people and organizations, but he added these contributions only made the plant possible and that funds for its operation had to come from the up-serve that the hospital had to sell—namely, care for patients.

He pointed out that very often patients confused hospital costs with the professional services of their doctors and then misinformed their relatives and friends concerning the actual situation.

Rates Based On Upkeep

Since the hospital's only source of income, he continued, is from the patients served, the rates charged must be computed from the upkeep of the plant. Wage scales of both professional and non-professional workers are constantly changing, he said, and prices of supplies are always advancing, so it has been a struggle to maintain room rates at the present conservative level. He brought out, however, that the rates now were as low or lower than rates on comparable rooms in other hospitals.

Dr. Harrell next took up the problem of employees. A staff of 73 was on duty that day, he said, but the number fluctuates almost daily. "The professional part of the staff," he pointed out, "is short in ratio to the shortage of nurses over the nation and as more go into the armed services the hospitals over the country will have a struggle to find replacements."

Has Help Shortage

"In the non-professional group, the hospital suffers shortages along with other businesses," he said. "As an example, from an expected group of 18 persons on housekeeping duty, often half do not report for purely personal reasons."

The hospital must operate on a pay-as-you-go basis, he added, and must strive to come up to a high standard. It is quite upsetting to this standard on days when there is a great turnover in the staff, Dr. Harrell said.

Dr. Harrell asked the cooperation of the Auxiliary in explaining these behind-the-scenes workings to the public, stressing the fact that the Midland hospital offers many advantages that hospitals in towns of equal size don't have.

To prove this statement he pointed out that very few hospitals of this size have the full-time services of a pathologist and radiologist, as the Midland hospital does.

Dr. Harrell closed by asking that the public help the hospital to become better in every way by obtaining factual information before accepting random statements concerning the institution.

Mrs. K. C. Heath was named president of the auxiliary in a business meeting preceding the program Friday. Other officers chosen were Mrs. Waldo Leggett, first vice president; Mrs. John Leigh, second vice president; Mrs. Harry Russell, secretary, and Mrs. K. A. Moore, treasurer. The retiring president, Mrs. Sager, will remain on the executive board along with newly elected members, Mrs. E. W. Cowden, Mrs. Katie Black and Mrs. John P. Butler.

Mrs. John Galley, chairman of the point system committee, gave a report on the group's work. The point system now under consideration is a method of awarding points for hours of service on auxiliary projects. The plan probably will be put into effect on a trial basis. Such plans have been used profitably in a great many hospitals to furnish greater incentives and to increase the Auxiliaries' usefulness, Mrs. Galley said.

A sample questionnaire was offered for approval by the president, Mrs. L. W. Sager. Mimeographed copies will be mailed to the entire membership so the new officers will have information on which to organize their year's work.

Mrs. C. J. Kerth, treasurer, reported a net profit from the Spring Style Show of \$1,268.28. Such profits are put into hospital facilities recommended by members of the medical staff or into facilities for the comfort of patients or nurses.

Learn To Handle A Husband Who Likes To Be 'Big Boss'

By RUTH MILLETT
NEA Staff Writer

Her husband has only one fault. But it is serious enough to make his wife miserably unhappy. He wants to be the "big boss" of the family—to give orders and have his wife jump to carry them out. If she doesn't jump, he sulks. And, she says, he has told her often, "Honey, if you do as I say and put up no argument, everything will run smoothly."

"It isn't that his requests are unreasonable," she says. "None of them is. It's just the idea—do this and do that, or else."

A marriage isn't a dictatorship—it's a partnership. And if the only way a wife can keep peace is to continually "Yes" her husband, never daring to disagree with him, jumping to do his bidding, then the peace is purchased at too high a price.

Don't "buy" peace that way. Don't

make an issue of every little thing that comes along. But when you feel your dignity as a person and as a full marriage partner is being kicked around, hold up your head and stand up for your rights.

Fighting isn't the worst thing that can happen to a marriage. If a woman turns herself into a doormat she is doing herself, her husband and eventually their marriage a great injustice.

For no human being can for long have any respect for the person who does not insist on his rights as an individual.

The "big boss" may sulk awhile and accuse you of trying to start a fight. But down in his heart he'll have a lot more respect for you. (All rights reserved. NEA Service, Inc.)

DADDY RINGTAIL

Daddy Ringtail And Cousin Happy Huffen

Daddy Ringtail was sitting beneath the very tall tree with the monkey house in the top, when who should come along but the Huffen Puffen, the friendly wolf.

But no! It wasn't really the Huffen after all. It was really the Huffen's cousin, Cousin Happy Huffen, the happiest wolf in the whole forest.

"Are you happy, Happy?" asked Daddy Ringtail.

"I am always happy," said Happy with a happy smile. And today he was extra happy because of the very

valuable paper he had found. Why, he could sell the paper for money, he could. With the money, he could buy all the things he wanted.

He began to talk about all the things he was going to buy. "I am going to buy me all the happy things there are in the world, I am," said Cousin Happy.

"Oh, now, Cousin Happy," said Daddy Ringtail, "you always have had the things you wanted."

"But now I shall have even more," said Happy, except while he was sitting there with Daddy Ringtail—while he was holding the piece of paper he had found, telling of all the wonderful things he was going

to do with the money the paper would bring him—the wind suddenly began to blow. It snatched the paper away and sailed it through the air and over the trees and far away. It was gone forever.

"Oh me!" said Cousin Happy, when he saw what had happened. "My paper is gone! I'm the unhappiest wolf in the whole forest." Oh, and Happy now was indeed unhappy. He put his head down between his knees to show how unhappy he was.

"Now, Happy," said Daddy Ringtail, "don't you be unhappy."

"Oh me. Oh my. So unhappy," said Happy.

"Happy," said Daddy Ringtail, "you shouldn't be unhappy."

"My paper is gone," moaned Happy, very unhappily.

"But Happy," Daddy Ringtail said, "you were happy before the paper came. Why not be happy again with it gone?"

"Why not? No reason at all, Happy decided, and so he stopped the being unhappy. He was just as happy as he used to be before the paper had come along to make him unhappy with losing it. "Happy" was his name. Happy day!

Texas Doctors Plan Redoubled Fight On Socialized Medicine

GALVESTON—Delegates to the Texas State Medical Association meeting here heard a call for redoubled efforts against socialized medicine at the opening session.

Dr. William M. Gambrell, president of the association, told the convention Sunday they should get closer to the people and become more active as individuals, both in their communities and the nation.

More than 100 scientific papers will be read during the four-day convention. Each day doctors will watch full color telecasts of major surgery as they are performed in Galveston hospitals.

Production Shows Logged In E-C Nolan

Sun Oil Company No. 1 Ruth Harp, East-Central Nolan County prospect which is located one-half of a mile north of the same concern's No. 1 Featherstone, a small discovery from the Strawne lime, has found some interesting shows of possible production.

It drilled test at 6,143-53 feet. The tool was open one hour. Gas surfaced in 31 minutes. No fluid came to the top while the tool was open.

Recovery was 250 feet of clean oil and 80 feet of oil and gas out drilling mud. There were no signs of formation water. Some of the drilling mud had a slightly salty taste.

Operator is now preparing to run a longer drillstem test on the same section as was covered by the foregoing investigation.

The section tested is a Pennsylvanian lime. Age of the lime has not been definitely determined. Some observers think it might be lower Canyon.

No recent markers have been reported.

Location is 1,980 feet from north and 860 feet from east lines of section 36, block X, T&P survey. It is 10 miles southeast of Sweetwater.

Six Traffic Victims Head List Of Texas Deaths By Violence

By The Associated Press
At least 10 persons died violently in Texas over the weekend with six losing their lives in traffic accidents.

Two persons were shot, a woman strangled during a vomiting spell and a crane fell on a man while he was watching a construction project.

The latest reported violent deaths include:

Julius M. Suler, Jr., 21, of Richmond was killed Saturday night when his automobile crashed into a culvert near Sugar Land.

Leon Luke Cernio, 17, was killed and Vincent Alfano, 15, injured when they were struck by an automobile as they poured gasoline into the tank of a parked car at Houston Sunday night.

Postmaster Cecil (Buster) Chamberlain, 37, was killed when a crane fell on him Saturday as he watched construction of the Goree, Texas, football stadium. Hollis Sturgeon was injured.

Mrs. Jennie T. Jones, 65, strangled Saturday at Fort Worth during a vomiting spell. Justice of the Peace Whit Boyd said it was a freak case of asphyxiation.

Woman Drowns
Mrs. Anita Lewis, 61, drowned early Sunday when the automobile in which she was riding plunged off a ferry landing at Corpus Christi.

Charles Warren, 16, was shot to death at Dallas Sunday night. Police said his brother, Rayburn, 15, fired what he thought was an unloaded rifle while the boys played.

R. G. Vaughan, 50, Cameron tavern operator, was released on \$3,000 bond on a charge of murder in the fatal shooting early Sunday of Jack Parker, 38.

Milam County Sheriff Carl Black said Parker was shot after an argument over who would pay for a taxi Parker had called.

E. R. Chaney, Jr., 32, of Fort Worth was killed and three persons injured when their automobile struck a bridge railing Sunday night near Electra.

Fred Mentwitch, 52, and James C. Oehlhausen, Jr., 16, were killed in an auto accident 12 miles from San Antonio Sunday night on the Frio City road. Two others, Albert Jackel, 58, and John Cavell, 52, were injured. All were from San Antonio.

OILFIELD WORKER INJURED
Sam C. Mack, an employee of the Tex-Harvey Oil Company, received emergency treatment Sunday at Western Clinic-Hospital for back and chest injuries suffered when he was caught between a drill collar and truck. He was hospitalized and released Monday.

TREATED AT HOSPITAL
Harry Hayes, oil field truck driver, was given emergency treatment over the weekend at Western Clinic-Hospital for removal of a foreign object from his eye.

Father States He Smuggled Ill Son Out Of Army Post

CHICAGO — A father said Monday he smuggled his sick soldier son out of Fort Leonard Wood, Mo., Sunday. He said the young man was unable to get medical attention there.

Monday, the soldier, Pvt. Stanley Ambroski, 21, was in an armed forces hospital at the Naval Training Center, Great Lakes, Ill.

The Ambroski family physician, Dr. Meyer Cohen, diagnosed Stanley's ailment as peritonitis.

The soldier's father, John Ambroski, 45, of Chicago, said he, his wife, Stanley's bride of six weeks, and the soldier's four brothers and sisters went to the Missouri Army post Saturday after hearing through Stanley's letters that he was ill.

The father said his son wrote that his complaints of illness went unheeded in the Army camp.

Ambroski said his son's letter said "Get me out, Dad. I am going to fall dead soon."

**Former Army Nurse
Faces Bigamy Court**

MIAMI, Fla. — A former World War II Army nurse, Mrs. Florence Miller Redelsheimer, is free on bond following her arrest on a Covington, Ky., warrant alleging she committed bigamy.

The prominent, 40-year-old Nashville, Tenn., former commander of the American Veterans of World War II and wife of Jonas G. Redelsheimer, 58, was released on \$500 bond. She was arrested Saturday night on a warrant sworn out by James T. Benn which alleged she committed bigamy when she married him July 21, 1949.

Detectives arrested Mrs. Redelsheimer at an apartment house where she had been living with her husband, a wealthy retired Tennessee businessman and a baby daughter. They have a home in Nashville but were spending the winter here.

No date has been set for the hearing on the bigamy charge.

SUFFERS BROKEN FINGER
Harral Hipps, 1910 North Colorado Street, a carpenter, received emergency treatment at Western Clinic-Hospital during the weekend for a broken finger and lacerations.

MEDICAL TREATMENT
Carolyn Evans, six-year-old Rankin child, was given emergency weekend medical treatment at Western Clinic-Hospital.

MAJOR LEAGUES—

Lippy Leo's Giants Again Do Nosedive

By JOE REICHLER
Associated Press Sports Writer

It no longer is a question of where the Giants will finish.

Now fans are asking—will they finish? Thunderstruck by the club's eleventh consecutive defeat—yes, the Giants lost again Sunday—New York fan-dam is wondering what Leo Durocher is going to do next.

Just picture the Giants' plight. The situation is almost unbelievable. These are the ballyhooed Giants, the club a majority of experts picked on opening day to win the flag. Now, two weeks later, Durocher's "My Kind of Club" is wallowing deep in the basement in danger of dropping out of sight completely.

The end is not yet in sight. Already in the midst of the third worst losing streak in the club's history, the dispirited Giants must face the relentless Dodgers in Brooklyn again Monday night.

The Brooks have won all five clashes between these arch interborough rivals. Two more losses would equal the Giants' longest losing streak. They dropped 13 straight in 1950 and 1944.

It was not until the sixth inning Sunday that the Dodgers broke up a 2-2 deadlock with a three-run uprising to pave the way for their 6-3 victory.

Homeeritis Does It
Larry Jansen, who started so well with that opening day shutout win, was the loser. A bad case of "homeeritis" proved his downfall. The first of Duke Snider's two homers put the Dodgers in front 1-0 in the fourth. After the Giants had gone ahead 2-1 on a homer by Bobby Thomson, the Brooks overcame a fifth and went ahead in the next round when Gil Hodges blasted a round tripper with Jackie Robinson aboard.

Snider's second solo blast came in the seventh off Dave Koslo. Erskine, although routed in the seventh, was credited with his first victory.

The victory put the Brooks into a three-way tie for first place with Boston and St. Louis. The Braves divided a doubleheader with Philadelphia. They won the opener 1-0, although held to two hits by Jocko Thompson. The Phils overcame a six-run first inning by Boston.

Harry Brecheen held the Cubs to six hits in Chicago to win his second game as the Cardinals pounded out a 6-3 triumph. Eno Slaughter drove in three St. Louis runs with a double and two singles.

Brownie Stun Tribe
Pittsburgh climaxed an uphill battle, beating Cincinnati 9-8 in the opener of a doubleheader that went 13 innings. The second game ended in a 1-1, 10-inning tie called because of the Pennsylvania curfew law.

Doubles by Pete Castiglione and George Metkovich won the opener in the thirteenth after Ralph Kinney's homer had tied the score at 9-9 in the ninth.

The lowly St. Louis Browns stunned the Cleveland Indians by sweeping both ends of their doubleheader in St. Louis, 6-3 and 13-11, to drop the Tribe into a first place tie with Washington.

The Senators backed into their share of the lead, accepting a 4-0 licking by the Yankees in New York. Cleveland and Washington each has won seven and lost three. The three-place Yankees have won eight and lost four.

Ed Lopat pitched the shutout, his second in a row, and his third victory without a defeat.

Boston's Red Sox tallied four runs in the thirteenth to outlast the Athletics 12-8 in the first game of a scheduled twin bill in Philadelphia. The Sunday 5:45 p.m. curfew called a halt to hostilities after the Sox had grabbed a 5-0 first-inning lead in the second game.

Ted Williams' homer, his fourth of the season, climaxed the thirteenth inning rally.

Ken Holcombe pitched a five-hitter as the Chicago White Sox shut out the Tigers in Detroit 4-0. Aaron Robinson collected three hits and Nelson Fox drove in two runs for the winners. Hal Newhouser was the loser.

Longhorn League— San Angelo Colts Back Into Top Slot As Indians Falter

By The Associated Press
The weather came to the aid of San Angelo in the Longhorn League Sunday and the Colts moved into undisputed first place.

San Angelo couldn't play Artesia because of high winds but Midland got in a game and lost to Sweetwater 8-4 to slide out of a tie for first with San Angelo.

Odessa at Roswell also was postponed because of the wind. Vernon blasted Big Spring 20-3 to push into a tie for second with Midland.

Sweetwater shoved across five runs in the second to beat Midland with a minimum of trouble. Jesse Torres scattered eight Midland hits to hang up his third straight victory and he also clouted a two-run homer and a triple.

Vernon slammed Big Spring virtually at will. Big Spring pitchers couldn't find the plate, and gave up a total of 20 walks. Rull Puig was the chief offender, allowing 14 bases on balls.

Texas Longhorns Six Games Ahead In Title Scramble

By The Associated Press
Texas' hopes of sweeping through the Southwest Conference baseball campaign undefeated were shattered last week, but the Longhorns still are prohibitive favorites to take the championship and play in the NCAA tournament for the third straight year.

Baylor's Bears, who have a habit of beating the Longhorns at least once a season, knocked them over 13 last week but couldn't stand prosperity. In a second game Texas won 4-1.

Going into the final weeks, Texas is six games ahead of runner-up Southern Methodist but hasn't played as many games as the Methodists. Six conference tilts are scheduled this week. They are:

Monday—Southern Methodist vs. Texas A&M at Dallas, Texas Christian vs. Rice at Fort Worth
Wednesday—Baylor vs. Rice at Waco.
Friday—Baylor vs. Texas A&M at Waco, Rice vs. Texas at Houston.
Saturday—Baylor vs. Texas A&M at Waco.

Peacetime Taxing Limit Proposed By Congressman

WASHINGTON — Representative Curtis W. Nebeker Monday proposed to set a constitutional limit on the amount of taxes Congress can levy in peacetime.

He prepared for House introduction a resolution calling for a constitutional amendment which would hold the peacetime taxing power of Congress to 10 per cent of the national income for the preceding year.

Under the proposal, Congress by a two-thirds vote could suspend operation of the amendment when additional revenue was needed for defense purposes.

The Brenner Pass was crossed no fewer than 96 times by various emperors between 793 and 1402.

STYLISH SHORTSTOPS—Rango Roy Smalley of the Cubs has tremendous potentialities. Alvin Dark helps the Giants at bat as well as in the field. Chiro Carrasquel of the White Sox is far advanced for a sophomore. (NEA)

Jameson Sets Pace In Fresno Tourney; Bauer Sisters Trail

FRESNO, CALIF. — Comely Betty Jameson, golfing pride of Texas on the feminine side, led her closest rival by three strokes as the field teed off Monday in the second round of the 54-hole Women's \$3,000 Open Championship Tournament.

The San Antonio miss, former National Amateur and Open title holder and now a professional, turned in a great men's par 72 Sunday to lead the field.

It was a remarkable performance in view of weather conditions. Players were pelted some of the time by rain, battled strong wind and sodden fairways.

Miss Jameson carded 36-36-72, for the 6,525-yard Sunnyside Course. It clipped four strokes off women's par and five off the course record for women.

Trailing Miss Jameson by three shots was Shirley Spork, young pro from Bowling Green, Ohio, who had a first-round count of 37-38-75.

The tournament favorite, Mrs. Babe Didrickson Zaharias, started the second round in a three-way deadlock with Marilyn Smith of Wichita, Kan., and Louise Suggs of Carrollton, Ga., at 77.

Others close up included Patty Berg, Minneapolis, 78. Amateurs Beverly Hanson and Edean Anderson, at 79; Alice Bauer, 80, amateur Barbara Ransom, 80, and the younger of the Bauer sisters, Marlene, at 81.

Black Indians Shell Pecos 29-13

The Midland Black Indians took a wild 29-13 tilt from the Pecos Tigers Sunday afternoon in Indian Park. Three times in the sixth inning the Black Indians batted around—with Yancey Batte making all three outs in that inning.

Gus Sanders and Mad Man Summers were shelled from the mound for the Midland unit, with Oscar Lewis sticking it out for the win. He worked five innings. John Hall pitched the final two frames, striking out five men. All Black Indians hit safely.

Commander Named For Carrier Division

TOKYO — Rear Adm. George R. Henderson has been named commander of U. S. Carrier Division One, serving in Korean waters.

His headquarters will be aboard the U. S. carrier Valley Forge.

Capt. Robert C. Suttiff Monday took over Henderson's old post of commander, fleet air, Japan, and commander of naval bases in Japan.

In addition to his new commands, Suttiff will continue as commanding officer, Naval Air Station, Atsugi, Japan.

225 Doctors Invited To Hear North Talk

Invitations have been extended to 225 doctors of West Texas and New Mexico to hear Dr. J. P. North of Dallas, associate professor of surgery of the Southwestern Medical School, who will be guest speaker of the Midland Diagnostic Cancer Clinic's monthly education meeting here Monday night.

The meeting will be held in the recreation room of the nurses home of Midland Memorial Hospital.

Dr. North, who is serving as chairman of surgical services at the Veterans Hospital in McKinney, will speak on "Cancer of the Stomach."

Association Names 'Doctor Of The Year'

GALVESTON — A 65-year-old physician who has delivered 2,300 babies in his 42 years of medical practice is the new "Texas family doctor of the year."

Dr. Leo J. Peters of Schulenberg in Southeast Texas was honored with the title Sunday at the opening of the State Medical Association's 84th annual meeting here.

Taylor Man Jailed On Kidnaping Charge

ABILENE — Floyd Greenwood of Taylor County was jailed here after a charge of kidnaping had been filed against him in the abduction of his two-year-old adopted daughter.

The child was taken from a home here shortly after Mrs. Elwanda Greenwood was granted a divorce Saturday in which she was given custody of the girl.

Greenwood was arrested near San Angelo after officers fired twice to stop the car.

King's Row

by LARRY KING

If you attempt to telephone a Midland friend Tuesday and fail to get an answer, don't be mad at the telephone operator—for likely friend Midlander has gone fishing. Lake Colorado, just out of Colorado City, opens at 12:01 a.m. Tuesday, and many Midlanders are due to be on hand. One man already has said he'll be waiting when the lake opens.

Bob Drake, 606 South Main, has been selling memberships in the resort around Midland lately.

"Right now," he said, "it looks as if about 98 per cent of the fishermen down there are going to be Midlanders."

"For instance, on the west side, out of 114 sites only three have been leased by non-Midlanders."

We wouldn't mind dipping our over-sized number 12 brooms in the 70-foot deep waters of Lake Colorado at all. The resort has been heavily stocked with channel cat, crappie and bass. There are 13 miles of shoreline to wander up and down, and there are row boats and motor boats for rent if you get tired of wading.

Colorado City police will be on hand to patrol the shoreline to see that accidents are held to a minimum.

Louie Hale is leaser and manager of the lake. Another Colorado City man—W. W. Porter—is owner and operator of the newly-formed Lake-City Anglers Club at the resort, of which many Midlanders are members.

Charge for fishing at the lake—above membership—is 25 cents per day for persons over 18 years of age, or \$5.00 per family for the year. This item was tacked on by the Colorado City Council members, and applies to non-residents of Mitchell County as well as the home folks.

Approximately 200 cabins now are under construction at the fisherman's paradise, but few are completed as of now. However, cabins soon should be available for a large number of Midland pleasure-seekers and sportsmen.

We'd sure like to be in that category.

Mackey Consolation Winner In Tourney

SWEETWATER — Sammy Reynolds of Wichita Falls defeated Raymond Marshall of Lubbock 5 and 4 Sunday to capture the Sweetwater Invitation Golf Tournament.

Midland's High School golfer—Graham Mackey—defeated Buddy Sprague of Fort Worth 5 and 3 for consolation honors.

Pat Garner Wins Hobbs Invitational

HOBB'S, N. M. — Pat Garner of Midland, Texas, beat Joe Boswell of Roswell, N. M. 5 and 4 Sunday to win the Hobbs Invitational Women's Golf Tournament here.

High winds and dust were reflected in the scores of the players. Miss Garner defeated Cecile O'Neal of Odessa, Texas, 3 and 2 in the semi-finals. Miss Boswell won 2 and 6 over Billy Dillon of Big Spring, Texas.

Carlsbad Thumps Midland Colts 11-7

The Carlsbad N. M. Colts had more kick than the Midland Colts Sunday afternoon and defeated the Midland Latin-American nine 11-7 in Colt Park.

Romeo led the Midland team at the plate with a double, a single and a home run in five times at bat. His home run came in the eighth inning with one man on.

Midland Man Wins In Iran Tourney

IRAAN — Troy White of Big Lake won the championship of the Yates golf tournament here Sunday. Jelly Alford was runner-up.

Denver City's Bob Cryer was medalist in the 155-man field. Raymond Leggett of Midland copped the third flight championship.

Sul Ross Is Winner At H-SU Annual Rodeo

ABILENE — Sul Ross of Alpine won three of six events in the Hardin-Simmons fifth annual Intercollegiate Rodeo here.

Harley May of Sul Ross Sunday was named champion cowboy. Mary Lou Schols of Hardin-Simmons was the champion cowgirl.

Indians Bow To Swatters By 8-4 Score

Midland and Big Spring meet in the first of two games here at 8:15 p.m. Monday in Indian Park. Eddie Jaome, Midland pitcher who has won four games, probably will be the hurler for Harold Webb's club.

SWEETWATER—Jesse Torres, Sweetwater's limited service right-hander slapped an 8-4 defeat on the Midland Indians here Sunday afternoon. Torres held Midland to eight hits and swatted a two-run homer and a triple in winning his third game straight this season.

Texas League— Fists Fly As 'Necks Win Twin-Bill From Disillusioned Oilers

By The Associated Press
It could be the war influence, but more fighting is going on in the Texas League than for any comparable period in a long time. It isn't just scrapping for victories either; the boys are swinging haymakers.

Sunday, it broke out at Beaumont, where the Roughnecks clipped the disillusioned Tulsa Oilers in both ends of a doubleheader. Most everybody tried to get into the act and the upshot, was that John Temple, Oiler second baseman, got spiked and had his head opened enough that it required 14 stitches to close the gash.

Otherwise, there was a lot of slugging of the horsehide over the league. Nine home runs were hit in the six games.

San Antonio's high-riding Missions poured it on Fort Worth's sore back 12-0 with circuit smashes figuring prominently in the carnage. Babe Martin and Austin Knickerbocker parked the ball while Tommy Fine pitched a nine-hitter. San Antonio socked 14 hits.

Beaumont beat cellar-dwelling Tulsa, the pre-season favorite to lead the race, 9-0 in the first game with Harry Schaeffer giving up only six hits, and took the nightcap 5-3 with a four-run blast in the seventh. Billy Cope drove in the winning tally with a double. The fight occurred in the first game and came when Schaeffer slid into second and Temple dropped the ball as he tried to complete a double play. The ball was lodged under the Beaumont pitcher and Temple began swinging with his fists.

It was one of a half-dozen rough-house brawls that have been run off in this circuit this season with the race less than a month old.

Houston edged Dallas 5-4 with Les Fusselman blasting a 360-foot homer in the ninth to furnish the margin. Dick Bokelmann got credit for his third pitching victory in relief.

Shreveport and Oklahoma City split a twin bill. The Sports won the first 6-5 with Frank Benites furnishing the necessary punch as he drove in three runs with a homer and double. Oklahoma City took the afterpiece 8-2, getting a seven-run lead in the first inning, thanks to wildness on the part of Bill Henry and Howie Auman of Shreveport. Johnny Kellert hit a home run in each game for Oklahoma City.

That Roswell-Odessa game, which ended too late for us to get a report Saturday night, was won by the Oilers 12-10.

MHS Youths To Enter State Meet

A four-man Midland High School golf squad and a two-man MHS track team will depart Wednesday for Austin to enter the state meet.

Graham Mackey, Marcelino Moreno, Roane Puett and Johnny Ward make up the MHS golf team. Roy Kimsley and W. H. Black will represent Midland in the track and field meet. Kimsley will enter the 220, 100 and 440-yard dashes. Black will enter the pole vault. Coaches Audrey Gill and Tugboat Jones will accompany the boys. Jones said Spring training here would be handled by assistant coaches during his absence.

The Road to Failure is Paved with Wasted Assets

PHILADELPHIA — (AP) — G. I. Johnson, former star passer for Southern Methodist, signed Saturday with the Philadelphia Eagles. Coach Alvin (Bo) McMillin said Johnson figures prominently in his plans. McMillin has made no pretense about the fact that he wants a younger man to replace Tommy Thompson, who has quarterbacked the National Football League club since 1941. Tommy will become an assistant coach at the University of Arkansas.

Mass Illness Breaks Up Church Meeting; 39 Persons Treated

ERICKSDAHL, TEXAS.—Thirty-nine persons received hospital treatment Sunday night after a statewide church conference in this small West Texas town was broken up by a mass sickness. Besides the 39 taken to a hospital at Stamford, 10 miles southwest of here, many others were treated at private homes in this Scandinavian community. It was believed no one was critically ill.

The illness came during the final session, a youth rally, of the 29th annual convention of the Texas Conference of the Evangelical Lutheran Augustana Church. The convention began Thursday.

The Stamford hospital was jammed beyond capacity. Patients were bedded down in halls, the library and doctor's offices. Extra bed linen had to be brought in.

All meals during the convention were served at the host church—Bethel Lutheran Church of Ericksdahl. Dr. Hugo B. Haterius, the pastor, is Texas president of the church. Most seriously ill

The two most seriously ill, doctors said, are Mrs. Erick Orsell, Fort Worth, and Mrs. H. E. Orsell of Ericksdahl. The ill also included two ministers expected to be released Monday after treatment. They are the Rev. C. Russell Lundgren of Dallas and the Rev. P. A. Leaf of San Antonio.

The speaker at the final session, the Rev. Goger Carlson of Fort Worth, president of the Texas Conference of the Luther League, was among those stricken.

Of the 39 given hospital treatment, 20 were released after first-aid treatment. These included Mr. Carlson. Those kept for further treatment:

Mrs. Robert L. Ohls, the Rev. Kenneth C. Larson, and Mrs. C. T. Nyberg, all of Houston.

Mrs. Christine Bergwall, Mrs. John Hagland and Mrs. W. A. Erickson, all of Galveston.

Mrs. J. A. Lundgren, and Mrs. R. C. Burlington, both of Stamford, Okey Richards, Mr. and Mrs. E. W. Carlson, Bliss Cavender, Mrs. T. M. Smart, Mrs. O. A. Stenholm, and Mrs. C. H. Peterson, all of Ericksdahl.

A cold supper was served at the church prior to the final session of the convention.

Three Persons Killed When Train Smashes Into Sherman Tank

BARBERTON, OHIO.—An Ohio National Guard tank lumbered into the path of a speeding Erie passenger train here Sunday and three of the tank's five-man crew were killed. One was injured. Six persons on the train were hurt, none seriously.

Earl Lybarger, who lives near the crossing in this Akron suburb, said two men leaped from the 33-ton Sherman tank before the six-car train struck.

Dead were Donald Peterson, 19, Barberton; William Livingston, 22, Doylestown; and Dale Cox, 27, Akron. All were members of the O.N.G.'s 137th Medium Tank Battalion, 37th Infantry Division, which had been ordered to move from Portage Lakes.

One of the two guardsmen who jumped from the tank, Carl Nichols, 29, of Akron, was reported in fair condition in Citizens' Hospital here. The other, Don Jamieson, 24, of Rittman, Ohio, was unhurt.

Parts of the tank were strewn 1,000 feet along the tracks. The train bounced off the tank and tilted at a precarious angle.

The engine of the train, J. F. Mason, 61, of Marion, Ohio, said "it was coming around the curve (800 feet from the crossing) and saw the tank pulling onto the tracks. But it was too late."

"It sounded like the whole end of Barberton was blowing up when the train hit the tank," said Lybarger, who was watching from his front porch. "My wife fainted when she saw that the engine would not miss the tank."

Another train finished the Chicago-to-New York run for 200 passengers.

They also have considered requiring all the owners of large business enterprises to be listed so that any ownership by known criminals can be detected.

+ Crane News +

CRANE—Dr. B. J. Maynard and family are in Galveston this week where Dr. Maynard is attending the state medical convention which opened Monday for three days.

Mrs. Max Leaman and daughter, Barbara Ellen, are visiting Mrs. Leaman's parents, Mr. and Mrs. Harry Sobol of Corpus Christi.

The Crane Rebekah Lodge Degree Team 92, led by Mrs. Garnet Lambly, captain, was winner of second place in competitive work at the District 20 meeting of the West Texas IOOP and Rebekah Association April 27 in Andrews. The morning session was called to order by Judge Milton Ramey, with the presentation of the flag by Kermit Lodge 134, and the presentation of officers by Big Spring Lodge 294. One of the highlights of the evening session was the memorial service, with John Kee Lodge 153 from Big Spring in charge. The next meeting will be in Kermit in October.

Allies—

(Continued From Page One) south of the city as "vital and strategic."

UN forces, he said, "welcome the opportunity to destroy the Communist Army north of the Han."

AP General Executive Frank H. King reported after Van Fleet's press conference that "United Nations forces will not be sacrificed unnecessarily" to hold Seoul.

The Reds have suffered 70,000 casualties in their seven-day-old offensive.

The Red radio at Pyongyang reported Sunday midnight Communists were only seven and a half miles from Seoul.

Reports Censored Heavily Heavily censored field reports indicated they were much closer Monday. Censors blue-penciled all mileages.

American tank patrols slashed through the Reds at night. One force rumbled 11 miles north of Seoul to Uijongbu.

Some anti-tank fire was encountered. One Chinese soldier attacked a tank with a box of TNT on the end of a long pole. It damaged the tank slightly. The Chinese was killed.

Van Fleet emphasized that the Red buildup was for the assault to capture Seoul on May Day, official international Communist holiday.

He said the offensive is "aimed initially at the capture of the vital and strategic Seoul area and the line of the Han to its confluence with the Pukhan River and thence to the east coast with the possible objective date of May 1, the politically important worldwide May Day holiday."

"The ultimate goal of the attack has been boosted as a design to destroy UN forces in Korea or drive them into the sea."

Three hundred thousand Reds attacked "in human sea tactics," Van Fleet said. "However, the determined UN resistance, including massive artillery and air strikes, disrupted the enemy's long planned offensive by inflicting heavy casualties... at least 70,000."

Midland Negro Goes On Trial For Rape

Tramie Godfrey, 30, went on trial in 70th District Court here Monday, charged with the rape of a 20-year-old Latin American mother of two children.

The first witness was not expected to take the stand until Monday afternoon. Selection of a jury began Monday morning before Judge R. W. (Bob) Hamilton.

Representing the state was District Attorney W. O. Shafer of Odessa, while Hal Rucker and Noel Cason have been named by the court to defend the negro defendant.

As the Godfrey case was called to trial, Judge Hamilton re-set for Wednesday the trials of Jimmy Parks, charged with armed robbery in the holdup last Fall of the Western Union office here, and Moses Lerma, charged with murder.

Godfrey is charged with assaulting the Latin American woman last September after carrying her to a vacant lot from an automobile in which she and her two small children were waiting for her husband.

Dead were Donald Peterson, 19, Barberton; William Livingston, 22, Doylestown; and Dale Cox, 27, Akron. All were members of the O.N.G.'s 137th Medium Tank Battalion, 37th Infantry Division, which had been ordered to move from Portage Lakes.

One of the two guardsmen who jumped from the tank, Carl Nichols, 29, of Akron, was reported in fair condition in Citizens' Hospital here. The other, Don Jamieson, 24, of Rittman, Ohio, was unhurt.

Hicks Wins District Speaking Contest

A Midlander, Paul Hicks, won first place in a speaking contest of District 25, Toastmasters International, at Dallas Saturday night.

Hicks, who is a member of the Midland Toastmasters Club, spoke at Dallas on the subject, "Now Is The Time."

He recently won an area contest at Big Spring. As winner of the district contest, he will enter zone competition at Joplin, Mo., in June. The winner there will go to the International contest at San Diego, Calif.

The district contest at Dallas featured contest speakers from Texas and Louisiana. The speaking contest was part of a district meeting program.

Public May Purchase Crime Panel Report

WASHINGTON.—Copies of the Senate Crime Committee's forthcoming report will be sold to the public at 40 cents each.

Announcing this Monday, the Government Printing Office said it now is accepting advance orders.

The office expects to start printing the report either Monday night or Tuesday. Assistant Superintendent of Documents C. W. Buckley told a reporter copies for the public will be ready later in the week.

He estimated the report will run about 200 pages or less.

IN HOSPITAL

Mrs. P. A. Brooks, who lives on a ranch near Midland, is a medical patient in Western Clinic-Hospital.

13 Persons Indicted On Charges Of Fixing Basketball Games

NEW YORK.—Thirteen indictments charging fixing of college basketball games were returned Monday by a New York County grand jury.

The indictments named 13 college players. The thirteenth was a superceded indictment against Salvatore T. Sollazzo, jeweler and alleged fixmaster accused of bribing players to jiggle game scores.

The indictments were returned to General Sessions Judge Jacob Gould Schurman about three months after the scope of the alleged bribery scandal first was exposed.

The superceding indictment against Sollazzo replaces a previous one handed up against him. In the first indictment, Sollazzo is named with Edward Gard, former Long Island University player. It charges 29 counts of bribery involving \$26,500 and one count of conspiracy.

Heid Without Bail Sollazzo has been held without bail since his arrest in February and Gard has been kept in protective custody of police at a hotel by his own request.

The other players named have been at liberty on bail. These include Alvin Roth, former City College of New York player, accused on three counts of receiving bribes totaling \$3,500, and one count of conspiracy.

Edward Roman, City College player, named on four bribery counts involving \$4,000, and a conspiracy count.

Floyd G. Layne, City College player, named on four bribery counts involving \$2,750, and one of conspiracy.

Former President Hoover Urges RFC Now Be Liquidated

WASHINGTON.—Former President Herbert Hoover Monday said the Reconstruction Finance Corporation (RFC) should be liquidated, largely because its original purpose has become "submerged in support of risky business."

He said "favoritism and corruption" have been demonstrated in its operation. Hoover, who recently urged that the RFC be abolished, appeared before the Senate Banking Committee to tell the reasons behind his view.

In a statement prepared for the committee, he said: "I believe that the RFC should be liquidated. xxx

"I believe some facilities for loans in the small business field should be continued under other organizations."

Small business loans, the former President said, should be taken over by the Federal Reserve Banks.

Hoover is one of a number of witnesses called by the committee. Banking subcommittee, headed by Senator Fulbright (D-Ark.). The subcommittee has charged political favoritism and influence in RFC loans.

"I am of course shocked at the exposures Senator Fulbright's committee have brought out and doubt if he has more than scratched the surface," Jones wrote.

"If we cannot have integrity in our government, why sacrifice our boys in Korea and our billions in defense of our country?"

"To me it is beyond understanding, how good men can countenance the things that are going on and I of course know we have many fine men in the Congress, but they should stop the graft or acknowledge that right is not worth fighting for."

Kiwanis Hears Girlstown Talk

Members of the Kiwanis Club, meeting in their regular luncheon-meeting Monday, were told of the operations of Girlstown in Whiteface.

The speaker was Miss Amelia Anthony, founder of the institution for neglected girls.

"You have heard it said that it takes an old maid to tell you how to raise your children," she said. "Well, this old maid isn't satisfied to tell you how; she wants to rear some herself."

She explained that Girlstown was founded as a counterpart to the famed Boys Town.

"We feel," she added, "that it is just as important to train girls as it is to train boys."

"We have provided a place which gives a girl her eternal right to the love and guests of a home."

Special guests at the meeting, held in Hotel Scharbauer, were 13 members of the Lamesa Kiwanis club, headed by President Roy Storey.

Money, Once All-Powerful, Now Ex-Hero With Clay Feet

By HAL BOYLE

NEW YORK—(P)—Whatever happened to money? Everybody used to like it. Now everybody seems to be mad at it. Money once held its head high and used to marry for money. They had an awe in their tone when they talked about money. They liked to hold it in their hands and jingle it in their pockets. The highest tribute one man could say about another was, "Why, he's got money to burn." Money even had a voice of its own. At least folks used to say, "Money talks." And they also had a saying, "Money'll getcha anything in the world."

A person who didn't have a proper regard for money was looked down on. It was said of one who wasted it—"He must think money grows on trees." Today money has lost its top hat. It is an ex-hero with big clay feet. Money is shabby. Money is a bum, a no-good. People see money now and they say, "What good is it?" They try to hold it in their hand... and it is gone... and they say, "What happened to it—did it evaporate?"

Shakespeare said it. The man who used to brag he had folding money now wants to know if money is folding. Shakespeare saw it all coming years ago when he wrote, "Who steals my purse steals trash." Anybody heard money talk lately? It certainly isn't deafening any one I know. A five-dollar bill today wouldn't dare lift its voice in a five-and-ten-cent store. What happened to money anyway? It was a champ. It had the world

at its beck and call. It would buy everything except happiness, and people laughed. "And what good is happiness? Now they smile sadly and tell a fellow, "That ain't hay," he has an answer. "I can tell it ain't hay," he says, "but just what is it? He doesn't even recognize it." Whatever happened to money? It used to be such a fine friendly thing. Some folks still say nothing's wrong with money. They say it's just as good as it ever was. They say that what is really wrong is a thing called the high cost of living.

Well, all I say is, somebody'd better do something about that darn cost of living then. Because right now money—right or wrong—is getting all the blame. Remember when everybody said, "You gotta give money credit?" Let's start giving money credit again. Otherwise maybe we won't be able to get credit for money.

Hood Completes Dodge Training

MISHAWAKA, IND.—Ivan E. Hood of Midland, Texas, was graduated Friday from the Dodge School of Transmissioning and awarded a certificate of proficiency signed by J. E. Otis, Jr., president of Dodge Manufacturing Corporation, and Vinton B. Yardley, director of the school. Hood is employed by Electric Service and Supply Company, Inc., of Odessa, Texas, as sales engineer. This recognition follows his success in passing final examinations in specialized subjects covering technical theory, application and operation of mechanical power transmission machinery manufactured by Dodge. The advanced, intensive course is offered in Mishawaka, only to qualified engineers who have had substantial experience in the field of industrial equipment. The certificate qualifies Hood to serve industry as a Dodge transmissioneer. Joseph Sweeney invented the banjo, so called because he was dubbed a one-man-band.

Brendler To Direct U. S. Navy Band In Two Concerts Here

Lt. Cmdr. Charles Brendler, USN, will bring his famed United States Navy Band to Midland for afternoon and night concerts Thursday. The Midland Lions Club is sponsoring the appearance of the "world's finest" musical organization here. The concerts are scheduled at 3 p.m. and 8 p.m. in the Midland High School Auditorium. General admission tickets may be obtained from any Lions Club member or at the Chamber of Commerce. The tickets may be exchanged for reserve seat ducaats at Tallorline, Inc., Monday through Thursday. Student tickets are on sale at all schools. Commander Brendler, who will conduct the Navy Band in its appearance here, is one of the world's most noted band directors. When he was a lad of 15, he enlisted in the United States Navy and went to sea aboard the U.S.S. Florida with a "landsman for musician" rating that drew him \$17.16 a month. Played His Way To Top Four years of the sea and service discipline didn't discourage the clarinet-playing youngster in the least, for he found that Navy life agreed with him. Because it did, he has remained in the service ever since. In 35 years, he played his way to the top—and a higher top than any musician ever has achieved in the Regular Navy before. He holds the rank of lieutenant commander and is conductor of The United States Navy Band. The Navy Yard in Washington (now known as the Navy Gun Factory) has been home base to Commander Brendler since 1917, when he came to the Navy Band to fill a clarinet vacancy. After 20 years as a member of the Band (it is now the official United States Navy Band), his qualities of leadership won him promotion to assistant leader. Five years later, in 1941, he was appointed leader. In his capacity as leader of the band Commander Brendler has achieved notable distinction, both in Washington and throughout this country and Canada.

China Reds Grab British Oil Firm

HONG KONG—(P)—The Communist, Chinese regime is taking over the holdings of the British-owned Asiatic Petroleum Company in China. The move, announced Sunday by Red China's premier and foreign minister, Chou-En-Lai, apparently is in retaliation for the recent seizure of the tanker Yung Hao by the British in Hong Kong. A Peiping radio broadcast said the oil property seizure was made "in the public interest," the same reason advanced by the British when they took possession recently of the tanker under a Hong Kong ordinance that allows requisitioning of private property in an emergency. The seizure was the first of British property by the Peiping regime, which has been recognized by the British government. American holdings in China were taken over last Fall and Winter.

Truman To Get New Gift Piano

WASHINGTON—(P)—Piano playing Harry S. Truman is going to get a spinet, a specially designed one with a full keyboard. The instrument, assembled jointly by the country's major piano manufacturers, will be presented to the President May 9 as part of a ceremony opening National and International Music Week. Truman is chairman of the week-long celebration, intended in large part to show the role of music in the armed forces' morale and recreation programs.

West Texas Convict Flees Prison Farm

SUGARLAND—(P)—A search continued Monday for E. C. Parker, a 29-year-old convict, who escaped the Central Prison Farm here Sunday. Officials said Parker apparently hid in a vehicle that later left the farm. He was under a 17-year sentence from Amarillo, Big Spring, and Canyon for theft and sodomy.

Cattleman Blasts OPS Meat Program

FORT WORTH—(P)—A member of the OPS Livestock Advisory Committee calls the new beef price ceiling program "the worst kind of discrimination against the livestock industry." Jay Taylor of Amarillo Sunday night said OPS Director Michael V. DiSalle pulled the ceiling program "out of a hat" after a plan had been submitted to the committee for ceilings based on January 25 prices. "It's made a mockery of the advisory committee," Taylor said. "It's going to reduce production, when the very thing they want and need, is production," he said. Taylor also is vice chairman of the National Livestock and Meat Board and past president of the Texas and Southwestern Cattle Raisers Association.

Hear Whole Story Before Deciding, Is Veep's Advice

EL PASO—(P)—Vice President Alben Barkley believes the American people should not form an opinion on the dismissal of General MacArthur until they have heard all phases of the dispute. Barkley spoke here Sunday to launch the drive for the 1951 United Jewish Welfare Fund. He was to speak in Fort Worth Monday night in support of the same fund. The vice president told an audience here to wait until Senate committee hearings have aired fully the Truman-MacArthur dispute before deciding who is right and who is wrong. He declined to comment on the suggestion of Republican Leader Harold Stassen that Truman and MacArthur meet personally to settle their differences in Far East policy.

+Rankin News+

RANKIN—Visitors in the Tom Workman home recently were Gordon Deas of Houston and Jimmy Workman, Texas Tech students, Mr. and Mrs. Joe T. McCommick, Jr., of Lubbock and Mrs. David Workman and Cathy Ann of Midland. Mr. and Mrs. D. O. McKelvey left recently for Temple, where they expected to remain a week. Mrs. W. M. Hill, Nancy Gary and Mrs. Glenn Hill visited in San Antonio and in Fredericksburg with Mrs. Johnnie Ruth Gary several days last week. Considerable damage was done to the interior as well as the exterior of homes and buildings in Rankin as a result of Tuesday's terrific wind, rain and hail storm. Business houses along Main Street were flooded.
