

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Opener Completed; Wildcat, Flanker Staked in Dawson

Completion of a discovery and the spotting of a wildcat and an offset to a wildcat have been reported in Dawson County, all by James H. Snowden and Associates.

The new field opener is the operation No. 1-30 Dean, 600 feet from north and east lines of section 30, block 1, J. Poitevant survey and 13 miles northeast of Lamesa.

It was completed on the pump for a daily potential of 100.09 barrels of 39.5-gravity oil.

Production is through perforations in casing opposite the Spraberry at 7,288-7,298 feet. Hole is at plugged back total depth of 7,298 feet.

Gas-oil ratio was 324-1. Two per cent water was made in addition to the oil.

8,000-Foot Wildcat
Snowden and Associates No. 1-10 Carrie S. Dean is to be a 8,000-foot wildcat 21 miles east of Lamesa and 1.983 feet from north and 670.3 feet from west lines of section 10, block 33, T-5-S, T&P survey.

That puts it about one and one-quarter miles west of the west line of Borden County. The projected destination is calculated to take the project into the Canyon reef.

One location southeast of James H. Snowden No. 1-32 Carrie S. Dean, assured Spraberry discovery in Northeast-Central Dawson County, the same operator staked driftest for No. 1-40 Carrie S. Dean.

It is 600 feet from north and 661 feet from west lines of section 40, block 1, J. Poitevant survey.

Wichita-Albany Test Scheduled in Howard

Lawrence J. Hunter of Plainview is to start drilling soon at his No. 1 Shive which is to be a 5,500-foot wildcat in Central-East Howard County.

The prospector is to be drilled to test through the Wichita-Albany section of the lower Permian. Location is 1,800 feet from south and 660 feet from west lines of section 30, block 30, T-1-N, T&P survey.

That makes it two miles north and one mile east of Coahoma.

The location is one half of a mile south and one quarter of a mile east of Stanolind Oil & Gas Company No. 1 Buchanan, an Ellenburger failure which was plugged a few months ago after drilling to 9,280 feet and failing to develop any production.

Slight Shows
The Stanolind No. 1 Burton had some slight shows of oil in the lower Permian above 5,460 feet, but testing of that section failed to produce any sort of oil in commercial amounts and the wildcat was abandoned.

Hunter No. 1 Shive is to be drilled as a result of a deal worked up by R. R. Herrell, A. L. Attaway and J. C. Williamson, all of Midland.

They assembled a spread of leases in that region and then turned an interest in the leases to Hunter to drill Herrell, Attaway and Williamson retained interests in the deal.

The prospector is being supported by Stanolind Oil & Gas Company, Southern Minerals Corporation, Casden Petroleum Corporation and Casden Petroleum Company.

Interesting Shows Logged in Midland

Interesting shows of possible Spraberry production were developed in a driftest test from 8,725 to 8,800 feet in Ralph Lowe No. 1 Paken, Ellenburger wildcat one-quarter of a mile northwest of the Texas drive-in theater and one mile west of the Midland city limits.

Recovery on the two hour test was 10 feet of clean oil and 530 feet of oil and gas-cut drilling water. Bottom hole pressure during the test was 2,460 pounds.

There was a fair blow of air throughout the test.

A previous driftest test, from 8,444 to 8,525 feet, developed 65 feet of oil-cut drilling water and one gallon of free oil.

The test from 8,725 to 8,800 was taken in the lower Spraberry. The project, contracted to 13,000 feet, is drilling below 8,888 feet in Spraberry.

Driftest is 600 feet from northwest and northeast lines of section 6, block 39, T-2-S, T&P survey.

Dawson Discovery Is Flowing To Test

Amerada Petroleum Corporation No. 1 Adcock, discovery for flowing production from the Siluro-Devonian in Central-North Dawson County, is at drilled out total depth of 10,625 feet swabbing to test.

Operator swabbed out 194.47 barrels of new oil in 15 3/4 hours through perforations at 10,808-815 feet.

After that period the well kicked off and flowed 52.53 barrels of oil in five hours. Gas-oil ratio was 243-1. Location is 467 feet from west and 1,530 feet from west lines of section 166, block 34, D&SE survey, T-7-N. That makes it about 14 miles northeast of Lamesa.

McCAMEY—Young Don Smith found himself "reducible" in a district spelling bee in El Paso.

Frank N. Wyatt, 27, Injured In Highway Crash, Dies Friday

Extensive injuries suffered Wednesday night in an automobile crash which took the life of a companion proved fatal early Friday to Frank Newton Wyatt, 27-year-old Navy ensign from Smithville, Texas.

Wyatt died at 5 a. m. in Midland Memorial Hospital, more than 30 hours after the accident four miles west of Midland on U. S. Highway 80.

The crash instantly took the life of Charles Rice Harless, 39, San Juan, Texas, another soldier.

Oil Men Win First Round In Battle To Hold Depletion Rate

WASHINGTON (AP)—The nation's oil operators have won the first and probably decisive round in their fight to retain the 27 1/3 per cent depletion allowance the federal government grants them for tax purposes.

Plans For Dog Ordinance Enforcement Strike Snag

Plans for strict enforcement of Midland's dog ordinance, including destruction of stray animals after a two-week waiting period, Friday ran into a new snag.

Two Homes, Store Destroyed By Fire

A fire of undetermined origin early Friday destroyed two negro residences and a grocery store in the 1100 block of East Wall Street.

Mac's Successor Says Reds Must Continue To Pay

TOKYO (AP)—Lt. Gen. Matthew B. Ridgway returned Friday from the Korean front confident Chinese armies will "continue to pay the bloody price they have been paying" as long as they stay in Korea.

On a two-day trip, the United Nations supreme commander saw a front dominated by Allied planes and freely-roaming UN tanks.

Ridgway shared with his frontline troops their "complete confidence, complete self-assurance in their ability to handle anything that's thrown at them."

Friday the Reds threw artillery, mortar and high velocity shells from self-propelled guns at tank columns fanning out from Seoul.

For the third straight day a heavy tank force raided Uijongbu, 11 miles north of Seoul. The tanks' gas casualties to the daily toll of Red casualties. Communists made no attacks.

"So far the only things they've succeeded in destroying are a few tens of thousands more of their own men," Ridgway said.

"And so far as I can see, they're going to continue to do that—continue to pay the bloody price they've been paying."

Almost 80,000 Casualties
By U. S. Eighth Army estimate the price is close to 80,000 Red casualties since their now-bogged-down Spring offensive started April 22. The Eighth Army revised its estimate of Thursday's Communist losses to 1,815.

On this third trip to the front since he became supreme commander, Ridgway wondered "how long those (Chinese and North Korean) fellows are going to continue to put up with the empty Communist promises to throw us out of Korea and destroy the United Nations Army."

The Reds were gathering Friday under the protective cover of rain clouds for another attempt.

"It's a tragic thing," Ridgway said, "that they have to sacrifice so many tens of thousands of people and continue to devastate this country for their own aggressive, selfish ends."

"Whatever the enemy does, he will get more than he reckoned for."

Plavic Says New Meters Increase Parking Turnover

Thirty-minute parking meters, which have been in use here four days, have brought a greater turnover in number of parked cars, Col. Milan N. Plavic, director of public safety, said Friday.

"Just from my own observation," he said, "I believe the meters are serving their purpose."

"There has been a marked increase in the turnover of parked cars and that is the purpose of the meters."

"It means more shoppers are able to park, although for a shorter time."

The 30-minute meters replaced two-hour meters, effective last Monday, in a six-block area in the heart of Midland's business district.

"The reception and understanding of the new meters," said Colonel Plavic, "have been remarkable."

"I have heard few, if any, complaints and most of the users understand that the new meters will accept only nickels. Only a few pennies have turned up."

★ LATE NEWS FLASHES ★

WASHINGTON (AP)—The Senate, by a vote of 41 to 37, Friday afternoon blocked a Republican drive to open the MacArthur-Far East policy hearings to the public.

LONDON (AP)—Raymond Blackburn, an Independent member of the House of Commons, Friday filed a censure motion against the Labor government for permitting export of strategic materials to Red China.

TEL AVIV, ISRAEL (AP)—Israel and Syria Friday agreed to a "complete and sincere" ceasefire in their brief but bloody warfare on the frontier near the Sea of Galilee.

WASHINGTON (AP)—A 12 per cent cut in the Agriculture Department's budget for the fiscal year starting July 1 was recommended Friday by the House Appropriations Committee.

General Angered At Crossfire By Truman Stalwart

WASHINGTON (AP)—Gen. Douglas MacArthur was quoted Friday as saying Washington never would let him bomb one major Communist supply point within Korea, but near the Russian border.

A senator, asking that his name not be disclosed, said MacArthur gave that testimony Thursday but censors knocked it out of the transcript of testimony made public.

The Red Korean supply town was described as about 35 miles from the Russian border.

Jury Gives Parks Five To 30 Years

JIMMY PARKS, a 22-year-old Air Force veteran, Friday faced a maximum of 30 years in prison for a crime-packed few weeks of excitement that abruptly ended his model boyhood and respectable manhood.

After deliberating a little more than an hour, a 70th District Court jury Thursday afternoon convicted him of charges of armed robbery in the November 4 robbery of the Western Union Office in Midland.

The jury recommended 30 years and Judge R. W. (Bob) Hamilton immediately sentenced him to five to 30 years, under the state's indeterminate sentence statute. Parks accepted the sentence.

Parks was convicted specifically of taking \$294.84 en route from Nancy Poore, 21-year-old Western Union employe.

But, taking the stand in his own defense, he told of a short crime career which included two other armed robberies and eight check forgeries in half a dozen West Texas cities and towns.

He pleaded that he had "learned my lesson" and, if given consideration by the jury, would return to society a good citizen.

Defense Attorneys W. G. Abbott and Pete Turner asked for the minimum five-year prison term but District Attorney W. A. Shafer insisted the penalty should range from 31 to 99 years in prison.

Members of the jury were L. L. Bevil, Courtney Cowden, William T. Shirey, Charles N. Reeder, Joseph W. Luchini, Thomas R. Casey, R. C. Schmidt, Van B. Mitchell, E. E. Baker, D. G. Roberts, Earl B. Newland and J. V. Hardwick.

MacArthur replied: "I believe the theater commander has the responsibility of registering his views as he might see fit, if they are honest views and not in contradiction to any implementing directives that he may have received."

Full Airing Of Opinions
Then referring to what he called the "implications" of McMahon's question, the general said he did not believe that "any segment of American society shall be so gagged that the truth and the full truth shall not be brought out."

The American way, MacArthur went on, is for full airing of diverse opinions on controversial issues while "the Soviet method is entirely in contradiction of that."

Also under McMahon's questions, (Continued On Page Nine)

Army To Call Only 20,000 Men In June

WASHINGTON (AP)—The Army Friday issued a draft call for 20,000 men in June.

This is the smallest number in any monthly call since the draft was resumed last September. Since that time 550,000 men have been drafted or placed on call for Army duty.

The Army got 80,000 men in each of the first three months of this year. Thereafter, the April draft was halved to 40,000 and the May quota was reduced from 60,000 to 40,000.

The Army said the cutbacks were made because of the greater number of men volunteering for service and the lower-than-expected casualties in Korea.

Variety Show
Final Tryouts
Set Saturday

Final tryouts and rehearsal will
be held from 1 to 4 p.m. Saturday
for the National Guard variety
show to be held May 23 in the
high school auditorium.
The tryouts will be held in the
officers club at Midland Airpark,
according to Sgt. J. E. Sides, direc-
tor of the show. Transportation will
be provided by telephoning 3900 or
2874. Although several numbers
have been signed for the show, con-
siderably more talent is yet to be
engaged.
In addition to amateur perform-
ers, several former professional en-
tertainers are booked for the show.
They include Bob Richard, former
professional dancer who has per-
formed in all sections of the United
States and taught Ann Miller,
Peggy Ryan and others; Mrs. Vir-
ginia Turney, the former Virginia
Valley, who toured Europe as a
specialty singer and performed with
such name bands as Ted Fio Rito,
Wayne King, Ted Weems and Eddie
Duchin; Bill Tekell, who will play
steel guitar specialty numbers;
Wanda Bloum, songstress; Carolyn
Cook and Audrey Young, tap dan-
cers; an acrobatic team from Abi-
lene, and others, including a syn-
cipation act.
Jerry Roberts' orchestra will play
Dixieland music.
Tickets for the show are on sale
at the U. S. Army and Air Force

wife whose buoyant domestic life is
interrupted by such distractions as
a mother-in-law, a dog and a bunch
of hoodlums.

Military Services
Announce Plans For
Releasing Reservists

WASHINGTON —(P)—The armed
services will begin releasing en-
listed reservists "as soon as prac-
ticable," the Defense Department
said Thursday.
Its announced plans call for the
Air Force to start the program al-
most immediately with the Marine
Corps following in June, the Navy
in July, and the Army by next Sep-
tember.
Priority will be given to World
War II veterans.
The entire program is subject to
change should the international
situation be altered substantially,
the department said.
The Air Force said its enlisted per-
sonnel ordered to extended duty
out after 12 months of active duty.
But officers ordered to duty since
the Korean outbreak in June, 1950,
may be required to serve 21
months.
The Marine Corps announced its
plans to permit release of 5,400
officers and 58,500 enlisted members
of the volunteer and organized re-
serves. Excepted were second lieuten-
ants and non-veteran officers.
These may be required to serve 21
months.
Navy Stars in July
The Navy said it will begin re-
leasing about 1,000 enlisted reserv-
ists a month, starting in July. By
October the rate is expected to be
around 5,000 monthly. Reserve of-
ficers generally will be required to
finish out the 21-month minimum.
The Army said it will start re-
leasing in September enlisted re-
servists who were ordered to active
duty as individuals from a non-pay
status in the inactive and volunteer
reserves. The release of reservists
now in Korea, the announcement
said, has to depend upon combat
conditions in all cases.
Individuals ordered to service, but
who have been granted a delay, and
have not reported for active duty,
now will not be required to serve.
The announcement emphasized
that the orders will not apply to
members of units called into active
service or to the National Guard.

Stuckey, civic leader and owner-
manager of a radio station, died of
a heart ailment at the age of 30,
shortly before he was to receive the
award in mid-April. The presenta-
tion was made to his widow.
Ed Costello, Odessa, in making
the presentation, said, "It was Mr.
Stuckey's nature to give, and his
friends were everyone in the com-
munity. I am sure he already has
received a greater award."
Three other citations were made.

Miss Briscoe Given Scout Thanks Badge

PECOS—Rose Briscoe was presented the Thanks Badge by Mrs. R. L. Toll, president of the Pecos Girl Scout Association, at the annual father-daughter banquet given by the Girl Scouts Monday in the Community Center.

Mrs. J. E. Starley, professional Scouter, was the only one in this area to have received this badge prior to this presentation. Mrs. Tom McClure also will receive the badge.

The award was given Miss Briscoe for her work in getting the Girl Scout movement started in Pecos and she and Mrs. McClure, both charter members, were responsible for the erection of the Scout House. Miss Briscoe is area secretary. Earl Crow is MC.

Earl Crow was master of ceremonies and Mrs. Beulah J. Wilson gave the invocation.

Brownie troops, under the direction of Mrs. Harold Meyer, presented a sing-song and Anne Glasscock read the Brownie story. A Brownie Court of Awards was held. Twenty girls of Troop 10 received second class ratings and Anne Paxton, Norma Anne Eisenwine, Hershah Woods and Carol Jean Miller received proficiency badges.

All leaders were presented World pins.

The banquet tables were covered with white linen cloths and had green streamers down the center. Green and yellow tapers and bouquets of pansies, roses and stock decorated the tables.

Approximately 270 fathers, daughters, leaders, assistants and Scout executives attended.

Members of the Greek Orthodox Church do not celebrate Christmas on December 25.

Unknown Qualities

Another great debate, this time over Far Eastern policy, is getting under way. Calm reason and respect for fact ought to play a larger role in this public discussion than was true in the troops-for-Europe argument.

As an example, take the case of Chiang Kai-shek, leader of the Chinese Nationalist forces based on Formosa. The notion exists among many Americans that he commands a large, fairly well-equipped army which is in a fighting mood and needs only a signal from the West to jump into Korea or invade mainland China to help us bring the Korean war to a speedy end.

It virtually is suggested that American lives are being wasted through failure to tap this reservoir of trained military manpower close to the fighting scene.

What are the known facts? First, though some estimates of Chiang's army run as high as 800,000 men, most military observers put the figure closer to 400,000. This is not a big army, but it is larger than the American force now in the field in Korea.

The Nationalist army is NOT well equipped. Chiang's chief American adviser, Adm. Charles Cooke (ret.), former 7th Fleet commander, several months ago guessed it would take \$250,000,000 in equipment to outfit this force for combat. With prices still spiraling, the cost unquestionably would be higher today. It might hit \$300,000,000.

The morale of Chiang's troops is pretty much an unknown quantity. Though supplied with a lot of American equipment, his forces fighting on the mainland right after World War II did not acquit themselves well against the Chinese Reds. The present army has been held together on Formosa with difficulty over a two-year span. It is not battle-tested.

It is wholly possible that with adequate equipment this army might give a good account of itself. But there is no way of knowing that in advance. Those who assure us the Nationalists would fight successfully are guessing, since no facts exist on the matter.

Let's suppose we should give the word to Chiang to invade China proper. He has no air force worthy of the name and no fleet of consequence. Only the United States could provide the necessary sea-air cover to protect a mainland landing. And since air operations necessarily would involve bombing shore installations, troop concentrations, communications and other facilities, it is hard to see how such assistance could do anything but immerse this country in a wider war with China.

Russia, of course, has a mutual defense pact with China. No one not inside the Kremlin knows whether she would honor the obligation to assist Mao Tse-tung if we gave Chiang the sea-air cover for a mainland assault.

Senator Taft says such an attack would not bring in Russia and lead to general war. One wonders how he can know what the Soviet reaction would be, unless he is privy to Stalin's secrets. Obviously, since the defense pact exists, a very grave risk would be taken of precipitating a big war.

This is not an attempt to decide whether we ought to take that risk. That is for the American people to decide, acting through their elected representatives. But at least they should make their judgment in full knowledge of what is involved, and in full appreciation of what sort of instrument Chiang's army might be in a wider fight against communism.

Nothing known up to this moment suggests that Chiang would be ready to fight quickly, or guarantees that his forces would fight well, or assures us that his entry would shorten the Far Eastern war rather than lengthen and broaden it. It is the facts, and the facts alone, that lead to this conclusion.

In A Nutshell

Ernest Gross, U. S. representative at the United Nations, once scored a telling point about the UN's operations. He was commenting on the view of some diplomats that above all the thing is to keep Russia at the conference table, no matter how obstructive her behavior.

He disagreed. The important thing, he said, is that the aims of the UN be served. It is no gain merely to have a satisfactory mechanical arrangement—all members present—if that means nothing can be accomplished.

As everybody knows, the UN was at its best, really functioning as it was intended to, when the Soviet Union was absent. It never has been the same since.

There's food for thought in this for those nations which insist the vital question is that everybody be on hand, even if that fact alone assures that the purpose of the gathering will be defeated.

When you are trying to take off weight, good things are the things that usually are not good for you.

The loss of friends sometimes can be blamed on the spectacles through which others see your character.

It Sure Gets Around

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1951, By The Bell Syndicate, Inc.) Drew Pearson says: MacArthur's predictions re Chinese Communists, made in Tokyo in 1949 to congressional delegation, recalled; From long-range point of view militarily, MacArthur almost sure to win present argument.

WASHINGTON — Nine months before the Korean war General MacArthur predicted the Chinese Communists could be "easily defeated in any major conflict" and remarked that Chiang Kai-shek "knew nothing about the art of warfare."

These amazing statements, exactly the opposite of what MacArthur now professes to believe, are contained in a secret report to President Truman, submitted by Congressman Charles Deane of North Carolina in September 1949. Deane was head of a congressional delegation which called on MacArthur in Tokyo to get his views.

Deane reported MacArthur as believing the "Chinese Reds were greatly overrated and could easily be defeated in any major conflict." Also that the "Soviet were powerless to conduct a full-scale war on the Chinese mainland."

But the most remarkable statement was MacArthur's reference to invasion of the Chinese mainland. Deane quoted MacArthur directly as saying: "I consider Chiang a highly intelligent leader. But he knows nothing about the art of war. He is surrounded by corrupt officials and generals. His troops are very ineffective and poorly equipped."

As another example of MacArthur as a military prophet, Deane reported to the President: "MacArthur said he did not think the North Koreans would overrun the South Koreans, but that the United States would have to support South Korea in the event of trouble."

The North Carolina congressman also reported it was MacArthur's view that Russia had nothing to gain by taking over South Korea. And that Russia was most interested in Asia in order to gain access to warm-water port on the Indian Ocean.

"Russia has shifted from its generation-old policy of seeking ports on the Mediterranean to a new aim of driving for a warm-water port on the Indian Ocean," Deane explained MacArthur's reasoning.

Note: In a separate memo attached to Deane's secret report to the President, the North Carolinian also complained about Maj. Gen. Charles Willoughby, MacArthur's heel-clicking intelligence officer who now has asked to be retired. At a military briefing, Deane reported, Willoughby used a full colonel as a messenger boy to juggle the charts and snapped his fingers every time he wanted the colonel to remove a chart. Deane also complained that Willoughby always seemed to be on the tennis court when the congressional delegation was looking for him.

Interesting Quotation President Truman was all set to answer General MacArthur with his own words at a press conference called just after the general was fired.

Truman had an interesting quotation from MacArthur neatly typed out on a piece of paper and tucked inside his coat pocket when the press conference started, and he planned to read it if newsmen asked him about the man he had just fired. But at the last minute the President changed his mind.

However, here is MacArthur's own statement about the supremacy of the President, which the President almost read, and which was made by MacArthur in 1932: "The national strategy of any war—that is, the selection of national objectives and the determination of the general means and methods to be applied in attaining them, as well as

the development of the broad policies applicable to the prosecution of the war—are decisions that must be made by the Head of State . . . Co-ordinating Army and Navy effort could not be delegated by the Commander-in-Chief to any subordinate authority. Any such attempt would not constitute delegation but rather abdication."

That's what MacArthur said — in 1932. Military Vindication Whether you are for General MacArthur or not, it is almost certain that from a strictly military long-range point of view he will win the present argument. No matter how you slice your bread in Korea, MacArthur probably will wind up with the buttered side. Here is the reason why:

1. We will have to withdraw from Korea altogether. This will be considered a victory for MacArthur, since his proponents will argue that if we had bombed Manchurian bases we would not have had to withdraw.

2. There will be a stalemate. In this case MacArthur also will be considered right in the eyes of many, who will argue that if we had bombed Chinese bases a) we would have had a stalemate, b) there would have been no stalemate.

3. We will bomb Chinese bases. U.N. leaders have come part way around toward this if, and it's an important if, Red Chinese start a real air offensive. In this case again, MacArthur will be considered the winner of the argument.

Note — Chief factor in Korea which many people lose sight of is that use of an international police force which we have in Korea is bound to be difficult. The operation of the allied command in 1917-18 and in 1942-45 also was difficult. Too many people have to be consulted. The U.N. army in Korea is the first real international police force since the Crusades, and a lot of discouraging pioneering is necessary.

Diplomatic Pipe Lines Secretary of State Acheson has asked the President to keep him out of the MacArthur Senate hearings on Far East policy. He has told Truman that if absolutely necessary he will testify in opposition to MacArthur but he fears this might play into the hands of the Republicans now trying to picture MacArthur's firing as having been inspired by the State Department. Actually Acheson and MacArthur have been closer together on some Chinese policies, such as a blockade of all Chinese ports. In contrast the joint chiefs of staff, opposing both MacArthur and Acheson after the December defeat, wanted to pull out of Korea altogether. Bill Bullitt, ex-Ambassador to Russia, has flown to China on a mysterious but personal mission. Bullitt has been a spearhead of the China lobby. Allied diplomats in Red China report there isn't the ghost of a chance to talk about a peace settlement until the Chinese have taken a decisive defeat. Moscow intelligence says the Soviet Air Force will produce a lot more long-range bombers, even at the expense of curtailing fighter-plane production. This is the first tip-off that the Politburo plans trans-ocean bombing, perhaps something similar to our B-36.

There are eight furlongs in a mile.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service To continue our own discussion of no-trump bids, what do you need for a jump response of two no-trump? Your partner pens the bidding with one of a suit, and you respond with two no-trump. What does this bid show? For one thing, you show balanced distribution—no singletons, no void suits, no very long suits. Moreover you show a stopper in each of the unbid suits. The total strength of the hand is about the same as that of a sound opening bid—but not as much as an

Bridge hand diagram showing North (D) and South hands with suits and points.

opening bid of one no-trump. To be more precise it is a hand that contains from a king to a queen and a queen more than average strength. (Average strength is one ace, one king, one queen, one jack, and one ten.)

In today's hand, South has a model response of two no-trump. He has balanced distribution with strength in all the unbid suits. He has average strength in the top three suits, and his ace of clubs represents his extra value.

In the play, dummy wins the first trick with the queen of spades. No declarer must develop nine tricks without letting East gain the lead. If East were allowed to lead spades, West would win enough tricks to set the contract. However, there is no danger in a spade lead from West, for then South's king will stop the suit.

The best plan is to make sure of four heart tricks while shutting East out. Hence a low heart is led from dummy at the second trick, and South finesses the nine.

If this had lost West would be unable to set the contract, and South would be sure of four heart tricks. As it happens, the finesse succeeds, and South wins all five heart tricks. The contract is thus made with an overtrick.

Q—With neither side vulnerable the player at your right deals and bids one diamond. You hold: Spades K-J-2, Hearts A-Q-J-9-8, Diamonds 5, Clubs Q-10-4-3. What do you do?

A—Bid one heart. You are not willing to support spades unless your partner can bid them without being coaxed to do so. Since a double would coax him to bid a major suit, you avoid the double. You will rebid vigorously if partner bids when his turn comes.

TODAY'S QUESTION With neither side vulnerable the player at your right deals and bids one diamond. You hold: Spades A-7-5, Hearts A-Q-J-9, Diamonds K-J-2, Clubs Q-10-4. What do you bid?

WASHINGTON COLUMN

Sick Mao's Likely Successor Is Known As All-Out Communist

By PETER EDSON NEA Washington Correspondent WASHINGTON—Increasing mystery over the whereabouts and health of Mao Tse-tung, the Number One Communist of Red China, has focused increased Washington attention on his probable successor. He is believed to be Liu Shao-ch'i. He therefore may be the man with whom peace must be made if the war in Korea is to be brought to an end.

He is known personally by few Americans. But such intelligence reports as have been pieced together on his record indicate he is an all-out, thoroughly indoctrinated Commie. There may have been some basis for the wartime belief that Mao Tse-tung was an agrarian reformer who might become the Tito of China, breaking the peasant revolution there away from Russian domination. Any hope of such a break-away would seem to be definitely ruled out if Liu is in fact head of the Peking government.

Liu is regarded as one of the foremost Marxist theorists in China. Chinese rate him as a scholar. He is a prolific writer. But his greatest experience has been as a labor organizer and political commissar with the armies.

As an international labor leader, he is listed as chairman of the All-China Federation of Labor and as a vice chairman of the Communist-dominated Workers Federation of Trade Unions. Liu was elected to this office at the Milan, Italy, conference last year, though he did not attend it personally.

Liu's claim to succeed Mao Tse-tung is based upon his position in the Peking government. He is vice chairman of the Central Committee of the Chinese Communist Party and vice chairman of the Politburo as well. He also is vice chairman of the Central People's Government Council of Six and vice chairman of the five-member Peoples' Revolutionary Military Council.

Liu Shao-ch'i is believed to be about 53 years old. He was born to a well-to-do peasant family in Hunan. He was sent to a normal school in Changsha. It is interesting to note that he was in this school while Mao Tse-tung, Li Lisan and other leaders of the present Chinese Communist government were students there.

This whole Chinese Communist revolutionary movement stemmed from a little group of intellectuals and theoreticians developed at this school in this period. They were obscure country boys at the time. But they stuck together and they grew up to lead a movement that has overturned a whole continent.

Liu entered Peking University in 1919 but apparently stayed there only a short time. He left to attend the Soviet's Far Eastern University of Moscow, training school for so many revolutionaries.

After seven months as a student of labor relations, he was a delegate to the first Far Eastern Labor Conference in 1920. The next year he returned to China and openly joined the Communist Party. His first assignments were to organize coal mines, but he soon was sent to Shanghai and for 10 years was active there.

Worked in Red Underground Following the split between Chiang Kai-shek's Kuomintang Party and the Communist Party, Liu went to Manchuria for a time. He fled before the Japanese invasion of that area and returned to Shanghai to organize protest strikes.

KILLER'S PACE BY JULIUS LONG

Copyright 1951 by NEA Service, Inc.

LARRY STONE dropped resignedly into a lounge chair. "Must we go through all this again, Marshall?"

My eyes fell on the highball glass which had a lipstick mark. I noticed the lipstick on cigarette ends in the tray.

"So you've got company, Stone?" His eyes darted for a tell-tale split-second to a door at his right. I grinned and crossed to the door and opened it.

"Hello," said Sonya Sareeta. "You do get around, don't you?" She inhaled on a cigaret as she carried a highball glass into the room. She wore a show costume that made her deep-V special look like Elsie Dinmore's graduation dress.

"She smiled nonchalantly. "I picked up the wrong glass, didn't I? I didn't notice my mistake until it was too late."

"The mistake was mine," I turned to Larry Stone. "I hate to interrupt but I came here for an answer."

Stone glared. "You're a fool, Marshall. I don't know the answer you want."

I took a step toward him, the pistol aimed at the second button of his smoking jacket.

His eyes widened. "You—you wouldn't dare!"

"I picked up the wrong glass, didn't I? I didn't notice my mistake until it was too late."

Marshall told her. He says Rose told him—but I don't think a judge would let either of them tell a jury!

"Maybe not, but I'm no jury. Sit down over there, Stone. You're on the witness stand. Sit down. I'm going to listen to you talk."

Stone retreated to the lounge chair indicated.

"You were with Rose that night," said Nanabarro, convinced that he had made his point. "You were the first out of the room. You're the guy that got the confession of Barney's body. I want it."

"Listen!" screamed Stone, "you got to believe me! I don't know anything about a confession!"

Nanabarro's answer was to rake the gun barrel across Stone's face. Stone screamed so loud I was sure the neighbors would hear.

"We've got all night," said Nanabarro, as Stone sat whimpering and trying to mop the blood from his nose. I figured the nose would be broken. "The building is sound-proofed—there advertise that fact."

STONE screamed in sheer desperation. He appealed to me. "Do something, Marshall!"

"I didn't feel that I owed Stone anything—except maybe a kick in the teeth. But I said."

"Could be he's telling the truth, Nanabarro. No use griping him to hamburger if he actually didn't get the confession."

"You keep out of this!" snapped Nanabarro out of the corner of his mouth. "This is my party. One more chance, Stone! Are you going to turn it over?"

"How can I turn it over when I haven't got it—when I don't even know what it is?"

"This time Nanabarro knocked him completely out. While they sprayed him with saltier water, Sonya spoke speculatively to me: "Well?"

"Well, yourself. Pulling a gun on me like that."

"I knew Al and Lou were about due. It wasn't a case for joint control. I knew you'd be party, and there's nothing squalid about Al. He'll get the truth out of Larry."

Club Hears Talk By Nell Shaw

Nell Shaw, member of the Texas Fine Arts Association, talked to the Midland Palette Club Art Center Thursday night at its monthly business meeting in the club studio. Miss Shaw explained how the association helps the artist to get his work before the public.

This is done, she said, by means of approximately 18 traveling exhibits. The association also has two art galleries in Austin which are open all the time. Midland women whose work has been accepted for the association's annual exhibit in Austin are Mrs. F. H. Lanham, Mrs. N. A. Lancaster, Mary Butler and Nell Shaw.

Plans were made for the club's forthcoming membership drive and Mrs. R. L. Clark was appointed program chairman. The group voted to change its monthly meeting date to the first Wednesday of each month.

DADDY RINGTAIL

Daddy Ringtail And Lean And Lank

Daddy Ringtail, your monkey friend, was visiting the school where Toowit Toowoo is the teacher. Toowit Toowoo is a wise old owl who came from China, but now he had a problem which was really doctor business.

Toowit Toowoo explained that the problem really was about two boys. They had the names of Lean and Lank. They were monkey boys, but oh! so tall and thin. Lean was very lean and Lank was

very lank and lean. Neither boy had the meat on his bones that he ought to have had.

"Uh, no," said Doctor Shoobug when he saw how thin they really were. "Lean," said Doctor Shoobug to the brother whose name was Lean, "do you eat a good breakfast every day?"

Lean answered yes indeed, and of course he always ate a very good breakfast and dinner and supper too.

"Uh, yes," said Doctor Shoobug, "do you go to bed early every night, and sleep until time to get up?"

Lank answered yes, and yes in-

deed, and of course he always went to bed early and slept until time to get up.

"Uh, yes," said Doctor Shoobug, and he explained that boys and girls never will grow the way they

But Lean and Lank answered quickly how they hadn't known it. Lean always had eaten enough, he said, but he always sat up late every night. Lank always had gone to bed early, but he never had eaten enough.

And so now Lean promised to get to bed early. Lank promised to eat enough. And they both promised to eat and sleep, and they did, and before long their mother even changed their names. No longer did she call them Lean and Lank. Oh, no! They weren't lean and lank anymore. Now they were Healthy and Happy. Happy day!

Housebreaker Eats Way Through Job

LOS ANGELES —(AP)— Tradition has it that poets are always starting. Apparently the same applies to post-burglars.

Police report a burglar entered the home of L. E. Sanderson and besides taking \$375 in cash and jewels ate half a two-pound box of candy and drank two bottles of pop. He went next door, still guzzling a pop bottle, picked up \$718 worth of jewelry and ate a pound of peanuts. Then, discarding the pop bottle, he fled. Police found a note saying: "I did the job brief—the poet."

FLYING MAGNETOMETER SPEEDS SEARCH FOR OIL

The flying magnetometer, a relatively new development in geophysical exploration, enables geologists to search out possible oil-bearing formations over large areas in a relatively short time.

The magnetometer, which measures the magnetic intensities of the earth, is placed in a bomb-like container and trailed below a surveying plane. Its measurements are recorded automatically within the aircraft.

Developed by an oil company, the magnetometer was adapted by the U. S. Navy as a submarine-detecting device during World War II.

Reds Are Bombed With Leaflets

KUALA LUMPUR —(AP)— British pilots are doing more than dropping bombs on Communist terrorist hideouts in the Malayan jungle—they're carrying on a propaganda war, too. In a four-day period, the airmen dropped 4,000,000 leaflets in selected areas in Negri Sembilan state.

Some of the leaflets, directed to terrorists themselves, called upon them to surrender. Others publicized rewards offered for information leading to the capture or killing of terrorists by security forces.

Advertise or be forgotten.

Moat Is Protection Against Communists

MALACCA —(AP)— It's going to be a lot tougher for Communist terrorists to get back into areas from which they have been driven by British security forces. One village, Simpang Bekoh, is being resettled with loyal and law-abiding citizens of Malaya, but it has a unique feature—it is to be surrounded by a moat. Dredgers now are at work making a moat 14 feet wide around the village.

British authorities may carry out this scheme to help protect other villages which are being resettled after the areas are cleared of Communist terrorists.

Professor Favors Rewriting Parts Of Texas History

HOUSTON —(AP)— A Rice Institute professor believes parts of long recorded Texas history should be rewritten.

Dr. Marcel Morand says events never known in detail have been uncovered in his search through old French documents.

His findings include:

1. One of the first Socialist communities in the new world was founded near Denton—in 1848, the year of European revolution and of Karl Marx.
2. Evidence that French veterans of the Napoleonic Wars established a colony near Liberty in 1817 to furnish a haven for escape of Napoleon and a base from which the former French emperor could conquer Mexico.
3. Detailed accounts of the ill-fated expedition of Robert La Salle in 1685.

Morand considers the most valuable contribution of his research to be that early Texas history will be balanced and that the struggle between France and Spain for the southern part of the United States will be well-documented for the first time.

SAMSON A HIT

SINGAPORE —(AP)— Cecil B. DeMille's motion picture, "Samson and Delilah" broke all-time attendance records in this British crown colony. More than 120,000 persons saw the film at a Singapore theater in five weeks.

On a high cliff in the Bavarian Alps Ludwig II built his castle. More than a home, it was a fortress, a safe place for a king to live in dangerous times. Ironically enough, Ludwig died only a few years after he had completed his castle. He didn't really get much use out of it after all. Down the valley there stands a little church. It is not nearly as imposing as Ludwig's castle. But it has been home and fortress to thousands through the trials and spiritual battles of life. Honestly now, which is truly a man's castle? The one he builds and in which he lives — or the one that BUILDS HIM, and in which he WORSHIPS?

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

600 High School Tracksters Start State Competition

AUSTIN—(P)—The annual three-ring track and field circus of the Texas Interscholastic League opened Friday with more than 600 boys competing. Two defending champions—Odessa in Class AA and Brady in Class A—were favored to repeat. The third 1950 titlist, Rising Star of Class B, didn't have a single entry.

Odessa seemed to have a fight almost as tough as last year in winning the Class AA crown. The Broncos eked out by two points over Galveston in 1950. This time they seemed capable of winning by a wider margin but not by over six points.

So tough did it look that Odessa decided not even to run its 440-yard relay team but to concentrate on the mile relay and depend on Joe Childress, defending champion in the 100 and 220-yard dashes; Roy Morris in the 400-yard dash and broad jump, and C. E. Salmon in the low hurdles.

Even Childress may have trouble. Ronald Clinkscale of Arlington Heights (Fort Worth) might lick him in the 100 and Danny Boone of Lubbock could lead him to the tape in the 220.

Brady, with strong 440 and mile relay teams and with mighty Weightman Jimmy Samuelson, defending champion and state record-holder in both the shot put and discus throw, on hand, should spread eagles the field in Class A. Pecos, Andrews, Lamarque and Brenham are chief competitors but none seems within 15 points of Brady with its all-around team.

Iraan, spearheaded by the brilliant Bill Huddleston in the hurdles; Roy Robicheaux in the 100-yard dash, and with a fine 440-yard relay team, looks like the No. 1 outfit in Class B. Liberty, with the best-looking sprint relay team in the state, and a top dashman in Hal Griffin; Dimmitt, White Deer and Clyde will make it a glittering battle for the team title. Dimmitt has the leading mile relay team. White Deer boasts two of the outstanding milers, a fine half-miler in Billy Cofer and a crack mile relay team, while Clyde has a flock of two-four-six-point boys.

Preliminaries in all divisions began Friday morning. Friday afternoon, finals were to be run off in the broad jump and discus throw for all classes and the pole vault in Class B. Other finals start Saturday afternoon.

OLEANDER SHOOT OPENS

GALVESTON—(P)—Some 200 shooters were expected here Friday for the opening for the fourth annual Oleander Skeet Shoot.

West Texas Kennel Club's Dog Show To Be Here Sunday

At 1 p.m. Sunday, dog owners from the vast Permian Basin Empire will exhibit their prize canines at the John M. Cowden Junior High School gym, in a show sponsored by the West Texas Kennel Club.

Plans and preparations for the show—held under American Kennel Club sanction—have been worked out by a committee from the WTKC here.

Ribbons, plaques and cash awards will go to winning dogs in the ever-growing field of contestants. Trophies have been donated by firms and individuals of the Midland area.

Rendezvous Tips Rotary Engineers In JayCee League; Standard Bumps Legion

Rendezvous Cafe made a big noise in City Major softball play Thursday night, upsetting previously unbeaten Rotary Engineering Company 14-13.

Johnny Kennedy survived a 15-hit attack—including six home runs—by the Engineers to go the route and gain credit for pitching the win. He struck out five.

Texas League—Tribe Moves In On Faltering San Antonio Missions

The Texas League race is getting hotter by the day.

At the moment, San Antonio still is on top but there are six other clubs too close for the Missions' comfort. Only Al Vincent's luckless Tulsa Oilers are out of the excitement.

The Missions still have a half-game lead, but Oklahoma City moved into good position to take it away Friday night. The Indians rallied for four runs in the ninth inning Thursday night to thump San Antonio 8-4.

Beaumont racked up its sixth straight victory, a 6-5 affair over Dallas, Houston beat Tulsa 4-2, and Shreveport spanked Fort Worth 8-3.

There's just three and one-half games between Beaumont and Dallas—tied for sixth—and the pace-setter.

Al Pappalotich's third victory at Houston showed Tulsa deeper into the cellar, scattering six hits to the Oilers.

Dallas splurged for five runs in the fourth inning, but Beaumont's less spectacular scoring paid off.

Shreveport grabbed a share of fourth place as Joe Bundy helped win his own ball game with a second-inning homer. Frank Benites also hit for the circuit this inning for the Sports.

Tribe Drops Another To Broncs 16-1

The cellar-dwelling Odessa Oilers came to Indian Park Friday night for the first of two games. Game time is 8 p.m. Veteran Eddie Jacome is the probable Midland pitcher. A second game will be played at 8 p.m. Saturday.

BIG SPRING—For the third consecutive night, Big Spring's Broncs whaled the far out of the Midland Indians, thumping the Tribe 16-1 here Thursday night. The nose-diving Indians now have dropped their last four contests and have fallen from first to sixth place.

Longhorn League

ODESSA at MIDLAND.
San Angelo at Big Spring.
Artesia at Sweetwater.
Roswell at Vernon.

Longhorn League—Colts, Rockets, Broncs, Dusters Capture Games

The Longhorn League was an explosive circuit Thursday night. Sudden outbursts of scoring turned two of the four games into run fests. A third was decided by a mild but sudden uprising.

San Angelo maintained its two game lead with a 5-3 victory over Odessa. Vernon jumped from fourth to third with a 11-5 win over Sweetwater; Big Spring grabbed fourth place with a 16-1 victory over Midland, and Roswell edged Artesia 4-3 to hold second place.

Midland and Big Spring had a pitchers' duel going until the Broncs broke loose for six runs in the sixth inning. They added eight in the seventh and one in the eighth. Midland scored its lone run in the ninth.

Vernon scored three runs in the first inning and five in the second then coasted to its victory over Sweetwater. John Reinold smashed two home runs to account for five runs driven in.

San Angelo used two two-run innings, the second and third, to wipe out an early Odessa lead and set the stage for a 5-3 victory. Jim McClain and Wayne Wallace were the batting stars for San Angelo.

Artesia rallied for two runs in the last of the ninth inning but fell one short of wiping out a Roswell lead. Jesse Grimes settled down to cause two men to pop to the outfield with the tying run on second base.

The scores: R H E
San Angelo 022 001 000—5 8 1
Odessa 021 000 000—3 7 2
Pitilo, Tinkler and Punderburk; Johnson and Castro.

Vernon 350 001 101—11 17 1
Sweetwater 010 000 121—5 13 3

Midland CC Officials Say Foster Has Not Been Hired As Pro

Midland Country Club officials said Friday no golf pro to replace J. C. Hardwicke at Midland Country Club has yet been hired. Hardwicke is leaving June 1.

"Circulating reports have named Dode Foster of Hobbs, N. M., as the man to replace Hardwicke," a spokesman said, "but the report is unfounded."

Foster has applied for the job but was learned, but nothing has been decided on the subject as yet.

MAJOR LEAGUES—Yankees Blast Browns, Senators Continue To Win

Remember where the Washington Senators were supposed to finish in pre-season forecasts? Fifth at best. Maybe they'll wind up there but they winged into first place in the American League Thursday.

The Senators gained a half-game on the idle Cleveland Indians, the New York Yankees unleashed their biggest bombardment of the young season, and the Boston Red Sox wrapped up their first triumph of the current Western swing all in American League action.

Indians Gel New Pitcher; Hughes To Return Soon

The Midland Indians baseball club has purchased Dave McKenzie, limited service hurler from Monroe, La., of the Cotton States League. Manager Harold Webb said in a telephone call from Fort Worth Friday.

Webb conferred with Oklahoma City officials in San Antonio Thursday night and said: "We have definite assurance Shortstop Scooter Hughes will be back with Midland within two or three days."

He said the OC bigwigs also promised pitching help to Midland.

Fair Golfers Set For Second Leg Of Weathervane Joust

PEBBLE BEACH, CALIF.—(P)—Paced by the great Babe Didrikson Zaharias, leading professional women golfers, plus a sprinkling of top amateurs, will tee off here Saturday in the second leg of the Transcontinental Weathervane Tournament.

Eighteen holes will be played Saturday and Sunday on the famed Pebble Beach Course.

Mrs. Zaharias, posting 83-66—149, won the first leg of the four-city event at Dallas April 14-15. Her closest rival was Betty Berg of Minneapolis, who finished the initial lap with 153.

Following in order at Dallas were Betty Jameson, San Antonio, 155; Marlene Bauer, Midland, 156; and Alice Bauer, Midland, 156.

Lavoisier is called the "founder of modern chemistry."

Stanton Coach Read Faces Tough Job Of Rebuilding Team

STANTON—Coach Charles (Red) Read, Stanton's new football tutor, probably faces the toughest rebuilding job in West Texas.

His Stanton Buffaloes now are going through Spring training and Read can count on one man off the 1950 team which captured the bi-district championship. Tackle Bill Overby, 185-pounder, is the lone returning starter.

Just how much the team will progress may be determined at the termination of Spring training May 18. The current Buff team will joust with the 1950 eleven at that time.

Virgil Poulson, 190-pound transfer from Odessa, probably will team with Overby at tackle. Only a freshman, Poulson won't be eligible for the first several games of the 1951 season.

One of the most promising backs on the '51 club is Norman Koonce, 150-pound cousin to the famed Koonce twins, Earl and Gearl. He has covered the 100-yard distance in 10.3 and could make good use of that speed on the gridiron. Another hustling back is Scooter Polk, 145-pound will-o-the-wisp.

Included in the Stanton grid schedule for 1951 is a tilt with the Midland 'B' eleven.

MacArthur-

(Continued From Page One) MacArthur said communism throughout the world is "our main enemy, rather than Soviet Russia."

MacArthur said he had not agreed to that, and added: "I said that communism throughout the world was our main enemy."

In this row with the Administration, MacArthur has argued that communism must be opposed in Asia just as strongly as anywhere else.

Three Possible Courses Earlier in his day-long testimony, MacArthur has made these major points:

- 1. There are three possible courses to follow in Korea: "Either to pursue it to victory; to surrender to the enemy and end it on its terms; or, what I think is the worst of all choices—to go on infinitely and indefinitely, neither to win or lose, in that stalemate."

2. If the other United Nations are unwilling to go along in direct attacks on Red China, "then we had better x x x it alone."

3. Truman "jeopardized" the nation's security in his summary dismissal of the general, MacArthur said, however, there was no question that the President had the right to fire him.

4. The joint chiefs of staff prepared a study last January containing the same Korean war plans which he advocates, and which led to his dismissal. The general said

Oil Worker Injured Joe Williams, an employee of McFarland Drilling Company, was treated at Western Clinic-Hospital Thursday for a hand injury received when it was caught between drill pipe and tongs at a rig.

Nail Punctures Hand C. O. Thomas of Wichita Falls, an employee of Texas Pool Corporation, was given emergency treatment at Western Clinic-Hospital here Friday for a hand injury received when a nail punctured his hand while he was wrecking forms at a construction site.

Admitted to Hospital Anita Joyce King, seven-year-old daughter of Mr. and Mrs. Arthur King, 502 East Illinois Street, was admitted Thursday to Western Clinic-Hospital for medical treatment.

he "assumes" Truman or Secretary of Defense Marshall vetoed them. "I advocate that we defend every place, and I say that we have the capacity to do it."

6. "The greatest political mistake" this country made in 100 years in the Pacific was "allowing the Communists to grow in power in China."

Urging some positive course in the Korean war, which he said already has destroyed a nation of 20,000,000 people, MacArthur declared:

"If you go on indefinitely, you are perpetuating a slaughter such as I have never heard of in the history of mankind."

Pickett Outlines Problems of City

To Midland JayCeers

Mayor Perry Pickett spoke to the Midland JayCeers Friday at their weekly luncheon in Hotel Schaefer and discussed problems facing the City of Midland and its citizens.

He listed the problems as: Supply of water, traffic and parking situation, planned recreation program for the youth of Midland, expansion of utilities, sewage disposal and tax adjustments.

"The sewage disposal program is one which needs immediate attention," he said. "A bond issue has been submitted to build a modern sewage disposal works to accommodate 50,000 persons."

"We also hope to expand utilities as soon as possible to all sections of the city without favoritism to any section or group," he said.

Concerning the recreation of Midland youngsters the Mayor stated: "We have planned our city without thought for our children. It is my hope that Padoga Park will be turned into a playground for children—or at least money from the sale of it used to build a playground."

Pickett said the present city officials are "confident they can meet the problems facing a fast-growing city such as ours."

"The City Council members and officials of the city will do all within their power to make the city a better place in which to live," he concluded.

Pickett was introduced by Dr. E. W. McCullough.

Goodrich Hall discussed plans for the annual World's Championship Rodeo to be held here in June.

Admitted to Hospital Mrs. Lucy Morgan, 1203 South Fort Worth Street, was admitted Thursday to Western Clinic-Hospital for medical treatment.

LEGAL NOTICES NOTICE OF ROAD BOND ELECTION THE STATE OF TEXAS

CITY OF MIDLAND, TEXAS TO THE RESIDENT QUALIFIED ELECTORS OF MIDLAND COUNTY, TEXAS: YOU ARE HEREBY NOTICED THAT AN ELECTION WILL BE HELD ON THE 15TH DAY OF APRIL, 1951, IN SAID COUNTY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION.

TAKE NOTICE THAT an election will be held on the 15th day of April, 1951, in Midland County, Texas, to determine whether or not bonds shall be issued for the purpose of the construction, maintenance and operation of macadamized, gravelled or paved roads and bridges, or in aid thereof, in Midland County, Texas, and whether or not ad valorem taxes shall be levied on all taxable property in said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity, in accordance with an ELECTION ORDER passed by the Commissioners Court of Midland County, Texas, on the 14th day of April, 1951.

CLIFFORD C. KEITH, COUNTY JUDGE, Presiding Judge, Precinct No. 1. ALVY BRYANT, COMMISSIONER, Precinct No. 2. WARREN SKAOGS, COMMISSIONER, Precinct No. 3. W. M. STEWART, COMMISSIONER, Precinct No. 4.

FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF. "AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

ELECTION OFFICERS Frank True, Jr., Presiding Judge, Precinct No. 1. Oswald Raggett, Presiding Judge, Precinct No. 2. Mrs. Frank Midkiff, Presiding Judge, Precinct No. 3. Mrs. D. E. Skelton, Presiding Judge, Precinct No. 4.

THE COUNTY CLERK of Midland County, Texas, is hereby authorized and directed to cause said notice of election to be published once each week for three consecutive weeks prior to said election, in a newspaper of general circulation published in Midland County, Texas, and in addition thereto, by posting notices of such election at four public places in Midland County, Texas, one of which shall be at the courthouse door of said County, for three consecutive weeks prior to said election.

A COPY OF THIS ORDER, signed by the County Judge and certified by the County Clerk, shall serve as proper notice of said election. The above order having been read in full, it was moved by Commissioner O'Neal and seconded by Commissioner Bryant that the same be passed and adopted. Thereupon the question being called for, the following members of said court voted "AYE": Commissioners O'Neal, Bryant, and Stewart; and none voted "NO".

PASSED AND APPROVED, this 16th day of April, 1951. CLIFFORD C. KEITH, County Judge, Midland County, Texas. ALVY BRYANT, Commissioner, Precinct Number 2. WARREN SKAOGS, Commissioner, Precinct Number 3. W. M. STEWART, Commissioner, Precinct Number 4.

IN WITNESS WHEREOF, I have hereunto signed my name officially and affixed the seal of the Commissioners Court of Midland County, Texas, this 16th day of April, 1951, pursuant to authority conferred by law and the above order of the Commissioners Court of said County.

U.S. Navy Band-

(Continued From Page One) Finlay, Frank Scimone and Harold Wendt, attracted especially heavy applause following their rendition of Ernest Williams' "The Three Bluejackets." For an encore, the trio played the popular, "Smoke Gets In Your Eyes."

Another popular soloist was William Cameron, harpist, who played his own arrangement of "Tico, Tico," and then "Tennessee Waltz" as an encore.

Ben Mitchell Morris, vocalist, was presented in two tenor solos, "M'Appari T'it'hamor," from the opera, "Martha," by Frederick von Plotow, and "Granada." The applause was terrific.

A crowd, estimated at more than 1,500 persons, mostly students from Midland and neighboring cities, applauded widely Thursday afternoon at a matinee concert arranged especially for youngsters of school age.

Between concerts, the band members were guests of the Midland Sheriff's posse and the Military Affairs Committee of the Chamber of Commerce at a barbecue at Midland Park.

The musicians spent the night in Midland, departing early Friday for San Angelo where they will present afternoon and night concerts.

Arrangements for the concerts here were made by Gib Sanderfer, a former West Texan, who is the band's concert tour director.

Dog Ordinance-

(Continued From Page One) find it a suitable home," the SPCA decided.

"Other phases of the ordinance are under consideration and study by the SPCA for action in the near future.

The aim of the society is to assist in working out the dog problem in a humane manner, fair to everyone concerned and consistent with public welfare and safety."

LEGAL NOTICES paying voters of said Midland County, Texas; and FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed value of the real property of said Midland County, Texas;

IT IS THEREFORE, CONSIDERED AND ORDERED by the said Court that an election be held in said County on the 15th day of April, 1951, which is not less than 30 days before the date of this order, to determine whether or not the bonds of said County, to be issued in the amount of ONE MILLION TWO HUNDRED FIFTY THOUSAND DOLLARS, shall be issued in conformity with the Constitution and laws of the State of Texas, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity, in accordance with an ELECTION ORDER passed by the Commissioners Court of Midland County, Texas, on the 14th day of April, 1951.

CLIFFORD C. KEITH, COUNTY JUDGE, Presiding Judge, Precinct No. 1. ALVY BRYANT, COMMISSIONER, Precinct No. 2. WARREN SKAOGS, COMMISSIONER, Precinct No. 3. W. M. STEWART, COMMISSIONER, Precinct No. 4.

FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF. "AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

ELECTION OFFICERS Frank True, Jr., Presiding Judge, Precinct No. 1. Oswald Raggett, Presiding Judge, Precinct No. 2. Mrs. Frank Midkiff, Presiding Judge, Precinct No. 3. Mrs. D. E. Skelton, Presiding Judge, Precinct No. 4.

THE COUNTY CLERK of Midland County, Texas, is hereby authorized and directed to cause said notice of election to be published once each week for three consecutive weeks prior to said election, in a newspaper of general circulation published in Midland County, Texas, and in addition thereto, by posting notices of such election at four public places in Midland County, Texas, one of which shall be at the courthouse door of said County, for three consecutive weeks prior to said election.

★ THE DOCTOR ANSWERS ★

Your Skin Does Well Covering You Up —But Strange Things Happen To It

By EDWIN P. JORDAN, M. D. Written for NEA Service

The skin does its job remarkably well but strange things do happen to it once in a while.

Q—My eight-year-old son has a skin infection called Pityriasis rosea. What is the remedy and how long does it last?

A—This is a mild condition which usually requires no treatment. It generally clears up in a few weeks and should be gone by the time this appears in print.

Q—I have cracks along the edges of the bottom of my feet. They are rather painful but seem to go away after I cover them with ad-

hesive. However, they come back, though not always in the same spot. What, if anything, can be done?

A—This possibly is ringworm or some other fungus infection. It would be best to have scrapings made for diagnosis and try to get rid of it permanently rather than just using adhesive tape indefinitely.

Q—Once a year or so I find a bald spot on my head, each time in a different place. What could this be?

A—This probably is a condition known as alopecia areata. Occasionally it involves all the hair of the head, even the eyebrows. The hair usually grows back but some professional advice would not be amiss.

Q—I had a fall 30 years ago and hit the lower part of the spine. Now it pains me so much at times I can't sit down. Could this cause trouble in my older age?

A—It seems to be causing enough trouble now. The chances are there has been an injury to the coccyx which is the lower section of the spine. Since it is giving so much difficulty why not have an X-ray and consultation with an orthopedic specialist?

Q—Does thyroid trouble have anything to do with an undeveloped bust?

A—Probably not, at least from the practical angle.

Q—Please say something about sinus tachycardia. I have been told that the cause is unknown and also that it comes from the nerves. I know one does not die from it but it is uncomfortable to live with.

A—This is a condition in which the heart beats fast, usually intermittently. Both answers are more or less right since the cause is not always clear and yet the nervous system may play a part. Too much smoking, chronic infections, excitement and the like sometimes bring on an attack. Some people have this for a few months or years and then it may disappear of itself. Fortunately, as the writer remarks, it is uncomfortable rather than dangerous.

Q—You recently discussed retarded children. What I want to know is whether the value of glutamic acid as a "brain food" has been established and whether the results are lasting.

A—It is too soon to know all the answers about glutamic acid. At present it is possible only to say that some interesting studies with glutamic acid have been reported and more are going on. Its practical value as a brain food has not yet been "established."
