THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MAY 10, 1961-3

## 'See How They Run' To Open Thursday

The Community Theater will give its initial public performance of Phillip King's three-act farce "See How They Run" at 8:30 p.m. Thursday in the City County Auditorium. The show will run through Tuesday.

A special performance for negroes was given Wednesday night.

"See How They Run" is a hilarious example of what happens when five men, all dressed in clergymen's clothes, are mistaken for each other. The plot revolves around the actions of the group as they try to discover who is the American soldier, who is the escaped prisoner and who is the bishop.

The play has not been on Broadway as yet but it has been the rage of the Summer theater circuit after a successful run in London.

This type of farce depends on "sight" comedy and the building of humorous situations.

The cast includes Hal Shaner as Lionel Toop, Betty Simpson, Penelope Toop; Fred Reiter, Clive; Mary Margaret Corbett, Miss Skilken; Norah Harris, Ida; the Rev. Humphrey, Bill Adam; Charles Shaw, Bishop of Lax; Bob Goff, "The Man"; Jim Newman, British sergeant.

The play, directed by Art Cole, will be produced in-the-round. Tickets are on sale at Tailorline.

All reserved tickets not picked up or confirmed by telephone by 8 p.m. on the night of the show will be released for sale.

## Joan Foltz Honored With Farewell Party

The Robert Vogeler Deal

When Robert Vogeler stepped down at last on American soil, it ended another chapter in the sordid Communist history of brutality against human beings.

The fascinating details of Vogeler's tale of horror are yet to be told, but its essentials are a familiar story: a few strands of truth are seized upon to lend plausibility to a fantastic fabric of lies.

Two things make the Vogeler case different. One is that he is an American, and hence we feel the shock of his ordeal more deeply than we would that of a foreigner.

On the face of it, this country appeared to pay a considerable price for Vogeler's freedom. The State Department agreed to reopen closed Hungarian consulates in New York and Cleveland, to relax travel limits on U. S. tourists in Hungary, to restore Hungarian property held in the U. S. zone of Germany, and to change the wavelength of Voice of America broadcasts from Munich.

Before anyone hastens to charge that all this smacks of appeasement, it should be noted that the closing of consulates and the travel ban were restrictions imposed by the U. S. in specific reprisal for Vogeler's arrest and imprisonment.

But in fact Hungary really may not regain the status quo before the Vogeler case. The State Department, in lifting the travel ban, nevertheless cautions Americans to pay close heed to "conditions" in Hungary before undertaking travel there.

As for the Voice of America change, it may or may not prove a handicap to our propaganda effort in Hungary. We may find it possible to beam broadcasts in from Greece which will accomplish as good results as those from Munich.

The return of Hungarian property stolen by the Nazis and held in the U. S. zone of Germany is a genuine concession. But we stopped short of agreeing to give the Reds the prized Crown of St. Stephen, symbol of Hungarian sovereignty and independence.

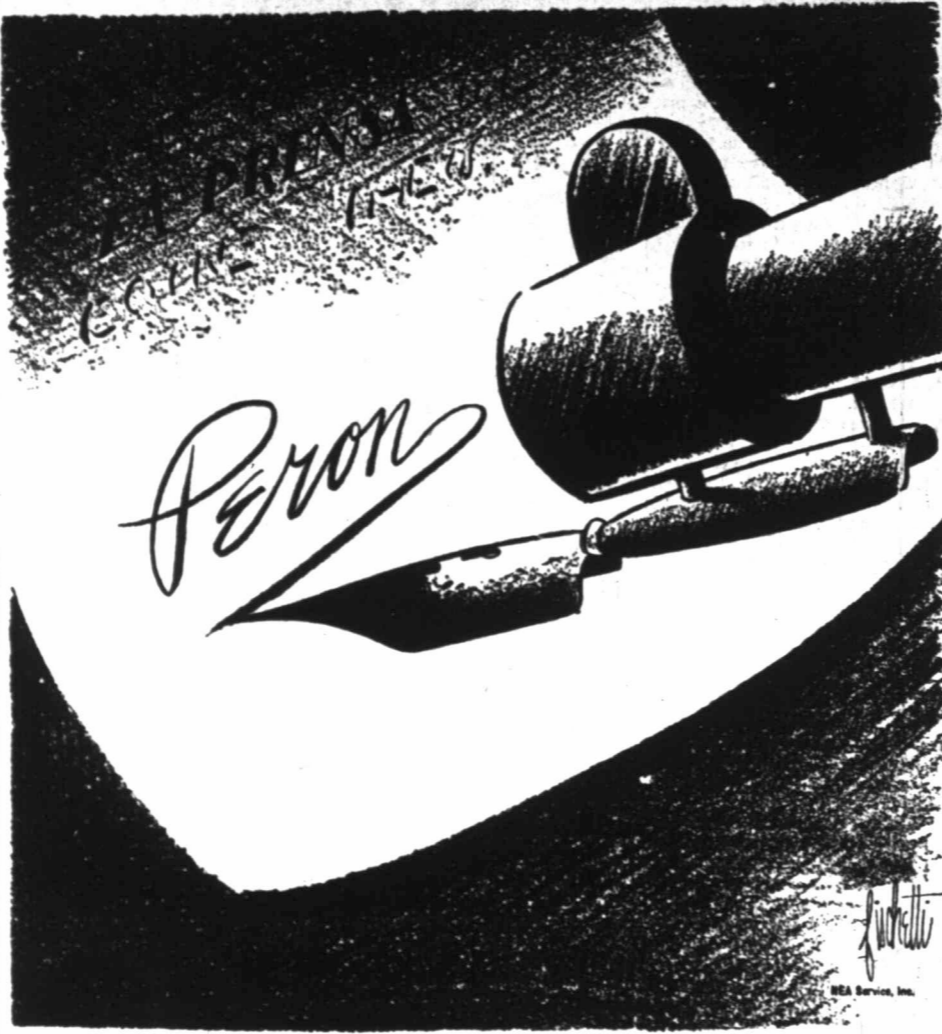

So what the Communists gained was not actually so much. Even if they had won more, it still would not have been a one-sided deal. For we gained a human life, the life of a man at the crest of his powers.

To Americans, the individual is the focus of all life. When we save him, we believe we are saving a bit of everybody's freedom. We will pay a substantial price to make him free and keep him free.

In the Communist world, it's different. A human being is a pawn to be shoved about as it suits the State. He is actually the property of the government. His life isn't worth a kopek.

Robert Vogeler today must be congratulating himself over and over that he was born on the right side of the Iron Curtain, where a single life counts for so much.

JACOBY ON BRIDGE

By OSWALD JACOBY. In most bridge hands the object of the defense is to kill the declarer (in a manner of speaking). Today's hand shows a refinement of that process, since East stood back and let South commit suicide.

Bridge hand diagram showing North (D), West, East, and South with various card suits and trumps.

South properly abandoned trumps in order to tackle the clubs. West opened the king of diamonds, and South won with the ace. South expected to lose a diamond and perhaps two clubs, but he didn't foresee any trouble.

There would be a different story to tell if East made the mistake of taking the king of clubs when the trick was first offered to him. At that stage South still had two trumps to East's one. If East returned diamonds, South would lose one trick in that suit, ruff a third round of diamonds, and draw the last trump.

WASHINGTON COLUMN

Hurry, Hurry, Hurry! The Big Circus Now Is On! By PETER EDSON. WASHINGTON—They should have called it rhubarb week in Washington.

The stuff flying around the edges of the investigation into Gen. Douglas MacArthur's firing beats anything seen or heard when the midjet sat on J. P. Morgan's lap, or the late Wendell Willkie testified on his war views, or when Hollywood movie stars first started coming to town to testify before the House un-American Activities Committee.

It isn't as good theater, perhaps, as the final acts of the Kefauver Committee crime investigations. They were played before television, and everybody could peep on the act. This is all star chamber stuff, but the temporary secrecy heightens the suspense.

It is Washington drama at its best. War and peace. Tragedy and comedy. Pathos and slapstick. And with a 70-year-old soldier for the star who makes Enrico Pinnas, Broadway's "South Pacific" matinee idol, look like a mere boy in his 50's.

Who are we, now, to criticize the Europeans for not being able to get together and work in unity to defend the western civilization from communism? Spies Would Have Field Day. Incidentally, this question of trying to make the MacArthur hearings open sessions was proved more or less ridiculous right at the start.

Senators throw insults at each other, then scribble them from the record and apologize with honeyed words so that history never will know what they actually said. And here you see such a deep-eyed liberal as Democratic Senator Matthew Neely of West Virginia starting a filibuster, of all things, to keep the Republicans from bringing to a vote their proposal for open hearings.

A group of 20 Western European newspaper editors sits in the Senate gallery to watch these strange goings on. The editors were brought here on a tour of the United States via Trans World Airlines to see for themselves how democracy works. If, after observing this performance, the visiting editors don't go home thoroughly confused and completely disillusioned, it will be a

## Midland Oil Man Fined For Breaking 'Hot Oil' Statute

**AUSTIN**—(AP)—Ralph Lowe of Midland has been ordered to pay \$25,000 in penalties for violation of the "hot oil" act.

Lowe also was ordered to turn over to the state 4,306 barrels of oil to be sold at public auction.

District Judge J. Harris Gardner rendered the two judgments for the state Wednesday.

Attorney General Price Daniel brought the suits against Lowe, charging he had overproduced two leases in the Welch field, Dawson County, but reported the excess oil came from wells on other leases which were incapable of making their allowances.

Durward Goolsby, assistant attorney general, prosecuted the state's case.

The oil alleged to be overproduced from the Welch field leases was ordered confiscated.

Yank Lopat Again Tames Cleveland; Giants Making Hay

By JACK HAND Associated Press Sports Writer

As long as Cleveland is in the American League, Eddie Lopat has a steady job. Since June 17, 1949, the chunky New York Yankee Lefty is 10-0 against the Tribe.

Eddie's poison was almost as deadly when he pitched for Chicago. But once he switched to New York he became a sure shot against the Indians.

It's a rare Cleveland series that doesn't find Lopat pitching the key game for the Yanks. He beat them six times last year as well as the last three times he faced them in '49.

They criticized Old Case last summer when he used Lopat and Tommy Byrne as pinch hitters against this very same Cleveland team.

Lopat now tops both majors with a perfect 5-0 record for the year although his string of 32 innings without an earned run was snapped.

It was the Yanks seventh win in nine starts on their first Western trip. They stretched their first-place margin to two full games and left the Indians in third.

The Yanks victory probably was the most important of Wednesday's action but the New York Giants 13-7 romp over the make-shift St. Louis Cards started more tongues wagging.

Throwing off the shackles of their horrendous slump, the Giants have climbed out of the cellar. With

Blue Sox Go In Front Of Ducks

By The Associated Press Abilene's scrappy Blue Sox held the lead in the West Texas-New Mexico League Thursday.

Only two contests were played in the circuit Wednesday night, but they involved Albuquerque, the erstwhile leader, and Abilene.

A sandstorm postponed Berger at Lamessa and high winds prevented Amarillo playing at Lubbock.

Abilene beat Clovis 4-3 and Pampa licked Albuquerque 12-7. So now Abilene is ahead by a game and a half.

Pampa collected 17 hits off two Albuquerque pitchers to defeat the Ducks. Albuquerque scored five runs in the top of the eighth and one in the ninth but Pampa also scored five in its half of the eighth to stay out in front.

Weldon Day and Ed Felton each singled in the eighth inning with two men on to give Abilene its victory over Clovis. The two hits drove in the runs that gave the winners the lead.

Tribe Drops 6-4 Contest To Swatters

Harold Webb came up with a pitcher in young Bill Reed Wednesday night but the Midland Indians couldn't get him the necessary runs and Sweetwater edged the Tribe 6-4.

Reed—a stubby southpaw who came to the Midland club from Texarkana only Wednesday afternoon—limited the Swatters to nine scattered hits, gave up five bases on balls and struck out four.

Colts Keep Rolling Along With Win Over Rocket Outfit

By The Associated Press The San Angelo Colts, like Old Man River, just keep rolling along. Wednesday night, the Colts defeated Roswell 5-4 for their eleventh straight Longhorn League victory.

Sharing the spotlight with San Angelo was Odessa. Odessa climbed out of the league cellar with a 3-2 victory over second-place Vernon.

Artesia lost to Big Spring 11-8 to slip into the lower berth, and Sweetwater edged Midland 6-4. San Angelo scored all of its runs in the first inning. Roswell fought back for single runs in the fourth and seventh and two runs in the sixth inning but went down in order in the final two frames.

Vernon rallied for two runs in the eighth inning against Odessa but couldn't overtake an early lead. Ray Sims gave up six hits and had a shutout going into the eighth.

Big Spring slugged three Artesia pitchers for 19 hits with Al Costa having a perfect night at the plate. Costa got four for four. Three runs in the third and four in the fifth were too much for Artesia.

Reed then had his least effective inning of the night as he walked three batters and gave another safe blow to skyrocket the Swatter margin to 6-2.

Then came the last Midland rally. Dick Potak and Pinch-hitter Eddie Jacome reached base by error, Jacome going out at second when Campbell got on by fielder's choice.

### Four Youths Charged In Connection With Poteet Bank Robbery

SAN ANTONIO (AP)—Four suspects were charged with theft of more than \$50 here Wednesday night in connection with the robbery of the Poteet State Bank Tuesday.

The charges were filed against Donald Lee Coats, 19, Tech High quarterback last year; J. Arthur Puch, 23; Roger Guy Klingaman, 21; and Donald (Peppy) McKay, 19.

Approximately \$1,300 was recovered from the suspects, about \$200 from each of the four, officers said. The money taken from the bank was estimated from \$1,300 to \$1,600.

The case began to crack when Deputy Constable Rudy Garza found a pair of women's sunglasses at the scene of the bandit's rendezvous, about six miles north of Poteet on the San Antonio road.

Arrests Follow

A check of stores by officers located a drug store that sold similar sunglasses to two men, and the officers got a description of one. The arrests followed.

As officers outlined the crime: Four men took three cars—two of them stolen—to the rendezvous. One, driving his own car, stayed with it and one of the stolen vehicles while his three companions went into Poteet and held up the bank.

The four returned to San Antonio in two cars, abandoning one of the stolen machines at the rendezvous. One car got back safely.

### Moon Glow Taken For Mountain Fire

WAYNESBORO, VA.—(AP)—When the moon comes over the mountain there's no cause for alarm. That's the word from the Waynesboro Fire Department. Seems a frantic caller phoned to report: "The mountain back of Calf Mountain is on fire."

Just as a fire fighting crew was being dispatched the same caller phoned again to report, rather quietly: "Sorry. But it's just the moon coming over the ridge."

### ADMITTED FOR SURGERY

Mrs. Betty Culp, 1106 East Florida Street, was admitted Wednesday afternoon to Midland Memorial Hospital for surgery.

### OFFICIAL'S WIFE ILL

Mrs. Bertie Hudman, 210 Marlenfield Street, was admitted to Midland Memorial Hospital Wednesday afternoon for surgery. She is the wife of City Secretary J. C. Hudman.

### SURGICAL PATIENT

Mrs. Ann Fischer, 208 West Estes Street, is a surgical patient at Midland Memorial Hospital. She was admitted Wednesday.

### TO UNDERGO SURGERY

Admitted as a surgery patient Wednesday at Midland Memorial Hospital was Mrs. James H. Kitterman, 701 North Weatherford Street.

The other one of the stolen cars was chased by officers.

Abandoning it in San Antonio the two occupants went to a house and called one of the other pair to come for them, which he did.

### Public Speaking Expert Addresses Midland Rotarians

Declaring that every man, unless physically incapacitated, can learn to be a good public speaker, John Hughes, Shell Oil Company employe and a public speaking instructor at Odessa College, addressed the Midland Rotary Club at its regular meeting Thursday noon in Hotel Scharbauer.

"The Art of Public Speaking" was the subject of his talk. He was introduced by Al H. Vineyard, program chairman.

Hughes, stating that the art of public speaking often is misunderstood, said talking before a group of people is no different than talking with family members, friends or business associates.

### Business Success

He stressed the fact that public speaking can do more than any other one thing to assure a person's success in business.

"The problem of stage fright can be conquered by practice and self control," Hughes stated. "Adequate preparation is the real secret of good speech making."

The speaker listed "tricks of the trade" and explained how a speaker best can get his message over to an audience. Gestures also were discussed.

### INNOCENT ABROAD

COBALT, ONT.—(AP)—Mrs. Geoffrey Ashe, coming from England, sent her Siamese cat on ahead. The cat had to go to Amos for customs inspection, and when it was delivered to Mrs. Ashe at Rouyn, it was accompanied by a batch of purebred Siamese kittens.

### Panama's President Orders Restoration Of '46 Constitution

PANAMA, PANAMA.—(AP)—President Arnulfo Arias bowed to police and public pressure Thursday and ordered restoration of the 1946 Constitution which he scrapped last Monday. By this action, which won over police support, he hoped to stay in office.

Arias' decision came after a day and night of rioting in which at least three persons were killed and 110 wounded or injured as angry crowds surged through the capital's streets, clamoring for the president's ouster.

### Strong Support

Arias got powerful backing Thursday from Col. Jose Antonio Remon, Panama's strong man and the head of the National Police—the country's only army.

Declaring "What the people wanted has been achieved," by Arias' return of the 1946 charter, Remon announced his support of the president. Such support could be decisive.

### Police Headquarters

Police Headquarters halted the decree as a "lofty and patriotic decision" and appealed to the people to lay aside their bitterness and support Arias as president.

Arosemena indicated, when he appeared before the assembly to take the oath, that he knew Remon would not support him, but said he would accept the assembly's offer.

After he was sworn in, the opposition radio called on the people to escort him to the presidential palace, where Arias was secluded surrounded by Remon's police. The march, however, never came off, and Arosemena finally went home to await developments.

Panama looked like a dead city Thursday. Business houses and stores were shut down. Transportation was at a standstill and all industry was halted except for electricity, gas, water and telephone service.

Few persons ventured on the streets.

GENERAL CONFERENCE—At a South Korean base, Lt.-Gen. Matthew B. Ridgway, commander of UN forces in the Far East, and Lt.-Gen. James A. Van Fleet, allied ground commander in Korea, are briefed on the status of the Chinese offensive by Maj.-Gen. Robert Soule, head of the Third Infantry Division, who kneels and points to the big situation map. (Photo by NEA-Acme Staff Photographer Bert Ashworth.)

### Ask Acheson

(Continued From Page One)

Albert C. Wedemeyer, who made a 1947 report, long suppressed, favoring aid to the Chinese Nationalists, was given a West Coast command in September, 1949, to get him out of Washington.

Marshall replied that Wedemeyer asked for the San Francisco assignment "as his special desire."

3. Marshall testified that consideration was given, during conferences on the question of recalling MacArthur, to the possible effect on the Japanese people. He said the feeling was that to leave MacArthur as Japanese occupation commander, while removing him from command of Korean operations, would lead to "confusions."

4. Under Smith's questions, Marshall said he did not think Republican John Foster Dulles, a special assistant to Secretary of State Acheson, was consulted on the MacArthur removal question.

"Very Critical Situation"

Smith's statement that he had been told the United States gave Britain the "green light" to recognize Chinese Communists came while he was speaking of a trip he made to the Far East in 1949.

Smith said he came back from the trip with a feeling that a "very critical situation" existed. He said: "I came to the feeling that there was a very distinct issue of view between what you might call the MacArthur-Wedemeyer group, who felt we had made a serious mistake in our attitude toward the Nationalists and so-called letting them down, and the pressure of the other side, headed by the State Department—Dean Acheson and others—to build up the group sympathetic with recognizing the Communists."

"I was told shortly after I got back, that we had given the green light to great Britain to recognize the Chinese Communists."

Marshall testified that as secretary of State in 1947 and 1948 he became convinced this country "would literally have to take over control" of China in order to insure that the Nationalist armies would function efficiently.

"We would have to make a very considerable initial contribution," he said, "and we would be involved in the possibility of a very extensive continuing responsibilities in a very large area."

Questioning of Secretary Marshall ended at 11:08 a.m. for his fourth half-day appearance. He will return again at 8 a.m. Friday.

### Three Motorists Lodge Complaints About 'Road Hogs'

Midland police Wednesday received three complaints from motorists who were almost forced from the road by other vehicles.

Mrs. A. T. McConnell reported juveniles in a car almost ran her off the street at the intersection of Peocos and Nobles Streets.

Jack Mogle complained that a car almost ran him off the street while he was driving on North Big Spring.

W. H. Wood reported a truck almost forced him off of U. S. Highway 80.

Two of the complaints reported reckless driving and the motorists said they were willing to file charges against the offenders, if located.

### Air Reserve Group To Meet Thursday Night

A regular meeting of the 9816th Volunteer Air Reserve Squadron will be held at 7:30 p.m. Thursday in the district courtroom of the courthouse.

The course in personnel management will be continued at the meeting.

In a meeting held recently, a promotion board from Reese Air Field Base screened officers eligible for promotion to the grades of captain and major.

### MINOR INJURIES

Cecil Simmons, an iron worker at a construction site, received emergency medical treatment Wednesday at Western Clinic-Hospital for minor injuries received when he fell on a ladder.

### SURGICAL PATIENT

Admitted as a surgical patient Thursday at Midland Memorial Hospital was Mrs. Jean Ditzell, 2604 West Kansas Street.

### Golf-Playing Pooch Is Back Home Again

Again, Midland's golf-playing dog has been found. Its owner reported Thursday the animal had been located and returned to its home, but whether the dog had participated in recent golf tournaments was not learned.

Two weeks ago the owner reported his dog, missing several hours, had been found at the country club, "playing a game of golf."

### Women's Invitation Tourney To Begin Here Next Monday

Play is to begin Monday in the fourth annual Women's Invitation Golf Tournament at Midland Country Club with the largest field ever entered in the tourney expected to tee off on the grid.

Publicity Chairman Katherine Franklin said Thursday golfers are expected from Houston, Dallas, Lubbock, Fort Worth, Odessa, Brownwood, Hobbs, N. M., and Midland.

Mrs. Frank Herb, club champion at BraeBurn Country Club, Houston, definitely will be in the tourney here as will Mrs. Wayne River, Molly Rae Boyce, Mrs. W. B. Stallings, Mrs. E. G. Phister and Mrs. Felix Runyon, all of Houston.

Jo Boswell—who recently advanced to the finals of the Hobbs Invitation Meet before losing to Midland's Pat Garner—is expected to come down from her Roswell home to enter the tourney.

### Others Registered

Others registered include: Mrs. Joe Rush, Dallas; Mrs. Ed Dietz, Fort Worth; Mrs. R. E. Winger, Fort Worth; Mrs. H. W. Nodde, Billie Walker, Mrs. Ralph Johnson and Mrs. C. S. Stone, Hobbs, N. M.

"Of course that isn't all the golfers who will enter," Mrs. Franklin said, "but those definitely will be here."

In addition to out of town golfers, many Midland women, including Defending Champion Gloria Ewell, will enter the tournament, which ends next Friday.

Actual play begins Monday although at 1:30 p.m. Sunday four-ball mixed foursomes will be played at the Midland Country Club. Midland golfers are urged to enter the Sunday play, Mrs. Franklin said.

### Two Hurt, Harley May Has Bad Night, At Collegiate Rodeo

FORT WORTH (AP)—The National Intercollegiate Rodeo was to continue here Thursday night after getting off to a rough and ready start.

Two cowboys were injured Wednesday night. Harold Wicker of Hardin-Simmons University suffered facial injuries. Gene Robertson of Texas A&I injured his right elbow.

Defending Champ Harley May of Sul Ross had a bad night as Cotton Rosser of California Polytechnic, current leader for individual honors, took two first places.

### FRACTURES NOSE

Albert Burgett, oil field worker, received emergency treatment Wednesday night at Midland Memorial Hospital for a fractured nose.

### Texas League—Eagles Go Into First Division As Cutting Time Arrives

By The Associated Press

Rain and the Fort Worth Cats pushed Dallas into the Texas League first division Wednesday night and with twelve more games at home the Eagles hope to fly high indeed.

Beaumont fell out of the upper echelon to allow Dallas to pass as Fort Worth plastered the Roughnecks 2-0 in a game cut to seven innings by a downpour.

Dallas, meanwhile, was beating Shreveport for the fifth straight time, this victory being 1-0.

Leading San Antonio was playing in the first inning at Tulsa when rain halted the proceedings while Houston and Oklahoma City never could get started at Oklahoma City.

Pete Mondroff cut down Beaumont with three hits in the abbreviated game at Fort Worth. He won his third pitching victory in four starts. Fort Worth got only four hits off Art Dyk but he walked two batters with the bases full to finish the Cat runs.

Hal Erickson pitched a three-hit shutout for Shreveport but the lone Dallas run was unearned, coming in the fourth without the benefit of a hit. Dallas got only four hits off Jim Willis, three of them of the infield variety.

Cut Rosters

Meanwhile the clubs moved to cut to the 19-player limit which went on after Wednesday night's games.

Dallas sent Bob Prentice, third baseman, to Wilkes-Barre on option to cut to 20 and will let out another player Thursday.

Tulsa sent Ted Tappe, young first baseman, and Everett Johnson, catcher, to Charleston and put pitcher Bud Lively on the inactive list to get inside the limit. Lively has a sore arm.

Beaumont cut four men off its roster. Outfielder Crawford Davidson and Pitcher Bill Jankowski were sent to Norfolk and Schenectady, respectively, and announced that Pitcher Walt Snider and Infielder Dick Briske were sent elsewhere in the New York Yankee chain.

Oklahoma City shipped shortstop Stan Hughes to Midland of the Longhorn League and will resign Outfielder Jim Akers, who was called up from Midland but never reported.

San Antonio sold Infielder Andy Anderson to Dallas on a five-day look to get inside the limit. Earlier in the week the Missions had sold Outfielder Joe Frazier and Pitcher Frank Blacan to Memphis and sent Pitcher Billy Hyde to Dayton.

### Parade To Open Monahans Rodeo

MONAHANS—A downtown parade was scheduled to open the World's Championship Rodeo here at 5 p.m. Thursday.

The first performance was set for 8 p.m. in the rodeo arena. The third annual event will end Saturday.

### Tax Increase

(Continued From Page One)

payer's obligation by 10 per cent. Such an increase would have had a lighter impact on smaller taxpayers than the plan tentatively adopted.

The Administration had sought an increase of four percentage points in each bracket, for an estimated \$3,600,000,000 additional revenue yearly.

If finally approved by the House and Senate, the three-point increase will raise taxes of a married man with two dependents and an income of \$5,000 before exemptions from \$520 a year to \$598. For a \$10,000 man, the new tax would be \$1,820 compared with \$1,592 at present.

Individual income taxes have already been hiked once since the Korean war started. The boost was effective last October 1.

The tax-drafting committee approved special relief for single persons who are the heads of families—widows, for example. Although details still are to be worked out, such persons would get approximately half the tax advantage now enjoyed by married couples with the same income who take advantage of the income splitting provisions of the 1948 revenue law.

### Korean Vet—

(Continued From Page One)

man is not a veteran of a recognized war.

Arelano was discharged under the Armed Services Dependency Act. He also was wounded in Korea, but his injuries reported had nothing to do with his discharge.

Colonel Gaines expressed regret he had been unable to help Arelano.

"We at the veteran's hospital are completely sympathetic with the plight of these men. Under the present status we are not at war in Korea so these men are not eligible for treatment."

Then he added: "If it isn't war, I'd like to know what the hell it is."

### STAPLER, DESK SET REPORTED STOLEN

Murray-Young Motors reported to police Wednesday the theft of a stapling machine and a desk set from the company's building on West Wall Street sometime Tuesday night.

Police found no place where the building had been broken into but learned that windows and a door were unlocked at the time of the theft.

### School Music Festival Opens Friday

Friday is the date of the second annual city school music festival in Midland.

The program, open to the public, will be heard at 8 p.m. in the high school auditorium. All of the choirs in the schools, more than 500 voices, will be presented during the hour-long program.

### West Texas Woman Dies In Home Blaze

ROARING SPRINGS.—(AP)—A long-time West Texas resident burned to death in her rocking chair here Wednesday.

Neighbors looked on helplessly as flames consumed the home of Fannie Baker Bailey, 84. Firemen who recovered the body said the woman apparently was unconscious or had suffered a heart attack.

They said the never moved from the rocking chair.

R. C. Michener, consultant in music for the school system, arranged the program and invited parents and all others interested in music to attend.

The first festival last year turned out to be a big attraction and it now has been adopted as an annual event.

Appearing on the stage will be various separate and multiple choirs of young singers.

Six elementary schools and the junior and senior high schools will participate in the program, according to Michener.

### Archduke Otto Of Hapsburg Weds German Princess

NANCY, FRANCE.—(AP)—Archduke Otto of Hapsburg, pretender to the throne of the defunct Austro-Hungarian Empire, wed a blue-eyed German princess here Thursday in a lavish display of 18th Century pageantry.

Scores of Europe's throneless royalty thronged this Eastern France city for the double rites uniting the 38-year-old Otto and 25-year-old Princess Regina of Saxony-Meiningen, whom he met while touring refugee camps in Bavaria.

A civil ceremony in the City Hall was followed by impressive Roman Catholic rites an hour later in the Church of the Rosemakers, where many of the bridegroom's ancestors are buried.

Forbidden by Austrian law to visit the country where his father, the Emperor Karl, was the last Hapsburg ruler, Otto came here for his wedding because it is the ancient capital of the once independent Duchy of Lorraine, over which his ancestors reigned. Otto still claims the title of duke of Lorraine.

Archduke Otto addressed the Midland Knife and Fork club at a meeting here last October 18, speaking on the subject, "Christian Democracy or Communism." His message was well-received by a large gathering of Midlanders.

He was entertained by club officials prior to and following his address in the high school cafeteria.

Permian Basin Oil And Gas Log- (Continued From Page One) the northwest quarter of section 22, block 28, T-1-N, T&P survey. That puts it two miles south and three-quarters of one mile east of Gulf Oil Corporation No. 1-B Glass, Spraberry discovery. It is also one and one-half miles north and one mile east of The Blackwood & Nichols Company No. 1 Stinson & Burley, a drilling wildcat.

Germania In Midland Gets South Stepout. Approximately one-half mile south of the nearest production in the south side of the Germania-Spraberry field of Northeast Midland County, James H. Snowden and Associates will drill No. 2-17-F Andrew Faaken.

More Drillsites Set For Tex-Harvey Pool. Ashland Oil & Refining Company staked location for two Spraberry prospectors in the Tex-Harvey field of Central-West Glasscock County, and Phillips Petroleum Company made location for one.

Central Terry Test Coring Mississippian. Gulf Oil Corporation No. 1 T. L. Lowe, wildcat four and one-half miles northeast of Brownfield and six and one-half miles west of the Mound Lake-Pennsylvanian field and in Central Terry County, is coring below 11,532 feet in Mississippian lime.

Operator cored from 11,610 feet to 11,618 feet. Recovery was nine feet of lime, with two and one-half feet of it being porous and having slight oil stains. There was no free oil. Top of the Mississippian is 11,365 feet. Top of the Pennsylvanian lime is at 10,900 feet. There was about 150 feet of the Pennsylvanian lime with no shows.

The Spraberry was topped at 7,455 feet. Elevation is 3,330 feet. Operator is undecided as to how much deeper to drill. No shows of production have been found in any formation drilled.

Location is 660 feet from south and east lines of section 1, block T, D&W survey.

**Additional Acts Signed For Show**

Additional acts for the National Guard Variety Show to be held at 8 p.m. May 23 in the high school auditorium have been announced by Sgt. J. E. Sides, director. The new acts are a quartet composed of Yeats Brown, Jimmy Locke, Jack Tabor and Richard Robinson who will do a takeoff on the Hoosier Hotshots; a nine-piece orchestra; an A Cappella quartet composed of Joe Barnett, Charles Crabtree, Dolen Brinson and Kenneth Wright; Nancy Cooper, marimbist, and Betty Gurney, vocalist.

Sides said most reserve seat tickets have been sold and that the remainder are on sale at the Hotel Scharbauer Barber Shop. Tickets also are on sale at the high school and may be purchased from the following students: Swan Hagler, Susanne Young, Shirley Winters and Patsy Grover. Rehearsals will be held at 2 p.m. Saturday in the Officers Club at Midland Airpark and anyone desiring to try out for the show is requested to be present.

**Both Mary Astor, Dancer Will Recover**

LOS ANGELES—(AP)—Mary Astor and dancer Joan Blair Casparis, two men in the life of Beverly Hills stockbroker Thomas G. Wheelock, were convalescing in separate hospitals Thursday from overdoses of sleeping pills. The chunky Wheelock married to the 45-year-old Miss Astor the last six years, told police the incidents were entirely unrelated and "a fantastic coincidence." Doctors said both Miss Astor and Miss Casparis will recover.

**KC State Council Names New Officers**

GALVESTON—(AP)—The new state deputy of the Texas State Council of the Knights of Columbus is Davis Lambright of Fort Worth. Other officers named here Wednesday as the organization concluded its four-day convention were: Bart J. Antle, Baytown, secretary; Dan A. Gallagher, Abilene, treasurer; Reyaldo Garza, Brownsville, advocate; Tom J. McLaughlin, Taylor, warden, and the Rev. William S. Blakeslee, Lubbock, chaplain.

**Jury Declares Army Deserter Is Insane**

DALLAS—(AP)—Arthur V. Gittings, 20, Army deserter who shot three persons in a tavern here in April, 1950, is insane, a criminal district court jury said Wednesday. Gittings must be committed to a state hospital and never can be tried on three assault-to-murder indictments. Two of his victims, one paralyzed by the pistol shots, testified at the hearing. It was the second jury hearing for Gittings. A jury earlier this year failed to reach a decision.

**Missing Youth Found Dead In Refrigerator**

NORWALK, CALIF.—(AP)—A 10-year-old boy for whom sheriff's posse pressed a month-long search in Southeast Los Angeles County was found dead Wednesday, locked in an abandoned icebox in a neighbor's yard. He was Charles Henry Houghton, son of a railroad switchman. One of four children, he would have been 11 on May 26. His decomposed body was found in one of four old refrigerator hulks standing in a back yard less than two blocks from his home. Charles vanished from home April 12. Marsh Howard, 34, in whose yard the iceboxes were standing, found the body when he took the latch from the refrigerator door to replace one on his own icebox.

**Specialists Advise Limit On Fighting Zone Term For GI's**

CINCINNATI—(AP)—Back-home furloughs from the combat zone after 18 months service were suggested Thursday as a possible means of preventing many mental breakdowns among American fighting men in any war. Two American doctors who made a study of a group of World War II psychiatric casualties under a National Research Council grant told the American Psychiatric Association: "The fact a large number broke down after they had been overseas for some time may indicate that whenever it is feasible, the Army should attempt to return soldiers to the United States after some set period of time, such as eighteen months. "Knowing that there is to be an escape from the strain of an unusual setting overseas after a definite period of time may serve as a goal and should be a stimulus to enduring hardship." The doctors who made the report were Herbert S. Ripley of the University of Washington and Stewart G. Wolf of Cornell.

**U. S. Highways More Deadly Than Korea**

MORGANTOWN, W. VA.—(AP)—Sgt. John N. Mason, 21-year-old Reedsville soldier, returned home two days ago after nine months in Korea. He was killed Wednesday in an auto accident. Police said skid marks showed he had fallen asleep at the wheel. BIG SPRING—Presbyterian men from Midland and three other cities in this area are expected here Thursday night for a meeting in the First Presbyterian Church. Ed Stitt, president of the First Presbyterian Men of Midland, said churchmen are also expected from Cosham, Colorado City and Big Spring. Speakers at the meeting, which will begin at 7 p.m., include W. H. Crenshaw of Midland, president of the Presbyterian Men of the El Paso Presbytery. Cain and Abel were the sons of Adam.

**Sheepmen Happy At Wool Ceilings**

By The Associated Press  
Price ceilings on wool and mohair, announced by the Office of Price Stabilization, brought forecasts Thursday of higher prices for wool clothing by next fall. Officials who made the forecast said the higher prices might continue into next Spring. Dollars-and-cents ceilings on wool, set Wednesday by OPS, will put wool prices generally 65 to 70 per cent higher than pre-Korean war prices. Texas sheepmen, however, greeted the order with smiles. Effective immediately, it forbids dealers and manufacturers to pay more than \$3.35 a pound for an average basic type wool. For average wool tops, the ceiling is priced at \$4.13 per pound. Prices were also set for mohair, providing a ceiling of \$2.28 a pound for original bag kid and \$1.81 for adult. Sheepmen figured the new prices will give them a comfortable profit margin. Their reaction was different from that of cotton men, who protested strongly when cotton futures prices were ceilinged.

**Child, Crushed By Truck, May Recover**

SANTA MONICA, CALIF.—(AP)—The 17-month-old baby who was run over by a truck while playing in an alley Monday may recover from her injuries. Dr. C. A. Lindquist said little Mary Dahler, suffering from a crushed chest, skull injuries and a broken wrist, is somewhat improved, and that he entertains hope for her recovery.

## Youth Center Chatter

Mr. James Howell and Gail Baker have less than three weeks left! Yes, there are less than three complete weeks of school remaining. Of course, the last week everyone will be so busy attending end-of-school parties and such we won't be able to get much work done. Are you excited? We certainly are.

The Senior Class members already have received several gifts from Midland merchants.

Senior invitations came in last week and the Seniors now are trying to address and mail them. The three-fold invitations have a cap and diploma embossed on the front with the letters MHS in the cap, while on the inside is an engraved picture of the high school auditorium. Of course, the announcement of the graduation exercises also is on the inside of the invitation. May 30 is the date for the exercises and eight o'clock is the time.

### Gay Time For Seniors

The month of May is the time for all Seniors to have a gay time. Two dances are planned for Senior Class members as well as a banquet. Of course, the Band Banquet is this weekend and a Catalina signing party is scheduled in the high school gym as soon as the annuals arrive. The Senior Class members will have a full day of fun a week from Friday when they go on their annual Senior trip. The destination this year will be Carlsbad, N. M., where the Seniors will visit the caverns and spend part of the day swimming.

Class day exercises are being planned. (From the bits of information we've had, this will be the best Class Day exercise in MHS history. A lot of hidden talent among the Seniors will be brought to light. This year the Class Day exercises are going to be quite humorous as well as serious.)

Improvements really are being made in our Youth Center. The upper balcony now is being changed into a lounge for the girls. Several girls met at the Youth Center last Saturday to do some work on the balcony. Imagine their surprise when, after moving some bookcases they discovered the north side of the wall was a different color from the rest of the room! The balcony walls now have been painted green to match the rest of the Center.

### New Chairs, Curtains

Several chairs have been covered for the lounge—one is a pretty charcoal green, and the girls are going to replace the present curtains with new drapes. A brown table is being refinished for the lounge, and a half-curtain will be put along the balcony rail. This lounge will be for the girls only. Mr. Glidewell said he hoped it would be completed by May 19, the date of the band election, so parents will be able to see the new improvements. After the lounge is completed, the girls will have a nice place to read or do homework without being in danger of a flying ping-pong ball.

In addition to the improvements being made by changing the balcony into a lounge for the girls, three new sofas are to be added to the Youth Center. Another improve-

ment which everyone will welcome is an air-conditioning unit, which will be in before the Summer arrives in full force.

Our congratulations go to Snookie Roberts and James Claiborne who placed first in the recent doubles tournament in pool for boys, Jim Irvin and Dan Ratcliff placed second. Reed Gilmore and Roy Kimsey won first place in the boys doubles in ping-pong. Second place winners were Teddy Kerr and Alvin Loskamp. Awards of key chains and cuff links were made possible by the ten-cent admission fee paid by those entering the events. Seventy-four boys participated.

Six girls' teams now are on the ladder for girls' doubles in pool. Each set of girls may challenge the girls just ahead and thus advance to the top of the ladder. A boys' ladder will be set up for the Summer months. The top three sets of winners from this last pool tournament for the boys will head the ladder. Plans are being made for exchange pool tournaments between different Youth Centers, and the teenagers who are at the head of the ladders will be allowed to participate in the tournaments.

### "Bull" Whittson Here

We certainly were surprised to look up from the magazine we were reading and see "Bull" Whittson. "Bull" came in last Thursday and leaves Saturday. He has been stationed in San Diego, Calif., but his next stop will be Subic Bay in the Philippines. "Bull" has been attending diesel engine school four months (a few weeks of this time was spent in the galley, he admitted) and he likes the Navy life.

We noticed Shirley Harrison, Wilma Like, Isleta Terry, Mary Nell and Martha Stone all trying to play a game of ping-pong a few days ago. They decided there just wasn't room enough for five players on top of the table, so they halted their game, assumed comfortable positions under the table, and then continued. By the way, who won?

R. O. Storey, who is stationed at Fort Sill, Okla., now is out of basic training. Tommy Stringer, another ex-Youth Center member, joined the Air Force shortly after R. O. did. He now is completing his basic training. The Air Force life must be agreeing with Tommy—he has gained 15 pounds since he left home!

Dolan Brinson had a guest from his old home-town visiting him last weekend. His name is Bill Bryant. Home-town? Graham, Texas. High school classification? Junior. Interests? Member of the band. Bill now is a first chair cornet player, but next year he will be the solo cornet player. We really were glad to meet you Bill, and we hope you come back to Midland again soon.

Dolara Brinson's name reminds us of a very, very unusual nickname we have heard. Dolan's nickname is "Poppa"—say, Dolan, there must be an interesting story behind this nickname!

### Scouts On Trip

The members of Senior Scout Troop 8 have been excited lately. The reason? At long last their "Dream Trip" is about to come true. The girls have saved their money

## Custom Look For Weekend Wardrobes

This streamlined gray broadcloth sheath dress by Gretz Plattky provides the basis for wardrobe changes that take the wearer through an entire day. It's worn (left) with white pique jib jacket

By GAIL DUGAS  
NEA Staff Writer

NEW YORK—Separates that are meant for each other are the specialty of designer Gretz Plattky, who believes that a wardrobe, though moderately priced, should have an

impressive, custom-created look. The day of slaphdash separates, in which a woman put together a white broadcloth shirt, a blue denim skirt and a green sweater, are gone. Denim is strawberry pink or sunflower yellow now and separates are carefully planned to go together.

Weekend wardrobes for Summer are favorites with this designer. She has evolved a number of convertibles, each group planned around a basic color and a basic design. In one, she begins with a sleeveless Norfolk jacket of crisp egg-white line and adds brief shorts in seashell brown linen. Next, there are baretop linen camisole and yellow organdy overskirt for Summer evenings.

Some of these convertible wardrobes are done in black-and-white, others in purple-and-lime, still others in peacock-and-beige. One wardrobe that begins with a simple sheath dress is in gray, white and yellow. The gray sheath dress, for business or street wear, is topped by a brief white pique jib jacket. As an alternative to this jacket, there's a duster in the white pique that's eye-catching.

## New Wheat Rust Seen As Threat

COLUMBUS, OHIO—(AP)—A new and virulent brand of rust threatens the 1951 wheat crop. U. S. Department of Agriculture scientists have identified the new rust as "15B" which showed up in some sections and caused serious trouble last year.

The scientists now believe "15B" is the most virulent race of rust ever found in this country. The new type seems to be the progeny of two older races.

Wheat breeders of the department are cooperating with states to turn out a resistant wheat as a defense against "15B."

four years to be able to take a nice trip. They leave early Friday for a trip down to "Mo Ranch" near Kerrville. They will be there three days. Most of the girls plan to just sleep, eat, swim and play tennis while there. Hope you all have a wonderful time on your "Dream Trip."

Two important events will take place this weekend. An all-city Music Festival will be held Friday, Saturday evening the Band Banquet will be held for the band members, their dates, and their parents.

## ASCAP Inks Pact With Jap Society

NEW YORK—(AP)—From now on, you'll have to pay for the privilege of singing or playing a Japanese song commensally in this country. The same goes for the Japanese who perform American tunes for profit in Japan.

This is the result of the first Oriental agreement signed by the American Society of Composers, Authors and Publishers. It concluded a mutual protection pact with the Society of Rights of Authors and Composers whereby the two societies would collect royalties for each other.

"Actually," says an ASCAP spokesman, "There's more in it for us than for them. The Japanese play about 80 per cent more of our music than we perform of theirs. But Japanese tunes are performed quite a bit in Japanese cabarets along our Pacific Coast."

ASCAP, which has had many long-standing royalty agreements with European nations but never before concluded one in the Far East, has 2,000 members. The Japanese society has 1,100.

## Make White Shower Cake

By GAYNOR MADDOX  
NEA Staff Writer  
This is the open season for announcement parties. That's why this

beautiful white shower cake is so timely. It is easy to make in a glass bowl that gives it its shape. The frosting is out of this world.

BEAUTIFUL WHITE SHOWER CAKE will give glamor to wedding announcement party.

### SHOWER CAKE

**Cake**—Three-fourths cup shortening, 1 1/2 cups sugar, 1 teaspoon almond extract, 1 teaspoon vanilla extract, 3 eggs, 3 cups sifted cake flour, 3 1/2 teaspoons baking powder, 1/2 teaspoon salt, 1 cup milk.  
**Icing**—One-half cup cold water, 1 1/2 cups sugar, 1/8 teaspoon salt, 1/4 teaspoon cream of tartar, 1 tablespoon light corn syrup, 2 egg whites, 1 teaspoon vanilla extract.

**1. Cake:** Cream shortening. Add sugar gradually, creaming until fluffy. Beat in flavorings. Add eggs one at a time, beating well after each addition. Sift together the dry ingredients; add alternately with milk to shortening mixture.

Pour batter into a well greased 2 1/2 quart heat-resistant glass bowl. Bake in slow oven, 300 degrees F., for about 1 1/2 hours or until cake is done.

Cool for at least 30 minutes before removing. Loosen with a spatula and invert on a plate. This gives a mound-shaped cake ready for party trimming.

**2. Icing:** Place all icing ingredients

### Brother Head Iowa Treasury Program

DES MOINES—(P)—Iowa has the first team of brothers ever to head a state program for the U. S. Treasury Department's Savings Bond Division.

Gerald S. Nollen, retired president of the Banker Life Company, and Dr. John S. Nollen, president emeritus of Grinnell College, are serving as co-chairmen of the Iowa bond organization.

It became a brother setup only recently when Gerald Nollen was appointed by Treasury Secretary Snyder to fill a vacancy. Dr. John Nollen has been serving as a co-chairman since 1941.

**GEM DANDY**—A quarter-million dollars is the rough price tag on this 160-carat diamond found recently in the Consolidated Diamond Mines of South-west Africa. The gem, seen alongside a South African shilling piece, is blue-white, of extraordinary purity. It is one and a half inches long and an inch wide. Polished it may be worth \$375,000.

### 15-Year-Old Duck Becomes Famous

VANCOUVER—(P)—A 15-year-old pet mallard, "Goo-Goo" has become a famous duck in these parts.

It was a good laying duck until two years old when it laid the biggest egg of all by turning into a Drake.

In the first blush of growth Goo-Goo laid some 324 eggs, then output slowed. The tall feathers changed and the colored ring typical of male mallards appeared on the neck. The beak darkened and the eggs stopped entirely. Experts came around and suggested its name be changed to "Sir Francis" or something suitable to its sex.

**Old West's Rustler Didn't Die—He Just Changed His Tactics**

FORT WORTH —(P)—The cattle rustler didn't die when barbed wire tamed the wild West and left the open range a memory. He's still there. His tools today are a pair of pliers and a truck. The two men who rustled 17 head of Harry Hardin's cattle near Midland, Texas, were bold and brazen. Their cattle-loaded truck stuck in the mud on Hardin's ranch. They waited until daylight, then fetched a wrecker from town to pull them out. They played to the hilt the role of disgraced ranchers. The risk is great but the stakes are high. Look at the market prices for cattle on the financial pages of any newspaper. Beef on the hoof is going for as high as \$46 a hundred pounds. The oldtime rustler might aim for a herd of 100 or more cattle. But he was lucky if he got \$20 a head. Can Load Quickly It's easy to snap barbed wire with a pair of pliers. You can load two, three, four head of cattle in a pickup truck quickly and quietly. There are a few things the present rustler faces that plagued his counterpart in the old West. One is brands. The other is the range detective. They call them "field inspectors" now and they, too, have traded their horses for horsepower. A. T. Jeffries of Clarendon, Texas, found the thieves who stole Harry Hardin's cattle. He found the cattle at Olathe, Kansas. The trail led to Springfield, Mo., where they had been sold, then resold. To find the thieves—and clear up \$10,000 worth of rustling in Texas, Oklahoma, and Missouri—was a check-and-double check operation that took the cooperation of law officers at Sayre, Okla., Cordell, Okla., and Miami. The Texas and Southwestern Cattle Raisers Association has 28 field inspectors, and brand inspectors, at more than a dozen major markets. "They do a good job," says Ernest Duke, assistant secretary of the association. Keep Sharp Eye The brand inspectors keep a sharp eye out for doctored brands, or cattle with brands whose owners have reported missing stock. They're on the job at Denver, Colo., Kansas City, Mo., The National Stock Yards in Illinois; Oklahoma City; St. Joseph, Mo.; Texarkana, Fort Worth, San Antonio, Lubbock, Houston, Abilene, Alice, Amarillo, Austin, all in Texas. The association was organized 74 years ago under an oak tree at Graham, Texas. Forty-odd ranchers gathered then with just one thought: to wipe out the rustlers. The aims of the association are broader now, but this is still a primary purpose. More than 8,000 members in 16 states are free to call for aid from a field inspector or from the association's legal department. Field inspectors are backed with the same authority they carried when the old West knew them as range detectives: Texas Ranger Commissions in Texas and a set of tough laws. Some of these are hangers from the days of the open range. Modern Criminology Field inspectors ride in automobiles and use modern criminology. But the pattern on any case—1883 or 1951—is the same. A rancher loses some cows. He reports it to the sheriff, and, if a member, to his association. Sometimes the rancher discovers the loss immediately. But some ranches are big. It may be months before the cattle are missed. H. L. Hodges, inspector at San Antonio, figures the 318 cases on which he has worked have been "ninety per cent hard work," starting with maybe only a tire track. A rancher near Floresville, Texas, found a bellowing cow. Its calf was gone. Hodges found a tire track, then marks where something had been dragged to a low fence. The trail disappeared there. Ask the kids down the road. "We saw a gray car." Ask a question and get an answer. "Who drives a gray car?" Thirty days later Hodges got his first break. A farmer remembered a gray car. Sure, it was around about the time the calf disappeared. He knew a man who had a gray car. Kin to one of his hired hands. This man's daughter knew where the man was. In Lubbock, perhaps. He's a bad one. Always in trouble. Check the detective bureau in San Antonio. They knew the guy. Had his record. Rest Is Easy The rest is easy. You pick him up, pick his story to pieces, get the facts: He stuffed the calf in the trunk of his car, then butchered it. He sold it for \$20 on the San Antonio market plaza. Two rustlers were involved. Both pleaded guilty. One was sentenced to four years, the other to two years. Since 1883, field inspectors have brought back 138,408 head of cattle, valued at \$5,170,409. A long rope and a good horse were all the tools an old time rustler needed. The modern rustler has even used airplanes. Duke says the modern rustler usually "cases" a job. Sometimes dogs are used to haze cattle into a portable catch pen. Some rustlers butcher at the scene, throw the head and hide away. The rustler's market may be a packing house that buys from the individual, with no questions asked and no records kept. It may be a retail butcher shop. It may be the recognized market, with forged bills of sale. Brands make it hard to sell at a big market—unless the loss hasn't been discovered. The brand, burned into the hide, is indelible. Venting or changing it carries the same penalty as stealing the animal. But that was the favorite method of the old rustler, and some of them still try it. Some oldtime rustlers were artists with a branding iron. A Lacy J. cross in a box, or a Flying W tested their imagination. Accounts of one, two, three head being rustled in Texas, New Mexico, Colorado and other cattle states prove the rustler didn't die. And he didn't mend his ways. He just changed them. Flying backward is a stunt only one landbird can do—the hummingbird.

**French Authorities Ban Pearl Diving**

PAPEETE, TAHITI—(P)—French authorities here have served notice that diving for mother-of-pearl shells will be banned for a five-year period throughout the pearl atolls of Tuamotu when the current season ends in August. The ban is designed to save the shell beds from complete exhaustion. Exceptionally high prices for mother-of-pearl shells last year resulted in the near depletion of all the principal pearl lagoons in this South Pacific archipelago.

# DADDY RINGTAIL

## Daddy Ringtail And Coloratura

The campfire was bright and warm in the night. Daddy Ringtail, your monkey friend, was lying close by on the ground. So was the Hufen Puffen, the friendly wolf. They were listening to the story told by the monstrous tiger.

The tiger really was a tiger-people. He sat with his back against a rock—feet out toward the fire—and smiled as he told of his exciting adventures.

Said he: "I was born in the wilderness of Siberia, the land where the tigers are the largest in the world. But of all the tigers there, I was the largest."

"My troubles began because I did not like to fight. Other tigers liked to fight, but I really wanted to be a singer instead of a fighter. In fact, said the tiger, "the name my mother gave me was a much better name

for a singer of songs than it was for a fighting tiger."

The tiger paused to be sure Daddy Ringtail was listening. Then the

tiger leaped forward to whisper: "My name is 'Coloratura.'" "Glad to know you, Coloratura," said Daddy Ringtail, and the Hufen said it too. They all shook hands, and then the tiger continued with his story. Said he: "Yes, my name is really 'Coloratura,' and I always

By Wesley Davis

wanted to be a singer." "What happened?" asked Daddy Ringtail, and the tiger explained how his mother at last had decided to let him go away and join the circus where he might sing for people for his supper.

Oh, but the people at the circus would not let him sing. They wanted him only to sit in a cage and play-like a dangerous tiger to frighten people. Why, he even got down on his knees and begged the circus people to let him be a singing tiger instead of a frightening tiger, but they wouldn't do it. They said no one would believe him, and so at last—when he saw it had to be—the tiger agreed to be a play-like dangerous tiger in a cage. He agreed to take the dangerous-tiger job.

Why, people came from near and far to see him, and the circus people paid him very much indeed. Plenty of money, but was the tiger happy? No, sir, he wasn't. Money can never make up for the unhappy part of an unhappy job, and so the tiger decided to run away, and he did, and that is the story I'll tell you tomorrow. Happy day!

# Nan, Navy's Newest Airship, To Fight Submarines By Flying Over Ocean With Electronic Black Box

AKRON, OHIO (NEA)—The world's biggest non-rigid gas bag soon will make its first flight. It's the very latest thing in the way of defense against submarines. Called the "Nan" after its official "N-type" designation, it is 324 feet long, 92 feet high, 71 feet wide and will hold 878,000 cubic feet of helium.

Except for a few braces that run from the nose cone, the inside pressure of the gas is the only thing that gives the huge inflated sausage casing its shape.

It's about one-third the size of the old Akron and Macon, the big rigid airships which were lost in tragic accidents during the '30s, leading to the abandonment of their type by the Navy.

Sweetheart of the Navy is Nan—officially known as the N-type—the world's biggest non-rigid gas bag, shown under construction in Akron, Ohio. Quarters for the crew are new highs in airborne comfort.

**Chief Asset**

Nan is the first airship designed especially for anti-submarine warfare. Its chief asset for this purpose is an extreme long range. The record for an airship staying up is a little more than a week. Exactly how long the Nan can remain aloft on a mission is a secret, but it will break that record easily.

The only purpose of the Nan is to get a "black box" full of electronic submarine detection gear out over the ocean. The armament is a secret.

An 80-foot gondola will house the

14-man crew. Because of the long patrol missions the crew will be required to make, emphasis has been placed on comfort.

There are special nylon bunks. A light-weight 20-cubic-foot refrigerator will provide fresh fruit, vegetables and meat. One-third of it will be for frozen foods. In order to save weight on the amount of water which will have to be carried, current is provided for electric shavers.

No man flying a mission on the Nan will be permitted to shave with water.

The Nan is guided with a new type of airship fin called a "rud-dervator." Instead of four fins rigged at 90-degree angles from the center line, they are in pairs 45 degrees off center. This provides more maneuverability and gives more clearance at the stern for take-off.

When it takes off the nose points up into the air, just like an airplane. With no rubber sticking straight down in the rear, as on the old-type airships, the pilot can push the nose up at a greater angle.

The bag fabric is a special tough material — about the thickness of two ordinary sheets of paper — called fortican rayon. Its chief advantage besides strength is the fact that it does not stretch under pressure.

The first Nan is costing the Navy about \$5,000,000 and is being built by the Goodyear Aircraft Company. There are four more being made which will cost much less.

## Mexico Mementos Brought To Class

Most of the classes in Spanish in the Midland High School meet in a room decorated with sombreros, vases, pictures, calendars and various other mementos of Mexico.

More than 155 students are enrolled this term in first and second year Spanish.

One of the teachers, Miss Minnie Jackson, has spent the last five Summers in Mexico, touring the country and getting acquainted with its people. During three trips she attended the National University of Mexico in Mexico City.

This Summer, she will be accompanied to Mexico by Mrs. Faye Campbell, fellow teacher in Spanish. For the last five years, Miss Jackson has entertained her classes with stories and anecdotes about Mexico, and her own experiences there.

## Like Car, Face Goes Into Hiding

A Midland man had a little trouble hiding his red face Wednesday.

Early in the morning he parked his car in the 200 block of West Illinois, and, returning at noon, found it missing.

Hastily he reported to police his car had been stolen.

A few minutes later, he phoned in apologetically.

"I moved it and parked it somewhere else," he reported. "I just forgot."

STARS AND BARS—In his wildest imagining, old Jeff Davis never visualized the Confederate flag flying in far-off Korea. But it is, thanks to Sgt. Eugene L. Bursi, of Nashville, Tenn., who proudly displays the Southland's stars and bars over his pup tent in a camp behind the Korean fighting front.

## The MATURE PARENT

Gush Of Maternal Love Doesn't Come All At Once

By MURIEL LAWRENCE

After I had looked in the window of the hospital nursery, I went back to the new mother's room.

"I'm jealous," I said.

"I don't think he's so wonderful," the new mother answered. "I know I'll never like him as much as I like his father. When is this thing going to happen to me?"

She jerked a pillow higher behind her head. "This gush of maternal devotion. This—well, you know, this tenderness and affection everyone talks about. Mother says it happens when you hear them cry first. I heard this baby cry and nothing happened. Why, do you think?"

"Maybe you're a monster," I said.

"Or perhaps it's because you've only known each other three days."

"You don't suppose it's the bunk, do you?" the mother asked. "I mean, is there this gush or isn't there?"

"Maybe it's not impossible that I might fall in love with this baby the way I did with Bill, gradually," she said. "Do you get to like your baby gradually, like you do other people? Because of the way he might yawn and grab your finger and things like that?"

"Could be," I told her.

The new mother sat straight up in bed. "Then it's very wrong for everyone to talk about this gushing business. It could be bad for the baby and me. Will you please pour me a glass of water?"

As I poured it, she said, "I am not going to say I have gone overboard for a baby I don't know. It would start us both out with pre-tending."

"Howay for you," I said.

A Little Lecture

The new mother smiled at me. "He is going to interfere a lot, you know he is. I'm going to have to be up in the middle of the night, and have no time for Bill's special salad dressing or pin curls."

"There's no doubt about it," I said. She put the glass down on the table, not looking at me. "I think it's a good thing to get these things off your mind. The fact is, I told Bill Junior how I felt this morning when the nurse left him with me. I said, 'Look, young man, you might as well have it straight right now. I am not a young mother in a calendar picture. Sometimes I am going to be tired. Even irritable. And I'm going to be afraid to let you know it. So start fascinating me.'"

"Did he?" I asked.

"He's very small," she said. "Did you notice his fingernails?"

"You can't imagine what a relief it is to have told him how it is," she said. "Nobody likes losing sleep and re-washing sheets for months. It's such a relief to say you don't. Did I tell you he yawned when I told him what a bad mother I was?"

"He was bored," I said. "He knew you were just putting on an act. He knew a good mother when he saw one."

## TEEN TALK

By VIVIAN BROWN AP Features

If you're one of those young adults who picks up a newspaper to read the comics and sports pages only, you're missing a bet. Or perhaps you do not know how to read a newspaper to get the most out of it.

The daily newspaper can contribute to your cultural and social betterment if you learn how to select news and features. Concentrate on dissecting the paper for features you might not have noticed before. Music, theater and fine arts columns can keep you informed, even if you never get a chance to hear a good concert or a fine play or see paintings by the great masters.

A recent poll taken by the South Bend, Ind., Tribune showed that 37.7 per cent of its boy readers and 56.8 per cent of its girl readers spend 30 minutes or less reading the paper. However, more cheering was the fact that teen-agers read a great deal in the paper besides the comics. In one instance a story concerning the death of a Boston quadruplet was read by 93 per cent of the girls, reports The Tribune.

Most young people have not educated themselves to getting the most out of their newspapers. They skip over the editorial page, which would give them something timely to discuss with friends. Yet many young people write asking how they can be popular with a crowd because they never seem to have anything to talk about. Of course you will not always agree with an editorial writer, but seeing the other fellow's opinion offers an interesting challenge.

When discussing a current topic with a group, if you read the editorials, you have acquainted yourself with the other side of the argument, and have braced your defenses. Or maybe you've seen a flaw in your own opinion and have come to the conclusion that the editorial writer has a point.

Make a practice of comparing newspapers and weigh the various opinions of the experts, older and wiser than you. Don't just scan the news and read the lead on the story. Get into the heart of the story before you decide it doesn't appeal to you.

Some girls make a habit of clipping out items which might be used later for reference or in preparing a term paper. Such subjects as income tax, old age, etc., are discussed in the news and accompanied from time to time with statistics which may come in handy when you are stuck for an idea. If you will keep a folder just for this purpose, you will be amazed how easy your composition on the United Nations or food costs will be when you've already accumulated pertinent facts.

Newspapers offer a great deal for the price. You get amusement features such as comics, crossword puzzles, serial stories and contests. The book review section is indispensable to high school and college students. Fashion, beauty and cooking pointers are offered giving up-to-the-minute tips on the mode of the moment or the easiest way to clean a copper frying pan.

It is too bad that teachers do not devote more time explaining the value of the daily newspaper to the class. There could be lively discussions instigated merely by the discussion of a single editorial. The crossword puzzle is excellent for concentration and improving vocabulary and spelling.

One young male teacher who has a class of 24 boys recently appalled a group of people by saying he never had read an editorial in his life. He has no opinions about current events and thinks there is nothing he could do about the world, even if he wanted to. As one man commented:

"Parents are trying to make their children more conscious of the importance of 'right thinking,' and in a school where their character is being molded, apparently they get little encouragement in that direction."

## Crane's Chief Is A Veteran Texas Officer

By EDWIN F. JORDAN, M. D. Written for NEA Service

CRANE — West Texas' newest Police Chief is Herbert Ray, 42, who has headed the police department at Crane since May 1.

Chief Ray is a native of Bell County. He has spent most of his adult life as a peace officer, and during the last several years has served as assistant chief at Fort Stockton.

Herbert Ray

deputy sheriff at McCamey, motorcycle officer in Odessa, and also was with the county highway patrol in El Paso.

During the war, he served as chief guard at the 8th Service Command Headquarters in Dallas.

Six feet, one inch in height, the new officer is a robust man. Three of his four brothers also are peace officers.

He is a commercial pilot and has logged more than 6,300 flying hours. The chief and Mrs. Ray have one son, Cleve Herbert, who is stationed with an army construction battalion at Camp Carson, Colo.

## Pasture Supplies Feed At Low Cost

COLUMBUS, OHIO.—(AP)—Pasture supplies dairy feed at about half the cost of hay and silage and one-fourth the cost of grain, according to agricultural specialists at Ohio State University. For these reasons, farmers are being advised to provide pasture all season.

Not only are pasture costs low, the experts state, but cows generally produce more when they get good grazing. Young pasture plants, they say, such as alfalfa-ladino-grass meadow, are high in protein, calcium and carotene content.

## THE DOCTOR SAYS

### Surgery Is Best Treatment For Permanent Hemorrhoids

By EDWIN F. JORDAN, M. D. Written for NEA Service

Although piles or hemorrhoids have been discussed in this column several times, questions keep coming in on this subject. First of all people want to know what hemorrhoids are and what causes them. The first part of the question is not hard to answer. They are dilated or enlarged hemorrhoidal veins which lie around the opening of the intestinal tract.

What causes these veins to become enlarged is not so easy to say. Certainly long continued strain such as chronic constipation, childbirth, or a severe cough contribute to the development of piles. It also is possible that the sitting for hours at a time which so many occupations now demand has something to do with their development.

The next thing people want to know about hemorrhoids is what to do about them, and a good many ask whether there is anything except surgery. It is true that sometimes the veins become greatly enlarged temporarily and then may return to normal or almost so. This happens quite often at childbirth, for example.

treatment is usually surgery. This involves cutting out the enlarged veins. Injecting them with an irritating fluid which causes them to close up sometimes is used but this is not always advisable.

When a person with hemorrhoids understands what has happened he will not be so likely to expect some new and miraculous form of treatment.

**Others May Appear**

There is another thing, too, which everyone should realize. There are a lot of these veins and all of them are not enlarged. Consequently if the enlarged veins are cut out, others may dilate and cause trouble later.

For this reason it is wise to try to identify and correct if possible such factors as constipation or coughing which may have had something to do with their development in the first place.

I often am asked whether hemorrhoids increase the chances of developing cancer. Here it is possible to be reassuring. They do not.

# As Source Of Bright Carpets Chemistry Labs Vie With Sheep

New fibers and weaving techniques have produced carpets of unusual beauty this season. All-wool carpet (left) in weave resembling homespun is fortified with vinyl plastic yarn to sustain texture. Hard-twist wool and soft acetate rayon yarn are combined to produce interesting geometric pattern in two-color carpet (right).

**By ANNE LARSEN**  
NEA Staff Writer

**NEW YORK**—A childish query about the origin of the living room rug used to be a pretty easy thing for Mom or Pop to answer. A simple narrative traced the carpet-making process from sheep to loom to floor.

Today, with the advent of synthetic fibers, it's a different story. Your carpet is as likely to begin in a chemistry lab as in a shearing shed.

Synthetics are available in quantity this year. They are 100 per cent synthetics, synthetic-wool combinations, synthetic-reinforcements.

The use of these man-made fibers is partly responsible for a new emphasis on the textured, three-dimensional look in floor coverings. Interest in a carpet today is derived not only from its color and design, but from its weave as well.

One outstanding example of this textural contrast combines a hard-twist wool with a soft yarn of acetate rayon. Its handsome geometric pattern in two shades is designed to accent the weave. This carpet is available in three color combinations—gray and light gray, green and light green, and green and beige. Such muted tones are

important in this year's carpet color range.

Clear hues and deep pile characterize an all-rayon carpet offered in four striking color combinations.

Excellent for child's room is this cotton rug with splatterdash pattern to mask soil and footprints.

Interlocking loops in varying lengths produce an interesting look of luxuriance without shag-giness.

Another interesting carpet, basically wool, features a small design resembling the motifs of old-fashioned calico. It is fortified with vinyl plastic yarn in its ground to sustain its texture. This floor covering is sufficiently subdued to allow other furnishings to get their due attention.

Vinyl reinforcements are an integral part of the pattern in a new carpet offered by the same company. A fresh floral, the design is given a new geometric look by lines of vinyl arranged in squares.

A number of designers, known for their creations in other home furnishings fields, are now turning their talents to carpets. Russell Wright, in one arresting design, has proved that cotton can take its place among the handsomest of wool or synthetic carpets. Like synthetic fibers, the pure white cotton yarns take readily to dyes to produce a brilliant range of colors.

The brittle star, a cousin of the starfish, is so fragile it is seldom found in shallow water disturbed by waves.

## Pigeons Thrive On Rum In Newcastle

**SYDNEY**—(P)—Newcastle's pigeons won the first round of the rum-soaked wheat battle. You may have read of the bright idea of Newcastle Parks Supervisor M. Sivert to feed the city's pigeons with wheat soaked in rum. The idea was that the pigeons would become staggery and easy to catch. The pigeons were—and still are—unpopular because they are eating up the young poppies and pansies sown for a big floral display.

The Newcastle people fed the pigeons plain wheat for two days. The third day they laced the wheat with rum. From nearby rooftops the pigeons swooped down into the park. They ate heartily. They then flew back to the rooftops in steady formations.

Now there's talk of soaking wheat in stronger rum for a week before feeding the pigeons.

## Courtesy Move For Old-Timers

**INGLEWOOD, CALIF.**—(P)—The Social Security offices in this city are on the second floor of a downtown building. On the ground floor is a sign that reads:

"Are the stairs too hard to climb? Go into the furniture store and call Orchard 1-7604. We will come down to see you; Social Security Administration."

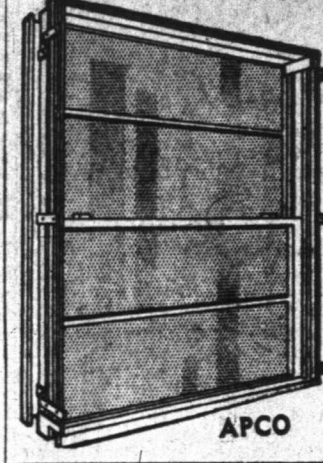

George Kertz, manager of the office, says the sign was put up because many of the persons his staff serves are past retirement age and "find stairs much higher than they used to be."

### Crockett Leads Ball Contests

David Crockett Elementary, a newcomer to the intramural sports program among elementary and some junior high grades of Midland, currently is leading the league. But that could be changed by playground ball contests, which will be held May 25 to conclude the year's program.

Football, kickball, basketball, volleyball and relay competition has been held during the year.

Crockett has amassed 71 1/2 points in athletic contests so far. South is second with 60 points. In third place is Cowden Junior High with 52 1/2 points. West Elementary has 30 points. The Latin American school is 15 and North Elementary 10.

In football, the first contest of the year, Crockett was high-point winner among sixth grades. South and Junior High tied for second. In the fifth grade division, West was first with South second and Crockett third.

**Girls Kickball**  
In girls kickball, South Elementary scored 15 points for first position. Crockett got 10 points for second place and junior high gained five tallies for third.

Points received in the sixth grade basketball division went as follows: Junior high 15, South seven and one-half, Crockett seven and one-half. In the fifth grade basketball bracket, the Latin American school got 15 points for first place while West got 10 points for second. Crockett was third with five points.

Crockett was high in volleyball with South second and junior high third. Crockett also won over other elementary schools in the annual Elementary Relays. Other schools placing were South, North and West.

#### PROHIBITION CHALLENGED ON MEDICAL GROUNDS

**RAJAHMUNDRY, SOUTH INDIA**—Dr. N. S. Reddi of Rajahmundry petitioned the Madras High Court for legal permission to drink whiskey—denied him by the state's prohibition act—on the ground that it relieved his attacks of asthma.

His affidavit to the court said "the only medicine that has been giving me relief in asthmatic attacks is Scotch whiskey, and very often it has acted as a preventive to ward off impending attacks."

In response to his petition the Madras High Court issued a writ of mandamus which raised the question of the validity of state prohibition for Madras. Dr. Reddi's appeal will be decided by the Indian Supreme Court.

### Crane News

**CRANE**—The Subdistrict of the MYP of the Methodist Church recently elected Marshall McDougall, of Pecos, as its president.

Other officers are Bowlius West, Crane, vice president; Jeanne Jackson, Pecos, secretary; Margaret Airman, Monahan, treasurer, and Teddy Harry, Odessa, Elizabeth Brown, Grandfalls, Nell Scott, Odessa and Ann Richberg, Pecos were named chairmen of committees. The new officers were installed in a candle-lighting ceremony.

Mrs. Maud Hendricks, mother of Mrs. W. W. Allman, who is visiting in Wichita, Kan., reportedly suffered a broken arm in a fall. She is hospitalized there.

The Tabernacle Baptist Church was to begin a revival Wednesday. The Rev. Bill Monson, Chattanooga, Okla., has been secured to do the preaching and will render special music.

Brownie Troop 1 made Mothers Day gifts at its meeting Monday in the music room, with Mrs. Marion Clancy, leader. Members of Troop 1, following reorganization, are Dorothy Kendrick, Lille Martindale, Penny Dulin, Maureen Clancy, Shirley Chrane, Shirley Tooke, Linda Iles, Elizabeth Idom, Sharon Johnson, Faye Jones, Mary Rita Corbell, Sharon Gardner and Cora Ann

Bargess. An investiture ceremony is planned in the near future.

Mr. and Mrs. Hiram Pierce have moved to Levelland, where he has been transferred as a postal clerk. He is a veteran of 12 years in the postal service.

Mr. and Mrs. V. E. Bennett, have announced the birth of a son, Teddy Brent, born May 3, at Crane Memorial Hospital.

Brownie Troop 3 met Monday afternoon in the home of its leader, Mrs. J. C. Grissom, 214 West Third Street, with Mrs. A. P. Birdsong, as assistant leader.

Members of the newly organized troop present at the meeting were Margie Mae Kirkham, Patricia Edwards, Kathy West, Anita Beth Jourdon, Nita Joy Laughlin, Shirley Majors, Gloria Grissom, Barbara Houghton, and Sandy Ward.

Meeting Monday afternoon were members of Brownie Troop 2, with Mrs. L. L. Marshall, new leader, and Mrs. J. C. Hightower, assistant leader, in charge.

The girls made Mother's Day gifts. Present were Leah Verdell, Carla Jean Shanor, Gayle Shanor, Rita McCasland, Ginger Maxwell, Mary Ellen Marshall and Rose Lee Marshall.

### Turnabout Done For Good Cause

**MEADVILLE, PA.**—Have you ever implicitly dreamed of seeing your banker, doctor or other professional man getting his hands dirty at some manual job? If so, you should have been at the William Gates Service Station in this small town recently. Almost 50 professional men took over the duties of attendants for a full day.

On that eventful day you could have watched a prominent dentist filling gas tanks instead of cavities. Or you could have overheard a former patient say to his doctor: "Better check the oil, Doc. And, oh yes, would you wipe the windshield, please? It's a little dirty."

The project was a campaign designed to raise funds for youth activities of the Meadville Exchange Club. All profits from the sale of gasoline were turned over to the club.

### Burma Cabinet Uses Collective Security

**RANGOON**—Fortress-like walls will shortly replace the 10-foot high barb-wire stockade surrounding "Whisperade," Rangoon's private name for its ministerial colony in swank Windermere Park. Members of the Burmese cabinet have lived here since the 1947 ministerial murders, guarded day and night by troops armed with automatic weapons.

According to a report in the Burmese press, the annual cost of repairing and maintaining the barbed wire stockade is telling heavily on the government's purse. This is why, said the report, it will be replaced by walls of brick, five-feet high and crowned with five-foot-long iron spikes. Gun-sights will break the brickwork at regular intervals "just in case."

The major powers of Europe guaranteed Switzerland's independence in 1815 to prevent border incidents among France, Italy and Bavaria.

### Tipping Guide For Tourists Offered

**NEW YORK**—Most hotel guests don't know how to tip properly. They either underdo it, or they overtip and don't know which employes they're supposed to tip, says one hotel owner here.

Irwin Kramer, boss of the Hotel Edison, says he has made a survey of the situation by studying data from 50 hostels around the nation and by examining reports of tips given to his own hotel staff in the last year.

"First, Kramer states, the hotel clerk is not among the 'tipping employes' in a hotel. Also, no hotel employe should get a tip unless he renders a service and is courteous.

Bell-hops, he says, should get 25 cents when showing you to your room, 50 cents if he has to carry more than three pieces of luggage; door men should get no tip if he gets a cab for you which is in line—25 cents if he has to go out of his way to call a cab. Chamber maids and elevator operators, Kramer says, should get no tips except for special service or, in the case of the maid, after a week's stay.

Early Asiatic tribes sometimes established "wastelands" between their territories, both tribes keeping out of them to avoid clashes.

Everybody knows the importance of Iron in your diet... how it helps the body to build RICH, RED BLOOD. One capsule of Bexel Special Formula (that's all you take a day) contains 5 times the minimum daily requirement of Iron. Also 5 times

the minimum daily requirement of Vitamin B.

Evelyn Del Nero, 4500 Hudson Blvd., Union City, N.J., says: "Since I started taking Bexel Special Formula, I've so much more pep and energy that the boys have started calling me Ginger... and better yet... keep calling me for dates. I can have my pick of them now... and to think I despaired of ever getting married!"

Try Bexel Special Formula yourself. You get your money back if you don't feel decidedly better in 30 days!

# Wildcat Activity In West Texas District Increases

Wildcat activity in the Midland area increased the past week as shown by reports of the Oil and Gas Division of the Railroad Commission of Texas. Twenty-three wildcats were staked as compared to 10 the previous week.

A total of 93 new projects were listed the last week.

Dawson County received four new wildcats. Three new prospectors were staked in each of Pecos and Sterling Counties. Gaines and King each reported two new ventures.

The remaining new wildcats were distributed one each to Borden, Cottle, Glasscock, Howard, Midland, Reeves, Ward, Winkler and Yeakum Counties.

Andrews County led with field projects, listing 14. Cochran followed with 11 new locations.

Midland County gained ten new explorations. Five new drillsites were established in Pecos County. Ector, Gaines, Howard and Scurry Counties each had two.

Dawson, Garza, Hockley, Loving and Reeves Counties each reported one new location.

**Ferry Boats Take On The New Look**

NEW YORK—(AP)—Industrial designer Howard Ketcham claims the thousands of harbor craft that ply the nation's waterways—ferries, excursion boats and tugs—need a face-lifting. His solution: a new paint job.  
 "Gray exterior colors can set a cheery mood and increase safety in busy ports by offering greater visibility," he declares.  
 Ketcham already has taken the first step toward putting his idea into general practice. The Jersey Central Railroad has introduced a new color scheme on a ferry built for the Hudson River crossing between New York and Jersey City. The new boat has a deep red hull, bright green lower deck, light green upper deck, and white super-structure and funnels.

**Texans Among War Dead Being Returned**

The bodies of 119 Americans who lost their lives as a result of the fighting in Korea are being returned to the United States aboard the Lynn Victory, the Department of Defense has announced.  
 Included in the list being returned are the following Texans: Pvt. William R. Horrigan, Jr., Amarillo; Pvt. Billy E. Hough, Cronwell; Pfc. Howard Kleopfer, El Paso; Pfc. Cristobal Lopez, El Paso; Cpl. James L. Mandrean, Jr., Beaumont; Cpl. William H. Miles, Fort Worth; Sgt. Robert Smith, Houston; Lt. Col. Samuel Spitzer, El Paso, and Pfc. James W. Wyche, Mabank.  
 Large birds were detected by ship radars in the Pacific at distances as great as seven miles.
