Baumann Prospector Drilling In Barren Pennsylvanian Lime

Moore Exploration Company No. 1 R. Baumann, North-Central Midland County wildcat, three miles south of the City of Midland entered the solid lime in the Pennsylvanian at 10,585 feet.

The prospector had reached 10,536 feet in barren lime and was drilling deeper. Elevation is 2,778 feet. No shows of oil or gas have been logged in the section of the Pennsylvanian lime so far cut. However that formation is due to be several hundred feet thick.

Some of the completed producers in the Park-Elzenburger field in West-Central Midland County found their pay about 200 feet down in the Permian.

Higher On Scharbauer
The Texas Company has found production in the upper section of the Pennsylvanian lime in some of the producers that concern has drilled in recent months on their Scharbauer leases in the west-central sector of the county.

The Moore wildcat is 467 feet from west and 660 feet from south lines of the 220-acre Baumann lease in the southeast part of section 14, block 38, T-3-S, T&P survey. It was started under a contract to drill to 10,500 feet. Operator now plans to continue drilling to 11,000 feet, unless it develops commercial oil production before reaching that level.

Slight Shows Above
Moore No. 1 Baumann logged some slight shows of oil and gas in the Spraberry and Dean sand zones of the Permian, but none of those shows are considered to have been of any commercial value.

The wildcat was originally started to explore the Pennsylvanian.

Upton Opener Gets Stepouts In Midland

Two Spraberry stepouts have been staked to Ted Wetner, et al No. 1 Walker Braden, discovery well of the Weimer-Flord field of North-east Upton County.

The projects will be drilled by Ashland Oil & Refining Company just inside the Midland County line. The firms No. 1-17 Barnett-Braden will be two locations north of the discovery well and 600 feet from east and 997 feet from south lines of the south half of the northeast quarter of section 17, block 37, T-3-S T&P survey.

Two locations to the northwest of the discovery Ashland will dig No. 2-17 Braden. Exact location is 600 feet from east and 667 feet from south lines of the southwest quarter of the northeast quarter of section 17, block 37, T-3-S, T&P survey.

Projected depths for the ventures are 8,000 feet.

Gulf To Dig Deep Wildcat In Andrews

Gulf Oil Corporation has scheduled a 13,500 foot Ellenburger wildcat in South-Central Andrews County.

No. 1-NNN Texas will be 1,980 feet from south and 660 feet from west lines of section 21, block 9, University lane survey. That makes it 10 miles southwest of the town of Andrews.

It is two miles south of the Fuhrman-Mascho pool and three miles northeast of the Emma area.

C-W Dawson Gets Ellenburger Tester

Greenbrier Oil Company of Fort Worth has staked location for a deep wildcat in Central-West-Lawson County as its No. 1 M. C. Dawson.

Location is 662 feet from east and 983 feet from south lines of section 132, block M, EL&RR survey. That makes it 13 miles west of Lamesa.

Rotary tools will be used to drill to 13,500 feet to test the Ellenburger. Operations will begin at once.

Second Producer In Midkiff Potentiated

Humble Oil & Refining Company No. 1 Charles L. Klapproth, one location north offset to the discovery well of the Midkiff-Spraberry field in Southeast Midland County, pumped 24 hours and made an initial production of 71.28 barrels of oil and 26.3 barrels of water.

Gravity of the petroleum was 30.2 degrees. Gas-oil ratio was 714-1. From Open Hole
Production is coming from open hole between 7,430 feet and 7,900 feet, where seven inch casing is cemented. That section had been shot with 280 quarts of nitroglycerin.

Thousands Attend Fete At Andrews

By BILL COLLYNS
Reporter-Telegram Staff
ANDREWS—This prosperous, good-roads-conscious Permian Basin Empire city Friday celebrated the completion of a doubleheader highway project—and West Texans and New Mexicans by the thousands turned out to participate in the festivities.

The event marked the completion of a highway connecting Eunice, N. M., Andrews and Big Spring, and a 30-mile segment of the Broadway-to-the-Big Bend Highway from Lamesa to Kermit.

A colorful parade, featuring Sheriff's Posse units from several West Texas cities, was staged at 10:45 a.m., followed by a gigantic barbecue at 11:30 a.m. High school bands from Andrews and neighboring communities were much in evidence. O. D. Hucksabee was the parade marshal.

Robert J. Potts of Harlingen, a member of the Texas Highway Commission, and State Senator Kilmer Corbin of Lamesa, president of the Broadway-to-the-Big Bend Highway Association, led the parade. Numerous other dignitaries from Texas and New Mexico were here.

Engineers Present
District Highway Engineers L. P. Cabiness of Pecos, S. C. McCarty of Lubbock and S. J. Treadway of Abilene paraded and ate barbecue with the crowds of celebrants.

Evening Lions Club Receives Charter At Ladies Night Event

Declaring that "what you can do as a club is limited only by your vision," Roy E. Carter of Kermit, governor of District 2-T-2, Lions International, presented a charter to the new Midland Evening Lions Club at a ladies night banquet Thursday in the South Elementary School Cafeteria.

Robert D. Drake, first president of the recently organized chapter, accepted the charter from Governor Carter, who was introduced by Frankie Cochran of Odessa, district governor-elect.

The Evening Lions Club, the first new unit organized in the district in more than a year, became one of more than 8,300 Lions clubs operating in 31 countries. Its organization was sponsored by the Midland Lions Club.

"Way Of Life"
Carter, in presenting the charter, discussed the true meaning and purpose of Lionism, stating that Lionism is a "way of life." He charged the club members as to their duties and obligations. Mrs. Carter accompanied him to Midland for the meeting.

Marshall Bares Text Of Presidential Message To MacArthur On War Policy

WASHINGTON—(AP)—President Truman told Gen. Douglas MacArthur last January 13 that Korean war policy must be designed to keep the support of Allies whom "we would desperately need" in case of war with Russia.

This was contained in a message sent by the President as a followup to a set of 16 possible courses of action the joint chiefs of staff had dispatched to MacArthur the previous day.

The text of the President's message, in paraphrased form, was read by Secretary of Defense Marshall to Senate committees inquiring into MacArthur's dismissal as Far Eastern commander.

At the outset, the President said his telegram "was not to be taken in any sense as a directive." He added that "its purpose is to give you something of what is in our minds regarding the political factors."

At one place the presidential message read:
"Our courses of action at this time should be such as to consolidate the great majority of the United Nations. This majority is not merely part of the organization but is also the nations whom we would desperately need to count on as Allies in the event the Soviet Union moves against us."

Earlier, Marshall told the senators the risk of war with Russia in the Far East is "more acute by far" than the hazard of Soviet intervention in Western Europe.

This estimate of the comparative risks was given in response to a question from Senator Hickenlooper (R-Iowa).

Hickenlooper had suggested the (Continued On Page Two)

Former New York Official Assessed Fine, Prison Term

NEW YORK—(AP)—James J. Moran, close associate of former Mayor William O'Dwyer, was sentenced Friday to a maximum of five years in prison and fined \$2,000 on a charge of giving perjured testimony before the U. S. Senate Crime Committee.

Moran, a former deputy fire commissioner, told the crime committee he met Louis Weber, Brooklyn numbers racketeer, about a half-dozen times over a period of several years.

But witnesses at Moran's trial in federal court testified that Weber had visited Moran at least 111 times at his fire department office.

Reds Build Forces For New Assault

TOKYO—(AP)—United Nations troops shoved ahead three miles on the East Korean front Friday. In the west they dug in to meet an expected Red offensive.

South Koreans made the eastern advance north of Parallel 38. They met only light opposition. One infantry company marched into Inje without firing a shot.

Elsewhere the front was quiet except for probing patrols. But there was continual movement back of Communist lines.

The Reds were building up four sizable pockets for a possible two-pronged drive on Seoul.

Allies Dig In
Allied outposts sandbagged their positions, built booby traps and strung barbed wire.

On the other side of the narrowing no-man's land, Reds were moving up behind tank traps and mine fields. Automatic weapon fire turned back small Allied patrols probing too close to suspected Red strength.

Frontline dispatches Friday gave this picture across the front from west to east:
North Koreans slipping through the hills were concentrating about 20 miles north of Seoul between Munsan and Uijongbu. Communist fire forced back a South Korean patrol on the extreme west. Opposing patrols clashed north of Uijongbu, where Reds planted fused mortar shells in mine fields. Artillery cut up a Red patrol southeast of Uijongbu.

Chinese turned back small UN patrols probing the newest suspected Red buildup 15 miles northeast of Seoul. Tank traps, guarded by automatic weapons, blocked the approach to wooded hills.

Other Chinese moved down into the former no-man's land near Kap-yong, 32 miles northeast of Seoul. (Continued On Page Two)

City, Schools Name Equalization Board

Three men were named Friday to serve as a joint board of equalization for both the City of Midland and the Midland Independent School District.

They are:
Adison Wadley, pioneer Midland merchant, now retired.

Jess Barber, building contractor and a member of the present board.

L. P. Peterson, consulting engineer and independent oil producer.

\$4,400 Haul By Lone Man Is Recovered

COLLINSVILLE, TEXAS—(AP)—The Collinsville State Bank was robbed of about \$4,400 Friday by a shabbily-dressed bandit who was caught minutes later running on a dirt road less than a mile east of town.

Sheriff Woody Blanton identified the man as Earl Franklin Morris, 29, of Wichita Falls.

Deputy Sheriff John Everidge, who helped bring in the man, said he had given him a ride into Collinsville only Thursday.

Blanton said charges of armed robbery would be filed Friday afternoon.

Collinsville is a town of about 450 population in Southwestern Grayson County, North Texas.

The man, dressed in a muddy grey suit, walked into the bank about 9:15 a.m. He shoved a note into the cage of teller Mrs. Inez Walker.

He displayed an Italian-made .38 caliber pistol.

Mrs. Walker scooped all the bills in sight over the counter. The bandit put the money in a paper sack, backed to the bank's front door, and fled on foot.

Two Men Give Chase
Two Collinsville men saw him running and quickly armed themselves and gave chase. They were Ward Cox, a mechanic, and D. C. Lester, vocational agriculture teacher.

Less than a mile east of town, on a dirt road, Cox and Lester—by that time joined by others carrying shotguns, rifles and other assorted weapons—ran him down. They said they did not fire at him.

The man fired two shots at his pursuers but gave up when Grayson County Deputy Sheriff John Everidge drove up, airen blowing.

"I was afraid you had a machine gun," the bandit said to Everidge in explaining his surrender.

Morris was taken to the Grayson County jail at Sherman, where he was questioned and charges were prepared.

Sheriff Blanton said the money was found on Morris.

Morris told reporters he spent the night on a creek bank near Collinsville while planning the robbery. His clothing was very muddy.

Panel Ends Inquiry Into RFC Affairs

WASHINGTON—(AP)—Presidential Aide Donald S. Dawson and Senator Fulbright (D-Ark) clashed sharply Friday over whether Dawson had used his White House prestige to influence government loans.

The tiff came at the end of a Senate Banking subcommittee's inquiry into the affairs of the Reconstruction Finance Corporation, the government's huge lending agency.

Solons Act Swiftly To Extend Benefits To Korean Veterans

WASHINGTON—(AP)—Veterans of the undeclared Korean war will be eligible for the same medical benefits as survivors of other wars if President Truman approves.

It is virtually certain he will. He asked Congress for such legislation Thursday, even while Congress was considering it.

Reports reached here of a 21-year-old discharged Korean veteran who was denied admittance to a veterans hospital because his fighting was not in a declared war. Hospital officials said there was no law to cover his case.

There should be such a law, President Truman said at his weekly press conference. He followed through with letters to the House and Senate presiding officers.

World War II Privileges
And by nightfall, both Houses had acted to extend war coverage to Korean veterans.

The bill, as it reached Truman's desk, entitles Korean veterans to these World War II privileges:
1. Medical, hospital and domiciliary benefits; 2. burial benefits; 3. compensation and pensions for the veteran and his dependents.

This swift sequence was touched off by ex-Marine David R. Arellano. He went to a Veterans Administration hospital at Tucson, Ariz., Wednesday.

The preliminary diagnosis was cancer but the hospital said that under the law it could not admit Arellano because his illness was not service-connected and he was not a veteran of a declared war.

Police Oust Panama President After Four Days Of Revolution

PANAMA, PANAMA (AP)—Panama's police army and public opinion gave the country a new president Thursday night after four days of riots and revolution in which at least 13 persons were killed and hundreds were wounded. In a three-hour battle inside and around the Presidential Palace, the National Police—the country's only armed force—haunted deposed President Arnulfo Arias off to jail. Nine persons died in Thursday night's fighting and 90 or more were wounded. Arias' successor, Alcibiades Arsemena, was expected to move into the palace Friday. A well-to-do dairy farmer, he first was vice president until the National Assembly Wednesday night impeached Arias and swore in Arsemena.

Still in the saddle as Panama's Jose Antonio Remon, who put Arias strong man was Police Chief Col. in the president's chair in 1949 and who took him out of it Thursday after military clamor supported the National Assembly's impeachment action.

Arsemena announced his government would include representatives of all political groups except the outlawed Communists. He said it would cooperate fully with the United States, which controls the Panama Canal Zone territory through the middle of the republic. Arias touched off the wave of violence Monday night with a decree outlawing the 1944 Constitution, reinstating the 1941 charter and dissolving the National Assembly. He said he acted against a subversive oppositionist-Communist plot which threatened the country.

OPS Issues Special Pricing Regulations On Sale Of Services

WASHINGTON (AP)—A special pricing order requiring such establishments as barber and beauty shops, laundries and parking lots to post ceiling prices was issued Friday. The Office of Price Stabilization (OPS), which issued it, said the order affects millions of commercial and personal service operators doing more than \$10,000,000,000 worth of business yearly. It also covers thousands of amusement and recreational establishments and industrial services with a volume of business also running into billions of dollars annually.

The regulation makes little or no change in prices service trades have been charging under the general price freeze. OPS said the order retains prices effective in the base pricing period of last December 19 through January 25. Effective May 16 The order is effective May 16; ceiling prices must be posted prominently within 30 days after that. For any service establishments which have raised prices without intent to violate the general freeze order, OPS said it will mean a rollback.

Marshall—

(Continued From Page One) United States was risking a clash with Russia by sending troops to a Western European defense force. He wanted to know why "a similar calculated risk" was refused in the Far East—meaning why not adopt the MacArthur program of stepping up the war against China. Since Marshall first referred earlier in the hearings to the President's January 13 message, some members of the Senate committee had pressed to get the text. They contended the communication was of major importance in relation to the question of how much information was given to MacArthur as to the thinking and decisions of Washington policymakers. Text Paraphrased Because the message had been sent in code, its text could not be released until it had been paraphrased—a precaution against aiding any potential enemy to break the U. S. codes. The President told MacArthur, "In the worst case, it would be important that if we must withdraw from Korea, it is clear to the world that that course is forced upon us by military necessity and that we shall not accept the result politically or militarily until the aggression has been rectified."

Defense May Get Most July Steel

WASHINGTON (AP)—More than half the nation's steel output for next July may be set aside for defense and defense-supporting programs. An even bigger bite is expected in August. This prospect was offered Thursday by the National Production Authority (NPA). It will mean a 10 to 15 per cent greater reduction in the amount of steel available for such civilian goods as automobiles and refrigerators. In China the first course at dinner is the desert. Bill Collins, editor of The Reporter-Telegram and a past president of the Midland Lions Club, was the banquet speaker, discussing briefly the role of Lions International from community to worldwide levels. "As individual citizens we cannot do the big things our country needs, but we can do the small things which are important in the building of our community," Collins said. "And handed together as members of an aggressive Lions Club, a part of the world's largest service organization, we can have a part in world affairs."

He said Lionism today is an influence for good in a troubled world. "You will be better and happier citizens and Midland will be a better community as the result of the organization of this new Lions Club," the speaker added. Dewey Advocates Complete Embargo Against Red China

NEW YORK (AP)—Gov. Thomas E. Dewey Thursday night urged a complete embargo by all free nations against Communist China. He proposed an 11-point program to meet the threat of Russian aggression.

Dewey, speaking at the annual dinner of the New York State Republican Committee, said:

"I do not mean an embargo just of rubber or steel or military equipment. I mean an absolute and total embargo against shipment of any goods or any trading whatsoever with Red China."

The New York governor told more than 2,500 \$100-a-plate diners, "While the pace will change from time to time, this war will continue the rest of our lives or so long as communism rules Russia."

Terminating the Truman Administration's Far East policy "weak-kneed and wobbling," Dewey added: "I suggest that now is the time for the force of public opinion to compel our government to formulate a policy for the whole Far East—a policy that will stop the spread of communism and start turning it back."

"If (the Administration) can still redeem part of its failures by adopting policies in Asia and elsewhere which our people and our Allies will understand and support."

Dewey, who twice was Republican candidate for president, also demanded that China, under Communist rule, be barred forever from the United Nations.

Concerning the ouster of Gen. Douglas MacArthur from his Far Eastern commands, Dewey said: "I do not challenge the power of the

Young San Antonio Official Dies When Jet Plane Crashes

CLEVELAND (AP)—San Antonio's fighting young district attorney died a human torch Thursday, minutes after his crippled jet fighter crashed in a rice field.

Lt. Col. William N. Hensley, Jr., 33, son of a famed Army flier, was on his way back to Langley Air Force Base, Va., after a visit to San Antonio.

He had been recalled to active duty with the Air Force as commanding officer of the 182nd Texas Air National Guard Squadron, based at Brooks Field, San Antonio.

Several witnesses saw the fighter—a engine dead—try for an emergency landing. But the wheels of the plane caught a power line pole and the craft nosed into the ground.

Jack Rountree, grocery store operator, said the plane skidded about 400 feet after it struck the ground. "It burst into flames," he said.

Rountree said he and other witnesses found the pilot, his clothes on fire, about 25 feet from the burning wreckage.

"He was still breathing when we reached him," Rountree said. "We carried him to safety and a few minutes later Cleveland fire equipment and an ambulance arrived. But the pilot was dead."

Hensley was the son of the late Col. William N. Hensley, a balloon expert for the U. S. Army. Hensley Field, near Dallas, is named for the elder Hensley.

Mrs. Self won first prize, Mrs. E. L. Zihlman, second, and Mrs. John V. Norman, third. Mrs. J. R. Cantrell won the bingo prize.

Guests were Mrs. Hastings Pannill, Mrs. R. O. Patterson, Mrs. James L. Bradley, Mrs. C. O. Taylor, Mrs. R. L. Crays and Mrs. C. L. Ferrero.

Other members attending were Mrs. J. L. Knowles, Mrs. T. S. Edgington, Mrs. Allen Watts, Mrs. Louis A. Bartha, Mrs. K. E. McFarland, Mrs. Haden Upchurch, Mrs. Jess V. Lindsey, Mrs. C. H. Atchison, Mrs. E. B. Dilley, Mrs. J. Wilmont Hunt, Mrs. John Younger, Mrs. R. D. Fitting, Mrs. Frank Reeves and Mrs. Leo Brady.

Mrs. Stallo Is WMS Hostess

Mrs. Jerrell Stallo was hostess Thursday in her home to the Women's Missionary Society of the West Side Baptist Church.

The opening prayer was given by Mrs. F. D. Spratt and Mrs. Stallo presented the devotional. The program was presented by Mrs. Morris Sprider, Mrs. Frank Whitley, Mrs. Spratt, Mrs. Alton Towery and Mrs. J. C. Bradley.

Mrs. Russ Bridges, Mrs. Joe Rose and Mrs. Jean Stallo also attended the meeting.

Juniors, Seniors Have Banquet, Prom

CRANE — "A Fiesta in Old Mexico" was the theme of the junior-senior banquet and prom held recently in the Crane High School.

Bill Clark gave the juniors' toast of welcome. John Clark gave the seniors' toast of thanks. "Idle Chatter in the Plaza," a prophecy, was given by Dwayne Warren and Jerry Hall.

"Gay Caballeros" was presented in song by Geneve Johnson, Patsy Terrell and Mary Sharrock. "Over the Border and Adios," a senior will, was given by Mary Miller.

Bob Page and his orchestra from Odessa furnished the music.

Singapore, Malaya Expected To Join Ban On Rubber For Reds

SINGAPORE (AP)—The governments of Singapore and Malaya Friday were expected to follow shortly the action of Britain in banning all rubber shipments to Red China.

Economic officials in Singapore gave a curt "no comment" reply to inquiries on the matter, but they indicated a high level decision would be made soon.

Britain's move, announced in London Thursday, knocked the bottom out of the Malayan rubber market.

A wave of pessimism hit all sections of the Singapore market. Traders felt the United States now can buy all the Malayan rubber she wants at almost any price she agrees to pay.

'See How They Run' Opens To Full House

"See How They Run," the 34th Midland Community Theater production, opened to a full house Thursday night in the City-County Auditorium. It will run through Tuesday.

The play, written by Phillip King, is a farce in three acts and is produced in-the-round.

A comedy of situations, the play takes place in a vicarage in England and is based on the old device of mistaken identity. The galloping pace of the play and the actors kept the first nighter audience in hilarious laughter.

Turns into Mad House The vicarage is turned into an exaggerated mad house. Continuously running through the house are an American actor and actress (he now is stationed with the Air Force in England and she is married to an English vicar), a Cockney maid who has seen too many American movies, an old maid "who touches alcohol for the first time in her life," four men in clerical suits presenting the problem of which is which. One is an escaped prisoner, one a soldier, one a bishop and the other a vicar.

Norah Harris, playing the part of Ida, the maid, stole the show with her Cockney accent she put all the comedy possible into the part.

Marymargaret Corbett, playing the part of the fussy old maid, Miss Skilton, and Bill Adam, as the Rev. Arthur Humphrey, also gave excellent performances.

The entire cast made a complete success of putting over the show and each cast member played his part with warmth and sincerity yet managing to keep the audience holding its sides with laughter throughout the play.

Hal Shaner played the part of the Rev. Lionel Toop, the real vicar who before the play was over didn't know for sure whether he was the vicar or a Russian spy. Penelope Toop, who gave up her career as an actress to become a vicar's wife, was played by Betty Simpson.

Fred Reiter played the part of Cpl. Clive Winton, the American actor now a soldier in England; Robert E. Goff was the intruder; Charles A. Shaw played the Bishop of Lax, and Jim Newman was Sergeant Towers.

The off-stage sounds were timed and carried out well, adding to the humor of the play. Tickets for the play are on sale at Tailorites and the box office.

The next Community Theater play will be "The Philadelphia Story" which will open June 20. Tryouts will be held May 20.

Hospital Day In Midland

Hospital Day, one of the nation's most important special observances, will be held Saturday in Midland and throughout the nation.

It is an occasion when citizens should take a few minutes from their busy schedules to consider the hospital facilities available to them and to recognize the important position hospitals occupy in our present day mode of living.

We are prone to take our hospital facilities more or less for granted, not thinking about them too much until we actually need them. It is then that we realize just what hospitals mean to use and to our loved ones.

Yes, hospitals are among the most important and worthwhile institutions in America.

Here in Midland, we are especially fortunate in having the finest, best and most modern hospitals and hospital facilities available anywhere. We also are blessed with an adequate number of hospital rooms and beds to meet the needs of Midland and Permian Basin Empire residents. It is not every city which can make and back up such a claim.

Midland Memorial Hospital, the large, modern and well-equipped community hospital which opened for service last July, and Western Clinic-Hospital, the privately-owned, well-staffed and well-operated institution which has served Midland a number of years, are proud of the parts they have had in the development of Midland into a medical center. Midlanders also are proud of their hospitals.

In connection with the special observance, Midland Memorial Hospital will be open for public inspection from 2 to 5 p. m. Saturday, and all residents of Midland and area cities are invited and urged to attend the open house. It is an opportunity of which everyone should take advantage. Those who have not seen the hospital will marvel at its arrangement, fine and modern facilities and equipment, and its efficient operation. Others who previously have inspected the hospital again will enjoy touring the four-story plant. Everyone is invited.

Although no formal open house is scheduled, visitors also will be welcome at Western Clinic-Hospital.

Let's show our real appreciation for our fine hospitals by visiting them Saturday—National Hospital Day.

No News From Argentina

Juan Peron, president of Argentina, said something the other day about not wishing to associate his country with the active defense of the West now being led by North Atlantic Pact nations.

There can't be much surprise for anybody in this. Argentina stayed luxuriously aloof from World War II until near the very end, and its contribution to the forces of freedom could be measured on one hand.

It will only be news when Argentina reverses its field and shows a genuine interest in the cause of liberty.

Lots of money is lost by trying to make it multiply instead of add.

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)

Drew Pearson says: Treasury should probe income tax of John Capone; Democrats knife low-cost housing; Real-estate lobby wins by congressional default.

WASHINGTON — Secretary of the Treasury Snyder now has appointed an A-1 man, J. B. Dunlap, to head the special tax squad probing underworld income-tax returns. Here is one tax return he might take a special look at—that of Chicago's Erminio John Capone, brother of Al Capone.

John has quite a free and easy way of making out his income-tax return—so free and easy that the average businessman would be locked up if he operated the same way.

In 1949, for instance, Capone reported a total income of \$23,136, which he said came from "miscellaneous" sources. In 1948 his income was \$30,150, also from "miscellaneous." In 1946 he reported \$10,180 from "miscellaneous," and in 1945, \$8,810 from "miscellaneous" plus \$80 from the Precision Metal and Machine Company.

During closed-door hearings of the Kefauver Crime Committee, Capone was questioned regarding this by Investigator George Robinson.

"Mr. Capone," observed Robinson, "I notice that you list your sole source of income over a period of years as being simply miscellaneous. Do you prepare your own returns?"

"I do. And I file the figure to an auditor and he files the return," replied Capone.

"What kind of figure do you give him? Do you break the figure down... or do you give him just a lump sum?" asked Robinson.

"Well, I give him my entire income," Capone retorted.

"How do you arrive at that lump sum?" Robinson pressed.

"Well, I just keep track of it," Capone fidgeted.

"How do you keep track of it?" demanded the investigator.

"I keep track of it from day to day," parried Capone.

"Do you put it down in a book?" Robinson persisted.

"Well," explained Capone, "if I win any money today, and I win the next day, I forget about the first day and just keep track of the total balance."

"How do you keep track of the total balance?" Robinson fired again.

"In my mind," reported Capone. "How many times did you speculate last year?" asked Robinson.

"I can't keep track of the times," snapped Capone. "There were numerous times."

"You kept it all in your head?" demanded Robinson.

"That is right," Capone agreed. "Then you come up at the end of the year with a balance?" Robinson continued.

"Yes," Capone nodded.

Which no doubt reminds you of the farmer with the new hired man. At 4 a. m. he woke his employe up and said, "Get up, get up; here it is Monday; tomorrow's Tuesday; next day is Wednesday—half the week gone and not a darn thing done!"

... of Michigan, another real-estate lobbyist wheeler, cleverly formed a vote late Friday after members of the famous In-Tuesday-Out-Thursday Absentee Club had made their usual mass exodus to New York and elsewhere. As a result, the Gossett amendment won by default, 181 to 113.

Though New York would gain more than any other city from continuance of the public housing program, only five of its 24 House members were sufficiently interested in their constituents to remain in Washington and vote against Gossett.

They were Democrats Gary Clemente, Vincent Quinn, James Delaney, Donald O'Toole and Christopher McGrath, all of New York and Brooklyn.

Sixteen Manhattan and Brooklyn Democrats, however, were absent for the vital vote affecting their districts—Heiler, Anuso, Keogh, Kelly, Hefferman, Rooney, Multer, Celler, Murphy, Donovan, Klein, Fine, Powell, Dollinger and Buckley, and even Franklin Roosevelt, Jr., whose father helped pioneer public housing, did not stick around to vote.

Three New York City Republicans also were not present to vote—Latham, Coudert and Javits.

Philadelphia, another big city with slums, also was let down by its Democratic congressmen. Its two Republican members, Hardie and Hugh Scott, were on the floor to vote against the Gossett amendment, but all four Democrats from Philadelphia—Barrett, Granahan, Chudoff and Green—took a run-out powder.

So also did Chicago's Democrats William Dawson and John Kluczynski. Dawson, a negro congressman, represents one of the most congested areas in the world, while Kluczynski's Polish district is only a little less so. However, they did not bother to vote. Another significant absentee was Democrat Bob Poague of Waco, Texas, whose constituents recently voted for public housing in a referendum.

Other Texas absentees from cities with public housing programs were Frank Wilson of Dallas, Paul Kilday of San Antonio and Clark Thompson of Galveston.

Note—Some of the absentees may have been ill or out of town on legitimate business, but the great majority had no excuse for missing an important roll call like this.

There is no question of the President's power to fire MacArthur, whatever you may think of the policy involved.

By the time a woman's 18 she's had it pounded into her that showing proficiency in business is enough to scare every man she meets.

It has finally been determined that you simply cannot have two conductors in charge of the same time. The glory of the American way of life has been the subordination of the military to civilian control.

I do not know whether President Truman will be a candidate for reelection in 1952. If he is... he will have an enthusiastic party behind him.

The Republican Party has shown a too frequent tendency to criticize the opposition without offering any remedy for the evils to which we object.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service
It should be noted for the record that Pauline Paul is good to his mother. Most of his bridge partners, inclined to forget this important fact, can find nothing good to say about him.
Paul was in top form in the bidding of the hand shown today. He never showed support for clubs (five clubs would have been a cinch) and tried to steer the hand into three no-trump, which would have been set by a diamond opening. North finally had to stab at four hearts.
West opened the king of diamonds, and Paul had to find a way to be set. This is harder than

it looks, but Paul is a genius at finding a plausible way to cut his own throat.

For example, suppose dummy leads a trump at the second trick. If Paul simply puts up the king of hearts he can practically throw the cards against the wall and still come up with ten tricks.

If Paul leads a trump from dummy at the second trick and finesses the ten from his hand, he will still land on his feet. West must still top to spades (as good a defense as any), and declarer ruffs the third spade to lead a diamond in dummy. Then he ruffs dummy's last trump, and no defense can beat him.

Paul found a different way to play the hand. After winning the first trick in dummy with the ace of diamonds he cashed the top spades and ruffed a spade. This put him in position to ruff his losing diamond in the dummy. Also in position to be set.

At last Paul led a trump from dummy. East played low, and Paul finessed the ten. This was a fatal mistake. He could have pulled through by playing the king.

West won with the jack of hearts and returned the queen of spades. Paul had to ruff, and now he had only two trumps left.

Even Paul could see that defeat was inevitable if he let the enemy make their trumps separately. Hence he made matters worse by leading a club to dummy and returning a trump.

East stepped up with the ace of hearts and returned a diamond. This forced out Paul's last trump, after which the enemy had the rest Down two.

There is a moral in this little tale. Don't go out of your way to ruff in your own hand. You may weaken your trump holding (as Paul did) and thus lose control of the hand.

KILLER'S PACE
BY JULIUS LONG
Copyright 1951 by NEA Service, Inc.

CARL PRATER looked around wildly, imploring someone to believe him. "Yes, I was there when Frankie was drowned, and Bidault made me sign a confession. But I didn't kill him! I swear I didn't!"

"I believe you," said Star gently. "At first I was sure Wertheim followed old Barney home. He was respectfully married and his contract with the firm was generous. I wonder, Inspector, if I might call in a private detective?"

Mercia nodded and Star opened the door. Paul Waits stepped in. "At Star's request, Waits began. "This is confidential, but naturally my agency has pipe-lines into financial institutions. This morning a bank, I'll say Bank X, reported Mr. Wertheim had withdrawn \$1000 in twenties, and this afternoon Bank Y reported that Miss Clara Mayhew deposited \$1000 in twenties."

Waits folded his notebook as Star turned to Mercia.

"It's obvious Miss Mayhew collected blackmail money from Mr. Wertheim—not the very subtle strategy of wearing the very yellow bathing suit that Wertheim, through a lamentable oversight had left in the dressing room when he removed it to dress Frankie's dead body in street clothes."

"When Mr. Marshall, my assistant, told me that Miss Mayhew had worn a bathing suit identical to those worn by the La Jolla line, I knew that it had come from La Jolla Club."

"I realized the truth. She had found it the morning after Frankie's murder; perhaps she identified it at once and put two and two together."

Clara Mayhew was very pale despite her make-up. She aimed an accusing finger at her.

"Wertheim was only small-tryp to you, Clara Mayhew, yet you were shrewd enough to collect blackmail wherever you could! You knew Jim Marshall and Smiley Wetlaufer were there for no casual business reason yesterday, and that Wertheim knew it. So you chose the opportunity to do the tall-tale bathing suit and sear the stuffing out of him."

"But Carl Prater was to be your big chance. You knew that he had been hired him after old Barney had obtained his signed confession. Miss Mayhew, his receptionist, probably listened in on the conversation via the inter-office communication unit on her desk."

"She had to commit still another murder to preserve the good thing she had. She couldn't afford risking the possibility that Larry Stone had seen her. Star turned on the now completely sober Smiley Wetlaufer. "Mr. Wetlaufer, did you go to Stone's apartment tonight at your suggestion or Miss Mayhew's?"

"Don't talk till your lawyer gets here!" screamed Clara.

PRATER eyed her dully, then ignored her. "I thought she was in my car outside, but she could have followed Barney in. She was gone when I went out to my car and the next morning she waited me out for making her bail so long. I sent her orchids."

"There it is, Mercia. The answer to Barney Bidault's murder! Clara Mayhew saw the ruin of her big marital hope if she didn't take quick action. She followed old Barney home in Prater's car. She finally caught up with him in Rose Bidault's private sitting room. She slugged him from behind, took the gun and killed him. Also she took the confession."

"She knew when she read Rose Bidault's statement in the newspaper that Rose had been in the room beyond all the time. She didn't think it possible that Rose would concoct the truth if she knew it, but she got to brooding over it and decided to play safe. She used her lunch hour yesterday to sneak into the Bidault house and stab Rose with a pair of scissors while she slept. That use of scissors was my first tip that a woman was the killer. I can hardly imagine a man using such a weapon."

"After my assistant revealed to Larry Stone that Rose had admitted that he had been with her, Stone became frightened and summoned McNamara for legal advice. McNamara packed the information to an earlier client. Carl Prater, who had hired him after old Barney had obtained his signed confession. Miss Mayhew, his receptionist, probably listened in on the conversation via the inter-office communication unit on her desk."

"She had to commit still another murder to preserve the good thing she had. She couldn't afford risking the possibility that Larry Stone had seen her. Star turned on the now completely sober Smiley Wetlaufer. "Mr. Wetlaufer, did you go to Stone's apartment tonight at your suggestion or Miss Mayhew's?"

"Don't talk till your lawyer gets here!" screamed Clara.

PRATER eyed her dully, then ignored her. "I thought she was in my car outside, but she could have followed Barney in. She was gone when I went out to my car and the next morning she waited me out for making her bail so long. I sent her orchids."

"There it is, Mercia. The answer to Barney Bidault's murder! Clara Mayhew saw the ruin of her big marital hope if she didn't take quick action. She followed old Barney home in Prater's car. She finally caught up with him in Rose Bidault's private sitting room. She slugged him from behind, took the gun and killed him. Also she took the confession."

WASHINGTON COLUMN

It'll Cost Uncle Sam Plenty To Underwrite Nationalists

By FETER EDSON
NEA Washington Correspondent

WASHINGTON—Without getting too involved in either the Truman or the anti-administration policies on what should be done about supporting the Chinese Nationalist troops on Formosa, someone in authority around here should explain what it's going to cost. This is in line with Senator Robert A. Taft's statement that the United States should do no more than it can afford.

Can the United States afford to save Chiang Kai-shek's government and armies, or can it afford not to support them fully, perhaps for an indefinite period?

Aid to the South Korean government between V-J Day and the North Korean attack totaled almost \$700,000,000. This does not include the cost of the war, which will run at least a billion dollars a year if not more. Assuming an eventual United Nations victory, the cost of reconstruction will be half a billion dollars or more.

First three years of Marshall Plan aid to 17 European countries has cost \$11,000,000,000. Military assistance programs so far appropriated for add \$6,000,000,000 to that. The average is about a billion dollars per country over three years, though Britain is getting more than \$3,000,000,000. Italy, West Germany and The Netherlands more than a billion apiece.

Now compare these outlays with the island's income. Fiscal experts say they can't be increased. Part of the government revenue is raised by lottery. The \$300,000,000 worth of gold bullion supposedly taken to Formosa is about all gone. What's left backs up issue currency.

The greater the military aid to Formosa, the greater the economic aid will have to be. When tanks are sent to defend the island better roads and heavier bridges will have to be built. More naval and aircraft will require bigger ports and landing fields. More food, clothing and medical supplies will have to be furnished.

What all this seems to add up to is that Formosa is as nearly broke as a nation can be. And it has no credit on which to borrow. There seems to be no other out than for the United States to finance this enterprise for the indefinite future. And if by another revolution, chance or military conquest, the Nationalists should be returned to power on the mainland, the costs of reconstruction will be staggering. These facts might as well be faced.

Taxes take 30 per cent of the island's income. Fiscal experts say they can't be increased. Part of the government revenue is raised by lottery. The \$300,000,000 worth of gold bullion supposedly taken to Formosa is about all gone. What's left backs up issue currency.

Memorial Hospital Sets Open House On Saturday

Beautiful Midland Memorial Hospital, hardly a year old but already an important cornerstone in the medical growth of West Texas, will participate for the first time Saturday in observing National Hospital Day.

Built at a cost of \$1,300,000 and with donations from hundreds of individuals and organizations, the hospital's opening last July, marked an important milestone in the area's medical progress.

The hospital will open its doors to the public Saturday with an open house from 2 p. m. until 5 p. m. and Dr. Richard Harrell, hospital administrator, has issued an invitation for all to attend.

Visitors will be shown through the hospital buildings, including the operating rooms, the kitchen and laundry, and the nurses' home situated a short distance away.

Equipment of the hospital, the finest obtainable at the time it was

installed, will be on display. This includes X-ray therapy machines, valued at \$24,000; the new oxygen air-pressure lock which is used for children, including new-born babies, who have difficulty in breathing; the only iron lung in a radius of about 100 miles of Midland, and equipment of the two operating rooms, which has a combined value of approximately \$10,000.

To Fill Demand

Construction of the Midland Memorial Hospital was started to fill a demand for hospital facilities not only in Midland, but over a wide territory.

The hospital held open house when it was completed last Summer, but it was not in operation then. In the approximately 10 months it has been in use, 585 babies have been born there and the hospital has admitted an average of 150 emergency cases a month. It has a capacity of 102 patients,

and the nursery will accommodate 23 babies.

The nurses' home, its exterior in architectural harmony with the main building, has quarters for 28 nurses, as well as attractive reception rooms and living rooms.

Ten thousand meals are served each month from the efficient hospital kitchen to patient and members of the staff. The hospital laundry processes more than 26,000 pounds of laundry every month.

In addition to the "iron lung," the respirator which is known to the public chiefly as an aid to breathing for poliomyelitis patients, the hospital has other equipment, services and staff members not found in many miles of Midland.

Dr. Donald McGrew, pathologist, works in a laboratory that is fully equipped, including tissue-examining equipment which saves many hours of waiting for examiners' reports in certain cases. This service is not offered by another hospital within about 125 miles.

Dr. H. D. Gilliam, radiologist, gives X-ray and radium treatment of a type not available elsewhere in the same radius.

Sponsored jointly by the Midland Service League and the Children's Service League, the Midland Children's Clinic was opened recently. Members of the two organizations give their time to assist in its operation.

Although the hospital is a free-enterprise business, which earns its own expenses, Dr. Harrell explains that like other hospitals it must depend upon gifts or endowments for addition of new equipment or replacement of worn equipment.

Women Volunteers

Many Midland individuals and organizations have contributed to equipping and furnishing the building, in addition to their original gifts which built it.

Running expenses of the institution are met from payments by the patients. Cost to patients is lower than for comparable rooms in most hospitals. Daily cost for a room in a four-bed ward is \$7; in a semi-private room, \$8.50; private room without bath, \$9.50; private room with bath, \$10.50.

Of the original cost of the hospital, in excess of \$1,300,000, all but \$150,000 has been met and it is hoped that funds will be received to complete the amount within the next few months.

The hospital occupies grounds valued at \$200,000, which were given by the late E. P. Cowden and Mrs. Cowden, the late Clint Dunagan and Mrs. Dunagan.

Realizing that the growth of Midland made added hospital facilities imperative, residents of the city started immediately after the close of World War II on plans for a hospital. The Midland Memorial Hospital Foundation was set up to arrange for financing the hospital and then to supervise its construction.

Dr. John B. Thomas was the first chairman of the foundation and served until his recent resignation. George Abell was named to succeed him.

A Midland Memorial Hospital Auxiliary was organized by women of the city in 1950 and has assisted in many ways. One of its accomplishments is the operation of a sewing room, where 4,000 articles for hospital use have been made or mended in the last year.

SCOOTER FOUND

A motorscooter reported stolen Wednesday from Frank Midkiff at Cowden Junior High School was found Thursday afternoon, the youth's mother reported.

Inhabitants of New Zealand have the longest life expectancy.

Has Blood Bank

A blood bank at the hospital has a stock of more than 200 pints of blood and keeps a supply of all types of blood on hand, ready for emergency use at any time.

Two community services which the Midland Memorial Hospital makes possible by furnishing space for their operation are the Midland Diagnostic Cancer Clinic and the Midland Children's Clinic.

The cancer clinic, which serves 33 counties of West Texas and New Mexico, is supported entirely by donations. It was started on February 1, and is open every Thursday from 9 a. m. to 12 noon. Dr. Kurt Leiksch is executive officer and E. J. Wicker, heads the board of trustees.

Diagnostic services only are offered and patients must be referred to the clinic by their own physicians, who supply case histories. Of the 11 cases referred to the clinic, five cases of cancer have been detected. Patients are sent back to their physicians for treatment.

National Hospital Day

IS

Saturday, May 12th

Saturday, May 12th, has been set aside as National Hospital Day. We wish to take this occasion to pay tribute to the unselfish service being rendered by the operators of our local hospitals and clinics and by our corps of practicing physicians, surgeons and specialists as well as our faithful nurses who are striving to adequately care for the needs of our local people as well as those coming in from elsewhere. They are really doing an excellent job, and are due the commendation of us all.

Let us observe this day by letting your physicians and nurses know how much you appreciate their efforts. Call them on the phone, drop by their office for a minute, or drop them a letter of appreciation. You might even send some flowers, or a box of candy.

MORE HOSPITAL EQUIPMENT—Mrs. Lynn Durham, treasurer, left, and Mrs. J. W. Starr, president of the Midland Service League, and George Abell, president of the Midland Memorial Hospital, inspect the new bronchoscope presented to the hospital by the Service League. Two incubators previously were purchased for the hospital by the league through its Memorial Fund, which was established in 1949 so persons desiring to make contributions as lasting tributes to friends or loved ones may do so through a central agency. The funds are used to provide needed equipment for Midland Memorial Hospital.

Clinic Is Giving Youngsters New Hope

Midland's unfortunate children are finding new hope and new lives at the Midland Children's Clinic. The clinic had been in operation three months now and officials of the Midland Service League and the Children's Service League feel that it has proved a success. It is not a large operation but it is thorough, as planned by the two groups who last year began making plans for helping the city's unfortunate youngsters.

Only 14 children have gone through the clinic thus far—but what relief from pain and suffering for those 14!

Senate Confirms Ridgway's Promotion

WASHINGTON —(AP)— Now it's Gen. Matthew B. Ridgway. The Senate late Thursday confirmed Ridgway's promotion from lieutenant general. President Truman had proposed Wednesday that he be given a fourth star. The Senate concurred by voice vote. Ridgway succeeded Gen. Douglas MacArthur in his Far East commands.

And the clinic is just beginning to scratch the surface. "We can't handle any large number of children," said Mrs. John Hills, member of the clinic's board of governors, "because considerable time must be given to each child. Some examinations require only 30 or 40 minutes but others may take an entire afternoon and require return visits."

"But we feel like the clinic has already proved its value." One of the early patients, for instance, was a three-year-old child with deformed legs. The parents didn't know whether anything could be done. But one of the clinic's volunteer physicians gave the child a thorough examination, recommended a set of braces and expressed the belief that the child's legs would grow as straight and strong as those of his playmates.

Again the clinic offered its aid and now is arranging the purchase of the special braces which the child's parents are unable to provide. While the two service leagues provide the funds for the operation of the clinic, Midland physicians are staffing it on a volunteer basis. "So far, the clinic has paid out almost \$60 for laboratory work and more than \$50 for X-rays, in addition to paying the salary of a nurse."

The examination itself is thorough. Each child has the routine laboratory tests, including blood tests, tuberculin tests, skin tests and other such routine examinations. Where necessary, X-ray pictures are taken and dental problems are studied.

The clinic's operation is directed by a board of governor's headed by MacArthur Was Half Right, Commons Told

LONDON —(AP)— The House of Commons was told Thursday Gen. Douglas MacArthur was partially right when he talked about petroleum products being listed on a British report of exports to China. But MacArthur neglected to add, Commons was told, that the word after each of those export items was "nil"—none.

More Than Medical Aspects Must Be Considered In Adoption Plan

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Some questions which come in are only partly medical as is the first one today.

Q—I am considering adopting a child. What are the requirements and should I have a blood test?

A—A good many states now have laws governing adoption practices. In fact this has to be done through the courts. Social service agencies

enter into the picture since it generally is considered important that the child to be adopted and the prospective parents should have similar backgrounds.

From the medical point of view it is desirable that the adults who do the adopting as well as the child be in good health. A blood test is only one of many things to be considered.

Q—I have had sinus trouble several years and for the last few weeks constant headaches as well. Lately I have used some nose drops which have relieved the nasal stuffiness to some extent though I still have the headaches. But since using the drops I have lost my sense of smell. Is this from the sinus or the drops and will it be permanent?

A—My guess would be that the

loss of ability to smell is more likely the result of the sinus infection than of the nose drops. If this is the case, whether or not it will be permanent depends mostly on the course of the sinusitis. In any event, it sounds like a miserable state of affairs.

Q—A member of my family drinks four or five cases of beer a week, eats about one meal a day and is in his 50's. He always has been in good health but now lacks pep and has some bowel difficulties. How long can he go on like this?

A—Beer contains alcohol and provides a good many calories which may go to fat. It does not contain the food constituents which make a balanced diet and consequently a person who seems to substitute beer for two meals a day is asking for trouble. How long before it comes is anybody's guess, but apparently some difficulties are beginning to arise already.

Q—Our daughter has had eczema since she was six weeks old and is now three and one-half. We know what she is allergic to and try to keep those things away from her. They are weeds and dirt. Now the question has come up about giving her injections. What do you think?

A—This is a highly technical question and can only be decided after knowing all the facts. It is true, however, that extracts of weed pollens and house dust (the dirt mentioned) can be prepared and injected in gradually increasing doses. This sometimes serves to lessen the sensitivity in an allergic person.

Casualties in Korea

WASHINGTON — The Department of Defense Thursday night, in its casualty list No. 299, announced the following Texas casualties in the Korean area:

Wounded, Army: Sgt. Roy A. Adams, Beaumont; Second Lt. Charles D. Cabanis, Garland; Cpl. Steve Ford, Jr., Houston; Cpl. Edward L. Higgins, Clifton; Pvt. J. W. Ladd, Grand Prairie; Pfc. Eliseo Prieto, San Antonio.

Wounded, Navy: Hospitalman Joe W. Churchill, Lubbock.

Missing in action, Marine Corps: Cpl. William S. Blair, Jr., Bryan; Pfc. Harold E. Ellison, San Antonio.

Drive-in service stations were inaugurated in 1903. Today there are 250,000.

Permian Basin Oil And Gas Log-

(Continued From Page One)
 552 feet to 7,875 feet which is total depth.
 There was a weak blow of air for 10 minutes and then it died. Tool was open approximately one hour.
 Recovery was 200 feet of drilling mud with no shows of oil or gas.
 Operator is now preparing to plug back to about 4,945 feet and cement five and one-half-inch casing on top of the San Andres at 4,300 feet and test that formation.
 The wildcat is 600 feet from south and west lines of section 28, block A-12, plat survey.
 Drillsite is 600 feet east of the east line of Lea County, New Mexico, and one and one-half miles southeast of the House-San Andres field in Lea County.

Schleicher Sector Gets Another Test

Approximately one-half mile northeast of The Ohio Oil Company No. 3 H. F. Thomson, assured producer in the undeveloped area between the Huldale-Strawn and Huldale, North-Lower Canyon fields of Central-North Schleicher County, Ohio will drill its No. 9 H. F. Thomson.
 Drillsite is 467 feet from west and 1,322 feet from north lines of section 81, block TT, TC survey. That makes it a south offset to No. 4 Thomson being drilled by Ohio. That project developed only salt water in a fillstem test in the Strawn several days ago. At last report, operator was making electric surveys.

C-S Terry Pool To Get New Drillsite

Amerasia Petroleum Corporation has staked location for its No. 5 Fred T. Hogan on the south side of the Adair-Wolfcamp field of Central-South Terry County.
 Location is 1,412 feet from east and 500 feet from south lines of west 200 acres of section 19, block C-31, plat survey.
 Rotary tools will be used in drilling to projected depth of 9,000 feet. Operations will begin at once.
 The project is 20 miles northeast of Seagraves.

Project Scheduled In Tex-Harvey Pool

Ted Welner, trustee No. 3-1-A M. H. O'Daniel is to be a new project in the north edge of the Tex-Harvey field of Central-East Midland County.
 Drillsite has been set 600 feet from south and east lines of section 1, block 37, T-2-S, S. Wright survey.
 Rotary tools are being moved in to start drilling toward projected depth of 8,500 feet.

Extender Is Assured For Schleicher Field

One-half of one mile northeast of the Huldale-Strawn field of Central-North Schleicher County, The Ohio Oil Company No. 9 H. F. Thomson Estate kicked off and flowed 348 barrels of 30-gravity oil in 13 hours after a swabbing run was made.
 The field extender is now being readied for completion.
 The oil is from perforations in casing at 8,773-85 feet. Flow was gauged through a one-quarter-inch choke. Gas-oil ratio was 543-1. At

Model Drilling Rig Is Sought

Wanted: a drilling rig. This is not intended to alert drilling contractors of Midland and the Permian Basin.
 It's a model drilling rig that's wanted.
 The Midland County Library needs the model drilling rig for a theme illustration in a children's Summer reading program.
 Mrs. Lucille Carroll, librarian, will be glad to contact for the rig.

SW Runnels Project Plugged As Failure

W. C. "Bill" Estes No. 1 W. H. Gross, wildcat in Southwest Runnels County has been plugged and abandoned at 5,215 feet in the Ellenburger.
 The failure was eight miles northwest of Rowena and 1,980 feet from west and 4,620 feet from north lines of section 93 1/2, S. Herring heirs survey.

Midland Tex-Harvey Gets New Drillsites

Three more explorations have been staked for immediate drilling in the south area of the Tex-Harvey field of Central-East Midland County.
 Phillips Petroleum Company will dig No. 1-CO TXL 864 feet from south and 690 feet from east lines of section 37, block 37, T-3-S, and 20 miles southeast of Midland.
 The operator's No. 1-A Mrs. W. A. Hutchison will be dug 1,992 feet from south and 690 feet from west lines of section 36, block 37, T-3-S, T&P survey.
 Phillips No. 2-A Mrs. W. A. Hutchison is slated for drilling 664 feet from south and 690 feet from west lines of section 36, block 37, T-3-S, T&P survey.
 All three test will be drilled into the Spraberry.

Producer Added To Germania In Midland

James H. Snowden and others No. 2-12 Hiale is a new producer in the Germania-Spraberry field of North-east Midland County.
 A potential test of 301 barrels of 39.4-gravity oil daily was reported by the operator to the Railroad Commission of Texas.
 Gas-oil ratio during the test, which was made on a one-half-inch choke, was 714-1. Production is from open hole at 7,171-7,252 feet.
 Location is 696 feet from north and 2,810 feet from east lines of section 12, block 37, T-2-S, T&P survey.

ANKLE FRACTURED

Joe Williams, 51-year-old employe of a drilling company, of Seagraves, was given emergency treatment Thursday at Western Clinic-Hospital for a fractured ankle. He was released following treatment.

Three Girls Face Charges Of Forcing Rape In Reverse

WESTERLY, R. I. —(P)— Three 21-year-old girls were charged Friday with forcing a man at knife-point to submit to them in the back seat of his car.
 The girls—two of them described by police as "very attractive"—pleaded innocent at a night district court session to charges of disorderly conduct and lewd and lascivious conduct and were held under \$1,000 bail each for trial May 25.
 Police withheld the name of the alleged victim "because it is too embarrassing for him."

Parking Lot Owner Lodges Complaint Against 'Chiseler'

Parking problems in a growing city.
 Police received a complaint Thursday from the owner of a parking lot that a motorist was using space not leased to him. He said the same car was parked early on the lot every day and was not removed until late.
 Courteous notes left at the car have been of no avail, the car lot owner said.
 A resident on North Loraine Street called police to report an automobile parked in front of the residence drive.

Opinion About Auto Lands Owner In Jail

LOS ANGELES —(P)— Jack Redman was in jail Friday because he didn't like his new automobile.
 When dealer Eugene Klein refused to return the purchase price, Redman painted signs on his car: "I was robbed. No resale. Every screw loose."
 After Klein got an injunction, Redman put on a new sign: "Legally restrained from saying anything BAD about this CAR."
 The words "bad" and "car" were in big yellow letters. The others were in small red print.
 A judge sentenced Redman Thursday to five days in jail or \$100 fine. He chose the jail term. His lawyer gave notice of appeal.

ARM, LEG HURT

Daniel Longvire, employe of the Gene Brewer Construction Company, received emergency treatment Thursday at Western Clinic-Hospital for arm and leg lacerations. Longvire reportedly fell from a scaffold while at work. He was released after treatment.

Cotton

NEW YORK —(P)— Friday noon cotton prices were 30 cents a bale higher to 35 cents lower than the previous close. May 45.50, July 45.13 and October 39.38.

SPLINTER REMOVED

Four-year-old Mikey Lawrence, son of Mr. and Mrs. Jack Lawrence, was given emergency treatment and then released Thursday at Western Clinic-Hospital for the removal of a splinter from his foot.

Western Clinic-Hospital Has Fine Service Record

Apparently, one of the easier things for a person to forget is a skill or service that may have saved his life.
 This may not seem logical—but it's true.

Many persons, even in Midland, never seem to remember for long the doctor and the hospital to which they may be indebted for their very lives, or at least the healing of a great suffering.

When pain departs, gratitude goes with it—or so it may appear to those who alleviate the suffering.

National Hospital Day, which comes appropriately on the birthday Saturday of Florence Nightingale, the angel of nursing, is a fitting time to pay tribute to the hospital, doctor and nurse.

One institution for healing the sick, that has served well and faithfully for 12 years, is Western Clinic-Hospital. Its founders were Dr. Sellers Moore and Dr. L. A. Absher.

During the period between the closing of the Ryan Hospital in 1943 and the opening of Midland Memorial Hospital last year, it was the only institution of its kind in Midland.

War Years Trying
 There were trying times when there was a shortage of doctors, nurses and equipment. But Western Clinic-Hospital continued to serve well, even during the war years.

Now, skilled staffs and efficient equipment are ready at all hours for any emergency or treatment.

Dr. Homer B. Johnson of the present medical staff first became associated with the hospital in December, 1939, and served until entering military service with the Army Air Corps as a flight surgeon. The medical staff includes Dr. T. June Melton, Jr., general surgery; Dr. Fred W. Gaarde, internal medi-

DADDY RINGTAIL

Daddy Ringtail And Alley Fence

Coloratura was a monstrous tiger who wanted to be a singer, but the circus people would not let him do it. He was much too big and monstrous and dangerous-looking to be a singer, they said, and so at last, the tiger agreed to take the job of sitting in a cage at the circus to play-like a dangerous tiger.

discovered that money is not enough. It doesn't make people happy. The tiger decided to run away, and he did.

He slipped out the door of his cage one night, and he ran and ran until morning came. He didn't want anyone to see him, because they would have been frightened, you know. They would not have known he was really a singing tiger instead of a dangerous tiger. The tiger ran on and on until he came to the Great Forest where Daddy Ringtail, your monkey friend, lives high in the top of a very tall tree.

As luck would have it, the tiger found Daddy Ringtail, and the Hufen Puffen too, down close by the

as he told of the troubles he had had. He did so want to sing, you see, and could he please live there in the Great Forest and do his singing?

Could he please, Daddy Ringtail? Well, Daddy Ringtail was sure the tiger could live there in the Great Forest as long as he wanted to do it, all right. But as for singing for people, well—most of the folks in the forest liked to do their own singing, and so their wasn't a chance of a great singer like the tiger, have many people to listen.

The tiger smiled to hear these words. Then he explained how all he wanted was to sit on top an alley fence, singing loud in the moonlight, all fr: his very own ear to hear. He wanted to sing for the heard him or not. And so he lives and sings in the Great Forest to this very, very happy day. He sings on his backyard fence.

CLUB ORGANIZED BY UNIMPORTANT PERSONS

SAN ANTONIO—(AP)—It pays to be a person of no importance at Brooks Air Force Base here. You can get into the NIP Club. The club was set up by a group of company-grade officers who say they got tired of the attention paid VIP's—very important persons. NIP's are "Not Important Persons." Club rules are that a member "promoted to a rank as high as major must 'refuse the advancement or resign his membership.'"

Cultivate To Control Weeds

WASHINGTON—(AP)—A warning to farmers who are fighting weeds with the new herbicides of recent years was issued here by Warren C. Shaw, agronomist with the U. S. Department of Agriculture. Shaw comes out in favor of cultivation as one of the most effective ways to control weeds.

"No available herbicide," says Shaw, "will kill all weeds and leave crop plants completely unharmed. If we do not cultivate to control resistant weeds, it will be only a short time until fields will be weeder than ever—with weeds even more difficult to control." Shaw adds that research results throughout the country show that even when weeds are controlled with chemicals, many soils will give higher crop yields when cultivated at least once.

U. S. Parcels Still Pour Into Germany

FRANKFURT, GERMANY—(AP)—Open-hearted Americans still are showering Germany with gift parcels.

In 1946, when postwar Germany was destitute, a gift parcel service was begun in the United States. Day after day the total mounted until at the end of last month, West and East Germans had been sent 44,000,000 gift parcels. Officials estimate their combined value at \$375,000,000.

There is nothing you can do if it falls, except live in underground shelters."

The Golden Text is "As by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous." Romans 5:19. The sermon theme also includes I Corinthians 15:22, "For as in Adam all die, even so in Christ shall all be made alive."
"Jehovah declared the ground was accursed; and from this ground, or matter, sprang Adam, notwithstanding God had blessed the earth for man's sake." From this it follows that Adam was not the ideal man for whom the earth was blessed. The ideal man was revealed in due time, and was known as Christ Jesus. This is the lesson-sermon reference from page 338 of the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Mother's Smile
Most folks smile when you give them some token of affection. But no one smiles like Mother! Other folks' smiles express their joy in the gifts she has given them. But Mother's smile reflects her joy in the gifts she has given you.
It couldn't be otherwise. For in giving, rather than in receiving, Mother has always found her happiness.
If next Sunday you are privileged to see your Mother smile—or if, perhaps, you'll pause that day to remember Mother's smile—then recall the Church of your childhood, and the day she first led you by the hand through its open doors.
The Church is still teaching the lesson of unselfish love that Mother learned and lived. The Christian Faith is still the way to that deeper happiness we see in Mother's smile.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MAJOR LEAGUES—

Giants Continue To Tighten Race In National Loop

The National League pennant race tightened considerably Thursday. The two bottom clubs won and the two top teams lost to narrow the gap between first and last to five games.

New York's resurging Giants made it nine wins in their last 11 games, defeating the St. Louis Cards 3-2 to sweep the three-game series. The Braves fell afoul of Ewell Blackwell, who pitched the last place Cincinnati Reds to a 4-1 triumph. Their lead was cut to one game over the Brooklyn Dodgers, 6-1 winner over Chicago. The Dodger victory jumped them past the Cardinals in the runner-up spot.

Longhorn League—Pepper Martin Named Manager Of Odessa Oilers

San Angelo ran its winning streak to 12 Thursday night and it's almost become a habit. While the Colts go merrily along at the top of the Longhorn League standings, a bitter battle is being fought for first division berths. Vernon currently is in second place, five games behind the leader, but three clubs are tied for third.

Demaret, Burke To Appear At Ranchland Hill Club Saturday

Jimmie Demaret and Jackie Burke—two of the nation's best-known and most capable golfers—will appear at 2 p.m. Saturday at Ranchland Hill Country Club for an exhibition game against Abe Beckman and Walter Thompson.

Puett Qualifies For Championship Flight In Meet

COLORADO CITY—Ninety entrants saw James Dixon of Abilene and Bill Davis, Big Spring, tie for medalist honors in the Colorado City Invitational Golf Tournament which opened here Thursday. Both men shot a 70.

Hogan Falters In Greenbrier Open

WHITE SULPHUR SPRINGS, W. VA.—(AP)—Ben Hogan's record score for the fourth annual Greenbrier Open Golf Tourney was threatened and so is his title if he didn't keep moving Friday. The Texan bantam got off to a ragged start in Thursday's opening round with a tie for fourth place, but he was moving fast at the end. Meanwhile, Jim Ferrier of San Francisco started the second round with a sizzling 64 to lead for the first 18 holes of the 72-hole tourney.

King's Row

★ DOTS AND DASHES—The rule passed recently by the Texas Inter-scholastic League, forbidding any post-season football tilts for Texas high school boys and coaches will not stop the Permian Bowl game set for Odessa August 17, we hear. The rule does not go into effect until 1952, thus the Odessa grid clash may be played with everyone's blessing. Al Dark, hitting .370, is banging the ball at the right time to pace the NY Giants comeback efforts. He's outshining Monte Irvin and Bobby Thompson, the boys who were supposed to wield the big stick. And that reminds us: What happened to the fans who jeered at us when the Giants lost 11 straight after we had picked 'em to take the National League flag. Now they're won nine of 11. As Leo says, "That's my kind of team!" Kermitt up and whacked Crane, Permian Softball League favorite, 11-1 early in the week. Yale, Syracuse and Cornell are being boomed as powers for Eastern football next fall. Which means one of them might defeat Sul Ross if they played SW football. Tugboat Jones is slated over the recent work of Dalton Byerley, Bulldog guard, in Spring drills. He now weighs more than 200 pounds! B. Basco pens another line from Ohio saying he still would like to bring professional boxing to Midland if someone would promote the show. Wants an outdoor show in the Indians' ballpark this summer. Insiders say it cost organized baseball \$500,000 in legal fees alone to settle the Danny Gardella suit. No wonder the magnates are worried about new suits which have been springing up. Here's a promise: Scooter Hughes, DEFTLY will play with the Indian team against Odessa Saturday night in Oiler Park. A. D. Ensey, Odessa baseball owner, is returning money to fans who bought stock in the Oiler team at the start of the year. "We're losing," said Ensey, "and I don't want the fans to have to back a losing ball club." So watch for the Oilers to start coming back. Tommy Hart, Big Spring scribe, reports a fan described a Midland base runner as "an ice wagon without any wheels." Better watch 'em Tommy, sometimes ice wagons cool you off. End of the Row for now!

Texas League—Lanfranconi Hurls Eagles To Sixth Straight Victory

By The Associated Press

Walt Lanfranconi is no Spring chicken, but the 33-year-old Dallas hurler is cock of the walk in the Texas League. He won his seventh game without a loss Thursday night, chunking a six-hitter at Beaumont, pitching Dallas to a 1-0 victory and serving 'em like it was mid-July.

While Lanfranconi was stretching Dallas' winning streak to six in a row, Oklahoma City tumbled from second to fourth on a 7-5 loss to San Antonio; Fort Worth exploded for a 15-5 win over Shreveport, and Tulsa turned on its grandstand volleys and socked Houston 14-2.

For Lanfranconi and Dallas, the victory over Beaumont was more than just a ball game. For the pitcher, it meant he has already won more than half his record he did all last season when his record was 13 victories, 10 defeats.

Texas A&M Favored To Cop Southwest Conference Meet

COLLEGE STATION—(AP)—The 38th annual Southwest Conference Track and Field meet opened Friday with preliminaries in 14 of the 16 events and with record smashing due to start the first crack out of the box. The shot put and broad jump are two of the events in which new records are expected. Darrow Hopper, Texas Aggie giant, has been leading the conference record of 50 feet, 2 1/4 inches on every competitive throw this season. Charles Meeks of Texas came within three-quarters of an inch of the broad jump record only last week. The record is 24 feet, 9 3/4 inches.

WT-NM League—Hubbers, Gassers Lobos and Sox Win

By The Associated Press

Things are tightening up in the West Texas-New Mexico League with the clubs giving every indication of having a real race underway. Friday six of the eight clubs were within four and a half games of each other.

Abilene remained at the top despite a loss to Lubbock Thursday night. Second-place Albuquerque lost also but the four middle clubs won to edge into the picture.

Lubbock tripped Abilene 5-2; Borger nipped Albuquerque 5-4; Lamesa edged Pampa 4-3, and Amarillo won its fourth game of the year, a 6-4 victory over Clovis.

Julio Moreno pitched Lubbock to its victory over Abilene, scattering eight hits well.

Rene Vega withstood a two-run Albuquerque rally in the eighth inning to pitch Borger to the win. Six Albuquerque errors helped the Gassers.

Don Faling checked Clovis in the battle for the cellar, pitching Amarillo to its win. A pair of singles with the bases loaded produced the winning runs.

The Lamesa Lobos put up a tight inner defense to beat Pampa. Although charged with four errors, the Lobos turned in a good defensive game that left 14 Pampa runners stranded.

Americans Trailing In Walker Cup Play

BIRKDALE, ENGLAND—(AP)—America's top Walker Cup pair, Frank Stranahan of Toledo and Bill Campbell of Huntington, W. Va., went to lunch three-down to Ronnie White and Joe Carr of Britain in their 36-hole foursome match Friday.

Charlie Coe of Oklahoma City and Jim McHale of Philadelphia rallied on the back nine to reach the halfway mark all square with their British rivals, Cecil Ewing and John Langley.

Dick Chapman of Pishurst, N. C., and Bob Knowles of Boston stood one-down to Alex Kyle and Ian Caldwell of Britain after 18 fighting holes.

Things began to look dark for the Americans when Capt. Willie Turnesa of Elmford, N. Y., and his young partner, Sam Urzetta, the U. S. Amateur champion from Rochester, also hit the halfway point one-down to Jim Bruen and John Morgan.

Freshman Rule Comes Before SW Ruling Members

COLLEGE STATION—(AP)—Re-activation of the Freshman rule and a stand on basketball games in the scandal-marked East are major items coming before the faculty committee of the Southwest Conference opening its Spring meeting Friday.

There were indications of a close vote on the question of making freshmen eligible for varsity competition. None of the schools think they actually are needed now but there is agitation for making them eligible because other conferences in the country have done so.

The committee adopted a rule that basketball teams play only in games where the colleges have full control. This would eliminate games in Madison Square Garden, New York City, where the basketball scandals broke. Two conference members have tentatively scheduled games in the garden for next season. Texas A&M and Texas Christian both are waiting to see what the conference does before making it definite.

OCEE BUYS RIP RUSSELL

OKLAHOMA CITY—(AP)—Outfielder Clarence (Rip) Russell has swapped his Dallas for an Oklahoma City uniform. The Oklahoma club of the Texas League told of the purchase Thursday night.

DOG BITES CHILD

Spike Mader, six-year-old son of Mr. and Mrs. J. C. Mader, 1411 West Ohio Street, was given tetanus shots and other emergency treatment at Midland Memorial Hospital Thursday after suffering a dog bite. He was released following treatment.

Colts Blank Indians 5-0

SAN ANGELO—Mario Saldana let the Midland Indians down with five singles here Thursday night to pitch the San Angelo Colts to a 5-0 win over the Harold Webb nine. It was the Colt's third win in as many starts against Midland this year, and the second time the Midland team has been white-washed by San Angelo pitching.

Billy Maxwell Sets Pace In Collegiate Golf Tournament

ATHENS, GA.—(AP)—A record-breaking, seven-under-par 65 gave Billy Maxwell of North Texas State a four-stroke lead going into Friday's second round of the Southern Intercollegiate Golf Tournament.

Maxwell's 33-32-65 Thursday gave him a comfortable margin over Florida's Jerry Schulzeis and Louisville's Bob Eubanks, both of whom had 69's. It also enabled the North Texas team to compile the low team score of 278, 10 strokes better than Florida and Georgia.

Maxwell, a junior from Odessa, Texas, had an eagle, seven birdies, and two bogies in compiling the best round of his career.

Chrisco Racks Up No-Hit, No-Run Victory At Monroe

MONROE, LA.—(AP)—Darwin Chrisco, 20-year-old righthander of Midland and Vernon, Texas, made Cotton States League baseball history for Monroe Thursday night as he hurled the Sports to a no-hit no-run 5-0 victory over the Hot Springs Bathers.

Thirty batters faced Chrisco with three drawing bases on balls and one reaching first on an error. But only three runners were left on bases as Chrisco started the Sports' only double play to eliminate one of the free bases. No batter got beyond first base.

Chrisco registered 12 strikeouts in winning his second victory of the season against a single loss. Don Ehlers, a four-game winner for Hot Springs, suffered his first defeat.

Black Indians Eke Out On Odessa Black Oilers, 9-7

Batie Gene Harrison led the Midland Black Indians at the plate Thursday night as they edged the Odessa Black Oilers 9-7 in Indian Park.

The Midland nine jumped on Anderson, Oiler hurler, for four runs in the first frame and never were headed.

John Hall, Harry Dooley and Big Tucker hurried for the Midland team with Dooley getting credit for the win.

Haley Named Star Of Week By WT-NM League Scribes

DALLAS—(AP)—Bill Haley, slug-ging first baseman for Albuquerque, has been named "Star of the Week" in the Class C West Texas-New Mexico League.

He hit a home run, a triple, a double and three singles and drove in eight runs the week ended May 6.

Church Laymen Attend Meeting In Big Spring

Twenty-eight Midland Presbyterian men attended a district meeting in Big Spring Thursday night of Men of the Church of the El Paso Presbytery.

The Midland delegation was headed by the Rev. Louis O. Waterstreet, pastor of St. Andrew's Presbyterian Church, Dr. R. Matthew Lynn, pastor of the First Presbyterian Church, and Ed T. Sutt, group president.

Houston Harte, San Angelo newspaper publisher and author of "In Our Image," addressed the 70 laymen from Midland, Big Spring, Coahoma, Colorado City and Sweetwater.

Harte gave a historical account of the compilation of the Bible and its effect upon civilization. He emphasized the impact of the early Bible on early English culture.

"How much, then," he said, "should the many Bibles available today influence us?" He said his own answer to modern "indifference" to the old, black-covered family Bible is his book, "In Our Image."

Bill Crenshaw, president of the group, made a report. A musical program was presented at the dinner-meeting.

Third Doctor, More Nurses To Join Fight On Measles Epidemic

COPENHAGEN, DENMARK —(AP)— A third doctor and another seven nurses are due to fly from Copenhagen to Greenland Sunday to fight a serious epidemic of measles.

Thursday two Danish doctors and four nurses took off with a supply of serum, vaccine and 14,000,000 units of penicillin.

Measles, which has never before occurred in Greenland, has reached Julianehaab, the island's southernmost colony. More than 300 of the 800 inhabitants are bed-ridden. The epidemic was reported spreading.

Midland Girl Enlists In WAF

ABILENE—The Women's Air Force has drawn into its ranks a pretty, 21-year-old office worker from Midland.

Buddle June Higdon, daughter of Mr. and Mrs. G. H. (Bud) Higdon of Midland, enlisted this week at the Abilene Army and Air Force Recruiting and Induction Station.

For the last three years Miss Higdon has been employed as an integrator-operator by the Shell Oil Company in Midland. Her father is chief operator of theaters here.

Born in Wellington and a Midland resident more than nine years, Miss Higdon said she first became interested in military service because of its varied career advantages and plan of retirement.

She is a graduate of Midland High School and plans to apply for officer candidate school.

Ban On Shipments To Reds Added To Senate Money Bill

WASHINGTON—(AP)—The Senate has demanded that U. S. economic aid be withheld from any nation which permits shipment of any arms or other military material to Russia or its Communist Allies. This provision was written un-animously into a \$431,127,477 supplemental appropriations bill passed by the Senate late Thursday. The same ban was not included in the measure when it passed the House earlier. However, the Senate ordered its conferees not to yield an inch on the provision in their compromise sessions with the House conferees.

Senators in both parties have denounced Great Britain and other Marshall Plan countries for what they called recent shipments of rubber and other goods to Red China. The ban was in an amendment offered by Senator Kem (R-Mo) and accepted by the Democrats.

Hubby Cures Self Of Snoring, But Wifie Changes Mind

CHICAGO—(AP)—Richard Michalak has cured himself of snoring but his estranged wife doesn't want him back—with or without snores. Michalak's wife, Florence, 20, who had separated from him because of his snoring, Thursday reneged on her promise to return to him if he rid himself of the affliction. Instead, she obtained permission from Superior Judge Rudolph Desort to change her separate maintenance suit to a divorce bill. She will continue to receive \$20 a week temporary support for herself and their daughter, Cynthia, one. They were married Feb. 19, 1949, and separated last March 24.

Mrs. Michalak had agreed a month ago to hold up her suit for separate maintenance while her husband attempted to cure himself of snoring. Hundreds of persons from many cities had sent him suggested cures.

"I've tried hard to cooperate and get my wife back," said Michalak, 25-year-old egg inspector. "I've cured myself of snoring and have affidavits to prove it." Judge Desort told Michalak he was "sorry that the reconciliation can't be effected. But you have the satisfaction of knowing you no longer snore."

The judge told Mrs. Michalak every woman has the right to change her mind.

Senate Panel Okays Gas Price-Fixing Bill

AUSTIN—(AP)—A 9-6 Senate committee vote Thursday gave approval to a bill to permit the Railroad Commission to fix minimum field prices on natural gas to prevent waste. The House passed the bill last week by a 72-43 vote. The Senate committee tacked on an amendment that would permit the producers to pass on to the consumers any field price increase ordered by the commission.

Sul Ross Out Front In Collegiate Rodeo
FORT WORTH—(AP)—Sul Ross Friday held a comfortable lead in the National Intercollegiate Rodeo here, with brothers Harley and Ross May the biggest reason. Ross Thursday night scored 40 points by winning the first go-round saddle bronc riding event. Harley was second and picked up 30 points. New Mexico A&M is second, trailing Sul Ross' 2,060.5 points by 285.5 points.

HURT IN MISHAP
James Tuscana, three-year-old son of Mr. and Mrs. T. P. Tuscana, of Odessa, received emergency treatment Thursday at Midland Memorial Hospital for a smashed toe suffered in a tricycle mishap. He was released following treatment.

The first oil pipe line was of wood construction, five miles long, and had a capacity of 800 barrels daily.

SURGICAL PATIENT
Mike B. Stopkey, Odessa, was admitted to Midland Memorial Hospital Thursday for surgery.
