### NE Reagan Wildcat Gets Free Oil In DST Of Lower Spraberry

G. H. Vaughn and The Atlantic Refining Company No. 1 Calvin Suggs, Northeast Reagan County wildcat developed a show of oil and gas in the lower Spraberry in a drillstem test at 7,504-27 feet. The tool was open one hour. Gas was at the surface in 41 minutes. There was no estimate on the gas volume. Recovery was 180 feet of slightly muddy oil. There were no signs of formation water. The oil was 38 gravity.

**To Core Deeper**  
Operators were preparing to core deeper.

The project is 660 feet from north and east lines of section 134, block 2, T&P survey. It is 15 miles northeast of Siles.

The oil developed in the test at 7,504-27 feet is the first this prospector has logged. It was originally started out to drill to 10,200 feet to test the Ellenburger.

### Barnhart Opener In NW Reagan Is Shutin After Flow

After flowing 172 barrels of new oil during the last eight and one-half hours gauged, Paul F. Barnhart No. 1 Wimberly, prolific Spraberry sand discovery in Northwest Reagan County was shutin to wait for storage.

Production in the discovery is from open hole at 6,710-6,900 feet. That section was given a 4,000-gallon Hydraulic treatment. After that treatment operator swabbed the well in and it kicked off and flowed 150 barrels of new oil in seven and one-half hours.

After being shutin for several hours the well was opened up and flowed six more hours. During that time it made 170 barrels of oil through various size chokes.

Location is at the center of the northwest quarter of the northwest quarter of section 15, block C, L&SV survey. That puts it three and one-half miles south and slightly east of Texas Crude Company No. 1-60 Proctor, recently completed pumping discovery from the Spraberry.

The Spraberry was topped in No. 1 Wimberly at 6,795 feet. That is on a datum of minus 4,100 feet.

**Midland Driver Pool Gets New Explorer**

Two locations west of James H. Snowden and Sergeant & Rutter No. 1-34 Schrock, recently completed long south extender to the Driver-Spraberry field of Southeast Midland County, Atlantic Refining Company will drill its No. 5 W. M. Schrock.

Drillsite is 660 feet from north and east lines of the northwest quarter of section 34, block 37, T&P survey, T-4-S.

The firms No. 3 and No. 4 Schrock have not been staked.

**Five More Oilers Given Tex-Harvey**

Five more completed projects have been reported for the Tex-Harvey field of Central-East Midland County and one more location has been staked in the Glasscock County side of the same field.

Tex-Harvey Oil Company reported potential for its No. 4-10 Mrs. B. W. Floyd, 660 feet from north and east lines of section 10, block 37, T-3-S, T&P survey.

It was finished for a daily flowing potential of 179 barrels of 38.4-gravity oil plus two per cent water. The flow was gauged through a 24/64-inch tubing choke. Production is from perforations at 7,120-7,305 feet.

Gas-oil ratio was 670-1 and pressure on tubing was 150 pounds.

The same operator's No. 6-15 Jay H. Floyd, 660 feet from south and west lines of section 15, block 37, T-3-S, T&P survey, was completed for a 24-hour potential of 295 barrels of oil flowing through 24/64-inch tubing choke. Two per cent water was made with the oil.

Production is from open hole at 7,034-7,265 feet. Gas-oil ratio was 632-1 and tubing pressure was 200 pounds.

**Magnolia Well**

Magnolia Petroleum Company No. 4 E. T. O'Daniel, 660 feet from north and west lines of the lease in section 2, block 37, T-2-S, Susannah Wright survey, was completed through a 24/64-inch choke for a flowing potential of 354.6 barrels of 36-gravity oil and no water.

No. 4 O'Daniel was completed from open hole at 7,110-7,325 feet. That section was shot with 366 quarts of nitrolycerin.

Tex-Harvey Oil Company No. 7-14 Mrs. B. W. Floyd, 660 feet from north and east lines of section 14, block 37, T-3-S, T&P survey, was finished for a daily flowing potential of 239 barrels of 38.4-gravity oil plus two per cent water. The flow was gauged through a 24/64-inch (Continued On Page Five)

# Indians Get New Player-Manager

## MacArthur's Crowds Just 'Fade Away'

SAN ANTONIO—(P)—Gen. Douglas MacArthur arrived here from Houston at 9:55 a.m. Friday for a four-hour homecoming in this military center.

High military and civic officials greeted the general at the Municipal Airport.

The Fourth Army Band played "The General's Honeys" with four ruffles and four flourishes.

Then the general's party began a fast, closely-timed tour. San Antonio called it a homecoming because the general attended military academy here as a boy.

A week ago city police estimated there would be 500,000 people on hand to watch the general's arrival and his drive through the city to the Alamo, known by Texans as "The Cradle of Texas Liberty."

But this estimate has been chopped down to 100,000. Actually there were about 700 persons at the airport to see the general, Mrs. MacArthur and their son, Arthur, step from their plane.

Downtown, police had roped off several blocks as a safety measure to hold back the crowds. But there were only a sprinkling of spectators along part of the sidewalks.

**Just Another General**  
One spectator, remarking on the small size of the crowd, said: "I guess people around here just don't get excited about another general."

At Houston Thursday night, a crowd of 20,000, which filled only about one-third of the seats in the huge Rice Stadium, heard MacArthur deny the feeling of awe in the Far East.

The five-star general stared at vast expanses of empty space as he carried his anti-Administration stand to Texas' largest city.

"I find prevalent throughout the land a feeling of fear generated by false propaganda that we are weak," (Continued On Page Five)

**Chinese Reds Set To Conquer World, European Declares**

HONG KONG—(P)—A prominent European, just arrived after five years in Canton, Friday said Chinese Communists told him: "We're not afraid of the atom bomb. We're going to lick the American Army and then, with Russia, we're going to conquer the world in two years."

That, said the European, was just fall and he was puzzled.

Three weeks later the Chinese Reds intervened in the Korean war.

The European asked not to be named because his agency still operates in Red China. His official duties gave him almost daily contact with the highest Red officials.

He continued: "All evidence in Canton is that the Reds really are preparing for war. Since February the number of troops has been growing daily, and they train daily within the city. They don't seem to have much heavy equipment, but they all have rifles, all are well-clothed, and morale seems high. x x x

**Many Russians Seen**  
At least several hundred Russians are in Canton.

Most of them are Air Force officers. They don't wear uniforms, but they are no longer quiet about what they are doing. The Russians mix freely with the Chinese and live with them. I never saw any signs of friction."

The informant said that despite the constant fear of arrest and execution, youths below 25 favor the Communist regime. Older Chinese, he said, live in dread of arrest and execution, but even some of them are torn between personal fear and pride in their country.

He explained the people think the Chinese are winning in Korea, since officials release good news or none at all.

The European declared the West's only hope of preventing World War III is to "find a way of smashing communism before China's youth is completely sold."

"Two more years and it will be too late," he asserted.

**Pecos Firm Bids Low On Big Spring Air Force Base Contract**

PORT WORTH—(P)—Bids for construction at Air Force bases in Waco and Big Spring were opened Thursday at the U. S. Army Engineers office here.

Apparent low bidder on the contract to build a control tower and additional administration buildings at the Big Spring base was Faulkner and Strong of Pecos with \$248,719.

Apparent low bidder for construction of runways and taxiways at Connelly Base at Waco was Russ Mitchell, Inc. of Houston with \$999,093.

**U. S. Reported Set Against Trying For Early Cease-Fire**

WASHINGTON—(P)—The United States is reported opposed to any action aimed at seeking a cease-fire agreement with the Chinese Communists now.

Its attitude, however, would not preclude talks if the Reds made the first overtures. Officials here say they have no knowledge of any truce feelers.

The State Department, it was learned Friday, has informed the diplomats of the 16 countries with troops in Korea that it believes Red China's fighting power must be reduced further on the battlefield before any new cease-fire proposal can hope to evoke a favorable response from Peiping.

Informed officials told a reporter Assistant Secretary Dean Rusk laid down the American position in a series of meetings with the foreign diplomats. These officials asked not to be quoted by name.

**Weather Continues Splattering Texas In Hit-Miss Pattern**

By The Associated Press

Gentle rains fell over parts of North and northeast Texas Friday, while the Big Bend Country, the lower Rio Grande Valley and the Gulf Coast area had generally fair weather.

A line of thundershowers extended from south of Dallas into Northeast Texas around Texarkana.

Thursday night, winds up to 70 miles an hour buffeted Colorado City, while heavy rains and hail hammered at Loraine and Roscoe to the east.

A heavy thundershower struck Mineral Wells about dawn Friday. Lighter rains fell after midnight at Wichita Falls, Fort Worth, Childress, Texarkana, Marfa and a dozen other points. Rainfall at Dallas between 6:30 a.m. and mid-morning totaled more than half an inch.

**More Rain Forecast**  
At Dallas' Love Field, lightning struck a flagpole, but there was no damage.

Pilot Point, north of Dallas, had 1.90 inches of rain early Friday. Burleson, below Fort Worth, had 1.20 inches. Amarillo had .90 and Marfa had .58.

More rain was forecast Friday night and Saturday in the Panhandle, South Plains and Pecos Valley eastward.

Temperatures reached 104 at Presidio for the state's high maximum Thursday. Delhart and Salt Flat, with 84 degrees, had the overnight low.

### Midlander Dies In Automobile Mishap; Two Others Injured

PECOS—An automobile accident early Friday one mile east of Barstow was fatal to one Midland man and sent two companions to a hospital here with injuries.

Dead was Norville Floyd Palmer, 27-year-old oil field worker, who lived at 1511 South Colorado Street, in Midland.

He was killed when the automobile in which he and the other two Midland men were riding plunged off U. S. Highway 80, leaped over a culvert and overturned.

Brought to Camp Hospital here with undetermined injuries were Jack Franklin, 21, and Andrew Sigmond, 21, both of 801 South Weatherford Street, Midland.

Palmer's survivors include the widow, Violet Palmer, an employee of the Southwestern Bell Telephone Company, Midland.

**Draftees May Enlist, Pick Service Branch Under New Ruling**

Under a new regulation effective Friday, men who have taken pre-induction physical examinations for the draft may enlist either in the Army or the Air Force, Sgt. 1/c Shelby Wheeler, recruiting sergeant, said here Friday.

No physical examination for volunteers will be necessary if less than 120 days has elapsed since their pre-induction exam. Wheeler said.

Volunteers also may choose their branch of service under the new regulation, according to the recruiting sergeant.

He said enlistments will be accepted from men 17 through 34 years of age, both in the Army and Air Force.

**Council Plans Study Of Water Saturday**

Midland's water situation will be probed Saturday morning by the City Council.

The discussions will include the possibility of obtaining water from ground supplies as well as the question of connecting to the Colorado River Municipal Water District system.

The meeting, fourth of the week for the council, will begin at 10 a.m.

**Truman Promises Veto On Tideland Cession To States**

WASHINGTON—(P)—Attorney General Edmund Brown of California quoted President Truman as saying Friday he will veto any legislation to transfer ownership of oil-rich submerged lands to the states.

Brown had called on Truman to urge him to support amendments designed to transfer jurisdiction over the submerged lands from the federal government to the states.

"The President said he was sorry," Brown told reporters, "but that's the way he looked at it."

He said the President told him he was standing by a Supreme Court decision giving the federal government jurisdiction.

**Fresh Red Troops Reported Digging In In Eastern Korea**

TOKYO—(P)—Fresh Red troops were reported digging in Friday on the rain-swept ridges of Eastern Korea.

Reds battled UN tank columns on the central front, but vanished completely in the west.

Allied tank columns rumbled up two roads toward Kumson, new Chinese base in the center. One patrol moved through a mountain pass to the Chupa area, nine miles south of Kumson. It met only sporadic fire. Another tank patrol clanked out of Kumhwa, 11 miles west of Chupa, blasting at determined Chinese along a ridge route.

UN fighters' bombers slipped through rain clouds to aid the drive toward Kumson. Pilots reported they caught a "large group" of Reds on the banks of the Kumson River before dusk. They said they got "excellent coverage" with their bomb strikes.

To the southeast, North Koreans showed the Allied line with mortar fire, AP Correspondent George A. McArthur reported. UN artillery replied by pounding the new defense line the Reds apparently were constructing north of Allied positions.

**UN Straightens Lines**

Three battalions digging in on a single hill north of Yangu were blasted by Allied guns.

UN foot troops straightened their lines and probed Red positions all along the east. North of Inje, the Allies pushed about a mile through intense fire. Officers said the fire appeared to be a delaying action to give other Reds time to dig in.

Along the western front, Allied patrols pushed four miles out in front of UN lines without running into sizable Communist forces, AP Correspondent Stan Carter said. "All indications were that the main body of Reds had withdrawn many miles to the north of UN lines."

The U. S. Eighth Army said patrols operating through the fallen Kumhwa - Chorwon - P'yonggang "Iron Triangle" made only light enemy contact.

KNOXVILLE, TENN. — (P) — A. B. (Happy) Chandler Friday said he has accepted organized baseball's terms for his severance as baseball commissioner. He refused to say, however, when he would step down officially from his \$65,000-a-year job.

NEW YORK — (P) — Forty shipping companies Friday appealed to President Truman to invoke the Taft-Hartley Act to prevent a strike at midnight by three CIO maritime unions on the East and Gulf Coasts.

## Zeke Bonura Coming Here To Pilot Club

Midland fans have bought a baseball club and hired a new player-manager.

Smiling Harold Webb, owner-manager of the Midland Indians since the Longhorn League first was organized in 1947, picked up a check for \$23,446.76 at 2:30 p.m. Thursday and signed the Midland Indians—lock, stock and barrel—over to many Midland stockholders.

Tex Carleton, temporary general manager, announced Friday that Henry (Zeke) Bonura, former major leaguer, has been signed as player-manager of the club and will report here from his New Orleans home in time to handle the Indian nine Monday night.

Bonura performed in the major leagues eight years, playing with the Chicago White Sox, Chicago Cubs and New York Giants. He has five years managerial experience and is known as a long-ball hitter.

"I feel we are very fortunate to land Bonura," Carleton said Friday, "as he is a good worker and I'm sure he will prove to be a worthy manager."

Clad in a gray business suit, carrying a brief case and wearing a Panama hat, along with a big grin, Webb accepted his check from J. C. Smith in the office of Attorney James Smith in the First National Bank Building here Thursday.

"I have no immediate plans," the roly-poly baseball man said immediately after the transaction was completed.

Asked about the rumors that he would take over as manager of the Sweetwater Swatters in the Longhorn League, Webb said "Nothing has been said yet that is definite," and added, "They haven't offered me a deal yet."

The check Webb picked up was \$3,446.76 more than the outright sale price of \$20,000 that had been agreed upon, but inventory of stock on hand, a \$1,500 fee posted by Webb with the National Baseball Congress in the name of the Midland club, plus a jeep and an additional club-drink machine purchased from Webb by the new owners, boosted the price.

## RRC Slates 24 Oil-Flow Days In July

AUSTIN—(P)—The Texas Railroad Commission Friday ordered a slight increase of 10,722 barrels daily in Texas permissive crude oil production for July. It set an allowable of 2,923,668 barrels per day, adding one statewide producing day.

The oil regulatory body placed the state on 24 general producing days with East Texas remaining at 19. The Willmar and Pan-Tex fields in Southwest Texas continue on 12 and 14 days, respectively.

Commission Chairman Olin Culbertson said he thought the nation's crude oil stocks could be built safely

AUSTIN — (P) — The great West Texas oil district, No. 8, will hit a 1,000,000-barrel per day allowable for the first time in July.

The Texas Railroad Commission set that district's permissive daily flow for next month at 1,003,481 barrels at Friday's statewide production hearing.

to 255,000,000 barrels, "particularly if something happens in a certain part of the Middle East."

"If it does, there'll be hollering for 260,000,000 barrels," he said. He did not mention Iran specifically, but it was obvious he was referring to the prospective nationalization of Iranian oil.

The commission chairman's comment was provoked when Ralph Dietler of Stanolind Oil and Gas Company warned that national stocks would soar to 260,000,000 barrels by the end of July if Texas went on a 24-day producing schedule.

However, Dietler added that his (Continued On Page Five)

Truman Pleads For Public Backing Of Economic Controls... WASHINGTON (AP)—President Truman's plea for his anti-inflation program has fired Administration leaders in Congress with hope that a wave of public opinion may help them win more powerful economic controls.

Despite Truman's public declaration Thursday night that runaway inflation could give Russia global victory "without firing a shot," the controls legislation still was in trouble on both sides of the Capitol.

Congressional sentiment appeared strong for continuation, with some modifications, of the present Defense Production Act instead of the new and tougher law asked by the President.

Truman said in his message to the nation that some congressional leaders told him "they were under a lot of pressure from the special interests to do away with controls, and that the consumers were not making themselves heard."

Truman cautioned that if inflation runs wild after June 30 because there is no law to curb it, the cost of the defense program will mount, more taxes will be needed and the consuming public will suffer.

Even if the fighting in Korea ended tomorrow, he said, controls still would be needed because the threat of communism would remain. "Controls are absolutely necessary, for at least the next two years, no matter what happens in Korea," he said.

He said he thought the bill was no place for amendments put on in the Senate which critics charge would turn Democratic conventions over to Republicans, Dixiecrats or anybody else, and would permit a candidate to be the nominee of more than one party.

Mail, he said, has been running particularly heavy, seeking either his veto or signature on the measure. Much of it, he said, has been from Democratic Party leaders.

## THIS TEXAS LADY LOSES 25 POUNDS

"I am past 71 and never had any medicine do me so much good as Barrentrate. Before taking Barrentrate, I weighed over 200 pounds. I now weigh 175, thanks to Barrentrate. It keeps me feeling good all the time and am never constipated any more. I am able to do all my housework and work my flower garden." Signed: Mrs. J. A. Bearden, 365 S. Davis, Sulphur Springs, Texas.

It's simple. It's amazing how quickly you can lose pounds of bulky fat right in your own home. It's easy—no trouble at all and costs little. Barrentrate contains nothing harmful. No starvation diet. No diet list to buy. No vitamin pills to fortify you while on a starvation diet.

Just ask your druggist for 4 ounces of liquid Barrentrate. Add 12 ounces of grapefruit juice and take two tablespoonfuls twice a day. If the very first bottle doesn't show you the way to take off bulky fat, return the empty bottle for your money back.

### LOST 22 POUNDS

"I am glad to endorse Barrentrate for I have had excellent results from the use of it." writes Mrs. Kibyl S. Smith, 108 Vanuasia Ave., Fort Worth, Texas. "I lost 22 pounds. I have lost all the weight I care to, but like to keep on taking Barrentrate, because I feel better and it keeps me from gaining back any weight."

Korean Peace Terms

No Western diplomats really have any idea, of course, whether the Chinese or the Russians are in a mood for peace talks over Korea.

The American forces on the peninsula have done all they could to put them in that mood by cutting up the Communist units that twice this Spring launched offensives.

On the other hand, if they should be receptive to peace negotiations, they should not have much doubt about the kind of terms they could get from the United Nations.

To begin with, the United States and, more recently, Britain, too, have made it clear that the questions of Formosa and the Chinese Communists' entry into the United Nations can have no place on the peace agenda.

It is our view that these issues are not linked fundamentally with the Korean war and that their settlement should be arranged wholly outside the framework of that problem.

Secretary of State Acheson, testifying before the Senate MacArthur group, said this country would be willing to accept the 38th parallel as a dividing line in any peace agreement with the Communists.

Furthermore, we would not consent to establishment of the 38th parallel as a border unless the Chinese permitted the UN to send a commission into Red territory to make sure no new war preparations were made.

This is, naturally, a vital consideration in any peace terms. Our excuse originally for crossing the 38th was that we had to destroy the Reds as an effective fighting force.

We and the UN dare not settle for less than these goals. Even if we realize them, we will be left with many critical problems in Korea.

Inspectors can be fooled. To be safe, a really strong South Korean army would have to be forged, with American units to back them up for some time to come.

But if the Communists do sue for peace and do accept our terms, there will be no question in the minds of any men who know the realities of war and politics that the UN—and the United States—have scored a major victory in the struggle for freedom.

The Washington Merry-Go-Round

By Drew Pearson

WASHINGTON (By The Bell Syndicate Inc.) Drew Pearson says: General's dinner clothes cost taxpayers \$4,500, Senators startle Acheson by taking off their ties, Ex-Speaker Joe Martin once worried about a MacArthur boom.

WASHINGTON Some high-ranking generals seem to have the idea that the taxpayers' money is lying around for the sole purpose of being wasted.

The other day Brig. Gen. Emil C. Kiel, commander of the American Air Forces in the Caribbean, flew to Quito, Ecuador, on a courtesy visit.

In the Ecuadorian capital, however, General Kiel was invited to a formal dinner given by Defense Minister Diaz Granados, who, like Cabinet officers in the United States, is a civilian.

Secretary of State Acheson's jaw dropped slightly while testifying before the Senate Armed Services and Foreign Affairs Committees last week.

It's especially interesting to note a statement which delightful ex-Speaker Joe Martin, Republican, made about General MacArthur and Eisenhower on Sept. 24, 1947.

Arthur was so flabbergasted he almost said, "Are you having an affair with him?"

Lucilla, who knew she was a far more glamorous woman than she'd been six weeks before, tried to counter these arguments with the intangibles that to a woman are as tangible as her nose.

Lucilla was disappointed. She decided she'd write to tell him how harmless the relationship was, no matter how many questions he asked.

For anybody who had been floating in Beautiful-You's Fountain of Youth, the outrage of being told one's real age was shock enough, without the added cruelty of Arthur's words and tone.

WASHINGTON COLUMN

Pick Honor Grads As Nucleus Of New Intelligence Service

By PETER EDSON NEA Washington Correspondent WASHINGTON—A new career in foreign intelligence work now is being opened to a select group of honor graduates from U. S. colleges and universities.

U. S. Central Intelligence Agency on July 9 will begin a specialized training course for its first class of about 100 of these "selectees."

General Smith has called in as his director of training Col. Matthew Baird, wartime CO of the 13th Air Force Service Command.

It will be nice work if you can get it. But getting it will be extremely difficult and keeping it will be downright tough.

The course will start with a concentrated six to eight weeks in Russian language. New teaching methods, employing tape recordings in spoken Russian, followed by the student through earphones, will be used.

After this will come other concentrated courses in rapid reading, report writing, and mastery of the tools of the intelligence trade.

Basic training will be concluded with six to eight weeks of instruction in research methods.

Candidates will be under rigorous scrutiny during this basic training. Immediate objective of the course is to fit them for jobs in CIA.

Back of this idea is a story. When Lt. Gen. Walter B. Smith, now director of CIA, came home from France after World War I, he thought he might like to get into intelligence work.

General Smith, who then was Second Lieutenant Smith, had to answer that he had only his Army pay, \$141 a month. He didn't get the job.

So the young lieutenant who couldn't get a job in G-2 in 1920 ends up 30 years later as the head of America's top intelligence agency.

His mind and emotions were so hopelessly intermingled that even while he was thinking he was darned if he could ask the man was.

He sounded so unemotional that Lucilla was disappointed. She decided she'd write to tell him how harmless the relationship was.

There was no debate about whether to say good morning, because Arthur had already gone when she woke up at 8.

All day, her ears were hypersensitively aware of phones, but Arthur did not call during the last class she decided that if Arthur wanted to be so standoffish she'd stay a half-hour longer at Derek's.

Lucilla felt guilty all the way across town. But as she neared the address on East 51st Street, her viewpoint veered unconsciously toward Derek's.

### Indians—

(Continued From Page One) Midland late Thursday for their Fort Worth home. John Redfern, Jr., Chester Shepard, Dr. Homer B. Johnson, Marion Flynn and J. C. Smith signed papers as directors of the new stockholders' group here. After the sale transaction was made, the temporary directors gave Carleton an OK on the hiring of Bonura.

**Meeting Monday**  
Officials said a meeting would be held at 5:30 p.m. Monday in the Crystal Ballroom of Hotel Scharbauer to elect permanent officers of the new organization. All stockholders are asked to be present at the meeting.

No official opening is set for Friday night, when the Indians' return home for a game with Rowell, but an official ceremony will be held at a later date. However, the directors expressed the hope Midland fans will turn out in large numbers to get the new organization off to a flying start.

Webb first offered the Midland Indians for sale approximately two weeks ago, when Ballinger and Del Rio officials announced their intention of trying to land the Midland franchise. At a meeting here Sunday, Webb agreed to give the Midland fans until noon Friday to purchase the franchise and team. A spirited sale of stock obtained the necessary funds to complete the transaction with Webb.

Although the official sale was closed Thursday, directors said more money still is needed to insure operating costs for the first few weeks' play. Stock still is available in the club at \$300 per share. It may be obtained from John P. Butler at the First National Bank, Delbert Downing at the Chamber of Commerce office, Larry King at The Reporter-Telegram or from volunteer stock salesmen, who are using Hotel Scharbauer as headquarters.

### C. Of C.—

(Continued From Page One) the city had negotiated with two Monahans bus operators who were interested in coming to Midland. They offered to bring in six school-type buses and operate them over five cross-town routes.

The City Council rejected this type of bus. Since then, all efforts to interest private operators in the venture have failed.

**Three Plans Studied**  
Downing said the parking study committee of the Chamber of Commerce had studied the situation for some time.

From these studies came three suggestions:  
1. That private enterprise be encouraged to establish a transportation system.  
2. That a group of local men form a company to finance such a venture.

3. That the city operate such a system.  
"Very high on the list was the first proposal," said Downing. "From what I have heard, there would be considerable opposition to the city going into the public transit business."

It was then he suggested that the city might have to get along with a system using school-type buses and later possibly change over to more modern pusher-type vehicles.

The council took no action but Oswald said he would contact the Monahans operators again and see if they still are interested in the venture here.

### Funeral Rites Held For Kenneth Slack

**PECOS** — Funeral services for Kenneth Slack, prominent Pecos oilman, were held at the First Baptist Church here Tuesday. Slack suffered a heart ailment in downtown Pecos Monday and died at his home a few minutes later.

Officiating at the services was the Rev. W. M. Turner, pastor of the First Baptist Church, of which Slack was a member.

Survivors include the widow and three sons, T. C. Slack, Kenneth L. Slack, and Frank Slack, all of Pecos.

**RRC—**  
(Continued From Page One) company saw no reason to cut production at present. He merely wanted the commission to keep a watchful eye on the situation.

The review of supply and demand conditions in the oil industry came at the commission's monthly statewide oil hearing.

All major purchasing companies except Shell called for 24 statewide producing days in July. Con Crites of Shell suggested the commission "proceed with a little caution" by retaining a 23-day schedule in the 31-day month.

**National Stocks Increase**  
Crites said that in the last month, national stocks of all petroleum products had increased 15,800,000 barrels. But, he added, if transportation is available to handle 24 days output, his company would like to get some of the extra production.

The industry was split about evenly on whether the big East Texas field should remain on 19 days or advance to 20. H. P. Nichols, vice president of the East Texas Oil Producers Association, favored 19 days in view of a one-pound increase in bottom-hole pressure during May.

Culberson asked if any company would be in a "tight situation" under a 24-day flow. No one said they would.

Commissioner William J. (Bill) Murray said the commission had been prepared "to be amenable to a slight reduction in July" but changed its mind when most of the companies indicated they wanted production kept "about where it was."

Allowables Pay Districts  
Culberson announced the next statewide production hearing will be held here at 9 a.m. July 18, in the Commodore Perry Hotel.

July allowables by districts, compared with those of June 9:  
1. Southwest Texas—36,027, up 123 barrels per day.  
2. Southwest Texas—187,449, up 1,493.  
3. Gulf Coast—313,788, up 3,439.  
4. Southwest Texas—269,679, up 1,837.  
5. East Central Texas—55,956, up 469.  
6. East Texas (outside)—120,997, up 960.  
7. East Texas field—273,460, down 8,596.  
8. West Central Texas—96,658, up 575.  
9. West Central West—103,708, up 750.  
10. West Texas—1,003,481, up 8,741.  
11. North Texas—183,578, up 929.  
12. Panhandle—98,892, up two.

### Brown Speaks Of U. S. Communists To Midland JayCeers

"Communist Party members in the United States are pledged to defend the Soviet Union in the event of a war against our country," Hulan Brown, Midland attorney, told the JayCeers Friday.

"There now are more admitted Communists in the United States than Russia had when it was taken over by the group which now rules it," he said.

Brown said he advocated a law which would "make it a crime to belong to the Communist Party" and said it would be of tremendous importance in combating communism in the United States.

Brown spoke to the JayCeers at their weekly luncheon in Hotel Scharbauer. He was introduced by Mayor Perry Pickett.

The JayCeers voted to accept a challenge by members of the Midland Fire Department to play a baseball game at Indian Park in the near future.

President Frank Hawk called a meeting of JayCee directors immediately after the luncheon.

**Odessa Club Put On Block By Ensey**  
—ODESSA — The Loughorn League's Odessa Oilers have been put on the selling block by Owner A. D. Ensey for \$60,000.

Ensey said poor crowds is the reason the Oilers are being offered for sale.

"If Odessa citizens do not buy the club by June 20, we will close down the park and make other dispositions of our holdings," he added.

Ballinger, Winters and Del Rio groups already have expressed interest in gaining a Loughorn League franchise.

The Odessa club's assets include the franchise, Oiler Park, a bus and 17 players, some of whom currently are in military service.

**Odessa's Rites Held At National Cemetery**  
SAN ANTONIO — P—Funeral services with full military honors were to be held Friday afternoon at the Fort Sam Houston National Cemetery here for Frederick "Big" Walter Crane, 52, of Odessa.

He died at his home in Odessa Tuesday.

Crane was a veteran of World Wars I and II and was stationed for a while at Randolph Air Force Base here.

**Post-Dispatch Buys St. Louis Star-Times**  
ST. LOUIS — P—The Pulitzer-awarded Post-Dispatch has bought The Star-Times, St. Louis' only other afternoon newspaper.

An announcement by Elzey Roberts, publisher of The Star-Times, said that paper will cease publication after Friday's issue. The price involved in the transaction was not disclosed.

**MEDICAL PATIENT**

### Evening Lions Induct Officers

Officers and directors of the Evening Lions Club of Midland were installed at a meeting Thursday night at Ranchland Hill Country Club.

Receiving the gavel as president was J. S. (Pat) Patton. Other officers and directors include William Spence, first vice president; L. D. Kirby, second vice president; Joe Grube, third vice president; Ben Crites, secretary-treasurer; T. F. Lineberry, lion tamer; Floyd Maxwell, Elmer Shults, Bruce Goode and Jack Boyce, directors.

Installation officer was James L. Daugherty of the Midland Lions Club, a former district governor.

A musical program and dinner preceded the installation. Taking part on the musical program were Mrs. W. T. Woodward, Freddie Stultz and Wanda Slocum.

**MacArthur—**  
(Continued From Page One) that we must appease and compromise to encourage others to desert from attacking."

This was the core of his second major speech in Texas. He delivered it from a flag-draped platform on the field of Rice Institute's football stadium, where an estimated 50,000 seats were vacant.

The 71-year-old general continued his whirlwind tour of Texas at San Antonio and Dallas Friday and will wind it up with a speech at Fort Worth Saturday. He will fly back to New York City in the plane Texans chartered for his trip.

MacArthur's spokesman, Maj. Gen. Courtney Whitney, was asked by a reporter whether the Houston crowd wasn't smaller than expected.

**Many Empty Seats**  
"It was a very nice crowd," Whitney replied. Pressed on the point, he said:

"Well, you have the TV and other factors."  
General Manager Jack Harris of KPRC-TV, Houston, said a sample phone count indicated almost 380,000 persons saw and heard the general in their homes. The 14-minute speech of little more than 800 words also was broadcast by American Broadcasting Company.

There were whistles, and someone yelled "Pour it on, Mac," as MacArthur declared a deliberate campaign is afoot to "pervert the truth," create fear and confuse the American people.

But the applause echoed against the many empty seats in the stadium.

Much of what MacArthur had to say repeated the arguments of his first Texas speech, on the steps of the State Capitol at Austin Wednesday.

Again he said appeasement could lead to war on us by the Soviet.

"There could be no greater illusion—no surer incitation to attack us—than the lack of confidence we thus show in ourselves," he said.

"Why should we lose the courage and self-assurance with which we have met and overcome the threat of every past crisis in our history? Our nation is strong and virile and our future is still before us. Let no man tell you that we are old and decadent and tottering on the verge of national collapse."

### Oil And Gas Log—

(Continued From Page One) choke. Gas-oil ratio was 710-1 and tubing pressure was 180 pounds. Pay was topped at 6,998 feet and total depth is 7,250 feet. Completion was from open hole after it received a Hydracrac treatment.

**On Floyd Land**  
Frank and George Frankel No. 8-A L. E. Floyd and others was potentialled for 151.72 barrels of 38.2-gravity oil. This completion was made on a 24/64-inch choke. The oil is coming from open hole at 7,083-7,190 feet.

Gas-oil ratio was 662-1 and tubing pressure was 100 pounds. Open hole was treated with 4,500 gallons of Hydracrac.

Location is 662 feet from north and 669 feet from east lines of the lease in section 2, block 37, T&P survey, T-3-S.

## DADDY RINGTAIL

### Daddy Ringtail And City Slicker

A City Slicker had come to the Great Forest. The City Slicker was wearing a big raincoat, and a big hat, and he was wanting to play a trick to make people think he wasn't a City Slicker at all. "Heh! Heh! The City Slicker laughed to himself. He would find a someone in the forest. He didn't care who the someone was, but when he found him - "Heh! Heh!" - then he would play the trick.

The City Slicker walked up and down the Elephant Path, waiting for someone to come along. Someone did. It was Daddy Ringtail, your monkey friend.

"Happy day, Stranger!" said Daddy Ringtail cheerfully, although he really knew who the City Slicker was.

The City Slicker laughed his City-Slicker laugh. "Heh! Heh!" He was about to play his trick, he thought.

"My name is Daddy Ringtail," said Daddy Ringtail.

But the City Slicker did not say he was a City Slicker. He didn't say who he was. He said: "Daddy Ringtail, I am going to give you half of all the money you find, Heh! Heh!"

What a trick! Imagine! He would give Daddy Ringtail half of all the

money Daddy Ringtail found, but the money would not be his to give away, the City Slicker was thinking.

"Look!" said Daddy Ringtail of a sudden. "Look what I found!" Daddy Ringtail reached down and

picked up two dimes. How bright and shiny they were. What pretty money!

"Heh! Heh! Heh!" laughed the City Slicker. "Half of two dimes is one dime," said he. He grabbed away one of the dimes and ran away back to the city, leaving the other dime there in Daddy Ringtail's hand.

"Wait! Stop! Come back!" Daddy Ringtail called after him, but the City Slicker would not wait, stop, or come back. He thought he had grabbed away a dime that didn't belong to him. The rascal!

He didn't know that both of the dimes were really his. They had dropped through a hole in his pocket - - to the ground where Daddy

Ringtail called after him, but the City Slicker would not wait, stop, or come back. He thought he had grabbed away a dime that didn't belong to him. The rascal!

### Insurance Obviously Not Woman's Policy

TULSA, OKLA. - (AP) - A woman ranned her automobile into that of Bruce Lovelace, chief criminal deputy of Tulsa County. He got out of his car and asked for her insurance papers.

"I don't have any," she replied. "Where do you work?" Lovelace asked.

"At an insurance office," was the answer. Atomic power will come in ship propulsion first, it is predicted. Ocean vessels are able to carry the six-foot concrete shield needed around an atomic pile, the atom smasher.

### Friday Is Last Day For Posting Prices

LUBBOCK - Hundreds of business establishments in the Far West Texas district of the Office of Price Stabilization who sell services were to post their ceiling prices not later than Friday.

District Price Executive C. J. Taylor of the Lubbock district reminded operators of these firms, too, that they must send a copy of this list, along with adequate descriptions of each service sold, to the District Office of Price Stabilization, 1202 Texas Avenue, Lubbock.

The ceiling price regulation covering firms retailing commercial and personal services (CPR 34) affects, along with many other operations, the following: barbers and beauticians, auto, radio, and household appliance repairs, laundry and dry cleaning and tailor shops, shoe repairs, parking lots, filling station services, checking accounts, bowling alleys, skating rinks, golf fees and admissions to amusement parks.

## KEYS OPEN DOORS

And by doors we enter!

But not all doors are worth opening, nor are all keys worth having.

A man's interests and aims are his keys!

A man's pursuits, his habits, his achievements are the doors he has opened. Across their threshold his life moves, bringing good or evil, happiness or sorrow, to himself and those around him.

Wise men, centuries ago, discovered that most of the keys to a richer, fuller, and more beautiful life could be found in the worship and faith of the Church.

Worship and faith are *master keys* . . . to the human power we call courage . . . and to the Divine Power we call GOD.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday . . . Matthew 6:1-15  
Monday . . . I Corinthians 16:1-8  
Tuesday . . . Matthew 16:13-20  
Wednesday . . . John 10:1-10  
Thursday . . . Genesis 4:1-9  
Friday . . . Revelation 1:16-19  
Saturday . . . Revelation 3:1-6

If you desire a schedule of readings for the year write to American Bible Society, Dept. U, 450 Park Ave., N. Y. 22, N. Y.

# King's Row

by Larry King

With 23 G's in his pocket and a smile on his face, Midland's ex-baseball mogul, Harold Webb, departed late Thursday for parts unknown.

Rumor has it Webb will go to Sweetwater as manager, but Harold Thursday denied he had been offered, as he termed it, "a deal."

But he did admit he had been contacted by Sweetwater officials and since he had to drive through that city going to his Fort Worth home, he might have stopped for discussion. Webb himself said he was going to "parts unknown," but we look for him to turn up in baseball somewhere soon.

Sweetwater now is being managed by Joe Bratcher, business manager, until a field mentor may be hired.

Warren Slier, the ex-Indian first baseman, was relieved of his duties as manager recently after he had been booted out of four of the six games he piloted the Swatters.

Officials of the Swatter ball club complimented Slier for his "honest efforts to lift the team out of the cellar," but said they felt Longhorn League umpires "had it in for Slier" and he wouldn't get a fair shake on decisions.

Another note from Sweetwater: Walter Graham, outfielder, has been released.

That's startling enough when you consider Graham was leading the Longhorn League in batting until he was given the gate.

Bud Worsham, sports scribe, said Graham couldn't get along with his teammates, wasn't hitting in the clutches and was making too many errors afield.

From Hal Sayles, president of the Longhorn League, we get information on the loop's annual All-Star game to be played this year in Roswell, July 19.

Sayles asks us to carry a ballot on our sports page and accept the fan's votes for the all-star outfits.

That ballot will be available within a few days.

Advertise or be forgotten.

## Longhorn League—Indians, Drillers Win; Colts Split Pair With Dusters

By The Associated Press

When Eddie Jacome, Midland mound ace, goes to the mound fans have come to expect a fine performance. He is that kind of pitcher.

Thursday night he did not disappoint them although he made them unhappy. He bested Dean Franks 3-2 in an 11-inning mound duel at Roswell.

Both Jacome and Franks pitched great ball, scattering 10 hits each. Home runs were decisive: Bill Cearley homered for Roswell in the ninth to tie the score at 2-2. Scooter Hughes homered off Franks in the eleventh to break it up.

The league-leading San Angelo Colts and Vernon, second-place club, divided a doubleheader. San Angelo took the first 6-3, but Vernon came back to grab a 2-1 decision in the seven-inning nightcap.

Artesia trimmed Big Spring 12-8. Odessa at Sweetwater was rained out.

**Trippie Wins Nightcap**  
A walk, an error and two hits got three runs for San Angelo in the ninth inning of the first game to break a 3-3 tie. Loyd Trippie set the Colts down with three hits to win the second game.

Artesia scored seven runs in the first inning and one in the second to take a big lead then coasted to its win over Big Spring. Big Spring had opened the game with five runs in its half of the first.

The scores:  
R H E  
Big Spring 500 010 002—8 11 4  
Artesia 710 007 20x—12 14 4  
Romizem, Fernandez and Valdes; Miller, Riley and Perez.

San Angelo 100 000 203—6 8 2  
Vernon 100 029 000—3 8 1  
McClure and Garza, Schneegold, Russell, Richardson and Herring.  
Second game:  
San Angelo 000 100 00 1 3 1  
Vernon 000 010 01—2 10 1  
B. Garza, McClure, R. Garza and Schneegold, Trippie and Herring.

**Black Indians Make It 12 Straight Wins**  
Defeating the Midland Colts for the third time this season, the Midland Black Indians made it an even dozen wins without defeat Thursday night, taking an 8-3 contest in Indian Park.

Battle Grant and Leo Harrison paced the Black Indians at the plate.

Oscar Lewis, winning pitcher, struck the side out three times.

# Jacome, Indians Defeat Rockets On Hughes' Four-Baser

By The Associated Press

ROS WELL — Scooter Hughes, Midland Indian shortstop, led off the eleventh inning with a home run over the left field wall to break a 2-2 pitcher's fight between Midland's Eddie Jacome and Roswell's Dean Franks here Thursday night and give the Indians a 3-2 triumph.

It was the third time this year Jacome has slowed down the booming bats of the Roswell batsmen. They have scored but six runs in 30 innings off his offerings and he now has a 3-0 record against the Rockets.

**Indians Start Home Stand Of Eight Days Friday Night**  
Midland's Indians start an eight game home stand at 8:15 p.m. Friday, entertaining the Roswell Rockets in the first of a two-game series.

Vernon is here for games Sunday afternoon and Monday night, while Artesia comes in for a pair Tuesday and Wednesday, followed by Sweetwater.

Officials of the new Midland baseball organization said no special ceremonies would be held Friday night, but said a ceremony of some sort will be held sometime next week.

J. C. Smith, temporary director under the new ownership set-up, urged Midland fans to turn out Friday night for the Midland-Roswell game.

"Let's give the team a real Midland welcome," he said.

## Louis-Savold Go Set For Madison Square Garden Now

NEW YORK — Since it doesn't rain in Madison Square Garden, Joe Louis and Lee Savold positively will tangle in their overdue 15-round bout Friday night.

Rain forced the second postponement of the battle Thursday and sent the show indoors to the garden.

Louis still held as the favorite at odds ranging from 2-1 to 3-1.

## Snead Leads Pack Over Rugged Course In U. S. Golf Open

BIRMINGHAM, MICH. — P. — Sam Snead, the man to beat in the 51st United States Golf Open, took a one-stroke lead into Friday's second 18-hole round.

Not in 17 years has golf's supreme event undergone such huffing and puffing as marked Thursday's opening round in which Snead's one-over-par 71 was the best effort wrenched from Oakland Hill's terrific course.

One stroke behind was Al Besse, link of Miami and Clayton Heafner of Charlotte, N. C.

The average score in Thursday's staggering opening round by a field of 162 was 78.26 strokes. One-third of the field was over 80.

Chandler Harper, 1950 P.G.A. champion, refused to turn in his card after an opening nine 42 and announced, "To hell with it."

At 73, two strokes off the pace were British Open Champion Bobby Locke, Dutch Harrison, Open champion in 1922 and 1932, and two amateurs, Frank Stranahan and Harvey Ward, Jr.

Former Champion Lloyd Mangrum, had a 75, while at 76, five strokes off Snead's pace, were five former champions—among them Ben Hogan, Lawson Little, Craig Wood, Lew Worsham and Cary Middlecutt.

## WT-NM League Pitchers Catch Up With Hitters In Slugger's Loop

By The Associated Press  
The West Texas-New Mexico League is known as a "hitters' league" — but Thursday night was the exception that proved the rule. Pitchers had their day with three of the four games being decided by one run in close mound duels.

Clovis clipped league-leading Abilene 3-2 in a thriller but the loss hurt the Blue Sox not a bit. Second-place Albuquerque failed to take advantage of the break, losing to Lamesa 10-4.

Borger nipped Lubbock 2-1 in the first game of a proposed twin-bill. Rain stopped the second contest before it could get going.

Amarillo and Pampa were stopped after six innings but the game went far enough to get into the books. Pampa won it 2-1.

**Sanchez Pitches Yanks To 5-1 Win**  
Benjie Sanchez pitched the Yankees to a 5-1 Little League win over the Cards Thursday afternoon. Sanchez fashioned a neat two-hitter in going the route. Loser Arthur Adams allowed seven bingles.

Five runs in the first two innings sewed up the game for the Yanks. Fred Hedges doubled with the bases loaded in the first for the winners. Bob Fisher doubled in the Cards only tally.

The score:  
R H E  
Yanks 320 000—5 7 3  
Cards 100 000—1 2 2  
Sanchez and Faris; Adams and Hillin.

**JayCee Swim Team To Workout Saturday**  
Members of the JayCee swimming team will hold their first group practice at 9 a.m. Saturday at Pagoda Pool. Coaches Ed Dillon and Bud White said Friday.

All members of the team are urged to be present.

## Chandler's Terms Accepted By Big League Owners

NEW YORK — P. — A. B. (Happy) Chandler's turbulent term as commissioner of baseball neared its end Friday.

Warren Giles, president of the Cincinnati Reds and emissary of the Big League owners, was to contact him that his severance conditions have been accepted.

It is understood that in return for agreeing to Chandler's demands, the commissioner will name the date on which he will resign.

The expected announcement on the end of Chandler's six-year reign will come from the presidents of the two leagues, Ford Frick of the National, and Will Harridge of the American, and from Chandler himself.

## USC, Sooners Clash In Crucial NCAA Tilt; Aggies Win

OMAHA — Opportunity knocks Friday night for Oklahoma or Southern California.

The last two unbeaten teams in the NCAA baseball tournament they clash in the tourney's most crucial game thus far. The one that answers opportunity's knock will be a certain finalist in the double elimination tourney.

Oklahoma beat Springfield (Mass.) college 7-1 Thursday night, and USC hung an 8-2 defeat on Utah.

Thursday second-round play saw the first eliminations, Princeton and Ohio State.

## Moseley, Tourney Favorite, Advances In Texas Amateur

CORSICANA — P. — The Texas Amateur Golf Tournament moved into its quarter-finals Friday with Capt. Fred G. Moseley of San Antonio, the championship favorite, meeting Bob Moncrief, youthful Houston shotmaker, in the feature match.

Joe Conrad, North Texas State star, stole the show Thursday as he won two matches 7 and 6, shooting one under par on one and four under par on the other. Meanwhile, Moseley was having trouble but against the two fellows who had been expected to furnish the toughest opposition to him in his march to the finals. He took out Leon Taylor of Corsicana, 2 and 1, and then licked Julian Arnold of Corsicana, 1-up.

Conrad strapped Don Matheson of Fort Worth and Monte Sanders of North Texas State.

Among the casualties Thursday were Wesley Ellis of the University of Texas, the tournament medalist, who fell before Bobby Walcovich of the University of Texas, 1-up in 20 holes, and Billy Maxwell and Buster Reed, North Texas State stars.

Moncrief won his way into the quarter-finals by beating Floyd Ad-dington of Dallas 3 and 2 and Walcovich 5 and 4.

# Hodges Hits No. 20 As Bums Win; Chisox Win Two

By The Associated Press

Gil Hodges is the fair haired boy in Flatbush now. His twentieth home run of the season broke up a neat pitching duel and gave the Brooklyn Dodgers their second straight victory over the St. Louis Cardinals Thursday.

Hodges' blast, in the top of the ninth inning, spoiled a brilliant pitching job for Joe Presko, pint-sized rookie right-hander. Duke Snider had singled with two down and rode home on Hodges' sock into the left field bleachers to give the Dodgers a 2-1 victory.

The Cards collected 15 hits off Ralph Branca and Carl Erskine but poor baserunning and sluggishness on the paths cost them the game.

By winning, the Dodgers stayed six games in front of the New York Giants, 11-6 victors over Cincinnati. The Pittsburgh Pirates crushed the Boston Braves 9-4; Philadelphia trounced Chicago 11-3. All were day games.

**Threaten Record**  
Rain washed out half the American League schedule but did nothing to dampen the spirit of the Chicago White Sox. Instead the Sox beat Washington twice to threaten an old major league record.

The wins over the Senators, 8-7 and 15-5, were the tenth and fifteenth consecutive road victories for the White Sox, leaving them one short of the American League record set by the Senators in 1912. They are only two shy of the major league mark established by the New York Giants in 1916.

Cleveland trimmed the Philadelphia A's 3-1 in the other American League game. St. Louis at New York and Detroit at Boston were rained out.

Indianapolis is situated at the exact geographical center of the state of Indiana.

## Vinegar Bend's One-Hitter Defeats Dallas Eagles 7-0

By The Associated Press  
The long, lanky kid from Vinegar Bend, Ala., came close to the greatness they say is Wilmer Mizell's for sure.

The southpaw fireball for Houston set Dallas down with just one hit — and it in the first inning — Thursday night as the Buffs won 7-0 to trim the Eagles' Texas League lead to a game and one-half.

He struck out seven and walked only three for his best pitching performance since he sent the experts raving at the St. Louis Cardinals' spring training camp.

A single by Herb Conyers was the only hit off Mizell, who boosted his record in the class AA circuit to six victories, and six defeats.

In other games, Tulsa and Beaumont split two. Beaumont won the first 6-5 and Tulsa the second 7-0. Fort Worth nudged San Antonio 4-3, and Oklahoma City beat Shreveport 4-2.

## Plastic Defeats Rotary; Shell Dumps Legion Team

League-leading Western Plastic assaulted Jerry Matajek and Rotary Engineering Company Thursday night to win a City Major League softball contest 8-2.

Matajek and winner Jack Dunlap allowed six hits each, but Dunlap had perfect control while his opponent walked five.

Walker led the winner's hitting attack with three for four.

Shell Oil broke out with four runs in the sixth inning to break a 5-5 tie and defeat American Legion 9-5 in the second game. Will Salmon was the winner, B. R. Howard the loser.

#### Seven Crewmen Die In Crash Of Bomber

JACKSONVILLE, Fla. — A twin-engine Navy patrol plane crashed and burned in a marshland Thursday. Seven crewmen were killed and two were injured. The craft, on a training flight, fell a mile and a half from an auxiliary field along the St. Johns River between here and Green Cove Springs. The nine men aboard, none from Texas, were part of a squadron called to active duty from the reserve here about three months ago.

#### Divers Find Lost British Submarine

LONDON — Admiralty divers were expected to make their second descent to the sunken submarine Affray Friday. They will try to decide if it is practical to salvage the craft. The Affray was found Thursday 250 feet below the surface of the English Channel, 37 miles west of the Isle of Wight. Divers said it was resting at the edge of a 500-foot depth and salvage operations might push it in. The submarine disappeared April 16, while on a training cruise, with the loss of 75 men. Advertise or be forgotten.

#### Beef Ceiling Lists To Be Mailed Soon

LUBBOCK — District Office of Price Stabilization officials said Friday they expect to have the beef price ceiling lists in the hands of the retailers by June 25, the new deadline for posting. A week's extension of the deadline — formerly June 18 — for posting of the ceiling prices was announced Wednesday by the OPS. When the lists are received from the Washington office, the district office will begin remailing them to the retailers of the 66-county district, according to Ted Gehring, head of the district food branch. The deadline extension was made necessary in order to insure that all markets will have ample time to receive the lists.

#### Iran Demands Halt Negotiations With British Oil Group

TEHRAN, IRAN. — The Anglo-Iranian Oil Company's negotiating team decided Friday to ask for some time to consider Iran's demand that the giant firm turn over its Iranian oil profits as a condition for carrying on the talks. "We don't want a pistol put at our heads at the very start of the talks," B. R. Jackson, spokesman for the AIOC delegation, told reporters Friday. "We want time to discuss this whole problem." Iran has set Sunday as the deadline for the British reply. The toughened Iranian attitude was echoed by Premier Mohammed Mossadegh's National Front, which held a huge rally in front of Parliament Friday to demonstrate solidarity behind Mossadegh's nationalization program. Jackson, who called upon U. S. Ambassador Henry F. Grady, said he and other AIOC directors here would have to refer Iran's demand to the London office. The Sunday deadline doesn't allow enough time, he said. Explosive Situation The Iranian ultimatum threatened to light a fuse to the whole explosive situation. Grady, in the role of peacemaker, said he would call once more upon Mossadegh to urge that Iran refrain from pressing too hard any demand that might stalemate the round table conferences. Grady also planned to see British Ambassador Sir Francis Shepherd Saturday. Jackson said he might have talks between now and Sunday with Iranian Finance Minister Ali Varasteh. Iran ripped off the velvet glove and made the unexpected demand for British profits Thursday at the outset of talks with the four-man negotiation team of the billion-dollar, British-controlled company. The group came here from London to dicker over the giant firm's fate.

Several large creameries in the United States have found through experiments that clay tile floors have less bacteria count than other flooring material. A British chemical concern is now testing a substance that may render fabrics indigestible to moths and make cloth permanently mothproof.
