

50 Killed As Airliner Hits Mountain

British Dispatch Another Warship To Persian Gulf

TEHRAN, IRAN (AP)—Britain headed at least one more frigate toward the Persian Gulf Saturday and sent a tank landing ship to join the cruiser Mauritius off the refinery port of Abadan.

An Iranian spokesman protested bitterly that Britain is building up her land and air power as well in bases threatening Iran from the west.

This was denied at the Defense Ministry in London. A British spokesman said "There have been no recent movements."

The Iranian spokesman, Hussein Maki, told newsmen at Abadan that if the British try to take possession of a single inch of Iranian territory in the quarrel over Iran's oil nationalization... He declared two British warships have appeared at the mouth of the Shatt-el-Arab... A British troop carrier has entered the Shatt-el-Arab and gone up the river past Abadan... "It is loaded with British troops and carried tanks..."

AAUW Board Plans Programs

Programs for 1951-52 were discussed Friday at the board meeting of the American Association of University Women. The meeting was held in the home of Mrs. Terry Tidwell.

Mrs. Ernest Sidwell is chairman of the program committee, which is composed of other group and national chairmen. The establishment of three new study groups also was discussed. The groups are international relations, consumers relations and evaluation of education. The latter group is planning to meet four times a year.

No more board meetings are scheduled until just before the annual Fall Roundup in September.

Mrs. Ellis Scobey represented the AAUW at the Saturday morning meeting of the City Council with Shortlorn League baseball officials. Mrs. Scobey emphasized the need for expansion of parks and playgrounds in the city.

Another AAUW representative was Mrs. G. F. McNary who attended the recent meeting of the Latin American Youth Center.

DOMESTICATED CATS

Egyptians were first to have cats as household pets. Our word "pussy" comes from the name "pascht," Egyptian goddess who had the head of a cat.

★ IN HOLLYWOOD ★

Charlita Could Be Called "Miss Mid-Riff" Of 1951

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Dark haired, black eyed Charlita, the fiery Portuguese doll of "The Brave Bulls," now playing a nightclub singer (who collects men) with Jimmy Cagney in "Come Fill the Cup," displayed a wide expanse of tummy and cooed:

"Honey, I guess I'm just a mid-riff actress."

Charlita, who once led a rumba band on Broadway and in local night spots, has played four big roles—all in bare mid-riff gowns. Her off-screen clothes follow the same pattern.

"Honey," she said, "It's a problem. I'm looking my leading man straight in the face but he keeps taking peeks at my stomach."

Exclusively Yours: The Hollywood lens gang has been given the "No pictures, please" edict by Mrs. Gary Cooper and Peter Lawford. . . . A giant-sized picture of Liz Taylor and Nick Hilton still is hung over the entrance of DeWan's Beverly Hills photographic studio and he has refused requests of both to take it down.

Bruce Cabot's serious skin ailment—he now wears bandages on his face—has his friends worried.

Cat-out-of-the-bag depts: I asked Gar Moore if fiery Anna Magnani had been the big flame in Roberto Rossellini's life during the making of "Paisan" in Rome. "Oh, no," said Gar. "It was Marlene Dietrich then."

Now that Martha Vickers has recited it to the divorce court, Mickey Rooney and Owen Caldwell, the Varga model, are talking about marriage. They've been a steady hush-hush duo for months.

The story is going the rounds about the big crisis in the home of the out-going James Mason during their absence on a weekend. One of their cats disappeared and their frantic English maid told a neighbor.

"I missed him before dinner last night. He didn't show up for breakfast this morning. He didn't show up for lunch, either. But when he didn't come in for tea I was really worried."

Preston Foster on reports that he's switched to character roles by playing John Barrymore Jr.'s father in "The Big Night."

"I've always been a character actor. But producers have tried to make a leading man out of me for years. Well, it's a big switch in a business where leading men want to play romantic leads as long as they're able to walk."

18 Jap Holdouts Of World War II Give Up To U. S. Navy Tug

GUAM—(AP)—Nineteen Japanese soldiers of World War II surrendered Saturday to a U. S. Navy tug at Anatahan Island in the Marianas, convicted after seven years that Japan lost that fight.

The holdouts, who had waited since dawn for the Navy to come and get them, stood at rigid attention as a rubber boat from the tug USS Cocopa neared the beach. They flew a surrender flag.

The 19, with ashes of dead comrades strapped to their backs, bowed a formal farewell to their island home, and stepped gingerly aboard the tug.

They will be taken to Guam and eventually repatriated to Japan. There were no incidents.

A preliminary examination aboard the tug showed the men were in excellent physical condition.

"Operation removal" also ended two years of duty by Lt. Cmdr. James Johnson of Birmingham, Ala., as civil administrator of the Northern Marianas. Sunday Johnson will swear in Henry M. Hedges of Chicago as new district administrator as the Department of the Interior replaces the Navy in trust territory.

The Japanese soldiers raised both arms in a rigid surrender gesture as the craft approached them. Johnson and Kan Akatani of Tokyo, an interpreter, were the first ashore.

Three of the Japanese, Ishiwata Ichiro, 47; Hoyosuka Maru and Capt. Kapsuaburo Usui, 38, scrambled down the rock beach.

They greeted Johnson with a bow, then shook hands.

The three Japanese leaders then retrieved rifles wrapped in palm leaves and inner tubes of a crashed B-29 Superfortress and handed them over in a gesture of surrender.

The men were wearing assorted hand-made clothing. Some was made of salvaged parachute cloth, and five wore shorts and shirts knitted from canvas material. Some wore only a loon cloth.

The holdouts accepted the idea that Japan was beaten after the Navy air-dropped leaflets and letters from friends and relatives in Japan. Another of the group surrendered earlier.

ACC Announces Scholarship Fund

ABILENE—(P)—Abilene Christian College announced Saturday that Mr. and Mrs. Jesse Jones, Houston philanthropists, have set up a \$25,000 scholarship fund for deserving students here.

The "Jesse H. Jones and Mary Gibbs Jones Scholarships" were established through Houston Endowment, Inc., a foundation set up by the Joneses for the aid of educational, religious and other worthwhile phases of American life.

"I am especially interested in young people who need financial aid but who are willing to work," the former U. S. secretary of Commerce said. "Too many in these days do not want to work."

The fund will be distributed \$2,500 annually for 10 years.

The new model now is on display in the showrooms of the Ace Motors here. The trim and luxurious sedan is the fourth model to be introduced in the Rambler series. The new car offers distinguished modern styling, outstanding performance, economy, comfort and ease of handling.

Texas' Loss Of Life In Korea Heavy

By The Associated Press
The undeclared war in Korea has cost heavily in Texas lives.

Texasans fallen there now number 621—more lives than Texas lost in its historic revolution against Mexico in 1836.

In addition to the 621 killed in action, 2,598 have been wounded in action.

Actually, the figures are higher. The Associated Press compilation is based on the casualty lists released almost daily by the Defense Department. Those lists lag considerably behind actual battle action.

Figures on the number who died of wounds, were injured or are missing in action were not available. Many are missing in action.

By contrast, only 546 lives were lost in the rebellion against Mexican rule more than a century ago.

The Korea casualties are not nearly so heavy as those which Texas suffered in the two great wars—World Wars I and II. But those battles stretched over several years, and involved huge masses of men.

The Korea conflict is only a few days more than a year old. It was June 25, 1950, that the North Korean Communists invaded South Korea.

In World War I, 2,722 Texans were killed, and 7,331 wounded. In World War II, 13,810 Texans were killed.

Best available records show these Texas casualties in the revolution against Mexico: Battle of San Jacinto April 21, 1836, nine killed and 30 wounded. Alamo, February to March 6, 1836, 187 killed. Goliad Massacre, March 27, 1836, about 350. That adds up to 546 killed.

Texas suffered its greatest war losses in the Civil War, but records on that conflict are not exact.

Major Horace Shelton of Austin, an attorney and historian, estimates Hood's Texas Brigade lost about 35,000 killed and 10,000 wounded. There were 90,000 to 100,000 Texans in that brigade, and 85,000 of them saw hard fighting. Hood's Texas Brigade was the principal Texas unit in the Civil War. Losses in smaller units are not available.

Texas volunteers with the Rough Riders suffered some casualties in the Spanish-American war but Texas' four infantry and one cavalry regiments never reached combat. Many, however, succumbed to typhoid fever and enlarged beef.

Bellview Baptist Revival Set July 8-22

Rev. Allen Pennington

Carlos Gruber

Revival services will be held July 8-22 in the Bellview Baptist Church, it has been announced by the pastor, the Rev. J. H. Gouss.

The speaker will be the Rev. Allen Pennington of Oklahoma City, Okla. He is superintendent of evangelism in Oklahoma for the Southern Baptist Convention. Mr. Pennington has been the pastor of churches in Mangum, Okla., and Tulsa, Okla. For the last three years he has been superintendent of brotherhood work in Oklahoma.

Carlos Gruber of Plainview will direct the music for the series of services. He is an outstanding violinist and he speaks and sings in several foreign languages. He was born in Latvia and resided there for 13 years. Gruber has studied in Sao Paulo, Brazil, and is a graduate of Southwestern Baptist Seminary in Fort Worth. He also is an interpreter for the Federal Bureau of Investigation.

His wife is a Spanish instructor at Wayland College in Plainview.

West Texans Win Money For College

COLLEGE STATION—Sixty-five letters which will make drastic changes in the lives of 65 boys were dropped into the mails here Saturday.

Each informed a recent high school graduate he had won the financial assistance he had to have in order to get a college education. In all, the letters carried cash awards totaling \$61,200.

Fifty-three 4-year scholarships and 12 one-year awards were announced by the Texas A&M College development fund in its 1951 Opportunity Awards notification mailing Saturday. All but one of the winners were 1951 Texas high school graduates. A special one-year award, made possible by gifts from the A&M student body, went to a student from Norway.

Winners were selected on the basis of scholarship, leadership, character and need after an open competitive examination in which more than 400 Texas high school boys participated.

Chance To Earn

All will enter the A&M College of Texas in September with cash awards of \$200 to \$600 a year and the opportunity to earn the rest of their educational cost at student jobs. They will swell to a total of 240 the number of young men attending A&M College next year under the Opportunity Awards plan. Starting in 1946 with 16 boys, the program has grown rapidly with the support of former students of the college, other interested Texans and business concerns of the state.

West Texans receiving the awards are:

Kenneth Wayne Hill, son of Mrs. Annie Mae Hill, 1306 N. McKinney Street, Odessa, who was graduated from Odessa High School. He was a member of the National Honor Society, winner of the District Slide Rule Contest, and a member of the high school band. He plans to major in Chemistry.

Garner James Johnson, Jr., of Boyds' Ranch, Tankersley, who was graduated from San Angelo High School in the top quarter of his class. He was a Junior ROTarian and was a first prize winner in the 1950 San Angelo Fat Stock Show. He plans to study Petroleum Engineering.

Stanton Students Win

Morgan Enlow Shipman, son of Mrs. Vera Leona Shipman, 200 North Midland Street, Seminole, who was graduated from Seminole High School in the top quarter of his class. He was a member of The National Honor Society and Vice-President of the Student Council. He plans to study Engineering.

Isaac Doss Trimble, son of Mrs. Jean Trimble, Seminole, is a graduate of Seminole High School where he finished in the top quarter of his class. He participated in athletics, was vice-president of his senior class and president of the F.F.A. chapter. Trimble has accumulated savings of \$500.00 toward his education from feeding calves as a part of his FFA activities. He will study Agriculture.

Two Stanton student now are attending college with Opportunity Awards. They are Thomas Leon Payne and Cecil Neil Stovall.

Theft Suspects Plead Innocent

SANTA FE, N. M. —(P)—Four men indicted in connection with the operations of a five-state car theft ring pleaded innocent here Friday in U. S. District Court.

Seven other men, indicted on the same charges, did not appear for the arraignment. Judge Carl Hatch said the seven would be given an opportunity to enter pleas during the September court term when all 11 will go on trial.

Pleading innocent Friday were James Van Huss of Brownwood, Texas; Homer Taylor McGarrity, Brownwood; Ray Cainski, Albuquerque, and Frank Henry Harper, Albuquerque.

Those not appearing were Harden Collins Kemper, Taos, N. M.; Clark Keltig and Albrecht Keltig, both of Indio, Calif.; Clarence Edward Shofner, Jr., and Preston Elmo Shofner, Childress, Texas; Henry Sigler, Texas, Texas, and Eugene Joseph Cainski, Albuquerque.

A car theft ring was broken up this Spring. The FBI said motor numbers from wrecked automobiles were substituted for the numbers on stolen vehicles.

Building Contracts Show Even Division

AUSTIN—(P)—Building contracts totaling \$21,430,319 were evenly divided between all types of construction in Texas last week.

Texas Contractor, building trade journal, reported engineering awards of \$8,288,544; non-residential, \$6,433,877; and residential, \$6,708,098.

The accumulative total for the year reached \$631,341,102.

(NEA Telephone)

'DREAM KILLER'—E. E. Perry, Henderson, Texas, astride his "Dream" converted tractor which he claims is a sure-fire killer of the cotton killing boll weevil. Perry said the following method came to him in a dream: A tank filled with the inventors own insecticide, flows through the twin tunnels past the hot exhaust pipes. Heat from exhaust vaporizes the fluid and sprays onto the rows of cotton. The dead weevils are caught in a tray under the tractor.

Funeral Rites Held For Pilot

Funeral services for Ben W. Sevier, 25, were held at 9 a. m. Saturday in St. Ann's Catholic Church with the Rev. T. J. Kennedy, O.M.I., officiating.

Interment was in Resthaven Memorial Park. The Newbie W. Ellis Chapel was in charge of arrangements.

Sevier, a Navy lieutenant and flier, was killed in an aircraft crash June 15 at Kodiak, Alaska.

Survivors include the widow and three children, his parents, a brother and a sister, all of Midland.

Lieutenant Sevier was a graduate of Midland High School and a former football star. He attended Texas A&M College and was a commissioned officer in the Navy before taking flight training.

India's great Bengal famine of 1943 caused 3,000,000 to 4,000,000 deaths, directly by malnutrition and indirectly by disease.

Balinese Room In Galveston Reopens To Packed House

GALVESTON—(P)—The swank Balinese Room reopened here Friday night and the place was packed. Manager Anthony Fertitta said the dining and dance club reopened without any gambling and would continue to operate that way.

He said all the reservations were taken by 10 a. m. Friday mostly by persons from out of town.

There had been rumors that bingo would start again in Galveston. County Attorney Raymond Magee said he had heard them.

He said his office would "do everything possible to see that anyone opening gambling operations" would be taken before the grand jury.

He said he and Sheriff Frank L. Biagne found no places in operation Friday.

The Rev. Will R. Johnson, First Presbyterian Church pastor, called for a plebiscite on whether the people of Galveston want a "wide open city."

"Johnson was one of the witnesses before the state crime committee last week in its probe of conditions at Galveston."

The Galveston News said Dr. Chauncey Leake, vice president and dean of the University of Texas School of Medicine, told one of its reporters he believed the question of selling liquor by the drink should be submitted to the people of Texas on a local option plan. The News quoted him as saying, however, he believes there should be a tight clamp down on gambling and prostitution, and that these matters are not questions for local option.

Congratulations To

Mr. and Mrs. E. W. Wilson, 1612 Bedford Drive, on the birth Friday of a son weighing eight pounds, 14 ounces.

Mr. and Mrs. F. L. Wilson, 1017 North Main Street, on the birth Friday of a son weighing four pounds, seven ounces.

CHEAP RENTAL

More than 250,000 "lineside" small vegetable and fruit gardens border British railways, renting for as little as a shilling a year to amateur gardeners.

NOT A WORRY IN THE WORLD—What to do when the world's cares weigh too heavily is here demonstrated by Patrick Brown of the St. Peter's-St. Joseph's Home, San Antonio, Tex. The recipe: take a sturdy branch, a piece of string, a bent pin, a fallen log, a quiet stream, and arrange them in this manner. One word of caution—this can be habit-forming.

Rickenbacker Warns Against Red Pact

TYLER—(P)—Famed flyer Eddie Rickenbacker Friday night warned Russia could wreck America's economy by proposing a five year non-aggression peace pact and calling for international disarmament.

The president of Eastern Airlines said such a Russian proposal would "shock the eve teeth out of American commerce and industry."

"Such a proposal could not, and would not, be turned down by the American people or the democracies of the world," he said, "but it would cause the worst economic upheaval that has been known in the history of the United States."

Rickenbacker, World War I flying ace, was honored here Friday

CAPITAL PUNISHMENT

Crucifixion was a form of capital punishment inflicted by the Romans only on slaves and criminals of the lowest class, according to the Encyclopedia Britannica.

OUT-GOING PRESIDENT—Jacob Malik, center, Soviet delegate to the UN, speaks with Sir Gladwyn Jebb, left, British delegate, and Ernest A. Gross, U. S. delegate, during dinner tendered Malik as the outgoing president of the UN Security Council.

Record Cotton Crop Is Expected In South Plains

By The Associated Press

Despite hail, heat, bugs and high water, Texas should produce a bountiful cotton crop this year.

It could even be a record crop—in the unlikely event that everything goes right.

To be a record crop, it would have to top the 6,040,000-bale mark set in 1949. That's a lot of cotton.

There are many hazards.

An early frost, too much rain, too little rain, rain at the wrong time, extreme heat—all could knock the crop down.

But it looks good now. Here is the way some cotton men see it:

O. L. Whaley, Dallas cotton buyer just back from a 1,500-mile study of the crop. "With normal conditions, it might run around 6,000,000 bales. But I don't think any living man could safely predict the crop this year."
John L. McCollum, area manager of Production Marketing Administration's cotton branch. "The crop looks very promising. But remember it's a long way between a promise and a bale of cotton. There are dry spots."
C. W. Lane, the Santa Fe Railway's crops expert. "A record cotton crop is indicated for the South Plains." On other areas, he was cautious.

Expert Is Quoted
A Texas cotton expert who sells a private crop-reporting service, "5750,000 to 6,000,000 bales."
It's a peculiar cotton year. High market prices and release from acreage controls have attracted new growers. Ruined wheat fields have been planted to cotton, boosting the acreage. Cotton has been planted where it had never been planted before, or hadn't been planted for years. Farmers who haven't tried their hand at cotton in a long time are trying it now.

There are other reasons for making it difficult now to size up the crop in the nation's biggest cotton-producing state. The cotton now is in all stages of development.
You can hide a horse in the lush, high cotton in the irrigated fields of the Lower Rio Grande Valley. From that area already has come the nation's first bale of 1951 cotton.
But just a few miles north, where the cotton is not irrigated, it is not so tall nor so well advanced.

And in Central and Northeast and Central Texas, it varies in the South Plains, much of it is only recently planted. Earlier plantings were wiped out by hail and heavy rain.

In Central and Northeast Texas, including the blackland belt, there has been too much rain on many fields. The result: heavy weeds.

But hand laborers quickly are getting the weeds out.
In the South Plains, the hope is for periodic rains to help along the replanted acreage.

With all these impediments, it's hard to find a cotton man who will stick his professional neck out and guess the crop.

The 6,000,000-bale crop predicted by Whaley would be more than double last year's crop of 2,946,000 bales (which was the poorest crop since 1946.) But the 1950 crop was held down by a severe acreage allocation program.

Whaley said the Valley might make a bale to the acre in the 400,000 to 450,000 acres under irrigation, but wouldn't hazard a guess on the 450,000 to 500,000 dryland acres. Central and North and East Central Texas, he said, is in a position to produce a bumper crop.

CHILD IS IMPROVED
Bruce Wayne Chamberk, eight-month-old son of Mr. and Mrs. Jay Chambers, 609 East Parker, who underwent major surgery Monday in a Dallas hospital, was reported in an improved condition Saturday.

THOMPSON RETURNS HOME
HOUSTON.—P.—State Railroad Commissioner E. O. Thompson has returned to his home at Austin after more than a week in Herman Hospital here. He had been hospitalized for a rest.

During World War II the U. S. Navy was able to reduce by one-half the amount of rubber required by combat vessels.

SPECIAL DELIVERY—Smoky, only Dalmatian mascot for firemen in Cincinnati, places an order with bakery shop worker Ann Rawe. When she fills it, Smoky will deliver it to his buddies at Fire Company 46. The dog also has a racket of his own. He picks up pieces of paper in the street and runs into the bakery with them. The stunt is always good for a cookie.

Electric Show At Stanton Attended By 2,000 Persons

STANTON—Two thousand Stanton residents and visitors from the nine counties composing the Cap Rock Electric Co-Operative, Inc., viewed the electric show here Saturday.

It was staged in connection with the eleventh annual meeting of the organization.

The 250 members present re-elected the directors, including Arnie Phillips, district one; Glenn Cantrell, district two; Edray Phillips, district three; Mrs. Lee Castle, district four; Paul Adams, district five; W. E. Howell, district six; C. F. Gray, district seven; J. D. McCresless, district eight, and D. W. McDonald, district nine. Cantrell is president of the board; McCresless, vice president, and Miss Phillips, Secretary-Treasurer.

Manager O. B. Bryan made a financial and progress report since March, 1950. The Co-op has built 192 miles of new line to serve 257 new members and has 112 miles of new line approved for Reagan and Glasscock counties to serve new territory, plus 21 miles of short tap lines over the system. A 50 per cent slash in aluminum and copper products, however, is expected to cut down construction for the remainder of this year.

The financial statement reported a net capital credit to the members in 1950 of \$16,253.02. The average consumer's electricity usage in 1951 runs approximately 150 kilowatt hours and the average bill is \$5.90. The Co-op has borrowed a total of \$1,256,000 from REA.

The electric show was staged by Midland, Big Spring and Stanton firms.

The members and visitors were from Martin, Midland, Howard, Glasscock, Reagan, Borden, Andrews and Ector counties.

Next Saturday the annual meeting of the Cap Rock Refrigeration Co-Operative will hold its annual meeting in Stanton.

OIL WEED KILLERS PROVE HELPFUL TO MANY USERS
Farmers are not the only ones to benefit from herbicides (weed-killers) to most of us. Almost as soon as these powerful new chemicals came on the market, utility, railroad and highway people began using them to get rid of weeds and brush along the right-of-ways.

Farmers also use it to combat vegetation along fences and ditches, as well as in their fields. The sprays—many containing petroleum derivatives, many mixed with fuel oil before application—are used to clean out brush as utility and pipe lines, highways and railroads are built; and to maintain an open right-of-way in succeeding years.

MONROE RETURNS FROM SCHOOL CONFERENCE
Frank Monroe, superintendent of Midland public schools, has returned from a state meeting of the Texas Administrators Conference at College Station. Monroe presided as president of the group.

In an election of new officers he was succeeded by V. W. Miller of Pasadena.

IRON DEPOSIT FOUND
MEXICO CITY.—Discovery of a rich iron deposit in the State of Michoacan was announced Saturday. Antonio Martinez Baez, secretary of economy, said a mountain known as Cerro Del Cubero contained 15,000,000 tons of ore which is 67 per cent iron.

THIS LOOKS FAMILIAR—In this latest picture of Gen. Charles de Gaulle, the austere leader of the Rally of the French People unbends a bit to perform Politicians' Basic Maneuver No. 1—hand-holding and baby-kissing. He's greeting a future voter during a ceremony at Mont Valerien, commemorating French Resistance fighters killed there by Nazis during World War II.

Fireworks Display Set At Country Club

The Midland Country Club will stage a fireworks show July 4, starting at 8:30 p.m. in the picnic area. Also, a water show will be held at 6 p.m. at the club swimming pool, followed by a picnic dinner at 7 p.m.

MIDLAND MAN HURT IN HIGHWAY ACCIDENT
C. W. Fountain, 32, of 1610 Camp Street, was injured in an automobile accident Friday eight miles west of Midland on U. S. Highway 80.

He suffered head lacerations and cuts and abrasions of the arms and neck.
He was given emergency treatment at Western Clinic-Hospital. Fountain is an employe of a floor sanding company.

CRANE NEWS
CRANE — New officers of the Crane volunteer fire department will be installed August 6 at the Community Hall.

New officers include A. T. Carroll, fire chief; Pete Maddox, assistant fire chief; Lloyd Wimberly, 1st captain; C. C. Swift, second captain; Doug Smart, third captain, and C. R. Keaton, secretary.

The Crane Memorial Hospital staff feted Dr. B. J. Howard recently with a farewell party, presenting him with a piece of luggage.

Mrs. Lidah Caldwell has returned from a three-week vacation in Hamilton, Abilene and Breckenridge.

Mrs. Estell Owen left last week for a vacation in Miami, Fla., with her daughter.

Miss Dolores Ray of Oklahoma visited recently with her parents, Mr. and Mrs. W. G. Ray of Tidewater camp.

More than 800 books have been checked out at the free county library which opened two weeks ago.

Attending college this Summer are Mr. and Mrs. Clinton Carroll at Fort Collins, Colo. Mr. and Mrs. Jim Nevins at Laramie, Wyo., and Mr. and Mrs. Burl Strickland at Greeley, Colo.

Mr. and Mrs. B. J. Maynard were honored with a farewell party recently at Community Hall with Mrs. Dean Culp, Mrs. Ruby Hughes Mrs. Ray Townsend, Mrs. Guy Shults, Mrs. Charles M. Elder, Mrs. Dora Nunn, Mrs. H. G. Huffman and Mrs. B. J. Jones as hostesses.

Father, Son Hit Ticket Jackpot

Sometimes luck just runs in the family.

Saturday morning Halcom M. VanBuskirk of Route 2 won two baseball tickets for showing up at the right time for a chest X-ray at the Midland County Courthouse.

Then Saturday afternoon his son, John R. VanBuskirk, carried the family winning streak a little further by winning two more tickets.

Peter Ezba, operator of the X-ray unit, claimed mere coincidence. He picked the lucky numbers, Ezba said, and the VanBuskirks checked in for a daily double.

The United States Department of the Interior has jurisdiction over more than 600 million acres of public land.

Small-Fry

(Continued From Page One)

of the game because he read the lips of his son when he struck out with two men on base for the third out.

Another was Everett Smith, one of the managers whose two sons play in the league.

"I sure wouldn't want my boys around the kind of youngsters those people are talking about," said Smith.

"I've never heard any obscene language and I've never seen any beer drinking, even among the spectators".

Harold Bourland, the county juvenile officer was there, and had this to say:

"I know a great many of those kids and I've never heard them use any obscene language."

"Certainly I haven't seen any beer drinking. If I had it would have been my job to do something about it."

Another man Eugene Long, said his 13-year-old son had gotten jobs as a baby-sitter and pulling weeds to finance the purchase of baseball equipment.

"He was hurt—and I mean hurt—when he read those accusations in the newspaper."

The accusations came Tuesday night when a group of residents in the neighborhood of the playground east of Memorial Stadium appeared before the City Council to protest the large amount of dust kicked up by the boys.

They said the fields were littered with beer bottles and that the youngsters used obscene language.

One of this group was present at the hearing Saturday to explain they had never charged the boys themselves had been drinking beer.

"I would be glad to show anybody that wants to see it, how I've planted grass in my yard and there's now four inches of dust on top of it."

"Our main complaint has been about the dust."

"We've been trying to get the city to do something about it since last April and they've done nothing."

Redfern said he wanted to point out that the city officials had not forced the Shorthorn League, which suspended play Thursday, to move from the field.

"But we had a hot week out there," he said, "and the city for some reason or other had to take its sprinkler away."

"We were not asked to move but we didn't want to take any chances."

Mayor Pickett, at the close of the hearing, said, "I think we have heard enough here today to show we're going to continue our junior baseball."

"We ought to take advantage of the spotlight on this thing to begin the development of a recreation program for the children and the adults alike."

"It is unfortunate that this almost intolerable situation has developed."

Region's Bus Will Transport X-Ray Subjects

The Midland Jaycees have arranged for a special bus to make several trips daily to the chest X-ray unit at the Midland County Courthouse from outlying districts in the city and Terminal.

The bus, contributed by the American Legion, will be stationed at central locations on the East Monday and Tuesday, and at Terminal Thursday to provide free transportation to and from the X-ray unit.

Thornton Hardie, Jr., chairman of the Jaycee Transportation Committee for the X-ray survey, said the bus will operate from the Latin American Youth Center at 414 East Illinois Street Monday. Locations on which the bus will operate Tuesday and Thursday will be announced later, Hardie said.

Approximately 320 persons had X-rays made Saturday to bring the campaign total to 3,028. The survey, designed to detect tuberculosis of the chest, will continue through Thursday.

Volunteers Work
John B. Terry of Midland was the inner of two baseball tickets Friday afternoon. The tickets, donated by the Baseball Club of Midland, were good for any home game played by the Midland Indians.

Volunteers who worked at the unit Friday afternoon were Mrs. Art Septh, Mrs. John Frisberg, Mrs. M. Murphee and Mrs. Clarence Wirth of the Jaycees; and Mrs. D. Willingham, a public health nurse.

Saturday's volunteers were Mrs. Margaret W. Larkin, Miss Maude Sather, Mrs. Clara Gabbert, Mrs. Hulah Lyons, Miss Glenyith Herge, Mrs. T. K. White and Miss Jessie Vaughan of the Business and Professional Women's Club.

HOLIDAY OUTING—There's a Fourth of July picnic in the offing and young Danny Hayes is all set for a splashing good time. Right now he is engaged in the serious business of helping his mother, Mrs. Ben Hayes, check picnic supplies. He takes time out, though, to grin at the cameraman. The Hayes live at 305 1/2 South Pecos Street.

Frances Ruth Elder

Couple Slates August Vows

The engagement and approaching marriage of Frances Ruth Elder to Joseph Kalinowski was announced at a luncheon Wednesday in the Blue Star Inn.

Miss Elder is the daughter of Mrs. Dona C. Elder of Amarillo and J. H. Elder of Midland. The prospective bridegroom's parents are Mr. and Mrs. Frank Joseph Kalinowski of Clinton, Mass.

Vows will be solemnized August 15 in St. Ann's Catholic Church in Midland.

The centerpieces consisted of two hearts entwined with rose and blue ribbons bearing the inscription, "Frances and Frank—Aug. 15, 1951." Individual rose and blue corsages were given to each guest.

Those attending, in addition to the honoree, were Mrs. Elder, mother of the bride-elect; Mrs. J. B. Elder, Mrs. R. A. Berg, Mrs. Howard Atwater, Mrs. Charles Reeder, Mrs. Marion Culver, Mrs. Herb Goodman, Mrs. Frank Branney, Sr. and Mrs. Cecil H. Elder.

The bride-elect is a recent graduate of the Teacher's College of Columbia University, where she majored in music education. She received her MA degree from Texas Christian University in Fort Worth. She is a member of Alpha Chi, honorary scholastic fraternity, and Mu Phi Epsilon, honorary music sorority.

Kalinowski received his BA degree from the New England Conservatory of Music in Boston, Mass., and his MA degree from the Teacher's College of Columbia University, where he also majored in music education. For four years during World War II he served as an instructor of celestial navigation in the U. S. Air Force.

YOUNG PATRIOT—When the older children talk about Independence Day, three-and-a-half-year-old Michael Bliven won't be left in the dark. Here he listens intently while his mother, Mrs. Dayton Bliven, explains the stars and stripes in Old Glory. The Blivens live at 309 Estes Street.

Mexico City Altrusa President Impressed By 'Growing Midland'

By Patte Abbott

It was the first trip to Midland for Mrs. Anita Christlieb, second vice president of Altrusa International and president of Mexico City's Altrusans.

And she particularly was impressed with two things -- the

she picked up her knowledge of English, a language which she speaks beautifully, with only faint traces of her native accent.

Mrs. Christlieb arrived in Midland Tuesday for a visit with members of the Altrusa Club. She was taking "the short cut," she said, to White Sulphur Springs, Va. where she will attend her club's international convention July 8-12.

Tells About Mexico Club

Questioned about the activities of the Mexico City Altrusans, Mrs. Christlieb explained they operate exactly like the Midland unit. Both clubs are members of the Seventh District, which includes Texas, Oklahoma, Arkansas, Mexico, Guatemala and Korea.

A project currently being undertaken by the club is the sponsorship of Dr. Obdulia Rodriguez, who is studying the treatment of leprosy at the leprosy hospital in Carville, La. The grant for the Mexican girl's study was obtained through Ada Phillips of Midland, Seventh District chairman of international relations. Later, Dr. Rodriguez will head the Children's Leprosy Clinic, which the Altrusans are planning to build in Mexico City.

Mexico's Altrusa Clubs hold the distinction of having played hosts to the first international convention of the organization in 1937. The convention was held in Mexico City and Cuernavaca. Mrs. Christlieb said, with 330 women attending from all over the United States, Altrusa is one of the 23 woman's clubs in Mexico, she added.

Languages are no barrier to Mrs. Christlieb. (Continued On Page Five)

Mrs. Anita Christlieb

city's lack of humidity and its evidences of spectacular growth.

Referring to the former, she said "You tell me it's 100 degree weather today, but I don't feel it. In St. Louis, where I went to school, this heat would have been terrible."

Although Mrs. Christlieb was born in Mexico City where she now lives, she attended Washington University in St. Louis. And it was during her eight-year stay in that city that

Delta Gamma National President Finds Busy Life Full Of Travel

By Judy Randolph

Being president of a national sorority keeps one in close contact with the railroads, planes and post offices of the nation, for the life is quite a "busy one." Midland has a president of its own in the person of Mrs. Robert C. Byars, who is serving as international president of the Delta Gamma Sorority.

Mrs. Byars, who has just returned from Dallas where she viewed the new DG house now under construction on the campus of SMU, said in a recent interview that traveling is an important part of her work. Upon returning from one of these trips she faces the biggest job of the office -- the mail.

Letters from all over the country pour into Mrs. Byars' home. All of these, from the most important to the most trivial, must either be answered by the president or sent on to their proper place.

"If someone doesn't know whom to write, they always write the president," Mrs. Byars said.

Married To Post Office

Once her husband was asked just what it was like to be married to the president of a national sorority, Byars replied, "It's just like being married to the United States Post Office."

Right now, Mrs. Byars is busy making preparations for not one, but two conventions. One is the International Convention of Delta Gamma which will be held next Summer in White Sulphur Springs, W. Va. The other is the National Panhellenic Congress which will convene this Fall in Williamsburg, Va. The DG's will be co-hostesses at this meeting with the Kappa Kappa Gamma and the Alpha Phi sororities.

When asked to tell a little about her own sorority, Mrs. Byars recalled that Delta Gamma, one of the oldest of the Women's Fraternities, was founded in 1873 at the Lewis School for Girls in Oxford, Miss. This school was later asked to join the University of Mississippi and is now part of Ole Miss.

Elected For Four Years

Mrs. Byars, who became a member of Delta Gamma at Missouri University, was elected in June 1950 by unanimous vote to serve as international president at the Banff Springs convention in Alberta, Canada. She will hold office for three more years as one of the six major officers of the sorority.

It has been a gradual climb for Mrs. Byars to this high office. She began as president of her collegiate chapter in her senior year at Missouri. While there she majored in journalism. After her marriage she moved to Houston where she became president of the Houston Alumnae Association.

For four years the petite brunette traveled over Texas, Oklahoma, Arkansas, Tennessee, Mississippi and Louisiana as province secretary in charge of collegiate chapters.

Formerly From Houston

In 1940 she was elected president of the Houston City Panhellenic and served as Houston Delegate to the regional Panhellenic Conference held that year in Austin. Her busy life continued when she was elected in 1946 as national vice president in charge of alumnae activities. "During that time my work consisted of the supervision of alumnae groups and foreign expansion work," explained Mrs. Byars.

Originally from St. Louis, Mrs. Byars has been in Midland four years.

"One very interesting experience for me," recalled Mrs. Byars, who has enjoyed meeting such a large number of interesting women all over the nation, "was the privilege of attending the meeting of the National Association of the Deans of Women." This meeting was held

in Chicago preceding the NPC. Here, Mrs. Byars met the women directly connected with the lives of each college girl in the country.

At the National Panhellenic Congress Mrs. Byars remembers with pride the resolution adopted which announced that NPC had joined in the fight against communism by becoming a member of the All-American Conference.

As international president Mrs. Byars keeps a close watch on the

Mrs. R. C. Byars

important project work in which Delta Gamma engages like all national sororities.

This Summer she is making plans for continuing work in the DG project, sight conservation and aid to the blind. Mrs. Byars believes one of the most outstanding accomplishments in this field is the nursery school established for preschool blind children in Los Angeles, Calif.

\$200,000 Building Opened

A new debt-free \$2,000,000, building has just been opened there, and this building and the operation costs are being financed by funds raised exclusively by Delta Gamma.

In the swimming pool of the new school, Esther Williams teaches the blind babies to swim.

Mrs. Byars said that Delta Gamma was deeply gratified this year by the recognition it received for (Continued On Page Five)

St. Andrews Board Studies New Duties

Outlines of the various duties of the officers were given in the study by Mrs. Ralph Howe, president, at the Executive Board meeting of the Women of the Church of St. Andrews Presbyterian Church. The group met Friday night in the home of Mrs. C. E. Gallager.

A business meeting preceded the president's study of offices.

Others present were Mrs. William Caldwell, Mrs. Lewis Waterstreet, Mrs. Harry Lain, Mrs. Charles Gaylord and Mrs. Jim Trott.

Dorothy Perkins To Take Special Study In Mexico

Dorothy Ann Perkins, 800 North P Street, will attend the Summer session of the Parsons School of Design, beginning Monday in Mexico.

For the second year, Parsons is conducting a six-week painting and research tour under the official patronage of the American Embassy.

RINGER TOURNAMENT HELD

The Women's Golf Association of Ranchland Hill Country Club recently began a ringer tournament to be continued through September 20. Competition is held at 8 a.m. each Tuesday. Two golf balls are awarded as weekly prizes and a grand prize is slated to be given away in September.

The Ministry of Education, the National Institute of Anthropology and the Mexican-American Cultural Institute.

The course, headed by Glen Mitchell and other members of the Parsons' faculty, is supplemented by a series of lectures on Mexican art, given by Dr. Justino Fernandez, historian and lecturer.

ARRINGTONS RETURN HOME

Mr. and Mrs. Frank Arrington who have been visiting relatives in Midland, have returned to their home in Washington, D. C. where Arrington is employed by the ECA. While in Midland they attended the wedding of Arrington's sister, the former Patsy Lou Arrington.

The class of 21 students will be in Mexico City the first week. They will paint in museums, public buildings, palaces and the surrounding country, visiting Tepozotlan, Acman, Guadalupe and Teotihuacan.

The class than will move Oaxaca for its second session. During the stay there, students will visit Mitla, Monte Alban, Tula and Tlacoalula. From July 30 through August 10, the group will use Mexico as headquarters and will visit Patscuaro and Paracutin.

POSTS TAKE TRIP

Mr. and Mrs. C. W. Post of Midland left last week for a two-month trip through Canada and Alaska.

JULY BRIDE—The engagement and approaching marriage of Marilyn Braselton has been announced by the bride-elect's parents, Mr. and Mrs. E. M. Braselton of Midland. Miss Braselton and Homer E. Pace, Jr., also of Midland, will exchange vows July 27 in the First Presbyterian Church here. Pace is the son of Mr. and Mrs. Homer E. Pace of Corsicana.

Two Midland Girls To Attend Convention

LaLee Teaff and Doris Ann Mason left Saturday for Dallas where they will visit Miss Teaff's sister, Saralyn, who is a student at the Baylor School of Nursing.

Miss Teaff and Miss Mason will leave Dallas Tuesday for Ridgecrest, N. C. where they will attend the Young Women's Auxiliary Retreat of the Southern Baptist Convention.

LaLee, 16-year-old daughter of the Rev. and Mrs. A. L. Teaff, was chosen by the District Eight Baptist Association to be its convention delegate. She is pianist for the primary department of the Calvary Baptist Church and is the teacher for a Girls Sunday School Class. The delegate also is instructor of the beginner department of the Training Union and is a junior student in Midland High School.

Miss Mason's parents are Mr. and Mrs. B. L. Mason, 800 South Baird Street.

The Ridgecrest meeting will convene from July 5-11.

STRIPPLINGS RETURN HOME

Mrs. Robert E. Stripling and her daughter have returned from a six-weeks trip. They visited relatives and friends in North Carolina, Maryland and Washington, D. C.

New!

Elizabeth Arden gives you

HAIR BEAUTY...

Here, in one wonder-packed box, is everything you need to bring your hair to its healthy, lustrous loveliness... and to keep it so. Whether your hair is drying, stroking, dulling in color, limp and lack-luster, here are the very formulas used in Miss Arden's famous Salons all over the world. Remember, an Elizabeth Arden Shampoo is not merely a shampoo; nor is the rinse, the pomade, the lotion... merely what the name implies. Each is also an amazing hair-conditioner; each works a special magic on your hair!

a complete kit for unflinching care and beauty of hair \$5 plus tax

Blue Grass Velve Shampoo
The famous, rich-lathering, deep cleanser with a classic fragrance.

Blue Grass Cream Rinse
Adds sparkle and pliant softness to sun-dried hair after a shampoo.

Ardena Hair Lotion
For blondes; for brunettes. Brings out depth of color; whisks away dandruff.

Ardena Hair Pomade
Softens dry hair; conditions the hair before a permanent wave.

Dance Studio Opening Slated

Plans were announced Saturday by Mrs. Josephine Lovins and Mrs. Emerald Green for the opening Monday of the Town and Country Dance Studio at 319 North Colorado Street.

Classes will be held from 10 a.m. until 10 p.m. for men, women and children of all ages. Popular dances to be taught include the fox trot, waltz, rumba, samba, mamba, jitterbug and tango. Folk dances, such as Cotton-Eyed Joe, Put Your Little Foot, Ten Pretty Girls and the Black Hawk Waltz, also will be offered.

Mrs. Lovins and Mrs. Green will be in charge. Trained as Arthur Murray dance teachers, both have taught in Murray studios in New York; Miami Beach, Fla.; El Paso, Dallas and Huntington, W. Va. They also have done resort work in Miami, the Catskill Mountains and Cuba.

FOR TONSILLECTOMY

Jerry Prothro, four-year-old son of Mr. and Mrs. Jack Prothro of 410 North Marlenfeld Street was admitted to Midland Memorial Hospital Saturday for a tonsillectomy.

Mother Of The Bride

By GAIL DUGAS
NEA Staff Writer

NEW YORK—Though the mother of the bride usually plays a secondary role at her daughter's wedding, she still wants to look her best. The dress she chooses will be largely determined by the size and kind of wedding and by her own figure problems, if any.

Dresses for the bride's mother are right in either the long or short length. Again, it depends on the wedding. These dresses are far prettier and less pompous than in bygone days. They offer real figure flattery.

Designer Philip Hulitar transforms fragile mauve-orchid silk chiffon (left) into a floor-length gown. The soft folds of the skirt are banded in deeper shades of the mauve at the sides. A hand-

embroidered spray of violets cascades across the bodice. The neckline is draped. Soft, concealing folds of the fabric cover the shoulder and upper arm.

For a wedding that's informal and pretty this same designer has dressed the bride's mother (right) in a short length, pure silk chiffon ombred in gray. The portrait neckline is caught with a spray of moss roses. The flared skirt nips in at a snug bodice that's belted by an emerald green velvet sash.

Driver Takes Bus 1,500,000 Miles Without A Scratch

SHREVEPORT, La.—Shelly Liles drove his Trailways Bus into Shreveport Friday the same way he's been doing it since 1931.

But from the city limits to the terminal things were different. There was a parade with city and company officials taking part.

The 49-year-old Liles had driven 1,500,000 miles without scratching his bus. That's a distance equal to three round trips to the moon.

Liles' recipe for his record: Don't take chances, have faith and drive relaxed.

STEPS ON NAIL

Gene Smith, 403 North Colorado Street, an employe of Universal Construction Company, received emergency treatment Friday at Western Clinic-Hospital for a nail wound in his foot. He stepped on a nail at a tank battery in the oil field.

Reunion Of Old Settlers Of Martin County Expected To Attract 500 Members July 10

STANTON—The 1951 Old Settlers' Reunion to be held here July 10 is expected to draw an attendance of more than 500 members and their families.

Although plans for the annual fete are not complete, one of the events will be a barbecue.

Planners of the reunion are looking for a location to stage the celebration because the courthouse

lawn, used as the meeting place in previous reunions, is being levelled around its perimeter for a parking area.

Committee in charge of activities are J. C. Sale, Judge James McMorris and H. A. Houston.

Membership in the Old Settlers' organization requires residence of 20 years or more in Martin County.

Officers of the association are Sam Houston, president; J. C. Sale, vice president; and Mrs. Morgan Hall, secretary.

Serving on the various committees are Mrs. Glen Brown, Mrs. Leo Turner, Mrs. C. M. Houston, Mrs. Edmund Tom and Mrs. Harry Haislip; program: Mrs. Inez Woody, Mrs. H. A. Houston, Sam Wilkinson, F. O. Rhodes, G. Tunnell, John Blocker, John Peters and L. M. Estes, welcoming.

Also Mrs. O. B. Bryan and Mrs. F. O. Rhodes, dedication: Mrs. Dee Rogers, Walter Kelly and S. C. Houston, nominating; and Edmund Morrow, John A. Atchison, C. M. Houston and O. B. Bryan, finance.

And Tom Estes, Bill Houston and Alvis Brewer, refreshments; Morgan Hall and Paul Jones, special music; Bob Haislip and Houston Woody, singing; and J. D. Poe, W. V. Laird and Hoot Tom, lighting.

Veteran Treasurer Of Superior Oil Dies

HOUSTON—Funeral services for Frank D. Jones, 66, treasurer of the Superior Oil Company for 25 years, will be held at 2:30 p.m. Sunday.

Jones died Friday in his home. Survivors include his widow, Mrs. Frank D. Jones of Houston; a son, Francis E. Jones of Los Angeles; a sister, Mrs. Albert Fardon of Dorchester, England; a brother, Alfred Jones of Liverpool, England, and a grandchild.

WMU CIRCLES MEET

WINK—The Edna Carson and Alma Reid Circles of the Women's Missionary Union held their monthly business meeting Monday in the church. Visitors present were Marie Everett, Jean O'Rear, Theda Mouldin and Charles Mouldin.

OBJECT IN EYE

C. M. Edwards received emergency treatment Saturday at Western Clinic-Hospital for removal of a foreign object from his eye, received when the object blew out of an air-conditioner.

TO UNDERGO SURGERY

Sharon Sue Worner, aged three and one-half years, was admitted to Western Clinic-Hospital during the weekend for surgery Monday. She is the daughter of Mr. and Mrs. O. K. Worner, 1401 West Griffin Street.

Noted Jurist Will Speak At Annual C. Of C. Meet Here

Philip B. Gilliam, judge of the Juvenile Court of Denver, Colo., will be the principal speaker at this year's Chamber of Commerce-sponsored welcoming party for faculty members of the public school system, Russell C. Conkling, chairman of the Chamber's Education Committee, announced Saturday.

The event is scheduled August 31. Conkling stated. A barbecue dinner will be served on the athletic field adjacent to the high school, with the program to follow in the auditorium. All school teachers, Chamber of Commerce members, and members of their families, are invited to attend.

Judge Gilliam, an internationally-known jurist, is one of the nation's outstanding authorities on Juvenile affairs.

Conkling said Midland is especially fortunate in being able to obtain a speaker of Judge Gilliam's caliber for the teacher welcoming party.

WRIST IS FRACTURED

A. L. Taylor of Midland, an employe of Parker Drilling Company, was admitted to Midland Memorial Hospital Friday with a fractured right wrist.

C. Of C. Industrial Panel Sets Meeting

A meeting of the Industrial Committee of the Midland Chamber of Commerce will be held at 4 p.m. Tuesday in the organization's office, Chairman Harlan Howell announced Saturday.

Other members of the panel are: R. L. Miller, Johnnie Starr, Barber, Robert W. Lewis and Mathews.

Howell termed the meeting important and urged all members attend.

Ice Cream, 42 Party Given By Ruth Circle

Husbands were the honored guests on the Ruth Circle of the First Baptist Church entertained with ice cream and 42 party Thursday night in the home of Mrs. C. Dunagan.

Co-hostesses to the group were Mrs. Robert Reeves and Mrs. N. T. Gier.

The house was decorated with arrangements of Spring flowers.

Special guests at the party were Rev. and Mrs. J. Q. Woodard, and Mrs. J. F. McDonald and O. M. Reeves.

Others present included Dr. and Mrs. Bob Tanner, Mr. and Mrs. Ernest Smith, Mr. and Mrs. West Martin, Mr. and Mrs. Morris H. Mr. and Mrs. W. T. Shirley, Mr. and Mrs. J. F. Godwin, Mr. and Mrs. J. H. Mosely, Mr. and Mrs. Cox, Mr. W. T. Hagler, Mr. and Mrs. Gilbert, Mrs. A. A. Jones and Mrs. C. W. Murray.

Midland County Museum Shows Assortment Of Early-Day Oddities In History Roles

George Washington's influence has permeated many an American way of life, but in Midland it has taken concrete form in the Midland County Museum in the basement of the courthouse.

The county museum, with its special emphasis on the history of Midland County, had its inception in a display of relics of the days of Washington, which was sponsored by the Midland County Library during the Washington Bicentennial Celebration of 1932.

With more than 5,000 items, the present museum is the outgrowth of a few old guns and pistols once displayed in the courthouse. This first exhibit was inspired by the Washington collection.

In November, 1935 Marguerite Hester, then county librarian, started the museum with a fund donated by employees of the courthouse for establishing the collection.

The original case was moved to the courthouse basement, where now more than 30 cases contain the relics and collections that bring back the days of early Midland and the Old West. No money has been available for the purchase of items, and the museum has grown to its present size entirely through gifts and loans.

Arrowheads Displayed
Foremost among the collections are mementoes of covered wagons and life on the expanding Western frontier. Several cases of Indian arrowheads are on display, including one collection gathered after an Indian raid on a wagon train near Monahans. Among the Indian relics are old and valuable items, handwork of the basket weavers, and pottery from cliff and cave dwellers.

A row of early branding irons runs along one wall of the museum, and for persons interested in early Midland, the museum has a collection of photographs of the first buildings and the settlers who constructed them.

In a case of early publications and letters there is an 1886 edition of "The Staked Plains," probably the first newspaper to be published in Midland.

A spinning wheel used before the Civil War stands as a musty and stern reminder of the days when women outfitted the entire family with little help from the ready-to-wear manufactured garments so common today.

Old Snuff Box
Coins and paper money from the United States, several foreign nations, the Confederate States and the Republic of Texas are gathered in a large display. Among the paper money are bills in three and ten-cent denominations issued by the Federal Government in 1863.

War relics have been collected as far back as the War of 1812, and include items from the Civil War and the two World Wars.

A jewelry collection includes a 200-year-old silver snuff box brought to this country from Holland. Exhibits of cut glass, china ware, Indian and Mexican pottery and spoons hammered from Confederate silver dollars supplement the historical array.

Mrs. Mary Connor, present custodian of the museum and an assistant county librarian, said an average of approximately 30 persons visit the museum daily. Since its origin the museum has had visitors from every state in the Union, Alaska, and many foreign countries, including Holland, Czechoslovakia and South Africa.

The museum is open every Tuesday, Thursday and Saturday from 2:30 to 5 p.m.

Bathing Revue Set At Crane On July 4

CRANE—A Bathing Revue is scheduled at the Crane County swimming pool July 4 from 6 to 8 p.m. according to Floyce Underhill, director.

Children under 12 years of age will be in the first division, while children over 12 will be in another division. The merchants of the town are sponsoring the event. Trophies will be given for winners of all activities.

Also, a diving meet for children under 14 in the junior division will be staged and all over 14 years of age will be in the senior group.

Another special event is a swimming race. All these events will be in the two-hour allotted time. The pool will open at 3 p.m. for the public.

An All-Star Little League game with the best two teams being selected for the occasion will be played at 8:30 p.m. in the Softball Park. There will be no admission charge for any of the many activities.

Swift announces the tables and picnic grounds will be opened, as well as the croquet courts, and all facilities of the well-rounded Summer program. There is something for every member of the family.

The first blood transfusion is believed to have been the one given to Pope Innocent VIII in 1492.

BARTON SPEAKS TO WINK LIONS

WINK — Frank Barton, director of the Summer Youth Recreation program, was the principal speaker at the recent Lions luncheon. Barton told of the progress being made in the program so far and asked for suggestions and criticisms.

Midlander Assumes Governorship Of Rotary District

Percy F. Bridgewater of Midland assumed the governorship of District 183, Rotary International, at a district assembly held Friday in Ralls. He succeeds Lloyd Wicks of Ralls as district governor.

Percy F. Bridgewater

The Midland man, who was elected to the office at the recent convention of Rotary International at Atlantic City, N. J., will supervise the activities of 37 West Texas Rotary Clubs during the 1951-52 year. His district is one of eight in Texas.

Clubs in District 183 include those at Amarillo, Big Spring, Borger, Brownfield, Canadian, Canyon, Childress, Dalhart, Dumas, Floydada, Hereford, Lamesa, Levelland, Littlefield, Lockney, Lubbock, Memphis, Midland, Muleshoe, Odessa, O'Donnell, Pampa, Panhandle, Perryton, Plainview, Post, Ralls, Seagraves, Seminole, Shamrock, Slaton, Snyder, Spur, Sudan, Sweetwater, Tahoka and Wellington.

Bridgewater, manager and secretary-treasurer of the Midland Federal Savings and Loan Association, is a past president of the Midland Rotary Club. He long has been active in civic affairs and served a number of years as president and trustee of the Board of Education of the Midland Independent School District.

Worldwide Organization
Rotary International, which now encompasses 83 countries of the world, has 349,000 members in 7,300 clubs, all working together to advance the Rotary program of community betterment, higher standards in business and professional life, and the furtherance of international understanding, good will and peace.

To promote international understanding, Rotary International currently is spending \$1,500,000 over a six-year period. One of the principal activities of the special program is the awarding of Rotary Foundation fellowships to outstanding college graduates for study in countries other than their own.

Service Planned For Mrs. Jones

WINK—A memorial service will be held for Mrs. Barbara Jones church and community worker at 8 p.m. Sunday in the First Methodist Church. The Rev. George R. Ditterline of Fabens, her pastor here for a number of years, will give the address. Music will be furnished by the choir under the direction of Mrs. Milton Howard.

Mrs. Jones, 28, died of a heart attack last week in Montgomery, Ala. Funeral services were held Friday in Kosse, Texas.

Founded upon experience...
Of 61 years of professional practice. Today we are continuing the high standards set by the founders of Newnie W. Ellis Chapel.

Dedicated to service...
Day and night, our courteous staff, modern equipment and beautiful mortuary are at your command.

Faithful to our creed...
Of sympathetic understanding and fair prices. No matter how much or how little you spend, every service we conduct is dignified, beautiful, reverent.

PUBLICATION LAWS BOOK REVIEWED—Texas Attorney General Price Daniel and members of his family look over the first copy of his new book, "Texas Publication Laws," which was published recently. Gathered around the attorney general are Mrs. Daniel and their four children—John, Price, Jr., Houston and Jeanie. In spite of a big job and a big family, Daniel found time to edit the law book on newspapers and public notices as a public service for the Texas Press Association.

Former Pastor To Speak At Presbyterian Loyalty Meet

Dr. Hubert Hopper, pastor of the Memorial Oaks Presbyterian Church of Houston and a former pastor of the First Presbyterian Church here, will be the principal speaker at a Loyalty Dinner to be given Monday night by the St. Andrews and First Presbyterian Churches.

The dinner-meeting is scheduled at 7 p.m. in the Midland High School Gymnasium.

The gathering will launch a \$60,000 finance campaign to erect the first unit of a new church plant for the recently-organized St. Andrews Presbyterian Church, of which the Rev. Lewis O. Waterstreet is pastor. The church building will be erected on a site immediately north of the David Crockett School in Northeast Midland. Funds will not be solicited at the Monday night meeting. A nursery will be maintained at the First Church.

Joint Project
All members of both Presbyterian churches here are invited and urged to attend the gathering, which will be presided over by John W. Drummond, chairman of the Building Fund Committee. Dr. R. Matthew Lynn is the pastor of the First Presbyterian Church.

Dr. Hopper, who resigned his pastorate here in 1947 to become pastor of the First Presbyterian Church at McAllen, has been pastor of the Houston church since March 1, 1951. He was active in civic affairs during his residence here, serving as president of the Midland Lions Club and the Junior Chamber of Commerce. He is well known throughout West Texas.

The St. Andrews church was organized last December, under the sponsorship of the First Presbyterian Church. The new congregation now holds its worship services in the auditorium of the David Crockett school.

Headquarters of the finance campaign have been established in the First Church.

Leaders Listed
Campaign leaders include: Drummond and Tom Frick, co-chairmen of the Building Fund Committee; Jerry Covington and Frank Stubbs, general campaign co-chairmen; Robert L. Wood, H. E. McRae, James D. Erwin, Murray Pasken and John Starr, co-chairmen, Big Gifts Section.

Raymond Howard and W. M. Osborn, co-chairmen, Special Gifts Section; Cliff Torgeson, Mrs. Francis Kingon, D. M. Secor and Mrs. W. P. Knight, co-chairmen, General Gifts Section; Nelson Puetz

their work in sight conservation. The National Society for the Prevention of Blindness passed a resolution praising them for the valuable contribution to the movement to prevent needless loss of sight.

In speaking of all her work as president and leader of the large international organization, Mrs. Byars said that it offered a challenge. "Our history and our past record makes our work today a real challenge and certainly keeps the life of the president a busy one because she, too, feels the responsibility and challenge such a position carries."

Oil Worker Injured In Accident At Rig

Carroll McIlroy, 41, a roughneck for the Big West Drilling Company, suffered serious injuries Saturday in an oil field accident near Midland.

His injuries were not declared critical at Western Clinic-Hospital, where he was hospitalized. He suffered severe head injuries, including facial and lip lacerations and a possible fractured jaw.

McIlroy was hit in the head by a pulley at a rig. He resides at 601 San Angelo Street.

Pink, Blue Shower Honors Mrs. Blair

CRANE—Mrs. Darlene Blair Henderson was honored with a pink and blue shower Friday afternoon in the Community Hall. Hostesses were Mrs. Lloyd Heard, Mrs. Hayes Dameron, Mrs. G. P. Caudle, Mrs. C. C. Luther and Mrs. Paul Henderson.

The refreshment table was decorated with arrangements of pink and white sweet peas. The honoree wore a pink carnation corsage, a gift from the hostesses.

Those attending were Mrs. E. P. Thompson, Mrs. L. G. Autrey, Mrs. Flora Blackwell, Mrs. Clyde Orr, Mrs. Cap Blair, Mrs. Alpha Butler, Mrs. E. R. Avent, Mrs. Bob Thomas, Mrs. Evelyn Weisner, Mrs. D. W. Ash, Mrs. Bob Tobin, Mrs. W. A. Asard, Mrs. Pete Bennett, Mrs. Bill Barker and Mary Ann, Mrs. Leo Uecker, Mrs. Allie Justice, Mrs. Jewel Thornton, Mrs. Luke Showers, Mrs. W. G. Slater, Mrs. Addie Bell, Mrs. Nolan Vickers, Mrs. Nellie Foyll, Mrs. B. J. Jones, Mrs. Ray Townsend, Mrs. B. W. Ervin, Mrs. Claude Townsend, Mrs. Herman Plate, Mrs. Juria Heard, Mrs. Guy Shults, Mrs. W. H. DeLaney, Mrs. C. J. LeClaire, Mrs. Orville Green, Mrs. R. V. Wood, Mrs. C. L. Dunn, Mrs. Harry Leaman, Mrs. F. W. Basham and Betty.

Mrs. A. L. Burford, Mrs. Jessie Davis and Sammie, Mrs. Gray Webb, Mrs. Charlene Napier, Mrs. B. A. Raybon and Donna, Mrs. W. R. Hamblett and Venona, Mrs. S. G. Waller, Mrs. Ike Williams, Mrs. A. J. Green, Mrs. H. Peek, Mrs. B. J. Maynard, Patsy Dulin, Wanda Sharrock, Juirell Heard, Wanda and Della Jean Caudle.

FOR MEDICAL TREATMENT
Mrs. Lelia Lambert of Odessa was admitted to Midland Memorial Hospital for medical treatment Friday.

President—

(Continued From Page One)
Christlieb. Serving as an independent interpreter in her country, she has a speaking knowledge of French, English, Spanish and German, a knowledge which has proved valuable since she became an international officer.

Since that time she has visited 53 foreign countries. She summed up the post-war conditions abroad in one sentence. "Americans," she said, "are lucky to be over here."

"My heart is very sympathetic to America," she added. And with good reason, too. Mrs. Christlieb has a sister living in St. Louis, another sister in Detroit and a nephew, who has just received the Bronze Star for his service as a captain in the Korean conflict.

While in Midland, Mrs. Christlieb was the guest of Mr. and Mrs. Felix Stonehocker, who honored her with a garden picnic Wednesday night. She also was complimented with a luncheon given by Midland's retiring Altrusa president, Bertie Boone. The luncheon was held Wednesday in the Blue Star Inn.

Mrs. Christlieb left Thursday for visits with the Dallas and Fort Worth units, en route to the national convention.

Three Counties Added To Lubbock OPS Office

LUBBOCK — Changes in the boundaries of the Lubbock district of the Office of Price Stabilization were announced Saturday by Howard R. Cholson, district director. Kent, Scurry and Mitchell counties, previously served by the Fort Worth district office, will now be under the Lubbock district office, which serves 69 counties.

Crash Injuries Fatal To Oil Field Worker

LAMESA —(P)—James B. Townley, 26, an oil field worker died in a hospital here Saturday from injuries received in an automobile accident Friday night. Townley was driving alone when his car overturned near Lamesa. He suffered a skull fracture. His widow and two sons survive.

Builders Association Raps Government Home Sales Controls

The \$50,000th new home of 1951 will be started somewhere in the United States, possibly in Midland, a Midland builder disclosed Saturday.

Forrest Gregory, president of the Permian Basin Home Builders Association, said, however, that housing starts this year are lagging far behind those of 1950, due largely to government controls over home sales.

He pointed out it has taken the building industry almost seven months this year to reach the one-half million mark, whereas the same mark last year was reached two months earlier. A comparison of the first five months of last year with a similar period this year reveals a 50 per cent drop in building, he stated.

Gregory termed the government's Regulation X as the main culprit in the housing drama.

"Down payments required under the regulation are hitting hardest at those who need housing the most," he declared.

The association president said the material situation is not yet worrying builders to any great degree.

Longview Termed 'Mr. Big' Of Texas Industrial Region

LONGVIEW — (AP) — Industrially speaking, Longview today rates as the "Mr. Big" of the rapidly developing East Texas industrial area. A steel mill with a capacity of 1,000 tons per day is scheduled to be in production by Christmas.

Texas Eastman Company, a subsidiary of Eastman Kodak Company, will have its big chemical plant in operation here by late October. More than \$20,000,000 has been allotted to construction of this giant plant.

The R. G. LeTourneau Company, which will construct and operate the steel mill, also is working on a multi-million dollar defense production contract at its vast Longview factory.

Southwestern Gas and Electric Company is installing a third 35,000 kilowatt generator at its Knox Lee steam electric power plant near Longview. The company is mapping plans for still further expansion here.

Lone Star Steel Company, which has a \$50,000,000 installation in operation 30 miles north of Longview, is constructing a \$75,000,000 fully integrated steel plant that will produce sheet steel and steel pipe for oil field use. A large new power plant will be built at Lone Star.

The U. S. Air Force is operating an auto mechanics school at LeTourneau Technical Institute here, and soon will open an airplane riggers school at LeTourneau Tech.

The Ruth Circle of St. Mark's Methodist Church will meet at 7:30 p.m. in the home of Mrs. D. S. King, 416 West Magnolia Street.

Summer Footwear Needs Careful Choosing

Properly-chosen summer shoes provide for these active children a sound foundation for health and good looks later on. Rubber-soled tennis shoes (left), fine for sports, are discarded by wise young man (center) for everyday play wear in favor of light-weight oxfords. Girl (right) chooses cool mesh-and-leather oxfords for vacation-time.

By ALICIA HART
 NEA Staff Writer

A sound foundation is quite as necessary to the building of good looks as it is to any other sort of construction.

Few parents would quarrel with this. Yet many unknowingly undermine their children's future appearance by poor choice of shoes for their youngsters.

Particularly is this true in Summer, when mothers and fathers tend to relax the rigid rules they enforced during the school term.

A bit of indulgence during vacation is fine, provided this yielding to small-fry whims and tastes does not endanger a child's health and happiness. It's for adults to judge whether what's fun is also what's best.

Sometimes compromise is neces-

sary. If you're a miniature cowboy in your home—and most folk have these days—your little range rider may consider the possession of fancy boots the height of happiness.

You, looking at high tops, high heels and narrow toes of boots, may consider them somewhat less than desirable.

If you turn down boots as too hot for Summer and too unnaturally shaped to follow the contours of a growing young foot, you can still make your cowboy happy with Western footwear. Sturdy leather-soled buckle strap - oxfords are available which offer enough tooling and saddle details to satisfy most small gun-brandishers.

Sneakers or low-cut tennis shoes are also favored by many boys for

Summer wear, possibly because they are prepared at a moment's notice, with shoe changes, to go into action on courts or diamonds.

It's a mistake, however, for parents to encourage young athletes in this bit of laziness. Rubber soles and non-arch-supporting canvas are not your best bet for growing feet when they're worn for prolonged periods of

time. It's a good idea to teach your child to regard them as special sports equipment, just as he does his bats and rackets.

A good choice for your son's play-hours are the substantially built but light oxfords with good quality leather uppers and soles which allow his feet to "breathe" through their pores. Unlined shoes are best for Summer.

For girls and small boys, sandals offer Summer coolness. Even when purchasing this type shoe, however, parents should check to make certain there is sufficient support. In too-bare sandals, foot-support is often lacking.

Lightweight oxfords may fill your daughter's Summer-shoe needs. Those with mesh insets are particularly cool. Oxfords provide excellent protection for the feet of children who are particularly active or for those whose holidays will be spent in rough terrain.

Unless your shoe budget is rather generous, shoe experts discourage the purchase of "best" shoes. They point out that such shoes are often out-grown before they are worn out, and some parents make the error of insisting that these foot-squeezers not be discarded until their youngsters have gotten the money's worth out of them.

Mrs. Lancaster To Be Hostess

The Palette Club and Art Center members and their guests will meet at 8 p.m. Thursday in the home of Mrs. Naomi Lancaster, 1705 West Indiana Street.

The hostess will show motion picture films of her tour of Cairo, Rome, Paris and other European capitals.

It also was announced that the first silk screen painting night class will be held at 7 p.m. Monday in the Palette Club. The new class is scheduled to be held each Monday for persons who are unable to attend day classes. Inez Parker, professionally trained instructor, will be in charge.

Child Is Killed In Highway Crash

ANDREWS — An eight-year-old California child was killed and three other persons seriously injured in a highway crash 22 miles northwest of here Friday.

The dead child is Terry Lee Worth, daughter of Mrs. Sybil Worth, 29, of Mecca, Calif. Injured were Mrs. Worth's another daughter, Nancy, aged 12; and Carolyn Vickers, 13, of Andrews, a niece of the injured woman.

The group was riding in a convertible which collided with another car.

SOARING RECORDS EYED

DALLAS — Members of the Texas Soaring Association will attempt to break distance and other U. S. records for motorless flight during August, the association said Saturday. Launchings will be from the Odessa Airport.

MEDICAL TREATMENT

Betty Jean Smith, 13, Route 1, received medical treatment Friday at Western Clinic-Hospital as an emergency patient.

Special Offer to Servel Owners Until July 15th

Your Old Servel Is Worth \$100

Trade & Save Today On A New

1951 Servel Gas Refrigerator

Here is a special offer that means real savings if you have a Servel that is in operating condition! For the next 15 days only—we will give \$100.00 trade-in allowance for your old Servel on any of the 8 new, 1951 models! You can't beat this offer—you can't beat Servel for '51 — so come in and trade and save now!

NEW LOW PRICES START AT **\$239⁹⁵**

Years Ahead In Convenience And Beauty . . . Only Servel Serves You So Well

Compare—and you'll find that the new Servel is first in famous features!

For 25 years, the motorless refrigerator has been first in dependability. Now, as it celebrates its silver jubilee, Servel is also first in convenience and first in beauty.

Compare convenience features! See how Servel shrinks the hours you spend in the kitchen—and stretches the dollars you spend for groceries. It gives you much more storage space for frozen foods and fresh foods—although it takes less floor space. It enables you to shift shelves quickly and custom-fit the interior to your own needs. It gives you made-to-measure space for tall bottles and bulky foods. It saves you time and effort in dozens of ways.

Compare beauty of design! See how Walter Dorwin Teague has styled Servel for your future—by giving it simple, classic beauty that will always reflect your good taste.

Pecos Alive With Visitors And Western Politics As Stage Is Prepared For Rodeo

PECOS—Visitors from far and near are expected to begin swarming in this weekend to help Pecos celebrate its 32nd Annual "West of the Pecos Rodeo," July 2, 3 and 4. The rodeo wheels in Monday night and the colorful parade will be at 4 p.m. Participants will assemble at 3:30 p.m. and will circulate the heart of downtown Pecos during the festivities.

County Sheriff's posse raided the streets in search of violators of Judge Roy Bean's law that all citizens must wear at least three items of Western apparel throughout the rodeo.

Niece Of McAdoo Charged With Income Tax Fraud

NEW YORK (AP)—A niece of late William Gibbs McAdoo, former secretary of the Treasury, is charged with masterminding an income tax fraud which allegedly cost her and two men \$40,000.

The role of Judge Bean is played by J. F. "Pop" Biggs, a pioneer in these parts. Wild mares and calves were brought to town earlier to round out the all-star cast of rough and ready stock that is slated for action here.

Following the big parade, the Sheriff's posse will host a barbecue for all visiting posers at 6 p.m. Then at 8 p.m. the big show gets off to a rousing start with the spectacular grand entry. Eight action-packed contests will be unraveled before the first-night spectators.

Similar performances are scheduled Tuesday and Wednesday nights, with a matinee show Wednesday at 2 p.m.

Following the initial performance Monday night, the Pecos Firemen will sponsor a public dance in the airbase hangar. Music will be furnished by the Sul Ross Band.

These are polished cottons. At first glance, they do not appear to be cottons at all. A bubble-print motif on (left) navy blue broadcloth makes a handsome, slim dress by Paul Farnes. Costume suit (center) is navy broadcloth with white snowflake print. Collar and cuffs of

Polish Cottons, New Summer Fashion

These are polished cottons. At first glance, they do not appear to be cottons at all. A bubble-print motif on (left) navy blue broadcloth makes a handsome, slim dress by Paul Farnes. Costume suit (center) is navy broadcloth with white snowflake print. Collar and cuffs of

group of Summer cottons that because of design and fabric, shine as brightly as any newly-polished silver.

Wholesale Prices Stage New Decline

NEW YORK (AP)—Wholesale commodity prices declined last week for the ninth week in a row, but still were more than 16 per cent higher than they were a year ago.

OKLAHOMA MINISTER

The Rev. Leo Swicegood of Tulsa, Okla., will be the speaker in a two-week revival to begin at the morning worship service Sunday in the First Assembly of God Church. Night services are to be held at 8 p.m.

Does that have any bearing on? Could we leave that out? I don't want to bring disgrace on an astute name, although I should have thought so sooner.

OMITTED FOR SURGERY—Mrs. Rosalie Redfern of 1214 Council Drive was admitted to Midland Memorial Hospital Friday for surgery.

The capital of Liberia is Monrovia. The country was founded in 1822 by negro freed men from the United States.

this Paul Farnes design are white linen striped in red. Cotton and-nylon pima cloth appears (right) in an Eisenberg ensemble, a sheath dress and matching coat in gray with all-over flower pattern in white soutache embroidery. Sheath is topsies.

WINK COUPLE ON CANADA TRIP—Mr. and Mrs. F. L. Gahr have left for a month's vacation in Canada. They will fish at the Lake of the Woods in Kenora and visit Mrs. Gahr's family in Winnipeg.

MEDICAL PATIENT—Joe Bradley of 310 West Parker Street was admitted to Midland Memorial Hospital Saturday as a medical patient.

FOR SURGERY—Mrs. Deloris Morris of 309 1/2 South Fort Worth Street was admitted to Midland Memorial Hospital Friday for surgery.

FORMER MIDLANDER SOUGHT IN THEFT—A former Midlander man was being sought by sheriff's deputies Friday for the theft of clothing, jewelry and \$70 in cash from a man he roomed with here.

ENROUTE TO CAMP—Dr. Kurt Lekisch will leave Saturday for Camp Polk, La., where he will enter training with Texas National Guard units as battalion physician with the rank of captain. The guardsmen will return to Midland July 15.

MEDICAL TREATMENT—W. P. O'Shields, 508 West Tennessee Street, received medical treatment Friday at Western Clinic-Hospital.

GRIL SCOUT TROOP 1 MET WITH THEIR LEADER, Mrs. D. O. McEwen, Thursday. The Scouts also met for breakfast Friday at the Walton Poage home. Three of the girls will attend the Mitre Peak Girl Scout Camp, July 1-14. They are Patricia Dishman, Kay McEwen and Jan Daugherty. An encampment for the entire troop will be held later in the Summer.

SON WEIGHING SEVEN LBS. AND TWO OUNCES WAS BORN TO Mr. and Mrs. Kenneth Rose in a Midland hospital Tuesday. The baby has been named Kerry Lynn. The maternal grandparents are Mr. and Mrs. D. O. McKelvey of Rankin, and the paternal grandparents are Mr. and Mrs. Lee Rose of Fort Stockton.

SQUARE DANCING WAS ENJOYED BY a group of teenagers at a recent Youth Council party. Mr. and Mrs. Bill Martin called the square dancing. Refreshments were served by the chaperons, Mr. and Mrs. F. H. Goodwin and Mr. and Mrs. Al Schovajsa.

ANOTHER ENTERTAINMENT WAS HELD Saturday night with Mr. and Mrs. D. S. Anderson and Mr. and Mrs. R. H. Johnson, chaperons.

SATURDAY NIGHT, July 7, is the next square-dance date.

THE ADULT COUNCIL FOR YOUTH met in the Park Building Tuesday night to consider plans for the Summer program.

Midlander Named Vice President Of Churchmen's Group

W. H. Orenshaw of Midland was named first vice president of the Texas Council of Presbyterian Men-of-the-Church at its annual conference held recently at Mo-Ranch, Presbyterian assembly grounds, near Hunt, Texas. Orenshaw also is president of Men-of-the-Church of the El Paso Presbytery. Ted Jones of Dallas was named president of the Synod Council. Council officials took turns at the shovel in breaking ground for a \$115,000 building, which, with \$23,000 worth of equipment, will serve 900 conference guests three meals a day. This is the first major development at Mo-Ranch since the \$525,000 purchase price notes were paid early this year. Others from Midland attending the assembly included John E. Reid, Jack Matthews, Paul H. Laverly, Bob Sutton, Harry Gossett, Edwin T. Stitt, A. H. Vineyard, William Aiken and James B. Armstead.

To make toasted bread cubes for soups, salads, or pudding, cut the crusts off the number of bread slices required, then cut again into small cubes. Place on a cookie sheet in a slow oven and toast until cubes are golden brown on all sides, turning frequently.

Suits for swimming or sunning acquire the dressmaker look when they're done in cotton. Green-and-white cordstripe ballerina suit (left) has tight bodice and round scooped neck. One-piece suit (center) is in black-and-white wicker weave with white pique picture frame collar. Chisholm Clan tartan plaid cotton in red-and-green (right) makes elasticized maillot and matching terry-lined cape.

By GAILE DUGAS
NEA Staff Writer
NEW YORK—Cool and porous cotton lends itself best to beachwear with a dressmaker touch. Nylon and rayon make sleek swim suits; cotton makes pretty swim suits. These cotton suits, jersey-lined for practicality, are equally successful as sun suits or swim suits. They are made to fit through strategic use of zippers or through elasticizing. And they get along with soap-and-water just as readily as they slip into the sea for a dip.

Personalized RUBBER DOOR MATS

Insect Control Firm Opens Here Monday

A nationally famous method of insect control becomes available to Midland residents Monday when the West Texas Fog Service will begin operations. Featured by the new firm is the TIFA (Todd Insecticidal Fog Applicator) method of insect-proofing homes, business buildings, barns and open grounds.

Endorsements from Life Magazine, House Beautiful and Better Homes & Gardens say that the TIFA fogging method, while harmless to pets and people, and a non-contaminator, will keep any building insect-free for three months or longer.

The fog applicator is an adaptation of the Navy smoke generator. The machine generates a blast of hot gas that explodes the insecticide into a wisp of fog. This fog is so fine that 64,000,000 droplets could fit inside a single drop from the ordinary sprayer.

Has Pleasant Odor
According to the owners of the new local firm the fog has a pleasant odor and doesn't stain or injure furniture, curtains or wallpaper.

Location of the offices of West Texas Fog Service is 1300 West Wall Street, the telephone number, 2-1874.

INJURES ANKLE

Lorraine Riley of Odessa, an employe of Southwestern Bell Telephone Company, suffered a sprained ankle in a fall here Saturday morning. She was treated at Western Clinic-Hospital.

Next time you're invited to a smorgasbord begin with the herring and anchovy dishes. Then take a clean plate and go on to the other cold fish and salad combinations and the cold cuts. End with a tasting of some of the hot dishes such as meat balls and egg concoctions.

W.M.U. Has Program Meeting

ANE—A Royal Service program given by both circles of the Baptist Women's Missionary Union Tuesday. Approximately 20 members were present. "Goodness of Wisdom and Power" was the program theme. Mrs. K. H. was in charge. Others participating were Mrs. Jack Allen, Vernon Hagler, Mrs. B. W. Taylor, Mrs. R. C. Taylor, Mrs. Jack and Mrs. John Hodges.

Mrs. J. O. Coffey gave the opening prayer and Mrs. H. D. Christian the closing prayer. Mrs. Hagler presided over the business session which followed the program and Mrs. John North led the final prayer.

Give applesauce special flavor by adding grated lemon or orange rind and raisins. Serve over hot gingerbread if desired.

FREEDOM FROM SUMMER COOKING!

Dine Out

DELICIOUS SUPPERS **75¢**

(Choice of four entrees)

THE COLONY

210 W. Wall Across from Courthouse

Here is "Your Reward"

The health of yourself and your family is a mirror which reflects **YOUR INTELLIGENCE, YOUR EFFICIENCY, and your COOKING METHODS.** If you purchase your foods wisely, plan your menus carefully, prepare meals with minimum nutritive loss, and see that each body requirement is supplied to every member of your family daily, then you, your children, and your husband can probably possess vibrant, buoyant health. With this degree of health come beauty, clear thinking, co-operativeness, cheerfulness, and freedom from bickering and quarreling as well as freedom from illness and infections.

To the mother of such a family come pride of accomplishment and deep satisfaction of a job well done. To her comes ego-gratification infinitely more satisfying than she may once have obtained from such trivialities as preparing fluffy-textured cake or devitalized white bread. When she hears her physician praise the beauty of her children, when she sees her husband young beyond his years, succeeding because of his energies, when she feels the surge of vibrant health in her own body, she will realize that she is largely responsible. She has shouldered her tasks and has seen to it that good health has come from good food.

Cotton Gloves, Summer Asset

The short, simple glove in cotton or nylon is the right daytime companion for summer clothes. All of the gloves shown here are washable. Double-woven white cotton gloves (upper left) have flaring, stitched cuff, asymmetric design. Pique cuff (lower left) on these white cotton gloves provides trim. Wristbone-length glove (lower right) is outlined in red stitching. Pale pink nylon, double-woven and hand-sewn, makes a glove (upper right) that washes and dries in a flash.

By GAILE DUGAS, NEA Staff Writer

NEW YORK—Crisp cotton gloves, wristbone length, put the finishing touch to almost any daytime costume all Summer long. Perhaps

Rebekah Lodge Has Initiation

STANTON—Ora and H. R. Wilson were initiated into the Rebekah Lodge recently.

Those attending the ceremony were Irene Stephens, Marjorie Saunders, Ola Shipp, Alice Angel, A. T. Angel, Mary Winslow, Deet Echols, Ira Echols, Obera Angel, Jess Angel, Edna Davidson, Lillie Cather, Dovie Pinkerton, Audrey Louder, Henry Louder, Helen Morris, Francis Butcher, Margie Clardy, Vera McCoy, Zella Angel, Dell Morsah, Lettie Fleming, Mildred Evans, Clyde White, Lynn White, Mildred Hastings, Evarene Christopher, Naomi Yell, Eva Jean Ivie, Walter Graves, and Pauline Graves.

Large slices of turkey may be dipped in batter and fried in shallow fat until golden brown. Serve with cranberry or mustard sauce.

they, more than any other accessory, impart a fresh, sparkling look to a cotton dress, a Summer suit.

The short length is, of course, the cool length. Most often, this short glove is white. White goes everywhere, looks immaculate. But there's no fashion rule that puts pretty, pale pastels out of the picture. Pastels should be an integral part of the costume in a way that white need not be. Thus pale pink gloves should be teamed with a pink hat, or pink shoes, or a pink handbag. But never should all accessories be in one color.

Double-woven, hand-sewn white cotton makes a lady-like glove. And because it's completely washable, it also makes a practical glove. It looks well when it's done with a curved cuff that ends in a stitched, asymmetric design. And it's handsome when it's whipped into a glove that has as its only trim a flared cuff. Red stitching, when it outlines a fresh white glove, creates bright contrast.

Pale pink nylon makes a pastel glove that washes and dries in an hour. Hand-stitched and double-woven, this glove looks and feels like cotton, performs the miracles of nylon.

Cotton for after-five is entirely feasible when it's done in a medium length in pale beige. One such glove has as its trim double, curving bands of drawn work. This, too, is a beautifully simple glove, with only its length marking it for late day.

Thirteen West Texans Named To Honor Roll

Thirteen Midland and area students have been named to the honor roll for the Spring semester at Texas Technological College.

They are: Ralph E. Lacy of Goldsmith, A. average; George H. Burson, Edgar L. Hawkins, Ann E. Hulingsworth, Walter C. Perkins, all of Lamesa; Alice R. Adams, James A. Oates, Betty J. Wright, all of Odessa; Frances Cox, Garden City; Barbara Curry, Sterling City; Betty Knowles, McCamey; Francis Ward, Iraan, and Edward Weyman, Midland, all A-minus averages.

To remove rings from milk bottles, make up—in the bottle—a solution of baking soda and water. Let soak for a few minutes, then shake vigorously to remove clinging traces of cream.

Connally Predicts Higher Prices For Cotton Producers

WASHINGTON —(AP)— Senator Tom Connally of Texas predicts large exports will result in higher prices for American cotton growers. He made the forecast Friday after a conference with Agriculture Secretary Charles Brannan.

Connally and John White, state agricultural commissioner, were told by Brannan that export allotments will be changed regularly to conform to crop estimates made monthly.

"This will mean higher prices for farmers without corresponding increases for consumers," Connally said. "If the farmers are to receive the full benefit of this policy it is important that the determinations be made as soon as possible. It will not help the farmers if they have already sold their cotton when export quotas are increased."

Youngsters like chopped salted peanuts added to raisin-oatmeal cookies.

Custom Made Drapes and Bed Spreads

All work done under supervision of Mrs. Myrl Smith, formerly with La Nell's, Interior Decorators of San Angelo.

Cartoons To The Contrary, Baby-Sitters Here Are Busy

By PATTE ABBOTT
Baby-sitters are pictured universally as the lucky devils who thumb through magazines and manipulate the family television set while father and mother drag themselves to boring social affairs. The picture is a false one, in so far as Midland is concerned. And it isn't just because television sets are rarities here. Midland baby-sitters are a busy crew. Maybe the youngsters here are more active than other cities' small fry. Anyway, talks with baby-sitters prove this much is certain. There is no idle time. The magazine fallacy was the first to go. "I do a lot of reading while I work," one sitter admitted, "but I don't read the family magazines. I read comic books to the children." "I imagine I know more about

Superman's antics than any child in town," she added as an afterthought. "Baby-sitting is a mis-named profession," another sitter said. "It should be called baby-walking. That's really what we do, you know." Parents Can Help Can parents help prepare their children for an evening with the sitter? The answer to that question was an emphatic yes. Many difficult evenings could be avoided, sitters said, if parents would only explain to their off-springs that the baby-sitter is to be obeyed just as if Mom and Pop were there. It helps, too, they said, if Mom and Pop give the youngsters an idea when they will be home, especially if the children aren't used to being left alone. Asked about the tricks of the trade for handling tantrums, sitters wisely replied that such temper fits should be ignored. As soon as the child discovers it's no good for attention-getting, they pointed out, he's very likely to calm down. Children who cry when their parents leave are a different matter, though. Most sitters recommend talking to these (if they are old enough to understand), explaining that Mom and Pop will be back soon and then diverting their attention with books or games. Includes Grandmother, Too Baby-sitting is not strictly confined to the youngsters, though, as far as many Midland sitters are concerned. They spend a great deal of time as companions to elderly women, too. "The very youngest and the very oldest are the easiest to take care of," one said. "Often we are called on to spend several days or a week with our charges while other members of the family are out of town," another added. "Calls for one-evening sessions, however, usually come around holidays and weekends." Before the interview was over, the Midlanders had exposed another big fallacy. This time they gave the lie to dour-faced sitters of the cartoon variety. Why? Because there is nothing glum about Midland sitters. They love their work.

UT Band Selects Midland Majorette

Carolyn Cook, daughter of Mr. and Mrs. Carroll Cook of 408 West Parker Street, has been selected as alternate majorette of the University of Texas Longhorn Band. The announcement was made Saturday by Moton Crockett, asso-

Carolyn Cook, alternate director of the college band Miss Cook, who was majorette of the Midland High School Band, will be a University of Texas freshman this Fall. Her selection as alternate majorette followed competitive performances recently at Austin.

Advertise or be forgotten.

REDS THROW SECRET WEAPON—Lt. Clinton W. Effinger of West Palm Beach, Fla., pilot of a jet fighter-bomber in Korea, looks over something new in Communist weapons. It's a rock, thrown by a Red soldier, that landed on Effinger's plane during a low-level strafing run. (USAF photo from NEA-Acme)

Hoodwinked Texans Cause Swank Club To Be Closed Down

NEW YORK—(AP)—A bill for \$171 for a "bite to eat" seemed a little unreasonable to two "country boys from Texas."

And even after they argued and got it reduced \$10 it still seemed too high.

They paid, but complained to police.

The police had received other complaints about the place, the "Swing Rendezvous."

Friday State Supreme Court Justice William C. Hecht, Jr., upheld a police decision to revoke the club's license.

The letter the Texans wrote, dated January 24, and signed by L. C. Adair of Ballinger, was part of the evidence. It said:

"Just recently, myself and Bob Bruce, a friend of mine visited your wonderful city. We arrived in New York on Saturday evening, January 13. We were tired from travel and we asked about a place to get a bite to eat. Someone suggested the Swing Rendezvous on MacDougal Street.

Others Move In
"We went to this place, took a table, ordered us a drink and in a few minutes one of the attendants asked us if we wanted girls. We told him we didn't, but in a few moments one came over to our table and it wasn't long before others moved in.

"Being country boys from Texas and a small town we never thought anything about the setup.

"I finally decided we should do a little checking and asked for the bill. They charged us something more than \$171, but I demanded a receipt and they changed it to \$161. In other words, they charged us with all the entertainers' drinks, including the master of ceremonies.

"Now, I've been hoodwinked a few times in my life but never have I had such an unreasonable thing as this happen. We acted as gentlemen as we knew how and tried to convince the owner that he was just plain trying to rob us, but to no avail. Since we were strangers in the big city, and wanted no trouble, we paid.

"I am positive when I say that we did not have more than six small drinks each for ourselves, one package of cigarettes and a steak sandwich each."

It has been estimated that if all the dust in the earth's atmosphere could be gathered together it would make a cube 587 feet on a side.

IN AIR FORCE — Pvt. Buddie J. Higdon, daughter of Mr. and Mrs. G. H. Higdon, 1402 West College Street, is completing her Air Force basic indoctrination course at Lackland Air Force Base, San Antonio.

Highway Department Starts Road Project

McCAMEY—The Texas Highway Department began work on Burleson Avenue this week, shortly after the county and city deeded the city and county road from the intersection of Highways 67 and 51 to the Crockett County line south of McCamey.

The road has been designated as FM 305, and connects with that road at the Crockett County line.

A "caution blinker" was installed at the intersection of Highway 67 and 51 by the Department.

Dick Tipton, maintenance foreman of the McCamey station of the Highway Department, is in charge of the work.

With The Services Lamar Is In Recon Group In Korea

Pvt. Larry D. Lamar of Midland is on the Korean front serving with the unit which seeks out and evaluates enemy forces facing the First Cavalry Division.

Lamar, who is the son of Mrs. Thelma Lamar, 1708 West Indiana Street, is a member of the First Cavalry's 16th Reconnaissance company.

This mobile combat unit probes deep into enemy territory to determine the size and disposition of Communist troops. In doing so, it has compiled an amazing record of valor in Korea.

More than once, the company-sized unit has fought off Communist forces twice its size.

During the early days of the Korean war, the 16th Recon was constantly behind enemy lines and was the first UN force to cross the 38th parallel in October.

Cecil J. Montgomery, electrician's mate, third class, son of Mr. and Mrs. Cecil P. Montgomery of Midland, is serving aboard the submarine USS Sea Leopard operating with the Atlantic Fleet.

The Sea Leopard and her crew were featured recently in an article in Parade Magazine.

Cadet Al H. German, son of Mr. and Mrs. R. T. German, 715 West Storey Street, and a student at the University of Texas, is attending a six-week Quartermaster ROTC Summer camp at Fort Lee, Va.

Cadet German is active in the Rodeo Club, Delta Kappa Epsilon, football, basketball, baseball and track at the university.

He will participate in a variety of field exercises at the Summer camp.

James Gary, who recently spent a 30-day furlough with his parents, Mr. and Mrs. Raz Gary of McCamey, is back in Korea on active duty.

At the outbreak of the Korean war, Gary was stationed in Hong Kong and was transferred to the battle area immediately.

Maurice Tindle, fireman with the engineer division aboard the battleship USS Indiana, has been visiting with his parents, Mr. and Mrs. Homer Tindle, who reside on the Texas Company's Mabee lease.

He has been in the Navy 10 months and received his fireman's rating in June, after basic training at San Diego, Calif.

Duane C. Fritz, Paul L. Hurley and Charles E. Clarke of Midland, cadets from Texas Tech, arrived at Fort Hood recently to attend the ROTC Summer camp.

The cadets will receive six weeks of intensive field training. Emphasis will be placed on the development of leadership qualities and tactical employment of the latest weapons and equipment.

Group Of U. S. Military Advisors Welds South Korean Army Into Fighting Force

U. S. EIGHTH ARMY HEADQUARTERS, KOREA—(AP)—A small team of U. S. military advisors is welding the South Korean Army into a fighting force that some day may be capable of defending this battle-scarred republic.

The team is attached to KMAAG—the U. S. Military Advisory Group to Korea. Since the war began last June 25 these advisors have managed to hold the Korean army together despite staggering losses.

Today, through an intensive training program, KMAAG is forming a nucleus of professional Korean soldiers. Republic of Korea forces have lacked this solid core.

Two big questions now are: What would be the role of KMAAG if and when a cease-fire developed? Would this South Korean Army be able to protect this country?

Both questions were posed to Lt. Gen. James A. Van Fleet, commander of the U. S. Eighth Army.

The answer to the first question, he said, must come from Washington.

Effective Army
As for the second, Van Fleet said the KMAAG training program "will create an effective Army for the

Republic of Korea which will be sufficient to maintain peace within the country and defend it against any aggression from a neighbor."

KMAAG was set up in August, 1948, as a provisional military advisory group in expectation of the withdrawal of American occupation forces then stationed in Korea. The group's mission was to advise and train the South Korean Army. Each high Korean officer had an American officer as an advisor.

This Army, however, was prepared only to maintain internal security when a year ago the North Koreans swarmed across the 38th parallel.

Despite overpowering enemy strength, KMAAG members stood alongside the South Koreans in their desperate effort to stem the Communist onslaught.

Although the ROK's suffered some 40,000 casualties in the first few days of the war, KMAAG managed to replace these and at the same time boost the Army from about 90,000 to almost 250,000 men.

The recruits got little training—usually from two to four weeks. The Korean Army lacked both equipment and good officers. Controlled by Japan for years, South Korea had little experience in war.

Shortly after the Third ROK Corps collapsed in the Communists' May offensive, Lt. Gen. Chung Il Kwon, ROK chief of staff, diagnosed the trouble as lack of heavy equipment, lack of training and in-

(Continued On Page Five)

COLLEGE EDITOR —

Mary Hawkes, daughter of Mrs. Jim Horton of Midland, has been appointed editor of the East Texan, college newspaper at East Texas State Teachers College at Commerce. Miss Hawkes formerly was business manager of the paper and will serve as editor until she graduates in August.

TERRORIST'S BODY SHOWN

MALACCA —(AP)—The body of Baba bin Yong, terrorist leader on whose head there was a \$7,000 reward, was brought to the police station where a large crowd had gathered to see the noted bandit wanted for many crimes since June, 1949. He was shot dead in the Malacca area. The security forces ended his boast that he was invulnerable.

INDIA ESTIMATES PER CAPITA DEBT

NEW DELHI —(AP)—India's per capita burden of the public debt stands at about 66 rupees, Finance Minister C. D. Deshmukh told a questioner in Parliament. (The rupee is worth about 24 cents.) "For obvious reasons," Deshmukh said, "the figure is bound to be much less than in the United States and United Kingdom."

KILTS FOR DAWSON CREEK

DAWSON CREEK, B. C. —(AP)—A fund of about \$4,000 is being raised in this northern district to provide kilts imported from Scotland for all members of the local pipe band.

Colorado has 6,000 miles of trout streams and 2,000 miles of lakes.

Texas Booming Again As Military Training Center But In Different Manner

By WILBUE MARTIN
Associated Press Staff

Texas is booming again as a military training center. But the accent today is on brains, not brawn.

A decade ago, a plaintive chant from foot-sore GI's echoed over the state's hot, sandy plains and dusty hills in World War II.

"Left, left . . . you had a good home but you left . . . left."

It swelled from plodding thousands at the giant infantry training centers at Camp Bowie, Brownwood; Wolters, Mineral Wells; Maxey, Paris; Bliss, El Paso; Swift, Bastrop; Hood, Belton; and from a dozen lesser posts and scores of air fields.

The accent then was on the guy with the gun.

Today—five years after these soldier incubators shut-down or went on reduced operations—Texas is bustling as a military training center.

But the training isn't for the rifleman, machine gunner, or tank destroyer.

Over Vast Area
And the state isn't sending thousands of fledgling fliers hop-scotching over its vast area.

The men in training now are jet mechanics, engineers, anti-aircraft gunners and technicians.

There still is some flying training—and still some infantry. But compared to the 15 camps and 40 air fields that operated in the state in World War II, it's practically nil.

It may mushroom again. There's been talk of reactivating Camp Bowie, where thousands trained in the infantry. And Swift, where the 95th, 88th, 104th, 97th and 10th mountain divisions prepped before heading overseas.

Trained Technicians
But the soldiers you see in Texas now, for the most part, are trained technicians, or they are training technicians.

Sheppard Air Force Base at Wichita Falls is on a round-the-clock schedule for producing airplane mechanics.

BIG VISITOR

NORANDA, QUEBEC —(AP)—Two moose weighing 900 pounds staring through their window the other morning. The moose lumbered across the golf course and jumped into the lake. A moose hadn't been seen in Rouyn for about 20 years.

Army Teaches Troops To Beat Air Sickness

FRANKFURT, GERMANY —(AP)—The Army and the Air Force conduct "air-transportability schools." This high-sounding name is the cover for a simple project. In order to teach soldiers to overcome air sickness, they are taken for practice flights. It's working, too. Men who climb aboard planes gingerly soon blossom into soldiers who realize that airplanes move faster than size 12 shoes.

Much of the sickness encountered in moving troops by air had come from apprehension of the unknown, it was learned. Once soldiers got accustomed to the idea of flying, the fight was half won.

JACOBY ON BRIDGE. By OSWALD JACOBY. Written for NEA Service. Few players take enough advantage of the opening bid of one no-trump...

Table with columns: NORTH (D), WEST, EAST, SOUTH. Bridge hand details including suits and cards.

has nearly half the strength in the deck, and his own high cards are more than enough to make it a cinch that the opponents are out-held in high cards.

When the hand was actually played, South missed his chance to double. However, North came to the rescue by doubling when two spades was passed around.

Actually South decided to run out of a good spot into a bad one. His contract of three hearts went down automatically and ingloriously.

Part of the value of a strong opening bid of one no-trump is that it silences the opposition. This value is lost if you let the enemy get away with an interference bid that should be punished.

Q—The bidding has been: North 1 Diamond, East Pass, South 1 Spade, West Pass. What do you do?

A—Pass. Partner cannot show support for a major, cannot bid no-trump, and cannot make a jump bid at any stage.

TODAY'S QUESTION: The bidding has been: North 1 Diamond, East Pass, South 1 Spade, West Pass. What do you do?

CARL said, "Hello, Mary," as if he had run into me quite by accident on Fourth Avenue.

I backed away. I could scream. I might even run, but Carl had come too far to turn back.

"You're taking it right quiet, you said."

Peace Bid Faces Whole Flock Of \$64 Questions For Capital

By PETER EDSON. NEA Washington Correspondent. WASHINGTON — Crossed fingers and fishy eyes characterize the official Washington reaction to Russian Jacob Malik's Korean peace feeler.

Question—Who will negotiate the cease-fire? At the end of most wars, the first terms for armistice have been arranged between opposing commanders.

Question—Do the Russians really want peace in the Far East, or are they merely trying to buy time? Peace Up To Russians. Realistically, there can be no peace in Korea unless the terms are acceptable to and accepted by the Russians.

Question—What effect will the Korean cease-fire have on the American political situation? Will it not be claimed as a victory for the Truman Administration Korean policy?

Question—If a Korean settlement is bought too cheaply or too soon, will it not release Russian supplies for new greater Communist aggression in Indo-China? Or Iran? Or some other part of the world where the United States and the United Nations are weaker?

Question—What effect will a Korean cease-fire agreement have on the controversy between General MacArthur and the Joint Chiefs of Staff?

Question—What effect will the Korean cease-fire have on the American political situation? Will it not be claimed as a victory for the Truman Administration Korean policy?

Question—Do the Russians really want peace in the Far East, or are they merely trying to buy time? Peace Up To Russians. Realistically, there can be no peace in Korea unless the terms are acceptable to and accepted by the Russians.

Did You Know That?

Forest fires, most of which are caused by man's carelessness, destroy enough wood in the United States each year to build 86,000 houses?

The size and cost of a heating plant can be reduced between 24 per cent and 30 per cent if the house is fully insulated with mineral wool?

The average American family spent \$372 for home furnishings during 1950?

Only 15 per cent of the homes in America are properly built to conserve fuel with full-thick insulation, storm sashes and weather-strip?

The \$10,391,211,000 worth of new residential construction in the United States during January, 1951, was 18.2 per cent ahead of January, 1950?

Nylon, leathers, paint, lipstick, flypaper, typewriter ribbons, and hair dressing are some of the products in which castor oil is used.

LATEST FASHION—Exposure of more floor area, home decorators say, is the latest fashion in interior planning. Illustrating this trend, the room pictured here capitalizes on the gleaming mellow beauty of oak. The floor itself thus becomes a major element in the decorative plan. Set off by a handsome throw rug, it complements perfectly the attractive wood paneling and maple furniture which flank the curved brick fireplace.

New Step-Saving Kitchen Comes Off Drawing Boards

A kitchen designed with the homemaker in mind, eliminating much of the drudgery from kitchen chores, has just been designed.

Published in the National Association of Home Builders' magazine, the prize winning design for kitchen planning saves extra steps and furnishes plenty of working and storage space.

The first prize award of \$2,500 in the recent National Association of Home Builders-Architectural Forum Design Competition for kitchen planning, went to architect James M. Chase of New York City.

Chase's kitchen is designed to save steps, leaves the housewife with plenty of energy for other household duties and for leisure. Kitchen equipment is arranged logically on all four walls of the room to provide areas for food storage, food preparation, cleaning, mixing, cooking, assemblage and serving.

Other Features Listed
 Other features which help save weary footsteps include cleaning and laundry facilities within a short distance from the center of the kitchen. Each is compact, with all working features at the fingertips.

The planned kitchen includes an electric sink, complete with food waste disposer, wooden cutting board cabinet top, range, refrigerator, breakfast bar, broom and mop closet, linen cabinet, work counter, electric washer and dryer, steel base cabinets, including a corner cabinet with rotating shelf, and steel wall cabinets.

The design of the over-all house in which the prize kitchen is located is that of an attractive, contemporary style dwelling in the moderate price bracket. The home has three bedrooms, living room, kitchen, carport, breezeway and plenty of built-in furniture.

Tex-Rock Insulation Firm Merges With New Jersey Concern

George W. Elliott, president of George W. Elliott Enterprises, Inc., owner of the Tex-Rock Insulation Manufacturing Company of Temple, has announced that details have been completed in the merger of this company and the Baldwin-Hill Company of Trenton, N. J.

Elliott, former West Texas hotel owner, legislator and civic leader,

George W. Elliott purchased the Tex-Rock Insulation Company three years ago. This plant, built in 1938, manufactures rockwool batts, loose-fill, and granulated for pneumatic application. Tex-Rock also operates a plant at McKinney where it manufactures blowing wool only.

W. H. (Bill) Hill is president of Baldwin-Hill, and is well known as a leader in the rock wool manufacturing field. Elliott will devote special attention to the marketing and merchandising in the Southwestern Division of Baldwin-Hill, and shortly will make his home in Austin, kitchen, carport, breezeway and plenty of built-in furniture.

LP-GAS POPS UP AGAIN

Liquefied petroleum gas, a versatile fuel which is finding its way into tractors, automobiles and even airplanes, now has appeared in a carnival atmosphere. A Chicago firm is marketing a popcorn machine which burns propane gas.

OIL MAKES ELECTRICITY

Electric utility power plants used more oil in 1950 than ever before to operate their generators. Their consumption totaled 75,287,618 barrels, an increase of 13.6 per cent over the previous year. In 1950, gas use by electric power plants was also up 14.2 per cent.

Inspection Of House Under Construction Reveals Value

Part of the cost of owning a home is its repair and operation and only the house in which these costs can be held to a minimum can be considered a good buy.

Although the reputation of the builder usually is a guide to value when buying a home development, it still is a wise course to check construction details. These can be examined in varied stages of construction.

The first thing to determine is whether the house is on a well-drained site so that water flows away from the structure. The foundation should be examined to see if the concrete was poured evenly without leaving large patches of gravel. If concrete chips easily under light hammer blows it will cause trouble later on.

If the house has a basement or crawl space, the center of the structure should be supported by wood or steel columns or masonry piers topped with a steel girder or heavy beam. The best subfloors are laid diagonally to provide greater strength. Joists should be braced at intervals with X-shaped bridging.

Another sign of quality is minimal wool insulation in walls and above the top floor ceiling. This material variously is known as rock wool, slag wool or glass wool, depending on the substance from which it is made. All have equal insulating value and will lower the initial cost of the heating system and its cost of operation.

Windows and doors should not stick nor bind. Large fixed windows should be glazed with insulated glass with a dead-air space between two panes. Stairs should be firm, level and true with no vibration under foot.

Fire-Resistant Roof
 The roof should be of fire-resistant material, laid over wood or composition sheathing on rafters spaced no farther apart than 16 inches, center to center. Floor joists and wall studs likewise should have this standard spacing.

Generally, all homes being built today are well constructed. Mortgage lenders, building officials and government agencies make repeated inspections during construction to make sure that specifications are followed. However, they follow minimum standards. Although it may cost a few hundred dollars more, the house with extra strength built into it is a much better buy than one which has surface charm with skimpy construction.

DADDY RINGTAIL

Daddy Ringtail and Red Snapper

The Huffen Puffen, the friendly, dreamed a dream of sword-fishing for swordfish. What! But Daddy Ringtail, your mon-friend, did not get to go along the dream to have the fun of sword-fishing.

Next day the Huffen dreamed a dream of kingfish fishing for kingfish way out in the ocean. What! But Daddy Ringtail in the am had just gone along to watch Huffen, and did not have the fun of fishing in this dream either. Daddy Ringtail was thinking of two dreams he hadn't got to go along in, and Daddy Ringtail was thinking he could really go fishing if he wished and wished until at last - Daddy Ringtail hurried on the sands by the sea to the Ancient Mariner about boat to go fishing in.

What a big, big boat it was! The

name of the boat was Red Snapper and it belonged to the Ancient Mariner, and it was big enough to go farther out in the ocean than Daddy Ringtail had ever been in his life. Yes, and Daddy Ringtail was wanting to pay the Ancient Mariner some coconuts so the Ancient Mariner would let him use the boat to go fishing in, away, way out in the ocean.

Yes, and the fishing ought to be such fun, why not take Doctor Shoo-bug along? Why not take the Huffen Puffen, and Old MacDonald, and the Featherman, and Mug-wump, of course, and Uncle Bunkum, and all the other dear friends? "Ancient," said Daddy Ringtail to Ancient Mariner, "how many coconuts will the boat cost for me to take all the folks fishing? Will ten coconuts be enough?" "Hum?" said Ancient Mariner with his hand to his ear. "Will thirty coconuts be enough?" asked Daddy Ringtail. "Huh?" said Ancient Mariner with

his hand to his ear again. "Will a hundred coconuts be enough?" asked Daddy Ringtail. "Sure it will," said Ancient Mariner, because Daddy Ringtail at last had said enough coconuts for Ancient Mariner to hear him. And so Daddy Ringtail gave him the hundred coconuts, and Ancient Mariner

ner let him have the Red Snapper boat to take the folks fishing, and a hundred coconuts was a whole lot of coconuts for a monkey-man, but the fun of fishing was enough to remember forever. Happy day! Happy - remembering - all - the - happy - things - you - do!

Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

The market was slow and weaker on most classes of cattle at the Midland Livestock Auction Company sale Thursday. Receipts were 260 cattle and 74 hogs. Butcher hogs sold up to \$21.25 per cwt.

Fat calves and yearlings cleared at \$31 to \$35.50, mediums \$27 to \$31, commons and culls \$19 to \$27. Fat cows drew \$22 to \$22.50, mediums \$19 to \$22, canners and cutters \$14 to \$18. Bulls brought \$25 to \$28.

Steer calves auctioned for \$33 to \$35.50 and heifer calves for the same price. Cow and calf pairs cashed at \$175 to \$220.

Stanley (Com-A-Riddin') Franks, publisher of the West Texas Livestock Weekly, was a Midland visitor Thursday. He attended the livestock auction sale and visited friends before returning to San Angelo. Franks is a former conductor of this column.

A big matched roping event is scheduled at 2 p.m. Sunday in Fort Stockton, under the auspices of the Pecos County Sheriff's posse.

Jim Bob Altizer of Del Rio will contest Bill Teague of Oran for a \$1,000 purse in the feature event of the afternoon. A jackpot calf roping also is slated.

The roping event will be held at the Posse Rodeo Grounds, with everyone invited.

And then come Monday the big annual West of the Pecos Rodeo will open a three-day engagement at Pecos—home of the world's first rodeo.

Final arrangements have been completed and record crowds are expected to attend each performance of the rodeo, which is recognized as one of West Texas' top entertainment events.

Opening Day Parade

An opening day parade is scheduled at 4 p.m. Monday, with rodeo performances slated at 8 p.m. Monday, Tuesday and Wednesday. An Independence Day matinee is scheduled at 2 p.m. Wednesday. A total of \$5,000 in prizes, plus entry fees, is offered the contestants in the various events, including saddle bronc riding, calf roping, bull riding, wild horse race, bull dogging, barrel race, bareback bronc riding, and team roping.

A barbecue for visiting Sheriff's posse units will be held following Monday's parade. A dance is scheduled Monday night.

Emmett Besuchamp is president of the Pecos Fair and Rodeo Association, sponsoring agency, and Jess Burner is vice president and general manager of the show.

Many West Texans will spend the Fourth of July holiday at the famed Pecos Rodeo.

And while on the subject of rodeos, plans are nearing completion for the eighteenth annual Cowboy Reunion and Rodeo to be held July 18-21 at Big Spring. The RCA-approved rodeo will be produced by Beutler Brothers of Elk City, Okla.

The popular Hardin-Simmons University Cowboy Band of Abilene will appear in the opening day parade and will play at the initial rodeo performance in the new concrete rodeo bowl located two miles west of Big Spring.

Rodeo events include bareback and saddle bronc riding, calf roping, steer wrestling, bull riding and wild cow milking. Charlie Creighton is the show's managing director.

R. O. Sheffield, San Angelo ranchman and breeder of registered Rambouillet sheep, has a 1/2-acre irrigated plot of sweet sudan grass.

He's grazing the grass around the clock, running both sheep and cattle on the watered field, according to an Associated Press news release.

Here's what Sheffield says the small field carries: At night he moves in 100 head of lambs, 50 ewes and six head of cattle; each morning he moves in 27 cattle and 80 ewes, turning the other animals to pasture, at noon the cattle and ewes go off the grass and Sheffield moves in six bulls and 18 lambs. The forage is around three and one half feet high.

Sheffield says he'll probably have to cut the remainder of the grass for hay.

Hi-Bred and Deltapine (TPSA) produced the highest average yields in the cotton variety tests conducted

U. S. Advisors-

(Continued From Page One)

experienced officers. A new program was launched to attack this problem. A military school system, modeled along American leader ship. Units up to 400 men, based on non-commissioned officers and officer candidates to improve the quality of junior leadership. Units up to division size were rotated from the front for instruction.

KMAG gained a new chief June 1 when Brig. Gen. Garrison H. Davidson succeeded Brig. Gen. Francis Farrell, who had served in the position since last July.

Davidson, white-haired, handsome former head football coach at West Point, stressed that KMAG now has shifted the emphasis from quantity to quality for the Korean Army.

"When the war first broke out," he said, "the demand was for lots of men in a hurry. Now that the situation has become more stabilized, we can concentrate on quality."

Davidson said the full effect will not be felt for another six months, but "we can feel certain that the South Korean Army in the future will be far more capable of containing any aggression than it was before the war."

at the Big Spring Experiment Station the last three years, according to F. E. Keating, Big Spring station superintendent.

"Average per acre yields of 214 and 211 pounds of lint were obtained from Hi-Bred and Deltapine (TPSA)," said Keating.

Other high yielding varieties were Stormproof 1, Paymaster 54, Stoneville (TPSA); CA 99A Stormproof; Texcala, Rogers; and Northern Star. These varieties varied in average acre yield from 206 to 191 pounds, in the other named, Keating reported.

In the 1950 test, Stoneville (TPSA) produced the highest yield, with 354 pounds of lint per acre. Deltapine (TPSA), Stormproof 1, Paymaster 54 and Hi-Bred were the four next highest yielding varieties for the single year. All produced more than 300 pounds of lint cotton per acre.

Flea affecting livestock cause tremendous loss to the farmer each year. Therefore, it is to the livestock man's advantage to provide the best possible control of these pests.

R. O. Dunkle, Young County agricultural agent, reports many ranchmen in Young County are spraying their herds for hornfly control. Dunkle estimates that if one-half of the cattle in the county were sprayed regularly through the fly season, beef production would be increased more than half a million pounds.

Charlie Cave, Kaufman County cattle breeder, said recently the cattle in his herd, which were sprayed last year, were at least 10 per cent better than unsprayed animals.

Specific Measures
It usually is necessary to apply specific control measures for each species of fly, says James A. Deer, assistant entomologist for the Texas Agricultural Extension Service.

Deer points out also that different control measures are required for different types of livestock. Dairy cattle should not be sprayed with insecticides that may contaminate the cow's milk.

He suggests that livestock men contact their county agricultural agents for the latest recommendations on controlling hornflies, stable flies, horse flies and houseflies. Hornflies alone may cost the livestock producer 50 pounds or more of beef per animal a year.

Cattle owners should be on the alert for a dangerous new cattle disease which first appeared in this country seven years ago and appears to be spreading, veterinary authorities said.

"The disease, leptospirosis, first was diagnosed in Connecticut in 1944, and has now invaded the majority of our best cattle producing states," reports the American Foundation for Animal Health.

"Controls efforts have been handicapped because symptoms of the disease vary so widely. Sometimes cows may be stricken without the owner knowing it. Sudden illness, loss of appetite, fever, depression and thick milk are all suspicious signals.

"Owners may think some light cases are only indigestion, since the cow may recover without serious illness. In other cases, however, the disease strikes hard, killing many animals."

Isolation Recommended

Recovered animals may act as disease carriers for a considerable length of time, the report says. Also, owners may confuse the disease with mastitis or anaplasmosis. The only sure way of determining if leptospirosis is present in the herd is through blood tests and isolation of the disease-causing organism.

"If cattle owners suspect an outbreak of the disease, they should obtain a diagnosis immediately. The sooner medical treatment is started, the better the chance of saving the affected animals and preventing the disease from spreading," the Foundation advised.

Reading Contest Has 100 Entries

More than 100 children have entered the Midland County Library's fourth annual vacation reading program.

The program, known as the Wildcatters Reading Club, was begun June 1 and will be open until August 31. Children of school age still may enter as contestants by reading one book.

The contest is being conducted in the Children's Room at the Main Library in the Midland County Courthouse, and at the Terminal and Dunbar Branches.

First, second and third place prizes will be awarded after the contest. To qualify, a contestant must read from various fields of fiction and non-fiction in books as his particular reading level.

Herbert Munson, 10-year-old grandson of Mr. and Mrs. Greene G. Hazel of 717 West Kansas Street, has read approximately 30 books to lead the field of contestants so far.

"The Magic of Oil" is the theme of the contest, and a model drilling rig loaned by Joe Moore of Honolulu Oil Company is on display in the Children's Room.

A party for all contestants will be held in September.

ANTI-BUMP MIXTURE

Experiments are being conducted in the use of an asphalt-rubber mixture for pavement at railroad crossings. The mixture is expected to overcome deterioration around the rails caused by pounding and tearing by trains and trucks. Asphalt is a petroleum product.

MALAYA STUDIES EDUCATION

KUALA LUMPUR, MALAYA—(AP)—An official study of Malay educational practices recommends such sweeping changes as the abolition of all vernacular schools and the establishment of a single type of free primary schools teaching Malay and English.

The so-called Barnes report—named after Leonard J. Barnes, director of social training at Oxford University who was chairman—was drawn up by a 14-man committee of whom nine were Malays and the rest Europeans. The report will be laid before the meeting of the Federal Legislative Council on July 11. Also expected to be presented that day will be a report on Chinese education prepared by another committee.

Although it was once believed that African elephants could not be trained as work animals, about 30 or 40 a year have been so trained for the last several years.

NEW TANG FOR THE NAVY—On its way to active duty with the fleet is the new U. S. S. Tang, after its christening in the naval shipyards at Portsmouth, N.H. The Navy's newest submarine was christened by Mrs. Richard O'Kane, whose husband won the Congressional Medal of Honor for rescuing 22 fliers downed in sight of the enemy while skipper of the original U.S.S. Tang. The old Tang was sunk by one of her own torpedoes in Formosa Straits in October 1944.

REFINERY MANPOWER

A survey of the nation's refineries shows there are 145,438 men and women employed in 241 operating refineries. There are 19,098 salaried employees and 127,400 wage earners, the latter divided among more than 700 job classifications. These employees are classified in the following functions: administrative 8,168; technical services 16,880; production or manufacturing 28,400; pumphouse 7,488; maintenance 52,132; utilities 4,686; warehouse, shipping, receiving and storage 17,133; and production and custodian 111,862.

OIL TAX COLLECTIONS UP

Collections from the three federal taxes amounted to \$895,972,792 in 1950, topping 1949's \$695,145,284 more than 10 per cent. The Internal Revenue Bureau has reported. Collections included \$551,449,723 in gasoline tax; \$187,642,429 in 1950, 31,747,997 from lubricating oil tax; \$80,317,326; and \$21,878,000 from pipe line transportation levy against \$18,764,629. Last year was first time pipe line levies were more than \$20,000,000. The federal tax bill levied on petroleum products and services.

Average American Spends More Money, Lives Better Than At Beginning Of '51

BY SAM DAWSON
NEW YORK —(AP)— Americans generally have more money now than they had at the first of the year or ever before. They spend more than ever before to live, but better.

This is but one of the ways their lives are being changed as business and industry, in a remarkable six months of expanding in one direction and contracting in another, adjusts itself to an economy half-war, half-peace.

Here is how Americans have fared in the last six months as to food, clothing, new homes, jobs and wages, money and credit:

FOOD
The cost of eating soars, in spite of a four-month drop in most main prices, and prospects that total food supplies will be 14 per cent higher than last year.

Food prices showed signs of leveling off in late May and June, with the notable exception of pork. There is hope for relief, however: this year's pig crop is expected to be five percent more than last year. Chickens hatched 38 per cent more chicks this Spring and cold storage poultry stocks are up 60 per cent. Weather conditions have been good to fair for most crops.

Raw materials for groceries which are lower now than in January include: wheat, corn, butter, lard, flour, coffee, and oats. Those higher than at the start of the year are: eggs, sugar, cocoa, hogs, lamb and veal.

CLOTHING
Apparel prices are rising slowly, led by men's wool suits, although some women's dresses and stockings were lower priced. Retail sales turned dull after a January spurt. Store inventories are high.

Raw cotton prices rose during the six months, but the price of cotton cloth is lower now than in January and the market is slow. Prospects are good for a much larger crop this Summer.

Raw wool hit its price peak early in the year and has turned weak. Manufacturers say prices of all wool clothing will be higher. Retailers are reported holding back on orders.

There was a striking trend toward greater use of synthetic fabrics.

HOMES
Half a million persons started building new homes this year. So far, the government's tightening of credit and restrictions on supplies has reduced home building by about one-fifth from last year's record high-rate.

The government aims at 850,000 starts, both this year and next, compared with 1.4 million last year. Large-scale builders now think that's about what will happen this year but that next year's may be up to 450,000. Some small contractors, who build a few houses a year, say their customers have the dough to meet the higher down payments and there's no slackening yet in their business.

JOBS AND WAGES
Fewer people are out of work—18 million—than at any time since the end of the war. And 61 million have jobs. Industrial and commercial employment has risen to 46 million, a gain of 2.1 million in a year.

But today layoffs are spreading in some industries, like auto and electrical appliances, as they cut back on production and shift into defense work. Other industries, like aircraft, can't find all the skilled labor they need. Engineers particularly are in demand.

The average factory work week, which had been climbing, slumped in mid-May to 40.6 hours, and the average weekly pay dropped 39 cents to \$64.35, but was still better than a year ago by \$7.

MONEY
More money poured into more pockets in the last six months. Personal income totals continue to rise and now stand at around \$244,500,000 a year, a record high.

Savings slumped early in the year but are now gaining ground again after the retail buying spree ebbed and credit curbs put a crimp on buying on time. Redemptions of U.S. bonds continue to outrun new sales, but the Treasury hopes its 1951 extension on them will induce holders to hang on.

Farm income in the first half of the year hit \$13,200,000,000, 20 per cent above a year ago.

CREDIT
Installment selling took a blow in the chin this year. Credit curbs used by consumer credit totals to drop all year. They are still around \$9,000,000,000, up \$3,500,000,000 from last year.

Installment buying hit its peak in December at \$13,400,000,000, has slipped to around \$12,500,000,000. Car installment sales have dropped from

Trade Promotion Meeting Called

SINGAPORE —(AP)— The United Nations Economic Commission for Asia and the Far East will hold a conference on trade promotion here from October 9 to 12.

Invited to attend are Asian members and associate members from Burma, China, India, Hong Kong, Indonesia, Pakistan, Philippines, Thailand, Cambodia, Ceylon, Korea, Laos, Malaya, Singapore, Brunei, North Borneo, Sarawak, Nepal and Vietnam. Member governments attending from outside the Asia area are Australia, France, Netherlands, New Zealand, Russia, United Kingdom and United States.

METHODIST MEN ELECT OFFICERS

MCCAMEY—L. L. Edwards has been elected president of the Methodist Men. Roy Johnson was named vice president and Wiley Haggard, treasurer. The election meeting was attended by William Warner and Elmo Curry, both of San Angelo. Both are leaders in the Methodist Church.

PAPERS COMBINED

STAMFORD —(AP)— Roy M. Craig, publisher of the Stamford American and Stamford Leader, said Friday the two papers have been combined.

Eighteen national forests in California cover one-fifth of the state.

+ Rankin News +

RANKIN—Mr. and Mrs. Tom Workman visited their son-in-law and daughter, Mr. and Mrs. Joe T. McCommie, Jr., in Crosbyton recently.
