## UN Stresses Air, Naval Power In Truce Talks

### Council Spurns Entry Into CRMWD

Midland's City Council turned a cold shoulder Thursday afternoon to the Colorado River Municipal Water District as well as a proposal to name a citizen's advisory committee to study city problems.

Without actually deciding against entry into the water supply district, some members of the council indicated opposition to it.

"I think we can go out here every five years and spend a million dollars on a ground water supply," said Councilman Jack Wilkinson, "and we can still come out ahead."

The council was informed officially by City Manager W. H. Oswalt that the water district's board of directors have given Midland until September 1 to make a decision.

He said the proposal would have to be submitted to citizens at an election before a decision could be given the district.

Who Has The Best? "Well, just let me ask you this," said Wilkinson. "Who has the best water supply up and down this country right now?"

"We have," answered Oswalt. "That's right. All these other people, including those with surface water supplies, are having to ration water this summer and we haven't had to do that."

The council took no action on a suggestion by Oswalt that a citizens committee, possibly consisting of 50 "top-flight people in this community," be named to help study the water situation.

### R. C. Tucker Named President, Manager Of Two Oil Concerns

LUBBOCK — R. C. (Bob) Tucker has been elected president and general manager of two Lubbock oil firms, George P. Livermore, Inc., and Great Western Producers, Inc.

The Lubbock man formerly was executive vice president of the two companies, previously headed by

George P. Livermore, who announced his resignation several weeks ago.

Livermore will continue his participation in the companies as a member of the board.

Tucker joined the Lubbock companies on Jan. 1, 1948, as vice president and served in that capacity until his election to the presidency.

A native of Parkersburg, W. Va., Tucker began his career in the oil industry in 1919 when he was employed by the Carter Oil Company. He since has served with Trans-Continental Oil Company and American Petroleum Company of Texas, and with Mid-Continent Supply Company.

Tucker lived in Midland several years prior to the time he went to Lubbock as executive vice president of the Livermore companies.

He was division manager for the supply company while a resident of this city.

### ★ LATE NEWS FLASHES ★

DENVER — (AP) — Flash floods rolled over widely separated sections of Colorado early Friday, destroying homes, killing livestock and cutting highways.

PARIS — (AP) — Former Premier Rene Pleven accepted an invitation Friday to try to form a new French cabinet.

NEW YORK — (AP) — Three more aliens surrendered Friday in the government roundup of 39 persons at liberty under bail furnished by the Civil Rights Congress, branded subversive by the U. S. attorney general.

### Gas May Feel Tough Policy On Flaring

By TANNER LAINE

Natural gas is as important as oil in the eyes of the Railroad Commission of Texas.

This was indicated Friday in a meeting here of commission representatives and gas producers and operators of three West Texas fields.

Charged with conservation and attacking the problem of flaring, the commission indicated "hot gas" over-produced and inaccurately reported in accordance with gas-oil ratios could become as grave an offense as "hot oil" production.

"This is the advance skirmish of the clearing up of gas flaring in West Texas as was done in East and South Texas," Olin Culberson, chairman of the commission, declared.

Flanking Culberson, as he talked with the field and plant representatives, was William J. Murray, a commission member.

From Several Fields Producers and operators, numbering more than 100, were here from the Goldsmith, Keystones and Wadwell fields and their immediate areas.

The morning session outgrew the and another session was scheduled at 1:30 p.m. in the courthouse.

Culberson presided at the informal conference. He declared it was held for the purpose of getting at a uniform flow of gas to plants in order to prevent gas flaring.

"The commission has been patient about the gas flare order but it can (Continued on Page Eight)

### Peron Invokes Wartime Powers

BUENOS AIRES — (AP) — President Juan D. Peron invoked wartime emergency powers Friday for the second time within eight months in an effort to break a three-day-old strike of railway engineers and firemen opposed to his regime.

All rail workers were placed under military control last January 25 when a widespread rail strike was broken by conscripting workers into military service.

The announcement on the strike came as pro-Peronist unions began booming Peron as a presidential candidate for another term of office with his wife, Eva, on the ticket as vice presidential candidate.

### O'Dwyer Transfer Of Funds 'Regular'

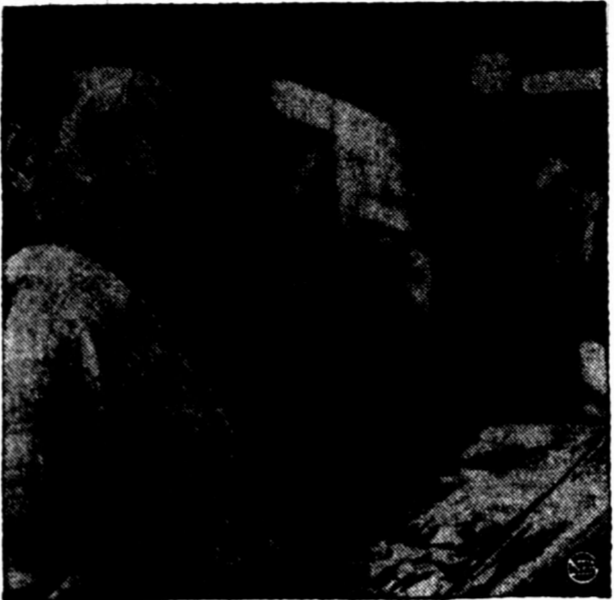

WASHINGTON — (AP) — The State Department said Friday Ambassador William O'Dwyer transferred \$1,000,000 from Mexico to New York as a transaction between the Mexican and U. S. governments.

In a statement, it said the transfer was a regular financial transaction and in accordance with "accepted practices."

The statement, issued through the press office, added some published reports of recent days "have created the unfortunate impression that the transaction was extraordinary and even irregular."

"These reports have absolutely no basis in fact," it said.

The New York Daily News first reported the transfer of the funds.

PARALYZED ARTIST — Gilbert Provencher, 19, Hockett, N. H., whose arms and legs are paralyzed due to an auto accident four years ago, puts on a one-man art show at the Institute of Physical Medicine and Rehabilitation.

### Budget Presented To City Council Asks For \$167,000 Increase In Expenditures

A budget calling for an increase of more than \$167,000 in municipal expenditures—but based on a tax rate reduced by 17 per cent—was presented Thursday afternoon to the City Council.

A public hearing on the budget, which will become effective October 1, was set for the afternoon of September 6.

With major increases slated for the police, fire and sanitation departments, the 1951-52 budget calls for expenditures of \$1,373,758 in general fund and water department operations.

This is \$167,394 more than the total \$1,206,364 set up in the 1950-51 budget.

City Manager W. H. Oswalt told the council the budget figures were based on a tax rate of \$1.45 per \$1,000 valuation, compared to the present \$1.75 rate.

Valuations Readjusted The tax rate reduction was made possible largely through an equalization survey which readjusted property valuations on the city's tax rolls.

Oswalt earlier said a \$1.50 tax rate would mean a lowered tax bill this year for approximately two-thirds of the taxpayers though the other third would pay higher taxes.

The new budget calls for \$590,523 for the general fund, compared to the current \$758,281, and \$483,135 for the water department, compared to the \$448,083 in the 1950-51 budget.

In the new budget, the police department appropriation was increased from \$142,471 to \$168,720, the fire department from \$68,457 to \$132,470 and the sanitation department from \$96,245 to \$108,965.

Another Major Boost Another major increase lifts the parks appropriation from \$26,896 to \$48,080. This includes \$15,000 for the purchase of additional park land and more funds for purchase (Continued on Page Two)

### Man, Wife Killed In Crossing Crash

CAMERON — (AP) — Mr. and Mrs. James Elrod were killed instantly Friday when a Santa Fe passenger train crashed into their car at a crossing about three miles from Milano.

Their car was demolished.

Mrs. Elrod, 52, was the first secretary of the Milam County Farm Bureau.

### Britain, Iran To Resume Oil Parleys

LONDON — (AP) — Britain's cabinet mission to Iran flew for Tehran Friday to begin new negotiations toward settling the bitter dispute over nationalization of Iranian oil.

In an exchange of notes at Tehran, Britain and Iran agreed Friday to the roundtable discussions. Britain accepted the "principle of nationalization of the oil industry in Iran."

The leader of the British mission, Richard R. Stokes, lord privy seal, said:

"I'm sure that the conversations will be conducted in an atmosphere of what I would describe as the utmost goodwill. As long as we do that, we should find some solution which will be acceptable to everyone."

Iran agreed in the notes that the way in which the government takes over the vast oil resources—heretofore exclusively exploited by the British-owned Anglo-Iranian Oil Company—shall be subject to negotiations between the two governments.

Previously Iran had declared the dispute was a matter between Iran and the oil company and would not accept a British government negotiator.

The dispute over the future of the \$1,400,000 Anglo-Iranian oil company was deadlocked when President Truman stepped in about two weeks ago, and sent his personal envoy, W. Averell Harriman, to Tehran.

After talking with Iranian officials, Harriman flew here last week-end and conferred with Prime Minister Atefeh, Foreign Minister Herbert Morrison, Stokes and other top government officials.

### A. C. Francis, 67, Former Sheriff, Dies Here Friday

A. C. (Auld) Francis, longtime resident of Midland and widely-known West Texas rancher, died unexpectedly at a Midland hospital at 6 a.m. Friday. He was 67.

Francis had been in ill health the last two years and was taken to a hospital Thursday night. He resided at 610 South Main Street.

He held the office of sheriff and tax assessor-collector in Midland County from 1923 until 1941.

Born in Coryell County Jan. 17, 1884, Francis came to Midland in 1906 from Garden City, Texas.

Francis had been in the cattle and ranching business all his life. He was associated with the Scharbauer Cattle Company until he acquired his own ranch, which is now the Benge Ranch south of Midland. Francis also owned a ranch near Seminole.

Always a generous man, Francis was well-known for his willingness to help those in need.

Funeral services will be held at 3 p.m. Saturday at the Newvie W. Ellis Chapel. Interment will be in Fairview Cemetery.

Survivors include the widow, Mrs. A. C. Francis; a daughter, Mrs. Hugh West; a brother, John Y. Francis; two sisters, Mrs. Lenna Mae Shields and Mrs. C. M. Goldsmith; and two grandchildren, all of Midland.

### Commiss Admit Land Superiority Influences Action

UN ADVANCE HEADQUARTERS, KOREA — (AP) — The Allies pointedly reminded the Reds Friday that United Nations planes and ships range at will far north of the Korean battlefield and must be taken into account in setting up any cease-fire buffer zone across the peninsula.

UN envoys emphasized this virtually unchallenged air and naval might during the deadlocked armistice negotiations at Kaesong.

The Communists have been insisting on a cease-fire buffer zone straddling Parallel 38. The UN demands a dividing line generally following the present front, which extends diagonally, from south of 38 in the west, into North Korea for as much as 35 miles.

In effect, the Allies told the Reds Friday not to forget that the ground line is not the only battle front—that the war can, and is, daily being carried to the Reds as far north as the Yalu River boundary between North Korea and Red Manchuria.

Influence Action When negotiators used this lever in Friday's two hour and 35 minute session, a UN spokesman said, North Korean Lt. Gen. Nam Il grudgingly admitted the superior air and naval power of the United Nations and that he had influenced Communist ground action.

The chief Red delegate did not weaken his demand for a cease-fire line along the 38th parallel.

The sessions ended with the delegations still unable to agree on where to create a buffer zone. They take up the same subject for the tenth time in Saturday's session.

The United Nations' unquestioned air and naval might was introduced into discussions at the start of Friday's sessions, said Air Force Brig. Gen. William P. Nuckolls, the Allied briefing officer.

Vice Adm. C. Joy Turner told General Nam Il a military armistice should maintain the approximate overall balance of military power existing when the armistice is signed.

This was the first announced ref- (Continued On Page Eight)

### 90 West Pointers Ousted

WASHINGTON — (AP) — The Army Friday cashiered 90 West Point cadets, including some varsity football players.

The charge was violating the Army's code of honor by accepting outside help to pass classroom tests. No names were announced, and the Army said none would be.

A spokesman said the number discharged was the largest involved in any single investigation since the founding of the academy.

Secretary of the Army Pace said he had approved the action upon recommendations made by a special board. The board was set up by Gen. J. Lawton Collins, Army chief of staff.

It was composed of Judge Learned Hand, recently retired from the U. S. Court of Appeals in New York; Lt. Gen. Troy H. Middleton, now president of LSU, and Maj. Gen. Robert M. Danford, retired, a former president of the West Point Graduates Association.

The Army said the board's recommendation was unanimous and that it had been approved by Collins.

Include Grid Stars The official announcement said those ousted were cadets who had been prominent in various activities, including "varsity football."

Maj. Gen. Frederick A. Irving, academy superintendent, said in West Point the "infractions consisted of receiving improper outside assistance in academic work."

Irving added: "In accordance with the accepted code of honor, a cadet is not permitted to seek or accept improper assistance in any of the tests presented to him in class."

The Army said names of the discharged cadets will not be released "so that no undue criticism of the individuals concerned will result."

M - Pass Exams The academy has about 2,400 cadets. Most are appointed upon congressional recommendations. They must pass examinations and meet rigid physical and mental qualifications.

The dismissal followed investigations by two groups, one composed of West Point officers and the other by the group headed by Justice Hand.

Roger Tubby, assistant White House press secretary, said President Truman knew of the action and approved it.

"Naturally he is very much concerned," Tubby said.

### WSB Recommends Cost Of Living Pay Boosts Be Allowed

WASHINGTON — (AP) — The Wage Stabilization Board unanimously recommended Friday cost of living wage increases be allowed for all workers.

Board policy up to now has been to allow them for workers who are under union contracts having "escalator" clauses. Such clauses are those providing for automatic increases when the government's cost-of-living index rises.

A new board regulation will be drawn up immediately if Economic Stabilizer Eric Johnston approves the proposal to permit cost of living increases for all workers.

The wage board was set up to regulate wage rises as part of the government's anti-inflation program. It has jurisdiction over all workers who (1) are paid by the hour, or (2) are represented by unions.

It does not have power to require any employer to raise wages, but does have authority to say how large a rise he can grant if he wants to make one.

The proposed new regulation would take account of three general classes of contracts between employers and unions:

1. Those who had cost of living provisions in force prior to January 26, 1951, the wage freeze date. These clauses already had been extended to July 31, and now are given continuing approval.

2. Those employers and unions who may now want to include such clauses in contracts. They would be able to do so up to the level of the actual increase in living costs but no more.

3. Those who want to relate wage rates to the cost of living but who do not want an escalator clause. They also would be able to do so up to the same levels. Some employers and unions prefer a reopening clause in a contract to allow wage rates to catch up to living cost advances, but without being committed to automatic rises and drops.

### Four Poles Escape Red Terror Amid Gunfire, Land In Sweden

STOCKHOLM — (AP) — Four young Poles, one a woman, landed their bullet-riddled makeshift plane in Southern Sweden Friday and told of a dramatic escape from Red Poland amid gunfire.

They asked asylum, saying they were "fed up" with the Communist regime in their homeland.

Their exploit was less than 24 hours after 12 sailors of the Polish Navy staged a Baltic mutiny aboard a minesweeper and chose refuge in Sweden.

The two incidents created speculation concerning a possible connection with the recent visit to Poland of Soviet Deputy Prime Minister V. M. Molotov, who warned in threatening terms against Titoist revolts.

The four refugees made a perfect landing despite riddled landing gear, at Bulltofta Airport near Malmo, and said they escaped after a gunfight with Polish military guards.

They told a thrilling story of zig-zagging at 10,000 feet through the Baltic clouds to shake off a pursuing military aircraft. Once, a hatch flew open and they almost fell into the sea.

They were taken to a camp for political refugees.

Their plane was a makeshift affair with a Polish engine, wheels from a German Messerschmitt, several parts of Swiss origin and an American carburetor.

At Malmo they still carried firearms. They told authorities a sub-

machine gun they had used in the fight at Posman was dropped into the Baltic.

The refugees said they also were pursued by a Polish military aircraft which they eluded in the Baltic clouds.

Thursday 16 Polish mine sweepers overpowered their officers at pistol point aboard the Polish minesweeper Hedegrafarsson and pulled into Ystad in Southern Sweden.

Twelve of the 16 came and asked for Swedish asylum. The four others sailed back with their ship Thursday night, deciding they wanted no more of the mutiny and would face whatever fate awaited them in their homeland.

### Barnhart Opener In SW Glasscock Reports Big Flow

Paul F. Barnhart of Houston No. 3-10 J. O. Bigby Spraberry discovery in Southwest Glasscock County, flowed 283.88 barrels of new oil in 18 1/2 hours on a production test Thursday night and Friday morning.

Operator gauged the flow through a 24/64-inch tubing choke. No water developed with the oil. Operator will flow the well to tanks a few more hours and then turn it through separator for a potential test.

The oil is coming from open hole section at 6,710-6,908 feet. Location is 660 feet from north and east lines of the northwest quarter of section 16, block 36, T-3-S, T&P survey and 22 miles southwest of Garden City.

### Sinclair Will Dig Spraberry Tester In Midland Sector

One and one-half miles north-west of Texas Crude Company No. 1 Walton-Judkins, recently completed long south extension to the south side of the Tex-Harvey field of Central-East Midland County. Sinclair Oil & Gas Company spotted location for a 7,500-foot Spraberry wildcat.

It will be drilled as the firm's No. 1 Henderson, 1,960 feet from north and east lines of section 33, block 27, T-3-S, T&P survey. That makes it one and three-quarters miles northwest of E. K. Poppen and Edwin W. Pauley No. 1 Walton-Judkins, another completed extension of the Tex-Harvey field. Operations are to start at once.

### Spraberry Wildcat Is To Be Drilled By Humble In NE Upton

One and one-half miles northeast of Humble Oil & Refining Company No. 1 Tippett, recently completed Spraberry discovery in Northeast Upton County. Humble staked location for its No. 2-B Louise H. Shackelford.

It will be drilled as a Spraberry wildcat 660 feet from north and east lines of section 16, block 36, T-3-S, T&P survey. That puts it 27 miles north of Rankin.

It will operate under permit to 3,500 feet.

### Dickens Prospector To Test Soft Lime In Permian Section

Flacid Oil Company No. 1 Guy Coons, West-Central Dickens County, will test five miles west of the town of Dickens, drilled soft in the zone at 4,468-4,558 feet.

The section was described as a luminous lime in the lower Permian. Operator was preparing to take a drillstem test.

Location is 660 feet from north and east lines of section 3, AB&M survey. The prospector is contracted to dig to 4,500 feet to test the Ellenburger—unless it develops commercial production before reaching that level.

### Purvis Is To Dig Big Pit In Toborg Area To Get Seepage Oil

Dan Purvis of Midland has filed an application with the Railroad Commission of Texas requesting a permit to dig a 20-foot pit in the Toborg area of East Pecos County to recover and produce seepage oil from the Toborg pay.

He reveals in his application that the pit is to be designated Dan Purvis No. 1-Pis Continental Oil Company-Yates.

It is to be three miles south of Iraan and will be 30 feet deep, 60 feet wide and 176 feet long. In Tract 5

The pit will be in tract 5, block 1, L&CW survey. The northwest corner of the hole will be 766.3 feet south and 562.3 feet east of the northeast corner of survey 60.

This expected oil producer is to be excavated. Digging will start as soon as the commission grants the permit.

### Doheny Is To Drill W-C Pecos Wildcat

Patrick A. Doheny No. 1 Leon Farms is a new 3,200-foot rotary wildcat in West-Central Pecos County.

It is located 3,285.5 feet from north and 2,970 feet from west lines of section 1, block 208, J. H. Handy (Continued On Page Five)

### W. W. Eiland, 89, Dies At Stanton; Rites Held Friday

STANTON — W. W. Eiland, long active in business and agricultural activities in Martin County, died Thursday in Stanton Memorial Hospital after an illness of three weeks. Services were to be held at 3 p.m. Friday in the First Baptist Church of Stanton.

Although he had been retired in recent years and confined to his home for the last four, he had been active in farming and business since coming to Martin County in 1924.

Born near Camden, Ark., in 1862, he came to Hunt County, Texas, four years later with his family and there grew to manhood.

In 1886, he married Miss Georgia A. Smith of Greenville.

After moving to Martin County, he engaged in farming activities and at one time was in the automotive business.

The services were under direction of the Arrington Funeral Home, with the Rev. T. R. Hawkins, pastor of the First Baptist Church, and the Rev. Fred McPherson, pastor of the Southside Baptist Church of Lubbock, officiating.

Surviving are the widow; two sons, Horace H. Eiland of Snyder and Guy A. Eiland of Stanton; a daughter, Mrs. Minnie Falls of Snyder; a brother, B. B. Eiland of Shreveport; two sisters, Mrs. Florence Alexander of Lubbock and Mrs. Lula Hale of Trent; 10 grandchildren and 11 great grandchildren.

### REAL DOGGY—Bluejackets of the patrol frigate USS Everett wanted their lady mascot, "Mussume" (Japanese for young girl), to look her doggy best. So, Seaman Glen Lowrey of Hebron, O., pretties up the pup in the "beauty salon" of the destroyer tender USS Prairie, operating in the Eastern waters.

### Crash Kills Three Members Of Family

GRAND PRAIRIE —(P)— Three members of a family of four were killed Thursday night when their car was hit by a westbound passenger train at a crossing.

Killed were Mr. and Mrs. M. G. Capehart of the Shady Grove Community, three miles north of here, and their son, Mike, five.

Glenn Capehart, two and one-half, was injured critically.

### Theater Explosion Is Fatal To Boy

ALBUQUERQUE, N. M. —(P)— A six-year-old boy was killed and five other persons were injured Thursday by an explosion in a downtown moving picture theater.

Night Police Chief Frank Doyle said an electric water heater blew up.

The dead boy was identified as Robert B. Darnall, Jr., of Albuquerque.

BRADFORD TO KENTUCKY LEXINGTON, KY. —(P)— Vic Bradford, Baylor University backfield coach last year, was named assistant football coach at Kentucky Thursday.

MEDICAL PATIENT Mrs. Ella Park of 1103 North Colorado Street was admitted to Midland Memorial Hospital Thursday as a medical patient.

FECHTELER NEW CNO—Adm. William Fichteler, left, newly named chief of naval operations, is welcomed to Norfolk, Va., on his return from Washington by Rear Adm. W. G. Switzer, chief of staff for Atlantic Fleet, center, and Vice Adm. J. J. Ballentine, air commander of the Atlantic Fleet, right. Admiral Fichteler replaces the late Forrest P. Sherman.

### U. S. And Mexican Representatives Sign Bracero Pact

MEXICO CITY —(P)— A new U. S.-Mexican agreement on migrant labor (Braceros) awaited only ratification Friday to start Mexican harvest hands moving to U. S. farms.

The agreement was signed Thursday night by representatives of both countries. Approval is expected next week. The first movement of migrant harvest workers is expected within 10 days.

The agreement did not say how many Mexicans would be sent to the U. S. The U. S. government is planning to ask for 150,000 for use within 40 days.

The agreement is materially the same, for the farmer, as those in effect since 1942. The only major changes are fines for the use of illegal migrants (wetbacks) and a guarantee he will pay three fourths of the wages of any worker withdrawn from his farm.

In Center Of Country The chief differences for Mexico are that workers will be recruited in the center of the country. The U. S. government will guarantee their wages.

The farmer will: Pay the U. S. government \$15 for every worker to cover part of the cost of bringing him from Mexico. Workers will be available at Brownsville, Laredo and El Paso; Nogales, Arizona, and Calexico, Calif.

Pay the workers three fourths of the total wages he would have earned under his wage contract should workers be withdrawn because of violation of the contract, the use of wetbacks, discrimination, or the end of the harvest.

Adequate Lodging Furnish adequate and sanitary lodging, beds and mattresses; food at not more than \$1.75 a day; insurance, and transportation in closed buses.

Pay prevailing wages for the area. Mexico retains the right to establish a blacklist of areas. The U. S. gained a point over previous agreements by having the establishment of the blacklist made a bilateral matter. The U. S. will be consulted and if the Labor Department does not agree discrimination exists, workers may be sent to the areas on a pledge of "local government officers" that discrimination will be punished.

### Grave Overlooks Favorite Scene

PAPEETE, TAHITI —(P)— Fittingly, the last resting place of author James Norman Hall, who died here recently, overlooks the bay where the ship "Bounty" anchored more than a century and a half ago.

Hall and Charles Bernard Nordhoff wrote a trilogy of South Sea stories about the "Bounty"—"Mutiny on the Bounty," "Men Against the Sea," and "Picarini's Island."

Fulfilling his long expressed wish, Hall's body was carried on the shoulders of six strong Tahitian men to the grave atop a hill near Arue.

The grave site overlooks Mahina point, forming the northern barrier of Matavai bay, where the "Bounty" anchored.

### Daughter Of White Sox Manager Dies

PHILADELPHIA —(P)— Manager Paul Richards of the Chicago White Sox received word Friday of the death of his six-year-old daughter, Lou Redith.

Richards, notified just before he was to board a train for Washington with his team, said he would go to Washington by train and fly from there to Chicago.

Services will be held in Richards' home town, Waxahachie, Texas.

Australia's first cabinet was headed by Sir Edmund Barton.

### ★ IN HOLLYWOOD ★

### Anderson's New Accent Was Made, Not Born

By ERSKINE JOHNSON NEA Staff Correspondent Hollywood—The New Faces: James Anderson, nourished on cornbread and grits in his native Alabama, spouted a hybrid European accent an Arch Oboler's "Five," his first film.

Now he's trying to convince Hollywood that he didn't go to kindergarten with Charles Boyer, Paul Henreid and Edo Pinza.

"It took me six years to get over my Dixie accent," groans Jim. "Now they're asking me what part of Europe I'm from."

The marquee will carry his name in "Along the Great Divide" and "The Blue Veil," but he will soon switch his handle to James Tulane to avoid confusion with such other movie Andersons as Richard, Warner and Guy.

His sister is actress Mary Anderson.

"I've never told people that I was her brother," Jim says. "I felt it wouldn't help me in Hollywood."

Meet right-eyed Polly Burson, the first stunt girl since Helen Gibson to make the grade as a sure-enough actress.

Polly, who's done riding, tumbling and car-spills for Greer Garson, Bette Davis, Paulette Goddard and Jennifer Jones, was signed to do her rough-and-ready, stunting in "Westward the Women." Director William Wellman took one look at Polly convulsing the crew by chewing tobacco and gave her a fat part.

"First time I've ever done any acting," groans Polly. "I saw my lines and the mike kept showing its teeth and snapping at me. I almost told Mr. Wellman, 'This is for the birds.'"

Will Polly go on with her acting career?

"I'm not going to push it any," she levels. "If things happen, I'll go along with it. I like jumping out of windows and falling off horses a lot better than acting."

Yvette Dugay, the new dark-eyed beauty signed by U.I. registered as the Italian sweetheart in "Mario Lanza's Life in 'The Great Caruso.'" She's not stranger to the sound stages.

Studio flacks dug up a picture of Yvette in her birthday suit as a baby actress and sent it out with a 19-years-later picture of the Dugay gama.

"I don't mind cheesecake," she blushed, "as long as it helps me get good acting parts."

She's still smiling over her first session at U.I. An executive told her that she was perfect for a role in Audie Murphy's "The Cimarron Kid," but that she'd have to sign a contract to get it.

"What?" Yvette gasped, "do you think I've been waiting for all my life?"

Fred Pauling Named McCamey Principal McCAMEY — Fred W. Pauling of Marlin has been named high school principal by the McCamey Board of Trustees.

Pauling held a similar post in Marlin the last four years. He has had 20 years of teaching experience and has been principal of schools at Talco and Bremond.

An active worker with Boy Scouts, Pauling recently had the Order of the Silver Beaver conferred upon him.

He plans to move here with his family next week. The Paulings have a daughter, Emily Sue, and a son, Fred W. Pauling, Jr., who is a pre-medical student at Sam Houston State Teachers College.

FINGER IS INJURED Lon Bozarth, two-year-old son of Mr. and Mrs. Rex Bozarth of 2402 West College Street, was treated at Midland Memorial Hospital Thursday for a finger injury.

### Scheme To Get Offshore Wells Brings Protest

WASHINGTON —(P)— The government has been asked not to turn over any submerged oil land for old soldiers' land grant certificates—some of which date back to the War of 1812.

Rep. Willis (D-La.) protested Thursday against a "most fantastic" plan of a private group to take over 40 offshore Louisiana oil wells.

He said the group planned to use land scrip certificates issued by Congress after some of the Indian wars, the War of 1812 and the Civil War. Each certificate entitled the holder or his heirs to a tract of public land, usually 160 acres.

Willis asked Secretary of the Interior Chapman to deny the land applications of a group he said was headed by former automobile maker E. L. Cord.

Willis said the group had collected old unused certificates calling for more than 1,900 acres of public land, then filed claim applications for land around oil wells in the Gulf of Mexico.

He said he didn't think Congress ever intended soldiers and their families to settle "on a farm at the bottom of the Gulf of Mexico."

FOR POSSIBLE SURGERY Russel E. Peek of Odessa was admitted to Midland Memorial Hospital Thursday for possible surgery.

**NEWCOMERS**  
**Texas Tech Couple**  
**Moves To Midland**

Two Texas Tech graduates are now making Midland their new home. Mr. and Mrs. J. W. Robertson, who live at 930 North Baird Street, moved here a month and a half ago from Colorado City.

A 30-year-old Navy veteran, Robertson is the district salesman for the Reed Roller Bit Company. Mrs. Robertson said her husband, a fishing enthusiast, was reluctant to leave the new lake in Colorado City which had been opened for about a month.

The Robertsons have been married four years. Mrs. Robertson, who has taught the third grade for four years, plans to stay home this fall. The two native Texans met while attending Texas Tech, where Robertson received his BBA degree and his wife majored in education.

**Baptist Class Has**  
**Watermelon Party**

CRANE—Mrs. L. R. Mills and Mrs. L. T. Moore were hostesses to a watermelon party for the members of the Willing Workers class of the First Baptist Church. The party was held Thursday in Mrs. Mills home.

Mrs. Troy Kadel gave the devotional. Others attending were Mrs. Raymond Stephenson, Mrs. Jack White, Mrs. Jerry Cowden, Mrs. Evelyn Riden, Mrs. Mary Lou Holt, Mrs. F. W. Corbell, Mrs. R. R. Batson, Mrs. Louise Anderson, Mrs. H. D. Teter, Mrs. D. R. Floyd and Mrs. Vesta Jones.

**A FUNERAL HOME**  
designed for  
privacy & comfort

Our funeral home is arranged to give a family all possible privacy and comfort. Office, resting rooms and chapel, all are designed with that in view. For the final service, music, flower arrangements and handling of the many details involved are carefully planned. Many have thanked us for our kindness, tact and courtesy. Your confidence is invited on that basis.

**Cream Guards**  
**Sensitive Skins**

By ALICIA HART  
NEA Staff Writer

Those fair-skinned damsels who've unwillingly played maid-in-the-shade while their luckier companions play at beach, pool or tennis courts may find that they, too, can have fun in the sun this summer.

A product developed by a well-known company offers a new type of protection to those whose sun-

This fair damsel is no longer distressed by sun, since discovery of cream that screens ultra-violet rays from her skin.

sensitive skins react to bright rays with blisters or varying shades of crimson.

This cream, makers claim, forms an invisible sun-proof screen by blocking out the ultraviolet rays that cause burning.

If your quarrel with the sun is less serious—if the bane of your existence is not blistering but freckling—you may still find this cream an aid in preventing the speckled look that is usually yours at the season's end.

Even if your skin is the hardy type that needs no pampering, you may find use for the product in maintaining the porcelain-white complexion that you favored for fashion's elegant mood last winter.

**TO HAVE BAKE SALE**  
The Women of the Asbury Methodist Church will have a bake sale at 9 a.m. Saturday in Piggy Wigly No. 3, A and Missouri Street.

Mrs. Martha Marie Whitfield, supreme inspector in Texas, Betty Leverett, grand worthy advisor, Peggy O'Neal, grand worthy advisor for 1950-51, and Whitfield will be special guests Saturday at the Order of the Rainbow for Girls initiation.

The formal ceremony will be held at 3 p.m. in the Masonic Hall. Members of the Order of Eastern Star and the Masonic Lodge in this area are invited to attend. A special invitation has been extended to the Stanton Eastern Stars since several have daughters in the Midland chapter of Rainbow Girls.

**Welcome Wagon**  
**Hears Mrs. Shirey**  
**Speak On Arranging**

Mrs. R. M. Nugent was hostess to the Welcome Wagon Garden Club when it met Thursday in the home of Mrs. Troy McCarty.

Guest speaker of the club was Mrs. A. P. Shirey, national flower show judge, who gave hints on flower arranging. During her talk, Mrs. Shirey described the three main types of flower arrangements, giving a little of the background of each and demonstrating them by creating three arrangements.

Other members present were Mrs. M. F. Barber, Mrs. E. F. Blake, Mrs. R. B. Cornell, Mrs. W. D. Gill, Mrs. W. O. Ham, Mrs. W. E. Hollis, Mrs. C. H. Pearson, Mrs. A. E. Puller and Mrs. O. E. Vaudell.

Also Mrs. L. Worden, Mrs. J. W. Hackley, Mrs. L. W. Randerson, Mrs. J. W. Benn, Mrs. J. E. Rothrock, Mrs. W. J. Terry and Mrs. R. W. Walls.

**Mrs. Vaughn Is**  
**Shower Honoree**

Mrs. C. L. Vaughn was honored with a pink and blue shower Thursday in the home of Mrs. W. K. Kuykendall. Mrs. J. E. Sanders was co-hostess.

A pink and blue color scheme was used. The table was centered with a stork and an arrangement of asters and baby breath. Gifts were displayed in a basketette, a gift from the hostesses.

Those attending were Mrs. Harold McClure, Loraine Fly, Margie Mincey, Mrs. Richard Rowan, Nora Faye Long, Mrs. J. F. McCrary, Mrs. Ike Fitzgerald, Helen Calcote, Mrs. Jack Iron, Mrs. Roy Higgs, Mrs. R. N. Robison and Mrs. Jim Prince.

**Mrs. Turner Leads**  
**Crane Bible Study**

CRANE—Mrs. Lee Turner lead the Bible study for the Ladies of the First Christian Church Wednesday.

Mrs. M. C. Shingleton gave the opening prayer and Mrs. Sam Edwards, the closing one.

Others present were Mrs. Jeff Robbins, Mrs. W. E. Morton, Mrs. H. A. Williams, Mrs. O. E. Stevenson, Mrs. Glenn Jones, Learn Turner, Michael Robbins, David Williams and Glennette Jones.

**REVIVAL CLOSES**

CRANE—The Rev. David F. Powell, minister, brought the closing messages for the recent revival meeting of the Assembly of God. Two members were added to the church and it is reported that the Sunday school also has advanced.

**HAVE PICNIC**

The JayCees gave a picnic Thursday night in Cole Park for members and their husbands. The next meeting of the club will be at 8 p.m. September 6 in the home of Mrs. W. N. Johnson.

**TO CONDUCT SERVICES**

The Bishop George H. Quarterman of Amarillo will conduct communion services at 8 a.m. and 11 a.m. Sunday in the Trinity Episcopal Church.

Congress And The President

Three years ago, when he was campaigning to stay in the White House, President Truman called the 80th Congress a "do-nothing" and "worst or next to the worst" in history.

That was in 1948, when Congress was controlled by the Republicans. Now the Congress—the 82nd—is nominally Democratic, and the Republicans are smugly suggesting that the President will have to find new words with which to brand the lawmakers.

Wherever the blame lies, the most appropriate title that comes to mind for the 82nd Congress is "stopgap."

For more than a year, this nation has been faced with emergencies graver than any since we hopefully wrote an ending to World War II. But in the almost seven months it has been in action—a word that in this case is pretty academic—the 82nd has handled almost 7,000 bills. It has passed less than 80.

Under the whip-lash of the Korean war, it passed a new Selective Service law which gave us our first promise of Universal Military Training. There was an important reciprocal trade agreement and, after Russian press agents had stolen some of the show, a bill to send grain to India.

But these three bills could not run the nation under any conditions.

There is inflation, which has been mushrooming upwards in America's pantry-shelf arithmetic like an economic atom bomb ever since the Korean crisis exploded. When controls expired last month, the best Congress could do was a stopgap extension. The bill which finally went through was a condescending bow to just about every special interest but that of the price-paying public.

There are a dozen appropriation bills to operate the federal government for the fiscal year which began July 1. A stopgap extension put the government on a hand-to-mouth basis, another stopgap extension seems in the offing.

There's the \$82,000,000,000 program for aid to free countries against further, and bigger, Korean which threatens to become a Taft-Eisenhower debate, the \$60,000,000,000 military appropriations bill, the anti-inflationary \$7,200,000,000 tax rise bill, which may not be thrashed out until Labor Day.

Meantime, Congress has been up to its eyes—like actors making guest radio and TV appearances for publicity's sake—in countless investigations. Legislation, which should be the starring act, is waiting in the wings.

Whatever name the President coins for the do-little 82nd Congress, however, he will have to consider for himself as well. A year ago he wasn't ready to buy the emergency powers Congress voted for him in the early days of the Korean crisis, when he turned his back on the idea of inflation. And after having been a number one salesman for UMT for several years, he turned his back on that legislative merchandise, too, when the rest of the nation was ready for it.

Such inconsistencies may account for the lack of leadership in Congress right now. But attention to realities should not permit the stopgap attitude. Stopgap legislation may well save America from foundering under the twin threats of inflation and Communist aggression in the immediate tomorrow. But what we sorely need is action, legislative and administrative, that sees to the future to-morrows.

If the only future that official Washington can see right now is the next election, the voting public will have a wonderful chance to say what it thinks about that attitude, in November, 1952.

Rare Among The Military

Secretary of State Dean Acheson pronounced the finest epitaph for Adm. Forrest Sherman, the late chief of Naval Operations, when he labeled him an officer who was capable of thinking beyond military matters to the underlying—and governing—political considerations.

America has not had too many generals and admirals who could remember, at the critical moments, that wars are fought for political purposes. Sherman understood that, and it made him a man of the highest value to his country.

President Truman obviously will be hard pressed to find a suitable replacement. But his search should be guided by an insistence upon that same rare quality of political sagacity.

Weakness Not Geographical

It is shocking news that eight Bradley University basketball players have now been revealed as bribe-takers.

When the sweeping bribe disclosures involving a number of New York city colleges were made last winter, little Bradley, out in Peoria, Ill., in the heart of rural America, adopted an air of sanctity. The school decided not to play again in the "unsavory atmosphere" of Madison Square Garden.

But, tragically, it appears that vulnerability to bribe offers has no special geographic limits. Nor is it exclusively a characteristic found in "city slickers."

The Diplomatic Class Of '51

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.) Drew Pearson says: Truman bends an ear to 1952, Assistant Army secretary fishes by helicopter; Grand Mufti paid to assassinate Arabs friendly to West.

WASHINGTON — President Truman has sent a confidential memo to all cabinet officers ordering them to clear their out-of-town appearances with Democratic National Chairman Bill Boyle. Some folks consider this a tip that HST plans to run again, since this is the first time he has sent formal political instructions to his cabinet.

Mr. Boyle, chairman of the Democratic National Committee, made a suggestion to me which I think is worthwhile. He would like very much to be notified when cabinet officers' secretaries and undersecretaries go into any community outside of Washington for the purpose of making a speech, so he can arrange a proper reception for them when they get into town.

"He thinks that would not only help their prestige in the community, but would give our local leaders a chance to be in the limelight to some extent, and that is a very necessary procedure in a political organization."

"I'll appreciate it very much if this procedure can be followed," the President concluded in what amounts to a polite, but positive order.

Free Fishing Trip If it's hot in Washington and you are "hush enough up in the Pentagon, it's just as easy to go fishing in cool, far-off Newfoundland. Or, at least, Assistant Secretary of the Army Earl D. Johnson found this to be so the other day.

Johnson has the excuse that his mobilization assignment is with MATS, the air transport agency of the armed services, so he slips away for flights with MATS from time to time. Accordingly, last July 10 found him on a hospital plane from Westover, Mass., flying to the air base at Stephenville, Newfoundland.

The hospital plane is equipped with stretchers for flying wounded out of Korea, and just what it was doing on the run to Europe is not known.

Arriving at Stephenville, Assistant Secretary Johnson was entertained by the commanding officer.

So They Say God doesn't act in your way or mine but in His way, and it is up to us to recognize His way and to accept it.

Rev. Dr. Albert J. Penner, of Broadway Tabernacle Congregational Church, N. Y.

I am closing the door entirely on baseball. I might be back I had the backing of most of the players, the fans and the umpires.

A. B. "Happy" Chandler, deposited commissioner of organized baseball.

With each new law there comes a greater degree of specialization (for a lawyer). This goes on until it is little wonder that many of us can qualify as experts in the sense of one who knows more and more about less and less until he knows everything about nothing.

Roger M. Blough, vice president, U. S. Steel Corp.

Nothing means anything to me except painting. I'm warped in that direction. I have a terrible urge. Once I get a good subject I'm happy, but I go through hell to get that subject. I think I'd probably commit suicide if I couldn't paint.

Andrew Wyeth, American realist painter.

Give me American men. Continental men are very charming, but nothing like the men here. That's men—plural—get that.

Margaret Truman.

having been Hitler's paid agent in the Near East, has now taken over the same job for Moscow.

The Mufti has turned up at various Pan-Islamic meetings throughout the Middle East as the tool of Moscow and instigator of revolt against the West. And to show that Moscow is the great friend of the Arab world, the Mufti has been given the job of establishing an Arab university in Communist Warsaw.

Furthermore, it is now beginning to look as if the Grand Mufti and his agents were behind the agitation against the British in Egypt. The assassination of the late Premier of Iran and the murder of other leaders friends to the West.

One significant aspect of the Mufti's operations is the way the Nazis and the Communists not only are using the same tactics, but their money on the same man. During the war, Hitler and Mussolini paid the Mufti nearly half a million dollars.

Three-month-old Kristie Lynn Cavalcante of Uniontown, Pa., whose two grandfathers served in the House of Representatives at the same time, will add a grandmother to the congressional list when Congresswoman Vera Buchanan of Pennsylvania is sworn in this week.

Kristie Lynn is the granddaughter of Mrs. Buchanan and the late Rep. Frank Buchanan of Pennsylvania. After her husband's death this year Mrs. Buchanan was elected to his seat in a special election.

Kristie Lynn also the granddaughter of former Rep. Tony Cavalcante of Pennsylvania, who was a colleague of Buchanan for one term in the House. Some day her dad, William Cavalcante, a Uniontown law student, hopes to succeed his father in Congress.

If this happens, Kristie Lynn really will have something to brag about—three grandmothers and one father in Congress.

Communism in Arab World Though it was known that an agent of the ex-Grand Mufti of Jerusalem assassinated King Abdullah of Trans-Jordan, it is not generally known that the Grand Mufti,

The Germans used to buy most of Greece's tobacco crop. Now that Germany is forced to buy American tobacco, however, the taxpayers not only furnish the money for the tobacco Germany buys but also pays for Greek tobacco crop which Germany does not buy. In other words, the taxpayers put out approximately \$75,000,000 a year, so that American tobacco interests can sell \$45,000,000 worth of tobacco to Germany.

Note—Largest exporters of ECA tobacco to Germany are L. B. Jenkins of Kingston, N. C.; J. E. Bohannon of Bowling Green, Ky.; Universal Leaf of Richmond, Va., and Austin Tobacco Company of Greenville, Tenn.

Q—Who are the six major league pitchers who pitched perfect games?

A—John Ward, 1880; John Lee, 1904; Adrian Joss, 1908; Ernest Shore, 1917; C. C. Robertson, 1922.

Q—Where is Fingal's Cave?

A—On the west coast of Staffa, an island in the Hebrides, Scotland. Note for its beauty, it is 227 ft long by 42 feet wide. The color effects of the columnar basal formation are striking and the action of the wind produces weird sounds in the opening.

Q—How long did it take to build the Suez Canal?

A—The canal, begun in 1859 by Ferdinand de Lesseps, was opened to ships of all nations on November 18, 1869, by the Empress Eugenie of France.

Q—Is the turtle one of the earth's oldest animals?

A—Scientists say that the turtle has roamed the earth's land and sea in virtually unchanged form for 200,000,000 years.

Q—What is the average life of a bee?

A—During the Summer months, while the bee is working in the fields, its average life seems to be between two or three months, though under most favorable conditions one may live for a year.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

In the wee hours of the morning, when all the tournament players are asleep and dreaming of grand slams, the cleaning staff gets busy on the floor of the tournament room. I wonder whether they find all the tricks that were dropped there during the day.

It's a cinch that lots of tricks get dropped even by the experts. For example there was the famous grand slam played in the national tournament of 1948 by Mrs. Margaret Wagar of Atlanta.

Mrs. Wagar's jump to four spades on the South hand usually shows a far stronger hand. Her partner, John R. Crawford, of Philadelphia,

Bridge hand diagram showing North, South, West, and East hands with cards and suits. Opening lead—4♠.

thought that she had the usual strong hand and decided that there would be tricks to burn at a grand slam contract. There weren't.

West opened a low trump, and Mrs. Wagar won in her own hand. With seven diamonds out, there was more than three discards. That would be enough to take care of one club and two hearts—but declarer would still have a losing heart.

All this went through Mrs. Wagar's mind in about one second flat. Then she led the queen of hearts from her hand.

It wasn't a true finesse, of course. If West had covered with the king of hearts South would have been right back where she started. But West had to decide on a course of action in a split second. He played low, hoping that declarer would not stake the grand slam on a finesse at the second trick.

West's play dropped a very heavy trick on the floor, since the grand slam depended on it. The queen of hearts held the trick, and now there were several different ways to make 13 tricks.

CARD Sense

Q—The bidding has been: South West North East 1 Spade Pass 3 N. T. Pass?

Y. South, hold: Spades A-Q-J-7-3-2, Hearts A-10-5, Diamond 4, Clubs 9-6-3. What do you do?

A—Bid four spades. This is not a slam try, but merely an indication that you prefer game at spades to game at no-trump. There is greater safety in your strong six-card major suit, especially in view of your singleton.

TODAY'S QUESTION

The bidding has been the same as in the question just answered. You, South, hold: Spades A-Q-J-10-7-3, Hearts A-10-5, Diamond 4, Clubs K-6-3. What do you do?

Answer Tomorrow

More than 28 million Americans suffer from chronic disease and physical disability.

THE GILA MURDER

BY JULIUS LONG

Copyright 1951 by NEA Service, Inc.

PROTESTING that they should at least try the door, Pat Colton nevertheless followed Paul Baker back to his car. He held the door and closed it after her as she seated herself in his coupe. He went around and got under the wheel. He started the motor and pulled forward only a few feet before he stopped.

"Darn! I've got a flat tire," he said. "Will you get my flashlight out of the glove box?"

She sat immobile, then he repeated: "Just push the button, and the door will fly open. The flashlight's inside."

The girl sat rigidly, clutching the huge handbag in her hands. "Well, what's the trouble?"

"Nothing, only..." "Only what?"

"Well, you know what happened to mother last night. It just makes me scared to reach into a glove box, that's all."

"Especially when there's no light inside."

"Doesn't your glove box have a light?"

"You know that it has no light."

"Mr. Baker, what are you talking about? How would I know whether your glove box has a light or not?"

"When you found that I kept a flashlight there, and when you dumped the Gila Monster out of your big handbag and into the glove box."

WASHINGTON COLUMN

Work, Not Red-Tape Worries, Is Aim Of Farm Youth Groups

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Two government agencies are now running clubs for farm youngsters. One is the well-known 4-H Club movement, run by the Extension Service of the Department of Agriculture. The other is FFA—the Future Farmers of America, whose offices are now meeting in Washington. It is run by the Service of the Office of Education, Federal Security Agency.

While the Washington executive heads of the two organizations insist they are not rivals, there is a certain duplication of effort. Senator George D. Aiken of Vermont has a bill before Congress to take Future Farmers and the agricultural vocational education program out of Federal Security Agency and put it in Department of Agriculture, where it would seem to belong.

Congress has so many pressing problems on its hands, however, that the Aiken bill has small chance of consideration this year. Federal government employees who manage the FFA program say they don't care what agency or department they operate from, just so they're permitted to keep on with their work.

FFA is the younger, smaller and more exclusive of the two organizations. It now has 340,000 members in 7,900 local chapters. They are in every state except Rhode Island, but the biggest memberships are in the southern states, from Texas with 32,000 to North Carolina with 20,000.

Membership of Future Farmers is limited to boys who are full-time high school students who are taking courses in public agricultural vocational schools.

4-H Movement Much Larger The 4-H Club movement is much broader and bigger. It takes in some 2,000,000 farm youngsters, both boys and girls, between the ages of 10 and 21. There are 96,000 4-H Club locals in every county of every state. They have 185,000 local youth leaders and 730 assistant county agents who work on 4-H Club organization full time.

A farm boy can belong to both 4-H and FFA at the same time. As a matter of fact, says Gertrude Warren, organization secretary for 4-H work in the Department of Agriculture, many farm boys get into 4-H projects before they get into Future Farmers, and they return to 4-H work after they get out of vocational high school.

What the federal government contributes to these two farm youth organizations is impossible to determine. The figures are buried in the books of the larger Department of Agriculture Extension Service and the Federal Security Agency's Agricultural Education Service.

Last year the Extension Service got \$31,000,000 and Education Service got \$20,000,000. But only a small fraction of this went to the young folks' organizations.

Agricultural Extension Service and Agricultural Education Service grants are made to the states on a matching basis. The states in turn parcel out the money to counties and local communities for all manner of activities. So every dollar gets multiplied two or three times before it is spent.

Members Pay Own Expenses A. W. Tenney, national executive secretary of the Future Farmers, says that the 4-H Club movement is much broader and bigger. It takes in some 2,000,000 farm youngsters, both boys and girls, between the ages of 10 and 21. There are 96,000 4-H Club locals in every county of every state. They have 185,000 local youth leaders and 730 assistant county agents who work on 4-H Club organization full time.

### Permian Basin Oil And Gas Log-

(Continued From Page One)  
 Location is 660 feet from north and east lines of the lease in section 47, block 37, T&P survey.

Operations are to begin at once. It is two and one-half miles northwest of the Westernman gas field.

### Deep Rock Takes Oil & Gas Leases In SE Pecos Area

Deep Rock Oil Corporation has taken oil and gas leases on 8,545 acres in Southeast Pecos County. The company is reported to have paid \$3 an acre for a 10-year lease with annual rental of 50 cents an acre.

Centering eight miles south of Phillips Petroleum Company No. 1 Glenn, drilling wildcat, the acreage includes sections 12, 13, 24, 25 and 26, block 130, T&S survey and sections 7, 17, 18, 19, 20, 28, 29, 30, 31, 32 and the north half of section 33, in block 129, T&S survey.

### Activity Is High In Driver-Sprabery

One location north of El Capitan Oil Company No. 1 Whitehouse, recently completed Sprabery sand discovery in Southwest Glasscock County, El Capitan No. 2 Whitehouse was completed for a daily flowing potential of 563 barrels of 36-gravity oil and no water. Production was gauged on a one-half-inch tubing choke and from open hole at 6,897-7,120 feet after the section was given a 2,000-gallon Hydratrac treatment. Gas-oil ratio was 695-1 and tubing pressure was 150 pounds.

### OIL MAPS

CONTINUALLY BEING REVISED on lease and fee ownership and oil development.

**L. T. BOYNTON COMPANY**  
 Midland Agent  
**SOUTHWEST MAPPING COMPANY**  
 Rm. 7 McClintic Bldg.  
 Dial 2-1252

Although other operators have been filing applications to drill in the area, and calling it the Driver-Sprabery field, El Capitan has asked that the field be named El Capitan or Four County-Sprabery.

In the Driver-Sprabery field of Southeast Midland County, Atlantic Refining Company completed two more producers. It's No. 2 W. M. Schrock, 2,005 feet from south and 660 feet from east lines of section 34, block 37, T&P survey, T-4-S, potentialed for a daily flow of 228.97 barrels of 36.4-gravity oil plus six-tenths per cent water through a one-half-inch tubing choke.

Production is from open hole at 7,023-7,064 feet. The pay was given a 2,250-gallon Hydratrac treatment. Gas-oil ratio was 464-1 and tubing pressure was 70 pounds.

Atlantic No. 5 W. M. Schrock, 660 feet from north and east lines of the northwest quarter of section 34, block 37, T&P survey, was finished for a daily flowing potential of 256-18 barrels of 36.8-gravity oil and five-tenths per cent water.

That section was through a 24 64 inch tubing choke and from open hole at 7,043-097 feet after a 2,250-gallon Hydratrac treatment. Gas-oil ratio was 443-1 and tubing pressure was 170 pounds.

Magnolia Petroleum Company No. 1 Bessie Freeman is another new oiler in the Driver-Sprabery area. 427 BOPD

It was completed for a daily flowing potential of 427 barrels of 39.7-gravity oil and no water through a 24 64-inch tubing choke and from open hole at 7,002-7,260 feet. That section was given a 6,000-gallon Hydratrac treatment. Gas-oil ratio was 642-1 and tubing pressure ranged from 225 down to 200 pounds.

Location is 660 feet from south and 1,980 feet from east lines of section 27, block 37, T-4-S, T&P survey.

**Eight Tests**  
 Sohio Petroleum Company staked locations for eight Sprabery tests ranging from three-quarters to one and one-half miles southeast of El Capitan No. 1 Whitehouse. Railroad Commission applications carried Driver-Sprabery as the field name. Each of the eight new tests will be drilled on J. C. Bryans land and in section 1, block 37, T-5-S, T&P survey. No. 1-A will be 660 feet from

**Factual Data Reports on Sprabery Trend Oil Fields**  
 Now Ready for Distribution  
**HARRY E. LEGENDRE**  
 100 N. Baird, Dial 2-2762, Midland

north and 1,978 feet from east lines of the section. Locations for the other tests are as follows: No. 2-A, 1,980 feet from north and 1,978 feet from east lines; No. 3-A, 2,063 feet from south and 1,978 feet from east lines; No. 4-A, 719 feet from south and 1,978 feet from east lines; No. 5-A, 660 feet from north and 670 feet from east lines; No. 6-A, 1,980 feet from north and 670 feet from east lines; No. 7-A, 2,072 feet from south and 670 feet from east lines and No. 8-A Bryans, 728 feet from south and 670 feet from east lines.

Each of the tests will be operated under permit to 7,200 feet. Magnolia spotted location for its No. 4 Sam R. Preston in the Driver-Sprabery area. It will be dug 660 feet from south and west lines of section 32, block 37, T-4-S, T&P survey. Rotary tools will be used in drilling to around 7,400 feet.

### Runnels Prospector Plugged, Abandoned

Rowan Oil Company and Texas Gulf Producing Company have plugged and abandoned their No. 1 H. F. Buscher, wildcat in Central Runnels County, at total depth of 4,961 feet in an unreported formation which is possibly Ellenburger.

Location was six miles northeast of Ballinger and 4,040 feet from south and 1,650 feet from east lines of S. Bacon survey No. 435. It was two and five-eighths miles south of Humble Oil & Refining Company No. 1 Tyree, opener of the Tyree-Goens lime field.

### Ellenburger Flows Water In Crockett

Lario Oil & Gas Company No. 1 J. M. Channon estate, Northwest Crockett County wildcat, five miles east of Iraan, has been plugged and abandoned at total depth of 6,800 feet in barren Ellenburger lime.

The prospector did not log any shows of possible production in any zone it penetrated.

Top of the Ellenburger was at 6,115 feet. Elevation was 2,443 feet. The only fluid found in the Ellenburger was in a drillstem test in the bottom 150 feet of the hole at 6,550-6,800 feet.

**Flows Sulphur Water**  
 The tool was open three hours. Drilling mud flowed at the top in two hours. Sulphur water started flowing out in two and one-half hours.

The water was flowed to pits for 30 minutes. The tool was then closed. The drill pipe was full of sulphur water when pulled.

Location was 660 feet out of the northwest corner of the A. V. Vowell survey No. 28. It was one and one-quarter miles north of the shallow Noelke field.

### Oilers, Drillsites Given Tex-Harvey

The Tex-Harvey field of Central-East Midland and Central-West Glasscock Counties gained two more oilers and three more drillsites. York & Harper, Inc., No. 4 Wraga-Hendrickson was completed in the Glasscock side for a daily flowing potential of 665.44 barrels of 39.1-gravity oil and no water.

Completion was through a one-half-inch tubing choke and from open hole at 6,550-7,070 feet after a 4,500-gallon Hydratrac treatment. Gas-oil ratio was 453-1 and tubing pressure ranged from 500 down to 150 pounds.

Location is 660 feet from north and 1,980 feet from west lines of the lease in section 41, block 36, T-3-S, T&P survey.

**Ashland Well**  
 Ashland Oil & Refining Company No. 1-20 Wraga-Hendrickson, 1,992 feet from south and 1,980 feet from east lines of the lease in section 20, block 36, T&P survey, T-3-S, was completed for a 24-hour potential of 185.10 barrels of 36.2-gravity oil flowing through a 16/64-inch tubing choke and from open hole at 6,871-6,924 feet.

That section was given a 4,500-gallon Hydratrac treatment. Gas-oil ratio was 725-1 and tubing pressure was 300 pounds.

Amerada Petroleum Corporation No. 1-31 H. L. McClintic will be drilled 660 feet from south and east lines of section 31, block 36, T-2-S, T&P survey and 19 miles northwest of Garden City.

Sun Oil Company No. 6 Mrs. W. A. Hutchison will be dug 660 feet from north and west lines of section 42, block 36, T&P survey, T-3-S.

Sun No. 7 Mrs. W. A. Hutchison will be dug 660 feet from south and west lines of section 42, block 36, T-3-S, T&P survey.

### Germania Field Gets Two Sites

James H. Snowden and Associates and Seaboard Oil Company of Delaware each staked a location for a Sprabery project in the Germania field of Northeast Midland County. Snowden, et al will dig No. 1-13 Andrew Pasken 678.1 feet from north and 2,009 feet from east lines of section 13, block 37, T-2-S, J. V. Stokes survey.

Seaboard No. 3-12 B. T. Hale will be 660 feet from south and 2,020 feet from east lines of section 12, block 37, T-2-S, W. Glendening survey.

### Seven Tests, Oiler Given NE Upton Area

R. T. McDermott of Houston filed application with the Railroad Commission of Texas requesting permission to start drilling at once on two Sprabery wildcats in Northeast Upton County.

His No. 2-27-D V. P. Tippett is to be drilled 660 feet from north and east lines of the southwest quarter of section 27, block 38, T-5-S, T&P survey.

His No. 3-27-D V. P. Tippett will be dug 660 feet from south and 1,280 feet from west lines of section 27, block 38, T-5-S, T&P survey. Both are contracted to 8,800 feet or production.

**Four More**  
 E. E. Fogelson and Edwin W. Pauley have asked for permission to drill four Sprabery tests approximately one mile north and slightly west of their No. 1-21 W. E. Hunt Estate, recently completed one and one-half mile southwest extension to the North Pembroke field.

All four will be in section 1, block M, EL&RR survey.

No. 2-1 Tippett will be 1,980 feet from north and 660 feet from west lines of the section; No. 1-1 Tippett will be 660 feet from north and west lines of the section; No. 3-1 Tippett will be 660 feet from north and 1,980 feet from west lines of the section and No. 4-1 Tippett is slated for drilling 660 feet from south and east lines of the southwest quarter of the same section. The Fogelson and Pauley projects will drill to around 8,000 feet. Three-quarters of one mile northwest of production in the North Pembroke field, The British American Oil Producing Company No. 1-A Fee Tippett has been staked for immediate drilling.

This Sprabery oiler will be drilled to around 7,500 feet, 1,980 feet from north and west lines of sec-

tion 40, block 38, T-5-S, T&P survey.

**New Oiler**  
 On the southeast side of the Pembroke-Sprabery field, Phillips Petroleum Company No. 2 Warren, located at the center of the southwest quarter of the northwest quarter of section 27, block D, D&W survey, was completed for a 24-hour flow of 286.69 barrels of 36.6-gravity oil. It was through a one-half-inch tubing choke and from open hole at 6,930-7,180 feet. Gas-oil ratio was 330-1.

### NW Stonewall Gets Ellenburger Tester

Continental Oil Company has staked its No. 1 C. S. Springer as a wildcat in Northwest Stonewall County.

Location is 660 feet from south and west lines of section 201, block F, H&TC survey. That makes it nine miles northeast of Jayton.

Projected depth is 7,000 feet. Rotary tools will be used to drill the wildcat, beginning with shows of oil and gas to test the Ellenburger.

Drillsite is six miles northwest of the Peacock-Pennsylvania field.

### Greenbrier Extends Gas Field In Pecos

Greenbrier Oil Company has completed its No. 1 R. Levy as a one-quarter mile north extension to the Santa Rosa-Ellenburger gas and distillate field in North Pecos County.

The well was completed from casing perforations in the Ellenburger at 12,100,000 cubic feet of gas per day. The perforated section is at 9,230-80 feet.

Location is 1,320 feet out of the southwest corner of section 104, block 8, H&ON survey and three miles south of Grandfalls.

### Ellenburger Water Found In Reagan

G. H. Vaughn Production Company and The Atlantic Refining Company No. 1 Calvin Sugg, Northeast Reagan County wildcat and salt water and had no shows of oil or gas in the top of the Ellenburger. Tentative top of the Ellenburger is at 10,045 feet.

The prospector probably will plug back to about 8,100 feet in the lower Sprabery and try to complete as a commercial producer and the opener of a new oil field.

It had developed some free oil and considerable gas in the Sprabery between 7,500 feet and 8,100 feet.

**No Shows Between**  
 None of the sections between the Sprabery and the Ellenburger showed any signs of producing petroleum.

The water in the Ellenburger came in a drillstem test at 10,047-285 feet. The tool was open one hour. Recovery was 3,600 feet of salty water, with the top 300 feet of it cut with drilling mud. No shows of oil or gas were reported from the test.

Open flowing bottom hole pressure was from 350 pounds to 1,725 pounds. Shutin bottom hole pressure after 15 minutes was 4,300 pounds.

At last report the project was waiting on orders. It is 15 miles northeast of Stiles and 660 feet from north and east lines of section 134, block 2, T&P survey.

### Casing Reported On Way To Mittel

Unofficial and unverified sources report that Wesley W. West is moving in casing at his No. 1 Mrs. Christina Mittel, indicated Strawn discovery in Central-North Schleicher County.

The same sources say a 50-foot core was cut from 6,222 feet. No reports have been received that the wildcat found water.

This test is reported to have flowed oil on a drillstem test when total depth of 6,222 feet.

Location is at the center of the southeast quarter of the northeast quarter of section 77, block TT, TCRR survey and two and one-quarter miles west and slightly north of the North Huldale field.

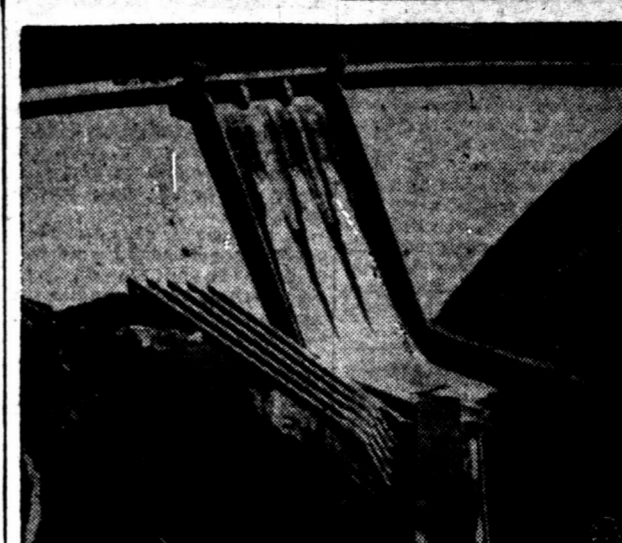

### Pay Hike Included In City's Budget

Midland's proposed city budget for 1951-52 includes pay raises for three department heads not affected by a recently-approved general wage increase.

Those whose salaries were increased, effective October 1, by the budget were W. I. Pratt, tax collector and assessor, from \$500 monthly to \$550; Police Chief Rube Hemingway, from \$425 to \$450, and Clyde Sharrer, city aviation director, from \$500 to \$525.

Other executives, whose monthly salaries remain unchanged, include City Manager W. H. Oswald, \$1,900; Public Works Director J. M. Orman, \$700; Finance Director Kent Moore, \$625, and Assistant City Manager Morris Howard, \$500.

**TRUCKER INJURED**  
 S. R. Gregory, 124 South Dallas Street, employe of a trucking company, suffered a head injury Wednesday while unloading pipe. He was given emergency treatment at Western Clinic-Hospital.

**SHASTA DAM OPENED**—Floodgates were officially opened at the Shasta Dam, world's second largest, in formal ceremonies turning loose precious water into the Sacramento River and the fertile San Joaquin Valley. Only Washington State's Grand Coulee Dam is larger.

### Funeral Rites Set For Oil Field Man

Funeral services will be held Saturday or Sunday in Flora, Ill., for John Robert Ellzey, 25-year-old oil field worker who was shot fatally Thursday morning.

Ellzey's body was found by officers a short time after a telephone operator reported a man sobbing over the telephone that "I am going to kill myself."

She said she heard the sound of a shot before she could notify police.

Ellzey, who had been in Midland for three months, is survived by his mother, Mrs. Lillie Stevens of Cline, Ill.; his father, R. O. Ellzey of St. Louis, Mo.; three brothers, Raymond Ellzey of Cline, Henry Ellzey of Midland and Isaac Ellzey of Coporia, Kan., and two sisters, Mrs. Catherine Hubble of Cline, and Mrs. Thelma Fetters of East St. Louis, Ill.

Alajuela is one of the four plateau cities containing most of the inhabitants at Costa Rica.

### Art Cole, Cast Appear Before Midland JayCeers

Art Cole, director of the Midland Community theatre, and member of the Community Theatre cast, appeared before the Midland JayCeers Friday at their luncheon in Hotel Scharbauer.

Cole and his cast presented several skits from the Summer Mummies production of "Gold In The Hills," a play being presented at the American Legion Hall Friday and Saturday nights of this week and next week. Curtain time for the performances will be 8:20 p. m.

Bill Gildewell and Chuck Heringer reported on the JayCees swimming team, now entering a meet in Odessa.

Rocky Ford urged members of the Midland JayCees to attend the district JayCees convention in Big Spring, Saturday and Sunday. Approximately 25 JayCees plan to attend.

Frank Hawk presided at the meeting.

### MINERAL RIGHTS FOR SALE

One-half the participating mineral rights reserved in the sale of about 15,000 acres of scattered tracts in Hale, Floyd and Swisher Counties, Texas. These reservations were originally taken for a term of twenty years and now have about 14 1/2 years yet to run. About one-half this acreage is under lease to major companies, and the balance open to leasing by the present land owners. These mineral reservations are for sale, either in part or in total.

**Ceremony Appeases Three Hindu Gods**  
SINGAPORE—(AP)—Three Hindu Gods were appeased by a sacred bath in milk and coconut water at dawn in the Sivan Temple here.

"Siva" and "Ganesa" and "Subramanya" were disturbed by thieves who looted the temple during the Japanese occupation. The Kumbabhiskam (purification) ceremony lasted four days and included non-stop chanting. Old men and women filled brass pots with the holy water which flowed over the dieties.

**Daddy Ringtail :: By WESLEY DAVIS**

**Daddy Ringtail And Apple Barrel**

Old MacDonald has a farm, so I see I oh! Old MacDonald has had the farm a long, long time. Why, Old MacDonald has had the farm even longer than he has known how to think.

Ah, me, those far away days when Old MacDonald hadn't learned how to think! Daddy Ringtail, your monkey friend, would come to the farm to see if Old MacDonald had some thinking that ought to be done, and then Daddy Ringtail would do the thinking for him.

"Old MacDonald," said Daddy Ringtail one fine day when he had come to the farm to see about any thinking that ought to be done—"Old MacDonald, is there any thinking I ought to do to help today?"

"Ugh!" said Old MacDonald for an answer. He was really very busy.

He was rolling a barrel of apples out of the house to throw them away.

"Now, now, now," said Daddy Ringtail, "you mean you are going to throw that fine barrel of apples away?"

Old MacDonald said that he was. He said the barrel of apples had one apple that was squishy and squashy, and so he would throw them all away.

"Mercy me," said Daddy Ringtail, "Old MacDonald you do need some thinking done today. Don't you know that one squishy apple, no matter how squishy, will not change the others to squish or squash?"

But no sir, Old MacDonald didn't know it. He thought that one apple, if squishy and squashy, would change the others to squish and squash. Oh yes it would! Old MacDonald was quite, quite sure it would, because—well, once he had left a squishy apple in a barrel of others, and soon they were all squishy.

"Now, now, now," said Daddy Ringtail again, because this was once in the long ago, remember, before Old MacDonald had learned how to think.

Yes, and so Daddy Ringtail reached in the barrel to get the squishy and squashy apple and throw it away. Oh my yes! And he did throw it away, and nothing squishy or squashy can do us harm if we throw it away before the mischief is done. Happy day!

(Copyright 1951, General Features Corp.)

# Grid Work To Begin Here Soon

Coaches Thurmon L. (Tugboat) Jones, Audrey Gill and Red Rutledge are busily at the Texas Coaching School at San Antonio Monday, and activity is expected to pick up in the Midland High School football setup shortly thereafter.

No definite time has been announced for the beginning of grid drills, but it is expected to be fairly early, as the MHS gridgers begin their September 14 jousting with San Angelo in Midland's Memorial Stadium.

Midland has been picked as the 1-AAA favorite, along with Plainview, by sports scribes around the state, but Sweetwater also is expected to field a very strong team.

Vernon and Lamesa, other 1-AAA conference members, are both listed as "dark horses."

End Jimmie Lineberger, tackle Stan Coker, and backs Ralph Brooks and Larry Friday are the only regulars to return from the 1960 team, which was the most successful in 10 years. That outfit won seven, lost three.

Backs Jesse Hatfield, Harold Hensley and Roy Kinsey were standouts in Spring workouts, with Red Coak, Loren Roberts and Robert Kelsing showing well in the line.

The 1961 Midland High schedule: Sept. 14—San Angelo at Midland; Sept. 21—Midland at Yaleta; Sept. 28—Crosier Tech (Dallas) at Midland; Oct. 5—Brownwood at Midland; Oct. 13—Midland at Poly (Fort Worth); Oct. 19—Open date; Oct. 26—Lamesa at Midland; Nov. 2—Midland at Vernon; Nov. 9—Midland at Big Spring; Nov. 16—Sweetwater at Midland; Nov. 23—Midland at Plainview.

All games will be played at 8 p. m., with the exception of the Plainview game, which is scheduled for 2:30 p. m.

# Surprises Plentiful In Women's Tourney

DETROIT—(AP)—Two newcomers and two veterans squared off Friday in the semi-finals of the Women's Western Amateur Golf Championship.

Marjorie Lindsay, calm veteran of eight western tournaments, faced blonde Bonnie Randolph, the meet's biggest surprise.

Grace Lenzyk, who, two Summers ago copped the USGA amateur, Canadian and U. S. collegiate women's titles, tackled Mary Ann Downey, Baltimore, Md., a newcomer.

Knocked out of the running Thursday were Defending Champion Polly Rife of Fort Worth, Medalist Barbara Dawson, Claire Doran and Pat Devany.

# ERRORS HURT, NELSON GETS LOSS—Tribe Victory Streak Ends At Five; Visitors Win, 5-3

It had to happen sometime, and it happened Thursday night.

The Midland Indians saw their winning streak go a-begging, as the Sweetwater Swatters used three unearned runs in the first inning and a two-run homer in the eighth frame for a 5-3 verdict.

Lefty Ernie Nelson took the loss, his second against one win. The Indians bobbled two chances in the outer garden and two in the infield in the initial inning. That got the Swatters off to an early 3-0 lead that Midland never could overcome, although the game was tied at 3-3 until the Swatter four-bagger.

Stan (The Man) Wilcox, newly arrived centerfielder, bashed a home run to the left of the scoreboard in the first inning, scoring Scooter Hughes ahead of him. Wilcox also had a double.

Midland tied it up in the third on successive doubles—the one by Wilcox and another by Julie de la Torre.

Winner Jesse Grejhada and Nelson both allowed but six hits. However, Bill Hale slammed a home run over the left field wall in the eighth frame to score Julian Pressley in front of him, and that was the ball game. Midland loaded the bases in the ninth on a single by Zeke Bonura and a pair of walks, but Hayden White bounced into a twin-killing to end the rally.

A crowd of 1,626—largest since the 1948 playoffs—witnessed the Ladies' Night game. Approximately 700 were ladies who attended as guests of The Reporter-Telegram. Midland goes to San Angelo Friday night.

# Gilmore To Guide North All-Stars

SAN ANTONIO—(AP)—Fifty-six huskies play their last football as schoolboys Friday night when the North meets the South in the annual all-star game of the Texas Coaching School.

Optimism rested over both squads; even the coaches—Frank Howard of Clemons and Paul (Bear) Bryant of Kentucky—were willing to give their teams a chance.

Everybody expects a wild, fast-scoring game, featuring a blistering ground attack by the North and a whirlwind passing flurry by the South.

The consensus was that the South would win. The North holds an edge in the 17-year series, nine to six. There have been two ties.

Tommy Fields of Wichita Falls and Rick Spinks of Kermit head a terrific ground attack for the North. Duane Nutt of Corsicana, Bobby Page of Levetri's Chapel and Eddie Henning of Tyler spearhead a South passing game in which Ed Bernet of Highland Park (Dallas), a giant wingman, figures as the main target. Reed Gilmore of Midland will guide the North eleven.

A crowd of 10,000 is expected at Alamo Stadium for the 8 p. m. kickoff.

**After All, You Can't Win With A Bunch of Old Men**  
ST. LOUIS—(AP)—Marty Marion, freshman manager of the skidding St. Louis Cardinals, has been given a vote of confidence by Owner Fred Saigh.

Saigh isn't saying, though, whether Marion will be retained as manager next season.

With the team tottering on the brink of the second division and actually much closer to last place than first, Saigh called a special clubhouse meeting of the team Thursday night.

Saigh said he told the players he had complete confidence in Marion and was satisfied with his work.

# Yanks Shut Out; Redsox, Tribe Win

The New York Yankees lost ground Thursday in the American League pennant chase. Bob Cain's relief work preserved a shutout as Detroit blanked the leaders, 6-0.

Cain came to the rescue of Hal White in the seventh with the bases loaded. He struck out Johnny Repp, Billy Martin and Gene Woodling and then whiffed two more in the final two frames.

Boston's third-place Red Sox took a doubleheader from St. Louis, 12-1 and 11-5, to shave a game and a half off the Yankee lead and move into a tie with Cleveland a game off the pace.

Cleveland blasted Washington, 8-2, in a night game. The fourth-place Chicago White Sox nipped the Philadelphia Athletics, 4-3 in 10 innings, to trail by six games.

In the National League Brooklyn beat Pittsburgh, 10-3.

The New York Giants fell before the four hit pitching of Bob Rush to drop 10 games behind the Dodgers. Rush pitched the Chicago Cubs to a 6-3 win.

Philadelphia defeated Cincinnati, 7-5. Boston holds a 7-3 edge over the St. Louis Cardinals in a game that is yet to be finished. The game was called at the end of eight and a half innings to allow the teams to catch trains.

# OC Indians Lose Johnny Creel As Result Of Injury

The Oklahoma City Indians have reason to be unhappy. They lost a 7-2 decision to the Beaumont Roughnecks Thursday night in the Texas League. The game cost them the services of one of their outstanding players—probably for the rest of the season.

Johnny Creel, one of the top hitters in the circuit, pulled a shoulder tendon while diving for a low liner in the first. He probably will not play again this season.

The Roughnecks scored three of their seven runs in the first on three doubles, a walk and an error. They had easy going the rest of the way.

The Dallas Eagles ran their current winning streak to four with a 4-3 victory over the San Antonio Missions. The Houston Buffs snapped a three game losing streak with a 5-2 win over the Fort Worth Cats.

Shreveport and Tulsa tangled in a pitchers' parade with the Sports winning, 8-6.

Tulsa used five pitchers, Shreveport called on two.

# Fight Enlivens Lobo-Gasser Game

Lamesa fans who paid to see the Lobos and the Berger Gassers in action Thursday night really got their money's worth. The Lobos came from behind with a four-run eighth inning rally to win. The proceedings were enlivened by a non-scheduled fight.

Borger first baseman Earl Perry tangled with Ed Arthur, Lamesa pitcher, after being hit by a fast ball. Before peace could be restored, Lamesa Manager Jay Haney also joined in the fray.

The four-run rally gave the Lobos a 7-5 victory.

Abilene nipped Odessa, 6-4, after a hard fight. Albuquerque came from behind to trim Pampa 10-8, and Amarillo whammed Lubbock, 17-1.

**CALIFORNIA VISITORS**  
Dr. and Mrs. W. P. Nalal and Diana of Midland are spending a few days at Del Monte Lodge in Pebble Beach, Calif.

Sometimes you go into a dressing room after a team has dropped a ball game, and you'd think everyone in the clubhouse had just been drafted or lost his pile to a fall house after drawing an inside straight.

At such times it's highly unhealthy for any self-respecting sports writer to let himself be seen.

In fact, our Army training has been invaluable several times. It isn't easy to disguise a 220-pound frame as a ballplayer or the Thin Man. But we've tried, well knowing the wrath of disgruntled players must find an outlet, and sports writers are considered fair game by the men of the diamond.

So we tip-toed lightly across the Indians' clubhouse after the 5-3 losing effort to Sweetwater Thursday night, expecting to be hit at any time with a wet towel or a stray baseball.

Unfortunately, for the readers of this column, no such thing happened. In fact, you truly received a couple of dinner invitations from the players—something that happens about as frequently as Stalin votes Democratic.

Not to be misleading: the Indians weren't happy because the Swatters had snapped their five-game winning streak—second longest string of triumphs in what has been, until recently, a dismal diamond year for Midland.

Although the players weren't grouped around giving 15 rabs for Sweetwater, they weren't snarling and fuming in the accepted losers-dressing-room style. Fast in the atmosphere was as wholesome as a Sunday School picnic.

The attitude was a let's-not-cry-over-split-milk thing. After all the percentages were very much against Midland Thursday night, and let's face it, you can't beat the law of gravity, taxes, the Grim Reaper, Hildaol and ole Mr. Percentage.

Tell the fans we're not giving up yet," Manager Zeke Bonura said in the clubhouse. "It's a long way to the first division, and the odds are against our making it this year. But we're going to play the best baseball we can the rest of the season, have a lot of fun and make no abills. That's all we can do."

And that, we're sure Mr. Bonura, is all the fans expect. Then maybe too we can visit your clubhouse more often and sell our make-up kit for a nice profit at the same time.

**TRAPPER TALK**—Israel Ten, the pitcher recently acquired from Artesia, wants it known he isn't a Cuban... Ten is, he said, a Puerto Rican... Eddie Jacome sporting a big Western hat these days... Makes him look like a big-time rancher... Jacome's the team crooner, too... There's one on every ball club... Stan Wilcox is with the Indians on a 20-day look... Indian Park is going to have to be enlarged to hold the fans next year, we're thinking... End of the Row for now!

FUNNY BUSINESS

"He has a novel way of attracting the waiter's attention!"

Missing Payroll Brings Charges

DALLAS —(P)— Officers here filed theft charges over a missing \$8,000 payroll. The payroll was drawn from a bank July 28. A truck driver for Parlane Fur Company told officers he received it, but said it was later stolen from him. Officers said Thursday night they had another statement from the driver. They accuse him and two other men of agreeing that the three would take the money and the driver would report a robbery. Police said they were told the money was hidden beneath a rock in the Oak Cliff section—but that it apparently had been taken from that spot. Detectives filed charges of theft over \$50 Friday against Adell Russell, 21, the driver, and Columbus Williams, 22. A similar charge had been filed July 30 against Melvin Wright, 21.

Cotton

NEW YORK —(P)— Friday noon cotton prices were 15 to 96 cents lower. Oct 34.21, Dec 34.17 and March 34.21.

Senate Finance Committee To Decide Next Week How Much Heavier Burden Can Grow

By SAM DAWSON

NEW YORK —(P)— The heavy hand of the tax collector hangs over individuals and corporations today. How much more is to be deducted from your paychecks each week? How much more business earnings are to be cut back by the U. S. Treasury?

The Senate Finance Committee next week starts deciding how to raise the money to meet the bill Congress is approving, and how much heavier the tax burden can grow before it defeats itself by cutting back prosperity to the vanishing point.

The President wants \$10 billion more added to the tax bill to help pay for the defense program. The House proposes a \$7.2 billion increase. The guessing now is that the Senate will whittle this down to \$5 or \$6 billion.

Outcries from business are sharp—louder than those of individuals, but perhaps no more pained. Some make general protests that neither business nor individuals can be

tapped for much more. Others are particular squawks that the tax bill levies unjust penalties on some industries, or on young and small businesses.

How present taxes are holding down net earnings is shown in the end of mid-year financial statements of corporations. The National City Bank lumps 236 manufacturing corporations together and finds that they fared this way in the first six months:

Their sales total almost \$29 billion, up more than \$6 billion, or 28 per cent, above the first half of last year. Their total costs went up 23 per cent, so that their earnings before taxes total \$5.4 billion, a gain of 51 per cent over the \$3.5 billion of a year ago.

With Higher Levies Then the tax collector steps in with the new, higher levies voted last year. Federal income and excess profits taxes for the 325 companies soared to almost \$3.3 billion from the \$1.4 billion of last year. This is an increase of 125 per cent. As a result, net income after taxes this year totals \$2.1 billion, an increase of only \$20 million, or one per cent, from last year—in spite of the 28 per cent gain in sales and the 51 per cent gain in earnings before taxes.

These 325 corporations—like all businesses—paid their new high taxes out of their sales. And their sales reflect their prices. And you paid the prices.

The consumer always pays the tax bill—one way or the other.

Gas May—

(Continued From Page One) get tough," the Commission chairman said.

He urged frank discussion and termed the commission fair in its considerations of the problems of the field.

Points Listed Cullerson listed a four-point discussion backbone for the called meeting. The points are:

1. Should the commission consider the requiring of quarterly gas-oil ratios in order to eliminate some of the discrepancies now occurring in the submitting of gas-oil ratios by operators?

2. Should the commission apply lease gas-oil ratios obtained from the plant reports submitted to the commission and if an operator disconnects from the plant and is found flaring gas on the lease, the lease is to be closed in under the flare gas order of the commission?

3. Should the commission witness the quarterly gas-oil ratios and should the commission not allow a re-test made by operators unless ratios are witnessed by commission representatives?

4. Should the commission place on the allowable schedule for each well the gas limit allowed to that well? This would show the well's allowable of barrels per day and the well's gas limit in cubic feet per day and then the gasoline plant could only take that gas shown on the proration schedule and no more.

And then if the GP-1 reports showed that the gas stage exceeded the gas limit on the proration schedule, that lease would be over-produced and would have to be closed in to make up the overproduction in gas the same as it would have to make up the overproduction of oil.

"We want first-hand information from you boys in the field and plant before we are forced to take steps on the gross discrepancies in oil-gas ratio reports," Cullerson explained.

And there are human factors in testing. We want you to test the same way you produce and not estimate. We are concerned with cost-meeting place in Hotel Scharbauer right," he added.

"We have long faced this problem and now we must get it," Cullerson said, with Murray concurring.

Keystone field representatives indicated installation of new equipment would help their problem of keeping actual production in line with ratio and would stop a lot of gas flaring. Goldsmith field representatives reported machinery ordered to help with that area's problem in doing away with much flaring.

"We are here to help work out a schedule to assure uniform flow of gas in order to prevent gross flaring and to make sure that gas-oil ratio reports can tell the true story," Murray said.

That fields could be shut-in and pipeline connections served for violators was strongly stressed by the Commission representatives.

Congratulations To

Mr. and Mrs. Albert Gaujot, Box 774, on the birth Friday of a daughter weighing seven pounds, four ounces.

Mr. and Mrs. Jim Hunter, 400 South Garfield Street, on the birth Thursday of a daughter weighing six pounds 12 ounces.

SUFFERS WRIST BURN L. C. Thomas, Jr., 513 East New York Street, was given emergency treatment Thursday at Western Clinic-Hospital for a burned wrist, suffered when it came in contact with a "hot" wire.

MEDICAL PATIENT J. M. Ratcliff, 2307 West Kentucky Street, is a medical patient at Western Clinic-Hospital.

Campaign Tactics Of Senator Hit

WASHINGTON —(P)—

A Senate subcommittee Friday denounced as a "despicable 'back street' type" the election campaign conducted for Senator John Marshall Butler (R-Md) last year.

The subcommittee made no recommendation for action against Butler, who defeated Democrat Millard Tydings by 43,000 votes.

The group's denunciation was restricted to the campaign conduct of those who carried on Butler's campaign, but it said Butler "was negligent in respect to certain implied responsibilities of a candidate for high public office."

Two In One The subcommittee reported to the Senate Rules Committee—of which it is a part—that actually there were "two campaigns within one."

It added: "One was the dignified 'front street' campaign conducted by candidate Butler in his speaking coverage of the state x x x.

"The other was the despicable 'back street' type of campaign, which usually, if exposed in time, backfires."

Tydings charged the Butler campaign was a "tissue of lies" and asked that the subcommittee come to the same conclusion.

Butler accused Tydings of resorting to "reckless and unjustified attacks upon me."

The subcommittee said the "back street" campaign was conducted by "non-Maryland outsiders" and "was of a form and pattern designed to undermine and destroy the public faith and confidence in the basic American loyalty of a well-known figure."

UN Stresses—

(Continued From Page One)

ence in cease-fire talks to the guarantee Allies have said they would demand that the Reds do not take advantage of an armistice to reinforce their ground troops, or run in now non-existent air and naval forces.

Joy went on, Nuckols said, to emphasize that ground forces alone do not constitute the complete balance of power. Naval and air power must be taken into consideration, too.

Joy was using emphasis on air and sea might to support the Allied demand for an armistice along present battle lines, most of which are north of the 38th parallel in defensible hill terrain.

Allied warships are shelling targets on both coasts of North Korea daily while planes range freely over all North Korea. Withdrawal of these two arms of Allied might from North Korea, under this authoritative view, should be sufficient compensation for the Reds to agree to Allied ground forces remaining in the tactically favorable positions they have won in hard fighting.

How impressive such an argument might be with the Communist negotiators was indicated indirectly by General Nam during Friday's session. He said, in effect: "You insist on strong defensive positions north of the 38th parallel, deep in our territory."

He repeated the statement 14 times—almost word for word.

Since the cease-fire talks started in Kaesong July 10, UN naval and air craft have done most of the shooting. Ground forces have engaged in no major offensive operations.

Hulcy—

(Continued From Page One) fense spending should peace come to Korea.

"We feel there is going to be some reduction in the national budget," he said, indicating that the increased tax bill would not be quite as severe as approved by the House. Too much taxation can kill the incentive for companies and individuals to produce to full capacity, he added.

In his conference as a member of the mobilization board he has learned that much armed forces material might become obsolete before it is needed.

"If peace comes it might be better to spread some of our plans over four years instead of two," Hulcy said. "But there's no question but that we need to go ahead."

Some parts of the country have not caught up with defense production and demands, he said. Detroit, for example, has between 50,000 and 75,000 unemployed persons. The shift-over to defense production has been slow in that area.

As for the Southwest—well, Hulcy's optimism reaches new heights. "Wherever you go, the Southwest and Texas are foremost in the thinking of the people. They feel opportunities are greater down here, that the individual is more important in Texas."

"Our tax program in Texas is conservative; no sales tax, no income tax. This has been a strong selling point to industry. We still have folks who are inclined to do a day's work for a day's pay—and this appeals to manufacturers in the East."

As for Midland... "Never saw such a place. It's fabulous and I find miraculous changes every time I'm here."

A Portuguese Man-of-War is a tropical jelly-fish with a powerful sting.

What Happened To One Business Man!

This isn't a true story... it's a fable... but it could happen... and it has happened.

Once upon a time there was a big merchant, he got that way by attending strictly to business, taking seriously his customer's wants, and giving as much time to his advertising as it should have.

So, he grew... and he grew... and he grew. Business got so good he didn't need to think so much of his customers, nor of his advertising. In fact, he found he was wasting time by thinking of advertising. He got "smart." He couldn't help it, of course, if "advertising" expenditures more and more went into entertaining... and pamphlets... and booklets and for taking a good customer here, there and everywhere.

Well, this went on for several years. During that time, youngsters were growing up, customers were dying off, new people were coming to town. But our good friend wasn't getting this new business... he was too busy contacting the old ones, saying "yes" to every hit and miss sound. "I've got to advertise umpteen thousand dollars worth this year, so put me down for a page in your booklet!" Then one day, the foreman of his shop got in to see him. "We need to do some advertising, Mr. Blankety Blank," he said in no uncertain terms. "We can't afford to spend any more for advertising," said the boss indignantly. "Last year we spent umpteen thousand dollars for advertising," and he got out his private ledger to prove his point.

There were the figures, all down in black and white. So the shop foreman scratched his head and went back to his bench. Then he started looking for a new job... no use staying with a firm which couldn't be helped when umpteen thousand dollars were being spent for advertising. "I guess advertising just isn't as important as I thought," he said to himself. "We haven't had a new customer in months!"

Yet, in another part of town, a young man was going great guns. He was running ads regularly in the newspaper. Putting time and thought into his business. Asking his newspaper advertising writer for new ideas, accepting their suggestions for improvement of his campaign. He wasn't spending umpteen thousand dollars a year, that's true, but he was seeing that every advertising dollar was wisely spent in a medium capable of bringing in a constant flow of new customers. Now and then he had to explain to a good customer why he couldn't afford to take a "big ad" in the booklet or the club pamphlet, but that wasn't hard to do because he knew that to influence a customer or a prospective customer, it was necessary for his ad to be read... and to be read it has to say something.

He knew, too that advertising is, and always has been, a highly specialized field. There's a right and a wrong way to write advertising if it's going to pay off. That's why he put at least 80% of his advertising budget into newspaper advertising... that's why he built a sound business... that's why he continued to do well when others were failing.

For Advertising That REALLY Pays Advertise In The Midland Reporter-Telegram THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR

STANTON
GOOD INCOME PROPERTY IN GOOD LIVE TOWN
Well constructed five room stucco home. This very attractive home has a tile bath; hardwood floors throughout; loads of built-in cedar closets; spacious kitchen with sparkling white tile and inlaid linoleum. This tile roofed home is in good condition throughout and you can move into it within 30 days.
The following property is included with the above mentioned home: Five stucco houses, completely furnished, located in the Northwest section of Stanton. Also three other houses, on payment in East section of Stanton. All of the eight houses are occupied and bringing in a very attractive return.
This income property can be bought right if sold immediately. Price asked is \$37,500, worth a lot more. For information contact Mr. R. A. Bennett, Stanton, Texas. Phone Stanton 103.

NORTHWEST SECTION
This lovely brick veneer home has just been completed and is ready for occupancy. Characteristics include a large living room, dining room, three large bedrooms, two full ceramic tile baths with showers, big kitchen with dinette space, seven roomy closets. Carpeted throughout, and centrally heated. The attached garage has completely finished interior. A very good loan is already established.

### Vacationing Family Make First Visit To Sunflower State

By BILL COLLYNS  
GARDEN CITY, KAN.—What in the world are we doing over here in the Sunflower State?  
Your guess perhaps is as good as mine, but anyway we started out from Denver this morning in a southeasterly direction; the weather was nice, the roads (on the map) looked good, and the car was running fine—so here we are in Garden City—Kansas, that is.  
It is our first trip into these parts (the hay and wheat country) and we are intrigued by the mile after mile of green fields, excellent crops and the innumerable, well-kept farms. It is all new to us.  
And we definitely are out of the tourist country, judging from the drop in prices as well as the elevation. We must be off the beaten path. A nice three-room unit in the Virginian Court cost only two-thirds as much as a one-room unit in Denver, for instance.  
Here in Garden City, too, we found the world's largest free swimming pool. It is owned and operated by the city and is free to everyone. The pool holds 30,000,000 gallons of clear, clean and refreshing water. The red swim trunks surely came in handy. The pool is located in a city park, which also boasts a fine zoo. (The city looks to be about half the size of Midland).  
... Still Apparent  
Evidences of the recent Kansas floods still are apparent in Garden City and vicinity. We had to detour 15 or 20 miles this afternoon because of washed-out road at one point on U. S. 50 west of the city. We were told it rained six days in a row here and that the water was several feet deep in some houses in certain sections. The wind and hail damage also was terrific. Workmen were repairing roofs as we drove into the city. The afternoon Garden City Daily Telegram reports farm damages in this county (Finney) will exceed \$1,500,000.  
We saw some really beautiful ranch country this morning in the Hugo-Kit Carson area of Colorado. Grass is high and green, and the large herds of Hereford cattle are the fattest and sleekest we have seen on this tour. Some of the country had received rain the night before and it showered just ahead of us around Lamar, Colorado this afternoon. (Sure hope it has rained in Midland, Texas).  
But back to big, friendly, attrac-

### U. S. Airmen, British Woman Wed After Whirlwind Courtship

EL PASO —(P)—An American airman and his British bride honeymooned Friday after a whirlwind courtship and wedding that could not have happened before the age of fast airplanes.  
"I still feel a bit strange," said the bride, the former Mrs. Winifred F. Spears of Rickmansworth, Hertfordshire, England. The 36-year-old divorcee added "I'm very, very happy."  
S/Sgt. William Griggs, 23, said he was "very happy, but I hope things soon calm down to normal."  
Griggs, stationed at Biggs Air Force Base here, proposed during a four-hour chance meeting in England while he was on a plane ferrying mission. She was an employee of British Overseas Airways. They met after someone in Griggs' crew whistled at the attractive Englishwoman and she walked over to chastise them.  
A few weeks later Griggs, a native of Akron, Ohio, got back to London and made arrangements for her to come to America.  
The bride and her 11-year-old daughter, Antoinette, arrived in El Paso Wednesday night. Griggs and Mrs. Spears were married Thursday afternoon.

### Colorado City Manager Fired

COLORADO CITY —(P)—The City Council fired City Manager Jack Tallent Thursday at what the mayor called an "executive session."  
The mayor, J. M. New, ordered police to bar public and press.  
The vote was 4 to 2 to oust Tallent from his job which pays \$5,000 and expenses.  
"Incompetence" was the only reason given. Tallent has 30 days to reply in writing.
