Lying, Slander Charged Ridgway

Reds Refer To UN Boss As Criminal

TOKYO (P)—Red China's official Peiping radio Thursday asserted American planes violate the Kaesong neutrality area in Korea almost every day.

The charge was injected into broadcasts accusing Gen. Matthew B. Ridgway of lying, slander and distortion.

The latest asserted violation was early Wednesday. The badly garbled broadcast heard in Tokyo said an American bomber dropped a flare over the site of the now suspended Korean war truce talks.

Well-Known Midland Independent Oil Man Dies In Washington

James Fitzgerald, Jr., 47, well known Midland independent oil operator, died Wednesday in Washington, D. C., hospital after an illness of two months. He had been in a hospital the last month.

A son, James, III, was with him at the time of his death.

Funeral services, which are pending, will be held at Tulsa. The Fitzgerald Funeral Home there is in charge of arrangements.

Survivors include the widow; two sons, James, III, and Michael, all of Midland; two brothers, John M. Fitzgerald and Gerald Fitzgerald, both of Midland, and a sister, Mrs. John J. Zeigelmeier of Kansas City, Kan. Also surviving is the mother, Mrs. Ina Fitzgerald of Tulsa.

Formerly With Skelly

Fitzgerald came to Midland in 1933 as an official of the Skelly Oil Company. A member of the Catholic church and a graduate of the University of Oklahoma, he was born Nov. 6, 1903, at Oklahoma City.

James Fitzgerald entered the employ of Skelly at its home office in Tulsa, in 1927 as a geologist. He was transferred to Midland in 1933 to head the company's West Texas-New Mexico division office as combination geologist-landman. He served in that capacity until 1937, when he was transferred to the land department and promoted to manager of the Permian Basin division of the company's land and lease department.

During his administration, he was instrumental in 1939 in the drilling by his company of the No. 1 State "N" wildcat discovery well in what came to be known as the South Lovington Pool of Central Lea County, N. M.

On Nov. 11, 1943, Fitzgerald resigned as division landman of Skelly to continue his activities and interests in the oil industry as an independent operator.

"Why is he so afraid of investigation, like a criminal afraid of his final trial? Ridgway's liaison officer has said that investigation in the dark of night could not be held. Why then does Ridgway insist on relying on unreliable investigation," (Continued On Page Five)

Police Rush Plans To Insure Safety Of Midland Youngsters

The Midland Police Department is ready to keep the streets of Midland safe for the more than 6,000 children who will start back to school next week.

"By the end of the week," reported Police Chief Rube Hemingway, "all the necessary stop signs and stop lights will have been installed and all cross-walks and curbs around schools repaired."

"Arrangements for a schoolboy patrol to aid in handling traffic around schools also will be completed this week."

"We are doing everything in our power to make the streets of Midland safe for the school children as well as the adults."

"Every school zone," he said, "is marked clearly and the speed limits are effective from 8 a. m. until 4 p. m."

"We're going to keep these areas patrolled and see that the speed limit is enforced."

The speed limit for vehicles in the school zones is 20 miles an hour.

New Traffic Lights

An added responsibility this year will be the area around the new Sam Houston Elementary School, in the northwest section of the city near Memorial Stadium.

A signal light has been installed at West N. and North Louisiana Streets, Hemingway said, and additional stop signs have been installed in these areas.

These stop signs include one on North L Street going into Louisiana Street, and at Louisiana going west into L Street. In addition, there will be movable stop signs for use during the periods when children are going to and from school.

To further protect Midland High School students, the Police Department has installed a red signal light at North C. and West Illinois Streets.

Another red signal light is being installed at North Big Spring and West Parker Streets to protect children going to the David Crockett Elementary School. Additional stop signs also have been installed in the area.

U. S. Signs Treaty With Philippines

WASHINGTON (P)—The United States and the Philippines bound themselves together Thursday in a new defense pact pledging each to help the other fight aggression.

President Truman called the treaty a "strong step towards security and a peace in the Pacific."

"It demonstrates to all nations that we intend to continue our common course and to work together in the future, as we have in the past, for peace for all mankind," Truman said.

The treaty, pledging the U. S. and the Philippines to come to each other's aid to meet common danger, is the first of a series of defense agreements to shore up Pacific defenses against Communist aggression.

The others, with Japan and with New Zealand and Australia, are to be signed in the next two weeks.

Philippines President Quirino said that while the new treaty has "unavoidable connotations of military aid" it is "wholly dedicated to peace and to the methods of peace."

Secretary of State Acheson likewise described the treaty as a "natural outgrowth of the relationship between the two countries and said it 'serves to tell the rest of the world that the Philippines and the U. S. stand together in the Pacific.'"

The mutual defense treaty must be ratified by the Senate, which already has approved such a commitment by the United States in the 12-nation North Atlantic Treaty.

Many Reservations Made For Teacher Get-Acquainted Fete

Reservations were pouring in Thursday for the annual Chamber of Commerce-sponsored Teacher Get-Acquainted Party scheduled at 6:30 p. m. Friday on the Midland High School grounds. Approximately 500 persons already have indicated they will attend the function, which is expected to attract at least 750 persons.

Chamber Manager Delbert Downing said those who have not returned their reservation cards may make reservations by telephoning the C. of C. as soon as possible.

Members of the faculty of the Midland Independent School District, and their husbands or wives, and Chamber of Commerce members and their wives or husbands, are invited to attend the annual event.

Gilliam To Speak

Judge Philip Gilliam of Denver, Colo., will be the guest speaker at the entertainment event. He is judge of Denver's famed Juvenile and Family Court and is widely recognized as an outstanding authority on the prevention of juvenile delinquency. He will speak in the high school auditorium, following the serving of a fried chicken dinner on the school grounds.

Members of the Wranglers Club will assist in greeting the visitors and in serving the food. Wranglers are urged to report to Downing at the scene of the event not later than 6:30 p. m. Friday.

Mid-Co Completes Rannels Prospector As Gas Producer

Mid-Continent Petroleum Corporation No. 1 R. B. Theford, Northeast Rannels County wildcat, has been completed as a gas well from the Morris sand for a daily flow of 3,770,000 cubic feet per day.

The production is from perforated section at 3,682-3,715 feet.

The wildcat drilled to a total depth of 4,229 feet. It had no possibilities of production below the zone from which it was finished.

Location is 330 feet from south and east lines of the 407-acre lease in Wharton County School Land survey, A-499.

It is 10 miles northeast of Winters and two miles north of the Bykes-Morris field.

Midland Pegasus Gets New Producer

In the southwest Midland County side of the Pegasus field, Magnolia Petroleum Company No. 6 Dr. Roy Glass was completed for a 24-hour flowing potential of 592.65 barrels of 52.8-gravity oil and no water through a 24/64-inch tubing choke.

Completion was from open hole at 10,540-555 feet and at 10,490-515 feet. The lower set had been washed with an unreported amount of acid.

Gas-oil ratio was 1,763-1.

Five and one-half-inch liner is cemented on bottom at 10,566 feet. Location is 650 feet from south and 880 feet from west lines of section 8, Matt Daugherty survey and 11 miles south of the City of Midland.

HERE TO SIGN PACT—Philippine President Elpidio Quirino, right, waves to the crowd assembled at the airport in San Francisco to greet him on his arrival. Quirino was enroute to Washington to sign a U. S.-Philippine mutual defense pact. At left is San Francisco Philippine Consul Benigno Pidlaoan.

County Board Rules Out Midland Sending School Bus To Tex-Harvey Area

Where students residing in the fast-growing Tex-Harvey oil field areas of Midland County will go to school in 1951-52 and how they will be transported was defined Wednesday at a meeting of the County Board of Education.

The board, in a closed-session vote, during which representatives of Greenwood and Midland school districts and a newspaper reporter were asked to leave the Midland County Courthouse meeting room, passed motion that students would attend the school in whose district they reside.

It also provided that border-line students in the Midland school zone would ride a Greenwood bus to a bus which transports high school students to Midland.

The policy set out by the board in effect prohibits Midland schools from sending a bus to the Tex-Harvey areas at the present time.

Some parents living in the Tex-Harvey field area had asked the Midland schools to provide bus service to the area. Because of "better advantages," some parents, even though living in the Greenwood section, have said they wanted to send their children to Midland schools.

Shortened Route

It was pointed out at the meeting by Greenwood representatives that a new road recently opened would shorten a bus route to that school from Tex-Harvey areas by several miles.

Most of the students of the area reside in the Greenwood district but some in the growing area reside in the Midland district. An exact division of students by count was not known.

Several oil company camps are springing up in the area and more are expected. Tex-Harvey representatives have indicated a refinery to be built in the area would bring 24 or more families.

Both school districts were represented at the meeting. Greenwood (Continued On Page Five)

Sealy Says Intent Of Legislature In Loyalty Oath Right

Tom Sealy, Midland attorney and University of Texas regent, stood firm Thursday in his attitude that the intent of the Legislature in requiring loyalty oaths of state employees should be enforced.

Attorney General Price Daniel ruled Wednesday that the loyalty oath established by the Fifty-Second Legislature as a rider on the appropriation bill could not constitutionally be made retroactive.

The University governing board, in a 5-4 vote, with Sealy the leader of the dissenters, asked the attorney general to rule on the constitutionality of the loyalty oath.

Sealy said he had "complete confidence" in the attorney general and would abide by the ruling.

Good Idea Behind It

"I think I was right. The question is not whether he holds the loyalty oath to be constitutional. The issue was the intention of the Legislature to protect the people receiving an education at public expense from communism and other subversive forces. The loyalty oath affords some protection. The idea behind it is good."

"We ought to find some means of enforcing the intent of the Legislature. What we want is an education in the democratic way of life and with a system that will imbue students and graduates with a sense of responsibility to their family, to God and to what I think is the greatest country in the world."

Daniel's ruling upheld that portion of the new loyalty oath requiring state employees to swear they are not now members of the Communist Party or other listed subversive groups. The legislative action had required the oath to cover the last 10 years.

Season's First Bale Is Displayed

The first bale of cotton to be ginned in Midland County for the 1951 season has been placed on display in front of the Midland National Bank and will be auctioned sometime next Thursday by Chamber of Commerce officials.

W. S. Barnhill, who lives four miles southeast of Greenwood school, raised the cotton. It took 2,000 pounds of seed cotton to provide enough lint for the 503-pound bale.

The Midland farmer brought the seed cotton to the Midland Co-op Marketing Association here, where it was ginned and baled and turned over to Chamber of Commerce officials to be auctioned.

Fresh Red Troops Sift Into Action

EIGHTH ARMY HEADQUARTERS, KOREA (P)—Ten thousand fresh Communist troops dug into the jagged hills of Eastern Korea Thursday behind their attacking comrades.

Reds hurled three small, savage assaults at United Nations troops north of Yanggu. All were beaten back.

Planes tore up rails and road beds in their effort to cut Communist supply lines.

A fresh Communist division of about 8,000 men was observed digging in northeast of Yanggu, 27 miles from the eastern tip of the front.

Another group of Reds, estimated at 2,000 men, was seen moving south in the area northwest of Yanggu. Five hundred more were seen digging in.

The Reds fought Allied troops 13 hours before withdrawing. The attack was supported by mortar and artillery fire.

In the Iron Triangle of the central front, artillery, mortars and hidden groups of Red infantrymen harassed an Allied patrol sporadically until it withdrew at dusk. Only small patrol clashes were reported elsewhere on the front.

General headquarters said UN troops hacked out small gains in the east Wednesday and beat down Communist counterattacks.

PAD Approves New West Texas Pipe Line

WASHINGTON (P)—The government flashed a go-ahead Wednesday for a 300,000 barrels daily crude oil pipe line from West Texas eastward.

The Petroleum Administration for Defense allowed 22,000 tons of line pipe to start construction of the line in the fourth quarter of this year, it was learned.

The line, known as the West Texas-Gulf Coast Pipe Line, is a project of five companies: Gulf, Standard Oil of Ohio, Sun, Pure, and Cities Service.

The 26½-inch line is to run from Colorado City to Longview, where it is to connect with the Mid-Valley Pipe Line. There is to be a connection between Wortham and Houston.

Edwin H. Taylor, Oil Operator, Dies

Edwin H. Taylor, 61, an independent oil operator and broker, died suddenly at 4 p. m. Wednesday of a heart ailment. He resided at 201 East Ohio Street.

Funeral services will be held at Tacoma, Wash., but had not been arranged Thursday. Newbie W. Ellis Chapel is in charge of arrangements here. The body will be forwarded to Tacoma late Thursday.

Taylor came to Midland about two years ago. He was a Mason and a member of the Sues Shrine Temple.

Survivors include two sisters, Mrs. Renna T. Ringo of Tacoma, Wash., and Ethel Taylor of San Francisco. Taylor was born June 19, 1890, at Tacoma.

Midland Banker Recalls Spectacular Area Progress In Span Of 45 Years

By BILL COLLYNS

Forty-five years ago Thursday—at 5:30 a. m. Aug. 30, 1906—a young man by the name of Marvin C. Ulmer stepped off a westbound passenger train in the then small cattle town of Midland, Texas.

At 7 a. m. that same day he started to work as a bookkeeper in the First National Bank—and he has been there ever since, with the exception of three years (1922-1925) when he and Jax Cowden had the Ford agency here.

Today, Marvin C. Ulmer is chairman of the board and president of The First National Bank of Midland, one of the largest and strongest financial institutions in the Southwest.

Sitting at his desk in his private office in the institution's beautiful and spacious banking rooms Thursday, Marvin Ulmer, outstanding banker, civic leader, churchman and all-around good citizen, looked back upon 45 years of spectacular development in Midland and the Permian Basin Empire.

Marvin C. Ulmer

"My, my, the changes that have taken place," he reflected.

"The transformation which has taken place in business, in economics and in the territory has been almost unbelievable."

And the affable bank president has witnessed first-hand the remarkable development of Midland from a small town of a few hundred persons into the headquarters city of the vast Permian Basin Empire.

The First National, too, has kept pace with the growth of the city and section. When Ulmer joined the bank in 1906, deposits amounted to approximately \$800,000. Today, First National deposits are in excess of \$35,000,000, the largest of any bank between Fort Worth and El Paso.

"When I came to Midland most of our business was ranch business, but today it is a combination of oil, ranch, farm, commercial and general business," Ulmer stated. He said he drove over the county recently and was amazed at the oil activities and developments in all directions.

The size of the bank's staff also (Continued On Page Five)

East Extension Finaled To Parks Field In Midland

Magnolia Petroleum Company No. 1 Tom Peay has been completed as a one-location east extension to the Parks-Pennsylvanian field of Central-West Midland County.

Operator reported a daily flowing potential of 599 barrels of 43.3-gravity oil and no water through a 20/64-inch tubing choke.

Completion was from perforations, opposite the Pennsylvanian, at 10,540-555 feet and at 10,490-515 feet. The lower set had been washed with an unreported amount of acid.

Gas-oil ratio was 1,763-1.

Five and one-half-inch liner is cemented on bottom at 10,566 feet. Location is 650 feet from south and 880 feet from west lines of section 8, Matt Daugherty survey and 11 miles south of the City of Midland.

Wolfcamp Opener In Andrews Makes 276 BOPD Flowing

Magnolia Petroleum Company No. 1 Tom Peay swabbed and flowed 276 barrels of oil in 24 hours on production tests of the Wolfcamp in Central-North Andrews County.

The discovery well was swabbed on two sets of perforations, one at 9,227-50 feet and one at 9,275-9,300 feet.

Operator is still swabbing and flowing the project to test.

It is likely operator will use more acid to clean the well up in an attempt to get it to flow steadily.

The perforations at 9,227-50 feet have already been washed with 500 gallons of mud acid.

Location is 12 miles north of the town of Andrews and 1,736 feet from east and 597 feet from south lines of section 6, block 314, Gaines County School land survey.

Midlander To Hunt Shallow Production In Coleman Wildcat

Nash Dowdle of Midland is to start operations by September 7 at his No. 1 T. M. Hays, which is to be a 1,200-foot cable tool wildcat in Southeast Coleman County.

The prospector will be 11 miles southeast of Santa Anna and 4,000 feet from east and 1,500 feet from south lines of section 92, Bonds & Sanders survey.

It is to try for production in the Jennings sand pay. The venture is one and one-half miles south of the Jennings field which produces from the sand to which the Dowdle wildcat is projected.

Shallow Crockett Wildcat Is Due To Complete On Pump

Malco Refineries, Inc., No. 1 George Bean, shallow wildcat in Northeast Crockett County had pumped 50 barrels of 28.2 gravity oil in 24 hours from perforated section at 1,462-67 feet.

Operator is preparing to file potential test report and complete as a new discovery.

Location is 330 feet from south and 1,650 feet from west lines of section 34, block UV, GCA&SF survey. It is one mile west of the Betty field which produces from upper Permian lime above 1,200 feet.

Mid-Co Completes Rannels Prospector As Gas Producer

Mid-Continent Petroleum Corporation No. 1 R. B. Theford, Northeast Rannels County wildcat, has been completed as a gas well from the Morris sand for a daily flow of 3,770,000 cubic feet per day.

The production is from perforated section at 3,682-3,715 feet.

The wildcat drilled to a total depth of 4,229 feet. It had no possibilities of production below the zone from which it was finished.

Location is 330 feet from south and east lines of the 407-acre lease in Wharton County School Land survey, A-499.

It is 10 miles northeast of Winters and two miles north of the Bykes-Morris field.

Katherine Dickenson, George H. Bruce Marry In Palestine

PECOS—Katherine Dickenson of Palestine and George H. Bruce of Houston were married Saturday in the First Baptist Church in Palestine. The Rev. L. T. Daniels, pastor, officiated.

The bride is the daughter of Mrs. M. M. Dickinson of Palestine. Bruce is the son of Mr. and Mrs. A. H. Bruce of Pecos.

The ceremony was performed before an improvised altar of baskets of white gladioli, asters, palms and candelabra.

The bride, given in marriage by her brother, Malcolm Dickinson, wore a gown of white chintilly lace over satin with a scalloped neckline and a moulded bodice with short sleeves and long matching gauntlets. The skirt extended into a chapel length train.

She carried a white Bible topped with an orchid and tube roses. She wore a fingertip length veil of illusion caught to a halo of satin embellished with seed pearls.

Norma June Lane of Palestine was the maid of honor. She wore an ice blue net gown fashioned similar to the bride's. She wore a halo of blue net and carried yellow lilies.

Clifford Bruce of Roswell, N. M., was the best man. Ushers were C. L. Prokop, Lt. Col. C. E. Williams.

Visit With Founder Is Program Topic

CRANE—An imaginary visit with Rob Morris, founder of the Order of the Eastern Star, was the program theme Monday at a meeting of the Crane Eastern Star chapter. D. M. Holcomb, worthy patron, was in charge. The group planned a picnic in commemoration of the founder for Thursday night in the city park. Plans also were completed for the visit of the worthy grand matron September 10.

A banquet to which surrounding chapters have been invited will be held in the Community Hall. Mrs. Jet Lockhart and Mrs. Ruth Flsker were hostesses at the social meeting which followed the business session.

TAKE UP TO A YEAR TO PAY

Kruger JEWELRY CO.

Let's call a spade
a spade!

Congress is playing politics with YOUR INCOME!

CONGRESS is about to boost *YOUR* income tax again. At the same time, purely for ulterior political reasons, Congress still permits income tax exemption to more than 35,000 profit-making business corporations. Congress allows *ONE OUT OF TEN* corporations to pay little or no Federal income tax on their business profits. Congress lets them escape taxes of more than *ONE BILLION DOLLARS A YEAR*... while taxing *YOU* more!

Congress adds that billion dollars onto the tax bill of *you* and every other income taxpayer. Their political chicanery is costing you money... will soon cost you more unless you demand an end to this tax discrimination.

These profit-making businesses coddled by Congress... in return for political favors from their leaders and promoters... are COOPERATIVES, SAVINGS AND LOAN ASSOCIATIONS, MUTUAL SAVINGS BANKS, CREDIT UNIONS, and other cooperative banks and corporations of this kind. Even some MUTUAL FIRE AND CASUALTY INSURANCE COMPANIES are given favored tax treatment that adds to *YOUR* tax bill.

It is time you protested against Congress making a political football out of your pay check, your pocketbook, or your business income. Write your Congressman and your two United States Senators *immediately*.

The House of Representatives has *ALREADY PASSED* the new 1951 tax bill raising your individual and business income taxes by billions, but doing absolutely nothing to tax the billions in profits of these tax-exempt corporations. This legislation is *NOW* before the Senate.

Make your resentment of this *tax discrimination* against you heard in the halls of Congress. Write your Congressman and Senators today. Demand that they tax the untaxed *first*, before increasing your or anyone else's Income Tax again.

Youthful Businessman Kills Two Persons, Tells Plans To Kill Five Others, Then Self

KANSAS CITY (AP)—A youthful businessman Wednesday shot to death two persons, including a university professor, and told police he intended to kill five others and then commit suicide.

He said he was "mad at them" and "just disgusted."

Police said Richard Barry Donaldson, 29-year-old laundry operator, admitted the slayings in a signed statement.

Dead were Alfredo Ortiz-Vargas, 53, assistant professor of foreign languages and literature at the University of Kansas City, and Mrs. William Lay, 77-year-old negro.

Two of the intended victims escaped death because Donaldson's pistols misfired. Two others were not at home and the fifth did not answer her door when Donaldson appeared.

The laundry operator started his

Journey of death in a taxicab, stopping at several places.

Donaldson told officers that in addition to Ortiz-Vargas and Mrs. Lay, he intended to kill his former mother-in-law, an aunt, a son of Mrs. Lay, his landlady and her brother.

Donaldson said Ortiz-Vargas owned an interest in his self-service laundry and they quarrelled over financial matters.

The professor was shot down in his eighth floor suite of the Twin Oaks Apartments. Four bullets were pumped into his body.

Donaldson, a university graduate, was a former student of the professor.

Mrs. Lay was killed in her apartment above Donaldson's laundry as she reached into the refrigerator for a drink of water. She was shot twice in the back.

"She was little and old, and I figured two shots would be enough," Donaldson told police.

He said he was angry at the Lay family because they had him arrested recently on a peace disturbance charge. Mrs. Lay's son, Willie, also listed as an intended victim, was not at home when his mother died.

The two persons who escaped because Donaldson's guns misfired were his landlady, Mrs. Rose Kahn and her brother, Gilbert. He stopped at a store they operate. Police said he pulled the triggers of his two pistols five times, but they misfired each time.

Bought New Shells

"I was embarrassed at all those misfires," his statement said, "so I ran out of the store and got back into the cab. I went to a sporting goods store and got two boxes of new shells."

He also went to the homes of Mrs. Ethel Combs, his former mother-in-law, and Mrs. Leona Anderson, an aunt. Mrs. Combs did not answer her door and Mrs. Anderson was not at home.

Donaldson blamed Mrs. Combs for breaking up his marriage and said he had trouble with Mrs. Anderson in previous years.

After the killing, Detective Marvin Crowley said Sgt. Leo Hoel found Donaldson standing in the doorway of his laundry, calmly smoking a cigarette.

"Which murder do you want me for?" he asked, and then turned over his guns to the officers.

No Red Movement At Texas, Student Tells Rotary Club

There certainly is no movement in the direction of Communism at the University of Texas, and if there are any Communists there "I don't know them," Flossie Jones of Sweetwater told Midland Rotarians at their meeting Thursday noon in Hotel Scharbauer.

Miss Jones, a senior student at the university and a member of the school's women's national championship debating team, was the guest speaker at the luncheon, speaking on the subject, "A Student's Views of World Affairs." She was introduced by Robert M. Payne.

She said Communist charges leveled recently at the University of Texas and some members of its faculty are unfounded. Many students, she said, do try to learn all they can about Communism as the most effective means of combating it.

Education itself is a process of placing proper values on the ideas and views to which students are exposed, she stated. She stressed the fact students today perhaps are better informed than ever before.

After a brief discussion of world affairs in general, the speaker mentioned several things wrong with this nation, including the economic dangers of higher taxes, government spending and the threat of socialism.

"But in spite of its faults, we still have the finest and most practical form of government yet devised," Miss Jones said.

Confessed Slayer Of Oil Man Father Ruled Delinquent

DALLAS (AP)—John Michael Hawkins, 16, confessed slayer of his wealthy oil man father, Thursday faced almost five years confinement at the State School for Boys at Oteville.

He was declared a juvenile delinquent Wednesday and ordered to the state school by Judge Dallas Blankenship.

Blankenship rejected a plea that the youth be put into custody of a recently-appointed guardian.

Hawkins admitted shooting his father, Wallace E. Hawkins, vice president and general counsel of Magnolia Petroleum Company, while the father slept early August 5. He told officers his father objected to him keeping late hours.

The judge's order provides the boy be turned over to the Texas Youth Development Council until he is 21.

Crackdown Planned On 'No Money Down' Appliance Sales Ads

WASHINGTON (AP)—The Federal Reserve Board is about to crack down on the practice of advertising "No money down" sale of television sets, refrigerators and other appliances subject to federal credit restrictions.

As officials explained it, the "No money down" ads usually say trade-in allowances will be generous enough to meet the lowered requirement for a 15 per cent down payment. The new Economic Control Acts permit trade-in allowances to be counted toward down payments.

Officials said in some cases ads have promised the allowance of \$40 for an old radio set not worth \$5. They said the board regards this as price cutting rather than a good-faith trade-in.

representatives said their district needed every student residing in its district to qualify for the Texas Education Agency program to be followed by the school.

Midland representatives said their interest was in the students and they had been asked to send a bus to the Tex-Harvey area.

No Solicitation

Neither school indicated a desire to solicit students from another school.

A new \$225,000 school building is under construction for the Greenwood district.

The ruling of the county board may be temporary, it was indicated. The areas under discussion are being populated rapidly and enough students for a bus may be residing in the Midland district, even before Thanksgiving.

At the Wednesday meeting, the county board approved bus routes of both schools.

County Judge Clifford C. Keith, presided. Board members present were John L. King, Sr., A. G. Bohannon, J. C. Franklin and W. E. Pigg. Representing Greenwood were W. H. Vanlandingham and B. T. O'rahm. Representing Midland schools were Frank Monroe, Wesley Martin, Hoy Jewell, R. U. Fitting and Robert Payne.

Apartment Blaze Is Fatal To Four

NEW YORK (AP)—Four persons, including two children, died early Thursday in a fire that broke out in an apartment after a birthday party.

The dead: Raymond Hurley, 47-year-old occupant of the fifth-floor apartment where the fire occurred; his nine-year-old son, Vincent; Mrs. Dolores Carmody, 20, and her five-year-old daughter, Geraldine.

Hurley's seven-year-old daughter, Rayna Hurley, and his 11-year-old son, Raymond Hurley, were taken to a hospital with burns.

The fire, of undetermined origin, started shortly after midnight, following a party to celebrate the eighteenth birthday of Hurley's stepdaughter, Anna Marie Vaughn. She apparently left the apartment a few minutes before it was swept by flames.

and yet refuse to make further reliable investigation?"

Ridgway's headquarters has observed that the lapse of time between the original investigation, around midnight August 22, and the Red offer Tuesday to make an investigation, allowed the Communists plenty of time to manufacture new evidence.

Ridgway told the Red commanders—North Korean Premier Kim Il Sung and Chinese Gen. Peng Teh-Huai—he would make no further investigations because it would serve no useful purpose. He said he definitely had established no UN plane could have bombed Kaesong. No one now expects Ridgway to agree to a reinvestigation.

Ulmer, a modest man, was reluctant to talk about the part he has played in the growth of the city and section. But he definitely has played a leading role. He was a member of the Midland City Council from 1917 to 1944, serving as mayor the last nine years of that period. He retired as mayor in 1944 after having served longer than any other Midlander before or since. He also served as a school trustee for a brief period "way back there."

He also is a past president of the Midland Chamber of Commerce, Lions Club and other civic and service groups of the city and area. He long has been a leader in affairs of the Masonic Lodge and of the First Methodist Church.

"I am grateful for the privilege of having lived in a community such as this," Ulmer said, "enjoying the friendships and working with fellow citizens through the years."

"West Texas has been kind to all of us."

"Liked His Work"

Marvin Ulmer came to Midland 45 years ago to accept the book-keeping job in the bank in order to earn sufficient funds to return to old Polytechnic College at Fort Worth. He intended to continue his studies and to become a doctor, as was his father. But Marvin Ulmer, fortunately for Midland and for West Texas, never got around to returning to college. He liked his work, he liked Midland, he liked the people—and he still does. Although his working hours at the bank have been shortened somewhat following an illness earlier this year, he still manages to spend five or six hours a day at his desk, seeing customers and friends all the while.

Ulmer was born April 25, 1886, at Dublin, Texas, and attended public schools there before going to the Fort Worth college for three years.

He was married March 17, 1910, to Miss Helen Rountree of Midland. Mr. and Mrs. Ulmer have two daughters, Mrs. Barron Kidd of Dallas and Mrs. Hugh Corrigan, III, of Vero Beach, Fla.

Marvin Ulmer was busy Thursday accepting the anniversary congratulations of friends and business associates.

Former Employee Charged In \$410 Laundry Burglary

A 30-year-old Midland man was being held Thursday as officers announced the solution of the seven-week-old, \$410 burglary of the Snow White Steam Laundry, 407 South Marienfeld Street.

The man, identified as Ray Spencer, is a former employe of the laundry.

Burglary charges against him were filed Wednesday with Justice of the Peace L. C. Stephenson. Spencer waived preliminary examination and was ordered held for the grand jury under \$1,500 bond.

The arrest of Spencer followed several weeks of investigation by Deputy Sheriff Guy Fletcher, Police Chief Rube Hemingway and City Detective Harold Wallace.

Hemingway said "Spencer had signed a statement admitting the burglary."

He said most of the money was in the purchase of an automobile.

Louisiana Fetes Long's Birthday

BATON ROUGE, LA. (AP)—Louisiana Thursday observed the birthday anniversary of the late Huey P. Long—governor and U. S. senator.

Long was shot to death in the State Capitol—a tourist mecca that Huey Long built—and workers there and in the Capitol Annex began a holiday extending through Monday, Labor Day.

Hearing On Maiden Lane Paving Slated

A hearing on a proposal to pave East Maiden Lane and West Maiden Lane Streets from Big Spring to Baird Streets has been set for September 11 by the City Council.

The paving will be included in a 136-block paving project, on which a contract already has been awarded.

The date was set Tuesday by the Council which turned down a plea that the proposed width for West Parker from Big Spring to Main Streets be reduced from 41 feet to 37 feet.

"West Texas has been kind to all of us."

"Liked His Work"

Marvin Ulmer came to Midland 45 years ago to accept the book-keeping job in the bank in order to earn sufficient funds to return to old Polytechnic College at Fort Worth. He intended to continue his studies and to become a doctor, as was his father. But Marvin Ulmer, fortunately for Midland and for West Texas, never got around to returning to college. He liked his work, he liked Midland, he liked the people—and he still does. Although his working hours at the bank have been shortened somewhat following an illness earlier this year, he still manages to spend five or six hours a day at his desk, seeing customers and friends all the while.

Ulmer was born April 25, 1886, at Dublin, Texas, and attended public schools there before going to the Fort Worth college for three years.

He was married March 17, 1910, to Miss Helen Rountree of Midland. Mr. and Mrs. Ulmer have two daughters, Mrs. Barron Kidd of Dallas and Mrs. Hugh Corrigan, III, of Vero Beach, Fla.

Marvin Ulmer was busy Thursday accepting the anniversary congratulations of friends and business associates.

ATTEND INITIATION

CRANE—Members of the Crane chapter of the Eastern Star attending the initiation meeting in Imperial recently were Mrs. C. A. Shaffer, Mrs. S. G. Barnard, Mrs. L. R. Mills and Mrs. Leslie Moore.

Ten Hurls, Wins One-Hitter Swatters Defeated By Indians, 3-0

Sweetwater makes its final 1951 appearance in Indian Park Thursday night. Dave McKenzie or Bill Reed probably will hurl for Midland. Game time is 8:15 p.m.

A blooming, high single—fair by inches in short right field—ruined a no-hit ball game for Israel Ten in the seventh inning Wednesday night as the Midland Indians nipped the Sweetwater Swatters, 3-0.

Second Baseman Hal Bart dumped the lone single over First Baseman Gordon Tanner's head, halfway between first base and the right field fence, in spoiling the pitcher's dream game. Tanner, Right Fielder Hayden White and Second Baseman Dick Campbell dug back trying for the ball, but it fell fair in spite of their efforts. A nice throw by White erased Bart at second, as he tried to stretch the blooper into a double.

Ten's brilliant, one-hit victory was the third straight shutout for Midland pitchers, who now have hurled 27 consecutive scoreless innings. The hurlers have allowed but two runs and 12 hits in the last four ball games.

Having himself a good night, Ten drove in the first Midland run in the fifth inning to go in front of Loser Gil Grajada. Gordon Tanner—who got three hits in the game—singled to start the inning, going to second when Campbell laid down a perfect sacrifice. He advanced to third on an infield out by Rudy Escobar, left fielder. Ten then lined a single into right field, taking a 1-0 lead.

Grajada blanked the Tribe until the eighth inning, when a walk to

Tribe Getting Slingy With Runs

The Midland Indians are getting slingy with runs in the Longhorn League.

Wednesday night, the Indians blanked the Sweetwater Swatters, 3-0, for their third straight shutout. Israel Ten twirled the shutout, letting the Swatters down with a single hit, a blooper behind first in the seventh.

Big Spring nipped Artesia, 8-7; Odessa nosed out Vernon, 9-8, and San Angelo tripped Roswell, 5-1. Odessa won in dramatic fashion. Kenny Peacock opened the last of the ninth with a home run to break an 8-4 tie.

Artesia came loose at the seams in the ninth to hand Big Spring its winning run. Bob Garza limited Roswell to six hits in San Angelo's victory.

Bulldog Defense Leaks; Lobos Cancel Scrimmage

Coach Tugboat Jones and assistants set about to plug gaping defensive holes Thursday as the Midland Bulldogs continued their grid workouts.

"We sure look ragged on defense," Jones said. "So far, we can't stop anything. We're feeling around and hunting something or somebody who can plug a hole."

A group of boys who had not run an offensive play since last Spring paraded up and down the field at will against Jones' defensive outfit in Wednesday workouts.

A chance to test the defensive unit against outside competition fell through Thursday morning, when Monahans High School officials telephoned to say they must postpone the scheduled scrimmage with the Bulldogs Saturday.

According to Jones, the Monahans coach said some of his boys didn't show up, and he just wasn't ready to scrimmage.

The Midland mentor said several "feelers" had been sent to Class A schools in the area for a scrimmage Saturday, but since most of them open Friday week, they aren't anxious to play Saturday.

Highlight of the drills thus far has been the passing of Ralph Brooks. The big back has looked good, hitting receivers both short and long.

Denton Byerley, big guard, has been out with a stomach ailment the last few days, but expects to rejoin the squad within a couple of days.

While we wanted to see Ten get the no-hitter, we had to be fair about the thing. We don't think he would have been proud of a "tainted" no-hitter.

There's times when a hit is a hit and an error an error.

And Wednesday night was one of those times.

DOTS AND DASHES: Fred Meyers, a 178-pound second-year man will quarterback Army this Fall. Coach Earl Blaik says Meyers is the "only back I have who can direct a T attack, and he'll play near 60-minute ball."

That Midland pitching staff is a far cry from the April and May shell-shocked hurlers.

End of the Row for now!

Grey, a transfer from Midland, probably will be the starting center. He has been elected one of the team's tri-captains.

The new head coach is Ted Kirby. Dan Anderreg is the assistant. Crane, a light team, has been labeled as one of the area's weaker teams. On paper, the Golden Cranes are just that—but the attitude in the football camp is excellent. That could make for a different outlook.

Dallas moved within half a game of the second-place Missions. The Eagles shaded Oklahoma City, 3-2. Home runs by Jim Fridley and Bob Cullins accounted for all Dallas runs.

Fort Worth lost another game in its fight for a first division berth, dropping a 2-1 thriller to Tulsa.

San Antonio booted the ball for three errors to aid Shreveport in its victory.

Kid Gavilan Gets Nod From Graham
NEW YORK—(AP)—Kid Gavilan won a hairline decision over Billy Graham to keep the world welterweight championship, but the fight served only to start a furious argument.

It was their third meeting and the third split decision. Graham now has won once and the Cuban twice. The fight was held Wednesday night in Madison Square Garden. It went 15 rounds.

Yankees, Indians In Tie

By The Associated Press
The American League pennant race tightened up Wednesday when Cleveland lost and the New York Yankees won.

The Yankees forged into a tie for the lead. Third-place Boston beat Detroit to stay five games behind.

And that's the way the picture looks with both the Indians and Yankees having 7 games to play.

Alex Kellner pitched Philadelphia to an afternoon 3-0 victory over the Indians. The Yankees pounded Ned Garver and the St. Louis Browns, 15-2, in a night game.

Boston beat Detroit, 7-5. Washington shaded Chicago, 2-1.

Both Brooklyn and New York won in the National League. Brooklyn beat Cincinnati, 13-1, to stay six games ahead of the Giants, 3-1 winners over Pittsburgh.

St. Louis edged Philadelphia, 3-2, and Boston downed Chicago, 4-1, in other games.

Silence Is Golden During Rhubarbs

NEW YORK—(NEA)—When someone's insulting an umpire, it's best to just sit and watch—ask Roy Campanella.

Connie Ryan was beefing to Frank Dascoli about a called strike.

"You big, blind blankety-blank," shouted the Reds' second baseman. When the umpire feigned indifference, the Dodgers' catcher chided:

"Frank, you heard what the man said. Does he get away with it?"

"Butt out of this," snarled Dascoli, "or I'll throw you out."

Pacer Has Own Bank Account

YONKERS, N. Y.—(NEA)—Probably the only horse in America with his own bank account is Volodga Dale, a fast-stepping pacer staked in the \$25,000 Yonkers Derby, August 16.

That Dr. and Mrs. Ralph Cohen of Riverdale, N. Y., have asked the five-year-old to transact his own business affairs hasn't seemed to bother Volodga Dale.

At any rate, he's got a bank account with his name written on every check and the distinction of being financially solvent.

Delaware Park consists of five different race tracks. A main oval, two steeplechase courses, a 5/8 mile training track for flat runners, and a steeplechase schooling course.

Yankees Win Little Loop Crown With 13-10 Victory

Larry Cooper led the Cubs with three for four, one a triple.

The game ended the Little League season for the year.

Boxer In Serious Condition After Wednesday Melee

NEW YORK—(AP)—Welterweight Boxer George Flores of Brooklyn, who was knocked out and failed to regain consciousness Wednesday night, was reported in critical condition Thursday after a brain operation.

Dr. James Daniels said the operation was to remove pressure on a blood clot. Indications were that there would be no change in the 20-year-old Flores condition for several hours.

He was knocked out by Roger Donoghue of Yonkers, N. Y., in the eighth and last round of the semi-final bout of the Kid Gavilan-Billy Graham welterweight championship card at Madison Square Garden.

(Continued From Page One)
12,753-13,072 feet. That section was treated with 5,000 gallons of acid. Gas-oil ratio was 1.578-1. Location is 1,980 feet from north and 660 feet from east lines of section 30, block 40, T-4-S, T&P survey.

Magnolia Completes Oiler In SW Terry

Magnolia Petroleum Company has completed its No. 5 Harmon Scales, one-location south offset to the same company's No. 4 Scales, a producer in the Wellman-Wolfcamp field of Southwest Terry County.

The well flowed 430 barrels of 42.8 gravity oil in six hours for a calculated daily flowing potential of 1,720 barrels of oil.

Gas-oil ratio was 458-1. No water was present.

Natural Production
Production was natural from open hole between 9,246 feet and total depth of 9,471 feet. Top of the reef is at 9,239 feet and that makes it 115 feet low to the No. 4 Scales.

Location is 1,980 feet from north and 660 feet from east lines of northwest quarter of section 12, block C-36, pal survey and 10 miles southwest of Brownfield.

Nine Wildcats In WT Area Plugged

Nine wildcats have been plugged and abandoned in West Texas.

R. B. and W. A. Moncrief, Jr., of Fort Worth have plugged their No. 1-91 Scanlan Estate, wildcat in Northwest Dawson County, at total depth of 5,061 feet in lime.

Location was 660 feet from north and east lines of the southeast quarter of section 91, block M, EL&RR survey and three miles southwest of the closest production in the Welch field.

General American Oil Company No. 1 W. J. Richmond has been quit at 12,331 feet after recovering 11,025 feet of salty sulphur water on a drillstem test in the Devonian between 12,299 feet and 12,331 feet. Tool was open two hours.

In Central-West Yoakum
It was 660 feet from west and 670 feet from south lines of section 285, block D, J. H. Gibson and 11 miles northwest of Plains and in Central-West Yoakum County.

Kewanee Oil & Gas Company has abandoned its No. 1 Cannon, Southeast Crosby County wildcat, at 7,730 feet in the Mississippian.

Top of the Mississippian was at 7,665 feet, minus datum point of 5,363 feet.

The failure is 18 miles southeast of the town of Crossbyton and 660 feet from north and west lines of

section 85, block 2, H&GN survey and three miles east of Kalgary.

In Southeast Borden County, C. D. Dunwoody No. 1 McDowell has been plugged and abandoned. It was drilled to a total depth of 6,950 feet in the reef lime.

North of Reinecke Pool
The wildcat was located one mile north of the Reinecke-Canyon reef lime field and 467 feet from south and east lines of southwest quarter of section 83, block 25, H&TC survey and 10 miles northwest of Vincent.

Northit Petroleum Corporation of Midland No. 1 D. F. Percifull is a dry wildcat in Central Cooke County.

The test was abandoned at 1,597 feet in broken lime. Location was 1,924 feet from north and 5,270 feet from east lines of tract 1, Caldwell County School Land survey and four and three-quarters miles south of Robert Lee.

Union Oil Company of California has plugged and abandoned its No. 1-B T. W. Whiteside estate, wildcat in Northeast Cooke County, at 5,701 feet in lime.

Operator took a drillstem test from 5,668 feet to 5,701 feet. Tool was open two hours. There was a fair to good blow of air throughout the test.

Recovered Salt Water
Recovery was 3,910 feet of salt water.

The dry hole is 2,310 feet from south and 330 feet from west lines of section 268, block 1-A, H&TC survey and six miles west and slightly south of Blackwell.

Another dry wildcat in Coke County is Hickok & Reynolds, Inc. No. 1 W. J. H. Rogers estate. It was plugged at 5,396 feet.

Location was 330 feet from south and 2,309 feet from east lines of section 431, block 1-A, H&TC survey and three-quarters of a mile north of the Bronte-Palo Pinto field. That puts it in the central-east part of the county.

General Crude Oil Company has quit its No. 1 Ruby Cooper, Northeast Fisher County venture. Total depth is 6,161 feet in the Ellenburger which was topped at 6,098 feet.

On a one-hour and 20-minute drillstem test at 6,142-61 feet, recovery was 3,770 feet of sulphur water. Flowing pressure was 1,625 pounds and shutin pressure was 2,450 pounds.

Drillite was 660 feet from south and west lines of section 116, block 1, H&TC survey and nine miles northeast of Hamlin.

Dry In Ellenburger
E. B. Fletcher of Dallas is preparing to plug and abandon No. 1 Mrs. Mary O'Harrow Robinson, wildcat in Schleicher County, on total depth of 6,216 feet in the Ellenburger.

feet to 6,216 feet, it recovered 250 feet of mud. Chloride content of the top of the mud was 19,000 parts per million and the remainder ranged up to only 2,700 parts per million. Tool was open on the test for one hour.

A Schlumberger survey showed porosity in the bottom 100 feet. Top of the Strawn is at 5,210 feet and top of the Ellenburger is 5,705 feet. Elevation is 2,351 feet.

Location was at the center of the northeast quarter of the northeast quarter of section 39, Block I, GH&SA survey and 12 miles east of the Huldale field.

Shallow Wildcat Is Due Central Concho

Southern Petroleum Exploration, Inc. of Wichita Falls has filed application with the Railroad Commission of Texas for permit to drill No. 1 W. F. Earfenecht as a wildcat in Central Concho County.

Drillite is eight miles south of Paint Rock and 3,300 feet from south and 3,324 feet from west lines of section 9, H. A. Robertson survey.

Ground elevation is 1,815.3 feet. Rotary tools will be used to drill to projected depth of 4,100 feet.

Crockett Opener Gets SW Outpost

The Wilshire Oil Company has staked location for a one and one-quarter mile southwest offset to the opener of the Elkhorn-Ellenburger field in Northeast Crockett County.

No. 4 J. M. Shannon is 660 feet from north and east lines of section 37, block UV, GC&SF survey.

Projected depth is 7,500 feet. Rotary tools will be moved in and drilling will begin in the near future.

Upton Spraberry Fields Get Sites

Eight more field prospectors and one wildcat was staked in the Spraberry fields of Upton County Wednesday.

Sohio Petroleum Company No. 1 Ralph Pembroke will be dug as a one-location west offset to its No. 1 Ralph Clark, recently completed long extender to the Pembroke field located in the East-Central portion of the county.

Drillite is 660 feet from north and east lines of section 12, block N, HE&WT.

The same operator will drill a one-location northwest offset to No. 1 Ralph Clark at its No. 1 Ely D. Bernstein. Drillite has been set 660 feet from south and east lines of section 5, block N, HE&WT survey.

Two miles east of the closest production in the Pembroke field, Anderson-Prichard Oil Corporation of Oklahoma City will drill its No. 2 B. R. Greathouse.

Drillite is 660 feet from north and 1,980 feet from west lines of section 13, block D, EL&RR survey. That puts it one location east of the same concern's No. 1 Greathouse, an active wildcat.

Brown & Wheeler of Fort Worth have staked location for two outposts to Sohio No. 1 A. P. Hill and others, recently completed long west extension to the Pembroke field.

The firm's No. 1 A. P. Hill and others will be 1,980 feet from north and 660 feet from west lines of section 2, block K, D&SE survey. No. 2 A. P. Hill and others will be drilled 1,980 feet from north and west lines of the same section.

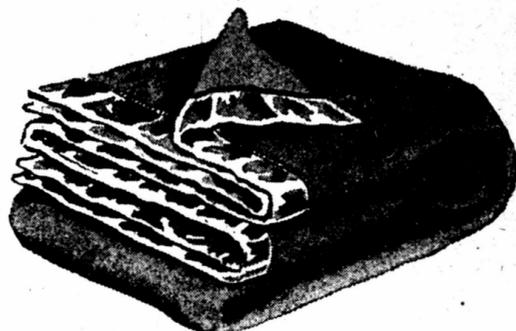

Locations fall three-quarters of one mile west and slightly south of Sohio No. 1 Hill.

Sunray Oil Corporation No. 2-43 B. Sherrard, slated 7,300-foot test for the North Pembroke field, will be

Each portion of said streets hereinabove described and designated by Unit Numbers constitutes a separate and independent Unit of the improvements and shall be improved and the improvements constructed thereon as separate and independent units in connection with any other of said Units and portions of said streets, and in making and levying said assessments against the property abutting upon one of said Units, no matter of circumstance in connection with any other of said Units shall be considered or have any effect upon the other, all as fully and to the same extent as if separate proceedings and contracts had been in and executed with reference to the improvements to be made in each of said Units.

A hearing will be given and held by and before the City Council of the City of Midland, Texas, on the 11th day of September, 1951, at 8:00 p.m. o'clock in the City Council Chamber of the City Hall of the City of Midland, Texas, to the real and true owners, whether named or

correctly named herein or not, of all property abutting upon said streets within the limits above defined, and to all persons owning or claiming any such abutting property, or interest therein, and to all others owning, claiming or interested in said abutting property, or any of the proceedings, contracts or matters and things herein mentioned or incident to said improvements or contract herein described.

At said time and place all such persons, firms, corporations and estates, and their agents and attorneys, shall have the right to appear and to be heard and offer testimony as to the said assessments, and to the amount thereof, proposed to be assessed against said abutting property, and the real and true owners thereof, the lien and charge of personal liability to secure payment of said assessments, the special benefits to accrue to each such abutting property and the owner or owners thereof by virtue of said improvements, if any, or concerning any error, invalidity, irregularity or deficiency, in any proceeding or contract in reference to said improvements, and said proposed assessments and concerning any matter or thing as to which hearing is a constitutional prerequisite to the validity of said assessments, proceedings and improvements and on which they are entitled to a hearing under the Constitution and laws of the State of Texas, the Charter of said City, and the proceedings of said City Council of the City of Midland, Texas.

Following such hearing, assessments will be levied against each and every parcel of property abutting upon said streets, within the limits above defined, and the real and true owners thereof, for the portion of the costs of said improvements determined by said City Council to be payable by such abutting properties, and the real and true owners thereof, and said assessments shall be and constitute a first and prior lien upon said abutting property, from the date said improvements were ordered by said City Council and shall be a personal liability and charge against the real and true owners thereof, as of said date, whether such property be described or correctly described, or such real and true owners be named, or correctly named, in such proceedings or not, and no error or mistake or discrepancy in the names of such owner or owners or in describing said property in this notice or in any of said proceedings with reference to said improvements, shall invalidate any as-

essment or certificate issued in evidence thereof, but nevertheless, each parcel of property abutting upon said streets, and the real and true owner or owners thereof, shall be charged with, and be liable for, said assessment which shall be valid whether or not such owner or owners be named or correctly named, or such property be described or correctly described, all as provided for under the Acts of the 40th Legislature of the State of Texas, First Called Session, Chapter 106, commonly known as Article 1105-b, Revised Civil Statutes of Texas, as amended, and as adopted by Section 12, of Article III of the Charter of the City of Midland, Texas, under which said improvements, proceedings and assessments are being constructed, performed and levied.

Of all said matters and things, all owning or claiming any such abutting property or any interest therein, as well as all others in anywise interested or affected by the things and matters herein mentioned, will take notice.

If You Meet Rattler, Just Give Him Cigar

AMERICAN FALLS, IDAHO—Some American Falls citizens heard that oldtimers claimed tobacco was bad for snakes. They tried it out by stuffing a helping of snuff into the mouth of a harmless snake. It wiggled and writhed and straightened out—dead. The group's advice should you encounter an annoyed rattler: Give him a cigar.

Grenny Patches Up Injured Toad Frog

SANTA MONICA, CALIF.—If toads could talk, Pasty Henschen's pet would have something to croak about. Pasty's mother, Mrs. Larry Henschen, accidentally speared the pet while gardening. Eight-year-old Pasty hurried the wounded toad to her grandmother, who went to work with medicine and needle and thread. Now Mr. Toad is convalescing in a box and looking very prim about his experience.

Watch Admirers Sent Off To Jail

SOUTH BEND, IND.—Willie Porter, 30, pleaded guilty in South Bend City Court to stealing a watch from Mary Richardson, 26. Then the court tried Miss Richardson and found her guilty of stealing the watch from Boba Thards. Both admirers of the watch drew 30-day jail sentences and \$35 fines.

BEST CONSERVES and jams are made from purple plums. By GAYNOR MADDOX, NEA Food and Markets Editor. We're heading away from Summer now and beginning to think of cooler days and bigger meals. So let's buy some of those purple plums and luscious peaches and make a shelf full of preserves for

Time To Prepare Conserves

the winter season.

Plum-Orange Conserve (Makes about 11 six-ounce glasses)
Four and one-half cups prepared fruit, 1/3 cup seedless raisins, 1/2 cup sugar, 1 box powdered pectin, 1/2 cup coarsely chopped walnut meats.

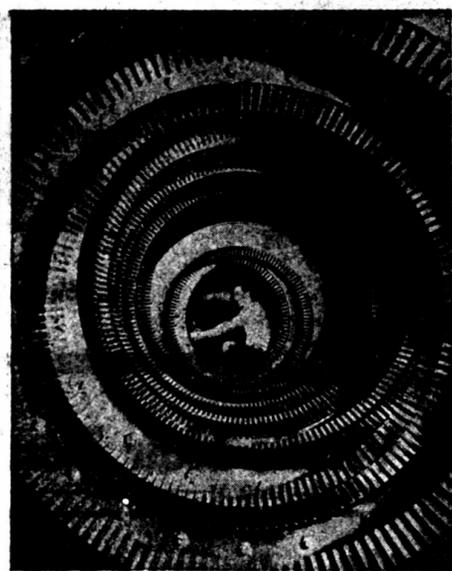

To prepare fruit: Chop 1 orange fine; add 2 cups water. Simmer covered, 20 minutes. Pit and halve 3 pounds fully ripe plums. Chop fine. Add orange. Measure 4 1/2 cups into large saucepan. Add raisins.

To make conserve: Measure sugar; set aside. Place saucepan of fruit over high heat. Add powdered pectin; stir until mixture comes to a hard boil. At once stir in sugar. Bring to full rolling boil; boil hard 1 minute stirring constantly. Remove from heat. Add nut meats, skim and ladle quickly. Paraffin.

Peach Jam (Makes about 11 six-ounce glasses)
Four cups prepared fruit, 1/4 cup lemon juice, 7 1/2 cups sugar, 1 bottle fruit pectin.

To prepare the fruit: Peel and pit about 3 pounds soft ripe peaches. Grind. Measure 4 cups into a very large saucepan. Squeeze the juice from 2 medium-sized lemons. Measure 1 1/2 cup juice into saucepan with peaches.

To make jam: Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in bottle fruit pectin. Then stir and skim by turns 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Paraffin at once.

WHEEL WITHIN A WHEEL—Round and round he goes, and when he stops, this workman will have finished inspecting a series of large stator frames for electric motors lined up at General Electric plant in Schenectady, N. Y. Stator frames are the stationary part of motors. These range from 100 to 500 horsepower.

JACOBY ON CANASTA

"We have many discussions," writes a Washington, D. C., fan, "about the legality of using an eighth card in a canasta. We know that when the canasta has been made at a previous turn you can add one or more cards to it. But what happens when you must use eight cards to create the canasta?"

"For example, I had melded three kings and two jokers, and the pack became frozen. The player to my right discarded a king, and I had a pair of kings in my hand. If I take the pile and add these three kings to my meld I create an eight-card canasta. Is this a legal play?"

According to the official laws it is perfectly legal to use more than seven cards in a canasta at any time—provided that no more than three wild cards are used. It doesn't matter whether the eighth (or ninth, etc.) card appears at the time the canasta is made or whether it is added at a later turn. The play is legal either way.

In the example given by my correspondent, it is quite all right to pick up the discard pile and add all three kings to the meld. It would be equally correct to do so even if the meld on the table contained six cards instead of only five.

On this point, as on so many others, there are some players who prefer to follow a home-made "rule." These players allow only seven cards in a canasta at any time and under any conditions. In the opinion of all the good players of my acquaintance, this is a very poor rule and almost unplayable.

If you play the seven-card limit rule, it is harder to meld out. You can't add cards to your canasta, so you must discard any extra cards that you happen to get. Moreover, it is dangerous to get a meld up to the five-card mark, since that you happen to draw. More to freeze and discard that rank safely.

Like practically all home-made rules this one makes matters difficult for the player who is trying to run up a big score. Most unskillful canasta players want to play for out on every hand and don't want either side to have a chance for a big score on any single hand.

Mind you, nobody can object to home-made rules. They're fine for weak players and for family games. Just remember that they're not really the official rules and don't let anybody tell you that they are.

Challenge To Motorists

An Associated Press dispatch from Detroit predicts 400 persons will die in traffic accidents in the United States during the coming Labor Day weekend.

Right here in this section of West Texas motorists surely can see to it that the traffic accidents and accompanying deaths are way under the national average.

Remember that 400 persons do not have to die in highway accidents during the next several days. If they do, it will be because we as individuals have failed to meet the challenge.

Soviet Definition Of War

In America, speculation is constant on the issue whether we eventually shall have war with Russia. But in the Soviet Union there is no need for such guesswork.

Undermining shaky middle-of-the-road governments by subversion; encouraging poverty and social turmoil on which communism feeds; bombarding the world with phony talk of peace, atomic energy control, disarmament; depicting the enemy as an aggressor, as an oppressor of the people, a devil masquerading as a saint.

To cling to outmoded concepts of war as only armed struggle is to oversimplify our current dilemma and underestimate the Soviet enemy. He is relentless, probing always for weakness of whatever kind.

Anything less than this will not win the war for free men. The mere absence of violence is no evidence of peace in this age. Those who anxiously await a cease-fire in Korea as a signal to relax our vigilance may mark that fact well.

DREW PEARSON ON The WASHINGTON MERRY-GO-ROUND
Copyright, 1951, By The Bell Syndicate, Inc.
Gordon Dean says: Some Americans misunderstand motives of atomic energy program; Any kind of war is bad; Atomic energy promises a better world.

WASHINGTON — The other day I received this letter from a lady who lives in a town where I spent a good share of my teen-age years:
'My Dear Mr. Dean:
"I see by the enclosed clipping that the United States is planning A-bomb tests, and that the purpose is to see whether they have been made more deadly. I take it that, as in the past, the big aim is to scare the daylight out of Russia.

It is war that is bad—not just atomic war. And it is the way atomic bombs are used that is bad—not the bombs themselves. Our bombs are to protect liberty and to prevent war until that day, which I sincerely hope will arrive, when the Soviet leaders provide some real evidence that they honestly want peace.

Atomic energy holds tremendous promise for a better life for all of us in the future, and we are advancing steadily toward greater realization of this promise. It is peculiarly fortunate, in my view, that atomic energy also is providing simultaneously the means by which we can preserve our lives, our freedom and our way of life until this promise is fulfilled.

'Frisco Parley's 'Housekeeper' Checks Everything Out Nicely

By FRED EDSON
NEA Washington Correspondent
WASHINGTON—Housekeeping arrangements were pretty simple for the coming San Francisco "Conference for the Conclusion and Signature of Treaty of Peace With Japan"—to give it its full name.

Dr. Kelchner is an old hand at arranging these things. He's been doing it for a dozen years or more and now has the operation down to a system. He has a printed list of 53 main items that have to be attended to for every conference.

After that, the day sessions probably will be carried by Pacific Coast stations and the important ones will be carried nationally. Michael J. McDermott, State Department's press officer and public relations director for the conference has made the television arrangements. It will be a pool operation by all networks.

DADDY RINGTAIL

Daddy Ringtail And Frog Eats Mosquitoes

Far away in the Great Forest, Mugwump Monkey was sitting on

the ground like a frog. There beneath a bush was a real frog. The frog sat very still, and so did Mugwump. Mugwump was watching to see what the frog was going to do. While Mugwump did his watching, a mosquito came singing along through the air. "Z-i-ng!" was the noise the mosquito made. "Pop!" went the mouth of the frog, and that was the end of Mr. Mosquito. The mosquito wasn't a mosquito any more. The mosquito was a dinner that a frog had eaten, all so fast that Mugwump hardly saw it happen.

But Mugwump wasn't thinking about how fast the frog had eaten his dinner. Mugwump was thinking how maybe the frog should never have done it. Who cares if a frog eats a mosquito? Well now, the mosquito cares, thought Mugwump. He watched the frog some more. The frog sat as still as a shadow that never moves. Along came another mosquito. "Z-i-ng!" was the noise the mosquito made. "Pop!"

By WESLEY DAVIS

went the mouth of the frog, and that was the end of another mosquito. "Teh! Teh! Teh!" said Mugwump to himself, being glad all over that he wasn't a mosquito.

Uncle Bunkum, who had walked up in time to see all this. And Mugwump said: "If Daddy Ringtail were at his home today, I'd ask him about this business of a frog who eats mosquitoes." "Well, now," said Uncle Bunkum.

"Well, now."

With Daddy Ringtail away, of course Uncle Bunkum was wanting to do the job of seeing that all the questions were answered, and so Uncle Bunkum looked at the frog. It was really a talking frog, a kind found only in the Great Forest, as far as I know. "See here, Frog," said Uncle Bunkum, "suppose you tell us the why of your eating mosquitoes." And the frog answered: "I'd starve-to-death - if-I-didn't. I'd starve-to-death - if-I-didn't." And with those words, the frog went hopping away to look for more mosquitoes.

Oh, a frog is a friendly fellow indeed, but mosquitoes are never friends at all—not with their "Zing! z-i-ng! z-i-ng!" Oh no! and a happy day!

PRINCETON'S QUEEN—Jane Taylor, 17, of San Diego, Calif., crippled since infancy, was chosen by men of the aircraft carrier U. S. S. Princeton as their homecoming queen on their return from seven months in Korean waters. Golliday Passes Up Gridiron Berth For The Olympics

EVANSTON, ILL. (NEA) — Northwestern will have to get along without the football talent of Jim Golliday.

The sophomore sprinter, who first gained athletic fame as a high school football star in Chicago, plans to train for the Olympic Games of next Summer instead.

After winning the National Amateur Athletic Union's 100-meter dash in record-equaling time of 10.3, Golliday was appointed to a United States track team which toured Europe. He won nine of 10 races.

New Budget-Minded Cook Book Available At Grocers Soon

A new cook booklet will be out in a few days. It is called *Econo-Meals*, and full details on how to get it can be obtained from Midland grocers.

Just as its title says, it is a collection of 30 budget menus for thrifty, nutritious and delicious meals designed to stretch food dollars.

All of the recipes in the book were tested and chosen for popularity, nutrition, and ease of preparation. They include many suggestions for using fruits and vegetables in season as well as for combining left-overs into attractive main dishes.

Avoid leaving foods or liquids containing salt in your aluminum kitchenware. If allowed to stand, they may cause pitting of the metal.

All-Breed Dog Show To Be Held In Odessa On September 16

The fifth annual All-Breed Dog show sponsored by the West Texas Kennel Club will be held at the county pavilion at West Tenth Street in Odessa at 9 a.m. Sunday, September 16, George D. Woodford, chairman of the show committee said.

Woodford urged, all interested persons to submit their applications before the deadline next Monday midnight.

Any pure bred dog in which the sire and dam are known, six months or more of age, may be entered in the competition.

Local classes, featuring dogs within a 75 miles radius of Odessa, will compete.

Junior showmanship classes will be held again this year, Woodford said, for children from six to 14 years of age. Quality of the dogs will not be judged but the children will be judged on the way they handle the dogs, he said.

Between 300 and 400 dogs are expected to be entered in the competition. Application blanks may be obtained from the Woodford Drug, located in the Hotel Scharbauer building.

Although it was impossible to determine how many dogs will be entered before the deadline Sept. 3, Woodford said applications already received indicate a record number of entries will be filed.

Judging of the dogs will begin at 9 a.m. and continue all day. Finals will be held that evening and the best dog in the show will be chosen at 10 p.m.

C. L. Davenport of Midland is president of the Kennel club and Mrs. George D. Woodford, 2104 W. Kentucky Street secretary-treasurer. Persons desiring more information about the dog show may contact Mrs. Woodford at 2-3988.

Youth Center Chatter

By Joyce Howell & Jane Haslip
Hi—again! It hardly seems possible this is the next-to-last day of the vacation months, does it? It is too bad Summer is almost over, but we are glad the weather is cooling off a little.

Despite the customary complaints about school starting, we have heard many teens talking about the fun they are going to have this next school year. By this time, all the high school students have (or at least they should have) a list of their subjects for the year. The MHS Band has been practicing every morning lately and we understand both the band and the new drill group will have new routines worked up for the football games. The football boys, quite naturally, already have begun their workouts

for the '51 season. The football field is a popular place for the high school girls in the afternoons—Wonder Why????

Friday is THE NIGHT—and we know you all know what the Big, Big Summer Formal Dance of the year will be held in the Youth Center. This dance is especially for the ex-MHS students who are returning to college this Fall. The dance will begin at 8:30 and will last until midnight. Music will be furnished by Jimmy Furman and his orchestra. They will be free refreshments, and we just hope that by now the boys all have dates and plan to be there.

>Welcome To Midland
This week's list of visitors isn't as long as usual, but we have had several guests at Center.

Shirley Warriner of Houston has been in Midland the last ten days. Shirley will be a sophomore at the University of Houston this Fall. Many of you will remember this visitor because she has been in Midland during past Summers. She is visiting her aunt and uncle, Mr. and Mrs. Ben Bland.

Tommie Underwood introduced us to Gay Nell Lane, who is visiting Lavonne Bell. Gay Nell has been here several times before as she lives quite close—in Big Spring. She will be a Sophomore in high school this Fall. Gay Nell is quite interested in sports, and football is her favorite "watching" game. She also likes tennis and is interested in learning to swim.

A third visitor this week—only she really isn't a visitor—is Faye Henshaw. Faye visited our Youth Center last Summer when she and her family first moved to Midland. Last school year, she attended Redford School for Girls in El Paso. (A lot of Midlanders have gone there). Before attending Redford, Faye lived in Okemah, Okla. She will attend MHS for her junior year of high school. Hope you like Midland, Faye.

We had still another "visitor" this week. At least, he is a visitor in one sense of the word. Uncle Sam let Doyle Roberts have a leave of almost two weeks to come to Midland. Doyle, who is a member of the Air Force, has been in Wyoming recently, but is being transferred to Washington.

The Midland JayCee swimming team saw action again last weekend at the V.F.W. pool in Abilene. And once again they carried off a num-

ber of top honors, although they missed winning the meet by two points. Midland swimmers were Jerry, Bucky and Mary Herndon, Gail and Doty Black, Dennis and Louise Hurton, Nell Curran, Glen Pine, Nancy Warren, Dana Roper, Doug Muir, Paxton Howard, Retta Haslip, Enid Little, Joe James and Carolyn Paris. High pointers were Nancy Warren, who rang up three first places in swimming and one in diving, and Paxton Howard, who really cleaned house by taking first place honors in every event in which he was allowed to enter. Five in all! We think Paxton and Nancy deserve very special "congratulations"! We'd also like to mention that in spite of having only 16 swimmers, Midland brought home 18 first place medals and many second and third places. We want to say congratulations to these teens and to all the members of the swimming team, which officially closed it's Summer season with the Abilene meet.

Have you ever tried chasing rabbits across a plowed field? It must be fun. At least Jim Collins, Wayne Richardson, Roy Ripley, John Crowley, Max Shaffer, Roxie Leonard, Ann Minick, Sue Johnson and Margie Cramer seem to think so! In fact, they seem to like it so much they couldn't even come in when the rain and sand started. (Despite the fact they were in the back end of a pick up!). Of course, this couldn't be due to the fact they had a flat, could it???

Another Visitor
Visiting here this week is a gal who came a long way. She's Ann Minick from San Benito, Texas. Ann is a sophomore at Texas State College for Women and is visiting Roxie Leonard here.

Judging from the number of teens gathered around the front of the Youth Center Monday night we'd say it was "outside night"! Yep, it seems things got too hot inside so everyone moved out on to the porch. We didn't stop to count them, but we think there must have been at least 25 or more seated on the porch, sidewalks and grass outside the Center. Who knows, maybe it's "back-to-nature-week"!

And they made it! Yep, last week the members of the Lifesaving class at the Midland Country Club pulled in their last fake victims and heaved a sigh of relief! They had passed the course and will receive their long-awaited Senior Lifesaving emblems Labor day.

Have Proper Knives For Kitchen

SIX BASIC PIECES of cutlery, made of fine American steel, are needed in every well-equipped kitchen.

By GAYNOR MADDOX
NEA Food and Markets Editor

The knife for exactly each type of kitchen chore will make food preparation a lot easier. Buying quality cutlery of American steel (there is none finer) is a long term economy. No well-equipped kitchen has less than the "basic six."

Here they are, as listed by the Associated Cutlery Industries of America:

1. Eight-inch (8") long slicer, for cutting cold meat in thin, unbroken slices.
2. French cook's knife, to dice celery, chop parsley, cut snap beans, carrots.
3. Six-inch (6") utility knife, cuts grapefruit with one "swipe" of the blade.
4. Paring knife, peels apples, potatoes, "hundred and one uses" in every kitchen.
5. Sharpening steel, to set back knife edge.
6. Long-handled fork, for turning or lifting meats safely from oven or pot.

Batory Switches Its Sea Routes

BOMBAY —(AP)— Poland will be the first iron curtain country to operate a regular passenger service by sea between India and Europe with the departure soon of the 14,300-ton "Batory."

Abandoning the Gdynia-United States service, the queen of the Polish ocean lines is opening service from Poland to India via Southampton, Gibraltar, Port Said, Suez, and Aden. India, maintaining its neutrality in the cold war, has paid little attention to possible political significance of the new Polish link between Communist Europe and this country.

During its operation to the United States the "Batory" frequently was called a "spy ship" because of the passengers it carried, some of them allegedly undercover.

NEW SCHOOLS FOR "SHAVETAILS"—The Newsmag above shows the Army's Officer Candidate Schools, three of which—engineer, signal and armored—are just re-opening for business. From these six schools, the Army expects to turn out 8000 new second lieutenants a year. Students from both enlisted ranks and civilian life receive five months' intensive training before winning their bars.

Bold Bears Invade Downtown Section

DETROIT, MICH. —(AP)— Big, bold bears are invading the downtown area of this Chippewa County community in the upper Peninsula.

The 600 inhabitants like bears, but only as tourist attractions. They object to bears acting like peeping toms and scavengers.

One householder found a giant bear peeping inquiringly through a back window of his home. The bear took off before the indignant citizen could get a gun.

At the city dump three teen-agers came across five bears. They bagged a 250-pounder by pumping six bullets into the animal. The other bears fled.

MRS BAIRD'S BREAD

Here's How Zeal Can Match Fanaticism Of Communists

By J. EDGAR HOOVER
Director, Federal Bureau of Investigation

WASHINGTON (NEA)—The man, taut with emotion, pounded the table. He was emphatic: every word he spoke rang crystal clear. His Communist comrades listened carefully.

"We've got to have professional revolutionists—people who are going to live and die with the party. That's what we need people who sleep, dream, eat with it, everything. Nothing but the party, party, party."

He kept right on. Comrades aren't interested enough in Marxism-Leninism! Everybody must work harder and harder! The party is supreme—never must there be a let-up in party work!

His theme was horribly obvious: "The party—nothing but the party—sleep, dream, eat with it, everything."

This is Communist fanaticism—the fanaticism which encourages the Communist to stand long hours on windy, rain-swept street corners, handing out propaganda leaflets, or to betray vital secrets to an enemy espionage agent. Here is the driving force of Marxism-Leninism: an important reason why Communism is today America's mortal enemy. The Communist speaker left no doubt in the minds of his listeners—the Communist Party must be the object of complete devotion.

Way Of Life
Too frequently, in discussing Communism, we overlook the mentality of the devout Communist member. To him, Communism is not an organization, a club, an entertainment, or a fun fest. Not at all. Communism is a way of life, engulfing his entire personality.

Everything he does, where he goes in the evening, whom he marries, what he reads, what he thinks (or doesn't think), is determined by the party. He is imprisoned, from morning to night, in an iron crib ideology—he exists, not as a human being, but only in relation to the party.

Hence, the party is supreme. Any person, organization or nation which opposes, even in the slightest degree, the party line must be resisted, attacked and, if possible, completely liquidated.

Differences of opinion must be crushed; opposition cannot be tolerated. There is only one truth—the Communist truth. And the devout Communist will fight, fair or foul, to promote that truth. To relax, even for a moment, is betrayal.

The Communist mentality represents a dread danger to the American way of life. The Communist Party, U. S. A., small in

J. Edgar Hoover: Eat, sleep and dream Americanism

size, but fanatically fanatic, can exert influence completely out of proportion to its numbers. By unswerving loyalty, blind obedience, the Communists sweep away any opponent who falters, hesitates, or is uncertain. Time after time the Communist juggernaut, propelled by fiendish devotion, breaks through the democratic defenses.

Every patriotic American, at this critical period in our nation's history, must understand the Communist mental outlook.

To defeat this enemy, every citizen must take democratic government seriously—as seriously, in fact, as the Communist does his ideology. We must, to paraphrase the Communist speaker, eat, sleep, and dream Americanism.

Birds Help Spread Sleeping Sickness

WASHINGTON (AP)—Government research has proved for the first time that wild birds help spread sleeping sickness.

The Public Health Service in a recent announcement also said the disease, technically known as encephalitis, has increased steadily since 1948.

Surgeon General Leonard A. Scheele said federal research workers in tests at Greeley, Colo., have found the virus of the disease in redwing blackbirds and magpies.

Dr. T. Aiden Cockburn, who worked on the experiment, said the birds themselves do not become "sick." Instead, they serve as carriers from which mosquitoes get the virus. Human beings become infected after being bitten by the mosquitoes.

The Public Health Service said there were 1,051 cases of sleeping sickness in 1950, compared with 781 in 1949 and 875 in 1948. It said many thousands of other cases undoubtedly went unrecognized or were diagnosed wrongly.

Chinese Dollar Begins To Shrink

HONG KONG (AP)—A drop in money sent to Red China by Chinese overseas has resulted in depreciation of the Chinese Communist dollar.

Hong Kong banks report the Red dollar has dropped to 27,000 for \$1 U. S. from the official rate of 21,000 for \$1. Chinese abroad must remit through official channels, meaning that their families in China received only about 70 cents on the dollar in South China.

Bankers reported a 60 per cent drop in money transfers from overseas.

Advertise or be Forgotten

SOUTHWARD MOVE BEGINS—Because they fear cease-fire talks will fail and the Reds again start a big drive, refugees once more are streaming south to escape the ravage of more war. Here, a mother and her two children—the youngest strapped to her back—push a cart loaded with their belongings through war-torn Seoul as they head south.

JUST BEATS ALL—Mrs. Alice Lewis, 89, beats out a few hot licks on drums after winning the title, "Most Glamorous Grandmother," at Bethlehem, N. H. Mrs. Lewis is grandmother of five and great-grandmother of five more.
