

35 Believed Dead As Boat Capsizes

Bodies Of Nine Victims Recovered

MONTAUK, N. Y. —(P)— A party fishing boat, caught with a dead engine in a boiling rip tide, keeled over in the stormy Atlantic Saturday, with a possible death toll of 35.

Heavy Toll Marks Start Of Holidays

By The Associated Press One hundred traffic deaths were recorded in the first 24 hours of the Labor Day weekend, and the toll by drowning soared sharply with the possibility that 35 died when a fishing boat capsized in the stormy Atlantic Ocean Saturday.

Russian Delegation To Jap Peace Parley Goes To Mansion

OAKLAND, CALIF. —(P)—The Soviet delegation to the Japanese peace conference left its train at 6:10 p. m. (CST) Saturday at the

Monahans Racer Is Killed In Crash

MONAHANS—Richard L. Creamer, Jr., 29, midget-car racer, was killed Saturday at Des Moines, Iowa, in a race track crash at the Iowa State Fair Grounds.

Mrs. Walton Dies At Daughter's Home

Mrs. Retta Carrie Walton, a resident of Midland for the last seven years, died Friday evening at the home of her daughter, Mrs. Paul Lathrop, 809 West Michigan Street.

Allies, Reds Swap Tough Talk One Dies, 30 Record Crowds Are Hurt In Rail Mishap Expected To Attend Labor Day Events

TOKYO —(P)— The Allies and the Communists Saturday traded tough messages which sounded as if they were challenging each other to break off the Korean armistice talks, already suspended.

NEWTON, KAN. —(P)— The Oklahoma Rocket, a southbound Rock Island passenger train, was derailed Saturday after hitting a truck near Ebing, Kan., killing one person and injuring at least 30 others.

U. S., Anzac Pact Signed In Ceremony

SAN FRANCISCO —(P)— The United States Saturday signed a mutual defense treaty with Australia and New Zealand, extending American security guarantees into the Southwest Pacific.

Two Odessans Hurt In Highway Crash

Two Odessans were injured, one seriously, in a head-on panel truck-automobile collision Saturday six miles south of Midland on the Rankin highway.

Bill Easing Credit On Low-Price Homes Signed By President

WASHINGTON —(P)— President Truman Saturday signed a bill easing credit regulations on lower-priced homes, and the Federal Reserve System accordingly put into effect a revision of "regulation X."

President Calls For Equality Of Sacrifice

WASHINGTON —(P)— President Truman in a Labor Day statement Saturday called for equality of sacrifice in building defenses against "totalitarian enemies of freedom."

Four Test Pilots Believed Killed

WICHITA, KAN. —(P)— Two B-47 Stratojets, identified as planes of Boeing Airplane Company or a formation test flight—crashed and burned several miles northeast of Wichita Saturday.

Sniper's Bullet Fails To Deter Mechanic In Performing Work

Mechanics, who have difficulty in reaching some of the almost inaccessible parts on automobile motors, would withhold their verbal tirade against the intricate mechanism if they could see 25-year-old Hollis Rose operate.

Hollis Rose Surveys A Repair Job

NO ONE INJURED—This auto crashed through a bridge guard rail and hangs precariously by a fender above the Rock Island railroad tracks near Kismet, Kan.

Eight Men Injured In Borger Explosion

BORGER —(P)— Violent explosions and fire Saturday knocked out of commission one of the government's few synthetic rubber plants.

National Defense Bond Drive To Open In County Monday

With the "largest possible" total of sales as its goal, the National Defense Bond Drive will open Monday in Midland County, John P. Butler, chairman of the county's Defense Bond Committee, announced Saturday.

Strengthen Economic Power

Butler urged every Midland County resident to share directly in strengthening the economic power of the nation by buying Defense Bonds regularly. He said he felt confident Midland will shoulder successfully its share of the national Defense Bond Drive.

Painter Falls 95 Feet To His Death

DALLAS —(P)— Alfred Burton Kirkpatrick, 25, Nashville, Ark., painter fell 95 feet to his death Saturday from scaffolding on the City of Dallas' new water tank.

* LATE NEWS FLASHES *

MEXICO CITY —(AP)— President Miguel Aleman Saturday promised Mexico's support to the democracies in any new war. At the same time, eleven Communist leaders disappeared. The party said they had been arrested.

Schlichting Heads Toastmasters Club

The Midland Toastmasters Club has elected Dr. Henry Schlichting president to succeed Louis Michaelson.

Hotel Manager Is No Exception

It cost Freddy Barnett, manager of Hotel Scharbauer, a dime the other day to just look in on a luncheon club meeting in his own hotel.

Grayson Contract Renewal May Be Tough For MGM

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Behind the Screen: Her TV rights aren't the only items Kathryn Grayson will battle for when her new contract with MGM comes up for renewal early next year.

Missouri after passing half a dozen automobiles. "You just passed a funeral procession," stormed the officer.

The Penny Edwards-Ted Brislin engagement rift leaves me with a yawn. It was never on in the first place.

The feud between Milton Berle and George Jessel is too hot for even their pals to handle. It flared up when Jessel gave a blistering quote on Berle to a Broadway columnist.

Confirmed events that were tipped in this pillar months ago: The Terry Moore-Glenn Davis rift, the Nancy Guild-Ernie Martin, Jr. nuptials and the Preston Sturges-Sandy Mellen marriage.

Hollywood dictionary: Stunt men's slang for a profile boy who won't take his own falls and tumbles is "a stuffed SHIRK."

SHORT TAKES: Sam Goldwyn is plotting a remake of "Wuthering Heights," his 1939 success which co-starred Merle Oberon and Laurence Olivier.

Billy Wilder will film the Broadway show, "Stalag 17," at Paramount. MGM now is being called Metro-Goldwyn-Without-Maver.

Hollywood's radio casualty list, due to television's inroads, now totals 19 coast-to-coast shows.

With The Services Snyder Marine Is Recruiter In Area

M/Sgt. A. B. Sealy, U. S. Marine Corps, has joined this district as the Marine recruiting sergeant and will be in Midland, at the Post Office Building, each Monday afternoon.

Sergeant Sealy is a native of Snyder and was graduated from high school there in 1938. He joined the Marine Corps in 1939 and was stationed at Pearl Harbor when World War II started.

He was transferred to this district from Muskogee, Okla., where he was stationed as a recruiting sergeant of that area the last six months.

His wife and two-year-old son will move to West Texas later this month. They will make their home in Odessa, where the sub-district headquarters for the Marine Recruiting Service is located.

Pfc. Leonard B. Pemberton, son of Dr. and Mrs. L. B. Pemberton of Midland, has returned to his station after a 10-day leave spent with his parents.

Cpl. Larry Buckingham, son of Mrs. Elmer Smith of Midland, is stationed at the Kirtland Air Force Base at Albuquerque, N. M.

He is a graduate of Midland High School, where he starred in football and other sports. His wife, the former Patsy Russell of Big Spring, is with him in Albuquerque.

Henry James "Bubba" Davidson is spending a 40-day leave at his home in McCamey after a year in Korea. He has been in a hospital in Japan some time, receiving treatment for frozen feet.

Carl D. Hogg is spending a 10-day leave from Navy boot camp in San Diego at his home in McCamey. He is the son of Mr. and Mrs. F. J. Hogg and after his leave, will go to his new station in Alaska.

Otis F. Mason, Jr., PT3, son of Mr. and Mrs. O. F. Mason, 611 South Main Street, has completed 40 weeks training at the Navy's Fire Control Technician's School in Washington, D. C. He now is visiting his parents here.

IN KOREA—Pvt. Randall G. Carnett, son of Mr. and Mrs. George Carnett, 1108 West Dakota Street, now is in Seoul, Korea, awaiting further assignment. He recently was graduated from the Far East Command's Chemical, Biological and Radiological School of Warfare at Gifu, Japan.

Kermit 20-30 Club To Honor Official

KERMIT—Joe Bonfield of Hobbs, N. M., vice president of 20-30 Clubs International, will be honored with a banquet when he visits here Wednesday. Forrest Lake, president of the Kermit 20-30 Club, has announced the local organization will be hosts for the affair, the members of 20-30 clubs throughout the West Texas will be invited.

Mr. and Mrs. Nev Williams, Jr., will be hosts for informal open house preceding the banquet.

Plans for the program were being completed during the weekend. Bonfield will be the principal speaker, talking on the World Council, which he has attended the last two years as a representative of 20-30 Clubs.

Frank Love, manager of Kermit Theaters, and Mrs. Love, both former professional entertainers, will be featured on the program.

BILLIE GEORGE McCUNE GIVEN THREE-DAY STAY
AUSTIN—An added three-day reprieve was granted Billie George McCune of Tarrant County Saturday.

He was to be executed September 23 for rape.

The stay was granted by Governor Shivers so executions shall not be carried out on Sunday.

Too Many Shrimp, Says Ship Captain

LOS ANGELES —(AP)—The 10,000-ton Liberty tanker John Goode found itself at the mercy of a huge school of shrimp off the southern tip of Lower California, Mexico, the skipper reports.

Capt. Edward Small Saturday said his vessel was disabled two and one-half hours because shrimp were sucked through intake water ports and clogged condenser tubes.

Crex members finally cleaned the condensers, the captain said, "and we had enough broiled shrimp to last for three meals."

Denver Jurist Warns Of Dangers To Young People

"Keep your fine little city clean, honest and decent by meeting the needs of its young people," Judge Philip E. Gilliam of Denver, Colo., told a Midland audience gathered in the high school auditorium here Friday night.

The occasion was the annual Chamber of Commerce-sponsored "Get Acquainted" party honoring faculty members of the Midland public schools. A crowd estimated at more than 500 teachers and Chamber of Commerce members attended.

The noted speaker, judge of the business court in the State of Colorado—the Juvenile and Family Relations Court of Denver—was introduced by District Judge R. W. (Bob) Hamilton, who also is president of the Board of Education of the Midland Independent School District, Chamber of Commerce Manager Delbert Downing presided, and School Supt. Frank Monroe introduced school board members and the administrative personnel of the school system.

Funeral Rites Held At Pecos For Victim Of Traffic Accident

PECOS — Funeral services for Mrs. Richard Samuel Evans, 23, the former Jeanne Cleveland of Pecos, were held at the First Baptist Church at 6:30 p.m. Friday. Officiating were the Rev. L. L. Kirkpatrick, Pecos, and the Rev. W. M. Turner, pastor.

The popular young woman died Tuesday in a Houston hospital after an automobile mishap late Saturday from which she never regained consciousness.

She reportedly had stopped her car at a stop sign when another vehicle crashed into it. She was accompanied by two other girls, neither of whom was hurt seriously.

Her husband, a corporal in the U. S. Army, arrived on the West Coast Saturday from Korea. The day the accident occurred, and was enroute home when notified of the tragedy. The Army flew Corporal Evans to Houston, but he arrived 30 minutes after she died. He had been in Korea the last year.

Mrs. Evans was graduated from Pecos High School in 1946. There she was a band sweetheart and a cheerleader.

In 1947, she was named "Miss Pecos" and later was runner-up for the title of "Miss Southwest." Also, she was selected pin-up girl by men stationed at the Air Force base here.

She was a member of the West Park Baptist Church and of the Rebekah Lodge.

Survivors include the mother, Mrs. Jessie A. Cleveland; two brothers, Grover Cleveland and Jerry Cleveland, both of Pecos, and three sisters, Mrs. Lee R. Lambert of Lubbock, and Wanda and Camille Cleveland of Pecos.

400 Out-Of-State Cars Registered Here

More than 400 out-of-state automobiles were registered here last week in an effort to beat the new \$15 state tax which became effective Saturday.

County Tax Collector-Assessor J. M. Speed said the tax now will be charged in addition to the regular license fee—on out-of-state automobiles being registered in Texas for the first time.

Reagan Legg Named District Chairman Of USO Fund Drive

Reagan Legg of Midland has been appointed District Chairman of a statewide fund raising campaign by the USO which will be launched soon.

Announcement of Legg's selection came from Ben H. Wooten of Dallas, campaign chairman of the Texas United Defense Fund Committee, and Ralph Logan of San Angelo, chairman of region four for the USO appeal.

Legg's district includes Midland, Glascock, Upton, Reagan and Crockett counties.

"Only through USO can our individual counties maintain the homes ties with our young men and women in military service," Legg said. "Each of us here in our area will want to do everything possible to make this appeal for funds for USO a success."

Legg said that regardless of what happens in Korea, as long as Russia continues the cold war and millions of American youths are engaged in the defense of freedom there will be a need for the familiar home-away-from-home services of the USO.

He urged everyone in district 25 to do his part in making the financial campaign for the USO a success. Legg is Midland County Attorney.

Culberson Praises Midland's Lowered Fire Loss Record

The Midland Fire Department, with its lowest fire loss in the last four years, was praised last week by Olin Culberson, secretary of the State Firemen's and Fire Marshal's Association.

In a letter to Fire Chief James T. Walker, Culberson pointed out that fire losses here for 1950 totaled only \$37,679, a sharp cut from the \$55,144 reported for the previous year and the \$80,951 of 1948.

He also pointed to the increased credits given in Midland last year. The credit was recently increased from 15 per cent to 20 per cent.

"It is a fine record," wrote Culberson, "and I am sure your citizens will be justly proud and appreciative of what has been done by the department."

"This statement shows what a tremendous business investment the fire department is to your city," Culberson also said. Premiums on fire insurance in Midland last year totaled \$290,652, compared to \$202,806 for 1949.

Speech Teacher Exercises Voice On Seeing Thief

There are times—even a speech teacher will admit—when a good old-fashioned scream is worth 100 well-articulated words.

The speech teacher in this case is Miss Dick Looby of 803 North D Street, who operates a private speech and dramatic school.

Miss Looby and Mrs. Ruby Carroll, who lives with her, were sitting in the back bedroom of her home about 9:30 p.m. Friday.

"I thought I heard the front door click," she said, "but I was expecting my brother and his family and I wasn't alarmed."

"When I went into the living room, though, there this man was, standing in the middle of the room."

"I did the feminine thing. I screamed as loudly as I could."

She said the man backed her into the kitchen and she scuffed as she shouted to Mrs. Carroll to get out of the house.

"I finally broke away," she continued, "and ran out the front door. Mrs. Carroll went out the side door."

The man, described as about 18 or 19 years old, took their purses and billfolds, containing about \$8 in cash, and fled.

One of the billfolds was found Saturday at Kansas and East Broadway Street.

Stanton News

STANTON—Recent visitors in the home of Mr. and Mrs. J. G. Sprawls were Mr. and Mrs. M. E. Sprawls of Fort Worth.

Mrs. Ellmore Johnson, Mrs. C. R. Burgess and Mr. and Mrs. Owen Kelly have returned from Kerrville, where they visited in the home of Mr. and Mrs. Avey Simpson.

Weekend visitors in the home of Mr. and Mrs. Walter Sanders were their son, Floyd Sanders, and his wife of Ranger.

Mr. Sgt. and Mrs. Ben Scott of Ellington Field are visiting his parents, Mr. and Mrs. J. C. Scott.

Earl and Gearl Koonce and Whistle Lindsay left Thursday for Kerrville, where they will attend Schreiner Institute.

Mrs. Minnie Sims has returned from a month's visit with relatives in Haleyville, Ala.

Mrs. Jewell Wilburn of Houston is visiting her parents, Mr. and Mrs. A. L. Frith.

Mrs. Charles Williams has returned to her home in Kingman, Ariz., after spending eight days visiting in the home of her parents, Mr. and Mrs. John Pinkston.

Mr. and Mrs. L. D. Gibson of Brownfield recently visited in the home of his parents, Mr. and Mrs. M. C. Gibson.

Visitors in the home of Mr. and Mrs. M. L. Gibson are her mother, Mrs. George Hamilton, and her sister, Mr. and Mrs. W. J. Howard, of Dallas.

Mrs. C. M. Price of Grand Prairie spent last weekend in the home of Mr. and Mrs. W. D. Green.

Mr. and Mrs. W. V. Stephenson of Blackwell visited her mother, Mrs. Alma Thornton, last week.

Mr. and Mrs. G. Tunnell recently attended a reunion of the Johnson City High School graduating class of 1907, of which Tunnell was a member.

Mr. and Mrs. B. A. Davis of Seminole visited last Sunday in the home of Mr. and Mrs. Dwayne Ory.

Greatest Number Of Americans In History To Attend Schools

WASHINGTON—(AP)—More Americans are expected to go to school this year than ever before—33,121,000, compared with the 1950-51 peak of 32,703,000.

The estimate was given Saturday by Oscar Ewing, federal security administrator.

"More than one-fifth of the nation's total population will be enrolled in public and private schools and colleges," he said in a statement.

Earl J. McGrath, commissioner of education, warned meanwhile that there will be a scarcity of elementary school teachers and, in many areas, a serious shortage of school facilities.

The Office of Education, headed by McGrath, is a part of the Federal Security Agency.

Ewing said the most substantial enrollment rise will be at the elementary school level—from 23,686,000 last year, to 24,468,000 this year.

Expected To Jump

Secondary school enrollments are expected to increase from 6,142,000 last year to 6,168,000.

College and university enrollments, on the other hand, may decline from 2,500,000 to 2,225,000. This is due to the diminishing number of war veterans and to the drafting of college-age men.

Although he noted a possible decline in college and university enrollments, Ewing added:

"It should be noted, however, that during 1951-52 many reservists and draftees returning to civil life may be expected to enroll for higher education."

Furthermore, if legislation now before the Congress authorizing a new GI educational program for Korean veterans should be passed, the 1951-52 college enrollment figure would show a marked increase.

15 Texas Counties To Elect Gossett Successor

WICHITA FALLS —(AP)—Voters in 15 North Texas counties will name a member of the U. S. Congress next Saturday in a special election.

Seven Democrats and a lone Republican are pitted against each other in the 13th District race. The winner will succeed Ed Gossett, who quit to become attorney for Southwestern Bell Telephone Company at Dallas.

A busy week is ahead of most of the candidates as they lay down their final oratorical barages and push their organizations into high gear in an effort to get out the vote.

Democratic candidates are District Judge Frank Icard and Walter Jenkins, formerly administrative assistant to Senator Lyndon Johnson, both of Wichita Falls; W. D. McFarlane of Graham, who once served the district as congressman; State Senator Wayne Wagonseller of Stoneburg; Mrs. Edith E. Williams of Vineyard, attorney and a former state legislator; Doug Crouch of Denton, a state legislator, and James A. Stephens of Benjamin, an attorney.

The lone Republican candidate is Joe Jackson, Wichita Falls oil operator.

Since Saturday's balloting is a special election, there will be no run-off and no general election, the top man on that day being the winner.

However, the winner faces another campaign in 1952, when a congressman will be nominated and then elected in the general election to serve a full two-year term.

Reagan Legg Named District Chairman Of USO Fund Drive

Reagan Legg of Midland has been appointed District Chairman of a statewide fund raising campaign by the USO which will be launched soon.

Announcement of Legg's selection came from Ben H. Wooten of Dallas, campaign chairman of the Texas United Defense Fund Committee, and Ralph Logan of San Angelo, chairman of region four for the USO appeal.

Legg's district includes Midland, Glascock, Upton, Reagan and Crockett counties.

"Only through USO can our individual counties maintain the homes ties with our young men and women in military service," Legg said. "Each of us here in our area will want to do everything possible to make this appeal for funds for USO a success."

Legg said that regardless of what happens in Korea, as long as Russia continues the cold war and millions of American youths are engaged in the defense of freedom there will be a need for the familiar home-away-from-home services of the USO.

Traffic Safety And Youth

With Midland schools opening this week, it is time to think more seriously than ever about safety—traffic safety in particular.

Yes, we should be safety conscious at all times, but occasionally some of us become careless when behind the steering wheels of our automobiles, thinking perhaps, "it can't happen to us."

Already children of school age are scurrying around, particularly in the downtown section, buying supplies and other things preparatory to the opening of school.

Youngsters on foot, on bicycles and on motorscooters will be everywhere—in the downtown sections, in the residential areas, and in the school zones.

Such a condition demands the utmost caution of motorists at all times if grim tragedy is to be avoided on the streets of our fine city.

And, yes, it also is up to parents to cooperate to the fullest extent by educating their children to be traffic safety conscious at all times—to stop and look before crossing streets, to cross streets only at intersections, and not to dart in and out between parked automobiles.

It is a problem in which each of use should be concerned.

Police Department personnel are conscious of the existing traffic problem and are aware of the fact it will be even more difficult with the opening of school.

School officials, too, are attempting to improve traffic conditions in so far as students are concerned.

Yes, it is time to think more seriously than ever about traffic safety in Midland. Let's fight to protect the lives of our youth from traffic accidents the same as we would from any type of violence.

An easy out—not trying hard because it seems hard and trying.

When Mom and the kids join the old gent on a fishing trip, guess who gets hooked?

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

Copyright, 1951, By The Bell Syndicate, Inc. Dan A. Kimball says: Five More! Brothers serve with the Navy; Money is not wasted by armed services; Navy played active part in Korea.

(Ed. Note: While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several distinguished guest columnists, today's being by Dan A. Kimball, secretary of the Navy.)

WASHINGTON—Few people know that once again five brothers are on active duty at the same time with the Navy.

Here's the story on the Morel brothers of Downey, Calif.: Joe, the oldest is 25, and he is Telesman 3rd Class, serving aboard the U.S.S. Harley (DD 556); Paul, 24, Photographer's Mate 3rd Class, is at the Naval Air Test Center, Point Mugu, Calif.; Victor, 23, Seaman, and William, 21, Fireman Apprentice, are serving together aboard the U.S.S. Hanson; the youngest of the five, Alexander, 18, Seaman Apprentice, is based at the Naval Training Center at San Diego, Calif.

This is a pretty good record for one family, I think. It should show us what an appeal the Navy has for the young men of today.

I have the greatest admiration for all our boys in the Navy. From the newest recruit to the highest brass, they're all devoted to the welfare of the Navy and the nation.

The Navy has been doing a great job in Korea for the 14 months that we have been engaged, as part of the United Nations, in putting down the aggression of the Northern Communists.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service

Please write something withering about my partner, requests an Atlantic City reader. "I've been married to him for 20 years, but he never listens to me."

"He was East on this hand. I've been telling him for about as long as I can remember not to open fourth hand unless he can see game in the hand. He insists on opening mediocre hands and just laughs when they bid and make game against him."

"They made four spades this time, of course. South lost two hearts and one diamond and chuckled like an idiot. My husband laughed with him, like a bigger idiot. Can you say something to show him the error of his ways?"

"Three cheers for the husband! A man who can laugh at misfortune is a philosopher; and if he also chuckles at an angry wife he's a hero."

I suspect that my correspondent is just spoofing me to see how much I'll say about men having to stick together. Forgetting about that side of it, there's the bridge point to think about. Is it wise or unwise to open the East hand in

Every good player that I know would open that East hand. When you have a hand as good as that you expect to make a profit. Why give up that profit by passing the hand out?

THE all-important case Gene Sawyer had told me about started at page 355. Kay O'Neill had said the second number Cleo had given her was page 455.

So They Say

The ethical standards of a public official will be determined primarily by his own instincts as to what is and is not proper.

While it (the Senate) undoubtedly is the world's greatest deliberative body, the Senate is also so deliberate that the result adds up to procrastination.

This is a private affair of my own and I don't have to talk to anyone. It wasn't the press who made me famous. It was my singing and the American public.

Today the church is the only essential organization that stands against Marxism. If we in the church are not strong in this army of God we will be the losers.

We are suffering not from too much logic, but from too little contemplation. Aristotle thought that philosophizing started out from wonder. I suspect that (modern) logical theories take the direction that they do because of wonder.

That television screen in the living room tells you more about a man's insides than the X-ray machine in a doctor's office. When you've been tested in television's tube, mister, you've had it.

How much oil is there now supposed to be left in the United States? According to most recent information, during 1950 the total proved U.S. reserves of oil climbed from 28,586 billion barrels to 28,952 billion barrels, an increase during the year of 1,366 billion barrels.

Which city boasts of having the first electric street railway in the U.S.? A-Baltimore, Md., which opened one on Aug. 10, 1885.

What is the average per capita income in Mexico? According to the latest figures, it was the equivalent of \$121 a year in 1949.

Where did the story of the lost continent of Atlantis originate? A-The fabled island, said to have existed in the Atlantic Ocean, is mentioned in the writings of Homer, Horace and Plato.

WASHINGTON COLUMN

'Mudslinging 82nd' May Be Name For Present Congress

By PETER EDSON, NEA Washington Correspondent

WASHINGTON—A shoulder patch to identify members of the present Congress should bear some reference to "the mudslinging 82nd." Seldom has the debate, particularly in the once-august Senate, descended to such low levels.

It of course has been a long hot Summer. The issues before Congress have been complex and vexing. Nervous tensions have been greater than usual under national and international emergencies.

While all this should have called for cool heads and steady hands, there has been little in evidence. Instead, wave after wave of ugly vituperation.

In the whole record of the 82nd Congress to date, there has been only one breath of fresh air. That was Illinois Senator Douglas' investigation into standards of ethical conduct for government. But even it blew so faintly and for such a short time that it barely cooled one fevered congressional brow.

Republicans and Democrats alike are guilty in this branding. After all, President Truman's own ill-tempered blasts at the Marines and the music critic hardly set the tone for dignified proceedings.

The President, however, has been on the receiving end for more abuse than he has dishied out. He has had to defend his action in relieving Gen. Douglas MacArthur of his command. He has had to defend his secretary of State. He has had to defend an inconclusive war in Korea.

He has had to defend unpopular recommendations for increased defense costs, increased taxes, increased economic controls. He has had to defend the Reconstruction Finance Corporation and charges of irregularity against his Democratic National Committee Chairman William M. Boyle.

Truman As A Senator In all this, it is interesting to speculate on how Harry Truman would have met such challenges if he had been a senator. If he lived up to the form he set when he headed the famous Truman investigating committee of war times, he would have been the first to show his impatience with irregularities that border on corruption.

He would have taken the lead—then—in cleaning up the Democratic Administration instead of trying to maintain that it was above reproach. The second major influence in current governmental mudslinging procedures of course has been McCarthyism.

Wisconsin Senator Joseph R. McCarthy's attack on Gen. George C. Marshall will rank high in any historical collection of the most disgraceful orations of congressional record.

Regardless of the motive of the senator's campaign, his methods and tactics now seem to have infected the whole senatorial process.

Senator McCarthy's two-hour attack on GOP Senators Margaret Chase Smith of Maine and Robert C. Hendrickson of New Jersey was raw stuff. They had joined in a Senate Rules Committee report criticizing McCarthy's role in the Maryland election of Senator John M. Butler and the defeat of Millard Tydings. McCarthy scoured them.

Republican Senators Bricker of Ohio and Capehart of Indiana now are accused of similar mudslinging.

tactics for their minority report on RFC. In it they charged the President and Democratic Chairman Boyle with being "graduates of one of the most corrupt political machines of any state."

From the general public's point of view, it is possible to endorse the view of Senators Capehart and Bricker that "Morality in government has declined to the lowest ebb in the nation's history."

It also is possible to endorse the view of the Republican floor leader, Senator Kenneth Wherry of Nebraska, when he objects to the Senate Rules Committee report on the Maryland election because it narrowed to one state the full brunt of criticism of political practices that deserve national attention.

Both sides are right here in their criticisms of each other. In their criticisms of both their houses.

When such a situation arises, the voters certainly have a right and an obligation to look for new leadership in both political parties and all their factions.

The man of the hour in politics would be someone who could lead by inspiration rather than by mudslinging.

Have a Laugh

By BOYCE HOUSE A business man called all his creditors together and said, "I owe you many thousands of dollars and I don't have a cent. But when I die, I am going to will you my body and you can divide it up among you."

There was silence and then Ike, in the corner, said, "I would like to haf dot feller's gall."

What's Right?

A young man takes a girl to the movies and there is no usher to show them to their seats.

WRONG: He lets the girl go down the aisle ahead of him.

RIGHT: He goes down the aisle with the girl following, so that he can find the seats.

"Murder" in Quotes

THE all-important case Gene Sawyer had told me about started at page 355. Kay O'Neill had said the second number Cleo had given her was page 455.

"So you've finally caught wise!" Gene laughed wryly. "You couldn't fool anyone, Jimmer. You have the most completely transparent face I've ever seen. If that jury had known you as well as I do, it would have known you were innocent of killing Charlie Berman."

I knew there was no point in trying to fool Gene. I said reproachfully: "You were the man Charlie Berman meant to pay off the \$25,000 to. Gene. He knew this case would ruin his claim to my property." I faltered. "Why didn't you come to me, Gene? I'd have paid you as much or more."

Gene wiped perspiration from his forehead with his left hand. "That little tramp has really cleaned me. This afternoon she phoned me once to tell me. She said she'd told you part of the story. She was disappointed when I told her I hadn't got any money out of you today. She said that was too bad, but I had to come up with five grand tonight."

that dizzy blonde that lived with her. She'd picked it up from my conversation with Charlie.

"It's a miracle the blonde remembered it. If she hadn't, everybody would go on thinking as Earnie Berman and Babe Tussig did, that you had killed Cleo. And if she hadn't remembered, I wouldn't have to kill you now."

"Won't it be bad, Gene, killing a client in your own office?"

"Not when your client's a killer. You're a killer, Jimmer. Ask anyone. I'll have a straight, simple story. You broke the glass out of my reception room door and came to kill me. The man who saved you from the electric chair!"

I GUESSED he would have a good story, all right. I wondered how long I could stall him.

"You fooled me, all right, Gene. I even suspected Julie Bradford. I wonder how she got so familiar with the premises of the Berman cottage."

Gene chuckled. "She's been snooping around the place ever since you were put in jail. It's a wonder Berman didn't catch her and put her in jail with you."

He breathed deeply. He was getting ready. He said: "I'm sorry it has to be this way, Jimmer. I always liked you. I enjoyed getting you free yesterday—it was poetic justice, freeing the man I'd framed. Like Somerset Maugham, I appreciate irony. It was Maugham who said—"

"Spare me any more quotes, please!"

Gene smiled apologetically. I went for the automatic in my pocket. It stuck. The gun blast sounded like a cannon in the room. I wondered why I didn't feel anything, and I wondered why Gene was bucking at the knees. Then I saw Sheriff Souders behind him.

"That little tramp has really cleaned me. This afternoon she phoned me once to tell me. She said she'd told you part of the story. She was disappointed when I told her I hadn't got any money out of you today. She said that was too bad, but I had to come up with five grand tonight."

"But she sensed that she had gone too far. She passed along that volume and page number to me. So he laughed at me."

Posse Riders Add Touch Of Old West To Modern Midland

By COPE ROUTH
In the modern Midland of tall buildings, fine stores and paved streets, there still remains a nostalgic touch of the romantic old West.
The gun-totin' badman long since has been chased from the expanse of West Texas plains to the security of the motion picture screen.
And scientific law enforcement methods have replaced the authoritative roar of the six-shooter.
But still—from time to time—the Sheriff's Posse rides again.
Its members buckle on their

School Bells Ring Tuesday For 6,350

Tuesday, it'll be time for the annual Fall chime of "heigh-ho, heigh-ho, and off to work we go" for 6,350 Midland public school students.
The tardy bell rings at 8:55 a.m. and the 1961-62 school year will be underway.
Enrollments are expected to break records at all schools and the largest faculty staff in history will greet the students.
Eleven schools of the city will receive students, the high school, junior high, five elementary schools in the city—West, South, North, Sam Houston and David Crockett, and Terminal (elementary), DeZavala (Latin American elementary), Carver High and Carver elementary.
School officials Saturday said everything was in readiness for the school year. However, cafeteria at three schools will not be ready to open Tuesday. These are at Sam Houston Elementary, DeZavala and Carver schools. Equipment did not arrive in time. All three will be opened as soon as possible.
To Serve Sandwiches
Plans have been made to serve sandwiches and milk at Sam Houston in order to care for bus students and others until the cafeteria opens.
More than 1,000 high school students already are registered—a record enrollment. Opening-day registration is expected to swell the mark of that school to more than 1,100 students.
Of the predicted 6,350 students making the annual trek Tuesday, about 1,200 will be first-year enrollees and they are expected to appear by the traditional spic-and-span starched dresses and shirts.
Campus lawns Saturday were receiving a last-minute mowing and grooming. A Summer program put grass on campuses of all plants.
Two school buildings are new—Sam Houston Elementary and DeZavala School.
The students are expected to fill all buildings to capacity early in the school year and already contract have been let for two new structures and an enlargement program.
Construction is expected to begin soon on another junior high building, a new elementary school and an addition to South Elementary.
Final registration for all Carver High School students is scheduled at the high school building at 9 a.m. Monday. Principal E. L. Jordan said Saturday.
He said it is necessary that all high school pupils register by then so they can get aid from the teachers in selecting their courses.

Flying Saucers? Shooting Stars? Photo By Lubbock Man Shows Something Soaring

LUBBOCK —(AP)— Flying saucers? Shooting stars? Imagination? Nobody knows for sure just what were the lights that flashed across the sky Thursday night in this West Texas area.
Many said they saw them. Carl Hart, 18, took pictures of the objects in the first picture were V-shaped and in the second group appeared to be round and shiny dots.
The head of the biology department of Texas Tech, J. C. Cross, examined the pictures under a microscope. He said they "definitely were not birds that may have given off a phosphorus glow," as some skeptics suggested.
Three professors at Texas Tech a few nights previously said they saw similar objects flash through skies at "an incredible speed."
"A string of beads," was the way one professor described them.
Roger Dods, a Texas Tech student, and S. E. West also reported seeing the objects. Dods said the ones he saw were V-shaped. West said his were like a U.
lights or objects in the first picture and about 21 in the second. The objects in the first picture were V-shaped and in the second group appeared to be round and shiny dots.
Hart said he was in bed watching the stars when he saw the first group of shiny, mysterious objects flash by about 11:30 p.m. He said he jumped out of bed and grabbed his camera.
He said a second group passed overhead as he got outside his house and he took a picture. He made another picture of a third group that whizzed by.
His photographs showed about 18

Firemen, Spare That Blaze, Says He

Two big fire engines reared across town to the 400 block of East Nobles Street Saturday afternoon and pulled to a stop at a fence, beyond which a blaze was rearing.
"How do we get in," asked one of the firemen as the other got ready to lay down the lines.
"What do you want in fer?" asked an unidentified man.
"We want to get out that fire, of course."
"What do you want to put it out for? I just lit it. It's a pile of scrap lumber."
LEG IS INJURED
Kenneth Lee Harrison, 806 South Winifred Street, was given emergency treatment at Midland Memorial Hospital for contusions of the right leg received when he tripped over a two-inch pipe Friday.

New State Highway Patrolman On Duty

Byron Warren, a native of Levelland, went on duty in Midland County Saturday as a state highway patrolman.
A member of the Texas Highway Patrol since January 1, he was transferred to Midland from El Paso to replace Bob Bigler, who was transferred to El Paso.

MIDLAND SOLDIER ILL WITH MALARIA

Sgt. Glen H. Parrott, son of Mr. and Mrs. W. P. Parrott, 1506 South Main Street, is in an Army hospital in Georgia with malarial fever.
Sergeant Parrott had been attending a school at Fort Benning, Ga. Parrott was wounded in Korea Aug. 12, 1960, and was returned to the states.

Road Crash Sends 14 To Hospitals

BATON ROUGE, La. —(AP)— A two-car crash near Eunice, La., Friday night sent 14 persons to hospitals here.
Eunice is on U. S. Highway 180 about 75 miles west of Baton Rouge and 20 miles north of Crowley.
State police at Opelousas said the accident occurred when one automobile went out of control in the face of an oncoming vehicle. Both cars were demolished.
All injured, State Police Sgt. Francis Fruge at Opelousas said, were treated at the Eunice Clinic before being removed to hospitals.
Eight of the passengers in one vehicle, all from Houston, Texas, were taken to the Our Lady of the Lake Sanitarium in Baton Rouge.

Pre-School Physical Examinations Urged For First-Termers

AUSTIN— Children are not really ready to enter school until they have had a complete physical examination, Dr. Geo. W. Cox, state health officer, said Saturday.
Although physical examinations and immunizations are not required of Midland students, the schools recommend both and agree with the statements of Dr. Cox. School nurses administer the health program in Midland schools. Students are referred to their respective physicians.
health officer reminds parents. "All boys and girls enrolling in the kindergarten or first grade classes of Texas schools should be taken to their physicians, or to a public health clinic, for an immediate physical check-up if they have not had such an examination in recent months.
"It is important to act as promptly as possible. No youngster should be permitted to begin a school career with less than the best possible physical equipment.
"As most parents know, vaccination against smallpox is necessary. Those who received this immunization in infancy should be vaccinated again in order to assure a high degree of immunity and those who never have received this protection should be vaccinated without delay.
"Diphtheria immunization also is an important safeguard for all boys and girls about to enter school. Those who have never been immunized against this disease should receive toxoid shots now. Children who were inoculated against diphtheria when they were babies now should have a 'booster dose' in order to maintain their immunity at a sufficiently high level.
"Other immunizations that the individual physician may recommend are also desirable as further health protection. Whooping cough, typhoid fever and tetanus are among the diseases against which the doctor may advise safeguards."

Midland DeMolay Chapter To Hold Meeting Monday

The Midland order of DeMolay Chapter will hold its first regular meeting of the new DeMolay year at 7 p.m. Monday in the Masonic hall, Dan Carter, chapter advisor, said Saturday afternoon.
Normally, the chapter conducts a meeting every first and third Monday in a month but meetings had been suspended during the Summer season. The last meeting the organization held was during the latter part of June.
Carter said all master Masons are cordially invited to attend any DeMolay meeting, especially the one Monday night. Refreshments will be served after the business session.
The chapter advisor also listed one other significant development in the organization.
Two well known Midland men, Al Vinyard and Raymond Monkress, have been appointed to the board of advisors of the chapter.
"We have been handicapped by an insufficient number of men to carry on our work," Carter said, "and with the addition of these two men, we hope to accomplish a great deal more."

Barbecues, Square Dances

There are barbecues and square dances and often Sheriff's Posse members take part in the festivities.
Today the Sheriff's Posse claims 85 members and each member has his own mount, as well as complete regalia of the old-time cowboy.
While its membership is not limited, all applications are examined carefully by a screening committee before being accepted.
Each member pays his initial fee, purchases a \$100 stock certificate and then lays out a minimum of \$125 for his uniform, in addition to his investment in a horse and saddle.
While the Sheriff's Posse takes part in numerous parades, there are two high spots in its activities for the year.
Boykin was elected to a second term as captain of the Sheriff's Posse, but the press of business brought his resignation in mid-term and Jim Tuttle was named to succeed him.
Other officers of the organization include A. W. Jones, lieutenant; J. M. White, adjutant; Bob White and Doyle Walker, drill sergeants; Sherwood O'Neal, corral boss, and Sheriff Ed Darnell.

Two Youths Injured In Car-Scooter Crash

Two youths were injured, neither seriously, Saturday in a motor scooter-automobile collision on West 5th Front Street, near the Hughes Tool Company building.
Jimmy and Elbert O'Neal, ages 14 and 15 years, respectively, were given emergency treatment at Western Clinic-Hospital for contusions and lacerations.
Investigating officers said the automobile was driven by T. A. Sims. He took the youths to the hospital.

Funeral Rites Held For Frank Simpson

Funeral services for Frank Simpson, 65, who died Thursday in a hospital here, were held Friday in the First Christian Church with the Rev. Clyde Lindsley, pastor, officiating. Interment was in Resthaven Memorial Park.
Simpson, a retired farmer and engineer, came to Midland in 1941 from Weatherford. He resided at the home of his daughter, Mrs. Wade G. Attaway.
Survivors include the widow, a daughter and a grandson, all of Midland.

Walt Boesner Dies

SAN FRANCISCO —(AP)— Walt Boesner, famous along the West Coast in the late twenties and early thirties as a colorful orchestra leader, died Saturday of a heart ailment.

Crane News

CRANE—Mr. D. L. Weaner and children have returned from a five-week visit with relatives in Hankamer.
Ken Spencer left Saturday for a vacation in New York.
Mr. and Mrs. Douglas Penny and children visited with former Crane residents, Mr. and Mrs. Bill Cockrell, in Vivian, La. They attended the "Louisiana Hayride" in Shreveport Saturday night.
A son, Michael, Paul, was born to Mr. and Mrs. Joe Paul Andrews, Jr., of Dallas. Mr. and Mrs. J. L. Browning of Crane are the maternal grandparents.
Patay Ruth Blackburn, RN, daughter of Deputy Sheriff and Mrs. Wayne Blackburn, will begin duties as a nurse at Crane Memorial Hospital September 4. She is a graduate of Scott and White School of Nursing in Temple and recently was employed at Jefferson Davis Hospital in Houston.
Mr. and Mrs. T. L. Simpson have announced the birth of a son, Aaron Leroy, at Crane Memorial Hospital August 26.
Bill Nick was listed as a medical patient at the Crane Memorial Hospital.
Births Announced
A daughter was born to Mr. and Mrs. W. H. Winters at Crane Memorial Hospital August 27.
T. V. Ragsdale was admitted to the Crane Memorial Hospital August 28 as a medical patient.
Bobby Frasier, an employee of the Delaney Drilling company, was treated at the hospital August 28 for a broken bone in his right foot.
Floyd A. Idom, son of Mr. and Mrs. O. Y. Idom, was a medical patient at Crane Memorial August 28 and 24.
Mr. and Mrs. A. L. Combest are the parents of a daughter, Patricia Elaine, born at Crane Memorial August 24.
Jack Mathis was admitted as a medical patient at Crane Memorial Hospital.
A daughter, Trudy Kay, was born to Mr. and Mrs. L. D. Sparks at Midland Memorial Hospital August 26.
Mr. and Mrs. L. W. McDonand, McCamey, announced the birth of a son, Lawrence Wayne, born at Midland Memorial August 24.
A son, Gregory Dan, was born to Mr. and Mrs. D. L. Clemmer at Crane Memorial August 26.

Magnolia Finals Wolfcamp Discovery In C-N Andrews

Magnolia Petroleum Company has completed its No. 1 Tom Peay, Central-North Andrews County wildcat as a flowing discovery from the Wolfcamp, lower Permian lime. The new field opener flowed 378 barrels of 32.2 gravity oil and no water in a 24-hour Railroad Commission potential test.

The production came from perforated sections at 9,227-90 feet and at 9,375-9,300 feet. Both those intervals had been washed with 600 gallons of mud acid.

Pressure Given

Gas-oil ratio was 586-1. Flowing tubing pressure was from a maximum of 273 pounds down to a minimum of 80 pounds.

Location is 1,736 feet from east and 597 feet from south lines of section 6, block 314, Gaines County School Land survey. The new producer is 12 miles north of the town of Andrews and three-quarters of a mile northwest of Flory.

It drilled to total depth of 14,085 feet in the Ellenburger. That formation made only salt water. Operator plugged back to 9,310 feet; and set 3 1/2-inch casing at that point for the testing and completion in the Wolfcamp.

gravity oil and 35 feet of drilling mud.

Operator plans to set casing at approximately 13,130 feet.

Location is at the center of the northwest quarter of the northwest quarter of section 12, block 41, T-4-S, T&P survey.

Taking DST

Sinclair No. 1 June Tippet, indicated Ellenburger discovery in Southwest Midland County, is at total depth of 13,043 feet taking a drillstem test with packer set at 12,993 feet.

As soon as the tool was opened a strong blow of air surfaced.

No other details are available on the test.

Drillite for this wildcat is at the center of the southeast quarter of the northwest quarter of section 17, block 40, T-4-S, T&P survey.

Casing Being Run In Martin Tester

Sinclair Oil & Gas Company is running seven-inch casing in its No. 1-A Harry Lester, East-Central Martin County wildcat, to test for Spraberry production. The same firm is waiting for cement to set on seven-inch casing cemented at 6,910 feet in the Spraberry at its No. 1-25 University, wildcat in Southwest Regan County.

Sinclair will set the casing in its No. 1-A Lester at some point in the top of the Spraberry and test the open hole section down to total depth of 7,980 feet.

Several drillstem tests have been made in the Spraberry without developing oil, although cores taken from that section had some bleedin oil.

No. 1-A Lester is 660 feet from north and west lines of the northwest quarter of section 29, block 36, T-3-N, T&P survey.

Sinclair No. 1-25 University is at total depth of 6,978 feet in the Spraberry. The section from casing point, 4,910 feet, to total depth will be acidized and tested.

Location is 660 feet from south and west lines of section 36, block 2, University lands survey.

Sand Section Topped In S-C Irion Venture

Moore Exploration Company No. 1 W. M. Noelke, South-Central Irion County wildcat, 10 miles southwest of Marton, and 660 feet from south and west lines of section 1150, TCRS survey, topped a Pennsylvanian sand at 6,985 feet and drilled it to 6,997 feet.

The 12 feet of that zone which has been penetrated carries some oil stain in the samples and there was a good show of gas in the drilling mud.

Operator is preparing to run a drillstem test. The sand section has not been positively identified. Some observers think it might be the Strawn sand.

Free Oil Found In Mitchell Wildcat

S. F. Hurlbut of Corpus Christi and associates No. 1 E. E. Winn, Southeast Mitchell County wildcat, about 15 miles southeast of Colorado City developed a small amount of free oil in a drillstem test in the Ellenburger at 4,500-77 feet.

The tool was open one hour and 33 minutes. There was a strong blow of air throughout the period. The drill pipe was full of gas when operator started pulling the tester.

Recovery was 70 feet of oil and gas cut mud and 30 feet of 46-gravity free oil.

No Signs of Water

There were no signs of water. Top of the Ellenburger was picked from samples to be at 7,436 feet. Elevation is 2,022 feet.

A previous test in the Ellenburger at 7,375-7,451 feet recovered 30 feet of drilling mud, with no shows of oil, gas or water.

The wildcat had deepened to 7,487 feet in the Ellenburger and was slated to run another drillstem test. Location is 720 feet from north and 683 feet from east lines of the E. C. Bartlett survey No. 2.

Commercial Well Is In Prospect From Nolan Canyon Lime

Strong possibilities for the development of commercial production from a Pennsylvanian lime, possibly of Canyon age have been found in Southeast Nolan County at Seaboard Oil Company of Delaware and Continental Oil Company No. 1 Hank.

This prospector flowed oil at the estimated rate of 15 barrels per hour during a drillstem test in the top of the Pennsylvanian lime at 4,584-4,608 feet.

The tool was open 75 minutes. Gas was at the surface in 15 minutes and oil started flowing at the top in 65 minutes.

Flows Oil For 10 Minutes

The oil flow for the next 10 minutes was estimated to have been at the rate of 15 barrels per hour.

Considerable fluid was unloaded while the drill pipe was being pulled. Final recovery was 15 feet of brackish water.

Interested observers do not think that water was from the formation. Open flowing bottom hole pressure was 1,300 pounds. Shut-in bottom hole pressure was 1,475 pounds. Length of the shut-in for the pressure build up test was not reported.

Top of the lime reef has been called by some sources to be at 4,579 feet. That is on a datum of minus 2,068 feet. After the drillstem test at 4,584-4,608 feet, operators cored from 4,608 feet to 4,584 feet.

No Water In Cores

Recovery was 26 feet of lime, with a good show of oil. Core examination from the sections between 4,584 feet and 4,634 feet failed to show any signs of formation water in those specimens.

A drillstem test is to be run to the current total depth of 4,634 feet. Location is seven miles north and slightly east of Blackwell and 1,960 feet from north and 690 feet from east lines of section 28, block 2, T&P survey.

Midland Indicator Is Being Acidized

The Devonian was being washed with acid through perforations in five and one-half-inch casing at 12,250-305 feet in Sinclair Oil & Gas Company No. 1 Tippet, indicated discovery from that formation in Southwest Midland County.

The project had been swabbed and flowed natural for 112 barrels of 47-gravity oil and 43 barrels of fresh water in 24 hours through the above set of perforations.

No. 1 Tippet was drilled into the Ellenburger where it failed to make a commercial producer.

Offsets Operer

It is one location east of the Pennsylvanian opener drilled by C. W. Murchison, one and one-half miles north of the Pegasus-multipy field.

Location is at the center of the southwest quarter of the southwest quarter of section 18, block 40, T-4-S, T&P survey.

Operator is running pipe to test the Ellenburger at Sinclair No. 2 Tippet, indicated discovery from that formation in southwest Midland County.

The latest drillstem test in the project was from 13,195 to 13,232 feet, the present total depth.

Tool was open three hours. Recovery was a 3,090-foot water blanket, cut with oil, 60 feet of 45-

Spraberry Pools Get Seven Tests, Three New Oilers

The Driver, Weddell and Pembroke fields in the Spraberry Trend C turyday received sites for seven more explorations and the Tex-Harvey field of Central-East Midland and Central-West Glasscock Counties was given three more oilers.

In the Driver field of Southeast Midland and Southwest Glasscock Counties Ashland Oil & Refining Company spotted sites for five of the new locations.

In the Midland County side the firm will drill No. 4-3, No. 3-46 and No. 4-46 Davenport.

No. 4-3 Davenport will be drilled 1,980 feet from east and 660 feet from north lines of section 3, block 37, T-3-S, T&P survey.

No. 3-46 Davenport is located 660 feet from north and 1,980 feet from east lines of section 46, block 37, T-4-S, T&P survey.

Ashland No. 4-36 Davenport's location is 1,980 feet from north and

east lines of section 46, block 37, T-4-S, T&P survey.

In the Glasscock County side of the Driver field, Ashland will dig No. 3-3 Davenport and No. 3-3 Davenport.

No. 3-3 will be drilled 1,980 feet from north and 660 feet from east lines of section 3, block 37, T-3-S, T&P survey. Ashland No. 3-3 Davenport will be dug 1,980 feet from north and east lines of section 3, block 37, T-3-S, T&P survey.

Each of the Ashland projects will operate under permit to 8,000 feet.

Reagan County

Stanford Oil & Gas Company staked drillsite for a one-location west offset to the Weddell-Spraberry field of Northwest-Central Reagan County. It will be No. 1 O. F. Boyd.

Site is 660 feet from north and east lines of section 18, block 2, KE&WT survey. It will go to around 7,800 feet.

A drilled 7,200-foot rotary test will be drilled by Humble Oil & Refining Company in the Pembroke-Spraberry field of East-Central Upson County. It will be No. 4-B Ralph Pembroke and others.

Location was made 1,980 feet from north and west lines of section 2, block 0, KE&WT survey.

Midland Area

In the Midland County side of the Tex-Harvey field, A. N. Hendrickson and Tide Water Association Oil Company each reported potential for a Spraberry oiler.

Hendrickson No. 3 W. A. Hutchison, 663 feet from south and 660 feet from east lines of the north-south quarter of section 36, block 37, T-3-S, T&P survey, flowed 24 hours on potential test and made 368 barrels of oil through a 26/64-inch tubing choka.

Production is from open hole at 6,961-7,200 feet. Pay was topped at 7,019 feet.

Operator used 4,500 gallons of Hydracraft to complete the oiler.

Gas-oil ratio was 586-1, gravity is 34.7 degrees and tubing pressure on the final test was 180 pounds.

Tex-Harvey

At the extreme west edge of the Tex-Harvey field in Midland County, Tide Water finished its No. 2 Beulah Coleman from the Spraberry for a daily flowing potential of 131 barrels of 37.6-gravity oil and no water.

Production is from perforations in seven-inch casing at 7,140-7,188 feet.

Gas-oil ratio was 870-1. Casing pressure was 300 pounds and tubing pressure was 25 pounds. Pay was topped at 1,140 feet.

Perforations were washed with 3,000 gallons of Hydracraft.

Glasscock Sector

In the Glasscock County side of the Tex-Harvey field, Olean Brothers, Inc., No. 1-B L. A. Wraga was

finished for a 24-hour flowing potential of 36.88 barrels of 37-gravity oil and no water.

Gas-oil ratio was 250-1 and tubing pressure was 40 pounds.

Open hole from 6,885 to 7,110 feet was given a Hydracraft treatment of unreported amount.

Location is 660 feet from south and west lines of section 28, block 36, T-3-S, T&P survey.

Standard Oil Company of Texas No. 1 Harvey L. Adams, Northwest Howard County wildcat, has drilled to the total depth of 10,000 feet, which is the contract depth and has taken electric log surveys.

Operator is now preparing to plug back to about 9,525 feet and test

southwest of the town of Muleshoe and in West-Central Bailey County. This wildcat has been drilled "light."

Location is 1,980 feet from west and 661 feet from south lines of section 24, block 3, MB&B survey.

Standard Oil Company of Texas No. 1 Kenneth Scott.

Drillite is 330 feet from north and east lines of west half of section 134, block 1, BBB&C survey. That makes it three-quarters of a mile southeast of the Flat Top 140-Swastika field. It is separated from the pool by an Ellenburger failure.

Projected depth is 3,900 feet. This is calculated to take the tester into the Swastika pay.

Standard Oil Company of Texas No. 1 Harvey L. Adams, Northwest Howard County wildcat, has drilled to the total depth of 10,000 feet, which is the contract depth and has taken electric log surveys.

Operator is now preparing to plug back to about 9,525 feet and test

some between 9,520 and 9,580 feet where it showed some gas and oil and unloaded some oil on a drillstem test.

If a drillstem test on the section at 9,620-30 shows any possibilities of production, operator will run casing and making a production test.

Location is 1,980 feet from west and 660 feet from north lines of section 47, block 34, T-3-N, T&P survey. That puts it approximately 20 miles northwest of Big Spring.

General Crude Oil Company and the Percy Jones estate have plugged and abandoned their No. 2-18 Percy Jones fee-tract 6, wildcat in Northwest-Central Kent County.

This exploration was approximately one-half of a mile north of the northwest side of the Salt Creek-Canyon field.

It drilled to 6,963 feet in barren Pennsylvanian. No signs of production. (Continued On Page Eight)

Ellenburger Wildcat To 11,000 Feet Is Set In Reagan By Barnes

J. C. Barnes of Midland has filed an application with the Railroad Commission of Texas requesting a permit to start operations at once at an 11,000-foot wildcat in South-Central Reagan County.

The prospector will be Barnes No. 1 University. It will be 660 feet from south and east lines of the northwest quarter of section 31, block 58, University survey.

That puts it six miles southeast of Stiles. Maps show that lease on the wildcat is to be drilled in which the quarter is to be drilled is owned by The Superior Oil Company.

It is offered by lease owned by Gulf Oil Corporation and by Standard Oil & Gas Company.

Apparently Barnes has worked out a deal with those three concerns to evaluate that area.

Westlund, Et Al Spot 7,500-Footer Tester In C-SW Gaines Area

Carl J. Westlund, trustee, of Midland and others, No. 1 Ellis Flanagan is to be a 7,500-foot wildcat in Central-Southwest Gaines County to try for production in the Clear Fork-Permian lime.

Location is 660 feet from south and 1,980 feet from west lines of section 10, block A-23, psi survey. That puts it eight miles southwest of Seminole and in an undeveloped area between the Doas and the Jenkins fields.

Operations are to begin immediately.

Seaboard Calls Top On Ellenburger In Stonewall Wildcat

Seaboard Oil Company of Delaware No. 1 Alton P. Kennedy, Southwest Stonewall County wildcat, two miles south of the Double Mountain field, topped the Ellenburger at 6,439 feet, to give it a datum of minus 4,653 feet on that marker.

It ran a one hour drillstem test at 6,433-65 feet. Recovery was 35 feet of drilling mud, with no shows of oil, gas or water.

To Test Again

The prospector then deepened to 6,496 feet and is preparing to run another test.

Location is 660 feet from north and east lines of section 297, block 2, H&TC survey. It has not found any shows of production in the section it has drilled through above the Ellenburger.

The prospector was low, geologi-

New Lamb, Scurry Maps Completed By Concern in Midland

New oil maps of Scurry and Lamb Counties have been issued by Midland Map Company. The concern is now ready to start distribution of prints of both maps.

The Scurry map represents a large amount of work as it shows all completed oil wells in all of the fields of that county as well as lease, mineral and fee ownerships.

The company will have a new one-piece map of Tom Green County ready for distribution in a few days.

It is also working on new maps of Gaines, Andrews, Ector and Crane Counties and expects to have all of those four important oil counties finished in a few weeks.

C. E. (Ed) Prichard, manager of Midland Map Company says that his organization is also working on a map of Lea County, New Mexico, and he hopes to have it finished before the end of the current year.

Special Sale Of New Mexico Oil, Gas Leases Slated

A special sale of oil and gas leases on acreage in the unrestricted area of New Mexico will be held in Santa Fe on September 10.

This special sale will cover certain tracts of lands owned by the State of New Mexico and the bidding is to be by sealed bids which are to be submitted to Guy Shepard, commissioner of public lands prior to 10 a. m. on September 10.

The special sale will be conducted in the auditorium of the Capital Building at the conclusion of the regular monthly oil and gas lease sale.

Sixteen separate tracts will be offered in the special sealed bids sale.

A list of those tracts which gives complete descriptions of all acreage included may be secured from Shepard's office in Santa Fe.

Operators Asked To Save On Rods

WASHINGTON—(AP)—The Petroleum Administration for Defense asked oil well operators to save on the use of sucker rods made of nickel-bearing steel.

Sucker rods are used in pumping oil from wells. Nickel-bearing steel is required to resist erosion if the oil has a high sulphur content.

Bruce K. Brown, deputy petroleum administrator, advised operators that the present production of sucker rods from nickel-bearing steel will be cut. He said nickel-bearing rods now make up about half of all the rods produced. Due to the nickel shortage, only about 35 per cent of future rod production will contain nickel.

Small diamonds have been found in meteorites.

FOR LEASE, LONG TERM

Approximately 2,900 square feet of office space. Brick building. Also corner lot, paved. 75 x 150. Suitable for any kind of business.

See owner in garage apt., rear of 409 West Missouri Street.

ATLANTIC WINS HIGH HONORS

The Atlantic Refining Company has been designated as the winner for 1950 of the National Safety Council's Distinguished Service Award for outstanding safety performance in industrial operations. The award is the highest ranking which can be won by an industrial concern. Atlantic was in Group A, Crude Oil Producing. Average national accident rate of that group during 1950 was 7.02. Atlantic's rate was 1.53. Displaying the plaque which commemorates the award are, left to right, above, Niles B. Winter, division manager for The Atlantic Refining Company in the Permian Basin; Tom C. Frick, division operations superintendent and Robert M. Parks, division industrial relations supervisor. The personnel of the Permian Basin division have been given special commendation by company officials and National Safety Council officials, for the part this division played in winning the top award for Atlantic. Headquarters for the division are in Midland.

Tex-Harvey July Production Near Half Million Mark

Oil produced from the Spraberry sands in the Tex-Harvey field of Central-East Midland and Central-West Glasscock Counties approached the half-million mark in July.

Thirty-four operators recovered 488,853 barrels of oil from the field's 216 wells during the month. Production fell 77,463 barrels short of the July allowable of 566,316 barrels.

Total production from the Spraberry Trend in Railroad Commission of Texas' District 8 was 681,586 barrels from 334 producers.

The Tex-Harvey Oil Company, from the standpoint of number of barrels produced, was the leading operator in the Tex-Harvey field in July. That concern accounted for 57,955 barrels of the total oil recovered.

Rutherford Makes Evans Top Geologist

Ralph Evans, who has been manager of the Midland office of P. R. (Pat) Rutherford, independent oil operator, for about two and one-half years is moving to Houston.

He has been promoted to be chief geologist in Rutherford's headquarters office at Houston.

Paul G. Parker, who has been Evans' assistant in Midland for several months will continue to represent the Rutherford organization in West Texas.

Evans says Rutherford will continue to operate in this territory and there is a possibility that a downtown office will be opened in Midland when and if suitable office space can be procured.

For the time being Parker will office at his residence.

Frizzell, Thams Open Offices In McClintic

R. H. (Bud) Frizzell, Jr., and W. H. (Bill) Thams, independent oil operators and traders have opened offices at 831 McClintic Building.

Both Frizzell and Thams are former executives in the Permian Basin division of Anderson-Prichard Oil Corporation, which maintains its headquarters in Midland.

They resigned those positions several weeks ago to join the ranks of the independents. Since they quit work for APOCO they have been taking rather extended vacations.

Both of them now say they are back from those vacations and ready to go to work.

Fraser Is Promoted To Chief Scout For Phillips PB District

T. A. (Slick) Fraser has been named chief scout at Phillips Petroleum Company for the Permian Basin.

He will make his headquarters at the company's district office in Midland and will coordinate all Phillips scouting work in West Texas and Southeast New Mexico.

The concern's scouting is a part of the land department and Fraser will report direct to John R. Parker, district landman in this territory.

Fraser went to work for Phillips in Midland in December, 1943, soon after he finished his scholastic activities at Texas Western College at El Paso.

In his almost eight years of scouting for Phillips "Slick" has covered all areas of the Permian Basin and has earned lavish praise from company executives at the headquarters in Bartlesville for his work.

He was the subject of a feature article in a recent issue of "Phillips" monthly house organ of the Phillips Companies several months ago.

That article, which was illustrated with pictures of Fraser at work in the field and in the office and at his home in Midland with his family, pointed out that he had made an outstanding record during his employment by the concern.

In addition to Fraser there are five other scouts working in and out of Phillips' Midland district office.

They are H. L. (Donk) Pyeatt, J. S. (Jim) Lock, R. M. Frye, Bob Johnson and J. P. Bates. The first four handle assignments in West Texas and Bates scouts New Mexico.

Mrs. Shirley Maples, and Juanita Bean and Nell Cole are the secretaries and stenographers in the scouting office.

The territory handled by Phillips out of its Midland scouting land and geological departments goes through the north line of Lubbock County and along the east lines of Scurry, Coke, Concho, Menard, Kimble and Val Verde Counties.

It goes south to the Rio Grande River and west through Chaves and Eddy Counties in New Mexico.

Fraser has lived in Midland since 1928. He came here as a small boy and has spent all of his time here except when he was away at school.

NATHAN D. WEBB IS IN DALLAS HOSPITAL

Nathan D. Webb, 1301 West Kentucky Street is a patient in Baylor hospital at Dallas. He is recovering from recent surgery.

Friends in Midland have been advised that his condition is satisfactory. He is expected to be able to return to his home soon.

T. A. (Slick) Fraser

Robert D. Fitting is now in business in Midland on his own. He has opened a temporary office at 138 Capital Building. He expects to announce a permanent office location within 30 days.

He will do consulting engineering and geological work and also do general oil operating, trading and brokering.

Fitting was a member of the firm of Fitting & Jones for five years. He withdrew from that organization a short time ago to set up his own office.

The former Fitting & Jones organization is now known as Fitting & Jones. The partners in that business are Ralph U. Fitting and J. Robert Jones.

Offices of the F. & J. concern are still at 223 South Big Spring Street. It is a consulting engineering and geological service and also does a general industry trading and operating business.

Texaco Will Open McClintic Offices

The Texas Company will open offices on the tenth floor of the McClintic Building Tuesday.

The concern's production, engineering, land, geological, crude oil and civil engineering departments will occupy the entire tenth floor.

Brinkerhoff, Drilling Company already has opened offices in the same building on the eleventh floor, in rooms 1120 and 1121.

Frizzell, Thams Open Offices In McClintic

R. H. (Bud) Frizzell, Jr., and W. H. (Bill) Thams, independent oil operators and traders have opened offices at 831 McClintic Building.

Both Frizzell and Thams are former executives in the Permian Basin division of Anderson-Prichard Oil Corporation, which maintains its headquarters in Midland.

They resigned those positions several weeks ago to join the ranks of the independents. Since they quit work for APOCO they have been taking rather extended vacations.

Both of them now say they are back from those vacations and ready to go to work.

TPC&O Working In New Office Building

Personnel of the Texas Pacific Coal & Oil Company staff in Midland are now working in their new quarters in the company's new building at 511 West Ohio Street.

That structure, which covers ground space of 45 feet by 100 feet and consists of a full first floor and a basement under half of the building, was recently completed.

It was constructed at a cost of more than \$100,000. The foundation and concrete framework of the building are sufficiently strong to support two more full floors and officials of the concern think they may have to add that extra office space in the near future.

The new Texas Pacific Building provides adequate space for the work of the concern's West Texas-New Mexico division.

Quartered in the new structure are the people who supervise the drilling producing, geological and land work in the Permian Basin for TPC&O.

W. O. Weiland is division superintendent of drilling and production; R. G. Schuehle is assistant division superintendent; A. N. Griffith is division drilling superintendent; Peck Hardee is division engineer and R. Chanslor is division chief clerk.

G. R. (Nick) Carter is division geologist and is in charge of the geological and land department for the region handled out of the Midland office.

Deep Rock Sells Half Interest In Williston Leases To Champlin

TULSA—Deep Rock Oil Corporation has sold 170,000 acres of its Williston Basin leasehold in Montana and North Dakota to Champlin Refining Company for an undisclosed cash consideration.

The sale was announced jointly by J. Lawrence Muir, executive vice president of Champlin, and John L. Ferguson, Deep Rock vice president in charge of land and exploration.

The acreage involved in the sale is located in 21 North Dakota and four Montana counties and includes blocks as well as checkerboard leases. The deal represents the transfer of approximately one-half of Deep Rock's holdings in the Basin.

It is the intention of both Champlin and Deep Rock to carry on aggressive programs of leasing, exploration and development throughout the Williston Basin.

Fitting Leaves Firm, Is No 'On His Own'

Robert D. Fitting is now in business in Midland on his own. He has opened a temporary office at 138 Capital Building. He expects to announce a permanent office location within 30 days.

He will do consulting engineering and geological work and also do general oil operating, trading and brokering.

Fitting was a member of the firm of Fitting & Jones for five years. He withdrew from that organization a short time ago to set up his own office.

The former Fitting & Jones organization is now known as Fitting & Jones. The partners in that business are Ralph U. Fitting and J. Robert Jones.

Offices of the F. & J. concern are still at 223 South Big Spring Street. It is a consulting engineering and geological service and also does a general industry trading and operating business.

Rail Board Outlines Field Rules For Spraberry Areas

The Railroad Commission has issued a memorandum to all operators in District 7-C and 8 outlining new field rules for the eight-county Spraberry trend area.

The Commission has found that the various Spraberry fields are probably producing from a single huge structure. This finding is based upon evidence presented at various hearings held on the Spraberry sand production.

New Rules

The new field rules state:

"Spacing will be 600 feet from lease lines and 1,200 feet from any other well drilling or completed in the same reservoir and situated on the same lease; 40-acre proration units with the two farthest points removed one from the other and contained within any proration unit shall not be in excess of 2,100 feet apart; provided, however, that in the case of long and narrow leases or in cases where, because of the shape of the lease, such is necessary to permit the utilization of tolerance acreage, the Commission may, after proper showing, grant exceptions to the limitations as to the shape of proration units as herein contained.

All proration units, however, shall consist of acreage which can reasonably be considered to be productive of oil.

Allocation Formula

"If, after the drilling of the last well on any lease and the assignment of acreage to each well thereon in accordance with the regulations of the Commission, there remains an additional un-

New Oil Well Drilling Concern L. H. & S. A. Olson Organize

L. H. (Left) Olson

L. H. (Left) Olson of Midland and S. A. (Soph) Olson of Fort Stockton have gone in the oil well drilling business on their own.

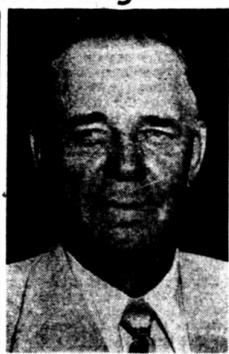

They have established the L. H. & S. A. Olson Drilling Company, with headquarters in the First National Bank Building in Midland.

The two owners of the new business are brothers and they have been associated with another brother, A. O. (Art) Olson of Tulsa, for many years in the Olson Drilling Company, and in operations with which he was connected prior to the establishment of Olson Drilling Company.

A. O. (Art) Olson recently bought out the other stockholders in Olson Drilling and when he did that they dissolved the corporation and announced that he would liquidate that business.

While he is in process of liquidating he is operating the drilling

ASME Slates Three Day Meet In Tulsa

S. A. (Soph) Olson

The Sixth Annual Conference of the Petroleum Division of the American Society of Mechanical Engineers will be held at the Mayo Hotel, Tulsa, on September 24, 25 and 26.

The ASME Petroleum Division concerns itself with the mechanical, engineering problems of the petroleum industry. Through its programs and committee activities, it provides for free discussion of the complex mechanical problems arising in the industry.

The Division divides the aspects of design and operation into four groups: production, transportation, refining and application. The first three of these groups will present papers at the conference which will discuss many new ideas and reports.

Companies Report On Lines' Capacity

AUSTIN—(AP)—Pipe line companies have reported their West Texas lines will be able to handle 1,173,000 barrels of oil per day in October, Railroad Commission member, Ernest O. Thompson, said Saturday.

That capacity is 24,188 barrels more than the current allowable for districts 8 and 7-C, which comprise the West Texas area, Thompson observed.

WASHINGTON OIL—

Industry Steel Budget For 1952 Is Completed By PAD

By JOSEPH HUTTLINGER
Reporter-Telegram Washington Oil Correspondent
WASHINGTON—A petroleum and gas industry steel budget for next year, totaling 9,800,000 tons as a base figure has been completed by the Petroleum Administration for Defense.

The budget would enable operations at a level about six per cent above those of the current year, a figure which fails to take care of government programs, in the works, for vastly stepped up oil operations at home and abroad.

The base figure is called a "minimum" by Bruce K. Brown, deputy head of the PAD. He sees new oil wells totaling about 43,000 next year, the same as this year, but a 360,000-barrel daily expansion in refining capacity at home.

A line pipe figure is contained in the budget, but Brown said a supplemental estimate, asking about 200,000 tons more a quarter, may be expected. In addition, more steel for production, is to be requested, up to the capacity of the mills to turn it out.

Figures Broken Down
The total figures, which are slightly above this year's figures, break down as follows:
Domestic operations 8,715,400
Foreign 862,000
Canadian 308,600

By industry divisions:
Production 1,952,004
Natural gas and LPG 421,380
Gas transmission 2,550,204
Supply and transportation 1,773,800
Refining 515,800
Marketing 29,000
Oil field materials and equipment 921,700

For maintenance, repair and operations, all industry divisions, more than 500,000 tons. The budget is likely to come up for discussion Wednesday when officials of 14 gas and oil associations are to talk steel supply and distribution with high PAD officials.

Altogether Cited
Of more concern, perhaps, will be the fourth quarter allocation of steel, by the PAD, to various segments of the industry.

These figures, just available, show a total of 485,000 tons of steel going to the production end, of which

Expansion Program Underway At Pecos Gasoline Plant

PECOS—(P)—A \$900,000 expansion project is underway at the Pecos Petroleum Company property 25 miles north of here. T. O. Shaw, executive vice-president and general manager, said today.

Expected to be completed in about six months, the construction will mean a daily gasoline production increase of about 10,000 gallons. Butane and propane production will be stepped up by about 12,000 gallons per day, Shaw estimated.

"This is to be a joint venture with the El Paso Natural Gas Company," he disclosed.

Plans call for installation of 15 miles of pipeline to meet the El Paso firm's line in New Mexico, in addition to extension of the concern's field system.

Approximately 2,500 additional compressor horsepower will be installed in the plant, along with a "revamping of the distillation and absorption units," Shaw continued.

A company-owned camp including six houses for employees also will be built.

Fuel represents about 40 per cent of total tractor operating costs. Inspections of a great number of farm tractors have demonstrated that the average tractor operator wastes as much as 50 to 150 gallons of fuel every year from improper carburetor adjustments alone.

June World Production Again Sets Record, Says Oil Journal

TULSA—World production of crude oil in June exceeded 12,000,000 barrels daily for the first time. The Oil and Gas Journal reported.

Output in Iran, disrupted by nationalization, fell off some 80,000 barrels daily, but this decline was more than offset by increased production in the United States, Canada, Kuwait and Saudi Arabia.

As a result, total world production, including estimated Russian and Eastern European output, rose 24,000 daily to 12,016,000 barrels daily, the Journal said. The net gain, however, was small in comparison to the increases shown in the preceding few months.

Production in the United States set its sixth consecutive monthly record in June, rising to an estimated 6,182,000 barrels daily. The Crude-Oil Production, Daily Average Output in Barrels of 42 Gallons

Table with 4 columns: Country or Area, 1951, 1950, 1949. Rows include United States, Venezuela, Canada, Colombia, Mexico, Other Western Hemisphere, Europe, Egypt and North Africa, Iran, Iraq, Saudi Arabia, Middle East, Far East, and Total.

Permian Basin Oil And Gas Log—

(Continued From Page Six)
sible commercial production were logged. Operators ordered it abandoned.

Location was 2,050 feet from north and 3,200 feet from west lines of section 12, block 1, H&G survey. That put it approximately 12 miles northwest of Clairmont.

Three Midland Tests Are Drilling Deeper

Three wildcats in Midland County are drilling deeper toward their contract depths.

Moore Exploration Company No. 1, Dowling-Houpt, North-Central Midland County wildcat, is drilling below 10,228 feet in shale.

Location is 680 feet from north and east lines of section 24, block 39, T-3-S, T&P survey. That makes it two and one-half miles south of the southeast side of the city of Midland.

It is one-quarter of a mile south and three-quarters of a mile west of the same operator's No. 1 Bauman, flowing discovery from the Pennsylvanian lime.

Two More Active
The Blackwood & Nichols Company is making hole below 9,485 feet in lime and shale on its No. 1 Hofferkamp, wildcat in North-Central Midland County.

Projected depth is 10,800 feet. Location is 1,800 feet from south and 680 feet from west lines of section 19, block 38, T-1-S, T&P survey and two and one-half miles north-east of Midland.

The same operator's No. 1 Moss, wildcat in Central-North Midland County and five miles northwest of Midland, is being drilled below 8,735 feet in lime and shale.

Its drillete is 680 feet from north and west lines of section 9, block X, H. P. Hilliard survey.

Lea Stakes Shallow Wildcat In SE Coke

Ralph Lea of Midland has spotted a 3,000-foot shale tool wildcat in Southeast Coke County five miles southeast of Robert Lea.

His No. 1, E. Cowley is 320 feet from north and 505 feet from east lines of block 3, Caldwell County School Land survey.

Drillite is a twin to the Deep Rock Oil Corporation No. 1 Cowley, a 6,400-foot Ellenburger failure.

C-N Yoakum Gets Devonian Venture

Stanolind Oil & Gas Company No. 1 Argo Oil Corporation in a new wildcat in Central-North Yoakum County.

It is scheduled to be drilled to 12,000 feet to the Devonian with rotary tools. Operations will begin at once.

Location is 1,960 feet from north and east lines of section 26, block D, John H. Gibson survey and three miles south of the Landon multipay area of Cochran County.

Possible Opener In Pecos Gets Offset

Gulf Oil Corporation has staked location for a one-half mile west outcrop to the Brown & Thorn Drilling Company, No. 1 G. R. White-Gulf, Kraemer Pool in Northeast Pecos County.

The outcrop is No. 1 Mesa Hill. Location is 330 feet from south and east lines of section 12, block 11, H&G survey.

No. 1 White-Gulf has set seven-inch casing at 3,026 feet for completion in open hole at 3,026-3,055 feet after flowing oil on a drillete test from 3,028 to 3,055 feet.

Howard Prospector Dry And Abandoned

Spartan Drilling Company has plugged and abandoned its No. 2 Phillips, wildcat in North-west Howard County, at total depth of 8,840 feet in the middle Spraberry.

Location was 990 feet from north and 330 feet from east lines of southeast quarter of section 19, block 33, T-3-N, T&P survey and 10 miles west of Luther.

Location Is Staked In Upton Pegasus

Outside of production in the east side of the Pegasus-Ellenburger pool of Northwest Upton County, Magnolia Petroleum Company spotted drillete for its No. 3-C TXL, 13-300-foot test.

It will be dug 680 feet from north and 1,980 feet from east lines of the southeast quarter of section 41, block 40, T-4-S, T&P survey.

Albaugh West Texas Wildcats Are Digging

Ray A. Albaugh of Midland is drilling below 2,460 feet in lime at his No. 1 Will T. Scott, et al. Southwest Mitchell County wildcat.

He plans to move in rotary tools soon to drill on to 8,750 feet to test through the Pennsylvanian and into the Ellenburger.

Albaugh has been drilling with cable tools through the upper Permian limes in order to check those zones thoroughly for possible production.

NE Howard Wildcat Waiting On Orders

Thomas W. D. Swell and Todd M. Pettigrew of Dallas No. 1 Willis Winters, one-mile west outcrop to the one-well Vincent-lower Canyon reef field in Northeast Howard County, is at total depth of 7,796 feet and is waiting on orders.

A drillete test was taken at 7,329 to 7,439 feet. Tool was open two hours and 15 minutes. Recovery was 180 feet of mud out salt water.

It is located in the center of the southwest quarter of the northwest quarter of section 6, block 25, H&G survey.

Sweetie Peck Pool Gets New Producer

At the northwest edge of the Sweetie Peck-multipay field of Southwest Midland County, Sinclair Oil & Gas Company finished its No. 8 June Sanders from the Ellenburger for a daily pumping potential of 10 1/2 barrels of 52-gravity oil and no water.

Gas-oil ratio was 358-1. Perforations, opposite the Ellenburger, from 13,210 to 13,273 feet were washed with 21,750 gallons of acid.

Pay was topped at 12,900 feet. Total depth is 13,301 feet. Location is 350 feet from south and east lines of the lease in section 17, block 41, T-4-S, T&P survey.

E-C Oldham Wildcat Is Reported Plugged

The Superior Oil Company is reported by unofficial sources to have plugged and abandoned its No. 2 Matador Lea & Cattle Company, East-Central Oldham County wildcat, on a total depth of 8,477 feet in granite.

The granite was entered at 6,168 feet, according to unverified reports. Operator has not released any official information on the project.

Location was 6,868 feet from west and 5,007 feet from south lines of lease 312, State Capital Lands and nine miles north of Landisburg. It was originally projected to 9,300 feet—apparently the granite was encountered higher than it had been expected.

Conoco Abandons Crockett Tester

Continental Oil Company No. 1-B J. M. Shannon, wildcat nine miles southwest of Iran and in Central-West Crockett County, has been plugged and abandoned at 7,390 feet in dolomite and lime.

It recovered only salt water in swabbing perforations from 6,198 to 6,233 feet in Wolfcamp dolomite. Location was 680 feet from north and 2,230 feet from east lines of J. Wiley Heirs survey No. 2.

Strake Abandons Rannels Failure

George W. Strake of Houston has plugged and abandoned his No. 2 Harris Davenport, wildcat failure in Northeast Rannels County.

It drilled to 4,400 feet. It had salt water and a little oil in the Gardner sand at 4,021-25 feet. No other shows of petroleum were reported.

Location was 330 feet from north and west lines of tract 9, J. J. Kimlines survey No. 265. It was four miles northwest of Crews.

Lion Quits Scurry Ellenburger Wildcat

Eleven and one-half miles east of the north portion of the Kelley-Snyder field of Scurry County, Lion Oil Company No. 1 Helms has been plugged and abandoned as a wildcat failure in the Ellenburger.

On a three and one-quarter hour drillete test from 7,212 to 7,274 feet recovery was 510 feet of water and gas-cut mud and 450 feet of salty sulphur water.

The failure is 1,980 feet from south and 680 feet from east lines of section 631, block 97, H&G survey and eight miles east of Hobbs and 24 miles northeast of Snyder.

Magnolia To Drill Another On Bengo

Magnolia Petroleum Company No. 2 Arch Bengo is to be a new exploration to try for production from the Pennsylvanian lime in Central-West Midland County.

It is 680 feet from south and west lines of section 9, block 40, T-3-S, T&P survey. That makes it 12 1/2 miles southwest of the City of Midland.

Destination is 10,800 feet, or production in the Pennsylvanian lime. Operations are to start at once.

It is one location southeast of the closest completed producer on the southeast side of the Parks-Pennsylvanian field.

Magnolia Schedules Deep Pegasus Test

Magnolia Petroleum Company spotted location for a 13,000-foot Ellenburger test one-half mile out-side of production in the Pegasus field of Northwest Upton County.

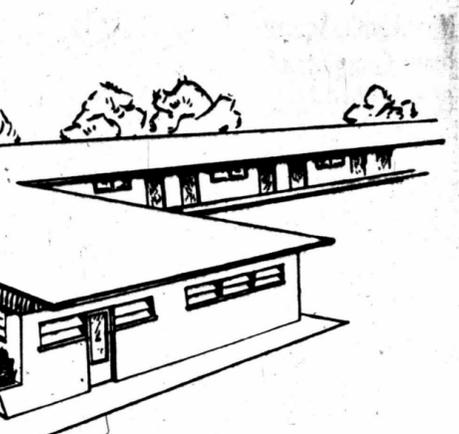

Location is 1,980 feet from north and west lines of section 36, block 41, T-4-S, T&P survey.

Oil Well Completions Still Running Ahead

AUSTIN—(P)—Oil well completions in Texas so far this year are ahead of the 1950 figure.

Total wells completed so far are 7,256 compared with 7,114 last year, the Railroad Commission reported. Wildcats were more than last year, 368 to 358 in 1951 compared with 338 in 1950.

A date calendar day allowable in Texas jumped 84,414 barrels as of September 1 compared with August 25, the commission reported. The September 1 figure was 3,092,394 barrels.

STANTON'S NEW TOURIST MOTEL UNDER CONSTRUCTION—Construction is progressing on schedule on a completely modern and attractive 10-unit tourist motel being erected on the Lamesa highway in Stanton. A ground-breaking ceremony was held recently, with city and chamber of commerce officials of Stanton participating. An office, restaurant and elaborate banquet room will be situated across the front of the structure. The building, scheduled for completion by October 15, is being erected by Baker Willis, contractor, for Mrs. Ray Kelly of Abilene.

Texaco Completes Old Wells Get New Life Devonian Opener In NE Lea Sector

HOBBES, N. M.—Completion for a calculated daily potential of 319 barrels of 43-1 gravity oil was reported for a Devonian discovery in Northeast Lea County.

It is the Texas Company No. 1-AR State, 680 feet from north and 1,980 feet from west lines of section 2-11S-37S and nine miles north of the Gladolia field.

Production was through 24 1/4-inch choke and open hole from 11,500 to 11,580 feet. That section was treated with 1,000 gallons of acid.

Second producer for a Pennsylvanian field, one mile east of the Ellenburger, is the Lovington pool in Southeast Lea. It is the Texas Company No. 1-U State, located 680 feet from north and west lines of section 4-17S-37S. That makes it a southeast offset to the field opener.

It was completed for 446 barrels of 43-gravity oil daily through a three-eighths-inch choke and open hole from 11,160-11,200 feet, after 1,000 gallons of acid. Gas-oil ratio was 258-1.

Three miles east of Hobbes and in Central-East Lea County, Aurora Gasoline Company spotted location for a 6,370-foot rotary wildcat.

It will be drilled as the firm's No. 1 Davis, 990 feet from south and 330 feet from east lines of section 28-11S-38S. That makes it less than one-half mile west of the Texas line.

The 6,370-foot destination should take the exploration into the Drinkard.

Seven miles northwest of Carlsbad and in Central Eddy County, John M. Kelly is to deepen an old dry hole from 4,800 feet to around 8,500 feet for a possible test of the Wolfcamp lime.

The dry hole, located 1,260 feet from south and east lines of section 34-29S-26S, was drilled by Richfield as the No. 1 McMillan Unit. Kelly will carry the well on down under the same fee name.

Operator was rigging up to start drilling at last report.

According to unofficial and unverified sources, Major Refiner, Inc., is planning an 8,200-foot granite test in Central-North Roosevelt.

Drillite is said to be the center of the southwest quarter of the southwest quarter of section 33-2S-32S.

That puts it seven miles south and slightly east of Portales.

McDow-Brothers No. 1 Jones-Walkins-Slater has been completed as a small pumping discovery from the San Andres in Northeast Eddy County.

The prospector was completed from open hole section at 2,740-2,757 feet for a daily potential of five barrels of oil and no water.

Operator used 7,500 gallons of acid in completing the well.

Gravity of the oil is 36. Location is 2,210 feet from north and west lines of section 5-19S-29S. At the northwest side of the Raugh - Pennsylvanian field of Northeast Lea County, Magnolia Petroleum Company spotted location for its No. 3-A Bettenbaugh, which is to be drilled as a 9,700-foot Pennsylvanian test.

Drillite is 680 feet from south and east lines of section 12-9S-35S. Amerada Petroleum Corporation No. 5 J. T. Caudle is to be drilled as a 10,000-foot Bagley - Pennsylvanian test in Northwest Lea County.

Drillite was spotted 680 feet from north and east lines of section 3-12S-33S. Amerada No. 1-EE State is a new

supplemented natural production by injection of gas or water into the oil formation, an operation known as "pressure maintenance."

Waterflooding, used either at the time of a field's discovery or when it reaches the "stripper" stage, brings up between 50 and 75 per cent of the oil.

A "stripper" well is one whose operation at a profit is questionable. About two years ago the Interstate Oil Compact Commission, aided by the Independent Petroleum Association of America and the National Stripper Well Association, completed a survey showing the country in 1949 had something like 313,970 stripper wells.

This research also estimated 7,541,000,000 barrels of recoverable oil reserves under the nation's stripper fields, of which about 2,530,000,000 will be recovered by primary production methods. Some 4,016,000,000 will remain to be brought out by secondary recovery, including waterflooding.

Of the latter, it was estimated 925,235,000 barrels are in Oklahoma, highest secondary recovery potential of the nation's 27 producing states.

Ahead in Region
Shipper wells abound in northeast Oklahoma, an area that includes the state's oldest petroleum production. Waterflooding, first done in Rogers County in 1931, now is practiced in 25 of the 49 producing counties. The bulk of the repressuring lies in Osage, Nowata, Rogers and Washington Counties.

By the end of 1949, waterflooded Oklahoma holes had yielded around 33,000,000 barrels.

Sunray Oil Corporation which undertook two years ago a now highly successful waterflooding of its Weber field in Washington County, said recently it would turn 46 wells in Osage County's North Ochelata field into a similar project.

It was in Osage County just last Spring, that Phillips Petroleum Company and 17 other concerns began an operation, one of the world's largest unitized waterflooding projects, the North Burbank field.

Although its widespread scientific application is comparatively new, the waterflooding principle is not much younger than the industry itself.

Increase Production
Around 1900, a Pennsylvania operator noted some of his wells in the Bradford field unaccountably increasing production. Investigation showed a leak had developed in one well's casing above the oil formation and the water's pressure was spreading through the sands to boost the oil from nearby holes.

It's significant that the Bradford Pool, which yielded 280,000,000 barrels of oil by primary recovery methods in half a century up to 1929, had fallen by that year to 2,000,000 barrels annually.

Under secondary recovery, much of it waterflooding, it is giving up to day five times that much oil. In 30 years after 1929 its output totaled 275,000,000 barrels, 10 per cent more than was expected by primary means.

Mexico's Known Oil Reserves Rise
MEXICO CITY—(P)—President Miguel Aleman reported to Congress Saturday that Mexico has opened new oil fields with a reserve of more than 200,000,000 barrels.

The President said oil production itself had increased only three per cent. But he said four new oil fields had been discovered, and the Coloma field in Tabasco State had at least 220,000,000 barrels in it.

He said the discovery raised Mexico's known reserves, which have increased importance with the halting of Iranian production, to 1,370,000,000 barrels. Production this year, he said, will fill Mexico's needs and provide an exportable surplus of about 2,500,000 barrels.

American farmers this year will use 178,000,000 horsepower, twice as much oil-driven horsepower as the total power consumed in the nation's factories.

Directors Of TIPRO To Hear Brown Talk

AUSTIN—The man whose name has become almost synonymous with oil independent—Russell B. Brown, general counsel for the Independent

Russell B. Brown

Petroleum Association of America—will be a guest speaker before the Texas independent group in Tyler September 28.

Occasion is the mid-year Directors Meeting of the Texas Independent Producers and Royalty Owners Association, to be attended by approximately 200 directors from every part of the state.

From his Washington IPAA headquarters, Brown has pointed the way for the independent segment of the oil and gas industry for more than 20 years. His role in industry matters has grown as industry problems have become centered more and more in Washington.

Consistently first with the facts on problems concerning oilmen, Brown's regular news letters are quoted widely as the official viewpoint of the oil independent.

In his speech, Brown will stress the importance to the nation of active oil trade associations and the need for cooperation among independent organizations such as IPAA and TIPRO. In analyzing industry problems, he is expected to deal at some length with the difficulty independents are experiencing in securing sufficient steel tubular goods to meet emergency oil demands.

Sparks Takes IPAA Job In Washington

John S. Sparks, Jr., oil writer for the Fort Worth Star-Telegram has resigned that job and gone to Washington, D. C.

In his new location Sparks will do publicity and public relations work for the Independent Petroleum Association of America.

He will take the place formerly filled in the IPAA office in Washington by Lawrence E. Smith. Smith died early this year.

Runge Joins Skelly Geological Staff

John S. Runge, formerly with Rotary Engineering Company in Midland, has joined the geological staff of Skelly Oil Company.

He will be stationed in Hobbs. Runge is a graduate of the University of Texas where he received a BS degree in geology.

Thompson Expects Record Attendance At AAODC Meet

DALLAS—An outstanding program had been arranged for almost 1000 delegates expected to attend the Eleventh Annual Meeting of the American Association of Oilwell Drilling Contractors, to be held in Fort Worth, September 24-25, according to A. W. Thompson, president.

Principal speaker at the two-day meeting will be Percy C. Spencer, president of Sinclair Oil Corporation, who will address delegates at the banquet September 25.

A paper on the important subject, "Employee Relations," will be presented by Ray H. Horton, manager, industrial relations, Humble Oil & Refining Company, Houston, at the general session September 24.

Of interest to those interested in technical phases of the drilling industry, will be a series of five papers to be presented at the September 25 session. These discussions will treat with "Lubrication of Oil Field Machinery," "Manpower Pool in the Drilling Industry," "Lost Circulation, Causes and Remedies," "Wire Line Problems," and "Crooked Holes, Methods of Prevention and Correction."

F. Weldon Brigrance, Rowan Drilling Company, chairman of the general arrangements committee for this meeting, says plans have been completed to make this meeting one of the best ever held. A barbecue dinner and show sponsored by associate members and friends of the association will highlight entertainment features of the meeting and there will be a luncheon for the ladies at Rivercrest Country Club September 25.

George F. McQueen, chairman of the housing committee has reported that advance registrations promise a new attendance record for the meeting. Official registration at the 1950 meeting in Tulsa, Oklahoma, was 925. It is indicated this total will be exceeded this year.

Other committee chairmen for this total will be exceeded this year. Other committee chairmen for this meeting include C. J. Davidson, Davidson Drilling Company, financing; A. H. Rowan, Rowan Drilling Company, publicity; W. L. McClusky, M. J. Delaney Company, registration; C. W. Alcorn, Falcon Seaboard Drilling Company, program; and Mrs. A. H. Rowan, ladies entertainment.

Coal deposits are generally found in mountainous and upland regions.

Oilers Nip Indians, 8-7, As Rally Dies

ODESSA — A last-ditch rally fell short here Saturday night, and as a result the Oilers nipped the Midland Indians, 8-7.

The Tribe, behind 8-2 at one time, chopped at the lead and went into the top of the ninth trailing by only two runs.

Manager Zeke Bonura, batting for reliever Dave McKenzie, doubled to lead off the inning. Scooter Hughes popped up. Stan Wilcox tripled to score Bonura. Eddie Johnson then took the mound for the Oilers and promptly walked Hayden White and Kenny Jones to lead the sacks.

Double Play
But Johnson took a bouncer off the bat of Julio de la Torre, threw home to force Wilcox and catcher Castro promptly tossed to first to complete the twin-killing.

The Indians had scored three in the eighth, with Hughes getting a double and hits by Tanner and White figuring in the scoring. Lefty Bill Reed took the loss, his 13th against five wins.

Midland and San Angelo play in Midland at 4:30 p.m. Sunday.

Sain Says Get The Runs And He'll Win

WASHINGTON — When the New York Yankees arrived here for Saturday's game with the Washington Senators, Johnny Sain, the latest pitching acquisition, was waiting to greet them. The former Boston Braves' right-hander told Yankee Manager Casey Stengel: "My arm is sound and I'm ready to work hard and often."

Asked about his poor 5-13 record with the Braves, Sain replied: "I was shut out five times, got only one run three times and in eight other games they gave me only three runs to work with."

Braves Knock Off Philadelphia, 9-4

PHILADELPHIA — Lefty Warren Spahn captured his fifth straight and eighteenth victory of the season Saturday night as the resurgent Boston Braves exploded for four runs in the seventh inning to break a 4 to 4 deadlock and beat the Philadelphia Phillies, 9 to 4.

The score:
R H E
Boston 200 200 401-9 11 1
Philadelphia 200 110 000-4 9 1
Spahn and Cooper; Johnson, Thompson, Heintzelman and Wilber.

Sports To Come Under Spotlight In Gaming Probe

PHILADELPHIA — (AP) — A nationwide investigation of gambling on professional and amateur sports was set in motion Saturday at the request of the federal government.

A spokesman for Attorney General J. Howard McGrath announced the appointment of a nine-man committee of sports leaders to study the influence of gambling on all kinds of both professional and amateur contests.

The committee is headed by Francis T. Murray, director of athletics at the University of Pennsylvania and recently an unsuccessful campaigner against the National Collegiate Athletic Association's plan to restrict the televising of college football games this year.

The other members are among the most prominent figures in the sporting world in the country. They are:

Alfred Gwynne Vanderbilt, race horse owner, representing racing.
Gene Tunney, former heavyweight champion, boxing.
Will Harridge, president of the American League, and Ford Frick, president of the National League, professional baseball.
D. X. Bible, athletic director of the University of Texas, college football.
Ved Irish, director of Madison Square Garden in New York, professional basketball.
Everett Dean, basketball coach at Stanford University, college basketball.
Bert Bell, commissioner of the National Football League, professional football.

The announcement was made at a hastily summoned news conference by Dr. J. T. O'Keefe, secretary of McGrath's Conference on Organized Crime.

That conference, meeting first on Feb. 15, 1950, led to the establishment of the Senate Crime Investigating Committee, under the chairmanship of Senator Estes Kefauver (D-Tenn.), and Sen. Herbert O'Connor (D-Md.).

Only Friday, the Senate committee submitted the final report of its findings involving gambling, numbers and municipal graft in many cities.

O'Keefe said the conference will meet again in mid-October to look into gambling on sports.

Some 500 law enforcement officials from all over the country will attend that conference.

Before then, on September 12, Murray and his committee will meet with McGrath to discuss the direction of their investigation.

O'Keefe made public the text of a letter McGrath sent Murray and the other members of his committee. In it, the attorney general said:

"One of the problems which will undoubtedly face the conference is the infiltration of gambling operations into amateur and professional sports."

Monahans Figures To Be Weak, Light

MONAHANS — Coach F. O. Scroggins recently cancelled a scheduled scrimmage with Midland because his Lobo hopefuls were too small and too few.

And that about sums up the 1951 prospects for the Green and White. With backfield and end candidates extremely light, Scroggins must resort to hokus-pokus razzle-dazzle and hope for wins.

For his lightweight line isn't figured to stop the opponents with any degree of success.

Recent injuries—injured even before drills started—have hurt the Lobos' chances for a successful season. Douglas Creamer, first string fullback, is on crutches with a broken knee suffered in the oil fields and will be out much of the season.

Standouts are expected to be Bill Busby, 200-pound sophomore tackle—the only large man on the squad—; Jimmy Jenkins, quarterback, and Tudy Conder, halfback.

The Lobos have been picked by most observers to fight it out with Andrews for the 8-AA cellar spot behind Peos, Seminole and Kermit, who has won 20 games.

Dyck is from Jefferson City, Mo., and Turley from East St. Louis, Ill. Dyck was picked as player of the year by a wide margin. The 34 writers and sportscasters gave him 262 points of a possible 540. The next man—Eddie Kazak, Houston, third baseman—got only 94.

Turley's superiority was even more pronounced. He was awarded 350 points, more than double the points of the runner-up, Al Pappal of Houston, who had 128, and getting almost as many points as his opponents combined.

The only other pitcher receiving votes was Wilmer Mizell of Houston, who got 82 points.

Turley, a 205-pounder, is playing his fourth season of professional ball.

Indians Win First Tilt In Four Tries

CLEVELAND — (AP) — Still sluggish but hanging on, the Cleveland Indians managed to win their first game in four tries Saturday night, defeating the St. Louis Browns, 2 to 1.

That pulled them to within a game of the first place Yankees.

A ladies night crowd of 24,799—19,793 of them paid—watched Cleveland's "power guy," Luke Easter, "drive" in the Indians' two runs off wild Tommy Byrne.

In the first inning, Luke didn't touch the ball, but walked with the bases loaded to force in the first run. Again, with the bases loaded in the seventh, Luke tapped feebly and was out at first but Bob Avila scored on the play.

Still in a sort of dream-like trance at the plate, the Indians could figure out Byrne for only six hits and couldn't take advantage of his wildness. Byrne walked 10 but the Indians left 11 men on bases.

The Browns were ineffective in the clutch, too. They got nine hits but left 10 men on base. Their one run was scored in the second inning, when Freddie Marsh singled to center, scoring Cliff Mages for third.

It was Early Wynn's sixteenth victory. He was the last Cleveland pitcher to win a game before the Indians started their losing streak of three.

The score:
R H E
St. Louis 010 000 0-1 9 0
Cleveland 100 004-3 6 0
Byrne and Lollar; Wynn and Hegan.

Ferrier's Income Is Increasing

CHICAGO — (AP) — Jim Ferrier, whose Fort Wayne victory last week was his fifth tournament to win of the season, has replaced Ben Hogan in second place on the pro golf money winning list.

Ferrier's \$2,400 check at Fort Wayne boosted his total to \$20,591.67, still nearly \$2,000 short of leader Lloyd Mangrum. Hogan had vaulted into second place after winning the \$12,500 top award in Tam O'Shanter's "World" championship. Mangrum's winnings are \$22,548.83. Hogan has collected \$20,400.

With the exception of Hogan's Tam O'Shanter prize, Cary Middlecott was August's top money winner. He banked \$6,190 for the 27-day period to retain fourth place with \$18,950.91.

Other leading money winners include: Jack Burke, Jr., Houston, \$12,978.33; Sam Snead, White Sulphur Springs, \$13,072.50; Jimmy Demaret, Ojai, Calif., \$9,200.00; Marty Furgol, Lemont, Ill., \$8,218.84; Skees Riegel, Tulsa, Okla., \$7,964.87; Clayton Heather, Charlotte, N. C., \$7,807.50.

Mission Players Named As Best Of Year In Texas Loop

DALLAS — (AP) — San Antonio produced both the player and pitcher of the year in the Texas League Saturday as sports writers and sportscasters chose Jim Dyck, an outfielder who has driven in 120 runs and hit 26 homers, and Bob Turley, who has won 20 games.

Dyck is from Jefferson City, Mo., and Turley from East St. Louis, Ill. Dyck was picked as player of the year by a wide margin. The 34 writers and sportscasters gave him 262 points of a possible 540. The next man—Eddie Kazak, Houston, third baseman—got only 94.

Turley's superiority was even more pronounced. He was awarded 350 points, more than double the points of the runner-up, Al Pappal of Houston, who had 128, and getting almost as many points as his opponents combined.

The only other pitcher receiving votes was Wilmer Mizell of Houston, who got 82 points.

Turley, a 205-pounder, is playing his fourth season of professional ball.

BOZO BARKS IN PRO LEAGUE

MONTREAL — (AP) — Bozo is in pro football now. Bozo is the pet dog of lineman Johnny Newman of the Alouettes in the Canadian Football League. Good old Bozo became familiar to Canadian football fans when Johnny played with McGill University. Now the canine roams the "idelines" in the Alouette games.

Tom Casagrande, the former Fordham giant who pitched two no-hitters for Wilmington, Del., also beat the Phillies in an exhibition game. He allowed four hits.

Easley To Go To Baylor In Spite Of SW Decision

HOUSTON — (AP) — Bob Easley, crack high school football star, is going to Baylor and take the loss of two years college playing eligibility.

The big John Reagan High School athlete decided Friday.

Easley and Baylor figured in one of the most unprecedented judgments in Southwest Conference history this Spring.

The conference, after an investigation of player-coddling and proselytizing, ruled Easley's trip to Dallas to see a pro football game as the guest of a Baylor alumnus was going to far. It ruled should he attend Baylor, he would lose his first two years of eligibility.

Easley still was in high school then. He had another year of eligibility, but chose to go to Summer school and graduate.

The 190-pound fullback was offered athletic scholarships by most conference schools, the University of Houston, LSU, and others.

Easley said Friday, "I sincerely believe I'm making the right decision in going to Baylor. Of course, I am sorry the Southwest Conference officials made the ruling they made, but I guess they had their reasons for doing that and there is nothing that we can do about it."

Saigh Wants Fall Session For Card Baseball Hopefuls

ST. LOUIS — (AP) — Why not have Fall baseball training so that managers can look over prospects while the players are in good condition?

The idea comes from Owner Fred Saigh of the St. Louis Cardinals. Saigh said Saturday he probably would be forced to give up plans for a training period immediately after the end of this season because of the costs involved.

But the club owner hopes to adopt the system sometime in the future.

Saigh's plan was to keep the Cardinals team intact or at least a week after the end of the season. Outstanding prospects from the club's farm system would be brought in and a series of games would be played under strict league conditions.

Of course this wouldn't replace the regular Spring training. But there's always the feeling that some players don't have the best opportunity to display their ability in Spring training, Saigh said.

"By doing this in the Fall, when everyone should be in the best playing condition although maybe a little weary, I believe you can get a better idea of the exact worth of every player," he said.

"For example, Wilmer Mizell is having a fine season in Houston. We know he is a fine prospect who has made rapid strides in our organization. But is he ready for the majors?"

"If Mizell could pitch effectively against Stan Musial, Red Schoendienst, Enos Slaughter, Billy Johnson and the rest, then he would be rather sure next Spring that he would be ready for the Cardinal team in '52."

Cardinals Wallop Pirates By 6 To 2

ST. LOUIS — (AP) — Billy Johnson hit his tenth and eleventh home runs of the season as the St. Louis Cardinals walloped the Pittsburgh Pirates, 6-2, before 11,637 fans Saturday night. Ex-Pirate Cliff Chambers held his former teammates to seven hits as the Cardinals turned in their fourth straight victory.

The score:
R H E
Pittsburgh 000 011 000-2 7 0
St. Louis 000 001 14x-6 13 0

Yanks Down Sens, 4-0

WASHINGTON — (AP) — Ed Lopat held Washington to three scattered hits in pitching the New York Yankees to a 4-0 victory here Saturday in a game witnessed by President Truman.

The Yankees who mauled Sid Hudson, Sandy Consuegra and Julio Moreno for 14 hits, moved one and a half games ahead of second-place Cleveland, which played St. Louis Saturday night.

The Yanks failed to pick up any ground on Cleveland, however, as the Indians nipped the St. Louis Browns, 2 to 1, in a night game.

The score:
R H E
New York 000 001 300-4 14 1
Washington 000 000 000-3 1 1
Lopat and Berra; Hudson, Consuegra, Moreno and Klutz.

Ford Released By Pro Gridders; To Coach At Rotan

PHILADELPHIA — John (Model T) Ford, Hardin-Simmons University quarterback who guided the Cowboys the last two seasons, has been released by the Philadelphia Eagles after a two-week tryout with the pro gridders.

Coach Bob McMillin said Ford was a "fine boy but just too small for pro football." Ford weight less than 160 pounds.

The former collegiate aerial ace said he would accept a position as assistant coach at Rotan, Texas High School.

Tennis Player Is Suspended For Ungentlemanly Acts

FOREST HILLS, N. Y. — (AP) — Earl Cochell of San Francisco, was suspended by the U.S. Lawn Tennis Association Saturday for ungentlemanly conduct in his match Wednesday with Gardner Mulloy of Miami. Mulloy won, 4-6, 6-2, 6-1, 6-2.

It means that Cochell can not play amateur tennis anywhere in the United States where the matches are conducted under USLTA auspices.

Cochell, won the first set from Mulloy and fell behind in the second when he lost his service. Apparently believing the set lost he began hitting the ball left-handed and clowning in general.

Spectators complained. Cochell yelled back and finally walked over to the umpire's chair, where he tried to grab the microphone but the official refused to let go.

Cochell made himself heard without mechanical aid. Dr. S. Ellsworth Davenport, tournament referee, visited the player's room during the intermission in hopes of quieting the nation's seventh ranked star, but was "greeted with profane, obscene and revolting language," the USLTA said Saturday.

Many players in the past have been suspended by the USLTA because of professionalism but banishment because of conduct is rare.

Colts To Play Double Bill Here

The Midland Colts Latin-American baseball team will meet the Alpine Internationals in a double header Sunday in Colt Park. The games start at 3:30 p.m.

Squads For 'Old Timers' Game Here Monday Named

Midland's Indians—1951 version—bow out of the home baseball picture before the home folks Monday night.

The San Angelo Colts, Longhorn League leaders, will oppose the red-hot Tribe in the final two home games at 4:30 p.m. Sunday and at approximately 8:30 p.m. Monday.

Monday night is "Indian Appreciation Night". A collection of appreciation for the Tribe players will be taken up, with the fans' contribution being divided evenly among the Indian players.

Prior to the Midland-San Angelo Monday night, an "Old Timers" tilt for Midlanders past 40 will be played. It will be of three-inning duration. The "Reds" will meet the "Whites" in the tilt.

Teams Chosen
Saturday, sides were chosen for the contest. Captain and leader of the Whites is Charles Shepard, an oldtimer who played with the Midland Business in the 1920's. His team will include the following Midlanders: catchers, Joe Roberson and Roy Brownlee; pitchers, C. W. Crowley, W. D. Kidwell and Shepard; first basemen, H. B. Hardwick and Marvin Beauchamp; second basemen, Crowley and Shepard; third basemen, Marion Flynn and the Rev. C. B. Hedges; short stop, Bill Davis; left fielders, Frank Monroe and Melvin Haney; center field, Randy Turpin, Delbert Downing and

Joe and Melvin Haney; center field, Bechtel; right field, Frank Stubbeman, R. O. Smith and Dr. Homer Johnson.

The "Reds", led by John P. Butler, have "signed" the following players:
Catchers, Bill Bill Baker and Bill Kerr; pitchers, J. B. McCoy, Brad Newsome and Hatfield; first basemen, Stanley Erskine and the Rev. Leonard Murray; second basemen, McCoy, Butler and Col. J. B. Wright; third basemen, Miles Hall and A. A. (Bossy) Jones; shortstop, Paul McHargue; left field, Tip Yarbrough and Henry Donohoo; center field, Etters and J. B. Cox; right field, J. C. Smith, J. C. Cunningham and Richardson.

Tex Carleton, ex-major league pitcher, will hurl the last inning for both teams.

Zeke Bonura, Midland manager, Saturday asked all of the "old timers" to be at Indian Park by 7 p.m. and to bring their own shoes and caps. Any type of shoe may be worn, he said. Red and White T shirts may be purchased at the park Monday night by the players, who are asked to furnish their own shorts of any color.

There were only four two-minute trotting miles during 1950. There were 22 two-minute miles credited to pacers.

AMERICA'S LARGEST SELLER
Sch

Hughes Hits Grand-Slam Homer; Jacome Wins 27th

ODESSA—A grand slam home run by Shortstop Scooter Hughes in the second inning started the Midland Indians to a 10-5 win over the Odessa Oilers here Friday night.

Eddie Jacome, Midland's reliable right-hander, worked easily behind the big lead Hughes' bat afforded him and hung up his twenty-seventh win of the season.

Jacome now has won his last 12 straight, and has a 27-12 record for the year.

Kenny Jones, Midland catcher, led off the third inning with a home run, his third of the year. The big blow by Hughes was home run number 15 for the hustling infielder.

In the second inning, Gordon Tanner drew a base on balls and took second when Dick Campbell singled. Rudy Escobar singled, scoring Tanner.

Jacome then helped himself by beating out an infield roller, and the bases were loaded when Hughes came to the plate.

He looked at a couple of pitches and then drove one over the left field wall.

Jones then homered in the top of the third.

In the sixth, the Indians again hit the scoring trail, as Campbell and Jacome singled, with Hughes and Escobar reaching base by errors.

Campbell smacked a booming triple in the top of the eighth, scoring on a fly ball by Escobar. Tanner doubled to score Kenny Jones in the ninth, after he and Julio de la Torre had singled.

Barney Batson hit a two-run homer for Odessa in the third, and Bob Martin got one with the bases empty in the eighth frame.

W. C. Glazener, director of wildlife restoration, said it would be a big help to game management people who always are studying ways to keep the supply of birds at a high level.

The band, along with the date and place the bird was taken, should be sent to the Wildlife Restoration Division of the State Game Commission at Austin, or to the Federal Fish and Wildlife Service at Washington.

Last year, 3,000 doves were banded out only 125 bands were reported, Glazener said.

The dove hunting season got underway Saturday noon. Hours are from noon until sunset, with the season running until October 10. The bag limit is 10, with 10 in possession.

PUNTERS—Midland's kicking corps gets into action. Left to right, the toe men are: Larry Friday, Ralph Brooks, Johnny Kennedy, Roy Kimsey and Robert Keisling. Kennedy got the jump on his mates. His boot already was booming into the air before the other kickers connected.

B LINEUP—These boys might make up the MHS B team, coached by John Higdon and Keith Bobo, when the football season gets underway. In the line, left to right: John Crowley, Jerry Ball, Jim Counts, Don Forest, Charley Crites, Jimmy Mashburn and J. Vanderpool. Backs are, left to right: Vernon Carpenter, Irvin Overby, Bill Beauchamp and Rusty Rutledge.

Reds End Losing Streak By Nudging Chicago Cubs, 4-3

CHICAGO —(AP)—Bob Usher's perfect throw to the plate in the ninth inning out off the tying run and enabled the Cincinnati Reds to preserve a 4 to 3 victory over the Chicago Cubs Saturday. It ended the Reds' six-game losing streak.

With one out and runners on first and third, Punch Hitter Smoky Burgess hit a fly to left field. Usher's peg to the plate just beat Bob Ramazotti to end the game and save Campbell. Fan Lets Pitcher In On Little Secret

Quite often, the yelling baseball fan is good for lots of laughs. Here's a case in point:

Scooter Hughes, little Indian shortstop, was at bat against Sweetwater.

In came the ball from the wild pitcher of the opposition and it went behind Hughes.

Then came the fan with: "You've found his weakness, low and behind him. He never hits that kind."

FOX GATHERS GOLF BALLS CINCINNATI—(AP)—An unidentified golfer just finished a beautiful drive over the Sharon Woods course when a fox darted out, seized the ball in its mouth and disappeared. A search turned up a fox den with seven golf balls in it.

Brooklyn Battered By Giants

NEW YORK —(AP)—Rightfielder Don Mueller, never known for his long-ball hitting, clubbed three home runs Saturday as the New York Giants, refusing to crack under the increasing pressure, blasted the Brooklyn Dodgers, 8 to 1, and climbed to within six games of the league leaders.

Mueller's three homers knocked in five runs and gave the New Yorkers the first game of their do-or-die two-game series.

The Giants, whose late-season surge has confounded the experts, poured salt into Brooklyn's wounds by pulling off a triple play in the fifth inning. That, plus Mueller's surprising stinging, made Mel Maglie's eighteenth victory an easy one.

Scatter Seven Hits In winning his fourth game in five starts against Brooklyn, the big right hander scattered seven hits. Ralph Branca started for the Dodgers but lasted only four innings as the aroused New Yorkers overpowered him for a 5 to 1 lead.

That was the score when the Dodgers made a bid to rally in the fifth inning. Cal Abrams battled for Branca and reached first on Bobby Thomson's error. Carl Furillo beat out a slow roller to Thomson, and runners were at first and second.

Pee Wee Reese, who had three hits, lashed a line drive to Shortstop Alvin Dark, who flipped to Second Baseman Ed Stanky to double Abrams. Stanky then lagged Furillo, who was running with the pitch, to complete the league's first triple-killing of the season.

The score: R H E Brooklyn 001 000 000—1 7 0 New York 122 001 203—8 1 1

Braca, Podbielan, Haugstad and Campanella; Maglie and Westrum.

105 Candidates Report For Texas Tech Drills

LUBBOCK — Only 17 lettermen were among Texas Tech's 105 Red Raider candidates when twice-a-day football workouts started Saturday. Tech's new coaching staff, headed by DeWitt Weaver, must prepare

the Raiders for a tough schedule that begins here September 22 against West Texas State. T. S. Bufaloes are defending champions of the Border Conference.

Because of inexperience, Tech, winner or co-winner of eight of the 17 titles offered to date by the conference, must view the University of Arizona in the Raiders' usual favorites' seat. West Texas and Hardin-Simmons also are rated highly in the Border loop.

A sprinkling of experienced backs are expected to run Tech's split-T attack behind a line sparked by the Raiders' captain and All-America candidate, tackle Jerryell Price of Brownfield. Center Aubrey (Red) Phillips of Fort Worth, alternate captain, and guard Vernon (Buddy) Barron of Temple are other experienced line standouts.

Most experience is at quarterback in the persons of lettermen Elmer (Junior) Arterburn of Ranger, Pete Edwards of Vernon, and John Moughan of Weatherford. In the ball-carrying department, a non-letterman, halfback Bobby Cavazos of Kingsville, a sophomore, is being counted on heavily.

A number of top-flight 1960 schoolboy gridmen will be turning out. Weaver is depending on them to fill in where experienced material runs thin and, therefore, feels the Raiders will develop slowly.

"We ought to score on almost everyone we play," Weaver commented, "but I don't quite see how we can keep our opponents from scoring more frequently. With a lot of green men playing regularly, we'll make some mistakes, but I'm satisfied that we'll have a hustling club."

THE ENDS—Here's the group of boys Coach Red Rutledge will send into action at the terminal posts for the Midland Bulldogs this year. Front row, left to right: Fidel Ramirez, Roy Paden and David Breith. Back row, left to right: Bill Mims, Jimmy Linebarger, Robert Keisling and Dan Ratcliff.

PASERS—Tugboat Jones is depending on these boys to throw the passes in his aerial attack this season. Left to right, the MHS chunkers are: Ralph Brooks, Harold Hensey, M. A. Rose and Roy Kimsey, southpaw. Brooks was the regular passer for the Bulldogs last year.

Whites Rip Reds, 27-6, In MHS Grid Scrimmage

Long runs were the order of the day as the White shirts romped over the Red shirts, 27-6, in a lengthy game-condition scrimmage by the Midland Bulldogs at Memorial Stadium Saturday afternoon.

Two sparkling, 75-yard kickoff returns for touchdowns were unreel. Johnny Kennedy sped for the Red's only touchdown midway of the session on a kickoff romp of 75 yards, and Ralph Brooks rambled the same distance only moments later with the following kickoff.

The Whites had too much for the Reds, marching 70 yards to paydirt in just nine plays, with Brooks tossing a 35-yard punt by M. A. Rose set up the final White score. Rose scored on the two-yard line.

The MHS coaches were pleased with the Saturday workout. Jones said the team was coming along "fairly well."

Midland lost one guard for a few days, but gained another. Dalton Byerley, who was out with injuries a few days, is back in grid togs again but Darrall Spivey will be out a few days with a sprained ankle.

The Bulldogs get no holiday Monday, going ahead with their two-a-day workouts. Beginning Tuesday, when school resumes, the drills will be held only in the afternoon.

West Texas Skeet Shoot Here To Draw Many Of Southwest's Best Crack Shots

Crack shots from throughout the vast Southwest will be on hand Friday, Saturday and Sunday when the Midland Gun Club holds its annual Fall West Texas Open Skeet Shoot.

Many of the ace gunmen will shoot practice rounds Thursday at the Midland Gun Club grounds, near the Airpark. Top flight men shooters also are scheduled to be on hand

for the shoot, which attracts one of the largest fields of shooters annually.

Jim Mascho, Wright Cowden, Clyde Cowden and the famed Gassen father-son combination of George, Sr. and George, Jr., will carry the Midland banners into the action. Many other accurate Midlanders will give a warm reception to invading shooters.

Pauline Amburgee and Thelma Maxwell, both of Odessa, head the women shooters who sometimes are as accurate as the top men disc-busters.

List of events includes industry, sub-small gauge, small gauge, 20-gauge, father and child, high over all, all-bore, junior, sub-junior, ladies, senior, five-man team and two-man team events.

Together will go to individual winners, with brassards being awarded members of winning teams in team events.

The meet is sanctioned by the National Skeet Shooters Association.

13 More Service Men Dead, Missing In Plane Crashes

ANCHORAGE, ALASKA —(AP)—Thirteen more service men were dead or missing Saturday in the eighth and ninth of a series of disastrous Alaska air crashes.

But for once, a survivor was found at the scene of one of the accidents. The Alaska Air Command reported a Navy airman was found on Little Tanaga Island where nine men died Friday in the flaming wreckage of a Navy Privateer bomber.

His name was not disclosed. The Tanaga crash and the disappearance of an Air Force C-47 transport plane carrying at least four persons, raised the toll of dead and missing to 84, all in plane accidents.

Leblanc To Seek Governor's Post

NEW ORLEANS —(AP)—State Senator Dudley Leblanc Saturday formally announced his candidacy for governor of Louisiana.

The 57-year-old Abbeville legislator, who sold his Hadaool Patent Medicine Company last week in a multi-million dollar transaction, became the tenth Democrat to enter the race for the gubernatorial nomination. One Republican also seeks the office.

Leblanc's platform pledged no additional taxes, steps to make a college education available to all boys and girls, more factories, a \$75 monthly old age pension, civil service, and elimination of useless boards and waste.

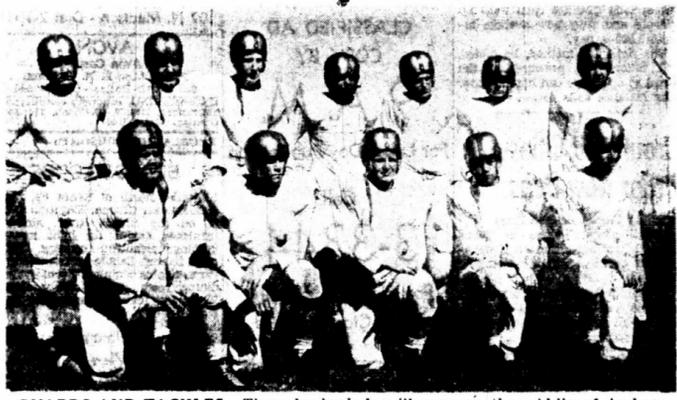

Leblanc ran for governor in 1944 and finished fourth among the candidates in the first primary.

BATHTUBS DAMAGED BY BLAZE HERE
City firemen Saturday extinguished a blaze at the Economy Supply Company near the west city limits. Stock of the firm, including several bathtubs, was damaged.

SUFFERS STRAINS
M. K. Carroll was in Midland Memorial Hospital Friday with a strained left shoulder and back received when he was lifting a pump onto a truck.

CENTERS AND FULLBACKS—Ready to snap the ball to Tugboat Jones's fullbacks are Centers A. W. Booth, Loren Roberts and Milton Jones, left to right. The backs, left to right, are Dick Spenser, Charley Patterson and Don Black.

GUARDS AND TACKLES—These husky lads will compose the middle of Audrey Gill's forward wall when the Midland Bulldogs get the 1951 season underway. In the front row, guards, left to right, are: Pete English, Bill Leonard, Darrall Spivey, Terry Fuglaar and Jim Ten Eyck. Tackles, back row, left to right: Red Cast, Stan Coker, James Reagan, Jay Schlichting, Barney McClendon, John Petty and Keys Curry. A letterman guard, Dalton Byerley, was out with a stomach ailment when the picture was made.

Woman Author-Principal In Wartime Story Of Spying And Intrigue, Is Midland Visitor

A story of intrigue, of daring and deception was told in Midland Saturday by Clarie Phillips, who was a spy in the Philippines during World War II for the American cause.

Miss Phillips, accompanied by Myron B. Goldsmith, her co-author of the book "Manila Espionage," came here to publicize the picture about her experiences. "I Was An

Hollis Rose

(Continued From Page One) scouting trip, Hollis was ordered to scout a little town—he doesn't even remember its name—which was situated approximately 150 miles from Frankfurt, "on the road to Berlin," he said.

"I was supposed to find out what kind of opposition we could expect from the Jerries. Whether it would be small arms fire or heavy artillery," Hollis said, running his hand over his crew-cut head.

However, he had just raised up to motion for the tanks to come ahead when a German sniper opened up on him.

"I decided he was getting close, too close," Hollis said, "so I jumped in a shallow ditch for protection. But the ditch wasn't deep enough and he hit me in the spine with a slug."

He spent one whole year then, traveling from hospital to hospital, before he was discharged. After his release he did leather work at Fort Stockton, making boots and doing other types of leather craft.

He came to work in Midland last May 15 to his old trade and his co-workers attest to the measure of his recovery. Different ones said, "he is one of the best mechanics here."

When questioned as to the most difficult part of his job, Hollis and his boss agreed that it was anything which requires "lifting." Or another difficult feat is getting up over a fender and bending down over the motor to work.

Not only has Hollis returned to a normal work routine but he lives an otherwise normal life. He and his wife reside at 2401 West Louisiana Street here.

He drives his own car with the special mechanical devices provided by the government for disabled veterans. A couple of boards provide a ramp for him to get in and out of his home.

And if, as cars are inclined to do, his automobile begins to act up, Hollis is perfectly capable of running it in for an overhaul job. But he'll do his own work, thank you.

BALMORHEA INFANT KILLED
BALMORHEA —(AP)—Joe Lou Schnack, 13-month-old son of Mr. and Mrs. Melvin Schnack, was killed Friday when he fell while playing and struck his neck on a utility pipe outlet. The infant was the Schnacks' only child.

MEDICAL PATIENT
Alexander Strambler, 405 North Jackson Street was admitted to Midland Memorial Hospital Friday as a medical patient.

Driving School Is Ordered For City's Employees

City Manager W. H. Oswald, understand, isn't pointing an accusing finger at anyone.

But Saturday he instructed Gene Lee, the chief mechanic for the city, to get together with Police Chief Rube Hemingway and set up a driving school for city employees.

The city manager outlined plans for the school as he turned the keys to his city-owned automobile over to the police department for its use on routine patrol.

A police radio was being installed in the automobile Saturday.

"All city employees who drive any of the city's vehicles," explained Oswald, "will have to attend this driving school."

"Too many of our automobiles are spending too much time in the shops."

In recent weeks police have had continuous trouble in keeping their patrol cars operating and it is not unusual for one car to call on another for a push to get it started.

Old police cars will be replaced after the new fiscal year begins on October 1.

MRS. LELAND BRASHEARS, DAUGHTER VISITING HERE
Mrs. Leland Brashears and daughter, Gayla, arrived here Saturday from Hawthorne, Nev., for a visit in the home of Mr. and Mrs. R. S. Brashears, Pfc. Leland Brashears, USMC, son of Mr. and Mrs. R. S. Brashears, has been transferred from Hawthorne to a West Coast Marine base.

CHILD IS HURT
Charles R. Chambers, Jr. five-year-old son of Mr. and Mrs. Charles R. Chambers, Sr., of Monahans was given emergency treatment at Midland Memorial Friday for injuries received when his parents' car stopped suddenly. He was treated for cuts inside his mouth and released.

At the beginning of the year, we borrowed some of the magical foresight of Odessa scribe Ben Peeler, and predicted the New York Yankees and the New York Giants would meet for the biggest bunting of them all—the coveted World Series Banner.

Several weeks ago, we were given a bit of razzing by some local fans who found much to be happy about when the Giants were some 13 games behind the Brooklyn Dodgers in the National League pennant chase.

Now, the Giants are coming to life and although it may be too late for them to top the flag, they at least promise to make it interesting.

We would like to see the Giants in there, not so much because we said they would be, but because a remark by Dodger Manager Chuck Dressen was the extreme of cockiness. Dressen said, back when the Giants were having a tough time of things: "That settles the Giants. We've taken them three straight and they won't bother us again."

Sir Chuck was a bit hasty with his Giant obit. The "settled" Giants now have knocked his reeling Dodgers off four straight times, much to our joy and we must admit, our surprise.

The Yanks? They'll win for the same reason Notre Dame is always tough. Joe Louis will remain a by-word in the world of fistcuffs and the Chicago Bears always will field a rugged football.

Tradition, and the mark of a champion. That's why we look for the Yankees to be up there—with apologies to Cleveland fans.

Midland High School grad mentors are elated over the work of Larry Friday, who is quarterbacking the Bulldogs.

He's thoroughly familiar with our single-wing system," Coach Tugboat Jones says of Friday, a letterman, "and he has poise and confidence."

"He may develop into our greatest field general."

DOTS AND DASHES: The MHS coaches will attend a rules interpretation meeting at Lubbock Sunday. Edwin Nixon, West Elementary tary mentor, keeps telling Junior High Coach O. C. Penn that he should "have it" this year. But Penn, even young as he is in the coaching game, responds in true coaching form by denying such reports.

Jack Pennington, a youngster who operates the scoreboard at Indian Park and attends Midland High School, is quite a sports cartoonist. Jack has done some work for us and we'll use it soon.

The Eddie Mellillo's—he's the Midland infliender—have a new baby daughter, Congrats, Eddie and Georgia. Dove season now on. Hours from noon to sunset, until October 10. Go get 'em, hunters. End of The Row for now!

Several State Heat Records Are Broken

By The Associated Press
A blazing sun paid no attention to a cool front roosting in the Panhandle and toppled several heat records in the state Saturday.

Del Rio in South Texas reported a blistering 105.2 degrees—the highest temperature recorded in September since Sept. 23, 1908.

Gainesville, with 109, had the hottest September 1 in the history of its weather bureau, and Waco reported a record 105 degrees.

Presidio was high for the state with 110 degrees, but that was no record there. Childress was close with 108 and Fort Worth had 107.

Other 105 degree reports came from Texarkana, College Station, Cotulla and Tyler. Dallas had 104. The boundary of the stationary cool front ran through the Amarillo area. Dalhart had a cool 91 degree maximum and Amarillo had 94.

Other temperatures below 100 included Brownsville 95, El Paso and Houston 98, Beaumont and Corpus Christi 97, Lubbock 99, Palacios 97 and Marfa 94.

Rita Hayworth Files For Divorce In Reno

RENO, NEV. —(AP)—Beautiful, red-haired Rita Hayworth filed Saturday for divorce, but it will be two months or so before she is freed from Moslem Prince Aly Khan.

The willowy Rita, 32, charged extreme mental cruelty. She said Aly, son of the fabulously wealthy Aga Khan, spiritual leader of the Ismaili sect of the Mohammedans, had caused her "great unhappiness."

BACK TO SCHOOL

Bob Short, son of Mr. and Mrs. Lester Short, has returned to Norman, Okla., where he will enroll for his junior year in the University of Oklahoma.

A W IGHY PROPOSITION

SINGAPORE —(AP)—The Singapore Amateur Weightlifting Federation received an invitation from Italy to participate in the world's championships at Milan. But it looks like the bid isn't going to be accepted.

H. L. Dunstford, president of the federation, said he didn't think that Singapore presently had any lifters of world class, although this British colony did make an impressive showing at the Asian Games.

George Stier, member of baseball's Hall of Fame, is a graduate of the University of Michigan where he majored in engineering.

Paul Williams of Lufkin, Left Tackle Bill Wilson of Houston, Left Guard Harley Sewell of St. Jon, Center Jack Barton of Denton, Right Guard Bill Wilburn of Aust-

New '26' Method Will Speed 'Phone Service To Odessa

A new phone number—No. 26—went into service at 12:01 a.m. Sunday.

And the new number will mean faster service for Midland telephone users who desire to call Odessa.

Bill G. Yeatts, district manager of the Southwestern Bell Telephone Company, explained Saturday the new methods for calling Odessa by long distance.

Instead of dialing the customary "0" to get the long-distance operator, the caller now dials "26" and gets an operator handling Odessa calls alone.

The "0" still will be used for all other long distance calls.

"The new '26' service," said Yeatts, "is designed to help speed the 800 calls to Odessa made here every day and also to help relieve the regular long-distance switchboard, over which a record volume of out-of-town calls are being made."

"After the new dial system went into service here in June, the number of long distance calls went up sharply and they now average almost 3,500 a day."

The new "26" method, he added, will relieve the pressure on the board so operators can handle other long distance calls better.

Drouth-Hit Cities Order New Bans

By The Associated Press

Drouth-plagued cities in Texas ordered new water bans this week-end to conserve their shrinking supplies.

And from Austin came a warning of State Health Director George W. Cox for all cities to check the purity of their supply.

A water plant in is danger of delivering polluted water to the public anytime the plans reaches its daily maximum, Dr. Cox warned.

In Temple—perhaps the hardest hit for lack of water—city officials estimated there was enough water in the Leon River Reservoir to last until September 7.

All outside use of water in the Central Texas city of some 25,000 has been banned, and water in air conditioners has been cut off.

With water for essential uses only, the city has been using some 2,600,000 gallons a day. It normally uses 8,000,000.

Dr. Cox said Health Department inspectors now are checking on sanitizing of tank cars for hauling water to Temple, and also to Cleburne and Cameron.

Lawn watering and car washing has been banned at Vernon. Only a trickle of water comes from the taps there in late afternoons.

Mount Vernon was completely without water Friday after the city wells ran dry. The American Pipe-line Company supplied a truck and drivers to haul water to the 2,500 residents.

Funeral Rites Set Sunday For Child

PECOS—Funeral services will be held in Balmorea at 3 p.m. Sunday for Joe Lou Schnack, 13-month-old son of Mr. and Mrs. Melvin Schnack.

The child died of injuries suffered Friday when he fell while playing and struck his neck on a gas pipe. He was dead on arrival at the Pecos Valley Clinic here.

Funeral services will be held in the Balmorea School auditorium with the Rev. Harold Kistner, pastor of the Pecos Lutheran Church, officiating. Pecos Funeral Home is in charge of arrangements.

FROM FORT WORTH

Mrs. T. P. Tarwater and daughter, Lynn Adelle, of Fort Worth are guests in the home of Mrs. Tarwater's parents, Mr. and Mrs. J. A. Tuttle, 1506 West College Street.

MIDLAND, TEXAS, SUNDAY, SEPTEMBER 2, 1951

SECTION TWO

Youthful Mathers Keep Busy

DRESSING DOLLY—After getting her young daughter dressed for the afternoon, Mrs. Charles Neuhardt relaxes and enjoys watching Katrina Lyn try to dress her dolly. Katrina will be a year old in September. She is the daughter of Mr. and Mrs. Neuhardt, 2105 West Washington Street.

TAKE A STEP, PEGGY—Another youthful mother decides it is time to introduce her young daughter to the art of walking. However, eight-month-old Peggy is a little skeptical about the whole thing. Peggy is the daughter of Mr. and Mrs. Bill Allen, West Carter Street.

LESSON IN GROOMING—A young mother with her first child soon learns her spare time is limited. Mrs. Jack Pattison gives her two and one-half-year-old daughter a lesson in grooming as she brushes and combs her hair. Cynthia is the daughter of Mr. and Mrs. Pattison, 1102 North Big Spring Street.

READING TO MAMA—Two-year-old Oral Robert Lombard reverses the usual routine. Instead of listening to his mother read a story, he reads to Mama. This young mother doesn't seem to mind, though. Oral is the son of Mr. and Mrs. Wilton Lombard, 504 South Dallas Street.

MAMA'S LITTLE HELPER—Jimmy LaFoy wants to help his mother with the daily chore of watering the lawn. Jimmy is the 18-month-old son of Mr. and Mrs. G. W. LaFoy, 914 North Weatherford Street.

UP IN THE SWING—This young mother takes time out from her daily routine to play with her eight-month-old baby, Sheryl Ann. Both mother and daughter seem to be enjoying the play period. Sheryl is the daughter of Mr. and Mrs. John Mofet, 2408 West Brunson Street.

McCamey Bride Is Shower Honoree

MCCAMEY—Mrs. James E. Hooper was the honoree recently at a bridal shower in the McCamey Park Building. Mrs. Hooper is the former Elsie Tarrence.

Hostesses were Mrs. Bill Brown, Mrs. A. L. Cullins, Mrs. Stacy Hodges, Mrs. C. T. Reynolds, Mrs. Martin Kamstra, Mrs. Douglas Hall and Mrs. Frank Robbins, Jr.

Guests were received by Mrs. Hall. Mrs. Robbins presided at the guest register. The table was covered with a lace cloth and centered with an arrangement of perennial sweet peas in a cut glass bowl.

The honoree wore a green flowered silk dress with a pink and white carnation corsage.

Margaret Duke And Malcolm Webb Wed

CRANE—In a double-ring ceremony Friday, Margaret Ruth Duke became the bride of Malcolm Webb, Jr. The ceremony took place at the First Baptist Church, with the Rev. A. G. Gage of Lorenzo, uncle of the bride, officiating.

The bride is the daughter of Mr. and Mrs. J. W. Duke of Crane. The groom is the son of Mr. and Mrs. Malcolm Webb, Sr., of Tulsa, Okla. Vows were exchanged before an altar covered with plumose and pastel daisies. Two large arrangements of white stock and mason daisies were placed on either side and two palm trees were used in the background.

Doris Gage of Lorenzo, cousin of the bride, sang "Because," "I Love You Truly," "Indian Love Call" and "The Lord's Prayer."

Mrs. Donald Duke of Big Spring, aunt of the bride, was the matron of honor. The bridegroom's father served as best man. Ushers were Donald Duke of Big Spring and Bill Marlowe of Crane.

Gown Of White Lace

The bride, given in marriage by her father, chose a gown of white chintilly lace with a full gathered skirt. A jacket, fashioned with long sleeves and tiny covered buttons, was worn over the strapless gown. She wore a fingertip length veil with seed pearls around the edge of the caplets. She carried a colonial nose-gay of pink carnations.

The matron of honor chose a gown of peach nylon net over peach taffeta. She wore a matching hat.

After the wedding, a reception was held in the home of the bride's parents.

For her wedding trip, the bride chose a navy crepe dress with navy and white polka dots. The couple will be at home in Crane where Webb is employed by the Texas-New Mexico Pipe Line Company.

Country Club Plans Holiday Activities

The Midland Country Club will observe Labor Day with a number of special activities.

A swimming meet will be held at 5:45 p. m. with prizes and medals being awarded to the winners of the various events. Also in connection with the swimming meet, senior life-saving badges will be presented to those who successfully completed the recent Red Cross life-saving course.

Following a buffet dinner in the clubhouse, a family movie and two color cartoons will be shown in the clubhouse. The dining room will be open all day Monday.

The sturgeon was plentiful in North American waters before 1900.

Party In Club Room Fetes Rankin Bride

RANKIN—Mrs. Charles Vardy, the former Sara Lee Stephenson, was honored with a bridal shower recently in the clubroom of the Rankin Park Building.

Hostesses were Mrs. Henderson Scarborough, Mrs. Joe T. McCormick, Jr., Mrs. Harry Cowden and Neva Rae Taylor. Thirty-five guests attended.

A color scheme of green and white was used on the refreshment table. A white linen cloth covered the table which was centered with an arrangement of ivy in a crystal bowl. Silver and crystal appointments completed the decorations. Favors were small rolling pins.

Out-of-city guests included Mrs. B. C. Vardy of Colorado City, Mrs. Joe Barnes and Jean Barnes of Midland, Mrs. John Manefee of McCamey, Mrs. G. A. Sunrall and Mrs. C. F. Berger of Alpine and Mrs. Richard Webb of Liberal, Kan.

Mrs. Vardy is the daughter of Mr. and Mrs. W. E. Stephenson of Rankin. Vardy is the son of Mr. and Mrs. B. C. Vardy of Colorado City. The couple was married recently in the First Presbyterian Church in Hobbs, N. M.

The bride, a graduate of Rankin High School, attended Texas Technological College. She is employed as a deputy in the Upton County clerk's office. Vardy is employed in the Benedum field.

Mrs. Chester Etter Gives Breakfast

ANDREWS—Mrs. Chester Etter entertained the Rebekah Lodge recently with a breakfast in her home.

Those attending were Mrs. Carrie Walker, Mrs. Mae Walker, Mrs. Velma Hall, Mrs. Ona Betenbober, Mrs. Cora Heath, Mrs. Halene Roberts, Mrs. Wanda Longley, Mrs. Edith Hamilton, Mrs. Eulalia Ogden, Mrs. Chlois McCrary, Mrs. Mattie Mathews, Mrs. Deia Whiteman, Mrs. Winnie Merritt and Mrs. Etter.

Garden Club Plans Opening Coffee

The Midland Garden Club will start its club year with a morning coffee at 10 a. m. Thursday in the home of the president, Mrs. Charles Marsh, 1406 West Tubert Street.

Mrs. Henry Shaw, Mrs. Walter Duesee and Mrs. Sol Bunnell will be in charge of arrangements. Mrs. Frank Aldrich will be in charge of the flower arrangements.

RELIABLE PRESCRIPTIONS

Shopping 'Round Town with Barbara

For The Autumn Bride—

Sterling is the traditional, the appreciated wedding gift. See the complete collection of thoughtful ideas at KRUGER'S—beautiful pieces that will be cherished throughout the years. Nothing is as beautiful and practical in the home as beautifully worked silver. It gives untold happiness to the bride and a lifetime of beauty to the home. Kruger's invites you to come in and see the superb collection in Wallace, Gorham, International and Lunt.

The Perfect Remembrance—

The fresh loveliness of a potted plant bespeaks your thoughtfulness far louder than words. Show your care and remember with a gift of flowers. Go in and see the lovely colorful selection at BUDDY'S FLOWERS, 1505 West Wall, or order by phone. You may rely on the selection from Buddy's and on-time deliveries. A beautiful green polka-dot bride's pin is a gift that lasts a lifetime. . . . enjoy in the home, office or school room. Dial 4-1419 for orders.

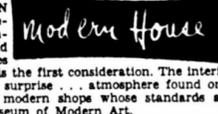

Makes Housekeeping A Snap—

Sanitizer cleaning is easy—no wring of the wrist and under goes the wand goes under furniture. The deep dirt nozzle gets the embedded dirt with gentle but powerful suction. The swivel-top extra length hose cleans 500 square feet of room area while the power unit remains stationary. Air-Way Sanitizer is the world's only completely sanitary cleaner. Call O. A. Owens at AIR-WAY BRANCHES, INC., 510 South Big Spring Street. Dial 2-2882.

Featuring Only Leading Lines—

An entirely new type of shop has opened in Midland and is MODERN HOUSE, 911 West Missouri, telephone 4-8472. Specializing in contemporary furniture, fabrics and appointments, the shop features only leading lines. Good design is the first consideration. The interior of the shop offers a refreshing surprise. . . . atmosphere found only in the country's few exclusive modern shops whose standards are endorsed by the New York Museum of Modern Art.

Bottled In Midland—

Vito Water is highly recommended because it contains the minerals necessary to health. It is bottled in Midland by SPRING VALLEY WATER COMPANY, 613 West Missouri, in five-gallon bottles for 70c. Good drinking water is essential to the health of your whole family and the sipovers. The craftsmen will take a family for weeks. Dial 4-4381 for deliveries.

Lubrication By Experts—

Most cars have just put a lot of tough summer mileage behind them. . . . and that means a complete lubrication job is in order. Experts at MACK'S CHEVRON SERVICE, 301 West Wall, will lubricate your car quickly and scientifically (according to the make and model)—and at low cost. Drive up! Expert battery attention also means more life for your battery. Now, by means of longer life for your battery. Now, the time, too, to have your radiator cleaned and checked.

Low Prices—Expert Craftsmanship—

Give your furniture a gay, new outlook with slipcovers you may select the fabric. Experts at HINES-WOOD UPHOLSTERING SHOP, 206 North Marfield, will do the rest. Both you and your children can relax in the living room, when priced pieces are protected by beautiful slipcovers. The craftsmen will also rebuild and reupholster your old furniture into handsome new styles. Rug cleaning is also a specialty here. Dial 4-8412 for pick-up and delivery.

For Every Plumbing Need—

For safety and economy be sure your plumbing equipment is in tip-top condition. Call JOBE PLUMBING COMPANY, telephone 2-1412, for expert installations and repairs. Years of experience and skillful know-how add up to a job done with your plumbing repairs. The company's motto is "a satisfied customer is the best advertisement," and this is proven by a record of satisfaction. A complete line of plumbing equipment is also featured.

Children Going Back To School?—

It's always such an expense. If you're having difficulties in finding a way to meet all the expenses including clothing, tuition, etc. why not drop in at PACIFIC FINANCE LOANS, 201 East Wall, and talk over your problem with Bob Finley, loan manager? See how easy it is to obtain a "Special Back-To-School" Loan, of \$50 to \$1,500 or more. One day service is given with no embarrassing questions asked. Dial 2-4369 for more information.

Enhanced Loveliness For Fall—

The new season's colors are vivid and warm, therefore, you'll need make-up to harmonize with the new colors in your wardrobe. Dial 4-4298 and let your BEAUTY COUNSELOR, Mrs. Roberta Bain, call on you and in the privacy of your own home, "try on" the new shades of make-up and match them to your new wardrobe and to your own individual color and beauty type. Your Beauty Counselor will show you how to apply make-up for best cosmetic results.

Coordinated Beauty For Better Homes—

Let a master decorator show you how you can dramatize your home with the latest in home conveniences at the same time. Take your decorating problems to ELMO ELAM, or dial 4-6622. Elmo Elam is a complete decorating service, specializing in decoration of homes and offices. This service includes painting, fine work home from custom made furniture to drapes, wallpaper and woodwork finish. You can be sure your home is correctly appointed when you seek professional advice.

No Matter The Size Or Tread Style—

Plumbing Fixtures And Service—

American-Standard Plumbing Fixtures offer new beauty, true convenience, greater efficiency and increased sanitation. Buy your plumbing fixtures from WHITEHEAD PLUMBING COMPANY, 313 North Colorado. The company also makes installations and repairs. Experience and skill are top investments in plumbing service and repairs. Dial 4-8532.

Spots Vamoos!—

Hot weather takes the "starch" out of your wardrobe. Let LAVELLE CLEANERS, 403 South Marfield, revitalize and refresh your summer wardrobe before you put it away. The cleaners will remove all dirt and perspiration with expert cleaning methods and skilled care. Spots vamoos when modern, scientific spot remover methods are applied. Let Lavelle Cleaners remove dirt and perspiration in immaculate condition and store your summer garments in moth-proof, dust-proof bags. Dial 4-4192 for free pick-up and delivery.

Budget Your Meals The Milky Way—

Wholesome, nourishing milk is always the best buy! Plan your menus to include milk and other rich dairy foods from WESTEX DAIRIES, 3112 West Wall. Cabell-Grade Milk is vitamin fortified with 400 units of that sunshine vitamin, Vitamin D! That's why it's better for growing children. Cabell-Grade standards are much higher than Grade A minimum requirements. It's sweeter, more flavorful—and it stays fresh longer. Dial 2-4412 for deliveries.

Eat At The Park Inn Cafe—

Eating there is fun—swift, smooth service and tasty, tasty food . . . without getting out of your car. Drive out to PARK INN CAFE, West Highway 80, for the tops in eating enjoyment. Enjoy a meal brought right out to your car. If you and the family are in the mood for a mealtime favorite, drive out and eat in the dining room where everyone can enjoy food favorites at the same meal. Just sit back and enjoy the fine food and splendid service.

Brake Check And Repair—

Let expert technicians at MIDLAND BRAKE SERVICE, 108 West Missouri, inspect your brakes and make all necessary adjustment and repairs. You'll be pleasantly surprised at the low cost of this service, and the speedy attention you receive. A "factory-new" brake system for your car can be had at amazingly low cost. These expert mechanics remove front wheels and inspect linings, drums and fluid, repack bearings and re-test the system. Drive up now for service.

Sleek Expressions Of Newest Trends—

Here's new beauty for your bedroom with furniture in modern styling and lovely soft finishes. JOHN BOATRIGHT & CO. FURNITURE, 2514 West Wall, offers bedroom suites of rare beauty and quality—at prices that are nothing short of a miracle in face of today's rising costs. Quality construction and your choice of fine woods, full sized beds, roomy chests and huge dressers with large mirrors are among the selection. Dial 2-3022 for more information.

Finest Chinese And American Restaurant—

Entertain yourself to a thrill in dining pleasure at Midland's exclusive Chinese and American Restaurant—THE BLUE STAR INN, 2501 West Wall. You'll find tantalizing Chinese loeking, American foods, sea foods and fried chicken on the menu. The restaurant is entirely done in Chinese decor and the beautiful dining room affords spacious party room. Hours are from 11 a.m. 'til 11 p.m. Dial 2-4231 for reservations.

You're All Set Now!—

Your windshield is crystal clear . . . oil checked . . . tires with correct pressure . . . battery in working order . . . water tank filled. You're all set to go when you drive in at WEST END MAGNOLIA SERVICE STATION, 703 West Wall, for a tank of gas. In only a few short minutes your car is purring down the road, running smoother than ever when you choose West End Magnolia for service. Ken Ward, manager, strives to give you the kind of service that adds up to happier days ahead for you and your car.

The Way You Look Today—

Keep important occasions alive for years and for others to see with FRANK MILLER STUDIO, 609 West Missouri. You'll like the wide prof selection and budget low prices. Any time you have a portrait made, it's a special occasion. A flashing picture of you is always a most appreciated gift to family and friends. Call tomorrow for an appointment.

An Ounce Of Prevention—

Balance in your car's wheels means the difference between a car that can keep wheels aligned, that steers hard and burns up tire rubber. With vacation coming up, it would be wise to stop in at SKINNY'S ALIGNMENT SHOP, 1910 West North Front, for a check-up. The well-equipped shop specializes in wheel alignment, straightening, rebalancing and replacement of damaged parts. Dial 2-4191 for estimates.

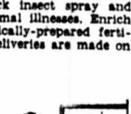

High Quality Feed And Grain—

Good supplies mean extra profits—especially when it comes to poultry and livestock feed. MINIMAX FEED SUPPLY COMPANY, 403 East Florida, carries a complete line of high quality feed and grain, also a complete line of poultry and livestock insect spray and remedies for minor animal illnesses. Enrich your land with scientifically-prepared fertilizers for extra yield. Deliveries are made on feed in town.

Complete Business Service—

All kinds of office work, including stenographic work and the compiling of mailing lists, is handled by McBRAD BUSINESS SERVICE, 910 South Weatherford. If you need mimeographed forms and letters, the company is equipped to give you 24-hour service and neat, clear copies. Avoid The Rush—

Avoid the back-to-school rush by getting all your school needs now at RAY GUY'S OFFICE SUPPLY, 218 West Wall. You'll find all the answers to your school needs. Get what you need for good work during the term. There are notebook binders, pen and pencil sets, famous brands, school bags, dictionaries, assorted pencils, drawing material, all kinds of notebooks and note paper—everything to start you off on the right foot.

How To Buy Lumber—

It takes just one rotten apple to spoil a barrel. What's this got to do with building repairs? Plenty! Because, as with apples, it takes just one rotten shingle to ruin a roof, one bad piece of lumber to weaken a whole structure. It's up to every American to make necessary building repairs now, to conserve essential materials—and to save money. Call STONEHOCKER LUMBER COMPANY, dial 2-4031, for deliveries on all kinds of building materials. The company also makes Title I Loans.

Check Trouble Before It Checks You—

When you drive up to WOODY ABUE'S HUM-BLE SERVICE STATION, 703 West Wall, you get only the finest in automobile products. A complete line of Humble Products and the finest of auto accessories and supplies are featured. When you drive in here for a check-up, you're protecting your car and your pocketbook. . . . Get the check-up done now. You'll thrill to the instant pick-up power when you "fill up" with quality gas and oil. Dial 2-1911 for information on service.

Royal Portable Typewriters—

A dependable Royal Portable Typewriter helps assure all the necessary attributes for best grades. The Royal is featured at WEST TEXAS OFFICE SUPPLY, 204 West Texas, and it is sure to please with all its exclusive features. With "finger flow" keys and "mag-ic" margin, speed spacer, "touch control," rapid ribbon changer, plus many others, Royal is the number one choice among students. Terms can be arranged.

Check These Services—

Let BROWN'S LAUNDRY, 305 South Bairo, do your laundry. . . . with everything ready for ironing. No matter how cheaply you do your own laundry, you can't beat the penny-for-penny savings the rough dry service affords. Count the time you spend over the laundry tub, plus the soap and water used, add them up and you'll see why rough dry is a real buy. The laundry also offers wet wash and help-yourself service. C. A. Brown is now manager of the laundry.

Reproductions—

Dial 4-8261 for prompt pick-up and delivery on reproductions. WEST TEXAS REPRODUCTION COMPANY, 208 North Colorado, specializes in photo-stats, blue prints, reproduced tracings, dry prints and city maps. The company is conveniently located to give you the fastest service possible. Experienced operators give you clear photo-stats and all reproductions are of the best quality. The company is owned and operated by Charlene Koonce and Maurice Crowley.

DANIEL BOONE—Children's Theater classes and productions will get underway September 10. Pictured is a scene from one of the recent Children's Theater productions, "Daniel Boone."

Children's Theater Classes To Begin September 10

Children's Theater classes will start September 10 in the City-County Auditorium, using the same weekly schedule adopted last year. A branch of Midland Community Theater is planned to provide recreation for interested youth through high school age by its classes in dramatics, stagecraft and in actual play production. Also Children's Theater offers entertainment for the youth of Midland through its performances of plays. Among the most recent productions have been "Daniel Boone," "Aladdin," "The Adventure of Tom Sawyer" and "The Return of Rip Van Winkle." Plans for this year's plays have not been completed. The theater is divided into three age groups. Teen-agers down through the eighth grade meet at 4 p.m. each Friday to study ad-

vanced phases of stagecraft and acting. The fourth through the seventh grades meet at 4 p.m. each Wednesday and the first and second graders meet at 4 p.m. Mondays to do creative dramatics. When working on a play production the two older groups meet from 9 to 11 a.m. Saturdays. The first of these Saturday meetings will be held September 22. Any interested boy or girl in Midland may join the Children's Theater, either as children of Community Theater members or through a special sponsorship arranged by the Board of Governors. Those wishing to enroll should attend one of the classes. Some animals can go for as much as 100 days without organic food, but die in from five to 10 days without water.

Try-Outs Slated For Production Of 'The Heiress'

Try-outs will be held at 7:30 p.m. Tuesday, Wednesday and Thursday in the City-County Auditorium for the Community Theater's first fall production, "The Heiress."

The play, by Ruth and Augustus Goetz, was adapted from the novel, "Washington Square," by Henry James. A costume show set in the 1850's, it has a cast of six women and three men.

Included in the cast are Dr. Sloper, the dour and tyrannical father of the heiress; Catherine, his plain-looking and socially inept daughter; Lavinia, the girl's flighty aunt, and Morris Townsend, the likeable young man suspected of being a fortune hunter.

Members of the casting committee are M. O. Gibson, Charles Dixon and Mrs. Pauline Lee. All those who are interested are invited to try out.

The play is slated for production October 3, 4, 5 and 6.

South America Is Decoration Theme

McCAMEY—The South American theme was carried out in the decorations at a recent meeting of the Business Women's Circle of the First Baptist Church. Mrs. Wilbur Harris was hostess.

She gave a talk on Mrs. Eula Mae Henderson's recent trip to South America. Mrs. Henderson, executive state secretary of the WMU, visited the missionaries during her trip. Mrs. Harris also gave a report on the recent Young Women's Auxiliary party.

Decorations featured a display of South American articles which had been brought back from the trip. Place mats under each plate were cross-word puzzles, which each guest later worked out.

Those attending were Mrs. George Tompkins, Mrs. J. B. Henderson, Mrs. V. V. Randall, Mrs. Howard Newton, Mrs. Ed McAnally, Mrs. Bess Moorman, Dorothy Leach and Mrs. Harris.

NURSERYMAN TO SPEAK

McCAMEY—Otto E. Scherz of the Scherz Nursery in San Angelo will be the guest speaker at the Wednesday meeting of the McCamey Garden Club. His topic will be "Landscaping and Plant Foods and Soil." The public is invited.

Mrs. Don Downing

Ellis And Downing Wed In Fort Worth

In a candlelight ceremony Saturday, Louise Ellis of Fort Worth became the bride of Don Downing of Midland. The ceremony took place in the Berry Church of Christ in Fort Worth, with Joseph Malone, pastor, officiating.

The bride is the daughter of Mr. and Mrs. H. E. Ellis of Fort Worth. Downing is the son of Mr. and Mrs. Delbert Downing of Midland.

The church was decorated with candelabra and arrangements of greenery and gladiolus. Mrs. Billy Carter, Ann Holland and Margie Bodine sang "Because" and "The Lord's Prayer."

Attendants Listed
Mrs. Joe S. Brown of Fort Worth was the matron of honor. Velma Jean Ross of Fort Worth was the maid of honor. The bridesmaid was Betty Janelle Reid of Fort Worth.

Sam Pearson of Dallas was the best man. Groomsmen were Jerry McElroy of Paris and Johnny Beasley of Vicksburg. Miss Joe S. Brown and Roger Ellis of Fort Worth were ushers.

The bride, given in marriage by her father, chose a white embroidered organza gown fashioned with a tiny collar, short sleeves and a full skirt. Her fingertip length veil was attached to a tiara of seed pearls. She carried a Bible topped with white orchids. The maid of honor wore a yellow net gown and the matron of honor chose a gown of orchid marquisette. The bridesmaid's dress was blue net. All the attendants carried pink corsages tied with ribbons matching their dresses.

Reception Held
After the wedding, a reception was held in the Clovis Stovall Tea-room. The room was decorated with white gladiolus.

Members of the house party included Jo Downing of Midland, sister of the bridegroom, and Glyn Harmon of Pine Bluff, Ark.

For the wedding trip the bride chose a navy blue and pink suit. After the wedding trip, the couple will be at home in Fort Worth. Both will attend Texas Christian University this fall. Mrs. Downing will be a sophomore student and Downing will be a junior.

Out-of-city guests attending the wedding were Mr. and Mrs. Delbert Downing of Midland, Mr. and Mrs. H. E. Ellis, Jr., of Dalhi, La.; Mrs. F. M. Wood of Hico, and Glyn Harmon of Pine Bluff, Ark.

Auxiliary Meets In Perkins Home

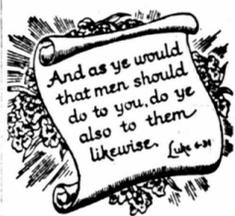

CRANE—Mrs. D. W. Perkins was hostess recently to the members of the Fireman's Auxiliary and their families at a meeting in her home. The Sunshine Sisters exchanged gifts and a financial project was adopted.

Those attending were Mr. and Mrs. Jess Miller and daughter, Mr. and Mrs. C. C. Swift and sons, Mr. and Mrs. Pete Mattox and son, Mr. and Mrs. Bob McMurry and children, Mr. and Mrs. John Hodges and sons, Mr. and Mrs. Doug Smart and daughters, Mr. and Mrs. Lewis Early and son, Mr. and Mrs. A. T. Carroll and children, Mr. and Mrs. Norman Truitt and son, Mr. and Mrs. Lloyd Wimberly and children, and Mrs. Bud Porter and son.

Buffet Supper Honors Veterans

McCAMEY—The Veterans of Foreign Wars Auxiliary was hostess to the post and non-member veterans at a buffet supper recently in the McCamey Park Building.

The group played games of canasta, "42" and bridge. Mrs. Ann Garrett, auxiliary musician, played several piano selections.

Youth Center Dance Features School Theme

Approximately 100 couples danced to the music of Jimmy Furman's orchestra Friday night at the Youth Center's Summer formal.

Decorations featured a "back-to-school" theme, using Midland High School's colors, purple and gold. The bulletin board bore the words, "Back-to-school," in purple lettering on a gold background. Balloons and crepe paper completed the decorations.

The refreshment table was centered with miniature replicas of purple and gold goal posts. Mr. and Mrs. Bill Gildewell are the Youth Center directors. Mrs. Gildewell served the punch.

SQUARE DANCERS SET SEPTEMBER EVENT

LUBBOCK — The September Dance of the Westerners Square Dance Association will be held here Saturday night, September 8, on the tennis courts of the Meadowbrook Country Club.

Amson Oden of Brownwood, president of the association, said the club facilities would be thrown open to the square dancers and there will be room for 50 square dance sets.

RETURNS TO FORT WORTH

Mrs. H. M. Bayer of Fort Worth has returned home after visiting her parents, Dr. and Mrs. J. B. Thomas, here.

Mrs. Arthur Rowell Is WMU Hostess

McCAMEY — The Woman's Missionary Union of the Eastside Baptist Church met in the home of Mrs. Arthur Rowell.

Mrs. Rowell gave the devotional, "Babes In Christ." Mrs. O. L. Jackson and Mrs. Louise Moellering were appointed to serve on the social committee.

Others attending were Mrs. R. S. Browne, Mrs. Lillie Moellering, Mrs. J. W. Caldwell and Mrs. Evelyn Browne.

Auxiliary Meets In Perkins Home
CRANE—Mrs. D. W. Perkins was hostess recently to the members of the Fireman's Auxiliary and their families at a meeting in her home. The Sunshine Sisters exchanged gifts and a financial project was adopted.

Those attending were Mr. and Mrs. Jess Miller and daughter, Mr. and Mrs. C. C. Swift and sons, Mr. and Mrs. Pete Mattox and son, Mr. and Mrs. Bob McMurry and children, Mr. and Mrs. John Hodges and sons, Mr. and Mrs. Doug Smart and daughters, Mr. and Mrs. Lewis Early and son, Mr. and Mrs. A. T. Carroll and children, Mr. and Mrs. Norman Truitt and son, Mr. and Mrs. Lloyd Wimberly and children, and Mrs. Bud Porter and son.

Buffet Supper Honors Veterans
McCAMEY—The Veterans of Foreign Wars Auxiliary was hostess to the post and non-member veterans at a buffet supper recently in the McCamey Park Building.

The group played games of canasta, "42" and bridge. Mrs. Ann Garrett, auxiliary musician, played several piano selections.

And as ye would that men should do to you, do ye also to them likewise. Luke 6:31

SERVING AS WE WOULD BE SERVED . . .

Our first aim is to be of genuine service to families that call us . . . to serve in a manner that will give the greatest measure of comfort and help to those in sorrow.

Fourth Son Born To McCamey Couple

It is "four of a kind" now for Mr. and Mrs. Jim Langdon of McCamey.

Their fourth son, Jerry Jay, was born Friday morning in the Midland Memorial Hospital. He weighed in at seven pounds and eight ounces.

The other Langdon boys are Jim, Joe and John. The mother and the new son reportedly are "doing fine."

The father is a prominent McCamey attorney. A brother, Charles Langdon, is a Midland resident.

Many varieties of fireflies are "fireless."

Mr. and Mrs. Frank L. Qualls

Richman And Qualls Marry In Midland

Rita Kathryn Richman and Frank L. Qualls recently exchanged vows in a candlelight ceremony in the Seventh Day Adventist Church in Midland. Elder Dale C. Aaborg officiated.

The bride is the daughter of Mr. and Mrs. W. E. Richman of Midland. Qualls is the son of Mr. and Mrs. S. J. Qualls of Portland, Ore. Preceding the ceremony, Kathy Qualls sang "The Lord's Prayer" and Lois Lovett and Frances Dunn, pianists, played traditional wedding music. Keith and Doris Perryman sang the Consecration hymn, "O Jesus We Have Promised."

Bridal Dress Described
Vows were repeated before a floral background. The bride, given in marriage by her father, wore a floral wedding gown of nylon over satin. The dress was fashioned with a fitted bodice, set-in yoke and tiny button trim. The sleeves extended into points at the bride's wrists. The full skirt went into a cathedral-length train. The bride's fingertip veil was attached to a band of tiny white carnations. She carried a bouquet of white carnations tied with satin streamers.

Yvonne Chrispang was the maid of honor. Ann Richman, sister of the bride, also was an attendant. The attendants wore formal length dresses of aqua and pink. Their

corsages were of pink carnations tied with pink satin streamers.

Sharon Richman, sister of the bride, was the flower girl. She wore a white dress of satin and net and carried a white basket fashioned of net and satin ribbon. Her head-dress and wristlet were of tiny white carnations.

For her daughter's wedding, Mrs. Richman chose a dress of navy blue with a corsage of pink carnations.

Bride's Brother Is Best Man
J. H. Richman, brother of the bride, was the best man. Gerald Hilliard of Midland was groomsman and Billy Perryman was Bible boy. Ushers were Keith Perryman and Tommy Canton.

A reception was held in the new educational building in Crest View Heights on Highway 80.

Members of the house-party were Mr. and Mrs. J. C. Perryman and family of Hamilton, Texas; Miss Collins of El Paso, and Miss Chrispang of Dalhart.

Out-of-city guests were Alan Walker of Edinburg, Mo.; Mrs. C. R. Richman, Charlene Richman and Mrs. H. M. Richman, all of Bronco; Mr. and Mrs. H. L. Howlett, Jr., of Iraan, and Mrs. Bill Shew of Pampa.

For a wedding trip the bride wore a two-piece navy linen dress with pink accessories. After their trip the couple will be at home in Lincoln, Neb., where they will attend Union College.

Candlelight Ceremony Unites Jan Hunt, Donald G. Holder

PECOS — In a candlelight ceremony recently in the First Methodist Church, Jan Hunt became the bride of Opl. Donald Gene Holder.

The couple exchanged vows before an improvised altar decorated with baskets of snow-white mums and emerald fern. Cathedral candelabra, fern and white palm mums completed the decorations.

The Rev. W. M. Turner, pastor of the First Baptist Church, officiated at the double-ring ceremony. Mary Rogers played a program of nuptial music including "Village Chapel," "Hopkins," "Meditation," "Morrison," "Libesträum," "List," and "Serenade." Shubert. She also accompanied Mrs. Bill Scott who sang "Because" and "Always." The traditional wedding marches were played.

The bride, given in marriage by her father, Glenn Hunt, wore a gown of imported chantilly lace and net over taffeta. The dress was fashioned with a strapless shirred bodice and a circular ballerina length skirt worn over crinoline. The skirt had scalloped lace at the center front edges and was stiffened at the hemline to emphasize fullness.

Her finger-tip-length veil of silk illusion was caught to a satin cap outlined with a wreath of orange blossoms. She wore the traditional

"something old, something new, something borrowed and something blue." She carried a white Bible topped with a large white orchid surrounded by stephanotis. Attendants Listed

Mrs. Bob Burkholder was the matron of honor. She wore a dress of blue brocade fashioned with a portrait neckline. The sleeves were accented with turned-up cuffs and a row of large, covered buttons extended to the hemline.

Judy Hunt served as her sister's junior bridesmaid. Her dress was styled with a fitted bodice of imported cherry rose velveteen. A crushed belt buckle with rhinestone clips accented the waistline from which fell a bouffant skirt of nylon net over cherry rose taffeta.

Both the matron of honor and the bridesmaid wore net bandeaus pinned behind each ear with pink rosebuds. They carried colonial bouquets of white satin, pink sweetheart roses and mallee.

Carol Ham and Sue Hunt of Lubbock were candlelighters. They wore pink nylon net dresses over pink taffeta and wrist corsages of pink sweetheart roses.

Scott Is Best Man
Bill Scott served as best man and Wendell Spence of Lubbock as groomsman. Ushers were Spence, Melvin Cooksey, Bobby Bell and Bob Burkholder.

Following the ceremony, a reception was held in the church parlor. Mr. and Mrs. Glenn Hunt, parents of the bride, were hosts. Others assisting the couple in receiving the guests were the mother of the bridegroom, the matron of honor and the junior bridesmaid.

The bride's table was covered with a white linen cloth. At one end of the table was a pink ice floater containing frozen carnations and at the other end were silver candelabra with white tapers. The three-tiered wedding cake was topped with bride and bridegroom figurines under a heart-shaped arch of orange blossoms.

When the couple left on a trip to El Paso, the bride was wearing a charcoal gray silk fall suit, with an Eisenberg lapel clip and a scarf of smoke rose velveteen. She chose a grey felt hat and matching suede pumps. Her gloves were of black velveteen and her corsage was a purple orchid.

A graduate of Pecos High School, Mrs. Holder attended Sul Ross College in Alpine and Texas Technological College in Lubbock.

Corporal Holder, a graduate of Shamrock High School, also attended Texas Tech for three years before his induction into the army. He is the son of Mr. and Mrs. N. J. Holder.

The couple will be at home at Fort Ord, Calif., where Corporal Holder will be stationed.

Passion Play To Be Staged

Josef Meier

The Black Hills Passion Play, now in its 79th year of continuous presentation, will be staged September 21-26 in the Lubbock High School auditorium.

Under the sponsorship of the Lubbock Lions Club, the play will feature Josef Meier as the Christus. Proceeds from the performance will go into the club's service fund.

The drama had its origin in 1242 A. D. in Luene, Westphalia. After almost 700 years of presentation in its home in Europe, the play started on a world tour occasioned by the rise of the Axis regime and arrived in the United States in 1932. Later it was permanently established in the Black Hills of South Dakota.

Advance ticket sale will begin September 7 in the lobby of the Hilton Hotel in Lubbock. Dudley Brummett is the president of the Lubbock Lions Club.

The American Revolution ended Oct. 19, 1781.

Thirsty Temple To Drill Third Well

TEMPLE — A third water well is to be drilled by Temple to relieve a critical water problem.

One well has hit water and a second well was down to 790 feet Saturday.

City officials expect each new well to add 1,250,000 gallons daily to the supply. The city has enough water to last until September 7.

A ban on air conditioners and other strict enforcement measures greatly relieved the shortage last week.

Joan Arnold Weds Charles S. Ryan

In a ceremony performed Monday in the Highland Park Methodist Church in Dallas, Joan Arnold of Dallas became the bride of Charles Stewart Ryan of Midland. The Rev. William H. Dickinson, Jr., officiated.

The bride is the daughter of Mr. and Mrs. Mac Arnold of Dallas. Ryan is the son of the late Dr. William Emmett Ryan of Midland and Dr. and Mrs. W. R. Snow of Abilene.

The church was decorated with large arrangements of white mums and pompon chrysanthemums. James Melior was the organist and Mayme Duffey, soloist.

Mrs. James Edwin Kirkland was the matron of honor. The best man was Dr. William Emmett Ryan III, brother of the bridegroom. Ushers were Edward Fenstermaker of Midland, David Mebane of Waco and Naud Burnett of Dallas.

Given in marriage by her father, the bride chose a demi-tasse length gown of white imported Swiss organdy. The molded bodice was

fashioned with a tiny stand-up collar and molded sleeves rimmed with a narrow cuff. An applique motif of white pique in a lattice and leaf design extended down the front of the dress.

She wore short mitts of organdy accented with the same applique motif. Her shoulder length veil of imported French illusion fell from a deep crot of organdy. She carried a white Prayer Book topped with a bouquet of white orchids surrounded with stephanotis, lily-of-the-valley and maline.

Mrs. Kirkland wore a demi-tasse length dress of white pique organdy accented by graduated strips of mist blue. The wide square neckline was caught at either side by a blue velvet bow. The skirt was full and gathered. She wore a tiny mist blue velvet hat and carried a bouquet of pink carnations and symmetrical loops of blue velvet.

After the wedding, a reception was held in the church parlor. A pink satin cloth with a bouffant laceon skirt covered the rectangular cake table. The table was centered with an arrangement of white pompon chrysanthemums, pink amaryllis, rubrum lilies and carnations. The cake was heart shaped.

Those in the house party were Claire Ownby, Mary Mungler, Barbara Sue Brewer, Nancy Coker, Mrs. Edward F. Fenstermaker and Mrs. Stephen Denning.

For the wedding trip the bride wore a navy silk suit with navy and white accessories. Her corsage was white orchids.

After the wedding trip the couple will be at home in Waco where Ryan is a pre-medical student at Baylor University.

The bride is a graduate of Hockaday School and the University of Colorado. Ryan is a graduate of Castle Heights Military Academy.

A dry water course is known in Arabic countries as a wadi.

Mrs. Charles S. Ryan

Pastor Begins Ninth Year In Midland Church

Sunday marks the ninth anniversary of the Rev. Vernon Yearby as pastor of the First Baptist Church in Midland.

When the Yearbys first arrived here, the church had a total membership of 1,696. Now the total is 2,063. During Mr. Yearby's ministry, the church has helped to establish two missions, the Terminal Baptist Church and the Bellview Baptist Church. The church also sponsors the Mexican Baptist Mission in Midland.

A building fund campaign has been conducted successfully in the last few months to raise funds for a new church plant. The new building will be erected at the corner of Louisiana and Garfield Streets.

McCamey Employs Six New Teachers

McCAMEY — At a special meeting of the Board of Trustees of the McCamey Independent School District, six teachers were employed for the coming school year.

New teachers included William Gores, junior high school instructor, and his wife, a fourth grade teacher. Both are graduates of Howard Payne College.

Mrs. Gladys Johnson of Orange was elected first grade teacher in the Westover School, and Miss Bobbie Stahl was named girls physical education teacher for the elementary school. Miss Stahl is a graduate of NTSC and is from Lorraine, Texas.

Mrs. Wilbur Wood was elected fourth grade teacher. She is a graduate of TWC. Mrs. Howard Newton was named librarian.

Big Red Rooster Falls Down On Job

SYRACUSE, N. Y.—(AP)—A big red rooster flopped Saturday when called upon to crow the opening of the New York State Fair.

The barnyard bragger stood silent when he was supposed to crow into an amplifier and thereby set off a switch to open the massive fair-ground gates.

Some people speculated the cock didn't see anything to crow about. Shies were overcast, the temperature was chilly and the crowd was small.

The act went on. The foresighted General Electric Company had a recording of the rooster's voice.

The Yukon River is navigable by shallow draft steamer for 1,771 miles.

DAUGHTER OF DRUG CHAIN FOUNDER DIES

DALLAS—Mrs. Zola Skillern Ferguson, whose father founded the Skillern Drug Store chain, died Saturday after an extended illness.

Her father was the late J. A. Skillern.

Magazine Survey Shows Advertising Prices Must Rise

NEW YORK—The survival of the daily newspaper in the U. S. depends on sharply increased advertising rates, the editors of Fortune magazine concluded Saturday in a study of the newspaper business.

The break-even point for large dailies is seen due in 1953, if present trends persist.

While advertising is still selling at "prewar bargain rates," newsprint costs have shot up—and are likely to stay up—Fortune points out.

The result: from 1946 to 1950, dollar profits of a typical large newspaper declined by more than half, even though the newspaper took in more money in 1950.

"At this rate the break-even point is about two years ahead," Fortune observes.

Fortune foresees no decline in the price of newsprint, which has risen from \$40 a ton before World War II to the present \$121 for Canadian output.

"That the survival of the large daily newspaper in the U. S. depends on sharply increased advertising rates seems blatantly obvious. Indeed, the newspapers would be far better off if a rate increase of say 30 per cent cut lineage enough to produce precisely the same revenue; for a lineage reduction also brings with it a significant drop in newsprint use, composition costs, etc."

Texas Construction Shows Slight Gain

AUSTIN—Texas building showed a slight gain last week.

Total construction contracts for the week were \$9,389,090 compared with \$8,956,874 the previous week. Total for the year so far is \$761,824,642.

The Texas Contractor, building trade journal, reported that engineering contracts led last week with a total of \$4,918,659. Home building was low with \$1,307,700.

+Crane News+

CRANE—Mr. and Mrs. R. O. Warren spent the weekend in Pampa with Mrs. Warren's sister and husband.

Mr. and Mrs. L. R. Mills and Eugenia and Wanda LeClaire spent a week fishing at Spring Creek near Mertzon.

John Wallace, Helen Zimmerman Wed In Recent Iowa Ceremony

PECOS—Helen Ruth Zimmerman of Aredale, Iowa, became the bride of John Wallace, Jr., recently in a candlelight wedding in the First Methodist Church in Aredale.

The Rev. W. M. Zimmerman officiated at the double-ring ceremony. The bride is the daughter of Mr. and Mrs. W. A. Zimmerman of Aredale. Mr. and Mrs. John H. Wallace, Sr., of Pecos are the parents of the bridegroom.

Vows were read before an improvised altar flanked with baskets of white gladioli and candelabra decorated with white satin bows.

Marilyn Mannings, college roommate of the bride, played the processional and recessional and accompanied Mrs. Wayne Frantz who sang "With This Ring," "I Love You Truly" and "Wedding Prayer."

The bride, given in marriage by her father, wore a gown of white satin and chantilly lace, designed with a deep yoke applied with lace. The pointed basque bodice fastened down the back with miniature lace-covered buttons and the long sleeves ended in points over the bride's wrists. Chantilly lace applied on satin formed the full skirt which extended into a cathedral train. The bride's finger-tip veil of imported illusion and matching chantilly lace fell from a tiara of seed pearls.

Carries White Bible
She carried a white Bible topped with pink rosebuds. The Bible was a gift from her mother. For her traditional "something old" she wore a gold bracelet belonging to her paternal grandmother. She also wore the traditional "something borrowed and something blue."

Mrs. Carl Zimmerman, sister-in-law of the bride, served as the matron of honor. Bridesmaids were Mrs. Glenn Hummel of Allison and Carol Minert of Rochester, Minn.

The attendants wore identical pink dresses of organdy over taffeta with matching milite and pearl chokers which were gifts from the bride. They wore pink nose-veils and carried bouquets of white and pink gladioli.

Candlelighters were Sara Ann Wallace of Pecos sister of the bridegroom, and Ronnie Minert, of Rockwell, cousin of the bride. They were dressed in white.

Altar candles were lighted by Dawn Piper of Mason City. She wore a white taffeta evening dress embellished with gold thread. Flower girl was Bonnie Minert of Rockwell, cousin of the bride. She wore a dress of white organza trimmed

with embroidered organdy and lace. Her headpiece was a halo of pink net and tulle into which were woven tiny flowers.

Mrs. Zimmerman chose for her daughter's wedding a black sheer dress with a pink beaded collar. She wore black accessories and a corsage of pink rosebuds. Mrs. Wallace wore a black lace dress with black accessories and a red rosebud corsage.

Following the wedding a reception was held in the church parlor for 200 guests. Mrs. William Howe was hostess. Guests were registered in a white leather bride's book.

The table was covered with a white rayon satin cloth and centered with a four-tiered wedding cake. When the couple left for a trip to Wisconsin, the bride was wearing a pink Saxony suit with black accessories and a corsage of pink rosebuds.

The bride was graduated from Dumont High School and attended Iowa State Teachers College for two years. Last year she was a teacher in Waverly, Iowa.

Wallace is a senior at Texas A&M College.

Seven Injured When Flare Shell Explodes

EDGEWOOD, MD.—(AP)—A flare shell being given its final check exploded at the Army's Edgewood Chemical Center Friday, injuring seven civilian workers, two seriously.

The shell had been filled with chemicals and had been rolled into a gauge to check it for size when, for some reason, the fuse let go and the shell went off.

The shell was given its final check at the Army's Edgewood Chemical Center Friday, injuring seven civilian workers, two seriously.

The shell had been filled with chemicals and had been rolled into a gauge to check it for size when, for some reason, the fuse let go and the shell went off.

MARRIED RECENTLY—After a honeymoon to New Mexico, Mr. and Mrs. Fred A. Bond will be at home in Crane. They were married recently in Portales, N. M. The bride is the former Doris Collins, daughter of Mr. and Mrs. R. J. Collins of Crane. Bond is the son of Mrs. Anna Bond of Mineral Wells.

Karin Kinsey, Jack Ramsay Have Double-Ring Ceremony

CRANE—Vows were solemnized Friday in the First Presbyterian Church in Sweetwater for Karin Kinsey and Jack Cummins Ramsay, Jr. of Crane.

The Rev. Clifford Williams, pastor of the Ridgion Presbyterian Church in Port Worth, officiated at the double-ring ceremony. He was assisted by the Rev. Dwight A. Sharp, pastor of the First Presbyterian Church in Sweetwater.

The bride is the daughter of Mr. and Mrs. Kirby Kinsey of Sweetwater. The bridegroom's parents are Mr. and Mrs. J. C. Ramsay, Sr. of Laredo.

Large baskets of white gladiolus flanked the altar and decorated the center panel. Four candelabra holding seven cathedral tapers apiece completed the altar decorations. Entrance and exit aisles were marked with large bows of white satin ribbon.

Plays Nuptial Music

Mrs. Weldon Patterson, organist, accompanied Betty Lewis who sang "The Sunshine of Your Smile" and Larry Hubbard who sang "Because" and "The Lord's Prayer". Nelda Beth Kinsey, sister of the bride, was the maid of honor and

Marilyn Kinsey, also a sister, was junior bridesmaid. Other attendants were Norma Jean Billingsbee of Colorado City, the bride's roommate at Trinity University, Elizabeth Ramsey of Lubbock, sister of the bridegroom, Mrs. Harland Birdwell of Snyder and Charlene Fry of Sweetwater.

The attendants wore identical pink dresses of organdy over taffeta with full gathered skirts, fitted bodices and tissue necklines. They wore heart-shaped headpieces of pink organdy trimmed in ruffles and bows and carried crescents of pink carnations tied with old rose ribbon.

Jennifer Weaver, daughter of Mr. and Mrs. Peyton Weaver, was the flower girl. She wore a white evening dress. Ringbearers were Rebecca and Johnny Kinsey, cousins of the bride. They were dressed in white and carried the rings on white satin pillows. They are the children of Mr. and Mrs. Glenn Kinsey.

Roy Sherrard of Austin was the best man. Ushers were Jim McCrary of Austin, Lewis Waterstreet of Midland, Bob Hawkins of Comstock and C. D. Birdsong of Crane.

Wears Satin Gown
The bride, given in marriage by her father, wore a white slipper satin dress fashioned with a high round neckline and a marquisette yoke. Satin folds around the neckline gave a bustle effect. The skirt, gathered to a fitted bodice, fell into a long train and the long sleeves came to points at the bride's wrists.

Her lace-edged illusion veil of nylon chantedly fell from a pearl tiara. She carried a bouquet of white rosebuds with a ribbon shower and a corsage center.

Following the ceremony, a garden reception was held at the home of the bride's parents. The bride was graduated from Sweetwater High School and Trinity University.

The bridegroom is the pastor of the First Presbyterian Church in Crane. He was graduated from Davidson College in North Carolina and from Union Theological Seminary in Richmond, Va. He holds a doctor's degree from the University of Edinburgh, Scotland. In the past, he has served as pastor of the Westminster Chapel of the First Presbyterian Church in Sweetwater and the Presbyterian Church in Roscoe.

When the couple left for a wedding trip to New Orleans, the bride was wearing a pink gabardine suit with pink and purple accessories. She wore the corsage from the center of the bride's bouquet.

The couple will be at home in Crane after September 20.

Miller To Visit Odd Fellows Homes

Leonard H. Miller of Midland, grand warden of the Grand Lodge of Texas Odd Fellows, will leave Sunday for an inspection of lodge homes at Corsicana and Ennis.

He will be accompanied by Mrs. Miller and their two daughters, Margie Carol and Frances Ann. Miller has lived in Midland since 1923 and has been active in other civic and service organizations in addition to Odd Fellows. He has served as vice commander of the American Legion, 1946, and commander of the Veterans of Foreign Wars post the following year and in successive years was junior vice commander of District 25, VFW, and deputy chief of staff of the VFW Department of Texas.

He also has served as chaplain of the Fraternal Order of Eagles. Miller, a veteran of World War II overseas service, has been a member of the Midland Odd Fellows lodge since 1938.

On his Labor Day tour he will visit the Odd Fellows Home at Corsicana and the Odd Fellows Home for aged persons at Ennis.

Mr., Mrs. Bond To Live In Crane

CRANE—After a wedding trip to points in New Mexico, Mr. and Mrs. Fred A. Bond will be at home in Crane.

The couple was married recently in Portales, N. M. The Rev. B. R. Lindman, pastor of the First Baptist Church, officiated.

The bride wore a navy blue suit with pink accessories and a pink carnation corsage.

The bride is the former Doris Collins, daughter of Mr. and Mrs. R. J. Collins of Crane. Bond is the son of Mrs. Anna Bond of Mineral Wells.

Bond is employed by the Southwestern Bell Telephone Company in Crane. Mrs. Bond is an employe of the Sinclair Oil and Gas Company in Crane.

Fuzzy-Faced Car Thief Makes Things Easy For Officers

HOUSTON—(AP)—A fuzzy-faced 17-year-old turned up Saturday with an unusual method of checking with his parole officer.

"Will you notify the federal officer here that I just drove back to town," the youth told Dispatcher Jerry Armer.

"The 1951 Chevrolet I stole in Port Smith, Ark., to come back here after a visit with my brother is parked in your parking lot."

And, he added, "I'm on parole for interstate car theft."

The boy and the car—minus fender skirts and spare tire sold for gas on the trip down—were to be turned over to federal authorities.

Nine-County Area Designated For Loans

WASHINGTON—(AP)—Nine Central Texas counties have been designated as a disaster loan area because of a prolonged drouth which severely damaged crops, pastures, peanuts and cotton.

The Department of Agriculture Friday said Comanche, Brown, Coleman, Runnels, Concho, McCulloch, Mills, San Saba and Menard counties would get special assistance from the Farmers Home Administration. A farmer whose crops were damaged may obtain a loan if he is unable to obtain credit from other sources.

The beaver made up the main bulk of all trapping and fur trading done in early days in America.

CLINIC TO CLOSE
The clinic and business office of the Western Clinic-Hospital will be closed Monday, Labor Day. A physician will be on emergency call for the hospital.

Mrs. Fred Bond Is Shower Honoree

CRANE—Mrs. Fred Bond, the former Doris Collins, was honored with a bridal shower Thursday in the Gulf Recreation Hall.

Hostesses were Mrs. Hayes Damon, Mrs. Waldo Arnold, Mrs. Claude J. LeClaire, Mrs. Hubert DeLaney, Mrs. R. L. Maynard, Mrs. Lester Ervin, Mrs. Paul Davidson, Mrs. Coy Pope, Mrs. Durwood Gaines and Mrs. Jerry Bell.

The table was covered with a lace cloth and centered with a crystal punch bowl on a mirror.

Mrs. Durwood Gaines presided over the registry, and Mrs. John Hays presided at the bride's book.

The honoree wore a bronze tulle corsage and her mother, Mrs. R. J. Collins, wore a corsage of white mums. Pots of ivy were used for decorations.

Approximately 100 guests attended.

UN Group Condemns Jailing Of Newsman

GENEVA—(AP)—The United Nations Economic and Social Council Saturday gave final approval to a United States resolution condemning arbitrary punishment by governments of foreign correspondents because of their attempts faithfully to perform their duties.

The resolution was introduced as a result of the trial and imprisonment for 10 years of Associated Press Correspondent William N. Oatis in Prague.

FIRST HOWARD SALE

BIG SPRING—(AP)—Frank Fryar brought in Howard County's first 1951 bale of cotton Friday. It weighed 530 pounds.

DADDY RINGTAIL

Daddy Ringtail And Help! Help!

Mugwump Monkey, the monkey boy, bought a picture show ticket from the old hound dog with droopy cheeks who sat in the little place where picture show tickets were sold. Mugwump went on in and gave the ticket to the skinny old lion without any teeth who stood at the place for taking the tickets.

Mugwump stopped for a minute to smell the popcorn there at the popcorn places, but Mugwump didn't buy any. He didn't have the money with him, and besides, Mugwump didn't want to eat popcorn. No air, because he had a tooth that could wiggle. Mugwump wiggled it with his tongue. It was fun to wiggle it. Mugwump knew if he wiggled and

wiggled the tooth enough, out it would come sometime. Yes, and then the tooth would have to be saved to put beneath his pillow at night. Oh my yes, because next morning—always after a tooth is put beneath a pillow—a dime is

found where the tooth had been. And so all this is why Mugwump

Textile Dealers Are Losing Money

By WESLEY DAVIS

SINGAPORE —(P)— Dealers in textiles in this British crown colony are worried—they're losing a lot of money. That's because their original idea was to make a lot of it.

The market now is flooded with Indian and Japanese textile materials and buying has sharply tapered off. When prices rose sharply because of the Korean War, many textile firms thought things were going to get much worse. So they bought up everything they could, placing extraordinarily big orders.

But the prices in Japan suddenly nosedived, and material which cost \$1 per yard now is sold at 40 cents. The result: the price in Singapore has dropped to about 50 cents.

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)
Michael V. DeSalle says: OPS is an unwanted child; Chief job is to prevent profiteering; Every American can fight inflation.

(Ed. Note: While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several distinguished guest columnists, today by Michael V. DeSalle, director of the Office of Price Stabilization.)
WASHINGTON — Writing this column for Drew Pearson today instead of reading it, deprives me of a pleasure I enjoy each morning. For each morning I read the column to find out what his predictions are on what we are about to do—and surprisingly enough sometimes the predictions have been right. Occasionally, reading the column is not a pleasure, for its steps on the toes of some of my friends. But I guess no one likes to see his friends unhappy.
Generally, however, I enjoy the column because of its hard-driving support of the stabilization program which we feel is so right and so necessary. We appreciate this support because of the attitude of some people in treating the Office of

Price Stabilization like an unwanted child. Like the unwanted child, we did not ask to be born. We were not self-created. We were born out of the emergency of Korea plus the need for a strong American defense against aggression. Our work parallels the rest of the other emergency mobilization agencies created by the Defense Production Act to build this defense for America.
Other agencies have the obligation of spurring production and channeling of materials. Our job is the control of prices which are so susceptible to rise in times when the nation's economic resources are under pressure.
Shortsighted Individuals
This obligation is bound to place us in conflict with those individuals who look on the nation's emergency as a time for systematically plucking its citizens. These shortsighted individuals do not seem to know or care that this process produces only phony dollars. Their own actions strike at the strength of the system which they prate about, but so poorly serve.

The dangerous thing is that these people are a minority but they become price-setters if the nation leaves them unrestrained. It takes just a few people to destroy the normal reliance on and compliance with the laws of the land. The murderer and the thief are the exceptions in a society. Yet we build vast and expensive law enforcement systems to protect the many from the lawless few.
We must protect the business community from the few who will profiteer. The retailer works on a margin. He is in daily contact with the consumer. He certainly enjoys very little pleasure in constantly increasing his prices. But if he is to stay in business he has no alternative if his costs continue to increase. The wholesaler, the manufacturer, all face similar problems. It takes only a few increasing costs to set the upward pressures in motion, for each segment of business must maintain its competitive position.
It takes many hours of work by a great many people—it costs the nation a great deal to support an economic control program. But the alternative is far more costly.
From Korea to Feb. 15, 1951, the cost of living in the United States increased eight percent. Translated into dollars, these price rises cost the American people 18 billion dollars. The increase from Feb. 15, 1951, to June 15, 1951, was eight-tenths of one per cent or less than two billion dollars.
While we were holding this price line, the index in our neighboring nation Canada—which has no direct price controls—increased 5.3 per cent during the same period. If our prices had been going up at the same rate as Canada's, it would have cost the American consumer seven billion dollars—about \$150 per fam-

ily of three persons. Instead, this same family paid less than \$1 to help the government run our American price control program during this same period.
Stability Achieved
More important than the dollar savings, of course, is the stability achieved and the danger of inflation averted.
In times of rising prices the manufacturing worker can take care of himself somewhat better than other average people. But he represents a small percentage of American workers in comparison to those who are hit by inflation—the white collar workers, the low income workers, the government workers, the pensioners, the man or woman who has worked for many years and finally has retired on savings, or the young wife and family of a serviceman overseas. All these people see their standard of living reduced and their hopes of a secure old age shattered by prices over which they have no control. And even the factory worker will fall behind in the race between prices and wages.
The need to protect our people from inflation and the absolute need for stability to help achieve defense production give patriotic Americans all the incentive they need to support our price control program. What would it profit us if we strain our resources to build military strength and at the same time tear down the American economy? The Kremlin could ask for nothing better.
So many Americans ask, "What can I do to help in these times?" So many feel hopeless because they cannot carry rifles or cannot fly planes or man tanks. But this fight against inflation is something in which every American can play a part.
The businessman can practice restraint in his pricing practices. The consumer can avoid buying all except those things he really needs.
There has been what the economists call a "softening" of prices of many items at this time. But the American people need to know that the inflationary bomb has a delayed fuse. The pressures ahead are building up—rising world prices, a billion dollars a week in U. S. defense costs, less civilian production in relation to civilian spending power.
Common sense, hardheaded realism and a determination by the people to act together for the national security will see us through a difficult two years ahead.
Certainly this is a small price to preserve the freedom, the security and the abundant living standards that Americans have built for themselves through the years.

GREENWOOD PLANT UNDER CONSTRUCTION

Shown is an architect's drawing of the new \$225,000 Greenwood community school building now under construction. Funds for the construction were obtained in a recent bond election. The Greenwood school, located in Midland County, expects more than 175 students for the 1951-52 term. General contractor for construction of the new school is the firm of Johnson & Carr, Midland.

'51 Building Permits Total \$8,730,080 With Week's \$71,000

Building permits issued in Midland last week totaled \$71,000 to bring the 1951 construction mark to \$8,730,080.
Largest permit of the week went to James A. Puckett, to build a \$17,000 brick residence for F. T. Brahaney, Jr., at 1711 Douglas Street.
S. P. Clark, builder for C. P. Pusek, was issued a permit for an \$11,450 brick veneer residence at 2405 Cuthbert Street.
A permit for a \$7,000 frame residence at 1908 West Washington Street, was received by C. J. Bryson. And a permit for a \$6,000 frame residence at 1207 Moran Street was issued to L. M. Willaby.
Other permits of the week included: F. W. Stonehocker for Whitmire Plumbing Company, \$4,850, brick and frame business structure at 401 East Louisiana Street; W. E. Howard, \$4,000, frame with asbestos siding, lumber yard at 3300 Old Bankhead Highway; G. L. Watson, \$4,000, frame servant quarters at 1405 Ranchland Road.
J. B. Moser for Acme Lumber Company, \$3,000, move corrugated iron warehouse to 1404 South Marland Street; W. M. Dressler, \$2,000, move frame, servant quarters to 303 East Cowden Street; O. C. Connell, \$2,000, move frame residence to 2005 West Florida Street for W. C. Wightman.
Other permits went to J. L. Davis

Senate Approves Cut-Down Version Of Foreign Aid Bill

WASHINGTON —(AP)—The Senate Friday night approved a \$7,286,260,000 foreign aid program to bolster free-world defenses against communism.
The total was \$1,213,750,000 less than the \$8,500,000,000 asked by President Truman. And it was \$212,500,000 below the authorization passed earlier by the House.
A part of this may be restored by a Senate-House Conference Committee.
Cotton seed is used as a remedy for baldness in children at the Santa Clara Indian Pueblo in New Mexico.
for C. R. Hall, \$3,000, move frame residence to 1402 South Main Street; Sam King, \$3,000, tile office structure at 103 Lee Street; Cloyeta Christian, \$1,000, repair servant quarters at 1008 West Indiana Street.
Melvin Marshall for Mrs. Eva Yaddell, \$1,000, alter frame servant quarters at 1308 North Colorado Street; E. C. Trice for A. A. Wilson, \$300, move frame residence to 808 East Kentucky Street; J. S. Burkett, \$300, frame and concrete car port at 3216 West Louisiana Street; Owen Ingram for H. B. Beckmann, add to frame residence at 102 Club Drive.

Hundreds In Fannin County Feel Sting Of Virus Disease

BONHAM, TEXAS —(AP)—"Devils Grip," a virus disease, has caused hundreds in Fannin County a painful time since August 1.
There have been no deaths, and Dr. Joe A. Riser, head of a clinic here, said that while the disease is painful for a time, it fades away.
Riser estimated 5,000 to 8,000 cases. Two other doctors said they thought the estimate may be too high, but said "there have been quite a few cases."
Dr. George W. Cox, the state health officer, said the outbreak in Fannin County was a "light epidemic." He estimated 1,000 cases had been reported.
The disease is also known as pleurodynia. Doctors here said it begins with high fever, causes severe pains in the chest or abdomen and last two or three days.
Most Fannin County patients have remained at home for treatment.
Riser said the number of cases developing apparently had fallen off some.
Cox said indications are the disease may be spreading to other sections of the state. He described the disease as "not serious—but it makes you pretty sick for a couple of days."

Drilling Contractor Dies In Road Crash

SNYDER —(AP)—A Snyder drilling contractor, Bryan Elmo Jordan, Jr., about 55, was killed Friday night when his car hit the rear of a truck, about 15 miles west of Snyder.
Two occupants of the truck were not hurt.

Fisherman Chokes Alligator To Death

ATHERTON, TEXAS —(AP)—Albert McCool displayed footprints that looked like alligator footprints, he took up his story of having killed an alligator with his bare hands.
McCool is a professional fisherman at Koot Koot Club, near here. He said he found the alligator in the net Thursday. Thinking it was tangled securely he reached for the net.
The alligator whipped around and clamped onto his right hand. It shook him like a terrier with a rat, trying to pull him overboard.
McCool said he managed to open his long-bladed pocket knife with his free hand and began cutting at the reptile. Then he dropped the weapon and began choking at the tough, scaly throat.
McCool said that after about 15 agonizing minutes of this the gator was throttled and died.
Dr. R. E. Henderson treated the injured limb, and repeated severe lacerations of the hand, wrist and forearm.

7:30 p.m.: Evening service.
The median age of male and WAO officers in the U. S. Army is between 28 and 36, according to Army records.

WHICH HAND
will You choose?

This is the hand of Justice. It reproves those people who have strayed from the path of truth and good living. Honest men and righteous men have chosen another hand; one which is not pictured here. They never need the reproof of Justice, for they have chosen the Hand of God. Each man is free to decide which hand will lead him. Some never see the Hand of God, and their way through life is barren and pointless. But with the help of the Church, you can find the right path. By attending its services and joining in its work, your way through life can be made straight and happy. Take the Hand of God, and you need never fear stern Justice.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the and material support. Plan to go to church regularly and read your Bible daily.

Expert Advice On Home Building Can Be Had From Dealer

Are you considering expansion of your home—or perhaps the conversion of an attic or basement area into an extra room? If so, it's wise to obtain expert advice and guidance before you start.

Whether you plan to do the work yourself or hire skilled mechanics, your local lumber dealer probably can show you how to get the best results for your efforts and money.

The lumber dealer of today is no longer merely a dispenser of lumber. In most cases he is a fount of information on various aspects of home building and home improvements. He not only can help you plan your project, but may even provide complete sketches and blueprints. If you wish, he can arrange to have the entire job handled by skilled craftsmen and financed either by himself or by an appropriate lending agency.

In selection of materials best suited for a specific job the lumber dealer also can be of valuable assistance. Besides stocking ordinary lumber, he usually carries a line of modern fabricated materials such as insulating boards, which are especially suited to remodeling purposes.

Sturgeon meat is usually smoked.

Home Owner Needs To Know Language Used By Builder

The construction industry has a jargon all its own and it is necessary for the layman who is planning to build or demolish to understand this language. For that reason, the U. S. Bureau of Standards has produced a glossary (Report BMS-91) which succinctly explains the words. Some of the most-used terms follow:

Backfill—Replacement of earth in a trench or against a structure.

Bearing wall—Wall which supports any load in addition to its own weight.

Coping—Cap at top of wall to shed water.

Dry wall construction—Interior wall finish in material other than plaster.

TEXAS WESTERN HIRES SUL ROSS PROFESSOR

EL PASO — Dr. A. Neil Foster has accepted a position as associate professor of education and director of placement and extensions at Texas Western College, Dr. Wilson H. Ekins, president, announced.

Since 1946 Dr. Foster has served as professor and chairman of the department of education and director of the division of teacher training at Sul Ross State College.

Youngster's Room Deserves Careful, Thoughtful Planning

A child's room must clean easily, stand up under rough treatment, be well organized so as to instill orderly habits, and be filled with interest for the child. It also should be planned to grow up with the child, from infancy to teen-age.

Before choosing furniture and planning storage and play facilities, most interior designers choose the room's color plan. Even the very young child should be consulted as to his own color preferences, with adult guidance.

Moods of young and old alike are affected by color, and it is especially important that this be given careful consideration in a child's room. Drab, dull colors create a moody disposition; bright, gay treatment of walls, floors and furnishings has an opposite effect.

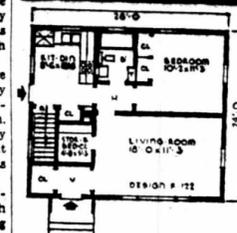

Wall color of canary yellow, leaf-green or rose can be accented with brilliant splashes of contrasting color in draperies and furniture trim. Woodwork should match the wall color to conceal finger-marks.

Reeves County Has Perfect Score In Retrieving Autos

PECOS—Reeves County had maintained a perfect score for retrieving stolen automobiles last week as officers in Carthage, Mo., reported to Sheriff Charlie Fitzgerald, Jr., they apprehended a man driving a 1951 Ford belonging to Reeves County Motors.

The car was reported stolen here August 12. It was the thirty-fifth automobile stolen in this county since the first of 1949, and all 35 have been recovered, Fitzgerald said.

ception of one year during World War I when he was overseas with each of his birthdays, with the ex-

COMPACT PLAN—The Fairfax is designed for a couple and has only one bedroom. It is small and economical to build. A closet in the living room can be used for storing a roll-away bed. Entrance to the living room is through a vestibule and all rooms open into a small hall. Storage closets are well located throughout the house. The exterior has siding and asphalt shingle roof.

Flat Tire Costs Austin Man Heavily

A flat tire proved a costly mishap early Friday to Edward Scholl of Austin.

Driving toward Midland, Scholl stopped about 4 a.m. when the tire went flat 28 miles south of Midland on the Garden City Highway.

He removed the wheel, hauled a ride into Midland and had the tire repaired.

When he returned, he told police, the other three wheels and the battery had been stripped from his automobile.

Married Men Should Figure This Easily

Some married men might be able to figure this one out.

At 1 a.m. Friday, a woman walked into police headquarters and told Dispatcher Sabre Thorne she needed some police help.

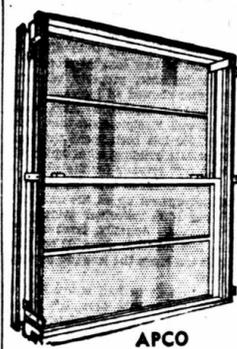

Her husband, she said, was tearing up their house and she wanted police to quiet him.

"What's he mad about?" asked Miss Thorne.

"He's mad," answered the woman, "because I fix his lunch at home and take it to him out on the rig where he is working."

Experts Seek To Make Homemaker's Life Less Difficult

Don't be a perfectionist. But be efficient.

This is the latest advice from home economists who spend their research time finding ways to make the homemaker's life easier. They suggest that too many diligent housekeepers unnecessarily overwork themselves. Here are some tips:

Equip the home, especially the kitchen, with the most modern appliances you can afford, and design the house for time saving. That is, eliminate factors which are certain to require a lot of cleaning time and, instead, substitute easy-to-clean materials such as clay tile for walls, floors, drainboards and wash basin counters.

Organize household work so that it is distributed as evenly as possible over all days of the week. Allow time for a nap each day.

Necessary Jobs

Decide which jobs are absolutely necessary and concentrate on them. Don't wear yourself out on chores which merely reflect that you are overly meticulous, much to the discomfort of the family, which would like to relax in the midst of clutter now and then.

Learn short-cuts, such as a daily wiping down with a damp cloth the walls and other surfaces in kitchen, bathroom and playroom. Such minutes spent may mean hours saved.

Avoid frills. They may satisfy some inner craving of the feminine soul, but they're a pain in the arm when it comes to dusting them, ironing them, or keeping them out of the way of jelly-smeared fingers.

West Texas' Cotton Crop May Be Under Two Million Bales

ARLINGTON — This year's cotton crop may fall under 2,000,000 bales in West Texas—the entire region of 132 counties served by the West Texas Chamber of Commerce. This is indicated by reports gathered by the WTCC.

Reports of county agents and representatives of ginning and cottonseed crushing interests were received from 78 of 92 cotton-growing counties of the WTCC territory.

As of August 28, these reports forecast total production of approximately 2,325,000 bales of which 1,404,000 bales were expected to be harvested in 20 South Plains and Panhandle counties.

Another Drop Forecast
While prospects were materially brightened on the South Plains by mid-August rains, continued extreme heat and drought almost everywhere below the Cap Rock reduced the forecast for 30 Rolling Plains counties 100,000 bales during August. Observers said that may drop another 100,000 bales if a general rain is not received prior to September 10.

In the Midland area, the Midland County forecast is 4,000 bales from 45,000 acres; Martin County, 20,000 bales from 125,000 acres; Howard, 20,000 bales from 150,000 acres; Andrews, 1,500 bales; Dawson, 67,500 bales; Lubbock, 230,000 bales; Gaines, 40,000 bales; Reeves, 85,000 bales.

Livestock

FORT WORTH — Livestock compared to week ago: Stocker and feeder demand dominated the trade, steady to 50-100 higher.

Hogs 25-75 lower; sheep steady to strong.

Slaughter steers and yearlings 22-36, slaughter cows 14-29, slaughter calves 18-35, stockers 25-29.50, stocker steers and yearlings 23-24, stocker cows 30.00 down.

Hog top 21.50; sows 16-19, feeder pigs 19.00 down.

Fat lambs 31.50 down; fat yearlings 26.00 down; slaughter ewes 16-18, yearling ewes 25.00 down, two-year-old bucks 22.00 down.

Proposed Budget For Pecos Calls For Slash In Tax Rate

PECOS—A proposed city budget for the 1961-62 fiscal year figured on a tax rate cut of 30 cents on the \$100 valuation has been filed with the city secretary. Public hearing on the budget will be held at 9 a.m. September 13, at the City Hall.

Prepared by Mayor Cecil Cothrun and Secretary Dub Martin, the budget calls for an expenditure of \$171,985.40. Still subject to alteration by the council, it will be aired at the public hearing and presented for adoption.

The present city tax rate is \$1.80, of which \$1.11 goes into the general fund and the remaining 69 cents goes to paying off bonded indebtedness.

Under the suggested arrangement, 91 cents will be taken for the general fund, with the debt payment remaining the same. Thus, the new tax rate would be \$1.60. Estimated expenditures for the new budget show an increase of approximately \$27,700. Martin said this would be more than offset by creation of new taxable property.

For instance, property valuation this year showed an increase of approximately \$1,400,000. Also, building permit receipts show that about \$1,000,000 has been spent this year for private building, all of which will mean new revenue for the city.

Mayor Cothrun said the proposed budget was set up on the basis of a 90 per cent collection average on city taxes. Actually, however, the city has collected about 96 per cent of its tax levies the last two or three years.

In 1944 Pecos had a tax rate of \$1.50. Since that time, the mayor said, this city has experienced tremendous expansions and improvements, yet the proposed rate is only 10 cents above that in 1944.

"I don't believe there's a town in West Texas that can match that," Mayor Cothrun said.

Councilmen commended both the mayor and Martin for a "good job" on the budget.

Present were Councilmen Emmett Beauchamp, James McCain, Bill Bingham and Bill Turpin.

Rankin News

RANKIN—Vernon Black and T. L. Stephenson flew to Fort Worth Wednesday on business.

The Rankin Rebekah Lodge recently initiated two new members at a regular meeting. Candidates were Mrs. M. L. Rowan and Yvonne Park. Twenty attended and were served a salad plate with ham, cookies and ice tea following the meeting.

Mr. and Mrs. Frank Varner and daughter, Rodney Mea, and Rhonda Beth and Frederick Gibson, all of Odessa, were weekend guests of Mrs. Elizabeth Rains.

Mr. and Mrs. Stanley Kozimor and son, Joe Rains, were San Angelo visitors on Tuesday.

Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

When one outfit operates as much ranch country as the Scharbauer Cattle Company, which has ranches scattered over a number of West Texas and New Mexico counties, it is almost bound to rain on some of its country if there is any moisture at all in the vast territory.

Well, that condition holds true this year on the widespread Scharbauer properties, according to Dunn Reiger, office manager for the concern.

The Scharbauer's Buckeye Ranch 20 miles southwest of Loving, N. M., for instance, has had bountiful rainfall all during the year and range conditions there are excellent. "The same thing is true at the company's Five-Well Ranch east of Andrews, and the grass is high and the cattle are fat, Reiger said.

But at the Crowley No. 1 Ranch just west of Midland, it is a different story. It is one of the driest spots in generally dry West Texas, and most of the cattle have been moved off the ranch to greener pastures at other Scharbauer ranches. The North and South Curtis places north and northeast of Midland are in fair condition, but more rain is needed, according to Reiger.

The market was steady to fairly active at the Midland Livestock Auction company sales Thursday. Ranchers from dry range country still were moving cattle to market, many of them thin. Receipts, mostly stockers, totaled 937 head.

In addition, there will be exhibition herds of Santa Gertrudis, Charolais and Charolais cattle on hand during the opening 14 days of the fair.

Stocker steer calves auctioned for \$33 to \$38, up about 50 cents a hundred from the previous week. Leonard Proctor of Midland drew top prices of \$38.10 for a group of 17 calves that averaged 300 pounds. Heifer calves cashed at \$31 to \$36, steer yearlings \$29 to \$33.

Fat calves and yearlings cleared at \$30 to \$34.50, mediums \$27 to \$30, commons and culls \$21 to \$27. Fat cows sold for \$22 to \$24.50, mediums \$20 to \$33, canners and cutters \$16 to \$20. Bulls brought \$24 to \$26.50, a few to \$27.

Top entertainment with a Western flavor will be presented Monday afternoon in the Sheriff's Posse—sponsored Labor Day celebration at Midland Fair Park. The events will include calf roping, barrel racing, mounted relay races, Cutting Horse contest and a gaited horse exhibition. Midland County cowhands will perform exclusively in the arena, and the winners of the various events will be declared county champs.

It will be a great show. See you out there Monday afternoon, pardner.

Congratulations to W. S. Barnhill who brought in Midland County's first bale of cotton of the 1961 season. The Barnhill farm is located four miles southeast of the Greenwood school.

The first bale is on display in front of The Midland National Bank, where it will remain until it is sold to the highest bidder at a Chamber of Commerce-sponsored auction Thursday. DSG hopes the premium paid the Midlander for his first bale will break all previous records.

And speaking of first bales of cotton, Lealle Hull, Martin County farmer-rancher, has discovered that all luck is not good luck. Hull ginned Martin County's first bale of cotton, which brought him \$1.10 a pound, at a total of \$465.64, auction held last week in Stanton. That was his good luck.

His bad luck came a few days ago when his herd of fine Hereford cattle broke into a green alfalfa field. Eleven of the animals died. Thirty-eight others were saved after receiving treatment.

The cotton money was not sufficient to compensate him for his livestock loss.

Anyway, he had Martin County's first bale of cotton of the season.

Twelve stars of the rodeo world will compete in a \$6,000 steer roping contest Sunday afternoon at Clovis, N. M.

Entries closed Tuesday with the posting of \$500 fees by Toots Mansfield of Big Spring, seven-time world's champion calf roper, and Ike Rude of Buffalo, Okla.

It will be a show of champions.

Urging farmers to place one out of two bales of their cotton in the government loan for four months J. C. Wilson, Pecos president of the Southwest Five State Cotton Growers Association, says that only through a system of orderly marketing can producers be assured a fair price for their crop.

High costs of production in the Southwest this season make it mandatory that growers get an adequate price for their cotton, Wilson declared, explaining that due to dry weather the farmer's costs ran much higher than could be anticipated.

"A selling price above the cost of production certainly ought to be the objective of every cotton grower," he emphasized.

A water scarcity prevented farmers in much of the Southwest area from making a bumper cotton crop, the Cotton Growers Association head said. This shortage occurred because of extremely dry weather and due to the fact more acres were in cotton.

"Dead Animals Removed FREE of Charge—HORSES, CATTLE, HOGS PHONE COLLECT 2-2412 Midwest Rendering Company MIDLAND, TEXAS

"Our cotton farmers answered the government's call for higher production and increased their cotton acreage to do so. Then the dry weather came along with the result that we just didn't have enough water to go around," the cotton industry leader stated.

Show herds of all beef and dairy cattle breeds shown at the 1961 State Fair of Texas will be on exhibit through the opening 14 days of the fair, October 6-19, Livestock Manager Ray Wilson has announced.

Because the fair has such a lengthy run, many fairgoers have missed seeing their favorite breed because last show was over or hadn't yet begun on the day they visited the fair.

Beef and dairy cattle shows are held separately—beef cattle being shown October 6-12, and dairy cattle October 12-19 this year.

Show herds of Guernseys, Holsteins-Friesians, Jerseys and Milk-ling Shorthorns will be on exhibit during the beef cattle shows, and top herds of Herefords, Aberdeens-Angus, Shorthorns and Brahman will remain in the cattle barns during the dairy show. This is made possible through cooperation of breed associations and prominent breeders, Wilson said.

Several guest speakers will be heard and an interesting program of entertainment will be presented, Hockler said. Refreshments will be served.

Dividend checks will be distributed.

SCARCELY HALF A CALF—Not quite up to his mother's expectations was "Junior," a 23-pound, 18-inch-tall calf, born on the farm of Frank Mages near Ottawa, Kan. Junior's blue-blooded mom was so disappointed she refused to care for him for several days; he even had to look up to the Mages' dog, seen here consoling the youngster.

Stanton-Midland Farm Loan Group Sets Annual Meet

STANTON—Stockholders of the Stanton-Midland National Farm Loan Association will hold their annual meeting at 2 p.m. Saturday, September 15, in the American Legion Hall here. It was announced Saturday by Albert Hockler, secretary-treasurer.

A large attendance is anticipated at the annual gathering.

Members are invited to attend the meeting.

Dividend checks will be distributed.

OPS CANCELS CLINICS

The Lubbock district Office of Price Stabilization Saturday canceled all price clinics in the Midland area which were scheduled this week. An OPS representative was to be in Midland Monday.

Members are invited to attend the meeting.

A large attendance is anticipated at the annual gathering.

Ten-Word Telegram Bites The Dust After 100 Years

The old 10-word Western Union telegram message—an American institution for 100 years—is no more.

For a century now, the great American public has chewed up millions of pencils trying to figure out—in 10 words or less—how to word their telegram messages.

But at midnight Friday, the Western Union office in Midland, along with those throughout the nation, jumped the minimum to 15 words.

There was, of course, a proportionate increase in rates.

The minimum was increased, explained R. C. Smith, Midland manager, because Western Union found out the American public has trouble putting a message in 10 words.

"The added minimum word allowance in telegrams meets a demand of the telegraphing public expressed in an opinion survey made for Western Union," said Smith.

"The survey disclosed that 23 per cent of telegram users had difficulty condensing their messages into 10 words. Eighty-four per cent said they preferred lengths up to 15 words."

In some instances the 15-word minimum and the new rate will mean a saving.

"Under the old rate," said Smith, "you could send a 10-word message to Houston, Dallas or Oklahoma City for 80 cents."

"Now you can send a minimum of 15 words for 85 cents, which means those 15 words cost a nickel less than under the old rate."

"Ten-word messages to Tulsa or New Orleans under the old rate cost 75 cents. Now the 15-word message will cost \$1. Where the 10-word message to Chicago cost 90 cents under the old rate, a 15-word message now goes for \$1.15."

Additional words under the new rate schedules, said Smith, generally will cost less, resulting in lower charges on long messages.
