

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Flowing Oil, Good Gas Show Developed In Midland Wildcat

Flowing oil and a good show of gas has been developed at Anderson-Prichard Oil Corporation and Greenbrier Oil Company No. 1 R. S. Windham, et al. a West-Central Upton County wildcat.

This prospector, three and one-half miles southeast of the discovery well of the Wilshire-Pennsylvanian-Ellenburger field—Sincclair Oil & Gas Company No. 1 McElroy, flowed oil at the estimated rate of 15 barrels per hour from the Wolfcamp lime section of the lower Permian at 9,026-73 feet.

Oil Flows
The tool was open for one hour for the test. Gas surfaced in four minutes. Mud came to the top in 50 minutes and oil started flowing in 51 minutes.

The oil was flowed to pits for nine minutes and the tool was then closed.

It was during that nine minutes of flowing that observers estimated that the well produced at the rate of 15 barrels per hour. There were no signs of formation water. The flow was through a three-quarter inch bottom hole choke and a one-inch top choke.

Recovery, when the drill pipe was pulled was 1,620 feet of free oil and 30 feet of drilling mud. There was no water.

Minimum open flowing bottom hole pressure during the test was 575 pounds. Maximum open flowing bottom hole pressure was 1,200 pounds.

Shut-in bottom hole pressure, after 20 minutes was 2,700 pounds. Hydrostatic pressure was 4,425 pounds.

Good Shows
After completing the test operators drilled from 9,072 feet to 9,092 feet. Samples through that interval had good shows of oil.

A drillstem test is now being run at 9,072-92 feet.

The indicated new field opener is at the center of the southwest quarter of the southwest quarter of section 106, block D, CSD&RONG survey. It started out under a contract to drill to 13,500 feet to try for production in the Ellenburger.

The prospect is 16 miles northwest of Rankin and approximately the same distance north and slightly east of McCamey.

No official formation markers have been released. However, it has been reported that the Anderson-Prichard and Greenbrier No. 1 Windham is approximately 55 feet low on the top of the Wolfcamp porosity to the same point in the Sincclair No. 1 McElroy.

The Sincclair well which was dually completed from the Pennsylvanian and from the Ellenburger, did not show for any production in the Wolfcamp. That well is now producing from only the Ellenburger. The Pennsylvanian is now shut in.

W-C Midland Test Flowing At Rate Of Six Barrels Hour

Spartan Drilling Company No. 1-A Mary Scharbauer, wildcat in West-Central Midland County, one and one-quarter miles east of the northeast side of the Parks-Pennsylvanian field was flowing oil steadily at the average rate of six barrels per hour and no water.

The production was coming from open hole in the lower Pennsylvanian at 10,620-640 feet. That zone had been treated with 3,500 gallons of acid.

After injecting the acid operator pulled the swab eight times and it kicked off and started flowing. At last report, which was several hours after the flow started it was still producing at regular, even rate.

Gas-oil ratio is approximately 1,700-1. This production is coming from the lower Pennsylvanian pay. The upper Pennsylvanian section, which was entered at about 10,300 feet, also showed for production. That zone is now back of the casing and it may not be produced at this time.

Operator is expected to complete No. 1-A Mary Scharbauer in a short time. It is 2,400 feet from west and 1,320 feet from north lines of section 12, Charles F. O'Neal survey and about 10 miles southwest of the city of Midland.

The 7-inch casing is cemented at 10,620 feet. The total depth is 10,640 feet.

Clear Fork Flows Oil In Magnolia Borden Prospector

Magnolia Petroleum Company has discovered flowing oil from the Clear Fork-Permian line on the southwest side of the Von Roeder-Canyon field in Southeast Borden County at its No. 4 Ed Murphy.

This exploration, which was started (Continued On Page Ten)

Red Radio Hints Apology Of Allies May Be Rejected

TOKYO—(AP)—The Peiping Radio hinted Wednesday the Communists might reject an Allied apology for the accidental strafing of the Kaesong neutral zone Monday.

It carried a dispatch from a Communist correspondent at Kaesong saying the Allied "claim" that the strafing was a mistake "is absurd."

While this was "no official statement, the dispatches of Communist correspondents frequently foreshadow the line of official reaction will take.

The hope of peace for Korea balanced gingerly on the Red reaction to the apology. There had been considerable optimism here the Reds would accept the apology and get back to the negotiating table.

The Reds broke off truce talks August 23, charging an Allied plane had bombed the neutral area. The Allies flatly denied this charge.

Chances Are Good
Chances appeared reasonably good that the Reds would accept the UN Command explanation of the Monday strafing.

But there was the possibility that the Reds would agree to resume peace negotiations only if the Allies apologize similarly for the 10 other alleged violations of the neutral zone.

Sources close to the UN Command were optimistic that the talks would be resumed.

It remained to be seen what propaganda value the Chinese and North Koreans would attach to the UN Command apology.

Ridgway promised the Reds disciplinary action would be taken in connection with the accidental strafing. But AP Correspondent George A. McArthur said Wednesday sources in Korea had not yet filed charges against the pilot of the strafing plane. Nor had they disclosed his identity.

Two National Guard Divisions Alerted

WASHINGTON—(AP)—The Army Wednesday alerted the Illinois and Ohio National Guard divisions for active service early next year.

They are the 37th Infantry Division of Ohio and the 44th from Illinois, commanded respectively by Maj. Gen. Leo Kreber and Maj. Gen. Harry L. Bolen.

The 37th will report to Camp Polk, La., about January 15 and the 44th to Camp Cooke, Calif., about February 15, the Army said.

Six National Guard divisions already are on active duty and the Army disclosed another still undesignated division will be called to service later in 1952.

The 40th and 45th Guard Divisions, drawn from California and Oklahoma respectively, are completing their advanced training now in Northern Japan.

Two other Guard divisions have been alerted for movement to Europe before the end of this year. They are the 28th from Pennsylvania and the 43rd drawn from Connecticut, Rhode Island and Vermont.

Big Spring enjoyed 37 of an inch of rain Tuesday. Houston had 01, Waco 06, Beaumont 11, Corpus Christi 37 and Galveston 33. Laredo recorded .13 of an inch of rain. Alice 49 of an inch, Ploacais 12, Childress 07, and Midland 23 of an inch.

SEIZED BY FBI—More than 1,000 slot machines and parts, awaiting shipment to El Salvador in a warehouse in New Orleans, La., are checked by an unidentified FBI man. The FBI seized the ill-fated machines, which were sent from Texas after new law banned their use.

SIGN IN KOREA—As speculation mounts that Reds soon will launch another major offensive, ROK infantry reinforcements march to front passing under banner which reads in both English and Korean "Sharpen your bayonets."

Boyd Bank Is Robbed Of \$12,000

ELECTRA—(AP)—Two teenage Fort Worth youths were taken into custody here Wednesday, reportedly for questioning about the Boyd bank robbery Tuesday.

BOYD—(AP)—A youthful bandit with a sallow complexion single-handedly held up Boyd's only bank with an Army-type automatic Tuesday and made off with about \$12,000.

Two young women, unseen by the hoodlum, witnessed part of the robbery.

The robber, who wore no mask but had a hankiekerchief around his neck, fled west in a 1949 blue Chevrolet sedan believed to have been stolen in Fort Worth. The vehicle, possibly bearing two other men and a woman, had been parked alongside the bank.

James Petty, vice president and cashier of the Continental State Bank said the youth, about 22 and shabbily dressed, first came to the cashier's window and mumbled something about wanting to open a credit account.

As Petty questioned him, he stepped back and drew the pistol. "I'm going to clean the place out. Put up your hands," Petty quoted him.

Petty said the robber was a little distance from the cashier's window and included Petty and three other persons in the bank in his demand. Petty said he handed over the (Continued On Page Four)

Parallel Parking In Business District Is Ordered By Council

By TANNER LAINE
The City Council put its foot down firmly Tuesday night—ordering parallel parking in the business district of Midland, with no exceptions.

The order was to be effective immediately, with the police department instructed to begin changing meters in areas not already designated for parallel type of parking.

The exact outline of the business district where parallel parking was ordered was not designated at the Tuesday night meeting and streets were not named in the motion.

It was indicated the council meant all of the business district, with the boundaries to include heaviest traffic flow areas.

Councilman J. W. McMillen said the traffic situation is getting out of hand. Speaking slowly and with emphasis, he said:

"I have been thinking about this for a long time. Traffic is a bottleneck on some streets. In the best interest of Midland, I make a motion that parallel parking be initiated in the entire business district."

"I second the motion," said Councilman Johnnie Starr.

The vote was unanimous. Councilman Jack Wilkinson joined McMillen and Starr in voting "aye."

The council indicated it expected objections, especially from some Main Street merchants and business. (Continued On Page Four)

Board Of Education Disposes Of Several Problems In Session

Faced with a record enrollment of 6,206 students, the Board of Education of the Midland Independent School District dug in on its many problems at a four-hour meeting Tuesday night.

The board selected brick for two new school plants and empowered itself to begin negotiations for still another site for an elementary school in the south sector of the city.

"We have managed to keep our youngsters from sitting on the floor in five units of the system, already over-crowded, but we had to bring in temporary folding chairs to do it," Frank Monroe, superintendent, reported.

Sixth grades at David Crockett and South Elementary Schools are bulging with students and two new teachers will be necessary, he reported. One class at Crockett will be forced to meet in the auditorium and one class at South Elementary may be moved to a nearby church. More than 1,100 students are in high school and this is more than the school's capacity.

It was pointed out that a new junior high school for which the contract has been let, will help alleviate the high school situation when completed for next year.

The board set a date of October 4 for the sale of \$1,500,000 in bonds. (Continued On Page Four)

Bowles Gets Nod As India Ambassador

WASHINGTON—(AP)—President Truman Wednesday nominated Chester Bowles, former governor of Connecticut and World War II price boss, as ambassador to India.

Loy W. Henderson, the present envoy to India, was nominated to be ambassador to Iran, succeeding Henry F. Grady. Grady's resignation was accepted "with the greatest reluctance."

This shuffling of diplomats would have taken place several months ago had it not been for the Iranian oil crisis and Grady's work in trying to bring about an agreement between that country and Britain. Originally Grady had wanted to withdraw from active diplomatic service in early Summer. But when the oil crisis came up he offered to stay on until September.

Henderson was chosen to succeed Grady, diplomats said, primarily because of his reputation as an able, tough-minded negotiator.

There have been some criticisms of Henderson's relations with Prime Minister Nehru of India, from persons who thought a diplomat of a different type might get on better with the Indian leader.

Bowles long has been mentioned in public speculation as a likely appointee to a diplomatic post. He is a friend and supporter of Truman.

Bowles lost out in a reelection bid last November. He headed the Office of Price Administration during part of the last war.

Regan Says Bracero Discontent Caused By Labor Leaders

WASHINGTON—(AP)—Rep. Regan (D-Tex.) Wednesday accused labor union leaders of fomenting discontent among Mexican workers who cross the border to work on American farms. He did not identify the officials.

Regan said he had seen statements of labor union officers published in El Paso newspapers which would have the effect of cutting down the flow of workers under the new U. S.-Mexican farm labor treaty.

"These labor racketeers are saying the Mexican workers are getting paid no more than they got in 1942," he told a reporter.

"That is a gross misstatement. At that time the price for farm labor in the area was 25 cents per hour, or \$1 to \$1.25 per hundred pounds for picking cotton.

"The 50 cents per hour now being paid these braceros (workers) is the equivalent of \$4.35 in Mexican money, which means that these unskilled, untrained laborers are paid as much by our farmers for one hour of work as a skilled mechanic in Mexico City can earn in an eight-hour day."

"They are able to return home with Yankee dollars in their pockets and that means a lot of purchasing power."

"Now we have these labor racketeers, some of them even going down to Mexico City trying to stir up trouble, putting out completely misleading statements. The effect would be to discourage Mexican Nationals from entering this country."

Any curtailment in the flow of labor across the border, Regan said, would not only mean a loss in income to individual Mexican workers but would cause severe financial hardships on American farm operators who depend on the Mexicans for help in harvesting crops.

U. S. CASUALTIES IN KOREAN WAR 82,362
WASHINGTON—(AP)—Announced U. S. battle casualties in Korea reached 82,362 Wednesday, an increase of 598 since last week.

Committee Finishes Draft Of Whopping Tax Increase Bill

WASHINGTON—(AP)—The Senate Finance Committee finally has completed drafting the nation's biggest tax increase bill, after slicing off about one-fifth the \$7,200,000,000 hike voted by the House.

It appeared the committee's version would raise about \$5,900,000,000 additional revenue a year, although it could be quite a bit below that. Neither the senators nor their staff experts had a definite estimate.

The staff set to work Wednesday to cast the big bill in final form, and write a report explaining the 135 changes made by the senators in the House measure. Final committee okay is still required, but that probably will be only a formality.

Probably On Monday
Majority Leader McFarland (D-Ariz.) said he expects to call up the bill on the floor next Monday and to get Senate approval during the week. Unless extraordinary procedure is adopted, the bill then would go to a Senate-House conference committee. After approval there it would have to be re-passed by both Houses.

Lawmakers sponsoring the measure expressed hope it will raise enough to balance the spending budget in the current fiscal year, which began July 1, and to stave off inflationary pressures.

President Truman asked for \$10-billion. (Continued On Page Four)

Bob Lovett Is Named As Successor

WASHINGTON—(AP)—George C. Marshall resigned Wednesday as secretary of Defense. He will be succeeded by the present deputy secretary, Robert A. Lovett.

Marshall, 70, was appointed Defense secretary one year ago Wednesday. He is quitting "for very personal reasons."

The soldier-statesman, a five-star general, was Army chief of staff in World War II and later was secretary of State. He sponsored the European Recovery Program which became known throughout the world as the Marshall Plan.

Upon the resignation of Defense Secretary Louis Johnson a year ago, Marshall came out of retirement to become the first professional military man to head a U. S. military department since 1916.

Marshall himself announced his resignation to Pentagon newsmen but forbade publication of the news until the White House announced it.

President Truman accepted Marshall's resignation "with great reluctance" and effective immediately.

He named William C. Foster, Economic Cooperation administrator to succeed Lovett as deputy secretary and Richard M. Bissell, Jr., deputy administrator, as acting ECA administrator succeeding Foster to head the Marshall Plan agency.

Lovett, 56, a close friend of Marshall, joined the Defense Department Sept. 28, 1950, succeeding the late Stephen T. Early.

He had served under Marshall previously as undersecretary of State. Lovett formerly was associated with the investment banking firm of Brown Brothers, Harriman and Company in New York.

Marshall's letter of resignation was dated September 11.

In accepting it, the President paid new tribute to the general whom he has often described as one of the greatest generals of all time and one of the country's outstanding patriots.

Marshall had high praise for Lovett as his successor.

"I have been very fortunate to (Continued On Page Four)

Senators Talk Of Curbing Debate On Defense Money Bill

WASHINGTON—(AP)—Senate leaders seeking quick action on a \$61,108,856,030 military spending bill talked Wednesday of asking their colleagues to agree to do less debating and more voting.

Such an agreement to limit debate requires unanimous consent, but it frequently is obtained on major bills.

Democratic Leader McFarland of Arizona has been pushing for such an arrangement for two days but Senator O'Mahoney (D-Wyo.), floor manager for the record armed forces appropriation, balked.

O'Mahoney had predicted quick approval, first on Monday and then Tuesday, but action was delayed because of a number of efforts to cut down the size of the bill and by a variety of speeches on other subjects.

Criticism Voiced
Sharp criticism was voiced of Pentagon policies of recalling World War II veterans while younger draftees and reservists are deferred.

The House attached to the bill a directive to the armed forces to release World War I. veterans with 12 month's service after they had another year of duty since the Korean war.

Pentagon leaders protested this might force them to junk plans for returning Korean combat veterans on a rotation plan. Their policies are based on 17 months active duty for war veterans.

The Senate agreed to strike out the automatic 12-month release provision, with an understanding that the issue is not finally decided. A final decision, it was agreed, will be made in a Senate-House conference on the measure.

O'Mahoney told the Senate the Defense Department plans to return 100,000 combat veterans from Korea, including those who fought there last Winter. That would be about one-fourth the total U. S. forces in Korea.

A Defense Department memorandum, "Rich O'Mahoney read, said calls on World War II veterans would be held to a minimum and that "a coordinated program" is being developed for call-up of reservists.

LATE NEWS FLASHES

TEHRAN, IRAN—(AP)—Premier Mohammed Mossadegh announced Wednesday dispatch of an ultimatum giving the British two weeks to resume oil talks or pull their technicians from Abadan.

WASHINGTON—(AP)—Chairman McMahon (D-Conn) of the Senate-House Atomic Energy Committee said the destructive power of America's atomic weapons stockpile is "truly fantastic."

WASHINGTON—(AP)—General Services Administrator Jess Larson Wednesday denied a Senate committee's charge that rubber stockpiles are dangerously low.

WEATHER

Partly cloudy and cooler Wednesday night with scattered showers. Thursday partly cloudy and cool. Maximum temperature Tuesday 88 degrees, minimum Wednesday 64 degrees.

SOCIETY

—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 12, 1951

Women Of The Church Meet In Circles For Bible Study

The Women of the Church of the First Presbyterian Church met in circles Monday and Tuesday for Bible study of the Fifth Commandment.

Mrs. M. S. Dickerson, Bible leader, gave the lesson at the meeting of Circle 8 Tuesday. Mrs. H. E. Rankin, chairman, made the announcements and Mrs. M. H. McKinney gave the survey article, "Loyalty to the Church."

The group met in Mrs. Dickerson's home for a covered dish luncheon. Others attending were Mrs. Otto Deats, Mrs. E. D. Means, Mrs. C. W. Leдебур, Mrs. J. H. McClure, Mrs. D. W. St. Clair, Mrs. F. D. Heffren and Mrs. L. C. Link.

Mrs. W. P. Knight was hostess to Circle 1 Monday. Mrs. John B. Richards gave the opening prayer and led the Bible study and Mrs. P. R. Pattison conducted a round-table discussion on "Why Are You Loyal to the Church?"

The meeting was closed with sentence prayers. Others attending were Mrs. R. DeChicchi, Mrs. W. G. Whitehouse, Mrs. Eleanor Wheeler, Mrs. S. E. Snow and two guests, Mrs. Matthew Lynn and Mrs. C. E. Ervin. Mrs. Snow is a new member.

Circle 3 met Monday in the home of Mrs. M. A. Murphree. Mrs. R. L. Miller led the Bible study and Vera Harper gave the opening prayer. Mrs. W. E. Lyle talked on "Why Are You Loyal to the Church?"

Others attending were Mrs. Frank Downey, Mrs. Bob Sutton, Mrs. Tommy Wilson, Mrs. D. A. Bliven, Mrs. Nelson Puett and Mrs. Allen Watta.

Mrs. William Carter gave the Bible study and Mrs. A. H. Vineyard gave a talk on "Why Are You Loyal to the Church?" at the meeting of Circle 4 Monday. Mrs. J. A. Matthews was the hostess.

Others attending were Mrs. R. C. Crabb, Mrs. W. H. Crenshaw, Mrs. H. G. Parkinson, Mrs. Mann Ran-

Mrs. Shirey Is Guest Speaker

Mrs. A. P. Shirey was the guest speaker at the Perennial Garden Club meeting Tuesday. The first meeting of the club year was held in the home of Mrs. Russell Holster. Mrs. Shirey spoke on "The Art of Flower Arrangement." She gave the history of flower arranging, the requirements for a flower arrangement and the most common faults of a beginner.

The club will devote the entire year to the study of flower arranging. A guest speaker will be present at each meeting to speak on various phases of flower arranging.

Others members present were Mrs. George B. Christy, Mrs. Lucille Johnson, Mrs. Jack Prothro, Mrs. R. L. Prothro, Mrs. J. E. Sanders, Mrs. C. W. Murray, Mrs. J. B. Brannham, Mrs. Neta Stovall, Mrs. T. Klinger, Mrs. F. W. Manuel, and Mrs. C. D. Johnson. Mrs. T. A. Golladay was a guest.

RETURN FROM VACATION
CRANE—Mr. and Mrs. Bob Strain and daughter, Juliana, recently returned from a two-weeks vacation spent in Fort Worth, Houston and Yoakum.

Six OES Members Attend Barbecue

CRANE—Six members of the Crane chapter of the Order of the Eastern Star attended the chicken barbecue and program in Goldsmith Saturday honoring the worthy grand matron, Lucille Dufner.

Attending from Crane were Mrs. C. A. Shaffer, district deputy; Mrs. Ethel Owens, past matron; Mrs. S. G. Barnard, present matron of the Crane chapter; Mrs. J. D. Buchanan, associate matron; Mrs. L. R. Mills, conductress, and Mrs. R. E. Fletcher, Esther.

P-TA Has First Fall Meeting

Mrs. E. L. Mount, president, presided at the first fall meeting of the West Elementary Parent-Teacher Association Tuesday.

Mrs. Mount opened the meeting with a prayer. Ruth Lane Shelburne sang "Sweet Hour of Prayer." She was accompanied by Mrs. Dorothy Brown, pianist.

Mrs. Victor Horne, program chairman, introduced the faculty members and executive board members. Miss Fullerton and Miss Carmichael's rooms won the room count.

West Side Baptist WMS Has Program

A "Mary Hill Davis Program" was presented in the Women's Missionary Society of the West Side Baptist Church Tuesday at the church. The program is for the establishment of Baptist churches in new city additions. Mrs. Frank Whitely was in charge. The program is scheduled to be continued at the midweek service Wednesday at the church.

Mrs. Morris Snyder opened the meeting with prayer.

Others attending were Mrs. J. C. Bradley, Mrs. Ruth Scribner, Mrs. Tom Tibbets and Mrs. Alton Towery.

Perry Pickett Named To State Bar Group

Mayor Perry Pickett, Midland attorney, has been named to membership on the Legal Education and Institutes Committee of the State Bar of Texas.

The appointment was made by John Ben Shepperd, secretary of state, and C. Burt Potter, Corpus Christi attorney, co-chairmen of the committee. Other committee members are Gordon R. Carpenter, Dallas; Morris Galatzen, El Paso; John Lowther, Fort Worth; Edwin Luecke, Wichita Falls; and Hugh Patterson, Houston.

RATTLESNAKE BITES SAN ANTONIO CHILD
SAN ANTONIO—A 10-year-old boy, David Crawford, three, San Antonio, was reported in good condition at a hospital Wednesday after being bitten by a rattlesnake.

He was struck on the right foot by the rattler while playing in the front yard of his home Tuesday night.

Mrs. Butler Hurley, chairman, presided for business, and made announcements concerning church activities.

The Bible study on the "Fifth Commandment" was presented by Mrs. Roy Davis, and Mrs. J. C. Cunningham reviewed a survey article.

A social hour followed the meeting. Refreshments were served to those previously listed and to Mrs. Keyes Curry, Mrs. J. M. Hawkins, Mrs. James Jennings, Mrs. R. A. Lynch, Mrs. Clarence Mast, Mrs. D. A. Miller, S. L. Parham, Mrs. Lee Park, Mrs. Richard Peters, Mrs. J. Travis, Mrs. Dale Thompson, Mrs. E. Hazen Woods and Mrs. Bill Collins.

Circle 7 met in the home of Mrs. Frank Stubbeman, with 17 members present.

Mrs. Butler Hurley, chairman, presided for business, and made announcements concerning church activities.

The Bible study on the "Fifth Commandment" was presented by Mrs. Roy Davis, and Mrs. J. C. Cunningham reviewed a survey article.

A social hour followed the meeting. Refreshments were served to those previously listed and to Mrs. Keyes Curry, Mrs. J. M. Hawkins, Mrs. James Jennings, Mrs. R. A. Lynch, Mrs. Clarence Mast, Mrs. D. Mrs. North Says Park Officials Mishandled Hunt

IMPERIAL, TEXAS—(AP)—Big Bend National Park officials were accused Tuesday of mishandling the search for a dog of an osteopath who vanished in the wilds of the park.

The accusation was hurled by the osteopath's wife, Mrs. Robert N. North, who said she had to hire 12 men to search the remote country.

"The proper search for Robert never was instigated," the woman, a cafe operator here, said.

"The park men offered me everything at first. But after the first few days they just weren't around when we needed them. No men, no trucks, no horses."

The East Lansing, Mich., doctor's car was spotted from a plane last week by Chief Parker Roger George Sholly. It was in a lonely valley in the jagged, scenic Chisos (Ghost) Mountains about 150 yards from a desolate road linking the small community of Glenn Springs with the main park road.

The skull of a dog and bones, described as human by Brewster County officers, were found near the car. The bones were turned over to an Alpine physician for analysis. No official report has been issued.

The couple moved to West Texas three years before the doctor vanished. He was suffering from a heart ailment, Mrs. North said, adding that her husband, who had been treated for nervous disorders, had "wanted to go off by himself."

County Officials Plan Area Meeting
CRANE—County Judge Joseph A. Beyer and County Commissioners Claude Townsend, C. C. Swift, Vincent Andrews, and Gay Miller have been invited to attend a meeting of county judges in Fort Stockton Friday.

Purpose of the meeting is to organize an association which would meet quarterly for discussion of mutual problems.

Representatives from Crockett, Reeves, Ward, Crane, Terrell, Ector, Jeff Davis, Brewster, Upton and Pecos have been invited to attend.

Texas Corn Crop Estimate Sliced
WASHINGTON—(AP)—More than two million bushels have been knocked off the 1951 Texas corn crop estimate, the U. S. Department of Agriculture announced Tuesday.

The department estimated the Texas crop at 42,264,000 bushels, compared with its August 1 estimate of 44,612,000 bushels. The reduction made on the basis of September 1 conditions, apparently was the result of severe heat and drought conditions in August.

Tom Blower Gives Up On Round Trip
DOVER, ENG.—(AP)—Tom Blower, a 37-year-old Englishman who hoped to swim the English channel on a round trip, made it only one way Wednesday but gave up after three miles on the return journey. He says he'll never try a round trip again.

Blower swam from Dover to Calais in 18 hours and 42 minutes. Then he plunged right back in and struck out for the English shore. He gave up after being in the water a total of 20 hours and 14 minutes.

BELL EMPLOYEE FOUND SHOT TO DEATH IN HOME
AUSTIN—(AP)—A traffic superintendent of Southwestern Bell Telephone Company here was found shot to death at his Austin home late Tuesday.

He was Byron Earl Summers, 31, who had been shot in the chest. A 12-gauge shotgun lay nearby.

KERMIT RESIDENT ILL
Monte LaFon of Kermit is a medical patient at Midland Memorial Hospital.

AIR VICTIM IDENTIFIED
CORPUS CHRISTI—(AP)—A Navy pilot who died in a plane crash south of Gabauss Field here Tuesday has been identified as Lt. (JG) William R. Kent, 24, Birmingham, Ala.

Russell Loan For Hope Picture Cost Paramount \$200,000

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—Exclusively Yours: It never may be admitted, but the big buzz along agent row is that RKO collected \$200,000 for the loan of Jane Russell to Paramount for Bob Hope's "Son of Paleface." It's an eye-opener in the current deflation of star salaries.

Michele Farmer, now in France making "Baby Beats the Band," has written mama Gloria Swanson that she has met THE MAN and plans to wed.

Now it will be a play about P. Scott Fitzgerald. The man pounding it out on a typewriter is Fletcher Markie, husband of Mercedes McCambridge.

The word's been out for a long time that Betsy Drake turns down movie after movie, but Betsy doesn't like the word. She moaned: "It's very unflattering to me to say it, but I've only turned down one picture. My contract is shared by David O. Selznick and RKO. Selznick's not functioning and RKO isn't interested in me. The truth is that I'd like to do more film work than I do."

Inside on June Allyson's non-cooperation with movietown photographers is Dick Powell's refusal to permit pictures of their young son. Dick has put his foot down on family layouts.

Publicity release: "Virginia Mayo has bought a chinchilla farm."

P-TA Announces First Fall Meeting
CRANE—"Do We Know Each Other?" will be topic of the program to be given Thursday by Mrs. W. B. Gunn at the meeting of the High School Parent-Teacher Association.

The group's initial meeting will be held in the high school auditorium. Members of the high school faculty will be introduced at the meeting.

Mrs. John Clark is the new president. Other officers for the year are Mrs. P. O. Vines, vice president; Mrs. G. E. Mobbs, secretary; Mrs. L. L. Presley, treasurer; Mrs. Paul Patterson, parliamentarian; Mrs. J. G. Woods, publication; Mrs. J. F. Adams, hospitality chairman.

Mrs. Coffield Is Bridge Hostess
CRANE—Mrs. Tom Coffield was hostess to the Young Matrons Bridge Club Thursday in her home in the Gulf Camp.

Mrs. C. O. Walling, Jr., won high score. Other prizes were won by Mrs. Pat Sadler and Mrs. Bill Wood. New members of the club are Mrs. Richard Fielden, Mrs. Wilburn Pettit and Mrs. Jim Nevins. Guests were Mrs. Hawley Van Court and Mrs. Sadler.

Also attending were Mrs. L. S. Adcock, Mrs. Bill Hogsett, Mrs. Roy Moore and Mrs. Marion Brunette.

TO CONDUCT REVIVAL
CRANE—R. V. Wood, minister of the Church of Christ, and his wife left Monday for Lamar, Colo., where he will conduct a two-week revival meeting. Mr. Wood was formerly a minister in Lamar. The Woods expect to return by September 29.

Shucks, boys, I know some movie dolls who have been in the MINK business for years and years and years.

Despite communique that Lana Turner and Bob Topping still may patch things up, Lana is telling pals that it's all over. Her new contract with the studio will earn her \$2,000,000.

Danny Thomas admits there's plenty of big talk about him doing the remake of "The Jazz Singer."

The stork has left his calling card on the doorstep of Marilyn Buford, Miss America of 1946, and her groom Count Francisco Barboro, who were secretly wed last February.

Sultry Marilyn will arrive in Hollywood in October, her first visit since she became an Italian movie queen in Rome. And she's expecting Hollywood to address her as "Countess."

The story went unnoticed at the time but it's the topper to all tales about Hollywood irony. When Edmund Lowe starred in the play, "Mary Had A Little," his director was Michael Vailon. When Lowe was a star at Fox, the same Michael Vailon was his stand-in.

Bing Crosby's new song hit, "The Cool, Cool, Cool of the Evening" could have been Betty Hutton's. Hoagy Carmichael wrote the tune for "The Keystone Girl," the screenplay about Mack Sennett and Mabel Normand that Betty vetoed. Paramount transferred the ditty to Bing for "Here Comes the Groom."

The treatment of his own "From Here to Eternity" turned in by James Jones still hasn't been okayed by Columbia studio or the Johnston office censor. Jones, no longer on salary at the studio, continues to send in pages to add to the treatment.

A Hungarian movie director claimed to George Dolenz that he'd seen "Kon-Tiki" years and years ago.

"But you couldn't have," said George. "But I did," insisted the director. "You Kon-Tiki With You" with Lionel Barrymore and Jean Arthur."

SHORT TAKES:
Charles Laughton is near the signing stage for a Bud Abbott-Lou Costello comedy, "Abbott and Costello Meet Captain Kidd." Producers of "B" pictures are trimming the running time to 54 minutes so they'll fit one hour TV program slots after their theater runs.

"Othello" goes into production in Italy next month. Canada Lee has the title role with Lois Andrews as Bianca.

It's John Lund, Ann Sheridan and Howard Duff in "Steel Town" at U.I. Maxie Rosenbloom and Max Baer are teaming up for a comedy series at Columbia. Title of the first: "Mental Giants."

Margaret Whiting is starring in two pilot films for a projected TV series. David Niven is beamish over his Broadway stage debut opposite Gloria Swanson in "Nina." He'll collect a healthy salary plus a percentage of the profits.

All original land surveys around Lake Pungo, N.C., are tied to an ancient cypress on the lake shore, the stump of which still stands.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 12, 1951-3

P-TA City Council Plans Autumn Activities; Superintendent Speaks

Frank Monroe, superintendent of the Midland public schools, spoke last night to the City Council of the Parent-Teacher Association Monday in the high school.

In summarizing the status of the school system at present, he pointed out that Midland had added 106 new teachers since June and, of these, 54 have been added to fill new positions. To emphasize the rapid growth of the Midland schools he compared them with the Austin system which, although much larger, added only 53 new teachers last year.

The present enrollment, Monroe said, is 6,950, a total of 1,473 more than last year. Following a summary of the administrative organization of the schools, during which he praised the administrative staff for its willingness to help, he offered the P-TA units his complete cooperation in their activities.

He also announced that a critical shortage of steel might retard construction on the new buildings for which contracts have been let.

Introductions Made

Officers, principals, committee chairmen, unit representatives and district officers were introduced at the meeting. District officers from Midland were Mrs. J. J. Black, district president; Mrs. Frank Monroe, audio-visual chairman; Mrs. Stanley Erskine, corresponding secretary; Mrs. M. B. Arick, national headquarters chairman; Mrs. Waldo Leggett, pre-school; Mrs. Raymond Leggett, home and family life; Mrs. T. J. Smith, safety; and Mrs. L. G. Eyerly, world citizenship.

Mrs. W. F. Shands, audio-visual chairman, submitted a report on the movie rating listings. The council decided to recommend to each unit a project whereby the movie ratings for the week's showing would be published. These ratings are taken from the Texas P-TA magazine and Parent's magazine.

Mrs. Thomas A. Hendricks, procedure and by-laws chairman, announced a school of instruction to be held September 19 in the high school auditorium for officers and committee chairmen. "Working Together," a film produced by the State P-TA, will be shown and a round-table discussion will be led by the City Council committee chairmen.

Mrs. Hendricks also announced a parliamentary procedure course to be taught by Mrs. J. S. Pritchett.

Circle Eight Has Potluck Supper, Dance

Members and guests of the Circle Eight Square Dance Club met Tuesday night in the American Legion Hall for a potluck supper and dance. Jim King's orchestra furnished the music.

Exhibition dances were given by children from Crane. The dances were directed by Mrs. Nell Moore and Danny Tomlinson was the caller. Children participating were Ricky Pettis, Judy Simmons, Bill Hogsett, Billy Woods, Larry Meiner, Sandy Todd, David Hanley, Larry Tobin, Scott Coffield and Derlene Havens.

Members of the Promenades Square Dance Club joined Circle Eight Tuesday. Those joining were Mrs. and Mrs. A. J. Olsen, Mrs. and Mrs. Floyd Bell, Mr. and Mrs. Hub Hagler, Mr. and Mrs. E. M. Bradbury, Dixie Howell, Marie Nichols, Mr. and Mrs. E. V. Lindsey, Mr. and Mrs. O. C. Boswell, Mr. and Mrs. Ed Halfast and Mr. and Mrs. W. S. Brady. Mr. and Mrs. Ed Smith also became new members.

Guests at the meeting were Mr. and Mrs. Bill Hogsett of Monahans, Mr. and Mrs. E. C. Milam, Mr. and Mrs. Bill Cook and Dr. and Mrs. Gibbs of Big Spring, Mr. and Mrs. Earl Reed of Coahoma and Mr. and Mrs. Joe Calvary of Garden City.

Guests from Crane were Bill Hogsett, Mr. and Mrs. Roy L. Moore, Mr. and Mrs. J. R. Todd, Mr. and Mrs. E. J. Simmons, Mrs. June Pettis, Mrs. T. R. Coffield, Mrs. Meiner, Mrs. Bob Tobin, Mrs. Evelyn Weiser, Mrs. Haney, Mrs. Bill Woods, Mr. and Mrs. D. E. Havens and Mrs. Stewart.

Guests from Midland were Mr. and Mrs. W. E. Nance, Mr. and Mrs. James Windham, Ethyl Rood, Mr. and Mrs. J. C. Short, Mr. and Mrs. Brinson, Mr. and Mrs. Frank Castlebury, Mr. and Mrs. Joe Huett, Mr. and Mrs. Alan Dorsey, Mr. and Mrs. Griffen, J. N. Ely and Carl Brooks.

Approximately 45 members were present.

Nu Phi Mu Plans Founder's Dinner

Nu Phi Mu Sorority made plans Monday for a founder's day dinner to be held in the near future. The group met in the home of Billie Sinclair.

Plans also were discussed for a coker party honoring rushees to be held Thursday. Those attending were Beanie Budeau, Bert Matthews, Dorothy Dement, Joan Wallace and Alma Heard, advisor.

Collins Are Hosts To Canasta Party

The Past Matrons-Past Patrons Club gave a canasta party Monday in the home of Mr. and Mrs. Bernard Collins.

Prizes were won by Mr. and Mrs. R. C. Maxson, A. M. Conant and Vera McLeRoy. The group drew the names of Midland boys, now serving in Korea, to whom they plan to send Christmas boxes.

Others attending were Mrs. Leo Baldrige, Mr. and Mrs. Floyd Shirley, Mrs. W. D. Hargrove, Mrs. G. O. Hazel, Mrs. M. A. Floyd and Mrs. L. C. Stephenson.

Beta Deltas Have Progressive Dinner

The Beta Delta Chapter of Beta Sigma Phi held a progressive dinner Tuesday night for rushees and Nu Phi Mu transfers.

Hostesses for the various courses were Mrs. Rudolph Rubin, cocktails; Mrs. W. I. Pratt, salad; Mrs. Randy Rubin, main course; Sue Hersh, dessert, and Mary Catherine McDade, coffee.

Approximately 75 guests attended.

Johann Gutenberg printed nearly 300 Bibles on his first run.

And as ye would that men should do to you, do ye likewise. *Luke 6:31*

Mrs. Stevens Is Club Hostess

Mrs. G. C. Stevens was hostess to the Gulf Town and Country Club when it met in her home Tuesday. Mrs. J. T. Sherrill was co-hostess.

Mrs. Woodrow Wickman, president, presided at the business meeting. A floral arrangement centered the refreshments table.

Refreshments were served to Mrs. A. C. Barnes, Mrs. L. M. O'Neil, Mrs. L. A. Wylie, Mrs. J. M. Stewart, Mrs. Charles Mathis, Mrs. Ralph Hubbard, Mrs. E. B. Estes, Mrs. Lenoy Thomas, Mrs. M. A. Horne, Mrs. Fred Hawkins, Mrs. L. C. Rone and Mrs. George Thompson.

Coming Events

THURSDAY

The Band Aides Club will meet at 7:30 p.m. in the Band Hall.

The Delta Delta Delta Alumnae Association will meet at 8 p.m. in the home of Mrs. George McBride, 311 Cedar Street.

The La Merienda Club will meet at 1:30 p.m. in the Ranch House. Hostesses will be Mrs. C. H. Atchison and Mrs. Louis A. Bartha.

The Ranchland Hill Country Club will hold a buffet supper for members and guests in the clubhouse.

The Palette Club will have lunch in the studio at 904 North Colorado Street. It will be open all day for members who desire to paint.

The Altrusa Club will meet at noon for a luncheon in the private dining room of Hotel Scharbauer.

The Mother's Club of the St. Ann's Catholic Church will meet at 8 p.m. in the St. Ann's School.

Registration for the Girl's Choir of the First Methodist Church will be held at 4 p.m. in George DeHart's office. Registration for the Vesper Choir will be held at 7 p.m.

The Community Theater Workshop will meet at 8 p.m. Thursday in the City-County Auditorium.

FRIDAY

The Ladies Golf Association of the Midland Country Club will have a luncheon at 1 p.m. in the clubhouse.

The Midland Service League will hold a board meeting at 9:30 a.m. in the home of Mrs. Lamar Eschberger, 706 East Broadway.

The Althean Sunday School Class of the First Baptist Church will have a social at 10 a.m. Friday in the home of Mrs. J. E. "Bob" Hill, 1208 West Illinois Street.

SATURDAY

The Order of the Rainbow Girls will meet at 3 p.m. in the Masonic Hall.

The American Association of University Women will have a coffee and style show at 10 a.m. in the home of Mrs. Charles Henderson, 1202 West Storey Street.

The Children's Story Hour will be held at 10:30 a.m. in the Children's Room of the Midland County Library and in the library's Dunbar Branch at Terminal the time will be 10 a.m.

HAS HOUSEGUESTS

Ernest McCall and his sister, Pearl McCall, are visiting their mother, Mrs. C. C. McCall, while enroute to Rangely, Colo., where McCall is employed by the Standard Oil Company.

Scout Directors Install Officers

New officers of the board of directors of the Midland Girl Scout Association were installed formally Monday at a meeting in the Little House. The Rev. R. J. Snell, pastor of the Episcopal Church and member-at-large, was the installing officer.

Those installed were Mrs. W. L. Wooley and Mrs. Carl W. Covington, vice presidents; Mrs. Fredda Walker and Mrs. R. H. McCoy, treasurers; Mrs. Otto Deats, corresponding secretary, and Mrs. W. C. Kimball, chairman of the nominating committee. Mrs. Fred Baughen, president, presided.

The board passed a resolution expressing its appreciation for the Scout work done by the late Mrs. J. Lynn Metcalfe.

Mrs. C. E. Bissell, camp chairman, made a report on the Summer Day Camp held in Cole Park and Mrs. Hal C. Peck made a report for the building committee. An organization report was given by Mrs. James D. Martin, who announced that 26 troops have been organized and are having first meetings this week. Thirty other troops will be organized and will start their meetings, she said, as soon as leaders can be found.

It was announced that a training course for new leaders will begin Monday under the direction of Mrs. I. A. Searles, counselor and volunteer trainer. The course is open to all those who are interested.

Asbury Circle Meets With Mrs. Tanner

Mrs. Jewel Tanner was hostess to the Willing Workers Circle of the Asbury Methodist Church Tuesday at a meeting in her home.

She gave a chapter from the study, "We Americans, North and South," and Mrs. Carmel Pirtle gave, "He Wears Orchids."

Others attending were Mrs. Elmer Sellers, Lydia Sellers and Mrs. J. E. Skelton. The next meeting will be held at 7 p.m. Tuesday in Mrs. Pirtle's home, 803 South Dallas Street.

OES Has Initiation For New Member

Elsie Ingham was initiated into the Order of the Eastern Star Tuesday at a meeting in the Masonic Hall. Opbie Pope, worthy matron, presided.

Guests were Mr. and Mrs. C. E. Cure of Corpus Christi and Mr. and Mrs. M. V. Coleman of Hillsboro. The group heard reports on the friendship nights held recently in Goldsmith and Crane.

Hostesses for the evening were Juanita Collins Hope Petty, Mrs. Leo Baldrige and Cora Molton. Approximately 32 members were present.

Musical Group Hear Classical Records

The Symphonic Music Group members heard Beethoven's Septet and Mahler's Fourth Symphony at their meeting Tuesday in the home of Mrs. E. E. Reagle.

Others attending were Mr. and Mrs. Charles Henderson, Mr. and Mrs. L. O. Thompson, Mr. and Mrs. John Norris, Dr. and Mrs. Brandon Rea, Mr. and Mrs. William Carter, Mrs. C. G. Cooper, Mrs. Fred Kotyza and Mr. and Mrs. Bob Myers.

Estes Speaks At P-TA Meet

W. M. Estes, principal of South Elementary School, introduced the faculty members and made a get-acquainted speech Tuesday at the initial Fall meeting of the South Elementary Parent-Teacher Association.

The association met in the school auditorium. Mrs. Robert Currie read the treasurer's report, which revealed a balance of \$14.91, and Mrs. Vinton Newberry, chairman of the ways and means committee, announced a meeting of room mothers would be held September 24.

The devotional and prayer were led by Mrs. Harrison Bickley. Mrs. John Ferrell, president, introduced the committee chairmen. Miss Carroll and Mrs. Bedford's rooms tied for room count.

Approximately 120 persons attended.

Baptist Class Has Party, Election

CRANE—The L.L.L. Class of the First Baptist Church recently held a party in the Community Hall. Hostesses were Mrs. J. F. Branson, Mrs. Coy Pope, Mrs. Alma Walters and Mrs. Thomas Hariston.

Mrs. D. W. Perkins was named president at the meeting. Other officers chosen were Mrs. V. H. Russell, vice president; Mrs. Coy Pope, secretary; Mrs. Wayne Ervin, assistant secretary; Mrs. Herman Woods, third president, and Mrs. C. A. Allen, stewardship chairman.

The group honored Mrs. T. C. Jewell with a surprise birthday shower. Mrs. Ervin gave the devotional and Mrs. J. O. Coffey led the opening prayer. Sunshine sister gifts were exchanged.

Mrs. J. B. Alley of Houston and Mrs. Mary O'Neal were guests. Others attending were Mrs. C. O. Williams, Mrs. H. L. Wood, Mrs. Jessie Webber, Mrs. George Ashburn, Mrs. Doug Perkins, Mrs. L. E. Russell, Mrs. R. C. Taylor, Mrs. L. J. Caldwell, Mrs. W. S. Sharp, Mrs. Jack Allen, Mrs. W. B. Smith, Sandy Anderreg, Patsy Hariston, Dixie Sharp and Ann Perkins.

Workshop To Have Officer Election

Officers for the coming year will be elected at the Thursday meeting of the Community Theater Workshop. The meeting will be held at 8 p.m. in the City-County Auditorium.

A scene from a three-act play and a recorded Greek drama will be presented.

All members are urged to attend.

DALLASITES ARE GUESTS

CRANE—Dr. and Mrs. Paul E. Browne and daughter, Mary, of Dallas, spent the week with Mr. and Mrs. Grover Bright and son, Miss Bright, who has been employed in Dallas this summer, will enter Southern Methodist University September 17.

VERY "ESPIAL" SIGN—The proprietor of this shoe store in Incheon, Korea, is very proud of his English and made this sign himself to show it off. He seems to have used all the right letters, but not in the right places. The Korean ideographs above express the idea much better.

CHILD CUTS ARM

Winford Davis, 8-year-old son of Mr. and Mrs. George P. Davis, 1102 East Illinois Street, was given emergency treatment at Midland Memorial Hospital Wednesday morning. Winford cut his arm when he fell on a piece of tin at home.

MEDICAL PATIENT

Joe Norris of Kansas City, Mo. is a medical patient at Midland Memorial Hospital.

SURGICAL PATIENT

Rosalie Dent, 205 North Lee Street, was admitted to Midland Memorial Hospital Tuesday for surgery.

TO UNDERGO SURGERY

Maxine Ebeling, 1501 West Ohio Street, was admitted to Midland Memorial Hospital Tuesday for surgery.

SURGICAL PATIENT

Mrs. Evelyn Bishop, 909 South Weatherford Street, was admitted to Midland Memorial Hospital Tuesday for surgery.

CHILD IN HOSPITAL

John Crestwell, 8-month-old son of Mr. and Mrs. J. R. Crestwell, 2204 Brunson Street, is in Midland Memorial Hospital for surgery.

IN HOSPITAL

Scott Allen, of Ballinger was admitted to Midland Memorial Hospital Tuesday for treatment of an old back injury.

UNDERGOES SURGERY

CRANE — Mrs. C. C. Hoehns returned Wednesday from Big Spring where she recently underwent major surgery in the Malone-Hogan hospital.

Identification History Traced By Club Speaker

R. C. Dahl, FBI agent stationed in Midland, was guest speaker at the luncheon meeting of the Lions Club Wednesday in Hotel Scharbauer.

He traced the history of identification in police work from the mutilation-of-body system of the early days to modern fingerprinting, branding and tattooing were early methods of identifying criminals, he said.

Dahl said that in 1890, measurement of the body's bony structure was the police identification method used. This gave way to fingerprinting in 1901.

Fingerprints, palm prints and footprints were personal to each individual and the patterns never change.

Program chairman was Noel Cason, a former FBI agent. Invocation was by Yates Brown, J. P. (Kit) Carson, Jr., presided. Gerome Grayum announced a meeting of retail merchants to be held Wednesday afternoon.

A short director's meeting followed the luncheon.

MATTRESS BURNS — Midland Firemen were called out at 3:30 a.m. Wednesday to extinguish a mattress fire at the residence of Tom Bea, at 1307-B West Tennessee Street. The fire caused minor damage.

HERE FROM FORT WORTH — Mrs. Joe B. Terry of Fort Worth is visiting her mother, Mrs. DeAlva Brewer, 701-A North Weatherford Street. Mrs. Terry will be here for several days.

School Board Hearing On Maiden Lane Paving Held

(Continued From Page One) The bond money will be used for construction of the new junior high plant, a new elementary school in the west sector of the city and an addition to South Elementary.

The board discussed, but tabled, action on accident insurance for students which would be made available to students who chose to buy it, at a rate of \$1 a school year. Coverage would include protection in accidents at school and on bus trips.

The insurance would pay \$1,000 in case of loss of life in a school accident. The superintendent was instructed by the board to study the plan and to investigate the reliability of the company offering the plan. Odessa and Colorado City schools now use the plan, it was reported.

Resignations of four teachers were accepted. They are Anne Marshall, Margaret Thomas, Lucille Wilkinson and Marjorie Sholars. Seven new teachers were employed. They are Anne Lee Allen, Mary Askew, Mrs. Jewel Downing, Mrs. R. B. Harmon, Mrs. Frances Hatton, Nell Owens and Ruth Shamburger.

Purchase Authorized — The purchase of approximately \$5,000 worth of shop equipment for high school and junior high plants was authorized. Also, a grant of \$900 for hand tools was sanctioned.

New shop equipment will include a jointer, woodcut band saw, speed lathe, jig saw and combination sander.

A request from the Mormon Church for use of the junior high cafeteria as a meeting place was granted in line with the board's policy of allowing church units to use school installations at a uniform rental rate.

Purchase order for three new pianos for the school system was granted. Wemple's Music Store was low bidder, \$6,255 for a new Steinway piano for the high school auditorium and three upright Story-Clark pianos for other installations.

A report from Wesley Martin, director of special services for the schools, indicated approximately \$1,500 in storm damage to Memorial Stadium during the summer. The board sanctioned rebuilding of a wall at the stadium for \$1,000 and the reinforcing of steel light poles which had buckled in high winds.

The damages will be corrected before Friday night's football game, Martin reported.

The city will be asked to make some adjustment in the water billing penalty which has been assessed against the school. It was pointed out that the city bills water customers in staggered periods during a month and the schools pay their bills monthly at a specified time.

The complete plan of organization for presenting the first home football game of the season Friday night was studied by the board. It approved the same plan of broadcasting games that was used last season and is to be financed by Midland merchants of the Chamber of Commerce with no specific commercials.

Also, the board studied plans for sale of season grid tickets in the future. It seeks a plan that will be fair to the most citizens and not penalize old customers. Tickets for the 1951 games were reported at a premium. Ticket sales were handled by school officials. Booster Club members and other citizens.

A limitation on tickets for in-

Barbecue Stolen, Money Is Ignored

WACO —(P)—L. R. Williams' barbecue stand here has been burglarized seven times in two weeks.

The burglar leaves the cash register alone. Takes just the barbecued meat.

Police Ball Set Wednesday Night

Wednesday night is the big night for Midland policemen and their friends. It's the annual policeman's ball.

It starts at 9 p.m. at the VFW Hall at Terminal. The Duke Landers of San Angelo will furnish music.

Tickets will be available at the door. They have been on sale for several weeks by members of the police department.

Police Chief Rube Hemingway urged the public to "come on out and have a good time with us."

Committee

(Continued From Page One) 000,000,000 to put the nation on a pay-as-we-go basis in the fiscal year. But Chairman George (D-Ga.) on the finance committee, insisted \$6,000,000,000 was enough.

The Senate group's version will reach into the pockets of all personal income taxpayers and into the till of all corporations. Most of the extra revenue would come from these two sources but taxes also would be higher on a long list of things the average person buys—luxuries, semi-luxuries and necessities.

The finance committee's bill would get \$2,394,000,000 in new revenue from the individual income tax by adding 11 per cent to the tax most individuals pay now. Those in brackets above \$50,000 would get somewhat easier treatment.

Most Of Fort Worth Bond Issue Approved

FORT WORTH —(P)—A record 15,000 voters turned out Tuesday to approve a major portion of the biggest municipal bond issue in Fort Worth's history.

Five propositions were approved by a large margin. Another, the \$1,750,000 for greater Fort Worth international airport, received a 36-vote margin of approval. Two others were rejected, according to an unofficial vote count by City Secretary E. S. Birdsong.

CHILD REPORTED BITTEN BY DOG

REBECCA WOODRUFF, four-year-old daughter of Mr. and Mrs. Kenneth Woodruff, 303 East Banner Street, was bitten by a dog Tuesday night.

Mrs. Woodruff said Wednesday morning the child was not seriously hurt. The skin was broken on one of her feet.

She said the dog jumped up on Rebecca and when the child attempted to make it get down, it bit her. The dog was placed under observation.

TRUCKER INJURED

R. O. Garner of Dallas, a trucker, received emergency treatment at Western Clinic-Hospital Tuesday for an arm injury suffered while unloading equipment.

Parking—

(Continued From Page One) men, who last December and January protested and petitioned the council not to put in parallel parking on that street.

It was last December that parallel parking was ordered on streets around the courthouse on a trial basis as the knotty traffic problem in the city worsened. Then the council ordered an enlargement of the parallel parking areas which would include Main Street from Illinois Street to Missouri Street.

An immediate flare of objection from Main Street merchants and others resulted in a change of the order. Instead, 30-minute meters were installed for the head-in parking which continued on that street.

In January, the council was petitioned by Main Street merchants. Traffic Obstructed

"I am guided by what is best for most of the citizens of Midland. A fire truck could not possibly get down the street," McMullen said.

Mayor Perry Pickett asked the councilman when they wanted parallel parking to begin in all of the business district.

"Now," they said in unison. "As soon as the meters can be changed."

"What's been done to speed the flow of traffic by quickening stop-go lights, 7 city employees present at the meeting were asked.

Morris Howard, assistant city manager, said a central control unit which could be operated from City Hall and which could shorten the stop-go periods at all business intersections in peak times was on order.

"Then get it and use it," ordered a councilman.

The council also discussed the "no-right-turn" on a red light order which is being tried here. This may be abolished if the traffic situation continues to worsen, members indicated.

It was pointed out that in areas of the city district where parallel parking is in effect, the traffic flow had improved and safety conditions were better.

"Lane off the streets in the business district where parallel parking will be new—and let's go," Wilkinson added.

Wanted Men Driven Into Police Arms

A California man, wanted in that state on a felony charge, was steered right into the hands of Midland police Tuesday because of the dubious driving of his companion.

A Midland resident called police to report an automobile approaching the city on highway 80 appeared to be driven by a drunk man.

Midland police closed in and arrested the pair and hauled them into headquarters. A check revealed headquarters had a telegram from Chula Vista, Calif., requesting a pick-up on one of the occupants, the non-driver.

He was transferred to county jail to await arrival of officers from Chula Vista. The driver was not drunk and was released.

Boyd Bank—

(Continued From Page One) cash in the drawer in bills ranging from \$1 to \$100. The bandit did not demand any silver.

The four victims in the bank complied with the youth's demand to lie down on the floor. Then, with the money in a paper sack, he fled to the waiting car.

Two young women witnessed part of the holdup from the back door. They are Mrs. Evelyn Goodger, a bank employee, and Mrs. Ernestine Taylor, a city employee.

They gave the alarm almost simultaneously with those in the bank. They said the last four numbers of the license plate of the car were 5642.

The bandit did not attempt to enter the bank vault or go behind the cashier's cage. He was dressed in a white shirt and dark trousers.

In the bank with Petty were B. G. Freeman, assistant cashier; C. H. Easley, vice president of the First National Bank at nearby Sanger and Charles Jones, Boyd contractor.

Boyd is in Wise County, about 25 or 26 miles from Fort Worth at the north end of Eagle Mountain Lake.

Area Rains—

(Continued From Page One) that section.

Ranchers were scarce around Midland hotel lobbies Wednesday morning, most of them apparently being out in the ranch country checking the rainfall.

Although a rainfall was spotted, West Texas was considerably cooler Wednesday.

Marshall—

(Continued From Page One) have a man like Lavett," Marshall said. "There is no man in the United States like him for stepping in and taking charge."

Truman spoke in moving terms of Marshall's record of service, telling him in the letter accepting his resignation:

"To all of these offices you have brought great talent and wisdom. In fact, no man has ever given his country more distinguished and patriotic service than have you.

"I have stated many times, both publicly and privately, my high regard for your many services to the country throughout your long and distinguished career as a government servant.

"At this time I wish particularly to mention the tremendous strides that have been made, under your direct leadership, in establishing a sound basis for our military manpower and production program which already has tremendously increased our defensive strength.

"On behalf of our country I want to thank you for all you have done."

The general had been in retirement only a short time, after serving as wartime chief of staff, when Truman sent him to China in an effort—which proved fruitless—to make peace between the Communists and the Nationalist government of Chiang Kai-Shek.

In stepping out of government service again, Marshall recognized the possibility that Truman might put him back in harness should the need arise.

"As you well know," he said in his letter to the President, "I will always be available for whatever temporary service you may desire of me."

MIDLAND POLICE NAB POST FUGITIVE

An assassin wanted in Post, Texas, on an assault and robbery charge was arrested Tuesday at a Midland Service Station where he was employed.

The man was arrested after two Midland patrolmen on routine patrol were tipped off as to his identity.

He is being held here pending arrival of Post officers.

INJURED IN FALL

J. A. Ball, 513 East New York Street, received emergency treatment Tuesday at Western Clinic-Hospital for head and hip injuries suffered in a fall from a pump.

UNIVERSITY PROVES QUAKER OATS THE BEST OF ALL 14 LEADING CEREALS!

Yes, 14 nationally known breakfast cereals, both hot and cold, of all shapes and kinds were put to a test by a leading State University. In results just published, Quaker Oats is first in nourishing protein!

(See Page 162, Vol. 16, No. 2 of Food Research, an Official Publication of The Institute of Food Technologists)

You've always known a breakfast of hot Quaker Oats is the best, because it makes you feel so good and nourished!

Now here's proof that you're right! In scientific tests, made by a State University, Quaker Oats comes out Number One of all 14 leading cereals! Yes, Quaker Oats is so superior in life-giving protein, it beat all the others! Quaker Oats was even proved better in growth-protein than well-known "baby" cereals.

No wonder doctors say the more often youngsters eat a good oatmeal breakfast, the better they grow! And for you, Mom and Dad, there's more energy, more stamina, in nourishing oatmeal, than any other whole grain cereal!

So eat Quaker Oats every morning. It's the best buy in cereals—less than 1¢ a serving. And the best cereal for your family. Remember to buy Quaker Oats. More people enjoy Quaker Oats for breakfast than any other cereal in the world!

QUAKER OATS THE GIANT OF THE CEREALS

**WITNESS TESTIFIES
ESPARZA SHOT IN HEAD**

SWEETWATER—(AP)—Defense witnesses were to take the stand here Wednesday in the murder trial of a 60-year-old grocer after a state witness testified Tuesday Leonard Esparza was shot in the back of the head.

The defendant is O. M. McMillan, charged in the May 4 shooting of the 60-year-old Esparza.

An eight-year-old Latin American boy, Joe Adams, said Esparza was walking towards a street when he was shot to death. Testifying through an interpreter, Adams said he and Esparza went to McMillan's home to use the phone.

He said McMillan and Esparza cursed each other and that McMillan went into the back of the house and got a pistol. The shooting followed.

KEY ATTENDS CONVENTION

James S. Key, president of Key Investment Company, left by plane Tuesday for San Francisco to attend the national convention of the Mortgage Bankers Association of America. Key will participate in the program of mortgage financing and program activity.

Addition of caeator oil to the paint used in marking highways improves sticking qualities and prevents chipping off.

**NLRB Suspends Lawyer
For Fisticuffs At Rankin**

HOUSTON—(AP)—A Houston lawyer who once played football for Hardin-Simmons College at Abilene won't be allowed to practice law before the National Labor Relations Board for two years.

NLRB's action—first of its kind in the board's 16-year-history—was taken against John L. Camp because he slugged an NLRB lawyer in 1949.

Camp, interviewed here after the board announced its decision Tuesday in Washington, said:

"I have never felt that it was necessary to take insults from anyone and in particular from a bureaucratic lawyer from Brooklyn."

He said he did not welcome the distinction of being the first lawyer ever debarred from practicing before the board. He said he would sue in district court for the District of Columbia to have the order set aside.

The order is effective for two years unless Camp succeeds in having it set aside.

Camp, 45, is an attorney for the Ohio Oil Company. He formerly was county judge of Taylor County.

The lawyer whose eye was blackened was E. Donald Wilson.

Camp, appearing before the board, was quoted in the NLRB report as saying he attacked Wilson at a hearing at Rankin, Texas, Oct. 26, 1949. Wilson was representing the NLRB's general counsel.

Camp was one of three attorneys for the Ohio Oil Company, which was charged by the CIO-Oil Workers Union with having fired two employees because of union activities.

Wilson engaged in cross-examining a company witness when Camp, according to his own testimony, spun him around, shoved him into a clear space and bashed him on the jaw. Wilson dropped to the floor and Camp leaped on him, punching him again in the eye.

By that time, Trial Examiner Henry J. Kent and attorney associates of Camp helped pull off the attacker.

Wilson brushed himself off, and according to Camp's testimony "looked at me and said, that was a silly thing to do."

Camp alleged he "utterly and completely lost control of himself."

The board decision to bar Camp for two years beginning Wednesday, was signed by a three-member majority. They were Chairman Paul M. Herzog and members Abe Murdock and Paul L. Styles.

Board Member John M. Houston would have made it a five-year exclusion.

Board member James J. Reynolds would have excluded Camp only from further participation in the Ohio oil case. He said a two-year order was too harsh because the assault was not premeditated and "could not be said to be entirely unprovoked."

Reynolds also pointed to "Camp's good reputation for competency and integrity as a lawyer and as a law abiding and peacefully disposed citizen of Texas."

EGYPTIANS LEARN HEBREW

CAIRO—(AP)—The Ministry of War and Marine announced that Hebrew would be taught in the Egyptian Military College for the first time.

Baby spiny lobsters have the wandelust for marine scientists have found they may travel many hundreds of miles from their place of birth to the sea bottom where they grow up.

**Stepped-Up Output
Should Continue,
U. S. Official Says**

FORT WORTH—(AP)—A government official has recommended that Texas continue its stepped-up September oil production in October.

He said the oil is needed because of the shutdown of Iran's oil refinery.

Cecil L. Burrell of the Petroleum Administration for Defense made the recommendation before the Interstate Oil Compact Commission.

"We should take the oil while we can and use the maximum transportation and refining capacities of the United States," Burrell said.

His remarks followed an inquiry by State Railroad Commissioner W. M. Murray who asked if the state should continue its stepped-up production.

"If the Iranian situation were settled tomorrow, we'd still need all the oil we can get in October," Burrell replied.

The September allowable was set at an all-time high, in excess of 3,000,000 barrels, as the result of the appearance of Burrell and two other PAD officials, A. P. Frame and R. G. Lawton, at last month's statewide hearing in Abilene.

Governor Shivers, chairman of the compact commission, said "it was never more apparent that the domestic supply of oil is the only safe supply in time of emergency."

"It was never more obvious that the states must leave nothing undone, in the way of proper regulatory and conservation practices, to assure the continued orderly development and production of oil and gas."

Little Rock, Ark., was picked for the annual meeting, December 11-12. The 1952 Summer meeting will be held at Lake Banff, Canada, August 31-September 1-2.

**Safety Examples Best Method Of Teaching
Youngsters To Protect Their Own Lives**

Do you watch for school youngsters when you're driving in a school zone? Do you observe the safety regulations while motoring through the reduced speed zones?

If not, then Midland school officials would like to solicit your cooperation in a gigantic school safety program designed to make city streets safer.

Wesley Martin, director of special services for the Midland school system, said, "We want each and every citizen to teach every boy and girl in Midland to respect the safety rules, to observe the traffic regulations and above all—to teach them respect for our city traffic authorities."

And school officials believe the best example to set for a youngster is in the observance of traffic regulations by adults themselves.

A coordinated safety patrol program, complete with a constitution and by-laws, drawn up by John Blidlo, dean of the junior high school students, has been placed into effect.

It will be a privilege instead of a duty for students to belong to the school safety patrol.

Each school will have a platoon attired in a conspicuous uniform to direct the pedestrian students through the busy intersections.

Martin urged that all Midland citizens join with school authorities in becoming safety conscious.

"Each teacher will be instructed to devote time to the teaching of public safety in the school, home and in the city," he said.

Parents should carry out a similar program in the home and those who bring their children to the school should inquire as to the proper place to unload them, Martin said.

Martin said traffic lights, portable stop signs and painted cross walks have been provided in the school areas.

GMC
GASOLINE & DIESEL TRUCKS
1/2 TO 20 TONS

Best way to get a move on

ASK any GMC owner about hauling performance.

For when it comes to packing home a pay load—he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline pickup model—or requires one of the sensational new GM-Diesel "Million-Milers"—he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine." He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame—truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs. For GMC's are made in the widest variety of engine-chassis-axle combinations, from 1/2 to 20 tons.

Cleveland Goes On Top In American League Flag Chase

By JOE REICHLER
Associated Press Sports Writer

A band of weary Cleveland Indians staggered out of Philadelphia Wednesday, their warpaint smeared, their tomahawks bent, but safely ensconced in first place in the American League race.

Fortunate to escape from the city of brotherly love with a split in Tuesday's two-night doubleheader, the Tribe now owns a full game's advantage over New York.

While Cleveland was thrashed, 9-5, by the giant-killing Athletics after squeezing out an 11-inning, 6-5, victory, the Yankees were struck by lightning twice. The lightning came in the form of the usually inert St. Louis Browns who stunned the baseball world by inflicting 4-3 and 6-3 defeats upon the defending champions. The twin loss not only sent the Yankees reeling out of first place but dropped them a full game behind the Indians and only four in front of the third-place Boston Red Sox.

Mapes Homers
A former Boston pitcher and three erstwhile Cleveland chatters led the Browns in their slaughter of the Yankees. Jim McDonald, whom the Red Sox earlier this year had sent to Louisville, pitched and batted the Browns to their first game win. McDonald's ninth inning two-out single scored Fred Marsh, an ex-Indian, with the winning run.

A three-run homer by Cliff Mapes, another former Indian as well as a Yankee, provided St. Louis with the winning margin in the night-

(NEA Telephone)

BULLFIGHTER—Patricia McCormick, 21-year-old Big Spring, Texas, art-student turned bullfighter, nimbly capes the charge of an enraged bull during her appearance at Juarez, Mexico. Patricia after a jarring experience, killed the bull and was awarded the coveted bull's ear.

San Angelo 'Cats, McCamey, Kermit Rate Grid Choices

By LARRY KING
Reporter-Telegram Sports Editor

Football is the big news in West Texas this week, as the majority of AAA and AAAA teams pop the cork on the 1951 football season.

For other schools, it will be round two in the annual Fall football battle.

Midland's Bulldogs, ably tutored by Tugboat Jones open at home with the San Angelo Bobcats in a game scheduled for 8 p.m. Friday.

The invading Bobcats bring a heavy team to Memorial Stadium, although its playing experience is about on par with that of Midland. Both elevens have three starters back with six lettermen each.

Midland has looked strong offensively, but very weak defensively. For that reason, The Reporter-Telegram Sports Department picks San Angelo to beat Midland, 27 to 21, in a game that could go the other way if the breaks fall right.

Midland's 1-AAA district foes also get L-to action, and each has drawn a rugged opponent in the first outing.

Sweetwater goes to Pampa for an expected hard battle, with Sweetwater getting the nod, 21 to 14. Big Spring, going to Quanah, should have enough to win, 20 to 0. Plainview ties into powerful Lubbock, and might make a good fight of it—but the Westeners are picked, 20 to 12.

Vernon, host to Wichita Falls, probably will go down to a 20 to 7 margin while Lamesa is considered weaker than Paschal of Fort Worth by about three touchdowns. Make the score 34 to 14.

Kermit Picked
Around the area Kermit High School draws a corker in Duane Fisher's Hobbs, N. M. Eagles—and the Eagles will have the home-field advantage. Kermit's line is rugged, but its backfield leaves something to be desired. Hobbs, loser of only four games in the last three years, could take the Jackets—but we give Kermit the nod in a toss.

Unknown Leads National Tourney

BETHELEHEM, PA.—A silver-haired brigadier general from the Southwest is threatening to march off with the fifty-first Annual National Amateur Golf Championship right under the noses of Defending Champion Sam Urzetta and four illustrious Walker Cup teammates.

The officer of World War II, Ken Rogers, slick Oklahoma City shott-maker, made America's ranking amateurs sit back and take notice with his brand of par wrecking golf. While none of the top flight linksmen have exactly burned up the long playing, 6,979 yard Saucon Valley Country Club course, Rogers has turned in two front nine hole rounds of two-under-par 34.

Rogers opened his bid for the national title by blasting Edward Ervasti of Normandy, Mo., 8 and 7, and Tuesday he continued to reel off spectacular shots with a 3 and 2 triumph over John Weaver of Houston, Texas.

Two other dark horses look as if they may have more than a little to say about the eventual winner. Bob Gardner, a steady and brilliant golf workman from Los Angeles, fired the best round of the tournament, a two under par 34-35-69, in eliminating Lloyd Ribner, White Plains, N. Y.

Middleweight Bout To Pack Rockets And Oilers Hold Loop Leads

NEW YORK—(AP)—The most eagerly awaited prize fight of the recent years is scheduled to take place out around second base at the Polo grounds Wednesday night when Randy Turpin of England, a pugilistic upstart gives Sugar Ray Robinson of Harlem a return shot at the middleweight title he won from him in London two months ago.

American fans have never fully recovered from their shocked amazement of July 10 upon learning that Sugar Ray, regarded by many experts as the most superlative ringman of the generation, had dropped his 160-pound crown to the 23-year-old Turpin in 15 rugged, bloody rounds.

Bookmakers Bashful
Wednesday night will come close to packing the huge baseball park to its capacity of 55,000, weather permitting, to watch the Harlem hotshot seek his revenge. At \$30 top the spectacle will afford the throng an opportunity either to vindicate its judgment of Robinson as a true fighter or to hail Turpin as a great champion.

Robinson has been a firm betting favorite ever since the return bout was set and a vast majority of American experts favor him 50 to 11, mainly by a decision in the full 15 rounds. There has been very little bookmaking around here, for reasons best known to the bookmakers, but there has been considerable man-to-man betting at 2 to 1 on Robinson.

Well-Pitched Game Lost By Newsom To Pitcher He Helped
BIRMINGHAM, ALA.—(NEA)—It'll probably be a long time before Bobo Newsom is inclined to show rival pitchers any more new tricks.

Old Blooper Ball went to the mound for the Birmingham Barons of the Class AA Southern Association on his forty-second birthday and set down 25 Little Rock batters in a row, only to lose, 2-1, when his mates failed to solve the pitching of the Trappers' Verne Williamson.

Williamson, who pitched a no-hitter against the Barons a few days earlier, attributes his recent success to a tip—given by Bobo.

Both were impressive last week as Seminole won from Denver City while Levelland overpowered highly-regarded Pecos. It could turn into a duel between Seminole's Jackie Sparks and Levelland's Langford Sneed, both fine backs. Because of Levelland's weight advantage, the Lobos rate a one-touchdown, 20 to 13 favorite.

Wink and Pecos, other 8-AA outfits, rest this week before meeting each other next weekend.

McCamey, an AA outfit, meets Colorado City, an AA outfit. But the Badgers are supposed to be loaded this year, consequently they get the nod, 20 to 14, over the invading CC Wildcats who last week edged Merck.

Crane journeys to Jal, N. M., to meet the Panthers, winners over Grandfalls, 26 to 0, last Friday. Crane is supposed to be stronger than in '50, but we foresee a Jal victory, about 19 to 13.

Odessa moves to Houston for a tough battle with John Reagan. Odessa should prevail, 21 to 14.

A Saturday night game finds Stanton, with an injury-riddled and green team, meeting the Big Spring B team. It should be close, with the Big Springers favored to take the game, 19 to 14.

Other Choices
Around the state, other picks are: Yalata 34, Brownfield 7, Crosbyton 6, Denver City 20, Tahoka 14, Alpine 13, Sanderson 6, Iraan 21, Robert Lee 7, Baird 13, Cross Plains 6, Roscoe 27, Rotan 20, Lakeview 20, Roby 7 and Rochester 26, Clyde 13.

(NEA Photo)

STRATTON STARTS NEW JOB—Monty Stratton, left, former Chicago White Sox hurler, whose career was ended in 1938 by a hunting accident which cost him his leg, starts his training on his new job in the technical order branch of a Texas Aircraft Company. Helping Stratton on his new job is Cecil May, right.

Fans Urged To Get Grid Tickets Early

To avoid a lengthy wait in a long line, Midland grid fans Wednesday were urged by school officials to purchase tickets to the Midland-San Angelo game early.

Tickets are to be on sale in the foyer of the high school auditorium after 5:30 p.m. Thursday, and on sale at the Chamber of Commerce all day Friday.

Blue Sox, Lamesa Win WT-NM Tilts

By The Associated Press
The Abilene Blue Sox exploded for 17 hits for 18 runs Tuesday night to down Lubbock's Hubbers 18-2 and even their West Texas-New Mexico playoff series 1-1.

A similar vengeance was taken out at Albuquerque, where the Lamesa Lobos likewise evened their series against the Dukes with a 4-3 victory fashioned by Herb Damico.

The night before, Lubbock had downed Abilene 8-5 and Albuquerque took a 3-2 decision from Lamesa.

GRIDLESS REDMEN

NEW YORK—(NEA)—Brooklyn St. John's hasn't fielded a football team since 1931.

Roughnecks, SA Missions Win Playoff Games

By The Associated Press
Clarence Beers, hero of the 1947 Houston baseball season, returned to buff stadium Tuesday night—but he was everything but a hero to the Houston fans.

The veteran right-hander stopped the Buffs with six hits to twirl the Beaumont Roughnecks to a 4-1 victory in the first game of the Texas League shagnessy playoffs.

The San Antonio Missions also came through with a victory to take a one game lead in the opening round. The Missions nosed out the Dallas Eagles 3-2 in a thriller.

Increase In Prices Of Cotton Forecast

RALEIGH, N. C.—(AP)—Rep. Harold D. Cooley (D-NC) predicted here Tuesday cotton prices, now about 35 cents a pound, will rise to 40 or 45 cents by next summer.

Cooley, chairman of the House Agriculture Committee, urged cotton farmers who are confronted by falling prices and the third largest crop in history, to place their crop under the government loan program.

Booster Club Holds First Meeting Of New Grid Season

A large group of fans turned out Tuesday night for the first meeting this season of the Boosting Booster Club.

Coach Tugboat Jones said it was the "largest opening-night Booster crowd I have ever seen."

Jones introduced members of the MHS coaching staff and gave a rundown of player personnel to the fans.

Tex Carlston presided at the meeting, held in the high school cafeteria.

Memberships in the Booster Club were sold during the meeting.

Four Wingmen And Back At LSU Are Ambidexterous

BATON ROUGE, LA.—(NEA)—If Louisiana State's football team doesn't go any place this season, it won't be for lack of ambidexterity.

End Carroll Hollidays throws a football left-handed, a base ball with his right. Ends Ralph McLeod and Jim Mitchell and Back Dick Prescott throw right, write left. End Tommy Brown kicks and writes right, throws left.

The topper is Guard Elton Shaw—double-jointed.

The SCOREBOARD

TUESDAY'S RESULTS

Longhorn League
Roswell 6, Big Spring 0 (Roswell leads three games to one).
Odessa 9, San Angelo 4 (Odessa leads, 2 games to one).

WT-NM League
Abilene 18, Lubbock 2 (Series tied, 1-1).
Lamesa 4, Albuquerque 3 (Series tied, 1-1).

Texas League
Beaumont 4, Houston 1 (Beaumont leads, 1-0).
San Antonio 3, Dallas 2 (SA leads, 1-0).

National League
Brooklyn 7, Cincinnati 0.
New York 10-3, St. Louis 5-4.
Chicago 13, Boston 11.
Philadelphia 3, Pittsburgh 2.

American League
St. Louis 4-6, New York 3-3.
Cleveland 5-5, Philadelphia 5-9.
Boston 4, Detroit 3.
Washington 7, Chicago 6 (10 innings).

THE BEER THAT MADE MILWAUKEE FAMOUS

"Young men," observed the wife as she watched us trying unsuccessfully to button our suit coat, "are getting fat and soft."

Which hit a sore spot with us for obvious reasons, but agreed with statements made recently by coaches in despair.

"Too much money and too many cars," are blamed by the coaches for such a condition.

Since we have little of either, we must fall back on another reason—but the mentors are, to a large extent, correct.

MHS Coach Tugboat Jones recently told a luncheon club: "For years, Midland boys were soft because they had too much money, too many cars and an all around easy time of it—they just didn't want to pay the price in order to be a good football player."

"But," said Jones, "while the situation still is that way to a certain degree, other schools are 'catching up' with Midland in that respect."

We've heard reports of several area schools losing fine prospects recently because they had rather take it easy than go through with the work required to be a successful football player—and like the wife, it makes us wonder what the younger generation is coming to.

But they've been wondering that almost since the beginning of time, and everything's still rocking along.

Good football still is played because the boys who play had rather work hard than take the easy way out.

That's why the caliber of play improves, from year to year, if anything. Only the boys who are willing to sacrifice may make the grade.

Look for Quality

Find it with America's quality favorite

Your search for quality ends when you discover Miller High Life—the beer that's acclaimed the country over as the NATIONAL CHAMPION OF QUALITY! Try it today—see how grand it is to enjoy life with Miller High Life!

A Reminder

Are you sufficiently protected with insurance on your home and furniture. Valuations have increased so rapidly - perhaps since your present policy was written. The extra cost is so small compared with a loss you may have by fire. Re-check your policies today and if not fully protected, call us immediately.

BURNSIDE-GRAFA Insurance Agency 212 Leggett Building DIAL 2-4272

DON'T WAIT..

UNTIL IT'S TOO LATE FOR HIGHER PRICES

Two weeks ago, we informed the public regarding new government regulations affecting construction of new homes. In brief, these regulations, effective October 1, make it extremely difficult for your builder in providing the type of home you want and desire.

Quite a number of people have contacted us since this information was released, and several now have their homes under construction. These people will get the MOST POSSIBLE for their home-building money.

For those of you who are still undecided as to whether or not you will build right away, we have this urgent advice: Don't delay! Putting off your building plans may result in an appreciable loss to you in the quality of your home, as well as increased cost of construction through price increases and substitution of critical materials.

Drop in at our office, or call and let us know when we can get together with you in a discussion of your home-building plans. Remember - our complete service includes selection of better home sites, stock or custom plans, construction, financing and insurance. This "package deal" is designed for your convenience and economy!

TWO FULL ACRES provide almost unlimited possibilities of development. . . . and the beautiful 3-bedroom home has two baths, fireplace, central heat, air conditioning and many other fine features. Double garage. Nice landscaping, including lots of trees.

AUSTIN STONE with all the refinements you'd expect in the lovely neighborhood where this home is located. Three bedrooms, three baths. Wood-burning fireplace, patio, completely enclosed back yard with barbecue pit.

CORNER LOCATION, just off Andrews Highway on West Storey . . . a perfect location for this 3-bedroom brick veneer with two baths. Double garage. Private water system. Only \$22,500.

A COTTAGE ON A LAKE is every man's dream. And here is a 4-room cottage on Lake Nasworthy with every convenience you've wanted. Ask us about this one, and about our other out-of-town listings in most of the major cities in Texas.

THE LISTINGS ABOVE are only a small part of the two, three and four bedroom homes we now have for sale. Whatever your requirements are in a home, check with us first. . . . In all probability, we will have just what you want. And don't forget - if we DON'T have just what you want, we'll build to your specifications!

Permian Basin Oil And Gas Log—

(Continued From Page One)
ed out to dig to 6,900 feet to test the Pennsylvania reef ran a drillstem test in the Clear Fork at 4,274-4,331 feet.
The tool was open three hours. Gas surfaced in 45 minutes and the project started flowing oil and mud in 90 minutes. It flowed to pits to clean for 30 minutes and then flowed 15 barrels of clean oil in one hour. Gravity if the oil was 26 degrees. There was no water.
The project is now drilling ahead below 4,571 feet in lime and shale. It is located 1,697 feet from south and east lines of section 69, block 25, H&TC survey. It is about 19 miles southeast of Gall.

Midlanders To Drill 4,500-Footer Tester In SE Ward Area

J. J. Rogers and L. B. Thomas of Midland are to drill their No. 1 S. J. Taylor as a 4,500-foot cable tool wildcat in Southeast Ward County. It will be 495 feet from southeast and 1,320 feet from southwest lines of the Rogers and Thomas lease in section 17, block B-29, psf survey. That puts it six miles north of Royalty. Drilling is to start by October 15.

Offset Scheduled To Salt Creek Outpost In NW Kent Sector

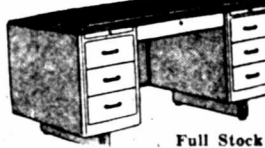

Charles B. Wrightsman of Houston has staked location for a north-west stepout to his No. 1 Frank Stewart, indicated new reef lime producer three-quarters of a mile northwest of the Salt Creek-Canyon field in Northwest Kent County.
The new project will be Wrightsman No. 2 Frank Stewart. It is 550 feet from west lines of section 5, John Rodman survey, and 500 feet west of the northeast line of the Stewart lease in the southwest quarter of section 5, John Rodman survey.
It is 10 miles northwest of Clairemont and 2,060 feet northwest of Wrightsman No. 1 Stewart.
The No. 1 Stewart is bottomed at 6,436 feet. Top of the reef is at 6,250 feet. Elevation is 2,066 feet. The section of the reef which has been penetrated has shown that it will make an oil well.
Operator is preparing to set casing and test and complete.
No. 1 Stewart is 1,500 feet from south and 1,680 feet from west lines of section 5, John Rodman survey. Wrightsman No. 2 Stewart is projected to 7,000 feet, unless it develops production in the reef before reaching that point.

Borden Wildcat Is To Dig To Strawn Reef Makes Water

Jackson, Douglas & Ritchie No. 1 W. E. Murphy, Southeast Borden County wildcat, between the Reincke and the Von Roeder fields is drilling ahead below 6,500 feet and will go on to around 7,500 feet to explore the Strawn lime.
This project had logged some slight shows of oil and gas in the top of the Pennsylvania reef in two drillstem tests above 6,845 feet.

Cosden Exploration In SW Howard Gets Flowing Oil On DST

Cosdep Petroleum Corporation No. 1-X L. S. McDowell, Jr., Southwest Howard County wildcat, 12 miles southwest of Big Spring, recovered 35 feet of free oil and 180 feet of heavily oil and gas cut drilling mud during a drillstem test at 8,490-8,521 feet.
The tool was open two hours. No signs of water were reported. Operator is now bottomed at 8,521 feet and is taking electric surveys.
The section which made the oil and gas may be in the Pennsylvania lime. Location is 1,980 feet from north and 467 feet from east lines of section 3, block 34, T-2-S, T&P survey.

North Pecos Field Gets Second Oiler

The Krasner-Clear Fork field of North Pecos County has gained its second producer.
Sam Krasner, of Corpus Christi and others completed their No. 1 M. P. Walker for a 24-hour flowing potential of 53.30 barrels of 39.2-gravity oil plus 68.4 per cent water.
Flow was through a one-half inch choke. Casing pressure was 360 pounds and tubing pressure was 20 pounds. Gas-oil ratio was 687-1.
Top of pay is at 3,100 feet and total depth is 3,139 feet. Production was natural.
No. 1 Walker is 660 feet from south and east lines of lease in section 86, block 11, H&GN survey and is three-quarters of a mile northwest of the discovery well which is Krasner, trustee No. 1 Clarkson.
The discovery was completed for a 24-hour flowing potential of 84.22 barrels of 38-gravity oil and no water between 3,078 feet and 3,113 feet in the Clear Fork.

Pegasus In Upton Gets Two Oil Wells

Magnolia Petroleum Company has completed two new producers on the northeast side of the Pegasus field of Northwest Upton County.
Magnolia No. 3 John Windham was finished for a 24-hour flowing potential of 754.95 barrels of 53.1-gravity oil. Flow was through 16 64-inch tubing choke. Gas-oil ratio was 1,140-1.
Production is coming from open hole section between 12,793 feet where 5 1/2-inch casing is set and 13,115 feet the total depth. The zone had been acidized with 3,000 gallons.
Location is 660 feet from south and 1,980 feet from west lines of section 32, block 40, T-4-S, T&P survey.
Another On TXL
The other new oiler in the field is Magnolia No. 2-1 TXL.
The well flowed 24 hours through a 2 1/4-inch choke to make an initial production of 669.6 barrels of oil. Gravity was 53.5 degrees. No water was present. Gas-oil ratio was 1,567-1.
Pay was topped at 12,863 feet and total depth was reported to be 13,115 feet. The pay section was treated with 5,000 gallons of acid.
No. 2-1 TXL is 1,980 feet from north and west lines of section 41, block 40, T-4-S, T&P survey.

Fullerton Schedules Tom Green Venture

Fullerton Oil Company spotted a 4,800-foot wildcat in Central-South Tom Green County, nine miles southeast of Christoval.
No. 1 J. L. Harris is to be drilled 1,980 feet from south and 660 feet from west lines of section 64, block 25, H&TC survey and 11 miles southwest of the Susan Peak field.

Midland Operator Sets Winkler Test

B. H. Grube of Midland will drill a 4,060 foot wildcat in Northwest Winkler County, two and one-half miles west of the shallow Eaves pool.
The No. 1 Tubbs is located 661 feet from north and west lines of section 11, block C-23, psf survey.

Two Wildcats Are Staked In Concho

Two wildcats have been staked in Concho County.
The deeper of the two is W. E. Howard No. 1 Mrs. M. Judge, 660 feet from north and east lines of section 8, block 9, H&TC survey.
It will be projected to 4,500 feet. Location is nine miles northwest of Eden and six miles northwest of the Eden pool.
Drillsite is on a farmout from American Trading & Production Company.
C. Stuart, et al of Brownwood will drill a 1,975-foot wildcat in East-Central Concho County seven miles northwest of Melvin.
No. 1 D. G. Bishop will be 450 feet from north and 2,237 feet from east lines of section 11, H&TC survey.

Shell Abandons NE Ward Prospector

Shell Oil Company has plugged and abandoned the No. 3-B J. Edwards, wildcat in Northeast Ward County four miles east of Monahans.
The failure is 662 feet from west and 661 feet from north lines of section 7, block B-18, psf survey.
This site is the location of a core hole which Shell drilled recently to 8,310 feet. The concern plugged back to 4,900 feet in the upper Permian lime and attempted to complete the wildcat as a commercial oil producer. That effort was unsuccessful.

East Pecos Tester Dry And Abandoned

J. E. Smith of Houston has plugged and abandoned his No. 1 M. M. Holmes, wildcat in extreme East Pecos County, at 2,404 feet in Permian lime.
It was 660 feet from south and 1,500 feet from east lines of section 48, block 1, I&GN survey and seven miles south of Iranan.

Crackdown Ordered On Violations Of Zoning Regulations

Violations of Midland's zoning laws were brought to the attention of the City Council Tuesday night and the council ordered an enforcement crackdown.
As the city grows, small businesses of all kinds have been springing up in many areas not zoned for business operation, the council was told.
Specific examples were cited, including a trucking business being operated in a residential district.
Especially along West Wall Street, there have been open violations of the zoning laws, the council was told.
City employees at the meeting were instructed to see that zoning laws are enforced.
Building permits for new business structures in residential zones will not be issued by the city. But many times, a business suddenly springs up in a zone where it does not belong, a council man said.

Cosden Abandons Howard Wildcat

Cosden Petroleum Corporation No. 1 F. W. White, wildcat in Central Howard County, has been temporarily abandoned at total depth of 5,609 feet in Permian lime and shale.
A one-hour drillstem test from 5,463 to 5,609 feet recovered 15 feet of mud with no shows.
Location of No. 1 White was 467 feet from south and 1,980 feet from east lines of section 36, block 32, T-1-N, T&P survey and four miles east and one mile north of Big Spring. That made it one and one-half miles north of U. S. Highway 80.

SE Dawson Tester Plugged, Abandoned

George R. Brown of Houston No. 1 Krezer, wildcat in Southeast Dawson County has been abandoned after recovering salt water on a test.
On a drillstem test at 9,623-63 feet recovery was 5,600 feet of salt water. Tool was open two hours and 15 minutes. There was a strong blow throughout.
Operator ran a Schlumberger to the total depth of 9,653 feet.
The failure is 13 miles southeast of Lamesa and 467 feet from the south and east lines of the south-west quarter of section 20, block 34, T-4-N, T&P survey.

German Police Training In America Find Out About The Life Of Riley

Search: Lt. LeRoy Smith, extreme right, of Michigan State Police laboratory, shows visiting West German police how to examine a suspicious package with an X-ray machine. Walter Rellie, second from right, a chief in Bavaria, found lots of friends among U. S. cops when they discovered his name was pronounced just like "Rellie."

Quinn: Karl Lebus, of Wiesbaden, serves as a suspect while Michigan State Police Detective Murray Young, right, puts him through the paces with a lie detector. Looking on is another German "student," Gustav Supper of Stuttgart.

EAST LANSING, MICH.—(NEA)—They call it the "German police training program," here on the Michigan State College campus. Actually, it's far more than that.

German police specialists—don't call them "trainees"—have been coming here in small groups of half a dozen or so, every few weeks, sponsored by the U. S. Department. These specialists and police officials from the American Zone of Western Germany are hand-picked by John J. McCloy, American High Commissioner for that zone.

In the 12 weeks they're in this country, these German policemen, some of whom were ousted from important positions by the late Hitler regime, get a pretty good insight into what makes democracy tick. In addition to their study of American law and police methods.

"We have been to your service clubs, your concerts and inside your great industries," one of them remarked. "We feel that we are taking back something with us that no amount of abstract study could have given us."

In Many Places

A surprising number of the West German visitors have relatives and friends in a surprising number of places.

Fritz Todenhaupt, chief of police of Coburg, has kin both in Chicago and in St. Joseph, Mich. Flery-haired Joachim von Wehren, chief of police of three rural areas in the Württemberg Land Police district, has many friends in Evanston, Ill., and in Ann Arbor, Mich., while Gustav Supper, police president of Stuttgart, has friends scattered from Camden, N. J., to Santa Clara and Live Oaks, Calif.

Walter Rellie, 36, chief in Kempen, Bavaria, has been getting more than his share of enjoyment. Dark-haired and blue-eyed, with a name that's pronounced like "Rellie," he likes to watch the reaction on American police officials of Irish descent when he's introduced. He recalls with a grin the stir that went through a sheriff's convention recently when he heard his last name as he was introduced from the platform.

"As a matter of fact," he informs, "there was an Irish ancestor back there a few generations ago."

All of which makes Walter Rellie just another of the Rellie boys, as far as Yankee cops of Gaelic strain are concerned. Sure, and Rellie has relatives in Detroit and Kalamazoo, Mich., and in Middletown, N. Y.

Like U. S. System

Rellie and his fellow West German police officials like the American "decentralized" police system, which is so different from their own. It is somewhat difficult for them to understand that while the Federal Bureau of Investigation conducts schools for state, county and municipal police officers, it does not boss them.

"The big difference," explains von Wehren, "lies in the fact that American police came from the ground up—from the population itself. In Germany, of course, police authority came from the top down."

In the German village or small town, police officials are only now beginning to come up from the ranks, rather than from the all-powerful state police, as formerly.

American traffic problems seem to be the first that catch the eye of the German police visiting official. And he's doubtful that he could ever solve any of his with the familiar scout car. Too many bicycles and pedestrians.

What about pedestrians here? von Wehren smiles. "Your pedestrian over here sits in his car."

Canada Maintains Defense College

KINGSTON, Ontario.—Brains that would run vital jobs in any new Canadian war effort are being sharpened and broadened here in a school where secrecy is a passion and nobody gets marks, good or bad, for anything. It is the National Defense College. Since 1947, it has been turning out men who would go to senior jobs not only in the armed forces but in government and industry if war came.

Behind the towering walls of old Fort Frontenac, they come for a year at a time to study and consider not one particular realm of Canadian defence but the whole broad economically and otherwise. The school is an important effort to find the answer to the complexities of modern war. It is Canada's parallel of the United Kingdom's Imperial Defense College and the War College in the United States.

The students are near the top of the ladder in the forces, departments of government and, occasionally, industry. All are marked as "comers." When they leave, they get no report, no marks, nothing but the right to put the initials N. D. C. after their name. That is coming to mean more and more when it counts most.

Nickel is employed as an addition for equalizing the distribution of lead in bearing bronzes and for improving their mechanical properties.

CHOW LINE—Litter-ally making pigs of themselves, these 10 Berkshire piglets lost no time in hitting the chow line after their recent birth on the farm of Clarence MacBeth in West Salem, Ohio.

JAPAN: Rebirth of a Nation

After framing civil liberties in a workable constitution, SCAP followed through with an effective one-two punch, a civil education and information program. Movies spearheaded the information campaign's war on Japan's ways of old. By 1950, audiences totalling 300,000,000 had viewed films encouraging them to meet their postwar problems squarely.

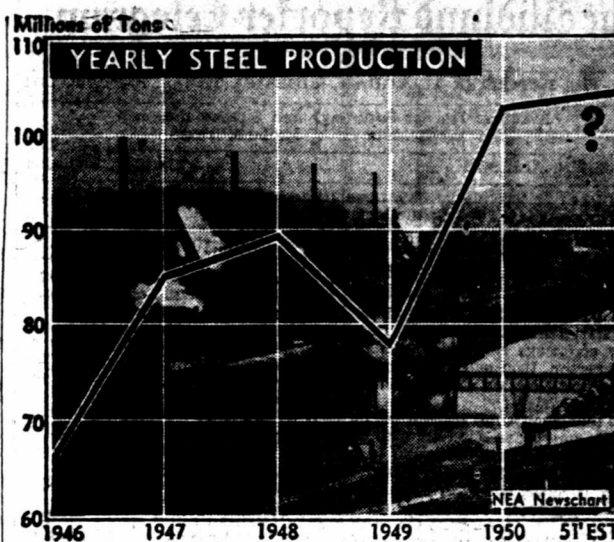

Newspapers, magazines and radio stations were freed from government control and familiarized with the responsibilities and opportunities of a free press. In 1945 there were 52 general daily newspapers; a year later, 132. SCAP guidance also resulted in adoption by the Japanese press of a code of ethics modeled after that of the American Newspaper Publishers' Association.

DIAMOND PRODUCTION

BRAZZAVILLE, FRENCH EQUATORIAL AFRICA.—(AP)—French Equatorial Africa's diamond production this year will reach 200,000 carats or 5 per cent of the total world production, said High Commissioner Cornut-Gentille when he opened the yearly session of the Equatorial Africa Grand Council. He further quoted the recent oil discovery in the Gaboon area as a major hope for FEA's mining industry but said it would take several months to ascertain whether big scale exploitation would be possible.

Advertise Or Be Forgotten

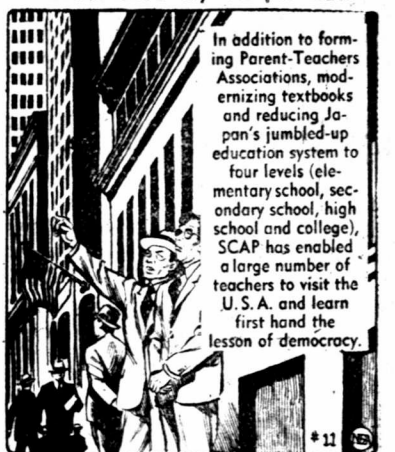

As the U. S. increases its rearmament tempo, production of steel becomes an ever more vital subject. Above Newschart shows the probable steel production for this year—above 100,000,000 tons, depending on the absence of work stoppages and the availability of scrap.

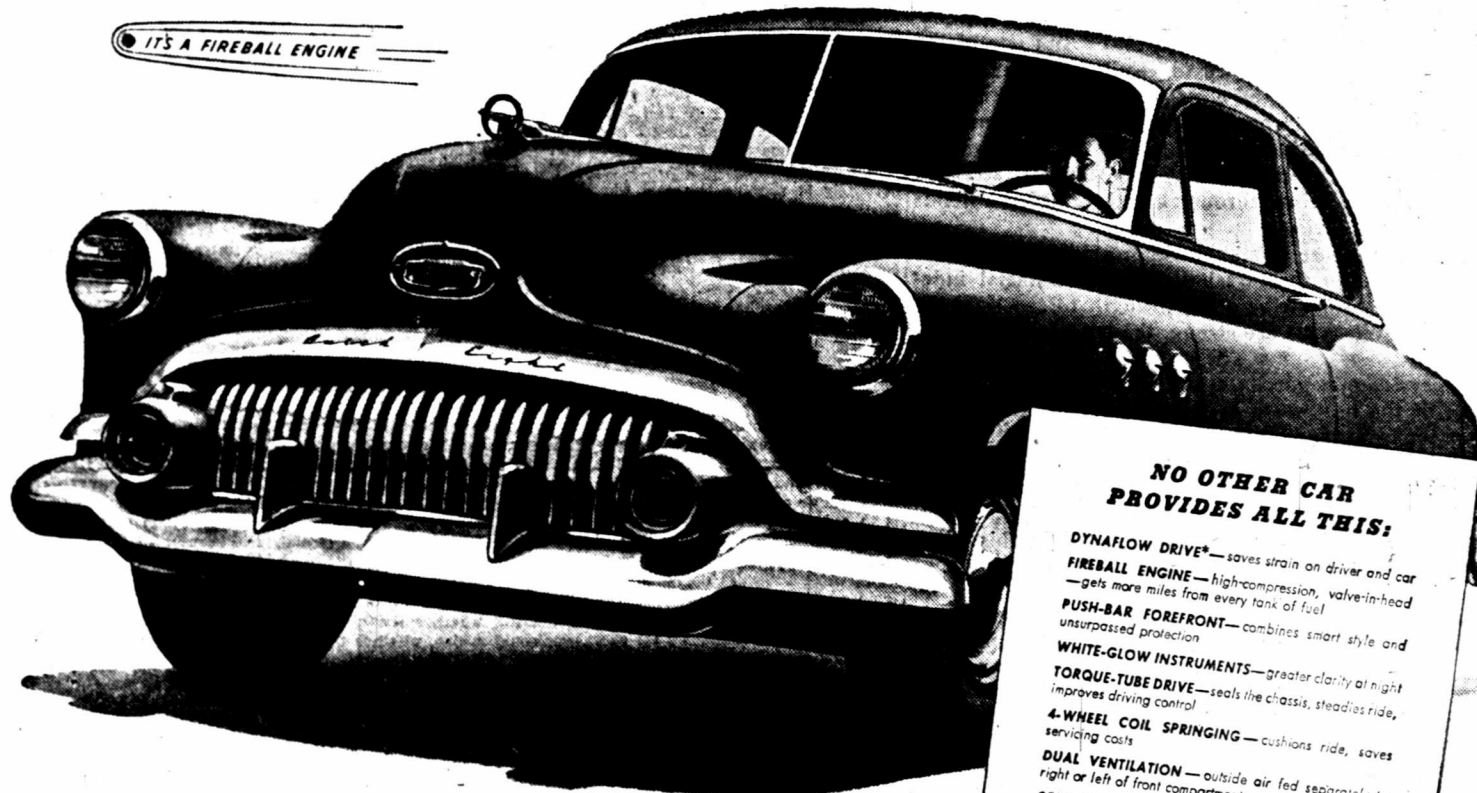

Illustrated by Ralph Lane

At the war's end, millions of Japanese school children received their lessons in abandoned barracks, shrines and out of doors. Though lacking funds to create adequate facilities for Japan's 19,000,000 pupils and 650,000 students, SCAP has made tremendous progress in completely reorganizing Japanese education. Aggressive nationalism has been removed from curriculums and replaced by democratic ideals and principles.

In addition to forming Parent-Teachers Associations, modernizing textbooks and reducing Japan's jumbled-up education system to four levels (elementary school, secondary school, high school and college), SCAP has enabled a large number of teachers to visit the U. S. A. and learn first hand the lesson of democracy.

What are the Dollar Signs Saying?

MAYBE you've noticed that dollars don't seem to talk as loud as they used to in a lot of places.

But you ought to hear what they say about this Buick.

They say—here's the big thrill—big mileage—big power of a valve-in-head Fireball Engine—eight-cylinder performance at the price you'll pay for most sixes.

They say—here are size and room and comfort that are hard to match at anywhere near the price tag this Buick SPECIAL is wearing.

They say—here are such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation—not as "extras" but yours at no extra charge.

They say that "smart buy's Buick"—by a wide measure.

But a smart buyer will also let this dashing darling speak for itself.

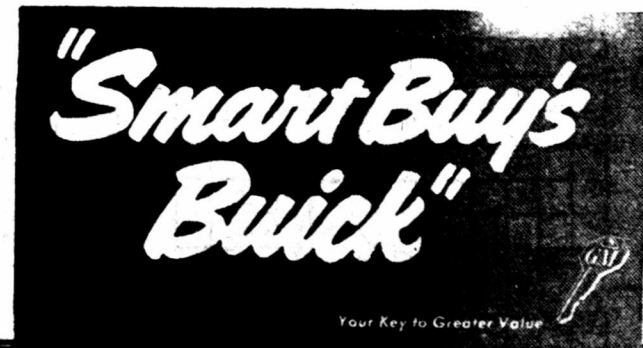

He'll take the wheel and feel how it snugs to the road on turns—holds its course on the highway with big-car assurance.

He'll touch off the power of its Fireball Engine and get firsthand the lift of its nimble response.

And he'll find out how coil springs on every wheel level out what he thought were bumpy roads.

Want to know more? How about coming in first thing tomorrow?

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

Buy Defense Bonds Now!

September is D-Month—Defense Bond Month—right here in West Texas and throughout the United States. It is the first nationwide Defense Bond drive since before the outbreak of the Korean conflict. It is a defense job in which every American should have a part. We must remember that right now there are hundreds of brave men and women from Midland and other Permian Basin Empire cities and counties in our armed forces who have given up the way of living they like, for the time being, so that we can have it in America always. They are doing their job for defense.

Well, defense is our job, too, you know. At home and abroad, American boys from this and every other county in the state and nation, stand ready to defend you and me and the way of life we hold dear. Naturally, we want to help them as much as they are helping us.

That's why defense is our job, too! And one of the best ways we can help is by buying United States Defense Bonds to keep ourselves and our families secure right here at home. But we can't have any kind of secure personal futures unless our nation's future is secure. The stability of America depends on the individual financial strength of every one of us, gained through our U. S. Defense Bonds or other forms of saving.

The Fall Defense Bond campaign affords everyone a special opportunity to start building his financial independence, and to contribute his strength to the strength of America. When we are strong, the home front is safe.

The systematic purchase of U. S. Defense Bonds offers one of the best ways in which every American can play an important and personal part in supporting our armed forces and in keeping our great country strong.

West Texas counties long have led the way in bond drives in the Lone Star State, and surely West Texans will shoulder more than their part of the load in this great and important campaign by purchasing more Defense Bonds than ever before.

Although county quotas were not assigned in the current drive, loyal and patriotic citizens of the Permian Basin Empire, realizing that defense is their job, too, doubtless will purchase Defense Bonds to the limit.

They believe that buying Defense Bonds is standing up for the Star Spangled Banner even when it isn't being played.

Let's buy our full share of U. S. Defense Bonds NOW!

Pardon Us, Haiti

A reporter just back from Haiti said the Haitians were disturbed because the post of U. S. ambassador has been vacant for eight months. He asked President Truman if he planned an appointment soon.

Cheerily, the President responded that he'd named an ambassador the day before. But when he was asked for the man's name, Truman said he couldn't remember.

Haitian papers, please forgive and forget. After all, this fellow is awfully busy. So many names, so many faces.

The Washington Merry-Go-Round

By Drew Pearson
(Copyright, 1951, By The Bell Syndicate, Inc.)
Drew Pearson says: Europe today holds new hope for peace; We must achieve a United States of Europe; Chief danger is U.S. "wage-war-now" clique.

WASHINGTON — I have come back from Europe with a new feeling of hope—more hope than I had on any previous trip to Europe. The United States, in my opinion, definitely is winning the cold war. Furthermore, time is running on our side. If it runs long enough, I believe, it still may be possible to accomplish the miracle and bring about permanent peace.

This may seem like a strange summation coming from a hard-bodded and sometimes cynical newspaperman. However, I am convinced it is accurate. Like most newspapermen, I sometimes get so close to problems that I can't see the trees for the leaves. This likewise is true sometimes of governments and of the public. We read the pessimistic headlines and we conclude that the world is in a helluva state.

To some extent, of course, it still is. But success does not make headlines, while tragedies do. When the train gets in on time you never read about it in the paper. If it's wrecked, on the other hand, it's all over the front pages. A wreck is a tragedy, and that's the news. But while we have been reading about the diplomatic train wrecks in Europe, actually most of our trains have been coming in on time and the American people by their policies and their patience have built up a tremendous success story.

Three big things are happening today in Europe and in the world: 1. Eisenhower has accomplished miracles in welding a United European Army.

2. Time—which is on our side—has given us a chance to make tremendous progress in perfecting new weapons. These weapons are so deadly and we are so far ahead of the Soviets that it becomes increasingly dangerous for them to make war.

3. The man in the street in Europe has been given new hope. This may be more important than either of the two other factors. For when men lack hope they turn to the phony promises of communism. Today, however, the Marshall Plan, plus various gestures from the American people such as Democracy Letters and the American Legion's Tide of Toys, plus the fact that a new European army now is camped alongside the Iron Curtain, has given the man in the street new hope.

When men have hope they fight to defend themselves. When they lack hope they can see little use in fighting.

A Bleak Christmas
Four years ago I spent Christmas in France and New Year's in Italy. It was the most depressing holiday season of my entire life. Paris was dark, the street lights barely flickering, candles were used part time in the hotels; there was almost no heat, food was scarce, and worst of

all the people had lost hope. Sometimes it seems they went through the routine of living merely because they had become accustomed to the habit of living.

Even the great cathedrals and palaces which had looked down on conquerors and revolutions looked gloomy and weary. Even they seemed to lack hope.

That was the crucial winter the Communists chose for their deadly strikes and riots to take over Western Europe. A winter before we had adopted the Marshall Plan or begun to send postwar food. That also was the winter when the American people, usually ahead of their government, sent Western Europe a token of encouragement through the Friendship Trains.

That was the winter of 1947. But this year it is so different! I had walked through the dismal, drizzly, darkened streets of Rome and Paris in 1947, remembering the surge and tumult of other years, wondering whether the old energy ever could return, whether the people ever would smile again.

Well, the old energy, the zest for living has returned. Western Europe is smiling again; not only smiling, but increasingly ready to defend itself. Time is running on our side.

Plenty of Mistakes
This optimistic report does not mean that we have not made mistakes, and the two more important are: 1. We have failed to sell Europe on a United States of Europe. Here at home we have shown how 48 different states can apply the principle of federalization yet simultaneously live under a central government; yet in Europe we have failed completely to put this across. And this is the only long-term solution for Europe's economy.

2. We have failed to sell the Declaration of Independence in Europe. Although we live under the greatest political document known to man, we have failed to get European governments to adopt the principle of "equality" of economic opportunity. The old economic class system still prevails in Europe; and

until workers have a chance to better themselves economically, communism will continue to hold some adherents to its phony philosophy.

Thus our greatest failures have been in failing to sell Europe the two basic principles of Americanism. There also is another failure—and danger. Wage War Now

It comes from the Senator McCarran, the Senator McCarthy and those behind them who want to get us into a preventive war. The American public does not realize it, but their speeches give Europe the jitters. For Europeans realize what the "wage-war-now" clique do not—namely that time is running on our side.

JACOBY ON BRIDGE

Written for NEA Service
It happens to everybody occasionally. You're bidding along quietly, minding your own business and trying very happily to get to the wrong contract. Then, suddenly, one of the opponents pushes you in the right direction.
That happened to Mr. and Mrs. Cy-Newman of Detroit, in the recent national championships at Washington. Mrs. Newman was headed for seven hearts, which would have been set. But then West helped her by doubling six spades.
That was an unlucky double. The bid of six spades wasn't meant seriously. It was just a Blackwood Convention response, showing three

Bridge score table with columns for NORTH, WEST, SOUTH, EAST (D) and various card suits and scores.

CARD Sense
Q—The bidding has proceeded: North 1 Diamond, South 1 Spade, West 2 Diamonds, Pass.
A—Pass. Your hand is less than average and is not worth two responses. You have no reason to be dissatisfied with diamonds as a trump suit, and there is no sound excuse for acting again. Perhaps you should have bid one heart instead of one spade at your first turn. If you're not strong enough

FUNNY BUSINESS
I get around better in Sunday traffic with him out in front!

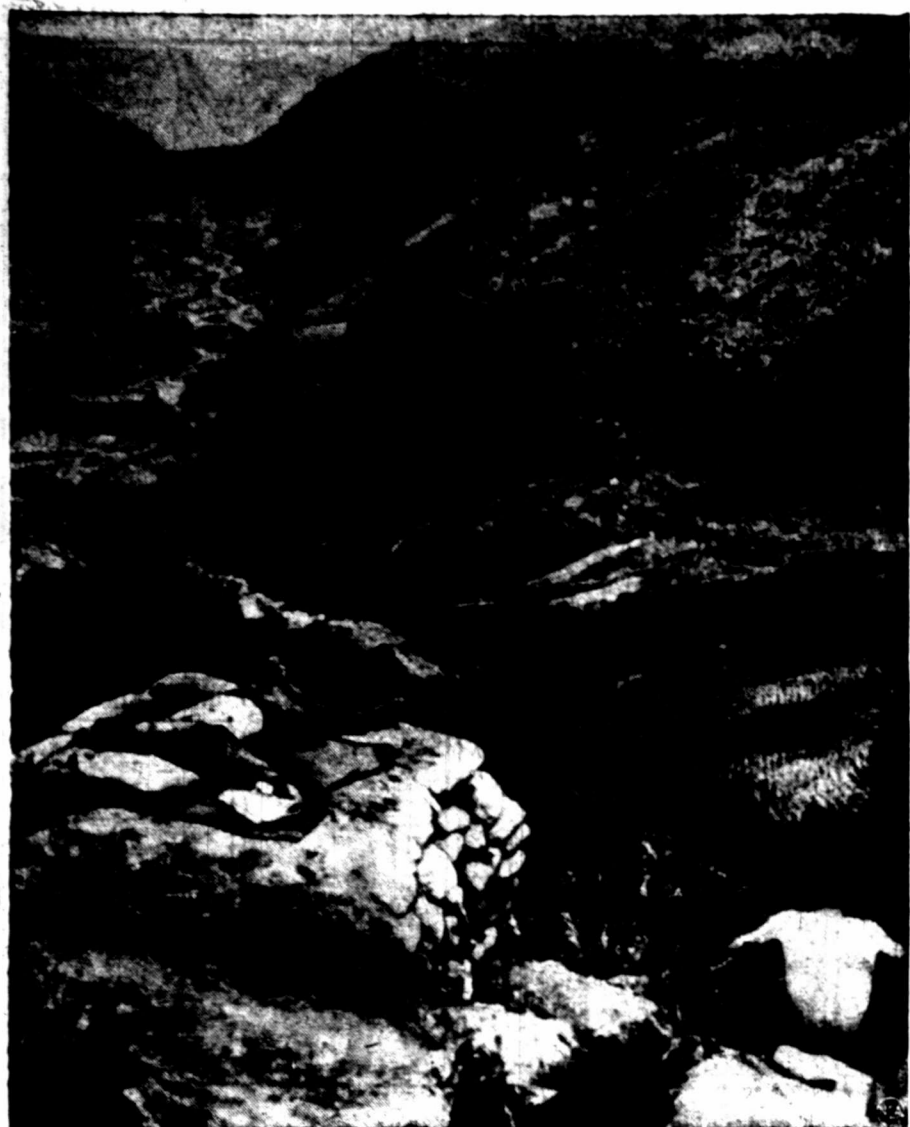

The MATURE PARENT
Here's How We Treat Children Like People
By MURIEL LAWRENCE
"Treating children like people" is fine, if vague, advice going the rounds of parent education groups. Specifically, we treat children like people.

MEN prefer GIRLS
RAY PORTER hung up, finally, and turned around with a dazed expression on his face and a worried frown on his usually placid brow.
"Who were the aboriginal inhabitants of Japan?"
A—The Ainu. Their numbers have been reduced to a scant 15,000 or so who now live under government jurisdiction.

What's RIGHT?
You are paid a compliment. WRONG: Deny the truth of the statement in order to appear modest.
RIGHT: Accept the compliment in a pleased, gracious manner.
Today's QUESTION
The bidding is the same as in the question just answered. You, South, hold: Spades A-J-8-7-2, Hearts K-10-6-4-2, Diamond 4, Clubs 8-4. What do you do?
Answer Tomorrow

So They Say
You don't think I'd be as bad as Mr. Taft, do you?
—Minister Churchill, on being told that he would probably be a Mid-west Republican if he were an American.
I have learned to roll with political kicks and punches, but I haven't learned how to absorb the kick of a horse.
—Sen. Wayne Morse (R-Ore.), after a horse's hoofs hospitalized him.
He has no right to look towards another church if he has never taken the trouble to penetrate into the religious life and structure of his own communion and to satisfy his religious needs there first.
—Fr. Karl Adam, Roman Catholic theologian, of Germany.

Have a Laugh
Brown met a friend and said, "I'm on my way to the race track and I hope I break even. I sure do need the money."
Walter Winchell once described Broadway as a place where a man spends money he doesn't have for something he doesn't want to impress people he doesn't like.

SIESTA—A tired G.I. left at a lookout post, stretches out for a sun-bathed siesta atop a sand-bagged dugout overlooking Korea's mountainous terrain. His buddy at right keeps a sharp watch for enemy activity as large-scale action follows breakdown in Kaesong truce talks. The scenery has mountain-resort beauty in the picture—but it's not so pretty to UN troops that charge up hills like those in the background while Reds massed on top pour down hot lead. (Exclusive photo by NEA-Acme Staff Photographer Walter Lee)

Malaria Epidemic Warning Sounded

WASHINGTON —(P)— The government, although cautioning against undue alarm, says there is danger of a malaria epidemic. More than 800 cases of the disease were reported among servicemen back from Korea.

Dr. Leonard A. Scheele, surgeon general of the Public Health Service, said reports "emphasize the need for effective control measures." He said seven states reported 627 new cases in July: Arkansas, 38; Colorado, 68; Georgia, 237; Kentucky, 97; Oklahoma, 101; Oregon, 29; Wisconsin, 60.

"As long as prompt and adequate surveillance and preventative action are taken," Dr. Scheele said, "A resurgence of the malaria epidemics of 25 and 50 years ago can be avoided."

He said the Korean type of malaria had been virtually wiped out in this country. The primary attack may occur as much as 250 to 300 days after infection.

BECOMES MISSIONARY

SINGAPORE —(P)— A former Royal Air Force gunner is going to Australia to establish a Moslem mission in either Brisbane or Melbourne. He is Ghulam Elahi Morris, who was known as George Morris until he abandoned his Christian name upon his conversion to the Moslem religion at Woking Mosque in England. Morris said he would found the mission at his own expense and become a missionary.

ANCIENT CARS

BASKATON —(P)— The local transit system has sold four old streetcars to four separate buyers for a total of less than \$500. They are St. Louis-type one-truck streetcars, vintage 1912.

★ THE DOCTOR SAYS ★

Whooping Cough Is Serious For Infants And Elderly People

By EDWIN F. JORDAN, M. D.
Written for NEA Service

Among the contagious diseases whooping cough still ranks high as a cause of prolonged illness and a menace during the school year. One child coming into the schoolroom with whooping cough may spread the disease.

But this isn't all, because children can bring it home to baby brothers or sisters or to elderly members of the household and whooping cough can be very serious indeed for the very old and the very young.

The severe bouts of coughing, even though they may last for weeks, generally are more annoying than dangerous to the school age child. In babies and in the elderly, the strain on the heart and lungs can cause pneumonia, bronchitis, heart failure, and even death.

For this reason, even if one were perfectly happy about the disagreeable features of whooping cough for school children and the loss of weeks of school, it would be good if whooping cough could be placed among the has-been diseases.

Actually, progress in the problem of conquering this disease is rather encouraging. There is available a vaccine which seems to prevent many cases of whooping cough and make others more mild. If the doctor recommends it, the vaccine can be given when a child is about six months old.

Treatment also has taken some big strides forward. An immune serum has been reported of considerable value. And now at least one

of the newer antibiotic relatives of penicillin appears to give fine results.

Indeed, the improved methods of treatment can prove life-saving for infants and the elderly.

Facts To Know

Parents ought to be familiar with two or three other things about whooping cough. The incubation period, that is the time between exposure and showing symptoms of the disease, varies between about four and 20 days but usually is about 10.

Also the first symptoms consist of slight fever, running nose, and they cannot be easily distinguished from an ordinary cold or from the first stage of measles.

But it is at this time that the disease is most contagious so here is another reason why it is best to keep a youngster with symptoms of a cold away from school or from other children in the family.

Spayed Cat Acts As Chicken Sitter

SIERRA MADRE, CALIF.—(P)— It's a little off her beat, but Puff, a spayed cat, is acting as chicken sitter for a brood of motherless chicks.

The chicks' mother, a French bantam hen, lost her life a few days ago while defending her eggs. A prowling dog strangled her.

Puff must have sensed the consequences of the backyard tragedy at the home of Mr. and Mrs. Alfred Stirton. Puff has lost two litters of her own, and although she cannot have kittens now, she went to the nest, sat on the eggs, and has hatched out several chicks. She washes and nuzzles the chicks after they peck their way through the shells.

Everybody in the neighborhood visits the Stirtons to witness the oddity in the animal kingdom.

If you are an adult and weigh about 175 pounds, in 24 hours you give off in heat 85.6 degrees Fahrenheit.

SHIPPING SHORTAGE

WINNIPEG —(P)— Shortage of shipping space is delaying departure of many immigrants from Britain to Canada, according to M. Bowley, superintendent of British emigration for the Canadian National Railways. He said here that some who applied last May will not be able to leave until late in the year.

IRAQ ASSAILS UN

BAGDAD IRAQ —(P)— The Iraq cabinet ruled that there would be no United Nations anniversary celebration here October 24 as a protest against the UN attitude on Arab problems.

In the English vocabulary the American term "backyard" is usually called a "garden."

Army Announces 'Casualty Bag'

WASHINGTON —(P)— To protect wounded soldiers in temperatures as low as 50 degrees below zero, the Army has developed a new "casualty bag" that looks like an overgrown sleeping bag.

The Army said it is made of down, with a cotton-nylon oxford cloth outer covering. Work on the bag has been in progress since World War II, when ordinary bags were used for wounded.

There is a zipper all around it, making it easy for medics to slip a wounded soldier inside. Special zippers allow a doctor to reach in and treat wounds on any part of the body without exposing the rest of the body to the cold.

The bag is big enough to hold a soldier wearing bulky Arctic combat gear, plus a splint. It is wind-proof and water repellent, and has fur around the face opening to guard against ice formation from the breath.

FEWER APPLES

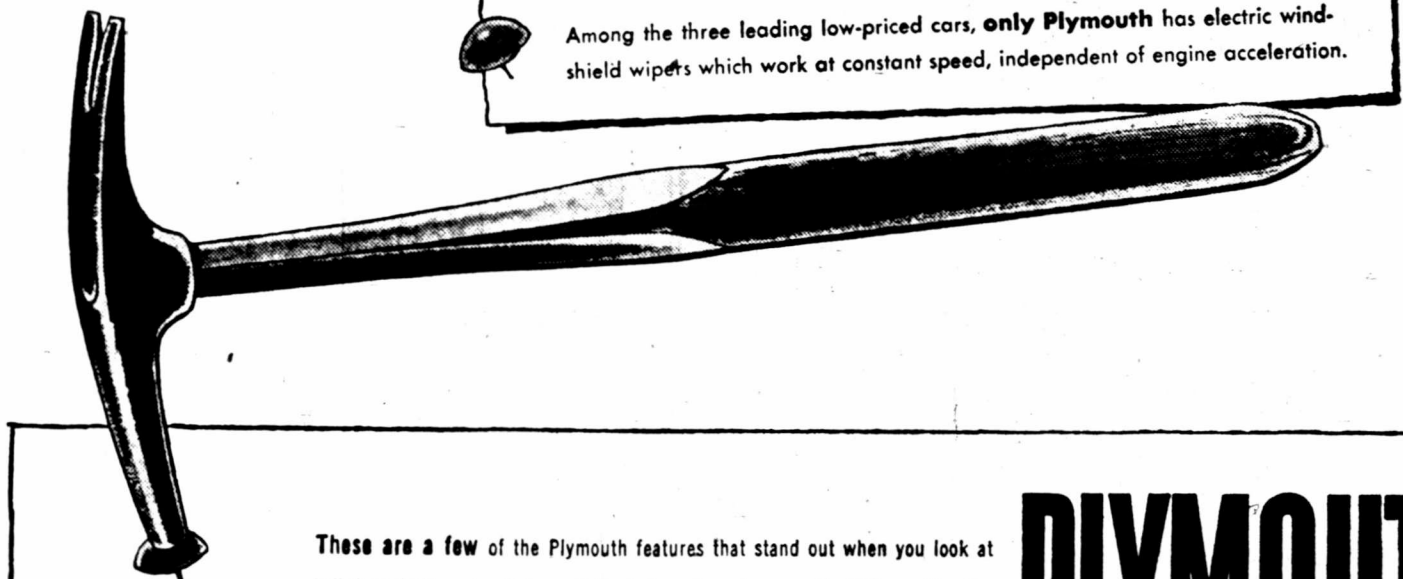

VICTORIA, B. C.—(P)— British Columbia's apple crop this year is estimated at 6,705,930 boxes, a drop of 23 per cent from last year's harvest. Adverse weather conditions were chiefly responsible for the decline.

Getting down to brass tacks,

which car of "all 3" offers you most for the money?

- Among the three leading low-priced cars, only Plymouth brings you "Safety-Flow Ride"—an entirely new kind of roadability.
- Among the three leading low-priced cars, only Plymouth has Safe-Guard Hydraulic Brakes—for smooth, controlled stops.
- Among the three leading low-priced cars, only Plymouth has Chair-Height Seats—for erect, natural posture and full support.
- Among the three leading low-priced cars, only Plymouth offers the performance of a 97-horsepower engine with 7.0 to 1 compression ratio.
- Among the three leading low-priced cars, only Plymouth offers the convenience of ignition key starting and electric automatic choke.
- Among the three leading low-priced cars, only Plymouth has Safety-Rim Wheels. In case of blowout, tire is held firmly on the rim for a safe stop.
- Among the three leading low-priced cars, only Plymouth has electric windshield wipers which work at constant speed, independent of engine acceleration.

These are a few of the Plymouth features that stand out when you look at "all three." Why not nail down all the facts and see for yourself which car offers the greatest value? Your Plymouth dealer will be glad to arrange a demonstration now.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Hansel And Gretel

Daddy Ringtail, your monkey friend, was sitting down by the Elephant Path with Mugwump Monkey, the monkey boy.

"Tell me a story, Daddy Ringtail," said Mugwump. And so Daddy Ringtail began to tell the story of a brother and sister whose names were Hansel and Gretel. Did you ever hear the story of Hansel and

Gretel? Why, people were telling the story to children even before your great-great-great grandmother was a girl.

"Ah yes," said Daddy Ringtail, "because Hansel was the brother's name, and the girl's name was Gretel. And one day they were lost in the woods, and they wandered about, and wandered about, until they came at last to a little house that was way in the middle of the woods where no one ever had found it before.

"Well, really, the house belonged to an old witch, play-like, and she was waiting there inside for two

fine children to come along, because she wanted to catch them and keep them. Yessir, that old witch was wanting two fine children to do all the cooking and sweeping and washing and such.

"Cackle! Cackle! Cackle!" cackled the old witch when she heard the children coming. But she didn't

catch them very loud! She didn't want the children to hear her.

"Oh, the children came closer and closer indeed, for they were hungry, and the house was made of cake and candy. Why the roof was covered with chocolate icing, and the walls were made of chocolate bars, and the windows were made of sugar candy so fine you could see through them.

"But the old witch caught the children, and I don't know what might have happened next, except the children sent her up the chimney in smoke to be a witch at Halloween time, and the children left with money and diamonds to find their way home at last."

Yessir, that's the story of Hansel and Gretel, just as Daddy Ringtail told it, and tomorrow I will tell you a story that you never, never have heard before. It's the story about the old witch's house, and how it stands to this very day. Happy waiting until tomorrow! Happy day!

Fitzgerald Company Can Fill Any Air-Conditioning Need
There is a great difference between proper air-conditioning and "just air conditioning," says the Fitzgerald Company, 2906 West Wall Street, and the operators of the firm would like to show you the difference.
Trained experts to provide the best in year-round air conditioning for the home, plant or the office is provided by the company.
It's sound economy to provide air-conditioning for business houses and offices and everyone knows this is the only way to beat the stifling Summer heat. Just the equipment necessary to "beat the heat" is available at the Fitzgerald Company.
The firm is headquarters for Chrysler Airtemp air-conditioning equipment, which not only will take care of the Summer heat problem, but will provide maximum efficiency in heating for the coming Winter.
Large, Modern Shop
Airtemp installation is providing year-round air conditioning for many wise persons.
A large shop capable of taking care of the largest job with maximum efficiency is available at the Fitzgerald Company, which now occupies its own building.
Commercial refrigeration equipment and service is made available by the firm through added personnel and equipment.
This means expert service for walk-in coolers, water coolers, ice cream cabinets, frozen food chests, display cases and commercial refrigerators.
The management asks that you dial No. 4-5801 for further information.

Sculpture Relaxing Hobby, Says Woman
MONTREAL—(AP)—Sculpture as a relaxing hobby is recommended by Mrs. Herbert Hahn, recently arrived from Bavaria. No great amount of talent is required, the World War I nurse said. She became an expert by practicing the hobby for 30 years. "I originally sculptured portraits for my own enjoyment, but friends and critics convinced me I should make it a career."
From her experience in teaching in Europe, Mrs. Hahn says children are the best pupils.
Living in Baravia after the war, Mrs. Hahn sculptured thousands of dolls for American soldiers. She switched to life-size portraits, but expects to go back to miniature work because there are very few apartments in Canada large enough to display life-size models.

Girl Gets Day Off For Finding \$250
LAKELAND, FLA.—(AP)—A dime store sales girl who found \$250 in a ball of yarn got a day off for a reward.
Opal Holmes, 17, noticed the crocheted yarn out of place on a shelf. When she picked it up she saw money in the core. Also in the core was a receipt made out to Mrs. Beattie M. Morton of Tampa.
Mrs. Morton explained she put the money in the yarn for safe keeping—then decided she didn't need the yarn, returned it, and got a refund.
Store officials said Mrs. Morton didn't offer a reward, so they gave the girl a day off.

COMPLETE HEADQUARTERS—The K&K Tire Company, 619 West Wall Street, is one of Midland's most modern and complete tire and service headquarters. The firm features Shell petroleum products and Goodyear tires and tubes. W. G. Keeler is the owner. Pictured in front of the firm's building is the large sales and service staff.

Southern Ice Firms Offers Superb, Year-Round Service
Crushed ice is available in any desired quantity at the Southern Ice Company, 310 South Main Street.
During the warm, dry Summer months, Southern Ice Company has maintained an adequate supply of crushed ice to be used in drinks; in making desserts and ice cream, or for refrigeration purposes.
What's more, the organization anticipates no let-up in its usual superb service during the Winter months ahead. New machinery installed recently has given the company one of the most modern plants in West Texas.
Accurate Weights
Customers return again and again to do business with the company because they know they can depend on quick service and accurate weights, a policy the organization has maintained during its tenure of business here.
Loading docks were constructed with the convenience of the customer in mind and a list of hand signals has been posted in full view of motorists who drive up for ice.
A signal from the motorist to the attendant expedites the service and the desired amount of ice is available almost as soon as the car stops.
MALARIA WORRIES MONTANA
HELENA, MONT.—(AP)—The state health board in Montana will test blood smears for doctors who suspect a patient of having malaria. The board has announced they want to prevent an outbreak of the tropical disease in this far north state. They fear it may be spread by infected servicemen from Korea.
One pound of butter can be made into 96 portions served in restaurants.
With such service, it's little wonder that Southern Ice Company is looking forward to a record Fall and Winter season.

Roman Jars Found In Gulf Of Genoa
DIANO MARINO, ITALY—(AP)—Divers have uncovered a large number of old Roman earthen jars in the Gulf of Genoa.
The jars were found in an old Roman vessel which probably was transporting them when it sank. The wreck lay under some 50 feet of water off Cervo, northeast of San Remo, and was covered by mud.
Divers say the work of salvaging the jars will not be too difficult. The wreck is wedged under a rocky submarine ledge where there are no undercurrents.
The jars are about 32 inches in diameter. The divers made the discovery while trying to salvage a ship sunk in World War II.
