Three Spraberry Outposts Completed In Upton Sectors

Three important Spraberry outposts in Upton County have been completed.

Anderson-Prichard Oil Corporation No. 1 A. R. Greathouse, one and one-quarter miles southeast of production in the Pembroke-Spraberry field, was finished for a 24-hour flowing potential of 270 barrels of high-gravity oil plus a shakeout of two per cent basic sediment and water.

Completion was on a one-half-inch tubing choke. Flowing tubing pressure was 40 pounds and gas-oil ratio was 795-1.

The Spraberry was topped at 6,840 feet. Seven-inch casing was cemented at 6,810 feet. Total depth is 6,903 feet. Open hole was treated with 3,000 gallons of Hydrofrac.

Exact location is 660 feet from north and west lines of section 13, block D, EL&RR survey. This is Anderson-Prichard's first Spraberry oiler.

Barhart Well

Marking a one and three-quarter-mile southwest extension to the North Pembroke-Spraberry field of Northeast Upton County, Paul F. Barhart No. 1-44-B V. P. Tippett was completed for a daily flowing potential of 215 barrels of 37-gravity oil through a 24 64-inch tubing choke.

Production was from open hole at 7,163-7309 feet. That section was treated with 4,500 gallons of Hydrofrac.

Tubing pressure was 140 pounds and gas-oil ratio was 725-1.

The Spraberry was topped at 7,243 feet, elevation 2,740 feet.

Location is 660 feet from south and east lines of the northwest quarter of section 44, block 38, T-5-S, T&P survey.

McDermott

R. T. McDermott No. 1-C-40 V. P. Tippett has been completed as a one-half mile northwest extension to the North Pembroke field.

Operator reported a daily flowing potential of 325 barrels of 37-gravity oil and no water through a 24 64-inch tubing choke. Tubing pressure was 320 pounds and gas-oil ratio was 850-1.

Production was from open hole at 7,098-7277 feet. Operator used 4,500 gallons of Hydrofrac to complete the extender.

Location is 660 feet from south and west lines of the northeast quarter of section 40, block 38, T-5-S, T&P survey.

Vincent & Welch Get Flowing Oil At Runnels Wildcat

Vincent & Welch, Inc. of Midland and Lake Charles, La., appear to have a new discovery from a stray, unidentified sand in the Pennsylvanian at their No. 1 Ellwood E. Brown, Jr., Northeast Runnels County wildcat.

This prospector, located nine miles southeast of Winters and 3,500 feet from south and 330 feet from west lines of a 249.25-acre lease in the Austin & Williams survey No. 263, flowed 50 barrels of new oil and 15 barrels of water in 24 hours.

After Hydrofracturing

The oil came from perforated interval at 3,751-61 feet. That section had been Hydrofractured with 1,500 gallons. Operator reported that the wildcat kicked off after the Hydrofracturing and flowed for 24 hours before the gauge was taken which showed the production of 50 barrels of oil and 15 barrels of water in 24 hours. The sand is between the Fry and the Jennings zones.

All of the load and residue had been recovered when the gauge was taken. The new producer and new field opener is now shut-in while storage is being built.

Will Complete

After the tanks are up a potential test will be run and the well will be completed and put on production. It drilled to a total depth of 4,256 feet in barren Caddo lime. It plugged back to 3,950 feet and cemented 5 1/2-inch casing at that point.

The 3,751-61-foot section was perforated and the production has resumed.

City Council Stands Pat On Parking Order

The City Council overrode a protest by a group of Main Street businessmen Thursday afternoon and reaffirmed its decision ordering parallel parking throughout the city.

Although the councilmen ordered the change made immediately, Police Chief Rube Hemingway said Friday morning he was not certain how long it will take to work out necessary arrangements.

After hearing protests from the businessmen, about 15 of whom were present, the council simply voted to stand on its decision of Tuesday night and close the matter.

Councilman J. B. McCoy, himself a Main Street drug store operator, opposed the action and cast the first dissenting vote recorded since the present council took office last Spring.

"I think the die has been cast," said Councilman J. W. McMillen, who first brought up the question Tuesday night.

"I think parallel parking is the only thing we can do and I make a motion we close the matter right now."

But the group of merchants, with Attorney Noel Cason as their spokesman, pleaded for the retention of angle parking in the business district and urged that alternate methods first be tried to solve Midland's traffic problem.

Suggest Traffic Survey

"We're not criticizing the council," said Cason, "because we realize the problems the city faces."

He said the change would give Main Street only one additional traffic lane. He admitted there is a serious traffic problem in the business district and suggested that, before any action is taken, a traffic expert be employed to survey the situation and make recommendations.

"If it is something that will help the city," he said, "these merchants will be happy to go along with it."

"However, I don't believe the change from angular to parallel parking will change anything in the traffic situation."

Lester Short, who operates a drug store in the 100 block of North Main Street, suggested the city try to open up Baird Street at the railroad tracks to provide another cross-street.

Grand Jury Charges Former Collector With Taking Bribes

BOSTON — (AP)—Denis W. Delaney, fired by President Truman as Massachusetts collector of internal revenue, was indicted Friday by a federal grand jury on charges of accepting \$12,500 from individuals to influence his official decisions.

Delaney also was charged with making false certificates asserting that tax claims totaling at least \$170,000 for three individuals and one corporation had been satisfied in full "xxx when the said Denis W. Delaney well knew the said taxes had not been satisfied in full."

The indictment listed six counts on the first charge and three on a second charge of making and signing a false certificate.

Delaney, collector since 1944, was suspended June 25 and ousted by the President on July 16.

Delaney, at one time a WPA laborer, worked his way to the \$100,000-a-year post of collector after a term as Massachusetts WPA administrator.

The indictment Friday was the first disclosure of the charges against Delaney.

Senate Approves Gigantic Military Spending Program

WASHINGTON — (AP)—A gigantic military spending bill carrying \$59,508,000,630—almost two billions more than President Truman asked—won unopposed Senate approval late Thursday.

After four days of warm debate, the Senate passed the biggest single military money bill in history, 79 to 0, and sent it back to the House, which voted 437-292, 430 less.

Senator O'Mahoney (D-Wyo.), who steered the measure through the Senate, said a Senate-House Conference Committee probably would begin attempts at ironing out scores of differences early next week.

Biggest of these is an extra \$5,000,000,000 the Senate added to beef up U. S. air power and carry on work on new secret weapons.

Patrolmen Bill Hangar said Kraft, 41, apparently went to sleep as he rounded a curve and crashed into a tractor and semi-trailer driven by James V. Skaggs, 43, of Phoenix, Ariz. Skaggs was not hurt.

Kissing, Not Parking, Termed No. 1 Problem

The solution of the traffic situation in Midland's business district is a simple matter, said H. N. Phillips, Main Street, electrical contractor, to the City Council.

"They've just got to stop this kissing," he told the startled City Council Thursday afternoon at a hearing on a parallel parking order.

"Understand, I'm not against it. But they've got to stop these men from kissing their wives and kids goodbye when they bring them to work."

"It just holds up traffic for blocks."

Pennsylvanian Test Staked In SE Terry

Western Natural Gas Company of Houston has staked location for a 10,000-foot wildcat in Southeast Terry county. It is No. 1 R. L. Harred, et al.

Location is 660 feet from south and east lines of section 12, block C-39, pd survey and 15.9 miles (Continued On Page Fourteen)

Rains Inundate South Texas City

14.21 Inches Fall At Alice In 24 Hours

ALICE—(AP)—This South Texas city was virtually isolated and hundreds were homeless Friday after 14.21 inches of rain.

Water up to five feet deep surged through the streets. Amphibious trucks and boats evacuated flood victims.

R. E. Horine, chairman of the Red Cross chapter, said the worst appeared to be over.

Only light mist fell Friday following a flood crest at dawn by the rampaging San Diego Creek. Horine said he expected the creek to go down during the day, barring no more rain.

"It looks like all we can do is wait until time for mopping up operations," he said.

No casualties were reported among the 21,000 residents. Editor Curtis Vinson of The Alice Echo said property damage would be "tremendous."

He said the loss in dollars and cents would be greater than that in the \$1,000,000 flood of 1949 here.

Volunteers from surrounding cities and the Corpus Christi Naval Base helped evacuate residents. About 300 spent the night in the courthouse and another 50 in the high school gymnasium and Baptist Church.

All Roads Impassable

The Texas Mexican Railroad tracks were washed out three and one-half miles east of Alice, and all roads were impassable.

John Sullivan, city manager, said no city utility had been affected by the swift, muddy waters.

A deluge of telephone calls resulted in emergency messages only being accepted for long distance.

Odessa Man Killed In Oil Field Mishap

A 31-year-old Odessa man was killed at 6 a. m. Friday in an oil field accident 29 miles southeast of Midland.

Cecil E. Triplett, a rough-neck for the W. H. Black Drilling Company of Midland, was struck by a block which fell from the rig when the brakes failed to hold.

Three other men, including the father-in-law of the victim, W. W. Williams of Odessa, narrowly escaped being crushed.

The accident occurred on Humble Oil & Refining Company's C. C. Reynolds No. 1 rig, in the Driver Pool area.

E. D. Taylor, driller, and E. C. Hane and W. W. Williams, driller's helpers, were standing on the platform within three feet of one another when they were warned seconds before that the block was falling.

Williams managed to reach the cathead before the falling equipment struck, and the other two men narrowly missed being hit.

Triplett died of internal injuries while he was being rushed by ambulance to Midland Memorial Hospital.

Both the victim and his father-in-law had been working with the company less than a month.

Triplett, a Purple Heart veteran of World War II, is survived by the widow, Mrs. Bonnie Triplett of Odessa; a stepson, Jimmy, seven, of Odessa; a brother, and two sisters.

Funeral services had not been set Friday. The body will be sent to Dallas by Newline W. Ellis Chapel Saturday. Interment will be in Restlawn Memorial Park there.

Midlanders To Ask Steel For Schools, Postal Expansion

Frank Monroe, superintendent of Midland public schools, and Chamber of Commerce Manager Delbert Downing will leave Sunday for Washington, D.C., where they will contact government officials pertaining to affairs of their respective organizations.

Monroe is seeking final action on the granting of a CMP permit to obtain steel for the construction of two proposed new school buildings in Midland. He will contact officials of the U. S. Office of Education, who have promised prompt action in processing the Midland application.

The urgent need for an enlargement of Post Office facilities in Midland will be stressed by Downing in scheduled visits with Congressman Ken Regan, Senators Tom Connally and Lyndon Johnson, and officials of the Post Office Department.

Members of the Chamber's Executive Committee, meeting Friday morning, instructed Downing to make the trip as the initial step in a determined effort to obtain more working space and additional lock boxes in the Midland Post Office.

Polio Death Of Player Washes Out Slated Grid Game

SAN ANTONIO — (AP)—Alamo Heights school officials Friday canceled the football game between their school and Austin, scheduled Friday night.

The game was called off after one of the Heights players, Donald Wine, 17, died of polio Friday morning.

Kemper (Buddy) McHaney, Jr., 17, Another Heights player, was admitted to the hospital at midnight Thursday. His family said he was "a little better" early Friday.

Wine, stricken early this week, was placed in an iron lung. The attack came suddenly Tuesday night in a mild form, and became progressively worse.

Bulldogging Skill, Of Companions Prevents Injury To Workman

It still is the "wild west."

Ask Stanley Audas, 2401 West Louisiana Street.

He was saved from possible serious injury Thursday by the bulldogging skill of a fellow workman when a wild cow attacked him.

He and two other men were working on a windmill at a ranch out from Midland. Audas left the crew to retrieve a dropped wrench. He looked up to see a wild cow coming at him. As he ran, he fell, dislocating a shoulder.

The fellow workman came to the rescue. One of them had to bulldoze the wild cow while the other dragged Audas to safety.

Audas was given emergency treatment at Western Clinic-Hospital.

Council Postpones Action On Proposed Gas Rate Increase

The City Council postponed action Thursday afternoon on an application for a increase in gas rates for Midland.

Early action on the request was urged by R. W. Lewis, district manager of the West Texas Gas Company, which is seeking a system-wide increase.

But Councilman Jack Wilkinson, after quizzing Lewis closely about plans for moving its pipe yard from the 1700 block of West Illinois Street, recommended a decision be postponed.

Other councilmen agreed.

Texas Polio Cases Increase Slightly

AUSTIN — (AP)—Polio edged up slightly last week with 73 reported cases, three more than in the previous week, the State Health Department said Friday.

Harris County had the heaviest attack with 12 cases for the week ended September 8. Wichita County had eight.

The new incidence boosted the state's total cases for the year to 1,196.

DEWEY REPORTS—Thomas E. Dewey, right, Republican governor of New York who was defeated by President Truman in the last election, is greeted by the Chief Executive as he arrives at the White House in Washington to report on his recent trip to the Far East.

Allies Grab Hill, Attack Red Tanks

EIGHTH ARMY, KOREA — (AP)—United Nations troops Friday wrestled a towering peak from bitterly resisting Reds north of Yanggu as the bloody "battle of the hills" ground on in Eastern Korea.

On the other end of the peninsula, six Russian-type T-34 tanks and two self-propelled guns were spotted west of Yonchong. They were attacked by artillery, planes and tanks.

An Allied briefing officer said they were dug in, apparently for defensive purposes.

Planes roared through Korean skies on close support missions for the infantry and slashing attacks at Red supply lines.

Marine Fighter Downed

One Marine Corsair fighter was downed by Communist ground fire. For the first time in six days, there were no reports of jet battles.

Ground action was concentrated along the spiny ridges of Korea's eastern front.

The Red tanks in the west were spotted west of Yonchong about seven miles north of Parallel 38. It is on the main north-south road from Seoul to Chorwon.

Planes roared down in screaming dives attacking the tanks. Air observers made no immediate claims. One report said that after the first air strike, the tank crews broke from cover to replace camouflage knocked off by the blast of explosions.

Suspect Grilled In Boyd Bank Robbery

LUBBOCK — (AP)—Police Friday grilled a 27-year-old suspect in the \$12,000 Boyd bank robbery.

The man was arrested as he walked into a Lubbock store Thursday. Police found seven \$100 bills and several fives on him.

A lone gunman held up the Continental State Bank at Boyd Tuesday and fled in a car driven by a companion.

In Fort Worth, U. S. District Attorney Frank Potter filed "suspicion of bank robbery" charges against Carl William Powers, 27, and Pete Vardis, 19.

Fort Worth City Detective A. C. Howerton said officers had been looking for the man arrested here since Wednesday, when he bought a 1950 model automobile for \$1,750 cash from a used car dealer.

The car was purchased with \$10, \$20, and \$1 bills.

Two Airmen Die In Jet Accident

SAN ANTONIO — (AP)—A T-33 jet plane, coming in for a ground controls approach landing during a heavy rain, Thursday night smashed into the tail of a C-54 transport, killing two Air Force pilots.

The T-33 was on a training flight from Tinker Air Force Base at Oklahoma City to Kelly Air Force Base here.

The C-54 was not damaged badly. The jet was smashed.

Names of the dead were withheld.

Witness Connects Boyle With Loans To St. Louis Firm

WASHINGTON — (AP)—A diary-keeping witness Friday told senators William M. Boyle, Jr., helped arrange an RFC loan for a St. Louis printing firm early in 1949 after three previous loan applications by the company had been turned down.

John E. Toole, an official of the American Lithofold Corporation, offered this sworn testimony Friday before a Senate subcommittee investigating charges that Boyle, Democratic national chairman, influenced Reconstruction Finance Corporation loans.

Boyle has denied he arranged loans for St. Louis printing firm, although he said he did some "legal work" for it before he became Democratic national chairman.

Toole gave his testimony after the subcommittee released denials by Harley Hise and Walter L. Dunham, former RFC directors, that they ever had been influenced by Boyle to make any loans.

Job With Borrowers

Both directors said in closed-door testimony Thursday that the RFC did, however, get well-paying jobs on the boards of directors of some RFC borrowers for persons recommended by Boyle.

Toole, who took a job with American Lithofold in 1944 after it borrowed \$1,671,000 from the government agency with which he was employed, testified that in 1949 he opposed the firm's enlisting the aid of Boyle.

Boyle at that time was working at Democratic national headquarters but was not national chairman.

Toole said he attended a conference (Continued On Page Eight)

Mental Instability Charged Witness In Police Graft Scandal

NEW YORK — (AP)—A lawyer for two policemen accused in Brooklyn's police graft scandal said Friday he will demand a psychiatric examination of the prosecution's chief witness, gambler Harry Gross.

Fred Kaplan said he will make such an application to County Judge Samuel S. Lebowitz after the jury selection in the mass graft trial of 18 policemen is completed.

Gross, former head of a \$20,000,000-a-year gambling syndicate, and alleged briber of crooked cops, was returned Thursday from a one-day runaway trip to Atlantic City, for what he called a "walk in the sun."

Kaplan said Gross' behavior of the last few days indicated "mental instability."

In Protective Custody

"Although technically free in \$25,000 bail, Gross had been in protective custody when he eluded two officers to gain his 18-hour 'freedom.' Gross, his wife and two children have received threats of violence if he dares, 35-year-old ex-bookie takes the stand during the trial.

District Attorney Miles F. McDonnell spearheaded the probe which smashed the huge gambling ring and brought grand jury evidence of police corruption and graft. Gross has told of paying \$1,000,000 a year for protection.

David Crockett Board Holds Called Meeting

The Board of Managers of the David Crockett Parent-Teachers Association held a called meeting in the school Tuesday to discuss a plan of work for the year and to distribute local unit packet material.

The first general meeting of the year was planned for Tuesday in the school. The group will elect a president to fill the vacancy left by the resignation of Mrs. C. M. Kile.

Johnson Speaks At P-TA Meet

C. D. Johnson, Junior High School principal, was the speaker when the Junior High Parent-Teacher Association met in special session Tuesday in the auditorium.

Johnson emphasized the responsibility which he shared with the teachers in guiding such a large group of students and asked for the parents' help throughout the year.

Among the school activities which he discussed were the development periods, the homeroom periods and the intramural periods. Special attention will be given to supervised study this year, he said.

Following the introduction of the faculty members, Mrs. J. P. Wilkinson conducted a spelling bee in which the teachers participated. Mrs. Waldo Leggett was elected president and Mrs. Vernon Yearby, secretary, to fill vacancies left by the resignation of Mrs. Vernon Bottoms and Mrs. Granville Porter. The treasurer reported a balance of \$188.23. The group accepted a recommendation of their city council by which they agreed to pay their share of mole rating listings.

Andrews News

ANDREWS—Mr. and Mrs. J. A. Roach took their son, Billy, to San Angelo last week. Billy was on his way to College Station to enroll at Texas A&M. Roach's mother, Mrs. H. A. Roach, returned with them for a visit.

Mr. and Mrs. F. F. Kennedy took their daughter, Sue, to El Paso, where she enrolled in the Radford School for the coming term.

Mr. and Mrs. Ivan Paterson spent the weekend in Peacock with relatives.

Mr. and Mrs. Doyle Ashley and daughter Betty and Mr. and Mrs. Lavell Ashley returned recently from a vacation tour of New Mexico and Colorado.

Mr. and Mrs. Carl Betenough went to Farmington, N. M., Sunday and Monday on business.

Mr. and Mrs. H. G. Lindsey and children visited in Longview and Jefferson, Texas over the weekend.

Mr. R. R. Turner returned Saturday from a week's visit in San Angelo with her sister, Mrs. B. J. Dunaway and daughter Christell.

Bobby Gene left last week for Alpine, where he will enroll as a freshman at Sul Ross College.

Mr. and Mrs. C. H. Pettis were weekend visitors to Abilene, where they were guests of Mrs. Pettis' father, H. M. Alexander.

The evening circle met in the home of Mrs. Jerry Covington. Mrs. Jack Clark gave the Bible Study.

Others attending were Mrs. William Aiken, Mrs. A. L. Barr, Mrs. William Caldwell, Mrs. E. L. Dillon, Mrs. Max Schulze, Mrs. Lewis Waterstreet and Mrs. Don Brown.

Creeping Hutton Voice Is Mellowed By Throat Operation

By BRSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Behind the Screen: Raucous-voiced Betty Hutton, the human air raid alarm, has a new mellow and sexy singing style and she's shouting it!

"Blow up Betty and that operation are the two greatest things that ever happened to me."

The operation (for the removal of a wart in her throat) and Blaesem's vocal coaching for Betty's role of the Broadway star in "Somebody Loves Me" have lowered her voice four notes.

"It's marvelous," Betty told me. "I sing and I don't blow out any fuses. The lights don't even flicker."

"Fourposter," I'm happy to report, will be "Fourposter" and there will be no last minute title switch by Producer Stanley Kramer to "Two Two Posters" or "Twin Beds."

Hollywood's long-time twin bed decree for the preservation of movie morals and audiences' temperatures has been waived by the censors for the Rex Harrison-Lilli Palmer movie about a man, a woman and a bed.

The plot never gets out of the bedroom as it tells a Mr. and Mrs. story from wedding night to death, but the censors remained firm on the double occupancy angle.

Most "daring" shot: Lilli getting out of bed as Rex gets in.

Hedy Says No
Independent producers are be-seiging Hedy Lamarr with offers for movies, but the big catch is that they want Hedy to invest her own money. She's saying "No." She lost half a million of her own green stuff with "Dishonored Lady" and "Strange Woman."

Hollywood's new put-it-on-film attitude about TV: "Do it live and you're dead."

That lazy movie exhibitor booked "Show Boat" and "Meet Me After the Show" and marqueeed the double bill: "MEET ME AFTER THE SHOW BOAT."

John Derek's Columbia contract no longer is shared by his dis-couraged Humphrey Bogart. And he's already been told that he'll star in "From Here to Eternity."

The Romeo who is lighting up Gloria Swanson's orbs these days is grey-haired Louis Williams, a racehorse breeder with millions. He's on the set of "Three For Bedroom C" every day.

That was Doctor's that hospitalized Hattie McDaniel. Doctors are prescribing a long rest and a possible bow out from her Beulah show.

Marie Wilson and Bob Fallon insist they are not secretly married, but it's Bob who is shopping for the drapes and rugs for Marie's new home.

Francis X. Bushman has withdrawn his autobiography, "Grandma's Pin-Up Boy," from interested publishers and will moth-ball the manuscript. He claims that despite his frank revelations on his first marriage and romance with Bever-

ly Bayne, the publishers insisted on added material of a spicy nature.

Despite his newspaper headline career, Bob Walker left a fat estate to his two sons. The small fortune includes a big MGM retirement fund insurance policy.

There's a laugh in the romance items about Steve Cochran and Mari Aldon, his leading lady in "The Tanks Are Coming." Their growling and snapping at each other during the picture was the fiercest since Kathryn Grayson and Mario Lanza last faced the cameras together.

Ann Dvorak is vowing the rumor that she'll re-wed Director Leslie Fenton, whose divorce came through a few days before her own. "Just a coincidence," she insists.

Time flies fast: Ted Donaldson, the former moppet star, has turned 18 and is in a whirl over U. S. C. lovely Eve Preisman.

There was a delay in shooting "Phone Call From a Stranger," the Shelley Winters-Guy Merrill picture at Fox, while Shelley yacked on the telephone with Farley Granger.

"If this keeps up," one of the crew growled, "This picture will be released as 'Phone Call From a Granger.'"

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 14, 1951-3

Bridge Meeting Has Fall Theme

A Fall decoration theme was carried out at the Thursday meeting of the La Merienda Club in the Ranch House.

Mrs. Louis Bartha and Mrs. C. H. Atchison were hostesses. Games of bridge and canasta were played, with prizes going to Mrs. E. E. Dilley, Mrs. H. Y. McClure, Mrs. F. A. Nelson and Mrs. Wilmont Hunt.

Guests were Mrs. Clarence Ferrero, Mrs. S. L. Farham, Mrs. J. N. Walston, Mrs. E. N. Gideon, Mrs. Z. G. Feather, Mrs. R. O. Burkett and Mrs. D. W. St. Clair.

Members attending were Mrs. J. L. Pierce, Mrs. E. L. Zihlman, Mrs. T. S. Edrington, Mrs. James R. Cantrell, Mrs. Raymond Snyder, Mrs. F. A. Nelson, Mrs. Beryl Self, Mrs. John Younger, Mrs. Donald Johnson, Mrs. Jess Lindsey, Mrs. George Stewart and Mrs. Frank Reeves.

Delegates Report On HD Convention

ANDREWS—The Andrews County Home Demonstration Council heard reports Monday on the recent state convention held in College Station.

The group met in the Community Building with Mrs. J. A. Roach, Mrs. J. F. Stephenson, Mrs. H. C. Taylor and Mrs. C. C. Pipes, convention delegates, as speakers.

Mrs. C. L. Dean was named overall chairman for the annual County Fair. The fair is slated for October 5-6. Mrs. E. L. Hurley, president of the fair association, discussed plans for the event. Each club participating will be asked to be responsible for a booth concerned with some phase of club work, she said. Also, the council will sponsor a parcel post sale.

The Fullerton Home Demonstration Club served as hostesses.

Others attending were Mrs. Carl Hollowell, Mrs. N. G. Moseley, Mrs. Rex Jenkins, Mrs. Glenn Dyer, Mrs. M. B. Baggett, Mrs. Adell Galle, Mrs. J. A. Roach, Mrs. J. T. Waldrop, Mrs. J. F. Stephenson, Mrs. H. C. Taylor, Mrs. David Choate, Mrs. J. H. Massey, Mrs. L. L. Shartle and Mrs. M. J. Hensley.

Palette Club Meets, Discusses Plans For Movie

Members of the Palette Club Art Center met Thursday at the club for a luncheon and painting.

Plans were discussed for the movie showing of Mrs. N. A. Lancaster's trip to Europe. The films will be shown at 8 p.m. September 22 in the studio at 604 North Colorado Street. The public is invited.

The movies include close-ups of many world-famous places.

One scene is taken in the streets of Berchtesgaden, Hitler's hideout. Scenes will be shown from the forthcoming movie, "Thief of Venice," starring Maria Montez. These scenes show the cast floating past in ornately decorated gondolas on the canals of Venice.

Plans for a city-wide membership drive also were discussed.

Scouts To Study Civil Defense

Midland Girl Scout leaders recently announced plans to include civil defense training as part of the Girl Scout program this year.

For Brownies, this would mean learning simple first aid. Intermediates might learn the first aid badge and learn to take over home jobs, while the training possibilities for Senior Scouts include learning to construct temporary shelters, improvise kitchens, cook in quantities, follow compass directions and assist with setting up emergency hospitals.

Scout troops in Midland have a total of approximately 800 girls and other troops are scheduled for organization as soon as leaders can be found.

Landscaping Is Program Topic

Mrs. A. P. Shirley, national flower show judge, spoke to the Welcome Wagon Garden Club Thursday on "Landscaping the Small Home," a topic which the club has chosen for this year's study.

Mrs. Shirley divided the small home's grounds into public, service and out-door living areas and pointed out how each could be properly landscaped. Mrs. L. W. Randserson brought the flower arrangement.

Holiness Mission Revival To Close

Revival services are scheduled to close in the evening service Sunday at the Holiness Mission, 611 South Terrell Street.

The Rev. Raymond Hart of Dallas has been the evangelist for the series of services. He was accompanied to Midland by Mrs. East and Raymond Lindsey of Lubbock. The pastor of the church, the Rev. E. M. Jones, will speak in the morning worship service Sunday and Mr. Hart will be the evening speaker.

Mr. and Mrs. Hart will leave Monday for St. Louis, Mo., where they will hold revival services for two weeks.

Band-Aides Have Informal Social

The Band-Aides Club met Thursday in the Band Hall for an informal social. It was the first meeting of the year. Members of the club are parents of the band members.

T. E. Neely, president, presided. Frank Monroe, superintendent of schools, introduced John L. Mitchell, high school principal, and Ralph Mills, the new band director.

Mrs. Tom Frick and Mrs. B. R. Mathews were in charge of refreshments. Mrs. Neely assisted with serving.

Approximately 50 members attended.

Two Ways To Meet Problem Of Woman-Chasing Husband

By RUTH MILLETT
NEA Staff Writer

Several current magazines have articles on the "Don Juan" type of husband. They seem to be trying to get across the idea to women that if your husband is a Don Juan he is a sick man—probably suffering from some kind of mother complex.

Well, what if he is sick? Sick or well, he's a woman-chaser and his wife is in a tough spot.

But if she faces the fact that she isn't deeply loved and so must not depend on love that isn't there, she can set out courageously to build a satisfactory life for herself, without emotional dependency—those are the only two sensible choices the wife actually has. (All rights reserved, NEA Service, Inc.)

What women married to such men want to know is not what makes them what they are, but what they, the wives, ought to do about the situation.

Actually, there are only two sensible things the woman who marries a man with wandering eyes and straying feet can do.

She can give him up as hopeless—which actually he is—and let him go his way while she tries to make a new life for herself.

Or she can, if it's important to hold the family together for the sake of the children, take the tough realistic attitude that she is married to a woman-chaser, and probably never will be able to change him. The important thing, then, is not to let his weakness ruin her life.

Never Really Loves Her

It will if she tries to kid herself into thinking he really loves her and is just the victim of predatory

The Ten Commandments A few days ago former President Herbert Hoover rose to his feet in his native Iowa and delivered an eloquent appeal to his countrymen to help find the way back to moral decency in American public life.

His diagnosis of our moral ills was penetrating. His advice was thoroughly sound. If we are to find our way back to decency, what better guideposts can we have than the Commandments so many seem to have ignored in this troubled time?

We here set them down afresh, in service to the Christian ideals of honor and right living which must underlie our free way of life if it is to survive:

- 1. Thou shalt have no other gods before me. 2. Thou shalt not make unto thee a graven image, nor any likeness of anything that is in Heaven above, or that is in the Earth beneath, or in the water under the Earth. 3. Thou shalt not take the name of thy God in vain. 4. Remember the Sabbath and keep it Holy. 5. Honor thy father and thy mother. 6. Thou shalt not steal. 7. Thou shalt not kill. 8. Thou shalt not commit adultery. 9. Thou shalt not bear false witness against thy neighbor. 10. Thou shalt not covet thy neighbor's house, thou shalt not covet thy neighbor's wife, nor his man-servant, nor his maid-servant, nor his ox, nor his ass, nor anything that is thy neighbor's.

C'mon, Harry, Give!

One More Hurdle

The Washington Merry-Go-Round

By Drew Pearson (Copyright, 1951, By The Bell Syndicate, Inc.)

Drew Pearson says: Three scientists discover the secret of sunlight; Infantry general sees no change in warfare methods; Balloon barrage disturbs Czech Communists.

WASHINGTON — A revolutionary discovery which could make farming unnecessary has been made by three scientists at the National Institute of Health. They have discovered the secret of sunlight.

The scientists, Dr. Dean Burk, a cancer research expert; Martin Schwartz, a biochemist, and Jerome Cornfield, a mathematician, have found an efficient way to release the energy of light in the laboratory.

This discovery, based on earlier research by the great Nobel prize winner, Dr. Emil Warburg of Germany, promises to unlock the key to these possibilities:

- 1. Produce plant life in "food factories" cheaper and more efficiently than present-day farming. Less than one per cent of the sun's energy is utilized now in farming and if food now can be grown by artificial sunlight, the survival problems of such crowded areas as Japan and England could be solved.

Church had no immediate comeback, but when asked if strategic bombing was not a basic new development of warfare, the general general replied:

"Oh, that's just the same thing Light Horse Harry Lee did behind the lines in the Civil War."

Later when a visitor remarked that the group had been much impressed with the Air Force, General Church shot back: "Oh, they just kill four or five people on a raid, we're the ones who do the real job in war."

Note—Fellow officers of amiable Johnny Church recall that during World War I his greatest ambition was to go back to John Wanamaker's department store in Philadelphia—where he once was a packer—and become chief packer.

When you breach the dam against higher prices, you breach the dam against higher wages, and the dog keeps chasing his tail.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service One of the most amusing hands of the recent national bridge tournament found Alvin Roth, of Washington, D. C., playing the hand high and dry in a cue bid. He went down seven tricks—and got a top score.

Bridge score table with columns for NORTH, WEST, EAST, SOUTH (D), and South-West-North-East. Opening lead—K.

West should have double three clubs but passed on the assumption that North or East would surely act.

Roth suspected the double but felt he had to show that he had passed a maximum hand.

West made the best opening lead—the king of clubs. South took the ace and returned a spade, hoping to get a ruff in dummy.

All hearts but East to give up the rest for a loss of 350 points.

Q—The bidding has been: North 1 Diamond Pass 1 Spade Pass 2 Diamonds Pass?

ANSWER: The bidding is the same as in the question just answered. You, South, hold: Spades A-Q-8-7, Hearts 8-4, Diamond 4, Clubs K-10-6-4-2. What do you do?

TODAY'S QUESTION The bidding is the same as in the question just answered. You, South, hold: Spades A-Q-8-7, Hearts 8-4, Diamonds Q-3-2, Clubs K-J-10-4. What do you do?

There was the sound of running feet, and Ray Porter's familiar voice crying "Steve! Wait!"

Holly Dunstan didn't know how Steve Tracey could be there, but here he was.

"Let her go!" he shouted at Jose Montero, and then there was a blur of flying fists and Jose staggered back, holding his jaw.

"How did you get out of jail?" demanded Jose, furiously. "Not until she married me were you to be released—for a long time after!"

"Hernandez put up bail for him," groaned Ray. "But now—"

"Now, for assaulting an officer, you go back, and there is no bail!" screamed Jose. "Understand? No bail!"

Asian Nations Can't Expect To Exist On Reparations Alone

By PETER EDSON NEA Washington Correspondent SAN FRANCISCO—Japanese Premier Shigeru Yoshida and his peace treaty delegation return home to face a heavy round of negotiations with many of their 48 new allies.

One of the first major supplemental set of agreements which the Japs will have to negotiate are treaties of friendship, commerce and navigation with the United States, the United Kingdom, France, The Netherlands and the other principal trading countries which before the war did big business with Japan.

Next will come agreements with the Asian countries for reparations. Ahmad Subardjo, speaking for Indonesia, declares he recognizes Japan cannot pay reparations now.

Indonesia also wants Japanese fisheries restricted. And, incidentally, American tuna fishermen want Japanese canned tuna fish kept out of the United States, or at least subjected to an import duty.

Foreign Minister Carlos P. Romulo of the Philippines, making the only open reservation to the treaty, demands that the kind and amount of reparations to be paid by Japan not be restricted in any way.

Premier Yoshida has assured Indonesia directly and all other countries indirectly that Japan will enter into all these new negotiations in good faith.

From the American point of view, the mainland of China has been lost as a trading area and as a political ally. Japan has been regained as an ally.

Premier Yoshida declares the amount of prewar trade between Japan and China, and its value to Japan has been exaggerated.

It will be up to the other Pacific countries to work for mutual advancement by lifting themselves up to or above the Japanese level, not by trying to keep Japan held down.

back at him. "Why, he was trying to kiss Holly!"

"She's probably been kissed before," said Ray drily.

Two police stopped the car outside of town and took Steve out of it, and led him to jail between them.

"Who knows?" he said, glumly, then with forced gaiety, "You and Elsa can take him cake and cigars every day—it'll give you something to do."

"You can say that again," he agreed.

There was no sleep for any of them that night. The news set Elsa to crying, and that started Holly off again.

Mosquitoes particularly like it here (in Florida) because of all the lovely young girl tourists. They make awfully tender nibbling for our mosquitoes—much better than in California, where the women are almost as pretty.

Here's the sweetest gesture of the year. Cuba is sending our boys in Korea 2,000 tons of sugar and 10,000 gallons of alcohol.

Poland Said Ready To Enter U. S. S. R.

STOCKHOLM, SWEDEN (AP)—Polish refugees here say Communist Party circles in Warsaw are alive with rumors that Poland soon may ask Moscow to let it enter the Soviet Union as Russia's seventeenth republic.

A reliable source said Poland would adopt a new Constitution on the Soviet model this year and it was feared the move to become a Russian republic would follow.

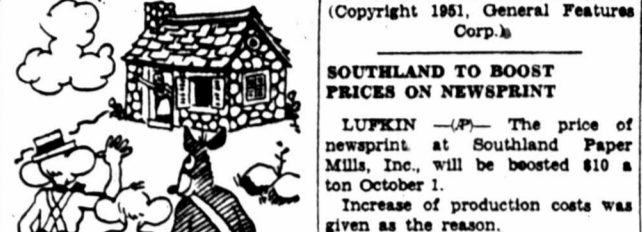

Daddy Ringtail :: By WESLEY DAVIS

Daddy Ringtail And House Of Sand

Daddy Ringtail, your monkey friend, and Mugwump Monkey, the monkey boy, stayed to visit with the witch's great-great-great-great-great-granddaughter.

Daddy Ringtail said to her: "Oh, uh, Mrs. Witch's great-great-great-great-great-granddaughter, your name is so long, and it takes so much time to say it, I'm afraid we shall not have much time to do much talking."

But the old witch's great-great-great-great-great-granddaughter was a friendly, cheerful woman,

and she said for the folks please to call her Great-great, and that is what they did.

"Great-great," said Daddy Ringtail, "you must have an awful problem to live here in your house that is made of candy and cake, because what do you do when it rains?"

Great-great clicked her tongue and shook her head in a sad, sad way. Her house indeed was made of candy and cake, and her house was just about ruined all over each time that the rain came raining down from the sky. Why, she was busy all the time. Great-great said, cooking candy and cake to fix her house where the rain had washed it away. She explained how once she had built her house of sand, but that house was no better than the one made of candy and cake. The rain washed it away just the same, tch, tch!

The poor woman looked so sad and unhappy. Daddy Ringtail and Mugwump very much wanted to help her, but how oh how could they do it? Could they stop the rain from raining down from the sky?

HITCHING-POSTS

Here and there in some of our cities and towns one finds narrow streets, still lined with hitching-posts—beloved relics of an almost forgotten era!

But man hasn't really abandoned the hitching post. He has converted it. Today he calls it a parking lot, or a terminal, or an airport. But it's really the old hitching-post, just the same. In fact, we never will out-grow our need for the hitching-post. No matter how far or fast we travel, there will always be places we like to stop and stay awhile.

Odd how our spiritual needs resemble the physical... The soul needs a hitching post, too. As we try to keep up with the ever-quickening pace of modern life, we need the sound, solid, unwavering truth of our Christian religion.

And come Sunday morning, there's no place like the Church to stop and stay awhile!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his community and nation. (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Rains Storm South Texas—

alongside small boats in removing flooded-out residents. The Rev. Christian Kehl, pastor of the Episcopal Church, who broke one of his legs several weeks ago, was taken from his rectory by stretcher and through a window.

Mrs. Dorothy Wofford, president of the Veterans of Foreign Wars Auxiliary, handled telephone communications at the Red Cross disaster headquarters. National Guardsmen and members of the Texas State Guard, a home defense group, also helped.

The current of flood waters remained rather strong. Water from a depth of a few inches to five feet covered the city.

K. Salley, trucking operator, directed a sand-bagging crew keeping water from buildings and stores. A proposal to blow up a portion of the Alice-Corpus Christi highway to permit the flood waters to recede faster was made to the Highway Department, but rejected.

Water entered showrooms of automobile firms in the western portion of Alice, and ran curb to curb in the downtown business district. At Bishop, in lower Nueces County, water from a branch of Carreto Creek reached dozens of houses in the southern part of town. A small dam impounding a city park lake was sandbagged. Bishop received 8.19 inches of rain in the 24 hours ended at 8 a.m. Friday.

Many streets were flooded in Corpus Christi, and traffic was restricted. Some persons were late to work, and a few trucks went into chugholes. No injuries were reported.

At Marshall, in East Texas, creeks had short flash floods after a drought-breaking 5.74 inches of rain. No casualties were reported here or at Agua Dulce, a little town 10 miles to the east. There water stood a foot deep in streets, stores and a number of homes from 11.1 inches of rain.

The rest of Texas relished the end of a long and deadly drought. Over most of the state, drenching rains tumbled temperatures, filled dry stock ponds, and replenished dangerously low water supplies. The drought and heat had killed approximately 50 persons, caused millions in damage, and in many cities set a record for the number of consecutive days with 100-degree-plus temperatures.

Summer Drought Broken
The steady, pounding rains were general over parched South Texas lighter in West Texas. They were the first real break in a summer of historic heat and drought in the state.

They figured to help pasture lands, but many were gloomy that they were too late for most crops. A total of 4.77 inches of rain since Sunday night had city officials at

Yoshida Declares He'll Not Rearm Vanquished Nation

TOKYO—Prime Minister Shigeru Yoshida, the little, cigar-smoking statesman who guided Japan along the road to independence, Friday told the Japanese people he would refuse to rearm this vanquished nation.

The 72-year-old Yoshida's stand was viewed in some quarters as indicating that he would step out of office just as soon as the historic U. S.-Japan security pact is ratified and becomes law.

He instructed his countrymen to keep faith with the Western world. Yoshida made his remarks at a news conference only three hours after he returned from San Francisco, where he saw Japan once again take its place among the nations of the world.

Yoshida was asked point blank whether Japan would have to rearm after the security pact goes into effect. Yoshida answered in almost inaudible tones.

An associated Press Japanese reporter said he heard Yoshida say: "That's up to Japan. But as far as I am concerned, I won't carry it (the rearmament program) out."

The Japanese news agency Kyodo quoted Yoshida as saying, "I'm not thinking to rearm."
"Other translations varied. But the inference was clear: the tough, suave Yoshida personally would not see to it that guns were put back into the hands of his fellow countrymen."

ference in Boyle's office Feb. 28, 1949.

With him, Toole said were James P. Finnegan, since ousted from his federal job as collector of internal revenue at St. Louis; R. J. Blauner, then head of the printing firm; and Cecil Green, Washington representative for the printing firm.

Telephone Contact
Toole, frequently consulting his personal diary, said the quartet had to wait almost 40 minutes, but when they got inside Boyle picked up the telephone and called Hise, then RFC chairman.

Boyle, he said, told Hise that "some friends of Jim Finnegan in my office" wanted to talk about an RFC loan.

In the testimony released Friday, Hise said:
"I don't recall that he (Boyle) ever contacted me with reference to any specific loan."

In general, Hise said, all calls from Boyle concerning RFC matters would have been handled by the same procedure "as we would take with an individual who might be sent to me by any of the senators here, or any member of the Senate or of the House."

Hise and Dunham testified Thursday in private. Both men produced doctor's certificates cautioning against the effect on their health if they testified in public.

Dunham said he "assumed" the RFC got daily calls from the Democratic National Committee concerning loans and other RFC matters, and that E. Merl Young, a one-time White House frequenter, was the "liaison man" between the Democratic headquarters and his office.

Two More School Cafeterias To Open
Cafeterias at Sam Houston and DeValva Elementary Schools will be opened Monday, school officials announced Friday.

Equipment arrived and cafeteria employees were working around the clock in order to open Monday. Cafeterias in the other schools were opened the first day of school.

Temporarily, sandwiches and milk have been served at the Sam Houston Elementary School for the convenience of students unable to make lunch arrangements elsewhere.

Rail Board Takes Cattleman's Plea Under Advisement

AUSTIN—The Railroad Commission Friday had under study voluminous testimony taken at a 10-hour public hearing Thursday on requested emergency reduction in livestock feed freight rates.

The commissioners indicated it would take several days, possibly a week, to reach a decision.

The reduction was asked by stockmen and agricultural agents for more than 150 Texas counties. Generally, the area included all counties east and south of Scurry County.

They testified the prolonged Texas drought that has been cutting into their range, pasture and feed crop production for two years now has reached emergency conditions.

Railroad attorneys protested that it was unfair to single out the railroads for reduced rates without putting truckers under the same notice.

They said the ranchers expected the railroads to haul their feeds at reduced rates so they could produce more cattle-hauling business for the trucks.

Armistice Talks Remain Deadlocked
TOKYO—Korean armistice talks remained ruptured for the twenty-third day Friday as the UN command and the Communists awaited answers to their latest notes to each other.

The Allied board of strategy awaited the Red reaction to the UN apology for the strafing of the Kaesong conference site early Monday. The Reds awaited Gen. Matthew B. Ridgway's reply to their rejection of his suggestion that the truce talks be moved to another site.

Grand Jury Indicts Bradley Cage Star
PEORIA, ILL.—The Peoria County grand jury Friday indicted baseball star Gene "Squeaky" Melchiorre and six reputed New York gamblers in connection with Bradley University's point-fix basketball scandal.

Melchiorre was charged with accepting \$4,000 for a point fix in a game between Bradley and Oregon State.

School Group To Attend Meeting

Wesley Martin, R. C. Michener and Ralph Mills will attend a meeting of Region 8 of the league's musical division at Crane, while Charles Mathews and Coaches Tubgot Jones, F. D. Rutledge and Audrey Gill will be in Lamesa to participate in the regular Fall meeting of District 1-AAA, Interscholastic League.

Farm Loan Group To Meet Saturday
STANTON—The Stanton-Midland National Farm Association of Stanton will hold its annual membership meeting Saturday. Albert W. Heckler, secretary-treasurer announced Friday.

Heckler said a special program is planned.

Cotton
NEW YORK—Friday noon cotton prices were 50 to 95 cents a bale higher, October 34.75, December 34.80 and March 34.94.

TAX RATE UNCHANGED
CRANE—The 1961 city tax rate for Crane was set this week by the City Council at \$1.50 for each \$100 valuation. This is the same rate adopted in 1950.

JAYCEES DISCUSS BUSINESS MATTERS
A discussion of business matters was the highlight of the weekly JayCee Luncheon Friday in Hotel Scharbauer.

Thornton Hardie assigned JayCees to concession committees for the Midland-San Angelo football game Friday night. The JayCees will handle concessions at all home games here.

Frank Hawk presided at the meeting.

TAX RATE SET
MCCAMEY—The Upton County Commissioners Court set the tax rate this week for the coming year at \$1.05 on each \$100 valuation. This is the same rate that the county had last year.

Outlook Bright For F-M Road's Paving
MCCAMEY—Prospects for paving the farm-to-market road, from McCamey through the farming area into Bakersfield, were brightened considerably at a recent meeting of Peecos County officials, farmers in the area, and Commissioners Joe Conger and Tom Trimble of McCamey.

The Peecos County Court now has sufficient funds to build 10 miles of farm-to-market roads and stated it would recommend the funds to be used on the road from Bakersfield through the farming area, then east to intersect Farm Road 305, south of the Peecos river.

College President Resigns Under Fire In Athletic Scandal

WILLIAMSBURG, VA.—Dr. John E. Pomfret resigned Thursday night as president of the tried College of William and Mary following criticism of his methods in dealing with a month-old sports scandal.

The 52-year-old educator announced he had submitted his resignation "in the best interest of the college," which he had headed almost 10 years.

The announcement came less than a week after the W&M Board of Visitors had rebuked Pomfret's administration publicly for alleged failure to deal with the blossoming scandal promptly and adequately when it first was discovered early this year.

Young GI Veteran Goes Back For More
FORT JACKSON, S. C.—"It sure feels good to be back," said 17-year-old Bobby Gene Willis of Poulton, Ga., after a one-day absence from the Army.

Bobby joined the Army when he was fifteen. After going through the rigors of last Winter's fighting in Korea, his age was discovered. A minority discharge was ordered.

The discharge came through Tuesday. Bobby, now old enough for service, went back Thursday with the consent of his mother, Mrs. Willis, and re-enlisted.

Armour Beef Killers Out At Fort Worth
FORT WORTH—A strike of beef killing crew at Armour and Company still was on Friday.

Six hours of conferences between United Packinghouse Workers of America officials and Armour representatives ended with no progress.

The beef killing crew walked off Wednesday in protest against job loads and pay cuts.

Man Beaten, Thrown From Freight Train
HILLSBORO—Lloyd York, 32, of Fort Worth, was beaten severely and thrown from a freight train Friday.

Sheriff Charlie Garrison said York told him he had been beaten and robbed by three negroes. His condition was critical.

Garrison said York crawled to a farmhouse from the train. He lost a great deal of blood.

President Signs Triple-Damages Bill
WASHINGTON—President Truman Friday signed legislation allowing veterans to recover triple damages in cases involving overpayments, or "side payments," on the purchase of homes financed by the government.

The legislation is designed to curb the practice of charging veterans unlisted fees or bonuses when they buy homes.

town route before trying parallel parking.

It was then McMillen entered the motion to close the discussion of the matter.

McCoy Objects
"Just a minute, Mr. Mac," broke in Councilman McCoy.

"This action was taken at the last meeting and I wasn't even here. It has never been discussed by this council and it wasn't even on the agenda."

Councilman Jack Wilkinson then seconded McMillen's motion.

Cason pleaded that the discussion be left open and "not closed by parliamentary procedure."

"I hope we won't become involved in a controversy," said Mayor Perry Pickett, "considerable thought has been given to this matter and we want to do what is right."

He then invited any of the merchants to comment on the problem.

In answer to queries by Short, Assistant City Manager Morris Howard said the city collects approximately \$1,000 weekly from the parking meters and has five men working at the job of collecting money and servicing the machines.

"Well, I don't see how you make any money on it," said Short.

"That doesn't enter into it," said Councilman Johnny Starr. "That has nothing to do with our decision."

Wilkinson pointed out that many other cities in West Texas had changed to parallel parking and it had worked out agreeably with the merchants.

Safety Features
"We're trying to make the change as a safety feature," he said, "and we hope you will cooperate with us."

Mayor Pickett said, "The problem is bigger than just a small area."

"It not only involves Main Street," he said, "but the ingress and egress of all the citizens of Midland into the business district."

It was then suggested that the police chief be brought before the council.

"I'd like to hear Chief Hemingway," said Councilman McCoy. "If he makes his recommendations, I'll go along with him. Otherwise I'm against it."

The police chief then appeared before the group.

Mayor Pickett briefly explained the situation.

"Because of your experience and observation," said the mayor, "and from the standpoint of the overall traffic problem, what would you recommend concerning parallel parking?"

"I'd like parallel parking all over town,"

A few minutes later, Mayor Pickett called for a vote on Councilman McMillen's motion, and it drew the support of Wilkinson and Starr, with McCoy voting against it.

Bulldogs, Angelo Set To Go

Bobcats Rated As Six-Point Choice

A near-capacity crowd is expected at Memorial Stadium Friday night when the Midland Bulldogs and the San Angelo Bobcats blow the lid on their 1951 football seasons.

Kickoff time is 8 p.m.
A wide-open-offensive battle was expected as the teams prepared to move into action. Both teams have indicated they will throw more this year than in 1950.

San Angelo, slightly heavier and with six lettermen back off last year's district title winners, will rule a six-point favorite as the game gets underway.

Midland whipped through a light workout under the arcs at Memorial Stadium Thursday night.

Coach Tugboat Jones said the Bulldogs would hold a five-minute scrimmage just before the contest with the Bobcats, in order to have some contact and get over any initial fright.

The probable starting lineups as announced by Jones and San Angelo Coach Pete Sikes, with program weights:

MIDLAND BULLDOGS

The pains you suffered, well I know,
The day we saw the Rodeo.
And when the Indians came to town
You saw them through without a frown.
When came the winds with rain and hail
You barely missed the garbage pail.
But now that Summer's fading fast
Your noble days are nearly past.

Marlene, Pat Garner Near Top In Fem Tourney

ATLANTA—(P)—Three Texans, by birth or inclination, are sitting comfortably in the one-two-three spots of the Women's National Golf Tournament now.

Babe Zaharias edged out in front with an opening round 70 Thursday, two-under par and a record in feminine competition at the Druid Hills course. One stroke back was pretty 18-year-old Marlene Bauer of Midland.

Although the Babe is playing out of Tampa, Texas is her birthplace. Marlene moved to Midland about a year ago from California.

Low amateur and third in the field was another Texan, Polly Riley from Fort Worth. She had a 72. Pat Garner

In a four-girl tie for fourth are two others from the Lone Star State—Betsy Rawls of Austin and Pat Garner, also of Midland. They carded 73's together with Lou Louie Suggs and Kathy McKinnon.

Patty Berg of St. Andrew, Ill., was the only northerner to break 75. She tied amateur Mary Lena Faulk with a 74.

This tournament, biggest in women's golf, ends Sunday with 17 proms divvying up \$7,500 in prize money.

Marlene and her sister, Alice, are the gallery favorites, although neither has made her mark in the soiling world yet. But it's understandable. Both are young and pretty and they prefer swinging in shorts whenever the weather is slightly mild.

Palica Ordered To Report For Physical

PITTSBURGH—(P)—Erv Palica, Brooklyn right-hander, has been ordered to report Monday at the Army induction center in New York for a new physical examination.

Palica, who has high blood pressure, passed his last physical but was granted a deferment because his wife was having a baby.

Seventeen organizations and 252 individual entries were listed in the 77th annual championships for amateur oarsmen this year.

North Side, Borger Open With Victories

By The Associated Press
Texarkana tests Port Arthur at Port Arthur Friday night in the headlining game of Texas AAAA schoolboy football. Port Arthur crushed Denton 48-0 last week.

Waco Class AAAA rolls against Temple, one of the rated teams of AAA. Lamar of Houston plays highly-ranked Baytown in a struggle between AAAA powers.

A smattering of games were played Thursday night.
Borger of AAAA crushed Dalhart of AA, 32-0.
North Side (Fort Worth) of AAAA whipped Weatherford of AAA, 18-9.

Irving of AAA lost to Sunset (Dallas), an AAAA power, 7-0.
Thomas Jefferson (San Antonio) of AAAA whipped Kerrville of AAA, 2-7.

Miller (Corpus Christi) of AAAA defeated Alice of AAA, 12-0.
San Jacinto (Houston) of AAAA downed Independent St. Thomas (Houston), 26-14.

In AA, Hooks played Texarkana B to a 13-1 tie. Independent Kirwin (Galveston) edged Nederland, 12-6.
In A, Sudan romped on Boys Ranch 45-12.

Eagles Win, 3-2; One Rained Out

DALLAS—(P)—Dallas and San Antonio are being haunted by two and three these days as they battle for a spot in the final round of the Texas League playoffs. Three games have been decided by 3-2 scores.

Dallas went 12 innings before winning Thursday night, 3-2, after San Antonio had won the first two games. The series now stands San Antonio two, Dallas one.

Houston and Beaumont, tied at one game each, were rained out at Beaumont. They will try again Friday night for number three.

Loop Flag To Roswell Or Odessa

ROSWELL, N. M.—(P)—Roswell and Odessa fought their way to a meeting for the Longhorn League championship Thursday night.

Roswell eliminated second-place Big Spring, and Odessa disposed of the leaders, San Angelo. Roswell finished the season third, Odessa fourth.

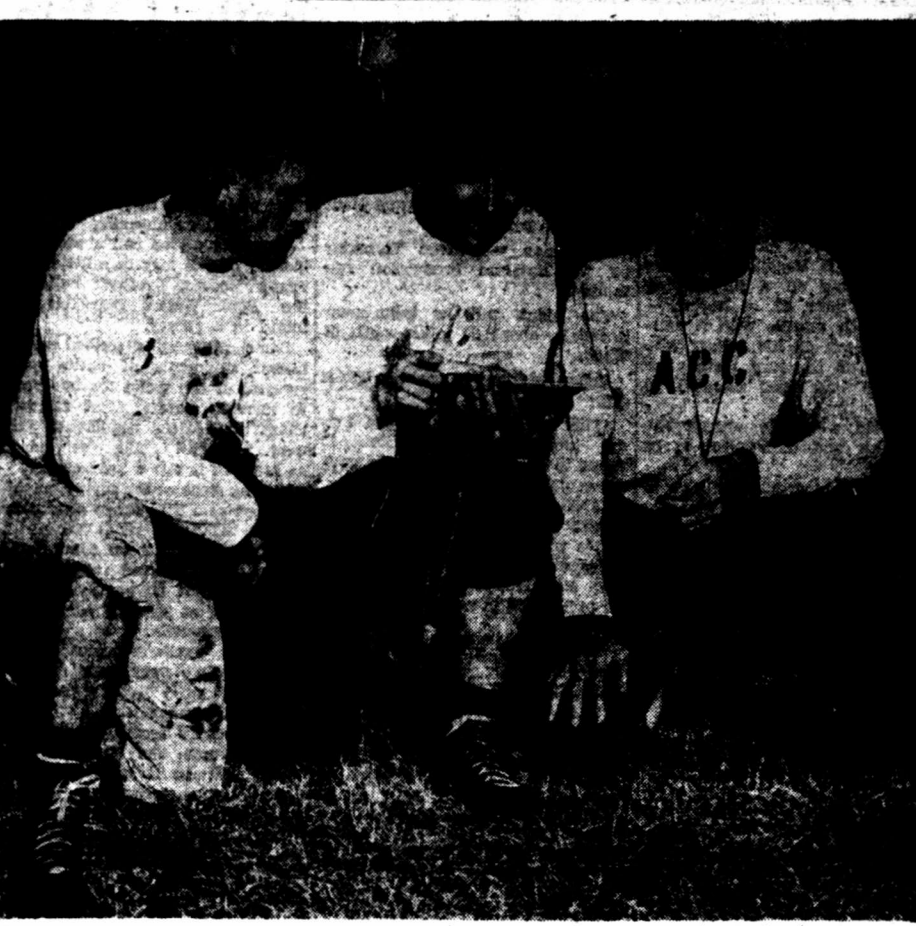

Odessa beat San Angelo four games to one with a 5-4 decision. Roswell edged Big Spring, 2-1, to win that series, four games to two.

The two clubs will rest Friday night while clearing the deck for football but will open the championship round Saturday night in Roswell.

Home runs decided the two first-round final games. Pepper Martin homered in the sixth to break a tie and give Odessa its win. Bill Cearley homered in the eighth for the winning run for Roswell.

The scores:
R H E
San Angelo 300 100 000-4 6 0
Odessa 010 031 00x-5 9 2
Tinkler and Petchco; Ortega and Castro.

Big Spring 000 000 001-1 9 0
Roswell 000 001 01x-2 10 0
Fernandez and Valdes; Franks and Sanders.

ACC MENTORS—Assistant Coach Bill McClure, left, Head Coach Garvin Beauchamp, center, and Assistant Coach Oliver Jackson of Abilene Christian College plan strategy for the 1951 grid season. Last year, the strategy helped take them through October 6 in Memorial Stadium in a grid clash sponsored by the Midland Optimist Club.

Billy Maxwell Still In National Amateur

BETHLEHEM, PA.—(P)—A poker-faced suburban New York lawyer tries his golf case against a youth young enough to be his son, and a portly 40-year-old realtor plays a smiling red-haired Texan from Odessa Friday in the National Amateur Golf Championships.

An almost unbelievable wave of upsets that sent nine dumberdumbed Walker Cup team players reeling to the sidelines narrowed the semi-final field to 39-year-old Joe Gallagher, West Chester, Ohio, N. Y. lawyer; Tommy Jacobs, 16, Montebelle, Calif., well-rounded Jack Benson, Pittsburg real estate dealer, and North Texas State Teachers College's golf captain, Billy Maxwell.

The young Texan, who says he's more worried that his bride of six months won't talk to him because he hasn't written, advanced to the round of four the hard way. He won two extra hole matches Thursday.

He eliminated former college classmate Laur Crannell of Dallas in 19 holes, and Arnold Blum, Macon, Ga., Southern amateur champion, over a 20-hole route.

Maxwell, 22, who twice has beaten the nationally known Byron Nelson in exhibition matches, has turned in the best overall scores so far, and he's proven very rough when the chips were down.

Billy is Southern college champ. Benson, father of four and a tremendous hitter off the tee—he slugged one 300 yards in his morning job of eliminating Walker Cupper Harold Paddock—is a five time Western Pennsylvania Amateur champion. They call him "South Hill Country Club seige gun" back in Pittsburg. An uncanny putter, Benson went to the third round of the National Amateur back in 1935. He's been too busy to try again until this year.

Young Jacobs, who still has peach fuzz for a beard, played some of the four-day-old tourney's most sensational golf Thursday in eliminating Edward P. Martin, 4 and 2.

Giagliardi, father of five, has earned the role of giant killer. He eliminated defending champion Sam Urzetta, and then Charlie Coe, 1949 winner of the National Amateur.

Hubbers, Lobos Win WT-NM Tilts

ALBUQUERQUE—(P)—The West Texas-New Mexico League playoffs take time out for high school football Friday night, with Lubbock ahead of Abilene, 3-1, and Albuquerque tied up with Lamesa, 2-2.

Lubbock pushed ahead again Thursday night, downing the Blue Sox, 7-2, to force the Sox to win Saturday night or call it quits.

Albuquerque started out to do the same thing, pounding out seven runs to take a shutout lead in the third. But the Dukes stepped there, and the Lobos came back to win 18-7.

JOCKEY WINS SEVERAL
ATLANTIC CITY—(P)—Jockey Fernando Fernandez has joined the charmed circle of riders who have booted home 2,000 winners. The veteran rider from Havana, Cuba, reached this mark at the local meeting when he drove Garden Wall to the winner's circle on Aug. 20. The 44-year-old rider has been in the game 20 years and has averaged better than 10 winners a year.

Newcombe Has Injured Arm

PITTSBURGH—(P)—Don Newcombe has a slight muscle pull in his right elbow, but the big Brooklyn negro doesn't think it's serious. "I don't think it's very bad," the pitcher said Friday. "I should be able to take my regular turn in Chicago."

West Texas herds are moving into corn belt feedlots, and a big portion of this class of cattle has been contracted at strong prices.

W. L. Pier, manager of the Fort Worth Stockyards Company, says the cattle movement to the Fort Worth markets this year has been a little abnormal as compared with the two previous years, but is only about six per cent as compared with the previous year, but there has been a sizeable increase in calf numbers.

50 YEARS FROM NOW...

A half-century from today, this beautiful home will be even more lovely than it is today . . . the selected Austin stone and the heavy cedar shake roof will weather with the years into softer shades, retaining all the natural strength and grace of line.

And the interior of the home, while in the modern design, will also mellow with the passing years into an increasingly charming home. No expense has been spared in the builder's effort to create the ultimate in gracious living . . . a place of lasting beauty.

The stone passageway beckons the guest into the entry hall, which leads off to the kitchen, the living room and the hallway to the bedrooms. The kitchen is utilitarian loveliness itself, featuring ceramic tile to the ceiling, sheet rubber floor covering with core base, 3-speed exhaust fan, a multitude of cabinet units, and a breakfast area.

The living room utilizes the trend to glass walls, with a view of, and access to, the completely enclosed back yard. A raised stage, elevated fireplace that burns logs or gas, and colored plaster walls are featured points in the over-sized living room.

Off the living room is the enclosed, outside dining area that leads to the California-designed barbecue pit and the terrace.

The three bedrooms are roomy and comfortable, with ready access to two ceramic tiled bathrooms with dressing rooms included. The third all-tile bath is located in the den, which also features full cork floor, etchwood panelling and massively beamed ceiling.

The many expensive refinements in this exceptional home include a two-car garage with completely finished interior, paved circle drive and parking area, recessed lighting throughout, sliding panel doors, 140,000 B.T.U. central heating unit, 8,000 C.F.M. cooling system, built-in chests of drawers, phone jacks in master bedroom, kitchen and den, leather folding door between kitchen and dining area, and many, many more. The front and back lawns are fully developed.

Why not make an appointment now to see this Austin stone beauty? The builder will be delighted to show you through . . .
