## Frontiers Of Freedom

Rarely does Dr. James Bryant Conant of Harvard speak publicly without stirring the mind and conscience of the nation.

Amid the clamor of voices shouting that a third world war is inevitable. Conant offers a calmer counsel. He declares that war can be averted, albeit by only "the narrowest of margins."

Although Conant is a scientist, he also is an astute observer of world affairs. His forecasts never are reckless but always informed and careful.

For the next decade at least, he sees no release from the constant strain of war threat. But he still believes the great storm will not descend. Time and again, he is convinced, one or the other of the major antagonists will hold back because their military leaders won't be able to guarantee final success.

This will be so, says Conant, because the United States and Russia will be in such relative balance militarily that neither can hope for crushing advantage. He sees this stalemate as prelude to a "great settlement" after the 1960's get under way. And he believes a period of genuine peace then may be ushered in.

Conant's crystal ball tells him it is the West's renewal of its armament which creates a stalemate and sets the ness as a bigtime aluminum producstage for an accord. Not the "magic of atomic bombs" er. but balanced military forces enable the Western powers Interior Oscar Chapman raised a ed a \$46,000,000 loan on August 28.

## WHO OWNS American Industry

Is it, as some people still seem to think, a small group of fortunate men; or is it "Wall Street" that owns American Industry? Let's take a look at one of the large oil companies, as a typical example.

The Texas Company, with more than one billion dollars of invested capital, is owned by more than 110,000 stockholders...nearly three times as many owners as employees! They are men and women from all stations of life, and from every state in the Union. They are the people who own the Texas Company and make possible its vast and vital operations. No one individual owns as much as 1% of the stock.

Helping investors to keep their funds profitably employed in this, and other industries is our main job. We'll be more than pleased to prepare a sound investment program for you. Why not call at our office soon and talk it over? There is no obligation whatever.

**SCENERY** 

More Express and Thru Schedules, More Service, to More Places Than Any Other Travel Way.

The people you meet aboard a Greyhound somehow seem more neighborly, more relaxed, easier to talk to.

What are the reasons? Here are just a few...the smile of the man who sold the ticket ... a friendly word and a helpful assist from the driver at the door...the delightful highway scenery.

Greyhound's extremely low fares help, too, for a person who has just bought a travel bargain is sure to be in a pleasant frame of mind. Then there is the comfort...the complete freedom from driving strain...the frequent, convenient schedules.

Add up these reasons, and you'll know why Greyhound has come to mean Friendly Travel wherever you may go.

(Continued From Page One) cient methods of finding and producing petroleum The Permian Basin Section of the

AIME, the West Texas Geological Society and possibly other professional groups in the petroleum inlikely will join in supporting the symposium. In his address, Murray pointed out

that in the face of the disturbed running around the yard crying for world condition it is imperative that more efficient methods of petroleum production must be developed in the United States.

He said that under present methods large amounts of the possible recoverable oil in such important reservoirs as the Spraberry Trend and the Scurry reef areas on the east side of the Permian Basin never will be produced. Most Active Oil Area

Murray said the Spraberry Trend is the most active oil area in the world today and that the Spraberry Trend and the Scurry reef area curently are the most important producing areas in the United States.

He insisted that intensive coperative work be undertaken to assure recevering all possible peall others in the United States and in other Democratic nations. Jack M. Moore, chairman of the ermian Basin section of the

#### Two Pharmacists Fined For Illegal **Barbiturates Sale**

DALLAS -(P)- A mother's complaint that her young daughter was "going crazy" resulted Monday in sentencing of two elderly pharmacists for sale of barbiturates without proper prescriptions.

Alexander Canales, Sr., 55, and Edmund L. Hall, 75, were unable to account for about 6,200 tablets of the drug sold by their West Dallas store this year. Canales, fined \$1,000 in federal

court and assessed a six-month pro bated jail sentence, owned the store. Hall, an employe, was given a \$500 fine and the same probated sentence. Both pleaded guilty. Lester May, assistant United

States district attorney, said the illegal traffic in drugs for teenagers is causing a serious problem in the West Dallas area.

May said the first complaint against the store was from a woman who said her daughter, 14, was "going crazy" from barbituarates she nabitually bought there.

The tiny republic of San Marino, in the heart of Italy, claims to be the oldest state in Europe and 'to have been founded in the fourth

A new booklet from the Southwest Athletic Confer-

ence arrived at the sports desk Monday, and it's a lulu.

In addition to giving the all-time loop records, it gives the complete score of each team's schedule since back in a single off Al Rosen's glove with the 1890's.

The general public may obtain this grid-gem by mailing a dollar per copy to the Southwest Athletic Conference, 1343 Na. streaking into third. Then came the tional City Building, Dallas 1, Texas.

Also included is a year-by-year summary of the way the teams Also included is a year-by-year summary of the may the chibbing of Ted Williams and finished in the conference, dope on the current squads, their schedules by the clubbing of Ted Williams and Eagles To Clash and information on SWC officials.

Adrian (Bud) Lindsey, Midlander, is taking the Midland grid games on motion picture film this season.

A Lubbock concern had handled the pictures in the past, but Tug-boat Jones and Lindsey got together and decided to make it a home affair this season.

Our nominations for Star-of-the-Week in West Texas this week go to Ralph Brooks, Midland back; Jackie Sparks, Seminole back; Mack Patterson, McCamey back, and Stan Coker, Midland tackle

Brooks scored two touchdowns, ran well and passed in fine style against San Angelo. Coker was in on a large per cent of the Midland tackles.

Patterson, the McCamey lad, scored three touchdowns against Colorado City, intercepted a pair of passes and recovered two fumbles. Sparks was almost the entire offensive show against Levelland, as Seminole won a 12-0 upset. Of all the boys we've seen thus far this year in five grid contests, we think he's the top runner of the bunch.

The Bulldog Booster Club will meet at 8 p.m. Tuesday in the high school cafeteria. Films of the Midland-San Angelo game will be screened, and

coaches will report on the Midland-Ysleta tussle to be played Ysleta Friday night.

Membership still is open to prospective new members, President

DEFUNIAK SPRINGS, FLA.-(P) -A grim hunt centered in extreme Northwest Fiorida Tuesday for at least two of the six convicts still at large in the mass break at Draper large in the mass break at Draper

They were reported armed with LEGAL NOTICES

Sgt. M. L. Clem and Sgt. C. Brooks, both stationed at Egiln Air
Force Base, said they were stopped
near Fort Walton, Fla., Monday
Frate morning by two men who threw log in front of their car. Held Captive Eight Hours

They said the gunmen forced them to drive into woods near Defuniak Springs, held them captive almost eight hours, then drove off

Sheriff Curtis R. Miller said he also believed there were at least four heavily armed men operating

in this area in groups of two. The chase was intensified Sunday night after two men put a highway patrol car driven by Patrolman Carson Turlington out of commission with two shotgun blasts.

R. A. Baker, a Pensacola building contractor, was robbed by two men in his Valparaiso contracting office enday. The men trussed him up and fled in his station wagon. Officers throughout Alabama fruitlessly followed clues in widely now. For information consult your

scattered areas of that state. Of the 19 who fled Draper, eight were captured Friday night and Saturday. Two were picked up Sunda; and three early Monday.

### Tidelands Battle Flares Up Anew In Senate Committee

WASHINGTON-(A)- The fight between the states and the federal PERSONALS government for control of the oilfich Tidelands was to flare anew Tuesday in the Senate Interior

The matter was up for consideration at a closed session, although two

ther subjects were put ahead of it for study. Prodded by recent House action on Tidelands legislation, the sena-tors faced the choice of four propositions—with prospects not bright

for positive action on any. They Accept the House-passed bill to give the states clear tile.

Vest the title with the federal government, as urged by President Puman. Report favorably a resolution giving the states tentative control

pending permanent settlement. Approve a federal interim contro

"We're doing everything we can here. to work out an equitable and reasonable arrangement

The senator said it appeared unlikely the Senate would take final action on Tidelands legislation this year if Congress adjourns by early October. He said a bill should be in a good position when the new session convenes in January.

#### Nation's Crude Oil Production Slumps

TULSA -(P)- The nation's daily average crude oil production during the week ended September 15 skidded 5.850 barrels to a total of 6.-

reported: Mississippi, down 2,100 to HELP WANTED, FEMALE 96,800; Indiana, off 1,300 to 30,000, and the Eastern fields, 1,250 to 58,-

Kentucky dropped 700 barrels to 31,300. Utah slumped 200 to 3,600, and Colorado and Illinois each lost 100 to 77 700 and 167 400 California topped the gainers, up

1.300 barrels to 981,700. Advances also were recorded for Michigan and Wyoming, each up 900 barrels to 37,300 and 190,100 respectively; Oklahoma, up 750 to 506,600; Louisiana, 550 to Arkansas, 250 to 76,350; Montana

200 to 25,100, and Nebraska, 50 to Production was unchanged in Alabama, 2,850 barrels; Florida, 1,-675; New Mexico, 145,575, and Texas,
