### Two Brownwood Men Found Guilty In Car Theft Ring

SANTA FE, N. M. (AP)—A federal court jury took 10 minutes Thursday night to decide James E. Van Husa and Homer T. McGarity, both of Brownwood, Texas, were guilty of conspiracy in the operation of an interstate car theft ring.

Federal Judge Carl Hatch set sentencing for October 8. The maximum penalty is a \$5,000 fine and five years imprisonment.

Also awaiting sentences in the case are seven other men who pleaded guilty. They include Harden C. Kemper who was the prosecution's star witness in the two-day trial.

A tenth man, Raymond C. Cain, was waived jury trial. His case was to be disposed of Friday.

The government charged the men in connection with the operations of a ring which allegedly stole 88 cars in other states and resold them in New Mexico.

Testimony at the two-day trial revealed how the men obtained titles of wrecked vehicles, then stole cars to match the descriptions. The serial numbers on the stolen vehicles were changed and the cars sold in New Mexico.

Those who pleaded guilty, besides Kemper, were: Clarence E. Shoffner, Jr., Etzel H. Sigler, Sr., Clark E. Kelting, Preston E. Shoffner, Newell A. Kelting and Frank H. Harper.

### Midland Native Amazed At City's Growth In 30 Years

James B. Powell of San Francisco, Calif., returned to his native Midland Thursday for his first visit in approximately 30 years. He passed through Midland about 10 years ago but this trip marks the first time he has spent any time here since living in Midland some 30 years ago.

To say he is amazed at the growth and development of Midland since his boyhood days here is putting it mildly.

"It is remarkable," he declared. "It would be hard to believe if I couldn't see it with my own eyes."

Powell was born and reared in Midland and attended public schools here. He spent a part of Thursday and Friday visiting some of his old schoolmates who still are Midland residents. He is enroute to Cisco to visit his mother, who now resides there. The former Midlander now is associated with the stock exchange firm of Harris, Upham & Company in San Francisco.

Powell's father was a prominent businessman here in the early days of Midland. The family still owns some property here.

### Housing Is Limited At Texas AF Bases

WASHINGTON (AP)—Family housing is extremely limited at high cost at six Air Force bases in Texas and limited but reasonably priced at 10 others, the Air Force reported Thursday.

"Family housing is almost non-existent at four U. S. bases and extremely limited at high cost at 71 others," officials said, adding that a survey of off-base housing conditions conducted by base commanders showed that at 48 additional bases housing at reasonable rates is limited.

At only 12 bases, the report said, was housing reported available at reasonable rates. Three Texas bases fell into the last classification. No Texas bases fell into the "housing non-existent" classification.

Biggs in Top Bracket

Texas bases where family housing is extremely limited at high cost and where personnel are advised not to bring families until suitable housing can be found—Biggs AFB, El Paso; Bryan AFB, Bryan; Gray AFB, Kilgus; San Marcos AFB, San Marcos; Sheppard AFB, Wichita Falls; and Wolters AFB, Mineral Wells.

Texas bases where family housing at reasonable rates is limited and most units in which priced brackets include some temporary accommodations—Amarillo AFB; Bergstrom AFB, Austin; Brooks AFB, San Antonio; Carswell AFB, Fort Worth; James Connally AFB, Waco; Kelly AFB, San Antonio; Lackland AFB, San Antonio; Perrin AFB, Sherman; Randolph AFB, San Antonio; Reese AFB, Lubbock.

Texas bases where family housing is available at reasonable rates and families can safely accompany personnel—Ellington AFB, Houston; Goodfellow AFB, San Angelo, and Hensley Field, Dallas.

### McGee Sanity Hearing Expected To Draw Full House

A full house has been assured for the opening October 15 of the sanity hearing for convicted murderer Richard W. McGee in 70th District Court here.

Mrs. Lucille Johnson, district clerk, said Friday she had summoned 70 witnesses requested by both the state and the defense for the trial, which will be heard by District Judge R. W. (Bob) Hamilton.

In addition, 190 prospective jurors have been selected to report and notices will be mailed out next week.

The hearing was transferred to Midland last week from Lubbock after it appeared impossible to select a 12-man jury there.

### Houston Taxicab Driver To Die For Murder Saturday

HUNTSVILLE (AP)—Albert Edwards, Houston taxi driver convicted of murder, will die in the electric chair early Saturday unless action by the State Board of Pardons and Paroles stops his execution.

That prospect appeared slim, Lyle C. Harris, chairman of the board, said Thursday he foresaw no action to save Edwards.

Edwards was to have been electrocuted August 30. He was reprieved an hour before execution. The Pardons Board acted after District Judge P. C. Sanders of San Antonio signed a writ of habeas corpus and bench warrant ordering the Huntsville prison warden to turn Edwards over to two deputies who rushed the order here.

He was taken to San Antonio, but Criminal District Judge Joe Burket ordered Edwards back to Huntsville, saying Judge Sanders' writ was invalid.

Edwards was convicted in the fatal shooting of Paul Walker in Houston May 26, 1949. Walker and Edwards' wife, Betty Lou, were killed as they sat in Walker's car.

### More Steel Output Early In '52 Now Believed Possible

WASHINGTON (AP)—The steel industry now believes it can increase production in early 1952—if scrap supplies are adequate.

Earlier, the government had reported a possible slump of 200,000 to 500,000 tons in the quarter starting January 1. Defense Mobilizer Charles E. Wilson instead demanded a 1,000,000-ton increase.

He called a meeting here Thursday to figure out how to turn the threatened drop into an increase. A statement issued by the heads of the 25 steel companies after the closed session promised an increase—but not the million-ton amount Wilson wanted—if scrap collections are adequate.

Meantime, a report of the nationwide scrap drive issued by the National Production Authority was not encouraging. It indicated a "very slight increase" in collections.

### Cicero Race Riots To Be Probed By U. S. Grand Jury

WASHINGTON (AP)—Attorney General McGrath said Thursday he is ordering a federal grand jury investigation of the July race riots in Cicero, Ill., which developed when a negro family tried to move into a white neighborhood.

Rioting involving an estimated 3,000 persons broke out and was brought under control only after the National Guard was called out. The riots wrecked the apartment building involved so badly it still is unoccupied, McGrath was told.

The Cook County grand jury indicted the chief of police for not controlling the mob, and the owner of the apartment house, the attorney who represented the negro tenant, and others on charges of conspiracy to cause a riot.

The FBI also investigated, and McGrath Thursday told a delegation that on the basis of its findings, he will bring the case before a federal grand jury in Chicago. He did not say when.

### Three Midlanders Join Armed Forces

Three Midland youths enlisted in the armed forces Thursday, according to Sgt. 1/c Shelby Wheeler, who is in charge of the recruiting station here.

They are Billy D. Adams, 1210 North Lamesa Road, who joined the Army, Adams reported to Fort Sill, Okla., and will enter officer candidate school on completion of basic training.

Johnny D. Richters, 609 South Mineola Street, and Russell Struen, 409 South Mineola Street, enlisted in the Air Force and have reported to Lackland Air Force Base, San Antonio.

Adams was graduated from Midland High School and Richters and Struen attended Midland High.

### Philippine Troops Kill No. 2 Huk Chief

MANILA (AP)—Guillermo Capadocia, the Communist Huk's No. 2 leader, was killed Friday by Philippine troops on Panay Island.

The government had offered of \$50,000 reward for him.

The National Defense Department said an Army task force led by Col. Alfredo M. Ramos battled Capadocia's Huk band in San Remigio Township.

### Plan For Saving Newsprint Studied

WASHINGTON (AP)—A plan to save newsprint by reducing the number of newspapers for street sale is under study by the government and publishers. A formal announcement was promised soon.

Arthur Treanor, director of the National Production Authority's printing and publishing division, outlined the plan generally Thursday to a House Commerce subcommittee studying the newsprint situation.

Treanor said a test city has been chosen and the plan has been submitted to some publishers. He estimated that in the one city alone the saving on unsold papers printed for street sale might reach 6,000 tons of newsprint.

### El Paso Escaptee Jailed In Mexico

EL PASO (AP)—Possibility of a long legal battle was seen here Thursday following the capture of the second of five men who escaped from El Paso County jail September 18.

Francisco Martinez, 21, was captured by Juarez, Mexico, police Thursday. A Mexican citizen, Martinez refused to cross the Rio Grande into the U. S. after his capture.

County Sheriff Jimmy Hicks said it would take "a long process of law" to return the youth to this country.

Three other escapees still are at large. Charles M. Madden, admitted leader of the break, was captured last week as he crossed the international bridge into the U. S.

Sheriff Hicks said he believes the other three fugitives also are in Juarez.

# Daddy Ringtail

## Daddy Ringtail And The Big Baboon

Daddy Ringtail ever to get the coconuts to make the scrambled coconut for Mugwump? Well, a daddy's business is really to know what to do about such things, and so Daddy Ringtail knew what to do, and he did it.

He picked up a rock and threw it up in the tree where the Big Baboon was sitting with the coconuts. Was Daddy Ringtail throwing at the Big Baboon? Oh no! Was he throwing to knock a coconut down? Oh no! But the Big Baboon thought he was, and the Big Baboon was so angry—he was so angry that he snatched a coconut out of the tree and threw it down at Daddy Ringtail. He did it to make Daddy Ringtail run away, all right. He ran away with the coconut, and so Mugwump had his scrambled coconut after all. Happy day!

(Copyright 1961, General Features Corp.)

Mugwump had a tinnabulation. Doctor Shoobug thumped again. "Bong! And so Mugwump had the tinnabulations, all right, all right."

Doctor Shoobug said to keep him in bed, and to feed him all he wanted to eat of scrambled coconut, and so Daddy Ringtail hurried away to the coconut tree to get some coconuts. Everything was going to be all right, oh yes! Just as long as Mugwump had all the scrambled coconut he wanted to eat.

Oh, but now a big baboon was high in the top of the coconut tree, and he made a horrible face when he saw Daddy Ringtail coming. "Please, Baboon," Daddy Ringtail said with talk of a kind that baboons talk. "Mugwump Monkey is sick in bed with the tinnabulations, and I need a coconut for Mother Ringtail to make him some scrambled coconut."

The Big Baboon heard the words Daddy Ringtail said, but the Big Baboon after all was a big baboon. He was a selfish fellow. He wanted all the coconuts for himself. Yes, and he only made horrible faces when Daddy Ringtail said "please, please." And the Big Baboon even hit at Daddy Ringtail's hands with a stick when Daddy Ringtail tried to climb the coconut tree.

Oh, it was quite a problem, as you can see, because how, oh how, was

## ON THE RIGHT TRACK

In railroad parlance "turning an engine" means a great deal more than reversing the engine and putting it on the right track. It means preparing the locomotive for its scheduled run.

"Religious education" is another term which means more than it implies.

Our Church Schools do far more than teach religious truth. They give children the opportunity to practice Christianity in worship, service, and fellowship. Consecrated leaders provide a Christian example, helping their pupils to see and feel the happiness which our faith instills. Adult classes enable parents to deepen their own spiritual lives, and thus strengthen the Christian influence of the home.

The Church is never content merely to put a child on "the right track." It seeks to mold the character of the child, to prepare him for a noble, happy, and useful life.

In the many aspects of this vital work the Church needs your help and support.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Man Falls Eight Floors In Suicide Try, But Survives

ST. LOUIS —(AP)—A 27-year-old father attempted suicide Thursday by plunging from the eighth floor of a downtown hotel, but he suffered only leg and arm fractures and a laceration.

Electric wires that he struck cushioned his fall.

He is Guy V. Neagle, Jr., of suburban University City, married and the father of a three-year-old daughter.

He told police he attempted suicide because he was worried about his health and said, "I'm through now. I've just ruined my life."

Neagle's body hit the heavy insulated electric wires and dragged them to the ground. He suffered fractures of the left hip and arm and a deep laceration over the left eye. He was hospitalized but his condition was not considered critical.

Neagle, a shoe company employe, recently had been promoted and transferred here from Little Rock, Ark.

## Texas Democrats Show Solid Front Behind Governor

SNYDER—(AP)—Texas' Democratic Party bigwigs don't intend to help any Republicans.

And they've made it clear Gov. Allan Shivers is running the party.

In a two-hour session Thursday the State Democratic Executive Committee:

1. Rejected Senator Mundt's idea for a tie-up between Southern Democrats and Republicans.
2. Indicated the full extent of Shivers' control by smothering all threats and uprisings.
3. Adopted a resolution cautioning the national Administration on freedom of the press.
4. Elected four new committee members.
5. Killed a resolution which under-girded the new election law with rules to tighten party loyalty requirements.
6. Decided to hold its next session in New Braunfels.

A brief, blunt resolution adopted by the committee recorded its opposition to the plan of Senator Mundt "to divert the Texas Democratic vote to the Republican Party."

A resolution suggested by Secretary of State John Ben Shepperd with the idea of strengthening the new election law by rules to tighten the party loyalty requirements died in committee. The governor had expressed opposition to it, saying he did not think such a resolution was needed now.

No Arguments

Dean Abner McCall of the Baylor University Law School explained the new election code to the committee. There were few questions and no arguments. Shivers told the committee he thought the new law had more good than bad in it.

A test of Shivers' wishes came in the election of the four new committee members. Elected were Mrs. Clayton Ward of Jacksboro, District 2; Mrs. Ruth McDuffie of Garrison, District 3; Laurence Hagy of Amarillo, District 31, and Mrs.

**Texas' Oldest City Gets Mail Delivery**

YSLETA —(AP)—After all these years, folks in this oldest settlement in Texas are going to have their mail brought to them.

A full-time and a part-time letter carrier will begin packing the mail to all places within the city limits Monday.

The announcement came from Mrs. Emilie K. Dew, postmaster.

Ysleta was founded in 1823. The Tigua Indians, still residents, are the oldest continuous inhabitants of Texas.

Concentrated milk now is being produced which has the taste and nutritive value of regular milk.

**Mississippi Mouse Sings Like Mocking Bird, It Says Here**

BRANDON, MISS. — (AP) — Come now a mouse that can sing. Don't believe it?

Neither did Ernest Barton, staff writer on the Jackson, Miss., Clarion-Ledger, until he heard the inch-long creature warble here Thursday. Barton said the mouse had a voice like a mocking bird.

He got the serenade at the invitation of its owner, Bill Bass. Bass caught the mouse after a week of disturbance by what he thought was a mocking bird.

He put the mouse in a jar and the musical twittering came forth with hollow-sounding reverberations as if the mouse were singing in a shower.

"Bass couldn't believe what he heard and the family pledged to keep the thing quiet lest the neighbors think . . ."

Finally Bass told a brother, who called the Clarion-Ledger.

"We listened sympathetically to his story, hoping all the time he would go to bed and sleep it off," said Barton, taking up the story.

"Skeptically we agreed to go interview the mouse," Barton said. "We were convinced and we got out of there fast. The blamed thing might have started talking."

### House Starts New Economy Campaign, Government Style

WASHINGTON — (AP) — The House has acted to give each of its members and committees an allowance of up to \$2,500 to buy electrical or mechanical office equipment.

The House vote Thursday is final. It came on a standing vote of 181 to 85. Since it applies only to House members and House committees, it doesn't even go to the Senate. If the senators want the same office equipment allowance, they must pass their own resolution.

The extra fund for the House members presumably will be used to purchase electric typewriters, dictaphones or similar equipment. Each member is entitled to the amount, but doesn't have to take it.

The extra money is in addition to a \$2,500 annual expense allowance, an annual allowance for telephone and telegraph charges and annual salary of \$12,500.

Present rate of consumption of all forms of energy in the world in an entire year is equal to the energy received from the sun in only three minutes.

### Lacquer Plant Blast Injures Two Workers

DETROIT —(AP)—A lacquer plant in suburban Trenton blew up and burned Thursday night, injuring two employes severely.

One of them, 54-year-old Victory Hermondson, was caught inside the plant when a still used to reclaim lacquer thinner exploded and the flames turned him into a human torch.

His condition was reported critical at Riverside Osteopathic Hospital.

Norman Hartley, 19, the other worker, suffered burns on the hands and arms when he beat out the flames on Hermondson's clothing as the older man ran from the burning building.

### Strikes In Jersey Plants Spread To Vital Oil, Rubber

NEWARK, N. J. —(AP)—Mushrooming strikes in key New Jersey defense plants spread from the aircraft to the rubber industry Friday and threatened oil production.

More than a billion dollars in defense production was halted by walkouts affecting more than 18,000 workers.

While federal mediators moved into the walkout of some 10,000 Wright aeronautical workers in Wood-Ridge and Garfield, some 3,000 CIO rubber workers shut down the U. S. Rubber Company plant at midnight.

State officials moved to avert a stoppage of 2,200 workers at the Bayonne Refinery of Esso Standard Oil Company, in mediation sessions here.

### Priest Confesses Halting Baptist Mail

AMOS, QUEBEC —(AP)—The Rev. J. Alfred Roy, a Roman Catholic priest, was scheduled to be sentenced Friday after pleading guilty to interfering with mail addressed to Baptists.

He admitted Thursday that he kept and delayed postal circulars mailed by the Rev. Leslie G. Barnhart to members of his congregation in Ste. Germaine.

# Ratliff Picks TCU, Texas U, Rice And Aggies

By HAROLD V. RATLIFF  
Associated Press Sports Editor

Southwest Conference football teams are in for rugged tests this weekend, traveling far and wide to meet intersectional opponents.

SMU goes to Columbus, Ohio, to meet the powerful Buckeyes of Ohio State; TCU visits Nebraska at Lincoln; Texas gets Purdue at Lafayette, Ind.; Rice takes on Clemson at Houston and Arkansas plays little Arizona State of Tempe at Fayetteville.

## They Just Won't Settle For A Tie

NEW YORK — If the National League race ends in a tie between the Brooklyn Dodgers and the New York Giants, a play-off will begin at Ebbets Field on Monday.

The second and third, if necessary, games of the best of three series would be played at the Polo Grounds on Tuesday and Wednesday.

Since we started the guessing season off last week by missing Southern Methodist's loss to Georgia Tech and Texas Christian's defeat by Kansas, we are fully qualified to pick 'em this week. Here goes:

Texas vs. Purdue—Unless the Longhorns are flat as pancakes they'll take the Boiler-makers in stride.

Southern Methodist vs. Ohio State—Sure wish we could pick SMU for this one but common sense (what's that in predicting?) dictates that we select Ohio State by two touchdowns.

Texas Christian vs. Nebraska—Okay, everybody else can take Nebraska; we're taking Texas Christian in a wild scoring melee.

Rice vs. Clemson—Rice is going to show a lot of stuff and it couldn't happen at a better time. The Owls by a touchdown.

Arkansas vs. Arizona State of Tempe—We'll take Arkansas by four touchdowns.

Texas A&M vs. Texas Tech—Tech will make it a good ball game but it says here that A&M will win it by a couple of touchdowns.

## Barons Rip Houston, 7-3

HOUSTON — Birmingham's hammering Barons had Houston one down Friday as the two clubs prepared to wind up their Texas stand in the Dixie Series.

The Barons, Southern Association representatives, whipped the Buffs, Texas League pennant club, 7-3 Thursday night in the opening game of the battle for the baseball title of Dixie.

The Barons pounded 12 hits, four for extra bases, as they annihilated the Buff hurlers. Jim Peaxall led the Birmingham assault with four hits in four trips to the plate, batting in two runs.

Al Papp, the Texas League's leading pitcher (he won 23 games during the regular season), was pounded for four runs in five and one-third innings to be the loser. Mickey Heater, former big leaguer, was knocked out of the box in six and two-thirds innings but still got credit for winning the game.

## Vernon May Lose Longhorn League Baseball Club

VERNON — The franchise to Vernon's debt-ridden Longhorn League baseball club will go on the selling block unless \$15,000 is raised by October 25.

Fans and stockholders decided this Thursday and appointed a committee to seek the city for money. Another committee will determine the best selling price of the club if its sale cannot be forestalled.

# GIANTS HALF-GAME BACK— Bums Blow Game To Braves, 4-3; Bosox Eliminated

By ED CORRIGAN  
Associated Press Sports Writer

With the Brooklyn Dodgers clinging to an end-of-the-branch half-game lead over the New York Giants in the torrid National League pennant race, Brook Manager Charlie Dressen Friday found himself in a mighty ticklish situation, indeed.

The prides of the Gowanus reeled into Philadelphia for Friday night's game with the Phillies with this situation facing them:

In order to insure themselves the pennant they must sweep all three games with the Phils over the weekend, assuming of course the New York Giants win both their remaining contests with the Boston Braves in Beantown, starting Saturday.

But the Braves came back with two in the fourth, including a home run by Sam Jethroe.

Then, in the sixth again, Dressen's operatives tallied, only to have the Braves tie it again. Then came the fatal eighth. Addis singled and went to third on Jethroe's single. Earl Torgerson grounded to Jackie Robinson, who tried to get Addis. Dascoli called him safe and that set off the din.

Campanella's outing was a tough one, because the Brooks had a chance to tie it in the ninth when Pee Wee Reese doubled and went to third on Robinson's infield out. Dressen sent Wayne Terwilliger in to bat for Al Walker, who took Campanella's place. Terwilliger grounded out and Reese held third. Andy Patko whiffed to end the game.

The Red Sox apparently cracked wide open, losing all three games to the seventh-place Senators in the current series. They now are six games back with five to play. Chuck Stobbs was the victim and Al Sims the winner in Thursday's affair.

Brookie Duke Markwell hung up his first major league triumph as the tail-end St. Louis Browns stopped the Detroit Tigers, 7-4, in the only other major league game of the day.

## Big Spring Defeated 39-25; Brownwood Swamps North Side

By The Associated Press  
Three undefeated, untied teams fell Thursday night in the first volley of games in a busy weekend of Texas schoolboy football.

One Class AAAA perfect record team—Sunset of Dallas—was tied 14-14 by Arlington Heights (Fort Worth); one Class AAA team—McAllen—took a 13-6 drubbing from Miller of Corpus Christi; and one Class AA eleven—Mt. Vernon—was whipped, 7-0, by Atlanta, Miller and Atlanta, incidentally, are among the undefeated, untied teams in the state.

Brownwood, which has shown it is a strong contender for the Class AAA state championship, whammed North Side of Fort Worth, 33-14, and in other games, Bowie (El Paso) outscored Big Spring, 39-25; South Park (Beaumont) licked Brackneridge (San Antonio), 19-6, and Independent St. Thomas (Houston) defeated Sam Houston (Houston), 32-0.

Port Arthur plays Lamar of Houston at Houston Friday night in the feature game of the week in the state. This matches two of the acknowledged powers of Class AAAA. Lamar, undefeated and untied, has beaten such worthies as Baytown and Thomas Jefferson (San Antonio). Port Arthur is undefeated but was tied last week by Odessa.

Other headline games match Conroe of AAA with Abilene of AAAA, Pampa of AAAA with Vernon of AAA and Temple of AAA with AAAAA Baytown.

The Temple-Baytown game will be extreme importance. Many are now considering Temple the top of the state, all divisions included, and the battle with Baytown will show whether they are right.

## Ransom Leads In Open Meet

WACO — Henry Ransom of Dallas held a two-stroke lead Friday as the second round of the 36 hole Open Golf Tournament preceding Texas-Oklahoma Cup matches moved out.

Ransom, winner of the Tam O'Shanter world championship last year, fired a three-under-par 67 Thursday.

Saturday the top 25 pros of Texas will play the leading 25 from Oklahoma and Kansas in doubles matches. Sunday, singles matches will conclude the tourney.

Harry Todd of Dallas and Iverson Martin of Weatherford shared second Friday.

Three players were tied for fourth with even par 70's. They were pro Doug Higgins of Fort Worth, Ted Gwin, Norman, Okla., and Don Addington, of Dallas.

Three amateurs were bunched at seventh place with 71.

The nine top pros at the end of Friday's play in the open will divide \$1,000 in prize money. Merchandise prizes will be awarded amateur winners.

# Crozier Tech To Battle Bulldogs In Football Tilt

The green turf of Midland's Memorial Stadium is in for a lot of cleat pounding Friday night, as the Midland High School Bulldogs set to turn back the invading Crozier Tech Wolves of Dallas.

Unbeaten in two starts, Midland rules a one-touchdown favorite over the Dallas boys, who have dropped two games to strong teams.

The Bulldogs have beaten two AAA teams, San Angelo, 21 to 6, and Ysleta, 7-0.

Crozier Tech, also a AAAA outfit, has bowed to Tyler, 25-6, and powerful Milby (Houston), 19-12.

The Wolves' best weapon this year has been a passing game, with E. L. Jones tossing to End Jesse Paredes. Paredes has scored all three touchdowns for the Dallas eleven this season.

Midland's offense generates its basic power from the running and passing of Ralph Brooks, 175-pound tailback. The Bulldogs will move from the single wing formation, while Crozier Tech is expected to employ some single and double wing stuff, along with a spread formation and Y type of attack. Midland holds a nine pound weight edge in the line and two pounds per man in the backfield.

Kickoff time for the tilt is 8 p.m.
